REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Class 01

Adhesives for industrial purposes; chemical preparations for use in sealing sealants; fluorine resins, unprocessed; unprocessed fluorine resins in the

form of paste; chemical preparations for use in industry; cement blending agents.

Class 06

Exterior materials of damping steel sheets; metal flooring; refractory castable mixes of metal; metal materials for building or construction; packings of metal; metal junctions for pipes; metal flanges; liquid storage tanks or reservoirs of metal with lining; industrial water storage tanks of metal with lining; liquefied gas storage tanks of metal with lining; gas storage tanks of metal with lining; internal floating lids of aluminium for use with gas or liquefied gas storage tanks with lining; tanks of metal; valves of metal with lining, other than parts of machines; valves of metal, other than parts of machines; industrial packaging containers of metal [not including "metal stoppers, lids and caps"], with lining; industrial packaging containers of metal; plugs of metal; lids of metal; pipes of metal; pressure-resistant hoses, of metal; bolts of metal coated with fluorine resin; small items of metal hardware.

Class 07

Gaskets for automobile exhaust pipes; gaskets for automobile engines; gaskets for motorcycle engines; gaskets for all-purpose engines; gaskets of metal for vehicle engines; gaskets for internal combustion engines; gaskets for other engines; parts of automobile engines; exhaust gas purifiers for automobile internal combustion engine and parts and fittings therefor; pump diaphragms; brakes [machine elements not for land vehicles] and their parts; power transmissions and gearing for machines [machine elements not for land vehicles] and their parts; friction materials for loading-unloading machines and apparatus; friction materials for presses [machines for industrial purposes]; parts for semiconductor manufacturing machines and systems; heat insulating covers of metal for automobile engines; heat insulating covers of metal for motorcycle engines; sound insulating covers of metal for automobile engines; sound insulating covers of metal for motorcycle engines; vibration reduction covers of metal for automobile engines; vibration reduction covers of metal for motorcycle engines; covers for exhaust pipes of automobile engines; covers for exhaust pipes of motorcycle engines; heat insulating covers for exhaust pipes of automobile engines; heat insulating covers for exhaust pipes of motorcycle engines; sound insulating covers for exhaust pipes of automobile engines; sound insulating covers for exhaust pipes of motorcycle engines; vibration reduction covers for exhaust pipes of automobile engines; vibration reduction covers for exhaust pipes of motorcycle engines; launders, ladles, troughs and melting and holding furnace for transferring, supplying and maintaining molten metal; molding and lining materials for molten metal containers in foundry apparatus [molded articles]; molding members for transferring, supplying or maintaining molten metal in foundry apparatus; parts and fittings of foundry machines [molded articles]; air filters for semiconductor manufacturing machines and systems; air filters for flat panel display manufacturing machines and apparatus; air filters for removing chemical pollutants and molecular contaminants in the process of manufacturing semiconductors.

Class 11

Heat insulating materials for industrial furnaces; refractory lining materials for use in internal walls of industrial furnaces; metal melting furnaces and their parts and fittings; molten metal storage containers equipped within holding furnace of molten metal; heaters for industrial furnaces; fittings for furnaces; bubble generators for semiconductor manufacturing machines and systems; air purifying units removing chemicals for industrial purposes; filters for removal devices of chemicals for industrial purposes; air purifying units removal devices of chemicals for

household purposes; filters for removal devices of chemicals for household purposes; air purifying units removal devices of ozone for industrial purposes; filters for removal devices of ozone for industrial purposes; industrial humidifiers; filters for industrial humidifiers; humidifiers for household purposes; filters for humidifiers for household purposes; industrial dehumidifiers; filters for industrial dehumidifiers; industrial air purifiers; filters for industrial air purifiers; air purifiers for household purposes; filters for air purifiers for household purposes; dehumidifiers for household purposes; filters for dehumidifiers for household purposes; thermal heaters for pipes and equipments of semiconductors or liquid crystal manufacturing machines and systems; thermal heaters for pipes and equipments of food or beverage processing machines and apparatus; thermal heaters for pipes and equipments of plants manufacturing pharmaceuticals; thermal heaters for pipes and equipments of chemical processing machines and apparatus; thermal heaters for valves or other machine elements, not for land vehicles; air-conditioning apparatus [for industrial purposes].

Class 12

Brake pad shims for automobiles; brakes, machine elements for land vehicles and their parts; damping materials made primarily of metal for automobile brakes and automobiles; damping materials made primarily of rubber for automobile brakes and automobiles; damping materials made primarily of inorganic fibers for automobile brakes and automobiles; damping materials made primarily of ceramic for automobile brakes and automobiles; covers for automobile exhaust pipes, not for engines; covers for motorcycle exhaust pipes, not for engines; heat insulating covers for automobile exhaust pipes, not for engines; heat insulating covers for motorcycle exhaust pipes, not for engines; sound insulating covers for automobile exhaust pipes, not for engines; sound insulating covers for motorcycle exhaust pipes, not for engines; vibration reduction covers for automobile exhaust pipes, not for engines; vibration reduction covers for motorcycle exhaust pipes, not for engines; damping materials for automobiles; non-electric prime movers for land vehicles, not including their parts; retaining materials of catalytic converter for automobile engines; power transmissions and gearing, machine elements for land vehicles and their parts; clutch linings for land vehicles.

Class 17

Gaskets; gaskets of metal; gaskets in the form of sheet; gaskets in the form of tapes; packings; rubber O-rings; rubber seals; silicone sealants; sealing materials; urethane foam; insulating materials made of polyurethane foam; flexible pipes, tubes and hoses, not of metal; insulation materials for pipes; thermal insulating materials; acoustic insulating materials; electrical insulating materials; pipe joints, not of metal; heat insulating materials for pipes, not for building; heat insulating materials of inorganic fibers, not for building; heat insulating materials, not for building; chemical fibers [not for textile use]; inorganic fibers [not for textile use]; caulking materials; heat insulating materials primarily of calcium silicate, not for building; fluorine resin semi-worked products [for use as material]; fluorine resin tapes; fluorine resin tubes; pressure-resistant hoses; industrial hoses of rubber; industrial hoses of plastic; fluorine resin junctions for pipes; inorganic fiber fabrics coated with aluminum for insulators; inorganic fiber fabrics for electrical insulation; inorganic fiber fabrics for heat insulation; inorganic fiber fabrics for acoustic insulation; fabrics for electrical insulation; fabrics for heat insulation; fabrics for acoustic insulation; insulating refractory materials; fire-resistant materials, not for buildings; water-mixing type surface finishing materials primarily of inorganic fibers and inorganic powders, not for building; non-metal expansion joints; water-mixing type heat insulating materials primarily of inorganic fibers;

heat insulating materials of minerals, nor for building or construction; clutch linings; brake lining materials, semi-processed.

Class 19

Heat insulating materials for pipes for building, not of metal; heat insulating materials for ceiling, not of metal; heat insulating materials for wall, not of metal; heat insulating materials for building, not of metal; reinforcing materials, not of metal, for building; cement; cement mixes; plastic building materials; refractory tiles; castable heat insulating materials of inorganic fiber, not of metal, for building or construction; lining materials primarily of inorganic fibre, for molten aluminum, for building or construction; lining materials for construction primarily of inorganic fibers; lining materials of fluorine resin for building or construction; noncombustible decorative laminated sheets for interior, of calcium silicate sheets as base material, for the interior decoration of buildings; building or construction materials of calcium silicate; calcium silicate sheets painted on the surfaces, for the interior decoration of buildings; calcium silicate sheets for use as wall covering material; wall covering materials of calcium silicate; synthetic building materials; building materials, not of metal; floors of cement; floors of calcium silicate; floors, not of metal; refractory coverings of inorganic fibers for pillars and beams, for building or construction; thermal insulating materials of inorganic fibers in the form of tubes for building; heat insulating materials of inorganic fibers for building; sound absorbing materials of synthetic resins for building; heat insulating and sound absorbing materials of fibers for building; thermal insulating materials of inorganic fibers in the form of felts for building; thermal insulating materials of inorganic fibers in the form of blankets for building; building materials of inorganic fibers; refractory blocks, not of metal; refractory bricks, not of metal; refractory construction materials, not of metal; water-mixing type surface finishing materials primarily of inorganic fibers and inorganic powders for building; bearing materials primarily of fluorine resins for building or construction; refractory castable mixes, not of metal; castable refractory products, not of metal; water-mixing type thermal insulating materials primarily of inorganic fibers for building or construction; building or construction materials primarily of rigid polyurethane.

Class 20

Industrial packaging containers of fluorine resin; storage bins, not of metal; storage tanks, not of metal or masonry.

claimed: Red, black.

Class 07

Regulating valves (parts of machines); shut-off valves (parts of machines); hydraulically operated throttle valves; electric actuating drives for valves; ventilation flaps (parts of machines); hole punching devices for punched cards (parts of machines); mechanical tool clamping, receiving, and feeding devices; servomotors for heating systems.

Class 09

Measuring, signalling, controlling, regulating and monitoring apparatus and instruments as well as their parts as far as they are intended either for use in the heating, air-conditioning and ventilation sector or in the industrial process-related sector in connection with pipework and containers and apparatus connected to it for use in the entire pipework sector; regulators with electric auxiliary power for liquids, air, gases and steams, flow regulators, room temperature regulators, engine cooling-water regulators, heating boiler regulators, regulators and controlling devices for heating, cooking, cooling, drying, ventilation, air-conditioning and pasteurising apparatus and installations; pressure and temperature regulators with electric switches; measuring value transducers, thermometers, low-water alarms; heat meters, steam meters, thermostats, safety thermostats, room thermostats, heat and temperature sensors, humidity sensors (hygrostats); safety temperature limiters; electromagnetic valves; electric high-speed switches, controlling and switching devices for setting, controlling and switching valves, shut-off valves and gate valves; measuring, counting and aligning instruments and program-controlled electric time switches as well as their parts; chronographs [time recording apparatus] being parts of electric control and regulation apparatus for the automation of industrial processes; control and regulating devices as well as their parts for the automation of industrial working processes and installations made thereof using electrical and mixing signals and impulses; apparatus for recording, storing and reading electrical signals, data, measuring values and other technical information as far as they are intended either for use in the heating, air-conditioning and ventilation sector or in the industrial process-related sector in connection with pipework and containers and apparatus connected to it for use in the entire pipework sector, digital regulating and control devices for building management systems (BMS) for process visualization and their software, devices for the input and output of digital or analogue physical values; digital-analogue converters, analogue-digital converters, analogue indicating devices; electronic heating and ventilation

controllers, electronic universal controllers for temperature and differential temperature regulation, electronic universal controllers for resistance teletransmitters; electronic synchronization controllers for actuating elements; electric indicating devices; set point adjusters; electric switches, micro switches and change-over switches, calculating machines, as far as they are intended either for use in the heating, air-conditioning and ventilation sector or in the industrial process-related sector in connection with pipework and containers and apparatus connected to it for use in the entire pipework sector, switchgear boxes, switchgear cabinets; control and regulation apparatus together with their parts for the automation of industrial work sequences and installations composed of them with the use of electric or mixed signals or impulses; devices for the recording of technical information; magnetic tapes; devices for reading stored data, measuring values, programs and other technical information, punched-card readers, punched-tape readers, indicating devices with digital display, measuring devices for mechanical and thermodynamic values, control and regulating devices for work-size control units, push buttons, measuring sensors, proximity switches, limit switches, single and multiple switches, switching amplifier, binary converters, counting devices, impulse counters; control units for the automation of operating sequences in the process and manufacturing technology for the construction of machines and jigs and fixtures and for machine tools; leak test devices for leakage tests, work-size control and tool compensation devices for machine tools, lathes and drilling machines; electric differential pressure switches and electro pneumatic apparatus, devices and instruments for the automation of industrial processes; electric measuring transducers; power supply units, automatic tool control units, tool-machine control units; physical and electro technical regulating, controlling, signalling, measuring and monitoring devices, pressure regulators, differential pressure regulators, temperature regulators, electromagnetic valves; control systems consisting of electronic control devices, in particular for chemical and pharmaceutical plants, for foodstuff and textile plants and for environmental engineering; electric regulating valves; electronic coding devices as far as they are intended either for use in the heating, air-conditioning and ventilation sector or in the industrial process-related sector in connection with pipework and containers and apparatus connected to it for use in the entire pipework sector.

Class 11

Heating, cooling, drying, ventilation, water-conduit for sanitary installations, and sanitary installations as well as their parts; mixing apparatus for cold and hot water; shut-off valves for the regulation of steam, water, gas, air and for other liquid and gaseous or vaporous substances.

Class 07
Machine tools; cutting machine tools and their parts and fittings; industrial robots; robots (industrial non-autonomous robots); three-dimensional printing machines; cutters; quilting machine; conveyors; machines for handling cut fabric parts or flexible materials; machines for assembling fabrics or flexible materials in successive stages; sewing machines; labeling machines in the form of electronic machines for printing labels for commercial use; machines for spreading fabric on a table; machines for

packaging and dispatching of fabrics or flexible materials; cutting blades being machine parts; bands or rollers for grinding wheels being parts of machines; all these products are intended for the textile, garment, footwear, clothing, luggage, furniture, leather goods, automotive, boating, aeronautical and technical textile industries.

Class 09

Software for creating and simulating product visuals at each stage of their life-cycle and industrial processes and for data processing; imaging software; three-dimensional content management software; software applications (downloadable software for mobile phones, touch tablets and devices with multimedia and interactive features), software, software packages and other recorded computer programs and databases; apparatus for recording, transmission, processing and reproduction of sounds, images or data; information processing apparatus; apparatus for the input, extraction, transmission and storage of data; audiovisual teaching apparatus; measuring and control apparatus and instruments; automatic control (inspection) apparatus and instruments; electronic devices for quality control and testing; image digitization apparatus; laser measuring systems; projection apparatus; multimedia projectors; video projectors; electronic plotters; digital plotters; printers; electronic pens; scanners; USB flash drives; recorded media; electronic publications (downloadable); electronic books, magazines and newsletters (downloadable); electronic catalogs and brochures (downloadable); electronic images (downloadable); all these products are intended for the textile, garment, footwear, clothing, luggage, furniture, leather goods, automotive, boating, aeronautical and technical textile industries.

Class 16

Instructional or teaching material (except apparatus); instruction manuals; training manuals; newsletters; magazines; books; catalogs and pamphlets; printing products (printed matter); stationery; all these products are intended for the textile, garment, footwear, clothing, luggage, furniture, leather goods, automotive, boating, aeronautical and technical textile industries.

Class 35

Product lifecycle cost estimate services; cost price analysis; price comparison services; negotiation and conclusion of commercial transactions for others; professional business consultancy, expertise, research, evaluation and estimation in the field of industrial and commercial affairs; business data collection and filing services; systematization of data in a central file; updating and maintenance of data in computer databases; computer file management; electronic data management incorporating classification, organization and tagging services; analysis of market data statistics; computerized database management involving electronic data processing, collection, qualification, segmentation, enrichment and targeting services for commercial purposes; services for providing commercial information from online databases; data, information and document input and processing services (office functions); services for subscribing to newspapers, journals, information bulletins, magazines, computer databases (for others); advertising, marketing and promotional services; promotion of the goods and services of others; organization of competitions for promotional or advertising purposes; organization and conducting of trade fairs, events and exhibitions for commercial or advertising purposes; demonstration of goods; market study; opinion polling; business networking services; commercial intermediation services; public relations; news clipping services; all these services are intended for the textile, garment, footwear, clothing, luggage,

furniture, leather goods, automotive, boating, aeronautical and technical textile industries.

Class 37

Installation, repair, maintenance, predictive maintenance of machine tools and cutting machine tools and their parts and fittings; installation, repair, maintenance, predictive maintenance of electronic apparatus and instruments, computer and telecommunication apparatus and peripherals; all these services are intended for the textile, garment, footwear, clothing, luggage, furniture, leather goods, automotive, boating, aeronautical and technical textile industries.

Class 38

Telecommunication services; continuous and instant electronic communication services between the various tools and workstations integrated into the production and supply chains; telematics communication services for creators, contractors, manufacturers, subcontractors, suppliers and customers; provision of access to virtual facilities online for real-time interaction between computer users; data, multimedia, video and audio file transmission services, including downloadable files and streaming files over a global computer network; providing access to content, servers, online computer databases, websites and portals; electronic exchange of data stored in databases accessible via telecommunication networks; interconnection service for data banks (telecommunication); transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; rental of access time to computer files, a computer database, global computer networks; providing electronic data links; electronic messaging services; electronic bulletin board services (telecommunication services); providing discussion forums on the Internet; all these services are intended for the textile, garment, footwear, clothing, luggage, furniture, leather goods, automotive, boating, aeronautical and technical textile industries.

Class 41

irritation; hemorrhoidal suppositories; pharmaceutical preparations for the treatment of irritable bowel syndrome; drugs to treat opioid-induced constipation; psychotropic preparations; cough treatment medicine; eye wash; eyedrops containing antihistamines and decongestants; pharmaceutical preparations, namely, an ophthalmic preparation for use in eye examinations; pharmaceuticals preparation that operates physiologically to control skin pigmentation; pharmaceutical preparations for wounds; pharmaceutical steroid preparations for topical use; pharmaceutical preparations, namely, antiemetics; preparations for use in cleaning contact lenses and kits containing said preparations; impregnated cellulose fiber strips for use in ophthalmic diagnosis.

Class 09

Contact lenses, software for use in ophthalmic medical and surgical procedures, namely, for swept source optical coherence tomography; magnifying glasses [optics]; software used in ophthalmological and optometric instruments, namely, corneal topographer, aberrometer and lasers, all sold as a unit and used for the diagnosis of eye conditions and vision correction; cases and containers for contact lenses; eyeglass chains; eyeglass cords; contact lens cases; plastic blanks for contact lenses; computer network consisting of a network server and network operating software allowing for the calculation, transfer and storage of data between components of ophthalmic, eye and vision correction systems and the customer support service provider; software, namely the algorithm feature for measuring and tuning the amount of radio frequency energy delivered to a patient treatment area sold as an integral component of equipment for cosmetic skin procedures.

Class 10

Cosmetic apparatus, namely, light based devices providing mainly pulsed light for performing non-ablative aesthetic skin treatment procedures; surgical, medical, and veterinary apparatus and instruments, namely, medical device intended to be used as intraocular lens in order to replace the natural crystalline lens of the eye during cataract surgery; artificial limbs, and teeth; surgical instruments, namely, endoscopes; disposable surgical instruments, other than for the dental sector; veterinary implants consisting primarily of artificial materials; artificial corneal lenses for veterinary use; veterinary lens extractors; veterinary instruments, namely, slit lamps, ophthalmoscopes, tonometers, veterinary ultrasound apparatus, micro-surgical instruments, tension ring injectors, and surgical sewing material, namely, needles and sutures; surgical instruments, namely, an ultrasonic surgical system consisting of an ultrasonic surgical instrument to separate, fragment, and coagulate tissue, surgical irrigators and aspirators for medical use and related equipment, namely, a precision fluid delivery system comprised of a pump, controller and surgical tubing, fluid canisters, ultrasonic medical handpieces, probes and cannulas sold as a unit; medical devices, namely, finger-attached ultrasonic probes for diagnostic medical imaging; kit containing one or more surgical instruments, namely, cannulae or ultrasonic probes, and a sterilization tray that holds the instruments; respiratory apparatus for medical use; drug delivery device; intraocular lenses; phacoemulsification apparatus and instruments for use in ophthalmic surgical procedures; ophthalmic medical and surgical apparatus, equipment and instruments, namely, intraocular lenses, haptics for mounting intraocular lenses, and parts, components and fittings for the aforementioned goods; ophthalmic medical and surgical apparatus, equipment and instruments, namely, intraocular lenses, folding intraocular lenses, and parts, components and fittings for the aforementioned goods; lasers for medical use; lasers for ophthalmic medical and surgical procedures; ophthalmic surgical device used to inject intraocular lenses, and intraocular lenses; single-use ocular syringe preloaded with a capsular

tension ring for use in cataract surgery; surgical instrument, namely, a vitreous cutter; ophthalmic surgical instruments and devices used in performing ophthalmic surgical procedures, and component parts thereof; ophthalmic medical devices, namely, intraocular lenses; medical device, namely, intraocular implant; surgical blades for use in ophthalmic surgery; lasers for the medical and cosmetic treatment of the face and skin; medical devices for non-surgical cosmetic skin treatments; medical devices for contracting skin, body sculpting, and soft tissue reconstruction in a non-invasive manner; medical devices, namely, medical instruments for the non-invasive removal of human body fat utilizing an external energy source; surgical fat-collection canister kit consisting of a canister and a canister base assembly, a canister lid assembly, one or more ports, and one or more syringe caps; surgical instruments for fragmentation, cutting, coagulation, aspiration and irrigation; medical aesthetic devices that administer a combination of pneumatic energy and broadband light or pneumatic energy or broadband light alone for skin treatment and hair removal; medical devices, namely, lasers, radio frequency, ultrasound and thermal devices for use in connection with non-surgical cosmetic skin treatment systems; medical devices, namely, phototherapeutic apparatus for medical purposes, namely, devices for use in the treatment of dermatological conditions including acne microsurgical instruments used in ophthalmic procedures to remove cataracts; medical and surgical instruments and apparatus, namely, a vacuum and fluid control system consisting of pumps, tubing, sensors, valves, needles, sleeves, fluid collection containers, and recipient connections; secure tubing connection device used with and in ophthalmic, ocular, cataract and eye-related surgical procedures; surgical instruments, namely, surgical needles for ophthalmic surgery; surgical, medical apparatus and instruments used in performing ophthalmic, ocular and eye-related surgery, namely, knives and cutters; single-use injector and capsular tension ring; keratome blades; ophthalmic and optometric instruments for making both measurements of surfaces of the eye and for performing diagnosis of the eye; intravitreal implants containing a pharmaceutical for the treatment of eye and vision conditions.

Class 16

Publications in the nature of newsletters, pamphlets and bulletins in the field of health issues; printed matter describing contact lens care and contact lens care products.

Class 35

Providing customer incentive award programs via a website through issuance and processing of loyalty points for purchase of a company's goods and services to promote medical and pharmaceutical compliance through gamification, behavioral economics and consumer marketing concepts to engage and motivate patients to follow instructions and directions for pharmaceutical preparations and substances, namely, pharmaceutical preparations and substances for the treatment of skin disorders, diseases, conditions and ailments; providing customer incentive award programs through issuance and processing of loyalty points for purchase of a company's goods and services to promote medical and pharmaceutical compliance through gamification, behavioral economics and consumer marketing concepts to engage and motivate patients to follow instructions and directions for pharmaceutical preparations and substances, namely, pharmaceutical preparations and substances for the treatment of skin disorders, diseases, conditions and ailments; advertising services to promote public awareness of issues relating to good vision and eye health, protecting the eyes and sight, and the benefits of ocular vitamin and mineral supplements; inventory management services in the eye health care field; inventory management services in the field of contact lenses; mail order retail services featuring vitamin and mineral supplements and nutritional

supplements; promoting skin treatment services by means of incentive reward programs; administration of a consumer loyalty program to promote skin treatment services; organisation, operation and management of customer loyalty programs for commercial, promotional or advertising purposes; retail store services via global computer network featuring medical instruments and devices; administrative processing of prescription orders for pharmaceutical preparations; distribution of promotional material and publications relating to treating chronic immune disorders, joint inflammation disorders and chronic inflammatory disorders; administration of sales promotion incentive programmes where prescriptions and information submitted by health care professionals enable patients to acquire pharmaceuticals covered by medical and dental benefits.

Class 41

Providing on-line publications in the nature of newsletters, pamphlets and bulletins in the field of health issues; providing training in the fields of eye care, health of the eye and ophthalmics, for the purposes of educating and assisting eye care professionals, and dissemination of course materials in connection therewith; educational services, namely, providing classes, seminars, and workshops in the field of medical procedures, namely, ultrasonic assisted lipoplasty and body sculpting, and dissemination of course materials in connection therewith; educational services, namely, providing training for the purposes of educating and assisting eye care professionals in the fields of eye care, health of the eye and ophthalmics, production of course materials and training materials to be distributed at seminars.

Class 42

Development services in the field of pharmaceuticals except clinical research services; custom design of ophthalmic surgical instruments; providing scientific research and providing information in the field of scientific industry research for the purposes of informing eye care professionals in the fields of eye care, health of the eye and ophthalmics; hosting a website for use by healthcare professionals in the field of ophthalmology; hosting a website offering educational information in the field of ophthalmology.

Class 44

Cosmetic treatment services, namely, the non-invasive removal of human body fat utilizing an external energy source; cosmetic treatment services, namely, skin care, body care and face care services; medical information in the field of pharmaceutical preparations and substances for the treatment of skin disorders, diseases, conditions and ailments to engage and motivate patients to follow instructions and directions for medical and pharmaceutical compliance through gamification, behavioral economics and consumer marketing concepts provided via a web-site; providing medical information in the field of pharmaceutical preparations and substances for the treatment of skin disorders, diseases, conditions and ailments to engage and motivate patients to follow instructions and directions for medical and pharmaceutical compliance through gamification, behavioral economics and consumer marketing concepts; providing medical information related to chronic pain due to irritable bowel syndrome with diarrhea, opioid-induced constipation, and ulcerative colitis; medical and surgical services, namely, ophthalmic, ocular and eye care medical and surgical services; providing medical information and advice in the field of health issues provided via a website; information in the field of medical services relating to procedures in the nature of body contouring provided via a website; providing medical information and medical services in the field of eye care, health of the eye and ophthalmics;

dermatology services; skin massage therapy; medical spa services; non-invasive cosmetic medical services; liposuction and surgical body shaping services; medical services for skin treatment; skin health restoration procedures; cosmetic therapies; cosmetic body care services in the nature of non-surgical body contouring; medical services, namely, skin subcutaneous tissue treatment services; aesthetic and therapeutic skin and body treatment services; providing dermatological treatment services using lasers and radio frequency devices; providing health information; medical services, namely, orthokeratology procedures; cosmetic and plastic surgery and dermatological treatment services; medical services in the nature of performing ultrasonic surgical procedures; medical procedures, namely, ultrasonic body shaping treatments; pharmacists' services to make up prescriptions; preparation and dispensing of medications.

Bins; containers; depot containers; aboveground waste separation containers; casks; deposit columns as waste collection containers with an underground collection container; tanks and waste tubs; garbage bins and municipal waste bins; all afore-mentioned goods of metal; baskets of metal; protective roofs of metal.

Class 09

Electric and electronic weighing, measuring, and checking apparatus and instruments; apparatus for reading, recording, transmitting and reproducing of data; software, in particular for the management of collection points, of mechanized collection, recovery and treatment of industrial waste and household waste.

Class 19

Non-metallic transportable structures; non-metallic protective roofs; prefabricated building materials, not of metal, for the establishment of seats and furnishing located in public places.

Class 20

Bins; casks; deposit columns as waste collection containers with an underground collection container; containers [tanks], not of metal and not of masonry; depot containers; aboveground waste separation containers; containers and non-metallic bins; containers for the collection and the disposal of chemical residues, hospital residues or similar special waste; all afore-mentioned goods not of metal; urban furniture, namely non-metallic containers [storage, transportation], non-metallic chests, empty tool boxes (not of metal), chairs, benches, flower stands [furniture], flower-pot pedestals, display boards, furniture cabinets, and display cases, all being located in public places or waiting areas; non-metallic baskets for industrial transportation and storage purposes.

Class 21

Household utensils and containers not of precious metal or coated therewith; waste paper baskets; garbage cans; baskets for household use.

Class 35

Provision of personnel for the maintenance, installation and the replacement of bins, containers, depot containers, aboveground waste separation containers, casks, deposit columns as waste collection containers with an underground collection container, tanks and waste tubs, garbage bins and municipal waste bins; staff utilization planning for the maintenance, installation and the replacement of bins, containers, depot containers, aboveground waste separation containers, casks, deposit columns as waste collection containers with an underground collection container, tanks, waste tubs, garbage bins and municipal waste bins; business consultation services in commercial management, in particular in the field of storage, transport, supply and replacement of bins, containers, depot containers, aboveground waste separation containers, casks, deposit

columns as waste collection containers with an underground collection container, waste tubs, garbage bins and municipal waste bins; organizational support and consultation services to businesses in urban planning and waste separation; compilation of statistical reports and market studies in connection with urban planning and waste separation; computer data management; compilation and systematization of data in a central file; updating of data in databases, in particular for the management of mechanized collection of waste, garbage and municipal waste; updating of data in databases, in particular for the management of collection point, mechanized collection, recovery and treatment of industrial and household waste.

Class 37

Cleaning services for public roads, urban spaces and playgrounds; installation, maintenance, repair, replacement and cleaning services of deposit columns as waste collection containers with an underground collection container, depot containers, aboveground waste separation containers, tanks, tubs, bins, casks, and containers for garbage, waste and municipal waste; installation and maintenance of urban furniture; installation, maintenance, repair of goods or equipment for urban furnishing and waste separation; installation, maintenance, repair of playground equipment; building construction management [supervision]; consultation services on the maintenance, installation and replacement of bins, containers, depot containers, aboveground waste separation containers, casks, deposit columns as waste collection containers with an underground collection container, tanks and waste tubs.

Class 38

Telecommunication services; communication services by computer terminals; provision of access to databases; electronic transmission of data relating to land vehicles and/or waste bins and/or containers and/or users of waste bins and/or containers by computer terminals; rental of telecommunication equipment; telecommunications services, namely radio services for the localization and/or identification of land vehicles and/or waste bins and/or containers; radio and telephone communication services; transmission of messages; provision of privatized access to computer databases.
