GENERAL INFORMATION

TRADE MARKS ACT 1976

(Act 175)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADE MARKS

Pursuant to section 27 of the Trade Marks Act 1976, the following applications for registration of trade marks have been accepted and hereby published in Intellectual Property Official Journal according to subregulation 120 (3) of the Trademarks Regulation 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Notice of opposition to an application for registration of a trademark may be filed unless extended at the discretion of the Registrar, within two months from the date of publication accompanied by prescribed fee.

GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

Application intelligent operation platform (intelligent operation platform application); computer software and hardware for processing electronic payments and for transferring and recording funds transfers to and from others via electronic communication devices including smartphones, tablets and laptops; downloadable computer application software to process, facilitate, verify, and authenticate mobile payments and transactions without direct contact with retailers, traders, and sellers using a mobile communication device; downloadable computer software for use in electronically trading, storing, sending, receiving, accepting, and transmitting digital currency, and managing digital currency payment and exchange transactions; downloadable e-wallets; smartphone software applications, downloadable; software providing a digital wallet; website and application-based platform that allows users to make financial transactions; computer application to authorize electronic payments as well as electronic financial transactions; computer hardware, computer peripherals and software to facilitate electronic payment, electronic cash transactions, electronic funds transfer and electronic money transfer services by electronic and wireless means; computer software and software applications used in relation to financial services, financial transactions, electronic commerce, electronic payments, foreign currency exchange, trading and brokerage services and investment advisory services; computer software application for mobile devices, personal computers, consoles and tablets, namely, software used for depositing and withdrawing funds from bank accounts, credit card accounts, debit card accounts, transferring funds, making transactions, and viewing bank account information; computer software for facilitating payment transactions by electronic means and recording financial operations; computer software for providing banking, financial and bill payment alerts; computer software for use in connection with mobile payments; computer software for use in transactions with retailers, merchants, vendors, and peer-to-peer via mobile devices, computer devices, and physical cards used to process mobile payments; digital platforms; downloadable software for capturing, managing, and storing credit card and debit card information; downloadable software for enabling processing of electronic funds transfers and payments made via ACH, credit card, debit card, prepaid cards, wireless wallets, mobile wallets, electronic wallets, electronic check and electronic, mobile and online payments; downloadable software for enabling the electronic transfer of money between users; downloadable software for processing, facilitating, verifying, and authenticating mobile payments and contactless transactions with retailers, merchants, and vendors using a mobile device; downloadable software, namely, electronic financial platform that accommodates multiple types of payment and debt transactions; downloadable software, namely, electronic financial platform that accommodates multiple types of payment and debt transactions; electronic payment and point of transaction terminals; electronic payment applications (digital money) that can be used to facilitate purchases/payments; mobile applications for banking, finance, lending and payments; mobile wallet information, and transaction and payment information; software and hardware for use as a digital token wallet; software and hardware for use as a utility token wallet; software and hardware for use as a virtual currency wallet; software applications [apps] for Internet of Things [IoT] enabled devices; software for digital currency payment and exchange transactions; software for electronic funds transfer; software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties; software for facilitating secure payment transactions by electronic means; software for managing payment and exchange transactions; software for payment transactions; software for processing electronic payments and for transferring funds to and from others; software for processing electronic payments to and from others; software for use in an electronic financial platform; software for use in enabling the electronic transfer of funds to and from others; software, namely, electronic financial platform that accommodates multiple types of payment and transactions in an integrated mobile phone, PDA, and web-based environment; terminals for electronically processing credit card payments.

CLASS 36

Electronic payment services, namely, enabling electronic processing and transmission of electronic funds transfer and payments via ACH, credit card, debit card, prepaid cards, wireless wallets, mobile wallets, electronic wallets, electronic check and electronic, mobile and online payments; financial electronic transaction services via global communications networks; financial services for enabling transfer of funds and purchase of products and services offered by others, all provided via global communications networks; financial services provided using electronic user authentication for electronic and wireless funds transfer, credit and debit card and electronic check transactions all via global communication networks; financial services provided using electronic user authentication for electronic and wireless funds transfer, credit and debit card and electronic check transactions all via global communication networks; information, advisory and consultancy services relating to financial services via global communications networks, monetary services via global communications networks, financial electronic transaction services via global communications networks, clearing and reconciling financial transactions electronically via global communications networks, payment administration services via global communications networks, electronic foreign exchange services, financial intermediary services, providing services for making payment on prepaid cards via global communications networks, providing services for making payment on prepaid cards over shop counters, financial services for enabling transfer of funds and purchase of products and services offered by others, all provided via global communications networks, financial services provided using electronic user authentication via global communications networks, financial services provided using electronic user authentication for electronic and wireless funds transfer, credit and debit card and electronic check transactions all via global communication networks, electronic transfer of funds via global communications networks, financial services, financial risk management, financial planning, financial management, financial investment services, financial data analysis, financial consultancy, financial asset management, financial advisory services relating to taxation, providing financial information, financial transaction services, financial strategy consultancy services, financial services relating to the provision and structuring of capital, financial services relating to wealth management, wealth management, arranging of mortgages and loans, credit and loan services, financial consultancy relating to loans, financing and loan services, instalment loans, loans [financing], loans against securities, mortgage loans, personal loan services, provision of commercial loans, provision of consumer loans, provision of industrial loans, providing loan and credit facilities, revolving loans, syndicated loans, insurance, insurance advice, insurance brokerage, insurance consultancy, insurance management services, reinsurance services, banking, electronic banking services, electronic banking via a global computer network [Internet banking], investment banking, merchant banking, on-line banking, personal banking services, private banking, telephone banking, banking services relating to the deposit of money, bank account services, processing payments for the purchase of goods and services via an electronic communications network, electronic payment services, payment processing services, electronic wallet services (payment services), facilitating electronic payment via software, electronic money services, bill payment services, raising of capital for business acquisitions and mergers; integrated services of mobile electronic wallet and mobile payment; integrated services of mobile electronic wallet and mobile payment; mobile and Internet payment services; payment via online electronic money; providing services for making payment on prepaid cards via global communications networks; accepting, processing, authenticating, managing and reconciling electronic payments and electronic payment transactions; bill payment services, electronic credit and debit transactions, electronic funds transfer, cash disbursement, cash replacement rendered by credit card and debit cards, electronic cash transactions, payment processing services, transaction authentication and verification services; credit and debit cards transactions and electronic check via a global communication network; credit and debit cards transactions and electronic check via a global communication network; credit card, charge card, cash card, cheque guarantee card, payment card and debit card services; credit card, debit card and electronic check transaction processing services; digital currency wallet payment services; electronic credit card transactions; electronic funds and currency transfer services; electronic funds transfer and payment services; electronic funds transfer and payment services; electronic payment processing services; electronic payment services; electronic payment transactions by scanning QR codes or barcodes; electronic processing and transmission of bill payment data for users of the Internet and communication networks; electronic processing of credit card, debit card, electronic funds transfer, ACH, electronic check, and electronic payments; electronic processing of payments; electronic transfer of money; electronic wallet services; financial services in the nature of billing and payment processing services; financial services, namely, issuance of electronic credit card, debit card, gift card, and pre-paid purchase cards electronically via the Internet, mobile phone, and smart phone; financial services, namely, providing, processing, verifying and authenticating mobile payments and contactless transactions with retailers, merchants, and vendors via mobile devices; financial, investment and insurance services; foreign currency transfer services; monetary exchange and currency transfer services; monetary exchange services, cash dispensing services, issuance of prepaid cards and token of value, money transfer services; monetary transfer services; online payment services; payment processing services; payment processing services, namely, credit card, gift card, debit card and pre-paid purchase card transaction processing services;

payment processing services, namely, credit card, gift card, debit card and pre-paid purchase card transaction processing services; processing electronic payments through electronic wallet services; processing of credit card payments; processing of debit card payments; processing of electronic credit card transactions; processing of payment transactions via the Internet; providing electronic mobile payment services for others; providing electronic mobile payment services for others; providing electronic processing of credit and debit card transactions and electronic payments via a global computer network; providing electronic processing of credit and debit card transactions and electronic payments via a global computer network.

CLASS 38

Information, advisory and consultancy services relating to services for communication by electronic means, services for communication by wireless means, Internet communication services, telecommunication services via computer network in relation to the communication of information between data banks, electronic bulletin board services [telecommunications services], electronic mail services, providing telecommunications connections to a global computer network, information about telecommunication, telecommunications consultancy, computer aided transmission of messages and images, transmission of digital files, providing Internet chatrooms, providing online forums, streaming of data, streaming of digital media content on the Internet, teleconferencing services, wireless broadcasting, transmission of news, providing access to databases, providing user access to global computer networks, rental of access time to global computer networks, providing on-line communications links which transfer the web site user to other local and global web pages, providing telecommunication channels for teleshopping services, telecommunication services relating to commerce, telecommunication services relating to electronic payments, telecommunication services relating to wireless payments, providing online entertainment forums, communication services between data banks; providing access to applications; providing access to financial services and financial information via remote computer and global computer network; telecommunication services, namely, transmission of information, data, documents, images and software applications via the Internet; telecommunication services, namely, transmission of information, data, documents, images and software applications via the Internet; automatic transfer of digital data using telecommunications channels; digital data transfer; electronic communication services namely the forwarding or dissemination of text, electronic documents, data, databases, graphic and audiovisual information; electronic transfer of data; Internet portal services; providing online access to electronic trading platforms, electronic marketplaces and electronic financial and crossing exchanges; providing user access to platforms on the Internet; providing user access to portals on the Internet; sending and receiving of electronic messages; sending of electronic messages; telecommunication services providing access to information on financial products, financial information, services and transactions; telecommunications services provided via Internet platforms and portals; telecommunications services provided via platforms and portals on the Internet and other media; telecommunications services provided via platforms and portals on the Internet and other media; transfer of data via on-line services; transfer of digital data via telecommunication; transfer of information and data via computer networks and the Internet; transfer of information and data via on-line services; transfer of information and data via on-line services and the Internet; transfer of information and data via on-line services and the Internet; transfer of information via on-line services; transmission of data and/or information relating to electronic financial transactions; transmission of data and/or information relating to electronic financial transactions; transmission of information by data communications for assisting decision making; transmission of sound, images and data via the Internet; wireless transfer of data via the Internet; wireless transfer of data via the Internet.

CLASS 42

Hosting a web portal and/or digital platform for commercial purposes; application service provider (ASP) featuring e-commerce software for use as a payment gateway that authorizes processing of credit cards or direct payments for merchants; biometric user identity verification and authentication software as a service for use in connection with payment systems; electronic data storage services for transmitting, displaying, storing and retrieving transaction, identification and financial information; Internet platform hosting services for commercial transactions carried out electronically via the Internet (e-commerce); provision of consultancy, advisory services and information relating to design and development of computer hardware, computer software, telecommunication equipment, mobile phones, smart phones, tablet computers, laptop computers and handheld devices and accessories, wired and wireless communication devices, and digital electronic devices, computer security, computer design and development services, computer design services relating to financial and investment analysis system, computer design services relating to interconnection of computer hardware and software, computer software consultancy, application software design, computer programming, computer systems analysis, computer system design, information technology, computer database development, conversion of data or documents from physical to electronic media, data conversion of computer programs and data [not physical conversion], computer services, namely, creating computer network-based indexes of information, websites and resources, computer programming services

relating to compiling and processing of computerized data, creating and maintaining web sites; hosting web sites, server hosting, rental and leasing of computer software, computer data processing systems, computer peripherals, computer hardware, computer systems and electronic data processing installation programmes, unlocking of mobile phones, smart phones, computers, and digital electronic devices, providing non-downloadable software using artificial intelligence and/or machine learning enabling users to obtain, search, purchase, select, manage, analyse, evaluate information relating to warranty, investment, insurance and/or reinsurance services, providing non-downloadable software for investment, financial transaction processing and management, designing, creating and hosting an online platform for processing electronic payment, financial transaction, financial management and administration via global communications network, computer services being hosting of an interactive website featuring technology that allows users to enter, access, search, exchange, and synthesize information and generate reports for use in selection and management of insurance, reinsurance, warranty and/or investment plan, application service provider (ASP) services featuring hosting computer software applications of others, application service provider (ASP) services featuring software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, graphics, images, audio, video, and multimedia content, and electronic publications, providing online non-downloadable software; providing search engines for obtaining data via the Internet and other electronic communications networks; computer services, namely, creating global computer network-based indexes of information, websites and resources for others, application service provider (ASP) featuring software for use in database management, platform as a service (PAAS) featuring computer software platforms for use in database management, software as a service (SAAS) services featuring software for use in database management, research and development of new products for others; application service provider (ASP) featuring software providing a digital wallet; computer services, namely, hosting a decentralized electronic object storage platform for end-to-end encrypted and powered by blockchain and blockchain payments; custom design and development of wireless point of service devices, smart card readers, secure credit and debit card transaction reading devices, near field communication technology-enabled payment devices and terminals, wireless enabled payment devices and terminals; providing temporary use of non-downloadable e-commerce software to allow users to perform electronic business transactions via the Internet; hosting e-commerce platforms on the Internet; platform as a service (PaaS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; programming of software for e-commerce platforms; providing temporary use of non-downloadable electronic financial platform software; providing temporary use of non-downloadable software enabling users to develop, build and run distributed applications through an open-source peer-to-peer smart-contract and payment network platform; providing temporary use of non-downloadable software for digital currency payment and exchange transactions; providing temporary use of non-downloadable software for electronic funds transfer; providing temporary use of non-downloadable software for electronic funds transfer and currency conversion; providing temporary use of non-downloadable software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties; providing temporary use of non-downloadable software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties; providing temporary use of non-downloadable software for managing payment and exchange transactions; providing temporary use of non-downloadable software for payment transactions; providing temporary use of non-downloadable software for processing electronic payments; providing temporary use of non-downloadable software for processing electronic payments and for transferring funds to and from others; providing temporary use of non-downloadable software for use in collecting, transferring, receiving, tracking, storing and transferring peer-to-peer currency; providing temporary use of non-downloadable software for use in financial exchange; providing temporary use of non-downloadable software for use in trading, clearing, transmitting, receiving, storing, confirmation, and financial trading risk management for exchange market transactions in the fields of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for use with digital currency wallet and storage services; providing temporary use of non-downloadable software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens or utility tokens that allow users to buy from, and sell products and services to others; providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; providing user authentication services of electronic funds transfer, credit and debit card and electronic check transactions using single sign-on and software technology; providing user authentication services using biometric, facial recognition, finger print authentication, voice recognition and other types of hardware and software authentication technology for provision of financial services, e-commerce transactions, donations, licensed product tracking and fan engagement; software as a service (SAAS) services featuring software for banking, finance, lending and payments.
