GENERAL INFORMATION

TRADE MARKS ACT 1976

(Act 175)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADE MARKS

Pursuant to section 27 of the Trade Marks Act 1976, the following applications for registration of trade marks have been accepted and hereby published in Intellectual Property Official Journal according to subregulation 120 (3) of the Trademarks Regulation 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Notice of opposition to an application for registration of a trademark may be filed unless extended at the discretion of the Registrar, within two months from the date of publication accompanied by prescribed fee.

GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing apparatus and computers; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the internet; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the internet or a computer network or a computer database); instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software in the form of an application for mobile devices and computers; software applications for use with mobile devices; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the internet, business and e-commerce training, business, sales, marketing and financial management; computer

peripherals; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V computer chips and central processing units; computer chips and central processing units with instruction set architecture; notebook computers; laptop computers; portable computers; handheld computers; personal digital assistants; personal media players; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations; computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; fire-extinguishing apparatus; computer hardware and firmware; computer software (including software downloadable from the internet); automobile navigation system; compact discs; digital music (downloadable from the internet); telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; downloadable games, pictures, motion pictures, movies and music; alarm systems; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; television apparatus; cameras; video cameras; headphones; telephone ear pieces; speakers; global positioning system (gps) apparatus; computer, electronic and video games programmes and software (including software downloadable from the internet); liquid crystal displays for telecommunications and electronic apparatus; set top box; remote control; data storage programs; spectacles and sunglasses; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; tablet computers; encoded key cards; 3d spectacles; memory cards for video game machines; computer applications for streaming videos, music and images; downloadable software for streaming audio, video and multimedia content on mobile phones, tablets, mobile devices, computers and televisions; software applications for streaming audio, video and multimedia content on mobile phones, tablets, mobile devices, computers and televisions; software for streaming audiovisual and multimedia content via the internet and global communications networks; software for searching, organizing, and recommending multimedia content; downloadable motion pictures and television shows provided via a video-on-demand service; downloadable motion pictures and television shows; animated cartoons and films; apparatus for coding and decoding signals; apparatus and instruments for data communication, satellite communication and telecommunication; instruments and software for communicating with computer networks and the world wide web; display monitors; computer hardware for use in transmitting, receiving, displaying and manipulating text, videos and video data, audio and audio data, photographs and other multimedia content; digital media players; projection apparatus; digital media streaming devices.

CLASS 38

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the internet to private computer networks; providing information in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services (telecommunication services) allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; internet broadcasting services, providing an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the internet; electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; providing telecommunications connections to the internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages, information, data, documents and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental

of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information whether in compressed or uncompressed form and whether in real or delayed time; telecommunications services, including, electronic transmission of streamed audio, video, and multimedia files via television, cable, the internet and global wireless communications networks; electronic transmissions and streaming of downloadable audio, video, and multimedia content via computer and communications networks; subscription-based electronic media, audio, video, movie and multimedia broadcasting services; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to online shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; streaming of data; streaming of audio material on the internet; streaming of video material on the internet; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; consultancy, information and advisory services relating to the aforesaid services.

CLASS 42

Scientific and technological services and research and design relating thereto, industrial analysis and research services; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, cpu (central processing unit), RISC-V computer chips and central processing units, computer chips and central processing units with instruction set architecture; technical project studies; providing a website featuring technology that enables users to share information and advice; design and development of computer hardware and software; software as a service (saas); computer services in connection with transmitting information, data, documents, and images over the internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (asp) services, namely, hosting computer software applications of others; application service provider (asp) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer technology advice provided to internet users by means of a support hotline; computer service relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer services in relation to providing direct connection services between computer users for exchanging data; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; providing technical information at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; computer services relating to customized searching of computer databases and websites; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; GENERAL INFORMATION III

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING
MALAYSIA

Pursuant to **regulation 71** of the Trademarks Act 2019, the following international registrations designating Malaysia have been accepted and are hereby published in Intellectual Property Official Journal under **section 148** of the Trademarks Act 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 72(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the international registrations designating Malaysia which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such international registrations designating Malaysia in the Intellectual Property Official Journal.

Notwithstanding the above paragraphs, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 72(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition

CLASS 6

Building and construction materials and elements of metal; metal materials for building and construction; metal facades; silos and tanks of metal; pipes and tubes of metal; containers of metal; parts and fittings for the aforesaid goods.

CLASS 7

Machines, machine tools, and power-operated tools and apparatus, for fastening and joining; machines and machine tools for treatment of materials and for manufacturing; lifting machines; construction machines; parts and fittings for the aforesaid goods.

CLASS 17

Packing, stopping or insulating materials, all made wholly or predominantly of rubber or of plastics; mica.

CLASS 19

Building and construction materials and elements, not of metal; cement; concrete; asphalt; lime; pitch; bitumen; aggregates, namely, sand, gravel, crushed stones, slag, recycled concrete; floor, wall and roof tiles; paving stones, non-metallic paving blocks; building stone; bricks; silos and tanks of masonry or of concrete; parts and fittings for the aforesaid goods.

CLASS 37

Quarrying services; building, construction and insulating services; general building contractor services; information, consultancy and advisory services relating to the aforesaid.

CLASS 42

Technical design services; technical research services; surveying services; engineering services; structural engineering services; inspection of buildings [surveying]; surveying of defective structures; analysis of the structural behaviour of buildings, building materials and structures; structural assessment of defects in buildings and other structures; inspection and surveying of buildings to detect masonry defects; technological research and design services for the building construction and repair industry; design of remedial treatment to remedy defects in structures; analysis and diagnosis of

defects in masonry and structures; preparation of reports on the condition of masonry, buildings and structures; consultancy relating to masonry defect inspection, diagnosis and remedial measure design; information, consultancy and advisory services.
