REGISTRATION AS ACCOUNT HOLDER TO E-FILE AND PAY BY GIRO**

This Practice Direction is issued by the Registrar under Rule 78B(1) of the Trade Marks Rules, to specify the procedure for applying to the Registrar to be registered as an account holder.

This Practice Direction will come into effect on 1 January 2006.

Any person who wishes to use eTrademarks to effect a transaction and make payment by GIRO must register with the Intellectual Property Office of Singapore (IPOS) as an Account Holder. Approval is at the sole discretion of IPOS. Upon approval, an eTrademarks account will be created in the name of the person and the person will receive a User ID and Password.

To register, access IPOS address at <http://www.ipos.gov.sg> and [download the eTrademarks Account Holder Registration Form](#).

The person may appoint an Administrator to administer and manage his eTrademarks Account through the eTrademarks "[Maintenance of Authorised Representatives](#)" service.

The responsibilities of the Administrator are as follows:

- appointment of one or more Representatives to access eTrademarks and make payment by GIRO on behalf of the Account Holder;
- updating of the particulars of the Representatives; and
- removal of any Representative's rights to access eTrademarks and make payment by GIRO on behalf of the Account Holder.

These responsibilities are to be conducted through the eTrademarks "Maintenance of Authorised Representatives" service.

Please note that all Authorized Representatives must be CPF account holders with SingPass. The Authorized Representatives are required to sign in using their SingPass to ensure security for GIRO deductions for the online transactions. If the person does not have a GIRO account with IPOS, please complete the [GIRO Application Form](#) and submit it to IPOS.

The completed eTrademarks Account Holder Registration Form and GIRO Application Form should be mailed or couriered to the Intellectual Property Office of Singapore with the address 51 Bras Basah Road #04-01 Plaza By The Park Singapore 189554 and attentioned to Mrs Ang-Ong Bee Lian. Application Published for Opposition Purposes Under The Trade Marks Act (Cap.332, 2005 Ed.)

Registration has been applied for in the respect of the following Trade Marks under the provisions of the Trade Marks Act (Cap. 332, 2005 Ed.)

OPPOSITION

Any person who wishes to oppose the registration of any of the marks published in the class groups which follow may within two months from the date of this journal file a Notice of Opposition on Form TM 11 (fee \$374 and Service Bureau charges).

Formal opposition should not be filed until after reasonable notice has been given to the Applicant for registration so as to afford him an opportunity of withdrawing his application before the expenses of preparing the Notice of Opposition are incurred. Failure to give such notice will be taken into account in considering any application by an Opponent for an Order for Costs if the opposition is uncontested by the Applicant.

Industrial adhesives; chemicals used in industry, unprocessed artificial resins, unprocessed plastics; chemicals used in science; chemicals used in agriculture; tempering and soldering preparations; sulphur, sulphuric acid, sulphuric dioxide, foundry sand, ammonium sulphate, baryta, drilling mud for use in oil well drilling, coating, selenium and its compounds, chrome concentrate, mercury all for industrial, forestry, agricultural and scientific use; coatings and fillers for paper and plastic industry; wood flour for industrial use; fire extinguishing compositions; welding flux, welding chemicals, namely pickling pastes, pickling gels, neutralizing pastes, pre and post welding chemicals; patination agents [chemical]; mineral sands and oil sands for industrial purposes; fertilizers; nanopowders.

Class 02

Industrial primers.

Class 06

Steel balls; plates of metal; magnetic sheet metal linings; linings of metal;

bars of metal; cones of metal; filling segments of metal; liners of metal; lifter bars of metal; shell plates of metal; cover plates of metal; grates of metal; profiles of metal; hooks of metal; fixing devices of metal; seals of metal; pipes of steel; wear resistant linings, coverings, plates and bars of metal; bridges of metal; rails of metal; railway switches; metallic moulds for casting; steel alloys; stainless steels; non-electric cables and wires of common metal; common metal and their alloys; pellets of iron ores, chrome ores and common metals; ferrochrome, stainless steel, copper, zinc, nickel, aluminium and their alloys produced in rods, wires, pipes, tubes, wire bars, slabs, billets, sheets, strips, foils, coin blanks and token blanks, cartridge cups, cartridge and bullet blanks, hollow conductors form; stainless steel and nickel alloy filler metals; spelters and rods of common metals or their alloys for the welding industry; building materials of metal; ores.

Class 07

Grinding mills; wear parts for grinding mills; mill trommels; plates of metal for trommel screens; linings of rubber for grinding mills; screen panels of rubber and polyurethane for grinding mills; linings for grinding mills; bars for grinding mills; plates for grinding mills; filters for grinding mills; cones for grinding mills; filling segments for grinding mills; lifter bars for grinding mills; shell plates for grinding mills; head plates for grinding mills; grate plates for grinding mills; pulp filters for grinding mills; center cones for grinding mills; liners for grinding mills; lifter bars of metal for grinding mills; grates for grinding mills; pulp lifters; impeller arms for grinding mills; base liners for grinding mills; wall liners for grinding mills; door liners for grinding mills; baffles for grinding mills; corner liners for grinding mills; hold down bars for grinding mills; retaining screens for grinding mills; retaining screens (parts of machines); screening panels (parts of machines); screening media (parts of machines); side liners for screening and conveying machines; protective elements for screening and conveying machines; dust removing installations for cleaning purposes; wear linings for machines; blades for machines; belt cleaners for machines; belt guides for machines; seals for machines; service and inspection windows for machines; impact bars for machines; glide bars for machines; loading cradles for machines; roller guards for machines; pulley guards for machines; protection sleeves for machines; pulleys for machines; roller protectors for machines; belt turners for machines; glide blocks for machines; conveyor idlers for machines; conveyor belts for machines; sealing components for machines; hoses and pipes for machines; pipes for machines; valves for machines; grinding rolls; crushing machines; sizing machines; wear resistant linings, coverings, plates and bars for machines; flotation machines; separating machines; filtering machines; dewatering machines; sedimentation machines; pressing machines; feeding machines; railcar and barge pulling machines; bin discharging machines; unloading machines; cranes; lifting equipment; pelletizing and sintering machines; railcar dumpers and positioners (machines); reclaimers (machines); rotary breakers (machines); unloading and loading machines; ship trimmers and throwers (machines); stacker reclaimers (machines); screening machines; conveying machines; pelletizing machines; calcining machines; machines for grinding, crushing, shredding, shearing, pressing and cutting; cutting tables for machines; pneumatic and hydraulic valve actuators and positioners; pressure valves (parts of machines); segment valves (parts of machines); globe valves (parts of machines); screw liners for grinding mills; pumps; valves and their parts (parts of machines); valve seats (part of machines); butterfly valves (parts of machines); emergency shutdown valves (parts of machines); tank car valves (parts of machines); control valves (parts of machines); regulating valves (parts of machines); ball valves (parts of machines); plug valves (parts of machines); cartridges for filtering machines; feeders [parts of machines]; filters [parts of machines or engines]; heat exchangers [parts of machines]; pumps [parts of

machines, engines or motors]; valves [parts of machines]; water heaters [parts of machines]; boiler tubes [parts of machines]; drain cocks; grindstones [parts of machines]; millstones; pump diaphragms; tools [parts of machines]; casting machines for molten metal, upward continuous casting machines, casting wheels and take-off/bosh tank machines for anodes; rolling machines for metal tubes, pipes, rods, wires, wirebars, slabs, billets, sheets, strips and foils; machines for the preparation of starting sheets and anodes and unloading of anodes and cathodes, stacking machines for slabs and ingots, stripping machines for cathodes or starting sheets, venturi scrubbers, mixer-settler cells; machines for material treatment and forming; machines for smelting concentrates, metals and materials; machines for flash smelting and converting of concentrates, flotation and dispersion machines for mineral processing, machines for preconcentration of ore; machines for physical separation of ore and minerals; machines for green anode plants and rodding shops; machines and mills for grinding and comminuting materials; machines for processing oil and mineral sands; thickeners [machines] and clarifiers [machines] for mineral, chemical and waste water industries; machines for briquetting, pelletizing and sintering of materials; machines for direct smelting of iron ore; machines for producing sulphuric acid; machines for cleaning waste water; machines for cleaning gases; machines for calcining and leaching ores and concentrates and other materials; machines for ion exchange and solvent extraction of materials; machines for treating, transferring and conveying of molten slag and molten metal; machines for fire refining of ores and concentrates; machines for drying materials; blades [machine parts]; welding electrodes.

Class 08

Hand-operated hand tools.

Class 09

Data processing equipment; computer software; cameras; computer software for pumps; electronic valves; electronic controls; testing apparatus for industrial use; measurement apparatus; computer software for measurement apparatus; electronic monitoring apparatus; computer software for monitoring apparatus; electronic monitoring apparatus for crushing machines; computer software for crushing machines; computer software, data processing equipment and computers for crushing process simulation; crushing apparatus for laboratory use; scales; power units; electronic analyzers for industrial use; electronic and optical measurement apparatus; computer software for analyzing industrial processes; electronic tags; computer software for controlling industrial processes; computer software, data processing equipment and computer hardware for industrial testing and simulation; computer software, data processing equipment and computer hardware for recycling; computer software, data processing equipment and computer hardware for controlling industrial processes; electronic and optical sensors and detectors; computer software for measuring, controlling and detecting industrial processes; cameras for industrial use; electronic sensors, signal processors, switches and position transmitters for valves; safety solenoids; radio-frequency identification devices; radio-frequency transmitters and receivers; flotation apparatus for laboratory use; control valves for regulating the flow of gasses and liquids [solenoid valves]; solenoid valves; electronic, electro-pneumatic and electro-hydraulic valve actuators and positioners; electronic valve controllers; computer software for artificial intelligence; augmented reality software; virtual reality software; downloadable publications; training manuals in electronic format; 3D computer graphics software; digital maps; downloadable image files in the form of digital drawings; computer software for creating maps; predictive maintenance software; cloud computer software; optimization software; project management software;

simulation software; optical, weighing, measuring, signaling, checking (supervision) apparatuses and instruments for mining and mineral technology, metallurgy and non-organic chemical industry; testing and analyzing equipment, namely X-ray and gamma ray apparatus for industrial use, neutron-activated and electrochemical element analyzers; sensors and instruments for detecting and sensing metals and other materials; minicomputers and microprocessors for digital device for process control and management in mining and mineral technology, metallurgy and non-organic chemical industry; superconductor cables, silicon wafers; copper anodes and cathodes; electric bus bar components, conduits, cables, wires, coaxial cables, conductors, profiles, commutator rods and connectors made of copper or copper alloys or tin alloys or nickel alloys.

Class 11

Ash conveying installations; apparatus for filtering dust; cooling apparatus; drying apparatus; heating apparatus; hydrating apparatus; incineration apparatus; preheating and heating apparatus; rotary kilns; grates for heat treatment; burners; apparatus for lighting, steam generating, cooking, refrigerating, ventilating, water supply and sanitary purposes; boiler pipes [tubes] for heating installations; coils [parts of distilling, heating or cooling installations]; feeding apparatus for heating boilers; filters [parts of household or industrial installations]; filters for drinking water; gas condensers, other than parts of machines; gas scrubbing apparatus; level controlling valves in tanks; oil-scrubbing apparatus; purification installations for sewage; refining towers for distillation; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for gas apparatus; scrubbers [parts of gas installations]; fluid bed combustion boilers and burners; submerged combustion evaporation units; fluid bed units [heating apparatus] for reduction, calcining and roasting of ores and residues for aggregates, mineral, mining, metals refining and recycling machinery; parts and fittings of refrigeration, air-conditioning and heating systems; waste heat boilers; apparatus for cooling, smelting and melting furnaces; apparatus for cooling electric devices; apparatus and installations for water purification; electrostatic precipitators.

Class 14

Precious metals and their alloys; rods, wires, tubes, bars, billets, ingots, wirebars, slabs and sheets of precious metals; gold, silver, platinum, palladium and other precious metals and their alloys for raw and/or semiprocessed goods.

Class 17

Sheetings of rubber; sheetings of polyurethane; linings of rubber and polymer; filtering materials of rubber; bars of rubber; plates of rubber; cones of rubber; screen panels of rubber and polyurethane; lifter bars of rubber; shell plates of rubber; head plates of rubber; grate plates of rubber; filtering materials of rubber pulp; center cones of rubber; filling segments of rubber; liners of rubber; impeller arms of rubber; base liners of rubber; wall liners of rubber; door liners of rubber; baffles of rubber; corner liners of rubber; hold down bars of rubber; wear linings of rubber; wear linings of polyurethane; sleeves of polyurethane; seals of rubber; hoses and pipes of rubber; filtering materials made of glass reinforced polymers [semi-worked or semi-finished]; linings of polyurethane; dust seals; wear resistant linings, coverings, plates and bars of rubber; all the aforesaid goods being semi-finished products.

Class 24

Filtering materials of textile or textile fabric.

Class 35

Computerized database management; collecting information for business; business management consultancy; assistance, advisory services and consultancy relating to business management; strategic business planning; business consultancy and advisory services; business management; business process management consultancy; business planning consultancy; business analysis consultancy; business process re-engineering services; business project management; business planning; analysis of business data; collection of data; compilation and systemization of information into computer databases; computerized data management; database management; data processing services; provision of business data; retail sales and wholesale services for the mining, enrichment and metallurgical industry, process industry, metal forming technology, materials technology, energy technology and methods of environmental protection, machinery, apparatus, installations, spare parts and production plants.

Class 37

Installation, maintenance and repair services of crushing, screening, conveying, feeding, grinding, separation, bulk materials handling, and metal and waste recycling machines; installation, maintenance and repair services of valves, actuators, positioners, valve controllers, valve controls, limit switches, and solenoids; installation, maintenance and repair services of data processing equipment, computer hardware and electronic apparatus; supervision (building construction -); burner maintenance and repair; boiler cleaning and repair; machinery installation, maintenance and repair; construction information; maintenance, installation and repair services relating to industrial plants and property; advisory and consultancy services relating to maintenance, installation and repair of industrial plants and property; construction of mines, concentrators and plants for metallurgy, energy producing, environmental protection and non-organic chemical industry; installation, maintenance and repair of machines, apparatus and appliances used in mining and mineral technology, metallurgy, metal technology, municipal engineering and energy production, metal working, material technique and forming, environmental protection, water purification and non-organic chemical industry.

Class 38

Operation of radio-frequency communications systems; radio-frequency communications services; providing access to and leasing time to computer databases; provision of access to data on communication networks; provision of access to data or documents stored electronically in central files for remote consultation.

Class 40

Treatment of materials in mining, aggregates, recycling, oil, gas, pulp, paper and process industries; minerals processing; waste recycling; metal recycling; material treatment information; water treating; production of energy; treatment consulting services in the field of metallurgy, metal and mineral working; consulting services in the field of energy production; rental of mineral processing machines; custom manufacturing of machines, apparatus and appliances used in mining and mineral technology, metallurgy, metal technology, municipal engineering and energy production, metal working, material technique and forming,

environmental protection, water purification and non organic chemical industry.

Class 42

Technical inspection services; evaluation of performance of industrial processes; industrial testing; industrial testing; quality control testing services for machines; monitoring industrial processes; engineering services; industrial analysis and research services; engineering research; engineering surveying; engineering testing; technical testing; engineering design services; drafting of engineering plans and engineering drawings for others; engineering consultancy; technological consultancy; technological consultancy; preparation of engineering reports; software engineering services; civil engineering planning services; computer programming; computer analysis; computer system analysis; computer project management in the field of electronic data processing; engineering project management services using computer; computer security threat analysis for protecting data; technical support services relating to computer systems; computer design and development services for the analysis of data; computerized data storage; online data storage; provision of technical surveys; technical data analysis; testing of electronic data processing systems; water analysis; conducting technical project studies; technical design; environmental research, testing, surveying, assessment, analysis and consultancy services; computer system monitoring services; machine condition monitoring; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access; monitoring of network systems; process monitoring for quality assurance; services for monitoring industrial processes; monitoring of network systems, servers and web and database applications; technical monitoring and inspection; advanced product research in the field of artificial intelligence; development and testing of computing methods, algorithms and software; services for assessing the efficiency of industrial processes; design and development of virtual reality software; development of services relating to virtual reality software; design and development of augmented reality software; development of services relating to augmented reality; technical planning services by using computer software; technical planning services; advisory services in the field of improvement [quality control] of industrial and technical efficiency; quality control, quality audit, quality assessment, quality testing, quality accreditation and quality assurance consultancy services; computer aided diagnostic testing services; technical diagnostic testing services relating to industrial processes, mineral processing, water treatment, energy production, energy distribution and power production; technological consulting services in the field of mining and mineral technology, metal technology, municipal engineering, material technique and forming, environmental protection, water purification and non-organic chemical industry; design of mines, concentrators and plants for metallurgy, energy producing, environmental protection and non-organic chemical industry; remote computer backup services; remote server administration.
