General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Electric and electronic measuring, signalling, checking (supervision) and testing apparatus and instruments; electric and electronic communications technology equipment; measuring and testing apparatus for wired and wireless signals, sound, image and net communication applications; high frequency transmitting and receiving apparatus; probes; test probes [electrical]; antennas; aerials; direction finders; radios; radio apparatus; radio transmitters; TV transmitters; radio receivers; radio transceivers; radio-frequency transmitters; radio-frequency receivers; air traffic control radio equipment; aeronautical radio communication machines and apparatus; single-channel radio communication apparatus for fixed stations;

radio network management systems; electronic apparatus and software for Internet protocol based voice and data communication via radio systems; radio systems components, in particular filters, amplifiers, couplers, switchers, circulators, antenna tuning units, racks, power supplies, remote control units, loudspeakers; software for defining radio waves; software defined radios; exchanges and switchboards for data transmission installations and apparatus as well as for radio and telephone installations and apparatus; electric and electronic apparatus and installations for flight operations centres, radio operations centres, traffic safety centres, telecommunications systems and networks; electric and electronic monitoring installations and apparatus; coastal radio installations and apparatus; radio installations and apparatus, mobile radio installations and apparatus, train radio installations and apparatus, speech communications installations and apparatus; remote control apparatus and software for remote control apparatus; base stations for radio networks; hardware and software for testing electromagnetic compatibility, electromagnetic interference and electromagnetic failure susceptibility; drive tester hardware and software; automatic testing devices for the manufacture of mobile communications equipment; automatic testing devices for the manufacture of mobile communications equipment, in particular over the air (OTA) testing devices for the manufacture of mobile communications equipment; anechoic chambers [test and measurement apparatus] for absorbing reflections of either sound or electromagnetic waves; telephones; data processing equipment and computers; data processing equipment and computers for bandwidth management, network analysis and network monitoring; satellite monitoring systems; satellite earth stations; apparatus and software for monitoring, controlling and operating satellites; signal collection systems; signal collection apparatus, instruments and software; spectrum monitoring systems; air traffic control monitoring systems; air traffic control remote control systems; message handling systems; hardware and software for measuring, analyzing, monitoring, controlling and optimizing network traffic and network performance; computer peripherals; cables and wires; equipment for data entry, equipment for data output; equipment for data storage and data transmission equipment; electronic databases; data processing equipment and accessories (electrical and mechanical); communications equipment; electrical multimedia service equipment; electric control panels for broadcasting apparatus; electric control panels for multicast equipment; Internet protocol (IP) video distribution equipment; video mastering apparatus and systems consisting thereof; media servers; media memories; media storages; computer programs and computer databases; computer hardware and software, including computer software for application in the field of network applications and system management as well as for the development of further software; Internet protocol (IP) baseband multiviewer software; audio monitoring software; video monitoring software; audio sequencer software; video sequencer software; broadcast sequencer software; browser software; virtual private network (VPN) hardware and software; firewall hardware and software; deep packet inspection (DPI) hardware and software; firmware; cryptography, encryption, anti-virus, security and internet security software; computer hardware and software, including computer software for entering and

calling up information in the internet and the worldwide web; computer software downloadable from a global computer network; computer programs for using the internet and the worldwide web; computer programs retrievable from the internet and worldwide web; computer hardware and software, in particular for access to internet systems and for using these systems; computer hardware and software for media solutions; hardware and software for image and sound post processing; data transformation and data transmission hardware and software for live broadcasting and for play-back applications; hardware and software for sound and image processing in studio productions; operating and user instructions stored in digital form for computers and computer software; servers and software, apparatus and instruments for use therewith; cloud servers; cloud computing software; artificial intelligence software; machine learning software; recorded content; information technology and audiovisual equipment; bundled products consisting of IT apparatus and software; bundled products consisting data transmission apparatus and software; bundled products consisting data transmission apparatus and firmware; data transmission apparatus; software for monitoring, controlling and optimizing data transmission; downloadable publications; security scanners; body scanners (not for medical purposes); radio scanners; audio analyzers; circuit testers; data recorders; attenuators; broadband amplifiers; test and measurement apparatus and instruments for broadcasting applications; meters; power meters; power sensors; audio switchers [communication and network technology]; multimeters; LCR bridges; LCR meters; counters; frequency counters; masers [microwave amplifiers]; oscilloscopes; electronic power supplies; radar apparatus; apparatus for testing radar sensors and radar covers; radar target simulators; signal generators; video signal generators; audio signal generators; signal analyzers; spectrum analyzers; modulation analyzers; wireless electronic communications testers and systems consisting thereof; radio testers; analog radio testers; video testers; electronic protocol testers; electronic conformance and pre-conformance testers; network analyzers; vector network analyzers; converters, in particular frequency converters; frequency extenders; wireless communication apparatus and instruments; drone and drone radio control signal detection systems; automated drone and drone radio control signal detection systems; scientific apparatus and instruments in the nature of radars, trackers, sensors, transmitters, stations, detectors, visualizers and disrupters to determine the type of drones and corresponding remote controllers and to disrupt communication between drones and their corresponding remote controllers; intelligent VPN [virtual private network] gateways; VPN [virtual private network] routers; VoIP [Voice-over-IP] routers; VPN [virtual private network] client software and hardware; internet access routers; network management cloud software; content filter hardware and software; computer network switches; LAN access points; wireless e-paper [display units]; wireless e-beacon transmitting modules; electronic WiFi controllers; software defined local networks (WAN, WLAN, LAN); computer network devices and equipment; digital signs; none of the aforementioned goods including or relating to computer games.

Class 12

Drones; military drones; civilian drones; camera drones; rescue drones; delivery drones.

Class 35

Business consultancy; risk management consultancy [business]; compilation of statistics and statistical analysis; compilation of statistical data in databases; systematic-ordering of data in computer databases; all the aforesaid services in the fields of analysis, viewing and monitoring of network resources; marketing consultancy; marketing research; benchmarking services.

Class 37

Maintenance and repair of the goods indicated in class 9 of this application; installation services for flight safety and air traffic control installations, flight operations control centres, radio control centres, radio operations centres, traffic safety centres, telecommunications systems and networks, coastal radio installations, mobile radio installations, train radio installations, radio networks and speech communications installations; installation; and maintenance of flight safety and air traffic control installations, flight operations control centres, radio control centres, radio operations centres, traffic safety centres, telecommunications systems and networks, coastal radio installations, mobile radio installations, train radio installations, radio networks and speech communications installations.

Class 38

Telecommunication; secure telecommunications, namely secure electronic transmission of data, images and documents via computer terminals; information about telecommunication; broadcasting; wireless broadcasting; electronic data transmission; leasing of access time to global computer networks for telecommunications purposes and data and information exchange; wireless communication services; provision and rental of telecommunications facilities and equipment; communications by cellular phones and other mobile telecommunication devices; communications by computer terminals; computer aided transmission of messages and images; message sending; paging services [radio, telephone or other means of electronic communication]; streaming of data; video-on-demand transmission; videoconferencing services; voice mail services; voice over IP (VoIP) services; Internet Protocol (IP) based voice and data communication via radio systems; provision of access to an online shopping website related to electrical and electronic measurement, signalling, control and test equipment and instruments for broadcasting and media, network security, networks and communications; Voice-over-IP (VoIP) communication services using mobile devices; access-protected communication using mobile devices.

Class 41

Training; organising and conducting of courses, seminars, workshops and colloquia for

training and further training; providing online training seminars; electronic publication services; none of the aforementioned services relating to computer games.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; information technology (IT) consulting services; technical and technological consultancy; IT consultancy, advisory and information services; internet and data security consultancy; computer programming and development of programs for data processing; development of computer programs for quality control, quality analysis and consulting related thereto; computer virus protection services; technical analysis of traffic through the internet; technical analysis and monitoring for optimizing network traffic; technical analysis of data exchange; technical and technological consultancy; computer security consultancy, computer software consultancy, computer technology consultancy and consultancy in the design and development of computer hardware; technical consultation services relating to electronic data processing, updating computer software, designing computer software; software as a service (SaaS) and rental of software; software as a service (SaaS) featuring software for machine learning, deep learning and deep neural networks; maintenance of computer programs; conducting technical tests and technical assessment or evaluation in the nature of technical inspection services relating to the goods indicated in class 9 of this application; technical testing of products and plants; technical planning and technical testing of production lines for communications equipment; hosting computer sites [web sites]; server administration and hosting; data conversion services; technical and technological services relating to bandwidth management in computer networks; technological consultancy, technical planning and technical monitoring relating to quality management in Voice-over-IP (VoIP) systems, network management systems for ATM/ATC systems; technical and technological consultancy in the field of computer aided task assignment and management; computer firewall services; data encryption and decoding services; data security services [firewalls]; design and development of wireless data transmission apparatus; quality control; technical and technological project planning of flight safety and air traffic control installations, flight operations control centres and radio control centres, radio operations centres, traffic safety centres, telecommunications systems and networks, coastal radio installations, mobile radio installations, train radio installations, radio networks and speech communications installations; calibration of the goods indicated in class 9 of this application.

Priority Details:

Class Number: 09

Priority Date: 08/04/2020

Country/Territory: GERMANY

Priority Application Number:

Goods and/or Services: All goods and/or services claimed in this class

Class Number: 12

Priority Date: 08/04/2020

Country/Territory: GERMANY

Priority Application Number:

Goods and/or Services: All goods and/or services claimed in this class

Class Number: 35

Priority Date: 08/04/2020

Country/Territory: GERMANY

Priority Application Number:

Goods and/or Services: All goods and/or services claimed in this class

Class Number: 37

Date of Protection in Singapore:	27 September 2019
Classes:	37 42

Daigas Gas and Power Solution

Goods and/or Services:

Class 37

Construction; construction consultancy; installation and maintenance of building equipment; shipbuilding; repair and maintenance of vessels; aircraft repair and maintenance; repair of bicycles; repair and maintenance of automobiles; repair and maintenance of railway rolling stocks; repair and maintenance of two-wheeled motor vehicles; repair and maintenance of cinematographic machines and apparatus; repair and maintenance of optical machines and apparatus; repair and maintenance of photographic machines and apparatus; repair and maintenance of loading-unloading machines and apparatus; repair and maintenance of fire alarms; repair and maintenance of office machines and equipment; repair and maintenance of air conditioners for industrial purposes; repair and maintenance of burners; repair and maintenance of boilers; repair and maintenance of pumps; repair and maintenance of freezing machines and apparatus for industrial purposes; repair and maintenance of electronic machines and apparatus; repair and maintenance of telecommunication machines and apparatus; repair and maintenance of construction machines and apparatus; repair and maintenance of consumer electric appliances; repair and maintenance of electric lighting apparatus; repair and maintenance of electric motors; repair and maintenance of

power distribution or control machines and apparatus; repair and maintenance of power generators; repair and maintenance of laboratory apparatus and instruments; repair and maintenance of measuring and testing machines and instruments; repair and maintenance of medical apparatus and instruments; repair and maintenance of firearms; repair and maintenance of printing or bookbinding machines and apparatus; repair and maintenance of chemical processing machines and apparatus; repair and maintenance of glassware manufacturing machines and apparatus; repair and maintenance of fishing machines and instruments; repair and maintenance of metalworking machines and tools; repair and maintenance of shoe making machines; repair and maintenance of industrial furnaces; repair and maintenance of mining machines and apparatus; repair and maintenance of rubber-goods manufacturing machines and apparatus; repair and maintenance of integrated circuits manufacturing machines and systems; repair and maintenance of semiconductor manufacturing machines and systems; repair and maintenance of machines and apparatus for processing foods or beverages; repair and maintenance of machines and apparatus for lumbering, woodworking, or veneer or plywood making; repair and maintenance of textile machines and apparatus; repair and maintenance of tobacco processing machines; repair and maintenance of painting machines and apparatus; repair and maintenance of agricultural machines and implements; repair and maintenance of machines and apparatus for pulp-making, papermaking or paper-working; repair and maintenance of plastic processing machines and apparatus; repair and maintenance of packaging or wrapping machines and apparatus; repair and maintenance of sewing machines; repair and maintenance of reservoirs; repair and maintenance of gasoline station equipment; repair and maintenance of mechanical parking systems; repair and maintenance of bicycle parking apparatus; repair and maintenance of cooking equipment for industrial purposes; repair and maintenance of industrial dishwashers; repair and maintenance of electric washing machines for industrial purposes; repair and maintenance of vehicle washing installations; repair and maintenance of vending machines; repair and maintenance of power-driven floor cleaning machines; repair and maintenance of amusement machines and apparatus; repair and maintenance of apparatus and instruments for use in beauty salons or barbers' shops; repair and maintenance of water pollution control equipment; repair and maintenance of water purifying apparatus for industrial purposes; repair and maintenance of waste compacting machines and apparatus for industrial purposes; repair and maintenance of waste crushing machines for industrial purposes; repair and maintenance of divers' apparatus; repair and maintenance of chemical plants; repair and maintenance of nuclear power plants; repair and maintenance of 3d printers; furniture restoration; umbrella repair; repair and maintenance of musical instruments; safe maintenance or repair; shoe repair; clock and watch repair and maintenance; sharpening of scissors and kitchen knives; setup or repair of locks; repair and maintenance of gas water heaters; repair and maintenance of non-electric cooking heaters for household purposes; repair and maintenance of cooking pots and pans; repair and maintenance of signboards; repair of bags or pouches; repair of personal ornaments; repair of toys or dolls; repair of sports equipment; repair of billiard

equipment; repair of game machines and apparatus; repair and maintenance of bath fittings; repair of fishing tackle; repair of spectacles; fur care and repair; laundering; pressing of clothing; clothing repair [mending clothing]; futon upholstery being the fluffing of cotton batting for futons; repair of tatami mats; cleaning of chimney; cleaning of building exterior surfaces; window cleaning; carpet and rug cleaning; floor polishing; septic tank cleaning; bathtub and bath boiler cleaning; street cleaning; reservoirs cleaning; disinfecting of telephone hand-sets; vermin exterminating [other than for agriculture, aquaculture, horticulture and forestry]; sterilization of medical apparatus and instruments; rental of construction machines and apparatus; rental of floor cleaning machines; rental of mops; rental of car-washing apparatus; rental of laundry dryers; rental of spin dryers for clothes; rental of electric washing machines; rental of mining machines and apparatus; rental of drainage pumps; rental of dish drying machines for restaurants; rental of dish washing machines for industrial purposes; repair and maintenance of water purifying apparatus; termite exterminating (other than for agriculture, aquaculture, horticulture and forestry); general building construction works; building renovation; installation of gas pipes; installation of power generating apparatus, photovoltaic power plants, fuel cell power generating apparatus equipped with waste heat recovery system and batteries; consultancy relating to general building construction works; building renovation consultancy; consultancy relating to installation of gas pipes; consultancy relating to installation of power generating apparatus, photovoltaic power plants, fuel cell power generating apparatus equipped with waste heat recovery system and batteries; repair and maintenance of heating and cooling apparatus for household purposes; repair and maintenance of refrigerator-freezers for household purposes; repair and maintenance of gas operated floor heating apparatus; repair and maintenance of gas operated air-conditioning apparatus; repair and maintenance of gas ovens; repair and maintenance of gas stoves and gas ranges; repair and maintenance of gas range tables; repair and maintenance of gas operated dish washing and drying machines for household purposes; repair and maintenance of gas operated dish washing and drying machines for industrial purposes; repair and maintenance of gas operated rice cookers for household purposes; repair and maintenance of gas operated bath boilers; repair and maintenance of gas fires and gas fan heaters; repair and maintenance of power generating apparatus, photovoltaic power plants, fuel cell power generating apparatus equipped with waste heat recovery system; repair and maintenance of solar cells, fuel cell power generating apparatus and batteries; repair work of water-pipes; repair work of other pipes; consultancy relating to repair work of water-pipes; consultancy relating to repair work of other pipes; repair and maintenance of water-pipes; repair and maintenance of other pipes; consultancy relating to repair and maintenance of water-pipes; consultancy relating to repair and maintenance of other pipes; repair and maintenance of fire alarms, gas alarms, anti-theft warning apparatus and security buzzers and information, advisory and consultancy services relating thereto; repair and maintenance of monitoring and alarm apparatus for security and disaster prevention; information, advisory and consultancy services relating to repair and maintenance of monitoring and alarm apparatus for security

and disaster prevention; repair and maintenance of smoke and fire sensors, gas leak detection sensors, intruder detection sensors; information, advisory and consultancy services relating to repair and maintenance of smoke and fire sensors, gas leak detection sensors, intruder detection sensors; repair and maintenance of gas pipes plumbed in buildings and premises; information, advisory and consultancy services relating to repair and maintenance of gas pipes plumbed in buildings and premises; repair and maintenance of floor heating apparatus and information, advisory and consultancy services relating thereto; repair and maintenance of radiators for use in heating apparatus; information, advisory and consultancy services relating to repair and maintenance of radiators for use in heating apparatus; repair and maintenance of hot water radiators and information, advisory and consultancy services relating thereto; repair and maintenance of air conditioning apparatus and information, advisory and consultancy services relating thereto; repair and maintenance of air conditioners and information, advisory and consultancy services relating thereto; repair and maintenance of gas pipes and information, advisory and consultancy services relating thereto; repair and maintenance of gas cocks and information, advisory and consultancy services relating thereto; repair and maintenance of air conditioners with water heaters and information, advisory and consultancy services relating thereto; repair and maintenance of solar water heaters and information, advisory and consultancy services relating thereto; repair and maintenance of air conditioners for industrial purposes and household purposes; information, advisory and consultancy services relating to repair and maintenance of air conditioners for industrial purposes and household purposes; repair and maintenance of burners and information, advisory and consultancy services relating thereto; repair and maintenance of boilers and information, advisory and consultancy services relating thereto; repair and maintenance of pumps and information, advisory and consultancy services relating thereto; repair and maintenance of freezing machines and apparatus for industrial purposes and household purposes; information, advisory and consultancy services relating to repair and maintenance of freezing machines and apparatus for industrial purposes and household purposes; repair and maintenance of refrigerators for industrial and household purposes; information, advisory and consultancy services relating to repair and maintenance of refrigerators for industrial purposes and household purposes; repair and maintenance of water heaters for industrial purposes and information, advisory and consultancy services relating thereto; repair and maintenance of electronic machines and apparatus and information, advisory and consultancy services relating thereto; repair and maintenance of telecommunication machines and apparatus and information, advisory and consultancy services relating thereto; repair and maintenance of ventilating fans for use in bathrooms and information, advisory and consultancy services relating thereto; repair and maintenance of dishwashing machines for household purposes; information, advisory and consultancy services relating to repair and maintenance of dishwashing machines for household purposes; repair and maintenance of consumer electric appliances and information, advisory and consultancy services relating thereto; repair and maintenance of electric lighting apparatus and information, advisory and consultancy services relating

thereto; repair and maintenance of electric motors and information, advisory and consultancy services relating thereto; repair and maintenance of power distribution or control machines and apparatus and information, advisory and consultancy services relating thereto; repair and maintenance of power generators and information, advisory and consultancy services relating thereto; repair and maintenance of photovoltaic power plants and information, advisory and consultancy services relating thereto; repair and maintenance of power generating apparatus using power source including fuel cells equipped with cogeneration function; information, advisory and consultancy services relating to repair and maintenance of power generating apparatus equipped with power source including fuel cells being cogeneration function; repair and maintenance of gas meters and other measuring and testing machines and instruments; information, advisory and consultancy services relating to repair and maintenance of gas meters and other measuring and testing machines and instruments; repair and maintenance of desiccating apparatus and information, advisory and consultancy services relating thereto; repair and maintenance of recuperators and information, advisory and consultancy services relating thereto; repair and maintenance of steamers and information, advisory and consultancy services relating thereto; repair and maintenance of evaporators and information, advisory and consultancy services relating thereto; repair and maintenance of distillers and information, advisory and consultancy services relating thereto; repair and maintenance of heat exchangers and information, advisory and consultancy services relating thereto; repair and maintenance of chemical processing machines and apparatus and information, advisory and consultancy services relating thereto; repair and maintenance of machines and apparatus for processing foods and beverages; information, advisory and consultancy services relating to repair and maintenance of machines and apparatus for processing foods and beverages; repair and maintenance of dish drying machines for restaurants and information, advisory and consultancy services relating thereto; repair and maintenance of dish disinfectant apparatus for industrial purposes and information, advisory and consultancy services relating thereto; repair and maintenance of cooking equipment for industrial purposes and information, advisory and consultancy services relating thereto; repair and maintenance of industrial dishwashers and information, advisory and consultancy services relating thereto; repair and maintenance of clothes drying machines for industrial purposes and information, advisory and consultancy services relating thereto; repair and maintenance of electric washing machines for industrial purposes and information, advisory and consultancy services relating thereto; repair and maintenance of cleaning machines for industrial purposes and information, advisory and consultancy services relating thereto; repair and maintenance of vehicle washing machines and information, advisory and consultancy services relating thereto; repair and maintenance of water-pipes and information, advisory and consultancy services relating thereto; repair and maintenance of water supply/drainage equipment and information, advisory and consultancy services relating thereto; repair and maintenance of water pollution control equipment and information, advisory and consultancy services relating thereto; repair and maintenance of sewage pipes in kitchens and bathrooms;

information, advisory and consultancy services relating to repair and maintenance of sewage pipes in kitchens and bathrooms; repair and maintenance of tap water faucets and information, advisory and consultancy services relating thereto; repair and maintenance of water purifiers for industrial purposes and information, advisory and consultancy services relating thereto; repair and maintenance of garbage incinerators and information, advisory and consultancy services relating thereto; repair and maintenance of waste compacting machines and apparatus for industrial purposes and information, advisory and consultancy services relating thereto; repair and maintenance of waste crushing machines for industrial purposes and information, advisory and consultancy services relating thereto; furniture restoration; information, advisory and consultancy services relating to furniture restoration; repair and maintenance of gas fan heaters and information, advisory and consultancy services relating thereto; repair and maintenance of gas fires and information, advisory and consultancy services relating thereto; repair of cupboards; information, advisory and consultancy services relating to repair of cupboards; repair of kitchen cabinets; information, advisory and consultancy services relating to repair of kitchen cabinets; repair of desks and tables; information, advisory and consultancy services relating to repair of desks and tables; repair of worktops for use in kitchens; information, advisory and consultancy services relating to repair of worktops for use in kitchens; information, advisory and consultancy services relating to setting up (installation) or repair of locks; repair and maintenance of gas water heaters and information, advisory and consultancy services relating thereto; repair and maintenance of cooking pots and pans; information, advisory and consultancy services relating to repair and maintenance of cooking pots and pans; repair and maintenance of non-electric cooking heaters and information, advisory and consultancy services relating thereto; repair and maintenance of gas operated dish washing and drying machines and information, advisory and consultancy services relating thereto; repair and maintenance of bathroom heating and drying apparatus with the function of generating mist for industrial purposes and household purposes; repair and maintenance of bathroom heating and drying apparatus and information, advisory and consultancy services relating thereto; information, advisory and consultancy services relating to repair and maintenance of bathroom heating and drying apparatus with the function of generating mist for industrial purposes and household purposes; repair and maintenance of sauna apparatus for industrial purposes and household purposes and information, advisory and consultancy services relating thereto; repair and maintenance of sauna apparatus with the function of generating mist for industrial purposes and household purposes; information, advisory and consultancy services relating to repair and maintenance of sauna apparatus with the function of generating mist for industrial purposes and household purposes; repair and maintenance of bath fittings and information, advisory and consultancy services relating thereto; repair and maintenance of water heaters for use in bathrooms and information, advisory and consultancy services relating thereto; repair and maintenance of heaters used in bathrooms equipped with hot-water supply system and information, advisory and consultancy services relating thereto; repair and maintenance of toilet stool units with a washing water squirts and information,

advisory and consultancy services relating thereto; cleaning of carpets, tatami mats and floors; cleaning of lavatories, powder rooms, restrooms and bathrooms; cleaning of kitchens; cleaning of factories, buildings, stores, shops and offices; cleaning of water storage tanks for drinking; repair and maintenance of water heaters for household purposes and industrial purposes; gas pipe construction; plumbing repair advisory services; plumbing maintenance advisory services; repair and maintenance of repairing or fixing machines and apparatus for gas pipes and their parts and fittings; repair and maintenance of repairing or fixing machines and apparatus; repair and maintenance of equipment and instruments for checking, inspecting and repairing of inside the gas pipes; repair and maintenance of personal digital assistants; repair and maintenance of electric or magnetic meters and testers; rental of repairing or fixing machines and apparatus for gas pipes and their parts and fittings; repair and maintenance of repairing or fixing machines and apparatus; rental of construction equipment and instruments for checking, inspecting and repairing of inside the gas pipes; repair and maintenance of air conditioners; repair and maintenance of sauna apparatus with the function of generating mist caused by burning gas and electric power in bathrooms for household purposes; repair and maintenance of heat and drying machines used in bathrooms equipped with the function of sauna apparatus being capable of generating mist caused by burning gas and electric power in bathrooms for household and industrial purposes; maintenance of gas meters and providing information relating thereto; maintenance of gas meters and providing information relating thereto; repair and maintenance of gas pipes and gas instruments; information, advisory and consultancy services relating to repair and maintenance of gas pipes and gas instruments; maintenance of gas water heaters and providing information relating thereto; maintenance of gas water heaters and providing information relating thereto; cleaning of kitchens; repair and maintenance of power generating apparatus equipped with cogeneration function; repair and maintenance of computer hardware; providing information relating to repair and maintenance of computers; repair and maintenance of detecting and alarm apparatus consisting of sensor and computer networks used for informing unusual conditions of people living alone and children at home; installation of detecting and alarm apparatus consisting of sensor and computer networks used for informing unusual conditions of people living alone and children at home; repair and maintenance of under floors; maintenance of measuring and testing machines and instruments and providing information relating thereto; maintenance of measuring and testing machines and instruments and providing information relating thereto; repair and maintenance of television receivers for satellite broadcasting; repair and maintenance of toilet bowls and seats sold as a unit; consultancy relating to renovation; providing information relating to renovation; house cleaning; installation of smoke and fire sensors, gas leak detection sensors, intruder detection and machines; maintenance of hot-water floor heating apparatus and providing information relating thereto; maintenance of heat and drying machines used in bathrooms and providing information relating thereto; maintenance of heat and drying machines used in bathrooms equipped with the function of sauna apparatus being capable of generating

mist and providing information relating thereto; maintenance of hot-water floor heating apparatus and providing information relating thereto; maintenance of heat and drying machines used in bathrooms and providing information relating thereto; maintenance of heat and drying machines used in bathrooms equipped with the function of sauna apparatus being capable of generating mist and providing information relating thereto; repair and maintenance of shelf for cosmetics; maintenance of air conditioners for household purposes and providing information relating thereto; repair and maintenance of septic tanks for household purposes; repair and maintenance of waste water treatment tanks for household purposes; maintenance of lighting apparatus for household purposes and providing information relating thereto; maintenance of lighting apparatus for household purposes and providing information relating thereto; rental of electric irons for household purposes; repair and maintenance of sauna apparatus for industrial and household purposes and information, advisory and consultancy services relating thereto; repair and maintenance of sauna apparatus with the function of generating mist for industrial and household purposes and information, advisory and consultancy services relating thereto; installation of fire alarms, gas alarms, anti-theft warning apparatus and security buzzers; repair and maintenance of water supply/drainage pipes and other supply/drainage equipment; cleaning of water supply/drainage pipes; repair and maintenance of refrigerators for commercial or household use; repair and maintenance of air conditioners; building construction supervision; repair and maintenance of handrails in buildings; cleaning, repair and maintenance of walls of buildings, wooden parts of the buildings; building repair; repair of keys; repair and maintenance of remote control apparatus which are the security system for informing watch status in the building installations and alerting abnormal conditions of the building installations; installation of remote control apparatus which are the security system for informing watch status in the building installations and alerting abnormal conditions of the building installations; inspection of termites under the floors for maintenance and repair purposes; cleaning of tap water faucets; repair and maintenance of toilet bowls and toilet stool units with a washing water squirter; repair and maintenance of bathroom vanities; cleaning of bathrooms, powder rooms and restrooms; installation and repair of windows; renovation of kitchens, bathrooms, restrooms and powder rooms; repair and maintenance of sewage pipes in kitchens, bathrooms, restrooms and powder rooms; repair and maintenance of furniture in kitchens; repair and maintenance of kitchen sinks; installation of electric buzzers; installation of telecommunication machines and apparatus; installation of electronic machines, apparatus and their parts; installation of power distribution or control machines and apparatus; maintenance of bath boilers and bath fittings and providing information relating thereto; maintenance of bath boilers and bath fittings and providing information relating thereto; repair and maintenance of wall-mounted mirrors; repair and maintenance of toilet bowls; installations of monitoring and alarm apparatus for security and disaster prevention; installation of video surveillance cameras for security and disaster prevention; repair and maintenance of bathroom heating and drying apparatus; repair and maintenance of bath boilers; repair and maintenance of bathrooms;

cleaning of escalators; cleaning of elevators; cleaning of cooking heaters; cleaning of dish washing machines for commercial use; cleaning of cloths drying machines for commercial use; cleaning of spin dryers for clothes for commercial use; cleaning of industrial furnaces; cleaning of air purifying apparatus and deodorizing apparatus; rental of high pressure washers used in kitchens for industrial purposes; repair and maintenance of machine elements not for land vehicles; repair and maintenance of power transmissions and gearing; repair of power lines; repair and maintenance of electric wires and cables; internal cleaning of heat exchangers; rental of construction equipment for recovery purposes for spilled oil which flowed away from tankers and oil factories; repair and maintenance of power generating apparatus including fuel cells equipped with cogeneration function; repair and maintenance of power generating apparatus and equipment; repair and maintenance of air conditioning apparatus with hot water heater operated with cogeneration function; repair and maintenance of gas heat pumps; repair and maintenance of heat pumps; repair and maintenance of hot water radiators used for air conditioners; repair and maintenance of sauna apparatus with the function of generating mist; repair and maintenance of clothes dryers; repair and maintenance of gas pipelines; repair and maintenance of detecting and alarm apparatus consisting of sensor and computer networks used for informing unusual conditions of people at home; repair and maintenance of gas water heaters and providing information relating thereto; repair and maintenance of gas generators; repair and maintenance of absorption chiller-heater; repair and maintenance of water heaters; repair and maintenance of electric power meters; consultancy relating to construction of LNG tank; construction consultancy; maintenance of computer system; consultancy relating to maintenance of computer system.

Class 42

Providing meteorological information; architectural design; surveying; geological surveys or research; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; designing, other than for advertising purposes; computer software design, computer programming, or maintenance of computer software; technological advice relating to computers, automobiles and industrial machines; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research on machines, apparatus and instruments; rental of measuring apparatus; rental of computers; providing computer programs designed to the specifications of others; rental of laboratory apparatus and instruments; rental of technical drawing instruments; construction drafting for renovation; design of energy-saving apparatus, equipment and installations; consultancy relating to the design and development of a seat availability control system which is comprised of sensors, communication apparatus and computer programs; providing information relating to the design and development of a seat

availability control system which is comprised of sensors, communication apparatus and computer programs; testing or research of seat availability control system which is comprised of sensors, communication apparatus and computer programs; consultancy relating to efficient use of energy for energy-saving and energy cost saving; providing information relating to efficient use of energy for energy-saving and energy cost saving; testing, research, analysis and diagnosis of efficient use of energy for energy-saving and energy cost saving; rental of measuring or testing machines and instruments; rental of computers and computer equipment excluding word processors and electrostatic copying machines; software as a service [SaaS] for managing seat availability in a building; testing or research on electric machines, apparatus and telecommunication machines and apparatus; computer software design, calibration of computer software, or maintenance of computer software; creating or maintaining websites for others; cloud computing; provision of information and data relating to scientific and technological research and development; software as a service [SaaS] for remote monitoring and controlling gas equipment, electric appliances, power generating apparatus equipped with cogeneration function and other installations; software as a service [SaaS]; hosting computer sites [web sites] which is capable of controlling gas equipment, electric appliances, power generating apparatus equipped with cogeneration function and other installations through smart phones and other communication terminals; hosting computer sites [web sites]; providing information relating to weather forecasting; providing information relating to energy-saving; design and development of remote monitoring control equipment consisting of measuring instruments, data communication terminal, computer, display device and controlling device for control regulation and browsing; design and development of remote monitoring control equipment for collecting, analyzing, browsing and controlling information gained from sensors for measuring apparatus and instruments; design and development of device and instruments used in communication network; design and development of installation comprised of device and instruments used in communication network; design, development and maintenance of software for remote monitoring equipment consisting of measuring instruments, data communication terminal, computer, display device and controlling device for collecting, analyzing, browsing and controlling of sensor signals through internet and computer network; design, development and maintenance of software for remote monitoring equipment for collecting, analyzing, browsing and controlling information gained from sensors for measuring apparatus and instruments; design, development and maintenance of software for communication network; design, development and maintenance of software for remote monitoring equipment for collecting, analyzing, browsing and controlling information gained from sensors for measuring apparatus and instruments; providing computer software for communication network; providing computer software for protecting information security; providing computer software for computer database; providing computer programs for managing database; rental of web servers; testing or research on computer software, application software and computer programs; rental of electric or magnetic meters and testers for scientific or technological purposes;

rental of sensors for measuring; rental of sensors for measuring; gas pipeline surveying; providing application software through telecommunication; rental of memory space on servers for data storage which is connected to communication network; design, development and maintenance of application software; technological analysis and diagnosis relating to energy-saving and energy cost saving for efficient use of energy; providing computer software for cloud computing; providing information relating to energy-saving and energy cost saving for efficient use of energy; construction planning; medical research and studies relating to medication and health promotion; providing computer software for household account; designing of machines, apparatus, instruments or systems composed of such machines, apparatus and instruments excluding designing of civil engineering and construction; providing information relating to designing of machines, apparatus, instruments or systems composed of such machines, apparatus and instruments excluding designing of civil engineering and construction; counseling and consultancy relating to designing of machines, apparatus, instruments or systems composed of such machines, apparatus and instruments excluding designing of civil engineering and construction; providing information relating to testing or research on machines, apparatus and instruments; counseling and consultancy relating to testing or research on machines, apparatus and instruments; providing computer programs for mobile phones for remote operating hot-water supply system, heating and lighting apparatus; providing information relating to rental of measuring apparatus; counseling and consultancy relating to rental of measuring apparatus; providing information relating to architectural design; counseling and consultancy relating to architectural design; architectural planning for house renovations and rebuilding; providing information relating to energy-saving; providing information relating to surveying; counseling and consultancy relating to surveying; scientific and technological research in the field of earthquakes and tsunamis; computer software design, computer programming, or maintenance of computer software for communication network system; technical design and planning of electrical installation, plumbing and telecommunication wiring; design of telecommunication machines and apparatus and providing information and consultancy relating thereto; providing information relating to energy-saving and energy cost saving for efficient use of energy through email, internet website and bulletin board; computer software design, computer programming, or maintenance of computer software and providing information and consultancy relating thereto; design, programming and maintenance of computer program which is functionable with computers; design and programming of computer system; consultancy relating to design, programming and maintenance of computer program which is functionable with computers; consultancy relating to design and programming of computer system; diagnostic or consulting services relating to the security systems of computer telecommunication networks; design and development of computer telecommunication network; consultancy relating to design and development of computer telecommunication network; installation, configuration and updating of computer software and application software; providing information and consultancy relating to installation, configuration and updating of computer

software and application software; testing, inspection or research on agriculture, forestry, livestock breeding and fisheries; non-destructive inspection of apparatus, pipelines and LNG tanks; consultancy relating to development of equipment instruments used for crime prevention, fire-safety, disaster prevention, emergency situation and security; technical research and studies relating to development of equipment instruments used for crime prevention, fire-safety, disaster prevention, emergency situation and security; research and development of equipment instruments used for crime prevention, fire-safety, disaster prevention, emergency situation and security for others; providing computer programs for mobile phones for remote operating security equipment and disaster prevention equipment; technological consulting services in the field of information processing systems for the financial industry, the manufacturing industry, the energy industry, the retail distribution industry, the traffic industry and public institutions; scientific research and studies relating to scientific analysis and diagnosis of human behavior and providing information relating thereto; consultancy relating to energy-saving; consultancy relating to designing of gas generating and supplying apparatus and plant; designing of industrial wastewater treatment apparatus; consultancy relating to designing of LNG tank; consultancy relating to architectural design; technological consultancy relating to handling of LNG tank; technological consultancy; checking and testing for welded parts of gas pipes; remote monitoring of computer systems of governors for checking pressure control; testing and inspection of earthquake sensitive gas shut off governors; inspection of under floors; technical monitoring remotely of building equipment for the purpose of disaster prevention, security, environment protection and environment optimization.

Goods and/or Services:

Class 06

Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for lifts; non-electric cables and wires of common metal; anchors; metal pipes; working platforms; construction platforms; reinforcing bar; scaffolding; lift racking [structures] of metal; materials of metal for scaffolds; masts; materials of metal for lift devices; pre-fabricated houses of metal; materials of metal for railway tracks; chains (other than driving chains for vehicles); non-electrical cables of metal for use in cables for cable cars; ironmongery, small items of metal hardware; rails of metal; anvils; metal ladders; steel balls; parts and fittings for the aforesaid goods; metal hardware; small items of metal hardware; pot hooks of metal; gantries [structures] of metal.

Class 07

Machines and machine tools within the building and construction sector, namely motors and engines (except for land vehicles), reinforcing steel shears, bending machines, pug mills (machines), construction machines, construction cranes, mining machines, scrap shears (machines), grinders; lift devices; elevators [lifts]; building hoists; hoists; house wall hoists, lifts, other than ski-lifts; inspection lifts; tradesmen's lifts; off-shore lifts; elevator chains [parts of machines]; elevator belts; cranes [lifting and hoisting apparatus]; machine wheels; machine wheelwork; driving devices for machines; hand-held tools, other than hand-operated; motors, other than for land vehicles; electric and pneumatic windlasses (winches), hydraulic apparatus for lifting; hydraulic working and construction platforms and motors and engines; pneumatic working and construction platforms and motors; cranes [lifting and hoisting apparatus]; elevating apparatus; hydraulic, electric, mechanical machines and apparatus, and pneumatic levers for lifting; cleaning equipment (machines); building maintenance facilities (machines); machine systems for façade maintenance; emergency equipment (machines); line hoists, winches; belts for elevators and lifts; V belts and

variators (machine parts); clutches for machines; ball-bearings; gears, other than for land vehicles; gears, not for land vehicles; gears; road making machines; machines for the construction industry, machine tools; machine coupling and transmission components (except for land vehicles); belts for machines; cleaning apparatus; roller bearings; anti-friction pads for machines; moving staircases [escalators]; mobile working and construction platforms; worm gears; conveyors; gantry cranes; crane wheels; braking devices for working and construction platforms; braking devices for lifts; lift operating apparatus, working and building platforms; parts and fittings for the aforesaid goods.

Class 09

Electrical and electronic apparatus and instruments for the building and construction sector, namely electrical and electronic apparatus for checking (supervision), steering and manoeuvring of lifts and working and construction platforms; speed checking and controlling apparatus for working and construction platforms; speed checking and controlling apparatus for lifts; electric accumulators, balancing apparatus; connections for electric lines; electricity mains (materials for -) [wires, cables]; electric installations for the remote control of industrial operations; remote control apparatus; automatic steering apparatus for machines; regulating apparatus, electric; software; electric and electronic apparatus and instruments for signalling, checking (supervision), controlling and surveying; protective and safety equipment; security control apparatus; safety apparatus [for the prevention of accident or injury]; safety, security, protection and signalling devices; electronic access control systems for interlocking doors; security equipment for use in building construction and maintenance; software to control building environmental, access and security systems; electronic access control system for buildings; fall arrest apparatus; safety nets of metal; parts and fittings for the aforesaid goods.

Class 12

Vehicles for land use, apparatus for locomotion by land, air or water.

Class 35

Business management; business administration; business appraisal; commercial and industrial management assistance; business management assistance; economic forecasting; business information; retailing relating to the sale of goods for the construction industry, building platforms, lifts (other than ski-lifts) and elevating apparatus, maintenance equipment for buildings, façade access and safety equipment; retailing relating to the sale of spare parts for the building industry, building platforms, lifts (other than ski-lifts), lifting and hoisting equipment.

Class 37

Civil engineering [construction] consultancy; construction services; building, construction and installation of buildings, machines, elevators, lifts, scaffolding, work and building

platforms, mobile working and building platforms, moving working and building platforms, construction cranes, construction devices, hoist cranes, hoists, lifting devices, electric hand tools, motors and engines (except for vehicles), building maintenance apparatus, facade access equipment, safety devices for building maintenance, conveyors; repair and maintenance of machines, elevators, scaffolding, work and building platforms, mobile working and building platforms, moving working and building platforms, construction cranes, lifts, hoist cranes, hoists, lifting devices, electric hand tools, motors and engines (except for vehicles), building maintenance apparatus, facade access equipment, safety devices for building maintenance, conveyors; rental (leasing) of construction equipment, machines, lifts, hoists, scaffolding, working and building platforms, mobile working and building platforms, movable working and building platforms, cranes [lifting and hoisting apparatus], lifts, other than ski-lifts, elevating apparatus, cranes, hoists, electric hand tools, motors and engines (not for land vehicles), maintenance equipment for buildings, facade access equipment and safety equipment for building maintenance, conveyors for building and construction purposes.

Class 40

Custom manufacture and assembly services.

Class 41

Tuition.

Class 42

Technological consultancy and development with regard to machines, scaffolding, working platforms, construction platforms, mobile working platforms, construction cranes, hand tools, electric hand tools, hoist cranes, hoists, lift apparatus, module lifts, module platforms, construction lifts, conveyors and technical consultancy and development with regard to parts and components for machines, scaffolding, working platforms, construction platforms, mobile working platforms, construction cranes, electric hand tools, hoist cranes, hoists, lift apparatus, module lifts, module platforms, construction lifts, conveyors; technical consultancy services relating to civil engineering; civil engineering consultancy; engineering services; engineering consultancy services; information services relating to quality assessment, quality control and quality standards; technological consultancy, project management (design), design services; surveying.

Powerfoyle

Goods and/or Services:

Class 06

Metal roofing; windows of metal; facades of metal; walls of metal.

Class 07

Robots [machines]; robots for industrial use, robots for household and commercial cleaning, robots [parts of -], robots for assisting people (machines), robots used in manufacture; solar power generators and parts and fittings therefor; electric generators using solar cells and parts and fittings therefor.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; measuring instruments and measuring and control instruments; apparatus and instruments for storing electricity; apparatus and instruments for recording, transmission or reproduction of sound or images; solar panels for use in energy generation; data processing equipment; computers; calculating machines; computer software; photovoltaic apparatus for generating electricity; photovoltaic apparatus for converting solar radiation and light energy into electricity; solar cells for electricity generation, parts for solar cells, included in this class; solar panels for electricity generation; photovoltaic solar modules; solar batteries; solar battery chargers; solar batteries for domestic use; solar-powered rechargeable batteries; solar-powered electronic apparatus and instruments, namely solar-powered electronic control apparatus and instruments, solar-powered electronic communication apparatus, solar-powered electronic data processing apparatus, solar-powered electronic GPS apparatus, and solar-powered electronic audio apparatus, and fittings thereto; solar-powered portable electronic apparatus and instruments, namely solar-powered portable electronic control apparatus and instruments, solar-powered portable electronic communication apparatus, solar-powered portable electronic data processing apparatus, solar-powered portable electronic GPS apparatus, and solar-powered portable electronic audio apparatus; solar powered telephones; solar

powered radios; solar-powered computers; solar-powered computer tablets; solar-powered ear phones; solar-powered electronic sport simulators; portable computers for sports and fitness purposes; e-readers having writing functions; wireless communication apparatus; cell phones; cases adapted for mobile phones; tablets; cases for tablet computers; portable computers; sleeves for laptops; wireless headphones; loudspeakers; speakers for wireless use; wireless keyboards; mouse pads; electric signs; light (traffic- -) apparatus [signalling devices]; safety helmets; sports glasses; helmets for use in sports; games software; head protection being protective helmets; goggles; remote control; digital and electronic computer tablets; telecommunication apparatus; video devices; calibrating apparatus and instruments; electronic tracking devices; fitness monitoring devices; remote controls, remote control, controllers for machine tools, management software, control apparatus for software, checking (supervision) apparatus; fitted covers and fittings for the aforesaid goods, included in this class; smartwatches; electric power supply units using solar cells.

Class 11

Solar cell lighting apparatus; solar powered torches; solar energy powered heating installations; solar powered lamps; roof lights [lamps]; solar panels for use in heating; fittings for the aforesaid goods included in this class.

Class 12

Vehicles; robot vehicles; apparatus for locomotion by land, air or water, and structural parts and fittings therefor; transportation robots.

Class 14

Horological and chronometric instruments; solar clocks and watches; parts and fittings for chronometric instruments; sports watches.

Class 18

Leather and imitation leather; leatherboard (imitation of leather); imitation leather cases; bags made of imitation leather; imitation leather purses; imitations of leather for furniture; imitations of leather for shoes; shoulder-belts and straps of leather or imitation leather; casual bags; fashion handbags; travelling trunks and all-purpose carrying bags; umbrellas and parasols; walking sticks; whips, harness and saddlery; collars, clothing and leashes for animals.

Class 19

Ceilings, not of metal; windows, not of metal; facades, not of metal; walls, not of metal.

Class 20

Furniture; mirrors (silvered glass); picture frames; indoor window blinds [furniture] containing photovoltaic cells.

Class 25

Clothing; footwear; hats; sportswear; athletics shoes; clothing accessories, namely belts [clothing].

Class 28

Toys; games [intelligence games]; electronic games; sports playthings; robotic toys; handheld video game apparatus; video game controllers; video games accessories; sporting goods, sporting articles, sports equipment and accessories; face guards for sports use; body protectors for sports use; bags especially adapted for sports equipment; protective padding for playing sports; gymnastic articles; remote control toys.

Class 37

Construction, installation, repair and maintenance of light and solar systems; construction of utility solar installations; installation of residential solar panel power systems; construction services.

Class 40

Generation of electricity from solar energy; custom assembly of materials for others.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis and research; design and development of computer hardware and software; design and development of software for control, regulation and monitoring of solar energy systems; research and design in the field of solar cell development; design and development of computer hardware and software; consultancy relating to solar cell technology.
