Information Contained in This Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

GENERAL INFORMATION**Trade Marks Journal**

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules.

It is published weekly on Fridays and on other days when necessary, upon giving notice by way of circulars found on our website.

Requests for past issues of journals published more than three months ago may be made at <http://bit.ly/paymentipos> and is chargeable at \$12 per issue.

Instructions on payment will be provided to you via email within 7 working days after we receive your online request. Payment shall be made via IP²SG's payment platform. Acceptable modes of payment include Internet Banking, Visa/Master credit and debit cards and GIRO.

The journal(s) will be reproduced in CD-ROM and we will arrange an appointment with you to collect the CD-ROM at the following address:

Address:	Intellectual Property Office of Singapore 1 Paya Lebar Link, #11-03 PLQ 1, Paya Lebar Quarter Singapore 408533
Business Hours:	Monday to Friday: 8:30am to 5:30pm Saturday, Sunday and Public Holiday: CLOSED

REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
- (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Dated this 1st day of July 2004.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Application for a series of two marks.

Class 09

Ancillary input and output controllers for computers; Ancillary input and output devices for computers; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Apparatus for recording, transmission or reproduction of sound or images; Application software; Assembler programmes for computers; Audiovisual display apparatus adapted for use with computers; Audiovisual display apparatus for use with computers; Cartridges [software] for use with computers; Cartridges for computer games [software]; Cartridges of magnetic tape for recording computer programs; Circuit boards for use in the emulation of computer terminals; Circuit boards for use with computer keyboards; Circuit boards for use with computers; Circuits for computers; Communication software for connecting computer network users; Communication software for connecting global computer networks; Communications computers; Communications electronics for computers; Communications processing computer software; Computer aided design programmes; Computer aided design programs; Computer apparatus; Computer apparatus adapted for use with visual display units; Computer apparatus for computer aided design; Computer apparatus for computer aided drafting; Computer apparatus for computer aided engineering; Computer apparatus for computer aided manufacturing; Computer apparatus for computer aided testing; Computer apparatus for controlling the operation of machines; Computer apparatus for drawing; Computer apparatus for educational use; Computer apparatus for filing information; Computer apparatus for gathering information; Computer apparatus for

generating characters; Computer apparatus for generating images; Computer apparatus for generating noise; Computer apparatus for medical purposes; Computer apparatus for plain language text recognition; Computer apparatus for planning patterns for weaving machines; Computer apparatus for process control; Computer apparatus for processing data; Computer apparatus for recording telephone calls; Computer apparatus for remote billing; Computer apparatus for remote meter reading; Computer apparatus for the control of data; Computer apparatus for the management of telephone calls; Computer apparatus for the measurement of brakes on motor vehicles; Computer apparatus for the measurement of exhaust gas emissions on motor vehicles; Computer apparatus for transmitting data; Computer apparatus for use in local area networks; Computer apparatus for use in monitoring biochemical reactions; Computer apparatus for use with computer networks; Computer backgammon games [software]; Computer based apparatus for designing the layout of electronic circuits; Computer based apparatus for designing the layout of printed circuit boards; Computer based apparatus for the implementation of electronic circuits; Computer based apparatus for the implementation of printed circuit boards; Computer controlled installations of video display apparatus; Computer controlled sound apparatus; Computer controlled sound instruments; Computer controlled telecommunications exchange apparatus; Computer controls; Computer data in recorded form; Computer data input apparatus; Computer data input devices; Computer data interchange apparatus; Computer data recorded on optical discs; Computer data recording instruments; Computer data storage apparatus; Computer digital maps; Computer disc drives; Computer discs; Computer display apparatus; Computer display instruments; Computer game cartridges; Computer game cassettes; Computer game discs; Computer game programmes; Computer game programs; Computer game software; Computer game software downloadable from a global computer network; Computer game software for use on mobile and cellular phones; Computer game software, downloadable; Computer game software, recorded; Computer games entertainment software; Computer games programmes [software]; Computer games programmes downloaded via the internet; Computer games programs downloaded via the internet [software]; Computer games programs recorded on tapes [software]; Computer games software; Computer graphic input apparatus; Computer graphics boards; Computer graphics cards; Computer graphics display stations; Computer graphics software; Computer groupware; Computer hard disc apparatus; Computer hardware; Computer imaging systems; Computer network operating installations; Computer network routers; Computer network server; Computer network switches; Computer program discs; Computer program tapes; Computer programmes for data processing; Computer programmes for document management; Computer programmes for use in telecommunications; Computer programmes stored in digital form; Computer programmes, recorded; Computer programming units; Computer programs [downloadable software]; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; Computer apparatus; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Computer input apparatus; Computer memory apparatus; Computer control apparatus; Computer display apparatus; Computer network apparatus; Computer storage apparatus; Computer hard disc apparatus; Computer interface apparatus; Computer data input apparatus; Computer monitoring apparatus; Computer networking apparatus; Computer application software for mobile phones; Computer outputting apparatus; Computer application software for mobile telephones; Computer peripheral apparatus; Computer assisted language programmes; Computer based

control apparatus for machines; Electrical computer apparatus; Computer based control apparatus for machine tools; Electronic computer apparatus; Computer based development apparatus for testing electronic circuits; Computer based development apparatus for testing printed circuit boards; Computer based development apparatus for the design of electronic circuits; Computer based development apparatus for the design of printed circuit boards; Computer based electrophoresis image processing apparatus; Computer based training apparatus; Computer bridge games [software]; Computer communication software to allow customers to access bank account information and transact bank business; Computer communications modems; Computer networking apparatus; Computer databases; Computer game cartridges; Computer daughterboards; Computer programs and recorded software distributed online; Computer programs and software for image processing used for mobile phones; Computer programs for accessing and using the internet; Computer programs for analysing computer hardware; Computer programs for automating molecular biological processes; Computer programs for calculators; Computer programs for commercial transactions; Computer programs for comparing colours; Computer programs for computer games; Computer programs for connecting remotely to computers or computer networks; Computer programs for data processing; Computer programs for designing control systems; Computer programs for designing printed circuit boards; Computer programs for detecting colours; Computer programs for document management; Computer programs for dynamic simulation of oil well drilling; Computer programs for editing images, sound and video; Computer programs for electronic design automation; Computer programs for electronic image processing; Computer programs for enabling access or entrance control; Computer programs for establishing pump operating schedules; Computer programs for financial management; Computer programs for financial reporting; Computer programs for graphic elaborators; Computer programs for image processing; Computer programs for integrated circuit diagnostics; Computer programs for laser machining; Computer programs for management of manufacturing; Computer programs for managing conferences; Computer programs for managing exhibitions; Computer programs for managing seminars; Computer programs for measuring colours; Computer programs for medical purposes; Computer based development apparatus for the design of electronic circuits; Computer based development apparatus for the design of printed circuit boards; Computer based electrophoresis image processing apparatus; Computer based training apparatus; Computer bridge games [software]; Computer communication apparatus; Computer communication software to allow customers to access bank account information and transact bank business; Computer communications modems; Computer programs for monitoring computer systems performance; Computer programs for network management; Computer programs for office use; Computer programs for orchestral staging; Computer programs for planning conferences; Computer programs for planning exhibitions; Computer programs for planning seminars; Computer programs for playing games; Computer programs for positioning of text; Computer programs for printers; Computer programs for printing; Computer programs for processing data; Computer programs for processing digital music files; Computer programs for processing information; Computer programs for producing computer graphics; Computer programs for project management; Computer programs for promotional purposes; Computer programs for providing a graphical presentation of data; Computer programs for sales purposes; Computer programs for scanners; Computer programs for scientific data analysis; Computer programs for searching remotely for content on computers and computer networks; Computer programs for searching the contents of computers and computer networks by remote control;

Computer programs for simulating the trading in futures and options; Computer programs for studying languages; Computer programs for tape drives; Computer programs for testing computer hardware; Computer programs for text processing; Computer programs for the analysis of data processing efficiency; Computer programs for the analysis of data processing performance; Computer programs for the analysis of data processing procedures; Computer programs for the control of telecommunication apparatus; Computer programs for the control of telecommunication instruments; Computer programs for the creation of elementary cells; Computer programs for the creation of masks; Computer programs for the creation of networks; Computer programs for the enabling of access or entrance control; Computer programs for the evaluation of thermal radiation levels; Computer programs for the management of sales; Computer programs for the management of the manufacturing processes; Computer programs for the petrochemical industries; Computer programs for the rating of plate fin heat exchangers; Computer programs for translating; Computer programs for use as reporting directories; Computer programs for use as searching directories; Computer programs for use by air lines; Computer programs for use by tour operators; Computer programs for use by travel agencies; Computer programs for use by travel organisations; Computer programs for use in communications; Computer programs for use in computer aided engineering; Computer programs for use in computer-aided design; Computer programs for use in computer-aided manufacturing; Computer programs for use in database management; Computer programs for use in defining machineable parts; Computer programs for use in desk top publishing; Computer programs for use in developing computer programs; Computer programs for use in farming; Computer programs for use in fitting spectacles; Computer programs for use in fluid flow analysis; Computer programs for use in insurance; Computer programs for use in molecular biology; Computer programs for use in processing data relating to financial records; Computer programs for use in telecommunications; Computer programs for use with computer integrated manufacturing installations; Computer programs for use with facsimile apparatus; Computer programs for use with structured system analysis; Computer programs for user interface design; Computer programs for video and computer games; Computer programs for video games; Computer programs in machine readable form; Computer programs in machine readable form recorded on electronic media; Computer programs in machine readable form recorded on paper tape; Computer programs in the field of communication links; Computer programs in the field of design analysis; Computer programs in the field of molecular modelling; Computer programs recorded in computer accessible form; Computer programs recorded on cards; Computer programs recorded on carriers; Computer programs recorded on data carriers; Computer programs recorded on data storage materials; Computer programs recorded on disc; Computer programs recorded on diskettes for producing lettering; Computer programs recorded on drums; Computer programs recorded on filaments; Computer programs recorded on floppy discs; Computer programs recorded on magnetic data carriers; Computer programs recorded on magnetic media; Computer programs recorded on magnetic tape; Computer programs recorded on magnetic wire; Computer programs recorded on paper tapes; Computer programs recorded on tapes; Computer programs relating to computer aided design; Computer programs relating to computer networks; Computer programs relating to financial matters; Computer programs relating to food; Computer programs relating to housing management; Computer programs relating to local area networks; Computer programs relating to motorcycle racing; Computer programs relating to the creation of graphic images; Computer programs relating to the creation of photographic images; Computer

programs relating to the manipulation of graphic images; Computer programs relating to the training of personnel; Computer programs relating to word processing; Computer programs stored in digital form; Computer programs stored on data carriers; Computer programs stored on discs; Computer programs stored on magnetic data carriers; Computer programs stored on magnetic materials; Computer programs used for electronic cash register systems; Computer programs used in molecular biology; Computer programs, downloadable; Computer programs, recorded; Computer related data communication apparatus; Computer related voice communication apparatus; Computer servers; Computer shareware; Computer software; Computer software adapted for use in the operation of computers; Computer software applications, downloadable; Computer software designed to estimate costs; Computer software designed to estimate resource requirements; Computer software development tools; Computer software downloaded from the internet; Computer software for accounting systems; Computer software for administration of local area networks; Computer software for analysing address files; Computer software for analysing market information; Computer software for application and database integration; Computer software for authorising access to databases; Computer software for business purposes; Computer software for communicating purposes between microcomputers; Computer software for communicating with users of hand-held computers; Computer software for communication between computer processes; Computer software for converting document images into electronic formats; Computer software for creating and editing music and sounds; Computer software for database management; Computer software for organizing and viewing digital images and photographs; Computer software for processing address files; Computer software for processing digital images; Computer software for processing digital music files; Computer software for processing market information; Computer software for use in creating and designing websites; Computer software for use in processing semiconductor wafers; Computer software for use in programming facsimile machines; Computer software for use in relation to digital animation and special effects of images; Computer software for wireless network communications; Computer software packages; Computer software platforms; Computer software platforms, recorded or downloadable; Computer software products; Computer software programs; Computer software programs for database management; Computer software programs for spreadsheet management; Computer software to automate data warehousing; Computer software to enable searching and retrieval of data; Computer software to enable searching of data; Computer software to enable the transmission of photographs to mobile telephones; Computer software to maintain and operate computer system; Computer software, recorded; Computer systems; Computer systems designed for project management; Computer video game software; Computerised personal organisers; Computerised time clocks with fingerprint recognition; Computers; Desktop computers; Downloadable applications for use with mobile devices; Downloadable computer software applications; Electrodes for civil engineering applications; Film for televisual applications; Interfaces between application programs and firmware on real-time computers; Laptop computers; Optical fibres for industrial applications; Personal computer software applications, downloadable; Scientific apparatus for use in diagnostic applications; Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; Software and applications for mobile devices; Software applications for use with mobile devices; Transformers being electromagnetic devices for industrial applications; Transformers being electromagnetic devices for military applications; Computer programs for accessing and using the

internet; Computer software for authorising access to databases; Computer software for controlling and managing access server applications; Computer programs for the design of plate fin heat exchangers; Computer software for controlling the operation of audio and video devices; Computer software for document management; Computer software for encryption; Computer software for producing financial models; Computer software for the analysis of defects; Computer software for the creation of firewalls; Computer software for time control; Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Computer software for use in computer access control; Mobile applications for booking taxi; Computer software for use in controlling machines; Computer software for use in providing multiple user access to a global computer information network; Computer software for wireless content delivery; Computer software that assists computers in deploying parallel applications and performing parallel computations.

Class 42

Rental of computer apparatus; Administration of user rights in computer networks; Advice relating to the design of computer hardware; Advisory and information services relating to computer peripherals; Advisory and information services relating to computer software; Advisory services relating to computer hardware; Advisory services relating to computer programming; Advisory services relating to computer software; Advisory services relating to computer system analysis; Advisory services relating to computer system design; Advisory services relating to computers; Advisory services relating to planning applications; Advisory services relating to the design and development of computer hardware; Analytical services relating to computers; Application service provider [ASP] services; Back-up of computer data; Backup services for computer hard drive data; Commissioned writing of computer programs, software and code for the creation of web pages on the Internet; Compilation of computer programs; Computer advisory services; Computer aided design for manufacturing operations; Computer aided design of molds; Computer aided design of moulds; Computer aided design services; Computer aided design services relating to architecture; Computer aided design services relating to building projects; Computer aided diagnostic testing services; Computer aided graphic design; Computer aided industrial analysis services; Computer aided industrial research services; Computer aided scientific analysis services; Computer aided scientific research services; Computer aided testing services; Computer analysis; Computer and computer software rental; Computer code conversion for others; Computer co-location services; Computer consultancy; Computer database design consultancy services; Computer design; Computer design services; Computer disaster recovery planning; Computer disaster recovery services; Computer engineering; Computer firewall services; Computer graphics design services; Computer hardware design; Computer hardware design services; Computer hardware development; Computer hire; Computer leasing; Computer network configuration services; Computer network design for others; Computer network services; Computer program advisory services; Computer program maintenance services; Computer program updating services; Computer programming; Computer programming consultancy; Computer programming for data processing; Computer programming for data processing and communication systems; Computer programming for the energy industry; Computer programming in the medical field; Computer programming of computer games; Computer programming of video games; Computer programming services; Computer programming services for commercial analysis and reporting; Computer programming services for data

warehousing; Computer programming services for electronic data security; Computer project management in the field of EDP; Computer research services; Computer security consultancy; Computer security engineering; Computer security services [testing and risk assessment of computer networks]; Computer security services for protection against illegal network access; Computer security threat analysis for protecting data; Computer services in the nature of hosting web sites for others; Computer site design; Computer software advisory services; Computer software consultancy; Computer software consultancy services; Computer software consulting; Computer software consulting services; Computer software design; Computer software design and updating; Computer software design for others; Computer software design services; Computer software development; Computer software installation; Computer software installation and maintenance; Computer software integration; Computer software maintenance services; Computer software programming services; Computer software rental; Computer software research; Computer software technical support services; Computer system analysis; Computer system design; Computer system integration services; Computer systems analysis; Computer systems design; Computer systems development; Computer systems integration services; Computer technology consultancy; Computer time-sharing; Computer time-sharing services; Computer virus protection services; Computer website design; Computer-aided design of video graphics; Computer-aided engineering design and drawing services; Computer-aided engineering design services; Computerised business information storage; Computerised communication network security; Computerised data storage; Computerised data storage services; Configuration of computer firmware; Configuration of computer networks by software; Configuration of computer networks using software; Configuration of computer software; Configuration of computer systems and networks; Consultancy and information services relating to computer programming; Consultancy and information services relating to computer software design; Consultancy and information services relating to computer system integration; Consultancy in the design and development of computer hardware; Consultancy in the field of computer software; Consultancy in the field of computer system analysis; Consultancy in the field of computer system integration; Consultancy in the field of security software; Consultancy in the field of software design; Consultancy relating to computer database programs; Consultancy relating to software for communication systems; Consultancy relating to software maintenance; Consultancy relating to the recovery of computer data; Consultancy relating to the updating of software; Consultancy services relating to computers; Consultation services relating to computer software; Consulting in the field of cloud computing networks and applications; Conversion of computer programs and data, other than physical conversion; Conversion of document data from one computer format to another; Copying of computer software; Creating of computer programs; Creating of home pages for computer networks; Creating, maintaining, and updating computer software; Customization of computer software; Data conversion of computer programs and data, not physical conversion; Debugging computer software for others; Design and development of computer firmware; Design and development of computer game software; Design and development of computer hardware; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer hardware for the manufacturing industry; Design and development of computer peripherals; Design and development of computer software; Design and development of computer software architecture; Design and development of computer software for logistics; Design and development of computer software for process control; Design and development of computer software for supply chain management; Design and development of electronic

database software; Design and development of energy management software; Design and development of route planning software; Design and development of software for database management; Design and development of software for electronic television program guides; Design and development of software for importing and managing data; Design and development of software for instant messaging; Design and development of software for inventory management; Design and development of software for website development; Design and development of software in the field of mobile applications; Design and development of virtual reality software; Design and maintenance of computer sites for third parties; Design and writing of computer software; Design of computer cluster configurations; Design of computer codes; Design of computer databases; Design of computer hardware; Design of computer languages; Design of computer peripherals; Design of computer programs; Design of computer programs and software relating to aircraft; Design of computer software; Design of computers; Design of computers for others; Design of software; Design of software for use with printing machines; Design services for computer hardware; Design services relating to computer hardware; Design, development and implementation of software; Design, development and programming of computer software; Design, maintenance and updating of computer software; Design, maintenance, development and updating of computer software; Design, maintenance, rental and updating of computer software; Design, updating and maintenance of computer software; Designing computer software for controlling self-service terminals; Designing of computer hardware; Developing and updating computer software; Developing computer programs for electronic cash register systems; Developing computer software; Developing of driver and operating system software; Development and creation of computer programmes for data processing; Development and maintenance of computer database software; Development and maintenance of computer software; Development and testing of computing methods, algorithms and software; Development of computer based networks; Development of computer codes; Development of computer game software; Development of computer hardware; Development of computer hardware for computer games; Development of computer platforms; Development of computer programmes; Development of computer programs; Development of computer software; Development of computer software application solutions; Development of computer software for use with programmable controllers; Development of computer system; Development of computer systems; Development of software; Development of software for secure network operations; Development, updating and maintenance of software and database systems; Diagnosis of computer hardware problems through the use of software; Diagnosis of faults in computer software; Digital compression of computer data; Document data transfer from one computer format to another; Duplicating computer programmes; Duplicating computer programs; Duplication of computer programmes; Duplication of computer programs; Duplication of computer software; Editing of computer programs; Engineering services relating to computer programming; Engineering services relating to computers; Hosting computer sites [web sites]; Hosting computer sites [websites]; Hosting of computerized data, files, applications and information; Hosting of software as a service [SaaS]; Hosting of software for use in library management; Image processing software design; Implementation of computer programs in networks; Information services relating to computers; Installation and maintenance of computer software; Installation and maintenance of database software; Installation and maintenance of Internet access software; Installation of computer programmes; Installation of computer programs; Installation of computer software; Installation of database software; Installation of Internet access software; Installation of software; Installation, maintenance and repair of computer software; Installation,

maintenance and repair of software for computer systems; Installation, maintenance and updating of computer software; Installation, maintenance and updating of database software; Installation, maintenance, updating and upgrading of computer software; Installation, repair and maintenance of computer software; Internet cafe services [computer rental]; Leasing computer facilities; Leasing of computer apparatus; Leasing of computer equipment; Leasing of computer hardware; Leasing of computer software; Leasing of computers; Maintenance and repair of software; Maintenance and updating of computer software; Maintenance and updating of software for communication systems; Maintenance and upgrading of computer software; Maintenance of computer programmes; Maintenance of computer programs; Maintenance of computer software; Maintenance of software; Maintenance of software for Internet access; Modifying of computer programs; Monitoring of computer systems by remote access; Monitoring of computer systems to detect breakdowns; Online provision of web-based applications; Preparation of reports relating to computer programmes; Preparation of reports relating to computer programming; Preparation of reports relating to computer programs; Preparation of reports relating to computers; Professional consultancy relating to computer security; Programming and software installation, repair and maintenance services; Programming of computer animations; Programming of computer software for evaluation and calculation of data; Programming of EDP software; Programming of energy management software; Programming of operating software for computer networks and servers; Programming of software for database management; Programming of software for e-commerce platforms; Programming of software for importing and managing data; Programming of software for information platforms on the Internet; Programming of software for Internet platforms; Programming of software for inventory management; Programming of software for website development; Programming of telecommunications software; Providing computer facilities for the electronic storage of digital data; Providing information in the field of computer software design; Providing information in the field of computer software development; Providing information on computer technology and programming via a web site; Providing temporary use of non-downloadable business software; Providing temporary use of online non-downloadable investment software; Providing temporary use of web-based applications; Providing temporary use of web-based software; Provision of information relating to computer programming; Provision of information relating to computer programs; Provision of information relating to computers; Provision of online non-downloadable software; Provision of technical information in relation to computers; Recovery of computer data; Remote computer backup services; Repair of computer software; Repair of damaged computer programs; Research and consultancy services relating to computer software; Research and development of computer software; Research and development services relating to computer hardware; Research in the field of computer hardware; Research in the field of computer programs and software; Research relating to computer programming; Research relating to computers; Research relating to the development of computer hardware; Research relating to the development of computer programs and software; Research relating to the development of computer software; Research, development, design and upgrading of computer software; Scientific computer programming services; Security assessment services for computer networks; Security risk assessment services relating to computer systems; Services for maintenance of computer software; Services for renting computers; Services for reproducing computer programs; Services for updating computer software; Smartphone software design; Software as a service [SaaS]; Software authoring; Software consultancy services; Software consulting services; Software creation; Software design; Software design and

development; Software development; Software development in the framework of software publishing; Software development services; Software engineering; Software engineering services for data processing programs; Software maintenance services; Software research; Technical advice relating to operation of computers; Technical advisory services relating to computer programs; Technical consultancy relating to the application and use of computer software; Testing of computer hardware; Testing of computer installations; Testing of computer programs; Testing of computer software; Testing of computers; Troubleshooting of computer software problems; Updating and design of computer software; Updating and maintenance of computer software; Updating of computer programs; Updating of computer programs for third parties; Updating of computer software; Up-dating of computer software; Updating of home pages for computer networks; Updating of memory banks of computer systems; Updating of smartphone software; Updating of software; Updating of software for data processing; Upgrading and maintenance of computer software; Upgrading of computer software; Writing and updating computer software; Writing of computer programs; Writing of computer software; Computer security services [programming and software installation, repair and maintenance services]; Computer security services [design and development of secure computer hardware, software and systems]; Consultancy and information services relating to the design, programming and maintenance of computer software; Advisory services in the field of product development and quality improvement of software; Consultancy relating to the design and development of computer software programs; Data conversion of computer programs and data, not physical conversion; Data conversion of computer program data or information [not physical conversion]; Design and development of computer game software; Design and development of computer software for evaluation and calculation of data; Design and development of computer software for logistics; Design and development of operating software for computer networks and servers; Design and development of computer game software and virtual reality software; Design and development of computer software for logistics, supply chain management and e-business portals; Design and development of computer software for reading, transmitting and organising data; Design and development of computer software for use with medical technology; Design and development of operating software for accessing and using a cloud computing network; Design and development of data retrieval software; Design and development of software and hardware for signal amplification and transmission; Design and development of wireless computer networks; Development of computer software for creating electronic television program guides; Technical consultancy relating to the installation and maintenance of computer software; Programming of operating software for computer networks and servers; Design and development of software for control, regulation and monitoring of solar energy systems; Design of computer game software; Development of computer software for use with computer-controlled switching systems; Development services in the field of computer software and advisory services relating thereto; Maintenance of computer software relating to computer security and prevention of computer risks; Programming of computer software for reading, transmitting and organising data; Design and development of wireless computer networks; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Development of computers; Installing computer programs; Leasing of computer programs; Monitoring of computer systems for detecting unauthorized access or data breach; Programming of computer software for electronic language translation dictionaries and databases; Providing information about the design and development of computer software, systems and networks; Design and development of word processing

software; Developing computer programs for simulating experiments or series of experiments in a virtual optical laboratory; Hosting the web sites of others on a computer server for a global computer network; Integration of computer systems and networks; Leasing of computer programmes; Online provision of web-based software; Programming of operating software for accessing and using a cloud computing network; Providing information, including online, about design and development of computer hardware and software; Programming of software for Internet platforms; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Providing temporary use of on-line non-downloadable software for database management; Providing temporary use of on-line non-downloadable software for inventory management; Providing temporary use of on-line non-downloadable software for web site development; Providing temporary use of non-downloadable software applications accessible via a web site; Providing temporary use of on-line non-downloadable software for importing and managing data; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Providing temporary use of on-line non-downloadable operating software for computer networks and servers; Providing temporary use of non-downloadable software to enable content providers to track multimedia content; Providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Troubleshooting in the nature of diagnosing computer hardware and software problems; Providing on-line information in the field of technological research from a computer database or the Internet; Providing user authentication services using single sign-on technology for online software applications; Updating of computer software relating to computer security and prevention of computer risks; Providing user authentication services using biometric hardware and software technology for e-commerce transactions.

UPAPP PTE. LTD.

531A UPPER CROSS STREET, #04-95 HONG LIM COMPLEX,
SINGAPORE 051531

ADDRESS FOR SERVICE: CORPORATEGUIDE PTE. LTD. C/O
ELIZABETH NG, 531A UPPER CROSS STREET, #04-95 HONG LIM
COMPLEX, SINGAPORE 051531

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Date of Notification: 21/05/2020

Class 09

Downloadable software for data and document storage and management, document generation, presentation generation, reporting, contract lifecycle management, and artificial intelligence; downloadable software for automation of data management, document and contract generation, digital document transformation with electronic signature operability, presentation generation, reporting, and contract lifecycle management; downloadable software for optimizing business performance management through streamlined data and contract management, document, report and contract generation and digital transformation of business documents; downloadable software using artificial intelligence for use in reviewing, organizing, evaluating, and managing contracts; downloadable software for document creation, document template generation, document workflow management, document tracking, document approval, document sharing, document editing, document analytics, document execution, and document storage; downloadable software for big data analysis, for storing, aggregating, controlling, managing and retrieving data from large data sets, for the collection, identification, retrieving, editing, caching, processing, analysis, organizing, structuring, modifying, indexing, formatting, bookmarking, transmission, storage, management, sharing and access control of data and information; downloadable software for data storage, data retrieval, data access, data backup, data replication, data availability, data recovery, data translation and data conversion; downloadable application programming interface (API) for software development in the fields of artificial intelligence, deep learning, machine learning, neural networks, high performance computing, and distributed computing systems; downloadable application programming interface (API) for use in building software applications; downloadable software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing text, multimedia and data files; downloadable software for implementing artificial intelligence and computer vision technologies in other software applications; downloadable software development tools; downloadable software for accessing, monitoring, tracking, searching, saving, and sharing information on topics of general interest; downloadable software for searching, locating, compiling, indexing, correlating, navigating, obtaining, downloading, receiving, encoding, decoding, playing, storing and organizing text, data, images, graphics, audio and video on a global computer network; downloadable software for use as an application programming interface (API); application development software programs; downloadable software for formatting and converting content, text, audio works, literary works, data, files, documents, and electronic works into a format compatible with portable electronic devices and computers; downloadable software for viewing information on global computer networks; downloadable software using artificial intelligence and natural language processing for extracting data from unstructured and semi-structured documents, for classifying and searching documents, and for natural language processing; downloadable simulation, modeling and data processing software for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, accessing and editing large-scale data, interactive visual computing, design of information graphics, video streaming, maximizing graphics processing and performance; downloadable software for implementing artificial

intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence technologies; downloadable software and firmware for enabling electronic devices to share data and communicate with each other; downloadable software for use in data management and storage in data centers; downloadable software for developing machine learning, deep learning, and artificial intelligence software applications; downloadable software and computer hardware for use in language translation and image recognition; downloadable software and computer hardware using artificial intelligence for use in operating computer software platforms; downloadable software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; downloadable software that facilitates data transmission, data collection, data analysis, and decision-making; downloadable software development kits (SDKs); downloadable software development tools; downloadable software for implementing artificial intelligence and machine learning technology; downloadable software for developing artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence technologies; downloadable software for collecting, managing, editing, organizing, modifying, transmitting, sharing, and storing of data; downloadable software for modifying and enabling transmission of images, audio, audio visual and video content and data; downloadable software for processing images, graphics, audio, video, and text; downloadable software for training neural networks to enable deep learning; downloadable software platforms for operating artificial intelligence applications; downloadable software, namely, an interpretive interface for facilitating interaction between humans and machines; downloadable software using knowledge-based artificial intelligence platforms, data analytics platforms, and automation platforms for use in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence; downloadable software using artificial intelligence in the fields of machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence; downloadable software for building dashboards; downloadable software for business process management and workflow automation and integration.

Class 42

Providing online non-downloadable software using artificial intelligence for data and document storage and management, document generation, presentation generation, reporting, and contract lifecycle management; software as a service (SaaS) featuring software for data and document storage and management, document generation, presentation generation, reporting, contract lifecycle management, and artificial intelligence; platform as a service (PaaS) featuring computer software platforms for data and document storage and management, document generation, presentation generation, reporting, contract lifecycle management, and artificial intelligence; providing online non-downloadable software for automation of data management, document and contract generation, digital document transformation with electronic signature operability, presentation generation, reporting, and contract lifecycle management; software as a service (SaaS) featuring software for automation of data management, document and contract generation, digital document

transformation with electronic signature operability, presentation generation, reporting, and contract lifecycle management; platform as a service (PaaS) featuring computer software platforms for automation of data management, document and contract generation, digital document transformation with electronic signature operability, presentation generation, reporting, and contract lifecycle management; providing online non-downloadable software for optimizing business performance management through streamlined data and contract management, document, report and contract generation and digital transformation of business documents; software as a service (SaaS) featuring software for optimizing business performance management through streamlined data and contract management, document, report and contract generation and digital transformation of business documents; platform as a service (PaaS) featuring computer software platforms for optimizing business performance management through streamlined data and contract management, document, report and contract generation and digital transformation of business documents; providing online non-downloadable software using artificial intelligence for use in reviewing, organizing, evaluating, and managing contracts; software as a service (SaaS) featuring software using artificial intelligence for use in reviewing, organizing, evaluating, and managing contracts; platform as a service (PaaS) featuring computer software platforms using artificial intelligence for use in reviewing, organizing, evaluating, and managing contracts; providing online non-downloadable software for document creation, document template generation, document workflow management, document tracking, document approval, document sharing, document editing, document analytics, document execution, and document storage; software as a service (SaaS) featuring software for document creation, document template generation, document workflow management, document tracking, document approval, document sharing, document editing, document analytics, document execution, and document storage; platform as a service (PaaS) featuring computer software platforms for document creation, document template generation, document workflow management, document tracking, document approval, document sharing, document editing, document analytics, document execution, and document storage; providing online non-downloadable software for big data analysis, for storing, aggregating, controlling, managing and retrieving data from large data sets, for the collection, identification, retrieving, editing, caching, processing, analysis, organizing, structuring, modifying, indexing, formatting, transmission, storage, management, sharing and access control of data and information; software as a service (SaaS) featuring software for big data analysis, for storing, aggregating, controlling, managing and retrieving data from large data sets, for the collection, identification, retrieving, editing, caching, processing, analysis, organizing, structuring, modifying, indexing, formatting, transmission, storage, management, sharing and access control of data and information; platform as a service (PaaS) featuring computer software platforms for big data analysis, for storing, aggregating, controlling, managing and retrieving data from large data sets, for the collection, identification, retrieving, editing, caching, processing, analysis, organizing, structuring, modifying, indexing, formatting, transmission, storage, management, sharing and access control of data and information; providing online non-downloadable software for data storage, data retrieval, data access, data backup, data replication, data availability, data recovery, data translation and data conversion; software as a service (SaaS) featuring software for data storage, data retrieval, data access, data backup, data replication, data availability, data recovery, data translation and data conversion; platform as a service (PaaS) featuring computer software platforms for data storage, data retrieval, data access, data backup, data replication, data availability, data recovery, data translation and data conversion; advanced product research in the field of

artificial intelligence; Application service provider (ASP) featuring software for use in database management; application service provider (ASP), namely, hosting computer operating systems and computer software applications through the internet of others; application service provider (ASP), namely, providing, hosting, managing, developing, and maintaining web-based applications, non-downloadable software and websites in the fields of document, content, data, and information management; application service provider (ASP), namely, providing, hosting, developing, and maintaining databases in the fields of document, content, data, and information management; application service provider featuring application programming interface (API) software for developing and implementing natural language processing, artificial intelligence, machine learning, deep learning, natural language processing, supervised learning, unsupervised learning, and predictive analytics technologies; cloud computing featuring software for use in database management; cloud computing services featuring software for developing and implementing artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence technologies; cloud-based supercomputing featuring software for developing and implementing artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence technologies; computer software and technology consulting; computer programming; consultation in the design and development of computer software; consulting services in the field of computer, software, applications, and networks; computer services, namely, remote monitoring of software and hardware for data centers; computer software design for others; computer software design, computer programming, and maintenance of computer software; creating and hosting of websites for others; design and development of computer software in the fields of artificial intelligence, machine learning, deep learning, and deep neural networks; design and development of computer software; design, development, customization, integration, support and maintenance of computer software; design, programming and maintenance of artificial intelligence software; design, research and development of software; electronic storage of data; hosting of digital content on global computer networks, wireless networks, and electronic communications networks; Internet services, namely, creating indexes of information, websites, and resources available on global computer networks for others; providing online non-downloadable cloud-based software for use with a supercomputer for developing and implementing artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence technologies; providing online non-downloadable software enabling hardware and electronic devices to communicate with each other; providing online non-downloadable software enabling hardware and electronic devices to share data and communicate with each other; providing online non-downloadable software featuring software for monitoring and managing data centers and cloud-based and virtualized computing environments; providing online non-downloadable software for developing and implementing artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence technologies; providing online non-downloadable software for facilitating interaction between humans and machines; providing online non-downloadable

software for language translation and image recognition programs; providing online non-downloadable software for processing images, graphics, audio, video, and text; providing online non-downloadable software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; providing online non-downloadable software for use as application programming interfaces (API); providing online non-downloadable software for use in electronic storage of data; providing online non-downloadable software powered by artificial intelligence for analyzing user data; providing online non-downloadable software to enable users to program, organize and access computer models in the fields of artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence; platform as a service (PaaS) featuring computer software platforms for use in database management; platform as a service (PaaS) featuring computer software platforms using knowledge-based artificial intelligence for use in data analytics software platforms and automation software platforms; platform as a service (PaaS) featuring computer software platforms for implementing artificial intelligence technologies; platform as a service (PaaS) featuring computer software platforms for developing and implementing artificial intelligence, machine learning, data analysis, high performance computing, distributed computing, data virtualization, and predictive analytics technologies; platform as a service (PaaS) featuring computer software platforms for developing and implementing natural language processing, machine learning, data analytics, and artificial intelligence technologies; platform as a service (PaaS) featuring computer software platforms for transmission of images, audio-visual content, video content and messages; platform as a service (PaaS) featuring computer software platforms for use by others for scaling and maintaining on-line databases for others; platform as a service (PaaS) featuring computer software platforms for use as an application programming interface (API); providing a website featuring on-line non-downloadable software for database management; providing on-line non-downloadable application programming interface (API) software for use in transmission of audio, video, images, text, content and data; providing on-line non-downloadable computer programs using artificial intelligence for use in the management of data networks; providing on-line non-downloadable computer programs on data networks for developing and implementing artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence technologies; providing virtual computer software technical support services, technical information and technical support services in the nature of troubleshooting problems regarding software patches, upgrades and updates; providing online non-downloadable software for developing and implementing artificial intelligence, machine learning, deep learning, high performance computing, image feature extraction, natural language processing, supervised learning, un-supervised learning, and predictive analytics technologies; providing technical support services, namely, monitoring technological functions of computer network systems and consultation in the fields of software development and use of computer hardware; providing technical information relating to the installation, repair and maintenance of computer software; providing technical support services, namely, troubleshooting of computer software problems regarding the usage of communications equipment; providing online non-downloadable computer software for use in hosting online facilities for others to enable users to access and download computer software; providing online non-

downloadable software for managing computer applications; providing online non-downloadable software for data warehousing, elaboration and maintenance of web sites for third parties; providing online non-downloadable software for managing web sites for others; scientific and technological services, namely, research and design in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence; software development in the field of artificial intelligence and machine learning; software development services in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence; platform as a service (PAAS) featuring computer software platforms for software development featuring online non-downloadable software development kits (SDKs); technical research, development, and design of computer software, in the fields of artificial intelligence, machine learning, natural language processing, high performance computing, and data virtualization; technical support, namely, troubleshooting of computer software application problems, and consultation services for developing computer software applications for others; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems; technical support services, namely, troubleshooting of computer software problems; technological services, namely, hosting, developing, designing, systems updating, reconstitution, scaling, maintaining, monitoring, securing, encrypting, decrypting, replicating and backing up of online databases for others; updating and maintenance of on-line database systems; web site maintenance, creating, and hosting services for others; conducting scientific research in the fields of artificial intelligence and cognitive science; online non-downloadable software for performing learning algorithms; software as a service (SaaS) featuring software for use in dashboard building, data management, data integration, and workflow automation and integration.

Priority Claims:

Class 09

02/08/2019

United States of America

All goods/services claimed in this application.

Class 42

02/08/2019

United States of America

All goods/services claimed in this application.

DOCUGAMI, INC.

**150 LAKE STREET SOUTH, SUITE 221 KIRKLAND WA 98033
UNITED STATES OF AMERICA**

**ADDRESS FOR SERVICE: AMICA LAW LLC, 77 ROBINSON ROAD,
#22-01 ROBINSON 77, SINGAPORE 068896**

40202025404Y (33)
(International Registration No. 1563304)

Date of International Registration: 14/10/2020
Date of Protection in Singapore: 14/10/2020
Date of Notification: 03/12/2020

Registration of this mark shall give no right to the exclusive use, separately of the words "Vineyard" and "Estates".

The following claim is made in the International Registration: Colour(s) claimed: The color(s) orange, yellow, green, red, brown, black, gold and white is/are claimed as a feature of the mark. The mark consists of A CREST DESIGN FEATURING A MULTI-COLORED GRAPE LEAF IN ORANGE, YELLOW, GREEN, RED, BROWN AND BLACK, WITH THE LEAF OUTLINED IN BLACK, ABOVE WHICH SITS A RED SHIELD DESIGN OUTLINED IN BLACK AND GOLD CONTAINING THE LETTERS "K-J" IN WHITE. A GOLD RIBBON BANNER OUTLINED IN BLACK EXTENDS FROM EITHER SIDE OF THE SHIELD CONTAINING THE WORD "VINEYARD" IN BLACK ON THE LEFT SIDE AND "ESTATES" IN BLACK ON THE RIGHT SIDE, WITH THE SPACE BETWEEN THE BANNER AND THE LEAF APPEARING IN BLACK. IN FRONT OF THE LEAF/SHIELD DESIGN IS A WHITE BANNER WITH AN EXTERNAL GOLD BORDER AND INTERNAL BROWN BORDER CONTAINING THE WORDS "KENDALL-JACKSON" IN BLACK.

Class 33
Alcoholic beverages, except beer.

Date of Notification: 01/08/2019

Class 01

Ceramic filter materials for filtering liquid and gaseous media; chemical products for use in industry; casting compounds for casting electronic components and assemblies; casting compounds in the form of powder or flux for casting electronic components and assemblies; casting compounds in the form of powder or flux with electromagnetic shielding properties; all

the aforesaid goods consisting of or using plastics, filled or unfilled, in particular insulating polymers.

Class 09

Porcelain magnetic foils; LTCC (low temperature cofiring ceramic) ceramic components for electrical apparatus; high-temperature fuel cells (SOFCs); sintering aids and firing supports in the form of ceramic foils adapted for electronic components and sensors; thin ceramic foils adapted for electronics components and sensors, sintered and non-sintered, of oxidic and non-oxidic components; functional ceramics in the form of sensors.

Class 17

Electrically insulating, thermally conductive plastics casting compounds and plastic insulating polymers for use in automobile electronic components and assemblies; heat insulating foils of plastic, in particular for use in electric circuits and electronic switching elements, for the purpose of heat dissipation or being thermally conductive intermediate material on/in heat generating components.

OpenCity Platform

Date of International Registration: 18/06/2018
Date of Protection in Singapore: 18/06/2018
Date of Notification: 21/02/2019

Class 09

Data processing apparatus; apparatus for recording, transmission or reproduction of sound or images; fixed or mobile computer systems for information processing; computers; recorded computer programs; recorded computer operating system programs; software and software packages (recorded programs); computer hardware and software for interconnection, management and operation of local networks, wide area networks and global computer networks; computer hardware and software for data transmission, handling and recovery on computer networks; software for the operation and management of networking and for electronic commerce applications on a global computer network; computer programs (downloadable software); computer programs used for management, operation, monitoring and development of cloud computing and remote computing networks, and for the transmission of information and data on computer interfacing cloud computing networks, computer drives, computer memories, modems, monitors, computers, computer printers; processors (central processing units), computer peripheral devices, scanners (computing equipment), couplers (computing equipment), disk changer (computing equipment); floppy disks; transmitters (telecommunication); transmitting sets (telecommunication); integrated circuit cards [smart cards]; printed circuits, integrated circuits, chips; information and training guides in electronic form regarding the use of software and software packages; software application programming

interface (API) comprising platforms and infrastructure for operations and network management.

Class 38

Telecommunications; information on telecommunications; communications by computer terminals or by fiber-optic networks; communications by radio or telephone; transmission and dissemination of data, sound and images, whether computer-assisted or not; transmission of information contained in data banks; electronic information exchanges (computer data communication); provision of access to databases; forwarding, transmission and exchange services for computerized or digital documents (files); provision of access to data or documents stored electronically in central files for remote consultation; data transmission, particularly high bit-rate transmission (by packets) for public network operators and companies; provision of access to national and international server centers and global computer telecommunication networks; telematic services accessible by access code or via computer terminals (data communication); protected transmission of data, particularly with access codes; transmission of commercial and advertising data via Internet networks, transmission of information (data communication) via electronic catalogs on the Internet; rental of access time to a data bank server, particularly for global telecommunication and computer networks (the Internet) or private-access networks (Intranet); connection by telecommunications to a global computer network; provision of telecommunication assistance for the management and monitoring of communication networks; electronic messaging service; provision of transmission services to enable electronic display; rental of telecommunication apparatus; advice relating to telecommunications.

Class 42

Advice and consultancy with respect to computer systems and the Internet; engineering and administration (programming) for telecommunication networks; analysis for the implementation of computer systems, computing and telecommunications; computer engineering; engineering of applications for computer systems for large and medium-sized companies; technical project studies; provision of technological services for operating telecommunication terminals, national or international database servers; provision of design services for the development (design) of Internet domain names and projects; creation and development of Internet websites; advice regarding computer hardware and software, the Internet and intranet; management of information systems and computer networks for others; development (design) of computer and telecommunication systems; development of data processing programs; recovery of computer data; duplication of computer programs; consultancy in the field of computers; conversion of computer programs and data (other than physical conversion); conversion of data or documents from physical to electronic media; recovery of computer data; design, creation, hosting and maintenance of computer sites (websites) for others; preparation, design, writing, development, customization, integration, installation, maintenance, updating and/or rental of software and software packages; software as a service (SaaS); cloud computing; design and development of computers; digital data and software downloading services; hosting of software applications for others; computer programming; recovery of computer data; rental of application software, especially for management of projects on Extranets partially open to company suppliers and customers; computer rental; technological consultancy, design, planning and testing services relating to the installation, administration and troubleshooting of Domain Name System (DNS) zones; programming for computers and for multimedia equipment; technological assistance in the field of information technology; information, technological assistance and

consultancy services in the aforesaid fields; cloud computing; information technology (IT) consultancy; hosting of servers; hosting platforms on the Internet; platforms as services [PaaS] featuring computer software platforms for improving and facilitating the management of customer projects; research and development of new products for others.

(International Registration No. 1450716)

Date of International Registration: 21/09/2018
Date of Protection in Singapore: 21/09/2018
Date of Notification: 21/02/2019

Class 01

Chemicals for use in industry, science, photography, agriculture, horticulture and forestry, other than chemical solutions and preparations for producing coatings and lacquers, as well as preparations and substances for electro-plating purposes; synthetic resins, unprocessed, unprocessed plastics, in particular polyurethanes, fluorosilicones (FVMQ); liquid or pasty elastomers; thermoplastic elastomers, in particular thermoplastic polyurethanes (TPU); thermoplastic polyolefin vulcanizates (TPV); fluorinated thermoplastic polyolefin vulcanizates (F-TPV); elastomer coatings; rubber compounds for industrial use; ceramic materials in paste form, powder form, granule form for use in industry; titanium nitrides, carbon.

Class 07

3D printers.

Class 17

Semi-worked products of plastics and resins, adapted to a specific use, namely for pumps, parts of pumps, 3D printers, parts of 3D printers, pressure sensors, as far as contained in this class; semi-worked plastic substances; plastics in extruded form for use in manufacture; elastomeric polymers for use in manufacture; elastomer polymers; latex [rubber]; plastics in a semi-processed state; flexible pipes, tubes, hoses and fittings therefor (including valves), and fittings for rigid pipes, all non-metallic; semi-worked shaped parts of plastics and resins, in particular plastic molded parts, rubber molded parts; semi-worked injection molded parts of plastics and resins for pumps, parts of pumps, 3D printers, parts of 3D printers or pressure sensors; sintered components made of plastics and resins for pumps, parts of pumps, 3D printers, parts of 3D printers or pressure sensors; semi processed semi-worked rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials for use in 3D printing for the manufacture of pumps, parts of pumps, 3D printers, parts of 3D printers or pressure sensors; elastomer coatings; the afore-mentioned goods, in particular made of hydrogenated nitrile butadiene rubber (HNBR), tetrafluoro ethylene/propylene rubber (FEP),

perfluoroelastomers (FFKM), ethylene propylene diene monomer rubber (EPDM), fluoro rubber (FKM), polyurethanes, silicone rubber (VMQ), fluorosilicone rubber (FVMQ), thermoplastic elastomers (TPE), thermoplastic polyolefin vulcanizate (TPV), fluorinated thermoplastic polyolefin vulcanizate (F-TPV) and thermoplastic polyurethanes (TPU), and, in particular for pumps, parts of pumps, stators for pumps, rotors for pumps, shafts, flexible shafts, gaskets, couplings, pressure sensors for pumps or parts of pumps; latex [rubber] unprocessed, in particular hydrogenated nitrile butadiene rubber (HNBR), tetrafluoro ethylene/propylene rubber (FEPM), fluoro rubber (FKM), perfluoro-elastomers (FFKM), ethylene propylene diene monomer rubber (EPDM), silicone rubber (VMQ).

chemical vapor deposition (PECVD), physical vapor deposition (PVD), chemical vapor deposition (CVD) processes, and parts and fittings therefor; retail services or wholesale services for forestry machines and apparatus, and their parts and fittings; retail services or wholesale services for industrial robots and their parts and fittings; retail services or wholesale services for presses [machines for industrial purposes] and their parts and fittings.

Class 37

Construction; construction and repair of buildings and other structures; building maintenance and repair; demolition of buildings; construction and maintenance services relating to civil engineering; demolition of civil engineering structures; steel structure construction works; construction and renovation of bridges; pier breakwater building; installation of fencing; construction of roads, sewers and water supply systems; road construction; painting; plumbing; electrical installation services; installation services; machinery installation; installation and maintenance of traffic control apparatus; installation of machines and machine tools for treating and processing metals; installation of industrial furnaces; installation of foundry equipment; installation of apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; installation of insulating materials; installation of oil production apparatus; installation of environmental control systems; installation of environmental protection systems; installation of energy-saving apparatus; installation, maintenance and repair of loading and unloading machines; office machines and equipment installation, maintenance and repair; installation, maintenance and repair of boiler systems; installation, maintenance and repair of pumps and pumping stations; installation, maintenance and repair of refrigerating apparatus; freezing equipment installation and repair; installation, maintenance and repair of air purifying apparatus; installation and repair of air-conditioning apparatus; installation and maintenance of electronic apparatus; installation, repair and maintenance of computers and computer peripherals; installation, maintenance and repair of electronic regulating apparatus; installation, maintenance and repair of telecommunications apparatus and instruments; installation, maintenance and repair of equipment and apparatus for use in road building; installation, maintenance and repair of remote control apparatus; installation, maintenance and repair of apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; electric appliance installation and repair; installation, maintenance and repair of electrical lighting apparatus; installation, construction, maintenance, servicing and repair of energy and power generating apparatus, equipment and installations; installation, maintenance and repair of apparatus for distributing electricity; installation, maintenance and repair of measuring and testing apparatus and instruments; installation, maintenance and repair of rollers for machines; installation, maintenance and repair of drying apparatus; installation, maintenance and repair of rolling mills; installation, maintenance and repair of molding machines; installation, maintenance and repair of filling machines; installation, maintenance and repair of machines for processing plastics; installation, maintenance and repair of manufacturing plants; consultancy and information services relating to construction; providing information relating to the installation of electrical apparatus; providing information relating to the installation of machinery; plant construction work; advisory services relating to the maintenance, repair and renovation of buildings and other structures; advisory services relating to the construction of buildings and other structures; advisory services relating to the installation of plumbing; construction supervision; repair and maintenance of building equipment; shipbuilding; fueling,

washing, cleaning, maintenance and repair of vehicles; information and consultancy services relating to vehicle repair; repair, maintenance, servicing, dismantling, rebuilding, cleaning and varnishing of vehicles and parts thereof; repair, servicing and maintenance of vehicles and apparatus for locomotion by air; providing information relating to the repair or maintenance of aircraft; repair of rubber tires; maintenance and repair of land vehicles; custom rebuilding of existing land vehicles and structural parts therefor; repair or maintenance of automobiles; repair or maintenance of railway rolling stock; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of optical machines and instruments; providing information relating to the repair or maintenance of optical machines and instruments; providing information relating to the repair or maintenance of loading-unloading machines and apparatus; repair or maintenance of conveyors; repair of alarms; repair or maintenance of office machines and apparatus; providing information relating to the repair or maintenance of office machines and apparatus; providing information relating to the repair or maintenance of boilers; burner maintenance and repair; providing information relating to the repair or maintenance of burners; providing information relating to the repair or maintenance of pumps; repair and maintenance of compressors; repair of compressed air machines; installation, repair and maintenance of condensing apparatus, steam condensers, radiators for motors and engines, air reheaters, boiler tubes; repair of air filtering apparatus; providing information relating to the repair or maintenance of freezing machines and apparatus; maintenance and repair of heating installations; plumbing repair advisory services; repair or maintenance of electronic machines and apparatus; providing information relating to the repair or maintenance of electronic machines and apparatus; providing information relating to the repair or maintenance of telecommunication machines and apparatus; repair or maintenance of construction machines and apparatus; repair and maintenance of building scaffolds, working and building platforms; providing information relating to the repair or maintenance of construction machines and apparatus; repair of construction and agricultural machinery; repair of radio or television sets; repair or maintenance of waste compacting machines and apparatus; repair or maintenance of waste crushing machines and apparatus; providing information relating to the repair or maintenance of waste compacting machines and apparatus; providing information relating to the repair or maintenance of waste crushing machines and apparatus; providing information relating to the repair or maintenance of electric lighting apparatus; repair or maintenance of electric motors; providing information relating to the repair or maintenance of electric motors; providing information relating to the repair or maintenance of power distribution or control machines and apparatus; providing information relating to the repair or maintenance of power generators; repair or maintenance of laboratory apparatus and instruments; providing information relating to the repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; providing information relating to the repair or maintenance of measuring and testing machines; repair or maintenance of medical machines and apparatus; providing information relating to the repair or maintenance of medical machines and apparatus; repair or maintenance of firearms; repair or maintenance of printing or bookbinding machines and apparatus; repair or maintenance of chemical processing machines and apparatus; providing information relating to the repair or maintenance of chemical processing machines and apparatus; repair or maintenance of glassware manufacturing machines and apparatus; providing information relating to the repair or maintenance of machines and apparatus for manufacturing glassware; repair or maintenance of fishing machines and instruments; repair or maintenance of metalworking machines and tools; providing information

relating to the repair or maintenance of metalworking machines and tools; maintenance of welding machines and equipment; repair of installations for use in metal production, metal processing and metal working; repair of metallurgical plants and rolling mills; repair or maintenance of shoe making machines and instruments; providing information relating to the repair or maintenance of machines and instruments for making shoes; repair or maintenance of industrial furnaces; providing information relating to the repair or maintenance of industrial furnaces; repair or maintenance of mining machines and apparatus; repair or maintenance of rubber-goods manufacturing machines and apparatus; providing information relating to the repair or maintenance of machines and apparatus for manufacturing rubber goods; repair or maintenance of integrated circuits manufacturing machines and systems; repair or maintenance of semiconductor manufacturing machines and systems; providing information relating to the repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of machines and apparatus for processing food or beverages; providing information relating to the repair or maintenance of machines and apparatus for processing food or beverages; repair or maintenance of machines and apparatus for lumbering; repair or maintenance of machines and apparatus for woodworking; repair or maintenance of textile machines and apparatus; repair or maintenance of tobacco processing machines; repair or maintenance of painting machines and apparatus; repair or maintenance of agricultural machines and implements; repair or maintenance of milking machines; repair or maintenance of egg incubators; repair or maintenance of sericultural machines and implements; repair or maintenance of machines and apparatus for papermaking; repair or maintenance of plastic processing machines and apparatus; providing information relating to the repair or maintenance of plastic processing machines and apparatus; repair or maintenance of packing or wrapping machines and apparatus; repair or maintenance of sewing machines; repair or maintenance of storage tanks; providing information relating to the repair or maintenance of storage tanks; repair or maintenance of gasoline station equipment; repair or maintenance of mechanical parking systems; repair or maintenance of cooking apparatus for industrial purposes and providing information relating thereto; repair or maintenance of industrial washing machines and providing information relating thereto; repair or maintenance of vehicle washing installations and providing information relating thereto; repair or maintenance of vending machines and providing information relating thereto; repair or maintenance of power-driven floor cleaning machines and providing information relating thereto; repair or maintenance of amusement machines and apparatus and providing information relating thereto; repair or maintenance of machines and apparatus for use in beauty salons or barbers' shops; repair or maintenance of water pollution control equipment; providing information relating to the repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus; providing information relating to the repair or maintenance of water purifying apparatus; repair or maintenance of diving machines and apparatus and providing information relating thereto; repair or maintenance of chemical plants; providing information relating to the repair or maintenance of chemical plants; repair and maintenance of energy generating installations; repair and maintenance of nuclear plants and providing information relating thereto; repair and maintenance of 3D printers; repair of power lines; furniture restoration, repair and maintenance; providing information relating to furniture restoration; umbrella repair and providing information relating thereto; repair or maintenance of musical instruments and providing information relating thereto; safe maintenance or repair and providing information relating thereto; shoe repair and providing information relating thereto; repair or

maintenance of clocks and watches and providing information relating thereto; repair of hand tools; setup or repair of locks and providing information relating thereto; re-tinning; repair or maintenance of gas water heaters and providing information relating thereto; repair or maintenance of signboards and providing information relating thereto; repair of bags or pouches and providing information relating thereto; repair of personal ornaments and providing information relating thereto; repair of toys or dolls and providing information relating thereto; repair of sports equipment and providing information relating thereto; repair of game machines and apparatus and providing information relating thereto; repair of bathtubs; repair or maintenance of fishing tackle and providing information relating thereto; repair and maintenance of spectacles and providing information relating thereto; leather care, cleaning and repair; laundering and providing information relating thereto; clothing repair and providing information relating thereto; repair of tatami mats and providing information relating thereto; book repair and restoration; restoration of works of art; chimney sweeping and providing information relating thereto; cleaning of building interiors and exteriors; providing information relating to building cleaning; drain cleaning services; bathtub and bath boiler cleaning and providing information relating thereto; street cleaning and providing information relating thereto; storage tank cleaning and providing information relating thereto; swimming pool cleaning services; disinfecting; vermin exterminating, other than for agriculture, aquaculture, horticulture and forestry; sterilization of medical instruments; rental of construction machines and apparatus; rental of cranes [construction equipment]; providing information relating to the rental of construction equipment; rental of cleaning machines; rental of car washing apparatus and providing information relating thereto; rental of electric washing machines and providing information relating thereto; snow removal services; rental of dishwashing machines; rental of mining machines and apparatus; rental of drainage pumps; technical consultancy relating to construction and civil engineering works; machinery installation; repair information relating to hand tools; repair information relating to projecting apparatus for grenades, bombs and other missiles; repair information relating to transport containers; repair information relating to industrial robots; repair information relating to machine elements; repair information relating to welding machines and equipment; repair information relating to installations for use in metal production, metal processing and metal working; repair information relating to metallurgical plants and rolling mills; repair information relating to compressors; repair information relating to forestry machines; repair information relating to vacuum deposition machines for plasma enhanced chemical vapor deposition (PECVD), physical vapor deposition (PVD), chemical vapor deposition (CVD) processes; repair information relating to tire manufacturing machines and their parts and fittings; repair information relating to machines and equipment for producing optical cables and fibres, and their parts and fittings; maintenance, servicing and repair of projecting apparatus for grenades, bombs and other missiles; maintenance and repair of transport containers; repair or maintenance of industrial plants and providing information relating thereto; repair or maintenance of oil plants and providing information relating thereto; repair or maintenance of petrochemical plants and providing information relating thereto; repair or maintenance of water purifying and wastewater treatment plants and providing information relating thereto; repair or maintenance of water supply and sewerage facilities and providing information relating thereto; repair or maintenance of machine-manufacturing plants and providing information relating thereto; repair or maintenance of pipelines and providing information relating thereto; repair or maintenance of environment and sanitation related facilities and providing information relating thereto; repair or maintenance of storage

and transportation facilities and providing information relating thereto; repair or maintenance of fiber or textile producing plants and providing information relating thereto; repair or maintenance of nuclear plants and providing information relating thereto; repair and maintenance of machine elements; repair or maintenance of electric wires and cables; repair or maintenance of tire manufacturing machines; repair or maintenance of forestry machines; repair or maintenance of vacuum deposition machines for plasma enhanced chemical vapor deposition (PECVD), physical vapor deposition (PVD), chemical vapor deposition (CVD) processes; repair or maintenance of machines and equipment for producing optical cables and fibres made of glass; repair or maintenance of industrial robots; repair or maintenance of presses [machines for industrial purposes]; rental of bladed or pointed hand tools and hand tools for construction works, repair and maintenance of machinery.

Class 39

Railway transport; carriage of persons by urban rapid transit rail systems; providing information relating to railway transport; transport; freighting; passenger transport; arranging for the transportation and storage of goods; arranging of transport and travel; transportation logistics; monitoring and tracking of package shipments; consultancy relating to the transportation, packaging, and storage of goods; car transport; providing road and traffic information; GPS navigation services; vehicle-driving services; marine transport; air transport; packaging of goods; freight brokerage; providing information relating to freight brokerage; cargo handling; providing information relating to cargo unloading services; removal services and providing information relating thereto; shipbrokerage; refloating of ships and providing information relating thereto; piloting; storage; warehousing; consultancy services relating to storage; temporary safekeeping of personal belongings; distribution of gas; distribution of electrical energy, gas, water and district heating; distribution of energy; storage, distribution and supply of energy and fuel; electricity distribution; providing information relating to the distribution of electricity; water supplying; distribution of heat; rental of warehouses; car parking; operating toll roads; providing vessel mooring facilities; airport services; rental of pallets and containers for storage of goods; rental of pallets and containers for transportation of goods; rental of loading-unloading machines and apparatus; vehicle rental; reservation services for vehicle rental; rental of vessels; providing information relating to the rental of vessels; rental of bicycles; aircraft rental; rental of mechanical parking systems; rental of packing or wrapping machines and apparatus; rental of freezers; rental of wheelchairs; delivery of mail by courier; operating and organizing of travel tours; arranging and booking of travel; arranging for travel visas, passports and travel documents for persons travelling abroad; travel consultancy and information services; rental of aircraft engines; rental of freezing machines and apparatus; providing information relating to the rental of freezing machines and apparatus; rental of gasoline station equipment, not for repair and maintenance of automobiles, namely, equipment for supplying gasoline.

Class 40

Tinting of car windows; fulling of cloth; decontamination of hazardous materials; treatment or processing of cloth, clothing or fur; custom tailoring; metal treating; refining of metals; treatment and coating of metal surfaces; application of thin films on the surfaces of objects by means of chemical, mechanical, thermal, thermomechanical, chemical vapor deposition, physical vapor deposition and vacuum deposition processes; metal plating; laminating; heat treatment of metals; custom steel rolling and fabrication to the order and specification of others; custom manufacture of metal hardware; shaping of metal components; custom

manufacture of molds for use in industry; metal casting; forging of metals; welding services; custom manufacturing and assembling services relating to semi-conductor parts and integrated circuits; boilermaking; processing of rubber; providing information relating to the processing of rubber; processing of plastics; providing information relating to the processing of plastic materials; custom assembling of plastic and composite parts for others; manufacture of furniture and plastic parts to order and specification of others; ceramic processing; providing information relating to ceramic processing; woodworking; providing information relating to woodworking; paper treating; treatment and processing of ores and ore concentrates; taxidermy; processing of bamboo, tree barks, rattan, vines or other natural materials; processing of raw materials for the manufacture of food and beverages; custom manufacture of dietary and nutritional supplements; custom manufacture of dental prosthesis and dentures; photographic film development; bookbinding; treatment of drinking water, service water and waste water; soil, waste or water treatment services [environmental remediation services]; providing information relating to water treating services; processing and recycling of waste and trash; information, advice and consultancy services relating to the recycling of waste and trash; nuclear fuel reprocessing and providing information relating thereto; nuclear waste treatment; production of electrical energy from renewable sources; production and processing of fuels and of other sources of energy; engraving of sealing stamps; photogravure; production of energy; generation of electricity; gas production services; gas processing services; consultancy in the field of energy production; processing of chemicals and petrochemicals; custom assembling of materials; custom manufacture of furniture; prototype fabrication of new products for others; custom manufacture of tools for others; custom assembling of automobile bodies and chassis for others; custom manufacture of communication devices for others; fuel treatment services; custom assembling of electrical machinery and apparatuses and their accessories; rental of machines and apparatus for treating textiles; rental of machines and apparatus for film development, photograph printing, photograph enlargement or photograph finishing; providing information relating to the rental of metal treating machines and tools; rental of welding apparatus; rental of bookbinding machines; rental of machines and apparatus for processing beverages; rental of machines and apparatus for lumbering; rental of machines and apparatus for papermaking; rental of water treatment equipment; rental of waste compacting machines and apparatus; rental of waste crushing machines and apparatus; rental of chemical processing machines and apparatus; rental of glassware manufacturing machines and apparatus; rental of shoe making machines; rental of tobacco processing machines; providing material treatment information; air purification; soil treatment services [environmental remediation services]; rental of energy generating equipment; rental of machines for plastic and rubber processing; rental of machines for manufacturing semiconductors; printing; sorting and disposal of waste and trash; treatment of waste and harmful substances; incineration of waste and trash; consultancy relating to the incineration of waste and trash; sorting and disposal of industrial waste and trash; rental of sewing machines; rental of electricity generators; rental of cooling appliances and installations; rental of printing machines and apparatus; rental of boilers; rental of air conditioners for industrial purposes.

Class 42

Meteorological information; consultancy services in the fields of science, engineering and information technology; engineering; technical drawing; architectural design; surveying; industrial research, testing and analysis services; geological research; consultancy and information services relating to information technology; design and development of computer hardware

and software; plant engineering; design and development of computer hardware; design of machines, apparatus and instruments; design of mechanical components; design services; computer programming; configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software; creating and maintaining web sites for others; web site design consultancy; computer security consultancy; computer software consultancy; monitoring of computer systems by remote access; technical advice relating to operation of computers; scientific research and development; scientific laboratory services; scientific surveys; industrial development services; technical writing; technical measuring and testing laboratory services; quality checking and testing; testing, inspection and research services in the fields of pharmaceuticals, cosmetics and foodstuffs; chemical, biochemical, biological and bacteriological research and analysis; research and development services in the field of chemistry; consultancy in the field of chemistry; quality control testing and consultancy relating thereto; environmental monitoring services; technical consultancy in the field of environmental science; environmental testing and inspection services; monitoring of water quality; material testing and analysis; testing and research services in the field of electricity; testing, inspection and research services in the fields of agriculture, livestock breeding and fisheries; testing and research services relating to machines, apparatus and instruments; calibration [measuring]; testing of architectural ironmongery; rental of measuring apparatus; rental of computer hardware and computer software; rental of peripheral devices for computers; hosting computer sites [web sites]; server hosting; cloud computing; electronic data storage; rental of laboratory apparatus and instruments.

Class 45

Opening of security locks; rental of safes; kimono dressing assistance; information relating to fashion coordination services for individuals; on-line social networking services; planning and arranging of wedding ceremonies; conducting funeral ceremonies; providing grave spaces or charnel houses; legal research; genealogical research; legal services; legal investigation services; information, advisory and consultancy services relating to legal matters; legal support services; granting of licenses to others for the use of industrial property rights and copyright; licensing of intellectual property; management of industrial property rights and copyright; computer software licensing; consultancy relating to regulations for safety at work; legal services relating to social insurance claims; security guard services; inspection of factories for safety purposes; tracking of stolen property; providing information relating to security guard services; lost and found bureau services; fortune-telling; pet sitting; babysitting; house sitting; guardianship services; rental of uniforms; clothing rental; rental of altars; rental of safety equipment; rental of protective clothing and equipment; leasing of internet domain names; personal letter writing; conducting religious ceremonies.

Class 19

Non-metallic minerals for building and construction; calcareous stone; silica stone; fireclay; silica sand made of pulverized and classified silica stone; aggregate made of crushed and sized sandstone; calcareous stone powder made primarily of fine pulverized calcium carbonate; mountain sand; ceramic building materials, bricks and refractory products; mortar

for filling for use in treating dew prevention of window frame; mortar for plastering for use in finishing top of continuous footing; building materials made of synthetic resin; plastic building materials in the form of sheet having air tightness, moisture resistance and thermal insulation properties for use under floor of buildings, or in internal part of the wall and ceiling; plastic building materials in the form of sheet having waterproof function, windbreak function and dehumidification function for use under floor of buildings, in internal part of the wall and ceiling; plastic materials in the form of sheet for use in building and construction having air tightness, moisture resistance; air tightness materials made of synthetic resin for building purpose for use between foundation and continuous footing; air tightness materials made of synthetic resin for building purpose for use between foundation, continuous footing and construction main frame; synthetic building materials; asphalt; building and construction materials made of asphalt; building and construction materials made of rubber; plaster for building purposes; building and construction materials made of lime; building and construction materials made of plaster; rockslide retention nets made of textiles for use in construction materials; buildings, not of metal; cement and its products; ready-mixed concrete; non shrinkage grout made primarily of cement; self-leveling materials made primarily of cement; cement for ground solidification; cement added quicklime for ground solidification; timber for building purposes; ceramic artificial timber made primarily of cement, calcareous material and calcium silicate; stone for building purposes; glass for building purposes; joinery fittings, not of metal; nonmetallic mineral materials for building or construction, unworked or partly worked; fine powder slag; fine powder slag for ground improvement; tar; pitch; transportable greenhouses, not of metal, for household use; artificial fish reefs, not of metal; moulds for forming cement products, not of metal; paint spraying booths, not of metal; road and field marking sheets and strips; erosion control mats integrating plants seeds; plastic security windows allowing communication; road signs not of metal, non-luminous and nonmechanical; beacons not of metal, non-luminous and nonmechanical; reservoirs not of metal or not of plastics; bits and bollards, not of metal; building and construction materials in the form of sheet consisted of improved asphalt and polyester spunbond having waterproof function, root prevention function and water shielding function; building and construction materials in the form of sheet and tape consisted of polyester long fiber non-woven fabric impregnated by improved asphalt and improved asphalt layer having waterproof function; waterproof materials for building purpose consisted of fiber reinforced plastics and rubber-asphalt sheet; hydrated solidification type waterproofing coating materials consisted of polymer emulsion, hydraulic cement, inorganic filler, for use in building purpose; mortar for ground adjustment consisted of cement, aggregate, additive and resin emulsion; cement mortar; lightweight aggregate used as components of mortar made primarily of foamed plastic in the form of granule for undercoating; aggregate for mortar made primarily of foamed urethane in the form of fine powder; aggregate made of crashed stone for road paving and asphalt paving; fire door made of ceramic artificial timber; building materials in the form of panel made primarily of diatomaceous earth; coating materials made of urethane for building; coating materials for mortar made primarily of ethylene vinyl acetate copolymer in the form of emulsion; building materials made of clinker derived from magnesium hydroxide; building materials for exterior made of burnt aggregate consisted primarily of admixture of cement and silicic acid, pearlite, obsidian; slate corrugated board made of cement for ceiling and outer wall; silica sand crushed from silica stone rock except for use as foundry sand.

Class 37

Building construction; building construction consultancy; building

construction supervision; maintenance of building equipment; shipbuilding; repair or maintenance of vessels; maintenance, retrofit or repair of deck machine for ships; inspection of deck machine for ships prior to maintenance and repair; maintenance, retrofit or repair of diesel engine for ships; inspection of diesel engine for ships prior to maintenance and repair; repair or maintenance of automobiles; repair or maintenance of railway rolling stocks; installation, inspection prior to maintenance and repair, repair, maintenance, retrofit of loading-unloading machines and apparatus; repair or maintenance of office machines and equipment; repair or maintenance of air conditioners for industrial purposes; repair or maintenance of burners; repair or maintenance of boilers; repair or maintenance of pumps; repair or maintenance of freezing machines and apparatus for industrial purposes; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; installation, inspection prior to maintenance and repair, repair, maintenance, retrofit of construction machines and apparatus; repair or maintenance of electric motors; repair or maintenance of power distribution or control machines and apparatus; repair or maintenance of power generators; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical apparatus and instruments; repair or maintenance of chemical processing machines and apparatus; installation, inspection prior to maintenance and repair, repair, maintenance, retrofit of metalworking machines and tools; repair or maintenance of industrial furnaces; repair or maintenance of mining machines and apparatus; repair or maintenance of rubber-goods manufacturing machines and apparatus; repair or maintenance of integrated circuits manufacturing machines and apparatus; repair or maintenance of semiconductor manufacturing machines and apparatus; repair or maintenance of painting machines and apparatus; installation, inspection prior to maintenance and repair, repair, maintenance, retrofit of plastic processing machines and apparatus; repair or maintenance of reservoirs; repair or maintenance of water purifying apparatus for industrial purposes; repair or maintenance of waste compacting machines and apparatus for industrial purposes; repair or maintenance of waste crushing machines for industrial purposes; repair or maintenance of chemical plants; cleaning of buildings (exterior surface) and cleaning of buildings (interior); window cleaning; carpet and rug cleaning; floor polishing; street cleaning; reservoirs cleaning; sterilization of medical apparatus and instruments; rental of floor cleaning machines; rental of cleaning tools; rental of mops; inspection prior to maintenance and repair, repair, maintenance, retrofit of reduction gear; repair or maintenance of photovoltaic apparatus and other power generation equipment; repair or maintenance of dust removing machine; mining extraction; installation, maintenance and repair of computer hardware; installation of dust removing machine, die casting machine, injection molding machine for resin, extrusion press for metal working, mill for ceramic industry, crusher for ceramic industry, diesel engine for ship, reduction gear for cement mill, crane, conveyor and their electrical installation services and their maintenance and inspection prior to maintenance and repair; maintenance and inspection prior to maintenance and repair of truck concrete mixing vehicles and trailer concrete mixing vehicles; road paving; building waterproofing work; roofing service; machinery installation and their electrical installation services other than for machinery installation and their electrical installation services of dust removing machine, diecasting machine, injection molding machine for resin, extrusion press for metal working, mill for ceramic industry, crusher for ceramic industry, diesel engine for ship, reduction gear for cement mill, crane, conveyor; maintenance and inspection prior to maintenance and repair of dredging machines; repair and maintenance of computers, including central

processing units, electronic circuits recorded with computer programs, magnetic disk and other computer peripheral devices.
