Information Contained in This Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

GENERAL INFORMATION**Trade Marks Journal**

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules.

It is published weekly on Fridays and on other days when necessary, upon giving notice by way of circulars found on our website.

Requests for past issues of journals published more than three months ago may be made at <http://bit.ly/paymentipos> and is chargeable at \$12 per issue.

Instructions on payment will be provided to you via email within 7 working days after we receive your online request. Payment shall be made via IP²SG's payment platform. Acceptable modes of payment include Internet Banking, Visa/Master credit and debit cards and GIRO.

The journal(s) will be reproduced in CD-ROM and we will arrange an appointment with you to collect the CD-ROM at the following address:

Address:	Intellectual Property Office of Singapore 1 Paya Lebar Link, #11-03 PLQ 1, Paya Lebar Quarter Singapore 408533
Business Hours:	Monday to Friday: 8:30am to 5:30pm Saturday, Sunday and Public Holiday: CLOSED

REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Fax submissions are not acceptable.

Dated this 30th day of December 2005.

HOURS OF BUSINESS AND EXCLUDED DAYS**

This Practice Direction is issued by the Registrar under Section 78 of the Trade Marks Act, to specify the hours of business of the Registry and the days which are to be treated as excluded days.

This Practice Direction will come into effect on 1 July 2004.

Hours Of Business

- (1) The hours of business of the Registry shall be as follows:
- (a) 8.30 am to 12.30 pm and 1.30 pm to 5.30 pm from Monday to Friday, except on a day which is an excluded day; and
 - (b) 8.30 a.m. to 1.00 p.m. on any Saturday which is not an excluded day.
- (2) Notwithstanding paragraph (1), for the purposes of carrying out of any transaction referred to in rule 78A(2) by means of the electronic online system, the Registry shall be taken to be open every day at all hours, except on any day which is an excluded day for the purposes of carrying out of transactions by means of the electronic online system.

Excluded Days

- (1) All Sundays, public holidays and such other days as the Registrar may specify, shall be excluded days for all purposes under the Act and the Rules.

Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Application for a series of two marks.

Class 38

Cable television broadcasting; computer aided transmission of messages and images; radio broadcasting; radio communications; providing telecommunication channels for teleshopping services; providing telecommunications connections to a global computer network; satellite transmission; streaming of data; television broadcasting; transmission of podcasts; transmission of digital files; video-on-demand transmission; wireless broadcasting.

Class 41

Dubbing; film distribution; film production, other than advertising films; organization of competitions [education or entertainment]; presentation of live performances; production of music; production of radio and television programmes; radio entertainment; rental of radio and television sets; recording studio services; production of shows; providing information in the field of entertainment; providing television programmes, not downloadable, via video-on-demand services; providing online videos, not downloadable; subtitling; television entertainment.

Class 09

Games software; Software; Downloadable software; Application software; Software and applications for mobile devices; Software; BIOS software; Games software; Decoder software; Software drivers; Compiler software; Computer software; Packaged software; Education software; Accounting software; Video game software; Application software; Video games software; Downloadable software; Pre-recorded software; Communication software; Computer game software; Software for computers; Bioinformatics software; Computer games software; Data processing software; Electronic game software; Facial analysis software; Internet access software; Printer spooler software; Tax preparation software; Virtual reality software; Credit screening software; Data compression software; Speech analytics software; Augmented reality software; Computer firewall software; Computer graphics software; Computer software packages; Computer software products; Computer software programs; Image recognition software; Interactive video software; Music-composition software; Recorded computer software; Satellite imagery software; Voice recognition software; Computer interface software; Computer operating software; Computer software platforms; Computer software, recorded; Computer telephony software; Desktop publishing software; Embedded operating software; Engineering design software; Facial recognition software; Internet messaging software; Privacy protection software; Speech recognition software; Computer video game

software; Computer whiteboard software; Data communications software; Database management software; Gesture recognition software; Integrated software packages; Process controlling software; Website development software; Interactive computer software; Table representation software; Virtual reality game software; Web site development software; Computer screen saver software; Downloadable computer software; Augmented reality game software; Children's educational software; Computer chess games [software]; Computer search engine software; Recorded computer game software; Artificial intelligence software; Computer bridge games [software]; Computer game software, recorded; Computer software for encryption; Downloadable video game software; Anti-virus software, downloadable; Graphical user interface software; Programmed video games [software]; Computer operating system software; Computer software for time control; Anti-spyware software, downloadable; Computer software development tools; Downloadable computer game software; Industrial process control software; Software for GPS navigation systems; Computer backgammon games [software]; Computer game software, downloadable; Computer games programmes [software]; Network management computer software; Cartridges for video games [software]; Computer games entertainment software; Games software for use with computers; Industrial computer software programs; Downloadable computer utility software; Multimedia software recorded on CD-ROM; Security devices for computer software; Software for processing digital images; Computer software for business purposes; Downloadable computer security software; Video games on disc [computer software]; Cartridges for computer games [software]; Computer software for accounting systems; Magnetic cards bearing computer software; Network access server operating software; Video games programs [computer software]; Cards encoded to access computer software; Computer programs [downloadable software]; Computer software for database management; Computer software for document management; Software for satellite navigation systems; Controlling software for computer printers; Electronic game software for mobile phones; Industrial controls incorporating software; Software for optical character recognition; WAN [wide area network] operating software; Communications processing computer software; Downloadable computer software applications; LAN [local area network] operating software; Augmented reality software for creating maps; Cartridges [software] for use with computers; Computer software applications, downloadable; Computer software designed to estimate costs; Data processing software for word processing; Software and applications for mobile devices; Software for diagnostics and troubleshooting; Computer software for analysing address files; Computer software for the analysis of defects; Computer software to enable searching of data; Electronic game software for wireless devices; Operating software for network access servers; USB [universal serial bus] operating software; Virtual reality software for medical teaching; Application development software, downloadable; Computer software downloaded from the internet; Computer software for processing address files; Computer software to automate data warehousing; Computer application software for mobile phones; Computer software for processing digital images; Computer software for the creation of firewalls; Computer software for wireless content delivery; Magnetic tapes for memorising software programs; Computer software for producing financial models; Downloadable computer software for ordering food; Simulation software for use in digital computers; VPN [virtual private network] operating software; Boxes adapted for storing computer software disks; Computer software for use in controlling machines; Interactive multimedia software for playing games; Magnetic storage materials incorporating software; Software applications for use with mobile devices; Software for processing images, graphics and text; Computer software for analysing market

information; Computer software programs for database management; Personal computers incorporating computer software; Computer application software for mobile telephones; Computer software for processing market information; Augmented reality software for use in mobile devices; Computer games programs recorded on tapes [software]; Computer software for processing digital music files; Computer software for use in computer access control; Data processing software for graphic representations; Operating computer software for main frame computers; Artificial intelligence and machine learning software; Computer software for authorising access to databases; Computer software for wireless network communications; Computer software platforms, recorded or downloadable; Computer software programs for spreadsheet management; Personal computer software applications, downloadable; Software for ensuring the security of electronic mail; Boxes adapted for transporting computer software disks; Computer chatbot software for simulating conversations; Computer screen saver software, recorded or downloadable; Computer software for controlling self-service terminals; Electronic game software for handheld electronic devices; Computer software to maintain and operate computer system; Installations for the remote loading of computer software; Interactive entertainment software for use with computers; Programmed video games contained on cartridges [software]; Software for facilitating secure credit card transactions; Computer programs and recorded software distributed online; Computer software for application and database integration; Downloadable computer software for use as a digital wallet; Computer software for administration of local area networks; Computer software for creating and editing music and sounds; Computer software for use in programming facsimile machines; Computer software to enable searching and retrieval of data; Installations for the remote unloading of computer software; Communication software for connecting computer network users; Computer game software for use on mobile and cellular phones; Computer software designed to estimate resource requirements; Computer software for use in creating and designing websites; Computer software for use in processing semiconductor wafers; Data carriers for computers having software recorded thereon; Software for dosimetry purposes in the field of radiotherapy; Downloadable computer software for food ordering and delivery; Software to control and improve audio equipment sound quality; Communication software for connecting global computer networks; Computer games programs downloaded via the internet [software]; Computer software for communication between computer processes; Downloadable computer software for use as an electronic wallet; Computer software adapted for use in the operation of computers; Downloadable computer software for remote monitoring and analysis; Games software for use with an external display screen or monitor; Computer game software downloadable from a global computer network; Computer hardware for use in computer-assisted software engineering; Computer software for communicating purposes between microcomputers; Computer software for communicating with users of hand-held computers; Apparatus for climatic technology; Downloadable interactive entertainment software for playing video games; Vacuum physics technology apparatus; Computer software for converting document images into electronic formats; Plotters employing ink-jet technology; Computer software for controlling and managing access server applications; Plotters employing electrostatic technology; Computer programs and software for image processing used for mobile phones; Plotters employing thermal-transfer technology; Computer software for controlling the operation of audio and video devices; Programs for recording data in reproduction technology; Downloadable interactive entertainment software for playing computer games; Integrated circuit diagnostic apparatus employing electron beam technology; Computer software for organizing and viewing digital images and photographs;

Programs for the electronic arrangement of graphics in reproduction technology; Recorded software and programmes for use with electronic games of all kinds; Internet phones; Software for searching and retrieving information across a computer network; Internet servers; Computer software to enable the transmission of photographs to mobile telephones; Internet access software; Software for the operational management of portable magnetic and electronic cards; Internet messaging software; Game programmes [programs] and software for use with electronic games of all kinds; Magazines downloaded via the internet; Downloadable computer game software via a global computer network and wireless devices; Newspapers downloaded via the internet; Computer software for use in relation to digital animation and special effects of images; Digital books downloadable from the Internet; Electronic sports training simulators [computer hardware and software-based teaching apparatus]; Digital music downloadable from the Internet; Computer software for use in providing multiple user access to a global computer information network; Digital music, downloadable from the Internet; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Computer software downloaded from the internet; Computer communication software to allow customers to access bank account information and transact bank business; Data recorded electronically from the internet; Computer software that assists computers in deploying parallel applications and performing parallel computations; Computer games programmes downloaded via the internet; Augmented reality software for use in mobile devices for integrating electronic data with real world environments; Computer programs for accessing and using the internet; Computer games programs downloaded via the internet [software]; Digital music, downloadable from MP3 web sites on the internet; Downloadable digital music provided from MP3 Internet web sites; Weekly publications downloaded in electronic form from the internet; Business programmes for computers; Data processors for business data; Computer software for business purposes; Telephonic installations for business use; Computer discs containing business documentation; Computer communication software to allow customers to access bank account information and transact bank business; Application software; Film for televisual applications; Mobile applications for booking taxi; Optical fibres for industrial applications; Downloadable computer software applications; Computer software applications, downloadable; Software and applications for mobile devices; Electrodes for civil engineering applications; Application development software, downloadable; Computer application software for mobile phones; Software applications for use with mobile devices; Downloadable mobile applications for booking taxis; Computer application software for mobile telephones; Downloadable applications for use with mobile devices; Personal computer software applications, downloadable; Scientific apparatus for use in diagnostic applications; Computer software for application and database integration; Downloadable mobile applications for food ordering and delivery; Transformers being electromagnetic devices for military applications; Transformers being electromagnetic devices for industrial applications; Computer software for controlling and managing access server applications; Interfaces between application programs and firmware on real-time computers; Computer software that assists computers in deploying parallel applications and performing parallel computations; Games software; Video game discs; Computer game discs; Video game programs; Video game software; Video game cassettes; Video games software; Video game cartridges; Computer game programs; Computer game software; Computer game cassettes; Computer games software; Computer game cartridges; Computer game programmes; Electronic game programs; Electronic game software; Computer video game software; Video game computer programs; Program discs for video games; Virtual

reality game software; Augmented reality game software; Computer chess games [software]; Interactive video game programs; Recorded computer game programs; Recorded computer game software; Computer bridge games [software]; Computer game software, recorded; Downloadable video game software; Video and computer game programs; Computer programs for video games; Programmed video games [software]; Headsets for virtual reality games; Interactive computer game programs; Computer programs for playing games; Downloadable computer game programs; Downloadable computer game software; Computer backgammon games [software]; Computer game software, downloadable; Computer games programmes [software]; Computer programs for computer games; Memory cards for video game machines; Programs for use with computer games; Cartridges for video games [software]; Computer games entertainment software; Downloadable electronic game programs; Games software for use with computers; Program cartridges for computer games; Magnetic media for storing video games; Video games on disc [computer software]; Cartridges for computer games [software]; Video game programs for use in computers; Video games programs [computer software]; Electronic game software for mobile phones; Video game programs for use with computers; Magnetic media bearing data for video games; Video game liquid program memory cartridges; Audiovisual headsets for playing video games; Game programs for arcade video game machines; Battery chargers for home video game machines; Electronic game software for wireless devices; Interactive multimedia computer game programs; Computer programs for video and computer games; Video game programs for coin-operated apparatus; Electronic scoring displays for sports and games; Interactive multimedia software for playing games; Program memory cartridges for television game sets; Electrical apparatus for use in testing video games; Electronic scoring instruments for sports and games; Computer games programs recorded on tapes [software]; Computer games programmes downloaded via the internet; Integrated circuit cards storing computer game programs; Electronic game software for handheld electronic devices; Games cartridges for use with electronic games apparatus; Memory cartridges for hand-held electronic game apparatus; Programmed video games contained on cartridges [software]; Computer game software for use on mobile and cellular phones; Joysticks for use with computers, other than for video games; Computer games programs downloaded via the internet [software]; Electronic scoring instruments for recording the score in games; Virtual reality headsets adapted for use in playing video games; Games software for use with an external display screen or monitor; Computer game software downloadable from a global computer network; Recorded programs for hand-held games with liquid crystal displays; Downloadable interactive entertainment software for playing video games; Memories and memory extensions for use with electronic games of all kinds; Downloadable interactive entertainment software for playing computer games; Recorded software and programmes for use with electronic games of all kinds; Game programmes [programs] and software for use with electronic games of all kinds; Downloadable computer game software via a global computer network and wireless devices; Education software; Educational apparatus; Children's educational software; Computer apparatus for educational use; Downloadable educational course materials; Films bearing recorded educational material; Educational science apparatus and instruments; Three dimensional models for educational purposes [teaching apparatus]; Films bearing recorded educational material relating to the culinary arts; Educational materials in the form of computer programs for teaching languages; Training aids [apparatus]; Sports training simulators; Ejector seat training apparatus; Computer based training apparatus; Resuscitation training simulators; Vehicle drive training simulators; Eyeglasses worn for sports training; Spectacles worn for sports training; Gunnery training

simulator apparatus; Training guides in electronic format; Electronic sports training simulators; Training manuals in electronic format; Training apparatus [teaching apparatus]; Interactive computers for use in training; Training simulators for civil aviation purposes; Hairdressing training heads [teaching apparatus]; Vehicle driving simulators for training purposes; Simulators for training personnel in marksmanship; Training guides in the form of a computer program; Training manuals in the form of a computer program; Visual display apparatus for use in training personnel; Computer programs relating to the training of personnel; Simulators for training personnel in the use of firearms; Simulators for training personnel in the flying of aircraft; Simulators for training operators in weapons systems control; Simulators for training personnel in the driving of vehicles; Teaching apparatus for training in autorelaxation techniques; Simulators for training personnel in the operation of weapons; Simulators for training personnel in the operation of aircraft; Simulators for training personnel in the operation of watercraft; Simulators for training personnel in the flying of space vehicles; Optical apparatus for use in training operators of weapons systems; Simulators for training personnel in the ground control of aircraft; Simulators for training personnel in the operation of land vehicles; Simulators for training personnel in the operation of motor vehicles; Simulators for training personnel in the operation of space vehicles; Simulators incorporating digital computers for industrial training purposes; Electronic sports training simulators [computer hardware and software-based teaching apparatus]; Filters for use in science; Spectacles used in information science; Educational science apparatus and instruments; Science sets for children being teaching apparatus; Science sets for children being instructional apparatus; Games software; Video game discs; Computer game discs; Video game programs; Video game software; Video game cassettes; Video games software; Video game cartridges; Computer game programs; Computer game software; Computer game cassettes; Computer games software; Computer game cartridges; Computer game programmes; Electronic game programs; Electronic game software; Computer video game software; Video game computer programs; Program discs for video games; Virtual reality game software; Augmented reality game software; Computer chess games [software]; Interactive video game programs; Recorded computer game programs; Recorded computer game software; Computer bridge games [software]; Computer game software, recorded; Downloadable video game software; Video and computer game programs; Computer programs for video games; Programmed video games [software]; Headsets for virtual reality games; Interactive computer game programs; Computer programs for playing games; Downloadable computer game programs; Downloadable computer game software; Computer backgammon games [software]; Computer game software, downloadable; Computer games programmes [software]; Computer programs for computer games; Memory cards for video game machines; Programs for use with computer games; Cartridges for video games [software]; Computer games entertainment software; Downloadable electronic game programs; Games software for use with computers; Program cartridges for computer games; Magnetic media for storing video games; Video games on disc [computer software]; Cartridges for computer games [software]; Video game programs for use in computers; Video games programs [computer software]; Electronic game software for mobile phones; Video game programs for use with computers; Magnetic media bearing data for video games; Video game liquid program memory cartridges; Audiovisual headsets for playing video games; Game programs for arcade video game machines; Battery chargers for home video game machines; Electronic game software for wireless devices; Interactive multimedia computer game programs; Computer programs for video and computer games; Video game programs for coin-operated apparatus;

Electronic scoring displays for sports and games; Interactive multimedia software for playing games; Program memory cartridges for television game sets; Electrical apparatus for use in testing video games; Electronic scoring instruments for sports and games; Computer games programs recorded on tapes [software]; Computer games programmes downloaded via the internet; Integrated circuit cards storing computer game programs; Electronic game software for handheld electronic devices; Games cartridges for use with electronic games apparatus; Memory cartridges for hand-held electronic game apparatus; Programmed video games contained on cartridges [software]; Computer game software for use on mobile and cellular phones; Joysticks for use with computers, other than for video games; Computer games programs downloaded via the internet [software]; Electronic scoring instruments for recording the score in games; Virtual reality headsets adapted for use in playing video games; Games software for use with an external display screen or monitor; Computer game software downloadable from a global computer network; Recorded programs for hand-held games with liquid crystal displays; Downloadable interactive entertainment software for playing video games; Memories and memory extensions for use with electronic games of all kinds; Downloadable interactive entertainment software for playing computer games; Recorded software and programmes for use with electronic games of all kinds; Game programmes [programs] and software for use with electronic games of all kinds; Downloadable computer game software via a global computer network and wireless devices; Software; BIOS software; Games software; Decoder software; Software drivers; Compiler software; Computer software; Packaged software; Education software; Accounting software; Video game software; Application software; Video games software; Downloadable software; Pre-recorded software; Communication software; Computer game software; Software for computers; Bioinformatics software; Computer games software; Data processing software; Electronic game software; Facial analysis software; Internet access software; Printer spooler software; Tax preparation software; Virtual reality software; Credit screening software; Data compression software; Speech analytics software; Augmented reality software; Computer firewall software; Computer graphics software; Computer software packages; Computer software products; Computer software programs; Image recognition software; Interactive video software; Music-composition software; Recorded computer software; Satellite imagery software; Voice recognition software; Computer interface software; Computer operating software; Computer software platforms; Computer software, recorded; Computer telephony software; Desktop publishing software; Embedded operating software; Engineering design software; Facial recognition software; Internet messaging software; Privacy protection software; Speech recognition software; Computer video game software; Computer whiteboard software; Data communications software; Database management software; Gesture recognition software; Integrated software packages; Process controlling software; Website development software; Interactive computer software; Table representation software; Virtual reality game software; Web site development software; Computer screen saver software; Downloadable computer software; Augmented reality game software; Children's educational software; Computer chess games [software]; Computer search engine software; Recorded computer game software; Artificial intelligence software; Computer bridge games [software]; Computer game software, recorded; Computer software for encryption; Downloadable video game software; Anti-virus software, downloadable; Graphical user interface software; Programmed video games [software]; Computer operating system software; Computer software for time control; Anti-spyware software, downloadable; Computer software development tools; Downloadable computer game software; Industrial process control software; Software for GPS navigation

systems; Computer backgammon games [software]; Computer game software, downloadable; Computer games programmes [software]; Network management computer software; Cartridges for video games [software]; Computer games entertainment software; Games software for use with computers; Industrial computer software programs; Downloadable computer utility software; Multimedia software recorded on CD-ROM; Security devices for computer software; Software for processing digital images; Computer software for business purposes; Downloadable computer security software; Video games on disc [computer software]; Cartridges for computer games [software]; Computer software for accounting systems; Magnetic cards bearing computer software; Network access server operating software; Video games programs [computer software]; Cards encoded to access computer software; Computer programs [downloadable software]; Computer software for database management; Computer software for document management; Software for satellite navigation systems; Controlling software for computer printers; Electronic game software for mobile phones; Industrial controls incorporating software; Software for optical character recognition; WAN [wide area network] operating software; Communications processing computer software; Downloadable computer software applications; LAN [local area network] operating software; Augmented reality software for creating maps; Cartridges [software] for use with computers; Computer software applications, downloadable; Computer software designed to estimate costs; Data processing software for word processing; Software and applications for mobile devices; Software for diagnostics and troubleshooting; Computer software for analysing address files; Computer software for the analysis of defects; Computer software to enable searching of data; Electronic game software for wireless devices; Operating software for network access servers; USB [universal serial bus] operating software; Virtual reality software for medical teaching; Application development software, downloadable; Computer software downloaded from the internet; Computer software for processing address files; Computer software to automate data warehousing; Computer application software for mobile phones; Computer software for processing digital images; Computer software for the creation of firewalls; Computer software for wireless content delivery; Magnetic tapes for memorising software programs; Computer software for producing financial models; Downloadable computer software for ordering food; Simulation software for use in digital computers; VPN [virtual private network] operating software; Boxes adapted for storing computer software disks; Computer software for use in controlling machines; Interactive multimedia software for playing games; Magnetic storage materials incorporating software; Software applications for use with mobile devices; Software for processing images, graphics and text; Computer software for analysing market information; Computer software programs for database management; Personal computers incorporating computer software; Computer application software for mobile telephones; Computer software for processing market information; Augmented reality software for use in mobile devices; Computer games programs recorded on tapes [software]; Computer software for processing digital music files; Computer software for use in computer access control; Data processing software for graphic representations; Operating computer software for main frame computers; Artificial intelligence and machine learning software; Computer software for authorising access to databases; Computer software for wireless network communications; Computer software platforms, recorded or downloadable; Computer software programs for spreadsheet management; Personal computer software applications, downloadable; Software for ensuring the security of electronic mail; Boxes adapted for transporting computer software disks; Computer chatbot software for simulating conversations; Computer screen saver software, recorded or

downloadable; Computer software for controlling self-service terminals; Electronic game software for handheld electronic devices; Computer software to maintain and operate computer system; Installations for the remote loading of computer software; Interactive entertainment software for use with computers; Programmed video games contained on cartridges [software]; Software for facilitating secure credit card transactions; Computer programs and recorded software distributed online; Computer software for application and database integration; Downloadable computer software for use as a digital wallet; Computer software for administration of local area networks; Computer software for creating and editing music and sounds; Computer software for use in programming facsimile machines; Computer software to enable searching and retrieval of data; Installations for the remote unloading of computer software; Communication software for connecting computer network users; Computer game software for use on mobile and cellular phones; Computer software designed to estimate resource requirements; Computer software for use in creating and designing websites; Computer software for use in processing semiconductor wafers; Data carriers for computers having software recorded thereon; Software for dosimetry purposes in the field of radiotherapy; Downloadable computer software for food ordering and delivery; Software to control and improve audio equipment sound quality; Communication software for connecting global computer networks; Computer games programs downloaded via the internet [software]; Computer software for communication between computer processes; Downloadable computer software for use as an electronic wallet; Computer software adapted for use in the operation of computers; Downloadable computer software for remote monitoring and analysis; Games software for use with an external display screen or monitor; Computer game software downloadable from a global computer network; Computer hardware for use in computer-assisted software engineering; Computer software for communicating purposes between microcomputers; Computer software for communicating with users of hand-held computers; Downloadable interactive entertainment software for playing video games; Computer software for converting document images into electronic formats; Computer software for controlling and managing access server applications; Computer programs and software for image processing used for mobile phones; Computer software for controlling the operation of audio and video devices; Downloadable interactive entertainment software for playing computer games; Computer software for organizing and viewing digital images and photographs; Recorded software and programmes for use with electronic games of all kinds; Software for searching and retrieving information across a computer network; Computer software to enable the transmission of photographs to mobile telephones; Software for the operational management of portable magnetic and electronic cards; Game programmes [programs] and software for use with electronic games of all kinds; Downloadable computer game software via a global computer network and wireless devices; Computer software for use in relation to digital animation and special effects of images; Electronic sports training simulators [computer hardware and software-based teaching apparatus]; Computer software for use in providing multiple user access to a global computer information network; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Computer communication software to allow customers to access bank account information and transact bank business; Computer software that assists computers in deploying parallel applications and performing parallel computations; Augmented reality software for use in mobile devices for integrating electronic data with real world environments; Computer software platforms; Computer software platforms, recorded or downloadable; Software; BIOS software; Games software; Decoder software; Software drivers; Compiler software;

Computer software; Packaged software; Education software; Accounting software; Video game software; Application software; Video games software; Downloadable software; Pre-recorded software; Communication software; Computer game software; Software for computers; Bioinformatics software; Computer games software; Data processing software; Electronic game software; Facial analysis software; Internet access software; Printer spooler software; Tax preparation software; Virtual reality software; Credit screening software; Data compression software; Speech analytics software; Augmented reality software; Computer firewall software; Computer graphics software; Computer software packages; Computer software products; Computer software programs; Image recognition software; Interactive video software; Music-composition software; Recorded computer software; Satellite imagery software; Voice recognition software; Computer interface software; Computer operating software; Computer software platforms; Computer software, recorded; Computer telephony software; Desktop publishing software; Embedded operating software; Engineering design software; Facial recognition software; Internet messaging software; Privacy protection software; Speech recognition software; Computer video game software; Computer whiteboard software; Data communications software; Database management software; Gesture recognition software; Integrated software packages; Process controlling software; Website development software; Interactive computer software; Table representation software; Virtual reality game software; Web site development software; Computer screen saver software; Downloadable computer software; Augmented reality game software; Children's educational software; Computer chess games [software]; Computer search engine software; Recorded computer game software; Artificial intelligence software; Computer bridge games [software]; Computer game software, recorded; Computer software for encryption; Downloadable video game software; Anti-virus software, downloadable; Graphical user interface software; Programmed video games [software]; Computer operating system software; Computer software for time control; Anti-spyware software, downloadable; Computer software development tools; Downloadable computer game software; Industrial process control software; Software for GPS navigation systems; Computer backgammon games [software]; Computer game software, downloadable; Computer games programmes [software]; Network management computer software; Cartridges for video games [software]; Computer games entertainment software; Games software for use with computers; Industrial computer software programs; Downloadable computer utility software; Multimedia software recorded on CD-ROM; Security devices for computer software; Software for processing digital images; Computer software for business purposes; Downloadable computer security software; Video games on disc [computer software]; Cartridges for computer games [software]; Computer software for accounting systems; Magnetic cards bearing computer software; Network access server operating software; Video games programs [computer software]; Cards encoded to access computer software; Computer programs [downloadable software]; Computer software for database management; Computer software for document management; Software for satellite navigation systems; Controlling software for computer printers; Electronic game software for mobile phones; Industrial controls incorporating software; Software for optical character recognition; WAN [wide area network] operating software; Communications processing computer software; Downloadable computer software applications; LAN [local area network] operating software; Augmented reality software for creating maps; Cartridges [software] for use with computers; Computer software applications, downloadable; Computer software designed to estimate costs; Data processing software for word processing; Software and applications for mobile devices; Software for diagnostics and

troubleshooting; Computer software for analysing address files; Computer software for the analysis of defects; Computer software to enable searching of data; Electronic game software for wireless devices; Operating software for network access servers; USB [universal serial bus] operating software; Virtual reality software for medical teaching; Application development software, downloadable; Computer software downloaded from the internet; Computer software for processing address files; Computer software to automate data warehousing; Computer application software for mobile phones; Computer software for processing digital images; Computer software for the creation of firewalls; Computer software for wireless content delivery; Magnetic tapes for memorising software programs; Computer software for producing financial models; Downloadable computer software for ordering food; Simulation software for use in digital computers; VPN [virtual private network] operating software; Boxes adapted for storing computer software disks; Computer software for use in controlling machines; Interactive multimedia software for playing games; Magnetic storage materials incorporating software; Software applications for use with mobile devices; Software for processing images, graphics and text; Computer software for analysing market information; Computer software programs for database management; Personal computers incorporating computer software; Computer application software for mobile telephones; Computer software for processing market information; Augmented reality software for use in mobile devices; Computer games programs recorded on tapes [software]; Computer software for processing digital music files; Computer software for use in computer access control; Data processing software for graphic representations; Operating computer software for main frame computers; Artificial intelligence and machine learning software; Computer software for authorising access to databases; Computer software for wireless network communications; Computer software platforms, recorded or downloadable; Computer software programs for spreadsheet management; Personal computer software applications, downloadable; Software for ensuring the security of electronic mail; Boxes adapted for transporting computer software disks; Computer chatbot software for simulating conversations; Computer screen saver software, recorded or downloadable; Computer software for controlling self-service terminals; Electronic game software for handheld electronic devices; Computer software to maintain and operate computer system; Installations for the remote loading of computer software; Interactive entertainment software for use with computers; Programmed video games contained on cartridges [software]; Software for facilitating secure credit card transactions; Computer programs and recorded software distributed online; Computer software for application and database integration; Downloadable computer software for use as a digital wallet; Computer software for administration of local area networks; Computer software for creating and editing music and sounds; Computer software for use in programming facsimile machines; Computer software to enable searching and retrieval of data; Installations for the remote unloading of computer software; Communication software for connecting computer network users; Computer game software for use on mobile and cellular phones; Computer software designed to estimate resource requirements; Computer software for use in creating and designing websites; Computer software for use in processing semiconductor wafers; Data carriers for computers having software recorded thereon; Software for dosimetry purposes in the field of radiotherapy; Downloadable computer software for food ordering and delivery; Software to control and improve audio equipment sound quality; Communication software for connecting global computer networks; Computer games programs downloaded via the internet [software]; Computer software for communication between computer processes; Downloadable computer software for use as an electronic wallet; Computer

software adapted for use in the operation of computers; Downloadable computer software for remote monitoring and analysis; Games software for use with an external display screen or monitor; Computer game software downloadable from a global computer network; Computer hardware for use in computer-assisted software engineering; Computer software for communicating purposes between microcomputers; Computer software for communicating with users of hand-held computers; Downloadable interactive entertainment software for playing video games; Computer software for converting document images into electronic formats; Computer software for controlling and managing access server applications; Computer programs and software for image processing used for mobile phones; Computer software for controlling the operation of audio and video devices; Downloadable interactive entertainment software for playing computer games; Computer software for organizing and viewing digital images and photographs; Recorded software and programmes for use with electronic games of all kinds; Software for searching and retrieving information across a computer network; Computer software to enable the transmission of photographs to mobile telephones; Software for the operational management of portable magnetic and electronic cards; Game programmes [programs] and software for use with electronic games of all kinds; Downloadable computer game software via a global computer network and wireless devices; Computer software for use in relation to digital animation and special effects of images; Electronic sports training simulators [computer hardware and software-based teaching apparatus]; Computer software for use in providing multiple user access to a global computer information network; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Computer communication software to allow customers to access bank account information and transact bank business; Computer software that assists computers in deploying parallel applications and performing parallel computations; Augmented reality software for use in mobile devices for integrating electronic data with real world environments.

Class 35

Business consultancy and advisory services; Business management consultancy services; Recruitment services; Marketing research services; Business data analysis; Advertising services; Business secretarial services; Accounting services; Marketing services; Business auditing; Business assistance, management and administrative services; Retail services for computer software; Retail services in relation to computer software; Marketing in the framework of software publishing; Wholesale services in relation to computer software; Providing consumer product advice relating to software; Providing consumer product information relating to software.

Class 41

Education information; Educational services; Vocational education; Tuition services; Sports tuition services; Training; Coaching [training]; Driver training; University education services; Providing information about education; Provision of educational information; Coaching [training]; Personal coaching [training]; Coaching [education and training]; Educational services in the nature of coaching; Training or education services in the field of life coaching; Training services in the field of computer software development.

Class 42

Application service provider [ASP] services; Design, development and programming of computer software; Website design services; Software as a service [SaaS]; Platform as a service [PaaS]; Platform as a service [PaaS]; Software design; Software creation; Software research; Design of software;

Rental of software; Software authoring; Software development; Software engineering; Updating of software; Development of software; Maintenance of software; Computer software design; Computer software rental; Computer software repair; Installation of software; Rental of games software; Renting computer software; Computer software research; Smartphone software design; Design of computer software; Programming of EDP software; Rental of computer software; Repair of computer software; Computer software consulting; Copying of computer software; Developing computer software; Leasing of computer software; Software as a service [SaaS]; Software consulting services; Testing of computer software; Writing of computer software; Computer software consultancy; Computer software development; Computer software integration; Software consultancy services; Software development services; Software maintenance services; Updating of computer software; Computer software installation; Rental of application software; Up-dating of computer software; Upgrading of computer software; Software design and development; Updating of smartphone software; Design of computer game software; Development of computer software; Duplication of computer software; Image processing software design; Maintenance of computer software; Rental of computers and software; Computer software design services; Installation of computer software; Installation of database software; Configuration of computer software; Customization of computer software; Maintenance and repair of software; Computer software advisory services; Computer software design for others; Computer software updating services; Rental of computer database software; Computer and computer software rental; Computer software consulting services; Computer software design and updating; Development of computer game software; Computer software consultancy services; Computer software maintenance services; Computer software programming services; Debugging computer software for others; Online provision of web-based software; Rental of database management software; Rental of software for data processing; Rental of software for Internet access; Writing and updating computer software; Design and writing of computer software; Hosting of software as a service [SaaS]; Services for updating computer software; Diagnosis of faults in computer software; Installation of Internet access software; Rental of computer hardware and software; Rental of computer software and programs; Updating and design of computer software; Updating of software for data processing; Developing and updating computer software; Programming of energy management software; Rental of computers and computer software; Rental of video game development software; Programming of telecommunications software; Rental of software for website development; Consultancy in the field of software design; Design and development of computer software; Maintenance of software for Internet access; Rental and maintenance of computer software; Rental of software for inventory management; Computer software technical support services; Consultancy relating to software maintenance; Consultancy in the field of computer software; Consultancy in the field of security software; Maintenance and updating of computer software; Providing temporary use of web-based software; Provision of online non-downloadable software; Research and development of computer software; Services for maintenance of computer software; Troubleshooting of computer software problems; Updating and maintenance of computer software; Computer software installation and maintenance; Configuration of computer networks by software; Maintenance and upgrading of computer software; Programming of software for Internet platforms; Rental of computer software relating to travel; Upgrading and maintenance of computer software; Advisory services relating to computer software; Programming of software for database management; Programming of software for website development; Consultancy relating to the updating of software; Design and development

International Registration Filed Under The Madrid Protocol Published For Opposition Under The Trade Marks Act (Cap.332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Thermostats, condenser; downloadable mobile applications for climate control, water filtration and purification, and air purification systems; computer-based building automation system for monitoring, controlling and reporting the use and status of lighting, energy consumption, security systems and heating, cooling and ventilation equipment comprising a computer cathode ray tube (CRT), computer operating programs, keyboard, printer, building zone area sensors and monitors, subcomputers in the nature of laptops, board level computers, and power controllers associated therewith; building automation computer hardware and software for integrating multiple building systems into one centralized platform; building integration and management software designed for large building applications or multiple buildings within portfolio; software for use in the management and analysis of power system requirements for energy management; power transfer switches for automatically switching between a primary power source and a back-up power source; electrical and electronic controls for controlling the charge in refrigeration systems; and parts therefor in this class.

Class 11

Apparatus and installations for heating, ventilation, and air conditioning; water heaters; electrostatic air filters for air conditioning and for domestic use; refrigerating machines and installations; electric heaters for commercial use; immersion heaters; portable electric heaters; blast chillers for commercial food preparation and storage; refrigeration equipment, namely, food and beverage chilling units; installations for conditioning (handling) air; air handlers; humidifiers; dehumidifiers; energy and heat recovery ventilators for air circulation and cooling; ventilating exhaust fans, all for cooling, heating and ventilating domestic commercial and industrial buildings and for use in industrial processes, diffusers for heating and air conditioning; air cleaning units; cooling evaporators; gas condensers, other than parts of machines; refrigerator condensers; coils as parts of distilling, heating or cooling installations; fans for air conditioning apparatus; electric fans; hot air blowers; furnaces; air conditioners; heat pumps; heat exchangers, not parts of machines, coils as parts of distilling apparatus; air purifying apparatus and machines; water filtration and purification units and replacement cartridges and filters thereof; water purification installations and parts for all the aforesaid goods; boilers (not for machines); burners (other than perfume burners); fluid, air and water heaters and chillers for all domestic, commercial and industrial use; air inductor apparatus (ventilation) incorporating filters, diffusers, air blenders and convectors; ventilation [air-conditioning] installations for terminals; variable air volume apparatus namely, controllers, safety dampers, fans, motorized fluid mixing valves and mixing valves actuators, all being integral parts of HVAC (heating, ventilating, and/or air-conditioning) systems; refrigerant condensers; evaporators; extractors [ventilation or air-conditioning]; fan coil apparatus; fans and blowers; air conditioners, and heat exchangers for use in heat transfer for industrial and commercial uses; apparatus and installations for refrigerating, ventilating, evaporating; gas, oil and synthetic fuel burners; fittings for all of the aforesaid goods; climate control systems, namely air conditioning, heating, ventilation and drying installations incorporating digital thermostats; mechanical and pneumatics controllers for heating, cooling and ventilating equipment; electrostatic air filters.

Class 37

Technical consulting related to the installation of power generating,

heating, water heating, ventilating, air conditioning and refrigeration equipment, air purification, and water filtration and purification systems; rental of tools for the repair of heating and air conditioning equipment.

Class 42

Engineering consultation services in the field of power generating, heating, water heating, ventilating, air conditioning, air purification, water filtration and purification, and refrigeration system requirements; design, development, and consulting services related thereto in the field of power generating, heating, water heating, ventilating, air conditioning and refrigeration equipment, air purification, and water filtration and purification systems, and refrigeration system requirements; technical consulting related to the design of power generating, heating, water heating, ventilating, air conditioning and refrigeration equipment, air purification, and water filtration and purification systems.

Date of Notification: 11/06/2020

Class 09

Custom wall mounts for television screens; antenna cables for heavy current; adapter cables for headphones; connection cables; display devices relating to augmented reality for attachment to the head; acoustic surface wave filters; custom phone covers; apparatus and instruments for the conversion of electric current; battery chargers for use with cellular phones in vehicles; connecting parts for electric cables; apparatus for sound synchronization; apparatus for image processing; apparatus and instruments for regulating the use of electricity; apparatus and instruments for controlling the use of electricity; application software; apparatus and instruments for conducting energy; proximity detectors; adapted stands for housing video equipment; apparatus and instruments for controlling the use of electricity; customized bags for computers; apparatus and instruments for the regulation of energy; analog-to-digital converters; apparatus and instruments for storing electricity; adapted storage containers for CDs; apparatus and instruments for controlling the distribution of electricity; apparatus and instruments for transforming the use of electricity; connecting parts for electric cables; junction boxes [electricity]; connection boxes for telephone wires; apparatus and instruments for regulating electricity; display apparatus, television receivers and film and video apparatus; filters for antennas; antennas; customized stands for housing audio equipment; anti-reflection filters for computer monitors; apparatus and instruments for accumulating and storing electricity; power sources connected to audio equipment for use in motor vehicles; indicator lights for telecommunications equipment; apparatus and instruments for controlling the distribution of electricity; apparatus and instruments for converting the distribution of electricity; custom loudspeaker mounts; connecting parts for electric cables; temperature indicators; apparatus and instruments for storing energy; adapted storage boxes for audio cassettes; apparatus for data transmission; apparatus and instruments for regulating the distribution of electricity; adapter plugs; customized laptop holders; adapters for connecting telephones to hearing aids; acoustic couplers; acoustic membranes for use in sound recording or reproducing apparatus; apparatus for the distribution of electricity; analog circuits; anticathodes; artificial intelligence apparatus [computers]; converters for electric plugs; adapted holders for cellular phones; apparatus and instruments for switching energy; adaptive software; antenna sockets; AC/DC power supplies; analog converters; animation software; indicator lights for switchboards; analog sound transducers; adapted stands for housing amplifiers; players for sound and image carriers; apparatus and instruments for controlling the distribution of electricity; apparatus and instruments for conducting electricity; apparatus and instruments for playing records; covers for portable players; junction boxes [electrical engineering]; connecting parts for electric cables; acoustic meters; connections for telecommunications apparatus; antenna cables; application-specific integrated circuits; apparatus and instruments for storing the distribution of electricity; digital audio tape players; analog signal processors; adapted bags for carrying video equipment; car stereos; equalizers [audio apparatus]; electrical capacitors; document printers for computers; cases for MP3 players; computer discs; double-layer capacitors; recorded films; digital recordings; audio equipment for the car; computer software for composing music; choking coils [impedance]; electro-acoustic transducers;

downloadable digital music from the internet; electrical circuits and circuit boards; car telephone systems; apparatus for recording images; audio cassettes; ethernet transceivers; digital audio servers; audio CDs; digital audio tapes; base station controllers [BSC] for telecommunications; electric apparatus for commutation; audio receivers; image display apparatus; docking stations for cellular phones; audiovisual equipment; recorded video discs; CD burners; displays for smartphones; accelerometers; computer applications for audio and video navigation of cars; battery leads; autotransformers; biochip sensors; digital audio recorders; audio noise suppressors; audio compressors; audio signal range expanders; computer programs for image processing; electrical circuits; ethernet adapters; image analysis equipment; components for use in electrical circuits; tapes with sound recordings; cases for cellular phones; cases for music storage devices; base stations for local area networks [LAN]; demodulators; file server software; compact disks [sound, image]; displays for cellular phones; batteries; wireless transmitters and receivers; CD players for use with computers; computer programs for editing images, sound and videos; wireless switches; apparatus for the transmission of data; electric network monitoring devices; ethernet adapters; programmed video games recorded on cartridges (computer software); audiovisual instructional equipment; cases for headphones; processing software; floppy disk drives; electric recording apparatus; recorded CD-ROMs; audio adapters; ethernet switches; image reproducing devices; recorded music videos; pre-recorded media; electronic amplifiers; electrical control systems; receivers for electronic signals; audio books; electric power transformers; audio amplifiers; docking stations for MP3 players; compact discs; audio cable testers; car radios; car phones; wire diameter measuring instruments; DVD recorders; docking stations for digital music players; ethernet hardware; audio expanders; CD-ROM burners; CD cases; apparatus for image processing; electrical terminators; car cassette players; image recording apparatus, image display apparatus; music series recorded on media [volume]; pre-recorded videos; sound amplifiers; recorded laser discs; touch-sensitive input devices; receivers for remote controls; local area network [LAN] base stations for connecting users of a computer network; electrical resistances; video transmission equipment; computer software for creating and editing music and sounds; static grounding systems and apparatus; wireless receivers; attached cable connectors of metal; eyeglass temples; inductors for electric apparatus; components of antennas; receiving apparatus for signals; audiovisual headsets for playing video games; pre-recorded data carriers for use with computers; audio mixing consoles; wire gauges; books stored on data tapes; components for electrical circuits; digital-to-analog converters; recorded CD-Is [compact disc interactive]; apparatus for the transmission of data; computer discs; electroacoustic transducers; electrical switch assemblies; computer firmware; automatic control devices; digital records; computer programs for processing digital music files; electrical resistance coils; data CDs; audio equipment; DVD micro systems; bare wire; digital recording media; audio cassette players; audio and visual and photographic apparatus; office and enterprise application software; computer software for audio recordings; electronic audio equipment; electrical contacts; ethernet amplifiers; audio cassette decks for cars; batteries for hearing aids; ethernet cables; audio-frequency devices; DVD players; wired communication devices; pre-recorded DVDs; CD storage pockets; electronic audio and video signal distribution systems; recorded compact discs; receivers for image and sound; wire triangles for laboratory use; CDs; digital audio disks; recorded video tapes; limiters [electricity]; audio circuit boards; tape drives; audio cables; biochips; apparatus for recording; docking stations for tablet computers; recorded cassettes; cases for PDAs; electrical contact blocks; computer application software for use in implementing the internet of things [IoT]; ground wires; audiovisual apparatus; recording apparatus for

telephone calls; electronic storage media; battery chargers for use with telephones; acceleration sensors; ground terminals; pre-recorded discs with images stored thereon; docking stations for smartphones; wireless signal amplifiers; audio analyzers; computer hardware for the routing of audio, video and digital signals; baluns; audio timers; computer software for the acoustic control of computers and their operation; bridges [network components]; recorded files; recorded movies; compact disks [ROM, permanent memory]; pre-recorded video CDs; audio editing software; touch-sensitive control panels; biometric voice recognition systems; docking stations for laptops; audiovisual teaching apparatus; tape players; digital-to-analog converters for sounds; electronic databases stored on computer media; audio speakers for automobiles; electroacoustic amplifiers; audio cassette recorders; audio discs; tapes with recorded music; CD recorders; recorded CDs; audio equipment and radio receivers; displays for television receivers; audio signal amplifier; recorded data; DVD burners; recorded tape cassettes; electric current control devices; CD players; pre-programmed discs; audiovisual entertainment systems for motor vehicles; battery packs; ethernet controllers; audio time delay devices; audio equipment; public address systems; floppy disks; electric inductors; audio-sensitive controls for lighting apparatus and instruments; receivers [sound, image]; DVD players; electric control apparatus; audio testing apparatus; wireless routers; ethernet cards; DVD recorders; audio conferencing equipment; audio interfaces; recording discs [magnetic]; car phone holders; audio digitizers; wireless transmitters; automatic disc changers; electrical resistance elements; binaural microphones; electrical switch plates; image recording apparatus; brackets for flat screen televisions; portable speaker docking stations; noise cancelling headphones; microphones for communication devices; telephone connecting cords; tape recorders; covers for computer discs; sound recording apparatus; high-fidelity apparatus; freeware; printed circuit boards; MP4 players; hands-free kits for telephones; sleeves for laptops; downloadable digital photos; volume control pedals; switching power supply apparatus; musical sound recordings; strip terminals; connectors for coaxial cables; record players; secure digital [SD] card readers; telephone connectors; signal amplifiers; speaker phones; semiconductor drives [SSD]; surround processors; radio receivers and radio transmitters; high-definition set-top boxes; insulated copper wire; transmitters [telecommunication] microphones for telecommunication apparatus; head cleaning tapes for audio cassette recorders; signaling apparatus and instruments; magnetic recordings; mixing consoles [signals]; speech processors; front panels for electrical connections; holders for cameras; inductors [electricity]; printed circuit cards; cables for telecommunications; radios; signal conditioning apparatus; information technology and audiovisual equipment; magnetic data carriers; headphones; radiotelephones; signal processors for audio speakers; portable speakers; insulated electrical cables; multiroom audio equipment; magnetic data carriers; answering machines; downloadable electronic reports; integrated circuit cards [smart cards]; headsets for use with computers; audio tapes; microwave communications apparatus; condensers [capacitors]; cabinets for loudspeakers; cables for optical signal transmission; magnetic tape apparatus [data processing]; home theater projectors; racks for loudspeakers; coaxial switches; magnetic tapes for recording; transmitters for remote controls; radio cassette tape recorders; printed wiring boards; sound and video recordings; audio head cleaners; wireless local area network devices; magnetic tape drives; microforms; high fidelity audio apparatus; monitor speakers; signaling apparatus; frequency synthesizers; apparatus for image transmission; push buttons for bells; telephone apparatus; vibration dampers for electronic audio equipment; terminal boxes; microprocessors; jack plugs; media players; testbenches; radio frequency adapters; video tape editing controllers;

speakers [audio equipment]; mounts for helmet cameras; cleaning discs for laser lenses; music headphones; testing apparatus and instruments; step-up transformers; containers for contact lenses; phase checkers; karaoke machines; LAN [local operating network] hardware; current shunts; current testers; audio effects apparatus; microphones; frequency modulation apparatus; internet phones; loudspeaker cables; optical apparatus and instruments; loudspeakers for cellular phones; tumbler switches; switchboxes [electricity]; record players; chips containing musical recordings; flip covers for smartphones; frequency stabilization apparatus; sound reproduction apparatus; semiconductor memories; home automation systems; wireless headsets for tablet computers; audio speakers for homes; data synchronization cables; integrated electrical circuits; pre-recorded music compact discs; microphone buttons; wire connectors [electricity]; circuit breakers; audio recordings; records [sound recordings]; optical discs recorded with music; multi-outlet socket blocks; cable connections for electric cables; MPEG audio players; podcasts; laptop bags; frequency transformers; subwoofers; transistors [electronic]; downloadable electronic brochures; telephone headsets; speakers for record players; audio- and video-receivers; microphone plugs; pre-recorded DVDs featuring music; cassette recorders; controllers for audio and video navigation of cars; pick-up arms; acoustic conduits portable music players; printed circuits; audio cassettes [recorded]; cartridge alignment protractors; frequency indicators; cable connectors; wireless headphones; carrying cases for digital music players; sound and image recording apparatus; voltage testers; semiconductor elements; magnetic data carriers, recording discs; loudspeaker drive units; phonograph records; wireless transmitting and receiving equipment; sound processors; downloadable application software for smartphones; hands-free headsets for cellular phones; integrated circuit boards; magnetic data carriers bearing recorded software; sound cards; sound recording strips; portable DAB [digital audible broadcasting] radios; power adapters; audible safety signals, other than for vehicles; plug-in connectors; loudspeakers for automobiles; cathodes; ceramic capacitors; drives for computers; cordless telephones; sound locating instruments; portable CD players; pickups for guitars; telephone sets with screen and keyboard; frequency modulators; current meters; instrument scales; home theater systems; portable sound reproducing apparatus; integrated circuits; phase indicators; sound projectors; tape cassettes; insulated electrical connectors; telecommunication cables; loudspeaker systems; wireless communication apparatus for the transmission of sound, data or images; portable DVD players; record turntables; apparatus for image transmission; smartphones in the form of spectacles; cassette players; disc memories; power transformers for amplifiers; record player needles; holography apparatus; signal splitters; radio tuners; cassette head cleaners for audio tapes; loudspeakers for portable media players; preamplifiers; semiconductor; radios for motor vehicles; printed electrical circuits; cable sheaths [cables]; portable audio equipment; loudspeakers for computers; distribution consoles [electricity]; speaker mounting brackets; portable sound recorders; tone arms for record players; downloadable digital music; wireless communication devices for the transmission of multimedia content; ceramic resonators; in-ear headphones; diaphragms [acoustic]; tape cassettes [recorded]; vibration meters; loudspeaker systems for vehicles; headphones for audio transmission equipment for personal use; transistors [electronic]; guitar amplifiers; hands-free microphones for cellular phones; soundbars; pickups for telecommunications apparatus; pre-recorded videotapes featuring music; large-scale integrated circuits; frequency converters; guitar cables; smart speakers; coaxial resonators; loudspeakers; downloadable digital music provided from MP3 internet websites; laser discs; smartphones; impedance transformers; cordless telephones; vibration gauges; USB adapters; testing apparatus for

electronic instruments; sound locating instruments; printed electronic circuits; switches for routing of audio, video and digital signals; audio cassettes; hard disk drives; headphone amplifiers; speaker switches; circuit distributors; printed circuits; frequency scanners; sound recording apparatus; signal couplers; portable telecommunications equipment; frequency meters; sound amplifiers for musical instruments; resistance wires; music software; integrated sound amplifiers; signal expanders; signal processors; inductive transmitters; hands-free kits for cellular phones; loudspeakers for vehicles; covers for telephone receivers; sound recordings on records; laptop computers; wireless chargers; covers for tablet computers; LAN [local area network] operating software; folding multimeters; crystal oscillators; transmitters [telecommunication]; music tapes; internal modems; pickups for electric musical instruments; downloadable digital music provided via the internet; wireless headsets; hands-free kits for telephones; sound transmitting apparatus; heat resistant electrical cables; multilayer printed wiring boards; pre-recorded audio tapes featuring music; telephone terminals; inductance capacitance filters; loudspeakers with built-in amplifiers; speakers for video conferencing; sound amplifying receivers; audio tape recorders; audio recordings; routers for routing audio, video and digital signals; power wires; frequency converters for actuators; signal converters; sound level meters; palmtop computers; power adapters; record decks; ceramic fuses; touch switches; voltage transformers; mixing consoles for microphones; quartz crystal oscillators; fuses; plug-in connectors; power strips with movable sockets; loudspeaker cabinets; covers for video cassettes; wireless audio speakers; audio tape players; signal limiters; sound mixers with built-in amplifiers; entertainment software; music cassettes; semiconductor chips; data processing apparatus; pre-recorded laser discs featuring music; resonant circuits; semiconductor wafers; hand-held communication devices; helmet cameras; sheaths for electric cables; cathode-ray tubes; signal systems; downloadable music files; microphone cables; vehicle radios; device drivers; telephone wires; audio books; rate gyros; current limiters; transformers [electricity]; power adapters; cable television transmitters; computer circuit boards; hands-free holders for cellular phones; surround sound systems; juke boxes for computers; personal speakers; recording apparatus; portable monitors; semiconductor apparatus; loudspeaker units; telephone socket outlets; audio switching apparatus; signal delay apparatus; apparatus for recording data; multichannel sound processors; studio monitors; radio frequency repeaters; telephones incorporating intercommunication systems; laptops [computers]; current measuring apparatus; sound processors; spectrum analyzers, other than for medical purposes; frequency transformers; semiconductor memory units; portable telecommunications apparatus; sound reverberation units; horns for loudspeakers; tonometers for measuring purposes [not for medical purposes]; optical data storage drives; musical video recordings; inductive resistors; audio mixers; frequency stabilizers; media server software; microwave sensor devices; terminals [electricity]; variable resistances; camera lens mounts; portable telecommunications apparatus; inductors; telephone adapters; power amplifiers; radio frequency amplifiers; ear pads for headphones; speaker docks; sound registering discs; induction voltage regulators; fuse holders; software for software testing; microphone stands; signal antennas; heat resistant electrical cables; smartphones in the shape of wristwatches; motherboards for computers; ohmmeters; speech processors; MP3 players; wireless headsets for smartphones; sound samplers; apparatus for the projection of virtual keyboards; apparatus for image reproduction; jack plugs; sound mixing apparatus; headphone consoles; downloadable digital music from the internet; karaoke equipment; amplifiers; electronic tags for identifying electrical conductors; sound recording carriers; inductors [electricity]; desk or car mounted units incorporating a loudspeaker to

allow a telephone handset to be used hands-free; frequency diverters; magnetic tapes; holograms; current measuring instruments and apparatus; power lines; acoustic transformers; power testers; downloadable electronic books; media software; voltage dividers; data transmission cables; cables for electrical signal transmission.

Class 38

Consultancy relating to telecommunications; audiovisual transmission services; digital data transmission; electrical data transmission over a global remote data processing network, including the internet; transmission of database information via telecommunication networks; transmission of digital audio and video broadcasts via a global computer network; transmission services by means of telecommunications networks; video conferencing services; transmission of sound, image and data signals; transmission of data, sound and images by satellite; transmission of audio data via the internet; transmission of computer data via television; transmission of data, sound and images via satellites; providing access to MP3 web pages on the internet; transmission of interactive entertainment software; rental of equipment and apparatus for videoconferencing; electronic transmission of sounds, images, documents, messages and data; consultancy relating to wireless communication and wireless communication devices; transmission of data; transmission of sound and image recordings via networks; transmission of user-generated content via the internet; transmission of audio and video content via computer networks; audio communications services; transmission of data; audiovisual communications services; network transmission of sounds, images, signals and data; transmission of data, sound and images by satellite; audio teleconferencing; digital audio broadcasting; email transmission services; audio broadcasting; transfer of data by radio; transmission of video data via the internet; transmission of data, sound and images via satellites; rental of image transmission apparatus; transmission of webcasts; rental of communication equipment via radio; transmission of audio and video data via the internet; analog transmission and receiving by radio; mobile media services in the nature of electronic transmission of the content of entertainment media; transmission of video and audio programs via the internet; rental of broadcasting equipment for outdoor use; transmission of computer data by cable; transmission of audio and video content via ISDN lines; transmission of audio and video content via satellite; transmission of information in the audiovisual field; transmission of sound, video and information; analog transmission of data and audiovisual images over a global computer network or the internet; rental of installations for radio and television broadcasting; consultancy relating to data transmission; transmission of data, sound and images by satellite.
