apparatus for sound transmission; apparatus for speech recording and replaying; apparatus for teaching; apparatus for testing brakes for vehicles; apparatus for testing

carbon monoxide detectors using an aerosol spray; apparatus for testing food; apparatus for testing heat detectors using an aerosol spray; apparatus for testing smoke detectors using an aerosol spray; apparatus for testing transmissions for vehicles; apparatus for testing vehicle brakes; apparatus for testing vehicle transmissions; apparatus for the input, output, transmission and storage of data; apparatus for the recording of sound; apparatus for the recording of sound or images; apparatus for the recording, transmission and reproduction of sound and images; apparatus for the recording, transmission, amplification and reproduction of sound; apparatus for the reproduction of sound; apparatus for the reproduction of sound or images; apparatus for the transmission of sound or images; apparatus for transmission of sound; apparatus for transmitting and reproducing sound or images; apparatus for transmitting radio programmes and radio relay messages; apparatus for transmitting radio programs and radio relay messages; apparatus for transmitting sound; apparatus for verifying data on magnetically encoded cards; apparatus to check franking; apparatus to check stamping mail; appliances for editing cinematographic films; appliances for measuring the thickness of leather; application software; application software for cell phones; application software for cellular phones; application software for cellular telephones; application software for cloud computing; application software for cloud computing services; application software for mobile phones; application software for mobile telephones; application software for smartphones; aquarium thermostats; architects' scales; arm rests for use with computers; armatures [electricity]; armatures for use in electrical apparatus; articles of protective clothing for wear by motorcyclists for protection against accident or injury; artificial bones for medical instruction purposes [teaching apparatus]; artificial intelligence and machine learning software; artificial intelligence software; artificial intelligence software for analysis; artificial intelligence software for driverless cars; artificial intelligence software for healthcare; artificial intelligence software for surveillance; artificial intelligence software for vehicles; artificial limbs for medical instruction purposes [teaching apparatus]; asbestos clothing for protection against fire; asbestos gloves for protection against accidents; asbestos safety screens for firemen; asbestos screens for firemen; aspirators for laboratory use; astrometric apparatus and instruments; astronomical spectrographs; atmospheric oxygen monitors; attenuators; audio amplifiers; audio analyzers; audio and video mixing desks; audio and video receivers; audio and video recordings; audio and video tapes; audio baby monitors; audio books; audio cassette and cd players; audio cassette and compact disc players; audio cassette decks for automobiles; audio cassette players; audio cassette players for automobiles; audio cassette recorders; audio cassettes; audio circuit boards; audio compact discs; audio discs; audio dubbing apparatus; audio equipment; audio frequency amplifiers; audio interfaces; audio mixers; audio mixing consoles; audio mixing desks; audio receivers; audio recorders; audio recordings; audio recordings featuring music; audio speaker enclosures; audio speakers; audio switching apparatus; audio tape recorders; audio tapes; audio tapes featuring music; audio- and video-receivers; audio-video baby monitors; audio-video compact discs; audio-video receivers; audiometers; audiovisual and information technology equipment; audiovisual apparatus; audiovisual apparatus and equipment; audiovisual equipment; audiovisual receivers; audiovisual teaching apparatus; augmented reality computer game software; augmented reality game software; augmented reality glasses; augmented reality headsets; augmented reality software; augmented reality software for cinematography; augmented reality software for creating maps; augmented reality software for education; augmented reality software for medical teaching; augmented reality software for pilot training; augmented reality software for playing computer games; augmented reality software for use in mobile devices; augmented reality software for use in mobile devices for integrating electronic data with real world environments; augmented reality training simulation software in the field of aviation; augmented reality training simulation software in the field of cinematography; augmented reality training simulation software in the field of education; augmented reality training simulation software in the field of engineering; augmented reality training simulation software in the field of information technology; augmented reality training simulation software in the field of science; augmented reality training simulation software in the field of security; auto-darkening welding helmets; autocollimators; automated bank note sorting machines; automated banking machines; automated cash machines; automated laundry detergent dispensers; automated teller machines [atm]; automatic answering machines; automatic cash sorting and counting machines; automatic chromatography apparatus for laboratory use; automatic indicators of low pressure in tires; automatic indicators of low pressure in tyres; automatic indicators of low pressure in vehicle tires; automatic ion-exchange chromatography apparatus for laboratory use; automatic paying-in and deposit machines; automatic solar tracking sensors; automatic steering apparatus for vehicles; automatic switchboards; automatic switching apparatus for telecommunications; automatic telegraph apparatus; automatic telephone diallers; automatic telephone exchange apparatus; automatic telephone exchanges; automatic teller machines; automatic ticket dispensers; automatic time switches; automatic transfer switches [ats]; automobile airbag deactivation switches; automobile stereo adapters; autotransformers; avalanche probes; azimuth instruments; baby alarms; baby monitors; baby scales; backlit signs; backup drives for computers; bags adapted for computers; bags adapted for laptops; bags adapted for notebook computers; bags adapted for tablet computers; bags for cameras and photographic equipment; bags specially adapted for cameras and photographic equipment; balaclavas for protection against accidents, irradiation and fire; balances; balances [steelyards]; balancing apparatus; ballasts for electric lighting apparatus; ballasts for fluorescent lamps; ballasts for gas discharge lamps; ballasts for

halogen lamps; ballasts for halogen lights; banana plugs; banknote acceptors; banknote counting machines; banknote sorting machines; bar code labels, encoded; bar code printers; barcode readers; barcode scanners; barometers; baseball batting helmets; baseball catchers' helmets; baseball helmets; bathroom scales; batteries; batteries and chargers for electronic cigarettes; batteries for cell phones; batteries for cellular phones; batteries for cellular telephones; batteries for electronic cigarettes; batteries for electronic cigars; batteries for electronic devices that are used for heating tobacco; batteries for hearing aids; batteries for lighting; batteries for mobile phones; batteries for mobile telephones; batteries for pocket lamps; batteries for use in hearing aids; batteries for vehicles; batteries, electric; batteries, electric, for vehicles; battery boxes; battery cables; battery cases; battery charge devices; battery chargers; battery chargers for cell phones; battery chargers for cellular phones; battery chargers for cellular telephones; battery chargers for electronic cigarettes; battery chargers for electronic pipettes; battery chargers for laptop computers; battery chargers for mobile phones; battery chargers for mobile telephones; battery chargers for tablet computers; battery chargers for use with telephones; battery charging devices for motor vehicles; battery jars; battery jump starters; battery leads; battery packs; battery plates; battery separators; battery starter cables; battery terminals; battery testers; beacons, luminous; beakers [laboratory glassware]; beakers for laboratory use; beeper carrying cases; bellows for cameras; bells [warning devices]; betatrons; bevel rules; bevels; bicycle helmets; bicycle speedometers; bifocal contact lenses; bifocal eyeglasses; bifocal lenses for eyeglasses; bifocal lenses for spectacles; bifocal spectacles; bike computers; billing machines; binaural microphones; binders adapted for compact discs; binders for cds; binocular cases; binocular covers; binoculars; biochip sensors; biochips; biohazard suits; bioinformatics software; biological microscopes; biological safety cabinets for laboratory use; biometric access control systems; biometric fingerprint readers; biometric fingerprint scanners; biometric hand readers; biometric hand scanners; biometric identification systems; biometric identity cards; biometric iris scanners; biometric passports; biometric passports [magnetically encoded identification document]; biometric retinal scanners; biometric scanners; biometric voice recognition systems; biomicroscopes; bioreactors for cell culture; bioreactors for culturing cells; bioreactors for laboratory use; bioreactors for research use; bipods for cameras; black boxes [data recorders]; blank cd-roms for sound or video recording; blank cds; blank dvds; blank usb cards; blank usb flash drives; blank analogue recording and storage media; blank analogue recording media; blank analogue storage media; blank audio cassettes; blank audio discs; blank audio tapes; blank compact discs; blank computer discs; blank digital audio tapes; blank digital recording and storage media; blank digital recording media; blank digital storage media; blank discs for computers; blank diskettes; blank electronic chip cards [blank smart cards]; blank electronic storage media; blank flash memory cards; blank floppy computer discs; blank floppy disks for computers; blank hard disks for computers; blank integrated circuit cards [blank smart cards]; blank magnetic computer tapes; blank magnetic data carriers; blank magnetic discs; blank magnetic tapes for tape recorders; blank optical discs; blank recordable dvds; blank smart cards; blank tapes for storage of computer data; blank video cassettes; blank videotapes; blueprint apparatus; body armour; body harnesses for support when lifting loads; body tubes for microscopes [lens barrels]; body tubes for telescopes [lens barrels]; boiler control instruments; books recorded on disc; books recorded on tape; booms for microphones; boost gauges; boots for protection against accidents; boots for protection against accidents, irradiation and fire; boots for protection against fire; boots for protection against irradiation; borescopes; borescopes for inspecting work; boresighters [alignment apparatus for firearm sights]; boxes adapted for slides; boxing head guards; boxing helmets; brackets for setting up flat screen tv sets; brackets for setting up flat screen television sets; brake fluid testers; branch boxes [electricity]; breathing apparatus for underwater swimming; breathing apparatus, except for artificial respiration; bridges for eyeglass frames; bridges for spectacle frames; broadband radios; browser extension being downloadable software; bubble levels; buffer memory devices [computer hardware]; bug detectors; building automation control systems; bullet resistant vests; bullet-proof clothing; bullet-proof vests; bullet-proof waistcoats; bullet-resistant vests; bullet-resistant waistcoats; bulletproof clothing; bulletproof vests; bulletproof waistcoats; bullhorns; buoyancy bladders for diving; buoyancy compensator devices for divers; burets; burettes; burglar alarms; buzzers; buzzers, electric; cabinets for loudspeakers; cable adapters; cable harnesses; cable jump leads; cable locators; cable modems; cable reels incorporating electric sockets [electric connections]; cable television converters; cable television receivers; cable television transmitters; cables for electrical and optical signal transmission systems; cables for electrical or optical signal transmission; cables for electrical signal transmission; cables for electrical signal transmission systems; cables for optical signal transmission; cables for optical signal transmission systems; cables for the transmission of sounds and images; cables for transmitting and receiving cable television signals; cables, electric; calculating devices; calculating machines; calculating scales; calculators; calibrated glassware; calibrating rings; calipers; calipers for laboratory use; call bells, electric; calorimeters; camcorder cases; camcorder covers; camcorders; camera bipods; camera cases; camera covers; camera film, exposed; camera filters; camera flashes; camera goggles; camera lens adapters; camera lens mounts; camera lenses; camera monopods; camera shutters; camera spools; camera straps; camera tripods; cameras; cameras [photography];s; cameras with linear image sensors; candy thermometers; capacitance meters; capacitive pencils for touch screen devices; capacitive styluses for touch screen devices; capacitors; capillary tubes; car aerials; car antennas; car batteries; car broadcasting tuners; car cassette players; car chargers for

devices that are used for heating tobacco; car chargers for electronic cigarettes; car navigation computers; car radios; car stereos; car televisions; car video recorders; carbon dioxide detectors; carbon monoxide detectors; carbon nanotubes for use in extremely small scale electronic and mechanical applications; card readers; card readers for credit cards; card readers for magnetically encoded cards; card reading equipment; cards with integrated circuits; carpenter's levels; carpenters' rules; carriers adapted for cell phones; carriers adapted for cellular phones; carriers adapted for cellular telephones; carriers adapted for mobile phones; carriers adapted for mobile telephones; carriers for dark plates [photography]; carrying cases adapted for computers; carrying cases and containers for contact lenses; carrying cases for cell phones; carrying cases for cellular phones; carrying cases for cellular telephones; carrying cases for contact lenses; carrying cases for digital music players; carrying cases for mobile phones; carrying cases for mobile telephones; carrying cases for notebook computers; carrying cases for portable music players; carrying cases for radio pagers; carrying cases specially adapted for computer printers; cases adapted for cd players; cases adapted for dvd players; cases adapted for mp3 players; cases adapted for camcorders; cases adapted for cameras; cases adapted for cell phones; cases adapted for cellular phones; cases adapted for cellular telephones; cases adapted for compact disc players; cases adapted for computers; cases adapted for contact lenses; cases adapted for mobile phones; cases adapted for mobile telephones; cases adapted for notebook computers; cases and covers for cameras; cases and covers for cell phones; cases and covers for cellular phones; cases and covers for cellular telephones; cases and covers for electronic devices; cases and covers for laptops; cases and covers for mobile phones; cases and covers for mobile telephones; cases especially made for photographic apparatus and instruments; cases for cds or dvds; cases for mp3 players; cases for pdas; cases for binoculars; cases for camcorders; cases for cameras and photographic equipment; cases for cell phones; cases for cellular phones; cases for cellular telephones; cases for children's eyeglasses; cases for children's spectacles; cases for compact discs; cases for compact discs or dvds; cases for contact lenses; cases for data storage devices; cases for digital media players; cases for diskettes; cases for diskettes and compact discs; cases for electronic devices; cases for electronic diaries; cases for eyeglasses; cases for eyeglasses and sunglasses; cases for laptops; cases for mobile phones; cases for mobile telephones; cases for music storage devices; cases for personal digital assistants [pdas]; cases for photographic apparatus; cases for photographic cameras; cases for pince-nez; cases for pocket calculators; cases for portable media players; cases for satellite navigation devices; cases for smartphones; cases for spectacles; cases for spectacles and sunglasses; cases for sunglasses; cases for sunglasses and protective eyewear; cases for tablet computers; cases for telephones; cases for use with mobile telecommunications devices; cases for video cameras; cash dispensers; cash dispensing machines; cash registers; cash registers, calculating machines, data processing equipment, computers; cassette players; cassette players for cars; cassette recorders; catchers' helmets; cathode ray tubes; cathodes; cathodic anti-corrosion apparatus; cell phone backplates; cell phone batteries; cell phone battery chargers; cell phone battery chargers for use in vehicles; cell phone cases; cell phone cases and covers; cell phone cases made of leather or imitations of leather; cell phone covers; cell phone covers made of cloth or textile materials; cell phone holders; cell phone straps; cell phones; cell phones having large keys and numbers that assist users having impaired vision or dexterity; cell switches [electricity]; cellular phone batteries; cellular phone battery chargers for use in vehicles; cellular phone cases; cellular phone cases and covers; cellular phone cases made of leather or imitations of leather; cellular phone covers; cellular phone covers made of cloth or textile materials; cellular phone holders; cellular phone straps; cellular phones; cellular phones having large keys and numbers that assist users having impaired vision or dexterity; cellular telephone apparatus; cellular telephone batteries; cellular telephone battery chargers for use in vehicles; cellular telephone cases; cellular telephone cases and covers; cellular telephone cases made of leather or imitations of leather; cellular telephone covers; cellular telephone covers made of cloth or textile materials; cellular telephone holders; cellular telephone straps; cellular telephones; cellular telephones having large keys and numbers that assist users having impaired vision or dexterity; cement testing machines; centering apparatus for photographic transparencies; central processing unit [cpu] clocks; central processing unit [cpu] coolers; central processing unit [cpu] fans; central processing units [cpu]; central processing units [processors]; centrifuge tubes for laboratory use; centrifuges for laboratory use; chains and cords for sunglasses; chains for eyeglasses; chains for eyeglasses and sunglasses; chains for pince-nez; chains for spectacles; chains for sunglasses; change-over switches for telecommunication apparatus; charge meters; chargers for batteries; chargers for electric accumulators; chargers for electric batteries; chargers for electric toothbrushes; chargers for electrical accumulators; chargers for electronic cigarettes; chargers for electronic devices that are used for heating tobacco; charging carts for tablets and laptops; charging docks for electronic cigarettes; charging stations for electric vehicles; charging stations for electronic cigarettes; charging trolleys for tablets and laptops; chatbot [downloadable software for simulating conversations]; checking [supervision] apparatus and instruments; chemistry apparatus and instruments; children's educational software; children's eyeglasses; children's spectacles; chin straps for american football helmets; chin straps for baseball batting helmets; chin straps for baseball helmets; chin straps for football helmets; chin straps for football helmets [american

football]; chin straps for helmets for motorcyclists; chin straps for hockey helmets; chin straps for motorcycle helmets; chin straps for protective helmets; chin straps for softball helmets; chip card readers; chip coils; chip multiprocessors [cmp]; chipcards; chips [integrated circuits]; choking coils [impedance]; choking coils for use in electrical apparatus; chromatogram analyzers for scientific or laboratory use; chromatography apparatus for laboratory purposes; chromatography apparatus for laboratory use; chromatography columns for laboratory use; chromatography equipment for laboratory purposes; chromatography instruments for laboratory use; chronographs [time recording apparatus]; chronographs for use as specialized time recording apparatus; chronographs for use as specialized time recording apparatuses; cine cameras; cine projectors; cinematographic apparatus; cinematographic apparatus and instruments; cinematographic cameras; cinematographic film, exposed; cinematographic instruments and apparatus; cinematographic machines and apparatus; cinematographic projectors; circuit boards; circuit breakers; circuit closers; circuit testers; circular slide rules; circulators in the nature of electronic components; clamp meters [measuring instruments]; clamp meters for measuring electric current; clamp meters for measuring electrical current; clamp meters for measuring electricity; cleaning apparatus for phonograph records; cleaning apparatus for sound recording discs; clear protective covers adapted for mp3 players; clear protective covers adapted for cell phones; clear protective covers adapted for cellular phones; clear protective covers adapted for cellular telephones; clear protective covers adapted for mobile phones; clear protective covers adapted for mobile telephones; clear protective covers adapted for personal digital assistants [pdas]; clear protective covers adapted for smartphones; climate control digital thermostats; clinical centrifuges; clinometers; clock generators; clock generators for computers; close-up lenses; close-up lenses for cameras; closed captioning [cc] glasses; closed circuit television cameras; clothing and footwear for protection against accidents, irradiation and fire; clothing and gloves for protection against accidents or injury for use in welding; clothing and gloves for use in welding for protection against accidents or injury; clothing especially made for laboratories; clothing for protection against accidents; clothing for protection against accidents, irradiation and fire; clothing for protection against biological hazards; clothing for protection against chemicals; clothing for protection against chemicals and radiation; clothing for protection against fire; clothing for protection against injury; clothing for protection against irradiation; clothing for protection against radiation; clothing, footwear and headwear for protection against accidents, irradiation and fire; cloud computing software; cloud servers; coats of armour; coaxial attenuators; coaxial cables; coaxial connection gender changers; coaxial relays; coelostats; coffee measures; coils, electric; coin changers; coin counting and sorting machines; coin counting machines; coin counting or sorting machines; coin sorting machines; coin-operated mechanisms for operating gates for car parking lots; coin-operated mechanisms for operating gates for car parks; coin-operated mechanisms for operating photo booths; coin-operated mechanisms for photo booths; coin-operated mechanisms for television sets; coin-operated mechanisms for vending machines; coin-operated musical automata; coin-operated musical automata [juke boxes]; collectors, electric; collimators; colour filters for liquid crystal display [lcd] screens; colour filters for television and cinematographic cameras; colour filters for television and motion picture film cameras; colour laser printers; colour laser printers for documents; colour printers; colour separation films; combination carbon monoxide and smoke detectors; combination video players and recorders; combustion boats for laboratory use; communication software; communication software for connecting computer network users; communication software for connecting global computer networks; communications computers; communications servers [computer hardware]; communications software; communications software for connecting computer network users; communications software for connecting global computer networks; commutators; compact digital cameras; compact disc cases; compact disc drives for computers; compact disc players; compact discs; compact discs [audio-video]; compact discs [read-only memory]; compact discs featuring music; compact discs, dvds and other digital recording media; compact discs, recorded; comparators; compasses [directional]; compasses for measuring; compiler software; component parts for aerials; component parts for antennas; components for computers; compressed air bailout units for diving; computer accelerator boards; computer apparatus; computer application software for cell phones; computer application software for cellular phones; computer application software for cellular telephones; computer application software for mobile phones; computer application software for mobile telephones; computer bags; computer buffers; computer cables; computer card adapters; computer carrying cases; computer central processing units; computer chassis; computer chatbot software for simulating conversations; computer chips; computer chipsets; computer chipsets for use in transmitting data to and from a central processing unit; computer circuit boards; computer communications software to allow customers to access bank account information and transact bank business; computer component testing and calibrating equipment; computer data storage devices; computer daughterboards; computer digital maps; computer disc drives; computer disc drives and drivers; computer diskettes; computer display monitors; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer fax modem cards; computer firewall software; computer firmware; computer game cartridges; computer game cassettes; computer game discs; computer game programmes; computer game programmes downloadable via the internet; computer game software and manuals in electronic format sold as a unit; computer game software downloadable from a global computer network;

computer game software downloadable via a global computer network and wireless devices; computer game software, downloadable; computer game software, recorded; computer game tapes; computer games programmes; computer games programs; computer games software; computer gaming software; computer graphics boards; computer graphics cards; computer graphics software; computer groupware; computer hardware; computer hardware and computer software for database management; computer hardware and firmware; computer hardware and software; computer hardware and software for blockchain technology; computer hardware and software for cryptocurrency; computer hardware and software for database management; computer hardware and software for digital currencies; computer hardware and software for performing optical diagnostics; computer hardware and software for providing secure remote access to computer and communication networks; computer hardware and software for setting up and configuring local area networks; computer hardware and software for setting up and configuring wide area networks; computer hardware and software for virtual currencies; computer hardware for electronic trading of currency; computer hardware for electronic trading of virtual currency; computer hardware for network access servers; computer hardware for telecommunications; computer hardware for use with apparatus for cutting polyurethane films; computer hardware for use with apparatus for cutting polyurethane screen protectors; computer hardware, firmware and software; computer heat sinks; computer input devices; computer interface boards; computer interface cards; computer interface software; computer keyboards; computer keypads; computer memories; computer memory devices; computer mice; computer monitor frames; computer monitors; computer motherboards; computer mouse mats; computer mouse pads; computer mouses; computer network adapters; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network servers; computer network switches; computer network-attached storage [nas] hardware; computer networking hardware; computer on a stick; computer operating programs; computer operating programs, recorded; computer operating software; computer operating system software; computer operating systems; computer parallel ports; computer peripheral apparatus; computer peripheral devices; computer peripheral equipment; computer peripherals; computer peripherals and accessories; computer plug-in cards; computer printers; computer programmes for data processing; computer programmes for document management; computer programmes for project management; computer programmes for use in telecommunications; computer programmes stored in digital form; computer programmes, recorded; computer programs and computer software for electronic trading of securities; computer programs and computer software for electronically trading securities; computer programs and software; computer programs and software for image processing; computer programs and software for image processing used for cell phones; computer programs and software for image processing used for cellular phones; computer programs and software for image processing used for cellular telephones; computer programs and software for image processing used for mobile phones; computer programs and software for image processing used for mobile telephones; computer programs for internet of things [iot] enabled devices; computer programs for accessing and using the internet; computer programs for connecting remotely to computers or computer networks; computer programs for connecting to remote computers and computer networks; computer programs for data processing; computer programs for document management; computer programs for editing images, sound and video; computer programs for electronic trading of currency; computer programs for electronic trading of virtual currency; computer programs for enabling access or entrance control; computer programs for generating music; computer programs for processing data; computer programs for processing digital music files; computer programs for project management; computer programs for searching remotely for content on computers and computer networks; computer programs for the enabling of access or entrance control; computer programs for the management of sales; computer programs for use in telecommunications; computer programs for user interface design; computer programs for using the internet and the world wide web; computer programs for video and computer games; computer programs stored in digital form; computer programs, downloadable; computer programs, recorded; computer screen filters; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer shareware; computer software; computer software and hardware; computer software and telecommunications apparatus to enable connection to databases and the internet; computer software and telecommunications apparatus, including modems, to enable connection to databases and the internet; computer software and telecommunications apparatus, including modems, to enable connection to databases, computer networks and the internet; computer software and telecommunications apparatus, including modems, to enable connection to databases, computer networks, global computer networks and the internet; computer software applications, downloadable; computer software designed to estimate costs; computer software designed to estimate resource requirements; computer software development tools; computer software downloaded from the internet; computer software for global positioning systems [gps]; computer software for accessing information directories that may be downloaded from a global computer network; computer software for administration of computer local area networks; computer software for administration of local area networks; computer software for aiding the development of blockchain-based applications; computer software for application and database integration; computer software for arcade apparatus and games; computer software for blockchain data mining; computer software for blockchain mobile applications and wallets; computer software for blockchain technology;

computer software for blockchain technology and cryptocurrency; computer software for business purposes; computer software for communicating with users of hand-held computers; computer software for communicating with users of handheld computers; computer software for computer-aided design/computer-aided manufacturing [cad/cam]; computer software for controlling and managing access server applications; computer software for controlling self-service terminals; computer software for controlling the operation of audio and video devices; computer software for converting document images into electronic formats; computer software for creating and editing music and sounds; computer software for creating digitized patterns; computer software for creating maps; computer software for creating music; computer software for creating searchable databases; computer software for cross blockchain transfers; computer software for cryptocurrency asset management; computer software for data and document capture, transmission, storage and indexing; computer software for data processing; computer software for database management; computer software for developing, building, and operating consumer blockchain applications; computer software for electronic trading of currency; computer software for electronic trading of virtual currency; computer software for encryption; computer software for facsimile, e-mail, voice mail or internet messaging; computer software for facsimile, electronic mail, voice mail or internet messaging; computer software for facsimile, email, voice mail, or internet messaging; computer software for global positioning systems; computer software for image processing; computer software for interacting with blockchain platforms; computer software for mobile phones; computer software for optical character recognition; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer software for processing digital music files; computer software for processing images, graphics and text; computer software for processing information; computer software for producing financial models; computer software for project management; computer software for synchronizing data between handheld or portable computers and host computers; computer software for the creation of firewalls; computer software for the management of sales; computer software for transmission of sound and video messages; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use in automating and managing business processes; computer software for use in creating and designing web sites; computer software for use in creating and designing websites; computer software for use in map making; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in the field of telecommunications for providing electronic transmission of documents and facsimile transmission; computer software for virtual telephone cards; computer software for wireless content delivery; computer software for wireless network communications; computer software for word processing; computer software packages; computer software platforms; computer software platforms, recorded or downloadable; computer software products; computer software programs; computer software programs for database management; computer software that assists computers in deploying parallel applications and performing parallel computations; computer software to automate data warehousing; computer software to enable searching of data; computer software to enable the transmission of photographs to cell phones; computer software to enable the transmission of photographs to cellular phones; computer software to enable the transmission of photographs to cellular telephones; computer software to enable the transmission of photographs to mobile phones; computer software to enable the transmission of photographs to mobile telephones; computer software to enhance the audiovisual capabilities of multimedia applications; computer software to maintain and operate computer systems; computer software, firmware and hardware; computer software, recorded; computer stands specially designed for holding a computer, printer and accessories; computer sticks; computer styluses; computer systems; computer telephony software; computer terminals; computer terminals for banking purposes; computer touchscreens; computer user manuals in electronic format; computer user manuals in the form of downloadable electronic publications; computer utility programs; computer utility programs for computer maintenance; computer utility programs for data compression; computer utility programs for file management; computer utility software, downloadable; computer video game software; computer video game software and manuals in electronic format sold as a unit; computer whiteboard software; computer workstations [hardware]; computer-controlled electronic apparatus for electrophysiological measurement and testing of cells, not for medical purposes; computer-generated holograms [cgh]; computer-generated imagery [cgi] software; computerized digital maps; computerized personal organizers; computerized time clocks with fingerprint recognition; computerized vehicle engine analyzers; computers; computers and instructional manuals in electronic format sold as a unit; computers for use in data management; concentration meters; concrete testing machines; condenser tubes for laboratory use; condensers [capacitors]; conductivity meters; conductivity meters [scientific measuring instruments]; conductivity meters being scientific measuring instruments; conductors, electric; conference phones; connected bracelets [measuring instruments]; connections for electric lines; connections, electric; connectors [electricity]; connectors for charging electronic devices used for heating tobacco; connectors for electronic circuits; connectors for telecommunications apparatus; constant humidity incubators for laboratory use; constant temperature incubators for laboratory use; consumer coupons in electronic form; consumer video game programs; contact lens blanks; contact lens cases; contact lens containers; contact lenses; contacts, electric; contacts, electric, of precious

metal; containers adapted for carrying semiconductor wafers; containers adapted for containing semiconductor wafers; containers for contact lenses; containers for microscope slides; continuity testers; control panels [electricity]; control panels for elevators; control panels for gates; control panels for lifts; control panels for security alarms; control valves for regulating the flow of gasses and liquids [solenoid valves]; converters for electric plugs; converters, electric; coolant-temperature sensors; coordinate measuring instruments; coordinate measuring machines; copper panels for circuit boards; copper wire, insulated; cordless telephone apparatus; cordless telephones; cords for eyeglasses; cords for eyeglasses and sunglasses; cords for pince-nez; cords for spectacles; cords for spectacles and sunglasses; cords for sunglasses; correcting lenses; correcting lenses [optics]; corrective eyeglasses; corrective spectacles; cosmographic instruments; cotton swabs for laboratory use; counterfeit coin detectors; counters; couplers [data processing equipment]; couplings, electric; covers for mp3 players; covers for pdas; covers for binoculars; covers for camcorders; covers for cameras; covers for cell phones; covers for cellular phones; covers for cellular telephones; covers for data storage devices; covers for digital media players; covers for electric outlets; covers for electronic devices; covers for laptops; covers for mobile phones; covers for mobile telephones; covers for music storage devices; covers for personal digital assistants [pdas]; covers for portable media players; covers for smartphones; covers for tablet computers; covers for telephone receivers; covers for video cameras; crack meters [measuring instruments]; crash helmets; crash helmets for motorcyclists; crash test dummies; credit card encoding machines [computer peripherals]; credit card terminals; credit card-style usb flash drives; credit screening software; cross-platform software; crucibles [laboratory]; crucibles for laboratory use; cryostats for laboratory use; cryptocurrency exchange software; cryptocurrency hardware wallets; crystalline silicon solar cells; cupels [laboratory]; cupels for laboratory use; currency authentication apparatus and equipment; currency counting machines; currency detectors; currency sorting machines; currency validators; current meters; current pulse generators; current rectifiers; current transformers; cut-out switches; cuvettes for laboratory use; cybergloves; cycle computers; cycle meters; cycling computers; cyclocomputers; cyclometers; cyclotrons; cryogenic turbine meters; daisy wheel printers; darkroom lamps; darkroom lamps [photography]; darkrooms; darkrooms [photography]; dashboard cameras; data cables; data carriers containing stored typography typefaces; data communication apparatus and instruments; data communication apparatus that transmit data and information to databases; data communications equipment; data compact discs; data compression software; data gloves; data gloves for wireless interaction with a computer or remote device; data gloves incorporating haptic sensors; data gloves incorporating motion sensors; data gloves incorporating position sensors; data loggers; data meters; data processing apparatus; data processing apparatus and computers; data processing equipment; data processing programmes; data processing programs recorded on machine-readable data carriers; data processing software; data processing software for graphic representations; data processing systems; data processors; data storage apparatus; data storage devices; data storage devices being disks; data storage devices being floppy disks; data storage devices being magnetic tapes; data storage devices in the nature of disks; data storage devices in the nature of floppy disks; data storage devices in the nature of magnetic tapes; data synchronization cables; data transmission cables; data-processing apparatus; database management software; daughterboards; decantation funnels for laboratory use; decantation pears for laboratory use; decanting funnels for laboratory use; decanting pears for laboratory use; decoder software; decoders for television sets; decompression chambers; decorative covers for smoke detectors; decorative covers, shaped, for smoke detectors; decorative dials for thermostats; decorative fridge magnets; decorative magnets; decorative magnets in the shape of animals; decorative magnets in the shape of letters; decorative magnets in the shape of numbers; decorative refrigerator magnets; decorative smoke detector covers, shaped; decorative switch plate covers; decorative switch plate covers, shaped; decorative wind socks for indicating wind direction; dedicated servers; demagnetizers for magnetic tapes; demagnetizing apparatus for magnetic tapes; demodulators; demultiplexers; densimeters; densitometers; depth gauges; desk or car mounted units incorporating a loudspeaker to allow a telephone handset to be used hands-free; desktop computers; desktop printers; desktop publishing software; detectors; detectors for internet of things [iot] enabled devices; devices for analyzing genome information; devices for generating smoke for signaling; devices for hands-free use of cell phones; devices for hands-free use of cellular phones; devices for hands-free use of cellular telephones; devices for hands-free use of mobile phones; devices for hands-free use of mobile telephones; devices for playing sound and image carriers; devices for protection against x-rays, not for medical purposes; devices for recording sound and image carriers; devices for the projection of virtual keyboards; devices for the recording, transmission and playback of sound and images; diagnostic apparatus, not for medical purposes; diaphragms [acoustics]; diaphragms [photography]; diaphragms for scientific apparatus; dictating machines; dictation machines; dictionaries in electronic form; diesel fuel injector testers; diesel injector testers; lanyards for safety purposes for fall protection; laptop carrying cases; laptop cases; laptop computers; laptop covers; laptop docking stations; laptop sleeves; large-scale integrated circuits; large-screen lcds; large-screen liquid crystal displays [lcds]; laser diodes; laser discs; laser distance meters [measuring apparatus]; laser distance meters being measuring apparatus; laser measuring systems; laser pointers; laser printers; lasers for measuring; lasers for measuring purposes; lasers, not for medical purposes; lasers, not for medical use; latching relays; leather cases for cell phones; leather cases for cellular phones; leather cases for cellular telephones; leather cases for mobile phones; leather cases for mobile telephones; length measuring gauges; lens barrels for microscopes; lens barrels for telescopes; lens filters for cameras; lens hoods; lens hoods for cameras; lens shutters for cameras; lenses for astrophotography; lenses for binoculars; lenses for cameras; lenses for eyeglasses; lenses for microscopes; lenses for monoculars; lenses for photographic apparatus; lenses for protective face-shields for workmen; lenses for protective masks for workmen; lenses for spectacles; lenses for sunglasses; lenses for telescopes; lenses for use with still cameras; lenses for video cameras; lenses for workmen's protective face-shields; lenses for workmen's protective masks; letter scales; letter scales for domestic use; letter scales for office use; level converters; level gauges; level indicators; level sensors; leveling instruments; leveling rods for surveying; levelling instruments; levelling rods for surveying; levelling

staffs [surveying instruments]; levels [instruments for determining the horizontal]; lever scales; lever scales [steelyards]; life belts; life buoys; life jackets; life jackets for pets; life nets; life preservers; life rafts; life saving apparatus and equipment; life saving rafts; life vests; lifebelts; lifeboats; lift control panels; light barrier; light curtain; light dimmers; light dimmers [regulators], electric; light dimmers, electric; light emitting diode [led] displays; light emitting diode displays; light emitting diodes; light emitting diodes [leds]; light meters; light pens; light regulators [dimmers], electric; light regulators, electric; light switches; lighting ballasts; lighting control apparatus; lighting control software for use in commercial and industrial facilities; lightning arresters; lightning conductors; lightning rods; limiters [electricity]; liquid chromatography apparatus for laboratory use; liquid crystal display [lcd] monitors; liquid crystal display [lcd] panels; liquid crystal display [lcd] projectors; liquid crystal display [lcd] screens; liquid crystal display [lcd] televisions; liquid crystal display monitors; liquid crystal display panels; liquid crystal display projectors; liquid crystal display screens; liquid crystal display televisions; liquid crystal displays; liquid crystal displays [lcds] for home theaters; liquid crystal displays [lcds] for home theatres; liquid level sensors; lithium batteries; lithium ion batteries; lithium secondary batteries; local area network [lan] access points; local area network [lan] access points for connecting network computer users; local area network [lan] computer cards; local area network [lan] computer cards for connecting portable computer devices to computer networks; local area network [lan] hardware; local area network [lan] operating software; locks for vehicles, electric; locks, electric; locks, electronic; logic circuits; logs [measuring instruments]; long range transceivers; long range transmitters; lognettes; loudspeaker cabinets; loudspeaker systems; loudspeaker units; loudspeakers; loudspeakers with built-in amplifiers; low profile dc/dc converters; luminescence measuring devices; luminous beacons; luminous beacons for safety or warning purposes; luminous flux meters; luminous or mechanical road signs; luminous or mechanical signaling panels; luminous or mechanical signals; luminous or mechanical traffic signs; luminous road signs; luminous safety beacons; luminous signs; luminous traffic signs; machine-readable data carriers; machine-readable data carriers for household appliances; machine-readable data carriers recorded with programs; machines for developing cinematographic films; machines for developing movie films; macro lenses for cameras; magnetic agitators for laboratory use; magnetic and optical data carriers; magnetic cabinet door catches; magnetic coded card readers; magnetic coils; magnetic compasses; magnetic compasses for surveying; magnetic cores; magnetic data carriers; magnetic data carriers and recording discs; magnetic data media; magnetic disks; magnetic encoded card readers; magnetic encoded identification bracelets; magnetic encoders; magnetic field generators other than for medical use; magnetic head cleaners; magnetic head cleaners [apparatus]; magnetic head cleaning apparatus; magnetic identification cards; magnetic identifying cards; magnetic identity cards; magnetic labels; magnetic locks; magnetic recording media; magnetic resonance imaging [mri] apparatus, not for medical purposes; magnetic resonance quantum analyzers; magnetic separators for scientific purposes; magnetic separators for scientific use; magnetic stripe readers; magnetic stud finders; magnetic tape cleaners; magnetic tape cleaners [apparatus]; magnetic tape cleaning apparatus; magnetic tape drives; magnetic tape erasers; magnetic tape recorders; magnetic tape units for computers; magnetic tapes; magnetic telephone cards; magnetic wall stud finders; magnetic wires; magnetically encoded bank cards; magnetically encoded cards for carrying data; magnetically encoded charge cards; magnetically encoded credit cards; magnetically encoded debit cards; magnetically encoded gift cards; magnetically encoded identification bracelets; magnetically encoded key cards; magnetically encoded labels; magnetically encoded payment cards; magneto-optical and optical data carriers; magneto-optical discs; magneto-optical disks; magnetometers; magnets; magnets for industrial purposes; magnifying eyeglasses; magnifying glasses; magnifying glasses [optics]; magnifying lenses; magnifying peepholes for doors; magnifying rulers; magnifying spectacles; mains chargers; manipulators for the remote operation of robotic arms; manometers; manual telegraph apparatus; marine compasses; marine depth finders; marine radios; maritime patrol radars; marker buoys; marking buoys; marking gauges; marking gauges [joinery]; marking gauges for joinery purposes; mask aligners; masks for diving; masks for protection against dust; masks for scuba diving; masks for snorkelling; masks for swimming; master ring gauges; masts for wireless aerials; material testing instruments; material testing instruments and machines; material testing machines; materials for electricity mains [wires, cables]; math coprocessors; mathematical instruments; measurement transducers; measures; measuring and control apparatus and instruments; measuring and control devices for air-conditioning technology; measuring and testing machines and instruments; measuring apparatus; measuring apparatus and instruments; measuring apparatus, devices and instruments; measuring bowls; measuring buckets; measuring cups; measuring devices, electric; measuring glassware; measuring instruments; measuring jugs; measuring or testing machines and instruments; measuring rods; measuring rulers; measuring rules; measuring scoops; measuring spoons; measuring tapes; measuring transducers; measuring wheels; meat thermometers; mechanical egg timers; mechanical metronomes; mechanical road signs; mechanical signs; mechanical traffic signs; mechanisms for coin operated apparatus; media bottles for laboratory use; megaphones; memories for use with computers; memory boards; memory card readers; memory cards [computer hardware]; memory cards for cameras; memory cards for video game machines; memory devices for use with data processing apparatus; memory expansion cards; memory expansion modules; memory storage devices; mercury levels; mercury switches; meridian transit telescopes; metal compression testing

machines; metal detectors; metal detectors for industrial or military purposes; metal hardness testing machines; metal strength testing machines; metallurgical microscopes; meteorological balloons; meteorological instruments; metering apparatus for dispensing perfumes in measured quantities; meters; meters for checking ink consumption; meters for measuring alkalinity; meters for measuring current; meters for measuring electric current; meters for measuring electrical current; meters for measuring electrical resistance; meters for measuring electrical voltage; meters for measuring gaseous flow; meters for measuring resistance; meters for measuring values of electrical parameters; meters for measuring voltage; meters for testing humidity; metronome software; metronomes; mice [computer peripherals]; micro usb cables; micro-computers; microchip cards; microchips; microchips [computer hardware]; microcircuits; microcomputers; microcontrollers; microfiches; microfilm readers; microhardness testers; micrometer gauges; micrometer screws for optical instruments; micrometers; microphone cables; microphone mixers; microphone stands; microphones; microphones for communication devices; microphones for telecommunication apparatus; microplate readers; microprocessors; microscope condensers; microscope lamps; microscope lenses; microscope slides; microscope slides for laboratory use; microscopes; microscopes for operations; microtomes; microwave antennas; microwave ovens for laboratory use; mileage recorders for vehicles; military tactical vests; millivolt meters; mine detecting apparatus; mineral insulated electric cables; miniature hard disk drive storage units; minicomputers; mirrorless cameras; mirrors [optics]; mirrors for inspecting work; mobile application software; mobile application software for booking taxis; mobile applications for booking taxis; mobile computers; mobile data receivers; mobile phone batteries; mobile phone battery chargers for use in vehicles; mobile phone cases; mobile phone cases made of leather or imitations of leather; mobile phone cases or covers; mobile phone covers; mobile phone covers made of cloth or textile materials; mobile phone holders; mobile phone holders for vehicles; mobile phone straps; mobile phones; mobile phones having large keys and numbers that assist users having impaired vision or dexterity; mobile radios; mobile software; mobile telecommunications devices; mobile telecommunications handsets; mobile telephone apparatus with built-in facsimile systems; mobile telephone batteries; mobile telephone battery chargers for use in vehicles; mobile telephone cases; mobile telephone cases and covers; mobile telephone cases made of leather or imitations of leather; mobile telephone covers; mobile telephone covers made of cloth or textile materials; mobile telephone holders; mobile telephone straps; mobile telephones; mobile telephones having large keys and numbers that assist users having impaired vision or dexterity; mobiles [telecommunication devices]; modem cables; modems; modular phones; modular smartphones; moisture meters; money counting and sorting machines; monitoring apparatus for internet of things [iot] enabled devices; monitoring apparatus, other than for medical purposes; monitors [computer hardware]; monitors [computer programs]; monacle frames; monacles; monolithic ceramic capacitors; monopods for cameras; motherboards; motion detectors; motion picture cameras; motion picture projectors; motion picture screens; motion sensors; motion sensors for computer and video games; motion sensors for security lights; motion-activated cameras; motor vehicle power locks; motorcycle goggles; motorcycle helmets; mounting brackets adapted for computer monitors; mounting brackets adapted for computers; mounting racks adapted for computer hardware; mounting racks adapted for telecommunications hardware; mounting racks for computer hardware; mounting racks for telecommunications hardware; mounts for helmet cameras; mouse [computer peripheral]; mouse mats; mousepads; mouth guards for athletic use; mouth guards for sports; movie film developing machines; movie projectors; mp4 players; multi-core microprocessors; multi-core processors; multi-purpose cameras; multichannel sound processors; multifocal eyeglass lenses; multifocal eyeglasses; multifocal spectacle lenses; multifocal spectacles; multifunction computer keyboards; multifunction keyboards for computers; multilayer printed wiring boards; multimedia accelerator boards; multimedia apparatus and equipment; multimedia apparatus and instruments; multimedia projectors; multimedia software recorded on cd-rom; multimeters; multimeters for measuring electric current; multimeters for measuring electrical resistance; multimeters for measuring electrical voltage; multiple purpose cameras; multiplexers; multiplexors; multipurpose cameras; music composition software; music headphones; music systems; musical instrument amplifiers; musical juke boxes; musical sound recordings; musical video recordings; nanoparticle size analyzers; nautical apparatus and instruments; naval signaling apparatus; navigation apparatus for boats; navigation apparatus for vehicles [on-board computers]; navigation apparatus for vehicles in the nature of on-board computers; navigation computers for cars; navigational buoys; navigational instruments; navigational satellites; needles for record players; needles for surveying compasses; neon signs; netbook computers; netbooks [computers]; nets for protection against accidents; network access server hardware; network access server operating software; network cards; network facsimile servers; network interface cards; network operating system programs; network operating system programs for mobile phones; network printers; network routers; network servers; nickel-cadmium batteries; nickel-cadmium storage batteries; night vision goggles; no-go ring gauges; noise cancelling headphones; noise cancelling headphones for workers; noise level meters; noise meters; non-explosive fog signals; non-fiction electronic books recorded on computer media; non-fiction electronic books, downloadable; non-impact printers; nonlinear optical fibers; nose clips for divers; nose clips for divers and swimmers; nose clips for swimmers; nose clips for swimming; nose pads for eyeglasses; nose pads for eyewear; nose pads for spectacles; nose pads for sunglasses; notebook computer carrying cases; notebook computer cooling pads; notebook computers; objectives;

objectives [lenses]; objectives [lenses] [optics]; objectives [optics]; observation instruments; octants; oculars; odometers; ohmmeters; oil level indicators for vehicles; oil level sensors; opacimeters; open-source software [oss]; opera glasses; operating and user instructions for computer software stored in digital form; operating and user instructions for computer software stored in digital form on cd-rom; operating and user instructions for computers stored in digital form; operating and user instructions stored in digital form; operating microscope stands; operating software for network access servers; operating system programs; operating systems for robots; ophthalmic lenses; optical and magnetic data media; optical apparatus and instruments; optical apparatus for guiding projectiles; optical breadboards; optical cables; optical character readers; optical character recognition [ocr] apparatus; optical condensers; optical data carriers; optical data media; optical disc drives; optical disc players; optical disc readers; optical discs; optical discs featuring music; optical fibre cables; optical fibre connectors; optical fibres; optical fibres [light conducting filaments]; optical fibres for the transmission of sounds and images; optical filters; optical frequency metrology devices; optical glass; optical inspection apparatus for industrial use; optical inspection apparatus for the traceability of pharmaceutical preparations and pharmaceutical packages; optical lamps; optical lanterns; optical lens blanks; optical lens sights; optical lenses; optical lenses for sunglasses; optical lenses for use with sunglasses; optical mirrors; optical phase shifters; optical power meters; optical profilers; optical readers; optical receivers; optical reflectors; optical scanners; optical semiconductor amplifiers; optical sensors; optical shutters; optical transceivers; optical transmitters; optical viewing and recording apparatus; optically encoded labels; organic light-emitting diode [oled] display panels; organic light-emitting diode [oled] displays; organic light-emitting diode [oled] screens; organic light-emitting diode [oled] televisions; oscillators; oscillographs; oscilloscopes; ovens for laboratory experiments; ovens for laboratory use; over-voltage protection relays; overhead projectors; oxygen breathing apparatus, other than for artificial respiration; oxygen masks, not for medical purposes; oxygen masks, not for medical use; oxygen masks, other than for medical use; oxygen monitors, not for medical purposes; oxygen monitors, other than for medical use; mouth guards; oxygen regulators; oxygen sensors, not for medical use; oxygen sensors, other than for medical use; oxygen transventing apparatus; ozonisers; ozonisers [ozonators]; ph meters; packaged software; padlocks, electronic; pagers; paging apparatus; paging equipment; palmtop computers; paper covers for telephone receivers; paper currency detectors; parabolic aerials; parabolic antennas; parking meters; parking sensors for vehicles; particle accelerators; particle accelerators [machines]; particle emission monitors; particle flow monitors; particle generators; particle size analyzers; parts and accessories for eyeglasses; parts and accessories for spectacles; parts for eyeglasses; parts for spectacles; passports [magnetically encoded identification document]; pattern recognition systems composed of computer chips, computer hardware and software; pedometers; peepholes; peepholes [magnifying lenses] for doors; peepholes for doors [magnifying lenses]; peripheral equipment for computers and data processing equipment; periscopes; personal alarm apparatus; personal alarms; personal computers; personal digital assistants [pdas]; personal digital assistants in the shape of a watch; personal flotation devices; personal security alarms; personal speakers; personal stereos; personal video recorders [pvrs]; personal weighing scales; personnel tracking devices; petrol gauges; phablets; phase angle meters; phase indicators; phase modifiers; phone extension leads; phonograph needles; phonograph record players; phonograph records; phonograph records featuring music; phonographic records; phonographs; photo booths; photo potentiometers; photo printers; photocells; photocopyers; photocopyers [photographic, electrostatic, thermic]; photocopy machines; photocopying apparatus; photocopying machines; photodiodes; photoelectric cells; photograph developing apparatus; photograph projection apparatus; photographic and cinematographic apparatus and instruments; photographic apparatus and equipment; photographic apparatus and instruments; photographic cameras; photographic cameras for the instant production of pictures; photographic equipment; photographic exposure meters; photographic filters; photographic flash units for cameras; photographic flashbulbs; photographic instruments and apparatus; photographic lenses; photographic lenses for use in aerial photography; photographic machines and apparatus; photographic negatives; photographic objectives for use in aerial photography; photographic projectors; photographic racks; photographic slide transparencies; photographic slides; photographic transparencies; photographic viewfinders; photographic, cinematographic and optical apparatus and instruments; photography darkroom lamps; photography drying racks; photography projectors; photomasks; photometers; photomultiplier tubes; photoresistors; photosensors; phototelegraphy apparatus; phototubes; photovoltaic apparatus and installations for generating solar electricity; photovoltaic apparatus for converting solar radiation to electrical energy; photovoltaic cells; photovoltaic cells and modules; photovoltaic installations for generating electricity [photovoltaic power plants]; photovoltaic inverters; photovoltaic modules; pickups for telecommunication apparatus; picture projectors; piezoceramic modules for high voltage generation; piezoelectric sensors; piezoelectric switches; pince-nez; pince-nez cases; pince-nez chains; pince-nez mountings; pipeclay triangles for laboratory use; pipette racks for laboratory use; pipette tips for laboratory use; plane tables; plane tables [surveying instruments]; planetarium projectors; planetariums [optical devices]; planimeters; plasma display panel [pdp] televisions; plasma display panels; plasma screens; plasma televisions; plastic and cardboard cases adapted for the storage of record albums; plastic covered electric wires; plastic screen protectors adapted for portable electronic

devices other than gaming apparatus; plastic testing machines; plastic-coated electrical wires; plate cameras; plates for batteries; plates for electric accumulators; plotters; plug adapters; plug adaptors; plug connectors; plug gauges; plug-in being downloadable software; plug-in connectors; plugboards; plugs for charging electronic devices used for heating tobacco; plumb bobs; plumb levels; plumb lines; pocket calculators; pocket computers for note-taking; pocket scales; pocket translators, electronic; point-of-sale [pos] terminals; point-of-sale terminals; polarimeters; polarization-maintaining optical fibres; polarizing eyeglasses; polarizing microscopes; polarizing spectacles; pollutant sensors; polyethylene measuring cups; polygraph machines; polygraph machines, not for medical purposes; polygraph machines, other than for medical purposes; polymer light-emitting diodes; polymer light-emitting diodes [pled]; polyphase electricity meters; pool alarms; portable dvd players; portable mp3 players; portable computers; portable digital electronic scales; portable electric power supplies for electronic cigarettes; portable electric power supplies for electronic devices used for heating tobacco; portable facsimile machines; portable fax machines; portable flash memory devices; portable media players; portable multimedia players; portable multimedia players [pmpls]; portable music players; portable power supplies for electronic cigarettes; portable power supplies for electronic devices used for heating tobacco; portable radios; portable speakers; portable vibration speakers; portable weighing scales for weighing fish; position sensors; positive displacement meters; potentiometers; power adapters; power adapters for computers; power adaptors; power amplifiers; power cables; power connectors; power controllers; power distributing apparatus for street lighting; power distribution boxes; power distribution or control machines and apparatus; power distribution panels; power distribution systems; power generation monitoring apparatus; power installations other than generators; power inverters; power line conditioners; power line phase meters; power locks for motor vehicles; power mixers [audio apparatus]; power strips; power strips with moveable sockets; power switches; power system meters; power wires; power-line transmission apparatus; pre-amplifiers; preamplifiers; precipitated beakers for laboratory use; precision balances; precision measuring apparatus; precision theodolites; prepaid telephone calling cards, magnetically encoded; prerecorded cd-is; prerecorded cd-is [compact disc interactive]; prerecorded cd-roms; prerecorded cds; prerecorded dvds; prerecorded dvds featuring music; prerecorded usb flash drives; prerecorded audio cassettes; prerecorded audio discs; prerecorded audio tapes; prerecorded audio tapes featuring music; prerecorded compact discs; prerecorded data carriers for use with computers; prerecorded digital audio tapes; prerecorded digital video discs; prerecorded video cassettes featuring music; prerecorded videodiscs; prerecorded videos; prerecorded videotapes; prerecorded videotapes featuring music; prescription eyeglasses; prescription eyewear; prescription goggles for sports; prescription goggles for swimming; prescription spectacles; prescription sunglasses; pressure gauges; pressure indicating plugs for valves; pressure indicator plugs for valves; pressure indicators; pressure measuring apparatus; pressure meters; pressure recording apparatus; pressure sensors; pressure-to-current converters; print heads for computer printers; print heads for inkjet printers; print heads for plotters; printed circuit boards; printed circuit boards incorporating integrated circuits; printed circuits; printed electronic circuits; printer cables; printers for use with computers; prisms [optics]; prisms for microscopes; prisms for optical apparatus; prisms for optical devices; prisms for optical purposes; prisms for optical use; prisms for scientific purposes; prisms for telescopes; privacy protection software; privacy screen protectors adapted for cell phones; privacy screen protectors adapted for cellular phones; privacy screen protectors adapted for laptops; privacy screen protectors adapted for personal digital assistants; privacy screen protectors adapted for personal digital assistants [pdas]; privacy screen protectors adapted for smartphones; privacy screen protectors for mobile telephones; private branch exchanges; probe cards; probes for scientific purposes; probes for testing integrated circuits; probes for testing semiconductors; processors [central processing units]; profile projectors; programmable digital television recorders; programs recorded on electronic circuits for amusement apparatus with liquid crystal screens; progressive addition lenses for eyeglasses; progressive addition lenses for spectacles; progressive eyeglass lenses; progressive spectacle lenses; projected capacitive touch sensors; projection apparatus; projection keyboards; projection screens; projection screens for cinematographic films; projection screens for movie films; projectors; projectors for the entertainment industry; protection devices against roentgen rays, not for medical purposes; protection devices against x-rays [roentgen rays], not for medical purposes; protection devices against x-rays, not for medical purposes; protection devices for personal use against accidents; protective boots; protective boots for protection against accidents or injury; protective breathing masks, other than for artificial respiration; protective cases for mp3 players; protective cases for cell phones; protective cases for cellular phones; protective cases for cellular telephones; protective cases for electronic book readers; protective cases for mobile phones; protective cases for mobile telephones; protective cases for personal digital assistants [pdas]; protective cases for tablet computers; protective clothing [body armour]; protective clothing against accidents; protective clothing made from ballistic resistant materials; protective covers and cases for tablet computers; protective covers for electronic book

readers; protective covers for smartphones; protective covers for tablet computers; protective eyeglasses; protective eyewear; protective face-shields for workmen; protective films adapted for cellular phones; protective films adapted for computer screens; protective films adapted for screens for tablet computers; protective films adapted for smartphone screens; protective films adapted for smartphones; protective films adapted for tablet computer screens; protective footwear; protective goggles; protective goggles for animals; protective goggles for dogs; protective goggles for pets; protective helmets; protective helmets for boxing; protective helmets for children; protective helmets for cyclists; protective helmets for military use; protective helmets for motorcyclists; protective helmets for motorists; protective helmets for sports; protective masks; protective sheaths for fiber optical cables; protective sheaths for fibre optical cables; protective shoes; protective shoes for protection against accidents or injury; protective spectacles; protective sports helmets; protective suits for aviators; protractors [measuring instruments]; proximity sensors; public address systems; public telephones; pulse generators for electronic revolution counters; pulse generators other than for medical use; punch clocks; punched card machines for offices; punched card office machines; push buttons for bells; pyrometers; quantity indicators; quantum dot light-emitting diode [qled] display panels; quantum dot light-emitting diode [qled] displays; quantum dot light-emitting diode [qled] screens; quantum dot light-emitting diode [qled] televisions; quantum dot light-emitting diodes [qled]; quantum dots [crystalline semi-conductor materials]; quantum magnetic resonance analyzers; quartz crystal oscillators; quartz glass thermometers; racks adapted for amplifiers; racks adapted for loudspeakers; radar; radar antennas; radar apparatus; radar detectors; radar displays; radar domes for aircrafts; radar domes for vehicles for locomotion by land, air, water or rail; radar guns for sporting events; radar jamming apparatus; radar receivers; radar receivers with amplifiers; radar reflector apparatus; radar transmitters; radiation detectors; radiation dosimeters; radiation measuring apparatus; radiation measuring instruments; radio aerials; radio and television aerials; radio and television antennas; radio and television apparatus; radio antennas; radio apparatus; radio apparatus and instruments; radio buoys; radio direction finders; radio frequency adapters; radio frequency adaptors; radio frequency amplifiers; radio frequency antennas; radio frequency filters; radio frequency mixers; radio frequency modulators; radio frequency power meters; radio frequency receivers; radio frequency repeaters; radio frequency transmitters; radio pagers; radio receivers; radio receivers and transmitters; radio receivers for remote controls; radio receiving and transmitting apparatus; radio relay cables; radio sets; radio signal antennas; radio signal tuners; radio telephones; radio transceivers; radio transmitters; radio transmitters and receivers; radio transmitters for remote controls; radio tuners; radioactivity measuring apparatus; radioactivity measuring instruments; radiological apparatus for industrial purposes; radiology screens for industrial purposes; radiometers; radiometers for use in research; radios; radios for vehicles; radios incorporating alarm clocks; radios incorporating clocks; radiotelegraphy sets; radiotelephones; radiotelephony sets; radomes [radar domes] for aircrafts; radomes [radar domes] for vehicles for locomotion by land, air, water or rail; radon detectors; railway signal apparatus, luminous or mechanical; railway signals; railway traffic safety appliances; rain gauges; random access memory [ram] cards; random access memory cards; range finders; range finders for cameras; rangefinders for golf; raster image processors; readers [data processing equipment]; reading eyeglasses; reading glasses; reading spectacles; reagent bottles for laboratory use; rearview cameras for vehicles; rebreathers for diving; receiving antennas for satellite broadcast; receptacles for contact lenses; rechargeable batteries; rechargeable electric batteries; rechargers for electric accumulators; record decks; record players; record players incorporating a compact disc player; record playing apparatus and instruments; record turntables; recorded and downloadable media; recorded compact discs; recorded computer anti-virus software; recorded computer game programs; recorded computer game software; recorded computer gaming software for gambling; recorded computer operating programs; recorded computer programmes; recorded computer software; recorded media; recorded or downloadable media, computer software, blank digital or analogue recording and storage media; recorded programs for hand-held games with liquid crystal displays; recorded videodisks and tapes; recorded videodisks and tapes; recording discs; rectifier modules; rectifier tubes; rectifiers [electricity]; reducers [electricity]; redundant array of independent disks [raid] controllers; reflective apparel and clothing for the prevention of accidents; reflective articles for wear, for the prevention of accidents; reflective safety vests; reflectors for microscopes; reflectors for photography; reflectors for telescopes; reflectors for traffic signals; reflectors for use in photography; refractometers; refractors; refrigerant meters; refrigerator magnets; regulating apparatus, electric; regulators for scuba diving; regulators for use in scuba diving; relays for radio and television stations; relays, electric; remote control apparatus and instruments; remote control apparatus for air-conditioning installations; remote control apparatus for compressors; remote control apparatus for opening and closing doors; remote control apparatus for opening and closing vehicle doors; remote control apparatus for the opening and closing of vehicle doors; remote control apparatus for vacuum pumps; remote control apparatus; remote control receivers; remote control telemetering apparatus; remote control transmitters; remote controls; remote controls for air-conditioning apparatus; remote controls for operating alarm systems; remote controls for operating vehicle alarms; remote controls for projectors; remote controls for radios; remote controls for stereos; remote controls for televisions; remote temperature sensors; remotely deployable spike strips used to stop cars by puncturing tyres; repeaters for radio and television stations; replacement ear pads for headphones; replacement lenses for eyeglasses; replacement lenses for spectacles;

rescue flares, non-explosive and non-pyrotechnic; rescue laser signaling flares; research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids; reserve electrical power supply apparatus other than generators; residual gas analyzers; resistance measuring instruments; resistance wires; resistances, electric; resonators; respirators for filtering air; respirators, other than for artificial respiration; respiratory mask filters; respiratory masks, other than for artificial respiration; resuscitation mannequins; resuscitation mannequins [teaching apparatus]; resuscitation training simulators; retinal cameras, other than for medical use; retorts; retorts' stands; reusable dispenser syringes for laboratory use; revolution counters; rheometers; rheostats; riding helmets; ring buoys for use in water rescue; ring gauges; ring sizers; ring tones, graphics and music downloadable via a global computer network and wireless devices; road signs, luminous; road signs, luminous or mechanical; road signs, mechanical; robot operating system [ros]; robotic arms for laboratory purposes; rods [surveying instruments]; rods for water diviners; rotary converters; rotary encoders; rotary gas meters; rotating signaling lights; round plug connectors; rubber covered electrical wires; rulers [measuring instruments]; rules [measuring instruments]; saccharometers; safety and life saving apparatus and equipment; safety and life saving equipment; safety and security apparatus and instruments; safety clothing for protection against accident or injury; safety covers for electrical sockets; safety footwear for protection against accident or injury; safety glasses [optics]; safety goggles; safety harnesses, other than for vehicles or sports purposes; safety helmets; safety markers; safety nets; safety restraints being fall protection equipment for fall restraint and fall arrest, other than sports equipment; safety restraints, other than for vehicle seats and sports equipment; safety tarpaulins; safety valves for flow shutoff in well construction [solenoid valves]; safety vests for water-skiing; salinometers; sandglasses; satellite aerials; satellite antennas; satellite broadcast receiving and decoding apparatus and instruments; satellite dishes; satellite finder meters; satellite navigation devices; satellite navigation systems; satellite navigational apparatus; satellite navigational systems; satellite phones; satellite processors; satellite receivers; satellite receiving and transmission apparatus and instruments; satellite telephones; satellite transceivers; satellite transmitters; satellite-aided navigation systems; satellites for scientific purposes; scales; scales with body mass analyzers; scanners [data processing equipment]; scanning electron microscopes; scanning probe microscopes; scanning software; scientific and medical data downloadable via the internet; scientific apparatus; scientific apparatus and instruments; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking [supervision], lifesaving and teaching apparatus and instruments; scientific, optical, measuring, signaling and checking apparatus and instruments; scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; scientific, surveying, photographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; screen filters for computers and televisions; screen protectors made of polyethylene terephthalate [pet] specially adapted for cameras; screen protectors made of polyethylene terephthalate [pet] specially adapted for cell phones; screen protectors made of polyethylene terephthalate [pet] specially adapted for computer screens; screen protectors made of polyethylene terephthalate [pet] specially adapted for e-readers; screen protectors made of polyethylene terephthalate [pet] specially adapted for laptop screens; screen protectors made of polyethylene terephthalate [pet] specially adapted for mobile phones; screen protectors made of polyethylene terephthalate [pet] specially adapted for personal digital assistants; screen protectors made of polyethylene terephthalate [pet] specially adapted for portable media players; screen protectors made of polyethylene terephthalate [pet] specially adapted for smartphones; screen protectors made of polyethylene terephthalate [pet] specially adapted for smartwatches; screen protectors made of polyethylene terephthalate [pet] specially adapted for tablet screens; screen protectors made of polyethylene terephthalate [pet] specially adapted for time clocks; screen protectors made of polyethylene terephthalate [pet] specially adapted for wearable activity trackers; screen protectors made of tempered glass specially adapted for cameras; screen protectors made of tempered glass specially adapted for cell phones; screen protectors made of tempered glass specially adapted for computer screens; screen protectors made of tempered glass specially adapted for e-readers; screen protectors made of tempered glass specially adapted for laptop screens; screen protectors made of tempered glass specially adapted for mobile phones; screen protectors made of tempered glass specially adapted for personal digital assistants; screen protectors made of tempered glass specially adapted for portable media players; screen protectors made of tempered glass specially adapted for smartphones; screen protectors made of tempered glass specially adapted for smartwatches; screen protectors made of tempered glass specially adapted for tablet screens; screen protectors made of tempered glass specially adapted for time clocks; screen protectors made of tempered glass specially adapted for wearable activity trackers; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for cameras; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for cell phones; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for computer screens; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for e-readers; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for laptop screens; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for mobile phones; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for personal digital assistants; screen protectors

made of thermoplastic polyurethane [tpu] specially adapted for portable media players; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for smartphones; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for smartwatches; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for tablet screens; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for time clocks; screen protectors made of thermoplastic polyurethane [tpu] specially adapted for wearable activity trackers; screens [photography]; screens for photoengraving; screensavers; screw-tapping gauges; screw-thread measuring machines and instruments; scuba diving goggles; scuba diving masks; scuba goggles; scuba masks; scuba snorkels; secure digital [sd] card readers; secure microprocessors; secure terminals for electronic transactions; security alarms; security apparatus for elevators; security control apparatus; security software; security surveillance apparatus; security surveillance hardware; security surveillance robots; security systems for elevators; security tokens [encryption devices]; security tokens being encryption devices; security warning apparatus; seismic detectors; seismographic apparatus; seismographs; self-timers for cameras; selfie lenses; selfie sticks [handheld monopods]; selfie sticks adapted for cellular phones; selfie sticks for mobile phones; selfie sticks for use with digital cameras; selfie sticks for use with smartphones; selfie sticks used as smartphone accessories; semiconductor chips; semiconductor devices; semiconductor integrated circuits; semiconductor memory devices; semiconductor memory units; semiconductor testing apparatus; semiconductor wafers; semiconductors; semiconductors [integrated circuits]; sensors [measurement apparatus], other than for medical use; sensors for internet of things [iot] enabled devices; sensors for determining acceleration; sensors for determining position; sensors for determining temperature; sensors for determining velocity; sensors for real time data input apparatus; sensors for real time data output apparatus; sensors for tracking projectiles in flight; separating funnels for laboratory use; separation funnels for laboratory use; servo-systems for flowmeters; set squares [measuring instruments]; set-top boxes; setting ring gauges; sextants; sheaths for electric cables; shoes for protection against accidents; shoes for protection against accidents and fire; shoes for protection against accidents, irradiation and fire; shoes for protection against fire; shoes for protection against irradiation; short range radios; shutter releases; shutter releases [photography]; shutter releases for cameras; shutters [photography]; shutters for cameras; side guards for eyeglasses; side guards for spectacles; side shields for eyeglasses; side shields for spectacles; sighting telescopes for firearms; signal bells; signal generators; signal lanterns; signal processors; signal transmission apparatus; signal whistles; signaling apparatus and instruments; signaling buoys; signaling lights; signaling panels, luminous or mechanical; signaling whistles; signals, luminous or mechanical; signs, luminous; silicon carbide diodes; silicon chips; silicon wafers; silicon wafers for integrated circuits; simulation software; simulation software for entertainment purposes; simulation software for training purposes; simulation software for use in digital computers; simulators for the steering and control of vehicles; simultaneous interpretation equipment; simultaneous interpretation systems; single channel radio communication apparatus; single-board computers; single-channel radio communication apparatus; single-channel radio communication apparatus for fixed stations; single-crystal silicon wafers; single-use cameras; sirens; sirens for vehicles; skateboard helmets; skateboarding helmets; ski glasses; ski goggles; ski helmets; skin diving masks; skin moisture analyzers, not for medical purposes; skin moisture analyzers, not for medical use; sleeves for laptops; slide boxes; slide calipers; slide film mounts; slide film, exposed; slide projection apparatus; slide projectors; slide rules; slides [photography]; sliding bevels; sliding squares [measuring instruments]; slope indicators; smart card readers; smart cards; smart cards [integrated circuit cards]; smart locks; smart rings; smart tactile switches; smart wristbands that communicate data to other electronic devices; smart wristbands that communicate data to smartphones; smartglasses; smartphone software; smartphones; smartphones in the shape of a watch; smartwatches; smartwatches incorporating electronic game functions; smartwatches incorporating telecommunication functions; smartwatches specially adapted for individuals who are deaf; smartwatches specially adapted for individuals who are hard of hearing; smoke alarm testers; smoke alarms; smoke detectors; snap gauges; snorkels; snow goggles; snowboard helmets; snowboarding helmets; socks for protection against accidents, irradiation and fire; softball helmets; software; software and applications for mobile devices; software applications [apps] for internet of things [iot] enabled devices; software applications for mobile devices for monitoring and managing patient medical information; software applications for use with mobile devices; software applications for use with mobile devices for monitoring and managing patient medical information; software for gps navigation systems; software for internet access; software for cell phones; software for cellular phones; software for cellular telephones; software for computer telephony; software for computers; software for creating, facilitating, and managing remote access to and communication with local area networks and global networks; software for cryptocurrency exchange; software for diagnostics and troubleshooting; software for ensuring the security of electronic mail; software for facilitating secure credit card transactions; software for mobile phones; software for mobile telephones; software for optical character recognition; software for processing digital images; software for processing images, graphics and text; software for robotic process automation; software for robotics design; software for robotics programming; software for satellite navigation systems; software for searching and retrieving information across a computer network; software for smartphones; software for the analysis of business data; software for use in designing robots; software for word processing; soil moisture meters;

solar batteries; solar cells; solar panels for electricity generation; solar panels for production of electricity; solar panels for the production of electricity; solar wafers; solar-powered battery chargers; solar-powered rechargeable batteries; solderers' helmets; solenoid valves; solenoid valves [electromagnetic switches]; solid state drives; solid-state video recorders; sonars; sound alarms; sound amplifiers; sound and image recording apparatus; sound and video recordings; sound cards; sound effects pedals for musical instruments; sound effects pedals for use with musical instruments; sound generation apparatus; sound level meters; sound locating instruments; sound measuring apparatus; sound mixers; sound mixers with integrated amplifiers; sound processors; sound projectors; sound recording and reproducing apparatus; sound recording apparatus; sound recording carriers; sound recording discs; sound recording equipment; sound recording strips; sound recordings; sound reproducing apparatus; sound reproduction apparatus; sound reproduction equipment; sound transmitting apparatus; soundbars; sounding apparatus and machines; sounding leads; sounding lines; space blankets; spark plug feeler gauges; spark plug gap gauges; spark-guards; speaker apparatus; speaker enclosures; speaker mounting brackets; speaker systems consisting of loudspeakers and cabinets for use with loudspeakers; speakerphones; speakers; speakers for computers; speakers for portable media players; speaking tubes; special clothing for use in laboratories; special furniture for laboratory use; specimen samplers, other than for medical use; spectacle cases; spectacle chains; spectacle cords; spectacle frames; spectacle frames made of a combination of metal and plastics; spectacle frames made of metal; spectacle frames made of plastic; spectacle holders; spectacle lanyards; spectacle lens blanks; spectacle lenses; spectacle lenses with anti-reflective coating; spectacle mountings; spectacle nose pads; spectacle temples; spectacles; spectacles for children; spectacles for sports; spectacles worn for sports training; spectrograph apparatus; spectrophotometers; spectrophotometers for laboratory use; spectroscopes; spectroscopes for laboratory use; spectrum analyzers; spectrum analyzers, other than for medical use; speech analytics software; speech recognition software; speed checking apparatus for vehicles; speed indicators; speed measuring apparatus; speed measuring apparatus [photography]; speed meters; speed regulators for record players; speedometer testers; speedometers; speedometers for vehicles; spherometers; spirit levels; spirit measures; spools [photography]; spools for cameras; sports eyewear; sports glasses; sports goggles; sports training simulators; sports whistles; spotting scopes; sprinkler systems for fire protection; spyglasses; square rulers for measuring; squares for measuring; stab proof vests; stab vests; stage lighting regulators; stands adapted for laptops; stands adapted for tablet pcs; stands adapted for tablet computers; stands adapted for tablets; stands for photographic apparatus; stands for use with operating microscopes; starter cables for motors; starters for electric lights; static exciters; static grounding systems and apparatus; static voltage regulators; steelyards; steelyards [lever scales]; steering apparatus, automatic, for vehicles; step-down transformers; step-up transformers; stereo amplifiers; stereo headphones; stereo receivers; stereo systems; stereo tuners; stereo zoom microscopes; stereomicroscopes; stereos; stereoscopes; stereoscopic apparatus; stick pc; stick computers; still cameras; stills for laboratory experiments; storage wallets adapted for compact discs; straightedges [measuring instruments]; strain gauges; straps for cameras; straps for cell phones; straps for cellular phones; straps for cellular telephones; straps for mobile phones; straps for mobile telephones; straps for sunglasses; strobe flash units; stroboscopes; studio strobe flash; styli for record players; subwoofers; subwoofers for vehicles; suits of armour; sulfimeters; sulphimeters; sunglass cases; sunglass chains and cords; sunglass cords; sunglass lenses; sunglass nose pads; sunglass temples; sunglasses; sunglasses for animals; sunglasses for dogs; sunglasses for pets; sunshine recorders; supercomputers; superminicomputers; support belts for workers; surface roughness testing machines and instruments; surge protectors; surveying apparatus and instruments; surveying chains; surveying compass needles; surveying instruments; surveyors' levels; survival blankets; survival blankets being thermal blankets for retaining body heat; survival blankets being thermal blankets for retaining body heat against hypothermia; survival suits; swim floats for safety purposes; swim goggles; swim masks; swimming face masks; swimming goggles; swimming pool alarms; switch boxes; switch boxes [electricity]; switchboards; switchboxes; switchboxes [electricity]; switches, electric; tablet pcs; tablet computers; tablet monitors; tachographs; tachometers; tactical robots; tactical video recorders [tvr]; tactile screens [electronic]; talking books; talking scales; tape measures; tape recorders; tape rules; tax preparation software; taximeters; teaching and instructional apparatus; teaching and instructional apparatus and instruments; teaching apparatus; teaching apparatus and instruments; teaching robots; tee-squares [measuring instruments]; teeth protectors; telecommunication apparatus; telecommunication apparatus and instruments; telecommunication apparatus in the form of jewellery; telecommunication apparatus in the form of jewelry; telecommunication cables; telecommunication devices and apparatus; telecommunication exchanges; telecommunication machines and apparatus; telecommunications apparatus; telecommunications apparatus and instruments; telecommunications apparatus for use with digital and analogue signals; telecommunications apparatus for use with mobile networks; telecommunications cables; telecommunications equipment; telecommunications hardware; telecommunications multiplexers; telecommunications software; telecommunications switchboards; telecopiers; telegraph wires; telegraphs; telegraphs [apparatus]; telemetering apparatus; telemeters; telephone adapters; telephone answering apparatus; telephone answering machines; telephone apparatus; telephone apparatus and receivers; telephone exchange apparatus; telephone headsets; telephone receivers; telephone ring

tones, downloadable; telephone sets; telephone switchboards; telephone terminal equipment; telephone transmitters; telephone wires; telephones; telephoto lenses for cameras; telepresence robots; teleprinters; teleprompters; telerupters; telescope lenses; telescopes; telescopic bow sights for archery; telescopic gun sights; telescopic inspection mirrors for automotive use; telescopic lens sights; telescopic riflescopes; telescopic sights; telescopic sights for artillery; telescopic sights for firearms; telescopic sights for guns; teletypewriters; television aerials; television antennas; television apparatus; television cameras; television decoders; television monitors; television receivers; television receivers [tv sets]; television sets; television transmitters; televisions; temperature gauges; temperature indicator labels, not for medical purposes; temperature indicators; temperature meters for household purposes; temperature meters for household use; temperature meters for industrial purposes; temperature meters for industrial use; temperature meters for scientific purposes; temperature meters for scientific use; temperature monitors for household purposes; temperature monitors for household use; temperature monitors for industrial purposes; temperature monitors for industrial use; temperature monitors for scientific purposes; temperature monitors for scientific use; temperature sensors; tempered glass screen protectors adapted for portable electronic devices other than gaming apparatus; temples for sunglasses; tension testers; terminal blocks; terminals [electricity]; terminals for batteries; terminals for electronically processing credit card payments; terminals for radiotelephones; test tubes; test tubes for laboratory use; testing apparatus for testing printed circuit boards; testing apparatus not for medical purposes; textile testing machines; theater glasses; theft alarms; theft prevention installations, electric; theodolites; thermal blankets for retaining body heat against hypothermia being survival blankets; thermal blankets for retaining body heat being survival blankets; thermal imaging cameras; thermal overload relays; thermal printers; thermionic tubes; thermionic valves; thermionic valves [radio]; thermionic valves for radio; thermionic valves for radios; thermistors; thermo-hygrometers; thermocouples; thermometers for laboratory use; thermometers, not for medical purposes; thermometers, not for medical use; thermopile infrared [ir] digital sensors; thermopile infrared [ir] sensors; thermopile infrared [ir] temperature sensors; thermosensitive temperature indicator strips; thermostats; thermostats for vehicle engines; thermostats for vehicles; thickness gauges; thin client computers; thin film transistor liquid crystal display [tft-lcd] panels; thread counters; threaded electrical cable connectors; three-dimensional [3D] scanners; thyristors; ticket canceling machines; ticket dispensers; ticket printers; ticket validation mechanisms for automatic gates; time and date recording apparatus; time and date stamping machines; time clocks; time clocks [time recording devices]; time recording apparatus; time switches; time switches, automatic; timing sensors; tinted spectacle lenses with anti-reflective coating; tire balancing machines for land vehicles; tire pressure gauges; tire tread depth gauges; tone arms for record players; toner cartridges, unfilled, for photocopiers; toner cartridges, unfilled, for printers; toner cartridges, unfilled, for printers and photocopiers; tool measuring instruments; torque meters; torsion testers; totalizers; touch panels; touch screen pens; touch sensitive display and control screens; touch sensitive electronic screens; touchpads; touchpads for computers; touchscreen monitors; touchscreen sensors; touchscreens; touchscreens for personal digital assistants [pdas]; touchscreens for smartphones; toy walkie-talkies [capable of transmitting and receiving communications]; toy walkie-talkies with communications capability; trackballs [computer peripherals]; trackballs being computer peripherals; traffic cones; traffic lights; traffic signs, luminous; traffic signs, luminous or mechanical; traffic signs, mechanical; traffic-light apparatus; traffic-light apparatus [signaling devices]; trail cameras; training apparatus and simulators; training simulators; transceivers; transducers; transformers [electricity]; transistor outline [to] package; transistor outline [to] package with integrated infrared windows; transistor outline [to] package with integrated lens; transistor outline [to] package with integrated surface mount devices; transistors [electronic]; transits for surveying; transmission electron microscopes; transmitters [telecommunication]; transmitters of electronic signals; transmitting and receiving apparatus for long-distance transmission; transmitting and receiving apparatus for radio broadcasting; transmitting and receiving apparatus for television broadcasting; transmitting sets [telecommunication]; transmultiplexers; transparencies [photography]; transparency projection apparatus; transponders; tripodes; tripods for cameras; tripods for surveying apparatus; tripods for telescopes; trousers for protection against accidents, irradiation and fire; turbine flowmeters; turbine meters; tweeters; two-way radios; typeface fonts recorded on magnetic media; tyre balancing machines for land vehicles; tyre pressure gauges; tyre tread depth gauges; ultra high definition televisions; ultracapacitors for energy storage; ultrasonic detectors; ultrasonic flaw detectors; ultrasonic object detectors for use on vehicles; ultrasonic sensors; ultrasonic thickness gauges; underwater breathing apparatus; underwater cameras; underwater power cables; unfilled ink cartridges for printers; unfilled ink cartridges for computer printers; unfilled ink cartridges for photocopiers; unfilled ink cartridges for photocopiers and printers; unfilled ink cartridges for photocopy machines; unfilled ink cartridges for printers and photocopiers; uninterruptible electrical power supplies; universal disturbance analyzers; universal serial bus [usb] cables; universal serial bus [usb] flash drives; universal serial bus [usb] modems; universal serial bus [usb] operating software; urinometers; urinometers, not for medical purposes; utility programs for performing computer system diagnostics; vacuum distillation apparatus for laboratory use; vacuum distillation columns for laboratory use; vacuum gauges; vacuum tube characteristic testers; vacuum tubes; vacuum tubes [radio]; vacuum tubes for radios; varifocal eyeglass lenses; varifocal eyeglasses; varifocal spectacle lenses; varifocal spectacles; variometers; vehicle batteries;

vehicle breakdown warning lamps, other than parts of vehicles; vehicle breakdown warning triangles; vehicle dipsticks; vehicle drive training simulators; vehicle driving simulators for training purposes; vehicle driving training simulators; vehicle parking meters; vehicle radios; vehicle stereos; vehicle tracking devices; vehicle wheel alignment machines; velocity sensors; verniers; vials for laboratory use; vibrating alarms as reminders to take medication; vibrating spatulas for laboratory purposes; vibrating spatulas for laboratory use; vibrating spatulas for scientific purposes; vibrating spatulas for scientific use; vibration meters; vibration sensors; vibration sensors for installation in windmill housings; video accelerators; video baby monitors; video camera cases; video camera covers; video camera stands; video cameras; video cameras for broadcasting; video cards; video cassette players; video cassette recorders; video cassettes; video circuit boards; video compact disc players; video compact discs; video digitizers; video display units; video editing software; video equipment; video films; video frequency amplifiers; video game cartridges; video game cassette tapes; video game cassettes; video game discs; video game programs; video games software; video imaging systems; video mixers; video mixing desks; video monitors; video multiplexers; video multiplexing apparatus; video playback apparatus; video printers; video processors; video projectors; video receivers; video recorders; video recorders for automobiles; video recorders for cars; video recording apparatus; video recordings; video screens; video servers; video surveillance apparatus; video surveillance cameras; video surveillance systems; video tape recorders; video telephones; video transmission apparatus; videocameras; videocameras [camcorders]; videodisc players; videodiscs; videodiscs recorded with animated cartoons; videophones; videotape recorders; videotape recorders for automobiles; videotapes; videotapes and videodiscs recorded with animation; videotapes recorded with animated cartoons; view cameras; viewfinders for cameras; viewfinders, photographic; virtual private network [vpn] hardware; virtual private network [vpn] operating software; virtual reality computer game software; virtual reality game software; virtual reality glasses; virtual reality gloves; virtual reality headsets; virtual reality headsets adapted for use in playing video games; virtual reality headsets and helmets adapted for use in playing video games; virtual reality software; virtual reality software for cinematography; virtual reality software for education; virtual reality software for pilot training; virtual reality software for playing computer games; virtual reality training simulation software in the field of air traffic control; virtual reality training simulation software in the field of aviation; virtual reality training simulation software in the field of cinematography; virtual reality training simulation software in the field of education; virtual reality training simulation software in the field of engineering; virtual reality training simulation software in the field of information technology; virtual reality training simulation software in the field of science; viscosimeters; visors for helmets; visual display units; voice recognition software; voltage meters; voltage monitoring units; voltage multipliers; voltage regulators; voltage regulators for vehicles; voltage stabilizers; voltage surge protectors; voltage surge suppressors; voltage testers; voltage-to-current converters; voltmeters; volume control pedals; voting machines; wafer surface defect inspection tools; wafers for integrated circuits; wafers for solar cells; wah pedals for guitars; wah-wah pedals; walkie-talkies; warning bells; warning flags; warning streamers; warning triangles to indicate vehicle breakdowns; washing trays [photography]; washing trays for photography; watches that communicate data to smartphones; water activity meters; water level gauges; water level indicators; water level indicators for vehicles; water meters; water ski safety vests; water temperature gauges; waterproof camera cases; waterproof cases adapted for cameras; waterproof cases for smartphones; waterproof survival suits for the prevention of drowning; wattmeters; wave meters adapted for use with microwaves; waveguides for high power beam delivery; waveguides for high-power beam delivery; wavelength division multiplexers; wavemeters; wearable activity trackers; wearable cameras; wearable computers; wearable video display monitors; weather balloons; web site development software; webcams; website development software; weighbridges; weighing apparatus and instruments; weighing machines; weighing scales; weighing scales for kitchen use; weighing scales for medical purposes; weighing scales for medical use; weighing scales for personal use; weight belts for divers; weight belts for diving; weight belts for scuba diving; weights; weights for use with weighing scales; welding goggles; welding helmets; welding masks; welding transformers; wet cells; wetsuits for scuba diving; wheel alignment gauges; wheel alignment meters; wheel pulse generator actuators; whistle alarms; wide angle lenses for cameras; wide area network [wan] hardware; wide area network [wan] operating software; wide area network [wan] routers; wide area networks; wind pressure gauges; wind sleeves [wind indicators]; wind sleeves [wind-direction indicators]; wind socks for indicating wind direction; wind socks for indicating wind direction and intensity; winding wires [electricity]; window alarms; wire connectors [electricity]; wire diameter measuring devices; wired gloves; wireless adapters for computers; wireless audio speakers; wireless charging pads for smartphones; wireless computer mice; wireless computer monitors; wireless computer peripherals; wireless controllers to monitor and control the functioning of electronic devices, other than controllers for gaming apparatus; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems; wireless controllers to remotely monitor and control the function and status of security systems; wireless headphones with built-in radio; wireless headsets for smartphones; wireless headsets for use with cell phones; wireless headsets for use with cellular phones; wireless headsets for use with mobile phones; wireless headsets for use with mobile telephones; wireless headsets for use with smartphones; wireless receivers; wireless routers; wireless speakers; wireless telephones; wireless telephony apparatus;

wireless transmitters; wireless weather stations; wires, electric; woofers; word processing apparatus; word processing equipment; word processing software; work clothing for protection against accident or injury; workmen's protective face shields; workmen's safety harnesses being fall protection equipment for fall restraint and fall arrest; wrist rests for computer mouse users; wrist rests for use with computer keyboards; wrist rests for use with computer peripherals; wrist rests for use with computers; wrist supports for computer mouse users; wrist supports for use with computer keyboards; wrist supports for use with computer peripherals; xerographic apparatus and instruments; xerographic printers; yardsticks; zenith telescopes; zoom lenses for cameras.

CLASS 42

DNA screening for scientific research purposes; dna sequencing for medical research purposes; IT programming services; IT security services in the nature of protection and recovery of computer data; accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; accreditation services [certification of competence and quality] in the field of the food and drink industry; quality accreditation services; administration of mail servers; administration of user rights in computer networks; server administration services; advice relating to the design of computer hardware; advice relating to the design of computer software; advice relating to the design of computer systems; advisory and consultancy services relating to computer software; advisory and consultancy services relating to the design and development of computer hardware; advisory and information services relating to computer software; advisory and information services relating to the design and development of computer hardware; advisory and information services relating to the design and development of computer peripherals; advisory services in the field of product development and quality improvement of software; advisory services relating to computer software; advisory services relating to gene therapy research; advisory services relating to interior design; advisory services relating to material testing; development services in the field of computer software and advisory services relating thereto; aerial surveying; aerial surveying services; agricultural research; agricultural research services; agrochemical research; agrochemical research services; aircraft design; aircraft design services; design of computer programs and software relating to aircraft; analyses for oil-field exploitation; analysis and evaluation of product design; analysis and evaluation of product development; analysis and evaluation of products and services with respect to possible future applications; analysis and testing services for the oil industry; analysis and testing services in the field of oil exploitation; analysis and testing services in the field of oil exploration; analysis and testing services relating to electrical engineering apparatus; analysis for oil-field exploitation; analysis for oil research; analysis in the field of molecular biology; analysis in the field of oil exploration; analysis of greenhouse gas emissions; analysis of oil deposits; analysis of oil fields; analysis of oil reservoirs; analysis of oil soakings; analysis of product design; analysis of product development; analysis of stream water quality; analysis of technical data; analysis of telecommunication signals; analysis of the mode of action of chemical combinations on animals; analysis of water quality; analysis services for oil field exploration; bacteriological analysis; bacteriological analysis services; bacteriological research and analysis; bacteriological research and analysis services; biochemical analysis; biochemical analysis services; biochemical research and analysis; biochemical research and analysis services; biological analysis; biological analysis services; chemical analysis; chemical analysis services; chemical research and analysis; chemical research and analysis services; computer aided industrial analysis; computer aided industrial analysis services; computer aided industrial design, research, testing and analysis services; computer aided scientific analysis; computer aided scientific analysis services; computer aided scientific research, testing and analysis services; analytical laboratory services; animation and special effects design for others; animation design; archeological exploration; archeological exploration and research; archeological research; arranging the donation of computers and computer peripherals to schools for educational learning and research [charitable services]; arranging the donation of human corpses for medical research; astronomy consultation; authenticating coins; back-up services for computer hard drive data; bacteriological consultancy and research; bacteriological consultation and research; bacteriological research; bacteriological research and testing; bacteriological research services; bacteriological testing; bacteriological testing services; bacteriology consultancy; basic and clinical research in the field of respiratory science and medicine; biochemical research; biochemical research and development; biochemical research and development services; biochemical research services; biochemistry consultancy; biological and chemical research; biological and chemical research services; biological cloning services; biological laboratory services; biological research; biological research and analysis; biological research and analysis services; biological research laboratory services; biological research services; biology consultancy; biomedical research; biomedical research services; biotechnological research; biotechnological research services; biotechnology research; blood analysis for scientific research purposes; blood analysis services for scientific research purposes; brand design; brand design services; building and maintaining websites; building project management [construction drafting, design and planning]; calibration [measuring]; calibration [measuring] services; calibration of analytical apparatus; calibration of computer software; calibration of detectors; calibration of electronic apparatus; calibration of

electronic equipment; calibration of gauges; calibration of instruments; calibration of laboratory apparatus; calibration of laboratory equipment; calibration of machines; calibration of measuring apparatus; calibration of measuring instruments; calibration of medical apparatus; calibration of pipettes; calibration of sensors; calibration of testing equipment; calibration services; cartography services; certification of diamonds; charitable services, namely, arranging the donation of computers and computer peripherals to schools for educational learning and research; chemical and biological laboratory services; chemical, biochemical, biological and bacteriological research and analysis; chemical engineering; chemical engineering services; chemical laboratory services; chemical research; chemical research laboratory services; chemical research services; chemistry consultancy; chemistry consultation; chemistry services; chemist's services; classification of minerals; clinical trials; cloud computing; cloud computing consultancy; cloud computing consulting; cloud computing services; cloud seeding; commissioned writing of computer programmes, software and code for the creation of web pages on the internet; compilation of computer programmes; compilation of web pages for the internet; compression of data for electronic storage; computer aided design for manufacturing operations; computer aided design of molds; computer aided design of video graphics; computer aided design services; computer aided diagnostic testing services; computer aided engineering design; computer aided engineering design and drawing services; computer aided engineering design services; computer aided industrial design; computer aided industrial design services; computer aided industrial research; computer aided industrial research services; computer aided industrial testing; computer aided industrial testing services; computer aided scientific research; computer aided scientific research services; computer aided scientific testing; computer aided scientific testing services; computer aided testing services; computer and computer software rental; computer and internet security consultancy and data encryption services; computer and software design and development; computer and technology services for securing computer data; computer and technology services for securing personal and financial information; computer and technology services for the detection of unauthorized access to data and information; computer code conversion for others; computer database design; computer database design services; computer development; computer development services; computer disaster recovery planning; computer disaster recovery planning services; computer engineering; computer engineering services; computer firmware design; computer game software design; computer game software development; computer hardware and software design; computer hardware and software design services; computer hardware design; computer hardware design services; computer hardware development; computer hardware development services; computer leasing; computer leasing services; computer network configuration; computer network configuration services; computer network design; computer network design for others; computer program design; computer program design services; computer programming; computer programming and computer software design; computer programming and design of computer software; computer programming and design of software; computer programming consultancy; computer programming for data processing; computer programming for data processing and communication systems; computer programming for the energy industry; computer programming for the medical sector; computer programming in the medical field; computer programming services; computer programming services for commercial analysis and reporting; computer programming services for data warehousing; computer programming services for electronic data security; computer programming services for the protection of software; computer programming services relating to multimedia and interactive applications; computer project management in the field of electronic data processing [edp]; computer rental; computer security consultancy; computer security consultancy services; computer security services for protection against illegal network access; computer security threat analysis for protecting data; computer services concerning electronic data storage; computer services for securing computer data; computer services for securing financial information; computer services for securing personal information; computer services in connection with electronic data storage; computer site design; computer site design services; computer software and hardware design; computer software and hardware design services; computer software and hardware testing services; computer software consultancy; computer software consultancy and development; computer software consultancy services; computer software consulting; computer software consulting services; computer software design; computer software design and updating; computer software design, development and programming services; computer software design services; computer software development; computer software development services; computer software installation; computer software installation and maintenance; computer software leasing; computer software maintenance services; computer software rental; computer software repair; computer software support services; computer software technical support services; computer software updating; computer software upgrading; computer software upgrading services; computer support services [programming and software installation, repair and maintenance services]; computer system analysis; computer system analysis services; computer system design; computer system design and analysis; computer system design and development; computer system design services; computer system development; computer system integration services; computer systems analyses; computer technology consultancy; computer time-sharing services; computer virus protection services; computerised business information storage; computerised data storage; computerised data storage services; conducting clinical trials for others [scientific research]; conducting clinical trials for pharmaceuticals; conducting clinical trials in the field

of acupuncture therapy; conducting clinical trials in the field of cardiovascular disease; conducting early evaluations in the field of new pharmaceuticals; conducting engineering surveys; conducting geological surveys; conducting magnetic resonance imaging interpretation and analysis for the petroleum industry; conducting of chemical analyses; conducting of engineering feasibility studies; conducting of geological surveys; conducting of quality control tests; conducting of quality control tests on goods and services; conducting of scientific experiments; conducting of scientific feasibility studies; conducting of scientific studies; conducting of technical feasibility studies; conducting research and technical project studies relating to the use of natural energy; conducting sampling and analysis services to assess pollution levels; conducting sampling and analysis services to check for contamination; conducting technical project studies; conducting technical project studies for construction projects; configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software; configuration of computer hardware using software; configuration of computer networks; configuration of computer networks by software; configuration of computer networks using software; configuration of computer software; configuration of computer systems and networks; configuring computer networks by means of software; construction drafting; construction drafting and consultancy relating thereto; construction drafting consultancy; construction drafting services; consultancy and advice in the design and development of computer hardware and software; consultancy and development services relating to computer software; consultancy and information services relating to computer programming; consultancy and information services relating to computer software design; consultancy and information services relating to computer system integration; consultancy and information services relating to information technology; consultancy and information services relating to information technology architecture and infrastructure; consultancy and information services relating to the design, programming and maintenance of computer software; consultancy and information services relating to the maintenance of computer software; consultancy and information services relating to the rental of computer software; consultancy and research in the field of bacteriology; consultancy and research services in the field of information technology; consultancy and research services in the fields of science, engineering and information technology; consultancy in the design and development of computer hardware; consultancy in the field of bacteriological research; consultancy in the field of bacteriology; consultancy in the field of biochemistry; consultancy in the field of biology; consultancy in the field of biotechnology; consultancy in the field of chemistry; consultancy in the field of cloud computing; consultancy in the field of cloud computing networks and applications; consultancy in the field of computer programming; consultancy in the field of computer security; consultancy in the field of computer software; consultancy in the field of computer software design; consultancy in the field of computer system integration; consultancy in the field of computer systems analysis; consultancy in the field of computer technology; consultancy in the field of construction drafting; consultancy in the field of pharmaceutical research; consultancy in the field of pharmacology; consultancy in the field of physics; consultancy in the field of product development; consultancy in the field of programming and development of e-business portals; consultancy in the field of scientific and industrial research; consultancy in the field of scientific research; consultancy in the field of security software; consultancy in the field of software design; consultancy relating to computer database programmes; consultancy relating to computer programming; consultancy relating to computer software design; consultancy relating to computer software maintenance; consultancy relating to information technology; consultancy relating to laboratory testing; consultancy relating to product development; consultancy relating to software design and development; consultancy relating to software for communication systems; consultancy relating to software maintenance; consultancy relating to technical and scientific analysis; consultancy relating to technical and scientific measuring; consultancy relating to technical and scientific monitoring; consultancy relating to technological services in the field of power and energy supply; consultancy relating to the creation and design of websites; consultancy relating to the creation and design of websites for e-commerce; consultancy relating to the creation of homepages and internet pages; consultancy relating to the design and development of computer database programmes; consultancy relating to the design and development of computer hardware; consultancy relating to the design and development of computer programmes; consultancy relating to the design and development of computer software; consultancy relating to the design and development of computer software and hardware architecture; consultancy relating to the design and development of computer software programmes; consultancy relating to the design and development of information and communications technology; consultancy relating to the design of homepages and internet pages; consultancy relating to the design of homepages and internet sites; consultancy relating to the design, programming and maintenance of computer software; consultancy relating to the maintenance of computer software; consultancy relating to the recovery of computer data; consultancy relating to the updating of computer software; consultancy relating to the updating of software; consultancy relating to web page design; consultancy services in the field of cloud computing; consultancy services in the field of cloud computing applications and networks; consultancy services in the field of design, selection, implementation and use of computer hardware and software systems; consultancy services in the field of maintaining the security and integrity of databases; consultancy services in the field of technological development; consultancy services in the fields of science, engineering and information technology; consultancy with regard to the design of homepages and internet pages; consultation in the field of physics; consulting in the field of cloud computing; consulting in the field of cloud computing

networks and applications; consulting in the field of information technology; consulting services in the field of biotechnology; consulting services in the field of cloud computing; consulting services in the field of cloud computing applications and networks; copying of computer programmes; copying of computer software; creating and designing website-based indexes of information for others [information technology services]; creating home pages for computer networks; creating, maintaining, and updating computer software; creating of computer programs; creating programmes for data processing; creation and development of computer programs for data processing; creation, maintenance, and updating of computer software; creation of computer programmes; creation of control programs for automated measurement, assembly, adjustment and related visualization; creation of data processing programmes; creation of home pages for computer networks; creation of programmes for data processing; cross-platform conversion of digital content into other forms of digital content; customized design of computer hardware; customized design of computer hardware and software; customized design of computer software; customizing computer software; decoding of data; decryption of data; design and analysis of computer systems; design and development of computer database programmes; design and development of computer databases; design and development of computer database software; design and development of computer firmware; design and development of computer hardware; design and development of computer hardware and computer software; design and development of computer hardware and software for industrial applications; design and development of computer hardware and software for use in the field of medicine; design and development of computer hardware architecture; design and development of computer hardware for the manufacturing industry; design and development of computer hardware, software and databases; design and development of computer networks; design and development of computer peripherals; design and development of computer programmes; design and development of computers; design and development of computers and computer programmes; design and development of computers and computer software; design and development of computers and software; design and development of computer software; design and development of computer software, and consultancy services relating thereto; design and development of computer software architecture; design and development of computer software for cloud computing; design and development of computer software for database management; design and development of computer software for data processing; design and development of computer software for reading, transmitting and organizing data; design and development of computer systems; design and development of databases; design and development of data display systems; design and development of data processing programmes; design and development of data processing software; design and development of data processing systems; design and development of data retrieval software; design and development of data storage systems; design and development of diagnostic apparatus; design and development of homepages and websites;
