REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Tire pressure and tire temperature monitoring and measuring machines and instruments; bicycle speedometers; measuring or testing machines and instruments; batteries for vehicles; electric wires and cables; electronic terminal devices for collecting information which have saving data measured by remote monitoring and transmitting saved data on demand functions; data transmitting devices for telecommunication; telecommunication machines and apparatus; electronic apparatus for measuring, monitoring and transmitting tire pressure and tire temperature; computer programs for managing information regarding tires and vehicles; computer programs for managing information regarding belts for conveyors; computer programs for vehicle drive information, vehicle kinetic information and tire pressure information; computer programs relating to visualization tools for solution effectiveness, such as improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; computer programs; electronic apparatus and their parts; protective eyewear for cycling; bicycle helmets; computers for vehicles with autonomous driving functions or autonomous driving assistance functions; computers for vehicles with automated driving functions or automated driving assistance functions; computer programs for vehicles with autonomous driving functions or autonomous driving assistance functions; computer programs for vehicles with automated driving functions or automated driving assistance functions; autonomous driving or automated driving devices for automobiles comprised of telecommunication machines and apparatus, electrical and electronic control apparatus and instruments, remote control apparatus, photographic machines and apparatus, and automatic adjusting/regulating electronic apparatus and instruments including radar apparatus, scanners [data processing equipment], cameras, video cameras,

sensors [measurement apparatus], other than for medical use, and alarms, for autonomous driving or automated driving of automobiles; telecommunication machines and apparatus for autonomous driving or automated driving of automobiles; electrical and electronic control apparatus and instruments for autonomous driving or automated driving of automobiles; remote control apparatus for autonomous driving or automated driving of automobiles; photographic machines and apparatus for autonomous driving or automated driving of automobiles; autonomous parking or automated parking devices for automobiles comprised of telecommunication machines and apparatus, electrical and electronic control apparatus and instruments, remote control apparatus, photographic machines and apparatus, and automatic adjusting/regulating electronic apparatus and instruments including radar apparatus, scanners [data processing equipment], cameras, video cameras, sensors [measurement apparatus], other than for medical use, and alarms, for autonomous parking or automated parking of automobiles; telecommunication machines and apparatus for autonomous parking or automated parking of automobiles; electrical and electronic control apparatus and instruments for autonomous parking or automated parking of automobiles; remote control apparatus for autonomous parking or automated parking of automobiles; photographic machines and apparatus for autonomous parking or automated parking of automobiles; radar apparatus, scanners [data processing equipment], cameras, video cameras, sensors [measurement apparatus] other than for medical use, alarms and automatic adjusting/regulating electronic apparatus and instruments for automobiles comprised thereof.

Class 12

Shaft couplings or connectors, machine elements for land vehicles; bearings, machine elements for land vehicles; vehicle suspension components; shock absorbers, machine elements for land vehicles; springs, machine elements for land vehicles; non-pneumatic tires for wheelchairs; fenders for vessels [boat side protectors]; vessels and their parts and fittings; tires for aircraft; retreaded tires for aircraft; non-pneumatic tires for aircraft; inner tubes for aircraft tires; tread rubber for retreading tires for aircraft; aircraft and their parts and fittings; tires for railway cars; retreaded tires for railway cars; non-pneumatic tires for railway cars; inner tubes for railway car tires; wheels for railway cars; tread rubber for retreading tires for railway cars; railway rolling stock and their parts and fittings; tires for automated guideway transit [AGT] vehicles; non-pneumatic tires for automated guideway transit [AGT] vehicles; retreaded tires for automated guideway transit [AGT] vehicles; inner tubes of tires for automated guideway transit [AGT] vehicles; wheels for automated guideway transit [AGT] vehicles; tread rubber for retreading tires for automated guideway transit [AGT] vehicles; automated guideway transit [AGT] vehicles and their parts and fittings; tires for magnetic levitation trains; non-pneumatic tires for magnetic levitation trains; retreaded tires for magnetic levitation trains; inner tubes for magnetic levitation train tires; wheels for magnetic levitation trains; tread rubber for retreading tires for magnetic levitation trains; magnetic levitation trains and their parts and fittings; tires for monorail vehicles; non-pneumatic tires for monorail vehicles; retreaded tires for monorail vehicles; inner tubes for monorail vehicle tires; wheels for monorail vehicles; tread rubber for retreading tires for monorail vehicles; monorail vehicles and their parts and fittings; tires for next-generation streetcars such as light rail vehicles; non-pneumatic tires for next-generation streetcars such as light rail vehicles; retreaded tires for next-generation streetcars such as light rail vehicles; inner tubes for next-generation streetcar tires such as light rail vehicle tires; wheels for next-generation streetcars such as light rail vehicles; tread rubber for retreading tires for next-generation streetcars

such as light rail vehicles; next-generation streetcars such as light rail vehicles and their parts and fittings; tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; non-pneumatic tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; retreaded tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; inner tubes of tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; wheels for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; tread rubber for retreading tires for new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV], and their parts and fittings; autonomous cars; automated cars; vehicles with driving assistance functions; tires for automobiles; tires for vehicles; retreaded tires for automobiles; retreaded tires for vehicles; non-pneumatic tires for small electric cars; non-pneumatic tires for automobiles; inner tubes for automobile tires; inner tubes for vehicle tires; tread rubber for retreading tires for automobiles; wheels for automobiles; wheels for vehicles; anti-vibration rubber for automobiles, treads for vehicles [tractor type]; seat cushions for vehicles; hydraulic hoses for vehicles, not of metal; automobiles and their parts and fittings; non-pneumatic tires for mobility scooters; non-pneumatic tires for golf carts; non-pneumatic tires for electric carts; non-pneumatic tires for all-terrain vehicles; tires for two-wheeled motor vehicles; retreaded tires for two-wheeled motor vehicles; non-pneumatic tires for two-wheeled motor vehicles; inner tubes for two-wheeled motor vehicle tires; wheels for two-wheeled motor vehicles; tires for bicycles; retreaded tires for bicycles; non-pneumatic tires for bicycles; inner tubes for bicycle tires; wheels for bicycles; tread rubber for retreading tires for two-wheeled motor vehicles or bicycles; electric bicycles; two-wheeled motor vehicles, bicycles and their parts and fittings; wheel rims and wheel covers for aircraft, railway cars, automobiles, two-wheeled motor vehicles and bicycles; wheel rims and wheel covers for vehicles; wheel rims and wheel covers for automated guideway transit [AGT] vehicles, magnetic levitation trains, monorail vehicles, next-generation streetcars such as light rail vehicles and new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; valves for tires of aircraft, railway cars, automobiles, two-wheeled motor vehicles and bicycles; valves for vehicle tires; valves for tires of automated guideway transit [AGT] vehicles, magnetic levitation trains, monorail vehicles, next-generation streetcars such as light rail vehicles and new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; adhesive rubber patches for repairing tubes or tires.

Class 17

Seals; hoses made of rubber; valves of rubber or vulcanized fiber [not including machine elements]; gaskets; pipe joints made of synthetic resin; non-metal pipe couplings and joints; urethane foam; sound absorbing sponge for automobile tires; plastic semi-worked products; foam rubber [semi-finished product]; sound absorbing materials for automobile tires; sound absorbing plates for automobile tires; rubber for retreading and

repairing tires; rubber for repairing tubes; rubber materials for recapping tires; rubber.

Class 35

Business management analysis or business consultancy; marketing research or analysis; providing information concerning commercial sales; business management of hotels; providing business consulting services; collection of market research information; collection and analysis of business information on vehicles; business management of inventory and sales incentives for retail stores and wholesale stores; retail services or wholesale services for automobiles; retail services or wholesale services for two-wheeled motor vehicles; retail services or wholesale services for bicycles; retail services or wholesale services for electrical machinery and apparatuses; retail services or wholesale services for agricultural machines, implements and supplies; retail services or wholesale services for automobiles and their parts and fittings; retail services or wholesale services for mining, construction, loading-unloading and agricultural machinery, and their parts and fittings; retail services or wholesale services for shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings; retail services or wholesale services for pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings; computer-assisted business research and business information retrieval services; providing commercial information and advice to consumers on the selection of tires to be attached and driving techniques and practices; providing commercial information and advice related to tire management, namely the selection, maintenance, repair, retreading, replacement and pressure measuring of vehicle tires; advice and consultancy relating to business management and organization intended especially for automotive and pneumatic tire professionals; advice and consultancy relating to business management and organization; arranging and conducting of marketing analysis; input, processing, systemization and compilation into computer databases of information and data relating to vehicle and tire management, vehicle location and road itineraries; commercial information and advice related to vehicle location; business consultancy relating to management, strategy, organization management of businesses and of its employees; administrative advice, information linked to employment development and professional and social integration; compilation and provision of business information; business analysis, business advice and business consultancy; professional business consultancy; collection, management and analysis of customer information for business purposes.

Class 37

Repair and maintenance of automobiles and their parts and fittings or inspection, consultancy and information services relating thereto; repair and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings or inspection, consultancy and information services relating thereto; repair and maintenance of shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings or inspection, consultancy and information services relating thereto; repair and maintenance of pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings or inspection, consultancy and information services relating thereto; information services on maintenance of automobile tires, by telecommunication, relating to tire pressure and tire temperature; inspection, consultancy and information services relating to retreading of tires; battery charging services for electric vehicles.

Class 39

Advisory, consultancy and information services relating to transportation;

providing transport information on operation status of vessels as transportation to their users and transportation service providers, who manages the vessels; providing transport information on operation status of aircraft, railway cars, automated guideway transit [AGT] vehicles, magnetic levitation trains, monorail vehicles, next-generation streetcars such as light rail vehicles, new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV], autonomous cars or automated cars, vehicles with driving assistance functions, automobiles, small electric cars, treads for vehicles [tractor type], mobility scooters, golf carts, electric carts, all-terrain vehicles, two-wheeled motor vehicles and bicycles as transportation to their users and transportation service providers, who manages the aircraft, railway cars, automated guideway transit [AGT] vehicles, magnetic levitation trains, monorail vehicles, next-generation streetcars such as light rail vehicles, new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV], autonomous cars or automated cars, vehicles with driving assistance functions, automobiles, small electric cars, treads for vehicles [tractor type], mobility scooters, golf carts, electric carts, all-terrain vehicles, two-wheeled motor vehicles and bicycles; providing transport information on operation status of vehicles as transportation to their users and transportation service providers, who manages the vehicles; providing road and traffic information; tracking of vehicles with autonomous driving functions or autonomous driving assistance functions by computer [transport information]; tracking of vehicles with automated driving functions or automated driving assistance functions by computers [transport information]; tracking of vehicles with autonomous driving functions or autonomous driving assistance functions by computer programs [transport information]; tracking of vehicles with automated driving functions or automated driving assistance functions by computer programs [transport information]; providing transport information to transportation service providers related to autonomous driving or automated driving devices for automobiles comprised of telecommunication machines and apparatus, electrical and electronic control apparatus and instruments, remote control apparatus, photographic machines and apparatus, and automatic adjusting/regulating machines and instruments including radar apparatus, scanners [data processing equipment], cameras, video cameras, sensors [measurement apparatus], other than for medical use, and alarms, for autonomous driving or automated driving of automobiles; tracking of autonomous driving or automated driving of automobiles by telecommunication machines and apparatus [transport information]; tracking of autonomous driving or automated driving of automobiles by electrical and electronic control apparatus and instruments [transport information]; tracking of autonomous driving or automated driving of automobiles by remote control apparatus [transport information]; tracking of autonomous driving or automated driving of automobiles by photographic machines and apparatus [transport information]; providing transport information to transportation service providers related to automated parking devices for automobiles comprised of telecommunication machines and apparatus, electrical and electronic control apparatus and instruments, remote control apparatus, photographic machines and apparatus, and automatic adjusting/regulating machines and instruments including radar apparatus, scanners [data processing equipment], cameras, video cameras, sensors [measurement apparatus], other than for medical use, and alarms, for autonomous parking or automated parking of automobiles; tracking of autonomous parking or automated parking of automobiles by telecommunication machines and apparatus [transport information]; tracking of autonomous parking or automated parking of automobiles by electrical and electronic control apparatus and instruments [transport

information]; tracking of autonomous parking or automated parking of automobiles by remote control apparatus [transport information]; tracking of autonomous parking or automated parking of automobiles by photographic machines and apparatus [transport information]; tracking of automobiles by radar apparatus, scanners [data processing equipment], cameras, video cameras, sensors [measurement apparatus] other than for medical use, alarms and automatic adjusting/regulating machines and instruments [transport information]; vehicle-driving services.

Class 42

Designing of tires, other than for advertising purposes; designing, programming or maintenance of computer programs for managing information of belts for conveyors; designing, programming or maintenance of computer programs for simulation relating to tires and road surface condition; designing, programming or maintenance of computer programs; designing, programming or maintenance of computer programs relating to visualization tools for solution effectiveness, such as improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; technical advice relating to specialized knowledge as to tires and methods to check up on tires; technological advice relating to computers, automobiles and industrial machines; technical analysis and consulting services related to the selection, condition, maintenance, retreading or replacement of tires; technical analysis and consulting services related to the selection, condition, maintenance and replacement of vehicle component parts, spare parts and accessories; technical analysis and consulting services related to the selection and maintenance of automobiles and their parts and fittings; technical analysis and consulting services related to the selection and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings; technical analysis and consulting services related to the selection and maintenance of shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings; technical analysis and consulting services related to the selection and maintenance of pipes made of resin, couplings of resin for pipes and seismic isolation rubber, and their parts and fittings; rental of computers; providing computer programs for vehicle drive information, vehicle kinetic information and tire pressure information; providing computer programs for managing information of belts for conveyors; providing computer programs for simulation relating to tires and road surface condition; providing computer programs relating to visualization tools for solution effectiveness, such as improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; providing computer programs on data networks; providing technical consultancy and information relating to design, development and use of tires and their parts; industrial testing or research on tires and road surface condition and information services relating thereto; providing computer programs regarding management of inventory and sales incentives for retail stores and wholesale stores; remote monitoring services of computer systems; monitoring of computer systems by remote access; monitoring of data from in-vehicle systems by remote access; monitoring of data from in-vehicle systems by remote access; industrial research services or editing services for computer programs relating to visualization tools for solution effectiveness, such as improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; industrial testing or research on vehicles with autonomous driving functions or autonomous driving assistance functions and information services relating thereto; industrial testing or research on vehicles with automated driving functions or automated driving assistance functions and information services relating thereto; industrial testing or research on next-generation

streetcars such as light rail vehicles and their parts and fittings and information services relating thereto; industrial testing or research on new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV], and their parts and fittings and information services relating thereto; providing computer programs connected with customers' systems for improving productivity at customers by quality management and inventory management of tires; providing technical information and consultancy related to scientific and technological research and development of tire management, namely the selection, maintenance, repair, retreading, replacement and pressure measuring of vehicle tires; technological consultancy and preparation of reports relating to technical research on the selection, condition, maintenance and repair of tires, spare parts and accessories for vehicles; providing technical information and consultancy related to scientific and technological research and development related to vehicle and trailer tracking; quality testing and quality control of tires and inner tubes; design of business premises such as retail stores and wholesale stores for the tire trade; design, development and maintenance of software, mobile applications, databases and web sites; providing temporary use of on-line non-downloadable software for use in publishing; providing search engines for obtaining data via communications networks; conducting technical project studies; technological studies and research in the field of waste treatment.
