REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; protective helmets for sports; glasses, sunglasses, sports goggles; computer game software; fuel distribution equipment, namely electric fuel-level gauges, control valves for regulating gas flow and fuel lines; operating software for calibrated fuel pumps for refueling of land vehicles, marine vehicles and aircraft; operating software for flow control panels for refueling of land vehicles, marine vehicles and aircraft; operating software for fuel lines and pump nozzles for refueling of land vehicles, marine vehicles and aircraft; gas meters; on-board and roadside signaling and communication systems, train inspection systems, crossing notification systems, apparatus for electric control of switching; GPS tracking and monitoring systems for the transit and railway industries; capacitors; circuit breakers; circuit-breaker patch boards; circuit closers; contact breakers; commutators; contactors; current rectifiers; current limiters; electric contacts; electric collectors; electric conductors; electric connectors; electric charge controllers; electric inductors; electric power supply systems; distribution boards [electricity]; branch boxes [electricity]; electrical distribution consoles; electrical switchboards and switchboxes; software for troubleshooting and maintenance of programmable controllers; software for cardiac vessel analysis, including heart vessel analysis, also with calculation functions with regard to blood vessels; software for medical patient-monitoring equipment; software for receiving, processing, transmitting and displaying data; software for developing customized programs for asset allocation; software for use on line enabling vendors of office equipment to place orders, to manage portfolios and

communicate with the company; software for accessing mortgage and insurance information; software for collecting data concerning vital signs; software for analyzing electrical systems and electronic instruction manuals sold as a unit therewith; software for employees of financial institutions used for assessing customers' financial investments and processing the sale of the identified investments; software for obtaining information on the risk of flooding with regard to real property; software for developing graphic user interfaces and displaying data; software for calculating mortgage payments; software for controlling and managing vehicle fleet maintenance services; software for using and accessing commercial computer services; software used by clients to obtain information regarding lease portfolios; software for a radiology information system for radiologists and radiology departments; software for managing databases containing information on employees and patients for archiving purposes and patient monitoring; software installed on and used with PCs and medical monitoring equipment for graphic user interfaces; software for sending encrypted and compressed data to radio-paging (transport) systems; software for providing access to web sites so that buyers and sellers can carry out business transactions by electronic means; software for subterranean navigation, namely navigation of the assembly of a depth probe for oil drilling and drilling assemblies so as to route subterranean installations; electronic and laboratory, testing, measuring, calculating and monitoring instruments and apparatus; Cameras for monitoring and inspecting equipment in a nuclear power station; Electronic safety installations for use in nuclear reactors; Measuring apparatus for nuclear contamination; Mononuclear cell apparatus, other than for medical use; Nuclear detectors for detecting radiation particles; Nuclear resonance spectrometers, other than for medical use; Simulators for simulating the effect of nuclear explosions; electrical products, electricity production and distribution products and voltage surge protection products, namely lightning conductors, armored rods; switches for lighting; input/output controls and devices; fuses; controls for lighting; switch boxes; LEDs, namely light-emitting diodes; voltage regulators for electric power; voltage surge protectors; voltage surge limiters; voltmeters; electrical circuit boards; relays and timers; solenoids and limit switches; manual full-voltage starters; reduced-voltage starters; electric switches and disconnecting switches; splitters for circuit boards and pumping panels; circuit breakers and disconnecting switches; transformers; electric circuit and electric lighting boards; electric wires; electric cables, cords, conductors and wiring; lightning conductors; electricity meters; wattmeters; grounding resistances; humidity and temperature sensors; industrial calibration sensors, push buttons, engine and motor control centers and their electric controls and voltage regulators included in this class; computer programs and software for medical use, industrial use and for research; electrophoresis apparatus; chromatography columns and pumps; apparatus for particle or laser ray microfabrication; apparatus for bio-informatics systems; scintillation apparatus; imaging apparatus for radioactive and luminescent emissions; integrated synthesis and purification systems; oligonucleotide-producing apparatus; optical laser systems for digital imaging; glassware for laboratories; vials and micro-vials; microtiter plates; software for managing hospital operating rooms; software for intensive care information management; software for industrial operation control; software and manuals therefor sold as unit for factory management; graphic interface computer programs for controlling machines in industrial automation applications; software for creating graphic presentations and editing dynamic data interfaces for real-time graphic applications for industrial and commercial use; communication software for connecting computer network users; software for plastic injection molding; software for controlling, monitoring, simulating, communicating, recording and collecting data and for factory automation; software for integration of

manufacturing machine operations, process control, supply of data for displaying, problem monitoring and production report generation; software packages for operating and programming grinders in the manufacturing industry; computer hardware for monitoring industrial processes, namely computer monitors; portable computers, Ethernet cards and cables; computer networking hardware, memory cards; microchips; microprocessors; computer network hubs, switches and routers, computer accessories, displaying devices and terminals; computer whiteboards; processors and system cards; call controllers, operator interfaces, reference interfaces and data collectors; applications for manufacture and control, namely for statistical process control, data collection, direct digital control; document management systems; digital signal processing products and systems, namely, industrial automation controls and programmable logic controllers; adaptive control product in the form of an external controller for optimizing rough and semi-rough cutting performance of machine tools; wired and remote-controlled input/output electric equipment; input/output modules; interface modules; electricity power supplies; electronic assemblies; anti-theft and burglar alarm systems; logic programming computers for security systems; control panels for security systems; electronic burglar detectors; electronic glass-breakage detectors; electronic vibration detectors; magnetic contacts for security systems; electronic switch plates for security systems; electronic motion detectors for alarm systems; electronic motion-sensitive switches; fixed connection sirens for security systems; audio loudspeakers for security systems; electronic navigation systems for security systems; access control and alarm monitoring systems; fire, heat and smoke alarms and detectors; computer card access control systems; card readers, card encoders and encoded cards for card-operated access control systems; video cameras; video devices for object recognition; video devices for object tracking; video devices for reading license plates; video devices for checking alarms; video devices for facial recognition; video devices for vehicle recognition; video devices for traffic detection; video devices for access door control; video devices for burglar detection; processing hardware or software used for analyzing digital video images for automatically extracting, recording and reporting information automatically, and remote video monitoring systems for security and surveillance applications; central video monitors; video recorders; apparatus for shooting and filming; closed-circuit video systems; closed-circuit video systems consisting of one or several cameras and camera housings; wireless, short-range and radiofrequency transceivers; transceivers for electrical lines; communication monitoring equipment for operating closed-circuit cameras; communication monitoring equipment, namely numeric-pad controls, matrix switching devices, multiplexers, digital video recorders, integrated swinging panoramic zoom dome cameras, remote video controllers, receivers, electronic alarms, video transmission devices; personal digital assistants (PDAs) configured for use by real estate professionals; communication interfacing devices for personal digital assistants (PDAs); fiber-optic transmission systems, namely fiber-optic transmitters, receivers and transceivers for transmission of video signals, audio signals and data via optical fibers; electric switches; electromechanical locking devices; magnetic cards for locks, access control, presence control, alarms and security systems; portable electronic hardware for reception, control, storage, handling, display and transmission of data and for actuating electronic locks; electronic access cards and readers and encoders thereof; magnetic access cards and readers and encoders thereof; memory access cards and readers and encoders thereof; proximity cards; proximity card readers; proximity card encoders; electronic keys and readers and encoders thereof; barcode access cards and readers, encoders and laminators thereof; access keypads; radio-frequency tracking tags; tracking and control systems consisting of one or several radio-frequency beacons, detectors and transceivers for

determining and checking the location and movements of tangible assets, stocks and individuals; infrared sensors; control boards; access card readers; video imaging equipment and systems; video surveillance equipment and systems; digital hard disk recording equipment and systems; network transmission equipment and systems; remote access equipment and systems; networked digital video storage servers; applications for surveillance and access control; applications for alarm and security monitoring; computer software and hardware for monitoring and operating access and security systems comprising locking systems, doors, access and identification devices and security cases in the form of boxes for securing keys; surveillance systems sold separately or as components or in the form of sets comprising one or several surveillance cameras, hidden cameras, closed-circuit television cameras, camera housings, camera stands, lenses, video monitors, video recorders, digital recorders, video recording media, video switches; surveillance systems sold separately or as components or in the form of sets comprising control panels, numerical pad controls, joysticks; surveillance systems sold separately or as components or in the form of sets comprising interface apparatus for alarms and access control equipment, transceivers, receivers, transmitters, signal processors, multiplexers, matrix switches, controls, control panel casings, switch housings, transformers, switches, splitters, coaxial cables, connectors, motion detectors, microphones and loudspeakers; user interface software and control software for management of access, security and fire-extinguishing systems; electric locks; portable electronic communication and computer equipment for data reception, control, storage, handling, display and transmission for operating electronic locking devices; electronic key holders, readers and encoders; data processing computer software and hardware; electric power supplies, namely batteries, rectifiers/regulators of current/voltage and transformers; control panels, namely electronic apparatus designed for electronically monitoring a predefined activity and for activating an anti-theft alarm; loudspeakers for sirens and electronic siren controls, namely ringer tone generators and amplifiers for sirens; software for controlling communication equipment for operating and controlling closed-circuit cameras; switching devices integrating magnetically triggered blade switches for anti-theft alarm systems and fire alarm systems, integrated into industrial tracking apparatus, revolution counters, security lock systems for equipment cabinets, industrial position-monitoring apparatus, electric cables and pump and valve monitoring apparatus and home security alarm systems; electric and electronic checking apparatus for detecting the presence of certain substances on individuals, in luggage and freight; electric and electronic checking apparatus for detecting the presence of explosives and/or narcotics on individuals, in luggage and freight; apparatus for detecting the presence of explosives and other contraband; timers or sensing apparatus for detecting changes in conditions for launching and monitoring regeneration or washing cycles for water treatment equipment; control valves for water treatment and filtering equipment; bioreactors for cell culture; portable analysis instruments, namely a probe with a recorder for data conversion equipped with microprocessors for measuring organic and inorganic products in water; filters and filter housings for laboratories; membrane filters for laboratories; silt density measuring devices; deionization devices for laboratories, filters and filter housings for laboratories; liquid separating apparatus for laboratories; membranes for laboratories; liquid flow control devices, namely pumps, valves, flowmeters and regulators for laboratories; ozone monitoring instruments; laboratory equipment, namely porous titration microplates for cellular biology and other applications in life sciences; electronic controls for treatment of industrial and commercial water supply systems; electronic controls for treatment of boiler water systems; electronic controls for treatment of water cooling systems; electronic controls for treatment of cooling water

systems; electronic controls for treatment of closed water-supply systems; electronic controls for treatment of systems for paper and pulp treatment; electronic controls for fuel treatment systems; electronic controls for metal treatment systems for analyzing the chemistry of the system, determining the proper treatment program, applying the desired treatment and monitoring the effectiveness of the treatment; data management software in the field of paper, pulp and water treatment; electronic controls for data processing in the field of paper, pulp and water treatment; apparatus for industrial water-supply systems for measuring and checking pH and conductivity; apparatus for supplying an industrial, commercial or municipal water supply system with measured quantities of chemicals; electronic testing apparatus for water treatment; laboratory testing equipment, namely apparatus for testing deposit levels and corrosion speed; equipment and instruments for mobile laboratory equipped for measuring and monitoring pH, conductivity and concentration of chromate in domestic and industrial waters; equipment and instruments for mobile laboratory equipped for carrying out inorganic and microbiological water testing; electronic and electrochemical products, namely fuel cells; apparatus for converting photo-electric radiation to electrical energy, namely, photovoltaic solar modules, hybrid photovoltaic solar modules, electronic sensors for measuring solar radiation, photo-cells; apparatus for converting electronic radiation to electric energy, namely photovoltaic solar modules, systems and components and all related system components; printers, laser printers, ink-jet printers, multi-function and multi-purpose printers, parts of all the aforesaid goods; portable electronic devices for wireless reception and/or transmission of audio and video data with integrated memory; software for synchronization of data between a remote unit or station and a fixed unit or station, and software providing a one-way and/or two-way wireless connection to data; portable digital electronic apparatus and software related thereto; portable electronic devices for wireless data reception and/or transmission; software for re-orientation of messages, electronic mail and/or other data from a personal computer or a server towards one or several portable electronic devices; computer software and programs for wireless device operation and management; telecommunication devices; software for accessing, searching, indexing and retrieving information and data from global computer networks and global communication networks, and for navigation on the aforesaid networks websites; software for sending and receiving short messages and electronic mail and for filtering non-text information from data; portable electronic devices for voice, video, data and image communications; computer game software for mobile telephone receivers; electronic game software for mobile telephone receivers; software packages; batteries, dry cells and batteries, rechargeable batteries, battery chargers, storage batteries, solar cells and batteries, fuel cells; carbon electrodes for dry batteries; wiring apparatus; electric cables; electric ducts; floor ducts specially designed for housing electric cables; ballast (for discharge lamps); under carpet wiring systems; code lighting-switches; magnetic contactors and starter switches; circuit protectors; switching devices; electric connecting boxes; device switches; output jacks; plugs (electric); electric timers; other wiring devices; signaling apparatus and instruments, video intercoms, intercom systems, electric door chimes, intercoms, fire alarms, gas-leak alarms, anti-theft alarms, portable emergency intercoms; acoustic machines and apparatus; radios; tape recorders/players; radio cassette recorders; portable tape players; compact disc recorders/players; minidisc recorders/players; minidisc deck consoles; DVD (digital versatile disc) audio recorders/players; secured digital recorders/players; secured digital cards; loudspeakers; tuners; amplifiers; stereo component systems; disc readers; graphic equalizers; radio alarm clocks; integrated circuit recorders; digital audio processing devices; earphones; headphones; microphones; cassette recorders/players; software for compact discs

(prerecorded); electric megaphones; language laboratories; audio systems for cars; public address systems; audio mixers; audio equipment cleaning equipment, namely magnetic head cleaning equipment; audio cables, video cables, other audio machines; audiovisual machines and apparatus; television sets; cathode ray tube display devices; cathode ray tubes; image pick-up tubes; plasma television sets; plasma displays; LCD (liquid crystal display) television sets; liquid crystal display monitors; television sets combined with video tape recorders; television sets combined with disc players; antennas; tuners for satellite broadcasting; television tuners; Internet terminals; video projectors; video cassette recorders; camcorders; video printers; laser disc players; video CD (compact disc) players; software for video CD (compact disc); video recorders/players for DVDs; color video systems for large-scale display; cable television systems; hard disk units; video imaging devices; electric optical display boards; multi-purpose electric display systems; closed-circuit video equipment systems; software for DVDs; television cameras; video switches; non-linear editing systems; editing controllers; DVD creation systems; light emitting diodes (LED) displays; optical disc machines and apparatus; optical disc units, optical disc recorders, optical disc players, optical disc changers, optical disc cartridges, optical disc recording systems; communication apparatus and machines; facsimile transceivers; transceivers; telephones; cellular mobile telephones; cases for cellular mobile telephones; telephone answering machines; private auto-switch systems; global positioning system receivers; radiotelephones; marine radars; radio-paging receivers; mobile communication systems; multi-channel access radio systems; electric panels for traffic information; videoconferencing systems; private portable telephone systems; local network systems; AV codecs (coder-decoders); navigation systems for cars (road guidance systems); electronic systems for road toll collection; GPS (global positioning system) antennas; checking (supervision) apparatus and instruments; communication and surveillance systems for apartment buildings; intruder detection systems; automated systems for surveillance and control of functions within buildings; electric multi-layer security apparatus; checking (supervision) apparatus and instruments, communication and surveillance systems for apartment buildings, intruder detection systems, automated systems for surveillance and control of functions within buildings, electric multi-layer security apparatus; automatic control machines and instruments; electric distribution boards; road signal control apparatus; bus location systems; ultrasound vehicle detectors; information and telecommunication networks for road traffic management; light dimmers; light switches; inverters; programmable control systems; electrical enclosures; domestic electricity supply systems; power capacitors; data processing equipment; computers and computer peripherals; word processors; software (recorded); image scanners for personal computers; PC (personal computer) cards; computer keyboards; mouse (data processing equipment); CD-ROM (compact disc-read only memory) units; diskette units; card reading/writing systems; barcode readers; time recorders; portable data terminals; point-of-sale systems; data collection terminals; personal digital assistants (PDAs); DVD-RAM/ROM (digital versatile disc-random access memory / read only memory) units; CAD/CAM (computer-aided design/computer-aided manufacturing) systems; electronic calculators; uninterrupted power supplies for computers / communication / broadcasting; external storage devices; video cassettes; cleaning heads; D-VHS (video data home systems); other computer peripherals; video tapes; audio cassettes; diskettes; optical discs; mini-discs; DVDs (digital versatile discs); integrated circuit memory cards; weighing and measuring apparatus and instruments; thermoluminescent dosimetry systems; portable x-ray dosimeters; electronic meters; ammeters; electricity consumption meters; grip measuring devices; electric apparatus for measuring leakance; electric insulation meters; thermometers; measuring system processors; electric

multi-circuit sector voltage monitors; micro-precision measuring devices; weighing and measuring apparatus, namely, pacers; audio/video analyzers; oscilloscopes; modulators; distortion meters; sensors, light-sensitive sensors, thermometric sensors, position sensors, angular velocity sensors, rotation sensors, angle sensors, dew point sensors, other sensors; electric components; light emitting diodes; liquid crystal display; liquid crystal display modules; magnetrons; transistors; semi-conductor storage devices; one chip micro-computers; cartridges for electric condenser microphones; thermostats; integrated circuits; gray-scale image processors; thermal printing heads; magnetic heads; permanent magnets; relays; display components; semi-conductor lasers; charge coupling devices (CCD device); image detectors; film capacitors; electric tuner units; high-frequency units; coin validation units; note validation units; magnetic card reading/writing devices; voltage-controlled oscillators; phase-locking circuit synthesizing modules; wireless communication module units; optical transmission components; printed wiring boards; loudspeaker components; AC (alternating current) adaptors; focusing magnets; inductors (coils); capacitors for electric apparatus; electric signal filters; deflection coils; thermistors; varistors; piezoelectric ceramic components; acoustic-optical components; resistances; potentiometers; printing units; hybrid integrated circuits; switching components; heat-welding wiring boards; transparent touch panels; electroluminescent components; remote control units; magnetic resistance elements; thermal disconnects; data processing equipment, in particular for financial applications; operating system programs; computer hardware and software, in particular for local and wide-range computer networks development, maintenance and use; systems for reading memory cards and systems for reading stored data including integrated circuit memories and bank card memories; automatic ticket dispensers; accounting machines; encoded cards, including magnetic cards and integrated circuit cards, in particular for financial applications; card readers, printing apparatus, including printing apparatus for data processing systems and financial transaction systems; automated banking machines; encoders and decoders; modems; encoded magnetic cards; electronic data carrier cards; encoded magnetic card readers; electronic data card readers; electronic encryption systems; computer hardware; computer terminals; software used in financial services, in the banking and telecommunication industries; electric and electronic products, namely calculating machines, pocket planners, alarms; bank cards, including printed bank cards and bank cards with magnetic memory and with integrated circuit memory; bank cards, credit cards, debit cards, including such cards equipped with integrated circuits and microprocessors; memory cards (smart cards); automated teller machines (ATMs); data processing equipment and computers including cards equipped with microprocessors and integrated circuits; computer hardware in the form of integrated circuit cards and card readers containing transponders and other proximity payment devices; mouse pads; induction devices; electrical displacement devices; electricity control and regulation devices; electricity measuring instruments; electrical protection devices; switchboards; switchboard apparatus; wiring devices; liquid control devices, namely, flowmeters, manostats, sequential timers, electric switches and controls; audio amplifiers for keyboards; external memories for musical instruments; systems for managing data and preserving archives in the field of anesthesia; gradient coils, namely magnetic gradient coils for magnetic resonance imaging; alarm devices for tire pressure; pressure gauges for vehicle tires; rubber testing machines; smart watches; electronic apparatus for practicing golf.

Class 14

Coins, ingots and medals in precious metals or in their alloys,

commemorative or not; jewelry, precious and semi-precious stones; pins; horological and chronometric instruments; key rings.

Class 16

Paper, cardboard; printed matter, in particular stamps; newspapers, periodicals, books, photographs and posters; bookbinding material; stationery and office requisites, except furniture; adhesives for stationery or household purposes; artists' and drawing materials; paint brushes; instructional or teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; computer printouts; chequebooks, punched cards; newspapers and periodicals in the field of information technology; paper shredders; electric staplers; battery-powered letter openers; electric pencil sharpeners; electric perforators; electronic typewriters; ribbon cartridges for electronic typewriters; cheque printing machines for office use; thermal paper.

Class 18

Leather and imitations of leather; leather vanity cases (not fitted); leather bags for mountain-climbing; leather rucksacks (backpacks); leather wallets (purses); briefcases [leather goods]; leather attaché-cases; leather suitcases; leather school bags; leather handbags; key cases (leatherware); leather straps; animal skins and hides; luggage and carrying bags; umbrellas, parasols and walking sticks; whips, harness and saddlery; collars, leashes and clothing for animals.

Class 21

Household or kitchen utensils and containers; cookware and tableware, except forks, knives and spoons; combs and sponges; brushes, except paintbrushes; brush-making materials; articles for cleaning purposes; unworked or semi-worked glass, except building glass; glassware, porcelain and earthenware; implements for cleaning clothing, toothbrushes; electric toothbrushes; ultrasound cleaning apparatus for dentures; dental floss, holders for dental floss, toothpicks, holders for toothpicks; non-electric implements and materials included in this class, all for cleaning; parts and components of all the aforesaid goods included in this class; holders and dispensers for all the aforesaid goods, all included in this class; electric trouser presses; corkscrews, electric and non- electric; bottle openers, electric and non-electric; electrical devices for attracting and destroying insects; electric combs.

Class 25

Clothing, footwear, headwear.

Class 28

Games, toys; video game apparatus; gymnastic and sporting articles; decorations for Christmas trees; playing cards; electric floats for fishing; apparatus for tying fishing lines to hooks; rubber balls; golf equipment, namely, trolleys for golf bags, golf clubs, golf bags, with or without wheels, golf gloves; sports bags shaped to contain specific sports apparatus; tennis rackets; tennis balls; tricycles for infants; stationary exercise bicycles and rollers.

Class 35

Advertising; dissemination of advertising matter via all media, in particular in the form of thematic messages centered on human values; advertising by sponsoring; online advertising and marketing services; business management; business administration; office functions; promoting the goods and services of others, by means of contractual agreements, in particular sponsoring and licensing agreements, enabling them to gain

additional notoriety and/or enhanced image and/or a surge of sympathy derived from cultural and sporting events, in particular international events; promoting the goods and services of others by means of what is referred to as the initial interest factor leading the public to consider goods or services presented to the public bearing signs, emblems or messages able to capture its attention; promoting the goods and services of others by means of the so-called image transfer; rental of advertising space of all type and on all media, whether digital or not; business administration of the participation of national teams to an international athletic competition, and promoting the support to said teams with the public and the concerned circles; inventory management services; consultation of stock control services; advertising by means of direct marketing for others consisting in marketing of databases; consultation for advertising by means of direct marketing for others consisting in marketing of databases; consultation services in connection with business reorganization; truck and automobile fleet management services, namely billing and consulting in connection with the administrative management of truck and automobile fleets; business administration consultancy; administrative management of power plants of others; business consultation in connection with the management of power plants; commercial administration of contracts for repair and servicing; supply chain commercial management services; business consulting services relating to the purchase and supply of chemical services and products; commercial management of product supplies; business consultation in connection with supply management and product inventory; business consulting, marketing and analysis of prices and costs of electrochemical liquid purification devices for industrial use; computerised file management for administrative and commercial purposes; data input and processing services; department store retail services connected with the sale of beauty products, toiletries, machines for household use, hand tools, optical goods, domestic electrical and electronic equipment; information services concerning the retail sale of raw materials; commercial information services; commercial information agency services; photocopier rental services; promoting the sale of goods and services of others by means of advertisements, promotional competitions, awarding of prizes and bonuses in the form of promotional lotteries, discounts, reduction tokens and value-added offers in connection with the use of payment cards; promoting sporting competitions and events for use by others; promoting concerts and cultural events for others, organization of exhibitions for commercial or advertising purposes; provision of documentation, namely direct mail advertising, distribution of advertising material, distribution of samples, reproduction of documents; advertising concerning the promotion of commercial sales of goods and services for retail sale purposes; provision of information in connection with e-commerce and electronic retail sale; provision of information concerning the purchase of goods and services on line via the Internet and other computer networks; advertising concerning transport, travel, hotels, accommodation, food and meals, sports, entertainment and sightseeing tours provided through tourist agencies; maintenance of data in computerized databases; digital file management comprising a portfolio of images and video sequences intended for use under license in traditional advertising and in the promotion of behaviour [moral advertising]; providing online marketing services for the buyer and seller of goods and services; retail services or wholesale services for tires; retail services or wholesale services for clothing, footwear, headgear; retail services or wholesale services for sports goods; retail services or wholesale services for bicycles and parts and fittings for bicycles; retail or wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; presentation of goods on communication media, for retail purposes; procurement services for others [purchasing goods and services

for other businesses]; retail services or wholesale services for jewellery, horological instruments, fashion accessories, bags, memorabilia.

Class 41

Education; training; entertainment; sporting and cultural activities, televised sporting and cultural entertainment; organization of exhibitions for cultural and educational purposes; organization of lotteries and competitions; betting and gambling services in connection with or relating to sports; entertainment services provided during sporting events or concerning sporting events; organization of sporting and cultural events and activities; organization of real or virtual sporting competitions; providing sports facilities; entertainment in the nature of television news shows; entertainment services in the nature of creation, development and production of television programming; entertainment services in the nature of ongoing reality based television programs; entertainment in the nature of ongoing television programs in the field of sport; rental of audio and video equipment; production of films, other than advertising films; production of sound and video recordings; presentation and distribution of films and of sound and video recordings; rental of films and of sound and video recordings; rental and/or provision via a computer network of interactive education and entertainment products, namely interactive compact discs, CD-ROMs, computer games; entertainment, namely presentation of interactive education and entertainment products, namely interactive compact discs, CD-ROMs, computer games; radio and television coverage [news reporting] of sporting events; production of television and radio programs and of videotapes; production of cartoons; production of animated programs for television; reservation of tickets for sporting events and shows; timing of sports events; organization of beauty contests; interactive entertainment; on-line betting services; provision of games on the Internet; provision of raffle services; services of provision of information concerning entertainment or education, provided on line from a data bank or the Internet; electronic game services provided by means of the Internet; providing on line electronic publications; publication of books, magazines, texts (other than publicity texts) and periodicals; on line publication of electronic books, magazines, texts (other than publicity texts) and periodicals; provision of digital music from the Internet; provision of sporting results; services of provision of information concerning sports and sporting events; rental of recorded sounds and images; audio production services; services of provision of information concerning sporting events provided on line from a computer database or the Internet; editing of television programmes and publishing services; provision of digital music (non-downloadable); offering digital music by means of telecommunications; publication of statistics regarding sporting results and audience ratings for sporting competitions; training in the use and operation of systems for signaling and notification of crossings for the railway and transit industries; conducting of seminars, conferences, symposiums or workshops in the field of medical imaging and diagnosis intended for medical practitioners and employees of pharmaceutical companies; education services, namely conducting of seminars, conferences, symposiums or workshops in the field of life sciences and biotechnology for scientists and researchers; conducting of seminars on problems in connection with industrial water treatment; training services in all the aforesaid fields; training services in the field of management and medicine by means of the use of instructions and demonstrations provided on line, via the Internet, intranets and extranets; education services, namely conducting of practical training workshops, courses and seminars including demonstrations in the field of medicine and management; design, conducting and hosting of courses, seminars and all training activities in the field of information technology; organization and performance of concerts; booking of seats for shows; movie presentations; services of provision of

information in terms of entertainment; film production; show production; theater production services; operation of golf facilities; health club services (fitness training); sports camp services; presentation of live performances; film projection; organization of shows (impresario services); holiday camp services [entertainment]; movie studios; news reporter services; provision of on-line electronic publications, not downloadable; music hall services; education services, namely conducting of courses, seminars, presentations, video presentations; provision of educational material, namely dissemination of material in the field of financial knowledge; education services in the field of tourism; provision of information regarding reservation of tickets for recreational events; services of provision of information regarding entertainment; services of provision of information regarding planned sporting, cultural and recreational activities; tourist ticket reservation services, namely activity and entertainment reservation services; assistance services for tourists concerning reservation of tickets for recreational events; assistance services for tourists concerning planned sporting, cultural and recreational activities; presenting of prizes rewarding the authors of exceptional acts or performances; arranging and conducting ceremonies relating to the presentation of prizes and awards.
