The trade mark is a movement mark, as shown in the representation on the form of application, starting from the top left corner moving across the row to the far right, returning to the second left row and moving across again to the far right, continuing in this order from left to right, ending with the 4th frame in the last row, whereupon the sequence will recommence. It is composed of 244 images that last approximately 7.29 seconds in total. The words "Lim-Loges & Masters" and the phrase "transforming companies, transforming careers" appear throughout the whole movement mark. The words "Lim-Loges" and "Masters" are represented in black whereas the ampersand symbol "&" and the words "transforming companies, transforming careers" are represented in orange. The sequence starts with a 2-dimensional square device in orange gradient with its borders accentuated in a distinctly vibrant orange tone. The 2-dimensional square device then rotates towards the left transforming into a 3-dimensional cube and then decreases in size while moving backwards revealing 3-dimensional cubes which overlap with one another, with all the cubes represented in orange gradient save for the 2 cubes at the diagonal top left and bottom right which are represented in black gradient. The original cube continues to shrink until it fades away as the surrounding cubes continue to expand outwards. The cubes at their expanded positions then proceeds to retract inwards. The original cube reappears and continues to expand as the surrounding cubes retract inwards until they are no longer visible and only the original cube remains. The cube rotates towards the right returning to the original 2-dimensional square device.
