REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Apparatus for dosing chemicals, chemical-physical and biological reagents; programmable automatons for measuring, tracking and monitoring water quality parameters, software for the analysis and monitoring of water and waste quality parameters; measuring and monitoring apparatus and instruments applied to the distribution and treatment of water; measuring and monitoring apparatus and instruments applied to the consumption of energy and fluids; mechanical, electronic, magnetic and/or optical data carriers for recording and measuring fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption; programmable computer apparatus and installations for remote surveillance, remote management, remote control, using the self-switched network, specialized lines or microwave radio links for monitoring installations involved in the treatment, supply and collection of drinking, industrial and waste water; apparatus and installations for telemetry, remote management, remote control, using the self-switched network of specialized lines or microwave radio links for measuring and monitoring fluids such as water, gas and electricity with a view to ensuring their supply and monitoring consumption; monitoring software for networks for the supply and collection of waste and drinking water; software for management and analysis of energy and fluid consumption (recorded programs); computer hardware for simulating the operation of stations for drinkable water treatment or purification of industrial and municipal water; computer equipment, software, databases and computers for controlling, regulating, modeling and management of purification and rendering drinkable stations; scientific apparatus and instruments (not for medical purposes) for programs optimizing of carbon dioxide in connection with the operation of water treatment plant, water management, collection and processing of waste, and air treatment; components for the aforementioned apparatus; electric apparatus for monitoring and quality control for sea water; apparatus and instruments for chemical and bacteriological analysis (for non-medical use); software for generating water pricing; measuring and checking apparatus enabling connections and tanks for water storage.

Class 11

Installations for producing steam, for producing electricity and for incinerating waste; apparatus and installations for treating and supplying water or liquid; water and liquids treatment apparatus and equipment for clarification, physical, physical-chemical filtration, softening, deionization

and demineralization on ion exchangers; equipment for treating water or liquids on membranes (ultra filtration, nano filtration and hyper filtration or reverse osmosis); accessories for equipment for treating water or liquids on membranes (ultra filtration, nano filtration and hyper filtration or reverse osmosis); cartridge filters of metal or textile, filters for sand, active carbon or any other granular material; installations for iron removal, demanganisation and biological elimination of nitrates from water; apparatus and installations for disinfecting and sterilizing liquid and gaseous fluids by ultraviolet rays and other radiation; installations for the treatment of plant and/or animal organic matter, of urban or industrial origin (in particular waste from green spaces, sludge from treatment plants for sewage and solid and liquid waste and/or household or industrial waste water treatment plants); hot water heating installations, installations for sea water desalination, apparatus and installations for the treatment of water and effluent from the chemical and food processing industry, apparatus and installations for the treatment and reusing of waste; apparatus for steam generation, crystallisation, distillation, drying, heat exchangers, air heaters, air dryers, hot air apparatus; apparatus and installations for the treatment and reclamation of industrial, household, hospital and special waste; apparatus for treating water or liquids, namely, decanters, sterilizers, carbonators, coalescer apparatus, mixers; apparatus for treating air, namely, deodorising, purifying; fixed or mobile equipment and installations for the treatment of water and the treatment of waste; water filtering machines, particularly by membranes, bioreactors, ion exchangers, mixers; machines for injecting physical or chemical reagents for the treatment of waste or water; machines, apparatus and devices for water supply; machines for irrigation, mobile or fixed machines for water treatment and for processing of waste; electric apparatus and instruments for generating ozone from gases such as air or oxygen.

Class 12

Vehicles; apparatus for locomotion by land, air or water; industrial truck, dump trucks, automobile lorries, trailer vehicles.

Class 19

Non-metal water pipes, industrial concrete for civil engineering works, water supply ducts and sanitation networks; insulating glass (construction), non-metallic buildings, namely pipelines, gas pipelines, non-metallic poles for electric power lines; non-metallic building materials, non-metallic buildings and particularly transportable buildings not of metal, non-metallic rigid pipes for building, asphalt, pitch, bitumen, cement, lime, slate, clay, reinforcing materials not of metal for building, ballast, building timber, bricks, marble, coatings, stairs not of metal, windows not of metal, doors not of metal, roof coverings not of metal, shutters not of metal, non-luminous and non-mechanical road signs (not of metal), gutters, materials for making and coating roads, lighting slabs, binding material for road repair, tar, tarred strips (construction), road safety barriers not of metal, glass granules for road marking, sheets and strips of synthetic material for marking roads, granules, gravel.

Class 35

Assistance provided to industrial or commercial companies pertaining to business operations; business information services, business management and consultancy services, business planning services, business research and business study services; market study services; direct mail advertising (leaflets, prospectuses, printed matter, samples); organization of exhibitions for commercial or advertising purposes; promotional sponsorship of sports and artistic competitions; organization and conducting of trade fairs, public relations, book-keeping, invoicing, efficiency experts, employment agencies, auditing, arranging newspaper

subscriptions for others, news clipping services, business relocation, writing of publicity texts, marketing research, economic forecasting, compilation of statistics, computerized file management, personnel recruitment, cost price analysis, document reproduction, compilation of information into computer databases, commercial information and advice for consumers; administrative management of Internet sites and intranet in the field of the management and monitoring of the consumption of energy and fluids for real estate assets; logistics organization services for the collection, transport, storage, processing and distribution of all types of municipal or industrial waste, namely, computer file management, computer data input and compilation of this data in computer files; advertising and commercial information services for users; compilation into computer databases of information relating to users of services of collection, transport, storage, distribution and reusing of all types of industrial and household waste; promotion for others of the sale of registered packaging materials or collection equipment for healthcare activity waste; administrative processing of purchase orders; organization of group purchasing, namely procurement services for others; arranging contracts for buying and selling on behalf of others; computerized file management.

Class 36

Insurance underwriting; financial affairs; monetary affairs; real estate affairs; real estate estimates; real property management; financing services; financial analysis; raising or investing capital; financial consultancy; financial evaluation (insurance, banking, real estate); fund investment.

Class 37

Repair and maintenance of apparatus for treating liquids and fluids; upkeep and maintenance of sewerage networks, restoration of aqueducts or water distribution pipes, construction of sanitation works, wastewater collectors, rainwater decontamination works, flood prevention works, pumping station renovation services, work to existing structures to improve the security and the quality of the water supply, construction of water treatment plants (for drinking water, urban and industrial wastewater, rainwater); services for installing water pipes and building water treatment plants, drilling of wells, construction, installation and repair of irrigation devices; maintenance and renovation of buildings, rehabilitation of sites, buildings, warehouses, land development services; restoration and rehabilitation of degraded sites (cleaning and reconstruction); upkeep or cleaning of buildings, premises, floors (facade cleaning); disinfection, rat extermination, insect eradication; cleaning of structures, urban structures, works of art, underground works, road equipment, sites, industrial premises (exterior surfaces and cleaning), cleaning of water pipes, of industrial installations, high-pressure cleaning of underground works, road network cleaning services; upkeep and maintenance of buildings, roads, urban equipment; repair and maintenance of installations, apparatus, centers and units for storing waste and refuse, and of centers, installations, apparatus and units for recycling, processing, recovering and destroying waste and refuse; construction of installations, centers and units for storing waste and refuse, and of centers, installations and units for recycling, processing, recovering and destroying waste and refuse; maintenance and renovation of industrial and urban sewerage systems; rehabilitation of industrial and urban sanitation systems.

Class 38

Telecommunications; information on telecommunication; communications by computer terminals or by fiber-optic networks; communications by radio or telephone; electronic bulletin board services (telecommunication services); connection by telecommunications to a global computer network;

rental of telecommunication apparatus; teleconferencing services; electronic messaging services; rental of access time to global computer networks; radio communications between flow meters and a central receiver that transmits information to a database; transmission of consumption, monitoring, tracking and pricing information via radio from meters to a central database; communication by computer terminals; provision of access to databases in the field of care services waste management; distribution (transmission) of information and alerts in the field of public safety.

Class 39

Water supplying, water distribution, collection of urban or industrial wastewater, of sludge; collection, transport, disposal and storage of useful materials or of urban waste, industrial and radioactive waste, solid or liquid waste, industrial fats and office papers; collection, transport and storage of all kinds of waste, and in particular urban, household, industrial, ordinary and special industrial, hospital, agricultural, horticultural, forestry, hazardous, solid and liquid waste; disposal and storage of useful materials, waste, perishable or hazardous products; storage of waste in landfills; transport, packing and storage of fertilizers, organic amendments, compost and growing media; information services relating to the management of the collection, transport of healthcare activity waste.

Class 40

Processing and transformation of waste generated by households, public or private communities and enterprises, ordinary, special, solid, liquid, hazardous waste and related information; waste purification and regeneration services; waste and refuse recycling services, waste and refuse composting services; recycling (processing of materials) of industrial, household, hospital, special, ordinary waste, from local authorities, companies (public or private), biological and energy recovery services for waste and refuse (processing of materials); decontamination of sites; degraded soil and site rehabilitation services (decontamination); destruction of waste and refuse, incineration of waste and refuse, disposal of industrial toxic waste, of industrial, household, hospital, ordinary, special and non-toxic waste; water treatment services, water treatment services by introducing reagents, in particular in waters for human or animal consumption and in waters for industrial use, services for the purification and treatment of industrial wastewaters, treatment of drinking water; treatment of materials, namely residue and waste from water treatment; processing of agricultural goods from plants or animals to develop fertilizers, compost and growing media; waste and trash cleaning services, namely, waste and trash treatment, information services related to the treatment of waste management of care services.

Class 41

Education; training; entertainment; sporting and cultural activities; information relating to entertainment or education; publication of books; videotape film production; organization of competitions (education or entertainment); organization and conducting of colloquiums, conferences or congresses; organization of exhibitions for cultural or educational purposes; electronic publication of books and periodicals on-line; electronic desktop publishing.

Class 42

Monitoring of water quality, scientific and industrial research relating to environmental protection, laboratory research services in the fields of water, treatment and purification of water, chemical analysis, chemical research, technological consultancy, technical project studies, engineering

and engineering works (not for building) in the fields of water and water treatment, expert appraisals in the field of water and effluent treatment, laboratory research services in the field of treatment of industrial waste, household, hospital and special waste, sludge, ash waste, recovery of industrial, household, hospital and special waste, bacteriology research services, expert appraisals in the field of industrial, household, hospital and special waste, and of sludge and ash from both urban and industrial plants, computer programming, computer services, namely the design, development and updating of software and software packages, technical consulting and advice in the field of research and development in the field of new products in computing, computer rental, the design of computer and telecommunication systems, scientific and industrial research services for developing and evaluating the performance of processes and products for physicochemical water treatment; scientific and technical studies for developing and evaluating the operational performance of installations for treating drinking or industrial water, for processing wastewater, household or industrial wastewater, as well as for treating physicochemical or biological fluids and sludges; technical auditing (engineering services) relating to these processes and equipment and to all other treatments of fluids, including in the field of industrial processes; technical research center services in the fields of collection, transport, treatment, cleaning, storage, sanitation, recovery and disposal of waste and refuse; engineering services in the field of waste and refuse; scientific and industrial research relating to environmental protection for the collection, transport, treatment, cleaning, storage and recovery of waste and refuse; engineering services, technical project studies, engineering work in the fields of design and construction of industrial and urban centers and units for the collection, sorting, storage, treatment, recovery and disposal of waste and refuse; air, water and sound pollution prevention services; consultation on environmental protection, urban planning and natural resource development, information on research in the field of environmental protection, studies (engineering work) on the economic, social and environmental implications of urban planning operations, industrialization and use or development of natural resources, in particular water; soil tests, agricultural, horticultural, wine growing, arboricultural and silvicultural engineering; quality control of water, air and soil; engineering services in the field of industrial information systems (automatic control, control, centralized technical management and control, decision-making systems, management systems for operating data); technical project studies, technological analysis, technical analyses, research, technological consultation in the technology, maritime, offshore, port, energy fields as well as sustainable development, the environment, climate, weather, the management of household and industrial waste, water, flood control, hydrogeology, wet area management, public transport, telecommunications, civil engineering and urban engineering; certification and compliance of these services for quality assurance, namely quality control services.

Class 45

Security services for the protection of material assets and persons.

Class 04

Fuels (including motor spirit); biodiesel, in particular with a base of canola oil, canola oil; plant-based fuels and heating fuels and motor oils; pellets of compressed fiber manufactured from a plant crop or animal oils, each for use as fuels for electric or thermal production units; biogas, including from organic waste; electrical energy; electrical energy from wind power; electrical energy from solar power; electrical energy generated from hydropower; electrical energy from renewable sources.

Class 09

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, in particular electric and electronic apparatus and instruments and software for regulating, controlling and monitoring of solar, biogas, biomass, fuel cell, wind, hydropower and geothermal installations and solar-thermal installations; electrical and electronic control, and computer equipment and software for wind power plants, solar energy plants and biogas plants; counters and sensors for measuring electrical values; control and monitoring hardware and software for capturing and storing data relating to a wind power plant, a wind park, and a solar installation, solar park and the surroundings thereof; solar collectors and solar modules for electricity generation; photovoltaic apparatus for converting solar radiation to electrical energy; apparatus and instruments for accumulating and storing electricity; batteries, storage batteries; electric battery and accumulator systems for the storage, supply, transmission and stabilisation of electricity supplied

from a power grid or other source of power generation; electric battery and accumulator systems for storage and supply of electricity for vehicles; data processing equipment, computers; computer software; software for risk management and analysis; software for IT and data security for wind and solar parks; privacy software; computer databases; data protection devices for wind and solar parks and plants for the production of renewable energy; monitoring instruments; recorded content; parts and accessories as well as holders for all the aforesaid goods, included in this class.

Class 35

Import-export agencies in the field of energy; wholesaling and retailing, including online, of gas, in particular biogas; marketing of electricity and thermal energy; wholesaling and retailing, including online, for accumulators; wholesaling and retailing in relation to electromobility, in particular charging stations, charging columns, electric accumulators, chargers for electric batteries, automatic machines for distributing and providing electricity for charging electrically driven vehicles and bicycles, checking (supervision) and monitoring systems for securing vehicles; wholesaling and retailing in relation to electromobility, in particular data processing apparatus, computers, computer software and application software (apps) for connecting electric vehicles to the energy system of a house, car park or service station, and for leasing electric vehicles; wholesaling and retailing in relation to parts for renewable energy production plants; concluding of contracts, including online, in connection with the generation of electricity and electricity supply; commercial and professional business services in connection with the trading of electricity and gas, including biogas, namely in connection with gas and electricity connection communities, marketing consultancy and/or energy connection management, load curve optimisation, portfolio management, demand pooling and price negotiations; commercial consultancy in relation to the supply of gas and electricity; commercial consultancy in relation to the use of renewable energy, including consultancy in relation to the optimisation of energy generation with wind power, solar power and biogas plants; business and organisational consultancy for producers in the field of renewable energy, in particular with regard to location analysis, logistics, grid connection and network supply; arranging of energy contracts, in particular power purchase agreements, for others; arranging contracts with electricity suppliers, for others; concluding gas connection contracts, for others; advertising and market research for renewable energy concepts and new technologies in the environmental and energy sectors, business management and professional business consultancy in the context of franchising, business administration, professional business and organisational consultancy regarding the management, controlling and monitoring of companies; professional business planning and consultancy in the field of energy and heat supply; business consultancy, in particular professional business management, for others, in the field of energy supply; business start-up services for businesses in the energy sector (renewable energies); administrative management of wind farms and wind power plants; business management of solar parks and biogas plants; compilation of data and statistics relating to the operation of wind power plants and wind parks, solar power plants and solar parks as well as biogas plants; risk management consultancy [business] and business risk analysis, in particular, analysis and compilation of data to assist in identifying business risks; business consultancy and corporate consultancy, in particular in the context of business start-ups.

Class 36

Financial analysis and consultancy in the energy sector and in the field of e-mobility; financial analysis in the energy sector and in the field of e-mobility; financial information in the energy sector and in the field of e-

mobility; consultancy relating to corporate finance in the energy sector and in the field of e-mobility; financial management in the energy sector and in the field of e-mobility; financial planning in the energy sector and in the field of e-mobility; financial consultancy in the energy sector and in the field of e-mobility; financing and funding in the energy sector and in the field of e-mobility; financial investment advisory services in the energy sector and in the field of e-mobility; capital investment consultancy in the energy sector and in the field of e-mobility; investment services in the energy sector and in the field of e-mobility; project financing in the energy sector and in the field of e-mobility; financial consultancy for energy projects; financing energy projects; providing of loans in the energy sector and in the field of e-mobility, in particular for the purchase of energy installations, electrical installations, heating installations or installations operated by renewable energies, including for energy saving; loan services in the energy sector and in the field of e-mobility, in particular for the new construction of energy-efficient and environmentally-friendly buildings; energy brokerage services in the nature of purchasing and selling of electricity quotas on the energy exchange; brokerage services for buying and selling of electricity; brokerage services for trading of electricity; commodity trading services for electricity; financial clearing and settlement services, all relating to the generation, supply, distribution and transmission of electricity; electronic commerce payment services relating to energy stock exchange; financial consultancy in the energy sector; energy brokerage; brokerage relating to financial investment in renewable energy; financial consultancy relating to investment in renewable energy; planning of investments relating to real estate in the energy sector and in the field of e-mobility; investment in renewable energy, and consultancy relating thereto; consultancy with regard to investment in installations for generating energy from renewable energy carriers, and brokerage of such investments; financial information, data, advice and consultancy in the energy sector and in the field of e-mobility, in particular share orientation advisory services, in particular in relation to firms in the bioenergy, renewable energy sectors; stock trading in the energy sector and in the field of e-mobility; venture capital funding to emerging and start-up companies in the energy sector and in the field of e-mobility; venture capital services in the energy sector and in the field of e-mobility, namely, providing financing to emerging and start-up companies; financial investment brokerage in specialist companies in the field of energy; equity research assistance for businesses, establishments and research centres in the energy sector and in the field of e-mobility; financial evaluation [insurance, banking, real estate] in the energy sector and in the field of e-mobility; financial and monetary affairs in the fields of energy, environment, wind power, geothermal, hydropower, thermal energy, wind energy, bioenergy, renewable energy, biomass energy, geothermal energy and solar energy; financial consultancy in relation to optimising energy consumption, energy generation and energy storage; financial and budgetary estimates in the energy sector; financial analysis and financial reports in the energy sector and in the field of e-mobility; financial risk management in the energy sector and in the field of e-mobility; brokerage of emission rights.

Class 37

Construction, in particular disassembly, assembly, maintenance, servicing and repair work for renovating technical apparatus, installations; installation of wind and solar power installations and of plants for generating renewable energy, including plant-related measuring apparatus; installation of plants for the production of renewable energy, systems and machines in the field of renewable energy and of heat generation, heat transport and heat distribution plants and cogeneration plants and combined heat and power plants, including plant-related measuring apparatus; pipeline laying; carrying out works regarding

electrical technology, heating construction technology, air conditioning technology and ventilation construction technology, in the form of installation, maintenance and servicing; building, installation, repair, servicing, maintenance, inspection prior to maintenance and repair of plants for generating renewable energy, of systems and machines in the field of renewable energy, solar collectors and solar modules for generating electricity [photovoltaic installations] and parts therefor; construction work for erecting installations for generating energy and gas, in particular installations for generating electrical and thermal energy from renewable energy sources, including wind energy, hydropower, solar energy, geothermal heat and biomass, and installations for generating biogas from biomass and recyclable materials; providing information in relation to the construction of wind power plants and plants for generating renewable energy, including powered by biomass, biogas (including being obtained from organic waste), geothermal heat, solar-thermal plants, solar collectors and solar modules for generating electricity [photovoltaic installations] and hydropower plants; building construction supervision in relation to wind and solar power plants and in relation to plants for generating renewable energy, including powered by biomass, biogas (including being obtained from organic waste), geothermal heat, solar-thermal plants, solar collectors and solar modules for generating electricity [photovoltaic installations] and hydropower plants; installation of computer systems [hardware] for IT and data security for wind and solar parks and renewable energy production plants; installation, maintenance and repair of computer hardware and telecommunications equipment for IT and data security for wind and solar parks and renewable energy production plants; rental and leasing of charging stations for electric vehicles and electric bicycles; services of charging stations; maintenance and servicing of electric vehicles and electric bicycles, in particular charging, replacement and maintenance of batteries; maintenance of computer hardware, including for capturing, compiling, interpreting, evaluating, storing, transmitting of sensor-captured measurement data for the field of smart household technology, and for networking, programming, controlling, remotely controlling, monitoring and regulating gas, power, district heating, local heating and water lines, air conditioning, heating and thermal plants, surveillance systems and access control systems.

Class 39

Transport and storage of heating fuels and fuels; transportation and storage of waste; heat transport and distribution; rental of heat transport and heat distribution installations; transport, distribution, storage and supply of energy, in particular electricity, gas, biogas, heat, biomass, solar energy, wind energy, thermal energy and water; information and consultancy relating to the transport, distribution and supply of energy; energy supply and energy distribution in connection with electricity, gas, water and steam, for others; energy supply for motor vehicles and electric bicycles, in particular by means of conveying, transporting and distributing electrical energy via supply networks; providing (distribution) of electrical energy by means of fuel cells.

Class 40

Generating energy, in particular electricity and heat, and energy carriers from renewable energy sources, including plant oil from agricultural products such as rapeseed or sugar; generating biogas, including being obtained from organic waste; rental of heat generation installations; rental of installations for generating gas, biogas, including being obtained from organic waste, water, electricity and steam; generation of electricity from solar, water and wind power; production of electrical power from

renewable sources; leasing of photovoltaic roof systems; leasing of plants for the production of renewable energy.

Class 42

Technological services and technical consultancy in connection with the development, use and exploitation of renewable energies; technical development, technological consultancy and control of projects (project management) in the field of renewable energies, including wind, solar and bioenergy; technological consultancy with regard to franchise concepts; technological consultancy in the planning and management of companies, technological consultancy relating to environmentally friendly energy, consultancy relating to energy saving, engineering, in particular relating to energy saving, measuring and control engineering as well as engineering relating to heating technology; technical planning of energy supply concepts, for others, including designing of stations for networking and converting renewable energy; design of renewable energy transmission lines; providing technological information for operators of renewable power installations; engineering in the field of the production, transformation, storage, installation of solar electrical energy devices, of hybrid or non-hybrid renewable energy devices powered by conventional energy, of wind energy devices or biomass energy devices; conducting technical project studies for plants for generating renewable energy, in particular from wind and solar power, as well as biogas, in particular in relation to site appraisal; industrial analysis and research services, in particular feasibility and design studies in the field of construction, repair, operation, installation and management of permanent plants, in particular plants for generating renewable energy such as wind energy, solar power and biogas; technical project studies and technological consultancy in authorisation procedures for the construction of plants for generating renewable energy, in particular wind energy, solar energy and bioenergy; technical planning and technological consultancy in the field of energy and heat supply, technical development of equipment, construction drafting; technical monitoring of heat generating, heat conducting and heat distribution systems and cogeneration power plants and combined heat and power plants, including measurement apparatus; engineering services, namely conducting studies and technical projects in the fields of energy technology, renewable energies, in particular solar, hydro and wind energy, biomass, biogas, including being obtained from organic waste, geothermal heat, solar collectors and solar modules for generating electricity [photovoltaic installations] and solar-thermal installations; technological consultancy in relation to the design, installation, operation, management and monitoring of plants for generating renewable energies, including from solar, hydro and wind energy, biomass, biogas, including being obtained from organic waste, geothermal heat, solar collectors and solar modules for generating electricity [photovoltaic installations] and solar-thermal installations; design and development of computer software for use in relation to the monitoring of plants for generating renewable energies, including from solar, hydro and wind energy, biomass, biogas, including being obtained from organic waste, geothermal heat, solar collectors and solar modules for generating electricity [photovoltaic installations] and solar-thermal installations; research and development (for others); computer system analysis; computer system design; consultancy in the design and development of computer hardware; digitization of documents; software as a service [SaaS]; cloud computing; information technology [IT] consultancy; design and development of computer hardware and software; programming of energy management software; IT security services in the nature of protection and recovery of computer data; IT project management; data security services [firewalls]; data security consultancy; design and development of electronic data security systems; installation, maintenance and repair of software for computers for IT and data security

for wind and solar parks and plants for the generation of renewable energy; monitoring of computer systems to detect unauthorised access and data breaches, including via the internet, for IT and data security of wind and solar parks as well as plants for the production of renewable energies; configuration of computer software for IT and data security for wind and solar parks; configuration of computer systems and networks; computer software support and IT consultancy services; IT services, namely development, programming and implementation of software for IT and data security of wind and solar parks and plants for the production of renewable energies; development of computer hardware for IT and data security for wind and solar parks, rental of software and computer hardware and systems for IT and data security for wind and solar farms; IT consultancy, advisory and information services; computer analysis and diagnostics; computer programming, in particular programs in the field of energy optimisation, energy saving by means of energy efficiency and building automation in the field of smart power networks, smart building technology and smart energy meters; installation and maintenance of application software (apps), technical development, technological consultancy and control of projects (project management) in the field of mobile energy supply and e-mobility, and with regard to electric service stations and charging stations for electric vehicles and bicycles; scientific and technological services and research and design relating thereto in the field of connecting electric vehicles to the energy system of a service station, house or car park; technological consultancy and project planning in relation to site development, planning, construction and installation of electric vehicle charging stations and charging stations and associated infrastructure, in particular in relation to supplying energy from a supply network and generating energy from renewable energy sources; rental of objects in connection with the providing of the aforesaid services, included in this class; consultancy and information in relation to the aforesaid services, included in this class.

Class 44

Services and agricultural consultancy in agriculture, horticulture and forestry regarding the use of renewable energies, in particular in the cultivation of plants for producing fuels, agricultural consultancy regarding the climate and environment compatibility of agricultural exploitation, in the use of seeds, fertilisers, plant protection preparations.

Borers; augers [hand tools]; hand drills, hand-operated; nail pullers, hand-operated; rakes [hand tools]; priming irons [hand tools]; pickhammers; lifting jacks, hand-operated; clamps for carpenters or coopers; spades [hand tools]; chisels; cutlery; edge tools [hand tools]; abrading instruments [hand instruments]; polishing irons [glazing tools]; tube cutting instruments; riveters [hand tools]; expanders [hand tools]; cutting tools [hand tools]; hand tools, hand-operated; trowels; centre punches [hand tools]; pickaxes; mallets [hand instruments]; pliers; punch pliers [hand tools]; wrenches [hand tools]; tap wrenches; breast drills; sledgehammers; nail drawers [hand tools]; ice picks; blades [hand tools]; jig-saws; crow bars; taps [hand tools]; hammers [hand tools]; stone hammers; masons' hammers; riveting hammers [hand tools]; needle files; bits [hand tools]; files [tools]; hand pumps; knives; wick trimmers [scissors]; shears; reamer sockets; drill holders [hand tools]; perforating tools [hand tools]; saws [hand tools]; guns [hand tools]; guns, hand-operated, for the extrusion of mastics; dies [hand tools]; saw blades [parts of hand tools]; shear blades; pin punches; reamers; saw holders; rasps [hand tools]; cutters; bits [parts of hand tools]; hollowing bits [parts of hand tools]; drawing knives; scrapers [hand tools]; trowels [gardening]; gouges [hand tools]; mortise chisels; vices; hoop cutters [hand tools]; axes; earth rammers [hand tools]; tube cutters [hand tools]; squares [hand tools]; extension pieces for braces for screw taps; ratchets [hand tools]; scraping tools [hand tools]; spatulas [hand tools].

Class 09

Accumulators, electric; accumulators, electric, for vehicles; ammeters; antennas; high-frequency apparatus; remote control apparatus; electro-dynamic apparatus for the remote control of signals; monitoring apparatus, other than for medical purposes; sound recording apparatus; air analysis apparatus; electric apparatus for commutation; intercommunication apparatus; stills for laboratory experiments; flashing lights [luminous signals]; telephone apparatus; igniting apparatus, electric, for igniting at a distance; aerometers; beacons, luminous; battery jars; galvanic batteries; batteries for lighting; solar batteries; batteries, electric; computer memory devices; encoded identification bracelets, magnetic; safety tarpaulins; signalling buoys; life buoys; marking buoys; camcorders; video telephones; video screens; electric plugs; circuit closers; wavemeters; voltmeters; switchboxes [electricity]; current rectifiers; gas testing instruments; hygrometers; hydrometers; detectors; smoke detectors; electronic notice boards; identification threads for electric wires; locks, electric; alarm bells, electric; signal bells; bells [warning devices]; signs, luminous; measures; pressure measuring apparatus; pressure indicators; temperature indicators; measuring instruments; interfaces for computers; spark-guards; cables, electric; screw-tapping gauges; protective helmets; computer keyboards; solenoid valves [electromagnetic switches]; wire connectors [electricity]; visors for helmets; collectors, electric; calibrating rings; commutators; computers; condensers [capacitors]; contacts, electric; branch boxes [electricity]; distribution boxes [electricity]; junction boxes [electricity]; battery boxes; cabinets for loudspeakers; thermionic tubes; optical lenses; magnets; mouse [computer peripheral]; materials for electricity mains [wires, cables]; diaphragms [acoustics]; metal detectors for industrial or military purposes; microprocessors; modems; monitors [computer hardware]; monitors [computer programs]; terminals [electricity]; junction sleeves for electric cables; optical data media; computer software, recorded; sheaths for electric cables; identification sheaths for electric wires; life saving apparatus and equipment; fire extinguishers; limiters [electricity]; ohmmeters; signalling panels, luminous or mechanical; transmitters [telecommunication]; telephone transmitters; transmitters of electronic signals; switches, electric; fire pumps; circuit

breakers; converters, electric; telerupters; distance recording apparatus; time recording apparatus; surveying apparatus and instruments; weighing apparatus and instruments; nautical apparatus and instruments; navigational instruments; measuring apparatus; measuring devices, electric; boiler control instruments; naval signalling apparatus; observation instruments; navigation apparatus for vehicles [on-board computers]; regulating apparatus, electric; precision measuring apparatus; audio- and video-receivers; pressure indicator plugs for valves; conductors, electric; computer programs, recorded; computer programs, downloadable; computer operating programs, recorded; record players; processors [central processing units]; electronic publications, downloadable; control panels [electricity]; distribution consoles [electricity]; radar apparatus; masts for wireless aerials; transmitting sets [telecommunication]; radios; vehicle radios; sprinkler systems for fire protection; walkie-talkies; voltage surge protectors; voltage regulators for vehicles; light dimmers [regulators], electric; cell switches [electricity]; time switches, automatic; relays, electric; rheostats; respirators for filtering air; speaking tubes; traffic-light apparatus [signalling devices]; optical fibers [light conducting filaments]; signalling whistles; nets for protection against accidents; fire alarms; signals, luminous or mechanical; sirens; scanners [data processing equipment]; integrated circuit cards [smart cards]; connections for electric lines; couplings, electric; connectors [electricity]; lighting ballasts; resistances, electric; protection devices for personal use against accidents; radiotelegraphy sets; optical glass; printed circuits; counters; revolution counters; tachometers; cordless telephones; thermometers, not for medical purposes; thermostats; thermostats for vehicles; transformers [electricity]; neon signs; telephone receivers; gauges; quantity indicators; gasoline gauges; water level indicators; electric loss indicators; light-emitting electronic pointers; electric installations for the remote control of industrial operations; railway traffic safety appliances; data processing apparatus; theft prevention installations, electric; optical character readers; dosage dispensers; chargers for electric accumulators; battery chargers; acoustic alarms; cathodic anti-corrosion apparatus; couplers [data processing equipment]; anti-theft warning apparatus; computer peripheral devices; anti-interference devices [electricity]; acoustic couplers; alarms; fog signals, non-explosive; whistle alarms; bar code readers; readers [data processing equipment]; heat regulating apparatus; filters for respiratory masks; optical lamps; signal lanterns; photometers; flash-bulbs [photography]; cyclotrons; frequency meters; time clocks [time recording devices]; fire blankets; chips [integrated circuits]; asbestos screens for firemen; switchboards; distribution boards [electricity].

Class 11

Heat accumulators; defrosters for vehicles; desiccating apparatus; water purifying apparatus and machines; refrigerating apparatus and machines; drying apparatus and installations; freezers; drying apparatus; coolers for furnaces; refining towers for distillation; boilers, other than parts of machines; fans [air-conditioning]; fans [parts of air-conditioning installations]; water heaters; air reheaters; gas condensers, other than parts of machines; chimney blowers; coils [parts of distilling, heating or cooling installations]; evaporators; heating apparatus; chimney flues; level controlling valves in tanks; thermostatic valves [parts of heating installations]; ventilation hoods for laboratories; ventilation hoods; air-conditioning apparatus; gas boilers; taps; faucets for pipes and pipelines; safety lamps; miners' lamps; electric lamps; refrigerating appliances and installations; lamp reflectors; stoves [heating apparatus]; gas scrubbing apparatus; water filtering apparatus; air purifying apparatus and machines; cooling appliances and installations; lighting apparatus and installations; lighting apparatus for vehicles; heating apparatus for solid,

liquid or gaseous fuels; heating apparatus, electric; hot air apparatus; safety accessories for water or gas apparatus and pipes; regulating and safety accessories for gas apparatus; regulating and safety accessories for water apparatus; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for gas pipes; diving lights; radiators [heating]; radiators, electric; light diffusers; heat regenerators; lamps; lighting installations for air vehicles; heat exchangers, other than parts of machines; air-conditioning installations; watering installations, automatic; cooling installations for water; cooling installations for liquids; water purification installations; purification installations for sewage; air filtering installations; ventilation [air-conditioning] installations for vehicles; cooling installations and machines; hot water heating installations; heaters for vehicles; heating installations; flare stacks for use in the oil industry; air cooling apparatus; headlights for automobiles; vehicle headlights; filters for air conditioning; filters for drinking water; electric torches; lanterns for lighting; refrigerators; heating elements.

Class 17

Shock-absorbing buffers of rubber; fittings, not of metal, for compressed air lines; carbon fibers, other than for textile use; dielectrics [insulators]; insulators; insulators for electric mains; insulators for cables; rings of rubber; water-tight rings; insulating paints; insulating varnish; duct tapes; insulating tapes; adhesive bands, other than stationery and not for medical or household purposes; self-adhesive tapes, other than stationery and not for medical or household purposes; sheets of regenerated cellulose, other than for wrapping; reinforcing materials, not of metal, for pipes; soundproofing materials; insulating materials; insulating refractory materials; non-conducting materials for retaining heat; boiler composition to prevent the radiation of heat; sealant compounds for joints; compositions to prevent the radiation of heat; pipe muffs, not of metal; sleeves of rubber for protecting parts of machines; clutch linings; stops of rubber; rubber stoppers; expansion joint fillers; washers of rubber or vulcanized fiber; cylinder jointings; pipe gaskets; weatherstripping; gaskets; synthetic resins, semi-processed; junctions, not of metal, for pipes; substances for insulating buildings against moisture; chemical compositions for repairing leaks; insulating fabrics; watering hose; canvas hose pipes; flexible hoses, not of metal; connecting hose for vehicle radiators; waterproof packings; foils of metal for insulating; cords of rubber.

Class 35

Cost price analysis; computerized file management; business efficiency expert services; demonstration of goods; market studies; providing business information; providing commercial information and advice for consumers in the choice of products and services; business investigations; business management and organization consultancy; professional business consultancy; news clipping services; updating of advertising material; organization of exhibitions for commercial or advertising purposes; organization of trade fairs; shop window dressing; business appraisals; data search in computer files for others; commercial or industrial management assistance; providing business information via a web site; presentation of goods on communication media, for retail purposes; economic forecasting; sales promotion for others; promotion of goods and services through sponsorship of sports events; rental of advertising time on communication media; publicity material rental; distribution of samples; dissemination of advertising matter; writing of publicity texts; online advertising on a computer network; advertising by mail order; compilation of information into computer databases; compilation of statistics; systemization of information into computer databases; psychological testing for the selection of personnel; commercial administration of the licensing of the goods and services of others; administration of consumer

loyalty programs; administrative processing of purchase orders; public relations; competitive intelligence services; pay per click advertising; procurement services for others [purchasing goods and services for other businesses]; outsourcing services [business assistance].

Class 37

Drilling of deep oil or gas wells; drilling of wells; rebuilding engines that have been worn or partially destroyed; rebuilding machines that have been worn or partially destroyed; building sealing; building insulating; providing information relating to repairs; providing construction information; scaffolding; building construction supervision; rustproofing; anti-rust treatment for vehicles; plumbing; painting, interior and exterior; burner maintenance and repair; pump repair; warehouse construction and repair; pipeline construction and maintenance; underwater construction; harbour construction; factory construction; construction; shipbuilding; heating equipment installation and repair; burglar alarm installation and repair; telephone installation and repair; installation and repair of air-conditioning apparatus; fire alarm installation and repair; freezing equipment installation and repair; electric appliance installation and repair; installation, maintenance and repair of computer hardware; machinery installation, maintenance and repair; interference suppression in electrical apparatus.

Class 42

Engineering; installation of computer software; research in the field of environmental protection; mechanical research; chemical research; research and development of new products for others; geological surveys; oil-field surveys; analysis for oil-field exploitation; conducting technical project studies; calibration [measuring]; oil-well testing; quality control; maintenance of computer software; conversion of computer programs and data, other than physical conversion; computer system design; hosting computer sites [web sites]; construction drafting; computer software design; consultancy in the field of energy-saving; computer programming; surveying.
