General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

build and run distributed applications through an open-source peer-to-peer smart-contract payment network platform; providing cloud-based computer network identification, verification, authentication and management services for security purposes; administration and management of user rights in computer networks, and electronic storage of passwords, credentials and identity information of persons, accounts and devices relating thereto; providing non-downloadable software for managing, storing, and securely administrating data consisting of passwords, credentials and identity information relating to persons, accounts and devices for security purposes; providing authentication software for controlling access to and communications with computers and computer networks; providing software for use in the exchange of virtual items; providing software for selling, trading and managing blockchain-based tokens or cryptocurrency; providing non-downloadable software for a digital exchange; providing non-downloadable software featuring technology that enables the exchange of information, data and digital currency; hosting a website for the exchange of digital data; hosting a digital exchange website for the exchange of information, data related to digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility tokens; providing technological services to supply digital exchange services and digital currency exchange services; providing software for use in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing cloud-based network identification, verification, authentication and management services for security purposes; providing software for managing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized asset, digital token, crypto token and utility token payments, money transfers, and commodity transfers; providing software for facilitating money transfers, electronic funds transfers, commodity transfers, bill payment remittance, and transferring funds between parties; electronic data storage; design, development and hosting of a website offering an online marketplace for the sale and trading of virtual products with other users; Blockchain-as-a-service (BaaS); design, development and hosting of a website featuring financial information relating to digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token payments; design, development and hosting of a website featuring information on the development of law regarding respect of privacy, security, distributed ledger and blockchain technologies, as well as data governance; providing user authentication services by means of technology for electronic commerce transactions, digital currency payment and exchange transactions and electronic transfer of funds.

Class 45

Authentication of personal identification information; online social networking services; online networking services for individuals and investors with an interest in the field of investments; user identity verification services (personal background investigations); user verification services (security services); identification verification services (security services);

provision of legal information on the development of law regarding respect of privacy, security, distributed ledger and blockchain technologies, as well as data governance; legal advice on regulatory compliance in the field of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token applications; online social networking services for investors with an interest in the field of financial trades and exchange of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; authentication of personal identification information (identity verification services).

Goods and/or Services:

Class 01

Chemicals used in industry and science including detergents and cleansers for industrial use as well as purifying chemicals for liquids such as oil and water; solvents for use in the cleaning of machines during manufacturing processes; chemicals for use in brewing; enzymes for the brewing industry.

Class 03

Bleaching preparations and other substances for laundry use; industrial cleaning preparations for cleaning of industrial machines, pipes and tanks; cleaning, polishing,

scouring and abrasive preparations.

Class 05

Disinfectants; preparations for destroying vermin; fungicides; sanitary and sterilizing preparations, including sterilizing preparations for cleaning and sterilization of industrial machines, pipes and tanks.

Class 06

Tanks, lids for tanks, valves (not parts of machines) of metal or their alloys; pipes and tubes of metal; high-pressure metal cylinders [containers]; high-pressure pipelines (of metal); pressure gas bottles of metal; pressure gas cylinders made of metal; metal storage tanks; metal fluid storage tanks; separation tanks of metal; gas storage tanks of metal; industrial water tanks of metal; liquefied gas storage tanks of metal; pressure vessels of metal; liquid storage tanks [containers] made of metal; tanks of metal for the storage of compressed gases; tanks of metal for the storage of liquefied gases; bulkhead fittings of metal [other than vehicles]; die blocks and metal pipes of metal; fittings of metal for compressed air lines; fittings of metal for metallic tubes; fittings of metal for pipes; fittings of metal for piping apparatus; fittings of metal for water conduits.

Class 07

Motors and engines (except for land vehicles); machine coupling and transmission components (except for land vehicles); separators [machines]; centrifugal machines; decanters (horizontal separators for separation of particles in fluids and gas); filters (parts of machines or engines); pumps (machines); valves (parts of machines); heat exchangers (parts of machines); filling machines; bag filling machines; sack filling machines; centrifugal drums; centrifugal separating machines for industrial use; centrifugal separators; condensate separators; decanter centrifuges incorporating screw conveyors; extracting machines; filter presses; filtering machines; fluid separation machines; oil separators [machines]; separators for liquid solutions; separators for separating solids from liquids or gases; pneumatically operable valves [parts of machines]; pump control valves; exhaust gas treatment systems for engines; catalytic converters for the exhaust gases of internal combustion engines; exhaust gas recirculation [EGR] valves for motors and engines; mixing machines; high-pressure pumps; high-pressure cleaning machines; pressure valves [parts of machines]; marine pumps; fluid pumps; gear pumps; circulating pumps; beer pumps; machines for de-alcoholization of beer and other beverages; water pumps; hydraulic pumps; rotary pumps; electric pumps; pneumatic pumps; bilge pumps; axial pumps; pressure pumps; screw pumps; centrifugal pumps; pumps for machines; engine fuel pumps; rotary gear pumps; positive displacement pumps; valves for pumps; steam/oil separators; separators for liquids; water separators [machines]; heavy media separators [machines]; expansion tanks [parts of machines]; plunger type valves for use with tanks [parts of machines]; hydraulic valves [parts of machines]; agitators; agitators for chemical processing; agitators for circulating

liquid media; oil refining machines; pulp refining machines; emergency power supply generators; electric power generators for emergency use; emergency power generators; cyclone separators; inert gas generators [machines]; pumps for the extraction of vapour [machines]; mechanical mixing machines; steam boilers [parts of machines]; steam boilers for steam generating [parts of machines]; steam engine boilers for power generation, other than for land vehicles; washing apparatus; industrial washing machines; exhaust gas filter systems for combustion engines and filters for gases [machines] for use with boiling vessels and boilers; reactor machine systems comprising UV treatment devices for biological disinfection of water; anti-pollution devices for motors and engines; devices for separation of particles from crankcase gases and liquids; machines for refining of oils for food; machines for production of oils for food; drilling machines; machines for separating glycidyl esters from oils for food; spray nozzles being parts of machines; packaging machines for sterilized and not sterilized packaging; filling machines for packages; bag-in-box and bag-in-drum filling machines; machines for washing and cleaning exterior or interior of installations, machines, pipes and tanks, and their parts and components; steam cleaners [machines]; lifting machines for transporting bulk materials; installations for the bulk handling of granular materials; installations for the bulk handling of pulverulent materials; machines and apparatus for cleaning, electric; machinery and apparatus for cleaning of tank containers, shipping containers, reactors, silos and other receptacles; rotating spray nozzles and rotating pulse nozzles (parts of machines and apparatus for cleaning); machines and apparatus for cleaning of machines, tanks, containers, reactors, silos and receptacles in the fields of foodstuff, beverage, pharmaceuticals and cosmetics, feedstuff and other industrial manufacturing; brewing machines (including machines for washing and cleaning brewing machines and yeast handling and sampling equipment, and their parts and components); control mechanisms for machines; de-aerators for water; machines mentioned above particularly for use in the food, feedstuff, dairy, beverage, brewery, starch, chemical, petrochemical, cosmetic, biochemical, pharmaceutical, pulp, paper, power, oil or gas industries, or on off-shore plants, refineries, pollution control plants, waste water plants, on vessels or on ships, in particular in engine rooms; apparatus for de-alcoholization of beer and other beverages; pigs for cleaning pipes; joints for pipes (metal -) [parts of machines]; actuators for valves; valves operated automatically by hydraulic control [parts of machines]; valves operated automatically by pneumatic control [parts of machines]; regulators [parts of machines]; sludge cocks [valves] being parts of machines; mechanical valves [parts of machines] for regulating fluid flow; valves operated by changes in pressure [parts of machines]; parts and components for the aforesaid goods; fuel economizers for motors and engines.

Class 09

Apparatus for inspection, weighing, measuring, signalling, checking (supervision); apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; data processing equipment and computers; electrical control, testing

and monitoring apparatus; apparatus for monitoring of machine and industrial process condition by remote access; thermostats; heat regulating apparatus; hygrometers; electric and electrical condensers and flow control equipment; filling level detectors; electronic valves [thermionic]; industrial automation controls for automatically operating valves; thermal contacts; thermal relays; thermal switches; thermal controls; thermal sensors [thermostats]; thermal energy measuring apparatus; thermionic valves; electric valves [thermionic]; industrial automation controls for valves; cooker control units; magnetic filters; positive displacement meters; weighing apparatus; weighing machines; monitoring and control apparatus for exhaust gas or water filter systems; monitoring and control apparatus for exhaust gas or water filter systems for combustion engines, boiling vessels and boilers; monitoring and control apparatus for exhaust gas or water filter systems for maritime use and ships; monitoring and control apparatus for water filter systems for blocking the intake of organisms and reducing sediments in water pumping operations on ships and in maritime use; monitoring and control apparatus for reactor machine systems comprising UV treatment devices for biological disinfection of water; electrical apparatus for controlling the pressure and flow of flue gases and apparatus for the analysis of flue gases; factory automation software; industrial automation software; industrial automation controls; Robotic Process Automation [RPA] software; parts and components of aforesaid goods.

Class 11

Apparatus for heating, heat recovering, pasteurization, steam generating, cooking, boiling, concentration (evaporators), refrigerating, cooling, drying, ventilation, water supply and for district heating and sanitation purposes; heat exchangers; evaporators; distillation apparatus; refrigerating containers; water heaters; sterilizing apparatus; desalination plants and equipment; equipment for freshwater installations namely water purification, desalination and conditioning installations; filters for purifying of gas (parts of maritime or industrial installations); water purification filters; water filtration apparatus; filters for water purifiers; filters for use with apparatus for steam generating; filters for use with apparatus for ventilating; filters for use with apparatus for heating; filters for gas extractors; filters for exhaust extractors [parts of household or industrial installations]; filters for air purifiers; air filtering apparatus; power filters for water purification, other than machines; industrial air filter machines; membranes for the filtration of water; water and oil purification apparatus and installations; fresh water generators [evaporators]; dehumidifiers; industrial dehumidifiers; air dehumidifiers; electric dehumidifiers; cooling evaporators; evaporators [for chemical processing]; evaporators for air conditioners; water filters; mechanisms for controlling fluid level in tanks [valves]; level control valves [parts for sanitary installations]; mixing valves [faucets]; safety valves for water pipes; heaters; shell heat exchangers; shell-and-coil heat exchangers; shell-and-tube condensers; shell-and-tube evaporators; shell-and-tube heat exchangers; tubular heat exchangers; scraped surface heat exchangers; plate heat exchangers; air heat exchangers; ventilators for heat exchangers; heat exchangers for central heating purposes; evacuated heat pipe solar collectors [heat exchangers]; heat

exchangers for chemical processing; heat exchangers, not parts of machines; heat exchangers for the removal of condensate; heat exchangers for the removal of exhaust gases; heat exchangers for the removal of flue gases; HVAC systems (heating, ventilation and air conditioning); flues and installations for conveying exhaust gases; pressure water tanks; pressure vessels for sterilising; heat pumps; gas scrubbers [parts of gas installations]; scrubbers [parts of gas installations]; separators for scrubbing gas; separators for removing condensation by refrigeration; waste water treatment tanks; level controlling valves in tanks; electrically heated hot water tanks; expansion tanks for central heating installations; wastewater treatment tanks for industrial purposes; filter elements for the overflows of water supply tanks; thermal fluid heaters; thermal incineration installations; solar thermal collectors [heating]; thermal controls [valves] for central heating radiators; thermal oxidizers for industrial air pollution control; air valves for steam heating installations; ball valves [parts of sanitary installations]; valves [plumbing fittings]; waste water purification units; waste water purification installations; industrial waste water purification plants; apparatus for waste water purification; cookers; burners; gas burners; oil burners; alcohol burners; refining towers for distillation; burners for the combustion of gas in boiler units; magnetic filters being parts of central heating apparatus; heaters for swimming pools; steam boilers for steam generating [other than parts of machines]; drinking water supply apparatus; drinking water supply installations; drinking water filters; water treatment apparatus for water purification; water treatment apparatus for water softening; ballast water treatment systems; water treatment units for aerating and circulating water; water treatment filters; UV lamps; UV lamp apparatus for the biological disinfection of water; filters for exhaust emission control [parts of household or industrial installations]; boilers; apparatus for purifying of gas; filters for purifying of gas and water [parts of maritime or industrial installations]; apparatus for purifying of water; filters for purifying of water (parts of maritime or industrial installations); water treatment apparatus and filters; water filters for blocking the intake of organisms and reduce sediments during water pumping operations on ships and in maritime use; water and gas purifiers; exhaust gas and water filter systems for maritime use and ships; water filter systems for blocking the intake of organisms and reducing sediments in water pumping operations on ships and in maritime use; boilers used on marine vessels; boiler pipes and tubes; feeding apparatus for heating boilers; heat exchangers (not parts of machines); filters (parts of industrial installations); flue-gas filters; gas condensers other than parts of machines; distillers for chemical processing; distillers for purifying liquids (chemical processing); water cooling tanks used on marine vessels; sterilizers; parts and components for the aforesaid goods; plate heat regenerators; vacuum heat exchangers; deodorizing apparatus; boilers (for heating); steam boilers, other than parts of machines; apparatus for refrigerating (heat exchangers); filters for industrial installations; spiral heat exchangers; boiler pipes [tubes] for heating installations; pipe heat exchangers; reactors being industrial chemical installations; water and oil scrubbing apparatus and installations; burners for boilers; gas burners; oil burners; alcohol burners; oxyhydrogen burners; gas burners for industrial purposes; apparatus for cleaning gases;

apparatus for cleaning air.

Class 12

Ship ballast tanks [structural components of vessels].

Class 14

Horological and chronometric instruments.

Class 17

Gaskets; pipe gaskets; non-metal gaskets; gaskets for industrial use; gaskets for heat exchangers; graphite packing for gaskets; gaskets for tunnel lining segments; gaskets in the form of rings; gaskets in the form of sheets; graphite packing for pumps, gaskets and valves; combination seals; fluid seals; rod seals; plastic seals; fireproof seals; oil seals [packings]; cylinder jointings; seals for pipe connections; rubber seals for jars; seals [gaskets], joint sealants and expansion joint fillers; rotary shaft seals of non-metallic materials.

Class 22

Fitted disposable liners for containers [sacks] for the transport and storage of materials in bulk; flexible intermediate bulk containers [sacks] for transporting materials; sealable plastic bags for storage in bulk; bags [sacks] for packaging materials in bulk; packaging sacks for transporting materials in bulk; bags for the storage of bulk materials; bags for the transportation of bulk materials; packaging bags [sacks] of textile for bulk transportation.

Class 28

Playthings designed as small-scale machines and apparatus.

Class 37

Installation, maintenance and repair services for machines, apparatus for control steering and monitoring, apparatus for heating, steam generating, cooking, cooling, drying, ventilation, water supply and sanitary purposes and installations included in industrial process systems, particularly for use in the food, dairy, beverage, brewery, starch, chemical, petrochemical, cosmetic, biochemical, pharmaceutical, pulp, paper, power, oil or gas industries; installation, maintenance and repair services for machines, apparatus for control steering and monitoring, apparatus for heating, steam generating, cooking, cooling, drying, ventilation, water supply and sanitary purposes and installations included in industrial process systems, particularly for use on off-shore plants, refineries, pollution control plants, waste water plants, on vessels or on ships, in particular in engine rooms.

Class 42

Industrial process development and advisory services relating thereto; product research and development; product design and development; engineering; engineering services; testing, authentication and quality control; machine condition monitoring; monitoring of computer

systems by remote access; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; services for monitoring industrial processes for quality assurance; machine condition monitoring relating to grease leakage; machine condition monitoring relating to fluid leakage; machine condition monitoring relating to vibrations; machine condition monitoring relating to lubricant leakage; monitoring industrial processes for quality assurance; monitoring of machine condition and industrial processes condition by remote access for quality assurance; laboratory research; product research; software development.

 **interdigital**

Goods and/or Services:

Class 09

Semiconductor devices, integrated circuit basebands, integrated circuit modules, integrated circuits for signal processing in wireless communication devices, integrated circuits incorporating algorithms for use in signal processing, application specific integrated circuits (ASIC), computer chipsets for use in transmission of data to and from central processing units, and wireless modems; architecture systems comprised of downloadable and recorded software and telecommunication hardware platforms for facilitating voice and data transmission and for operating communication systems, communication devices, communication hubs, and antenna; digital telephone platforms, namely, receivers,

communication devices used to facilitate network-edge compute processing, routers and transmitters and downloadable and recorded software to operate related mobile telecommunications devices and networks; downloadable and recorded protocol stack software used for the design, development, operation, and deployment of wireless communication systems and wireless communication devices; downloadable and recorded software for signal processing in wireless communication devices and systems; downloadable and recorded application software for operating wireless devices; downloadable and recorded software for use in operating electronic devices, including modems, antennas, mobile phones, telephone sets and wireless terminals.

Class 40

Processing and photofinishing of films, photos, videos, digital images and 3D images in the nature of alteration and retouching of photographic images; color enhancement of multimedia content in the nature of films, photos, videos, digital images and 3D images.

Class 41

Editing films, photos, videos, digital images, and 3D images with color profiles and color characterization, calibration and color gamut expansion algorithms for the purpose of color rendering; training services in the field of production and post production of films, photos, videos, digital images and 3D images, color management, and processing and editing of films, photos, videos, digital images and 3D images.

Class 42

Engineering, technical and engineering research, and technical and engineering consultation services in the field of wireless and digital communications; designing and testing wireless and digital communications systems, equipment and components thereof for others; computer software design for others in the field of wireless and digital communication systems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; Scientific and technological services, namely, industrial analysis and scientific research services in the field of technology for color management; surveying; quality control for others; testing, analysis and evaluation of the services of others for the purpose of certification for color and image certification services for multimedia content in the nature of films, photos, videos, digital images, 3D images; updating software for others; installation of computer software; design of programs for digital image correction of films, photos, and videos; development of image processing software; scientific analysis of color and image of multimedia contents in the nature of films, photos, videos, digital images, 3D images for the purpose of color calibration for color profiling, color characterization, color display control, color grading, color gamut expansion and color rendering; updating video capture and video rendering software for others; software as a service (SAAS) featuring software for data management, namely, analysis, extraction and indexing in real time or not, to and from intelligent devices or applications;

providing on-line non-downloadable software platforms and software as a service featuring software for connecting intelligent devices of any kind to software platform or applications in the cloud allowing a remote access to data capture, data display, data storing, data archiving, data search, data indexing, data sharing, data analyzing, data monitoring, data tracking, data exchange, and data maintenance.

Class 45

Licensing intellectual property.
