REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. **Class 01**

Chemicals for use in industry; chemicals for use in science; chemicals for use in photography; chemicals for use in agriculture; chemicals for use in horticulture; chemicals for use in forestry; unprocessed artificial resins, unprocessed plastics; fire extinguishing compositions; fire prevention compositions; metal tempering preparations; preparations for soldering of metals; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost; manures; fertilizers; biological preparations for use in industry and science; fluorescent and phosphorescent substances for wavelength conversion in light emitting diodes (LEDs), lamps, luminaires, and lighting devices.

**Class 03**

Non-medicated cosmetics; non-medicated hygienic and toiletry preparations; non-medicated dentifrices; perfumery, essential oils; laundry detergents; bleaching preparations; refurbishing preparations; polishing preparations; grease-removing preparations; grinding preparations; cleaning and polishing preparations for transparent light exit covers of luminaires, in particular transparent front covers of vehicle luminaires.

**Class 06**

Common metals and their alloys; ores; metal materials for building and construction; transportable buildings of metal; non-electric cables and wires of common metal; small items of metal hardware; metal containers for storage and transport; safes; greenhouses (of metal) and other transportable metal constructions for plant breeding or animal breeding as well as accessories for such constructions (included in this class); parts and fittings for all aforesaid goods, included in this class.

**Class 07**

Machines for working metal and glass; packing machines; machine tools; power-operated tools; machines for agriculture; motors and engines, except for land vehicles; electric generators and electric motors; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; irrigation machines, actuators and systems [machinery] for plant breeding and incorporating dosing equipment for fertilizer, gases, and plant protection products (included in this class);

electric air compressor pumps and air compressors; vehicle vacuum cleaners; parts and fittings for all aforesaid goods, included in this class.

#### Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers; phonograph records; compact discs; DVDs; digital recording media; mechanisms for coin-operated apparatus; cash registers; calculating machines; data processing equipment; computers; computer software; fire-extinguishing apparatus; light emitting diodes [LEDs]; laser diodes; light conductors, fiber optical couplers, sensors, in particular optical sensors, movement sensors, touch sensors, acoustic sensors, ultrasound sensors, microwave sensors, color sensors, temperature sensors, liquid sensors, capacity sensors; light barriers; displays using LED technology; electric and electronic devices, apparatus and equipment consisting thereof, for controlling and regulating LED lighting equipment, LED light shows and LED multimedia shows, LED lighting installations, LED luminaires, LED lamp modules for signaling purposes and for the building control system and for controlling and regulating building installations, in particular operation modules, power supply modules, and interface modules for such equipment, systems, devices and apparatus, electronic ballasts, dimmers; electric connection and contact elements including plugs, clamps, sleeves, switches, circuit breakers, pre-manufactured special cables; electronic displays including LED displays as operation devices or terminals for the aforesaid control and regulation devices, apparatus and systems; computers, in particular servers, as parts for the aforesaid regulation devices, apparatus and systems; software, stored or downloadable, in particular for the aforesaid control and regulation devices, apparatus and systems; air gauges for vehicle tires; battery chargers, battery analyzing devices; relays for vehicles, in particular automobiles; connection distributors for vehicles; electric chargers for the vehicle interior; antennas, in particular for vehicles; connection cables, in particular for vehicles; control devices and ballasts for vehicle lighting; sensors, in particular for detecting gases, IR [infra-red], light, UV [ultraviolet] radiation, physiological sensors for use on humans and animals, including with respect to excretions, and sensors for measuring the growth data of plants; electric and electronic devices for evaluating signals of sensors, in particular of the aforesaid sensors; IR [infrared], light or UV laser systems, RADAR [radio detection and ranging] and ultrasound systems for spatial measurement and velocity measurement, consisting of IR radiation, light, UV radiation, RADAR system and/or ultrasound sensors and emitters as well as electronic devices for processing signals of these sensors, in particular for safety systems in vehicles and for (partially) autonomous vehicles, in particular LIDAR [light detection and ranging] systems, as well as components of such systems; optical and micro-optical components, apparatus and instruments, in particular lenses, mirrors [optics] including scan mirrors, and optical filters; biometric pattern recognition systems consisting of cameras or other sensors for data acquisition as well as electronic devices for evaluating the signals of the cameras or sensors, in particular for the pattern recognition of the iris or the face; displays, monitors, projection devices, each in particular for large format displays such as cinema applications or on building facades, and in particular on vehicles and in vehicles, including advertising displays at the exterior of vehicles and including projection devices for projecting images from vehicles onto surfaces out of the vehicles; projection devices for three-dimensional holographic displays; control devices for monitors, for supply

systems for plants and animals, in particular in agriculture, such as with respect to dosage of food-medicine-fertilizers, and for irrigation systems; eyeglasses for radiation by IR [infrared], light, UV radiation; electronic navigation apparatus and vehicle guide apparatus, namely, GPS systems for vehicles in the nature of driver assistance systems and driver information systems for vehicles; electronic navigation apparatus and vehicle guide apparatus, namely, GPS Systems installed in vehicles for exterior detection purposes, autonomous driving, measurement in the interior space and monitoring of the exterior traffic situation; parts and fittings for all aforesaid goods, included in this class.

#### **Class 10**

Surgical, medical, dental, and veterinary apparatus and instruments; artificial limbs; artificial eyes; artificial teeth; orthopaedic articles; suture materials; therapeutic and assistive devices adapted for the disabled; massage apparatus; apparatus, devices and articles for nursing infants; therapeutic and medical radiation devices including optical apparatus for irradiation with IR [infrared], UV, and visible light; sensor systems including IR [infrared], UV sensors, and sensors in the visible spectrum for diagnosis of diseases; parts and fittings for all aforesaid goods, included in this class.

#### **Class 11**

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; electric lamps; electric luminaires; lighting equipment; lighting apparatus, lighting devices and equipment on the basis of LEDs, including organic LEDs; LED lamps and LED luminaires (included in this class) and their parts; LED lighting installations in particular having a multicolor design and/or having an adjustable white tone or color tone; lighting devices including integrated sensors or radio transmitters; sterilizing devices, in particular using UV radiation and as modules for air conditioning installations; ventilating, heating and air conditioning installations; water disinfection installations, in particular using UV radiation; vehicle lighting devices including vehicle lamps and vehicle luminaires; lighting that can be fitted to vehicle exteriors, vehicle lamp adapters, lamps for workshops and work lamps for use during vehicle repair, pocket lights, in particular as vehicle accessories, vehicle ventilation equipment; parts and fittings of all aforesaid goods, included in this class.

#### **Class 12**

Vehicles; apparatus for locomotion by land, air, or water; electric motors for land vehicles; air pumps as vehicle accessories, included in this class; tire repairing patches for vehicles; vehicle rims; parts of windscreen washer systems for vehicles, windscreen wiper blades; vehicle horns; parts and fittings for all aforesaid goods, included in this class.

#### **Class 16**

Paper; cardboard; printed matter; bookbinding material; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials; materials for artists; paintbrushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type; printing blocks; printed matter, in particular journals, newspaper, books, catalogues, and brochures; containers (of paper or cardboard) for storing and transporting plants and agricultural products and for containing plant breeding equipment or breeding plants in habitations, kitchens, restaurants, and inns.

**Class 17**

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica, and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing materials, stopping materials; insulating materials; flexible pipes, tubes, and hoses, not of metal; containers of rubber, gutta-percha, gum, asbestos, mica, and substitutes for all these materials for storing and transporting plants and agricultural products and for containing plant breeding equipment or breeding plants in habitations, kitchens, restaurants, and inns; parts and fittings for all aforesaid goods, included in this class.

**Class 19**

Building materials (non-metallic); rigid pipes, not of metal, for building; asphalt; pitch; bitumen; transportable buildings (non-metallic); monuments (not of metal); greenhouses (not of metal) and other non-metallic transportable constructions for plant breeding or animal breeding as well as accessories of the aforesaid goods (included in this class); vegetated concrete walls for interior and exterior areas (included in this class), containers (of concrete, cement, stonework, stone) for the storage and transport of plants and agricultural goods and for containing plant breeding facilities or cultured plants in apartments, kitchens, restaurants; parts and fittings for all aforesaid goods, included in this class.

**Class 20**

Furniture; construction systems for trade fairs and shops, not of metal, namely display and point-of-sale racks, shelves, stands, positioners, receptacles, exclusively as components of construction systems for trade fairs and shops; kitchen furniture and furniture incorporating integrated lighting or monitor systems or sensors; furniture for containing plant breeding equipment or useful plants, ornamental or breeding plants in habitations, kitchens, restaurants; vegetated mobile partitions for interior areas (included in this class); illuminated or luminescent mobile partitions as well as furniture, in particular chairs and seats, for improving wellbeing; containers (of plastics, synthetic resins, bone, or horn) for storing and transporting plants and agricultural products and for containing plant breeding equipment or breeding plants in habitations, kitchens, restaurants and inns; parts and fittings for all aforesaid goods, included in this class.

**Class 21**

Household or kitchen utensils and containers, including containers for containing breeding plants in habitations, kitchens, restaurants; cookware and tableware, except forks, knives and spoons; combs; sponges; brushes, except paintbrushes; brush-making materials; articles for cleaning purposes; unworked or semi-worked glass, except building glass; glassware; porcelain; earthenware; containers for breeding plants in habitations, kitchens, restaurants and inns; parts and fittings for all aforesaid goods, included in this class.

**Class 28**

Toys; sporting articles incorporating integrated lighting equipment or sensors; decorations for Christmas trees; parts and fittings for all aforesaid goods, included in this class.

**Class 35**

Advertising; business management; business administration; office functions; rental of advertising spaces, in particular on displays and monitors, such as on or in vehicles and buildings; retail services with respect to all aforesaid goods in classes 1, 3, 6, 7, 9, 10, 11, 12, 16, 17, 19, 20,

21, 28 of this application; collection of data captured by technical systems with sensors and cameras and/or light sources in computer databases.

**Class 37**

Building construction; repair and installation services with respect to all aforesaid goods in classes 7, 9, 11, 12, 20, 21, 28 excluding software, of this application; repair and installation works for the construction of lighting facilities and consulting thereto; installation, repair and maintenance of solar systems, solar power plants and solar energy products, namely solar cells, solar cell units, solar panels, solar modules and connecting parts for solar components.

**Class 38**

Telecommunication services; rental of telecommunication equipment; provision of telecommunication services in relation to collection and transmission of news; transmission of sound, images and data via cables, satellite, computer (computer networks), telephone and data lines as well as via other transmitting media of all kind; transmission of information stored in data banks; communication via interactive computer systems; telecommunication services for the transmission of news, sound and images via facilities installed in illumination devices.

**Class 40**

Treatment of materials by irradiation using IR [infrared], light, UV radiation; treatment of materials on surfaces, in particular microstructural working of surfaces.

**Class 42**

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; repair and installation services in relation to software; technical planning of lighting equipment and consultancy relating thereto; scientific and industrial research; producing programs for data processing; architectural services and design of interior decor, in particular in the lighting field; providing planning and simulation programs for lighting applications including via the Internet, in particular by rental of software; developing and programming of planning and simulation programs for lighting applications for training courses and seminars; scientific and technological services, research services, analysis services as well as software production in the field of virtual reality, sensor technology, lighting, light shows, light design, breeding of plants and animals and agricultural production, vegetating of buildings and search results relating to feeding of and lighting for plants and animals.

The following claim is made in the International Registration: Colour(s)  
claimed: Yellow, black.

**Class 09**

Apparatus, instruments and cable for electricity; electronic assemblies; electrotechnical and electronic devices, components and assemblies (included in this class), in particular sensors, such as inductive, capacitive and optoelectronic proximity switches, standstill monitors, control cabinet monitors, slip and synchronisation monitors, rotary encoders, filling level sensors, vacuum sensors, vibration gauges, equipment and devices for switching, signalling, and controlling, input/output devices, and operating apparatus, regulators, automatic and programmable control apparatus, operating panels, RFID readers and writers, and RFID tags, switches, proximity switches, switching amplifiers, time relays, amplifier relays, rotational speed monitors, level monitors, pressure, current and temperature monitors, position sensors, level monitors, pressure, current and temperature measuring apparatus, position-measuring apparatus, angle measuring apparatus, inclinometers, level measuring apparatus, plug-in circuits and amplifier boards, photoelectric instruments, inductive terminal coupler, electronic interface modules for galvanic isolation of two or more potential levels, all the aforesaid goods to the extent included in this class; scientific, surveying, photographic, cinematographic, electric, optical, optoelectronic, weighing, measuring, signalling, checking, evaluation devices, apparatus and instruments; apparatus and instruments for conducting, switching, converting, storing, control, distribution and checking of electricity and energy; digital and electronic display apparatus, television receivers and video devices; film processing apparatus; interface

devices and programs for computers; display serial interfaces [DSI]; industrial human machine interfaces [HMI]; electronic apparatus, for both wireless and cable data transmission; RFID (radio frequency identification) components, in particular in the form of transponders; smart cards, cards with microprocessors; computer chips; electric and electronic computing and data processing apparatus; electric writing and/or reading apparatus for all the aforesaid goods, for both wireless and cable data transmission; casings that can be snapped onto a DIN rail and which are adapted for electric and electronic devices, fieldbuses, and printed circuit cards; casings that can be snapped onto a DIN rail and which are adapted for electric and electronic fieldbus components for different open networks, namely for active and passive input and output systems and distribution modules for different open fieldbus systems, fieldbus systems for process automation, and for hazardous areas; converters and computer networking apparatus for hazardous and non-hazardous areas; IoT gateways, edge gateways, electric monitoring, testing and remote control apparatus for industrial work procedures as well as parts for these apparatus, connection cable sets, extension cables and distribution boxes for industrial multiplex regulation installations, for industrial purposes, namely for use in connection with hazardous explosive equipment; connection cable sets, extension cables and distribution boxes for industrial multiplex regulation systems; electric plug-in connectors and supply cables; devices for industrial power supply; power distributors; passive connectors; electric circuits and circuit boards; apparatus for recording, transmitting [interactive] and reproducing sound, data and images; parts and spare parts for all of the aforesaid goods; telephone transmitters; software, in particular application software, communications software, computer software and programs, in particular for remote access to computers or computer networks that enables browsing in global computer networks, for cloud computing services, for monitoring cloud networks, for connecting to global computer networks, for connecting computer network users, for interfaces; communication networks, devices, software, computers, controllers, interface units, modems; hardware, computer hardware, in particular for remotely accessing and transmitting data, computer network adapters, electric adapters and adapter cable, voltage stabilising power supply, computer network and data communications devices and equipment, LAN [local area network] access points for connecting computer network users; cloud servers.

#### Class 41

Training, electronic data processing training, training, in particular for users, on products, technology and automation engineering systems; providing of training, tuition, education and instruction, in particular customer training.
