General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Computer hardware; computer networking hardware; telecommunications devices; computer hardware for telecommunications; telecommunications apparatus; computer peripherals; computer peripheral devices; computer peripheral equipment; computer components; computer hardware peripherals, namely, computer cables, audio/video cables, audio/video cable connectors, power cords, computer display screens, touch screens, projection screens for virtual reality visualization, manipulation, immersion and integration of audio, video, text, binary, still images, graphics and multimedia files, computer scanners, computer printers, computer speakers, computer stands, computer joysticks, microphones, webcams, digital cameras, blank USB flash drives, CD-ROM drives, digital disc drives, disk drives for computers, DVD drives, hard disk drives, electronic pens, touch screen pens, stylus pens for use with touch-screens; tablet computers; computer mice and wireless computer

mice; multifunction keyboards; computer keyboards; mobile phones; cellular telephones; mobile phone peripherals, namely keyboards for mobile phones, mobile phone chargers, stands adapted for mobile phones, hands free kits for mobile phones, headsets for mobile telephones, dustproof plugs for jacks of mobile phones, in-car telephone handset cradles; set – top boxes; electronic docking stations; mobile phone accessories, namely cases adapted for mobile phones, straps for mobile phones; smart phones; parts for mobile telephones; computer network routers; network communication apparatus, namely computer network adapters, computer network switches, computer network bridges, computer network server, network routers, network interface cards; electronic communication equipment, namely modems, ethernet adapters, ethernet switches, video cable adapters, fibre-optic cables, fibre optic light and image conduits; telephones; pedometers; computer chatbot software for simulating conversations; computer software for business purposes; downloadable software for mobile phones; downloadable software applications for mobile phones, smart phones, notebook computers, laptop computers, tablet computers, handheld computers for use in digital painting, drawing and sketching, for use in graphic arts design, for organizing and viewing digital images and photographs, for processing digital images, for digital animation, for creating, sending and receiving e-mail, for optical character recognition, for word processing, for computer aided mechanical design, for playing computer games, video games, virtual reality games, and interactive video games, for transmission of graphics and photographs to mobile telephones, smart phones, computers for predictive and corrective text entry for use with mobile phones, smart phones, and computers; and computer video control devices, namely, trackballs, joysticks and gamepads; computer programs, namely operating system programs; computer programs for playing games; computer programs, namely, game software for use on computers and video game players; computer game software; computer game software downloaded from global computer network; computer software for data and video capture, storage and analysis; video game software; video and computer game programs; downloadable computer games; downloadable video games; computer programs for controlling the display of television programs, delivered over global information networks; computer programs for managing communications and data exchange between handheld computers and desktop computers; computer programs for use in telecommunications; computer software; computer software applications (downloadable); computer software platforms; computer software to maintain and operate computer systems; computer software downloaded from the internet; computer software packages; computer software application software for use in collaborative work; computer software for collecting, processing, monitoring, analyzing, transmitting, storing and managing data; computer programs magnetically recorded on discs or tapes; computer user manuals in electronic format; computers; computers, namely computers for use in automobiles and computer operating systems and computer software programs, namely mapping software, systems monitoring software, and wireless communication software for use in automobiles; wallet-sized personal computers and computer operating systems and computer software

programs, namely word processing, scheduling, e-mail administration, and Internet access and navigation software for wallet-sized personal computers; optical disc players and computer operating system software for optical disc players; computer hardware, computer operating systems and computer software programs for sending and receiving television and global communication network transmissions; telephones and computer programs for controlling the operation thereof; telephones for use in telecommunications over global communication networks and computer programs for controlling the operation thereof; entertainment consoles comprising computer hardware and software developed to provide audio, video and multimedia programs such as material from the Internet, and television programs; electronic pagers and software for electronic paging; handheld computers; handheld computers for playing games and operating system software for use therewith; microcomputers; computer software for communicating purposes between microcomputers; computer software for communicating purposes between computer processes; computer software for word processing, spread sheets, database management, e-mail, scheduling, games, electronic reference materials, financial management, and Internet access and navigation; computer application programs and operating system programs for use with communications servers; computer application programs providing connectivity over wide area networks and local area networks for mobile phones, smart phones, computers, televisions, and video game consoles; computer application software to enable uploading, downloading, accessing, posting, displaying, tagging, blogging, streaming, linking, and sharing electronic media and information, namely, photographs, videos, graphical images, text and email messages, text documents, music, and audio recordings, all via the internet; computer network operating software and utilities; computer network server software for managing user content on computer networks and global computer networks; computer software development tools for network servers and applications; computer software for developing, managing and operating intranet sites; computer software for inventorying and monitoring computer hardware and software assets and use within an organization; computer software for use by computer network administrators to deploy and manage application software and network server software; computer software for wireless telecommunications for use with wireless devices, namely software for enabling smart phone, portable computers, mobile phones to connect to wide area networks; operating systems software for use in playing electronic games; security software, namely computer software for managing secure communications over computer networks and global computer networks; computer software for use in browsing, accessing, searching, reviewing, purchasing, downloading, and providing ratings on digital content, namely digital images, television shows, movies, computer games, and gift cards; downloadable computer software for use in connection with buying, selling, sharing, searching, downloading, customizing, integrating and reviewing information, data, images and digital files; computer software for use in searching and making purchases in online marketplaces for software applications; computer software for electronic transmission via the Internet and display of digital content, namely digital images, television shows, computer games, movies; computer software,

namely computer operating system programs and utilities, namely, computer utility file compression and synchronization programs and backup software; video game operating system software for use with televisions and computers; computer software for viewing, searching and playing pre-recorded audio and Internet radio; computer software and computer programs for database management, data storage and backup, database integration, document management, creating virtual reality and mixed reality environments on a computer network, business and social networking, online business and social collaboration between individuals and organizations, remote Internet access, remote technical support, cloud computing, data sharing, data security, administration and management of computer applications and computer hardware, computer application distribution, and for transmission of voice, text messages, emails, digital images and photographs, documents, publications, videos, comments and multimedia content among users, for content management, for online project management, for web conferencing, for creating, offering, hosting and delivering online meetings, demonstrations, audiovisual presentations, and interactive discussions for others, operating system programs; computer software for use in enterprise resource planning (ERP) and customer relationship management (CRM) in the fields of business operations, business management, accounting, marketing, ecommerce; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer operating system software; computer software for playing video games and computer games, computer network security, computer network management, anti-virus protection, and intrusion detection and prevention; computer graphics and graphical user interface software; computer software for running development programs and application programs in a common development environment; website development software; computer software that provides web-based access to applications and services through a web operating system or portal interface; computer software for developing and operating cloud computer networks and applications; computer software for computer system and application development, deployment and management; hardware for telecommunications for connecting devices via in home phone and electrical wiring, namely, computer networks hubs, computer servers, set-top boxes, computer switches and computer routers designed to provide in-home voice over internet protocol (voip) communications; computer and video game systems devices, namely, motion sensors and biometric sensors, cameras, projectors, headphones, and microphones; electronic visual display apparatus for use with computers, peripheral devices, namely, monitor stands, controller stands, glasses, headsets, headphones, microphones, keypads, and styluses for communicating with a television or computer for playing electronic games; computer software for virtual reality visualization, manipulation, immersion and integration of audio, video, text, binary, still images, graphics and multimedia files; wireless computer peripherals; trackers [computer apparatus]; computerized personal organisers; wearable computers, namely smart rings, smartwatches, smart glasses, wearable video display monitors, wireless headsets for use with smartphones, wireless headsets for use with mobile phones, smart bands [measuring instruments],

wearable activity trackers, virtual reality and mixed reality glasses and headsets; wearable computer peripherals, namely wireless computer scanners, wireless computer mice, wireless keyboards for mobile telephones, wireless keyboards for computers; virtual reality headsets for use in visualization, manipulation, immersion and integration of audio, video, text, binary, still images, graphics and multimedia files; keyboards, mice, styluses, monitors, scanners, cameras, microphones, projectors, electric cables and cords for mobile devices for remotely accessing and transmitting data; computer display monitors; computer software, namely, software for setting up, operating, configuring, and controlling wearable computer hardware and wearable computer peripherals; carrying cases and holders for use with virtual reality headsets; eyeglasses; optical devices, namely, eye pieces for helmet mounted displays; optical glasses; optical lenses; spectacles; 3d spectacles; hologram apparatus, namely hologram projectors, headsets and glasses; holographic apparatus, namely holographic projectors, screens, headsets and glasses, for projecting holographic video, still images, graphics and multimedia files; computer hardware and software for automobiles, namely, computer programs for monitoring automobile performance, for mapping and navigation, for electronic mail and wireless digital messaging, mobile phone communication, cellular phone communication for maintaining personal directories, contact lists, address and telephone number lists; Computer software and computer programs for virtualization, networking, collaboration, remote access, creating, offering, hosting, and delivering online conferences, tours, presentations and interactive discussions; computer software, namely, a full line of computer software for business productivity, business IT service management, business computer devices management, business IT security management, business administration and management, accounting, and marketing in the fields of business, and computer software to facilitate e-commerce business transactions via a global computer network; computer operating system software; network access server operating software; computer programs for managing communications and data exchange between computers and electronic device; computer and video game systems devices, namely, electronic sensor devices for capturing gesture, facial, voice, and object recognition, cameras, projectors, headphones, and microphones; computer software for virtual reality visualization, manipulation, immersion and integration of audio, video, text, binary, still images, graphics and multimedia files; facial recognition apparatus; facial recognition software; computer peripherals for mobile devices for remotely accessing and transmitting data; computer peripherals for displaying data and video; apparatus for recording, transmission or reproduction of sound, images, or data; electronic and optical communications instruments and components, namely, flat panel display screens, display video screens for video games, and touchscreens for virtual reality visualization, manipulation, immersion and integration of audio, video, text, binary, still images, graphics and multimedia files; downloadable computer software and mobile software applications for data storage and backup, database management, virtualization, networking, collaboration, remote access, remote support, data sharing, data security, access to applications and services through a web operating system or portal interface; downloadable cloud computing software for data storage and backup,

database management, virtualization, networking, collaboration, remote access, remote support, data sharing, data security, access to applications and services through a web operating system or portal interface; computer software for monitoring cloud and application performance; downloadable computer software for use in automating the allocation of data processing and computing tasks between computer hardware resources and in private and public cloud environments; downloadable computer software for security information and event management (siem) employing artificial intelligence and machine learning to enable automated responses in real time to security vulnerabilities, threats and events; microcontrollers; computer chipsets; microcontrollers and chipsets for the secure transmission of data; computer hardware modules for use with the internet of things (iot); computer software and telecommunications apparatus to enable a data connection between internet of things (iot) devices or mobile connected computing devices and the internet or secure networks; software application platform for connecting people, services and devices to the internet; home or industrial process automation software; mobile application software for home or industrial process automation; operating system software for cloud computing services and internet of things (iot) devices; cloud computing software; application software for cloud computing services; operating software for cloud computing devices and the control and secure management of cloud computing devices; computer software for artificial intelligence (ai) processing; computer chips for artificial intelligence (ai) processing; computers and computer servers for artificial intelligence (ai) processing; computer operating system software; computer operating system software that may be embedded in other software; computer software development tools, for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; computer software for general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modelling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; computer software runtime systems, namely, computer software systems comprised of computer software for general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modelling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; computer software, namely, application programming interface (api) software for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; artificial intelligence and machine learning software; computer software, namely, software for implementing a computer programming language, and computer software development tools, for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; integrated circuit modules; integrated circuit cards and components; computer hardware for processing math; computer chips; silicon chips; application data processors; central processing units; software programmable

microprocessors; downloadable computer software for collection, storage, analysis and presentation of data for forensic analysis of security events and for security compliance; downloadable computer software for use in data storage and management; downloadable computer software, namely, computer software for real-time analytics and debugging, computer software for user authentication, customer engagement, customer relationship management, computer software for providing messages, push notifications and information in the field of video games, computer software for user data capture, storage, and analysis, computer software for allowing users to perform electronic business transactions via a global computer network, computer software for generating coupon codes, payment processing, payment fraud detection, and computer software for creating, using and managing virtual currency; computer programs for connecting computers to one another and for enabling activities via the internet; computer programs that provide web-based access to applications and services through a web operating system or portal interface; downloadable computer software for use in assessing, monitoring, administration and management of data centers and datacenter devices, and public and private cloud computing IT and application systems and resources; downloadable cloud-computing software for managing cloud computing resources; software for creating and managing cloud, high performance computing, cluster or grid computing resources, hybrid operating system environment and computing networks; software interface for accessing cloud, high performance computing, cluster or grid computing resources, hybrid operating system environment and computing networks for workload management by administrators, managers and end-users; software for policy-based governance, workload scheduling, resource and energy monitoring, control, management and provisioning by administrators, managers, and end users in the nature of automated allocation of computing resources, analysis of computing resource availability and status information, installation of software and provisioning operating system changes, power management, software upgrades management, accounting and usage management for reporting and billing, third-party application integration management, workload policy management, and job scheduling for both batch and interactive jobs across cloud, high-performance computing, cluster or grid computing resources, hybrid operating system environments, and computing networks; software for governance, monitoring, managing, profiling, and indicating available computing and associated resources, namely, for intelligent automation and management of multiple resources, scheduling, operating system provisioning, power management, and computing resource policy implementation that enables administrators, managers, and end users to automate, control, and utilize multiple computing resources across cloud, high-performance computing, cluster or grid computing resources, hybrid operating system environments and computing networks; software for statistical diagnostic and performance monitoring, namely, analysis of utilization of computing resources, analysis of efficiency of use of computer resources, analysis of optimization of computing resources, analysis of fair sharing of computing resources, analysis of load balancing of computer systems, analysis of hybrid operating system environments, and analysis of power consumption in compute

environments by organizations, entities, individuals, classifications of quality of service, queues, and computing nodes; software for providing a quality of service for submitted jobs and for scheduling guarantees and job reservations for users, groups, classes, accounts, and levels of quality of service; software for command-line and graphical resource and workload simulation, including simulation of simultaneous instances to explore the effects of configurations and policies on clusters, grids, high-performance computing environments, and computing networks; software for dynamic command-line and graphical management of computing resources, namely, management of software licenses within a single computer administrative domain or across multiple heterogeneous computer administrative domains, hybrid operating system environments, file spaces, network-attached storage media, tape drives, processors, memory, disks, network bandwidth, and other hardware resources; software for interface with and collection of end-user commands for job, queue, operating system, power consumption, and system management, for internal diagnostic and logging facilities, and for integration of provisioning managers, billing systems, identity and security managers and databases, and translation of resource manager job submissions; software for peer-to-peer collaboration of multiple instances to provide domain-specific policies and to provide native resource management support; downloadable software development kits (SDK); downloadable employee platform and software featuring articles, education, engagement, wellbeing, insight, collaboration, communication, artificial intelligence, and deep learning components; downloadable computer programs for assisting developers in creating program code for use in internal computer networks and global communication networks; computer software development tools; downloadable computer programs for running development programs and application programs in a common development environment; computer programs for assisting developers in creating program code for use in multiple application program; computer software development tools for network servers and applications; downloadable software that enables users to share and collaboratively develop software, computer code and user-generated content; computer programs for developing server applications; computer servers; computer software development tools; downloadable computer software development tools; downloadable computer software, namely, software development tools for the creation of mobile internet applications and client interfaces; computer software for browsing the internet; downloadable computer search engine software; computer browsing software, namely, software for browsing the global computer network and private networks; search engine software; graphical user interface software; voice-recognition software; computer search engine software to enable searching and retrieval of data; software for designing business processes in a visual form; software for accessing and integrating data from multiple databases, business software applications, and software as a service (saas) services; software for designing and automating workflows within and between business software applications and business software as a service (saas) services; graphical user interface software, namely, toolbar software for use with search engine software and websites; downloadable computer software, namely, downloadable computer software featuring software in the field of

advertising; downloadable computer software featuring software for managing and controlling product display on websites and on-line retail stores; downloadable computer software featuring software for product merchandising; computer application software for advertisers, marketers, and content providers to reach, engage, and interact with online users for the purposes of promotion or advertising; computer software for the design, execution and management of advertising and marketing campaigns; computer software for generating reports and analytics for advertising and marketing campaigns; Data processors; data processing apparatus; memories for data processing equipment; mobile data terminal (MDT); downloadable computer software for creating searchable databases of information and data; computer chipset for use in transmitting data to and from a central processing unit; downloadable enterprise software in the nature of a database for non-transactional data and a search engine for database content; Network servers; internet servers; intranet servers; video servers; digital media servers; IP video servers; servers for web hosting; communications servers[computer hardware]; Downloadable computer software for managing and validating cryptocurrency transactions using blockchain-based smart contracts; downloadable computer software for managing cryptocurrency transactions using blockchain technology; downloadable computer software for managing and verifying cryptocurrency transactions on a blockchain; transceivers for television and global communication network transmissions that transmit them to a television or other display device, and computer operating programs for use therewith; entertainment system comprising a computer, multiple image display screen and multiple input devices; hand held computers; computer operating system software for use with electronic equipment for playing games; computer programs for managing communications and data exchange between hand held computers and desktop computers; computer software for the transmission, recording, reproduction, display, organization, management, manipulation and review of messages, text, images, files, audio, video and audio-visual content for the facilitation of communications between multiple users via computer networks, communication networks and the Internet; communications software for connecting peer professionals on computer networks or the Internet; computer software for use as an application programming interface (API) for facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant messages and online social networking services; communication software for connecting computer network users; computer communication software which enables multiple users to post messages and memoranda, share files, and synchronize calendars; application programming interface (API) software which facilitates online social networking; electronic devices for communications, namely, telephones, handsets, headsets, speakers, microphones, earphones, webcams and video cameras; headphones; multifunctional electronic devices for displaying, measuring and uploading information to the internet; downloadable electronic publications; data processing programmes for the production of newspapers; newspapers downloaded via the internet; downloadable electronic newspapers; data exchange units, namely, data exchange platforms; computer hardware modules for use in security and secure power management

for internet connected devices; security processors, namely, computer hardware for protecting data against unauthorized access, disclosure, alteration, duplication and substitution; security subsystems comprised of a microprocessor core, memory, cryptographic hardware accelerators, access control apparatus, security state control apparatus, and parts and fittings thereof; software for the booting of computer systems; hardware for supporting remote attestation and certificate-based security; computer software for remote attestation and certificate-based security; computer software for use in access control, identification, authentication, security and safety; authenticating application software for cloud computing services; downloadable computer software for finding and displaying a user's location; downloadable computer software for global positioning system (GPS) tracking devices; Global positioning system (GPS); Global positioning system (GPS) apparatus; GPS tracking devices; GPS navigation device; GPS receivers; Vehicle mounted GPS sensor for determining the rate of motion for a vehicle; Computerized vehicle engine analyzers; Electronic speed controllers; software for tracking, creating lists, and organizing information and digital content; video analytics software; downloadable files and software featuring video analytics technology; computer software for artificial intelligence, deep learning, computational kernel optimization, and sparse attention kernels.

closures for surgical use; Centrifugal separating machines for medical use; Saw blades [parts of surgical apparatus]; Physical exercise machines for medical purposes; Stainless steel cutlery for surgical use; Stair climbing machines for medical therapeutic use; Stockinets for surgical support purposes; Exercise machines for medical rehabilitative purposes; Tube insertion machines for surgical use; Positioning frames for use with dental x-ray machines; Bags for surgical use in collecting urine; Medical ultrasound apparatus; Blood sampling apparatus for surgical use; Ultrasound therapy apparatus; Electric air compressors for surgical use; Ultrasound apparatus for veterinary use; Electric scalpels [for surgical purposes]; Ultrasound apparatus for medical purposes; Explorers [medical or surgical apparatus]; Ultrasound imaging devices for medical use; Protective clothing for surgical purposes; Diagnostic ultrasound apparatus for medical use; Articles of clothing for surgical purposes; Ultrasound diagnostic apparatus for medical use; Furniture especially made for surgical use; Diagnostic ultrasound instruments for medical use; Surgical staplers being suturing apparatus; Bandages [supportive] for surgical purposes; Electrical appliances for surgical purposes; Intravenous catheters; Instruments for inserting surgical implants; Intravenous catheter sets; Surgical instruments for use in eye surgery; Intravenous feeding tubes; Television cameras adapted for surgical use; Intravenous feeding bottles; X-ray film imaging devices for surgical use; Intravenous bags for medical purposes; Inserts for breathing masks for surgical use; Intravenous bags for surgical purposes; Intraocular lenses for surgical implantation; Mesh nerve connecting tubes for surgical use; Time programmable intravenous perfusion pumps; Receptacles for receiving surgical apparatus; Intravenous infusion pumps for medical purposes; Surgical apparatus for performing operations; Epidural analgesia apparatus for surgical use; Apparatus for administering intravenous solutions; X-ray film imaging apparatus for surgical use; Intravenous administration apparatus for medical purposes; Contraceptives being surgically fitted devices; Intravenous administration instruments for medical purposes; Inflation syringes for medical or surgical use; Receptacles for receiving surgical instruments; Medical apparatus for measuring flow rates of intravenous infusions; Surgical instruments for use in spinal surgery; Tips for cutters [parts of surgical apparatus]; Medical apparatus for monitoring flow rates of intravenous infusions; Armchairs especially made for surgical purposes; Medical apparatus for regulating flow rates of intravenous infusions; Caps being disposable clothing for surgical use; Medical apparatus for controlling flow rates of intravenous infusions; Disposable hypodermic syringes for surgical use; Medical appliances for intravenous administration of nutritional solutions; Inserts for breathing apparatus for surgical use; Surgical implants comprising artificial material; Cardiovascular pumps; Surgical implants made from artificial materials; Cardiovascular needles; Ultrasonic cleaning instruments for surgical use; Cardiographic apparatus; Ultrasonic diagnostic apparatus for surgical use; Cardiovascular monitors; Heparin control apparatus for surgical procedures; Cardiovascular apparatus; High frequency surgical apparatus and instruments; Cardiovascular catheters; Surgical apparatus and instruments for dental use; Cardiographic instruments; Surgical grafts comprised of artificial materials; Cardiovascular guidewires; Elastic compression bandages for surgical

purposes; Cardiovascular angioscopes; Surgical apparatus and instruments for medical use; Cardiovascular instruments; Surgical instruments for implantation of ligaments; Surgical instruments for use in orthopedic surgery; Ultrasonic diagnostic instruments for surgical use; Cardiopulmonary perfusion apparatus; Cardiac vascular prosthesis for surgical prostheses; Cardiopulmonary resuscitation masks; Surgical implants comprised of artificial materials; Protective breathing masks for surgical applications; Plates in the nature of orthopaedic surgical implants; Cardio-pulmonary diagnostic instrumentation; Surgical apparatus and instruments for veterinary use; Operating instruments for use with surgical endoscopes; Radio cardiographic apparatus for medical purposes; Surgical gloves for use in the examination of patients; Vascular punches; Cartridges of staples for surgical stapling instruments; Artificial vascular grafts; Surgical apparatus for the destruction of kidney stones; Apparatus for cleansing blood during surgical procedures; Prosthetic tissues for vascular use; Plates in the nature of orthopaedic surgical instruments; Vascular access ports for medical use; Surgical apparatus for use in the removal of bone cement; Intra-vascular apparatus for medical use; Surgical drape sheets for use in locating incision field; Intra-vascular blood gas monitoring systems; Surgical stapling instruments being suturing instruments; Intra-vascular blood gas monitoring apparatus; Intraocular prostheses [lenses] for surgical implantation; Medical tubing for use in vascular procedures; Lag screws in the nature of orthopaedic surgical implants; Cardiac vascular prosthesis for surgical prostheses; Lenses [intraocular prostheses] for surgical implantation; Angiographic vascular introducers for the placement of catheters; Lenses [intraocular prosthesis] for surgical implantation; Embolic protection devices for the treatment of vascular anomalies; Surgical mesh comprised primarily of artificial materials; Urinary diversion stents being surgical support apparatus; Medical guidewires; Collimating position indicating apparatus for surgical use; Cardiovascular guidewires; Hollow fibre membrane elements for medical or surgical use; Catheters; Urinary diversion stents being surgical drainage apparatus; Catheter sets; Inflatable appliances for surgical use in holding the limbs; Condom catheters; Sterile apparatus for the surgical administration of fluids; Balloon catheters; Lag screws in the nature of orthopaedic surgical instruments; Cardiac catheters; Surgical apparatus for use in the application of bone cement; Medical catheters; Surgical apparatus for use in the preparation of bone cement; Catheter apparatus; Surgical instruments used in ligament reconstruction surgery; Urethral catheters; Surgical tubing for the treatment of urinary tract infection; Medicinal catheters; Inflatable pillows for surgical use for fitting around the neck; Dilatation catheters; Surgical instruments for use in orthopaedic surgical procedures; Angioplasty catheters; Compressing screws in the nature of orthopaedic surgical implants; Calibration catheters; Surgical apparatus comprising laser probes for use in angioplasty; Intracardiac catheter; Surgical, medical, dental and veterinary apparatus and instruments; Intravenous catheters; Compressing screws in the nature of orthopaedic surgical instruments; Cardiovascular catheters; Apparatus for the application of laser radiation for surgical purposes; Central venous catheters; Implantable materials for surgical use made by knitting synthetic yarn; Catheters for medical use; Medical and surgical knives for cutting human or animal tissue and organs;

Intravenous catheter sets; Medical and surgical cutters for cutting human or animal tissue and organs; Biliary drainage catheters; Manually operated cutting devices for histological purposes for surgical use; Catheters for surgical use; Protective breathing masks made of non-woven materials for surgical applications; Surgical apparatus comprising laser probes for use in the gastro intestinal tract; Medical infusion pumps; Disposable or reusable surgical clothing, footwear and headgear including caps, gowns, masks and over-boots; Surgical instruments for use in orthopedic surgery; Medical infusion columns; Infusion pumps to deliver medication; Infusion pumps for therapeutic purposes; Infusion columns for therapeutic purposes; Infusion apparatus for therapeutic purposes; Valves for use in medical infusion apparatus; Hypodermic needles for use in infusion therapy; Valves for use in medical infusion instruments; Intravenous infusion pumps for medical purposes; Dialysis machines; Dialysis apparatus; Dialysis membranes; Apparatus for use in dialysis; Hose systems for peritoneal dialysis; Medical apparatus for renal dialysis; Medical apparatus for use in dialysis; Apparatus for dialysis for medical use; Apparatus for dialysis for veterinary use; Hypodermic needles for use in renal dialysis; Anti-embolic filters; Introducers for implanting anti-embolic filters; Embolic protection devices for the treatment of vascular anomalies; Biopsy needles; Suture needles; Fistula needles; Surgical needles; Suturing needles; Injection needles; Hypodermic needles; Acupuncture needles; Insufflation needles; Cardiovascular needles; Needles for injections; Medical syringe needles; Needles for medical use; Blood collection needles; Multishot needle syringes; Needles for dental purposes; Needles for medical purposes; Needles for surgical purposes; Needle and suture combinations; Needle holders for surgical use; Introducers for implanting vena-cava filters; Introducers for implanting anti-embolic filters; Angiographic vascular introducers for the placement of catheters; Hemostats; Hemostatic devices; Hemostatic instruments; Hemostatic suture instruments; Endoscopic occlusion balloons; Endoscopic apparatus for medical use; Bags for endoscopic retrieval of tissue; Endoscopic equipment for medical purposes; Furniture for endoscopic examination purposes; Carbon dioxide irrigators for endoscopic therapy; Carbon dioxide insufflators for endoscopic therapy; Carbon dioxide irrigators for endoscopic diagnosis; Carbon dioxide insufflators for endoscopic diagnosis; Tourniquet monitors; Compression garments; Therapeutic garments for people; Post-operative pressure garments; Support garments for medical use; Therapeutic garments for animals; Twin walled garments for surgical use; Pressure garments for medical treatment; Air inflatable garments for medical purposes; Plastic gel trays for dental use; Manometers for medical use; Manometer lines for medical use; Medical masks; Sanitary masks; Surgical masks; Laryngeal masks; Surgeons' masks; Anesthesia masks; Anesthetic masks; Anaesthetic masks; Surgical filter masks; Reusable sanitary masks; Surgical breathing masks; Therapeutic facial masks; Face masks for medical use; High filter surgical masks; Face masks for surgical use; Bio therapeutic facial masks; Oxygen masks for medical use; Sanitary masks for medical use; Oxygen masks for medical purposes; LED masks for therapeutic purposes; Biopsy needles; Suture needles; Fistula needles; Surgical needles; Suturing needles; Injection needles; Hypodermic needles; Acupuncture needles; Insufflation needles; Cardiovascular

needles; Needles for injections; Medical syringe needles; Needles for medical use; Blood collection needles; Multishot needle syringes; Needles for dental purposes; Needles for medical purposes; Needles for surgical purposes; Needle and suture combinations; Needle holders for surgical use; Medical pulse pressure transducers; Transducers adapted for use in patient monitoring systems; Crutch handle covers; Surgical shoe covers; Crutch cushion covers; Covers for baby feeding bottles; Covers for medical bags, fitted; Mattress covers for incontinence; Protective covers for stretchers; Electric heating covers for medical use; Plastic thumb covers to discourage thumb sucking; Sterile sheets, surgical; Sterile clothing for surgical use; Sterile devices for receiving urine from the body; Sterile devices for the irrigation of the bladder; Sterile apparatus for the administration of medicaments; Sterile apparatus for the medical administration of fluids; Sterile apparatus for the administration of pharmaceuticals; Sterile apparatus for the surgical administration of fluids; Sanitary masks; Reusable sanitary masks; Surgical caps; Surgical saws; Surgeons' hats; Surgical clips; Surgical gowns; Surgical lamps; Surgical masks; Clips, surgical; Surgeons' gowns; Surgeons' masks; Surgical blades; Surgical catgut; Surgical drapes; Surgical drills; Surgical gloves; Surgical knives; Surgical pliers; Cannulae; Trocar cannulas; Tubing for use with cannulas; Cannulae for anaesthetics with receptacles; Cerclage wires; Medical guide wire; Hydrophilic guide wire to track catheters; Guide wires for use with balloon dilation catheters; Guide wires for use with balloon dilatation catheters; Guide wires for percutaneous transluminal coronary angioplasty; Scalpel blades; Surgical blades; Surgical knife blades; Saw blades [parts of surgical apparatus]; Removal and disposal unit for scalpel blades; Disposable microtome blades for medical purposes; Manometers for medical use; Manometer lines for medical use; Blood pressure gauges; Blood pressure monitors; Medical pressure chambers; Anti-pressure sore mattresses; Pressure microsensor catheters; Blood pressure testing apparatus; Electronic blood pressure meters; Post-operative pressure garments; Pressure monitors for medical use; Blood pressure measuring apparatus; Electronic blood pressure monitors; Medical pulse pressure transducers; Pressure garments for medical treatment; Alternating pressure pads for medical use; Intracranial pressure measuring apparatus; Arterial blood pressure measuring apparatus; Devices for measuring intracranial pressure; Devices for the treatment of pressure sores; Devices for the prevention of pressure sores; Medical infusion pumps; Medical infusion columns; Infusion pumps to deliver medication; Infusion pumps for therapeutic purposes; Infusion columns for therapeutic purposes; Infusion apparatus for therapeutic purposes; Valves for use in medical infusion apparatus; Hypodermic needles for use in infusion therapy; Valves for use in medical infusion instruments; Intravenous infusion pumps for medical purposes; Buccal tubes; Tracheal tubes; Tracheotomy tubes; Endobrachial tubes; Endotracheal tubes; Tympanostomy tubes; Endobronchial tubes; Tubes for perfusion; Medico-surgical tubes; Tubes for transfusion; Capillary drainage tubes; Tubes for veterinary use; Capillary tubes for blood; Intravenous feeding tubes; Tubes for enteral feeding; Tubes for medical purposes; Tubes for surgical purposes; X-ray tubes for medical use; Drainage tubes for medical use; Capillary tubes for medical use; Hydrocephalus valves; Feeding bottle valves; Artificial cardiac valves; Aerosol valves for medical purposes; Cardiac

valves for surgical prostheses; Valves for the treatment of hydrocephalus; Valves for use in medical infusion apparatus; Valves for use in medical infusion instruments; Mechanical valves for implantation in human hearts; Ventilator exhalation valves for artificial respiration; Subcutaneous valves comprised of artificial materials for implantation; Pneumatically operated valve assemblies for ventilation apparatus for medical use; Apparatus for use in vein puncture; Disposable lancets for finger puncture; Nasal aspirators; Manual sputum aspirators; Electric sputum aspirators; Aspiration tubing for medical purposes; Devices for aspiration of the maxillary sinus; Ultrasonic aspirators for separating soft tissue parts; Ultrasonic aspirators for washing out soft tissue parts; Anaesthetic masks; Anaesthetic drapes; Anaesthesia screens; Anaesthesia apparatus; Anaesthetic apparatus; Anaesthesia respiration apparatus; Anaesthetic inhalers [sold empty]; Evaporators for liquid anaesthetics; Artificial anaesthetization apparatus; Cannulae for anaesthetics with receptacles; Anaesthesia monitoring apparatus for use in recovery rooms; Anaesthesia monitoring apparatus for use in intensive care units; Anaesthesia monitoring apparatus for use in hospital operating rooms; Balloon angioplasty inflation apparatus; Inflation devices for balloon catheters; Balloon angioplasty inflation instruments; Inflation syringes for medical or surgical use; Hemostats; Hemocytometers; Hemostatic devices; Hemodialysis apparatus; Hemostatic instruments; Hemostatic suture instruments; Medical aids for use in stoma care; Enema apparatus; Biopsy apparatus; Dental apparatus; Ostomy apparatus; Massage apparatus; Catheter apparatus; Dialysis apparatus; Orthotic apparatus; Suturing apparatus; Massaging apparatus; Obstetric apparatus; Ophthalmic apparatus; Prosthetic apparatus; Urological apparatus; Veterinary apparatus; Acupressure apparatus; Acupuncture apparatus; Anaesthesia apparatus; Anaesthetic apparatus; Apparatus for therapy; Central venous catheters; Venous catheters for human use; Heart monitors; Heart pacemakers; Artificial hearts; Heart rate monitors; Fetal heart monitors; Heart rate recorders; Heart signal monitors; Heart rate calculators; Fetal heartbeat monitors; Heartbeat measuring apparatus; Artificial heart-lung machines; Heart rate monitoring apparatus; Artificial heart-lung oxygenators; Apparatus for monitoring the heart; Heart monitors to be worn during exercise; Medical instruments for recording heart activity; Mechanical valves for implantation in human hearts; Medical apparatus for diagnosing suspected heart attacks; Blood pumps; Blood filters; Blood warmers; Blood flow meters; Blood storage bags; Blood roller mixers; Blood glucose meters; Blood oxygen monitors; Blood pressure gauges; Blood pressure monitors; Blood testing apparatus; Blood testing equipment; Blood collecting tubules; Blood collection needles; Blood filtering apparatus; Blood transfusion devices; Capillary tubes for blood; Heart monitors; Body fat monitors; Heart rate monitors; Pulse rate monitors; Tourniquet monitors; Fetal heart monitors; Fetal pulse monitors; Respiration monitors; Blood oxygen monitors; Heart signal monitors; Urinary flow monitors; Defibrillator monitors; Blood pressure monitors; Cardiovascular monitors; Fetal heartbeat monitors; Body composition monitors; Electrocardiograph monitors; Patient monitoring apparatus; Diabetic monitoring apparatus; Patient monitoring instruments; Toe regulators [orthopaedic]; Teeth regulating [bracing] devices; Medical apparatus for regulating flow rates of intravenous

infusions; Medical instruments; Electro medical instruments; Medical hearing instruments; Medical testing instruments; Medical therapy instruments; Medical analysis instruments; Electronic medical instruments; Medical diagnostic instruments; Medical instruments for animals; Shields for medical instruments; Retractors [medical instruments]; Laser instruments for medical use; Medical apparatus and instruments; Cases fitted for medical instruments; Scanning instruments for medical use; Bags [fitted] for medical instruments; Detecting instruments for medical use; Pipetting instruments for medical use; Trays for holding medical instruments; Clinical thermometers; Clinical chemistry analysers for medical or veterinary use; Apparatus for use in clinics for the preparation of medicaments; Body massagers; Body fat monitors; Meters for body fluids; Body composition monitors; Braces for the human body; Artificial parts for the body; Body limb compression sleeves; Medical supports for the body; Bags for collecting body waste; Bags for collecting body fluids; Body seals for surgical purposes; Cloths for washing body cavities; Heart rate monitors; Pulse rate monitors; Heart rate recorders; Heart rate calculators; Heart rate monitoring apparatus; Medical apparatus for measuring flow rates of intravenous infusions; Medical apparatus for monitoring flow rates of intravenous infusions; Medical apparatus for regulating flow rates of intravenous infusions; Medical apparatus for controlling flow rates of intravenous infusions; Medical gowns; Medical masks; Medical pumps; Medical trays; Medical braces; Medical gloves; Medical knives; Medical lasers; Medical probes; Medical stents; Medical tubing; Hospital gurneys; Gloves for use in hospitals; Hospital examination chairs; Hospital examination tables; Examining tables for hospital use; Mattresses for hospital patient trolleys; Apparatus for use in hospitals for the preparation of medicaments; Anaesthesia monitoring apparatus for use in hospital operating rooms; Clinical thermometers; Clinical chemistry analysers for medical or veterinary use; Apparatus for use in clinics for the preparation of medicaments; Devices for measuring blood sugar; Glucose meters; Blood glucose meters; Blood glucose testing apparatus; Blood glucose monitoring apparatus; Meters for measuring blood glucose; Medical apparatus for testing the level of glucose in the blood; Dental equipment; Acupuncture equipment; Blood testing equipment; Test equipment for medical use; Endoscopic equipment for medical purposes; Exercise equipment for medical rehabilitative purposes; Urological imaging systems; Hose systems for peritoneal dialysis; Intra-vascular blood gas monitoring systems; Shunts for use in the blood circulatory system; Transducers adapted for use in patient monitoring systems; Nebulizers for administering a medication aerosol to a patient's respiratory system; Bags for collecting body waste; Boxes adapted for medical waste products; Containers especially made for medical waste; Waste collection devices for medical purposes; Containers especially adapted for the disposal of medical instruments, syringes and other contaminated medical waste; Surgical saws; Saws for surgical purposes; Sawcutters for surgical use; Saw blades [parts of surgical apparatus]; Pulse meters; Pulse oximeters; Pulse rate monitors; Fetal pulse monitors; Pulse measuring devices; Cardiac pulse generators; Medical pulse pressure transducers; Pulse counters [medical apparatus]; Implantable cardiac pulse generators; Pulse oximeters for medical purposes; Bioresonance pulse device for

therapeutic purposes; Lavage apparatus for therapeutic purposes; Surgical perforators; Surgical apparatus for performing operations; Performance testing apparatus for medical use; Medical apparatus for performing in-vitro diagnostic tests; Surgical nerve locator devices; Surgical nerve stimulator devices; Medical apparatus for nerve location; Medical apparatus for nerve stimulation; Mesh nerve connecting tubes for medical use; Transcutaneous electrical nerve stimulators; Electronic nerve stimulators for medical use; Mesh nerve connecting tubes for surgical use; Nerve muscle stimulators for medical purposes; Mesh nerve connecting tubes for veterinary use; Electrical nerve stimulators for medical purposes; Electronic nerve stimulators for medical purposes; Transcutaneous electrical nerve stimulation apparatus; Transcutaneous electrical nerve stimulation electrodes; Transcutaneous electrical nerve stimulation instruments; Dental drills; Surgical drills; Dental drill bits; Surgical drill bits; Drills for dental use; Drills for surgical use; Drills for dental purposes; Drills for dental applications; Electric drills for surgical use; Drilling templates for surgical use; Drilling jigs for dental applications; Drilling jigs for surgical applications; Body fat monitors; Body fat monitors for medical purposes; Compression hosiery; Surgical compresses; Compression bandages; Compression garments; Compression stockings; Compression panty hose; Compressors [surgical]; Limb compression apparatus; Medical compression tights; Limb compression instruments; Body limb compression sleeves; Graduated compression hosiery; Medical compression stockings; Dental probes; Cardiac probes; Medical probes; Uterine probes; Surgical probes; Urethral probes; Probes for medical purposes; Test probes for medical use; Vacuum probes for medical use; Ultrasonic probes for medical use; Testing probes for medical purposes; Straight probes for medical purposes; Test probe assemblies for medical use; Testing probes for medical diagnostic purposes; Catheter sets; Transfusion sets; Bone setting apparatus; Sets of artificial teeth; Intravenous catheter sets; Percutaneous renal access sets; Suction drainage sets for medical use; Interpupillometers; Internal nasal dilators; Artificial internal organ apparatus; Interdental immobilization apparatus; Interdental immobilization instruments; Interdental brushes for use in dental treatment; Interdental stimulators for use in dental treatment; Protective sleeves for components of inter-aortic balloons; Medical instruments for interstitial thermotherapy of biological tissue; Urological apparatus; Urological instruments; Urological imaging systems; Catheters for use in urology; Urological diagnostic devices; Implantable urologic prostheses; Catheters for urological purposes; Urological apparatus and instruments; Medical apparatus for urological purposes; Instruments for use in post-operative urostomy; Carbon dioxide irrigators for urological therapy; Carbon dioxide insufflators for urological therapy; Carbon dioxide irrigators for urological diagnosis; Carbon dioxide insufflators for urological diagnosis; Gastrosopes; Catheter apparatus for gastroenterological use; Instruments for use in gastrointestinal surgery; Surgical apparatus comprising laser probes for use in the gastro intestinal tract.

Class 35

Retail services; Supermarket retailing; Convenience store retailing; Department store

retailing; Online retail services; Pharmacy retail services; The bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order; Wholesale services; Online wholesale services; Provision of an online marketplace for buyers and sellers of goods and services; Provision of commercial information; Providing consumer product information.
