REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. batteries for vehicles; vehicle batteries; computing apparatus; monitoring devices for monitoring battery performance characteristics; downloadable applications for use with mobile devices; software and applications for mobile devices; apparatus for managing energy supplies; apparatus for monitoring electrical energy consumption; devices for measuring energy; electric control devices for energy management; energy control devices; computer software for orchestrating storage and consumption of energy; photovoltaic apparatus for converting solar radiation to electrical energy; computer hardware, namely, computer hardware used for the generation, distribution, and storage of sustainable and renewable energy; computer software for the operational overview and control of devices and the production of analytics for the purpose of managing renewable assets; downloadable cloud-computing software for connecting unlimited devices to a cloud computing platform; computer software for the operational overview and control of devices and the production of analytics for the purpose of managing assets; downloadable cloud-computing software for connecting unlimited devices to a cloud computing platform; downloadable cloud-based software; cloud network monitoring software; real-time data processing apparatus; real-Time Collaborative Editing [RTCE] platforms [software] network and communication hubs; test stations for hydrogen generators; automated process control system, namely, micro-processor based hardware and software used to monitor the status of industrial processes, namely power generation, electrical distribution and oil and gas processing; photovoltaic apparatus and installations for generating solar electricity; photovoltaic cells; solar cells; solar collectors for electricity generation; solar-powered rechargeable batteries; solar panels for electricity generation; electrical recharging apparatus; chargers for batteries; apparatus for monitoring electrical components; computer apparatus for computer aided engineering; engineering design software; measuring apparatus for use in electrical engineering; power supply apparatus [batteries]; apparatus for the supply of electricity; apparatus for electricity distribution; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; electric converters; electricity meters; voltage meters; meters for measuring current; power meters; metering instruments; apparatus for remote meter reading; capacitance meters; capacitive voltage transformers; apparatus for communication; communication devices; electrical communications apparatus adapted for use on vehicles; vehicular communication apparatus; central processing units (processors); couplers (data processing equipment); electro-dynamic apparatus for the remote control of signals current rectifiers; inverters [electricity]; meteorological instruments; surveying apparatus and instruments; batteries; electric batteries; electrolyzers; thermostat control apparatus; graphical user interface software; computer software for playing back information about energy consumption and air quality; computer hardware, namely, computer hardware used for the reduction of carbon emissions; computer hardware, namely, computer hardware used for the reduction of energy consumption; computer hardware, namely, computer hardware used for decarbonisation equipment; computer hardware for use in the reduction of carbon footprint and overall environmental footprint of buildings; computer software for use in the reduction of carbon footprint and overall environmental footprint of buildings; solar panels for the production of electricity; batteries; solar batteries; automatic solar tracking sensors; electric sensors; gas sensors; computers; computer software and display instruments for monitoring energy consumption, temperature, opening of windows, lighting and air quality; computer servers; measuring, detecting, monitoring and controlling devices; integrated computerized system for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information related to technical data and chemical

analyses; smart manufacturing system controls; level switches and level indicators for monitoring and controlling liquids in tanks and vessels; pipeline communication systems for transferring data over oil, gas, water and heat distribution pipeline networks, comprised of computer hardware, software, modems and communication cables; computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; environmental monitoring software; apparatus for monitoring gas, fuel, water and heat consumption; apparatus for measuring, monitoring and analyzing fuel, gas and electricity consumption; monitoring apparatus for Internet of Things [IoT] enabled devices; optimisation software; fuel regulating apparatus; environmental control software; computer software for use in carbon capture technologies optimization for monitoring, distribution, storage and usage of carbon; computer software for use in carbon capture data collection and analysis.

Class 11

Hydrogen generators; Hydrogen-generation equipment and components, namely, hydrogen generators, hydrogen purifiers, hydrogen purification membranes, fuel processors, and steam reformers; solar heating panels; solar energy powered heating apparatus; solar thermal collectors [heating]; level controlling valves in tanks; mechanisms for controlling fluid level in tanks [valves]; energy storage plants; heat exchangers [other than parts of machines], for use in processing fuel; oxygen concentrators for use with fuel cells used in heating, ventilation, air conditioning, lighting, and power systems for buildings; regulating apparatus for gas pipes; Liquid flow regulating apparatus, namely, hydraulic compensators; industrial installations for filtering liquids; heating apparatus for solid, liquid or gaseous fuels; ionization apparatus for the treatment of liquids and gases for industrial, commercial or agricultural use; apparatus and instruments for use in the purification, for removing impurities and sterilization of liquids and gases used in the biotechnology, pharmaceutical, medical and biopharmaceutical industries; solar-powered cooling units; mechanisms for controlling fluid level in tanks [valves].

Class 37

Installation and maintenance of photovoltaic installations; charging of electric vehicles; recharging services for electric vehicles; installation of energy-saving apparatus; installation of solar energy systems; repair of energy supply installations; advisory services relating to vehicle maintenance; battery charging service for motor vehicles; vehicle maintenance; maintenance and repair of electric vehicles; maintenance and repair of electricity generators; maintenance and repair of energy generating installations; maintenance and repair of motor vehicles and parts thereof; maintenance, servicing and repair of vehicles; maintenance, repair and reconditioning of photovoltaic apparatus and installations; maintenance, servicing and repair of power generating apparatus and installations; installation of renewable energy generation equipment; installation of wiring in accessible geographical locations for distribution of electricity suitable for electric vehicle recharging stations; natural gas refuelling service for motor vehicles; vehicle battery charging; installation of solar energy systems; emergency servicing of apparatus for supplying electricity; installation of power generating apparatus; fueling of hydrogen gas for vehicles; maintenance of communications equipment; automotive upgrade services, namely, supercharging, turbocharging and performance upgrades of automobiles; charging station services for electric vehicles; construction of energy efficient buildings and structures; construction project management services in the field of construction of renewable energy and energy generation equipment support structures and ancillary structures for supporting meteorological data gathering equipment; installation, maintenance and repair of regulating, monitoring and control

apparatus; maintenance and repair of oil and gas storage installations; vehicle fueling services.

Class 39

Supply of electricity; electricity supply services; consultancy services relating to the distribution of electricity; distribution and transmission of electricity; distribution of energy; public utility services in the nature of electricity distribution; providing information relating to the distribution of electricity; information and advisory services in relation to the distribution of energy; storage of energy and fuels; rental of electric cars; arrangement of vehicle rental; booking of vehicle rental; leasing of vehicles; parking services for vehicles; providing information relating to vehicle parking services; rental of vehicle parking spaces; reservation services for vehicle rental; car pooling services; car sharing services; providing information relating to car rental services; rental of hydrogen cars; distribution of renewable energy; distribution of energy for heating and cooling buildings; distribution of renewable energy.

Class 40

Production of electricity; electricity generation; generation of electricity from solar energy; generation of energy; consultancy services relating to the generation of electrical energy; consultancy services relating to the generation of electrical power; energy production; leasing of energy generating equipment; production of energy; production of electrical power from renewable sources; conversion of waste energy into electricity [energy recycling services]; waste-to-energy generation services; processing of hydrocarbons; Processing of hydrocarbon derivatives; rental of energy generating equipment; rental of electric power generators; rental of power-generating equipment; fuel treatment services whereby plants, algae and organisms are used to treat biofuels in the nature of primary, secondary and tertiary alcohols, ethanol, butanol, bio-diesel and hydrogen fuels; fuel refining; fuel processing.

Class 42

Advisory services relating to energy efficiency; advisory services relating to the use of energy; energy auditing; programming of energy management software; computer programming for the energy industry; Programming of software for e-commerce platforms; research relating to city and Smart City planning; analytical services relating to computer programmes; computer monitoring service which tracks application software performance, performs periodic maintenance and provides reports and alerts concerning such performance [quality control]; computer monitoring service which tracks hardware performance and processes and sends out historical reports and alerts [quality control]; research in the field of artificial intelligence; engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; providing a web site featuring technology that enables users to connect with other people in their neighborhood or city for any number of user-specified reasons, including providing a service or organizing an event; technical data analysis; computer systems design and analysis; greenhouse gas emission measuring and analysis; providing artificial intelligence computer programs on data networks; platforms for artificial intelligence as software as a service [SaaS]; computer aided scientific and industrial analysis services; design and development of operating system software; computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; technical consultancy in the field of energy saving and energy efficiency; design of communication systems; design and development of energy management software; design and development of operating software for

accessing and using a cloud computing network; design and development of software in the field of mobile applications; development of computer software application solutions; online provision of web-based applications; computer software consultancy; technological consultancy; server hosting; technological consulting services in the field of alternative energy generation; scientific research and development; technological research; technological planning and consulting services in the field of renewable energy resources; meteorological forecasting; industrial analysis, industrial research and industrial design services; computer programming for the energy industry; conducting research and technical project studies relating to the use of natural energy; cloud computing; cloud hosting provider services; computer programming services; computer programming for data processing and communication systems; providing virtual computer environments through cloud computing; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; consulting in the field of cloud computing networks and applications; consultancy in the field of energy-saving; consultancy relating to technological services in the field of power and energy supply; design and development of regenerative energy generation systems; design and development of software for control, regulation and monitoring of solar energy systems; design and development of software for database management; design and development of operating software for computer networks and servers; development of energy and power management systems; energy use and conservation consultancy; engineering consultancy; engineering services in the field of energy technology; engineering services relating to energy supply systems; provision of information concerning research and technical project studies relating to the use of natural energy; research in the field of energy; technological analysis relating to energy and power needs of others; technological consultancy in the fields of energy production and use; platform as a service (PaaS); programming of software for information platforms on the Internet; software as a service [SaaS]; software as a service (SaaS) services featuring computer software for management of data analytics and for operating a digital marketplace connecting unlimited devices to a cloud-based platform; providing temporary use of web based cloud-computing software for connecting unlimited devices to a cloud computing platform; computer engineering; computer-aided engineering design and drawing services; engineering consultancy; engineering services in the field of environmental technology; computer software research; product research and development; research in the field of energy; research in the field of environmental conservation; research on building construction or city planning; rental of meters for the recording of energy consumption; design of communication systems; design of communications apparatus; design and development of software for the generation, distribution and storage of sustainable and renewable energy; design and development of software for the reduction of carbon emissions; design and development of software for decarbonisation solutions; design and development of software for the reduction of energy consumption; research in the field of renewal energy; technological consulting services in the field of decarbonisation solutions; computer software development services for software used in connection with the management of devices that generate energy and devices that consume energy, the management of weather and energy forecasting, and the management of devices that generate and consume wind and solar energy; computer software consultancy and advisory services for software used in connection with the management of devices that generate energy and devices that consume energy, the management of weather and energy forecasting, and the management of devices that generate and consume wind and solar energy; consultancy and advisory services in the fields of renewable energy systems development, and the project management [design] of energy generation and supply assets; consultancy and advisory

services relating to technological services in the field of demand-side energy resources and assets supply, weather and energy forecasting, and the production of wind and solar energy; website services in the fields of renewable energy and energy asset management, namely hosting of a website containing information in the fields of renewable energy and energy asset management; research and development of new products for others; surveying; meteorological information; rental of web servers; rental of computer software; monitoring of computer systems by remote access; computer software design; Providing temporary use of non-downloadable computer software in the nature of an online platform and online dashboard for analyzing data for optimization of equipment performance and power plant production in the wind and solar energy industries; Platform as a service (PAAS) featuring computer software platforms for analyzing data for optimization of equipment performance and power plant production in the wind and solar energy industries; software as a service (SAAS) services featuring software for analyzing data for optimization of equipment performance and power plant production in the wind and solar energy industries, all of the foregoing excluding computer software for surveillance or video monitoring for purposes of point-of-sale, business management and marketing data collection and analysis; platform as a service (PAAS) featuring computer software platforms for energy management and optimization; software as a service (SAAS) services featuring software for energy management and optimization; computer software consultancy and advisory services for energy management and optimization; platform as a service (PaaS) featuring computer software platforms for management of data analytics and for operating a digital marketplace connecting unlimited devices to a cloud-based platform; computer system analysis; computer system design; computer technology consultancy; electronic data storage; information technology [IT] consultancy; providing information on computer technology and programming via a web site; outsource service providers in the field of information technology; platform as a service [PaaS]; research in the field of environmental protection; provision of scientific information, advice and consultancy in relation to carbon offsetting; technological engineering analysis; computer-aided industrial and scientific analysis; computer aided industrial design, research, testing and analysis services; Digital Distributed Storage; design and development of systems for data input, output, processing, display and storage; environmental monitoring services; monitoring of erosion, pressure, vibration, corrosion, temperature and sedimentation; condition monitoring relating to fluids, oils, fuel and gas; computer monitoring service which tracks hardware performance and processes and sends out historical reports and alerts [quality control]; electronic monitoring and reporting of pipe systems and tanks using computers and sensors [electronic data collection]; storage system monitoring services [electronic data collection]; Providing temporary use of non-downloadable cloud-based software for monitoring energy consumption and , calculating energy costs; Meteorological forecasting services; design, development, maintenance and updating of computer software for process control.

Application for a series of two marks.

Class 09

Computer software applications, downloadable; downloadable mobile gift certificates; downloadable mobile coupons; downloadable smart phone application (software); downloadable electronic gift certificates; downloadable computer software programs; computer software for data processing; smart phone application (software); application software for smart phone; operating system programs; application software; computer application software for mobile phones; computer programs for using the internet and the worldwide web; computer application software; computer operating programmes; computer operating system software; computer e-commerce software; computer programs and software; software for cellphones; downloadable software for electronic money payment; humanoid robots with artificial intelligence.

Class 29

Preserved meats and sausages; preserved fish; preserved, frozen, dried and cooked fruits and vegetables; poultry, not live; food products made primarily from fruits; processed egg foodstuffs; frozen nuts; frozen beans; foodstuffs consisting primarily of processed beans (excluding bean curds and foodstuffs made from bean curds); foods prepared from bean curds (tofu); prepared side dishes consisting primarily of meat, fish, poultry or vegetable; soups; pollen prepared as foodstuff; meat, fish, poultry and game; food products made from fish and shellfish; milk products; jellies; cooked snails; processed vegetable products; processed seaweed products.

Class 30

Cereal-based processed products; flour and preparations made from cereals; honey; polished cereals; rice cakes; Bread; sugar; Salt; wheat flour for food; almond paste; ice cream; ice; malted rice; gluten additives for culinary purposes; condiments; tea; beverages made of tea; chocolate products; coffee; leaven.

Class 31

Seeds for fruit and vegetables; grains [cereals]; unprocessed fruits; cocoa beans, raw; fertilized eggs for hatching; sugar cane; live trees; live animals; algae for human or animal consumption; fresh nuts; fresh fruits; fresh vegetables; fresh seaweeds; malt for brewing and distilling; organic fresh fruit; seeds; copra; hops; live fish.

Class 32

Concentrated fruit juice; fruit beverages and fruit juices; concentrates for making fruit juices; essences for making flavoured mineral water, not in the nature of essential oils; mineral water; beer, ale (beer), lager beer, stout and porter; imitation beer; powders used in the preparation of non-alcoholic drinks; vegetable extracts for beverages; essences for making beverages; malt extracts for making liquors; soya-based beverages; aerated water; tonic water; seawater processed beverage; flavored waters; herb drinks.

Class 35

Retail store services for processed fruit; retail store services for processed meat; retail store services for food products made primarily from fruits; retail store services for baby food made from agricultural products using

internet shopping mall; retail store services for kitchen utensils using internet shopping mall; retail store services for processed fruit using internet shopping mall; retail store services for books using internet shopping mall; retail store services for milk products using internet shopping mall; procurement services for downloadable electronic coupons; marketing services; retail store services for fish and shellfish (preserved); sales agency for fish and shellfish (preserved); sales agency for processed fruit; sales agency for processed meat; sales agency for food products made primarily from fruits; retail services for books; retail services for services [dishes]; leasing of advertising space on web sites; sales agency for baby food made from agricultural products using internet shopping mall; promoting the goods and services by means of operating an on-line comprehensive shopping mall; sales agency for kitchen utensils using internet shopping mall; sales agency for processed fruit using internet shopping mall; commercial information agency services using internet shopping mall; sales agency for books using internet shopping mall; sales agency for milk products using internet shopping mall; advertising and commercial information services via the internet; sales agency for downloadable discount coupon via internet; sales agency for printed discount coupon via internet; business intermediary services relating to mail order by telecommunications; on-line retail store services featuring processed vegetables; on-line retail store services featuring cooked fruits; on-line retail store services featuring cooked vegetables; on-line retail store services featuring cooked beans; on-line retail store services featuring processed dairy products; on-line retail store services featuring processed seaweed products; on-line retail store services featuring processed cereal-based snack food; on-line retail store services featuring bread; on-line retail store services featuring processed nuts; on-line retail store services featuring fruit and vegetable salads; on-line retail store services featuring fruit drinks and juice.

Class 38

Transmission of information by national and international networks; delivery of messages by electronic transmission; radio communications of data; providing online forums; providing e-mail services; internet information and brokerage; internet broadcasting services; data communications via the internet; transmission of software via internet; providing contents via internet; transmission of electronic mail; communications by computer terminals; transmission and reception (transmission) of database information via the wired or wireless telecommunication network; electronic order transmission services; providing access to e-commerce platforms on the Internet; providing telecommunication services for e-commerce platforms on the Internet and other electronic media; providing access to mobile Internet platforms; providing access to databases for shopping information service; electronic bulletin board services for shopping information service; providing access to applications via the internet.

Class 39

Processed food delivery; express freight services; courier transport services; refrigeration storage; frozen-food warehousing; frozen-food locker rental; refrigerated transport of cold goods; refrigerated warehousing; storage of farm products; transporting farm products; logistics services consisting of the storage, transport and delivery of goods; transportation logistics; temporary storage of deliveries; airlines transportation services; transport and delivery of goods; delivery of goods; storage of goods; transport of goods; goods warehousing; parcel delivery; storage of marine products; distribution (delivery) of meals; storage of food or beverages; processed food delivery by means of on-line orders; on-line brokerage services relating to delivery; on-line arranging of freight;

transportation logistics services; transport by land; storage of stock farm products; freight cars positioning services by computer; transportation logistics information via computer communication networks; prepared foodstuffs delivery.

Class 41

Education information; news reporter services; book publishing; providing on-line electronic publications; correspondence courses relating to cooking; education information relating to cooking recipe; cooking instruction information services; cooking instruction; cooking institute management; education information services provided electronically including websites; education courses through the internet; internet education instruction; publication of journals; publication of periodicals.

Class 42

Providing platform for online content providers; web design; hosting computer sites [web sites]; rental of web servers; providing search engines for the internet; hosting of web sites for electronic commerce; computer programming for electronic commerce; development of computer game software; design of computer software; rental of computer software; computer software design; consultation services relating to computer software; computer software development; computer programming; data conversion of computer program and data; programming of software for internet platforms; programming of software for e-commerce platforms; constructing an internet platform for electronic commerce.

Body creams; Moisturising creams, lotions and gels; Detergents, other than for use in manufacturing operations and for medical purposes; Detergent soap; Detergents for dishwashing; Detergents for domestic use; Detergents for household use.

Class 05

Breast-nursing pads; Nursing pads; Disposable breast pads; Washable breast pads.

Class 06

Enclosures of metal, other than for showers; Prefabricated metal enclosures in the nature of free-standing lactation and breast feeding stations; Prefabricated metal enclosures in the nature of free-standing, customizable, lactation suites for nursing mothers to breastfeed and express milk.

Class 07

Bottle washing machines; Dish washing machines for household purposes; Machines and apparatus for cleaning, electric; Kitchen grinders, electric; Domestic grinders, electric; Electric food grinders; Electric grinders for food preparation; Food processors, electric; Electric babies' food processors; Electric food processors for domestic use.

Class 08

Mortars for pounding [hand tools]; Pestles for pounding [hand tools]; Tableware [knives, forks and spoons]; Spoons [cutlery] for feeding babies and children; flatware [cutlery] for feeding babies and children; cutlery adapted for feeding babies and children.

Class 09

Computer application software for mobile phones which contain health information; Computer application software for mobile phones which enables users to locate and share information about lactation suites and other places for nursing mothers to breastfeed and express milk; Computer application software for mobile phones which contain medical and clinical information in relation to breastfeeding; Computer software programs containing health information; Computer software programs containing breastfeeding information; Software for monitoring the user's data and progress of trend or achievement including personal information, location, breastfeeding monitoring data, health data including heart rate; Software to enable wireless data streaming between connected accessories and smartphone via wireless communication; Medical simulators [teaching aids]; Wearable digital electronic devices comprised of hardware, software and display screens for viewing, sending and receiving data, image files and information; Wearable digital electronic devices comprised of hardware and software for sending and receiving data, image files and information; Wearable digital electronic devices comprised of hardware and software for sending and receiving data; Wearable digital electronic devices comprised of hardware and software for sending and receiving health data; Wearable video display monitors; Wearable activity trackers.

Class 10

Nipple shields for breastfeeding; Breast shields; Breast shells; Breast pumps; Hands-free breast pumps; Manual breast pumps; Electric breast pumps; Parts and fittings of breast pumps; Device for extracting breast

milk, namely inverted nipple suction device; Syringes adapted for feeding babies; Feeding bottles; Double wall feeding bottle; Breast milk storage bottles; Feeding bottle valves; Parts and fittings of babies' feeding bottles; Massage apparatus; Foam massage rollers; Teething soothers; Water-filled teething soothers; Gel-filled teething soothers; Water-filled teething rings; Gel-filled teething rings; Gum massagers for babies; Breast milk storage bags; Cold packs for medical purposes.

Class 11

Sterilisers; Apparatus for sterilisation; Sterilising appliances; Steam sterilisers; Ultra-violet water sterilisation units for domestic use; Ultra-violet sterilisers for domestic use; Sterilisers for babies' feeding bottles; Water sterilisers; Drying apparatus; Electrical domestic appliances for drying; Bottle warmers; Baby bottle warmers; Electric warmers for feeding bottles; Heaters, electric, for feeding bottles; Electric heaters for babies' bottles; Bottle heaters; Electric beverage heaters; Food warming apparatus; Apparatus for keeping hot drinks warm; Warming apparatus, not for medical use; Apparatus for heating food products; Heating and cooling apparatus for dispensing hot and cold beverages; Heating apparatus; Heating apparatus for food stuffs; Appliances for heating; Appliances for heating foodstuffs; Heating machines; Beverage cooling apparatus; Cooling apparatus; Cooling installations and machines; Cool boxes, electric.

Class 18

Slings for carrying infants; Sling bags for carrying infants; Pouch baby carriers; Baby carriers [slings or harnesses]; Baby carriers worn on the body; Bags; Diaper bags; Nappy bags; Bags for toiletry kits; All-purpose carrying bags.

Class 19

for other personal information services; ATM (Automated Teller Machine) cards, access cards, identification cards, integrated chip cards and pre-paid cards; ATM machines, point of sale card readers, remote access devices; data carriers; computer hardware and software for the provision of banking services, financial services, bank account management services, monetary transfer services, payment services, financial analysis and financial reports, financial management services, and information services relating to banking and finance; computer software to enable the searching of data relating to the foregoing; publications, newsletters, magazines, periodicals, pamphlets and leaflets, all in electronic form supplied on-line from databases or from facilities provided on the Internet (including web sites); publications, newsletters, magazines, periodicals, pamphlets and leaflets, all in digital or electronic format, or provided by CD-ROM or diskette.

Class 16

Paper, paper articles of stationery and advertising materials; printed matter, stationery, newspapers, periodicals and cheque books; printed publications, newsletters, magazines, pamphlets, leaflets; plastic cards (other than encoded or magnetic); plastic covered cards bearing printed matter.

Class 35

Accounting services; book-keeping; payroll preparations; business appraisals, enquiries, investigations, research and business management advice; business management consulting; advertising and promotion services and information services relating thereto; business and commercial information services, all provided on-line from a computer database, computer network, global computer network or the Internet; compilation of advertisements for use as web pages on the Internet; business management services; business advisory services; compilation of directories for publishing on global computer networks or the Internet; compilation of advertisements for use on or as web pages or web sites on global computer networks or the Internet; provision of space on web sites for advertising goods and services; business administration services for the processing of sales made on the Internet; business planning; market analysis and research; data collection and processing; payroll assistance, preparation and management for personnel; advisory, consultancy and information services relating to all of the aforesaid services; publication of advertising material.

Class 36

Financial services; banking services; monetary transfer; payment services; automated banking services; home banking; internet banking; savings services; bill payment services; payment and credit services; credit card, debit card, charge card, cash card and bank card services; cash management; safe deposit services; bankers' clearing services; account debiting services; escrow services; cheque encashment services; credit brokerage; automatic cash dispensing services, automatic teller machine services; insurance services; financing of loans; loans (financial) against security; financial investment services; capital investment services; trustee services; financial management services; brokers and agents (for bonds and other securities); financial consultation services; investment advice; financial guarantees (surety services); financial analysis and providing financial reports; financial information services; financial research services; financing services (securing funds for others); financial advisory services; financial services for the provision and purchase of financial and/or credit information; administration of financial affairs; organization financial services; advice and enquiries regarding credit; financial services for the provision of credit; acceptance of deposits;

discount of bills (notes); domestic remittance, liability guarantee, acceptance of bills, lending securities, acquisition and transfer of monetary claims; trustee services; trusteeship of money; trading and brokerage of securities contracts; securities management, monetary claims settlement agency services, brokerage of personal property, land, land fixture surface rights and land leasing rights; money exchange, foreign exchange transactions, currency exchange services, 263rganizat cheque services; issuing letters of credit, securities trading, financial index fixtures, securities options, overseas market securities futures, underwriting securities, selling financial securities, handling subscriptions and offerings of financial securities, providing stock market information, life insurance brokerage, life insurance underwriting, agencies for non-life insurance, claim adjustment for non-life insurance, non-life insurance underwriting, insurance actuarial services; mortgage services; information relating to financial, banking, insurance, financial economic analysis and investment services provided on-line (not-downloadable); share registration services; advisory, consultancy and information services relating to all of the aforesaid services.

Class 41

Education and entertainment services; electronic publications provided on-line (not downloadable); 263rganization of sporting events and competitions; arranging and conducting of seminars, congresses, conventions, conferences and exhibitions; education and training related to banking, financial, insurance, economic and investment services; publication of printed matter, periodicals, newsletters, magazines, pamphlets, leaflets and other text relating to banking, financial, insurance, economic and investment on-line (not downloadable); advisory, consultancy and information services relating to all of the aforesaid services.

Class 42

Computer rental; design, drawing and commissioned writing, all for the compilation of web pages and web sites on the Internet; provision of technological information online from a computer database or from the Internet; data storage; advisory, consultancy and information services relating to all of the aforesaid services; design and development of computer hardware and software.

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, 265sterilize, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating, or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; fire-extinguishing apparatus; 3D spectacles; abacuses; accelerometers; accumulator boxes; accumulator jars; accumulators, electric; accumulators, electric, for vehicles; acid hydrometers; acidimeters for batteries; acoustic alarms; acoustic conduits; acoustic couplers; actinometers; adding machines; aerials; aerometers; air analysis apparatus; alarm bells, electric; alarms; alcoholmeters; alidades; altimeters; ammeters; amplifiers; amplifying tubes; amplifying valves; anemometers; animated cartoons; anode batteries; anodes; answering machines; antennas; anticathodes; anti-glare glasses; anti-interference devices [electricity]; anti-theft warning apparatus; apertometers [optics]; apparatus and installations for the

production of X-rays, not for medical purposes; apparatus and instruments for astronomy; apparatus and instruments for physics; apparatus for changing record player needles; apparatus for editing cinematographic film; apparatus for fermentation [laboratory apparatus]; apparatus for measuring the thickness of skins; apparatus for recording distance; apparatus to check franking; apparatus to check stamping mail; appliances for measuring the thickness of leather; armatures [electricity]; asbestos clothing for protection against fire; asbestos gloves for protection against accidents; asbestos screens for firemen; audio- and video-receivers; audio interfaces; audio mixers, audiovisual teaching apparatus; automated teller machines [ATM]; automatic indicators of low pressure in vehicle tires; automatic indicators of low pressure in vehicle tyres; azimuth instruments; baby monitors; baby scales; bags adapted for laptops; balances [steelyards]; balancing apparatus; barcode readers; barometers; bathroom scales; batteries, electric; batteries, electric, for vehicles; batteries for electronic cigarettes; batteries for lighting; battery boxes; battery chargers; battery jars; beacons, luminous; bells [warning devices]; betatrons; binoculars; biochips; black boxes [data recorders]; blinkers [266terilize lights]; blueprint apparatus; boiler control instruments; branch boxes [electricity], breathing apparatus, except for artificial respiration; breathing apparatus for underwater swimming; bullet-proof clothing; bullet-proof vests; bullet-proof waistcoats; buzzers; cabinets for loudspeakers; cables, electric; calculating machines; calibrating rings; calipers; calorimeters; camcorders; cameras [photography]; capacitors; capillary tubes; carpenters' rules; carriers for dark plates [photography]; cases especially made for photographic apparatus and instruments; cases for smartphones; cash registers; cassette players; cathodes; cathodic anti-corrosion apparatus; cell phones; cell phone straps; cell switches [electricity]; cellular phones; centering apparatus for photographic transparencies; central processing units [processors]; chargers for electric batteries; chargers for electronic cigarettes; charging stations for electric vehicles; chemistry apparatus and instruments; chips [integrated circuits]; choking coils [impedance]; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; cinematographic cameras; cinematographic film, exposed; circuit breakers; circuit closers; circular slide rules; cleaning apparatus for phonograph records; cleaning apparatus for sound recording discs; clinometers; close-up lenses; clothing especially made for laboratories; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; coaxial cables; coils, electric; coin-operated mechanisms for television sets; coin-operated musical automata [juke boxes]; collectors, electric; commutators; compact disc players; compact discs [audio-video]; compact discs [read-only memory]; comparators; compasses for measuring; computer game software; computer hardware; computer keyboards; computer memory devices; computer operating programs, recorded; computer peripheral devices; computer programs [downloadable software]; computer programs, recorded; computers; computer screen saver software, recorded or downloadable; computer software applications, downloadable; computer software platforms, recorded or downloadable; computer software, recorded; condensers [capacitors]; conductors, electric; connected bracelets [measuring instruments]; connections, electric; connections for electric lines; connectors [electricity]; contact lenses; contacts, electric; containers for contact lenses; containers for microscope slides; control panels [electricity]; converters, electric; copper wire, insulated; cordless telephones; correcting lenses [optics]; cosmographic instruments; counterfeit coin detectors; counters; couplers [data processing equipment]; couplings, electric; covers for electric outlets; covers for personal digital assistants [PDAs]; covers for smartphones; covers for tablet computers; crash test dummies; crucibles [laboratory]; cupels [laboratory]; current rectifiers; cyclotrons; darkroom lamps [photography]; darkrooms

[photography]; data processing apparatus; decompression chambers; decorative magnets; demagnetizing apparatus for magnetic tapes; densimeters; densitometers; detectors; diagnostic apparatus, not for medical purposes; diaphragms [acoustics]; diaphragms for scientific apparatus; diaphragms [photography]; dictating machines; diffraction apparatus [microscopy]; digital photo frames; digital signs; digital weather stations; directional compasses; discharge tubes, electric, other than for lighting; disk drives for computers; disks, magnetic; distance measuring apparatus; distance recording apparatus; distillation apparatus for scientific purposes; distribution boards [electricity]; distribution boxes [electricity]; distribution consoles [electricity]; divers' masks; diving suits; DNA chips; dog whistles; dosage dispensers; dosimeters; downloadable graphics for mobile phones; downloadable image files; downloadable music files; downloadable ring tones for mobile phones; drainers for use in photography; dressmakers' measures; drying apparatus for photographic prints; drying racks [photography]; ducts [electricity]; DVD players; dynamometers; ear plugs for divers; egg-candlers; egg timers [sandglasses]; electrical adapters; electric and electronic effects units for musical instruments; electric apparatus for commutation; electric apparatus for remote ignition; electric discharge tubes, other than for lighting; electric door bells; electric installations for the remote control of industrial operations; electricity conduits; electric loss indicators; electric wire harnesses for automobiles; electrified fences; electrified rails for mounting spot lights; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; electrolyzers; electromagnetic coils; electronic access control systems for interlocking doors; electronic agendas; electronic book readers; electronic collars to train animals; electronic interactive whiteboards; electronic key fobs being remote control apparatus; electronic notice boards; electronic numeric displays; electronic pens [visual display units]; electronic pocket translators; electronic publications, downloadable; electronic sheet music, downloadable; electronic tags for goods; encoded identification bracelets, magnetic; encoded key cards; encoded magnetic cards; enlarging apparatus [photography]; epidiascopes; equalisers [audio apparatus]; equalizers [audio apparatus]; ergometers; exposure meters [light meters]; eyeglass cases; eyeglass chains; eyeglass cords; eyeglasses; eyeglass frames; eyeglass lenses; eyepieces; eyewear; facsimile machines; fiber optic cables; fibre optic cables; film cutting apparatus; films, exposed; filters for respiratory masks; filters for ultraviolet rays, for photography; filters [photography]; finger sizers; fire alarms; fire beaters; fire blankets; fire boats; fire engines; fire escapes; fire extinguishers; fire extinguishing apparatus; fire hose; fire hose nozzles; fire pumps; flash-bulbs [photography]; flashing lights [luminous signals]; flashlights [photography]; floppy disks; flowmeters; fluorescent screens; fog signals, non-explosive; food analysis apparatus; frames for photographic transparencies; frequency meters; furnaces for laboratory use; furniture especially made for laboratories; fuses; fuse wire; galena crystals [detectors]; galvanic batteries; galvanic cells; galvanometers; garments for protection against fire; gasoline gauges; gasometers [measuring instruments]; gas testing instruments; gauges; glazing apparatus for photographic prints; global positioning system [GPS] apparatus; gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; goggles for sports; gradient indicators; graduated glassware; grids for batteries; hand-held electronic dictionaries; hands-free kits for telephones; head cleaning tapes [recording]; head guards for sports; headphones; heat regulating apparatus; heliographic apparatus; hemline markers; high-frequency apparatus; high tension batteries; holders for electric coils; holograms; horns for loudspeakers; hourglasses; humanoid robots with artificial intelligence; hydrometers; hygrometers; identification sheaths for electric wires; identification threads

for electric wires; identity cards, magnetic; igniting apparatus, electric, for igniting at a distance; inclinometers; incubators for bacteria culture; inductors [electricity]; infrared detectors; instruments containing eyepieces; integrated circuit cards [smart cards]; integrated circuits; interactive touch screen terminals; intercommunication apparatus; interfaces for computers; inverters [electricity]; invoicing machines; ionization apparatus not for the treatment of air or water; jigs [measuring instruments]; joysticks for use with computers, other than for video games; juke boxes for computers; juke boxes, musical; junction boxes [electricity]; junction sleeves for electric cables; kilometer recorders for vehicles; kneepads for workers; laboratory centrifuges; laboratory robots; laboratory trays; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes; lenses for astrophotography; lens hoods; letter scales; levelling instruments; levelling staffs [surveying instruments]; levels [instruments for determining the horizontal]; lever scales [steelyards]; life belts; life buoys; life jackets; life nets; life saving apparatus and equipment; life-saving capsules for natural disasters; life-saving rafts; light dimmers [regulators], electric; light-emitting diodes [LED]; light-emitting electronic pointers; lighting ballasts; lightning arresters; lightning conductors; lightning rods; light regulators [dimmers], electric; limiters [electricity]; locks, electric; logs [measuring instruments]; loudspeakers; magic lanterns; magnetic data media; magnetic encoders; magnetic resonance imaging [MRI] apparatus, not for medical purposes; magnetic tapes; magnetic tape units for computers; magnetic wires; magnets; magnifying glasses [optics]; manometers; marine compasses; marine depth finders; marking buoys; marking gauges [joinery]; masts for wireless aerials; materials for electricity mains [wires, cables]; material testing instruments and machines; mathematical instruments; measures; measuring apparatus; measuring devices, electric; measuring glassware; measuring instruments; measuring spoons; mechanical signs; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; megaphones; memory cards for video game machines; mercury levels; metal detectors for industrial or military purposes; meteorological balloons; meteorological instruments; meters; metronomes; micrometer gauges; micrometers; micrometer screws for optical instruments; microphones; microprocessors; microscopes; microtomes; mileage recorders for vehicles; mirrors for inspecting work; mirrors [optics]; mobile telephones; modems; money counting and sorting machines; monitoring apparatus, other than for medical purposes; monitors [computer hardware]; monitors [computer programs]; mouse [computer peripheral]; mouse pads; mouth guards for sports; nautical apparatus and instruments; naval 268terilize apparatus; navigational instruments; navigation apparatus for vehicles [on-board computers]; needles for record players; needles for surveying compasses; neon signs; nets for protection against accidents; nose clips for divers and swimmers; notebook computers; objectives [lenses] [optics]; observation instruments; octants; ohmmeters; optical apparatus and instruments; optical character readers; optical condensers; optical data media; optical discs; optical fibers [light conducting filaments]; optical fibres [light conducting filaments]; optical glass; optical lamps; optical lanterns; optical lenses; oscillographs; ovens for laboratory use; oxygen transvasing apparatus; ozonisers [ozonators]; parking meters; particle accelerators; pedometers; peepholes [magnifying lenses] for doors; periscopes; personal digital assistants [PDAs]; personal stereos; Petri dishes; petrol gauges; phonograph records; photocopiers [photographic, electrostatic, thermic]; photographic racks; photometers; phototelegraphy apparatus; photovoltaic cells; pince-nez; pipettes; Pitot tubes; plane tables [surveying instruments]; planimeters; plates for batteries; plotters; plugs, sockets and other contacts [electric connections]; plumb bobs; plumb lines; pocket calculators; polarimeters; portable media players; precision balances; precision measuring apparatus; pressure

gauges; pressure indicator plugs for valves; pressure indicators; pressure measuring apparatus; printed circuit boards; printed circuits; printers for use with computers, prisms [optics]; probes for scientific purposes; processors [central processing units]; projection apparatus; projection screens; protection devices against X-rays, not for medical purposes; protection devices for personal use against accidents; protective films adapted for computer screens; protective films adapted for smartphones; protective helmets; protective helmets for sports; protective masks; protective suits for aviators; protractors [measuring instruments]; punched card machines for offices; push buttons for bells; pyrometers; quantity indicators; radar apparatus; radiological apparatus for industrial purposes; radiology screens for industrial purposes; radio pagers; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances; range finders; readers [data processing equipment]; rearview cameras for vehicles; record players; reducers [electricity]; reflective articles for wear, for the prevention of accidents; reflective safety vests; refractometers; refractors; regulating apparatus, electric; relays, electric; remote control apparatus; rescue laser 269sterilize flares; resistances, electric; respirators for filtering air; respiratory masks, other than for artificial respiration; resuscitation mannequins [teaching apparatus]; resuscitation training simulators; retorts; retorts' stands; revolution counters; rheostats; riding helmets; ring sizers; road signs, luminous or mechanical; rods for water diviners; rods [surveying instruments]; rulers [measuring instruments]; rules [measuring instruments]; saccharometers; safety nets; safety restraints, other than for vehicle seats and sports equipment; safety tarpaulins; salinometers; satellite finder meters; satellite navigational apparatus; satellites for scientific purposes; scales; scales with body mass analysers; scales with body mass analyzers; scanners [data processing equipment]; screens for photoengraving; screens [photography]; screw-tapping gauges; security surveillance robots; security tokens [encryption devices]; selfie lenses; selfie sticks [hand-held monopods]; semi-conductors; sextants; sheaths for electric cables; shoes for protection against accidents, irradiation and fire; shutter releases [photography]; shutters [photography]; sighting telescopes for firearms; signal bells; signal lanterns; 269sterilize buoys; 269sterilize panels, luminous or mechanical; 269sterilize whistles; signals, luminous or mechanical; signs, luminous; simulators for the steering and control of vehicles; sirens; sleeves for laptops; slide calipers; slide projectors; slide-rules; slides [photography]; slope indicators; smart cards [integrated circuit cards]; smartglasses; smartphones; smart rings; smartwatches; smoke detectors; snorkels; solar batteries; solar panels for the production of electricity; solderers' helmets; solenoid valves [electromagnetic switches]; sonars; sound alarms; sounding apparatus and machines; sounding leads; sounding lines; sound locating instruments; sound recording apparatus; sound recording carriers; sound recording discs; sound recording strips; sound reproduction apparatus; sound transmitting apparatus; spark-guards; speaking tubes; spectacle cases; spectacle chains, spectacle cords; spectacle frames; spectacle lenses; spectacles; spectrograph apparatus; spectroscopes; speed checking apparatus for vehicles; speed indicators; speed measuring apparatus [photography]; speed regulators for record players; spherometers; spirit levels; spools [photography]; sports whistles; sprinkler systems for fire protection; square rulers for measuring; squares for measuring; stage lighting regulators; stands for photographic apparatus; starter cables for motors; steelyards [lever scales]; steering apparatus, automatic, for vehicles; step-up transformers; stereoscopes; stereoscopic apparatus; stills for laboratory experiments; stroboscopes; styli for record players; subwoofers; sulfimeters; sunglasses; surveying apparatus and instruments; surveying chains; surveying instruments; surveyors' levels; switchboards; switchboxes [electricity]; switches, electric; tablet computers; tachometers; tape recorders; taximeters; teaching apparatus;

teaching robots; teeth protectors; telecommunication apparatus in the form of jewellery; telecommunication apparatus in the form of jewelry; telegraphs [apparatus]; telegraph wires; telemeters; telephone apparatus; telephone receivers; telephone transmitters; telephone wires; teleprinters; teleprompters; telerupters; telescopes; telescopic sights for artillery; telescopic sights for firearms; teletypewriters; television apparatus; temperature indicator labels, not for medical purposes; temperature indicators; terminals [electricity]; testing apparatus not for medical purposes; test tubes; theft prevention installations, electric; theodolites; thermal imaging cameras; thermionic tubes; thermionic valves; thermo-hygrometers; thermometers, not for medical purposes; thermostats; thermostats for vehicles; thin client computers; thread counters; ticket dispensers; time clocks [time recording devices]; time recording apparatus; time switches, automatic; tone arms for record players; toner cartridges, unfilled, for printers and photocopiers; totalizers; traffic cones; traffic-light apparatus [270] sterilize devices]; transformers [electricity]; transistors [electronic]; transmitters of electronic signals; transmitters [telecommunication]; transmitting sets [telecommunication]; transparencies [photography]; transparency projection apparatus; transponders; triodes; tripods for cameras; T-squares for measuring; urinometers; USB flash drives; vacuum gauges; vacuum tubes [radio]; variometers; vehicle breakdown warning triangles; vehicle radios; verniers; video baby monitors; video cassettes; video game cartridges; video recorders; video screens; videotapes; video telephones; viewfinders, photographic; virtual reality headsets; viscosimeters; visors for helmets; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; wafers for integrated circuits; walkie-talkies; washing trays [photography]; water level indicators; wavemeters; wearable activity trackers; wearable computers; wearable video display monitors; weighbridges; weighing apparatus and instruments; weighing machines; weights; whistle alarms; wind socks for indicating wind direction; wire connectors [electricity]; wires, electric; workmen's protective face-shields; wrist rests for use with computers; X-ray apparatus not for medical purposes; X-ray films, exposed; X-ray photographs, other than for medical purposes; X-ray tubes not for medical purposes; apparatus and instruments for storing or checking electricity; magnetic media for storing data and sound; LED drivers; starters for discharge lamps and replacement starters for LED applications; electrical circuit boards; solar cells for electricity generation; electronic transformers; halogen transformers; halogen transformers and power sources; external electronic power supplies for LED modules, for LED fixtures and for the current and voltage regulation that is necessary for LED lamps; external electronic transformers for operating low-voltage halogen lamps; ignition current regulators, current regulators and voltage regulator equipment and apparatus for LED lamps, linear fluorescent lamps and other lighting apparatus; electronic or magnetic ballasts for gas discharge lamps (including high intensity discharge lamps); external electronic or magnetic ballasts for ignition current and voltage regulation required for the operation of linear fluorescent lamps (LFL); external electronic or magnetic ballasts for ignition current and voltage regulation required for the operation of high intensity discharge lamps; flashlights, flashbulbs; electrical control apparatus; LED parts included in this class; traffic lights and signal lights (including those used in water, air, railway, road and other ground traffic), their components and accessories necessary for their installation, fixing, connection and operation thereof; LED controlling apparatus; products for controlling LED modules, LED lights and LED lamps; other units, apparatus and instruments for controlling lighting, including products for controlling lights and lighting apparatus of any kind; instruments for controlling light intensity, motion detection, or light detection and instruments for controlling lighting in accordance with other

lighting-related aspects; electrical apparatus and instruments capable of destroying or repelling bacteria and other organisms; LED drivers.

Class 10

Surgical, medical, dental and veterinary apparatus and instruments; lighting and light-emitting equipment of any kind for surgical, medical, dental and veterinary purposes; therapeutic and assistive devices for the disabled; lamps and light-emitting medical devices for healthcare research, and for therapy and research; apparatus, devices and products for nursing infants; sexual activity apparatus, devices and products; medical apparatus and devices for destroying or repelling other organisms; lamps, quartz lamps, infrared lamps, UV lamps and other light-, heat- and radiation emitting and detecting apparatus for surgical, medical, dental and veterinary purposes; UV lamps for therapeutic purposes; mirrors for physicians, surgeons and dentists; thermo-electric compresses apparatus and installations for the production of X-rays, for medical purposes; X-ray tubes and radium tubes for medical purposes; radiological apparatus; lasers for medical purposes; magnetic resonance imaging apparatus for medical purposes and accessories thereof; incubators and accessories thereof; electric dental apparatus and other electric medical apparatus; electric heating cushions, electric heating pads, for medical purposes; electric acupuncture instruments; electrocardiographs; electrodes for medical use; analysers for bacterial identification.

Class 11
