GENERAL INFORMATION

TRADE MARKS ACT 1976

(Act 175)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADE MARKS

Pursuant to section 27 of the Trade Marks Act 1976, the following applications for registration of trade marks have been accepted and hereby published in Intellectual Property Official Journal according to subregulation 120 (3) of the Trademarks Regulation 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Notice of opposition to an application for registration of a trademark may be filed unless extended at the discretion of the Registrar, within two months from the date of publication accompanied by prescribed fee.

10 Disember 2018

Registration of this trade mark shall give no right to the exclusive use of the device of 'globe'.

Computer software consulting included in class 42.

LKPP CORPORATION SDN.BHD. ; No.45/4, Jalan Teluk Sisek, Kuantan 25000 PAHANG, MALAYSIA

AGENT : Ooi Yeong Boon, EXY IP PLT, Lot 2928 & 2929, Jalan PJS 3/1, Bandar Petaling Jaya Selatan, Petaling Jaya 46000 Selangor

CLASS : 42

TM2019014800 23 April 2019

The trade mark is limited to the colours as shown in the representation on the form of application.

Registration of this trade mark shall give no right to the exclusive use of the word 'technologies'

Basic and applied research in the field of sciences, engineering, computer programming, information technology, radio frequency identification devices and telecommunications; research & development of new products for others in the field of computer services; computer software products services; computer system integration; and computer consultant services; research & development of firmware and hardware inclusive of mobile computing, mobile access, and radio frequency identification devices for others; research & development of new products for others in the field of telecommunications and information technology, digital telecommunications system; industrial and mechanical design and development services of new products for others; all included in class 42.

SMT TECHNOLOGIES SDN BHD ; Plot 101, 102 & 102A, Bakar Arang Industrial Estate, Sungai Petani 08000 KEDAH, MALAYSIA

CLASS : 42

TM2019019659 31 Mei 2019

Advanced product research in the field of artificial intelligence; application service provider featuring application programming interface (api) software; application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, of others in the fields of advertising and marketing; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing resources for cloud, mobile or network resources based on assigned credentials; computer services, namely, interactive hosting services which allow the users to publish and share their own content and images on-line; computer programming and software design; computer services, namely, digital formatting and compression of music and video images into downloadable media; consulting in the field of acoustics, sound, noise, and vibration for scientific purposes; consulting services in the field of software as a service (saas); design for others of integrated circuits and integrated circuit cores for use in wireless communications and wireless communication equipment and apparatus and digital signal processors (dsp); all included in class 42.

GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

CLASS 1

Unprocessed synthetic resins for use in the manufacture of plastic molding compounds; unprocessed synthetic resins for use in the manufacture of molding compounds; synthetic polymer modified resin compound; artificial resins, unprocessed; synthetic resins, unprocessed; plastics, unprocessed; artificial and synthetic resins as raw materials; plastics in the form of powders, liquids or pastes as raw materials; plastics in the form of powders, liquids or pastes, for industrial use; synthetic resins in the form of powders, liquids or pastes for industrial use; chemicals, resins and plastic materials; synthetic resins used in industry and chemical products; chemical compounds in the form of extra fine plastic particles for use in manufacture; fine plastic particles; chemicals; glue and adhesives (not for stationery or household purposes); plant growth regulating preparations; manures; fertilisers; chemical test paper; unprocessed plastics in all forms; liquid photoresists containing photographic sensitizer, solvent and resin; artificial sweetening agent; flour and starch for industrial purposes; pulp; artificial graphite for industrial purposes; artificial graphite for secondary cell batteries; graphite in raw or semi-finished form for use in manufacture; natural graphite for industrial purposes; overcoating liquid, powder and film in the nature of a protective coating agent for graphite products; carbon for industrial purposes; carbon black for industrial purposes; carbon composite materials consisting of a fibrous reinforcing structure made of carbon fibers and densified by a carbon matrix, for use in manufacturing; carbon nano particles, namely, carbon nano particles that photoluminescence; powdered carbon for secondary cell batteries; unprocessed composite carbon epoxy resins; carbon nano tubes, namely, tubular carbon molecules used in extremely small scale electronic and mechanical applications; graphite for industrial purposes in powder form; nonferrous metals; non-metallic minerals; ceramic glazings; oil cement [putty]; higher fatty acids; chemical compositions for developing photographs; raw resin with additives; assay kit for the determination of zymogens and proteases in body fluids and cell-culture supernatants for research use only; reagents for scientific or medical research use; chemical preparations and reagents in kit form for scientific purposes; chemical preparations and reagents in kit form, other than for medical or veterinary purposes; reagents for use in genetic research, other than for medical or veterinary purposes; chemicals used in industry; chemical preparations for use in the manufacture of pharmaceuticals; diagnostic reagents and preparations, except for medical or veterinary use; diagnostic reagents for scientific or research use; chemical preparations for use in the manufacture of diagnostic reagents for scientific or research use; chemicals for use in the pharmaceutical industry; chemical preparations for use as a raw material in the manufacture of pharmaceuticals; chemical preparations for use as a raw material in the manufacture of diagnostic reagents for scientific or research use; chemical preparations for use as an ingredient in pharmaceuticals; chemical preparations for use as an ingredient in diagnostic reagents for scientific or research use; chemical preparations for analyses in laboratories, other than for medical or veterinary purposes; biological preparation for use in cell cultures other than for medical or veterinary use; chemical compositions for use in developing photographs; unprocessed plastics in all forms; plastics [raw materials]; Uniform resin particles; Uniform resin particles for gap control; Hard plastic material uniformed resin particles for gap control; GAP control adhesive containing uniform particles; Polymer core solder ball; plastic conductive particle; Silicone type particles; Anisotropic Conductive Paste; urethane stock solution.

CLASS 5

Pharmaceutical, veterinary and sanitary preparations; oiled paper for medical purposes; cachets for pharmaceutical purposes; gauze for dressings; empty capsules for pharmaceuticals; ear bandages;

eyepatches for medical purposes; menstruation bandages; menstruation tampons; sanitary napkins; sanitary panties; absorbent cotton; adhesive plasters; bandages for dressings; collodion for pharmaceutical purposes; bracelets for medical purposes; sanitary masks; wrapping wafers for dose of medicine; liquid dressings; breast-nursing pads; dental materials; diapers; diaper covers; fly catching paper; mothproofing paper; lacteal flour for babies; dietary supplements for humans; dietetic beverages adapted for medical purposes; dietetic food adapted for medical purposes; beverages for babies; food for babies; dietary supplements for animals; semen for artificial insemination; incontinence diapers; cotton swabs for medical use; pharmaceutical preparations and substances; diagnostic reagents; diagnostic preparations; diagnostic preparations and reagents for medical, clinical or veterinary purposes; reagents for medical use; medicines for human purposes; chemical preparations and reagents for medical or veterinary purposes.

CLASS 9

Scientific, nautical, surveying, electric, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; automatic and mechanisms for money-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire extinguishing apparatus; tape measures; devices for recording, transfer and reproduction of sound and images; magnetic recording carriers; measuring or testing machines, parts and fittings of the aforesaid goods; electronic sensors and electronic diagnostic machines, not for medical purposes; measuring or testing machines, instruments and kit; solenoid valves [electromagnetic switches]; Electronic machines, apparatus and their parts; Computers; Computer peripherals; Thermistors; Diodes; Transistors; Light emitting diodes (LEDs); Electronic circuits; Integrated circuits; Chips [integrated circuits]; printed circuit boards; Printed wiring boards; Cabinets adapted to hold electronic apparatus; heat insulation sheet for electronic apparatus; heat radiation sheet for electronic apparatus; conductive paste for electronic apparatus; Laboratory apparatus and instruments; photographic apparatus and instruments; cinematographic apparatus and instruments; Optical machines and apparatus; Measuring or testing machines and instruments; Electric or magnetic meters and testers; telecommunication devices and apparatus; Electrical sensors; Electronic sensors; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; fire-extinguishing apparatus; Computer keyboards; computer peripheral devices; interfaces [for computers]; steering apparatus, automatic, for vehicles; automatic valves; piezoelectric sensors; ear plugs; glass, processed, not for buildings; ozonisers (ozonators); electrolyzers (electrolytic cells); egg-candlers; blueprint apparatus; cash registers; coin counting or sorting machines; work record machines; photo-copying machines; drawing or drafting apparatus and instruments adapted for use with computers; time and date stamping machines; time clocks (time recording devices); punched card office machines; voting machines; postage stamp checking apparatus; coin-operated gates for car parking facilities; life saving apparatus and equipment; fire extinguishers; fireplugs; fire hose nozzles; sprinkler systems for fire protection; fire alarms; gas alarms; anti-theft warning apparatus; protective helmets; railway signal apparatus, luminous or mechanical; vehicle breakdown warning triangles; road signs, luminous or mechanical; divers' apparatus, not for sports; vehicle drive training simulators; sports training simulators; laboratory apparatus and instruments; photographic apparatus and instruments; cinematographic machines and apparatus; optical machines and apparatus; Measuring or testing machines and instruments; power distribution or control machines and apparatus; rotary converters; phase modifiers; electrical cells and batteries; electric or magnetic meters and testers; electric wires and cables; electric buzzers; telecommunication devices and apparatus; Electronic components; electronic connectors; electronic circuit boards; electronic circuit cards; electronic chips; electronic coils; electronic transistors; electronic transformers; electronic relays; electronic power supplies; electronic load modules; testing devices for electronic parts; test equipment for electronic apparatus; magnetic cores; resistance wires; electrodes; fire boats; fire engines; gloves for protection against accidents; dust masks; gas masks; welding masks; fireproof garments; spectacles (eyeglasses and goggles); electronic circuits and CD-ROMs recorded with programs for hand-held game toys with liquid crystal displays; weight belts (for scuba diving); floating bags; protective helmets for sports; air tanks (for scuba diving); swimming flutter boards; regulators (for scuba diving); phonograph records; metronomes; electronic circuits and CD-ROMs recorded with automatic performance programs for electronic musical instruments; downloadable music files; exposed cinematographic films; exposed slide films; slide film mounts; downloadable image files; recorded video discs and video tapes; electronic publications; Telecommunication devices, namely, mobile phones, personal digital assistants; audio equipment, namely CD players, MD players, in-car CD players, audio components, namely radio cassette recorders, digital video cameras, digital cameras and digital televisions; wireless and wire communication apparatus, namely, telephones, personal digital assistants, transceivers, keyless entry system; audiovisual apparatus, namely, video cassette recorders, DVD players; television sets, digital cameras, digital video cameras, projectors; office automation equipment, namely, facsimiles, copy machines, calculators, printers; electronic switches for time setting and volume setting; electronic controls for heavy machinery; control parts for personal digital assistants, namely electronic organizer; pressure sensitive electronic sensors;

system keyboards for mobile phones, personal computers, remote controls, and personal digital assistants; conductive and non-conductive rubber switches, namely panel switches and contact rubber switches, for office automation equipment, namely telephones, calculators, electronic household appliances, word processors, personal computers, audio players, personal digital assistants and all other electronic appliances which require keyboard input units; electronic components, namely, rubber rollers and laser beam printer blades for fax machines, printers and compact disc players; electronic components, namely rubber dampers and hybrid dampers for controlling and preventing vibration of optical discs, namely DVD, MD, and CD; elastomeric connectors made of conductive and non-conductive rubber, namely, micro-stripe connectors, used to connect liquid crystal displays to printed circuit boards for use in telecommunication equipment and multimedia-related products, namely calculators, digital watches, clocks, word processors, office automation equipment, microphones for telephones, speakers and other kinds of electronic equipment; dampers for use in electronic products, namely oil dampers, air dampers, lantern dampers, pick-up dampers and anisotropic dampers, shock mounts used in computer peripheral equipment and digital audio systems, and as anti-shock and anti-vibration units; electronic anti-shock and anti-vibration units and shock mounts used in computer peripheral equipment and digital audio systems; automotive electronics, namely, car audio systems comprised of dampers used for switches of car navigation units, in-car CD players, in-car MD players and in-car DVD players, electric vehicle switches and control sensors for air bags; connectors, namely micro-stripe connectors for automotive electronics, telephones, computers and audio speakers; electric luminescent display panels; fire hose.

CLASS 10

Pacifiers for babies; ice bag pillows for medical purposes; triangular bandages; supportive bandages; surgical catguts; feeding cups for medical purposes; dropping pipettes for medical purposes; teats; medical ice bags; medical ice bag holders; baby bottles; nursing bottles; finger guards for medical purposes; contraceptives, non-chemical; artificial tympanic membranes; prosthetics or fillings materials, not for dental use; ear plugs for sleeping; ear plugs for soundproofing; esthetic massage apparatus for commercial use; medical apparatus and instruments; Diagnostic apparatus and instruments; medical apparatus and instruments; Blood coagulation analyzers; blood testing apparatus; walking aids for medical purposes; crutches; electric massage apparatus for household purposes; gloves for medical purposes; urinals for medical purposes; bed pans; ear picks; hemoglobin analyzers for diagnostic purposes; glycated hemoglobin analyzer for diagnostic purposes; hemoglobin analyzers for medical purposes; glycated hemoglobin analyzers for medical purposes; Apparatus for blood analysis, namely, blood coagulation analyzers; diagnostic apparatus and instruments, namely, diagnostic apparatus for testing fibrinolytic and blood-coagulating activity; medical apparatus and instruments for the measurement and diagnosis of blood-coagulating and fibrinolytic properties; Caps for blood collection tube.

CLASS 11

Rainwater harvesting systems; Water resource management installations; Water supply installations; Water distribution installations; Water intake apparatus; Water purification installations; flushing apparatus; flushing tanks; watering installations, automatic; toilet bowls and seats sold as a unit; prefabricated bathrooms sold as a unit; drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture; milk sterilizers; ice-cream making machines for industrial purposes; bread-making machines for industrial purposes; pasteurisers; plywood drying machines; industrial furnaces; nuclear reactors; harvest drying apparatus; forage drying apparatus; boilers, other than parts of non-electric prime movers or engines; air conditioners for industrial purposes; industrial air purifiers; ventilation [air-conditioning] installations for vehicles; freezing machines and apparatus for industrial purposes; laundry dryers, electric, for industrial purposes; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking apparatus and installations for commercial use; industrial dishdrying machines; dish disinfectant apparatus for industrial purposes; kitchen worktops with integrated sinks for commercial use; kitchen sinks for commercial use; tap water faucets; level controlling valves in tanks; pipe line cocks; cocks for pipes and pipelines; waste water treatment tanks for industrial purposes; purification installations for sewage; septic tanks for industrial purposes; garbage incinerators; solar water heaters; water purifying apparatus for industrial purposes; electric lamps and other lighting apparatus; lighting apparatus for vehicles; lighting installations for air vehicles; germicidal lamps; household electrothermic appliances; washers for water taps; washers for water taps; gas water heaters for household purposes; non-electric cooking heaters for household purposes; kitchen worktops with integrated sinks for household purposes; kitchen sinks for household purposes; household tap-water filters, non-electric; standing paper lanterns [andon]; portable paper lanterns (chochin); gas lamps; oil lamps; lamp chimneys; warming pans, non-electric; pocket warmers; hot water bottles; waste water treatment tanks for household

purposes; septic tanks for household purposes; toilet stool units with a washing water squirter; disinfectant dispensers for toilets; toilet bowls; seatings for use with Japanese style toilet bowls; bath fittings; bath installations; parts of sanitary installations; bath plumbing fixtures; stoves for household purposes, non-electric; water-pipes for sanitary installations; sanitary apparatus and installations; heat exchangers; sterilization apparatus; irrigation machines and apparatus for agricultural purposes.

CLASS 17

Pipe couplings, not of metal; junction, not of metal, for pipes; pipe gaskets; pipe jackets, not of metal; pipe muffers, not of metal; joint packings for pipes; water-tight rings; reinforcing materials, not of metal, for pipes; sealant compounds for joints; fillers for expansion joints; semi-processed synthetic resins; valves of rubber or vulcanized fiber; flexible pipes, not of metal; flexible plastic tubes; acrylic foils, sheets, plates, and film to be used in interlayers in the manufacture of laminated glass; plastic film for use in glass laminations for residential and commercial windows and doors; plastic interlayer for use in laminating safety glass; laminated plastic film for use in home or auto windows for sound control; laminated plastic film for use in home or auto windows for sun control; solar plastic film for use in glass laminations; plastic sheet and film for use in making laminated safety glasses; semi-processed plastic film other than for wrapping; semi-processed plastics; resins in extruded form for general industrial use, synthetic resins in extruded form for general industrial use; building insulation for insulating buildings against moisture; soundproofing materials for buildings and machinery; valves of rubber or vulcanized fiber [not including machine elements]; gaskets; pipes for plants; joint packings; electrical insulating materials; plastic sheeting for agricultural purposes; plastic foam; plastic intermediate film for safety glass; plastic semi-worked products; adhesive tapes for wrapping and packing; seals; pressure-sensitive adhesive tapes used in manufacturing process of electronic parts; synthetic resin marking film coated with adhesive agents; plastic semi-worked products in sheet form; masking tapes for painting; drain traps [valves], not of metal or plastic; hydraulic pipes, not of metal; water pipes, not of metal; composite materials of resin and plastics; glass fiber reinforced plastic composite materials; adhesive tapes for industrial purposes; water soluble plastic film; foamed resin sheets; non-flammable urethane products; reinforced urethane boards; hollow fiber membranes of plastic; plastic pipes for lining the inner surface of a sewage pipes and plastic pipe joints used with said plastic pipes; vibration-damping plastic sheets; soundproofing materials of rock wool [not for building purposes]; chemical fiber, not for textile use; insulating gloves; floating anti-pollution barriers; rubber [raw or semi-worked]; rubber cords and laces; asbestos cords and strings; sound absorbing materials for floors, walls and ceilings; adhesive tapes, other than stationery and not for medical or household purposes; carbon fiber reinforced plastic composite materials; caulking materials; filtering materials of semi-processed foams of plastic; insulating refractory materials; latex [rubber]; liquid rubber; padding materials of rubber or plastics; substances for insulating buildings against moisture; synthetic wood; antistat materials; rigid urethane foam; raw or semi-worked synthetic rubber; rubber sheets and pipes for absorbing radio wave; raw or semi-worked resin; plastic semi-worked products for absorbing radio wave; soundproofing materials of plastic and rubber; heat-conductive elastomer; elastomer for absorbing radio wave; change thermoconducting elastomer; exoergic elastomer; plastic and rubber sponges; damping rubber; damping plastic semi-worked products; Waterproof sealants; waterproof packings; conductive layered plastic films; molded silicon rubber, joining materials; insulating rubber sheets.

CLASS 19

Non-metallic pipes for construction; rain gutter; railway sleepers of wood; seals for building and construction; curing tapes for construction; composite materials of carbon fiber and resin for building or construction; plastic plates for construction or building; plastic sheets for construction or building; ceramic building materials, bricks and refractory products; building materials made of linoleum for fixing to existing walls or floors; plastic building materials; synthetic building materials; asphalt, and asphalt building or construction materials; rubber building or construction materials; plaster [for building purposes]; lime building or construction materials; building or construction materials of plaster; rockslide retention nets of textiles [construction materials]; prefabricated building assembly kits, not of metal; cement and its products; building timber; building stone; building glass; joinery fittings, not of metal; boards and powder of inorganic fiber; plaster boards; tar and pitch; non-metal transportable greenhouses for household use; artificial fish reefs, not of metal; erosion control mats integrating plants seeds; road signs, non-luminous and non-mechanical, not of metal; liquid storage tanks of masonry for industrial purposes; water tanks of masonry for industrial purposes; water tanks of masonry for household purposes; valves for water-pipes; diving platforms not of metal; foamed resin sheets and boards for construction; water resistant construction materials for water storage and supply; branching pipes, not of metal; cladding for building; drain traps [valves], not of metal or plastic; hydraulic pipes, not of metal; water pipes, not of metal; rigid pipes, not of metal for building; drain pipes, not of metal; pipe fittings, not of metal; penstock pipes, not of metal; gutter pipe, not of metal; manhole covers, not of metal; moldings, not of metal, for building; plastic pipes for construction; railway sleepers of synthetic resin; tiles for building; composite materials of resin and

plastics for construction; glass fiber reinforced plastic composite materials for construction; foamed resin boards for construction; reinforced urethane and reinforced urethane boards; drain traps; synthetic resin pipes for construction or building.

CLASS 20

Meerscham [raw or partly worked material]; yellow amber; loading pallets, not of metal; beehives [hive boxes or honeycombs]; hairdresser's chairs; barbers' chairs; valves of plastics, not including machine elements; liquid storage tanks or reservoirs, not of metal or masonry; industrial water storage tanks, not of metal or masonry; liquefied gas storage tanks, not of metal or masonry; gas storage tanks, not of metal or masonry; containers for transport, not of metal; curtain fittings; metal-substitute plastic fasteners; nails, wedges, nuts, screws, tacks, bolts, rivets and casters, not of metal; washers, not of metal, not of rubber or vulcanized fiber; locks, non-electric, not of metal; cushions [furniture]; Japanese floor cushions [Zabuton]; pillows; mattresses; industrial packaging containers of wood [not including "corks nor wooden stoppers, lids and covers"]; industrial packaging containers of bamboo; industrial packaging containers of plastics [not including "plastic stoppers, lids, covers and bottles"]; corks, plastics and wooden stoppers for industrial packaging containers; plastic and wooden lid and covers for industrial packaging containers; embroidery frames and hoops; nameplates and door nameplates, not of metal; hand-held flat fans; hand-held folding fans; stakes, not of metal, for plants or trees; beds for household pets; dog kennels; nesting boxes for small birds; step ladders and ladders, not of metal; letter boxes [not of metal or masonry]; hat hooks, not of metal; shopping baskets; water tanks for household purposes, not of metal or masonry; hanging boards [Japanese style pegboards using positional hooks]; tool boxes, not of metal; towel dispensers, not of metal; furniture; indoor window blinds [shade] [furniture]; blinds of reed, rattan or bamboo [Sudare]; bead curtains for decoration; window shades; wind chimes; oriental single panel standing partition [Tsutate]; oriental folding partition screens [Byoubu]; benches; advertising balloons; upright signboards of wood or plastics; artificial model food samples; ritual equipment; pocket mirrors; pocket mirror bags; shoe dowels, not of metal; shoe pegs, not of metal; hobnails, not of metal; protective members, not of metal, for shoes and boots; cradles; infant walkers; mannequins; costume display stands; picture frames; plaster sculptures; plastic sculptures; wooden sculptures; Japanese food wrapping sheets of wood as materials [Kyogi]; ferns [unworked or partly worked material]; bamboo [unworked or partly worked material]; bamboo skins [unworked or partly worked material]; vines; rattan [unworked or partly worked material]; tree barks; reeds [raw or partly worked material]; rushes [raw or partly worked material]; Onigaya hay [raw or partly worked material]; sedges [unworked or partly worked material]; vegetable aggregate for plaster [Susa]; wheat, barley or oat straw; rice straw; tusks [raw or partly worked material]; whalebones; shells and crusts; artificial horns; ivory [unworked or partly worked material]; animal horns; animal teeth; tortoiseshells [unworked or partly worked material]; animal bone [unworked or partly worked material]; coral [unworked or partly worked].

computer design and development; computer design and development services; computer design services; computer development; computer development services; computer disaster recovery planning; computer disaster recovery planning services; computer engineering; computer engineering services; computer firmware design; computer game software design; computer game software development; computer graphics design services; computer hardware and software design; computer hardware and software design services; computer hardware design; computer hardware design services; computer hardware development; computer hardware development services; computer leasing; computer leasing services; computer network configuration; computer network configuration services; computer network design; computer network design for others; computer program design; computer program design services; computer programme design; computer programme design services; computer programming; computer programming and computer software design; computer programming and design of computer software; computer programming and design of software; computer programming consultancy; computer programming for data processing; computer programming for data processing and communication systems; computer programming for the energy industry; computer programming for the medical sector; computer programming in the medical field; computer programming services; computer programming services for commercial analysis and reporting; computer programming services for data warehousing; computer programming services for electronic data security; computer programming services for the protection of software; computer programming services relating to multimedia and interactive applications; computer project management in the field of edp; computer project management in the field of electronic data processing; computer project management in the field of electronic data processing [edp]; computer rental; computer rental services; computer security consultancy; computer security consultancy services; computer security services for protection against illegal network access; computer security threat analysis for protecting data; computer services concerning electronic data storage; computer services for securing computer data; computer services for securing financial information; computer services for securing personal information; computer services in connection with electronic data storage; computer services, namely, creating computer network-based indexes of information, websites and resources; computer site design; computer site design services; computer software and hardware design; computer software and hardware design services; computer software and hardware testing services; computer software consultancy; computer software consultancy and development; computer software consultancy services; computer software consulting; computer software consulting services; computer software design; computer software design and updating; computer software design services; computer software design, development and programming services; consultancy and information services relating to computer software design; consultancy in the field of computer software design; consultancy relating to computer software design; providing information in the field of computer software design; providing information relating to computer software design; computer software development; computer software development services; computer software installation; computer software installation and maintenance; computer software leasing; computer software maintenance services; computer software rental; computer software repair; computer software research; computer software support services; computer software technical support services; computer software updating; computer software updating services; computer software upgrading; computer software upgrading services; computer support services [programming and software installation, repair and maintenance services]; computer system analysis; computer system analysis services; computer system design; computer system design and analysis; computer system design and development; computer system design services; computer system development; computer system integration services; computer systems analyses; computer systems analysis; computer systems analysis services; computer systems design; computer systems design and analysis; computer systems design services; computer systems development; computer systems integration services; computer technology consultancy; computer virus protection services; computer-aided design; computer-aided design for manufacturing operations; computer-aided design of molds; computer-aided design of moulds; computer-aided design of video graphics; computer-aided design services; computer-aided graphic design; computer-aided graphic design services; computerised business information storage; computerised data storage; computerised data storage services; computerized business information storage; computerized data storage; computerized data storage services; conducting of engineering feasibility studies; conducting of quality control tests; conducting of quality control tests on goods and services; conducting of scientific experiments; conducting of scientific feasibility studies;

conducting of scientific studies; conducting of technical feasibility studies; conducting technical project studies; conducting technical project studies for construction projects; configuration of computer hardware using software; configuration of computer networks; configuration of computer networks by software; configuration of computer networks using software; configuration of computer software; configuration of computer systems and networks; configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software; configuring computer networks by means of software; construction planning; construction planning services; construction project management [construction drafting, design and planning]; construction project management services [construction drafting, design and planning]; consultancy and advice in the design and development of computer hardware and software; consultancy and development services relating to computer software; consultancy and information services relating to computer programming; consultancy and information services relating to computer system integration; consultancy and information services relating to information technology; consultancy and information services relating to information technology architecture and infrastructure; consultancy and information services relating to the design, programming and maintenance of computer software; consultancy and information services relating to the maintenance of computer software; consultancy and information services relating to the rental of computer software; consultancy and research services in the field of information technology; consultancy and research services in the fields of science, engineering and information technology; consultancy in the design and development of computer hardware; consultancy in the field of cloud computing; consultancy in the field of cloud computing networks and applications; consultancy in the field of computer programming; consultancy in the field of computer security; consultancy in the field of computer software; consultancy in the field of computer system analysis; consultancy in the field of computer system integration; consultancy in the field of computer systems analysis; consultancy in the field of computer technology; consultancy in the field of design; consultancy in the field of energy efficiency; consultancy in the field of energy-saving; consultancy in the field of engineering; consultancy in the field of fashion design; consultancy in the field of industrial research; consultancy in the field of information technology; consultancy in the field of office and workplace automation; consultancy in the field of product development; consultancy in the field of programming and development of e-business portals; consultancy in the field of scientific and industrial research; consultancy in the field of scientific research; consultancy in the field of security software; consultancy in the field of software design; consultancy in the field of technological design; consultancy in the field of technological research; consultancy in the field of telecommunications engineering; consultancy in the field of telecommunications technology; consultancy relating to computer database programmes; consultancy relating to computer database programs; consultancy relating to computer programming; consultancy relating to computer software maintenance; consultancy relating to product development; consultancy relating to quality control; consultancy relating to software design and development; consultancy relating to software for communication systems; consultancy relating to software maintenance; consultancy relating to technical and scientific analysis; consultancy relating to technical and scientific measuring; consultancy relating to technical and scientific monitoring; consultancy relating to the creation and design of web sites; consultancy relating to the creation and design of web sites for e-commerce; consultancy relating to the creation and design of websites; consultancy relating to the creation and design of websites for e-commerce; consultancy relating to the creation of home pages and internet pages; consultancy relating to the creation of homepages and internet pages; consultancy relating to the design and development of computer database programmes; consultancy relating to the design and development of computer database programs; consultancy relating to the design and development of computer hardware; consultancy relating to the design and development of computer programmes; consultancy relating to the design and development of computer software; consultancy relating to the design and development of computer software and hardware architecture; consultancy relating to the design and development of computer software programmes; consultancy relating to the design and development of computer software programs; consultancy relating to the design and development of information and communications technology; consultancy relating to the design of home pages and internet pages; consultancy relating to the design of home pages and internet sites; consultancy relating to the design of homepages and internet pages; consultancy relating to the design of homepages and internet sites; consultancy relating to the design, programming and maintenance of computer software; consultancy relating to the maintenance of computer software; consultancy relating to the recovery of computer data; consultancy relating to the updating of computer software; consultancy relating to the updating of software; consultancy relating to web page design; consultancy services in the field of cloud computing; consultancy services in the field of cloud computing applications and networks; consultancy services in the field of design, selection, implementation and use of computer hardware and software systems; consultancy services in the field of maintaining the security and integrity of databases; consultancy services in the field of technological development; consultancy services relating to quality control; consultancy services relating to research in the field of environmental protection; consultancy services relating to software used in the field of e-commerce; consultancy services relating to the design, development and use of computer hardware and computer software; consultancy services relating to the design,

development and use of computer hardware and software; consultancy services relating to the planning and design of travel agencies; consultancy with regard to the design of homepages and internet pages; consultancy with regard to webpage design; consulting in the field of cloud computing; consulting in the field of cloud computing networks and applications; consulting in the field of information technology; consulting services in the field of cloud computing; consulting services in the field of cloud computing applications and networks; consulting services in the field of design, selection, implementation and use of computer hardware and software systems; consulting services in the field of office and workplace automation; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; conversion of document data from one computer format to another; conversion of images from physical to electronic media; conversion of texts to digital format; copying of computer programmes; copying of computer programs; copying of computer software; creating and designing web pages for others; creating and designing website-based indexes of information for others [information technology services]; creating and maintaining internet sites; creating and maintaining blogs for others; creating and maintaining customized web pages; creating and maintaining web pages; creating and maintaining web sites; creating and maintaining web sites for cellular phones; creating and maintaining web sites for mobile telephones; creating and maintaining web sites for others; creating and maintaining weblogs for others; creating and maintaining websites; creating and maintaining websites for cellular phones; creating and maintaining websites for mobile telephones; creating and maintaining websites for others; creating home pages for computer networks; creating of computer programs; creating programmes for data processing; creating programs for data processing; creating web pages for others; creating, designing and maintaining web sites; creating, designing and maintaining websites; creating, maintaining and hosting the web sites of others; creating, maintaining and hosting the websites of others; creating, maintaining, and updating computer software; creation and design of web pages for others; creation and development of computer programs for data processing; creation and hosting of web sites; creation and hosting of websites; creation and maintenance of internet sites; creation and maintenance of customized web pages; creation and maintenance of web pages; creation and maintenance of web sites; creation and maintenance of web sites for others; creation and maintenance of websites; creation and maintenance of websites for others; creation of computer programmes; creation of computer programs; creation of control programs for automated measurement, assembly, adjustment and related visualisation; creation of control programs for automated measurement, assembly, adjustment and related visualization; creation of data processing programmes; creation of data processing programs; creation of home pages for computer networks; creation of programmes for data processing; creation of programs for data processing; creation of web pages for others; creation, design and maintenance of web sites; creation, design and maintenance of websites; creation, design, development, and maintenance of web sites; creation, design, development, and maintenance of websites; creation, maintenance, and updating of computer software; cross-platform conversion of digital content into other forms of digital content; custom design and engineering of telephony systems, cable television systems and fiber optics; custom design and engineering of telephony systems, cable television systems and fibre optics; customization of computer software; customized design of computer hardware; customized design of computer hardware and software; customized design of computer software; data conversion of computer program data or information [not physical conversion]; data conversion of computer programme data or information [not physical conversion]; data conversion of electronic information; data decryption services; data encryption and decoding services; data encryption services; data migration services; data mining; data mining services; data security consultancy; data security consulting; database design; database design and development; database design services; database development services; debugging computer software for others; decoding of data; decryption of data; design and analysis of computer systems; design and construction of home pages and web sites; design and development of data display systems; design and development of data entry systems; design and development of data output systems; design and development of data processing apparatus; design and development of data processing programmes; design and development of data processing programs; design and development of data processing software; design and development of data processing systems; design and development of data retrieval software; design and development of data storage systems; design and development of databases; design and development of diagnostic apparatus; design and development of digital sound and image carriers; design and development of driver software; design and development of electronic data security systems; design and development of electronic database software; design and development of electronic databases; design and development of electronic dictionaries; design and development of electronic greeting cards; design and development of electronic greeting cards [e-cards]; design and development of electronic language translation dictionaries and databases; design and development of energy management software; design and development of engineering products; design and development of home pages and web sites; design and development of homepages and web sites; design and development of homepages and websites; design and development of image processing software; design and development of industrial products; design and development of information and communications technology; design and development of internet security programmes; design and development of

internet security programs; design and development of medical technology; design and development of multimedia products; design and development of navigation systems; design and development of navigation systems and route planning software; design and development of new products; design and development of new technology for others; design and development of operating software for accessing and using a cloud computing network; design and development of operating software for computer networks and servers; design and development of operating system software; design and development of photovoltaic systems; design and development of programmes for data processing; design and development of programs for data processing; design and development of route planning software; design and development of search engines; design and development of software and hardware for audio and video operators; design and development of software and hardware for compression and decompression of multimedia content; design and development of software and hardware for data and multimedia content conversion from and to different protocols; design and development of software and hardware for digital signal processing; design and development of software and hardware for processing and distribution of multimedia content; design and development of software and hardware for producing, recording and processing digital and analog signals; design and development of software and hardware for producing, recording and processing digital and analogue signals; design and development of software and hardware for signal amplification and transmission; design and development of software for control, regulation and monitoring of solar energy systems; design and development of software for database management; design and development of software for electronic databases; design and development of software for electronic television program guides; design and development of software for electronic television programme guides; design and development of software for evaluation and calculation of data; design and development of software for importing and managing data; design and development of software for instant messaging; design and development of software for inventory management; design and development of software for web site development; design and development of software for website development; design and development of software in the field of mobile applications; design and development of systems for data input, output, processing, display and storage; design and development of systems for regenerative energy generation; design and development of telecommunications networks; design and development of telecommunications systems; design and development of testing and analysis methods; design and development of video game software; design and development of virtual reality software; design and development of web pages; design and development of wireless computer networks; design and development of wireless data transmission apparatus; design and development of wireless data transmission apparatus, instruments and equipment; design and development of wireless networks; design and development of word processing software; design and graphic arts design for the creation of web pages on the internet; design and graphic arts design for the creation of web sites; design and graphic arts design for the creation of websites; design and graphic arts designing for the creation of web pages on the internet; design and graphic arts designing for the creation of web sites; design and hosting of web portals; design and implementation of web pages for others; design and implementation of web sites for others; design and implementation of websites for others; design and leasing of software; design and maintenance of computer sites for third parties; design and maintenance of internet home pages; design and maintenance of internet homepages; design and maintenance of web sites for others; design and maintenance of web sites for third parties; design and maintenance of websites for others; design and maintenance of websites for third parties; design and planning of electrical systems; design and planning services relating to electrical systems; design and planning services relating to telecommunication equipment; design and planning services relating to telecommunications equipment; design and programming of web sites; design and programming of websites; design and rental of software; design and testing for new product development; design and testing of new products; design and updating of computer software; design and updating of home pages and web pages; design and updating of homepages and web pages; design and writing of computer software; design consultancy; design of animations; design of artwork; design of clothing; design of clothing accessories; design of clothing, footwear and headgear; design of computer database software; design of computer databases; design of computer firmware; design of computer game software; design of computer graphics; design of computer hardware; design of computer hardware and software; design of computer hardware and software for commercial analysis and reporting; design of computer hardware, software and computer peripherals; design of computer networks; design of computer peripheral devices; design of computer peripherals; design of computer programmes; design of computer programs; design of computer programs and software relating to aircraft; design of computer sites; design of computer software; design of computer software and systems; design of computer software for controlling self-service terminals; design of computer software for data processing; design of computer software for word processing; design of computer software, computer firmware, computer hardware and computer systems; design of computer systems; design of computers; design of consumer products; design of data processing apparatus; design of data processing programmes; design of data processing programs; design of data processing software; design of data processing systems; design of data storage systems; design of driver software; design of engineering products; design of fashion accessories; design of home pages; design of home pages and internet pages; design of home pages and web pages;

design of home pages and web sites; design of home pages, computer software and web sites; design of homepages; design of homepages and internet pages; design of homepages and web pages; design of homepages and web sites; design of homepages and websites; design of homepages, computer software and web sites; design of homepages, computer software and websites; design of image processing software; design of industrial products; design of internet pages; design of new products; design of operating system software; design of packaging; design of packaging and wrapping materials; design of programmes for data processing; design of programs for data processing; design of software; design of software for use with printing machines; design of special effects; design of tools; design of video game software; design of web pages; design of web portals; design of web sites; design of web sites for advertising purposes; design of websites; design of websites for advertising purposes; design of word processing software; design services; design services for computer hardware; design services relating to computer hardware; design services relating to printed matter; design, creation and programming of web pages; design, creation, hosting and maintenance of internet sites for third parties; design, creation, hosting and maintenance of web sites for others; design, creation, hosting and maintenance of websites for others; design, deployment and management of wireless computer networks for others; design, development and implementation of software; design, development and programming of computer software; design, development, installation and maintenance of computer software; design, development, maintenance and updating of computer software; design, development, maintenance and updating of computer software for data processing; design, development, maintenance and updating of computer software for process control; design, development, maintenance and updating of computer software for word processing; design, development, maintenance and updating of computer software for word processing, data processing and process control; design, development, maintenance and updating of data processing software; design, development, maintenance and updating of word processing software; design, installation, updating and maintenance of computer software; design, maintenance and updating of computer software; design, maintenance, development and updating of computer software; design, maintenance, rental and updating of computer software; design, programming and maintenance of computer software; design, updating and maintenance of computer software; design, updating and rental of computer software; design, upgrading and rental of computer software; development and testing of software; development and testing services in the field of engineering; development and updating of computer software; development of algorithms and computing methods for generating telecommunication and navigation data; development of algorithms and computing methods for processing telecommunication and navigation data; development of algorithms and computing methods for processing telecommunication and navigation signals; development of application software for delivery of multimedia content; design and development of computer database software; development of computer database software; design and development of computer databases; development of computer databases; development of computer firmware; development of computer game software; design and development of computer hardware; design and development of computer hardware and computer software; design and development of computer hardware and software; development of computer hardware for computer games; development of computer peripherals; development of computer platforms; development of computer programmes; development of computer programmes and computer game software; development of computer programmes for simulating laboratory experiments; development of computer programs; development of computer programs and computer game software; development of computer programs for simulating laboratory experiments; development of computer software; development of computer software application solutions; development of computer software for computer aided design/computer aided manufacturing [cad/cam]; development of computer software for computer-aided design/computer-aided manufacturing [cad/cam]; development of computer software for creating electronic television program guides; development of computer software for creating electronic television programme guides; development of computer software for data processing; development of computer software for logistics, supply chain management and e-business portals; development of computer software for use with computer-controlled switching systems; development of computer software for use with programmable controllers; development of computer software for word processing; development of computer systems; development of computers; development of consumer products; development of data processing apparatus; development of data processing programmes; development of data processing programs; development of data processing software; development of data processing systems; development of data storage systems; development of data transmission systems; development of diagnostic apparatus; development of driver and operating system software; development of driver software; development of energy and power management systems; development of engineering products; development of image processing software; development of industrial processes; development of industrial products; development of measuring and testing methods; development of new products; development of new technology for others; development of operating system software; development of programmes for data processing; development of programs for data processing; development of software; development of software application solutions; development of software for communication systems; development of software for secure network operations; development of systems for data processing; development of systems for the

processing of data; development of systems for the storage of data; development of systems for the transmission of data; development of video game software; development of web sites; development of websites; development of word processing software; development services in the field of computer software and advisory services relating thereto; development, design and updating of home pages; development, maintenance and updating of a telecommunication network search engine; development, maintenance and updating of a telecommunications network search engine; development, programming and rental of data processing programmes; development, programming and rental of data processing programs; development, updating and maintenance of software and database systems; diagnosis of computer hardware problems through the use of software; diagnosis of computer software problems; digital compression of computer data; digital imaging services [digitalisation and scanning of images]; digital imaging services [digitalization and scanning of images]; digital watermarking; digital watermarking services; digitization of documents [scanning]; digitization of images; digitization of sound and images; dress design; dress design services; dress designing; dress designing services; duplicating computer programmes; duplicating computer programs; duplication of computer programmes; duplication of computer programs; duplication of computer programs being software protection programs and security programs; duplication of computer software; editing of computer programmes; editing of computer programs; electronic data back-up; electronic data back-up services; electronic data backup; electronic data backup services; electronic data storage; electronic data storage and data back-up services; electronic data storage and data backup services; electronic data storage services; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic monitoring services being it security services in the nature of protection and recovery of computer data; electronic monitoring services for computer security services for protection against illegal network access; electronic monitoring services for computer security threat analysis for protecting data; electronic security monitoring services in the nature of monitoring computer systems for data security purposes; electronic site authoring; electronic storage of archived e-mails; electronic storage of audio files; electronic storage of business and financial information; electronic storage of business information; electronic storage of data; electronic storage of digital audio files; electronic storage of digital images; electronic storage of digital music; electronic storage of digital photographs; electronic storage of digital video files; electronic storage of digital videos; electronic storage of documents; electronic storage of documents and archived e-mails; electronic storage of entertainment media content; electronic storage of files and documents; electronic storage of financial information; electronic storage of images; electronic storage of medical records; electronic storage of photographs; electronic storage of videos; electronic storage services for archiving databases; electronic storage services for archiving databases, images and other electronic data; electronic storage services for archiving electronic data; encoding of magnetic cards; encryption of data; engineering; engineering consultancy; engineering consultancy services; engineering feasibility studies; engineering services; engineering services in the field of communications technology; engineering services relating to information technology; evaluation of product design; evaluation of product development; evaluation of results from quality control tests conducted on goods and services; fashion accessory design services; fashion design; fashion design consultancy; fashion design consulting services; fashion design services; graphic art design; graphic arts design; graphic design; graphic design of advertising brochures; graphic design of advertising flyers; graphic design of advertising logos; graphic design of advertising matter; graphic design of internet advertisements; graphic design of promotional materials; graphic design of publicity materials; graphic design services; graphic design services for creating graphic elements of corporate logos; graphic design services for creating graphic elements of logos; graphic design services for creating virtual tours of real estate for sale; graphic illustration design; graphic illustration design services; greenhouse gas emission measuring and analysis; handwriting analysis; handwriting analysis [graphology]; homepage and webpage design; homepage design; homepage design services; hosting a web site for the electronic storage of digital photographs and videos; hosting a website for the electronic storage of digital photographs and videos; hosting an on-line web site for creating and hosting micro web sites for businesses; hosting an online website for creating and hosting micro websites for businesses; hosting and rental of memory space for web sites; hosting and rental of memory space for websites; hosting computer application software in the field of knowledge management for creating searchable databases of information and data; hosting computer databases; hosting computer sites [web sites]; hosting computer sites [websites]; hosting computer software applications for others; hosting computerized data, files, applications and information; hosting customized web pages; hosting digital content on the internet; hosting e-commerce platforms on the internet; hosting electronic memory space on the internet for advertising goods and services; hosting internet sites for others; hosting memory space for web sites; hosting memory space for websites; hosting memory space on the internet; hosting memory space on the internet for storing digital photographs; hosting multimedia and interactive applications; hosting multimedia educational content; hosting multimedia entertainment and educational content for others; hosting multimedia entertainment content; hosting of blogs; hosting of computer sites [web sites]; hosting of computer sites [websites]; hosting of computer software applications for others; hosting of computerized data, files, applications and information; hosting of

customized web pages; hosting of databases; hosting of digital content on the internet; hosting of e-commerce platforms on the internet; hosting of memory space on the internet; hosting of memory space on the internet for storing digital photographs; hosting of multimedia and interactive applications; hosting of multimedia educational content; hosting of multimedia entertainment content; hosting of platforms on the internet; hosting of software for use in library management; hosting of web portals; hosting of web sites; hosting of web sites on the internet; hosting of weblogs; hosting of weblogs [blogs]; hosting of websites; hosting of websites on the internet; hosting on-line facilities for conducting interactive discussions; hosting on-line software enabling the creation and hosting of micro websites for businesses; hosting on-line web facilities for others; hosting on-line web facilities for others for conducting interactive discussions; hosting on-line web facilities for others for sharing on-line content; hosting online facilities for conducting interactive discussions; hosting online software enabling the creation and hosting of micro websites for businesses; hosting online web facilities for others; hosting online web facilities for others for conducting interactive discussions; hosting online web facilities for others for sharing online content; hosting platforms on the internet; hosting software for use in library management; hosting the web sites of others; hosting the web sites of others on a computer server for a global computer network; hosting the websites of others; hosting the websites of others on a computer server for a global computer network; hosting web portals; hosting web sites; hosting web sites on the internet; hosting weblogs [blogs]; hosting websites; hosting websites on the internet; illustrators' services; image processing software design; image processing software development; implementation of computer programmes on networks; implementation of computer programs on networks; information technology [it] consultancy; information technology [it] consulting; information technology [IT] consulting services; information technology [it] engineering; information technology consultancy; information technology consultancy services; information technology consultation; information technology engineering; information technology engineering services; information technology services provided on an outsourcing basis; infrastructure as a service [iaas]; inspection of goods for quality control; installation and maintenance of computer software; installation and maintenance of database software; installation and maintenance of internet access software; installation and maintenance of software; installation and maintenance of software for internet access; installation of computer programmes; installation of computer programs; installation of computer software; installation of database software; installation of internet access software; installation of software; installation of software for internet access; installation of software for computer systems; installation, maintenance and repair of computer software; installation, maintenance and repair of software for computer systems; installation, maintenance and updating of computer software; installation, maintenance and updating of database software; installation, maintenance and updating of software; installation, maintenance, updating and upgrading of computer software; installation, repair and maintenance of computer software; installation, repair and maintenance of software; integration of computer systems and computer networks; integration of computer systems and networks; interactive hosting services which allow the users to publish and share their own content and images on-line; interactive hosting services which allow the users to publish and share their own content and images online; internet page design; internet page design services; internet security consultancy; it programming services; it security services in the nature of protection and recovery of computer data; laboratory testing; laboratory testing services; leasing computer facilities; leasing of a database server to third parties; leasing of application software; leasing of computer apparatus; leasing of computer database software; leasing of computer equipment; leasing of computer hardware; leasing of computer hardware and computer peripherals; leasing of computer hardware and computer software; leasing of computer hardware and software; leasing of computer peripherals; leasing of computer programmes; leasing of computer programs; leasing of computer software; leasing of computer software and programmes; leasing of computer software and programs; leasing of computer software for financial management; leasing of computer software relating to travel; leasing of computers; leasing of computers and computer equipment; leasing of computers and computer software; leasing of computers and software; leasing of computers for data processing; leasing of data processing programmes; leasing of data processing programs; leasing of internet security programmes; leasing of laboratory apparatus; leasing of laboratory apparatus and instruments; leasing of laboratory instruments; leasing of measuring apparatus; leasing of memory space on servers for hosting electronic bulletin boards; leasing of operating software for accessing and using a cloud computing network; leasing of operating software for computer networks and servers; leasing of software; leasing of software for internet access; leasing of software for data processing; leasing of software for database management; leasing of software for importing and managing data; leasing of software for inventory management; leasing of software for web site development; leasing of software for website development; leasing of web servers; maintenance and consultancy services relating to software used in the field of e-commerce; maintenance and installation of software; maintenance and repair of software; maintenance and updating of software for communication systems; maintenance of computer programmes; maintenance of computer sites; maintenance of computer software for data processing; maintenance of computer software used for operating filling apparatus and machines; maintenance of database software; maintenance of software; maintenance of software for computer systems; maintenance of

software used in the field of e-commerce; maintenance of websites; managing web sites for others; mapping; mapping services; measuring and analysis of greenhouse gas emissions; monitoring of computer systems by remote access; monitoring of computer systems to detect breakdowns; monitoring of water quality; new product design; new product design services; new product development; new product development services; off-site building project management [construction drafting, design and planning]; off-site data back-up; on-line data storage; on-line data storage services; online data storage; online data storage services; online provision of non-downloadable web-based applications; outsource service providers in the field of information technology; outsource service providers in the field of information technology consultancy; outsource service providers in the field of information technology consulting; packaging design; packaging design services; planning, design, development and maintenance of on-line web sites for third parties; planning, design, development and maintenance of on-line websites for third parties; planning, design, development and maintenance of online websites for third parties; platform as a service [paas]; preparation of engineering reports; preparation of reports in the biotechnology field; preparation of reports in the field of architecture; preparation of reports in the field of biotechnology; preparation of reports in the field of engineering; preparation of reports in the field of graphic arts design; preparation of reports in the field of industrial design; preparation of reports relating to architecture; preparation of reports relating to chemical research; preparation of reports relating to computer programmes; preparation of reports relating to computer programming; preparation of reports relating to computer programs; preparation of reports relating to computers; preparation of reports relating to engineering; preparation of reports relating to graphic arts design; preparation of reports relating to industrial design; preparation of reports relating to real estate planning; preparation of reports relating to scientific research; preparation of reports relating to technical project studies for construction projects; preparation of reports relating to technical research; preparation of scientific reports; preparation of reports relating to technological research; preparation of technical reports; preparation of technological reports; preparation of technological research reports; process monitoring for quality assurance; product benchmarking; product benchmarking services; product design; product design and development; product design and development services; product design services; product development; product development consultancy; product development consultancy for inventors in the field of computer science; product development consultancy for inventors in the field of engineering; product development consultancy for inventors in the field of engineering cybernetics; product development consultancy for inventors in the field of robotics; product development consultancy for inventors in the field of science; product development consultancy for inventors in the field of telecommunications engineering; product development consultancy for inventors in the field of telecommunications engineering; product development consultation; product development consultation for inventors in the field of artificial science; product development consultation for inventors in the field of computer science; product development consultation for inventors in the field of cybernetics; product development consultation for inventors in the field of engineering; product development consultation for inventors in the field of engineering cybernetics; product development consultation for inventors in the field of robotics; product development consultation for inventors in the field of science; product development consultation for inventors in the field of telecommunications; product development consultation for inventors in the field of telecommunications engineering; product development services; product quality control testing; product quality evaluation; product quality testing; product quality testing services; product research; product research and development; product research and development services; product research services; product safety testing; product safety testing services; product testing; product testing services; professional consultancy relating to computer security; programming of computer animations; programming of computer game software; programming of computer games; programming of computer software for electronic language translation dictionaries and databases; programming of computer software for evaluation and calculation of data; programming of computer software for reading, transmitting and organising data; programming of computer software for reading, transmitting and organizing data; programming of customized web pages; programming of customized web pages featuring user-defined information, personal profiles and information; programming of data processing programmes; programming of data processing programs; programming of edp software; programming of electronic data processing [edp] software; programming of electronic data processing software; programming of energy management software; programming of internet security programmes; programming of internet security programs; programming of multimedia applications; programming of multimedia equipment; programming of operating software for accessing and using a cloud computing network; programming of operating software for computer networks and servers; programming of software for database management; programming of software for e-commerce platforms; programming of software for importing and managing data; programming of software for information platforms on the internet; programming of software for internet platforms; programming of software for internet portals, chat rooms, chat lines and internet forums; programming of software for internet portals, chatrooms, chat lines and internet forums; programming of software for inventory management; programming of software for web site development; programming of software for website development; programming of

telecommunications software; programming of video game software; programming of video games; programming of web pages; providing computer facilities for the electronic storage of digital data; providing computer programmes designed to the specifications of others; providing computer programmes on data networks; providing computer programs designed to the specifications of others; providing computer programs on data networks; providing electronic memory space on the internet; providing electronic memory space [web space] on the internet; providing electronic storage of digital photographs and videos via a web site; providing electronic storage of digital photographs and videos via a website; providing electronic storage space on the internet; providing electronic storage space [web space] on the internet; providing graphic design services to create specialty interior environment settings; providing information about fashion design services; providing information about industrial analysis and research services; providing information about medical and scientific research in the field of pharmaceuticals; providing information about the design and development of computer hardware and software; providing information about the design and development of computer software; providing information about the design and development of computer software, systems and networks; providing information and data relating to scientific and technological research and development; providing information in the field of architectural design via a web site; providing information in the field of architectural design via a website; providing information in the field of computer software development; providing information in the field of interior design via a web site; providing information in the field of interior design via a website; providing information in the field of product design; providing information in the field of product development; providing information on computer programming via a web site; providing information on computer programming via a website; providing information on computer technology and programming via a web site; providing information on computer technology and programming via a website; providing information on computer technology via a web site; providing information on computer technology via a website; providing information relating to computer programmes; providing information relating to computer programming; providing information relating to computer programming via a website; providing information relating to computer programming via a web site; providing information relating to computer programs; providing information relating to computer technology and programming via a web site; providing information relating to computer technology and programming via a website; providing information relating to computer technology via a web site; providing information relating to computer technology via a website; providing information relating to scientific research in the fields of biochemistry and biotechnology; providing information relating to technological research; providing internet search engines; providing internet search engines with specific search options; providing meteorological information; providing on-line information about industrial analysis and research services; providing on-line information about the design and development of computer hardware and software; providing on-line information in the field of technological research from a computer database or the internet; providing on-line non-downloadable software for database management; providing on-line non-downloadable software for use in communication; providing on-line non-downloadable software for use in customer relationship management; providing on-line non-downloadable software for use in database management; providing on-line non-downloadable software for use in enterprise resource planning; providing on-line non-downloadable software for use in supply chain management; providing on-line non-downloadable software for word processing; providing online information about industrial analysis and research services; providing online information about the design and development of computer hardware and software; providing online information in the field of technological research from a computer database or the internet; providing online non-downloadable software for use in communication; providing online non-downloadable software for use in customer relationship management; providing online non-downloadable software for use in database management; providing online non-downloadable software for use in enterprise resource planning; providing online non-downloadable software for use in supply chain management; providing online non-downloadable software for word processing; providing quality assurance in the field of computer software; providing quality assurance services; providing scientific consultancy in relation to carbon offsetting; providing scientific consultancy relating to carbon offsetting; providing scientific information in relation to carbon offsetting; providing scientific information in the field of climate change; providing scientific information in the field of global warming; providing scientific information in the fields of climate change and global warming; providing scientific information relating to carbon offsetting; providing scientific information, advice and consultancy in relation to carbon offsetting; providing scientific information, advice and consultancy relating to carbon offsetting; providing scientific research information and results from an on-line searchable database; providing scientific research information and results from an online searchable database; providing search engines for obtaining data on a global computer network; providing search engines for obtaining data via communications networks; providing search engines for the internet; providing technical advice in the field of scientific and industrial research; providing technical advice relating to computer hardware and software; providing technical advice relating to computers; providing technical advice relating to energy-saving measures; providing technical information about computers, computer software and computer networks; providing technological information about environmentally conscious and green innovations; providing technology consultancy in the field of social media; providing technology consulting in the field of social media;

providing temporary use of non-downloadable business software; providing temporary use of non-downloadable computer game development software; providing temporary use of non-downloadable computer software for preparing invoices; providing temporary use of non-downloadable software applications accessible via a web site; providing temporary use of non-downloadable software for analyzing financial data and generating reports; providing temporary use of non-downloadable software for developing computer games; providing temporary use of non-downloadable software for developing online educational materials; providing temporary use of non-downloadable software for developing video games; providing temporary use of non-downloadable software to enable content providers to track multimedia content; providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; providing temporary use of non-downloadable video game development software; providing temporary use of on-line applications and software tools; providing temporary use of on-line non-downloadable computer software for language translation; providing temporary use of on-line non-downloadable computer software for use in broadcast monitoring applications; providing temporary use of on-line non-downloadable investment software; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; providing temporary use of on-line non-downloadable operating software for computer networks and servers; providing temporary use of on-line non-downloadable software; providing temporary use of on-line non-downloadable software development tools; providing temporary use of on-line non-downloadable software for database management; providing temporary use of on-line non-downloadable software for importing and managing data; providing temporary use of on-line non-downloadable software for inventory management; providing temporary use of on-line non-downloadable software for use in database management; providing temporary use of on-line non-downloadable software for use in publishing and printing; providing temporary use of on-line non-downloadable software for website development; providing temporary use of on-line non-downloadable software for web site development; providing temporary use of on-line non-downloadable software for word processing; providing temporary use of online applications and software tools; providing temporary use of online non-downloadable computer software for language translation; providing temporary use of online non-downloadable computer software for use in broadcast monitoring applications; providing temporary use of online non-downloadable investment software; providing temporary use of online non-downloadable operating software for accessing and using a cloud computing network; providing temporary use of online non-downloadable operating software for computer networks and servers; providing temporary use of online non-downloadable software; providing temporary use of online non-downloadable software for database management; providing temporary use of online non-downloadable software for importing and managing data; providing temporary use of online non-downloadable software for inventory management; providing temporary use of online non-downloadable software for use in publishing and printing; providing temporary use of online non-downloadable software for web site development; providing temporary use of online non-downloadable software for website development; providing temporary use of online non-downloadable software for word processing; providing temporary use of web-based applications; providing temporary use of web-based software; providing weather condition information affecting ski conditions and road closures; providing weather information; providing web servers and co-location servers to third party cloud computing and data storage facilities; provision of computer programmes on data networks; provision of computer programs on data networks; provision of information and data relating to medical and veterinary research and development; provision of information and data relating to scientific and technological research and development; provision of information concerning research and technical project studies relating to the use of natural energy; provision of information on computer technology and programming via a website; provision of information on computer technology via a web site; provision of information relating to computer programmes; provision of information relating to computer programming; provision of information relating to computer programming via a web site; provision of information relating to computer programs; provision of information relating to computer technology and programming via a website; provision of information relating to computer technology and programming via a web site; provision of information relating to computer technology via a web site; provision of information relating to computer technology via a website; provision of information relating to industrial design; provision of information relating to technological research; provision of internet search engines; provision of online non-downloadable software [application service provider]; provision of scientific consultancy in relation to carbon offsetting; provision of scientific consultancy relating to carbon offsetting; provision of scientific information, advice and consultancy in relation to carbon offsetting; provision of scientific information, advice and consultancy relating to carbon offsetting; provision of scientific information in relation to carbon offsetting; provision of scientific information relating to carbon offsetting; provision of search engines for the internet; provision of technical information in relation to computers; provision of weather information; quality accreditation services; quality assessment; quality assessment services; quality assurance consultancy; quality assurance consultancy services; quality checking and testing; quality control; quality control and authentication services; quality control of goods; quality control of goods and services; quality control of services; quality

control services; quality control services for certification purposes; quality control services for certifying product quality; quality control testing; quality control testing and consultancy relating thereto; quality control testing of products; quality control testing of products for certification purposes; quality control testing services; quality testing; quality testing of products; quality testing of products for certification purposes; quality testing services; reconstruction of database systems for others; recovery of computer data; recovery of smartphone data; remote computer backup services; remote computer back-up services; remote server administration; rental and maintenance of computer software; rental and updating of software for data processing; rental of a database server to third parties; rental of application software; rental of computer apparatus; rental of computer database software; rental of computer equipment; rental of computer game development software; rental of computer game programmes; rental of computer game programs; rental of computer hardware; rental of computer hardware and computer peripherals; rental of computer hardware and computer software; rental of computer hardware and software; rental of computer peripheral devices; rental of computer peripherals; rental of computer programmes; rental of computer programs; rental of computer software; rental of computer software and programmes; rental of computer software and programs; rental of computer software for developing computer games; rental of computer software for developing online educational materials; rental of computer software for developing video games; rental of computer software for financial management; rental of computer software relating to travel; rental of computers; rental of computers and computer equipment; rental of computers and computer software; rental of computers and software; rental of computers for data processing; rental of data processing devices and computers; rental of data processing programmes; rental of data processing programs; rental of data processing software; rental of database management software; rental of decentralized cloud storage facility for containerized data centers of others; rental of electronic memory space [web space] on the internet; rental of electronic memory space on the internet; rental of electronic storage space [web space] on the internet; rental of electronic storage space on the internet; rental of internet access software; rental of internet security programmes; rental of internet security programs; rental of laboratory apparatus; rental of laboratory apparatus and instruments; rental of laboratory instruments; rental of laboratory robots for laboratory research and analysis; rental of laboratory robots for laboratory testing; rental of measuring apparatus; rental of memory space for web sites; rental of memory space for websites; rental of memory space on servers for hosting electronic bulletin boards; rental of meters for the recording of energy consumption; rental of operating software for accessing and using a cloud computing network; rental of operating software for computer networks and servers; rental of peripheral devices for computers; rental of software; rental of software for internet access; rental of software for data processing; rental of software for database management; rental of software for importing and managing data; rental of software for inventory management; rental of software for web site development; rental of software for website development; rental of technical drawing instruments; rental of video game development software; rental of web servers; rental of web servers and co-location servers for containerized data centers of others; repair and maintenance of computer software; repair and maintenance of software; repair of computer programmes; repair of computer programs; repair of computer software; repair of software for computer systems; research and consultancy services relating to computer software; research and consultancy services relating to software; research and design services; research and development for others with regard to new products; research and development of computer hardware; research and development of computer hardware and software; research and development of computer software; research and development of new products for others; research and development services in the field of engineering; research and development services relating to computer hardware; research and development services relating to computer hardware and computer software; research and development services relating to computer hardware and software; research and development services relating to computer software; research and development services relating to measuring and regulating technology; research and development services relating to solar cells and electricity generation; research in the field of communications technology; research in the field of computer hardware; research in the field of computer hardware and software; research in the field of computer programmes and software; research in the field of computer programs and software; research in the field of computer software; research in the field of computer technology conducted using databases and the internet; research in the field of data processing technology; research in the field of electrical engineering; research in the field of electrical safety; research in the field of engineering; research in the field of information technology; research in the field of telecommunications technology; research in the fields of materials science and electrical engineering; research in the reduction of carbon emissions; research into the reduction of carbon emissions; research of new products for others; research relating to the development of computer hardware; research relating to the development of computer programmes and software; research relating to the development of computer programs and software; research relating to the development of computer software; research services for the development of new products; research services in the field of computer hardware; research services in the field of computer hardware and software; research services in the field of engineering; research services in the field of information technology; research to develop new products; research, design and development of communication systems; research, design and development of data processing systems; research, design and

development of information and communications technology; research, design and development of software for communication systems; research, design and development of software for data management; research, design and development of software for managing data; research, design and development services relating to communication systems; research, design and development services relating to computer programs; research, design and development services relating to computer systems; research, design and development services relating to computers; research, design and development services relating to data processing systems; research, design and development services relating to network interfaces; research, design and development services relating to software application solutions; research, development, analysis and consultancy services in the field of engineering; research, development, design and upgrading of computer software; research, testing and analysis services; retail design services; retrieving public documents in the nature of scientific research services; retrieving public documents in the nature of technological research services; safety testing of products; scanning of images [conversion from physical to electronic media]; scientific analysis; scientific analysis services; scientific and industrial analysis and research services; scientific and industrial research; scientific and industrial research in the field of photovoltaics and solar collectors; scientific and industrial research services; scientific and medical research and development; scientific and medical research and development services; scientific and technological services; scientific and technological services and related research and design services; scientific and technological services and research and design relating thereto; scientific and technological services and research and design services related thereto; scientific and technological services and research and design services relating thereto; scientific and technological services and research and development related thereto; scientific and technological services and research and development relating thereto; scientific and technological services and research and development services relating thereto; scientific and technology services; scientific feasibility studies; scientific laboratory services; scientific research; scientific research and analysis; scientific research and analysis services; scientific research and development; scientific research and development services; scientific research conducted using databases; scientific research conducted using databases and the internet; scientific research services; scientific research, testing and analysis services; server administration; server administration services; server hosting; services in the field of industrial analysis; smartphone software design; software as a service [saas]; software authoring; software consultancy; software consultancy services; software consulting services; software design; software design and development; software design and development services; software design services; software development; software development in the framework of software publishing; software development services; software engineering; software engineering services; software engineering services for data processing programmes; software engineering services for data processing programs; software installation and maintenance; software maintenance services; software rental; software repair; software research; special effects design; special effects design services; technical advice relating to operation of computers; technical consultancy in the field of energy saving and energy efficiency; technical consultancy relating to product development; technical consultancy relating to research services in the field of foods and dietary supplements; technical consultancy relating to the application and use of computer software; technical consultancy relating to the design of computer hardware, software and computer peripherals; technical consultancy relating to the installation and maintenance of computer software; technical consultancy relating to the use of computer hardware; technical data analysis; technical data analysis services; technical design; technical design and planning of telecommunication equipment; technical design and planning of telecommunication networks; technical design and planning of telecommunications equipment; technical design and planning of telecommunications networks; technical design services; technical development of structural elements, devices and systems for solar collectors and photovoltaic plants; technical feasibility studies; technical measuring; technical measuring and testing; technical measuring and testing laboratory services; technical measuring and testing services; technical measuring services; technical project planning; technical project planning in the field of engineering; technical project planning services; technical project studies in the field of carbon offsetting; technical project studies in the field of construction; technical research; technical research in the field of carbon offsetting; technical research in the field of carbon offsetting and consultancy relating thereto; technical research projects and studies; technical research services; technical support services, namely, troubleshooting in the nature of computer hardware diagnosis; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware problems; technical support services, namely, troubleshooting of computer software problems; technical surveying; technical testing; technical testing and quality control services; technical testing services; technical testing services for machines, apparatus and instruments; technical writing; technological advice relating to computers, automobiles and industrial machines; technological analysis relating to energy and power needs of others; technological analysis services relating to energy and power needs of others; technological consultancy; technological consultancy and information services in the field of computer networks and data transmission networks; technological research; technological research services; technological services and research and design relating thereto; technology services for securing computer data; technology services for securing financial information; technology services for securing personal information; telecommunications engineering;

telecommunications engineering consultancy; telecommunications engineering services; telecommunications technology consultancy; temporary electronic storage of information and data; testing of apparatus in the field of electrical engineering; testing of apparatus in the field of electrical engineering for certification purposes; testing of computer hardware; testing of computer hardware and software; testing of computer installations; testing of computer programmes; testing of computer programs; testing of computer software; testing of materials; testing of new products; testing of telecommunication signals; testing services for alarm and monitoring systems; testing services for computer hardware and software; testing services for computer hardware and software used with alarm and monitoring systems; testing services for the certification of quality and standards; testing services relating to machines, apparatus and instruments; testing, analysis and evaluation of the goods and services of others for the purpose of certification; testing, analysis and evaluation of the goods of others for the purpose of certification; testing, analysis and evaluation of the services of others for the purpose of certification; testing, analysis and evaluation of the services of others to determine conformity with certification standards; testing, analysis and monitoring of navigation signals; testing, analysis and monitoring of system algorithms for generating telecommunications and navigation data; testing, analysis and monitoring of system algorithms for processing telecommunications and navigation data; testing, analysis and monitoring of telecommunication and navigation signals; testing, analysis and monitoring of telecommunication signals; tool design; troubleshooting in the nature of diagnosing problems with consumer electronics; troubleshooting of computer software problems; troubleshooting of computer software problems [technical support]; unlocking of mobile phones; updating and design of computer software; updating and maintenance of computer software; updating and maintenance of websites for others; updating and rental of software for data processing; updating home pages for others; updating of computer database software; updating of computer programmes; updating of computer programs; updating of computer software for databases; updating of computer software relating to computer security and prevention of computer risks; updating of data processing software; updating of database software; updating of home pages for computer networks; updating of home pages for others; updating of internet pages; updating of marine charts; updating of smartphone software; updating of software; updating of software for communication systems; updating of software for data processing; updating of web sites; updating of websites; updating, design and rental of software; upgrading and maintenance of computer software; upgrading of computer software; user authentication services using single sign-on technology for online software applications; user authentication services using technology for e-commerce transactions; verification of personal identification [computer security]; video game development services; video game software design; video game software development; weather forecasting; weather forecasting services; weather information; weather information services; weather reporting; weather reporting services; web design; web design services; web page design; web page design services; web portal design; web site design; web site design consultancy; web site design services; web site development; web site development services; web site hosting services; web site load testing services; web site maintenance; web site maintenance services; web site usability testing services; website design; website design consultancy; website design services; website development; website development services; website hosting services; website load testing services; website maintenance; website maintenance services; website usability testing services; writing and updating of computer software; writing of computer programmes; writing of computer programs; writing of computer software; writing of data processing programmes; writing of data processing programs.

MOI SYSTEMS SDN BHD ; Lot A7.09, 7th Floor, Wisma Merdeka, Jalan Tun Razak, Kota Kinabalu 88000 SABAH, MALAYSIA

AGENT : Ng Khuen Wee, Rozlan Khuen 23-2, Block B, Jaya 1, Jalan Universiti Petaling Jaya, 46200 Selangor

Accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; administration of mail servers; administration of user rights in computer networks; accreditation services [certification of competence and quality] in the field of the food and drink industry; advice relating to the design of computer hardware; advice relating to the design of computer software; advice relating to the design of computer systems; advisory and consultancy services relating to computer software; advisory and consultancy services relating to the design and development of computer hardware; advisory and information services relating to computer software; advisory and information services relating to the design and development of computer hardware;

advisory and information services relating to the design and development of computer peripherals; advisory services in the field of product development and quality improvement of software; advisory services relating to computer software; advisory services relating to material testing; analysis and evaluation of product design; analysis and evaluation of product development; analysis and evaluation of products and services with respect to possible future applications; analysis and testing services relating to electrical engineering apparatus; analysis of greenhouse gas emissions; analysis of product design; analysis of product development; analysis of technical data; analysis of telecommunication signals; analytical laboratory services; animation and special effects design for others; animation design; animation design services; back-up services for computer hard drive data; backup services for computer hard drive data; brand design; brand design services; building and maintaining web sites; building and maintaining websites; building and structural inspection services [engineering, quality assessment, and surveying services]; building project management [construction drafting, design and planning]; business card design; business card design services; clothing design; clothing design services; cloud computing; cloud computing consultancy; cloud computing consulting; cloud computing services; commercial art design; commercial art design services; commissioned writing of computer programmes, software and code for the creation of web pages on the internet; commissioned writing of computer programs, software and code for the creation of web pages on the internet; compilation of computer programmes; compilation of computer programs; compilation of web pages for the internet; compression of data for electronic storage; computer-aided design; computer-aided design for manufacturing operations; computer aided design for manufacturing operations; computer-aided design of molds; computer aided design of molds; computer-aided design of moulds; computer aided design of moulds; computer-aided design of video graphics; computer aided design of video graphics; computer-aided design services; computer aided design services; computer and computer software rental; computer and internet security consultancy and data encryption services; computer and software design and development; computer and technology services for securing computer data; computer and technology services for securing personal and financial information; computer and technology services for the detection of unauthorized access to data and information; computer code conversion for others; computer database design; computer database design services; computer design; computer design and development; computer design and development services; computer design services; computer development; computer development services; computer disaster recovery planning; computer disaster recovery planning services; computer engineering; computer engineering services; computer firmware design; computer game software design; computer game software development; computer graphics design services; computer hardware and software design; computer hardware and software design services; computer hardware and software testing services; computer hardware design; computer hardware design services; computer hardware development; computer hardware development services; computer leasing; computer leasing services; computer network configuration; computer network configuration services; computer network design; computer network design for others; computer program design; computer program design services; computer programme design; computer programme design services; computer programming; computer programming and computer software design; computer programming and design of computer software; computer programming and design of software; computer programming for the medical sector; computer programming in the medical field; computer programming services; computer programming services for commercial analysis and reporting; computer programming services for data warehousing; computer programming services for electronic data security; computer programming services for the protection of software; computer programming services relating to multimedia and interactive applications; computer project management in the field of edp; computer project management in the field of electronic data processing; computer project management in the field of electronic data processing [edp]; computer rental; computer rental services; computer security consultancy; computer security consultancy services; computer security services for protection against illegal network access; computer security threat analysis for protecting data; computer services concerning electronic data storage; computer services for securing computer data; computer services for securing financial information; computer services for securing personal information; computer services in connection with electronic data storage; computer services, namely, creating computer network-based indexes of information, websites and resources; computer site design; computer site design services; computer software and hardware design; computer software and hardware design services; computer software and hardware testing services; computer software consultancy; computer software consultancy and development; computer software consultancy services; computer software consulting; computer software consulting services; computer software design; computer software design and updating; computer software design, development and programming services; computer software design services; computer software development; computer software development services; computer software installation; computer software installation and maintenance; computer software leasing; computer software maintenance services; computer software rental; computer software repair; computer software research; computer software support services; computer software technical support services; computer software updating; computer software updating services; computer software upgrading; computer software upgrading services; computer support services [programming and software installation, repair and

maintenance services]; computer system analysis; computer system analysis services; computer system design; computer system design and analysis; computer system design and development; computer system design services; computer system development; computer systems analyses; computer systems analysis; computer systems analysis services; computer systems design; computer systems design and analysis; computer systems design services; computer systems development; computer systems integration services; computer technology consultancy; computer system integration services; computer time-sharing services; computer virus protection services; computerised business information storage; computerised data storage; computerised data storage services; computerized business information storage; computerized data storage; computerized data storage services; conducting of engineering feasibility studies; conducting of quality control tests; conducting of quality control tests on goods and services; conducting of scientific experiments; conducting of scientific feasibility studies; conducting of scientific studies; conducting of technical feasibility studies; conducting technical project studies; conducting technical project studies for construction projects; configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software; configuration of computer hardware using software; configuration of computer networks; configuration of computer networks by software; configuration of computer networks using software; configuration of computer software; configuration of computer systems and networks; configuring computer networks by means of software; construction planning; construction planning services; construction project management [construction drafting, design and planning]; construction project management services [construction drafting, design and planning]; consultancy and advice in the design and development of computer hardware and software; consultancy and development services relating to computer software; consultancy and information services relating to computer programming; consultancy and information services relating to computer software design; consultancy and information services relating to computer system integration; consultancy and information services relating to information technology; consultancy and information services relating to information technology architecture and infrastructure; consultancy and information services relating to the design, programming and maintenance of computer software; consultancy and information services relating to the maintenance of computer software; consultancy and information services relating to the rental of computer software; consultancy and research services in the field of information technology; consultancy and research services in the fields of science, engineering and information technology; consultancy in the design and development of computer hardware; consultancy in the field of cloud computing; consultancy in the field of cloud computing networks and applications; consultancy in the field of computer programming; consultancy in the field of computer security; consultancy in the field of computer software; consultancy in the field of computer software design; consultancy in the field of computer system analysis; consultancy in the field of computer system integration; consultancy in the field of computer systems analysis; consultancy in the field of computer technology; consultancy in the field of industrial research; consultancy in the field of information technology; consultancy in the field of office and workplace automation; consultancy in the field of product development; consultancy in the field of programming and development of e-business portals; consultancy in the field of scientific and industrial research; consultancy in the field of scientific research; consultancy in the field of security software; consultancy in the field of software design; consultancy in the field of technological design; consultancy in the field of technological research; consultancy in the field of telecommunications engineering; consultancy in the field of telecommunications technology; consultancy relating to computer database programmes; consultancy relating to computer database programs; consultancy relating to computer programming; consultancy relating to computer software design; consultancy relating to computer software maintenance; consultancy relating to information technology; consultancy relating to product development; consultancy relating to quality control; consultancy relating to software design and development; consultancy relating to software for communication systems; consultancy relating to software maintenance; consultancy relating to technical and scientific analysis; consultancy relating to technical and scientific measuring; consultancy relating to technical and scientific monitoring; consultancy relating to the creation and design of web sites; consultancy relating to the creation and design of websites; consultancy relating to the creation and design of web sites for e-commerce; consultancy relating to the creation and design of websites for e-commerce; consultancy relating to the creation of homepages and internet pages; consultancy relating to the creation of home pages and internet pages; consultancy relating to the design and development of computer database programmes; consultancy relating to the design and development of computer database programs; consultancy relating to the design and development of computer hardware; consultancy relating to the design and development of computer programmes; consultancy relating to the design and development of computer programs; consultancy relating to the design and development of computer software; consultancy relating to the design and development of computer software and hardware architecture; consultancy relating to the design and development of computer software programmes; consultancy relating to the design and development of computer software programs; consultancy relating to the design and development of information and communications technology; consultancy relating to the design of homepages and internet pages; consultancy relating to the design of home pages and internet pages; consultancy relating to the design of homepages and internet sites; consultancy relating to the design of home pages and internet sites; consultancy

relating to the design, programming and maintenance of computer software; consultancy relating to the maintenance of computer software; consultancy relating to the recovery of computer data; consultancy relating to the updating of computer software; consultancy relating to the updating of software; consultancy relating to web page design; consultancy services in the field of cloud computing; consultancy services in the field of cloud computing applications and networks; consultancy services in the field of design, selection, implementation and use of computer hardware and software systems; consultancy services in the field of maintaining the security and integrity of databases; consultancy services in the field of technological development; consultancy services in the fields of science, engineering and information technology; consultancy services relating to quality control; consultancy services relating to research in the field of environmental protection; consultancy services relating to software used in the field of e-commerce; consultancy services relating to the design, development and use of computer hardware and computer software; consultancy services relating to the design, development and use of computer hardware and software; consultancy with regard to webpage design; consulting in the field of cloud computing; consulting in the field of cloud computing networks and applications; consulting in the field of information technology; consulting services in the field of cloud computing; consulting services in the field of cloud computing applications and networks; consulting services in the field of design, selection, implementation and use of computer hardware and software systems; consulting services in the field of office and workplace automation; conversion of computer programs and data, other than physical conversion; conversion of data or documents from physical to electronic media; conversion of document data from one computer format to another; conversion of images from physical to electronic media; conversion of texts to digital format; copying of computer programmes; copying of computer programs; copying of computer software; creating and designing web pages for others; creating and designing website-based indexes of information for others [information technology services]; creating and maintaining blogs for others; creating and maintaining customized web pages; creating and maintaining internet sites; creating and maintaining weblogs for others; creating and maintaining web pages; creating and maintaining web sites; creating and maintaining websites; creating and maintaining websites for cellular phones; creating and maintaining web sites for cellular phones; creating and maintaining websites for mobile telephones; creating and maintaining web sites for mobile telephones; creating and maintaining websites for others; creating and maintaining web sites for others; creating, designing and maintaining websites; creating, designing and maintaining web sites; creating home pages for computer networks; creating, maintaining and hosting the web sites of others; creating, maintaining and hosting the websites of others; creating, maintaining, and updating computer software; creating of computer programs; creating programmes for data processing; creating programs for data processing; creating web pages for others; creation and design of web pages for others; creation and development of computer programs for data processing; creation and hosting of websites; creation and hosting of web sites; creation and maintenance of customized web pages; creation and maintenance of internet sites; creation and maintenance of web pages; creation and maintenance of web sites; creation and maintenance of websites; creation and maintenance of web sites for others; creation and maintenance of websites for others; creation of computer programmes; creation of computer programs; creation of control programs for automated measurement, assembly, adjustment and related visualisation; creation of control programs for automated measurement, assembly, adjustment and related visualization; creation of data processing programmes; creation of data processing programs; creation of home pages for computer networks; creation of programmes for data processing; creation of programs for data processing; creation of web pages for others; creation, design and maintenance of web sites; creation, design and maintenance of websites; creation, design, development, and maintenance of web sites; creation, design, development, and maintenance of websites; creation, maintenance, and updating of computer software; cross-platform conversion of digital content into other forms of digital content; custom design and engineering of telephony systems, cable television systems and fiber optics; custom design and engineering of telephony systems, cable television systems and fibre optics; customization of computer software; customized design of computer hardware; customized design of computer hardware and software; customized design of computer software; customizing computer software; data conversion of computer program data or information [not physical conversion]; data conversion of computer programme data or information [not physical conversion]; data conversion of computer programs and data, not physical conversion; data conversion of electronic information; data decryption services; data encryption and decoding services; data encryption services; data migration services; data mining; data mining services; data security consultancy; data security consulting; database design; database design and development; database design services; database development services; debugging computer software for others; decoding of data; decryption of data; dental research laboratory services; design and analysis of computer systems; design and construction of home pages and web sites; design and construction of homepages and web sites; design and construction of homepages and websites; design and construction planning services and consultancy relating thereto; design and creation of home pages and internet pages; design and creation of home pages and web pages; design and creation of home pages and web sites; design and creation of homepages and internet pages; design and creation of homepages and

web pages; design and creation of homepages and web sites; design and creation of homepages and websites; design and creation of web sites; design and creation of websites; design and development of internet security programmes; design and development of internet security programs; design and development of computer database programmes; design and development of computer database programs; design and development of computer database software; design and development of computer databases; design and development of computer firmware; design and development of computer game software; design and development of computer game software and virtual reality software; design and development of computer hardware; design and development of computer hardware and computer software; design and development of computer hardware and software; design and development of computer hardware and software for industrial applications; design and development of computer hardware and software for use in the field of medicine; design and development of computer hardware architecture; design and development of computer hardware for the manufacturing industry; design and development of computer hardware, software and databases; design and development of computer networks; design and development of computer peripherals; design and development of computer programmes; design and development of computer programs; design and development of computer software; design and development of computer software architecture; design and development of computer software for cloud computing; design and development of computer software for data processing; design and development of computer software for database management; design and development of computer software for evaluation and calculation of data; design and development of computer software for logistics; design and development of computer software for logistics, supply chain management and e-business portals; design and development of computer software for process control; design and development of computer software for reading, transmitting and organising data; design and development of computer software for reading, transmitting and organizing data; design and development of computer software for supply chain management; design and development of computer software for use with medical technology; design and development of computer software for word processing; design and development of computer software, and consultancy services relating thereto; design and development of computer systems; design and development of computers; design and development of computers and computer programmes; design and development of computers and computer programs; design and development of computers and computer software; design and development of computers and programmes for computers; design and development of computers and programs for computers; design and development of computers and software; design and development of data display systems; design and development of data entry systems; design and development of data output systems; design and development of data processing apparatus; design and development of data processing programmes; design and development of data processing programs; design and development of data processing software; design and development of data processing systems; design and development of data retrieval software; design and development of data storage systems; design and development of databases; design and development of diagnostic apparatus; design and development of digital sound and image carriers; design and development of driver software; design and development of electronic data security systems; design and development of electronic database software; design and development of electronic databases; design and development of electronic dictionaries; design and development of electronic greeting cards; design and development of electronic greeting cards [e-cards]; design and development of electronic language translation dictionaries and databases; design and development of energy management software; design and development of engineering products; design and development of home pages and web sites; design and development of homepages and web sites; design and development of homepages and websites; design and development of image processing software; design and development of industrial products; design and development of information and communications technology; design and development of medical technology; design and development of multimedia products; design and development of navigation systems; design and development of navigation systems and route planning software; design and development of new products; design and development of new technology for others; design and development of operating software for accessing and using a cloud computing network; design and development of operating software for computer networks and servers; design and development of operating system software; design and development of photovoltaic systems; design and development of programmes for data processing; design and development of programs for data processing; design and development of route planning software; design and development of search engines; design and development of software and hardware for audio and video operators; design and development of software and hardware for compression and decompression of multimedia content; design and development of software and hardware for data and multimedia content conversion from and to different protocols; design and development of software and hardware for digital signal processing; design and development of software and hardware for producing, recording and processing digital and analog signals; design and development of software and hardware for producing, recording and processing digital and analogue signals; design and development of software and hardware for signal amplification and transmission; design and development of software for control, regulation and monitoring of solar energy systems; design and development of software for database management; design and development of software for electronic databases; design and

development of software for electronic television program guides; design and development of software for electronic television programme guides; design and development of software for evaluation and calculation of data; design and development of software for importing and managing data; design and development of software for instant messaging; design and development of software for inventory management; design and development of software for web site development; design and development of software for website development; design and development of software in the field of mobile applications; design and development of systems for data input, output, processing, display and storage; design and development of systems for regenerative energy generation; design and development of telecommunications networks; design and development of telecommunications systems; design and development of testing and analysis methods; design and development of video game software; design and development of virtual reality software; design and development of web pages; design and development of wireless computer networks; design and development of wireless data transmission apparatus; design and development of wireless data transmission apparatus, instruments and equipment; design and development of wireless networks; design and development of word processing software; design and graphic arts design for the creation of web pages on the internet; design and graphic arts design for the creation of web sites; design and graphic arts design for the creation of websites; design and graphic arts designing for the creation of web sites; design and hosting of web portals; design and implementation of web pages for others; design and implementation of web sites for others; design and implementation of websites for others; design and leasing of software; design and maintenance of internet home pages; design and maintenance of internet homepages; design and maintenance of computer sites for third parties; design and maintenance of web sites for others; design and maintenance of web sites for third parties; design and maintenance of websites for others; design and maintenance of websites for third parties; design and planning of electrical systems; design and planning services relating to electrical systems; design and planning services relating to telecommunication equipment; design and planning services relating to telecommunications equipment; design and programming of web sites; design and programming of websites; design and rental of software; design and testing for new product development; design and testing of new products; design and updating of computer software; design and updating of home pages and web pages; design and updating of homepages and web pages; design and writing of computer software; design consultancy; design of internet pages; design of animations; design of artwork; design of clothing; design of clothing accessories; design of clothing, footwear and headgear; design of computer database software; design of computer databases; design of computer firmware; design of computer game software; design of computer graphics; design of computer hardware; design of computer hardware and software; design of computer hardware and software for commercial analysis and reporting; design of computer hardware, software and computer peripherals; design of computer peripherals; design of computer programmes; design of computer programs; design of computer programs and software relating to aircraft; design of computer sites; design of computer software; design of computer software and systems; design of computer software for controlling self-service terminals; design of computer software for data processing; design of computer software for word processing; design of computer software, computer firmware, computer hardware and computer systems; design of computer systems; design of computers; design of consumer products; design of data processing apparatus; design of data processing programmes; design of data processing programs; design of data processing software; design of data processing systems; design of data storage systems; design of driver software; design of engineering products; design of fashion accessories; design of home pages; design of home pages and internet pages; design of home pages and web pages; design of home pages and web sites; design of home pages, computer software and web sites; design of homepages; design of homepages and internet pages; design of homepages and web pages; design of homepages and web sites; design of homepages and websites; design of homepages, computer software and web sites; design of homepages, computer software and websites; design of image processing software; design of industrial products; design of new products; design of operating system software; design of packaging and wrapping materials; design of programmes for data processing; design of programs for data processing; design of software; design of software for use with printing machines; design of special effects; design of tools; design of video game software; design of web pages; design of web portals; design of web sites; design of web sites for advertising purposes; design of websites; design of websites for advertising purposes; design of word processing software; design services; design services for computer hardware; design services relating to computer hardware; design services relating to printed matter; design, creation and programming of web pages; design, creation, hosting and maintenance of internet sites for third parties; design, creation, hosting and maintenance of web sites for others; design, creation, hosting and maintenance of websites for others; design, deployment and management of wireless computer networks for others; design, development and implementation of software; design, development and programming of computer software; design, development, installation and maintenance of computer software; design, development, maintenance and updating of computer software; design, development, maintenance and updating of computer software for data processing; design, development, maintenance and updating of computer software for process control; design,

development, maintenance and updating of computer software for word processing; design, development, maintenance and updating of computer software for word processing, data processing and process control; design, development, maintenance and updating of data processing software; design, development, maintenance and updating of word processing software; design, installation, updating and maintenance of computer software; design, maintenance and updating of computer software; design, maintenance, development and updating of computer software; design, maintenance, rental and updating of computer software; design, programming and maintenance of computer software; design, updating and maintenance of computer software; design, updating and rental of computer software; design, upgrading and rental of computer software; designing and creating homepages and internet pages; designing and implementing web pages for others; designing and implementing web sites for others; designing and implementing websites for others; designing computer software for controlling self-service terminals; designing of computer hardware; designing of packaging and wrapping materials; designing websites for advertising purposes; developing and updating computer software; developing computer programmes for electronic cash register systems; developing computer programs for electronic cash register systems; developing computer software; developing of driver and operating system software; development and creation of computer programmes for data processing; development and design of digital sound and image carriers; development and maintenance of computer database software; development and maintenance of computer software; development and maintenance of web sites; development and maintenance of websites; development and testing of computer software; development and testing of computing methods, algorithms and software; development and testing of computing methods, algorithms and software for generating telecommunication and navigation data; development and testing of computing methods, algorithms and software for processing telecommunication and navigation signals; development and testing of software; development and testing services in the field of engineering; development and updating of computer software; development of algorithms and computing methods for generating telecommunication and navigation data; development of algorithms and computing methods for processing telecommunication and navigation data; development of algorithms and computing methods for processing telecommunication and navigation signals; development of application software for delivery of multimedia content; development of computer database software; development of computer databases; development of computer firmware; development of computer game software; development of computer hardware; development of computer hardware and computer software; development of computer hardware and software; development of computer hardware for computer games; development of computer peripherals; development of computer platforms; development of computer programmes; development of computer programmes and computer game software; development of computer programmes for simulating laboratory experiments; development of computer programs; development of computer programs and computer game software; development of computer programs for simulating laboratory experiments; development of computer software; development of computer software application solutions; development of computer software for computer aided design/computer aided manufacturing [cad/cam]; development of computer software for computer-aided design/computer-aided manufacturing [cad/cam]; development of computer software for creating electronic television program guides; development of computer software for creating electronic television programme guides; development of computer software for data processing; development of computer software for logistics, supply chain management and e-business portals; development of computer software for use with computer-controlled switching systems; development of computer software for use with programmable controllers; development of computer software for word processing; development of computer systems; development of computers; development of consumer products; development of data processing apparatus; development of data processing programmes; development of data processing programs; development of data processing software; development of data processing systems; development of data storage systems; development of data transmission systems; development of diagnostic apparatus; development of driver and operating system software; development of driver software; development of energy and power management systems; development of engineering products; development of image processing software; development of industrial processes; development of industrial products; development of measuring and testing methods; development of new products; development of new technology for others; development of operating system software; development of programmes for data processing; development of programs for data processing; development of software; development of software application solutions; development of software for communication systems; development of software for secure network operations; development of systems for data processing; development of systems for the processing of data; development of systems for the storage of data; development of systems for the transmission of data; development of video game software; development of web sites; development of websites; development of word processing software; development services in the field of computer software and advisory services relating thereto; development, design and updating of home pages; development, design and updating of homepages; development, maintenance and updating of a telecommunication network search engine; development, maintenance and updating of a telecommunications network search engine; development, programming and rental of data processing programmes; development, programming and rental of data processing programs;

development, updating and maintenance of software and database systems; diagnosis of computer hardware problems through the use of software; diagnosis of computer software problems; digital compression of computer data; digital imaging services [digitalisation and scanning of images]; digital imaging services [digitalization and scanning of images]; digital watermarking; digital watermarking services; digitization of documents [scanning]; digitization of images; digitization of sound and images; drafting of construction plans for recreation facilities; dress design; dress design services; dress designing; dress designing services; duplicating computer programmes; duplicating computer programs; duplication of computer programmes; duplication of computer programs; duplication of computer programs being software protection programs and security programs; duplication of computer software; editing of computer programmes; editing of computer programs; electrical engineering; electrical engineering services; electrical safety research; electronic data back-up; electronic data back-up services; electronic data backup; electronic data backup services; electronic data storage; electronic data storage and data back-up services; electronic data storage and data backup services; electronic data storage services; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic monitoring services being it security services in the nature of protection and recovery of computer data; electronic monitoring services for computer security services for protection against illegal network access; electronic monitoring services for computer security threat analysis for protecting data; electronic security monitoring services in the nature of monitoring computer systems for data security purposes; electronic site authoring; electronic storage of archived e-mails; electronic storage of audio files; electronic storage of business and financial information; electronic storage of digital images; electronic storage of digital music; electronic storage of digital photographs; electronic storage of digital video files; electronic storage of digital videos; electronic storage of documents; electronic storage of documents and archived e-mails; electronic storage of entertainment media content; electronic storage of files and documents; electronic storage of financial information; electronic storage of images; electronic storage of medical records; electronic storage of photographs; electronic storage of videos; electronic storage services for archiving databases; electronic storage services for archiving databases, images and other electronic data; electronic storage services for archiving electronic data; encoding of magnetic cards; encryption of data; engineering; engineering consultancy; engineering consultancy services; engineering services; engineering services in the field of communications technology; engineering services in the field of energy technology; evaluation of product design; evaluation of product development; evaluation of results from quality control tests conducted on goods and services; fashion accessory design services; fashion design; fashion design consultancy; fashion design consulting services; fashion design services; graphic art design; graphic arts design; graphic design; graphic design of advertising brochures; graphic design of advertising flyers; graphic design of advertising logos; graphic design of advertising matter; graphic design of internet advertisements; graphic design of promotional materials; graphic design of publicity materials; graphic design services; graphic design services for creating graphic elements of corporate logos; graphic design services for creating graphic elements of logos; graphic design services for creating virtual tours of real estate for sale; graphic illustration design; graphic illustration design services; greenhouse gas emission measuring and analysis; handwriting analysis; handwriting analysis [graphology]; homepage and webpage design; homepage design; homepage design services; hosting internet sites for others; hosting a web site for the electronic storage of digital photographs and videos; hosting a website for the electronic storage of digital photographs and videos; hosting an on-line web site for creating and hosting micro web sites for businesses; hosting an online website for creating and hosting micro websites for businesses; hosting and rental of memory space for web sites; hosting and rental of memory space for websites; hosting computer application software in the field of knowledge management for creating searchable databases of information and data; hosting computer databases; hosting computer sites [web sites]; hosting computer sites [websites]; hosting computer software applications for others; hosting computerized data, files, applications and information; hosting customized web pages; hosting digital content on the internet; hosting e-commerce platforms on the internet; hosting electronic memory space on the internet for advertising goods and services; hosting memory space for web sites; hosting memory space for websites; hosting memory space on the internet; hosting memory space on the internet for storing digital photographs; hosting multimedia and interactive applications; hosting multimedia educational content; hosting multimedia entertainment and educational content for others; hosting multimedia entertainment content; hosting of blogs; hosting of computer sites [web sites]; hosting of computer sites [websites]; hosting of computer software applications for others; hosting of computerized data, files, applications and information; hosting of customized web pages; hosting of databases; hosting of digital content on the internet; hosting of e-commerce platforms on the internet; hosting of memory space on the internet; hosting of memory space on the internet for storing digital photographs; hosting of multimedia and interactive applications; hosting of multimedia educational content; hosting of multimedia entertainment content; hosting of platforms on the internet; hosting of software for use in library management; hosting of web portals; hosting of web sites; hosting of web sites on the internet; hosting of weblogs; hosting of weblogs [blogs]; hosting of websites; hosting of websites on the internet; hosting on-line facilities for conducting interactive discussions; hosting on-line software

enabling the creation and hosting of micro websites for businesses; hosting on-line web facilities for others; hosting on-line web facilities for others for conducting interactive discussions; hosting on-line web facilities for others for sharing on-line content; hosting online facilities for conducting interactive discussions; hosting online software enabling the creation and hosting of micro websites for businesses; hosting online web facilities for others; hosting online web facilities for others for conducting interactive discussions; hosting online web facilities for others for sharing online content; hosting platforms on the internet; hosting software for use in library management; hosting the web sites of others; hosting the web sites of others on a computer server for a global computer network; hosting the websites of others; hosting the websites of others on a computer server for a global computer network; hosting web portals; hosting web sites; hosting web sites on the internet; hosting weblogs [blogs]; hosting websites; illustrators' services; image processing software design; image processing software development; implementation of computer programmes on networks; implementation of computer programs on networks; information technology [it] consultancy; information technology [it] consultancy services; information technology [it] consulting; information technology [it] consulting services; information technology [it] engineering; information technology consultancy; information technology consultancy services; information technology consultation; information technology engineering; information technology engineering services; information technology services provided on an outsourcing basis; infrastructure as a service [iaas]; inspection of goods for quality control; installation and maintenance of internet access software; installation and maintenance of computer software; installation and maintenance of database software; installation and maintenance of software; installation and maintenance of software for internet access; installation of internet access software; installation of computer programmes; installation of computer programs; installation of computer software; installation of database software; installation of software; installation of software for internet access; installation of software for computer systems; installation, maintenance and repair of computer software; installation, maintenance and repair of software for computer systems; installation, maintenance and updating of computer software; installation, maintenance and updating of database software; installation, maintenance and updating of software; installation, maintenance, updating and upgrading of computer software; installation, repair and maintenance of computer software; installation, repair and maintenance of software; integration of computer systems and computer networks; integration of computer systems and networks; interactive hosting services which allow the users to publish and share their own content and images on-line; interactive hosting services which allow the users to publish and share their own content and images online; internet page design; internet page design services; internet security consultancy; laboratory testing; laboratory testing services; leasing computer facilities; leasing of internet security programmes; leasing of internet security programs; leasing of a database server to third parties; leasing of application software; leasing of computer apparatus; leasing of computer database software; leasing of computer equipment; leasing of computer hardware; leasing of computer hardware and computer peripherals; leasing of computer hardware and computer software; leasing of computer hardware and software; leasing of computer peripherals; leasing of computer programmes; leasing of computer programs; leasing of computer software; leasing of computer software and programmes; leasing of computer software and programs; leasing of computer software for financial management; leasing of computer software relating to travel; leasing of computers; leasing of computers and computer equipment; leasing of computers and computer software; leasing of computers and software; leasing of computers for data processing; leasing of data processing programmes; leasing of data processing programs; leasing of data processing software; leasing of laboratory apparatus; leasing of laboratory apparatus and instruments; leasing of laboratory instruments; leasing of measuring apparatus; leasing of memory space on servers for hosting electronic bulletin boards; leasing of operating software for accessing and using a cloud computing network; leasing of operating software for computer networks and servers; leasing of software; leasing of software for internet access; leasing of software for data processing; leasing of software for database management; leasing of software for importing and managing data; leasing of software for inventory management; leasing of software for web site development; leasing of software for website development; leasing of web servers; maintenance and consultancy services relating to software used in the field of e-commerce; maintenance and installation of computer software; maintenance and installation of software; maintenance and repair of computer software; maintenance and repair of software; maintenance and updating of computer software; maintenance and updating of software for communication systems; maintenance and upgrading of computer software; maintenance of internet access software; maintenance of computer programmes; maintenance of computer programs; maintenance of computer sites; maintenance of computer software; maintenance of computer software for data processing; maintenance of computer software relating to computer security and prevention of computer risks; maintenance of computer software used for operating filling apparatus and machines; maintenance of data processing software; maintenance of database software; maintenance of software; maintenance of software for internet access; maintenance of software for communication systems; maintenance of software for computer systems; maintenance of software used in the field of e-commerce; maintenance of web sites; maintenance of websites; maintenance, updating and design of computer software; managing web sites for others; managing websites for others; mapping; mapping services; measuring and analysis

of greenhouse gas emissions; monitoring of computer systems by remote access; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; monitoring of telecommunication signals; monitoring of water quality; new product design; new product design services; new product development; new product development services; off-site building project management [construction drafting, design and planning]; off-site data back-up; off-site data backup; on-line data storage; online data storage; online data storage services; online provision of non-downloadable web-based applications; outsource service providers in the field of information technology; outsource service providers in the field of information technology consultancy; outsource service providers in the field of information technology consulting; packaging design; packaging design services; planning, design, development and maintenance of on-line web sites for third parties; planning, design, development and maintenance of on-line websites for third parties; planning, design, development and maintenance of online web sites for third parties; planning, design, development and maintenance of online websites for third parties; platform as a service [paas]; preparation of engineering reports; preparation of reports in the biotechnology field; preparation of reports in the field of architecture; preparation of reports in the field of biotechnology; preparation of reports in the field of engineering; preparation of reports in the field of graphic arts design; preparation of reports in the field of industrial design; preparation of reports relating to architecture; preparation of reports relating to chemical research; preparation of reports relating to computer programmes; preparation of reports relating to computer programming; preparation of reports relating to computer programs; preparation of reports relating to computers; preparation of reports relating to engineering; preparation of reports relating to graphic arts design; preparation of reports relating to industrial design; preparation of reports relating to real estate planning; preparation of reports relating to scientific research; preparation of reports relating to technical project studies for construction projects; preparation of reports relating to technical research; preparation of reports relating to technological research; preparation of scientific reports; preparation of technical reports; preparation of technological reports; preparation of technological research reports; process monitoring for quality assurance; product benchmarking; product development consultancy for inventors in the field of biotechnology; product development consultancy for inventors in the field of cellular biology; product development consultancy for inventors in the field of chemical biology; product development consultancy for inventors in the field of chemical engineering; product development consultancy for inventors in the field of chemistry; product development consultancy for inventors in the field of computer science; product development consultancy for inventors in the field of cybernetics; product development consultancy for inventors in the field of earth science; product development consultancy for inventors in the field of electrical engineering; product development consultancy for inventors in the field of engineering; product development consultancy for inventors in the field of industrial engineering; product development consultancy for inventors in the field of materials engineering; product development consultancy for inventors in the field of mathematics; product development consultancy for inventors in the field of mechanical engineering; product development consultation for inventors in the field of computer science; product development consultation for inventors in the field of cybernetics; product development consultation for inventors in the field of engineering cybernetics; product development consultation for inventors in the field of robotics; product development consultation for inventors in the field of science; product development consultation for inventors in the field of telecommunications; product development consultation for inventors in the field of telecommunications engineering; product development services; product quality control testing; product quality evaluation; product quality testing; product quality testing services; product research; product research and development; product research and development services; product research services; product safety testing; product safety testing services; product testing; product testing services; professional consultancy relating to computer security; programming of edp software; programming of internet security programmes; programming of internet security programs; programming of computer animations; programming of computer game software; programming of computer games; programming of computer software for electronic language translation dictionaries and databases; programming of computer software for evaluation and calculation of data; programming of computer software for reading, transmitting and organising data; programming of computer software for reading, transmitting and organizing data; programming of customized web pages; programming of customized web pages featuring user-defined information, personal profiles and information; programming of data processing programmes; programming of data processing programs; programming of electronic data processing [edp] software; programming of electronic data processing software; programming of energy management software; programming of multimedia applications; programming of multimedia equipment; programming of operating software for accessing and using a cloud computing network; programming of software for internet platforms; programming of software for internet portals, chat rooms, chat lines and internet forums; programming of software for internet portals, chatrooms, chat lines and internet forums; programming of software for database management; programming of software for e-commerce platforms; programming of software for importing and managing data; programming of software for information platforms on the internet; programming of software for inventory management; programming of software for web site development; programming of telecommunications software;

programming of video game software; programming of video games; programming of web pages; providing internet search engines; providing internet search engines with specific search options; providing computer facilities for the electronic storage of digital data; providing computer programmes designed to the specifications of others; providing computer programmes on data networks; providing computer programs on data networks; providing electronic memory space [web space] on the internet; providing electronic memory space on the internet; providing electronic storage of digital photographs and videos via a web site; providing electronic storage of digital photographs and videos via a website; providing electronic storage space [web space] on the internet; providing electronic storage space on the internet; providing graphic design services to create specialty interior environment settings; providing information about fashion design services; providing information about industrial analysis and research services; providing information about medical and scientific research in the field of pharmaceuticals; providing information about the design and development of computer hardware and software; providing information about the design and development of computer software; providing information about the design and development of computer software, systems and networks; providing information in the field of architectural design via a website; providing information in the field of computer software design; providing information in the field of computer software development; providing information in the field of interior design via a web site; providing information in the field of interior design via a website; providing information in the field of product design; providing information in the field of product development; providing information on computer programming via a web site; providing information on computer programming via a website; providing information on computer technology and programming via a web site; providing information on computer technology and programming via a website; providing information on computer technology via a web site; providing information on computer technology via a website; providing information relating to computer programmes; providing information relating to computer programming; providing information relating to computer programming via a web site; providing information relating to computer programming via a website; providing information relating to computer programs; providing information relating to computer software design; providing information relating to computer technology and programming via a web site; providing information relating to computer technology and programming via a website; providing information relating to computer technology via a web site; providing information relating to computer technology via a website; providing information relating to technological research; providing meteorological information; providing on-line information about industrial analysis and research services; providing on-line information about the design and development of computer hardware and software; providing on-line information in the field of technological research from a computer database or the internet; providing on-line non-downloadable software for database management; providing on-line non-downloadable software for use in communication; providing on-line non-downloadable software for use in customer relationship management; providing on-line non-downloadable software for use in database management; providing on-line non-downloadable software for use in enterprise resource planning; providing on-line non-downloadable software for use in supply chain management; providing on-line non-downloadable software for word processing; providing online information about industrial analysis and research services; providing online information about the design and development of computer hardware and software; providing online information in the field of technological research from a computer database or the internet; providing online non-downloadable software for use in communication; providing online non-downloadable software for use in customer relationship management; providing online non-downloadable software for use in database management; providing online non-downloadable software for use in enterprise resource planning; providing online non-downloadable software for use in supply chain management; providing online non-downloadable software for word processing; providing quality assurance in the field of computer software; providing quality assurance services; providing scientific consultancy in relation to carbon offsetting; providing scientific consultancy relating to carbon offsetting; providing scientific information in the field of climate change; providing scientific information in the field of global warming; providing scientific information in the fields of climate change and global warming; providing scientific information relating to carbon offsetting; providing scientific information, advice and consultancy in relation to carbon offsetting; providing scientific information, advice and consultancy relating to carbon offsetting; providing scientific research information and results from an on-line searchable database; providing scientific research information and results from an online searchable database; providing search engines for obtaining data on a global computer network; providing search engines for obtaining data via communications networks; providing search engines for the internet; providing technical advice in the field of scientific and industrial research; providing technical advice relating to computer hardware and software; providing technical advice relating to computers; providing technical advice relating to energy-saving measures; providing technical information about computers, computer software and computer networks; providing technological information about environmentally conscious and green innovations; providing technology consultancy in the field of social media; providing technology consulting in the field of social media; providing temporary use of non-downloadable business software; providing temporary use of non-downloadable computer game development software;

providing temporary use of non-downloadable computer software for preparing invoices; providing temporary use of non-downloadable software applications accessible via a web site; providing temporary use of non-downloadable software applications accessible via a website; providing temporary use of non-downloadable software for analyzing financial data and generating reports; providing temporary use of non-downloadable software for developing computer games; providing temporary use of non-downloadable software for developing online educational materials; providing temporary use of non-downloadable software for developing video games; providing temporary use of non-downloadable software to enable content providers to track multimedia content; providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; providing temporary use of non-downloadable video game development software; providing temporary use of on-line applications and software tools; providing temporary use of on-line non-downloadable computer software for language translation; providing temporary use of on-line non-downloadable computer software for use in broadcast monitoring applications; providing temporary use of on-line non-downloadable investment software; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; transformers [electricity], electrical adapters, battery chargers, electric door bells, electric and electronic cables, batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells, signalling apparatus and instruments, luminous or mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, decorative magnets, metronomes, surgical, medical, dental and veterinary apparatus and instruments, furniture especially made for medical purposes, artificial limbs and prostheses, medical orthopaedic articles, corsets for medical purposes, orthopaedic shoes, elastic bandages and supportive bandages, surgical gowns and surgical sterile sheets, adult sexual aids, condoms, babies' bottles, babies' pacifiers, teats, teethingers for babies, bracelets and rings for medical purposes, anti-rheumatism bracelets, anti-rheumatism rings, lighting installations, lights for vehicles and interior-exterior spaces, heating installations using solid, liquid or gas fuels or electricity, central heating boilers, boilers for heating installations, radiators [heating], heat exchangers, not parts of machines, stoves, kitchen stoves, solar thermal collectors [heating], steam, gas and fog generators, steam boilers, other than parts of machines, acetylene generators, oxygen generators, nitrogen generators, installations for air-conditioning and ventilating, cooling installations and freezers, electric and gas-powered devices, installations and apparatus for cooking, drying and boiling: cookers, electric cooking pots, electric water heaters, barbecues, electric laundry driers, hair driers, hand drying apparatus, sanitary installations, taps [faucets], shower installations, toilets [water-closets], shower and bathing cubicles, bath tubs, toilet seats, sinks, wash-hand basins [parts of sanitary installations], washers for water taps, stuffings (tap valves), water softening apparatus, water purification apparatus, water purification installations, waste water purification installations, electric bed warmers and electric blankets, not for medical use, electric pillow warmers, electric or non-electric footwarmers, hot water bottles, electrically heated socks, filters for aquariums and aquarium filtration apparatus, industrial type installations for cooking, drying and cooling purposes, pasteurizers and sterilizers, motor land vehicles, motorcycles, mopeds, engines and motors for land vehicles, clutches for land vehicles, transmissions, transmission belts and transmission chains for land vehicles, gearing for land vehicles, brakes, brake discs and brake linings for land vehicles, vehicle chassis, automobile bonnets, vehicle suspension springs, shock absorbers for automobiles, gearboxes for land vehicles, steering wheels for vehicles, rims for vehicle wheels, bicycles and their bodies, handlebars and mudguards for bicycles, vehicle bodies, tipping bodies for trucks, trailers for tractors, frigorific bodies for land vehicles, trailer hitches for vehicles, vehicle seats, head-rests for vehicle seats, safety seats for children, for vehicles, seat covers for vehicles, vehicle covers (shaped), sun-blinds adapted for vehicles, direction signals and arms for direction signals for vehicles, windscreen wipers and wiper arms for vehicles, inner and outer tires for vehicle wheels, tubeless tires, tire-fixing sets comprised of tire patches and tire valves for vehicles, windows for vehicles, safety windows for vehicles, rearview mirrors and wing mirrors for vehicles, anti-skid chains for vehicles, luggage carriers for vehicles, bicycle and ski carriers for cars, saddles for bicycles or motorcycles, air pumps for vehicles, for inflating tires, anti-theft alarms for vehicles, horns for vehicles, safety belts for vehicle seats, air bags (safety devices for automobiles), baby carriages, wheelchairs, pushchairs, wheelbarrows, shopping carts, single or multi-wheeled wheelbarrows,

shopping trolleys, grocery carts, handling carts, rail vehicles, locomotives, trains, trams, waggons, cable cars, chairlifts, vehicles for locomotion by water and their parts, other than their motors and engines, vehicles for locomotion by air and their parts, other than their motors and engines, firearms, air pistols (weapons), spring-loaded firearms, adapted cases and shoulder straps therefor, heavy weapons, mortars and rockets, fireworks, sprays for personal defence purposes, jewellery, imitation jewellery, gold, precious stones and jewellery made thereof, cufflinks, tie pins, statuettes and figurines of precious metal, clocks, watches and chronometrical instruments, chronometers and their parts, watch straps, trophies made of precious metal, rosaries, musical instruments and cases for musical instruments, paper and cardboard, paper and cardboard for packaging and wrapping purposes, cardboard boxes, paper towels, toilet paper, paper napkins, plastic materials for packaging and wrapping purposes, printing blocks and types, bookbinding material, printed publications, printed matter, books, magazines, newspapers, bill books, printed dispatch notes, printed vouchers, calendars, posters, photographs [printed], paintings, stickers [stationery], postage stamps, stationery, office stationery, instructional and teaching material [except furniture and apparatus], writing and drawing implements, artists' materials, paper products for stationery purposes, adhesives for stationery purposes, pens, pencils, erasers, adhesive tapes for stationery purposes, cardboard cartons [artists' materials], writing paper, copying paper, paper rolls for cash registers, stationery, chalkboards, painting pencils, watercolors [paintings], office requisites, paint rollers and paintbrushes for painting, rubber, gutta-percha, gum, asbestos, mica and semi-finished synthetic goods made from these materials in the form of powder, bars, panels and foils included in this class, insulation, stopping and sealing materials, insulation paints, insulation fabrics, insulating tape and band, insulation covers for industrial machinery, joint sealant compounds for joints, gaskets, o-rings for sealing purposes (other than gaskets for motors, cylinders and washer for water taps), flexible pipes made from rubber and plastic, hoses made of plastic and rubber, including those used for vehicles, junctions for pipes of plastic and rubber, pipe jackets of plastic and rubber, hoses of textile material, junctions for pipes, not of metal, pipe jackets, not of metal, connecting hose for vehicle radiators, profile laths made of synthetic materials for vehicles for the purposes of decoration, unworked or semi-worked leather and animal skins, imitations of leather, stout leather, leather used for linings, goods made of leather, imitations of leather or other materials, designed for carrying items, included in this class, bags, wallets, boxes and trunks made of leather or stout leather, keycases, trunks [luggage], suitcases, umbrellas, parasols, sun umbrellas, walking sticks, whips, harness, saddlery, stirrups, straps of leather (saddlery), sand, gravel, crushed stone, asphalt, bitumen, cement, gypsum, plaster, concrete, marble blocks for construction, included in this class, building materials (as finished products) made of concrete, gypsum, clay, potters' clay, stone, marble, wood, plastics and synthetic materials for building, construction, road construction purposes, included in this class, non-metallic buildings, non-metallic building materials, poles not of metal for power lines, barriers not of metal, natural and synthetic coatings in the form of panels and sheets, being building materials, bitumen cardboard coatings for roofing, bitumen coating for roofing, doors and windows of wood and synthetic materials, traffic signs not of metal, non-luminous and non-mechanical, for roads, monuments and statuettes of stone, concrete and marble, building glass, prefabricated swimming pools not of metal (structures), aquarium sand, furniture, made of any kind of material, mattresses, pillows, air mattresses and cushions, not for medical purposes, water beds, mirrors, beehives, artificial honeycombs and sections of wood for honeycombs, bouncing chairs for babies, playpens for babies, cradles, infant walkers, display boards, frames for pictures and paintings, identification plates, identification tags, nameplates, identification labels made of wood or synthetic materials, packaging containers of wood or plastics, casks for use in transportation or storage, barrels, storage drums, tanks, boxes, storage containers, transportation containers, chests, loading pallets and closures for the aforementioned goods, of wood or plastics, small hardware goods of wood or synthetic materials included in this class, furniture fittings, of wood or synthetic materials, opening and closing mechanisms of wood or synthetic materials, ornaments and decorative goods of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum, beeswax, plastic or plaster namely figurines, holiday ornaments for walls, sculptures, trophies, baskets, fishing baskets, kennels, nesting boxes and beds for household pets, portable ladders and mobile boarding stairs of wood or synthetic materials, bamboo curtains, roller indoor blinds [for interiors], slatted indoor blinds, strip curtains, bead curtains for decoration, curtain hooks, curtain rings, curtain tie-backs, curtain rods, non-metal wheel chocks, hand-operated non-electric cleaning instruments and appliances, brushes, other than paintbrushes, steel chips for cleaning, sponges for cleaning, steel wool for cleaning, cloths of textile for cleaning, gloves for dishwashing, non-electric polishing machines for household purposes, brooms for carpets, mops, toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs, non-electric household or kitchen utensils, included in this class, [other than forks, knives, spoons], services [dishes], pots and pans, bottle openers, flower pots, drinking straws, non-electric cooking utensils, ironing boards and shaped covers therefor, drying racks for washing, clothes drying hangers, cages for household pets, indoor aquariums, vivariums and indoor terrariums for animals and plant cultivation, ornaments and decorative goods of glass, porcelain, earthenware or clay namely statues, figurines, vases and trophies, mouse traps, insect traps, electric devices for attracting and killing flies and insects, fly catchers, fly swatters, perfume burners, perfume sprayers, perfume

vaporizers, electric or non- electric make-up removing appliances, powder puffs, toilet cases, nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden watering cans, unworked or semi-worked glass, except building glass, mosaics of glass and powdered glass for decoration, except for building, glass wool other than for insulation or textile use, ropes, strings, rope ladders, hammocks, fishing nets, tents, awnings, tarpaulins, sails, vehicle covers, not fitted, bags of textile, for packaging, padding and stuffing materials, except of rubber and plastics, including those of wool and cotton, textile fibers, raw spun fiber, glass fibers for textile use, yarns and threads for textile use, threads and yarns for sewing, embroidery and knitting, thread, elastic yarns and threads for textile use, woven or non-woven textile fabrics, textile goods for household use, not included in other classes, curtains, bed covers, sheets (textile), pillowcases, blankets, quilts, towels, flags, pennants, labels of textile, swaddling blankets, sleeping bags for camping, clothing, including underwear and outer clothing, other than special purpose protective clothing, socks, mufflers [clothing], shawls, bandanas, scarves, belts [clothing], footwear, shoes, slippers, sandals, headgear, hats, caps with visors, berets, caps [headwear], skull caps, laces and embroidery, guipures, festoons, ribbons (haberdashery), ribbons and braid, fastening tapes for clothing, cords for clothing, letters and numerals for marking linen, embroidered emblems, badges for wear, not of precious metal, shoulder pads for clothing, buttons for clothing, fasteners for clothing, eyelets for clothing, zippers, buckles for shoes and belts, fasteners, shoe and belt buckles, pins, other than jewellery, adhesive patches for decoration of textile articles, laces, needles, sewing needles, needles for sewing machines, needles for knitting and embroidery, boxes for needles, needle cushions, artificial flowers, artificial fruits, hair pins, hair buckles, hair bands, decorative articles for the hair, not made of precious metal, wigs, hair extensions, electric or non-electric hair curlers, other than hand implements, carpets, rugs, mats, prayer rugs, linoleum, artificial turf, linoleum for covering floors, gymnasium mats, wallpaper, wall hangings not of textile, games and toys, arcade video game machines, game apparatus and machines for use with an external display screen and monitor, including those coin-operated, toys for animals, toys for outdoor playgrounds, parks and game parks, gymnastic and sporting articles not included in other classes, fishing tackle, artificial fishing bait, decoys for hunting and fishing, Christmas trees of artificial material, ornaments for Christmas trees, artificial snow for Christmas trees, rattles (playthings), novelties for parties, dances (party favors), paper party hats, meat, fish, poultry and game, processed meat products, dried pulses, soups, bouillon, processed olives, olive paste, milks of animal origin, milks of herbal origin, milk products, butter, edible oils, dried, preserved, frozen, cooked, smoked or salted fruits and vegetables, tomato paste, prepared nuts and dried fruits as snacks, hazelnut spreads and peanut butter, tahini (sesame seed paste), eggs and powdered eggs, potato chips, coffee, cocoa, coffee or cocoa based beverages, chocolate based beverages, pasta, stuffed dumplings, noodles, pastries and bakery products based on flour, desserts based on flour and chocolate, bread, simit [Turkish ring-shaped bagel covered with sesame seeds], pogaça [Turkish bagel], pita, sandwiches, katmer [Turkish pastry], pies, cakes, baklava [Turkish dessert based on dough coated with syrup], kadayif [Turkish dessert based on dough], desserts based on dough coated with syrup, puddings, custard, kazandibi [Turkish pudding], rice pudding, keskül [Turkish pudding], honey, bee glue for human consumption, propolis for food purposes, condiments for foodstuff, vanilla (flavoring), spices, sauces (condiments), tomato sauce, yeast, baking powder, flour, semolina, starch for food, sugar, cube sugar, powdered sugar, tea, ice tea, confectionery, chocolate, biscuits, crackers, wafers, chewing gums, ice-cream, edible ices, salt, cereal-based snack food, popcorn, crushed oats, corn chips, breakfast cereals, processed wheat for human consumption, crushed barley for human consumption, processed oats for human consumption, processed rye for human consumption, rice, molasses for food, agricultural and horticultural products not included in other classes, seeds, forestry products not included in other classes, live animals, fertilized eggs for hatching, plants, dried plants for decoration, fresh garden herbs, dried garden herbs for decoration, animal foodstuffs, malt not for human consumption, underlays for pets, cat litters, beers, preparations for making beer, mineral water, spring water, table water, soda water, fruit and vegetable juices, fruit and vegetable concentrates and extracts for making beverages, non-alcoholic soft drinks, energy drinks, protein-enriched sports beverages, alcoholic beverages (except beers), wines, raki [traditional Turkish alcoholic drink], whisky, liqueurs, alcoholic cocktails, tobacco, chewing tobacco, cigarettes, cigars, smokers' articles including those made of precious metals, pipes, mouthpieces for cigars and cigarettes, ashtrays, tobacco boxes, pocket apparatus for rolling cigarettes, cigarette paper, tobacco pipes, firestones, lighters for smokers, electronic cigarettes and their cartridges, matches.
