REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. management; Providing temporary use of on-line non-downloadable software for inventory management; Development of computer software for logistics, supply chain management and e-business portals; Design and development of computer software for logistics, supply chain management and e-business portals; Server administration; Remote server administration; Administration of mail servers; Civil engineering design services; Computer graphics design services; Computer hardware design services; Computer software design services; Environmental assessment services; Environmental monitoring services; Local planning authority services; Metallurgical laboratory services; Water quality monitoring services; Administration of user rights in computer networks; Architectural consultancy services; Civil engineering drawing services; Computer program advisory services; Computer program updating services; Computer virus protection services; Computerised data storage services; Data security services [firewalls]; Environmental consultancy services; Fashion design consulting services; Infrastructure as a service [IaaS]; Landscape lighting design services; Oceanographic prospecting services; Town planning consultancy services; Website usability testing services; Computer disaster recovery services; Computer software advisory services; Computer software updating services; Dental research laboratory services; Interior decoration design services; Meteorological information services; Provision of search engine services; Social science consultancy services; Technological consultation services; Theatrical lighting design services; Computer system integration services; Design services relating to printing; Graphic illustration design services; Medical research laboratory services; Providing quality assurance services; Advisory services relating to science; Chemical research laboratory services; Computer program maintenance services; Computer software consulting services; Computer systems integration services; Data encryption and decoding services; Design services for computer hardware; Quality control of goods and services; Scientific and technological services; Technical diagnostic testing services; Architectural and engineering services; Computer software consultancy services; Computer software maintenance services; Computer software programming services; Industrial engineering design services; Advisory services relating to computers; Biological research laboratory services; Chemical research and analysis services; Computer network configuration services; Engineering project management services; Hosting of software as a service [SaaS]; Services for updating computer software; Building inspection services [surveying]; Graphic illustration services for others; Internet cafe services [computer rental]; Pharmaceutical drug development services; Scientific computer programming services; Analytical services relating to computers; Engineering services for the gas industry; Industrial analysis and research services; Underwater structural inspection services; Advisory services relating to architecture; Advisory services relating to biochemistry; Advisory services relating to pharmacology; Certification services relating to quality; Cloud storage services for electronic data; Computer aided diagnostic testing services; Computer-aided engineering design services; Consultancy services relating to computers; Engineering services relating to computers; Information services relating to computers; Services for reproducing computer programs; Web portal services [designing or hosting]; Analysis services for oil field exploration; Analysis services for oil-field exploration; Application service provider [ASP] services; Cloud storage services for electronic files; Computer aided industrial analysis services; Computer aided industrial research services; Computer aided scientific analysis services; Computer aided scientific research services; Quality control and authentication services; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Backup services for computer hard drive data; Computer software technical support services; Information services relating to mathematics;

Location of utility lines [mapping services]; Advisory services relating to building design; Advisory services relating to interior design; Advisory services relating to product testing; Authentication services for computer security; Computer database design consultancy services; Design and development services in metallurgy; Design services relating to civil engineering; Design services relating to computer hardware; Engineering services relating to architecture; Environmental testing and inspection services; Services for maintenance of computer software; Real estate surveys; Real estate planning; Advisory services relating to material testing; Services for assessing the safety of chemicals; Advisory services relating to computer hardware; Advisory services relating to computer software; Advisory services relating to energy efficiency; Advisory services relating to industrial design; Advisory services relating to pollution control; Advisory services relating to the use of energy; Commissioning [testing and inspection] services; Design services relating to interior decoration; Disaster recovery services for computer systems; Information technology [IT] consulting services; Consultancy services relating to quality control; Preparation of reports relating to real estate planning; Pharmaceutical research and development services; Designing and planning of real estate subdivisions and developments; Evaluation and testing of real estate for the presence of hazardous material; Advisory services relating to scientific research; Diamond authentication and certification services; Electronic data storage and data back-up services; Engineering services in the field of motive power; Testing services for alarm and monitoring systems; Advisory services relating to computer programming; Architectural services for the design of buildings; Computer programming services for data warehousing; Design services in the field of naval shipbuilding; Gemstone authentication and certification services; Information services relating to quality standards; Layout design services for clean room environments; Security assessment services for computer networks; Services for assessing the efficiency of chemicals; Advisory services relating to gene therapy research; Advisory services relating to planning applications; Animal semen testing services for research purposes; Architectural services relating to land development; Consultation services relating to computer software; Consulting services in the field of cloud computing; Design services relating to the layout of documents; Electronic storage services for archiving databases; Programming services for search engine optimisation; Programming services for search engine optimization; Quality control services for certification purposes; Advisory services relating to computer system design; Advisory services relating to technological research; Industrial analysis and industrial research services; Services for assessing the safety of pharmaceuticals; Advisory services relating to environmental pollution; Engineering services relating to computer programming; Services for assessing the safety of veterinary drugs; Advisory services relating to computer system analysis; Advisory services relating to environmental protection; Advisory services relating to the planning of premises; Computer-aided engineering design and drawing services; Engineering services in the field of energy technology; Engineering services relating to energy supply systems; Research and development services relating to vaccines; Services for assessing the safety of consumer products; Computer aided design services relating to architecture; Draftsman's services in the nature of technical drawing; Engineering services relating to information technology; Information services relating to information technology; Quality control services for certifying product quality; Quality control testing services for forestry equipment; Research and development services relating to medicines; Architectural services for the design of retail premises; Authentication services [product certification services]; Blood analysis services for scientific research purposes; Consultation services relating to architectural planning; Engineering services in the field of building technology;

Laboratory research services relating to pharmaceuticals; Services for assessing the efficiency of pharmaceuticals; Technical design services relating to electricity plants; Architectural services for the design of office buildings; Architectural services for the design of shopping centers; Electronic storage services for archiving electronic data; Quality control testing services for industrial machinery; Research and development services relating to fertilisers; Services for assessing the efficiency of veterinary drugs; Technical advisory services relating to computer programs; Providing weather information; Architectural services relating to the development of land; Computer programming services for electronic data security; Disaster recovery services for data communications systems; Research and development services in the field of cytology; Software engineering services for data processing programs; Cloud hosting provider services; Authentication services for electronic documents and e-mail; Quality control testing services for agricultural machinery; Research and development services in the field of chemistry; Technical design services relating to heating installations; Advisory services relating to the safety testing of products; Computer aided design services relating to building projects; Quality control testing services for horticultural equipment; Research and development services in connection with physics; Providing meteorological information; Research and development services in the field of antibodies; Providing quality assurance services; Research and development services in the field of immunology; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings; Certification services for the energy efficiency of buildings; Engineering services in the field of environmental technology; Consultancy services in the field of technological development; Engineering services in the field of communications technology; Planning and layout design services for cleanroom environments; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Security risk assessment services relating to computer systems; Testing services for the certification of quality or standards; Providing search engines for the internet; Advisory and information services relating to computer software; Computer services in the nature of hosting web sites for others; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Application service provider [ASP] services; Providing temporary use of web-based software; Information technology services provided on an outsourcing basis; Technical design services relating to water supply installations; DNA testing services to determine paternity [laboratory services]; Providing electronic memory space on the Internet; Engineering services relating to gas transport and supply systems; Providing temporary use of web-based applications; Research and development services in the field of immunohistology; Providing information in the field of product design; Advisory and information services relating to computer peripherals; Advisory services relating to the preparation of quality standards; Designing computer software for controlling self-service terminals; Interior design services incorporating the principles of feng shui; Outsource service providers in the field of information technology; Services for monitoring industrial processes for quality assurance; Computer programming services for commercial analysis and reporting; Industrial analysis and research services in the field of chemistry; Locksmithing services being the design of locks and locking systems; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Providing information in the field of product development; Design and planning services relating to telecommunication equipment; Consultancy and information services relating to computer programming; Providing information about industrial analysis and research services; Research and development services in the field of

antibody technology; Providing temporary use of online non-downloadable software; Cell culture services for scientific and research purposes, for others; Industrial analysis and research services relating to automobile tires; Programming and software installation, repair and maintenance services; Accreditation services relating to the application of quality standards; Providing temporary use of non-downloadable business software; Consultancy and information services relating to information technology; Exploration services in the field of the oil, gas and mining industries; Industrial analysis, industrial research and industrial design services; Providing information in the field of computer software design; Providing Internet search engines with specific search options; Computer security services for protection against illegal network access; Digital signature verification services [electronic cryptology services]; Occupational health and safety services [ergonomics and design services]; Professional consulting services and advice about agricultural chemistry; Technological advisory services relating to machine engineering analysis; Providing scientific information in the field of climate change; Providing scientific information in the field of global warming; Providing virtual computer environments through cloud computing; Information technology services provided on an outsourcing basis; Consultancy and information services relating to computer software design; Research and development services in the field of gene expression systems; Outsource service providers in the field of information technology; User authentication services using technology for e-commerce transactions; Providing information in the field of computer software development; Providing information in the field of interior design via a website; Providing information in the field of interior design via a web site; Analysis and testing services relating to electrical engineering apparatus; Technical design services relating to cooling appliances and installations; Technical design services relating to sanitary apparatus and installations; Providing information about industrial analysis and research services; Electronic signature verification services [electronic cryptology services]; Providing temporary use of online non-downloadable investment software; Consultancy and information services relating to computer system integration; Providing online information about industrial analysis and research services; Providing information in the field of plant genetics research resources; Providing search engines for obtaining data via communications networks; Providing computer facilities for the electronic storage of digital data; Advisory services relating to the design and development of computer hardware; Computer security services [testing and risk assessment of computer networks]; Computer security services in the nature of administering digital certificates; Network security services [testing and risk assessment of electronic networks]; Providing information on computer technology and programming via a web site; Scientific and technological services and research and design relating thereto; Providing temporary use of on-line non-downloadable single sign-on software; Providing online information about industrial analysis and research services; Technological consulting services in the field of alternative energy generation; Providing temporary use of on-line non-downloadable software development tools; Consultancy services relating to research in the field of environmental protection; Hosting electronic memory space on the Internet for advertising goods and services; Electronic storage services for archiving databases, images and other electronic data; Consultancy relating to technological services in the field of power and energy supply; Electronic monitoring services for computer security threat analysis for protecting data; Providing information relating to computer technology and programming via a website; Providing information, including online, about industrial analysis and research services; Scientific services relating to the isolation and cultivation of human tissues and cells; Providing information relating to computer technology and programming via a web site; Providing temporary use of

on-line non-downloadable software for database management; Advisory services in the field of product development and quality improvement of software; Inspection services for new and used vehicles for persons buying or selling their vehicles; Providing temporary use of on-line non-downloadable software for inventory management; Providing temporary use of on-line non-downloadable software for web site development; Providing scientific information, advice and consultancy relating to carbon offsetting; Development services in the field of computer software and advisory services relating thereto; User authentication services using single sign-on technology for online software applications; Providing information, including online, about industrial analysis and research services; Providing technological information about environmentally-conscious and green innovations; Technical consultancy in relation to research services relating to foods and dietary supplements; Providing temporary use of non-downloadable software applications accessible via a web site; Providing temporary use of on-line non-downloadable software for importing and managing data; Providing information about the design and development of computer software, systems and networks; Computer security services [programming and software installation, repair and maintenance services]; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing information, including online, about design and development of computer hardware and software; Providing user authentication services using single sign-on technology for online software applications; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Providing temporary use of on-line non-downloadable operating software for computer networks and servers; Building and structural inspection services [engineering, quality assessment, and surveying services]; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Computer security services [design and development of secure computer hardware, software and systems]; Testing, analysis and evaluation of the goods and services of others for the purpose of certification; Providing temporary use of non-downloadable software to enable content providers to track multimedia content; Providing on-line information in the field of technological research from a computer database or the Internet; Consultancy and information services relating to information technology architecture and infrastructure; Providing user authentication services using single sign-on technology for online software applications; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; Creating and designing website-based indexes of information for others [information technology services]; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Electronic monitoring services for computer security services for protection against illegal network access; Providing information, including online, about scientific and technological services and research and design relating thereto; Interactive hosting services which allow the users to publish and share their own content and images online; Cloud hosting provider services; Consultancy and information services relating to the design, programming and maintenance of computer software; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Application service provider [ASP] services; Accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; Providing information, including online, about scientific and technological

services and research and design relating thereto; Food research; Genetic research; Medical research; Physics research; Product research; Research on food; Information technology services provided on an outsourcing basis; Chemical research; Cosmetic research; Outsource service providers in the field of information technology; Research services; Software research; Cosmetics research; Stem cell research; Technical research; Biological research; Electrical research; Geological research; Providing temporary use of non-downloadable software to enable content providers to track multimedia content; Industrial research; Laboratory research; Mechanical research; Scientific research; Biochemical research; Documentary research; Engineering research; Research consultancy; Agricultural research; Hydrological research; Photographic research; Research laboratories; Archeological research; Architectural research; Biotechnology research; Technological research; Tyre research services; Archaeological research; Meteorological research; Bacteriological research; Analysis for oil research; Biotechnological research; Electrotechnical research; Medical research services; Building research services; Chemical research services; Computer research services; Computer software research; Electrical safety research; Research into new products; Research relating to design; Research relating to safety; Stem cell research services; Technical research services; Biological research services; Biomedical research services; Industrial research services; Research relating to hygiene; Research relating to physics; Research relating to science; Scientific research services; Geophysical research services; Rental of research facilities; Research relating to medicine; Research relating to security; Agricultural research services; Agrochemical research services; Biochemistry research services; Chemical research and analysis; Mathematical research services; Provision of research services; Research relating to buildings; Research relating to chemicals; Research relating to chemistry; Research relating to computers; Chemical technological research; Oceanographic research services; Research in the field of energy; Research relating to technology; Biological research and analysis; Pharmaceutical research services; Product research and development; Research in the field of ecology; Research in the field of physics; Research in the field of welding; Research relating to agriculture; Research relating to engineering; Research to develop new products; Scientific research and analysis; Social science research services; Biochemical research and analysis; Research in the field of genomics; Research relating to architecture; Research relating to bacteriology; Research relating to demographics; Research relating to horticulture; Research relating to insecticides; Geological estimation and research; Research in the field of chemistry; Research in the field of hair care; Research relating to biotechnology; Scientific and industrial research; Dental research laboratory services; Geological estimations and research; Industrial research of new products; Research of new products for others; Research relating to plant breeding; Scientific research and development; Bacteriological research and testing; Biochemical research and development; Medical research laboratory services; Research relating to data processing; Research relating to pharmaceuticals; Bacteriological research and analysis; Chemical research laboratory services; Research in the field of gene therapy; Research in the field of social media; Research relating to telecommunication; Archaeological exploration and research; Biological research laboratory services; Chemical research and analysis services; Pharmaceutical research and development; Research in the field of climate change; Research relating to molecular sciences; Scientific research relating to biology; Scientific research relating to ecology; Technical research projects and studies; Analysis of tissues for medical research; Research and development of new products; Scientific research for medical purposes; Scientific research relating to genetics; Bacteriological consultation and research; Industrial analysis and research

services; Research in the field of pharmacogenetics; Research relating to computer programming; Research relating to industrial machinery; Scientific research relating to chemistry; Scientific research relating to cosmetics; Management of scientific research projects; Research in the field of computer hardware; Research on the subject of pharmaceuticals; Computer aided industrial research services; Computer aided scientific research services; Research relating to mechanical engineering; Allergy testing for research and science use; Analysis of human serum for medical research; DNA sequencing for medical research purposes; Scientific research in the field of pharmacy; Scientific research relating to bacteriology; Laboratory research in the field of chemistry; Laboratory research in the field of cosmetics; Preparation of technological research reports; Research and development of computer software; Research in the reduction of carbon emissions; Research relating to environmental protection; Analysis of human tissues for medical research; DNA screening for scientific research purposes; Research in the field of building construction; Technical research in the field of aeronautics; Research in the field of information technology; Genetic testing for scientific research purposes; Mechanical research in the field of motor sports; Pharmaceutical research and development services; Research in the area of environmental protection; Research in the field of artificial intelligence; Research in the field of manufacturing machinery; Advisory services relating to scientific research; In vitro testing for scientific research purposes; Preparation of statistics for scientific research; Research in the field of environmental protection; Scientific research relating to chemical products; Consultancy in the field of technological research; In vitro analysis for scientific research purposes; Research and development of vaccines and medicines; Research in the field of communications technology; Research on building construction or city planning; Advisory services relating to gene therapy research; Animal semen testing services for research purposes; Consultancy in the field of pharmaceutical research; Laboratory research in the field of gene expression; Research and development of new products for others; Research in the field of data processing technology; Research in the field of environmental conservation; Advisory services relating to technological research; Industrial analysis and industrial research services; Preparation of reports relating to chemical research; Preparation of reports relating to technical research; Preparation of reports relating to scientific research; Research and development in the field of biotechnology; Research and development services relating to vaccines; Research in the field of telecommunications technology; Scientific research relating to hair care preparations; Preparation of biological samples for research purposes; Research and development services relating to medicines; Research in the field of computer programs and software; Blood analysis services for scientific research purposes; Laboratory research services relating to pharmaceuticals; Provision of information relating to scientific research; Research and development for the pharmaceutical industry; Scientific research into the development of new products; Preparation of reports relating to technological research; Research and development services relating to fertilisers; Research relating to the development of computer hardware; Research relating to the development of computer software; Research and development services in the field of cytology; Genetic testing of laboratory animals for research purposes; Provision of information relating to technological research; Research and development services in the field of chemistry; Research in the area of semiconductor processing technology; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of immunology; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Research and consultancy services relating to computer software; Research and

development services relating to computer hardware; Research and development in the field of diagnostic preparations; Research, development, design and upgrading of computer software; Scientific and technological research relating to patent mapping; Research and development in the field of microorganisms and cells; Research and development services in the field of immunohistology; Industrial analysis and research services in the field of chemistry; Scientific research in the field of genetics and genetic engineering; Providing information about industrial analysis and research services; Research and development services in the field of antibody technology; Cell culture services for scientific and research purposes, for others; Industrial analysis and research services relating to automobile tires; Research relating to the development of computer programs and software; Industrial analysis, industrial research and industrial design services; Preparation of biological samples for analysis in research laboratories; Providing information in the field of plant genetics research resources; Scientific and technological research in the field of natural disasters; Research and development services in the field of gene expression systems; Integrated scientific research on vermin for greenhouses and harvest crops; Scientific research for medical purposes in the area of cancerous diseases; Providing online information about industrial analysis and research services; Consultancy relating to research and development in the field of therapeutics; Scientific and technological services and research and design relating thereto; Preparation of immunohistological samples for analysis in research laboratories; Consultancy services relating to research in the field of environmental protection; Preparation of biological samples for testing and analysis in research laboratories; Conducting research and technical project studies relating to the use of natural energy; Providing information, including online, about industrial analysis and research services; Research and development of new products for third parties in the field of plastic materials; Provision of information and data relating to medical and veterinary research and development; Technical consultancy in relation to the technical research in the field of food and beverages; Electronic storage of entertainment media content; Technical consultancy in relation to research services relating to foods and dietary supplements; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Providing on-line information in the field of technological research from a computer database or the Internet; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Provision of information concerning research and technical project studies relating to the use of natural energy; Providing information, including online, about scientific and technological services and research and design relating thereto; Hat design; Toy design; Ship design; Shop design; Tool design; Dress design; House design; Urban design; Visual design; Fashion design; Graphic design; Jewelry design; Kitchen design; Pattern design; Product design; Website design; Aircraft design; Computer design; Database design; Design of boats; Design of games; Design of logos; Design of shops; Design of tools; Design planning; Design services; Dress designing; Interior design; Software design; Web site design; Furniture design; Packaging design; Technical design; Automotive design; Design of artwork; Design of watches; Industrial design; Web portal design; Design consultancy; Design engineering; Design of clothing; Design of headgear; Design of kitchens; Design of products; Design of software; Design of vehicles; Design of websites; Engineering design; Graphic art design; New product design; Aeronautical design; Design of buildings; Design of computers; Design of furniture; Design of jewellery; Design of packaging; Design of pipelines; Design of web pages; Design of web sites; Graphic arts design; Architectural design; Business card design; Cake design services;

Computer site design; Design of animations; Design of home pages; Design of prostheses; Design of stationery; Design of telephones; Logo design services; Shop interior design; Brand design services; Commercial art design; Design of furnishings; Design of instruments; Design of restaurants; Design of web portals; Dress design services; Industrial art design; Interior decor design; Marine vehicle design; Closet design services; Computer system design; Design of land surveys; Design of new products; Design of office space; Design of shopfittings; Graphic arts designing; Retail design services; Computer systems design; Computer website design; Consumer product design; Design of land vehicles; Design of road networks; Exhibition halls design; Graphic design services; Product design services; Textile design services; Vehicle design services; Website design services; Bathroom design services; Building design services; Clothing design services; Computer design services; Computer hardware design; Computer software design; Design of computer codes; Design of interior decor; Design of Internet pages; Design of printed matter; Design of test apparatus; Dress designing services; Footwear design services; Interior design services; Web page design services; Web site design services; Design of floor coverings; Design of special effects; Design of storage systems; Industrial design styling; Jewellery design services; Landscape lighting design; Commercial design services; Commercial interior design; Design of lighting systems; Furnishing design services; Industrial design services; Interior decorating design; Rental of design equipment; Smartphone software design; Trade mark design services; Website design consultancy; Animation design for others; Design of business premises; Design of computer hardware; Design of computer programs; Design of computer software; Design of consumer products; Design of medical apparatus; Design of mobile telephones; Design of oil-field surveys; Design of printed materials; Design of sports facilities; Design services for artwork; Engineering design services; Environment design services; Design of sports facilities; Homepage and webpage design; Research relating to design; Shopfitting design services; Styling [industrial design]; Web site design consultancy; Design of building interiors; Design of computer databases; Design of computer languages; Design of corporate identity; Design of electrical systems; Design of electronic systems; Design of geological surveys; Design of land vehicle parts; Design of optical components; Architectural design services; Business card design services; Computer aided graphic design; Design of commercial products; Design of fashion accessories; Design of feasibility studies; Design of industrial products; Design of information systems; Design of integrated circuits; Design of interior decoration; Design of layouts for offices; Design of protective clothing; Design services for packaging; Graphic design of trade marks; Clothing and fashion designing; Computer aided design of molds; Computer aided design services; Design of computer peripherals; Design of computers for others; Design of industrial machinery; Designing of computer hardware; Illustration services [design]; Product design and development; Vehicle engine design services; Computer aided design of moulds; Database design and development; Planning and design of sports facilities; Design of child care facilities; Design of communication systems; Design services for brand names; Design services for trade marks; Planning and design of kitchens; Services for the design of maps; Software design and development; Design of computer game software; Design of homepages and websites; Design services for architecture; Image processing software design; Ship design consultancy services; Mechanical research in the field of motor sports; Civil engineering design services; Computer graphics design services; Computer hardware design services; Computer software design services; Design of electric circuit boards; Design of manufacturing apparatus; Industrial and graphic art design; Computer network design for others; Design of communications apparatus; Design of home pages and web sites; Fashion design consulting services; Landscape lighting design services; Computer

software design for others; Design of scale models and dioramas; Graphic design of advertising logos; Interior decoration design services; Theatrical lighting design services; Commercial and graphic art designing; Design and development of prostheses; Design services relating to printing; Graphic design of advertising matter; Graphic illustration design services; Layout design of books and magazines; Computer software design and updating; Design of glass and of glass products; Design services for computer hardware; Graphic design of publicity materials; Set design for theatrical enterprises; Design of equipment for transportation; Design of telecommunications apparatus; Industrial engineering design services; Planning and design of retail premises; Computer-aided design of video graphics; Design and writing of computer software; Graphic design of promotional materials; Design and development of endoprotheses; Design and development of search engines; Planning and design of sports facilities; Updating and design of computer software; Analysis and evaluation of product design; Consultancy with regard to webpage design; Design of clothing, footwear and headgear; Design of computer cluster configurations; Preparation of reports relating to design; Computer-aided engineering design services; Design of telecommunications installations; Web portal services [designing or hosting]; Consultancy in the field of software design; Creating and designing web pages for others; Design and development of computer firmware; Design and development of computer hardware; Design and development of computer software; Designing and creating web sites for others; Designing websites for advertising purposes; Design and development of data entry systems; Design and development of medical technology; Design and development of navigation systems; Design of diagnostic apparatus and equipment; Advisory services relating to building design; Advisory services relating to interior design; Computer database design consultancy services; Creating, designing and maintaining web sites; Design and development of data output systems; Design and development of multimedia products; Design and development services in metallurgy; Design of optical and microoptical components; Design services relating to civil engineering; Design services relating to computer hardware; Design, creation and programming of web pages; Designing of packaging and wrapping materials; Design and creation of homepages and web pages; Design and development of computer peripherals; Design and development of data display systems; Design and development of data storage systems; Design and development of diagnostic apparatus; Design and maintenance of web sites for others; Development, design and updating of home pages; Planning and design of residential communities; Advisory services relating to industrial design; Design and updating of home pages and web pages; Design services relating to interior decoration; Designing and implementing web pages for others; Designing and implementing web sites for others; Technical design and planning of power stations; Consultancy in the field of technological design; Design and development of computer game software; Design and development of homepages and websites; Design and construction of homepages and websites; Design and development of data processing systems; Design and development of data retrieval software; Design and development of electronic dictionaries; Design and development of route planning software; Design and development of single sign-on software; Design of software for use with printing machines; Designing and developing webpages on the internet; Technical design and planning of sewerage systems; Advice relating to the design of computer hardware; Architectural services for the design of buildings; Computer aided design for manufacturing operations; Design and development of virtual reality software; Design and development of word processing software; Design services in the field of naval shipbuilding; Design, development and implementation of software; Layout design services for clean room environments; Design and development of electronic greeting cards; Design and development of new technology for

others; Design of mechanical and micromechanical components; Design services relating to the layout of documents; Advisory services relating to computer system design; Design and development of energy management software; Design and development of Internet security programs; Design and development of wireless computer networks; Design of facilities for the transportation of waste; Design of telecommunications apparatus and equipment; Preparation of reports relating to industrial design; Providing information in the field of product design; Design of apparatus and machines for filling purposes; Design, maintenance and updating of computer software; Design, updating and maintenance of computer software; Computer-aided engineering design and drawing services; Design and development of electronic database software; Design and development of energy distribution networks; Design and development of medical diagnostic apparatus; Design and development of testing and analysis methods; Preparation of reports relating to graphic arts design; Provision of information relating to industrial design; Technical design and planning of heating installations; Computer aided design services relating to architecture; Architectural services for the design of retail premises; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer software architecture; Design and development of software for instant messaging; Design of apparatus and machines in the field of filling; Design, development and programming of computer software; Technical design services relating to electricity plants; Architectural services for the design of office buildings; Architectural services for the design of shopping centers; Design and development of computer software for logistics; Design and development of electronic data security systems; Design and development of software for database management; Design and development of software for website development; Design and maintenance of computer sites for third parties; Development and design of digital sound and image carriers; Technical design and planning of water purification plants; Consultancy relating to the creation and design of websites; Design and development of software for inventory management; Technical design services relating to heating installations; Computer aided design services relating to building projects; Design and graphic arts design for the creation of web sites; Technical design and planning of telecommunications networks; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings; Design of computer programs and software relating to aircraft; Design, maintenance, rental and updating of computer software; Technical design and planning of telecommunications equipment; Consultancy in the design and development of computer hardware; Design and development of wireless data transmission apparatus; Planning and layout design services for cleanroom environments; Providing information in the field of computer software design; Design and development of computer software for process control; Design and development of regenerative energy generation systems; Research, development, design and upgrading of computer software; Technical design services relating to water supply installations; Consultancy relating to the design of homepages and Internet pages; Design and development of software for importing and managing data; Design, maintenance, development and updating of computer software; Designing computer software for controlling self-service terminals; Interior design services incorporating the principles of feng shui; Consultancy relating to the design of home pages and Internet sites; Designing and planning of real estate subdivisions and developments; Locksmithing services being the design of locks and locking systems; Providing information in the field of interior design via a website; Design and planning services relating to telecommunication equipment; Providing information in the field of interior design via a web site; Design and development of software in the field of mobile applications; Design and development of computer software

for supply chain management; Industrial analysis, industrial research and industrial design services; Occupational health and safety services [ergonomics and design services]; Consultancy and information services relating to computer software design; Technical design and planning of pipelines for gas, water and waste water; Consultancy relating to the creation and design of websites for e-commerce; Design and development of computer hardware for the manufacturing industry; Design and development of virtual private network (VPN) operating software; Technical design services relating to cooling appliances and installations; Technical design services relating to sanitary apparatus and installations; Design and development of computer software for use with medical technology; Design and development of software for electronic television program guides; Design and development of computer hardware for the manufacturing industries; Design and graphic arts design for the creation of web pages on the Internet; Advisory services relating to the design and development of computer hardware; Design and development of computer game software and virtual reality software; Design and development of operating software for computer networks and servers; Scientific and technological services and research and design relating thereto; Consultancy relating to the design and development of computer software programs; Design and development of computer software for evaluation and calculation of data; Planning, design, development and maintenance of online websites for third parties; Design and development of electronic language translation dictionaries and databases; Design of mechanical, electromechanical and optoelectronic apparatus and instruments; Design and development of computer software for reading, transmitting and organising data; Design and development of software and hardware for signal amplification and transmission; Design and development of systems for data input, output, processing, display and storage; Design and development of wireless data transmission apparatus, instruments and equipment; Design and development of operating software for accessing and using a cloud computing network; Design and development of software for control, regulation and monitoring of solar energy systems; Providing information about the design and development of computer software, systems and networks; Computer security services [design and development of secure computer hardware, software and systems]; Providing information, including online, about design and development of computer hardware and software; Creating and designing website-based indexes of information for others [information technology services]; Design and development of computer software for logistics, supply chain management and e-business portals; Consultancy and information services relating to the design, programming and maintenance of computer software; Providing information, including online, about scientific and technological services and research and design relating thereto; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Industrial design; Industrial testing; Industrial analysis; Industrial research; Industrial art design; Industrial inspection; Industrial design styling; Industrial design services; Styling [industrial design]; Industrial analysis services; Industrial research services; Design of industrial products; Design of industrial machinery; Industrial process development; Computer aided industrial testing; Industrial and graphic art design; Scientific and industrial research; Development of industrial machinery; Development of industrial processes; Industrial research of new products; Industrial engineering design services; Industrial analysis and research services; Research relating to industrial machinery; Computer aided industrial analysis services; Computer aided industrial research services; Advisory services relating to industrial design; Inspection [testing] of industrial installations; Industrial analysis and industrial research services; Preparation of reports relating to industrial design; Provision of

information relating to industrial design; Quality control testing services for industrial machinery; Architectural services for the design of industrial buildings; Services for monitoring industrial processes for quality assurance; Industrial analysis and research services in the field of chemistry; Providing information about industrial analysis and research services; Industrial analysis and research services relating to automobile tires; Industrial analysis, industrial research and industrial design services; Providing online information about industrial analysis and research services; Providing information, including online, about industrial analysis and research services; Water analysis; Analysis of air; Analysis of water; Chemical analysis; Computer analysis; Toxicity analysis; Biological analysis; Industrial analysis; Laboratory analysis; Scientific analysis; Biochemical analysis; Analysis of materials; Analysis of oil fields; Metallurgical analysis; Tyre analysis services; Blood analysis services; Analysis of oil deposits; Bacteriological analysis; Computer system analysis; Analysis for oil research; Analysis of water quality; Computer systems analysis; Seismic analysis services; Analysis of oil reservoirs; Chemical analysis services; Industrial analysis services; Analysis of building materials; Analysis of geological samples; Chemical research and analysis; Technological analysis services; Analysis of stream water quality; Biological research and analysis; Scientific research and analysis; Technical data analysis services; Biochemical research and analysis; Handwriting analysis [graphology]; Scientific and technical analysis; Analysis for oil field exploration; Analysis for oil-field exploitation; Soil sampling for analysis purposes; Product analysis for quality control; Analysis of telecommunication signals; Bacteriological research and analysis; Chemical research and analysis services; Analysis in the field of oil exploration; Analysis of tissues for medical research; Analysis and evaluation of product design; Industrial analysis and research services; Analysis in the field of molecular biology; Analysis services for oil field exploration; Analysis services for oil-field exploration; Computer aided industrial analysis services; Computer aided scientific analysis services; Analysis of human serum for medical research; Structural and functional analysis of genomes; Analysis and evaluation of product development; Analysis of human tissues for medical research; Greenhouse gas emission measuring and analysis; In vitro analysis for scientific research purposes; Consultancy in the field of computer system analysis; Industrial analysis and industrial research services; Computer security threat analysis for protecting data; Advisory services relating to computer system analysis; Design and development of testing and analysis methods; Testing, analysis and monitoring of navigation signals; Blood analysis services for scientific research purposes; Testing, analysis and monitoring of telecommunication signals; Analysis of the mode of action of chemical combinations on animals; Comparative analysis studies of the performance of computer systems; Computer programming services for commercial analysis and reporting; Industrial analysis and research services in the field of chemistry; Technological analysis relating to energy and power needs of others; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Providing information about industrial analysis and research services; Industrial analysis and research services relating to automobile tires; Industrial analysis, industrial research and industrial design services; Preparation of biological samples for analysis in research laboratories; Technological advisory services relating to machine engineering analysis; Analysis and testing services relating to electrical engineering apparatus; Providing online information about industrial analysis and research services; Preparation of immunohistological samples for analysis in research laboratories; Preparation of biological samples for testing and analysis in research laboratories; Electronic monitoring services for computer security threat analysis for protecting data; Providing

information, including online, about industrial analysis and research services; Testing, analysis and evaluation of the goods and services of others for the purpose of certification; Industrial design; Industrial testing; Industrial analysis; Industrial research; Industrial art design; Industrial inspection; Industrial design styling; Industrial design services; Styling [industrial design]; Industrial analysis services; Industrial research services; Design of industrial products; Design of industrial machinery; Industrial process development; Computer aided industrial testing; Industrial and graphic art design; Scientific and industrial research; Development of industrial machinery; Development of industrial processes; Industrial research of new products; Industrial engineering design services; Industrial analysis and research services; Research relating to industrial machinery; Computer aided industrial analysis services; Computer aided industrial research services; Advisory services relating to industrial design; Inspection [testing] of industrial installations; Industrial analysis and industrial research services; Preparation of reports relating to industrial design; Provision of information relating to industrial design; Quality control testing services for industrial machinery; Architectural services for the design of industrial buildings; Services for monitoring industrial processes for quality assurance; Industrial analysis and research services in the field of chemistry; Providing information about industrial analysis and research services; Industrial analysis and research services relating to automobile tires; Industrial analysis, industrial research and industrial design services; Providing online information about industrial analysis and research services; Providing information, including online, about industrial analysis and research services; Food research; Genetic research; Medical research; Physics research; Product research; Research on food; Chemical research; Cosmetic research; Research services; Software research; Cosmetics research; Stem cell research; Technical research; Biological research; Electrical research; Geological research; Industrial research; Laboratory research; Mechanical research; Scientific research; Biochemical research; Documentary research; Engineering research; Research consultancy; Agricultural research; Hydrological research; Photographic research; Research laboratories; Archeological research; Architectural research; Biotechnology research; Technological research; Tyre research services; Archaeological research; Meteorological research; Bacteriological research; Analysis for oil research; Biotechnological research; Electrotechnical research; Medical research services; Building research services; Chemical research services; Computer research services; Computer software research; Electrical safety research; Research into new products; Research relating to design; Research relating to safety; Stem cell research services; Technical research services; Biological research services; Biomedical research services; Industrial research services; Research relating to hygiene; Research relating to physics; Research relating to science; Scientific research services; Geophysical research services; Rental of research facilities; Research relating to medicine; Research relating to security; Agricultural research services; Agrochemical research services; Biochemistry research services; Chemical research and analysis; Mathematical research services; Provision of research services; Research relating to buildings; Research relating to chemicals; Research relating to chemistry; Research relating to computers; Chemical technological research; Oceanographic research services; Research in the field of energy; Research relating to technology; Biological research and analysis; Pharmaceutical research services; Product research and development; Research in the field of ecology; Research in the field of physics; Research in the field of welding; Research relating to agriculture; Research relating to engineering; Research to develop new products; Scientific research and analysis; Social science research services; Biochemical research and analysis; Research in the field of genomics; Research relating to architecture; Research relating to bacteriology;

Research relating to demographics; Research relating to horticulture; Research relating to insecticides; Geological estimation and research; Research in the field of chemistry; Research in the field of hair care; Research relating to biotechnology; Scientific and industrial research; Dental research laboratory services; Geological estimations and research; Industrial research of new products; Research of new products for others; Research relating to plant breeding; Scientific research and development; Bacteriological research and testing; Biochemical research and development; Medical research laboratory services; Research relating to data processing; Research relating to pharmaceuticals; Bacteriological research and analysis; Chemical research laboratory services; Research in the field of gene therapy; Research in the field of social media; Research relating to telecommunication; Archaeological exploration and research; Biological research laboratory services; Chemical research and analysis services; Pharmaceutical research and development; Research in the field of climate change; Research relating to molecular sciences; Scientific research relating to biology; Scientific research relating to ecology; Technical research projects and studies; Analysis of tissues for medical research; Research and development of new products; Scientific research for medical purposes; Scientific research relating to genetics; Bacteriological consultation and research; Industrial analysis and research services; Research in the field of pharmacogenetics; Research relating to computer programming; Research relating to industrial machinery; Scientific research relating to chemistry; Scientific research relating to cosmetics; Management of scientific research projects; Research in the field of computer hardware; Research on the subject of pharmaceuticals; Computer aided industrial research services; Computer aided scientific research services; Research relating to mechanical engineering; Allergy testing for research and science use; Analysis of human serum for medical research; DNA sequencing for medical research purposes; Scientific research in the field of pharmacy; Scientific research relating to bacteriology; Laboratory research in the field of chemistry; Laboratory research in the field of cosmetics; Preparation of technological research reports; Research and development of computer software; Research in the reduction of carbon emissions; Research relating to environmental protection; Analysis of human tissues for medical research; DNA screening for scientific research purposes; Research in the field of building construction; Technical research in the field of aeronautics; Research in the field of information technology; Genetic testing for scientific research purposes; Mechanical research in the field of motor sports; Pharmaceutical research and development services; Research in the area of environmental protection; Research in the field of artificial intelligence; Research in the field of manufacturing machinery; Advisory services relating to scientific research; In vitro testing for scientific research purposes; Preparation of statistics for scientific research; Research in the field of environmental protection; Scientific research relating to chemical products; Consultancy in the field of technological research; In vitro analysis for scientific research purposes; Research and development of vaccines and medicines; Research in the field of communications technology; Research on building construction or city planning; Advisory services relating to gene therapy research; Animal semen testing services for research purposes; Consultancy in the field of pharmaceutical research; Laboratory research in the field of gene expression; Research and development of new products for others; Research in the field of data processing technology; Research in the field of environmental conservation; Advisory services relating to technological research; Industrial analysis and industrial research services; Preparation of reports relating to chemical research; Preparation of reports relating to technical research; Preparation of reports relating to scientific research; Research and development in the field of biotechnology; Research and development services relating to vaccines; Research in the

field of telecommunications technology; Scientific research relating to hair care preparations; Preparation of biological samples for research purposes; Research and development services relating to medicines; Research in the field of computer programs and software; Blood analysis services for scientific research purposes; Laboratory research services relating to pharmaceuticals; Provision of information relating to scientific research; Research and development for the pharmaceutical industry; Scientific research into the development of new products; Preparation of reports relating to technological research; Research and development services relating to fertilisers; Research relating to the development of computer hardware; Research relating to the development of computer software; Research and development services in the field of cytology; Genetic testing of laboratory animals for research purposes; Provision of information relating to technological research; Research and development services in the field of chemistry; Research in the area of semiconductor processing technology; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of immunology; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Research and development in the field of diagnostic preparations; Research, development, design and upgrading of computer software; Scientific and technological research relating to patent mapping; Research and development in the field of microorganisms and cells; Research and development services in the field of immunohistology; Industrial analysis and research services in the field of chemistry; Scientific research in the field of genetics and genetic engineering; Providing information about industrial analysis and research services; Research and development services in the field of antibody technology; Cell culture services for scientific and research purposes, for others; Industrial analysis and research services relating to automobile tires; Research relating to the development of computer programs and software; Industrial analysis, industrial research and industrial design services; Preparation of biological samples for analysis in research laboratories; Providing information in the field of plant genetics research resources; Scientific and technological research in the field of natural disasters; Research and development services in the field of gene expression systems; Integrated scientific research on vermin for greenhouses and harvest crops; Scientific research for medical purposes in the area of cancerous diseases; Providing online information about industrial analysis and research services; Consultancy relating to research and development in the field of therapeutics; Scientific and technological services and research and design relating thereto; Preparation of immunohistological samples for analysis in research laboratories; Consultancy services relating to research in the field of environmental protection; Preparation of biological samples for testing and analysis in research laboratories; Conducting research and technical project studies relating to the use of natural energy; Providing information, including online, about industrial analysis and research services; Research and development of new products for third parties in the field of plastic materials; Provision of information and data relating to medical and veterinary research and development; Technical consultancy in relation to the technical research in the field of food and beverages; Technical consultancy in relation to research services relating to foods and dietary supplements; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Providing on-line information in the field of technological research from a computer database or the Internet; Preparation of technical projects,

technical research and consultancy services in the field of carbon offsetting; Provision of information concerning research and technical project studies relating to the use of natural energy; Providing information, including online, about scientific and technological services and research and design relating thereto; Design services; Mapping services; Agronomy services; Research services; Chemistry services; Surveying services; Laboratory services; Cake design services; Calibration services; Cartography services; Engineering services; Graphic art services; Logo design services; Measurement services; Biochemistry services; Brand design services; Coin grading services; Dress design services; Gemmological services; Seed testing services; Soil testing services; Well logging services; Architectural services; Closet design services; Cryptanalysis services; Illustrators' services; Retail design services; Tyre analysis services; Tyre research services; Blood analysis services; Data migration services; Drug discovery services; Graphic design services; Photogrammetry services; Product design services; Soil analysing services; Textile design services; Vehicle design services; Website design services; Bathroom design services; Building design services; Clothing design services; Cloud computing services; Computer design services; Computer rental services; Data cryptology services; Data decryption services; Data encryption services; Dress designing services; Footwear design services; Interior design services; Quality control services; Tyre inspection services; Web page design services; Web site design services; Website hosting services; Aerial surveying services; Computer network services; Drug development services; Jewellery design services; Marine surveying services; Material testing services; Medical research services; Seismic analysis services; Technical survey services; Web site hosting services; Building research services; Chemical analysis services; Chemical research services; Commercial design services; Computer advisory services; Computer firewall services; Computer forensic services; Computer research services; Furnishing design services; Industrial design services; Technical drawing services; Technical testing services; Trade mark design services; Biological cloning services; Demographic survey services; Design services for artwork; Engineering design services; Environment design services; Laboratory testing services; Medical laboratory services; Quality control of services; Scientific testing services; Shopfitting design services; Stem cell research services; Technical research services; Biological research services; Biomedical research services; Chemical laboratory services; Engineering drawing services; Genetic engineering services; Industrial analysis services; Industrial research services; Mineral exploration services; Naval architectural services; Pipeline inspection services; Scientific advisory services; Scientific research services; Software consulting services; Weather forecasting services; Weather information services; Website development services; Air flow measurement services; Architectural design services; Business card design services; Computer co-location services; Computer programming services; Database development services; Design services for packaging; Geophysical research services; Software consultancy services; Software development services; Software maintenance services; Technical inspection services; Website load testing services; Agricultural research services; Agrochemical research services; Analytical laboratory services; Biochemistry research services; Biological laboratory services; Computer aided design services; Computer time-sharing services; Illustration services [design]; Marine chart updating services; Mathematical research services; Provision of research services; Quality accreditation services; Scientific laboratory services; Services for renting computers; Vehicle engine design services; Veterinary laboratory services; Water quality control services; Architectural advisory services; Architectural planning services; Cloud hosting provider services; Computer aided testing services; Design services for brand names; Design services for trade marks; Electrical engineering services; Electronic data

Technical design services relating to electricity plants; Architectural services for the design of office buildings; Architectural services for the design of shopping centers; Electronic storage services for archiving electronic data; Quality control testing services for industrial machinery; Research and development services relating to fertilisers; Services for assessing the efficiency of veterinary drugs; Technical advisory services relating to computer programs; Architectural services relating to the development of land; Computer programming services for electronic data security; Disaster recovery services for data communications systems; Research and development services in the field of cytology; Software engineering services for data processing programs; Authentication services for electronic documents and e-mail; Quality control testing services for agricultural machinery; Research and development services in the field of chemistry; Technical design services relating to heating installations; Advisory services relating to the safety testing of products; Computer aided design services relating to building projects; Quality control testing services for horticultural equipment; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of immunology; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings; Certification services for the energy efficiency of buildings; Engineering services in the field of environmental technology; Consultancy services in the field of technological development; Engineering services in the field of communications technology; Planning and layout design services for cleanroom environments; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Security risk assessment services relating to computer systems; Testing services for the certification of quality or standards; Advisory and information services relating to computer software; Computer services in the nature of hosting web sites for others; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Information technology services provided on an outsourcing basis; Technical design services relating to water supply installations; DNA testing services to determine paternity [laboratory services]; Engineering services relating to gas transport and supply systems; Research and development services in the field of immunohistology; Advisory and information services relating to computer peripherals; Advisory services relating to the preparation of quality standards; Interior design services incorporating the principles of feng shui; Services for monitoring industrial processes for quality assurance; Computer programming services for commercial analysis and reporting; Industrial analysis and research services in the field of chemistry; Locksmithing services being the design of locks and locking systems; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Design and planning services relating to telecommunication equipment; Consultancy and information services relating to computer programming; Providing information about industrial analysis and research services; Research and development services in the field of antibody technology; Cell culture services for scientific and research purposes, for others; Industrial analysis and research services relating to automobile tires; Programming and software installation, repair and maintenance services; Accreditation services relating to the application of quality standards; Consultancy and information services relating to information technology; Exploration services in the field of the oil, gas and mining industries; Industrial analysis, industrial research and industrial design services; Computer security services for protection against illegal network access; Digital signature verification services [electronic cryptology services]; Occupational health and safety services [ergonomics and design services]; Professional

consulting services and advice about agricultural chemistry; Technological advisory services relating to machine engineering analysis; Consultancy and information services relating to computer software design; Research and development services in the field of gene expression systems; User authentication services using technology for e-commerce transactions; Analysis and testing services relating to electrical engineering apparatus; Technical design services relating to cooling appliances and installations; Technical design services relating to sanitary apparatus and installations; Electronic signature verification services [electronic cryptology services]; Consultancy and information services relating to computer system integration; Providing online information about industrial analysis and research services; Advisory services relating to the design and development of computer hardware; Computer security services [testing and risk assessment of computer networks]; Computer security services in the nature of administering digital certificates; Network security services [testing and risk assessment of electronic networks]; Scientific and technological services and research and design relating thereto; Technological consulting services in the field of alternative energy generation; Consultancy services relating to research in the field of environmental protection; Hosting electronic memory space on the Internet for advertising goods and services; Electronic storage services for archiving databases, images and other electronic data; Consultancy relating to technological services in the field of power and energy supply; Electronic monitoring services for computer security threat analysis for protecting data; Providing information, including online, about industrial analysis and research services; Scientific services relating to the isolation and cultivation of human tissues and cells; Advisory services in the field of product development and quality improvement of software; Inspection services for new and used vehicles for persons buying or selling their vehicles; Development services in the field of computer software and advisory services relating thereto; User authentication services using single sign-on technology for online software applications; Technical consultancy in relation to research services relating to foods and dietary supplements; Computer security services [programming and software installation, repair and maintenance services]; Building and structural inspection services [engineering, quality assessment, and surveying services]; Computer security services [design and development of secure computer hardware, software and systems]; Testing, analysis and evaluation of the goods and services of others for the purpose of certification; Consultancy and information services relating to information technology architecture and infrastructure; Providing user authentication services using single sign-on technology for online software applications; Creating and designing website-based indexes of information for others [information technology services]; Electronic monitoring services for computer security services for protection against illegal network access; Interactive hosting services which allow the users to publish and share their own content and images online; Consultancy and information services relating to the design, programming and maintenance of computer software; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; Providing information, including online, about scientific and technological services and research and design relating thereto; Product development; Software development; Development of engines; Development of aircraft; Development of software; Development of vehicles; Development of computers; Development of prostheses; Drug development services; Development of new products; Computer systems development; Website

development services; Computer hardware development; Computer software development; Database development services; Development of computer codes; Development of test equipment; Software development services; Development of computer system; Development of pharmaceuticals; Development of testing methods; Industrial process development; Product design and development; Product development for others; Website development for others; Database design and development; Development of computer systems; Software design and development; Development of computer hardware; Development of computer programs; Development of computer software; Product development consultation; Product research and development; Development of computer platforms; Development of computer programmes; Development of industrial machinery; Development of industrial processes; Scientific research and development; Biochemical research and development; Design and development of prostheses; Development of computer game software; Development of computer based networks; Pharmaceutical research and development; Design and development of endoprotheses; Design and development of search engines; Development of new technology for others; Pharmaceutical drug development services; Research and development of new products; Rental of video game development software; Rental of software for website development; Design and development of computer firmware; Design and development of computer hardware; Design and development of computer software; Design and development of data entry systems; Design and development of medical technology; Design and development of navigation systems; Development of measuring and testing methods; Design and development of data output systems; Design and development of multimedia products; Design and development services in metallurgy; Development of programmes for data processing; Research and development of computer software; Analysis and evaluation of product development; Design and development of computer peripherals; Design and development of data display systems; Design and development of data storage systems; Design and development of diagnostic apparatus; Development of systems for the storage of data; Development, design and updating of home pages; Programming of software for website development; Design and development of computer game software; Design and development of homepages and websites; Development and maintenance of computer software; Development of electronic surveillance apparatus; Pharmaceutical research and development services; Design and development of data processing systems; Design and development of data retrieval software; Design and development of electronic dictionaries; Design and development of route planning software; Design and development of single sign-on software; Development of systems for the processing of data; Design and development of virtual reality software; Design and development of word processing software; Design, development and implementation of software; Development of energy and power management systems; Research and development of vaccines and medicines; Architectural services relating to land development; Design and development of electronic greeting cards; Design and development of new technology for others; Development and test of chemical production methods; Development of computer hardware for computer games; Development of systems for the transmission of data; Research and development of new products for others; Design and development of energy management software; Design and development of Internet security programs; Design and development of wireless computer networks; Development of software for secure network operations; Development of testing apparatus for electrical wires; Technical consultancy relating to product development; Design and development of electronic database software; Design and development of energy distribution networks; Design and development of medical diagnostic apparatus; Design and development of testing and analysis methods; Development of computer software

application solutions; Research and development in the field of biotechnology; Research and development services relating to vaccines; Research and development services relating to medicines; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer software architecture; Design and development of software for instant messaging; Design, development and programming of computer software; Development of pharmaceutical preparations and medicines; Research and development for the pharmaceutical industry; Scientific research into the development of new products; Design and development of computer software for logistics; Development and maintenance of computer database software; Providing information in the field of product development; Research and development services relating to fertilisers; Research relating to the development of computer hardware; Research relating to the development of computer software; Architectural services relating to the development of land; Design and development of electronic data security systems; Design and development of software for database management; Design and development of software for website development; Development and design of digital sound and image carriers; Research and development services in the field of cytology; Design and development of software for inventory management; Research and development services in the field of chemistry; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of immunology; Software development in the framework of software publishing; Consultancy in the design and development of computer hardware; Consultancy services in the field of technological development; Design and development of wireless data transmission apparatus; Research and development services in the field of bacteriology; Research and development services relating to automobile tires; Design and development of computer software for process control; Research and development services relating to computer hardware; Design and development of regenerative energy generation systems; Research and development in the field of diagnostic preparations; Research, development, design and upgrading of computer software; Development of data processing programs by order of third parties; Research and development in the field of microorganisms and cells; Research and development services in the field of immunohistology; Design and development of software for importing and managing data; Design, maintenance, development and updating of computer software; Designing and planning of real estate subdivisions and developments; Development and creation of computer programmes for data processing; Providing information in the field of computer software development; Development and testing of computing methods, algorithms and software; Research and development services in the field of antibody technology; Design and development of software in the field of mobile applications; Development of computer programs for simulating laboratory experiments; Development of computer software for use with programmable controllers; Development, updating and maintenance of software and database systems; Research relating to the development of computer programs and software; Design and development of computer software for supply chain management; Research and development services in the field of gene expression systems; Design and development of computer hardware for the manufacturing industry; Design and development of virtual private network (VPN) operating software; Design and development of computer software for use with medical technology; Design and development of software for electronic television program guides; Design and development of computer hardware for the manufacturing industries; Advisory services relating to the design and development of computer hardware; Consultancy relating to research and development in the field of therapeutics; Design and development of computer game software and virtual reality software;

Design and development of operating software for computer networks and servers; Providing temporary use of on-line non-downloadable software development tools; Consultancy relating to the design and development of computer software programs; Design and development of computer software for evaluation and calculation of data; Development of computer software for creating electronic television program guides; Development, maintenance and updating of a telecommunication network search engine; Planning, design, development and maintenance of online websites for third parties; Development of computer software for use with computer-controlled switching systems; Design and development of electronic language translation dictionaries and databases; Providing temporary use of on-line non-downloadable software for web site development; Advisory services in the field of product development and quality improvement of software; Design and development of computer software for reading, transmitting and organising data; Design and development of software and hardware for signal amplification and transmission; Design and development of systems for data input, output, processing, display and storage; Design and development of wireless data transmission apparatus, instruments and equipment; Research and development of new products for third parties in the field of plastic materials; Development services in the field of computer software and advisory services relating thereto; Provision of information and data relating to medical and veterinary research and development; Design and development of operating software for accessing and using a cloud computing network; Development of computer software for logistics, supply chain management and e-business portals; Design and development of software for control, regulation and monitoring of solar energy systems; Providing information about the design and development of computer software, systems and networks; Computer security services [design and development of secure computer hardware, software and systems]; Providing information, including online, about design and development of computer hardware and software; Design and development of computer software for logistics, supply chain management and e-business portals; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Computer hire; Computer design; Computer rental; Computer leasing; Computer analysis; Design of computers; Rental of computers; Computer consultancy; Computer engineering; Computer programming; Computer site design; Leasing of computers; Testing of computers; Computer time-sharing; Computer system design; Personal computer hire; Computer systems design; Computer website design; Back-up of computer data; Computer design services; Computer hardware design; Computer rental services; Computer software design; Computer software rental; Computer software repair; Computer system analysis; Design of computer codes; Development of computers; Computer network services; Computer systems analysis; Computerised data storage; Recovery of computer data; Renting computer software; Computer advisory services; Computer firewall services; Computer forensic services; Computer research services; Computer software research; Design of computer hardware; Design of computer programs; Design of computer software; Leasing computer facilities; Rental of computer firmware; Rental of computer hardware; Rental of computer programs; Rental of computer software; Repair of computer software; Computer software consulting; Computer systems development; Copying of computer software; Design of computer databases; Design of computer languages; Developing computer software; Editing of computer programs; Installing computer programs; Leasing of computer hardware; Leasing of computer programs; Leasing of computer software; Rental of computer apparatus; Rental of computer equipment; Testing of computer hardware; Testing of computer programs; Testing of computer software; Writing of computer programs; Writing of computer software; Computer aided graphic design; Computer co-location

services; Computer hardware development; Computer programming services; Computer security consultancy; Computer security engineering; Computer software consultancy; Computer software development; Computer software integration; Creating of computer programs; Development of computer codes; Duplicating computer programs; Leasing of computer apparatus; Leasing of computer equipment; Rental of computer middleware; Rental of computer programmes; Updating of computer programs; Updating of computer software; Computer aided design of molds; Computer aided design services; Computer software installation; Computer time-sharing services; Design of computer peripherals; Design of computers for others; Designing of computer hardware; Development of computer system; Leasing of computer programmes; Modifying of computer programs; Rental of computer peripherals; Research relating to computers; Services for renting computers; Up-dating of computer software; Upgrading of computer software; Computer aided design of moulds; Computer aided testing services; Computer technology consultancy; Development of computer systems; Duplicating computer programmes; Remote computer backup services; Compilation of computer programs; Computer programming consultancy; Design of computer game software; Development of computer hardware; Development of computer programs; Development of computer software; Duplication of computer programs; Duplication of computer software; Maintenance of computer programs; Maintenance of computer software; Rental of computers and software; Translation of computer programs; Computer aided industrial testing; Computer aided scientific testing; Computer graphics design services; Computer hardware design services; Computer software design services; Development of computer platforms; Hosting computer sites [websites]; Installation of computer programs; Installation of computer software; Testing of computer installations; Computer network design for others; Computer program advisory services; Computer program updating services; Computer virus protection services; Computerised data storage services; Configuration of computer firmware; Configuration of computer software; Customization of computer software; Development of computer programmes; Duplication of computer programmes; Hosting computer sites [web sites]; Maintenance of computer programmes; Programming of computer animations; Computer code conversion for others; Computer disaster recovery planning; Computer disaster recovery services; Computer programming of video games; Computer software advisory services; Computer software design for others; Computer software updating services; Installation of computer programmes; Repair of damaged computer programs; Computer system integration services; Digital compression of computer data; Rental of computer database software; Computer and computer software rental; Computer program maintenance services; Computer software consulting services; Computer software design and updating; Computer systems integration services; Design services for computer hardware; Development of computer game software; Computer programming of computer games; Computer software consultancy services; Computer software maintenance services; Computer software programming services; Debugging computer software for others; Development of computer based networks; Writing and updating computer software; Advisory services relating to computers; Computer network configuration services; Computer-aided design of video graphics; Design and writing of computer software; Rental of computers for data processing; Services for updating computer software; Computer programming for data processing; Diagnosis of faults in computer software; Internet cafe services [computer rental]; Rental of computer hardware and software; Rental of computer software and programs; Scientific computer programming services; Updating and design of computer software; Analytical services relating to computers; Computer programming in the medical field;

Computerised business information storage; Design of computer cluster configurations; Developing and updating computer software; Rental of computers and computer software; Research relating to computer programming; Computer aided diagnostic testing services; Computer-aided engineering design services; Consultancy services relating to computers; Engineering services relating to computers; Information services relating to computers; Research in the field of computer hardware; Services for reproducing computer programs; Computer aided industrial analysis services; Computer aided industrial research services; Computer aided scientific analysis services; Computer aided scientific research services; Computerised communication network security; Design and development of computer firmware; Design and development of computer hardware; Design and development of computer software; Rental and maintenance of computer software; Backup services for computer hard drive data; Computer programming for the energy industry; Computer software technical support services; Creating of home pages for computer networks; Integration of computer systems and networks; Preparation of reports relating to computers; Updating of home pages for computer networks; Updating of memory banks of computer systems; Authentication services for computer security; Computer database design consultancy services; Consultancy in the field of computer security; Consultancy in the field of computer software; Design services relating to computer hardware; Maintenance and updating of computer software; Research and development of computer software; Services for maintenance of computer software; Troubleshooting of computer software problems; Updating and maintenance of computer software; Computer software installation and maintenance; Configuration of computer networks by software; Configuration of computer systems and networks; Design and development of computer peripherals; Maintenance and upgrading of computer software; Provision of information relating to computers; Rental of computer software relating to travel; Upgrading and maintenance of computer software; Advisory services relating to computer hardware; Advisory services relating to computer software; Computer project management in the field of EDP; Disaster recovery services for computer systems; Implementation of computer programs in networks; Monitoring of computer systems by remote access; Updating of computer programs for third parties; Design and development of computer game software; Development and maintenance of computer software; Configuration of computer networks using software; Installation and maintenance of computer software; Rental of computer hardware and computer software; Administration of user rights in computer networks; Advice relating to the design of computer hardware; Advisory services relating to computer programming; Computer aided design for manufacturing operations; Computer programming services for data warehousing; Consultancy relating to computer database programs; Security assessment services for computer networks; Consultation services relating to computer software; Development of computer hardware for computer games; Monitoring of computer systems to detect breakdowns; Technical advice relating to operation of computers; Advisory services relating to computer system design; Consultancy in the field of computer system analysis; Design and development of wireless computer networks; Preparation of reports relating to computer programs; Rental of computer hardware and computer peripherals; Computer security threat analysis for protecting data; Consultancy relating to the recovery of computer data; Creating, maintaining, and updating computer software; Design, maintenance and updating of computer software; Design, updating and maintenance of computer software; Engineering services relating to computer programming; Advisory services relating to computer system analysis; Computer-aided engineering design and drawing services; Development of computer software application solutions; Preparation of reports relating to

computer programmes; Professional consultancy relating to computer security; Provision of information relating to computer programs; Computer aided design services relating to architecture; Consultancy in the field of computer system integration; Preparation of reports relating to computer programming; Research in the field of computer programs and software; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer software architecture; Design, development and programming of computer software; Design and development of computer software for logistics; Development and maintenance of computer database software; Installation, maintenance and repair of computer software; Installation, repair and maintenance of computer software; Provision of information relating to computer programming; Research relating to the development of computer hardware; Research relating to the development of computer software; Technical advisory services relating to computer programs; Computer programming services for electronic data security; Design and maintenance of computer sites for third parties; Document data transfer from one computer format to another; Installation, maintenance and updating of computer software; Provision of technical information in relation to computers; Verification of personal identification [computer security]; Computer aided design services relating to building projects; Design of computer programs and software relating to aircraft; Design, maintenance, rental and updating of computer software; Consultancy in the design and development of computer hardware; Providing information in the field of computer software design; Rental of operating software for computer networks and servers; Security risk assessment services relating to computer systems; Advisory and information services relating to computer software; Computer services in the nature of hosting web sites for others; Conversion of document data from one computer format to another; Design and development of computer software for process control; Providing virtual computer environments through cloud computing; Research and consultancy services relating to computer software; Research and development services relating to computer hardware; Research, development, design and upgrading of computer software; Developing computer programs for electronic cash register systems; Hosting of computerized data, files, applications and information; Advisory and information services relating to computer peripherals; Computer programming for data processing and communication systems; Design, maintenance, development and updating of computer software; Designing computer software for controlling self-service terminals; Comparative analysis studies of the performance of computer systems; Computer programming services for commercial analysis and reporting; Development and creation of computer programmes for data processing; Diagnosis of computer hardware problems through the use of software; Programming of operating software for computer networks and servers; Providing information in the field of computer software development; Consultancy and information services relating to computer programming; Installation, maintenance and repair of software for computer systems; Data conversion of computer programs and data, not physical conversion; Development of computer programs for simulating laboratory experiments; Development of computer software for use with programmable controllers; Installation, maintenance, updating and upgrading of computer software; Research relating to the development of computer programs and software; Design and development of computer software for supply chain management; Programming of computer software for evaluation and calculation of data; Computer security services for protection against illegal network access; Conversion of computer programs and data, other than physical conversion; Providing computer facilities for the electronic storage of digital data; Consultancy and information services relating to computer software design; Design and

development of computer hardware for the manufacturing industry; Design and development of computer software for use with medical technology; Providing information on computer technology and programming via a web site; Consultancy and information services relating to computer system integration; Design and development of computer hardware for the manufacturing industries; Advisory services relating to the design and development of computer hardware; Computer security services [testing and risk assessment of computer networks]; Design and development of computer game software and virtual reality software; Computer security services in the nature of administering digital certificates; Design and development of operating software for computer networks and servers; Programming of computer software for reading, transmitting and organising data; Technical consultancy relating to the application and use of computer software; Monitoring of computer systems for detecting unauthorized access or data breach; Consultancy relating to the design and development of computer software programs; Data conversion of computer program data or information [not physical conversion]; Design and development of computer software for evaluation and calculation of data; Development of computer software for creating electronic television program guides; Hosting the web sites of others on a computer server for a global computer network; Maintenance of computer software used for operating filling apparatus and machines; Development of computer software for use with computer-controlled switching systems; Providing information relating to computer technology and programming via a website; Troubleshooting in the nature of diagnosing computer hardware and software problems; Providing information relating to computer technology and programming via a web site; Technical consultancy relating to the installation and maintenance of computer software; Electronic monitoring services for computer security threat analysis for protecting data; Design and development of computer software for reading, transmitting and organising data; Updating of computer software relating to computer security and prevention of computer risks; Development services in the field of computer software and advisory services relating thereto; Development of computer software for logistics, supply chain management and e-business portals; Maintenance of computer software relating to computer security and prevention of computer risks; Programming of computer software for electronic language translation dictionaries and databases; Providing information about the design and development of computer software, systems and networks; Computer security services [programming and software installation, repair and maintenance services]; Computer security services [design and development of secure computer hardware, software and systems]; Providing information, including online, about design and development of computer hardware and software; Providing temporary use of on-line non-downloadable operating software for computer networks and servers; Design and development of computer software for logistics, supply chain management and e-business portals; Commissioned writing of computer programs, software and code for the creation of web pages on the Internet; Electronic monitoring services for computer security services for protection against illegal network access; Consultancy and information services relating to the design, programming and maintenance of computer software; Providing on-line information in the field of technological research from a computer database or the Internet; Developing computer programs for simulating experiments or series of experiments in a virtual optical laboratory; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Computer hardware design; Design of computer hardware; Rental of computer hardware; Leasing of computer hardware; Testing of computer

hardware; Computer hardware development; Designing of computer hardware; Development of computer hardware; Computer hardware design services; Design services for computer hardware; Rental of computer hardware and software; Research in the field of computer hardware; Design and development of computer hardware; Design services relating to computer hardware; Advisory services relating to computer hardware; Rental of computer hardware and computer software; Advice relating to the design of computer hardware; Development of computer hardware for computer games; Rental of computer hardware and computer peripherals; Design and development of computer hardware and software; Design and development of computer hardware architecture; Research relating to the development of computer hardware; Consultancy in the design and development of computer hardware; Research and development services relating to computer hardware; Diagnosis of computer hardware problems through the use of software; Design and development of computer hardware for the manufacturing industry; Design and development of computer hardware for the manufacturing industries; Advisory services relating to the design and development of computer hardware; Troubleshooting in the nature of diagnosing computer hardware and software problems; Design and development of software and hardware for signal amplification and transmission; Computer security services [design and development of secure computer hardware, software and systems]; Providing information, including online, about design and development of computer hardware and software; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Software design; Software creation; Software research; Design of software; Rental of software; Software authoring; Software development; Software engineering; Updating of software; Development of software; Maintenance of software; Computer software design; Computer software rental; Computer software repair; Installation of software; Rental of games software; Renting computer software; Computer software research; Smartphone software design; Design of computer software; Programming of EDP software; Rental of computer software; Repair of computer software; Computer software consulting; Copying of computer software; Developing computer software; Leasing of computer software; Software as a service [SaaS]; Software consulting services; Testing of computer software; Writing of computer software; Computer software consultancy; Computer software development; Computer software integration; Software consultancy services; Software development services; Software maintenance services; Updating of computer software; Computer software installation; Rental of application software; Up-dating of computer software; Upgrading of computer software; Software design and development; Updating of smartphone software; Design of computer game software; Development of computer software; Duplication of computer software; Image processing software design; Maintenance of computer software; Rental of computers and software; Computer software design services; Installation of computer software; Installation of database software; Configuration of computer software; Customization of computer software; Maintenance and repair of software; Computer software advisory services; Computer software design for others; Computer software updating services; Rental of computer database software; Computer and computer software rental; Computer software consulting services; Computer software design and updating; Development of computer game software; Computer software consultancy services; Computer software maintenance services; Computer software programming services; Debugging computer software for others; Online provision of web-based software; Rental of database management software; Rental of software for data processing; Rental of software for Internet access; Writing and updating computer software; Design and writing of computer software; Hosting of software as a service [SaaS]; Services for

updating computer software; Diagnosis of faults in computer software; Installation of Internet access software; Rental of computer hardware and software; Rental of computer software and programs; Updating and design of computer software; Updating of software for data processing; Developing and updating computer software; Programming of energy management software; Rental of computers and computer software; Rental of video game development software; Programming of telecommunications software; Rental of software for website development; Consultancy in the field of software design; Design and development of computer software; Maintenance of software for Internet access; Rental and maintenance of computer software; Rental of software for inventory management; Computer software technical support services; Consultancy relating to software maintenance; Consultancy in the field of computer software; Consultancy in the field of security software; Maintenance and updating of computer software; Providing temporary use of web-based software; Provision of online non-downloadable software; Research and development of computer software; Services for maintenance of computer software; Troubleshooting of computer software problems; Updating and maintenance of computer software; Computer software installation and maintenance; Configuration of computer networks by software; Maintenance and upgrading of computer software; Programming of software for Internet platforms; Rental of computer software relating to travel; Upgrading and maintenance of computer software; Advisory services relating to computer software; Programming of software for database management; Programming of software for website development; Consultancy relating to the updating of software; Design and development of computer game software; Development and maintenance of computer software; Programming of software for e-commerce platforms; Programming of software for inventory management; Configuration of computer networks using software; Design and development of data retrieval software; Design and development of route planning software; Design and development of single sign-on software; Design of software for use with printing machines; Hosting of software for use in library management; Installation and maintenance of computer software; Installation and maintenance of database software; Rental of computer hardware and computer software; Design and development of virtual reality software; Design and development of word processing software; Design, development and implementation of software; Developing of driver and operating system software; Rental of software for importing and managing data; Consultation services relating to computer software; Design and development of energy management software; Creating, maintaining, and updating computer software; Design, maintenance and updating of computer software; Design, updating and maintenance of computer software; Development of software for secure network operations; Design and development of electronic database software; Development of computer software application solutions; Programming of software for importing and managing data; Research in the field of computer programs and software; Design and development of computer hardware and software; Design and development of computer software architecture; Design and development of software for instant messaging; Design, development and programming of computer software; Installation and maintenance of Internet access software; Design and development of computer software for logistics; Development and maintenance of computer database software; Installation, maintenance and repair of computer software; Installation, repair and maintenance of computer software; Research relating to the development of computer software; Consultancy relating to software for communication systems; Design and development of software for database management; Design and development of software for website development; Software engineering services for data processing programs; Design and development of software

for inventory management; Installation, maintenance and updating of computer software; Installation, maintenance and updating of database software; Providing temporary use of online non-downloadable software; Software development in the framework of software publishing; Design of computer programs and software relating to aircraft; Design, maintenance, rental and updating of computer software; Providing temporary use of non-downloadable business software; Maintenance and updating of software for communication systems; Providing information in the field of computer software design; Rental of operating software for computer networks and servers; Advisory and information services relating to computer software; Design and development of computer software for process control; Research and consultancy services relating to computer software; Research, development, design and upgrading of computer software; Programming of software for information platforms on the Internet; Design and development of software for importing and managing data; Design, maintenance, development and updating of computer software; Designing computer software for controlling self-service terminals; Diagnosis of computer hardware problems through the use of software; Programming of operating software for computer networks and servers; Providing information in the field of computer software development; Development and testing of computing methods, algorithms and software; Installation, maintenance and repair of software for computer systems; Design and development of software in the field of mobile applications; Development of computer software for use with programmable controllers; Development, updating and maintenance of software and database systems; Installation, maintenance, updating and upgrading of computer software; Programming and software installation, repair and maintenance services; Providing temporary use of online non-downloadable investment software; Research relating to the development of computer programs and software; Design and development of computer software for supply chain management; Programming of computer software for evaluation and calculation of data; Consultancy and information services relating to computer software design; Design and development of virtual private network (VPN) operating software; Design and development of computer software for use with medical technology; Design and development of software for electronic television program guides; Providing temporary use of on-line non-downloadable single sign-on software; Design and development of computer game software and virtual reality software; Design and development of operating software for computer networks and servers; Programming of computer software for reading, transmitting and organising data; Providing temporary use of on-line non-downloadable software development tools; Rental of operating software for accessing and using a cloud computing network; Technical consultancy relating to the application and use of computer software; Consultancy relating to the design and development of computer software programs; Design and development of computer software for evaluation and calculation of data; Development of computer software for creating electronic television program guides; Maintenance of computer software used for operating filling apparatus and machines; Development of computer software for use with computer-controlled switching systems; Programming of operating software for accessing and using a cloud computing network; Troubleshooting in the nature of diagnosing computer hardware and software problems; Providing temporary use of on-line non-downloadable software for database management; Providing temporary use of on-line non-downloadable software for inventory management; Providing temporary use of on-line non-downloadable software for web site development; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Technical consultancy relating to the installation and maintenance of computer software; Advisory services in the field of product development and quality improvement of software;

Design and development of computer software for reading, transmitting and organising data; Design and development of software and hardware for signal amplification and transmission; Providing temporary use of non-downloadable software applications accessible via a web site; Providing temporary use of on-line non-downloadable software for importing and managing data; Updating of computer software relating to computer security and prevention of computer risks; Development services in the field of computer software and advisory services relating thereto; User authentication services using single sign-on technology for online software applications; Design and development of operating software for accessing and using a cloud computing network; Development of computer software for logistics, supply chain management and e-business portals; Maintenance of computer software relating to computer security and prevention of computer risks; Programming of computer software for electronic language translation dictionaries and databases; Design and development of software for control, regulation and monitoring of solar energy systems; Providing information about the design and development of computer software, systems and networks; Computer security services [programming and software installation, repair and maintenance services]; Computer security services [design and development of secure computer hardware, software and systems]; Providing information, including online, about design and development of computer hardware and software; Providing user authentication services using single sign-on technology for online software applications; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Providing temporary use of on-line non-downloadable operating software for computer networks and servers; Design and development of computer software for logistics, supply chain management and e-business portals; Commissioned writing of computer programs, software and code for the creation of web pages on the Internet; Providing temporary use of non-downloadable software to enable content providers to track multimedia content; Consultancy and information services relating to the design, programming and maintenance of computer software; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam).

The first mark in the series is limited to the colour(s) as shown in the representation on the form of application.

Application for a series of two marks.

Class 09

Education software; educational apparatus; children's educational software; downloadable educational course materials; computer apparatus for educational use; educational materials in the form of computer programs for teaching languages; science sets for children being teaching apparatus; science sets for children being instructional apparatus; films bearing recorded educational material; three dimensional models for educational purposes [teaching apparatus].

Class 16

Educational books; educational materials in printed form; educational materials in written form; educational publications; stationery for children's educational activities; stationery for use in the educational field; audiovisual teaching materials [printed matter]; books for use in the teaching of reading; instructional and teaching materials; instructional manuals for teaching purposes; paper teaching materials; printed teaching materials; printed educational materials for use in teaching; teaching materials [except apparatus]; printed teaching activity guides; envelopes [stationery]; files [office requisites]; manifolds [stationery]; handbooks [manuals]; magazines [periodicals]; paper sheets [stationery]; signboards of paper or cardboard; blueprints; architects' models; bookmarkers; advertisement boards of paper or cardboard.

Class 41

Education and training services; sporting and cultural activities; preschools [education]; nursery schools; arranging and conducting educational conferences; arranging and conducting of in-person educational forums; arranging and conducting of educational seminars; arranging and conducting of training workshops; publishing of books; publication of educational materials; publication of books; publication of electronic books and journals online; publication of educational texts; tuition services; management of education services; information services relating to education; educational consultancy services; consultancy and information services relating to arranging, conducting and organisation of conferences; consultancy and information services relating to arranging, conducting and organisation of seminars; consultancy and information services relating to arranging, conducting and organisation of training workshops.
