GENERAL INFORMATION

TRADE MARKS ACT 1976

(Act 175)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADE MARKS

Pursuant to section 27 of the Trade Marks Act 1976, the following applications for registration of trade marks have been accepted and hereby published in Intellectual Property Official Journal according to subregulation 120 (3) of the Trademarks Regulation 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Notice of opposition to an application for registration of a trademark may be filed unless extended at the discretion of the Registrar, within two months from the date of publication accompanied by prescribed fee.

GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

Internet servers; hdmi cables; hdtv cables; usb cables; computer cables; data cables; data transmission cables; fiber optic cables; fibre optic cables; computer operating programs; computer programs for data processing; computer programs for document management; computer programs for editing images, sound and video; computer programs for processing data; computer programs for processing digital music files; computer programs for the enabling of access or entrance control; computer programs for the management of sales; computer programs for video and computer games; computer programs, downloadable; data processing programs; data processing programs recorded on machine-readable data carriers; downloadable computer software programs; downloadable computer utility programs; monitors [computer programs]; network operating system programs; network operating system programs for mobile phones; computer utility programs for computer maintenance; antennas for wireless communications apparatus; communication software; communication software for connecting computer network users; communication software for connecting global computer networks; communications computers; communications servers [computer hardware]; communications software; communications software for connecting computer network users; communications software for connecting global computer networks; computer communication software to allow customers to access bank account information and transact bank business; computer communications software to allow customers to access bank account information and transact bank business; data communication apparatus that transmit data and information to databases; data communications equipment; global positioning system [gps] apparatus; global positioning system [gps] navigation devices; global positioning system [gps] receivers; global positioning system [gps] tracking and location devices; global positioning system [gps] transmitters; global positioning system apparatus; global positioning system navigation devices; global positioning system receivers; global positioning system tracking and location devices; global positioning systems; cables for electrical and optical signal transmission systems; cables for electrical signal transmission systems; cables for optical signal transmission systems; computer operating systems; computer programs used for electronic cash register systems; computer software for global positioning systems [gps]; computer software to maintain and operate computer systems; data processing systems; apparatus and instruments for recording, transmission or reproduction of sound, data or images; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; apparatus and instruments for transferring, receiving and storing sound, images and data, both in digital and analog form; apparatus for broadcasting, recording, transmission or reproduction of sound, data or images; apparatus for data storage; apparatus for processing, transmitting and storing database information; apparatus for recording, transmission or reproduction of sound, images and data; apparatus for recording, transmission, processing and reproduction of sound, images or data; apparatus for recording, transmission, reception, processing or reproduction of sound, images or data; apparatus for the input, output, transmission and storage of data; apparatus for verifying data on magnetically encoded cards; augmented reality software for use in mobile devices for integrating electronic data with real world environments; data carriers containing stored typography typefaces; data communication apparatus and instruments; data compact discs; data processing apparatus; data processing apparatus and computers; data processing equipment; data processing programmes; data storage devices; data storage devices being disks; data synchronization cables; optical and magnetic data media; optical data carriers; optical data media; apparatus and instruments for recording, transmission or reproduction of sound or images; apparatus for broadcasting, recording, transmission or reproduction of sound or images; apparatus for recording, storage, transmission and reproduction of sounds and images; apparatus for recording, transmission and reproduction of images; apparatus for recording, transmission and reproduction of sound; apparatus for recording, transmission and reproduction of sound and images; apparatus for recording, transmission and reproduction of sound or images; apparatus for recording, transmission or reproduction of images; apparatus for recording, transmission or reproduction of information; apparatus for recording, transmission or reproduction of sound; apparatus for recording, transmission or reproduction of sound and images; apparatus for recording, transmission or reproduction of sound or images; apparatus for sound transmission; apparatus for testing transmissions for vehicles; apparatus for testing vehicle transmissions; apparatus for the recording, transmission and reproduction of sound and images; apparatus for the recording, transmission, amplification and reproduction of sound; apparatus for the transmission of sound or images; apparatus for transmission of sound; cables for electrical or optical signal transmission; cables for electrical signal transmission; cables for optical signal transmission; cables for the transmission of

sounds and images; computer software for data and document capture, transmission, storage and indexing; computer software for transmission of sound and video messages; computer software to enable the transmission of photographs to cell phones; computer software to enable the transmission of photographs to cellular phones; computer software to enable the transmission of photographs to mobile telephones; computer software to enable the transmission of photographs to mobile telephones; devices for the recording, transmission and playback of sound and images; electric apparatus for recording, transmission or reproduction of sound or images; electric cables for the transmission of sounds and images; electronic apparatus for wireless reception, storage and transmission of data and messages; optical fibres for the transmission of sounds and images; optical fibres for the transmission of sounds and images; transmitting and receiving apparatus for long-distance transmission; video transmission apparatus; fibre optic connectors; fibre optic couplers; fibre optic couplings; fibre optics; fibre-optic borescopes; non-linear optical fibres; optical fibre cables; optical fibre connectors; optical fibres; optical fibres [light conducting filaments]; application software for cloud computing; application software for cloud computing services; cloud computing software; cloud servers; computer software for aiding the development of blockchain-based applications; computer software for cross blockchain transfers; computer software for developing, building, and operating consumer blockchain applications; audiovisual and information technology equipment; augmented reality training simulation software in the field of information technology; information technology apparatus and equipment; information technology equipment; measuring and control devices for air-conditioning technology; virtual reality training simulation software in the field of information technology; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer game software downloadable from a global computer network; computer game software downloadable via a global computer network and wireless devices; computer network adapters; computer network adaptors; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network servers; computer network switches; computer programs for connecting remotely to computers or computer networks; computer programs for connecting to remote computers and computer networks; computer programs for searching remotely for content on computers and computer networks; computer software for accessing information directories that may be downloaded from a global computer network; computer software for administration of computer local area networks; computer software for administration of local area networks; computer software for use in providing multiple user access to a global computer information network; local area network [lan] access points; local area network [lan] operating software; local area network access points; local area network operating software; local area networks; network access server hardware; network access server operating software; network routers; network servers; operating software for network access servers; software for creating, facilitating, and managing remote access to and communication with local area networks and global networks; software for searching and retrieving information across a computer network; wide area networks; downloadable computer security software; e-mail security software; email security software; security control apparatus; security software; computer data storage devices; covers for data storage devices; data storage apparatus; computer servers; computer software for controlling and managing access server applications; dedicated servers; e-mail servers; electronic mail servers; email servers; file server software; artificial intelligence software.

CLASS 38

Advisory services relating to telecommunications; aeronautical telecommunication services; automatic transfer of digital data using telecommunications channels; broadcasting services and provision of telecommunication access to films and television programmes provided via a video-on-demand service; broadcasting services and provision of telecommunication access to films and television programs provided via a video-on-demand service; broadcasting services and provision of telecommunication access to video and audio content provided via a video-on-demand service via the Internet; communications via multinational telecommunication networks; consultancy in the field of telecommunications; consultancy services relating to telecommunications; consultancy, information and advisory services in the field of telecommunications; consulting services in the field of telecommunications; data transmission and reception services via telecommunication means; data transmission and telecommunication services; data transmission services over telecommunications networks; data transmission via telecommunication networks; data transmission via telecommunications networks; delivery of digital music by telecommunications; digital network telecommunication services; digital network telecommunications services; electronic bulletin board services [telecommunications services]; electronic exchange of data stored in databases accessible via telecommunication networks; high bit-rate data transmission services for telecommunication network operators; information about telecommunication; information about telecommunications; leasing of telecommunication apparatus and installations; leasing of telecommunication devices and equipment enabling connection to networks; leasing of telecommunication equipment; leasing of telecommunication equipment, including telephones and facsimile apparatus; leasing of telecommunication facilities; leasing of telecommunication lines; leasing of telecommunications apparatus and installations; leasing of telecommunications equipment; leasing of telecommunications

facilities; leasing of telecommunications lines; operation of telecommunications equipment; providing access to electronic shops [telecommunications]; providing access to telecommunication channels for teleshopping services; providing access to telecommunication networks; providing access to telecommunications networks; providing electronic telecommunication connections; providing electronic telecommunications connections; providing information in the field of telecommunications; providing long distance telecommunication services; providing long distance telecommunications services; providing telecommunication access to video and audio content; providing telecommunication channels for teleshopping services; providing telecommunication connections to a global computer network; providing telecommunication connections to the Internet; providing telecommunication connections to the Internet or databases; providing telecommunication services for e-commerce platforms on the Internet and other electronic media; providing telecommunications channels for teleshopping services; providing telecommunications connections to a global communication network or databases; providing telecommunications connections to a global computer network; providing telecommunications connections to databases; providing telecommunications connections to the Internet; providing telecommunications connections to the Internet in a cafe environment; providing telecommunications connections to the Internet or databases; providing third party users with access to telecommunication infrastructure; providing third party users with access to telecommunication infrastructure; provision of information in the field of telecommunications; provision of telecommunication access to audio content provided via the Internet; provision of telecommunication access to films and television programmes provided via a video-on-demand service; provision of telecommunication access to films and television programs provided via a video-on-demand service; provision of telecommunication access to television programmes provided via an on-demand service; provision of telecommunication access to television programs provided via an on-demand service; provision of telecommunication access to video and audio content; provision of telecommunication access to video and audio content provided via an on-line video-on-demand service; provision of telecommunication access to video and audio content provided via an online video-on-demand service; provision of telecommunication access to video content provided via the Internet; provision of telecommunication channels for teleshopping services; provision of telecommunication connections to a global computer network; provision of telecommunication connections to the Internet; provision of telecommunications channels for teleshopping services; provision of telecommunications connections for telephone chat lines; provision of telecommunications connections for telephone hotlines and call centers; provision of telecommunications connections for telephone hotlines and call centres; provision of telecommunications connections to a global computer network; provision of telecommunications connections to the Internet; radio telecommunications; rental of equipment for telecommunications; rental of telecommunication apparatus and installations; rental of telecommunication devices and equipment enabling connection to networks; rental of telecommunication equipment; rental of telecommunication equipment, including telephones and facsimile apparatus; rental of telecommunication facilities; rental of telecommunication lines; rental of telecommunications apparatus; rental of telecommunications apparatus and installations; rental of telecommunications equipment; rental of telecommunications facilities; rental of telecommunications lines; telecommunication access services; telecommunication and communication services; telecommunication gateway services; telecommunication services; telecommunication services provided via Internet platforms and Internet portals; telecommunication services provided via Internet platforms and portals; telecommunication services provided via platforms and portals on the Internet and other media; telecommunications; telecommunications access services; telecommunications and communications services; telecommunications consultancy; telecommunications consultancy services; telecommunications consultation; telecommunications gateway services; telecommunications routing and junction services; telecommunications services; telecommunications services for providing multiple-user access to a global computer network; telecommunications services provided via Internet platforms and portals; telecommunications services provided via fiber optic, wireless and cable networks; telecommunications services provided via fibre optic, wireless and cable networks; telecommunications services provided via platforms and portals on the Internet and other media; telecommunications services provided via the Internet, intranet and extranet; telephone telecommunications services provided via prepaid telephone calling cards; transfer of data by telecommunication; transfer of data by telecommunications; transmission and reception of database information via telecommunication networks; transmission and reception of database information via telecommunications networks; transmission of database information via telecommunications networks; transmission of images between mobile telecommunications devices; transmission of information on optical telecommunication networks; transmission of information via optical telecommunication networks; transmission of messages and images between mobile telecommunications devices; transmission of short messages [sms] between mobile telecommunications devices; transmission of sound and images between mobile telecommunications devices; transmission of stock market information via telecommunications media; transmission of stock market information with the help of telecommunication media; on-line document delivery via a global computer network; online document delivery via a global computer network; providing access to a global computer network; providing access to databases and information via global computer networks; providing electronic transmission

of credit card transaction data and electronic payment data via a global computer network; providing high speed access to a global computer information network; providing high speed access to area networks and a global computer information network; providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing multiple user access to proprietary collections of information by means of global computer information networks; providing multiple-user access to a global computer information network; providing multiple-user access to a global computer network; providing multiple-user access to global computer information networks for the transfer and dissemination of a wide range of information; providing multiple-user access to proprietary collections of information by means of global computer information networks; providing on-line communications links which transfer the web site user to other local and global web pages; providing on-line communications links which transfer the website user to other local and global web pages; providing online communications links which transfer the web site user to other local and global web pages; providing online communications links which transfer the website user to other local and global web pages; providing user access to a global computer network; providing user access to a global computer network and on-line sites containing information on a wide range of topics; providing user access to a global computer network and online sites containing information on a wide range of topics; providing user access to global computer networks; provision of access to a global computer network; rental of access time to global computer networks; simulcasting broadcast television over global communication networks, the Internet and wireless networks; streaming of audio, visual and audiovisual material via a global computer network; transmission and distribution of data or audiovisual images via a global computer network or the Internet; transmission and distribution of data via a global computer network; transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; transmission of digital audio and video broadcasts over a global computer network; transmission of information on a wide range of topics, including on-line and over a global computer network; transmission of information on a wide range of topics, including online and over a global computer network; electronic transmission and streaming of digital media content for others via global and local computer networks; electronic transmission of images and photographs via a global computer network; electronic transmission of images, photographs, graphic images and illustrations over a global computer network; leasing access time to global computer networks; leasing of access time to global computer networks; netcasting [broadcasting over a global computer network]; electronic delivery of images and photographs via a global computer network; communication by email systems; data communication by email; delivery of personalized greeting cards to others via email; email and facsimile transmission services; email and mailbox services; email and messaging services; email data services; email forwarding services; email services; email transmission services; providing email and instant messaging services; providing email services; transmission of data by email; transmission of email; communication by e-mail systems; communication by electronic mail systems; communication of data by electronic mail; data communication by e-mail; data communication by electronic mail; delivery of personalised greeting cards to others via electronic mail; delivery of personalized greeting cards to others via e-mail; delivery of personalized greeting cards to others via electronic mail; e-mail and facsimile transmission services; e-mail and mailbox services; e-mail and messaging services; e-mail data services; e-mail forwarding services; e-mail services; e-mail transmission services; electronic mail and facsimile transmission services; electronic mail and mailbox services; electronic mail and messaging services; electronic mail data services; electronic mail forwarding services; electronic mail services; electronic mailing services; electronic transmission of mail and messages; providing access to a web, mail and news portal; providing e-mail and instant messaging services; providing e-mail fax services; providing e-mail notification alerts of rating changes that affect financial portfolios; providing e-mail services; providing electronic mail and instant messaging services; providing electronic mail services; provision of e-mail services; provision of electronic mail services; provision of email services; secure e-mail services; secure electronic mail services; telephone and voice mail services; transmission of data and voice files by electronic mail; transmission of data by e-mail; transmission of data by electronic mail; transmission of digital files and e-mail; transmission of digital files and electronic mail; transmission of e-mail; transmission of electronic mail; voice mail services; wireless voice mail services; integrated services digital network [isdn] services; audio broadcasting via the Internet and other communications networks; audio, video and data transmission by cable, satellite, computer networks, telephone lines and isdn lines; audio, video and multimedia broadcasting via the Internet and other communications networks; communication services over computer networks; communication services via computer networks; communication via virtual private networks; communication via virtual private networks [vpn]; communications by fiber optic networks; communications by fibre optic networks; communications by optical fiber networks; communications by optical fibre networks; computer network access services by means of a metro ethernet; computer network access services provided by means of a metro ethernet; computer network communication services; data transmission between networked computer systems; data transmission services between networked computer systems; data transmission via telematic networks; electronic transmission of audio, video and other data and documents via a peer-to-peer network; electronic transmission of digital photo files via a peer-to-peer network; information transmission services via digital networks; information transmission via digital networks; information transmission via electronic communications networks; information transmission via telematic networks;

interactive delivery of video over digital networks; interactive delivery of video via digital networks; interactive transmission of video over digital networks; interactive transmission of video via digital networks; leasing access time to information on computer networks; multimedia broadcasting via the Internet and other communications networks; network conferencing services; network transmission of sounds, images, signals and data; providing Internet access via fiber optic broadband networks; providing Internet access via fibre optic broadband networks; providing Internet access via optical fiber broadband networks; providing Internet access via optical fibre broadband networks; providing Internet access via wireless broadband networks; providing access to a worldwide computer network; providing access to an electronic marketplace [portal] on computer networks; providing access to computer networks; providing access to computer programmes on data networks; providing access to computer programs on data networks; providing access to data on communication networks; providing access to data on communications networks; providing access to data on computer networks; providing access to databases on computer networks; providing access to electronic communication networks; providing access to electronic communications networks; providing access to electronic communications networks, to the Internet and to extranets; providing access to information on computer networks; providing access to information via data networks; providing access to the Internet and other communications networks; providing access to web sites on the Internet or any other communications network; providing access to websites on the Internet or any other communications network; providing access via data networks to software for Internet access; providing high speed access to area networks; providing high speed access to computer and communication networks; providing on-demand access to computer programmes on data networks; providing on-demand access to computer programs on data networks; providing on-line chat rooms for social networking; providing on-line chatrooms for social networking; providing online chat rooms for social networking; providing online chatrooms for social networking; providing private and secure real time electronic communication over a computer network; providing private and secure real-time electronic communication over a computer network; providing user access to computer programmes on data networks; providing user access to computer programs on data networks; providing user access to information and information services available on the Internet and on other computer networks; provision of access to a worldwide computer network; provision of access to an electronic marketplace [portal] on computer networks; provision of access to an electronic on-line network for information retrieval; provision of access to an electronic on-line network for retrieval of information; provision of access to data on communication networks; rental of access time to information on computer networks; satellite, cable and network transmission of sounds, images, signals and data; transfer and dissemination of information and data via computer networks and the Internet; transfer of data via computer networks; transfer of information and data via computer networks; transfer of information and data via computer networks and the Internet; transfer of information via computer networks; transferring and disseminating information and data via computer networks and the Internet; transferring information and data via computer networks and the Internet; transmission of advertising programmes and media advertising communications via digital communications networks; transmission of advertising programs and media advertising communications via digital communications networks; transmission of audio and video content via computer networks; transmission of data via computer networks; transmission of information by electronic communication networks; transmission of information by electronic communications networks; transmission of information via cable networks; transmission of information via computer networks; transmission of information via computers connected to the same telematic network; transmission of information via national and international networks; transmission of information via wireless networks; transmission of information via wireless or cable networks; transmission of messages and images via computer networks; transmission of messages via computer networks; transmission of messages, data and content via the Internet and other communications networks; transmission of messages, data and content via the Internet and other computer and communications networks; transmission of sound and images via interactive multimedia networks; transmission of sound and images via satellite or interactive multimedia networks; transmission of sound and visual recordings over networks; transmission, broadcasting and reception of audio, still and moving images, text and data via computer networks; video broadcasting via the Internet and other communications networks; video transmission over digital networks; video transmission via digital networks.

CLASS 42

Commissioned writing of computer programmes, software and code for the creation of web pages on the Internet; commissioned writing of computer programs, software and code for the creation of web pages on the Internet; consultancy relating to the creation of home pages and Internet pages; consultancy relating to the creation of homepages and Internet pages; consultancy relating to the design of home pages and Internet sites; design and creation of home pages and Internet pages; design and graphic arts designing for the creation of web pages on the Internet; design of Internet pages; design of home pages and Internet pages; design of homepages and Internet pages; design, creation, hosting and maintenance of Internet sites for third parties; designing and creating homepages and Internet pages; electronic monitoring of credit card activity to detect fraud via the Internet; electronic monitoring of personally identifying information to detect identity theft via the Internet;

graphic design of Internet advertisements; hosting Internet sites for others; hosting e-commerce platforms on the Internet; hosting electronic memory space on the Internet for advertising goods and services; hosting of memory space on the Internet for storing digital photographs; hosting of platforms on the Internet; hosting of web sites on the Internet; hosting of websites on the Internet; hosting platforms on the Internet; hosting web sites on the Internet; hosting websites on the Internet; installation and maintenance of Internet access software; installation and maintenance of software for Internet access; installation of Internet access software; installation of software for Internet access; Internet page design; Internet page design services; Internet security consultancy; leasing of Internet security programmes; leasing of Internet security programs; leasing of software for Internet access; maintenance of Internet access software; maintenance of software for Internet access; programming of Internet security programmes; programming of Internet security programs; programming of software for Internet platforms; programming of software for Internet portals, chat rooms, chat lines and Internet forums; programming of software for Internet portals, chatrooms, chat lines and Internet forums; programming of software for information platforms on the Internet; providing Internet search engines; providing Internet search engines with specific search options; providing electronic memory space [web space] on the Internet; providing electronic memory space on the Internet; providing electronic storage space [web space] on the Internet; providing electronic storage space on the Internet; providing on-line information in the field of technological research from a computer database or the Internet; providing online information in the field of technological research from a computer database or the Internet; providing search engines for the Internet; provision of Internet search engines; provision of search engines for the Internet; rental of Internet access software; rental of Internet security programmes; rental of Internet security programs; rental of electronic memory space [web space] on the Internet; rental of electronic memory space on the Internet; rental of electronic storage space [web space] on the Internet; rental of electronic storage space on the Internet; rental of software for Internet access; research in the field of computer technology conducted using databases and the Internet; scientific research conducted using databases and the Internet; updating of Internet pages; compilation of web pages for the Internet; consultancy with regard to the design of homepages and Internet pages; creating and maintaining Internet sites; creation and maintenance of Internet sites; design and creation of homepages and Internet pages; design and development of Internet security programmes; design and development of Internet security programs; design and graphic arts design for the creation of web pages on the Internet; design and maintenance of Internet home pages; design and maintenance of Internet homepages; hosting digital content on the Internet; hosting memory space on the Internet; hosting memory space on the Internet for storing digital photographs; hosting of digital content on the Internet; hosting of e-commerce platforms on the Internet; hosting of memory space on the Internet; analysis of telecommunication signals; consultancy in the field of telecommunications engineering; consultancy in the field of telecommunications technology; design and development of telecommunications networks; design and development of telecommunications systems; design and planning services relating to telecommunication equipment; design and planning services relating to telecommunications equipment; design of telecommunication equipment; design of telecommunications apparatus and equipment; design of telecommunications equipment; development and testing of computing methods, algorithms and software for generating telecommunication and navigation data; development and testing of computing methods, algorithms and software for processing telecommunication and navigation signals; development of algorithms and computing methods for generating telecommunication and navigation data; development of algorithms and computing methods for processing telecommunication and navigation data; development of algorithms and computing methods for processing telecommunication and navigation signals; development, maintenance and updating of a telecommunication network search engine; development, maintenance and updating of a telecommunications network search engine; monitoring of telecommunication signals; product development consultancy for inventors in the field of telecommunications; product development consultancy for inventors in the field of telecommunications engineering; product development consultation for inventors in the field of telecommunications; product development consultation for inventors in the field of telecommunications engineering; programming of telecommunications software; research in the field of telecommunications technology; technical design and planning of telecommunication equipment; technical design and planning of telecommunication networks; technical design and planning of telecommunications equipment; technical design and planning of telecommunications networks; telecommunications engineering; telecommunications engineering consultancy; telecommunications engineering services; telecommunications technology consultancy; testing of telecommunication signals; testing, analysis and monitoring of system algorithms for generating telecommunications and navigation data; testing, analysis and monitoring of system algorithms for processing telecommunications and navigation data; testing, analysis and monitoring of telecommunication and navigation signals; testing, analysis and monitoring of telecommunication signals; it security services in the nature of protection and recovery of computer data; analysis of technical data; back-up services for computer hard drive data; backup services for computer hard drive data; compression of data for electronic storage; computer and Internet security consultancy and data encryption services; computer and technology services for securing computer data; computer and technology services for the detection of unauthorized access to data and information; computer database design; computer database design services; computer

programming for data processing; computer programming for data processing and communication systems; computer programming services for data warehousing; computerised data storage; computerised data storage services; computerized data storage; computerized data storage services; consultancy relating to computer database programmes; consultancy relating to computer database programs; consultancy relating to the design and development of computer database programmes; consultancy relating to the design and development of computer database programs; consultancy relating to the recovery of computer data; consultancy services in the field of maintaining the security and integrity of databases; conversion of document data from one computer format to another; creating programmes for data processing; creating programs for data processing; creation and development of computer programs for data processing; creation of data processing programmes; creation of data processing programs; creation of programmes for data processing; creation of programs for data processing; data conversion of computer programme data or information [not physical conversion]; data encryption and decoding services; data encryption services; data migration services; data mining; data mining services; data security consultancy; data security consulting; database design; database design and development; database design services; database development services; design and development of computer database programmes; design and development of computer database programs; design and development of computer database software; design and development of computer databases; design and development of computer hardware, software and databases; design and development of computer software for data processing; design and development of computer software for database management; design and development of computer software for evaluation and calculation of data; design and development of computer software for reading, transmitting and organising data; design and development of computer software for reading, transmitting and organizing data; design and development of data display systems; design and development of data entry systems; design and development of data output systems; design and development of data processing apparatus; design and development of data processing programmes; design and development of data processing programs; design and development of data processing software; design and development of data processing systems; design and development of data retrieval software; development of computer software for data processing; development of data processing apparatus; development of data processing programmes; development of data processing programs; development of data processing software; development of data processing systems; development of data storage systems; development of data transmission systems; development of programmes for data processing; development of programs for data processing; development of systems for data processing; development of systems for the processing of data; development of systems for the storage of data; development of systems for the transmission of data; development, programming and rental of data processing programmes; development, programming and rental of data processing programs; development, updating and maintenance of software and database systems; digital compression of computer data; hosting computer application software in the field of knowledge management for creating searchable databases of information and data; hosting computer databases; hosting computerized data, files, applications and information; hosting of computerized data, files, applications and information; hosting of databases; installation of database software; installation, maintenance and updating of database software; leasing of a database server to third parties; leasing of computer database software; leasing of computers for data processing; leasing of data processing programmes; leasing of data processing programs; leasing of data processing software; leasing of software for data processing; leasing of software for database management; leasing of software for importing and managing data; maintenance of computer software for data processing; maintenance of data processing software; maintenance of database software; monitoring of computer systems for detecting unauthorized access or data breach; off-site data back-up; off-site data backup; on-line data storage; on-line data storage services; programming of electronic data processing [edp] software; programming of electronic data processing software; programming of software for database management; providing computer programmes on data networks; providing computer programs on data networks; providing information and data relating to medical and veterinary research and development; providing information and data relating to scientific and technological research and development; providing on-line non-downloadable software for database management; providing on-line non-downloadable software for use in database management; providing online non-downloadable software for use in database management; rental of database management software; rental of decentralized cloud storage facility for containerized data centers of others; rental of software for data processing; rental of software for database management; rental of software for importing and managing data; rental of web servers and co-location servers for containerized data centers of others; research in the field of data processing technology; research, design and development of data processing systems; research, design and development of software for data management; research, design and development of software for managing data; updating and rental of software for data processing; updating of computer database software; updating of computer software for databases; updating of data processing software; updating of database software; updating of software for data processing; writing of data processing programmes; writing of data processing programs; hosting the web sites of others on a computer server for a global computer network; hosting the websites of others on a computer server for a global computer network; providing scientific information in the field of global warming; providing scientific information in the fields of climate change and global warming; providing search engines for

obtaining data on a global computer network; administration of mail servers; design and development of operating software for computer networks and servers; leasing of memory space on servers for hosting electronic bulletin boards; leasing of operating software for computer networks and servers; leasing of web servers; programming of operating software for computer networks and servers; providing temporary use of on-line non-downloadable operating software for computer networks and servers; providing temporary use of online non-downloadable operating software for computer networks and servers; providing web servers and co-location servers to third party cloud computing and data storage facilities; remote server administration; rental of a database server to third parties; rental of web servers; server hosting; creating, maintaining and hosting the web sites of others; creating, maintaining and hosting the websites of others; creation and hosting of web sites; creation and hosting of websites; design and hosting of web portals; design, creation, hosting and maintenance of web sites for others; design, creation, hosting and maintenance of websites for others; hosting an online website for creating and hosting micro websites for businesses; hosting and rental of memory space for web sites; hosting and rental of memory space for websites; hosting multimedia and interactive applications; hosting multimedia educational content; hosting of computer sites [web sites]; hosting of computer sites [websites]; hosting of computer software applications for others; hosting of customized web pages; hosting of multimedia and interactive applications; hosting of websites; hosting on-line facilities for conducting interactive discussions; hosting on-line software enabling the creation and hosting of micro websites for businesses; hosting on-line web facilities for others; hosting on-line web facilities for others for conducting interactive discussions; hosting on-line web facilities for others for sharing on-line content; hosting the web sites of others; hosting the websites of others; hosting web portals; hosting web sites; hosting weblogs [blogs]; hosting websites; rental of memory space on servers for hosting electronic bulletin boards; web site hosting services; website hosting services; consultancy and information services relating to information technology; consultancy and information services relating to information technology architecture and infrastructure; consultancy and research services in the field of information technology; consultancy and research services in the fields of science, engineering and information technology; consultancy in the field of information technology; consultancy relating to information technology; consultancy services in the fields of science, engineering and information technology; consulting in the field of information technology; creating and designing website-based indexes of information for others [information technology services]; engineering services relating to information technology; information technology [IT] consultancy; information technology [IT] consultancy services; information technology [IT] consulting; information technology [IT] consulting services; information technology [IT] engineering; information technology consultancy; information technology consultancy services; information technology consultation; information technology engineering; information technology engineering services; outsource service providers in the field of information technology; outsource service providers in the field of information technology consultancy; outsource service providers in the field of information technology consulting; research in the field of information technology; research services in the field of information technology; design and development of software and hardware for signal amplification and transmission; design and development of wireless data transmission apparatus; design and development of wireless data transmission apparatus, instruments and equipment; technological consultancy and information services in the field of computer networks and data transmission networks; administration of user rights in computer networks; computer network configuration; computer network configuration services; computer network design; computer network design for others; computer security services for protection against illegal network access; configuration of computer networks by software; configuration of computer networks using software; configuration of computer systems and networks; configuring computer networks by means of software; design and development of operating software for accessing and using a cloud computing network; design and development of wireless networks; development of software for secure network operations; integration of computer systems and computer networks; programming of operating software for accessing and using a cloud computing network; providing search engines for obtaining data via communications networks; provision of computer programmes on data networks; provision of computer programs on data networks; rental of operating software for accessing and using a cloud computing network; rental of operating software for computer networks and servers; research, design and development services relating to network interfaces; updating of home pages for computer networks; building and maintaining websites; GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING
MALAYSIA

Pursuant to regulation 71 of the Trademarks Act 2019, the following international registrations designating Malaysia have been accepted and are hereby published in Intellectual Property Official Journal under section 148 of the Trademarks Act 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 72(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the international registrations designating Malaysia which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such international registrations designating Malaysia in the Intellectual Property Official Journal.

Notwithstanding the above paragraphs, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 72(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition
