GENERAL INFORMATION

Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules.

It is published weekly on Fridays and on other days when necessary, upon giving notice by way of circulars found on our website.

Requests for past issues of journals published more than three months ago may be made at <http://bit.ly/paymentipos> and is chargeable at \$12 per issue.

Instructions on payment will be provided to you via email within 7 working days after we receive your online request. Payment shall be made via IP²SG's payment platform. Acceptable modes of payment include Internet Banking, Visa/Master credit and debit cards and GIRO.

The journal(s) will be reproduced in CD-ROM and we will arrange an appointment with you to collect the CD-ROM at the following address:

Address:	Intellectual Property Office of Singapore 1 Paya Lebar Link, #11-03 PLQ 1, Paya Lebar Quarter Singapore 408533
Business Hours:	Monday to Friday: 8:30am to 5:30pm Saturday, Sunday and Public Holiday: CLOSED

REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Computer hardware; Software for social networking and interacting with online communities; Computer software development tools; Software for use as an application programming interface (API); Application programming interface (API) for use in building software applications; Application programming interface (API) for software which facilitates online services for social networking and for data retrieval, upload, download, access and management; Software for creating, managing, and interacting with an online community; Software for organizing events, searching for events, calendaring and managing events; Software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer, the internet and communication networks; Software for modifying and enabling transmission of images, audio, audio visual and video content and data; Software for modifying photographs, images and audio, video, and audio-visual content with photographic filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; Software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; Downloadable e-commerce computer software to allow users to perform electronic business transactions via a global computer and communication networks; Software for sending and receiving electronic messages, alerts, notifications and reminders; Search engine software; Magnetically encoded gift cards; Software for use in creating, managing, measuring, and disseminating advertising of others; Ad server, namely, a computer server for storing advertisements and delivering advertisements to websites; Virtual reality game software; Augmented reality game software; Mixed reality game software; Virtual reality game computer hardware; Augmented reality game computer hardware; Mixed reality game

computer hardware; Computer peripheral devices; Virtual reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality experiences; Electronic game software for wireless devices; Electronic game software for handheld electronic devices; Electronic game software; Wearable peripherals for computers, tablet computers, mobile devices and mobile telephones; Virtual reality software; Augmented reality software; Mixed reality software; Video game software; Interactive multimedia computer game programs; Downloadable electronic game programs; Computer game software; Headsets for use with computers; Laser equipment for non-medical purposes; Computer peripherals; Software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; Software for accessing and viewing text, images and electronic data relating to conferences in the field of software development; Software to enable development, assessment, testing, and maintenance of mobile software applications for portable electronic communication devices, namely, mobile phones, smartphones, handheld computers and computer tablets; Software for converting natural language into machine-executable commands; Software, namely, an interpretive interface for facilitating interaction between humans and machines; Artificial intelligence software; Personal assistant software; Social assistant software; Software development tools to enable mobile software applications to access backend services, namely, data storage, push notifications, and user management; Software for mapping services; Software for planning activities with other users and making recommendations; Software for social and destination mapping; Software for making reservations and bookings; Software for ordering and/or purchasing goods and services; Location-aware software for searching, determining and sharing locations; Software for wireless content, data and information delivery; Software, namely, an application providing social networking functionalities; Software for creating, managing and accessing groups within virtual communities; Software for location-based searching and alerts; Software for searching and identifying employment opportunities; Software for identifying and allowing users to contact government representatives; Software providing a virtual marketplace; Software providing location-based weather information; Software providing, linking to, or streaming news or current events information; Parental control software; Software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Software in the nature of a mobile application for creating, sharing, disseminating and posting advertising; Software for geo-location based advertising and product and service promotion; Application programming interface (API) software for allowing data retrieval, upload, access and management; Software for viewing and interacting with a feed of images, audio-visual and video content, and associated text and data; Downloadable computer software for finding content and content publishers, and for subscribing to content; Software for organizing images, video, and audio-visual content using metadata tags; Software for creating and managing social media profiles and user accounts; Software for uploading, downloading, streaming, archiving, transmitting, and sharing images, audio-visual and video content and associated text and data; Interactive photo and video equipment, namely, kiosks for capturing, uploading, editing, printing and sharing digital images and video; Software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; Software for advertisers to communicate and interact with online communities; Software for streaming multimedia entertainment content; Application programming interface (API) for use in developing AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; Software for organizing

events; Computer software, downloadable computer software and mobile application software for use in taking and editing photographs and recording and editing videos; Virtual reality computer hardware; Virtual reality game computer hardware; Virtual reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality experiences; Computer game software for home video game consoles; Wearable peripherals for computers, tablet computers, mobile devices and mobile telephones, namely, configurable head-mounted displays; Headsets for use with video game consoles; Computer software; Augmented reality computer hardware; Virtual reality headsets; Augmented reality headsets; Virtual reality glasses; Augmented reality glasses; Virtual reality software for navigating a virtual reality environment; Augmented reality software for navigating an augmented reality environment; Augmented reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide augmented reality experiences; Headsets for virtual reality games; Headsets for augmented reality games; Handheld virtual reality controllers; Handheld augmented reality controllers; Video and computer game programs; Interactive entertainment software; Gesture recognition software; Motion tracking sensors for virtual reality technology; Motion tracking sensors for augmented reality technology; Computer software for controlling the operation of audio and video devices; Digital media streaming devices; Earphones; Headphones; Video display software; Video display hardware, namely, video drivers for video eyewear; Software for navigating a virtual reality environment; Software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality and augmented reality experiences; Virtual reality software for object tracking, motion control and content visualization; Augmented reality software for object tracking, motion control and content visualization; Virtual reality software for users to experience virtual reality visualization, manipulation and immersion; Augmented reality software for users to experience augmented reality visualization, manipulation and immersion; Virtual reality software for operating virtual reality headsets; Augmented reality software for operating augmented reality headsets; Virtual reality software for interactive entertainment; Augmented reality software for interactive entertainment; Headsets; Software for recording, storing, transmitting, receiving, displaying and analyzing data from wearable computer hardware; Wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality and augmented reality world experiences; Goggles for enabling virtual reality, augmented reality world experiences; Software for use in creating and designing virtual reality and augmented reality software; Application programming interface (API) for computer software for developing virtual reality and augmented reality experiences; Software and firmware for operating system programs; Computer operating systems; Software, firmware and hardware for use in visual, voice, audio, motion, eye and gesture tracking and recognition; Computer hardware and software for operating sensor devices; Electronic sensor devices, cameras, projectors, and microphones for gesture, facial, and voice detection, capture and recognition; Computer hardware and software for detecting objects, user gestures and commands; Software and firmware for controlling, configuring and managing controllers; Software and firmware for enabling electronic devices to share data and communicate with each other; Computer operating system software; Software driver programs for electronic devices for enabling computer hardware and electronic devices to communicate with each other; Cameras; Batteries; Battery chargers; Battery cases; Battery packs;

Power charging and power management devices for mobile electronic devices; Charging docks; Charging stands for mobile electronic devices; Base chargers for mobile electronic devices; portable power supplies; External chargers; Wireless charging cases; Rechargeable electric battery devices, namely, rechargeable batteries and portable power supplies; Rechargeable external battery packs for use with mobile electronic devices; Chargers for batteries; Power adapters; Electrical adapters; Electrical and electronic connectors; Power adapters; Bags and cases specially adapted for mobile electronic devices; Briefcases, backpacks and carrying cases for mobile electronic devices; Cases for mobile electronic devices; faceplates, namely, non-metal faceplates for electronic devices; Protective covers and cases for mobile electronic devices; Protective sleeves for mobile electronic devices; Holders, armbands, clips and carrying cases specially adapted for mobile electronic devices; Wall mounts for mounting mobile electronic devices; Stands for mobile electronic devices; Holders for mobile electronic devices; Remote controls for mobile electronic devices; Electrical audio and speaker cables and connectors; Audio speakers; Docking stations for mobile electronic devices; Loudspeakers; Electronic cables, parts and fittings; Electric cables; Connection cables; Cables for optical signal transmission; Power cables and cable connectors; Microphones; Audio receivers; Audio transmitters; Wireless computer peripherals; Head-mounted video display; Receivers of electronic signals; Video receivers; Wireless transmitters and receivers for reproduction of sound and signals; Electric sensors; Sensors for monitoring physical movements; Software for sending and receiving electronic messages, graphics, images, audio and audio visual content via the internet and communication networks; Software in the nature of a mobile application; SIM cards; Software for processing images, graphics, audio, video, and text; Software, namely, instant messaging software, file sharing software, communications software for electronically exchanging data, audio, video images and graphics via computer, mobile, wireless, and communication networks; Software for personal information management, and data synchronization software; Software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; Software for displaying and sharing a user's location and finding, locating, and interacting with other users and places; Software for use in customer relationship management (CRM); Software for providing consumer information; Messaging software; Software for facilitating and arranging for the financing and distribution of fundraising and donations; Software for online charitable fundraising services and financial donation services; Software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant message and online social networking services; Telecommunications equipment for providing third party access to, and enabling the transmission of video, data and voice over, global communications networks, namely, mobile and access computer and mobile telephone terminals, base transceiver stations and wireless radio parts thereof, data transceivers, data repeaters, routers and switches, transmission circuits, integrated circuits, computer hardware, mobile cloud clients and servers, multiplexers, digital signal processors, radio frequency signal processors, mobile switching circuits, air traffic electrical controllers, mobility electrical controllers, access electrical controllers, remote port electrical controllers, radio ports, antennas, electronic radio components, software for telecommunications applications, and mobile core networks comprising data transceivers, wireless networks and portals for collection, transmission and management of data, voice and video; Communication software and communication computer hardware for providing access to the Internet; Ring tones featuring music and voice messages; microphones; computer games; prerecorded discs, tapes and downloadable audiovisual

media featuring musical, comedy, dramatic and theatrical performances, comedy; electronic devices, namely, cellular telephones, CD players, cassette players, digital audio file players, DVD players, headphones, hand-held personal digital assistants (PDAs) and/or diaries (electronic organisers); video game software; computer game programs; computer game equipment containing memory devices, namely, discs and cartridges; prerecorded discs, tapes and downloads, all in the field of music, dance, dramatic, theatrical, comedic and audiovisual long- and short-form animated and live-action entertainment; magnetic data carriers; apparatus for recording, transmission or reproduction of sound or images; recording discs, audio and visual recordings, prerecorded audio and visual discs, tapes and downloadable media, eyewear, prepaid magnetically encoded calling cards; Downloadable software that enables video creators to monitor and analyze video and channel performance; downloadable software that enables video creators to view, filter, and respond to video comments, receive notifications, update video details, and manage playlists; downloadable mobile applications providing ongoing children's programs featuring a wide range of information on topics of interest to children and their parents and caregivers; downloadable computer software for broadcasting, electronic transmission, and streaming of gaming digital media content; downloadable computer software for playing and recording music; downloadable computer software for transmitting, streaming, and downloading music, video, and audiovisual content, namely, music, videos and movies; music, video, and audiovisual content in the field of entertainment, downloadable from the Internet via a subscription service; Software for providing an electronic financial platform that facilitates the transaction of payments and financial transactions over a computer network; Computer software; computer programs; computer software for artificial intelligence, machine learning, deep learning, statistical learning, data mining, contextual prediction, personalization, predictive analytics, predictive modeling and business intelligence; Computer software, namely, software that allows users to interact online with information and media content that other users share, and software that allows users to discover, access and share information about, and media content concerning goods, services and experiences; computer software and software applications that enable electronic communications network users to create, upload, bookmark, view, annotate, and share data, information and media content; software, downloadable or prerecorded, in the nature of a mobile application that enables electronic communications network users to create, upload, bookmark, view, annotate, share and discover data, information and media content; software downloadable via electronic communications networks and wireless devices that enables electronic communications network users to create, upload, bookmark, view, annotate, share and discover data, information and media content; software to facilitate business promotion, connecting social network users with businesses; downloadable electronic publications in the nature of blogs, photographs, and graphic art in the field of general human interest; Software to enable accessing, displaying, editing, linking, sharing and otherwise providing electronic media and information via the internet and communications networks; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; Software for tracking motion in, visualizing, manipulating, viewing, and displaying augmented and virtual reality experiences.

Class 42

Providing software for organizing images, video, and audio-visual content using metadata tags; Application service provider (ASP) featuring software to enable or facilitate the sharing and displaying of a user's location, planning activities with other users and making recommendations; Providing searchable databases of information, text, electronic documents,

graphics, electronic media, photographic images and audio visual information on computer and communications networks; Design and development of computer hardware and software; computer services, namely, design and development of computer hardware and software for creating virtual communities for registered users to organize groups, meetings, and events, participate in discussions and engage in social, business and community networking; Computer services, in particular, hosting electronic facilities for others for organizing and conducting meetings, events and interactive discussions via the internet and communication networks; computer services in the nature of programming customised webpages featuring electronic personal and group profiles, user-defined or specified information, including, audio, video, images, text, content, and data; Computer services, namely, providing search engines for obtaining data via the internet and communications networks; Providing online facilities featuring technology that enables online users to create personal profiles featuring social and business networking information, to transfer and share such information among multiple online facilities to engage in social networking, and to manage their social networking accounts; Providing software for social networking, creating a virtual community, and transmission of audio, video, images, text, content, and data; Application service provider (ASP) services, namely, hosting software applications of others; Application service provider (ASP) featuring software to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via the internet and communications networks; hosting of online network service which enables users whom are granted access to be able to transfer personal identity data to and share personal identity data with and among multiple online facilities; Providing non-downloadable e-commerce software to allow users to perform electronic business transactions via the internet and communications networks; Computer services, in particular, application service provider featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; Software as a service (SAAS) services featuring software for sending and receiving electronic messages, notifications and alerts and for facilitating electronic business transactions via the internet and communications networks; Providing software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; Application service provider featuring application programming interface (API) software for managing, tracking, reporting and measuring media planning, media buying and advertising of others; Online ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online advertising to purchase and sell advertising inventory; Platform as a service (PAAS) featuring computer software platforms for use in purchasing and disseminating advertising; Application service provider (ASP) featuring software for use in buying, selling, designing, managing, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Application service provider (ASP) featuring software for use in designing and managing online advertising and marketing campaigns; Designing and developing computer game software and video game software for use with computers, video game program systems and computer networks; Development of hardware for use in connection with electronic and interactive multimedia games; Electronic and interactive multimedia game development services; Providing online sites that gives users the ability to upload, modify and share virtual reality content, information, experiences and data; Providing online sites that gives users the ability to upload, modify and share augmented reality content, information, experiences and

data; Providing online sites that gives users the ability to upload, modify and share mixed reality content, information, experiences and data; Design, engineering, research, development and testing services in the field of mobile application software development related to the use and functionality of hyperlinks; Technical consultation in the field of mobile application software development related to the use and functionality of hyperlinks; Providing software enabling development, assessment, testing, and maintenance of mobile software applications for portable computing devices; Providing user authentication services using single sign-on and software technology for e-commerce transactions; Providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; Providing an application programming interface (API) to allow users to perform electronic business transactions via the internet; Providing software for processing electronic payments; Platform as a service (PAAS) services featuring computer software to allow users to perform business and e-commerce transactions; Providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; Platform as a service (PAAS) featuring computer software platforms for electronic messaging and transmission of audio, video, photographic images, text, graphics and data; Providing software for electronic messaging; Mapping services; Providing software for mapping services; Application service provider (ASP) featuring software for mapping services; Providing software for sharing and displaying a user's location, planning activities with other users and making recommendations; Providing software for social and destination mapping; Application service provider (ASP) featuring software to enable or facilitate social and destination mapping; Providing software for making reservations and bookings; Application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; Providing software for ordering and/or purchasing goods and services; Application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; Providing location-aware software for searching, determining and sharing the location of goods, services and events of interest; Application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; Providing software for creating, managing and accessing user-created and administered private groups within virtual communities; Providing software for searching and identifying local and location-based points of interest, events, landmarks, employment opportunities, entertainment, cultural events, shopping and offers; Providing software for searching and identifying employment opportunities; Providing software for identifying and allowing users to contact government representatives; Providing software for providing a virtual marketplace; Providing software for providing location-based weather information; Providing software for providing, linking to, or streaming news or current events information; Providing software for facilitating interaction and communication between humans and AI (artificial intelligence) platforms; Application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; Design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; Providing online sites that gives users the ability to upload, modify and share virtual reality content and data; Providing online sites that gives users the ability to upload, modify and share augmented reality content and data; Providing online sites that gives users the ability to upload, modify and share mixed reality content and data; Online video ad-buying platform provider, namely, providing non-downloadable software programs for allowing buyers and sellers of online video advertising to purchase and sell video

advertising inventory; Platform as a service (PAAS) featuring computer software platforms for use in purchasing and disseminating advertising; Application service provider (ASP) featuring software for use in buying, selling, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; Application service provider (ASP) featuring software for use in designing and managing online video advertising and marketing campaigns; Providing a website online facilities that give users the ability to engage in social networking and manage their social networking content; Providing software for creating and managing social media profiles and user accounts; Providing software for modifying photographs, images and audio, video, and audio-video content with photographic filters and augmented reality (AR) effects, namely, graphics, animations, text, drawings, geotags, metadata tags, hyperlinks; providing software for viewing and interacting with a feed of electronic media, namely, images, audio-visual and video content, live streaming video, commentary, advertisements, news, and internet links; Providing software for finding content and content publishers, and for subscribing to content; computer services, namely, design and development of computer hardware and software for creating a virtual community for registered users to share, view, subscribe to and interact with images, audio-visual and video content and related data and information; Application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking, developing software applications; Platform as a service (PAAS) featuring software platforms for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; Rental of software that gives users the ability to upload, edit, and share images, videos and audio-visual content; computer services, namely, providing software as a service for curating online user-defined content and advertisements and creating social media feeds; Providing software for taking photographs and recording audio, audio-visual and video content; Providing software for uploading, downloading, archiving, enabling transmission of, and sharing images, audio-visual and video content and associated text and data; Providing software for streaming multimedia entertainment content; Providing software for creating and maintaining an online presence for individuals, groups, companies, and brands; Providing software for advertisers to communicate and interact with online communities; providing personal assistant software; providing social assistant software; Providing online facilities featuring temporary use of non-downloadable software for sending and receiving electronic messages, instant messages, electronic message alerts and reminders, photographs, images, graphics, data, audio, videos and audio-visual content via the internet and communication networks; providing E-commerce software to allow users to perform electronic business transactions via the internet; Providing temporary use of non-downloadable computer software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; Computer services, namely, providing information in the fields of technology and software development via the internet and communication networks; Providing software for use

in taking and editing photographs and recording and editing videos; Application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; Design and development of computer game hardware and software; Design and development of virtual reality hardware and software; Design and development of mixed reality hardware and software; Design and development of video game hardware and software; Providing temporary use of non-downloadable software applications for social networking, creating a virtual community, and transmission of virtual reality content and data; computer software services, namely, providing software as a service and providing a website for customised online pages featuring user-defined or specified information, personal profiles, virtual reality, and augmented reality content and data; Computer programming services for creating virtual reality videos and games; Design and development of augmented reality hardware and software; Software development; Development of interactive multimedia software; Maintenance and repair of computer software; Providing temporary use of non-downloadable computer software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; Computer services, namely, providing information in the fields of technology and software development via a global computer network; Computer services, namely, cloud hosting provider services; Providing temporary use of online non-downloadable cloud computing software for use in electronic storage of data; Providing temporary use of online non-downloadable cloud computing software for virtual, augmented reality applications and environments; File sharing services, namely, providing online facilities for others featuring technology enabling users to upload and download electronic files; Computer services, namely, hosting electronic facilities for others for interactive discussions via communication networks; Providing online non-downloadable software; Application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, and web sites, in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Application service provider (ASP); Providing online facilities that give users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; Providing temporary use of online non-downloadable software and applications for instant messaging, voice over internet protocol (VOIP), video conferencing, and audio conferencing; computer services, namely, design and development of computer hardware and software to create an online community for registered users to engage in social networking; Data encryption services; Providing software and applications for customer relationship management (CRM); Application service provider (ASP) featuring software for customer relationship management (CRM); Providing online software platform services that give users the ability to post ratings, reviews, referrals and recommendations relating to businesses, restaurants, service providers, events, public services and government agencies; computer services, namely, application service provider featuring application programming interface (API) software for customer relationship management (CRM); Hosting of digital [virtual reality and augmented reality] content on the internet; Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Computer services, namely, providing remote management of devices via computer networks, wireless networks or the internet; Providing software for facilitating and arranging for the financing and distribution of fundraising and donations; Providing software for online charitable fundraising services and financial donation services; Providing online computer databases and online searchable databases in

the field of classifieds; Providing online facilities featuring user comments concerning business organizations, service providers, and other resources; Providing computer, electronic and online databases in the field of entertainment; Production of video and computer game software; providing online non-downloadable software; Multimedia entertainment software production services; providing online web facilities for live streaming video of promotional events; Providing a video sharing portal, namely, a web site featuring temporary use of non-downloadable software allowing web site users to upload on-line videos for sharing with others for entertainment and educational purposes; software as a service (SAAS) services featuring software for enabling uploading, capturing, posting, showing, editing, playing, streaming, viewing, previewing, displaying, tagging, blogging, sharing, manipulating, distributing, publishing and reproducing electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information via the Internet and other communications networks; providing temporary use of non-downloadable software for transmitting, streaming, and downloading music, videos, and audiovisual content; providing a website available on subscription that allows users to transmit, stream, and download music, video, and audiovisual content featuring entertainment; Computer services, namely, providing a search engine for obtaining data, graphics, files and images using non-downloadable image recognition software; provision of Internet search engines; providing online non-downloadable character recognition software; providing online non-downloadable image recognition software; providing online non-downloadable software for extracting and retrieving information and data for others by means of global computer networks; providing online non-downloadable software for searching a user's mobile phone, computer, tablet, or other electronic communication device, namely, wearable computer peripherals, for data, graphics, files and images; Providing on-line non-downloadable software for providing a personal voice-enabled digital assistant; Providing on-line non-downloadable voice recognition software; computer services, namely, providing a voice-controlled search engine for obtaining data, images, audio and video via a global computer network; provision of Internet search engines; Providing on-line non-downloadable software used to provide voice-controlled information and communications; providing a website that provides technology that enables users to sign up for job alerts online and apply for jobs; providing a website that provides technology that enables employers to select which candidates best meet their job vacancy criteria based on resumes and word searches; Providing geographic information, interactive geographic maps [geographic information], software for accessing satellite and aerial images of earth and space, and ocean bathymetry, via a website; providing online non-downloadable computer software for displaying geographic information, interactive geographic maps, satellite and aerial images of earth and space, and ocean bathymetry; Design and development of computer hardware and software; Providing temporary use of online non-downloadable software for streaming and playing audio, video, and multimedia content, and for controlling televisions, monitors, gaming systems, DVD players, portable media players, and digital media streaming devices; Providing temporary use of online non-downloadable software for use in providing personal concierge services for others by voice-controlled commands via a mobile phone, computer, tablet, smart phone, handheld computer, portable computer, namely, adding and accessing calendar appointments, alarms, timers, reminders, and making restaurant, travel, and hotel reservations; Providing temporary use of online non-downloadable software for controlling home automation systems, namely, lighting, appliances, heating and air conditioning units, alarms and other safety equipment, home monitoring equipment; Technical support services, namely, troubleshooting in the nature of diagnosing computer hardware

and software problems; Computer technology support services, namely, help desk services; troubleshooting of computer software problems; Computer services, namely, cloud hosting provider services; Computer services, namely, integration of private and public cloud computing environments; Consulting services in the field of cloud computing technology, infrastructure-as-a-service (IAAS) cloud computing technology, software-as-a-service (SAAS) cloud computing technology, and platform-as-a-service (PAAS) cloud computing technology; Providing virtual computer systems and virtual computer environments through cloud computing; Technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; Application service provider (ASP), namely, hosting computer software applications of others; Cloud computing featuring software for use in creating web applications, syncing, storing, archiving and backing-up data to cloud servers; Providing non-downloadable computer software for managing, networking, collaborating within and providing remote access to databases; Cloud computing featuring software for use in deploying virtual machines to a cloud computing platform; Cloud computing featuring software for use in sharing data, creating data visualizations, data processing, and analyzing data; Cloud computing featuring software for use in administration of computer local area networks management of computer applications and computer hardware, and computer application distribution; Cloud computing featuring software for use in managing online projects, developing predictive digital marketing models, managing and facilitating online conferences, meetings, demonstrations, tours, presentations and interactive discussions; Platform-as-a-service (PAAS), Infrastructure-as-a-service (IAAS) and Software-as-a-service (SAAS) services featuring computer software platforms for creating web applications syncing, storing, archiving and backing-up data to cloud servers; Platform-as-a-service (PAAS), Infrastructure-as-a-service (IAAS) and Software-as-a-service (SAAS) services featuring computer software platforms for managing, networking, collaborating within and providing remote access to databases; Platform-as-a-service (PAAS), Infrastructure-as-a-service (IAAS) and Software-as-a-service (SAAS) services featuring computer software platforms for deploying virtual machines to a cloud computing platform; Platform-as-a-service (PAAS), Infrastructure-as-a-service (IAAS) and Software-as-a-service (SAAS) services featuring computer software platforms for sharing data, creating data visualizations, data processing, and analyzing data; Platform-as-a-service (PAAS), Infrastructure-as-a-service (IAAS) and Software-as-a-service (SAAS) services featuring computer software platforms for administration of computer local area networks management of computer applications and computer hardware, and computer application distribution; Platform-as-a-service (PAAS), Infrastructure-as-a-service (IAAS) and Software-as-a-service (SAAS) services featuring computer software platforms for managing online projects, developing predictive digital marketing models, managing and facilitating online conferences, meetings, demonstrations, tours, presentations and interactive discussions; Computer services, namely, creating cloud-based indexes of information; Providing non-downloadable computer software for use as an application programming interface (API) for use in the fields of artificial intelligence, natural language processing, image content analysis, speech recognition, deep learning, high performance computing, distributed computing, virtualization, machine learning, cluster computing, internet of things, and container management; Electronic data storage, namely, storage and archival of data, electronic media, and digital content; Cloud computing and data center services for data backup and disaster recovery purposes, namely, electronic storage of data and storage services for archiving electronic data; Electronic data storage services, namely, providing

websites for the storage of digital content; Electronic data storage services, namely, providing remote cloud-based server storage to others; Technical consulting services in the field of electronic data storage and electronic storage of electronic data for others; Infrastructure as a service (IAAS), namely, providing remotely accessible electronic data storage; Electronic data storage services in the nature of technical management of virtual infrastructure storage services; providing temporary use of non-downloadable computer software for browsing and accessing digital content, computer software programs, audio works, visual works, audiovisual works, electronic publications, books, movies, and music; providing temporary use of non-downloadable computer software for transmission and display of digital content, audio works, visual works, audiovisual works, electronic publications, books, movies, and music; hosting of an online searchable database featuring employment opportunities and content about employment; hosting an online resume database featuring information relating to job seekers; hosting an online searchable database relating to job vacancies, the location of such vacancies, and the identity of employers and recruiters searching for candidates; hosting an online searchable database of resumes of prospective employees; hosting an interactive web site featuring information about job seeking; technical consulting services in the field of electronic storage of data for others in the nature of historical records and documents; Software as a service, featuring software for providing an electronic financial platform that facilitates transaction of payments over a computer network; Application service provider featuring application programming interface (API) software for use in processing cross-border financial transactions and payment processing; application service provider featuring application programming interface (API) software enabling financial institutions and payment processors to communicate and coordinate with currency and digital asset exchanges over electronic computer networks in order to effect financial transactions and payments; computer software services, namely, providing online non-downloadable computer software for facilitating payments over electronic communications networks; providing online non-downloadable computer software for facilitating payments over electronic communications networks; application service provider featuring application programming interface (API) software for enabling communication with currency and digital asset exchanges over electronic computer networks; providing online non-downloadable software to serve as an application programming interface (API) enabling communication of payment information to financial institutions and payment processors for processing and settlement; providing online non-downloadable computer software for facilitating payments over electronic communications networks; Software as a service (SaaS) services; software as a service (SaaS) services featuring software for artificial intelligence (AI), machine learning and deep learning; software as a service (SaaS) featuring software for a framework of intelligent data science-based services using artificial intelligence (AI) and machine learning for improving digital experiences in the fields of design, document management and delivery and marketing and advertising; cloud computing services; platform as a service (PaaS) services; data mining services; data warehousing; providing temporary use of online non-downloadable software using data science, namely, artificial intelligence (AI), machine learning, deep learning, statistical learning and data mining, for contextual prediction, personalization, predictive analytics, predictive modeling, visualization, and business intelligence; software as a service (SaaS) services featuring artificial intelligence (AI) and machine learning-driven tools for processing large volumes of data; application service provider (ASP) services featuring application programming interface (API) software for artificial intelligence (AI), machine learning, deep learning, statistical learning and data mining to enable contextual prediction, personalization, predictive analytics,

predictive modeling and business intelligence services; computer software and information technology consultation services; technical support services, namely computer software support services; scientific and technical research, namely, scientific and product research in the fields of artificial intelligence (AI), machine learning and deep learning; research, design and development of computer software; maintenance, updating, or rental of computer software; computer programming; Hosting, creating and maintaining an online platform featuring technology that enables internet users to create, upload, bookmark, view, annotate, and share data, information and multimedia content; computer services, namely, hosting, creating and maintaining an online platform for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking services in the field of general interest; hosting, creating and maintaining a website featuring non-downloadable software; hosting, creating and maintaining an online platform featuring non-downloadable software; hosting and interactive platform and online non-downloadable software for uploading, posting, showing, displaying, tagging, sharing and transmitting messages, comments, multimedia content, photos, pictures, images, text, information, and other user-generated content; developing and hosting a server on a global computer network for the purpose of facilitating e-commerce via such a server; hosting, creating and maintaining an online platform and facility for mobile device communication; hosting, creating and maintaining an online platform and facility for networked communications; Design and development of computer hardware and software; scientific and technological services and research and design relating thereto; software as a service (SAAS) services, namely, hosting software for use by others for use in communications between people and organizations, using wireless and wired networks, through computers and mobile devices; hosting a platform for mobile device communications; hosting online web facilities for others for conducting interactive discussions; providing temporary use of non-downloadable software applications accessible via a website; providing temporary use of online non-downloadable software; application service provider featuring application programming interface (API) software; computer services, namely, hosting a platform featuring technology that enables internet users to post, upload, view, and share data, information and multimedia content; computer services, namely, hosting an online community in the form of a website for registered users to participate in discussions, get feedback from their peers, form virtual communities, and engage in social networking services; hosting an interactive website and online non-downloadable software for real-time delivery of data, messages, location, photographs, links, text, audio, video and other data; hosting an online platform and non-downloadable software for posting, sharing, displaying and viewing user-generated content in real-time; hosting a website that allows users to review text, audio and video material and provide commentary; computer services, namely hosting an online community in the form of a website for users to participate in discussions and engage in social networking; providing temporary use of non-downloadable computer software for creating, designing, editing and organizing text, images, audio and video files; providing online non-downloadable software for collecting, analyzing, storing and transmitting data and information regarding electronic payment transactions; providing online non-downloadable software to facilitate electronic payments and commercial transactions; hosting an online platform and interactive website for use in providing retail and ordering services for a wide variety of consumer goods and services of others; hosting an online platform and interactive website that enables merchants to provide information about and consumers to obtain discounts, rebates, rewards, coupons, credits, and special offers for goods and services; providing temporary use of non-downloadable software for

running, administering, participating in, and monitoring customer loyalty programs.

Class 09

Airstar Digital Technology

Computer software applications, downloadable; Smartphone software applications, downloadable; Computer peripheral devices; Notebook computers; Pedometers; Apparatus to check franking; Automated teller machines [ATM]; Mechanisms for coin-operated apparatus; Dictating machines; Holograms; Hemline markers; Voting machines; Electronic Random Number Indicator Equipment [ERNIE]; Facial recognition apparatus; Point-of-sale terminals; Phototelegraphy apparatus; Digital bathroom scales; Measures; Digital signs; Mobile telephones; Cabinets for loudspeakers; Headsets; Video projectors; Measuring apparatus; Air analysis apparatus; Automatic indicators of low pressure in vehicle tires; Thermometers, not for medical purposes; audiovisual teaching apparatus; Measuring devices, electric; Simulators for the steering and control of vehicles; Optical lenses; Materials for electricity mains [wires, cables]; Semi-conductors; Chips [integrated circuits]; Rheostats; Electric plugs; Temperature sensors; Motion sensors; Infrared sensors; Humidity sensors; Light sensors; Vibration sensors; Alarm sensors; Chips arrays and sensors using DNA, genetic and other biological and diagnostic materials [scientific apparatus and instruments]; Distance sensors; Electric sensors; Magnetic sensors; On-off sensors; Sensor switches; Temperature and humidity sensors; Video screens; Remote control apparatus; Optical fibers [light conducting filaments]; Heat regulating apparatus; Lightning rods; Electrolysers; Fire extinguishing apparatus; X-ray apparatus not for medical purposes; Protective helmets; Biometric fingerprint door locks; Spectacles; Batteries, electric; Animated cartoons; Sports whistles; Egg-candlers; Dog whistles; Decorative magnets; Electrified fences; Electronic collars to train animals; Refrigerator magnets; Remotely deployable spike strips used to stop cars by puncturing tires; Animal signalling rattles for directing livestock; Computer terminals for banking purposes; Electronic and magnetic identity cards for use in connection with payment for services; Smartwatches; Calculating machines; Data processing apparatus; Identity cards, magnetic; Computer software, recorded; Encoded identification bracelets, magnetic; Security tokens [encryption devices]; Credit card encoding machines [computer peripherals]; Encoded magnetic cards; Memory cards; Electronic chip cards; Card readers for credit cards; Electronic machines for reading credit cards; Computer hardware; Telepresence robots; Magnetically encoded debit cards; Magnetically encoded credit cards; Downloadable e-wallets; Counterfeit coin detectors; Automated cash registers; Biometric identification scanners; Integrated circuit cards [smart cards]; Encoded key cards; Biometric identity cards;

Identity cards, encoded; Hand-held scanners; Smartphones; Telephone terminal equipment; Credit card terminals.

Class 35

Advertising; Providing business information via a web site; Presentation of goods on communication media, for retail purposes; Providing business information; Business management and organization consultancy; Business appraisals; Economic forecasting; Commercial intermediation services; Business intermediary services relating to the matching of potential private investors with entrepreneurs needing funding; Commercial information and advice for consumers [consumer advice shop]; Provision of an online marketplace for buyers and sellers of goods and services; Sales promotion for others; Marketing services; Auctioneering; Personnel management consultancy; Compilation of information into computer databases; Book-keeping; Business auditing; Rental of vending machines; Sponsorship search; Rental of sales stands; Retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; Direct mail advertising.

Class 36

Providing insurance information; Financial management; Providing financial information via a web site; Banking; Online banking; Loans [financing]; Processing of credit card payments; Electronic funds transfer; Investment of funds; Processing of debit card payments; Jewelry appraisal; Real estate agency services; Financial customs brokerage services; Surety services; Charitable fund raising; Trusteeship; Lending against security; Insurance underwriting; Insurance consultancy; Accounts payable debiting services; Bill payment services; Financial management of reimbursement payments for others; Capital investment fund management; Capital investment; Clearing, financial; Financing services; Financial consultancy; Issuance of credit cards; Money transfer services; Art appraisal; Trustee services; Deposits of valuables; Financing and loan services; Instalment loans; Mortgage banking; Arranging of loans; Providing student loans; Crowdfunding; Insurance brokerage; Accident insurance underwriting; Health insurance underwriting; Life insurance underwriting; Insurance agency services; Processing of insurance claims; Retirement payment services; e-wallet payment services; Exchanging money; Actuarial services; Venture capital financing; Mutual funds; Financial evaluation services relating to insurance.

Class 38

Broadcasting of programmes via the internet; Wireless broadcasting; Television broadcasting; Providing telecommunications connections to a global computer network; Streaming of data; Message sending; Communications by cellular phones; Computer aided transmission of messages and images; Providing user access to global computer networks; Providing access to databases; Providing internet chatrooms; Providing online forums; Video-on-demand transmission; Videoconferencing services; Transmission of news.

Class 42

Research and development of new products for others; Quality control; Surveying; Cosmetic research; Biological research; Meteorological information; Vehicle roadworthiness testing; Industrial design; Design of interior decor; Dress designing; Computer software design; Computer programming; Data encryption services; Cloud computing; Authenticating works of art; Graphic arts design; Cloud seeding; Handwriting analysis [graphology]; Cartography services; Rental of meters for the recording of energy consumption; Weighing of goods for others; Set design for theatrical

enterprises; Graphic design of promotional materials; Marine chart updating; Business card design; Development of computer platforms; Platform as a service [PaaS]; Monitoring of computer systems by remote access; Electronic data storage; Electronic monitoring of credit card activity to detect fraud via the internet; Electronic monitoring of personally identifying information to detect identity theft via the internet; Monitoring of computer systems for detecting unauthorized access or data breach; Off-site data backup; Data encryption and decoding services; Developing computer programs for electronic cash register systems; Design and development of software in the field of mobile applications.

Class 01

Chemical, biochemical and biotechnological reagents for industrial and scientific purposes; non-medical reagents, enzymes and buffer solutions for scientific and/or medical research use; Chemicals and biochemical reagents for sample preparation, modification and manipulation of cells and for labelling, separation, isolation, purification and/or analysis of natural or synthetic biopolymers, namely nucleic acids, proteins, macromolecules, and biological active substances; kits of chemicals and biochemicals for industrial and scientific purposes containing the aforesaid goods.

Class 05

Diagnostic preparations for medical or veterinary purposes; diagnostic preparations for sample preparation, modification and manipulation of cells and for labelling, separation, isolation, purification and/or analysis of natural or synthetic biopolymers, namely nucleic acids, proteins, macromolecules, and biological active substances; cartridges sold prefilled with reagents and/or liquids for medical and medical diagnostic use; cartridges sold pre-filled with reagents for sample preparation and analysis for medical or veterinary diagnostic use; reagents and/or liquids (sold in a single-use cartridges for medical diagnostic purposes) for sample preparation, modification and manipulation of cells and for labelling, separation, isolation, purification and/or analysis of natural or synthetic biopolymers, namely nucleic acids, proteins, macromolecules, and biological active substances; cartridges sold prefilled with reagents for

breaking of cell material, nucleic acid isolation and purification for medical or medical diagnostic use.

Class 09

Scientific apparatus, instruments and equipment, in particular for research, development and examination purposes as well as laboratory equipment, analytical instruments, in particular for sample preparation, modification and manipulation of cells as well as for the performance of marking, separation, isolation, purification and/or analytical methods for biopolymers, in particular nucleic acids, proteins, macro molecules and biologically active substances; automated laboratory equipment, namely, sample preparation devices comprising holders for cartridges, fluid control elements, thermal control elements for heating and cooling, linear actuator for valve control, pressure sensor used to record fluidic pressure and produce data; computer software, computer programs and associated instruction manuals in electronic format for use in sample preparation, modification and manipulation of cells as well as for the performance of marking, separation, isolation, purification, amplification and/or analytical methods for biopolymers, in particular nucleic acids, proteins, macro molecules and biologically active substance; computer software, computer programs and computer firmware all for use in controlling processes, inputting, analyzing, modifying, transferring, displaying, reporting and storing data and results.

Class 10

Measuring apparatus and instruments, namely, sample preparation device for medical diagnostic uses, hematology analyzers for medical diagnostic uses, for the use in medical and veterinary diagnostic processes for sample preparation, the modification and manipulation of cells, and for labelling, separation, isolation, purification and/or analysis of natural or synthetic biopolymers, namely nucleic acids, proteins, macromolecules, and biological active substances, in the nature of nucleic acids from biological or biochemical sample material.

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Class 01

Stem cells for research purposes; stem cells for scientific purposes; stem cells other than for medical or veterinary purposes; skeletal myocytes for research purposes; cortical neurons for research purposes; biological tissue for research and scientific purposes; biological tissue cultures other than for medical or veterinary purposes; cultures of cell media [other than for medical or veterinary use]; chemical reagents for use in biotechnology, other than for medical or veterinary use; semi-processed natural proteins for manufacturing food; proteins for use in the manufacture of food products; proteins for use in recombinant DNA technology [other than for medical use]; cell growth media, tissue culture media, cytokines, antibodies, and reagents for medical research use; cell preparations for drug screening for research use; genetically or otherwise modified cells for research use; cells which are propagated, cultivated and expanded in bioreactors for research use.

Class 05

Cell therapeutics for medical, therapeutic or clinical use; genetically or otherwise modified cells for medical, therapeutic or clinical use; cells which are propagated, cultivated and expanded in bioreactors for medical, therapeutic or clinical use; cells for the purpose of tissue regeneration; living cells for medical use; cells for medical use; biological preparations for medical use; diagnostic preparations for medical and/or veterinary purposes; cell preparations for drug screening for medical, therapeutic or clinical use; cell preparations for genetic testing, screening for medical, therapeutic or clinical purposes; stem cells for medical purposes; stem cells for veterinary purposes; cell growth media, tissue culture media, cytokines, antibodies, and reagents for medical or diagnostic use; tissue culture media, growth factors, growth media, serum, and nutritional supplements for in vitro culturing, development, maintenance, expansion, assay or manipulation of cells for medical, therapeutic or clinical purposes; cell separation reagents for medical, therapeutic or clinical purposes; dietary supplements; protein supplements; nutrition supplements.

Class 09

Computer software and computer hardware for the separation of biological and non-biological materials; bioreactors; bioreactors for biomanufacturing; bioreactors for research use; bioreactor for cell culturing; bioreactors for laboratory use; manufacturing software; smart manufacturing control systems; electronic control units; magnetic cell separation laboratory equipment.

Class 29

Meat; meat substitutes; tissue engineered meat; synthetic meat; cultured meat; laboratory-grown meat; fish, not live.

Class 40

Custom manufacture of biopharmaceuticals; processing of biopharmaceutical materials for others; custom manufacture (for others) of stem cells for research purposes, custom manufacture (for others) of stem cells for scientific purposes, custom manufacture (for others) of stem cells other than for medical or veterinary purposes, custom manufacture (for

others) of skeletal myocytes for research purposes, custom manufacture (for others) of cortical neurons for research purposes, custom manufacture (for others) of biological tissue for research and scientific purposes, custom manufacture (for others) of biological tissue cultures other than for medical or veterinary purposes, custom manufacture (for others) of cultures of cell media [other than for medical or veterinary use], custom manufacture (for others) of chemical reagents for use in biotechnology, other than for medical or veterinary use, custom manufacture (for others) of nutritive agents for processing living cells [other than for medical use], custom manufacture (for others) of semi-processed natural proteins for manufacturing food, custom manufacture (for others) of proteins for use in the manufacture of food products, custom manufacture (for others) of proteins for use in recombinant DNA technology [other than for medical use], custom manufacture (for others) of cell therapeutics, genetically or otherwise modified cells, custom manufacture (for others) of cells which are propagated, cultivated and expanded in bioreactors, custom manufacture (for others) of cells for the purpose of tissue regeneration, custom manufacture (for others) of living cells for medical use, custom manufacture (for others) of cells for medical use, custom manufacture (for others) of biological preparations for medical use, custom manufacture (for others) of diagnostic preparations for medical and/or veterinary purposes, custom manufacture (for others) of cell preparations for drug screening, custom manufacture (for others) of cell preparations for genetic testing, screening, custom manufacture (for others) of stem cells for medical purposes, custom manufacture (for others) of stem cells for veterinary purposes, custom manufacture (for others) of cell growth media, tissue culture media, cytokines, antibodies, and reagents for medical, medical research or diagnostic use, custom manufacture (for others) of tissue culture media, growth factors, growth media, serum, and nutritional supplements for in vitro culturing, development, maintenance, expansion, assay or manipulation of cells, custom manufacture (for others) of cell separation reagents, magnetic cell separation equipment, dietary supplements, protein supplements, nutrition supplements, meat, meat substitutes, tissue engineered meat, synthetic meat, cultured meat, laboratory-grown meat and fish, not live.

Class 42

Biotechnology research; biotechnology testing; stem cell research; synthetic biology services; stem cell biology services; scientific services relating to the isolation and cultivation of human tissues and cells; research and development in the field of microorganisms and cells; research and development in relation to genetic testing, screening; research and development in relation to drug screening; cell separation technology services; cell separation research services; consultancy relating to biotechnology; scientific and technological consultancy relating to drug screening; scientific and technological consultancy relating to genetic screening; scientific and technological consultancy relating to cell therapy; laboratory research; research on food; research and development in the field of animal cells cultivated within bioreactors; research in the reduction of carbon emissions.

Date of Notification: 12/11/2020

The following claim is made in the International Registration: Colour(s) claimed: Blue.

Class 09

Scientific apparatus and instruments; satellites for scientific use; telecommunication satellites; apparatus and instruments for the reception, transmission and decoding of satellite signals; television transmitters; cable television converters; relays for radio and television stations; antennas, in particular antennas for telecommunications networks; apparatus for recording, transmitting, processing and reproducing signals, sounds, images or data; television decoders; video screens; audiovisual teaching apparatus; data, sound and image input apparatus; tape recorders; magnetic, optical data media and particularly for data constituting databases; integrated circuit cards [smart cards]; computer memory devices; magnetic encoders; intercommunication apparatus; barcode readers; compact disk players; optical readers; computers, namely computer servers, computer, data communication and telephone terminals, particularly for global communication networks (such as the Internet); modems; computer peripheral devices; radiotelegraphy sets; telecommunication software; software for video and audio message transmission; software for data and document capture, transmission, storage and indexing; database management software; software for providing access to a computer or data transmission network, particularly to a global communication network (such as the Internet); game software; connectors to a computer or telephone network; computer and communication transmitter and receiver apparatus; transmitters of electronic signals; telephone switches; electrical or optical cables; database server centers; downloadable electronic publications, particularly in the form of magazines.

Class 35

Advertising; commercial business management; commercial administration; advertising via space by means of a satellite, production of advertisements, transcribing communications, television advertising; providing advertising information by satellite; subscription for apparatus for receiving programs broadcast via satellite; subscription for receiving programs broadcast by satellite; telephone subscriptions, subscriptions to

a radio paging service; data transmission subscriptions, database subscriptions, database server subscriptions; subscriptions to a central service providing access to a computer network or data communications network, including for Internet-type global communication; subscriptions to electronic newspapers; subscriptions to a telecommunication service; statistical analysis services for commercial purposes in the field of telecommunications, especially in relation to pricing, taxes for telecommunications networks and remote reading of telecommunications consumption unit meters; managing computer files relating to programming data for telecommunications apparatus, devices and installations; recruitment services in the nature of provision of qualified personnel to carry out one-off assignments particularly engineering, installation and training assignments in the field of telecommunications; meter reading of used telecommunication charge units for billing purposes.

Class 37

Installation, maintenance and repair of telecommunications equipment, apparatus for the recording, transmission, reproduction and processing of data, sound and images; maintenance and repair of satellites in orbit or about to be put into orbit; information services for the installation, maintenance and repair of telecommunications apparatus; consulting in the field of installation, maintenance and repair of instruments, apparatus and equipment for telecommunication, transmission and broadcasting.

Class 38

Telecommunications; satellite communications; communication by fiber-optic networks; communication via computer terminals, particularly the Internet, intranets and extranets; telephone communications; telecommunication routing and junction services; transmission of industrial, commercial, advertising, educational and leisure information and programs; transmission of telegrams; computer-aided transmission of messages and images; computer-aided transmission and dissemination of data, sounds, images, especially in the context of telephone conferencing, audio-conferences and video-conferences; transmission of information by data communication; broadcasting of television and radio programs; broadcasting and transmission of television programs; direct television transmissions; cable television broadcasting; broadcasting of television programs via subscription; broadcasting and transmission of radio programs; electronic messaging; electronic mail services and dissemination of information by electronic means, particularly for global communication networks (similar to the Internet); transmission of messages by direct link to one or more satellites; television broadcasting, communication and transmission of data via satellite; transmission of sound, images, satellite signals and data, via cable or via interactive network; transmission of encrypted communications; electronic transmission of facsimile communications and data featuring encryption and decryption; broadband data transmission for operators of telecommunication networks; connection by telecommunications to a global computer network; rental of message sending apparatus, other than computers; rental and exchange of telecommunication apparatus, devices and installations; telegraph services; telephone services; telex services; telecommunication and radiocommunication services, mobile radiotelephony services, particularly call transfer, call forwarding, telephone directory and voice messaging services; access services to computer or data communication databases and database server centers; provision of access to data on communication networks; provision of access to electronic communication networks; automated downloading of voice and data systems of telecommunication installations; downloading of software updates intended for telecommunications networks; information services in the field of telecommunications and broadcasting of television programs; telephone

support for users of telecommunication apparatus, devices and installations; dissemination (transmission) of software updates for telecommunications; rental of access time to a computer for data handling; rental of access time to software updates for telecommunications networks; professional consultancy (in connection with telecommunications), unrelated to business operations; rental of access time to a data bank server center especially for global communication networks (such as the Internet).

Class 41

Education; training; entertainment; entertainment services by means of television, radio, cinema, cable television, satellite television and the Internet; entertainment information; rental of radio and television sets; training services for users and technicians specialized in telecommunications equipment; publication of printed matter; online electronic publishing of books, magazines and periodicals.

Class 42

Development of data transmission systems; design and development of wireless data transmission apparatus; design of software and hardware for signal amplification and transmission; maintenance of software for signal amplification and transmission; studies, technical advice, expert reports, project planning and plans in the field of telecommunications and computer or data transmission networks (engineering works); engineering services in the field of communication technology; technical services (for engineering works) relating to the launching of satellites, their operation, recovery and repair while in orbit or about to be put into orbit; programming for computers; maintenance and updating of software for communication systems; installation, maintenance, update and repair services for database software providing access to a computer or data transmission network; analysis of telecommunication signals; technical design of telecommunication apparatus and equipment; technical project studies; surveying (engineering work); technical research services; scientific and industrial research relating to new information technologies, to computer and communication networks, to virtual and interactive images and communication; computer rental; rental of computer software; analysis for the installation of computer systems; software rental services for apparatus for recording, reproducing and processing data, sounds and images; designing software for the creation of virtual and interactive images; technical support services with respect to software for improving the operating conditions of apparatus for recording, transmitting, reproducing and processing data, sounds and images, telecommunications terminals, database servers, the monitoring and efficiency of these apparatus and instruments; automated remote backup services for voice and data systems in telecommunication installations; testing of telecommunication apparatus, devices and installations; technical diagnostic testing services for incidents affecting the operation of telecommunications apparatus, devices and installations [technical support services]; meteorological information services; provision of search engines for obtaining data via communication networks.

Class 09

Apparatus and instruments for the computer-assisted design of ships or weapons systems, for the use and control of ships, navigation instruments; electric power supply units for marine and underwater vehicles and naval weapons systems; acoustic, electronic and electromagnetic apparatus and instruments for naval systems; scientific (other than for medical purposes), nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, distributing, transforming, accumulating, adjusting and controlling electricity; laboratory apparatus for scientific research; optronic apparatus and instruments, apparatus and instruments for detecting and collecting data, for categorising, checking, recording, interpreting, signalling, simulating, reproduction, processing, transmission or visualising sound or images; communications and telecommunications apparatus; magnetic, optical and digital data carriers, recording discs; calculators, distribution consoles, computers, recorded computer software or programs, software packages, magnetic or computer interfaces, data carriers; magnetic data carriers; data processing devices (augmented reality devices), data processing apparatus or equipment, computer peripheral devices; batteries, electric; devices for simulating naval strategy training; exercise and training simulators; electronic and information technology devices for managing and controlling the launch of torpedoes; radar apparatus, sonars; electric installations for controlling naval installations; virtual reality training simulation software in the field of aviation; computer software for simulating the handling of platforms, combat devices, navigation devices; computer software reproducing the movements of platforms and the physical environment; computer software for simulating the environment and equipment used by surface vessels, submarines, nuclear reactors, the navy airforce, taking into account the physical phenomena linked to the environment (electromagnetic propagation, acoustic propagation, thermodynamic propagation, rendition of the visual

and acoustic environment); tools (computer software) for modelling equipment for handling platform installations in the field of propulsion systems, electric factories, nuclear reactors, and the safety of nuclear and civil installations; tools (computer software) for modelling navigation equipment; on-board equipment for the dynamic control of naval platforms; computer programs and computer software in the fields of hydrodynamics, fluid mechanics, automatic control engineering and optimisation; automatic piloting devices for ships or marine craft; dynamic positioning devices; ship movement stabilisation devices; automated devices for monitoring the behaviour of ships; measuring stations or test benches (control apparatus) in laboratories or in reality; apparatus for converting energy from movements of the sea or from the wind or from the water temperature; energy collectors; floating periscopes; decoy electronic or electromechanical devices (countermeasures) for defence purposes; computer devices (computer software) or electronic devices (data processing equipment) for managing combat and command or navigation assistance; commutators; sensors, namely devices and apparatus for capturing information; signal sensors; encryption apparatus and instruments; computer devices (computer software) or electronic devices (data processing equipment) enabling battle management or the planning of combat or navigation missions; air and maritime navigation devices; electronic and computer devices (software) for combat management and command assistance; modules for launching missiles or torpedoes; electronic sub-assemblies for the management and control of missile or torpedo launch modules or of the firing of ammunition; electric circuits for the generation and distribution of electricity for marine and underwater vehicles and naval weapons systems; integrated combat devices for submarines that manage and ensure the deployment of weapons, including missiles, torpedoes, mines; electronic sub-assemblies for handling and reloading of ammunition in modules; electronic integrated combat devices for submarines; integrated combat devices for submarines that manage and ensure the deployment of weapons, including missiles, torpedoes or mines.

Class 11

Underwater modules for generating nuclear energy (installations for processing nuclear fuel and moderators), transportable nuclear power plants (installations for processing nuclear fuel and moderators).

Class 12

Vehicles, apparatus for locomotion by land, air and water; marine vehicles and submarines; supply ships; marine, underwater or aerial drones; automated marine recovery devices for manned and unmanned vehicles, namely davits for boats.

Class 13

Firearms, ammunition and projectiles; explosives, fireworks; pyrotechnic demolition equipment, pyrotechnic neutralisation or decoy equipment; self-powered aero-naval targets (decoys).

Class 37

Shipbuilding; construction of naval bases; repair and maintenance of ships, submarines, combat systems, drones, underwater modules for generating nuclear energy, wind turbines, marine current turbines, modules or equipment for generating nuclear or non-nuclear energy, systems for generating electricity; installation and commissioning of combat systems, drones, underwater modules for generating nuclear energy, wind turbines, marine current turbines, modules or equipment for generating nuclear or non-nuclear energy, systems for generating electricity; installation of combat systems; maintenance of combat systems, systems and components

mounted on ships or platforms; maintenance of ships, submarines, underwater modules for generating nuclear energy, wind turbines, marine current turbines, modules or equipment for generating nuclear or non-nuclear energy, systems for generating electricity; installation, repair and maintenance of scientific and nautical apparatus and instruments, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, underwater or surface modules for generating nuclear or non-nuclear energy or transportable nuclear power plants; installation, maintenance and repair of systems on board ships and marine vessels.

Class 38

Telecommunications; communications via computer terminals on networks of all kinds and using technical means and procedures of all kinds; communications by fibre optic networks; providing access to databases; communications by or between computers and computer terminals; high-speed transmission of data, by radio waves, sound waves or satellite; transmission of digital files; rental of access time to a computer database.

Class 40

Assembly of combat systems, systems and components mounted on ships or platforms; assembly of ships, submarines, underwater modules for generating nuclear energy, wind turbines, marine current turbines, modules or equipment for generating nuclear or non-nuclear energy, systems for generating electricity.

Class 41

Education; providing of training, staff training, among other in the field of technical support; arranging of practical training for personnel on on-board simulators and systems; providing of training and instruction for personnel (crews) based on simulators in the naval, nuclear, aeronaval, civil and energy fields (providing of training); providing of individual and group training, providing of training in the operation and maintenance of nuclear installations, platforms, combat and navigation, based on simulators; organisation of competitions, contests and games for educational or entertainment purposes; arranging and conducting of conferences, congresses and symposiums; publication (including electronic and online publication).

Class 42

Engineering, including research and development of new products, for others, research in the field of augmented reality, and design and development of new products in the aforesaid field, for others, engineering surveying, conducting technical project studies; design of ships; naval architecture; scientific and technological services and research, design and development, in particular in the naval, nuclear, aeronaval, civil and energy fields; analysis and research in the fields of scientific, nautical, electric, electronic and computer apparatus, and in the naval, nuclear, civil, aeronaval, augmented reality and energy fields; engineering evaluations, estimates and research in the field of science and technology; programming, design, development, installation, updating, rental and maintenance of computer software; design and development of computer hardware; computer programming for memory cards, electronic cards, databases or networks; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; design and development of computer software in the fields of naval engineering and naval architecture, computer simulation software, computer software for simulating the operation of nuclear installations, ships, combat systems and installations for generating energy; maintenance

of software of operational systems enabling provision of training to personnel in the naval, nuclear, aeronaval, civil and energy fields; design, development, updating and maintenance of computer software for aerodynamics, hydrodynamics and optimising multidisciplinary design; computer programming and computer programming for data processing in the field of hydrodynamics; engineering surveying in the fields of on-board measurement, control laws and digital simulation, the landing and recovery of drones; inspection (quality control) of naval or underwater structures.

SUPER LEAGUE HOLDINGS PTE LTD

6 JIAK CHUAN ROAD, #02-01 SINGAPORE 089262

ADDRESS FOR SERVICE: MIRANDAH ASIA (SINGAPORE) PTE
LTD, P.O. BOX 1093, ROBINSON ROAD POST OFFICE, SINGAPORE
902143

40202015389P (01 07 09 19 37 40)
(International Registration No. 1542246)

Date of International Registration: 01/04/2020

Date of Protection in Singapore: 01/04/2020

Date of Notification: 23/07/2020

The following claim is made in the International Registration: Colour(s) claimed: Orange and black. Orange: two vertical bars at the very left of the mark; black: all other elements that are three horizontal bars and all letters.

Class 01

Concrete binding compounds; chemical additives used as binders for concrete; hardeners for concrete; additives for concrete [chemicals]; air-entraining agents as additives for concrete; aerated concrete in powder form as a chemical binder; chemical additives for concrete; weather-proofing compositions [chemicals] for impregnation into concrete; chemical compounds for masking concrete; solutions for binding of concrete; chemical compounds for curing concrete; chemical compounds for reinforcing concrete; concrete admixtures; chemical compounds for hardening of concrete; impregnating agents for concrete; substances for etching concrete; binding preparations for binding concrete; surfactants for concrete rehabilitation; additives to prevent decomposition of concrete under water; hardeners for concrete [chemicals]; additives for concrete; chemical additives for concrete; surfactants for preservation of concrete; chemical compounds for the pretreatment of concrete; binding chemicals for concrete; weather resistant coatings [chemical, other than colors] for concrete; retarder for concrete; compounds for the dust sealing of concrete;

accelerating admixtures for concrete; binder for concrete; chemical substances as additives for concrete; chemical additive products for concrete; chemical compounds for retarding the setting of concrete; chemicals used in the manufacture of concrete; chemical additives for accelerating the setting of concrete; surfactants for coating concrete [other than colors]; agglutinants for concrete; chemical additives for waterproofing concrete; compounds for accelerating the curing of concrete; surfactants as protection for concrete.

Class 07

Concrete spraying machines; compressed air sprayers; nozzles as parts of motor-driven sprayers; nozzle sprayers [machinery]; robot guns for compressed air spray equipment; spray nozzles as parts of machines; spraying equipment [machines], other than for medical purposes; spraying machines [machine parts], other than for medical purposes; spray guns; spraying attachments [machine parts]; spray heads [parts of machines]; sprayers [machines]; automatic dosing machines; automatic cleaning machines; industrial robots for manufacturing; industrial robots for assembly of workpieces to be machined; industrial robots for machining workpieces; industrial robots for metalworking; industrial robots for plastic molding; industrial robots for shaping wood; industrial robots for woodworking; industrial robots for plastics processing; robots for feeding workpieces; robots for machine tools; robots with articulated arms for handling workpieces; robots for handling rods; robots for forwarding workpieces; robotic arms for industrial purposes; robotic finishing machines; robotic welding machines; robotic repair machines for industrial purposes; robotic mechanisms being parts of loading-unloading machines and apparatus; robotic mechanisms for conveying; welding robots; robotic electrical welding apparatus; electric air nozzle cleaners; concrete pumps; bending machines for metal working; wire forming machines; wire drawing machines for commercial purposes; wire drawing machines for industrial purposes; wire drawing machines; wire press machines; fastening machines for the insertion of fastening elements in components; 3D printers; automated assembly machines; reinforcing steel cutting machines; electric polishing tools; finishing machines; milling machines; cutters for machines; milling cutters [machine tools]; milling-drilling machines; abrading machines; polishing machines; rotary milling cutters [machines]; rotary milling cutters [machine parts]; grinding tools for machines; grinding tools [parts of machines]; grinding tools as machine parts; grinding tools [machines or parts of machines]; cutting tools as machine tools; moulding machines; machines for printing patterns, except for office use; machines for making molds; mechanical mixing machines; mixing machines; mixing machines for industrial purposes; mixers [machines]; modular machine tools; numerically controlled machine tools; construction machines; concrete finishing machines; pumps for concrete; concrete mixers [machines]; concrete construction machines.

Class 09

Software; software packages; downloadable software; computer programs; stored computer software; stored or downloadable software platforms; downloadable computer programs; downloadable computer software from a global computer information network; data processing software; data processing programs; data processing programs recorded on machine-readable data carriers; data processing software; computer software; computer software [recorded]; computer software platforms; computer software [programs]; software downloadable from the internet; computer programs downloadable from the internet; web applications and server software; system and system support software and firmware; application software; software for mobile devices; programs for smartphones; operating programs for computers; plug-in software; interactive computer

software; interactive software; computer programs stored in digital form; encoded programs; CAD/CAM software; downloadable software applications for use with 3D printers; downloadable software applications; computer software applications, downloadable; downloadable software applications for use with mobile devices; industrial software; software for computer-aided engineering [CAE]; software for civil engineering; software for product development; software for computer-aided manufacturing [CAM]; software for computer-aided design [CAD]; simulation software for use in digital computers; simulation software; software packages; downloadable computer software for the design and modelling of 3D printed products; software for the rental of advertising space on websites.

Class 19

Building materials made of concrete reinforced with plastic and glass fibers; building materials of concrete; building materials of rock fibers; building materials made of artificial stone; building materials of natural stone; building materials, not of metal; building materials, not of metal, as coating; building stones; building blocks of concrete; building blocks with insulating materials; building blocks, not of metal; concrete pipes; concrete walls for building; concrete for monuments; concrete for casting; concrete slabs; concrete floors; concrete; components made of concrete; boards made of concrete; floor gutters made of concrete; paving elements made of concrete; concrete posts; aggregates for concrete production; aggregates for concrete; shuttering, not of metal, for concrete; structured concrete surfaces; polymer concrete; retaining walls of concrete; concrete floors; statues of stone, concrete or marble; figurines [statuettes] of stone, concrete or marble; monuments of concrete; chambers of concrete; storm manholes [concrete drainage structures]; prefabricated concrete components; concrete paving stones; concrete channels; concrete walls; industrial concrete for civil engineering works; road pavement boards made of concrete; concrete coatings; concrete blocks; concrete panels; dams made of concrete; statues and works of art of stone, concrete and marble, included in this class; concrete blocks for coastal protection; busts of stone, concrete or marble; concrete blocks for river bank protection; synthetic concrete; concrete vaults; concrete beams; statues made of concrete; casting forms, not of metal, for concrete; concrete posts for use as a building material; reinforced concrete; concrete piles; concrete aggregates; figures made of concrete; works of art of stone, concrete or marble; containers made of concrete; crash barriers of concrete for roads; concrete building elements; false ceilings, non-metallic; ceiling panels, not made of metal; ceilings, not of metal; structural surfaces for ceiling; ceiling coffers, not made of metal; [non-metallic] ceiling panels; curtain walls, not of metal; facade elements, not of metal; facade cladding, not of metal; facades for buildings [not of metal]; facade elements for buildings, not of metal; facade panels [not of metal] for use in buildings; curtain walls made of fiber cement; window facades, not of metal; facades, not of metal; facade elements, not of metal; ready-mixed concrete; prefabricated concrete; prefabricated building components, not of metal; refractory construction materials, not of metal; refractory building blocks, not of metal; refractory concrete; suspended ceilings, not of metal; interlocking building panels [not of metal]; inner walls, not of metal; interior partitions [non-metallic]; metallic cement; non-metallic building materials having sound insulating properties; non-metallic floor panels; non-metallic materials for space separation; non-metallic cladding panels for roofs; non-metallic coffered ceilings; non-metallic cladding panels; non-metallic building materials for roofs; non-metallic material for the repair of roads; cement slabs; piles of non-metallic materials; posts, not of metal; cement posts; paving slabs, not of metal; columns, not of metal, for building purposes; prefabricated architectural columns, not of metal; columns, not of metal; columns [not of

metal] for buildings; support columns, not of metal; shuttering, not of metal; formwork, not of metal; side walls, not of metal; self-leveling concrete for use in construction; structured surfaces for walls; textured coatings [cementitious]; road surfaces, not of metal; street gutters, not of metal; wainscotting, not of metal; wall panels, not made of metal; temporary bridges, not of metal; temporary dams, non-metallic; temporary floors, not of metal; support struts, not of metal; support beams; lintels, not of metal; structured wall claddings, not of metal; structural construction beams [not of metal] for the construction of floors; ready-mixed concrete poured on site; beams, not of metal; flooring underlays; cladding, not made of metal, for building purposes; cladding, not of metal, for ceilings; cladding materials, non-metallic; cladding panels [not of metal]; linings, not of metal, for building; wall claddings, not of metal, for building; wall linings, not of metal, for building; sheeting panels [not of metal] for trenches; reinforced meshes of textile fibers for building purposes; reinforcing fabric, not of metal, for building purposes; prefabricated structural components [non-metallic]; prefabricated garages, not of metal; prefabricated paving stones; non-metallic prefabricated components [building materials]; prefabricated silos, not of metal; chimneys, not of metal; prefabricated walls, not of metal; prefabricated buildings, not of metal; prefabricated houses [not of metal]; prefabricated building components, not made of metal; non-metallic modular elements for the construction of prefabricated buildings; prefabricated structural components [not of metal] for on-site assembly; platforms, prefabricated, not of metal; preformed parts of buildings [non-metallic]; curtain walls, not of metal; [non-metallic] partition plates; wall panels, not made of metal; cementitious wall coatings; cementitious waterproof coatings; cementitious protective coatings; cementitious water-resistant coatings; cementitious restorative coatings; cement mixtures; cement mortar for building; building materials made from enriched cement mortar; fences, not of metal, for climbing plants; fences for erosion control [building materials, non-metallic]; palisading, not of metal; fences, not of metal; decorative plaster for building purposes; intermediate walls as building materials [non-metallic]; railway sleepers, not of metal; single-track rail constructions [non-metallic]; drain pipes [not of metal] for building installations; drain pipes [other than from metal or plastic]; gutters [channels], non-metallic; gutters, not of metal; gutter pipes, not of metal; drainage channels, not of metal; conduits for water discharge, not of metal; sewer pipes, not of metal; sewers, not of metal; channels [not of metal] for collecting waste water; channels [not of metal] for distributing waste water; branching pipes, not of metal; floor drainage channels, not of metal; drainage installations, not of metal; drain pipes, not of metal; covers for manholes [non-metallic]; manholes, not of metal; downpipes [non-metallic]; rigid pipes, not of metal; rain traps, not of metal; non-metallic shaft covers; non-metallic drains for use in construction of basement waterproofing-systems; ventilation ducts, not of metal, for building; pipes made of clay or cement; pipes made of cement for building purposes; pipes made of cement; rigid pipes, not of metal, for building; sewer pipes, not of metal; rigid drainage pipes, not of metal; pipes, not of metal, for gutter systems; air pipes, not of metal, for buildings; manhole covers, not of metal; coverings, not of metal [building and construction materials]; non-metallic rainwater collection containers and covers [construction materials]; covers for inspection chambers, not of metal; channel covers, not of metal; barrier poles, not of metal; outlet ducts, not of metal; cabanas, not of metal; balcony enclosures, not of metal; balustrades, not of metal; huts; barracks [non-metallic]; safety barriers [not of metal, fixed structures]; barriers for pedestrian traffic, not of metal; barricades, not of metal; tree guards, not of metal [structures]; monocoque buildings [not of metal]; buildings [not of metal] in the form of cabins; sectional buildings [non-metallic]; buildings, not of metal; gazebos [buildings, not of metal]; prefabricated elements for buildings, not of metal; civil engineering structures, non-metallic;

supporting structures for buildings, not of metal; shelters [buildings, not of metal]; road signs, non-luminous and non-mechanical, not of metal; boundary posts, not of metal; boundary rails, not of metal; concrete bollards; soil retaining structures, not of metal; bridge bearings [construction materials], non-metallic; bridges [buildings], non-metallic; bridge parts [non-metallic]; bridge railings, not of metal; monuments, not of metal; fencing materials, not of metal; bicycle shelters [buildings], not of metal; prefabricated houses [kits], not of metal; securely mounted speed bumps, not of metal; garden poles, not of metal; railings, not of metal, for balconies; balusters, not of metal; balustrades; trellises, not of metal; handrails, not of metal; handrails, not of metal, for footpaths; handrails, not of metal, for stairs; handrails, not of metal, for use in buildings; structures [non-metallic]; fire protection materials, non-metallic, for building constructions; supporting frameworks, not of metal; components for supporting frameworks, not of metal; domes for buildings [not of metal]; domes, not of metal; crash barriers, not of metal; crash barriers, not of metal, for roads; modular building elements [non-metallic]; modular homes [not of metal]; modular shelters, not of metal; non-metallic rainwater reservoirs; non-metallic stair rails; non-metallic potable water reservoirs of non-metallic materials; pillars, not of metal; fence posts, not of metal; posts, not of metal; pedestals, not of metal [structures]; platforms, not of metal; podiums [structures] of non-metallic materials; structural frameworks, not of metal, for buildings; ramps being structures, not of metal; rainwater hoppers, not of metal; inspection chambers, not of metal; arches [non-metallic] for use in construction; rain shelters [non-metallic]; shelters, not of metal; cesspools, not of metal [buildings]; stringers [parts of staircases], not of metal; stair components [non-metallic]; stair-treads [steps], not of metal; stairs, not of metal, for building; staircases, not of metal; staircases, not of metal for building; canopies [structures] of non-metallic materials; overflow channels, not of metal; walls, not of metal; pickets, not of metal; fencing rails [non-metallic]; fencing panels, not made of metal; fence posts, not of metal; busts of concrete; concrete sculptures; memorial plaques, not of metal; plaques made of concrete.

Class 37

Renting of construction equipment; rental of building machinery; rental of concrete-mixing apparatus; rental of concrete mixers; rental of cement mixers; rental of construction machinery and equipment; rental of concrete pumping equipment; rental of tools, machinery and equipment for construction, demolition, cleaning and maintenance; construction equipment rental; rental of construction equipment; rental of cement-mixing apparatus; rental of cement mixers; customer-specific construction of prefabricated buildings.

Class 40

Rental of 3D printers; production of 3D prints; 3D printing works; custom manufacturing of sculptures; custom manufacturing of prefabricated building components; customer-specific 3D printing for third parties; custom manufacturing of moldings.

Date of International Registration: 11/03/2020
Date of Protection in Singapore: 11/03/2020
Date of Notification: 03/12/2020

The following claim is made in the International Registration: Colour(s) claimed: Yellow and black.

Class 09

Pedometers; apparatus to check franking; automated teller machines [ATM]; mechanisms for coin-operated apparatus; dictating machines; holograms; hemline markers; voting machines; electronic terminals for generating lottery tickets; facial recognition device; phototelegraphy apparatus; electronic bathroom scales; measures; digital signs; cellular phones; wearable activity trackers; wearable video display monitors; video projectors; measuring apparatus; distance measuring apparatus; taximeters; connected bracelets [measuring instruments]; apparatus and instruments for physics; power tester in the shape of a pencil; simulators for the steering and control of vehicles; optical lenses; materials for electricity mains [wires, cables]; semi-conductors; chips [integrated circuits]; smartphones in the shape of a watch; data processing apparatus; counters; rheostats; electric plugs; sensors; video screens; remote control apparatus; optical fibers [light conducting filaments]; X-ray equipment, not for medical purposes; protective helmets; theft prevention installations, electric; heat regulating apparatus; lightning rods; electrolyzers; fire extinguishing apparatus; sunglasses; batteries, electric; animated cartoons; sports whistles; egg-candlers; dog whistles; decorative magnets; body fat scale for household purposes; animal signalling rattles for directing livestock; identity cards, magnetic; electronic publications, downloadable; downloadable image files; computer screen saver software, recorded or downloadable; electronic and magnetic identification cards for payment services; time recording apparatus; computer software applications, downloadable; smartwatches (data processing); encoded identification bracelets, magnetic; electrified fences; electronic collars to train animals; magnet; portable remote controls for kick-up block; computer programs, recorded; wearable computers; smartphones in the shape of wristwatches; computer peripheral devices; smartglasses (data processing); humanoid robots with artificial intelligence; application software for cellular phones, downloadable.

Class 10

Testing apparatus for medical purposes; dental apparatus, electric; electric acupuncture instruments; respirator; rings (teething -); breast pumps; contraceptives, non-chemical; artificial surgical graft; orthopedic articles; suture materials; sphygmomanometers; blood oxygen monitor; body composition monitors; spirometers [medical apparatus]; body fat monitors; medical skin moisture tester; thermometers for medical purposes; sphygmotensimeters; heartbeat measuring equipment; testing apparatus for medical purposes; massage apparatus; esthetic massage apparatus; medical apparatus and instruments; fumigation apparatus for

medical purposes; fetal heart monitor; blood glucose measuring equipment; cholesterol monitors; electrocardiographs.

Class 14

Works of art of precious metal; alloys of precious metal; jewelry boxes; charms for key rings; necklaces [jewelry]; figurines of precious metal; jewelry; wristwatches; stopwatches; alarm clocks; watch bands; chronometric instruments; presentation boxes for watches; brooches [jewelry].

Class 35

Provision of an online marketplace for buyers and sellers of goods and services; sales promotion for others; personnel management consultancy; compilation of information into computer databases; advertising; book-keeping; rental of vending machines; sponsorship search; rental of sales stands; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; presentation of goods on communication media, for retail purposes; business information; analysis of business data; providing business information through the website.

Class 38

Wireless broadcasting; television broadcasting; providing service of telecommunications connectivity to the global computer network; streaming of data; computer aided transmission of messages and images; providing user access to global computer networks; providing access to databases; providing internet chatrooms; providing online forums; video-on-demand transmission; message transmission; mobile telephone communication; network transmission of sound, images, signals and data; electronic data transmission; news transmission.

Class 41

Training; arranging and conducting of workshops [training]; mobile library services; providing online electronic publications, not downloadable; production of video recordings and video films; providing online music, not downloadable; game services provided on-line from a computer network; entertainment services; health club (fitness and strength training); toy rental; game equipment rental; conducting guided tours; animal training; modelling for artists; organizing lottery issuance; rental of indoor aquariums; lottery services; providing non-downloadable online video; entertainment information; video production; conducting fitness classes; education; art exhibitions.

Class 42

Vehicle roadworthiness testing; industrial design; design of interior decor; dress designing; computer software design; computer programming; data encryption services; meteorological information; marine chart updating; business card design; off-site data backup; electronic data storage; mobile phone design; data conversion of electronic information; cloud computing; authenticating works of art; graphic arts design; cloud seeding; handwriting analysis [graphology]; cartography services; rental of meters for the recording of energy consumption; weighing the goods for others; providing set design services for theater companies; graphic design of promotional materials; research and development of new products for others; quality control; surveying; cosmetic research; biological research.

Class 44

Sports medicine services; providing medical information through the website; healthcare services provided by a healthcare provider over a network under contract; physical examination services; on-line make-up

consultation services; medical care; health care; sanatoriums; dietary nutrition guidance; body beauty care service; pet cleaning; landscape design; hearing aid fitting service; nutrition advisory service; opticians' services; rental of sanitary equipment; health consultancy services; weight control consulting services; dietary therapy counseling; psychological assessment service; health advice.

Computers; quantum computers; computer hardware and software; computer hardware and software for information technology analysis and data management; computer hardware and software for application development; computer hardware and software for cloud computing; computer hardware and software for cognitive computing; computer hardware and software for artificial intelligence; computer hardware and software for block chain technology; computer hardware and software for quantum computing and quantum programming; computer hardware, namely, magnetic tape units (data processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), optical disks, couplers (data processing), floppy disks, magnetic data media; computer hardware, namely, video screens, scanners, computer printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; computer equipment for data and information management; semi-conductors; electronic data media that can be processed by machine; magnetic disks; hard disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; carrying cases for computers; interface cards for computers; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, computer mouse pads, pagers, computer joysticks; electric converters, namely digital-to-analog, analog-to-digital and step-by-step voltage switches; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electric power supply apparatus; projectors (projection apparatus); remote controllers for computers; inverters, surge protectors and uninterruptible power supply devices; point-of-sale terminals; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video game software; operating system software and programs; software for accessing a global computer network; document management software; database management software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for developing and software for designing websites and user manuals, in electronic format, sold as a set; computer software for controlling the operations and execution of computer systems, programs and computer networks; computer software for connecting disparate computer networks and systems, servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing within an information technology environment; computer systems combining computer hardware and software for use in the management and analysis of data and instruction manuals in electronic format sold therewith; cloud computing systems, namely networks integrating computer hardware and

software for dynamic provisioning, virtualization and consumption metering of computer resources; recorded and downloadable cloud-computing software for deploying and managing virtual machines on a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language processing capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) and capable of understanding general human queries and formulating responses; software for development, construction and operation of block chain technology applications; computer hardware and computer software for development and testing of quantum algorithms; documentation and instruction manuals recorded on electronic data media that can be operated by machine and relating to computers or computer programs; electronic publications; electronic publications on computer media, namely user manuals, guides, brochures, fact sheets, written presentations and teaching materials in the field of computers, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing.

Class 16

Instructional and teaching material (except apparatus); printed publications and documentation concerning computers and computer programs; manuals; printed publications; books; magazines; periodicals; newspapers; printing products (printed matter); printed matter relating to computer equipment, software and related services; manuals, pamphlets, magazines, information bulletins, inserts for newspapers, booklets, all in connection with software, computers, computer system hardware, hardware for networks, telecommunications, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia, equipment for entertainment and e-commerce.

Class 35

Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; company management consulting services and commercial business consulting services; commercial business development service; analysis of market research data and statistics; data processing services; data processing services for artificial intelligence; data processing services for cognitive computing; data processing services for cloud computing; data processing services for blockchain technology; data processing services for information management; data processing services for quantum computing and quantum programming; arranging and conducting commercial exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, block chain technology, quantum computing, database management and e-business transactions via a global computer network; business consulting services for companies relating to artificial intelligence; business consulting services for companies with respect to computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) and capable of understanding general human queries and formulating responses; business consulting services for

companies relating to cloud computing; business consulting services for companies relating to blockchain technology; business consulting services for companies relating to quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies relating to information technology; analyzing and compiling business data; systemization of data in computer databases.

Class 36

Insurance services; financial services; financial affairs; monetary affairs; banking affairs; real estate affairs; hire-purchase financing services; capital investment; financial advice services; stock exchange quotations; lending (financial services); financial information and operations; financial transactions; mutual (investment) funds; fund management and investment services; savings services; actuarial services; factoring; credit agencies; real estate appraisal; real property management; money lending in the field of purchase or rental of computer products and services; capital investment consultation; financial analysis and consultation; financial management; financial planning; investment services, namely asset acquisition, consultation, development and management services; financial valuation of new technologies for others; venture capital funding services to emerging and start-up companies.

Class 37

Building construction; computer hardware repair and installation services; computer hardware maintenance services; computer support services provided by computer specialists [installation, repair and maintenance of computer hardware and peripherals]; installation and maintenance of computer hardware for computer networks; technical support services, namely troubleshooting in the nature of repair of computer hardware problems.

Class 38

Telecommunication services; electronic message transmission; communication by computer terminals; electronic mail services; news and information transmission agencies; telecommunication and electronic messaging services via computer networks; computer-aided transmission of data; telecommunication services enabling commercial interaction over a global computer network; provision of multiple access to information, data, communications, content, goods and services via a global network and wireless communication apparatus; electronic transmission of data and documents via computer terminals; teleconferencing and web conferencing services; providing multiple access to global information networks for the transfer and dissemination of a wide range of information; provision of on-line forums for transmission of messages among computer users; provision of access to private and secured electronic communications in real time within a computer network.

Class 41

Education; entertainment; training; organization and conducting of conferences, seminars and congresses; organization of exhibitions for cultural or educational purposes; production of radio and television programs; sporting and cultural activities; educational services, namely organization and conducting of courses, seminars, conferences, webinars and workshops in the field of computers, computer services, information technology, artificial intelligence, cloud computing, block chain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; training in the field of computers, computer services, information technology, artificial intelligence, cloud computing, block chain technology, quantum computing,

database management, image and audio processing technology, global computer and telecommunication networks; conducting fun exhibitions (for entertainment) in the form of information technology demonstrations; entertainment services, namely, online computer game services; conducting fun exhibitions, namely, sports competitions in real time via a global computer network; conducting fun exhibitions, namely, provision of demonstrations (for instructional or entertainment purposes) on websites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts and musical recordings; editing of books and newspapers; production of shows and films; conducting of exhibitions for cultural or educational purposes; booking of seats for shows.

Class 42

Computer programming; software as a service (SaaS) services featuring software for data management; software as a service (SaaS) services featuring software for cloud computing; software as a service (SaaS) services featuring software for artificial intelligence; software as a service (SaaS) services featuring software for cognitive computing; software as a service (SaaS) services featuring software for blockchain technology; software as a service (SaaS) services featuring software for quantum computing and quantum programming; software as a service (SaaS) services featuring software for constructing, analyzing and running quantum programs and quantum algorithms; software as a service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; design of computer software and hardware for third parties and consulting services in the field of computers; technical support services, namely, solving computer program and software problems; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of computer and software interconnection systems, namely, electronic interconnection of computers and software; testing of computer programs (software) and hardware (quality control and technical control); technical project studies in the field of computer hardware and software; advice on information technology regarding computer hardware, namely advice regarding computer research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technical research, pharmaceutical research, scientific research for medical purposes; advice relating to information technology; computer system integration services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; technical support services, namely, diagnosing problems with computer hardware and computer programs; computer system design services for third parties; design of systems for interconnection of computer hardware and software, namely, integration of computer systems and networks; computer software and hardware

testing services, namely, testing of computer software, computers and servers to assure proper functioning; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization, and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; cloud computing hosting provider services; electronic data storage and data recovery services; data securing services.

Date of Notification: 05/11/2020

Class 01

Chemicals for use in the manufacture of perfumes and flavors; chemical products for use in compositions for perfumery, cosmetics, soaps, bath and shower preparations, shampoos, conditioners, detergents, softeners, deodorants for personal use and deodorants other than for personal use, cleaning preparations for household or industrial use; chemical products for use in the manufacture of food, food products, food supplements, beverages; chemical products for use as ingredients for food and beverages; chemical products for use as flavorings.

Class 03

Perfumery; perfumes; essential oils for personal use; essential oils and perfume compositions for use in the manufacture of scented products; essential oils for use as cosmetic ingredients; essential oils for flavoring food

and beverages; food flavorings in the form of essential oils; food flavorings prepared from essential oils.

Class 30

Flavorings for food and beverages; natural and artificial flavorings for food and beverages, other than essential oils; flavor enhancers and taste modulators [food flavourings other than essential oils] for use in food products and beverages; flavoring additives [food flavourings other than essential oils] for use in food products and beverages.

Class 35

Promotion of flavor products; advertising, distribution of samples, distribution of advertising material, namely, leaflets, prospectuses and printed matter, planning and conducting of advertising presentations, demonstration of goods for advertising purposes; electronic commerce services, namely, providing commercial information about flavors and perfumes and their use in consumer products via telecommunication networks, such as the Internet, for advertising and sales purposes; commercial or advertising information and advice services in the field of flavors and perfumes; marketing research, marketing studies in the field of development and promotion of flavors and perfumes.

Class 09

Software application platform for connecting people, services and devices to the internet and third party applications; computer software for database and application modeling; computer programs for use in developing computer software in an object-oriented programming language; computer software development tools for creating applications for connecting people, services and devices to the internet and third party applications; computer software development libraries, namely, downloadable electronic data files consisting of software development tools; computer software for use in connection with creating an integrated development environment (IDE) for building applications for connecting people, services and devices to the internet; computer software that enables searching and analysis of connected devices, stored data, business system records, and equipment data; computer software for data modeling and data mapping; computer software for evaluating, organizing, and integrating data; computer software for extracting data from EDI streams, pdf files, log files, reports or text files; computer software for extracting

data from all types of existing reports; computer software for report modeling; computer software to access, analyze, visualize, integrate, combine, transform and chart data from any format and from any static or streaming data source system; computer software for exporting data from existing sources to other computer software applications; computer software for computer aided design, engineering, manufacturing and business information systems to develop, analyze, optimize, visualize, manage and share physics and math based models, computational results and data; computer software for styling and concept design; computer software for generating and sharing interactive electronic dashboards, charts and reports, and producing alerts and notifications; high performance grid computing software; workload management software for high-performance computing and cloud environments; computer software and hardware for the provision of cloud hosting, cloud servers, Software-as-a-Service and/or infrastructure-as-a-service, for use in the field of high performance technical cloud computing (HPTC); computer software that provides web-based access to applications and services through a web operating system or portal interface; computer software for data centers and cloud computing service providers that enables them to operate, maintain, manage and deploy cloud computing resources; a finite element topology, shape and multidisciplinary optimization computer program for use in design and engineering featuring a finite element solver which includes topology and shape optimization, a solids modeling pre and postprocessor having solution for topology, shape and multidisciplinary optimization.

Class 35

Business management, consulting, and advisory services for businesses utilizing computer and cloud based software and analytics for asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; promoting the software of others via global computer networks; business data reporting and analytics consultation and advisory services for businesses dealing with access, collecting, storage, management, analysis, visualization and share data and information.

Class 38

Electronic transmission of data over a global communication network.

Class 41

Computer education, namely, education services in the field of computer software for connecting people, services and devices to the internet; education services, namely, providing live and on-line seminars and programs in the field of computer aided design, industrial design, engineering, manufacturing, high performance computing, cloud technical computing and data analytics; training in the use of computer software in the fields of computer aided design, industrial design, engineering, manufacturing, high performance computing, cloud technical computing, and data analytics; consultation and advisory services relating to provision of training in relation to computer software.

Class 42

Computer hardware development; Software as a service (SAAS) services featuring software for designing, creating and programming internet-connected hardware and related software from prototyping to production ready and software for in-service operation including data analytics; product development and engineering services for others; consultation and advisory services in the field of industrial design; computer services, namely, cloud hosting provider services; computer services, namely,

integration of private and public high performance technical cloud computing (hptc) environments; computer services, namely, remote and on-site technological support services for high performance technical cloud computing (hptc) systems and applications for others; consulting services in the field of cloud computing; technical consulting services in the fields of datacenter architecture, public and private cloud computing solutions, and evaluation and implementation of internet technology and services; technical support services, namely, remote and onsite technological support services for monitoring, administration and management of public and private cloud computing IT and application systems; application service provider services providing temporary use of on-line, non-downloadable computer software for use in accessing and importing data and information to analyze, visualize, share, and perform calculations within computational and analytical data models, computational algorithms, and software applications; computer programming for others; computer services, namely, provision of proprietary software for the collection, analysis, management and presentation of data and information for others; providing temporary use of on-line non-downloadable software for data collection, analysis and reporting; server, application and cloud hosting services; electronic data storage; application service provider (asp) services, namely, hosting the software applications of others; providing on-line non-downloadable operating software for accessing and using a cloud computing network; providing on-line non-downloadable software for software development and website development; consultation and advisory services in the field of computer software regarding software implementation, support, and customization including the creation and deployment of computational and analytical data models, computational algorithms, and software applications and code on computer hardware and computer chip controllers.

Priority Claims:

Class 09

01/05/2020

United States of America

Software application platform for connecting people, services and devices to the internet and third party applications; computer software for database and application modeling; computer programs for use in developing computer software in an object-oriented programming language; computer software development tools for creating applications for connecting people, services and devices to the internet and third party applications; computer software development libraries, namely, downloadable electronic data files consisting of software development tools; computer software for use in connection with creating an integrated development environment (IDE) for building applications for connecting people, services and devices to the internet; computer software that enables searching and analysis of connected devices, stored data, business system records, and equipment data; computer software for data modeling and data mapping; computer software for evaluating, organizing, and integrating data; computer software for extracting data from EDI streams, pdf files, log files, reports or text files; computer software for extracting data from all types of existing reports; computer software for report modeling; computer software to access, analyze, visualize, integrate, combine, transform and chart data from any format and from any static or streaming data source system; computer software for exporting data from existing sources to other computer software applications; computer software for computer aided design, engineering, manufacturing and business information systems to develop, analyze, optimize, visualize, manage and share physics and math based models, computational results and data; computer software for styling and concept design; computer software for generating and sharing interactive electronic dashboards,

charts and reports, and producing alerts and notifications; high performance grid computing software; workload management software for high-performance computing and cloud environments; computer software and hardware for the provision of cloud hosting, cloud servers, Software-as-a-Service and/or infrastructure-as-a-service, for use in the field of high performance technical cloud computing (HPTC); computer software that provides web-based access to applications and services through a web operating system or portal interface; computer software for data centers and cloud computing service providers that enables them to operate, maintain, manage and deploy cloud computing resources; a finite element topology, shape and multidisciplinary optimization computer program for use in design and engineering featuring a finite element solver which includes topology and shape optimization, a solids modeling pre and postprocessor having solution for topology, shape and multidisciplinary optimization.

Class 35

01/05/2020

United States of America

Business management, consulting, and advisory services for businesses utilizing computer and cloud based software and analytics for asset optimization, industrial automation, machine diagnostics, and optimization of industrial, healthcare, manufacturing and infrastructure management processes; providing temporary, full-time and contract employment placement staffing, consulting and recruiting services; providing information on employment, careers and temporary staffing via a global computer network; promoting the software of others via global computer networks; business data reporting and analytics consultation and advisory services featuring information on how to access, collect, store, manage, analyze, visualize and share data and information
