REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Scientific analysis; Scientific research; Scientific consultancy; Scientific testing services; Scientific advisory services; Scientific research services; Rental of scientific equipment; Scientific feasibility studies; Scientific laboratory services; Rental of software for importing and managing data; Conducting of scientific studies; Programming of software for importing and managing data; Rental of scientific instruments; Design and development of software for importing and managing data; Scientific

research and analysis; Providing temporary use of on-line non-downloadable software for importing and managing data; Computer aided scientific testing; Preparation of scientific reports; Provision of surveys [scientific]; Scientific and technical analysis; Scientific and industrial research; Provision of scientific information; Scientific research and development; Conducting of scientific experiments; Scientific and technological services; Scientific research relating to biology; Scientific research relating to ecology; Scientific computer programming services; Scientific research for medical purposes; Scientific research relating to genetics; Scientific research relating to chemistry; Hosting of e-commerce platforms on the Internet; Scientific research relating to cosmetics; Programming of software for e-commerce platforms; Management of scientific research projects; Computer aided scientific analysis services; Constructing an internet platform for electronic commerce; Computer aided scientific research services; User authentication services using technology for e-commerce transactions; Conducting of scientific feasibility studies; Consultancy relating to the creation and design of websites for e-commerce; Scientific research in the field of pharmacy; Scientific research relating to bacteriology; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Acoustics consultancy for scientific purposes; DNA screening for scientific research purposes; Scientific investigations for medical purposes; Genetic testing for scientific research purposes; Advisory services relating to scientific research; In vitro testing for scientific research purposes; Preparation of statistics for scientific research; Scientific research relating to chemical products; In vitro analysis for scientific research purposes; Preparation of reports relating to scientific research; Scientific research relating to hair care preparations; Blood analysis services for scientific research purposes; Provision of information relating to scientific research; Scientific research into the development of new products; Provision of scientific information relating to chemicals; Providing scientific information in the field of climate change; Providing scientific information in the field of global warming; Scientific and technological research relating to patent mapping; Scientific research in the field of genetics and genetic engineering; Cell culture services for scientific and research purposes, for others; Scientific and technological research in the field of natural disasters; Integrated scientific research on vermin for greenhouses and harvest crops; Scientific research for medical purposes in the area of cancerous diseases; Scientific and technological services and research and design relating thereto; Providing scientific information, advice and consultancy relating to carbon offsetting; Scientific services relating to the isolation and cultivation of human tissues and cells; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Technological studies; Providing information, including online, about scientific and technological services and research and design relating thereto; Technological research; Technological consultancy; Technological project studies; Chemical technological research; Technological advisory services; Technological analysis services; Technological planning services; Technological consultation services; Preparation of technological reports; Scientific and technological services; Preparation of technological research reports; Consultancy in the field of technological design; Technological consultancy in the field of geology; Consultancy in the field of technological research; Advisory services relating to technological research; Preparation of reports relating to technological research; Provision of information relating to technological research; Technological consultancy relating to digital transformation; Consultancy services in the field of technological development; Technological consultancy in the field of aerospace engineering; Scientific and technological research relating to patent

mapping; Technological analysis relating to energy and power needs of others; Technological consultancy in the fields of energy production and use; Scientific and technological research in the field of natural disasters; Technological advisory services relating to machine engineering analysis; Scientific and technological services and research and design relating thereto; Technological consulting services in the field of alternative energy generation; Consultancy relating to technological services in the field of power and energy supply; Providing technological information about environmentally-conscious and green innovations; Providing on-line information in the field of technological research from a computer database or the Internet; Providing information, including online, about scientific and technological services and research and design relating thereto; Food research; Genetic research; Medical research; Physics research; Product research; Research on food; Chemical research; Cosmetic research; Research services; Software research; Cosmetics research; Stem cell research; Technical research; Biological research; Electrical research; Geological research; Industrial research; Laboratory research; Mechanical research; Scientific research; Biochemical research; Documentary research; Engineering research; Research consultancy; Agricultural research; Hydrological research; Photographic research; Research laboratories; Archeological research; Architectural research; Biotechnology research; Technological research; Tyre research services; Archaeological research; Meteorological research; Bacteriological research; Analysis for oil research; Biotechnological research; Electrotechnical research; Medical research services; Building research services; Chemical research services; Computer research services; Computer software research; Electrical safety research; Research into new products; Research relating to design; Research relating to safety; Stem cell research services; Technical research services; Biological research services; Biomedical research services; Industrial research services; Research relating to hygiene; Research relating to physics; Research relating to science; Scientific research services; Geophysical research services; Rental of research facilities; Research relating to medicine; Research relating to security; Agricultural research services; Agrochemical research services; Biochemistry research services; Chemical research and analysis; Mathematical research services; Provision of research services; Research relating to buildings; Research relating to chemicals; Research relating to chemistry; Research relating to computers; Chemical technological research; Oceanographic research services; Research in the field of energy; Research relating to technology; Biological research and analysis; Pharmaceutical research services; Product research and development; Research in the field of ecology; Research in the field of physics; Research in the field of welding; Research relating to agriculture; Research relating to engineering; Research to develop new products; Scientific research and analysis; Social science research services; Biochemical research and analysis; Research in the field of genomics; Research relating to architecture; Research relating to bacteriology; Research relating to demographics; Research relating to horticulture; Research relating to insecticides; Geological estimation and research; Research in the field of chemistry; Research in the field of hair care; Research relating to biotechnology; Scientific and industrial research; Dental research laboratory services; Geological estimations and research; Industrial research of new products; Research of new products for others; Research relating to plant breeding; Scientific research and development; Bacteriological research and testing; Biochemical research and development; Medical research laboratory services; Research relating to data processing; Research relating to pharmaceuticals; Bacteriological research and analysis; Chemical research laboratory services; Research in the field of gene therapy; Research in the field of social media; Research relating to telecommunication; Archaeological exploration and research;

Biological research laboratory services; Chemical research and analysis services; Pharmaceutical research and development; Research in the field of climate change; Research relating to molecular sciences; Scientific research relating to biology; Scientific research relating to ecology; Technical research projects and studies; Analysis of tissues for medical research; Research and development of new products; Scientific research for medical purposes; Scientific research relating to genetics; Bacteriological consultation and research; Industrial analysis and research services; Research in the field of pharmacogenetics; Research relating to computer programming; Research relating to industrial machinery; Scientific research relating to chemistry; Scientific research relating to cosmetics; Management of scientific research projects; Research in the field of computer hardware; Research on the subject of pharmaceuticals; Computer aided industrial research services; Computer aided scientific research services; Research relating to mechanical engineering; Allergy testing for research and science use; Analysis of human serum for medical research; DNA sequencing for medical research purposes; Scientific research in the field of pharmacy; Scientific research relating to bacteriology; Laboratory research in the field of chemistry; Laboratory research in the field of cosmetics; Preparation of technological research reports; Research and development of computer software; Research in the reduction of carbon emissions; Research relating to environmental protection; Analysis of human tissues for medical research; DNA screening for scientific research purposes; Research in the field of building construction; Technical research in the field of aeronautics; Research in the field of information technology; Genetic testing for scientific research purposes; Mechanical research in the field of motor sports; Pharmaceutical research and development services; Research in the area of environmental protection; Research in the field of artificial intelligence; Research in the field of manufacturing machinery; Advisory services relating to scientific research; In vitro testing for scientific research purposes; Preparation of statistics for scientific research; Research in the field of environmental protection; Scientific research relating to chemical products; Consultancy in the field of technological research; In vitro analysis for scientific research purposes; Research and development of vaccines and medicines; Research in the field of communications technology; Research on building construction or city planning; Advisory services relating to gene therapy research; Animal semen testing services for research purposes; Consultancy in the field of pharmaceutical research; Laboratory research in the field of gene expression; Research and development of new products for others; Research in the field of data processing technology; Research in the field of environmental conservation; Advisory services relating to technological research; Industrial analysis and industrial research services; Preparation of reports relating to chemical research; Preparation of reports relating to technical research; Preparation of reports relating to scientific research; Research and development in the field of biotechnology; Research and development services relating to vaccines; Research in the field of telecommunications technology; Scientific research relating to hair care preparations; Preparation of biological samples for research purposes; Research and development services relating to medicines; Research in the field of computer programs and software; Blood analysis services for scientific research purposes; Laboratory research services relating to pharmaceuticals; Provision of information relating to scientific research; Research and development for the pharmaceutical industry; Scientific research into the development of new products; Preparation of reports relating to technological research; Research and development services relating to fertilisers; Research relating to the development of computer hardware; Research relating to the development of computer software; Research and development services in the field of cytology; Genetic testing of laboratory animals for research purposes; Provision of information

relating to technological research; Research and development services in the field of chemistry; Research in the area of semiconductor processing technology; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of immunology; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Research and development in the field of diagnostic preparations; Research, development, design and upgrading of computer software; Scientific and technological research relating to patent mapping; Research and development in the field of microorganisms and cells; Research and development services in the field of immunohistology; Industrial analysis and research services in the field of chemistry; Scientific research in the field of genetics and genetic engineering; Providing information about industrial analysis and research services; Research and development services in the field of antibody technology; Cell culture services for scientific and research purposes, for others; Industrial analysis and research services relating to automobile tires; Research relating to the development of computer programs and software; Industrial analysis, industrial research and industrial design services; Preparation of biological samples for analysis in research laboratories; Providing information in the field of plant genetics research resources; Scientific and technological research in the field of natural disasters; Research and development services in the field of gene expression systems; Integrated scientific research on vermin for greenhouses and harvest crops; Scientific research for medical purposes in the area of cancerous diseases; Providing online information about industrial analysis and research services; Consultancy relating to research and development in the field of therapeutics; Scientific and technological services and research and design relating thereto; Preparation of immunohistological samples for analysis in research laboratories; Consultancy services relating to research in the field of environmental protection; Preparation of biological samples for testing and analysis in research laboratories; Conducting research and technical project studies relating to the use of natural energy; Providing information, including online, about industrial analysis and research services; Research and development of new products for third parties in the field of plastic materials; Provision of information and data relating to medical and veterinary research and development; Technical consultancy in relation to the technical research in the field of food and beverages; Technical consultancy in relation to research services relating to foods and dietary supplements; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Providing on-line information in the field of technological research from a computer database or the Internet; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Provision of information concerning research and technical project studies relating to the use of natural energy; Providing information, including online, about scientific and technological services and research and design relating thereto; Design services; Mapping services; Agronomy services; Research services; Chemistry services; Surveying services; Laboratory services; Cake design services; Calibration services; Cartography services; Engineering services; Graphic art services; Logo design services; Measurement services; Biochemistry services; Brand design services; Coin grading services; Dress design services; Gemmological services; Seed testing services; Soil testing services; Well logging services; Architectural services; Closet design services; Cryptanalysis services; Illustrators' services; Retail design services; Tyre analysis services; Tyre research

services; Blood analysis services; Data migration services; Drug discovery services; Graphic design services; Photogrammetry services; Product design services; Soil analysing services; Textile design services; Vehicle design services; Website design services; Bathroom design services; Building design services; Clothing design services; Cloud computing services; Computer design services; Computer rental services; Data cryptology services; Data decryption services; Data encryption services; Dress designing services; Footwear design services; Interior design services; Quality control services; Tyre inspection services; Web page design services; Web site design services; Website hosting services; Aerial surveying services; Computer network services; Drug development services; Jewellery design services; Marine surveying services; Material testing services; Medical research services; Seismic analysis services; Technical survey services; Web site hosting services; Building research services; Chemical analysis services; Chemical research services; Commercial design services; Computer advisory services; Computer firewall services; Computer forensic services; Computer research services; Furnishing design services; Industrial design services; Technical drawing services; Technical testing services; Trade mark design services; Biological cloning services; Demographic survey services; Design services for artwork; Engineering design services; Environment design services; Laboratory testing services; Medical laboratory services; Quality control of services; Scientific testing services; Shopfitting design services; Stem cell research services; Technical research services; Biological research services; Biomedical research services; Chemical laboratory services; Engineering drawing services; Genetic engineering services; Industrial analysis services; Industrial research services; Mineral exploration services; Naval architectural services; Pipeline inspection services; Platform as a service [PaaS]; Scientific advisory services; Scientific research services; Software as a service [SaaS]; Software consulting services; Weather forecasting services; Weather information services; Website development services; Air flow measurement services; Architectural design services; Business card design services; Computer co-location services; Computer programming services; Database development services; Design services for packaging; Geophysical research services; Software consultancy services; Software development services; Software maintenance services; Technical inspection services; Website load testing services; Agricultural research services; Agrochemical research services; Biological laboratory services; Biochemistry research services; Biological laboratory services; Computer aided design services; Computer time-sharing services; Illustration services [design]; Marine chart updating services; Mathematical research services; Provision of research services; Quality accreditation services; Scientific laboratory services; Services for renting computers; Vehicle engine design services; Veterinary laboratory services; Water quality control services; Architectural advisory services; Architectural planning services; Cloud hosting provider services; Computer aided testing services; Design services for brand names; Design services for trade marks; Electrical engineering services; Electronic data backup services; Geological exploration services; Information technology services; Mechanical engineering services; Oceanographic research services; Product safety testing services; Remote computer backup services; Services for the design of maps; Structural engineering services; Technological advisory services; Technological analysis services; Technological planning services; Town planning advisory services; Biochemical engineering services; Design services for architecture; Electronic data back-up services; Electronic data storage services; Engineering consultancy services; Pharmaceutical research services; Product quality testing services; Ship design consultancy services; Social science research services; Technical data analysis services; Civil engineering design services; Computer graphics design services; Computer hardware design services; Computer software design services;

Environmental assessment services; Environmental monitoring services; Local planning authority services; Metallurgical laboratory services; Water quality monitoring services; Architectural consultancy services; Civil engineering drawing services; Computer program advisory services; Computer program updating services; Computer virus protection services; Computerised data storage services; Data security services [firewalls]; Environmental consultancy services; Fashion design consulting services; Infrastructure as a service [IaaS]; Landscape lighting design services; Oceanographic prospecting services; Town planning consultancy services; Website usability testing services; Computer disaster recovery services; Computer software advisory services; Computer software updating services; Dental research laboratory services; Interior decoration design services; Meteorological information services; Provision of search engine services; Social science consultancy services; Technological consultation services; Theatrical lighting design services; Computer system integration services; Design services relating to printing; Graphic illustration design services; Medical research laboratory services; Providing quality assurance services; Advisory services relating to science; Chemical research laboratory services; Computer program maintenance services; Computer software consulting services; Computer systems integration services; Data encryption and decoding services; Design services for computer hardware; Quality control of goods and services; Scientific and technological services; Technical diagnostic testing services; Architectural and engineering services; Computer software consultancy services; Computer software maintenance services; Computer software programming services; Industrial engineering design services; Advisory services relating to computers; Biological research laboratory services; Chemical research and analysis services; Computer network configuration services; Engineering project management services; Hosting of software as a service [SaaS]; Services for updating computer software; Building inspection services [surveying]; Graphic illustration services for others; Internet cafe services [computer rental]; Pharmaceutical drug development services; Scientific computer programming services; Analytical services relating to computers; Engineering services for the gas industry; Industrial analysis and research services; Underwater structural inspection services; Advisory services relating to architecture; Advisory services relating to biochemistry; Advisory services relating to pharmacology; Certification services relating to quality; Cloud storage services for electronic data; Computer aided diagnostic testing services; Computer-aided engineering design services; Consultancy services relating to computers; Engineering services relating to computers; Information services relating to computers; Services for reproducing computer programs; Web portal services [designing or hosting]; Analysis services for oil field exploration; Analysis services for oil-field exploration; Application service provider [ASP] services; Cloud storage services for electronic files; Computer aided industrial analysis services; Computer aided industrial research services; Computer aided scientific analysis services; Computer aided scientific research services; Quality control and authentication services; Backup services for computer hard drive data; Computer software technical support services; Information services relating to mathematics; Location of utility lines [mapping services]; Advisory services relating to building design; Advisory services relating to interior design; Advisory services relating to product testing; Authentication services for computer security; Computer database design consultancy services; Design and development services in metallurgy; Design services relating to civil engineering; Design services relating to computer hardware; Engineering services relating to architecture; Environmental testing and inspection services; Services for maintenance of computer software; Advisory services relating to material testing; Services for assessing the safety of chemicals; Advisory services relating to computer hardware; Advisory services relating to computer

software; Advisory services relating to energy efficiency; Advisory services relating to industrial design; Advisory services relating to pollution control; Advisory services relating to the use of energy; Commissioning [testing and inspection] services; Design services relating to interior decoration; Disaster recovery services for computer systems; Information technology [IT] consulting services; Consultancy services relating to quality control; Pharmaceutical research and development services; Advisory services relating to scientific research; Diamond authentication and certification services; Electronic data storage and data back-up services; Engineering services in the field of motive power; Testing services for alarm and monitoring systems; Advisory services relating to computer programming; Architectural services for the design of buildings; Computer programming services for data warehousing; Design services in the field of naval shipbuilding; Gemstone authentication and certification services; Information services relating to quality standards; Layout design services for clean room environments; Security assessment services for computer networks; Services for assessing the efficiency of chemicals; Advisory services relating to gene therapy research; Advisory services relating to planning applications; Animal semen testing services for research purposes; Architectural services relating to land development; Consultation services relating to computer software; Consulting services in the field of cloud computing; Design services relating to the layout of documents; Electronic storage services for archiving databases; Programming services for search engine optimisation; Programming services for search engine optimization; Quality control services for certification purposes; Advisory services relating to computer system design; Advisory services relating to technological research; Industrial analysis and industrial research services; Services for assessing the safety of pharmaceuticals; Advisory services relating to environmental pollution; Engineering services relating to computer programming; Services for assessing the safety of veterinary drugs; Advisory services relating to computer system analysis; Advisory services relating to environmental protection; Advisory services relating to the planning of premises; Computer-aided engineering design and drawing services; Engineering services in the field of energy technology; Engineering services relating to energy supply systems; Research and development services relating to vaccines; Services for assessing the safety of consumer products; Computer aided design services relating to architecture; Draftsman's services in the nature of technical drawing; Engineering services relating to information technology; Information services relating to information technology; Quality control services for certifying product quality; Quality control testing services for forestry equipment; Research and development services relating to medicines; Architectural services for the design of retail premises; Authentication services [product certification services]; Blood analysis services for scientific research purposes; Consultation services relating to architectural planning; Engineering services in the field of building technology; Laboratory research services relating to pharmaceuticals; Services for assessing the efficiency of pharmaceuticals; Technical design services relating to electricity plants; Architectural services for the design of office buildings; Architectural services for the design of shopping centers; Electronic storage services for archiving electronic data; Quality control testing services for industrial machinery; Research and development services relating to fertilisers; Services for assessing the efficiency of veterinary drugs; Technical advisory services relating to computer programs; Architectural services relating to the development of land; Computer programming services for electronic data security; Disaster recovery services for data communications systems; Research and development services in the field of cytology; Software engineering services for data processing programs; Authentication services for electronic documents and e-mail; Quality control testing services for

agricultural machinery; Research and development services in the field of chemistry; Technical design services relating to heating installations; Advisory services relating to the safety testing of products; Computer aided design services relating to building projects; Quality control testing services for horticultural equipment; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of immunology; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings; Certification services for the energy efficiency of buildings; Engineering services in the field of environmental technology; Consultancy services in the field of technological development; Engineering services in the field of communications technology; Planning and layout design services for cleanroom environments; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Security risk assessment services relating to computer systems; Testing services for the certification of quality or standards; Advisory and information services relating to computer software; Computer services in the nature of hosting web sites for others; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Information technology services provided on an outsourcing basis; Technical design services relating to water supply installations; DNA testing services to determine paternity [laboratory services]; Engineering services relating to gas transport and supply systems; Research and development services in the field of immunohistology; Advisory and information services relating to computer peripherals; Advisory services relating to the preparation of quality standards; Designing computer software for controlling self-service terminals; Interior design services incorporating the principles of feng shui; Outsource service providers in the field of information technology; Services for monitoring industrial processes for quality assurance; Computer programming services for commercial analysis and reporting; Industrial analysis and research services in the field of chemistry; Locksmithing services being the design of locks and locking systems; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Design and planning services relating to telecommunication equipment; Consultancy and information services relating to computer programming; Providing information about industrial analysis and research services; Research and development services in the field of antibody technology; Cell culture services for scientific and research purposes, for others; Industrial analysis and research services relating to automobile tires; Programming and software installation, repair and maintenance services; Accreditation services relating to the application of quality standards; Consultancy and information services relating to information technology; Exploration services in the field of the oil, gas and mining industries; Industrial analysis, industrial research and industrial design services; Computer security services for protection against illegal network access; Digital signature verification services [electronic cryptology services]; Occupational health and safety services [ergonomics and design services]; Professional consulting services and advice about agricultural chemistry; Technological advisory services relating to machine engineering analysis; Consultancy and information services relating to computer software design; Research and development services in the field of gene expression systems; User authentication services using technology for e-commerce transactions; Analysis and testing services relating to electrical engineering apparatus; Technical design services relating to cooling appliances and installations; Technical design services relating to sanitary apparatus and installations; Electronic signature verification services [electronic cryptology services]; Consultancy and information services relating to computer system

integration; Providing online information about industrial analysis and research services; Advisory services relating to the design and development of computer hardware; Computer security services [testing and risk assessment of computer networks]; Computer security services in the nature of administering digital certificates; Network security services [testing and risk assessment of electronic networks]; Scientific and technological services and research and design relating thereto; Technological consulting services in the field of alternative energy generation; Consultancy services relating to research in the field of environmental protection; Hosting electronic memory space on the Internet for advertising goods and services; Electronic storage services for archiving databases, images and other electronic data; Consultancy relating to technological services in the field of power and energy supply; Electronic monitoring services for computer security threat analysis for protecting data; Providing information, including online, about industrial analysis and research services; Scientific services relating to the isolation and cultivation of human tissues and cells; Advisory services in the field of product development and quality improvement of software; Inspection services for new and used vehicles for persons buying or selling their vehicles; Development services in the field of computer software and advisory services relating thereto; User authentication services using single sign-on technology for online software applications; Technical consultancy in relation to research services relating to foods and dietary supplements; Computer security services [programming and software installation, repair and maintenance services]; Building and structural inspection services [engineering, quality assessment, and surveying services]; Computer security services [design and development of secure computer hardware, software and systems]; Testing, analysis and evaluation of the goods and services of others for the purpose of certification; Consultancy and information services relating to information technology architecture and infrastructure; Providing user authentication services using single sign-on technology for online software applications; Creating and designing website-based indexes of information for others [information technology services]; Electronic monitoring services for computer security services for protection against illegal network access; Interactive hosting services which allow the users to publish and share their own content and images online; Consultancy and information services relating to the design, programming and maintenance of computer software; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; Providing information, including online, about scientific and technological services and research and design relating thereto; Hat design; Toy design; Ship design; Shop design; Tool design; Dress design; House design; Urban design; Visual design; Fashion design; Graphic design; Jewelry design; Kitchen design; Pattern design; Product design; Website design; Aircraft design; Computer design; Database design; Design of boats; Design of games; Design of logos; Design of shops; Design of tools; Design planning; Design services; Dress designing; Interior design; Software design; Web site design; Furniture design; Packaging design; Technical design; Automotive design; Design of artwork; Design of watches; Industrial design; Web portal design; Design consultancy; Design engineering; Design of clothing; Design of headgear; Design of kitchens; Design of products; Design of software; Design of vehicles; Design of websites; Engineering design; Graphic art design; New product design; Aeronautical design; Design of buildings; Design of computers; Design of furniture; Design of jewellery; Design of packaging; Design of pipelines; Design of web pages;

Design of web sites; Graphic arts design; Architectural design; Business card design; Cake design services; Computer site design; Design of animations; Design of home pages; Design of prostheses; Design of stationery; Design of telephones; Logo design services; Shop interior design; Brand design services; Commercial art design; Design of furnishings; Design of instruments; Design of restaurants; Design of web portals; Dress design services; Industrial art design; Interior decor design; Marine vehicle design; Closet design services; Computer system design; Design of land surveys; Design of new products; Design of office space; Design of shopfittings; Graphic arts designing; Retail design services; Computer systems design; Computer website design; Consumer product design; Design of land vehicles; Design of road networks; Exhibition halls design; Graphic design services; Product design services; Textile design services; Vehicle design services; Website design services; Bathroom design services; Building design services; Clothing design services; Computer design services; Computer hardware design; Computer software design; Design of computer codes; Design of interior decor; Design of Internet pages; Design of printed matter; Design of test apparatus; Dress designing services; Footwear design services; Interior design services; Web page design services; Web site design services; Design of floor coverings; Design of special effects; Design of storage systems; Industrial design styling; Jewellery design services; Landscape lighting design; Commercial design services; Commercial interior design; Design of lighting systems; Furnishing design services; Industrial design services; Interior decorating design; Rental of design equipment; Smartphone software design; Trade mark design services; Website design consultancy; Animation design for others; Design of business premises; Design of computer hardware; Design of computer programs; Design of computer software; Design of consumer products; Design of medical apparatus; Design of mobile telephones; Design of oil-field surveys; Design of printed materials; Design of sports facilities; Design services for artwork; Engineering design services; Environment design services; Homepage and webpage design; Research relating to design; Shopfitting design services; Styling [industrial design]; Web site design consultancy; Design of building interiors; Design of computer databases; Design of computer languages; Design of corporate identity; Design of electrical systems; Design of electronic systems; Design of geological surveys; Design of land vehicle parts; Design of optical components; Architectural design services; Business card design services; Computer aided graphic design; Design of commercial products; Design of fashion accessories; Design of feasibility studies; Design of industrial products; Design of information systems; Design of integrated circuits; Design of interior decoration; Design of layouts for offices; Design of protective clothing; Design services for packaging; Graphic design of trade marks; Clothing and fashion designing; Computer aided design of molds; Computer aided design services; Design of computer peripherals; Design of computers for others; Design of industrial machinery; Designing of computer hardware; Illustration services [design]; Product design and development; Vehicle engine design services; Computer aided design of moulds; Database design and development; Design of child care facilities; Design of communication systems; Design services for brand names; Design services for trade marks; Planning and design of kitchens; Services for the design of maps; Software design and development; Design of computer game software; Design of homepages and websites; Design services for architecture; Image processing software design; Ship design consultancy services; Civil engineering design services; Computer graphics design services; Computer hardware design services; Computer software design services; Design of electric circuit boards; Design of manufacturing apparatus; Industrial and graphic art design; Computer network design for others; Design of communications apparatus; Design of home pages and web sites; Fashion design consulting services; Landscape lighting design

services; Computer software design for others; Design of scale models and dioramas; Graphic design of advertising logos; Interior decoration design services; Theatrical lighting design services; Commercial and graphic art designing; Design and development of prostheses; Design services relating to printing; Graphic design of advertising matter; Graphic illustration design services; Layout design of books and magazines; Computer software design and updating; Design of glass and of glass products; Design services for computer hardware; Graphic design of publicity materials; Set design for theatrical enterprises; Design of equipment for transportation; Design of telecommunications apparatus; Industrial engineering design services; Planning and design of retail premises; Computer-aided design of video graphics; Design and writing of computer software; Graphic design of promotional materials; Design and development of endoprotheses; Design and development of search engines; Planning and design of sports facilities; Updating and design of computer software; Analysis and evaluation of product design; Consultancy with regard to webpage design; Design of clothing, footwear and headgear; Design of computer cluster configurations; Preparation of reports relating to design; Computer-aided engineering design services; Design of telecommunications installations; Web portal services [designing or hosting]; Consultancy in the field of software design; Creating and designing web pages for others; Design and development of computer firmware; Design and development of computer hardware; Design and development of computer software; Designing and creating web sites for others; Designing websites for advertising purposes; Design and development of data entry systems; Design and development of medical technology; Design and development of navigation systems; Design of diagnostic apparatus and equipment; Advisory services relating to building design; Advisory services relating to interior design; Computer database design consultancy services; Creating, designing and maintaining web sites; Design and development of data output systems; Design and development of multimedia products; Design and development services in metallurgy; Design of optical and microoptical components; Design services relating to civil engineering; Design services relating to computer hardware; Design, creation and programming of web pages; Designing of packaging and wrapping materials; Design and creation of homepages and web pages; Design and development of computer peripherals; Design and development of data display systems; Design and development of data storage systems; Design and development of diagnostic apparatus; Design and maintenance of web sites for others; Development, design and updating of home pages; Planning and design of residential communities; Advisory services relating to industrial design; Design and updating of home pages and web pages; Design services relating to interior decoration; Designing and implementing web pages for others; Designing and implementing web sites for others; Technical design and planning of power stations; Consultancy in the field of technological design; Design and development of computer game software; Design and development of homepages and websites; Design and construction of homepages and websites; Design and development of data processing systems; Design and development of data retrieval software; Design and development of electronic dictionaries; Design and development of route planning software; Design and development of single sign-on software; Design of software for use with printing machines; Designing and developing webpages on the internet; Technical design and planning of sewerage systems; Advice relating to the design of computer hardware; Architectural services for the design of buildings; Computer aided design for manufacturing operations; Design and development of virtual reality software; Design and development of word processing software; Design services in the field of naval shipbuilding; Design, development and implementation of software; Layout design services for clean room environments; Design and development of electronic greeting cards; Design and development of new technology for

others; Design of mechanical and micromechanical components; Design services relating to the layout of documents; Advisory services relating to computer system design; Design and development of energy management software; Design and development of Internet security programs; Design and development of wireless computer networks; Design of facilities for the transportation of waste; Design of telecommunications apparatus and equipment; Preparation of reports relating to industrial design; Providing information in the field of product design; Design of apparatus and machines for filling purposes; Design, maintenance and updating of computer software; Design, updating and maintenance of computer software; Computer-aided engineering design and drawing services; Design and development of electronic database software; Design and development of energy distribution networks; Design and development of medical diagnostic apparatus; Design and development of testing and analysis methods; Preparation of reports relating to graphic arts design; Provision of information relating to industrial design; Technical design and planning of heating installations; Computer aided design services relating to architecture; Architectural services for the design of retail premises; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer software architecture; Design and development of software for instant messaging; Design of apparatus and machines in the field of filling; Design, development and programming of computer software; Technical design services relating to electricity plants; Architectural services for the design of office buildings; Architectural services for the design of shopping centers; Design and development of computer software for logistics; Design and development of electronic data security systems; Design and development of software for database management; Design and development of software for website development; Design and maintenance of computer sites for third parties; Development and design of digital sound and image carriers; Technical design and planning of water purification plants; Consultancy relating to the creation and design of websites; Design and development of software for inventory management; Technical design services relating to heating installations; Computer aided design services relating to building projects; Design and graphic arts design for the creation of web sites; Technical design and planning of telecommunications networks; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings; Design of computer programs and software relating to aircraft; Design, maintenance, rental and updating of computer software; Technical design and planning of telecommunications equipment; Consultancy in the design and development of computer hardware; Design and development of wireless data transmission apparatus; Planning and layout design services for cleanroom environments; Providing information in the field of computer software design; Design and development of computer software for process control; Design and development of regenerative energy generation systems; Research, development, design and upgrading of computer software; Technical design services relating to water supply installations; Consultancy relating to the design of homepages and Internet pages; Design and development of software for importing and managing data; Design, maintenance, development and updating of computer software; Designing computer software for controlling self-service terminals; Interior design services incorporating the principles of feng shui; Consultancy relating to the design of home pages and Internet sites; Designing and planning of real estate subdivisions and developments; Locksmithing services being the design of locks and locking systems; Providing information in the field of interior design via a website; Design and planning services relating to telecommunication equipment; Providing information in the field of interior design via a web site; Design and development of software in the field of mobile applications; Design and development of computer software

for supply chain management; Industrial analysis, industrial research and industrial design services; Occupational health and safety services [ergonomics and design services]; Consultancy and information services relating to computer software design; Technical design and planning of pipelines for gas, water and waste water; Consultancy relating to the creation and design of websites for e-commerce; Design and development of computer hardware for the manufacturing industry; Design and development of virtual private network (VPN) operating software; Technical design services relating to cooling appliances and installations; Technical design services relating to sanitary apparatus and installations; Design and development of computer software for use with medical technology; Design and development of software for electronic television program guides; Design and development of computer hardware for the manufacturing industries; Design and graphic arts design for the creation of web pages on the Internet; Advisory services relating to the design and development of computer hardware; Design and development of computer game software and virtual reality software; Design and development of operating software for computer networks and servers; Scientific and technological services and research and design relating thereto; Consultancy relating to the design and development of computer software programs; Design and development of computer software for evaluation and calculation of data; Planning, design, development and maintenance of online websites for third parties; Design and development of electronic language translation dictionaries and databases; Design of mechanical, electromechanical and optoelectronic apparatus and instruments; Design and development of computer software for reading, transmitting and organising data; Design and development of software and hardware for signal amplification and transmission; Design and development of systems for data input, output, processing, display and storage; Design and development of wireless data transmission apparatus, instruments and equipment; Design and development of operating software for accessing and using a cloud computing network; Design and development of software for control, regulation and monitoring of solar energy systems; Providing information about the design and development of computer software, systems and networks; Computer security services [design and development of secure computer hardware, software and systems]; Providing information, including online, about design and development of computer hardware and software; Creating and designing website-based indexes of information for others [information technology services]; Design and development of computer software for logistics, supply chain management and e-business portals; Consultancy and information services relating to the design, programming and maintenance of computer software; Providing information, including online, about scientific and technological services and research and design relating thereto; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Industrial design; Industrial testing; Industrial analysis; Industrial research; Industrial art design; Industrial inspection; Industrial design styling; Industrial design services; Styling [industrial design]; Industrial analysis services; Industrial research services; Design of industrial products; Design of industrial machinery; Industrial process development; Computer aided industrial testing; Industrial and graphic art design; Scientific and industrial research; Development of industrial machinery; Development of industrial processes; Industrial research of new products; Industrial engineering design services; Industrial analysis and research services; Research relating to industrial machinery; Computer aided industrial analysis services; Computer aided industrial research services; Advisory services relating to industrial design; Inspection [testing] of industrial installations; Industrial analysis and industrial research services; Preparation of reports relating to industrial design; Provision of

information relating to industrial design; Quality control testing services for industrial machinery; Architectural services for the design of industrial buildings; Services for monitoring industrial processes for quality assurance; Industrial analysis and research services in the field of chemistry; Providing information about industrial analysis and research services; Industrial analysis and research services relating to automobile tires; Industrial analysis, industrial research and industrial design services; Providing online information about industrial analysis and research services; Providing information, including online, about industrial analysis and research services; Water analysis; Analysis of air; Analysis of water; Chemical analysis; Computer analysis; Toxicity analysis; Biological analysis; Industrial analysis; Laboratory analysis; Scientific analysis; Biochemical analysis; Analysis of materials; Analysis of oil fields; Metallurgical analysis; Tyre analysis services; Blood analysis services; Analysis of oil deposits; Bacteriological analysis; Computer system analysis; Analysis for oil research; Analysis of water quality; Computer systems analysis; Seismic analysis services; Analysis of oil reservoirs; Chemical analysis services; Industrial analysis services; Analysis of building materials; Analysis of geological samples; Chemical research and analysis; Technological analysis services; Analysis of stream water quality; Biological research and analysis; Scientific research and analysis; Technical data analysis services; Biochemical research and analysis; Handwriting analysis [graphology]; Scientific and technical analysis; Analysis for oil field exploration; Analysis for oil-field exploitation; Soil sampling for analysis purposes; Product analysis for quality control; Analysis of telecommunication signals; Bacteriological research and analysis; Chemical research and analysis services; Analysis in the field of oil exploration; Analysis of tissues for medical research; Analysis and evaluation of product design; Industrial analysis and research services; Analysis in the field of molecular biology; Analysis services for oil field exploration; Analysis services for oil-field exploration; Computer aided industrial analysis services; Computer aided scientific analysis services; Analysis of human serum for medical research; Structural and functional analysis of genomes; Analysis and evaluation of product development; Analysis of human tissues for medical research; Greenhouse gas emission measuring and analysis; In vitro analysis for scientific research purposes; Consultancy in the field of computer system analysis; Industrial analysis and industrial research services; Computer security threat analysis for protecting data; Advisory services relating to computer system analysis; Design and development of testing and analysis methods; Testing, analysis and monitoring of navigation signals; Blood analysis services for scientific research purposes; Testing, analysis and monitoring of telecommunication signals; Analysis of the mode of action of chemical combinations on animals; Comparative analysis studies of the performance of computer systems; Computer programming services for commercial analysis and reporting; Industrial analysis and research services in the field of chemistry; Technological analysis relating to energy and power needs of others; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Providing information about industrial analysis and research services; Industrial analysis and research services relating to automobile tires; Industrial analysis, industrial research and industrial design services; Preparation of biological samples for analysis in research laboratories; Technological advisory services relating to machine engineering analysis; Analysis and testing services relating to electrical engineering apparatus; Providing online information about industrial analysis and research services; Preparation of immunohistological samples for analysis in research laboratories; Preparation of biological samples for testing and analysis in research laboratories; Electronic monitoring services for computer security threat analysis for protecting data; Providing

information, including online, about industrial analysis and research services; Testing, analysis and evaluation of the goods and services of others for the purpose of certification; Food research; Genetic research; Medical research; Physics research; Product research; Research on food; Chemical research; Cosmetic research; Research services; Software research; Cosmetics research; Stem cell research; Technical research; Biological research; Electrical research; Geological research; Industrial research; Laboratory research; Mechanical research; Scientific research; Biochemical research; Documentary research; Engineering research; Research consultancy; Agricultural research; Hydrological research; Photographic research; Research laboratories; Archeological research; Architectural research; Biotechnology research; Technological research; Tyre research services; Archaeological research; Meteorological research; Bacteriological research; Analysis for oil research; Biotechnological research; Electrotechnical research; Medical research services; Building research services; Chemical research services; Computer research services; Computer software research; Electrical safety research; Research into new products; Research relating to design; Research relating to safety; Stem cell research services; Technical research services; Biological research services; Biomedical research services; Industrial research services; Research relating to hygiene; Research relating to physics; Research relating to science; Scientific research services; Geophysical research services; Rental of research facilities; Research relating to medicine; Research relating to security; Agricultural research services; Agrochemical research services; Biochemistry research services; Chemical research and analysis; Mathematical research services; Provision of research services; Research relating to buildings; Research relating to chemicals; Research relating to chemistry; Research relating to computers; Chemical technological research; Oceanographic research services; Research in the field of energy; Research relating to technology; Biological research and analysis; Pharmaceutical research services; Product research and development; Research in the field of ecology; Research in the field of physics; Research in the field of welding; Research relating to agriculture; Research relating to engineering; Research to develop new products; Scientific research and analysis; Social science research services; Biochemical research and analysis; Research in the field of genomics; Research relating to architecture; Research relating to bacteriology; Research relating to demography; Research relating to horticulture; Research relating to insecticides; Geological estimation and research; Research in the field of chemistry; Research in the field of hair care; Research relating to biotechnology; Scientific and industrial research; Dental research laboratory services; Geological estimations and research; Industrial research of new products; Research of new products for others; Research relating to plant breeding; Scientific research and development; Bacteriological research and testing; Biochemical research and development; Medical research laboratory services; Research relating to data processing; Research relating to pharmaceuticals; Bacteriological research and analysis; Chemical research laboratory services; Research in the field of gene therapy; Research in the field of social media; Research relating to telecommunication; Archaeological exploration and research; Biological research laboratory services; Chemical research and analysis services; Pharmaceutical research and development; Research in the field of climate change; Research relating to molecular sciences; Scientific research relating to biology; Scientific research relating to ecology; Technical research projects and studies; Analysis of tissues for medical research; Research and development of new products; Scientific research for medical purposes; Scientific research relating to genetics; Bacteriological consultation and research; Industrial analysis and research services; Research in the field of pharmacogenetics; Research relating to computer programming; Research relating to industrial machinery;

Scientific research relating to chemistry; Scientific research relating to cosmetics; Management of scientific research projects; Research in the field of computer hardware; Research on the subject of pharmaceuticals; Computer aided industrial research services; Computer aided scientific research services; Research relating to mechanical engineering; Allergy testing for research and science use; Analysis of human serum for medical research; DNA sequencing for medical research purposes; Scientific research in the field of pharmacy; Scientific research relating to bacteriology; Laboratory research in the field of chemistry; Laboratory research in the field of cosmetics; Preparation of technological research reports; Research and development of computer software; Research in the reduction of carbon emissions; Research relating to environmental protection; Analysis of human tissues for medical research; DNA screening for scientific research purposes; Research in the field of building construction; Technical research in the field of aeronautics; Research in the field of information technology; Genetic testing for scientific research purposes; Mechanical research in the field of motor sports; Pharmaceutical research and development services; Research in the area of environmental protection; Research in the field of artificial intelligence; Research in the field of manufacturing machinery; Advisory services relating to scientific research; In vitro testing for scientific research purposes; Preparation of statistics for scientific research; Research in the field of environmental protection; Scientific research relating to chemical products; Consultancy in the field of technological research; In vitro analysis for scientific research purposes; Research and development of vaccines and medicines; Research in the field of communications technology; Research on building construction or city planning; Advisory services relating to gene therapy research; Animal semen testing services for research purposes; Consultancy in the field of pharmaceutical research; Laboratory research in the field of gene expression; Research and development of new products for others; Research in the field of data processing technology; Research in the field of environmental conservation; Advisory services relating to technological research; Industrial analysis and industrial research services; Preparation of reports relating to chemical research; Preparation of reports relating to technical research; Preparation of reports relating to scientific research; Research and development in the field of biotechnology; Research and development services relating to vaccines; Research in the field of telecommunications technology; Scientific research relating to hair care preparations; Preparation of biological samples for research purposes; Research and development services relating to medicines; Research in the field of computer programs and software; Blood analysis services for scientific research purposes; Laboratory research services relating to pharmaceuticals; Provision of information relating to scientific research; Research and development for the pharmaceutical industry; Scientific research into the development of new products; Preparation of reports relating to technological research; Research and development services relating to fertilisers; Research relating to the development of computer hardware; Research relating to the development of computer software; Research and development services in the field of cytology; Genetic testing of laboratory animals for research purposes; Provision of information relating to technological research; Research and development services in the field of chemistry; Research in the area of semiconductor processing technology; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of immunology; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Research and development in the field of diagnostic preparations; Research,

development, design and upgrading of computer software; Scientific and technological research relating to patent mapping; Research and development in the field of microorganisms and cells; Research and development services in the field of immunohistology; Industrial analysis and research services in the field of chemistry; Scientific research in the field of genetics and genetic engineering; Providing information about industrial analysis and research services; Research and development services in the field of antibody technology; Cell culture services for scientific and research purposes, for others; Industrial analysis and research services relating to automobile tires; Research relating to the development of computer programs and software; Industrial analysis, industrial research and industrial design services; Preparation of biological samples for analysis in research laboratories; Providing information in the field of plant genetics research resources; Scientific and technological research in the field of natural disasters; Research and development services in the field of gene expression systems; Integrated scientific research on vermin for greenhouses and harvest crops; Scientific research for medical purposes in the area of cancerous diseases; Providing online information about industrial analysis and research services; Consultancy relating to research and development in the field of therapeutics; Scientific and technological services and research and design relating thereto; Preparation of immunohistological samples for analysis in research laboratories; Consultancy services relating to research in the field of environmental protection; Preparation of biological samples for testing and analysis in research laboratories; Conducting research and technical project studies relating to the use of natural energy; Providing information, including online, about industrial analysis and research services; Research and development of new products for third parties in the field of plastic materials; Provision of information and data relating to medical and veterinary research and development; Technical consultancy in relation to the technical research in the field of food and beverages; Technical consultancy in relation to research services relating to foods and dietary supplements; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Providing on-line information in the field of technological research from a computer database or the Internet; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Provision of information concerning research and technical project studies relating to the use of natural energy; Providing information, including online, about scientific and technological services and research and design relating thereto; Design services; Mapping services; Agronomy services; Research services; Chemistry services; Surveying services; Laboratory services; Cake design services; Calibration services; Cartography services; Engineering services; Graphic art services; Logo design services; Measurement services; Biochemistry services; Brand design services; Coin grading services; Dress design services; Gemmological services; Seed testing services; Soil testing services; Well logging services; Architectural services; Closet design services; Cryptanalysis services; Illustrators' services; Retail design services; Tyre analysis services; Tyre research services; Blood analysis services; Data migration services; Drug discovery services; Graphic design services; Photogrammetry services; Product design services; Soil analysing services; Textile design services; Vehicle design services; Website design services; Bathroom design services; Building design services; Clothing design services; Cloud computing services; Computer design services; Computer rental services; Data cryptology services; Data decryption services; Data encryption services; Dress designing services; Footwear design services; Interior design services; Quality control services; Tyre inspection services; Web page design services; Web site design services; Website hosting services; Aerial

surveying services; Computer network services; Drug development services; Jewellery design services; Marine surveying services; Material testing services; Medical research services; Seismic analysis services; Technical survey services; Web site hosting services; Building research services; Chemical analysis services; Chemical research services; Commercial design services; Computer advisory services; Computer firewall services; Computer forensic services; Computer research services; Furnishing design services; Industrial design services; Technical drawing services; Technical testing services; Trade mark design services; Biological cloning services; Demographic survey services; Design services for artwork; Engineering design services; Environment design services; Laboratory testing services; Medical laboratory services; Quality control of services; Scientific testing services; Shopfitting design services; Stem cell research services; Technical research services; Biological research services; Biomedical research services; Chemical laboratory services; Engineering drawing services; Genetic engineering services; Industrial analysis services; Industrial research services; Mineral exploration services; Naval architectural services; Pipeline inspection services; Scientific advisory services; Scientific research services; Software consulting services; Weather forecasting services; Weather information services; Website development services; Air flow measurement services; Architectural design services; Business card design services; Computer co-location services; Computer programming services; Database development services; Design services for packaging; Geophysical research services; Software consultancy services; Software development services; Software maintenance services; Technical inspection services; Website load testing services; Agricultural research services; Agrochemical research services; Analytical laboratory services; Biochemistry research services; Biological laboratory services; Computer aided design services; Computer time-sharing services; Illustration services [design]; Marine chart updating services; Mathematical research services; Provision of research services; Quality accreditation services; Scientific laboratory services; Services for renting computers; Vehicle engine design services; Veterinary laboratory services; Water quality control services; Architectural advisory services; Architectural planning services; Cloud hosting provider services; Computer aided testing services; Design services for brand names; Design services for trade marks; Electrical engineering services; Electronic data backup services; Geological exploration services; Information technology services; Mechanical engineering services; Oceanographic research services; Product safety testing services; Remote computer backup services; Services for the design of maps; Structural engineering services; Technological advisory services; Technological analysis services; Technological planning services; Town planning advisory services; Biochemical engineering services; Design services for architecture; Electronic data back-up services; Electronic data storage services; Engineering consultancy services; Pharmaceutical research services; Product quality testing services; Ship design consultancy services; Social science research services; Technical data analysis services; Civil engineering design services; Computer graphics design services; Computer hardware design services; Computer software design services; Environmental assessment services; Environmental monitoring services; Local planning authority services; Metallurgical laboratory services; Water quality monitoring services; Architectural consultancy services; Civil engineering drawing services; Computer program advisory services; Computer program updating services; Computer virus protection services; Computerised data storage services; Data security services [firewalls]; Environmental consultancy services; Fashion design consulting services; Landscape lighting design services; Oceanographic prospecting services; Town planning consultancy services; Website usability testing services; Computer disaster recovery services; Computer software advisory

services; Computer software updating services; Dental research laboratory services; Interior decoration design services; Meteorological information services; Provision of search engine services; Social science consultancy services; Technological consultation services; Theatrical lighting design services; Computer system integration services; Design services relating to printing; Graphic illustration design services; Medical research laboratory services; Providing quality assurance services; Advisory services relating to science; Chemical research laboratory services; Computer program maintenance services; Computer software consulting services; Computer systems integration services; Data encryption and decoding services; Design services for computer hardware; Quality control of goods and services; Scientific and technological services; Technical diagnostic testing services; Architectural and engineering services; Computer software consultancy services; Computer software maintenance services; Computer software programming services; Industrial engineering design services; Advisory services relating to computers; Biological research laboratory services; Chemical research and analysis services; Computer network configuration services; Engineering project management services; Services for updating computer software; Building inspection services [surveying]; Graphic illustration services for others; Internet cafe services [computer rental]; Pharmaceutical drug development services; Scientific computer programming services; Analytical services relating to computers; Engineering services for the gas industry; Industrial analysis and research services; Underwater structural inspection services; Advisory services relating to architecture; Advisory services relating to biochemistry; Advisory services relating to pharmacology; Certification services relating to quality; Cloud storage services for electronic data; Computer aided diagnostic testing services; Computer-aided engineering design services; Consultancy services relating to computers; Engineering services relating to computers; Information services relating to computers; Services for reproducing computer programs; Web portal services [designing or hosting]; Analysis services for oil field exploration; Analysis services for oil-field exploration; Application service provider [ASP] services; Cloud storage services for electronic files; Computer aided industrial analysis services; Computer aided industrial research services; Computer aided scientific analysis services; Computer aided scientific research services; Quality control and authentication services; Backup services for computer hard drive data; Computer software technical support services; Information services relating to mathematics; Location of utility lines [mapping services]; Advisory services relating to building design; Advisory services relating to interior design; Advisory services relating to product testing; Authentication services for computer security; Computer database design consultancy services; Design and development services in metallurgy; Design services relating to civil engineering; Design services relating to computer hardware; Engineering services relating to architecture; Environmental testing and inspection services; Services for maintenance of computer software; Advisory services relating to material testing; Services for assessing the safety of chemicals; Advisory services relating to computer hardware; Advisory services relating to computer software; Advisory services relating to energy efficiency; Advisory services relating to industrial design; Advisory services relating to pollution control; Advisory services relating to the use of energy; Commissioning [testing and inspection] services; Design services relating to interior decoration; Disaster recovery services for computer systems; Information technology [IT] consulting services; Consultancy services relating to quality control; Pharmaceutical research and development services; Advisory services relating to scientific research; Diamond authentication and certification services; Electronic data storage and data back-up services; Engineering services in the field of motive power; Testing services for alarm and monitoring systems; Advisory services relating to computer programming;

Architectural services for the design of buildings; Computer programming services for data warehousing; Design services in the field of naval shipbuilding; Gemstone authentication and certification services; Information services relating to quality standards; Layout design services for clean room environments; Security assessment services for computer networks; Services for assessing the efficiency of chemicals; Advisory services relating to gene therapy research; Advisory services relating to planning applications; Animal semen testing services for research purposes; Architectural services relating to land development; Consultation services relating to computer software; Consulting services in the field of cloud computing; Design services relating to the layout of documents; Electronic storage services for archiving databases; Programming services for search engine optimisation; Programming services for search engine optimization; Quality control services for certification purposes; Advisory services relating to computer system design; Advisory services relating to technological research; Industrial analysis and industrial research services; Services for assessing the safety of pharmaceuticals; Advisory services relating to environmental pollution; Engineering services relating to computer programming; Services for assessing the safety of veterinary drugs; Advisory services relating to computer system analysis; Advisory services relating to environmental protection; Advisory services relating to the planning of premises; Computer-aided engineering design and drawing services; Engineering services in the field of energy technology; Engineering services relating to energy supply systems; Research and development services relating to vaccines; Services for assessing the safety of consumer products; Computer aided design services relating to architecture; Draftsman's services in the nature of technical drawing; Engineering services relating to information technology; Information services relating to information technology; Quality control services for certifying product quality; Quality control testing services for forestry equipment; Research and development services relating to medicines; Architectural services for the design of retail premises; Authentication services [product certification services]; Blood analysis services for scientific research purposes; Consultation services relating to architectural planning; Engineering services in the field of building technology; Laboratory research services relating to pharmaceuticals; Services for assessing the efficiency of pharmaceuticals; Technical design services relating to electricity plants; Architectural services for the design of office buildings; Architectural services for the design of shopping centers; Electronic storage services for archiving electronic data; Quality control testing services for industrial machinery; Research and development services relating to fertilisers; Services for assessing the efficiency of veterinary drugs; Technical advisory services relating to computer programs; Architectural services relating to the development of land; Computer programming services for electronic data security; Disaster recovery services for data communications systems; Research and development services in the field of cytology; Software engineering services for data processing programs; Authentication services for electronic documents and e-mail; Quality control testing services for agricultural machinery; Research and development services in the field of chemistry; Technical design services relating to heating installations; Advisory services relating to the safety testing of products; Computer aided design services relating to building projects; Quality control testing services for horticultural equipment; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of immunology; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings; Certification services for the energy efficiency of buildings; Engineering services in the field of environmental technology; Consultancy services in the field of

technological development; Engineering services in the field of communications technology; Planning and layout design services for cleanroom environments; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Security risk assessment services relating to computer systems; Testing services for the certification of quality or standards; Advisory and information services relating to computer software; Computer services in the nature of hosting web sites for others; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Information technology services provided on an outsourcing basis; Technical design services relating to water supply installations; DNA testing services to determine paternity [laboratory services]; Engineering services relating to gas transport and supply systems; Research and development services in the field of immunohistology; Advisory and information services relating to computer peripherals; Advisory services relating to the preparation of quality standards; Interior design services incorporating the principles of feng shui; Services for monitoring industrial processes for quality assurance; Computer programming services for commercial analysis and reporting; Industrial analysis and research services in the field of chemistry; Locksmithing services being the design of locks and locking systems; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Design and planning services relating to telecommunication equipment; Consultancy and information services relating to computer programming; Providing information about industrial analysis and research services; Research and development services in the field of antibody technology; Cell culture services for scientific and research purposes, for others; Industrial analysis and research services relating to automobile tires; Programming and software installation, repair and maintenance services; Accreditation services relating to the application of quality standards; Consultancy and information services relating to information technology; Exploration services in the field of the oil, gas and mining industries; Industrial analysis, industrial research and industrial design services; Computer security services for protection against illegal network access; Digital signature verification services [electronic cryptology services]; Occupational health and safety services [ergonomics and design services]; Professional consulting services and advice about agricultural chemistry; Technological advisory services relating to machine engineering analysis; Consultancy and information services relating to computer software design; Research and development services in the field of gene expression systems; User authentication services using technology for e-commerce transactions; Analysis and testing services relating to electrical engineering apparatus; Technical design services relating to cooling appliances and installations; Technical design services relating to sanitary apparatus and installations; Electronic signature verification services [electronic cryptology services]; Consultancy and information services relating to computer system integration; Providing online information about industrial analysis and research services; Advisory services relating to the design and development of computer hardware; Computer security services [testing and risk assessment of computer networks]; Computer security services in the nature of administering digital certificates; Network security services [testing and risk assessment of electronic networks]; Scientific and technological services and research and design relating thereto; Technological consulting services in the field of alternative energy generation; Consultancy services relating to research in the field of environmental protection; Hosting electronic memory space on the Internet for advertising goods and services; Electronic storage services for archiving databases, images and other electronic data; Consultancy relating to technological services in the field of power and energy supply; Electronic

monitoring services for computer security threat analysis for protecting data; Providing information, including online, about industrial analysis and research services; Scientific services relating to the isolation and cultivation of human tissues and cells; Advisory services in the field of product development and quality improvement of software; Inspection services for new and used vehicles for persons buying or selling their vehicles; Development services in the field of computer software and advisory services relating thereto; User authentication services using single sign-on technology for online software applications; Technical consultancy in relation to research services relating to foods and dietary supplements; Computer security services [programming and software installation, repair and maintenance services]; Building and structural inspection services [engineering, quality assessment, and surveying services]; Computer security services [design and development of secure computer hardware, software and systems]; Testing, analysis and evaluation of the goods and services of others for the purpose of certification; Consultancy and information services relating to information technology architecture and infrastructure; Providing user authentication services using single sign-on technology for online software applications; Creating and designing website-based indexes of information for others [information technology services]; Electronic monitoring services for computer security services for protection against illegal network access; Interactive hosting services which allow the users to publish and share their own content and images online; Consultancy and information services relating to the design, programming and maintenance of computer software; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; Providing information, including online, about scientific and technological services and research and design relating thereto; Product development; Software development; Development of engines; Development of aircraft; Development of software; Development of vehicles; Development of computers; Development of prostheses; Drug development services; Development of new products; Computer systems development; Website development services; Computer hardware development; Computer software development; Database development services; Development of computer codes; Development of test equipment; Software development services; Development of computer system; Development of pharmaceuticals; Development of testing methods; Industrial process development; Product design and development; Product development for others; Website development for others; Database design and development; Development of computer systems; Software design and development; Development of computer hardware; Development of computer programs; Development of computer software; Product development consultation; Product research and development; Development of computer platforms; Development of computer programmes; Development of industrial machinery; Development of industrial processes; Scientific research and development; Biochemical research and development; Design and development of prostheses; Development of computer game software; Development of computer based networks; Pharmaceutical research and development; Design and development of endoprostheses; Design and development of search engines; Development of new technology for others; Pharmaceutical drug development services; Research and development of new products; Rental of video game development software; Rental of software for website development; Design and development of computer firmware; Design and development of computer hardware; Design and development of computer software; Design and development of data entry

systems; Design and development of medical technology; Design and development of navigation systems; Development of measuring and testing methods; Design and development of data output systems; Design and development of multimedia products; Design and development services in metallurgy; Development of programmes for data processing; Research and development of computer software; Analysis and evaluation of product development; Design and development of computer peripherals; Design and development of data display systems; Design and development of data storage systems; Design and development of diagnostic apparatus; Development of systems for the storage of data; Development, design and updating of home pages; Programming of software for website development; Design and development of computer game software; Design and development of homepages and websites; Development and maintenance of computer software; Development of electronic surveillance apparatus; Pharmaceutical research and development services; Design and development of data processing systems; Design and development of data retrieval software; Design and development of electronic dictionaries; Design and development of route planning software; Design and development of single sign-on software; Development of systems for the processing of data; Design and development of virtual reality software; Design and development of word processing software; Design, development and implementation of software; Development of energy and power management systems; Research and development of vaccines and medicines; Architectural services relating to land development; Design and development of electronic greeting cards; Design and development of new technology for others; Development and test of chemical production methods; Development of computer hardware for computer games; Development of systems for the transmission of data; Research and development of new products for others; Design and development of energy management software; Design and development of Internet security programs; Design and development of wireless computer networks; Development of software for secure network operations; Development of testing apparatus for electrical wires; Technical consultancy relating to product development; Design and development of electronic database software; Design and development of energy distribution networks; Design and development of medical diagnostic apparatus; Design and development of testing and analysis methods; Development of computer software application solutions; Research and development in the field of biotechnology; Research and development services relating to vaccines; Research and development services relating to medicines; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer software architecture; Design and development of software for instant messaging; Design, development and programming of computer software; Development of pharmaceutical preparations and medicines; Research and development for the pharmaceutical industry; Scientific research into the development of new products; Design and development of computer software for logistics; Development and maintenance of computer database software; Providing information in the field of product development; Research and development services relating to fertilisers; Research relating to the development of computer hardware; Research relating to the development of computer software; Architectural services relating to the development of land; Design and development of electronic data security systems; Design and development of software for database management; Design and development of software for website development; Development and design of digital sound and image carriers; Research and development services in the field of cytology; Design and development of software for inventory management; Research and development services in the field of chemistry; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and

development services in the field of immunology; Software development in the framework of software publishing; Consultancy in the design and development of computer hardware; Consultancy services in the field of technological development; Design and development of wireless data transmission apparatus; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Design and development of computer software for process control; Research and development services relating to computer hardware; Design and development of regenerative energy generation systems; Research and development in the field of diagnostic preparations; Research, development, design and upgrading of computer software; Development of data processing programs by order of third parties; Research and development in the field of microorganisms and cells; Research and development services in the field of immunohistology; Design and development of software for importing and managing data; Design, maintenance, development and updating of computer software; Designing and planning of real estate subdivisions and developments; Development and creation of computer programmes for data processing; Providing information in the field of computer software development; Development and testing of computing methods, algorithms and software; Research and development services in the field of antibody technology; Design and development of software in the field of mobile applications; Development of computer programs for simulating laboratory experiments; Development of computer software for use with programmable controllers; Development, updating and maintenance of software and database systems; Research relating to the development of computer programs and software; Design and development of computer software for supply chain management; Research and development services in the field of gene expression systems; Design and development of computer hardware for the manufacturing industry; Design and development of virtual private network (VPN) operating software; Design and development of computer software for use with medical technology; Design and development of software for electronic television program guides; Design and development of computer hardware for the manufacturing industries; Advisory services relating to the design and development of computer hardware; Consultancy relating to research and development in the field of therapeutics; Design and development of computer game software and virtual reality software; Design and development of operating software for computer networks and servers; Consultancy relating to the design and development of computer software programs; Design and development of computer software for evaluation and calculation of data; Development of computer software for creating electronic television program guides; Development, maintenance and updating of a telecommunication network search engine; Planning, design, development and maintenance of online websites for third parties; Development of computer software for use with computer-controlled switching systems; Design and development of electronic language translation dictionaries and databases; Providing temporary use of on-line non-downloadable software for web site development; Advisory services in the field of product development and quality improvement of software; Design and development of computer software for reading, transmitting and organising data; Design and development of software and hardware for signal amplification and transmission; Design and development of systems for data input, output, processing, display and storage; Design and development of wireless data transmission apparatus, instruments and equipment; Research and development of new products for third parties in the field of plastic materials; Development services in the field of computer software and advisory services relating thereto; Provision of information and data relating to medical and veterinary research and development; Design and development of operating software for accessing and using a cloud computing network; Development of computer software for logistics,

supply chain management and e-business portals; Design and development of software for control, regulation and monitoring of solar energy systems; Providing information about the design and development of computer software, systems and networks; Computer security services [design and development of secure computer hardware, software and systems]; Providing information, including online, about design and development of computer hardware and software; Design and development of computer software for logistics, supply chain management and e-business portals; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Computer hire; Computer design; Computer rental; Computer leasing; Computer analysis; Design of computers; Rental of computers; Computer consultancy; Computer engineering; Computer programming; Computer site design; Leasing of computers; Testing of computers; Computer time-sharing; Computer system design; Personal computer hire; Computer systems design; Computer website design; Back-up of computer data; Computer design services; Computer hardware design; Computer rental services; Computer software design; Computer software rental; Computer software repair; Computer system analysis; Design of computer codes; Development of computers; Computer network services; Computer systems analysis; Computerised data storage; Recovery of computer data; Renting computer software; Computer advisory services; Computer firewall services; Computer forensic services; Computer research services; Computer software research; Design of computer hardware; Design of computer programs; Design of computer software; Leasing computer facilities; Rental of computer firmware; Rental of computer hardware; Rental of computer programs; Rental of computer software; Repair of computer software; Computer software consulting; Computer systems development; Copying of computer software; Design of computer databases; Design of computer languages; Developing computer software; Editing of computer programs; Installing computer programs; Leasing of computer hardware; Leasing of computer programs; Leasing of computer software; Rental of computer apparatus; Rental of computer equipment; Testing of computer hardware; Testing of computer programs; Testing of computer software; Writing of computer programs; Writing of computer software; Computer aided graphic design; Computer co-location services; Computer hardware development; Computer programming services; Computer security consultancy; Computer security engineering; Computer software consultancy; Computer software development; Computer software integration; Creating of computer programs; Development of computer codes; Duplicating computer programs; Leasing of computer apparatus; Leasing of computer equipment; Rental of computer middleware; Rental of computer programmes; Updating of computer programs; Updating of computer software; Computer aided design of molds; Computer aided design services; Computer software installation; Computer time-sharing services; Design of computer peripherals; Design of computers for others; Designing of computer hardware; Development of computer system; Leasing of computer programmes; Modifying of computer programs; Rental of computer peripherals; Research relating to computers; Services for renting computers; Up-dating of computer software; Upgrading of computer software; Computer aided design of moulds; Computer aided testing services; Computer technology consultancy; Development of computer systems; Duplicating computer programmes; Remote computer backup services; Compilation of computer programs; Computer programming consultancy; Design of computer game software; Development of computer hardware; Development of computer programs; Development of computer software; Duplication of computer programs; Duplication of computer software; Maintenance of computer programs; Maintenance of computer software; Rental of computers and software; Translation of computer

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for

coin-operated apparatus; cash registers, calculating machines, data processing equipment; computers; computer software; fire-extinguishing apparatus; 3D spectacles; abacuses; accumulators, electric; acid hydrometers; acidimeters for batteries; acoustic alarms / sound alarms; acoustic conduits; acoustic couplers; actinometers; adding machines; aerials; aerometers; air analysis apparatus; alarm bells, electric; alarms; alcoholmeters; alidades; altimeters; ammeters; amplifiers; amplifying tubes / amplifying valves; anemometers; animated cartoons; anode batteries / high tension batteries; anodes; answering machines; anti-dazzle shades; anti-glare glasses; anti-glare visors; anti-interference devices [electricity]; anti-theft warning apparatus; anticathodes; apertometers [optics]; apparatus and installations for the production of X-rays, not for medical purposes; apparatus and instruments for astronomy; apparatus and instruments for physics; apparatus for changing record player needles; apparatus for editing cinematographic film; apparatus for fermentation [laboratory apparatus]; apparatus for measuring the thickness of skins; apparatus to check franking; appliances for measuring the thickness of leather; armatures [electricity]; asbestos clothing for protection against fire; asbestos gloves for protection against accidents; asbestos screens for firemen; audio- and video-receivers; audio interfaces; audio mixers; audiovisual teaching apparatus; automated teller machines [ATM]; automatic indicators of low pressure in vehicle tires; azimuth instruments; baby monitors; baby scales; bags adapted for laptops; balances [steelyards]; balancing apparatus; bar code readers; barometers; bathroom scales; batteries, electric; batteries, electric, for vehicles; batteries for lighting; batteries for electronic cigarettes; battery boxes / accumulator jars; battery chargers; battery jars / accumulator jars; beacons, luminous; bells [warning devices]; betatrons; binoculars; biochips; black boxes [data recorders]; blinkers [signalling lights]; blueprint apparatus; boiler control instruments; branch boxes [electricity]; breathing apparatus, except for artificial respiration; breathing apparatus for underwater swimming; bullet-proof waistcoats; bullet-proof clothing; buzzers; cabinets for loudspeakers; cables, electric; calculating disks; calculating machines; calibrating rings; calipers; calorimeters; camcorders; cameras [photography]; capacitors; capillary tubes; carpenters' rules; carriers for dark plates [photography]; cases especially made for photographic apparatus and instruments; cases for smartphones; cases fitted with dissecting instruments [microscopy]; cash registers; cassette players; cathodes; cathodic anti-corrosion apparatus; cell switches [electricity] / reducers [electricity]; cell phone straps; centering apparatus for photographic transparencies; apparatus for changing record player needles; central processing units [processors]; chargers for electric batteries; chargers for electronic cigarettes; charging stations for electric vehicles; apparatus to check franking / apparatus to check stamping mail; chemistry apparatus and instruments; chips [integrated circuits]; choking coils [impedance]; chromatography apparatus for laboratory use; chronographs [time recording apparatus]; cinematographic cameras; cinematographic film, exposed; circuit breakers; circuit closers; circular slide rules; cleaning apparatus for phonograph records; close-up lenses; clinometers; clothing especially made for laboratories; clothing for protection against accidents, irradiation and fire; clothing for protection against fire; coaxial cables; coils, electric; coin-operated mechanisms for television sets; collectors, electric; commutators; compact disc players; compact discs [audio-video]; compact discs [read-only memory]; comparators; compasses [measuring instruments]; computer game software; computer keyboards; computer memory devices; computer operating programs, recorded; computer peripheral devices; computer programmes [downloadable software]; computer software applications, downloadable; programs [downloadable software]; computer software, recorded; computer hardware; computers; condensers [capacitors] /

capacitors; conductors, electric; connected bracelets [measuring instruments]; connections for electric lines; connectors [electricity]; contact lenses; contacts, electric; containers for contact lenses; containers for microscope slides; control panels [electricity]; converters, electric; copper wire, insulated; cordless telephones; correcting lenses [optics]; cosmographic instruments; counterfeit [false] coin detectors / false coin detectors; counters / meters; couplers [data processing equipment]; couplings, electric; covers for electric outlets; covers for smartphones; covers for personal digital assistants [PDAs]; covers for tablet computers; crash test dummies; cupels [laboratory]; current rectifiers; cyclotrons; darkroom lamps [photography]; darkrooms [photography]; data processing apparatus; decompression chambers; decorative magnets; demagnetizing apparatus for magnetic tapes; densimeters; densitometers; detectors; diagnostic apparatus, not for medical purposes; diaphragms [acoustics]; diaphragms for scientific apparatus; diaphragms [photography]; dictating machines; diffraction apparatus [microscopy]; digital photo frames; digital signs; digital weather stations; directional compasses; discharge tubes, electric, other than for lighting; disk drives for computers; disks, magnetic; distance measuring apparatus; distance recording apparatus; distillation apparatus for scientific purposes; distribution boards [electricity]; distribution boxes [electricity]; distribution consoles [electricity]; divers' masks; diving suits; DNA chips; dog whistles; dosimeters; downloadable image files; downloadable music files; downloadable ring tones for mobile phones; drainers for use in photography; dressmakers' measures; drying apparatus for photographic prints; drying racks [photography]; ducts [electricity]; DVD players; dynamometers; ear plugs for divers; editing appliances for cinematographic films; egg timers; egg-candlers; electricity conduits; electric apparatus for commutation; electric apparatus for remote ignition; electric discharge tubes, other than for lighting; electric door bells; electric installations for the remote control of industrial operations; electric loss indicators; electricity conduits; electrified fences; electrified rails for mounting spot lights; electro-dynamic apparatus for the remote control of railway points; electro-dynamic apparatus for the remote control of signals; electrolyzers; electronic book readers; electromagnetic coils; electronic collars to train animals; electronic access control systems for interlocking doors; electric and electronic effects units for musical instruments; electronic interactive white boards; electronic key fobs being remote control apparatus; electronic sheet music, downloadable; electronic agendas; electronic notice boards; electronic pens [visual display units]; electronic pocket translators; electronic publications, downloadable; electronic tags for goods; encoded identification bracelets, magnetic; encoded magnetic cards; encoded key cards; enlarging apparatus [photography]; epidiascopes; equalizers [audio apparatus]; ergometers; exposure meters [light meters]; eyeglass cases; eyeglass chains; eyeglass cords; eyeglass frames; eyepieces; facsimile machines; false coin detectors; fibre [fiber (Am.)] optic cables; film cutting apparatus; films, exposed; filters for respiratory masks; filters for ultraviolet rays, for photography; filters [photography]; fire alarms; fire beaters; fire blankets; fire boats; fire engines; fire escapes; fire extinguishers; fire extinguishing apparatus; fire hose; fire hose nozzles; fire pumps; flash-bulbs [photography]; flashing lights [luminous signals]; flashlights [photography]; floppy disks; flowmeters; fluorescent screens; fog signals, non-explosive; food analysis apparatus; frames for photographic transparencies; frequency meters; furniture especially made for laboratories; fuse wire; fuses; galena crystals [detectors]; galvanic batteries; galvanic cells; galvanometers; garments for protection against fire; gas testing instruments; gasometers [measuring instruments]; gauges; electrical conductor; glazing apparatus for photographic prints; global positioning system [GPS] apparatus; gloves for divers; gloves for protection against accidents; gloves for protection against

X-rays for industrial purposes; goggles for sports; graduated glassware; grids for batteries; hands free kits for phones; head cleaning tapes [recording]; headphones; heat regulating apparatus; heliographic apparatus; hemline markers; high-frequency apparatus; holders for electric coils; holograms; horns for loudspeakers; hourglasses; humanoid robots with artificial intelligence; hydrometers; hygrometers; identification sheaths for electric wires; identification threads for electric wires; identity cards, magnetic; incubators for bacteria culture; inductors [electricity]; infrared detectors; instruments containing eyepieces; integrated circuit cards [smart cards]; integrated circuits; intercommunication apparatus; interfaces for computers; interactive touch screen terminals; inverters [electricity]; invoicing machines; ionization apparatus not for the treatment of air or water; jigs [measuring instruments]; juke boxes for computers; juke boxes, musical; junction boxes [electricity]; junction sleeves for electric cables; knee-pads for workers; laboratory centrifuges; laboratory trays; lactodensimeters; lactometers; laptop computers; lasers, not for medical purposes; lens hoods; lenses for astrophotography; letter scales; levelling instruments; levels [instruments for determining the horizontal]; life belts; life buoys; life jackets; life nets; life saving apparatus and equipment; life-saving rafts; light conducting filaments [optical fibers [fibres]]; light dimmers [regulators], electric; light-emitting diodes [LED]; light-emitting electronic pointers; lighting ballasts; lightning arresters; limiters [electricity]; locks, electric; logs [measuring instruments]; loudspeakers; magic lanterns; magnetic data media; magnetic encoders; magnetic tape units for computers; magnetic tapes; magnetic wires; magnets; magnifying glasses [optics]; manometers; marine compasses; marine depth finders; marking buoys; marking gauges [joinery]; masts for wireless aerials; material testing instruments and machines; materials for electricity mains [wires, cables]; mathematical instruments; measures; measuring apparatus; measuring devices, electric; measuring instruments; measuring spoons; mechanical signs; mechanisms for coin-operated apparatus; mechanisms for counter-operated apparatus; megaphones; mercury levels; metal detectors for industrial or military purposes; meteorological balloons; meteorological instruments; meters; metronomes; micrometer screws for optical instruments; micrometers; microphones; microprocessors; microscopes; microtomes; milage recorders for vehicles; mirrors for inspecting work; mirrors [optics]; modems; money counting and sorting machines; monitoring apparatus, electric; monitors [computer hardware]; monitors [computer programs]; mouse [data processing equipment]; mouse pads; nautical apparatus and instruments; naval signalling apparatus; navigation apparatus for vehicles [on-board computers]; navigational instruments; needles for surveying compasses; neon signs; nets for protection against accidents; nose clips for divers and swimmers; notebook computers; objectives [lenses] [optics]; observation instruments; octants; ohmmeters; optical apparatus and instruments; optical character readers; optical condensers; optical data media; optical discs; optical glass; optical goods; optical lamps; optical lenses; oscillographs; ovens for laboratory use; oxygen transvasing apparatus; ozonisers [ozonators]; parking meters; particle accelerators; pedometers; peepholes [magnifying lenses] for doors; periscopes; personal stereos; petri dishes; petrol gauges; phonograph records; photocopiers [photographic, electrostatic, thermic]; photographic racks; photometers; phototelegraphy apparatus; photovoltaic cells; pince-nez; pipettes; pitot tubes; plane tables [surveying instruments]; planimeters; plates for batteries; plotters; plugs, sockets and other contacts [electric connections]; plumb bobs; plumb lines; pocket calculators; polarimeters; portable media players; portable telephones; precision balances; precision measuring apparatus; pressure indicator plugs for valves; pressure indicators; pressure measuring apparatus; printed circuit boards; printed circuits; printers for use with computers; prisms [optics]; probes for scientific purposes; projection

apparatus; projection screens; protection devices against X-rays, not for medical purposes; protection devices for personal use against accidents; protective films adapted for smartphones; protective helmets; protective helmets for sports; protective masks; protective suits for aviators; protractors [measuring instruments]; punched card machines for offices; push buttons for bells; pyrometers; quantity indicators; radar apparatus; radio pagers; radiological apparatus for industrial purposes; radiology screens for industrial purposes; radios; radiotelegraphy sets; radiotelephony sets; railway traffic safety appliances; readers [data processing equipment]; record players; reducers [electricity]; reflecting discs for wear, for the prevention of traffic accidents; refractometers; refractors; regulating apparatus, electric; relays, electric; remote control apparatus; resistances, electric; respirators for filtering air; respirators, other than for artificial respiration; resuscitation mannequins [teaching apparatus]; retorts; retorts' stands; revolution counters; rheostats; riding helmets; road signs, luminous or mechanical; rods for water diviners; rods [surveying instruments]; rulers [measuring instruments]; rules [measuring instruments]; saccharometers; safety restraints, other than for vehicle seats and sports equipment; safety tarpaulins; salinometers; satellite navigational apparatus; satellites for scientific purposes; scales; scales with body mass analyzers; scanners [data processing equipment]; screens for photoengraving; screens [photography]; screw-tapping gauges; security tokens [encryption devices]; semi-conductors; sextants; sheaths for electric cables; shoes for protection against accidents, irradiation and fire; shutter releases [photography]; shutters [photography]; sighting telescopes for firearms; signal bells; signal lanterns; signalling buoys; signalling panels, luminous or mechanical; signalling whistles; signals, luminous or mechanical; signs, luminous; simulators for the steering and control of vehicles; sirens; sleeves for laptops; slide calipers; slide projectors; slide-rules; slides [photography]; smart rings; smoke detectors; solar batteries; solderers' helmets; solenoid valves [electromagnetic switches]; sonars; sound alarms; sound locating instruments; sound recording apparatus; sound recording carriers; sound recording strips; sound reproduction apparatus; sound transmitting apparatus; sounding apparatus and machines; sounding leads; sounding lines; spark-guards; speaking tubes; spectacle cases; spectacle frames; spectacle lenses; spectacles [optics]; spectrograph apparatus; spectroscopes; speed checking apparatus for vehicles; speed indicators; speed measuring apparatus [photography]; speed regulators for record players; spherometers; spirit levels; spools [photography]; squares for measuring; square rulers for measuring; sprinkler systems for fire protection; stage lighting regulators; stands for photographic apparatus; starter cables for motors; steering apparatus, automatic, for vehicles; step-up transformers; stereoscopes; stereoscopic apparatus; stills for laboratory experiments; stroboscopes; styli for record players; subwoofers; sulphitometers; sunglasses; surveying apparatus and instruments; surveying chains; surveying instruments; surveyors' levels; switchboards; switchboxes [electricity]; switches, electric; t-squares for measuring; tachometers; tape recorders; taximeters; teaching apparatus; teeth protectors; telegraph wires; telegraphs [apparatus]; telemeters; telephone apparatus; telephone receivers; telephone transmitters; telephone wires; teleprinters; teleprompters; telerupters; telescopes; television apparatus; temperature indicator labels, not for medical purposes; temperature indicators; terminals [electricity]; test tubes; testing apparatus not for medical purposes; theft prevention installations, electric; theodolites; thermal imaging cameras; thermionic tubes; thermometers, not for medical purposes; thermo-hygrometers; thermostats; thermostats for vehicles; ticket dispensers; time clocks [time recording devices]; time recording apparatus; time switches, automatic; tone arms for record players; totalizers; traffic cones; traffic-light apparatus [signalling devices]; transformers [electricity]; transistors [electronic]; transmitters of

electronic signals; transmitters [telecommunication]; transmitting sets [telecommunication]; transponders; triodes; tripods for cameras; urinometers; USB flash drives; vacuum gauges; vacuum tubes [radio]; variometers; vehicle breakdown warning triangles; vehicle radios; verniers; video cassettes; video game cartridges; video recorders; video screens; video telephones; videotapes; viewfinders, photographic; viscosimeters; voltage regulators for vehicles; voltage surge protectors; voltmeters; voting machines; wafers for integrated circuits; waling glasses; walkie-talkies; washing trays [photography]; water level indicators; wavemeters; weighbridges; weighing apparatus and instruments; weighing machines; weights; whistle alarms; wind socks for indicating wind direction; wire connectors [electricity]; wires, electric; workmen's protective face-shields; wrist rests for use with computers; X-ray apparatus not for medical purposes; X-ray films, exposed; X-ray photographs, other than for medical purposes; X-ray tubes not for medical purposes; data storage apparatus and instruments, software and data storage software, and software for video-conferencing, radio, television, sound recording, sound reproducing, telecommunications and teaching apparatus and instruments; apparatus for recording television programmes; apparatus for reproduction or reception of sound, images or audio visual content; electrical and electronic apparatus for use in the reception of satellite, terrestrial or cable broadcasts; televisions; LCD and plasma screens; home cinema systems; amplifiers; speakers; radios; wireless audio and/or audio visual devices; portable wireless audio and/or audio visual devices; remote controls; wireless keypads; television receivers including a decoder; set-top boxes; digital set-top boxes; high definition set-top boxes; personal video recorder; set-top boxes for use in decoding and reception of satellite, terrestrial and cable broadcasts; apparatus for decoding encoded signals including set-top boxes for television reception; set-top box apparatus including a decoder and an interactive viewing guide; set-top box apparatus including a decoder and a recorder for recording television and audio programmes; set-top box apparatus including a decoder and a recorder programmable to transfer stored recordings to storage and also to delete the older recordings; satellite dishes; low noise block downconverters; satellite meters; computer software to enable searching of data; encoded programs for computers and for data processing and telecommunications; telephones; mobile telephones; PDAs; telephone and radio modems; television receivers including a decoder; set-top boxes for use in decoding and reception of satellite, terrestrial cable and digital subscriber line (DSL), Internet or other electronic broadcasts; apparatus for decoding encoded signals; recorded television and radio programmes; recorded programmes for broadcasting or other transmission on television, radio, mobile telephones, PDAs and on PCs; video recordings; multimedia apparatus and instruments; portable or hand-held computers; DVD players; computers; computer hardware; firmware; computer firmware; computer hardware, apparatus and instruments all for transmitting, displaying, receiving, storing and searching electronic information; computer programs; computer software; computer software and telecommunications apparatus to enable connection to databases and the Internet; computer software supplied from the Internet; network termination equipment; wired and/or wireless computer network routers, modems, firewalls and/or bridges; computer software and computer programs for distribution to, and for use by, viewers of a digital television channel for the viewing and purchase of goods and services; computer games software and computer quiz software; computer programs for interactive television and for interactive games and/or quizzes; interactive video game devices comprised of computer software namely software for operating game controllers; portable and/or hand-held electronic devices for receiving, playing and transmitting music, sounds, images, text, signals, information and code; electronic publications; computer games (computer software); computer video games (computer

software); video screens; video projectors; tapes, discs and wires, all being magnetic; cassettes and cartridges, all adapted for use with the aforesaid tapes; blank and pre-recorded audio and video cassettes, tapes and cartridges; compact discs; DVD discs; phonographic records; laser readable discs for recording sound or video; ROM cartridges, CD ROMs, cards and discs, integrated circuit cards, memory carriers, recording media, all pre-recorded with computer video games and/or quizzes; encoded cards; radio and television signal antenna; downloadable music, sounds, videos, images, text and information provided by a telecommunications network, by on-line delivery and by way of the Internet and/or the world-wide web or other communications network; interactive sound and/or audio recordings; music, video, sound and/or audio recordings (downloadable) provided from MP3 Internet websites; MP3 players, MP3 readers; audio and/or video file recorders and/or players; portable audio and/or video file recorders and/or players; telephone ring tones (downloadable); downloadable ring tones for mobile phones; apparatus and instruments for the reception of radio and television broadcasts including the reception of cable, satellite and digital broadcasts; smart cards; credit cards; encoded loyalty cards; acoustic apparatus or instruments, namely acoustic discs, acoustic meters, acoustic sound alarms; adaptors; aerials; antenna; amplifiers; communication apparatus and instruments; encoded or magnetic banking or credit cards; cinematographic film; cinematographic instruments and apparatus; data carriers; data storage apparatus, equipment and instruments; electrical telecommunications and/or communications and/or broadcast and/or transmission and/or decoding and/or image processing and/or audio visual instruments and apparatus; electronic telecommunications and/or communications and/or broadcast and/or transmission and/or decoding and/or image processing and/or audio visual instruments and apparatus; film reproducing instruments and apparatus; hand held electrical telecommunications and/or communications and/or broadcast and/or transmission and/or decoding and/or image processing and/or audio visual instruments and apparatus; hand held electronic telecommunications and/or communications and/or broadcast and/or transmission and/or decoding and/or image processing and/or audio visual instruments and apparatus; mobile telephones; motion pictures; telephone apparatus and equipment; parts and fittings for all the aforesaid goods; sunglasses, leather cases for holding mobile phones; downloadable media content, including video and films, television programmes, computer games, music, images and ring tones provided by internet, telephone line, cable, wireless transmission, satellite or terrestrial broadcast service; cases, containers, protective coverings and parts and fittings therefor, all for use with MP3 players, music storage devices, media storage devices and other audio, visual and computer devices; electrical, electronic and computer equipment for machinery for use in conservation, generation and efficient use of heat, light and water, including thermostatic controls, solar panels for electricity generation, photovoltaic devices, solar cells turbines and motion detectors; electrical and electronic equipment for use in the generation of solar power; electrical, electronic and computer equipment for use in the generation of alternative energy including wind power, hydroelectric power, tidal power, geothermal power, solar power, biomass, and biofuels; control and monitoring equipment for use in the generation of alternative energy including wind power, hydroelectric power, tidal power, geothermal power, solar power, biomass, and biofuels; automated control apparatus for local management of lighting, heating and water supplies; electronic publications (downloadable), including electronic publications, magazines and newsletters regarding environmental protection, energy conservation and ecology, animal welfare and renewable energy projects, including wind power, hydroelectric power, tidal power, geothermal power, solar power, biomass, and biofuels; apparatus and instruments for closed circuit

television and surveillance systems; apparatus and instruments for personal security monitoring; apparatus and instruments for home security monitoring and control; home and personal security apparatus; home and personal security devices; home and personal security alarms; electronic protection equipment, including fire detecting and alarm equipment, intruder and burglar alarm equipment and motion detecting equipment; radio, telephonic, television and signalling apparatus and instruments, cameras, sound and video monitoring and recording and sound and video reproducing apparatus and instruments, all for control and telemetry purposes for the home and personal security; closed-circuit television systems (CCTV); monitors; cameras; optical lenses; camera casings; prepackaged cameras; videocassette recorders (VCRs); system controlling software; video monitoring apparatus; detectors; access control apparatus; readers; magnetic or encoded access control cards; monitoring apparatus; electronic panels for alarm management and monitoring; alarm panels; glass breakage detectors; smoke detectors; carbon monoxide detectors; digital audio recorders; digital video recorders; digital audio servers; digital video servers; electrical communication equipment; message programming equipment; radio paging equipment; electronic locking systems; life-saving apparatus and equipment; electric alarms; electronic devices for protection; intruder alarms and anti-theft equipment; intruder detection apparatus; motion detecting equipment; electronic control apparatus; electronic apparatus for controlling operation of machines; remote apparatus for controlling operation of machines; computer apparatus for controlling operation of machines; electronic network equipment; electronic communication equipment; message programming devices; electronic locking apparatus; parts and fittings for all the aforesaid goods; computer software, operating system software, devices, and hardware for transmitting, receiving, synchronizing, displaying, backing-up, monitoring, controlling, sharing, coding, decoding, encrypting, accessing, remotely accessing, creating, collecting, storing, securing, removing, transferring, disseminating, locating, organizing or otherwise utilizing data, voice, multimedia, audio, visual, music, photographs, drawings, images, audiovisual, video, text, graphics or other data, including over a global communications network; computer software, operating system software, devices, and hardware for synchronizing data, files, e-mails, contacts, calendars, task lists, text messages, photos, music, audio, visual, audio visual, video, text, graphics, programs and other information between computers and hand-held or other devices, and vice versa; communications platforms for enabling instantaneous, continuous, scheduled and perpetual synchronization of data between computers and hand-held or other devices, and vice versa; multimedia cards, memory cards, flash memory cards, memory chips, data storage media devices, plugs, plug-in cards, magnetic cards, SIM cards, telephone calling cards, headphones, headsets, portable and/or hand held electronic devices for receiving, storing, playing and transmitting data, voice, multimedia, audio, visual, music, photographs, drawings, images, audiovisual, video, text, graphics or other data; online dictionaries, encyclopaedias, and reference texts (downloadable); online publications, including newspapers, magazines (periodicals), comics, journals (publications), books, user manuals, instructional and teaching materials (downloadable); online posters, photographs, pictures, articles, vouchers and tickets (downloadable), online electronic dictionaries, encyclopaedias and reference texts (downloadable); computer software for processing electronic payments and transferring funds to and from others; downloadable authentication software; conversion software and databases, including currency conversion and measurement conversion; computer software for the purpose of monitoring online communications and chat room conversations and alerting third parties to the contents; computer software for monitoring the use of computers and the Internet by children;

computer software relating to online protection and online security; protective clothing [against accident or injury] for cycling; locks (electric) for bicycles; parts and fittings for all the aforesaid goods; satellite navigational system for bicycles; global positioning systems for use with bicycles; computers for use with bicycles; ergometers; computer apparatus for remote meter reading; bicycle meters; distance meters; power meters; speed meters; eyewear; sports eyewear; protective eyewear; sunglasses; cases for eyewear; cases for sunglasses; frames for eyewear; lenses for eyewear; straps for sunglasses and eyewear; helmets; cyclists helmets; crash helmets; protective sports helmets; sports bags for protective helmets; sporting articles for protective purposes; protective body and limb pads for cycling; face masks for cycling; protective gloves; visors; radios; communicators; aerials for radios; parts for radios; carrying cases for radios; electronic radio apparatus; mobile radios; mounting fittings for radios; radio receivers and transmitters; radio transceivers; radios for vehicles; solar powered radios; wireless boosters; wireless transmitters; wireless communication apparatus; two way wireless communication systems; digital electronic devices for recording, organizing, transmitting, receiving, manipulating, playing and reviewing text, data, image, audio and video files; computer software for use in organizing, transmitting, receiving, manipulating, playing and reviewing text, data, image, audio, and video files; computer hardware and computer software for the reproduction, processing and streaming of audio, video and multimedia content; computer hardware and software for controlling the operation of audio and video devices and for viewing, searching and/or playing audio, video, television, movies, photographs and other digital images, and other multimedia content; computer software for creating and editing music and sounds; computer hardware, peripherals and devices for portable media storage and digital media streaming; computer hardware for upload, storage, retrieval, download, transmission and delivery of digital content; virtual reality glasses or goggle, data gloves, head mounted displays, datasuits, virtual reality clothing, headphones, speakers, computer joysticks, equipment and apparatus for virtual reality rooms; virtual reality software; virtual reality headsets, helmets and viewers; virtual reality (VR) and augmented reality (AR) products namely goggles, gloves, 3D glasses for smartphones, headsets and head mounted displays adapted for use in watching videos and movies, headphones, head trackers, motion trackers, data gloves, 3D controllers, haptic devices, stereoscopic 3D displays, 2D monoscopic, monocular; virtual reality and augmented reality headsets, helmets, display screens, and sound systems comprised primarily of speakers, all adapted for use in viewing motion pictures, and participating in virtual reality and augmented reality environments in which users can interact for recreational, leisure, or entertainment purposes; electronic and optical communications instruments and components, namely, display screens for virtual reality visualization, manipulation, immersion and integration of audio, video, text, binary, still images, graphics and multimedia files; personal video display devices in the nature of wearable displays for viewing digital content including virtual reality, augmented reality, and mixed reality content; cameras for use in virtual reality products (headsets, head mounted displays adapted for use in watching videos and movies, headphones, head trackers, stereoscopic 3D displays; motion tracking sensors; hologram apparatus; holographic apparatus; software for virtual reality immersion and integration of geographic information in interaction with on-line member communities, other applications and the data itself; smart phones; wearable computers; vision processing unit; holographic processing unit; inertial measurement unit; virtual reality games software; virtual reality computer hardware and peripheral devices; virtual reality software; augmented reality software; software in the field of virtual reality, motion tracking, location, position, and orientation sensing; software for developing and interfacing with

virtual reality/augmented reality software; software, namely, mobile application for setting up, configuring, viewing and running virtual reality/augmented reality software; computer hardware and software for use in enabling computers, handheld consoles, tablet computers, mobile devices, and smart phones to provide virtual world experiences; virtual reality software for creating, sharing, and viewing virtual reality content over the internet; virtual reality computer platform; earphones for mobile computer terminals; microphones; earphones; smart phones; webcams; head-mounted video displays; micro-displays, namely, head mounted video displays and near eye video displays; parts and accessories for micro-display; video processors; software and firmware for video drivers and video processing; personal video display screens; personal video display devices in the nature of wearable displays for viewing digital content including virtual reality, augmented reality, and mixed reality content; downloadable computer game programs for cellular phones, mobile computer terminals, set-top boxes, DVD players connected to network and television sets connected to network; downloadable computer game programs; downloadable video game programs; game programs for home video game machines; game programs for hand-held games with liquid crystal displays; downloadable or installable computer and video game programs for home video game machines; downloadable or installable additional image data for home video game machines; downloadable or installable computer and video game programs for hand-held games with liquid crystal displays; downloadable or installable additional image data for hand-held games with liquid crystal displays; downloadable image file containing artwork, text, audio, video, games and Internet Web links relating to sporting and cultural activities; downloadable images for cellular phones and mobile computer terminals; downloadable stand by image for cellular phones; downloadable ring tones for mobile phones; downloadable electronic publications in the nature of books, manuals, magazines, newspapers in the field of video games, game software, music and video movies; earphones for home video game machines; headphones for home video game machines; microphones for home video game machines; earphones exclusively for use with hand-held games with liquid crystal displays; headphones exclusively for use with hand-held games with liquid crystal displays; microphones exclusively for use with hand-held games with liquid crystal displays; computer software for creating and editing music and sounds, computer hardware, peripherals and devices for portable media storage and digital media streaming, computer hardware for upload, storage, retrieval, download, transmission and delivery of digital content; parts and fittings for all of the above.
