GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

CLASS 9

Scientific, nautical, surveying, photographic, cinematographic, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and

instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software and computer programs (downloadable/recorded computer software); computer operating programs, recorded; computer hardware and software (recorded and/or downloadable) for facilitating and administering payment, banking, credit card, debit card, payment card, automatic teller machine, stored value, electronic funds transfer, electronic payments, electronic processing and transmission of bill payment data, cash disbursement, transaction authentication, routing, authorization and settlement services, fraud detection and control, disaster recovery and encryption services; telecommunication and electrical apparatus and instruments, namely, apparatus for the recording, transmission and reproduction of data including sound and images; accounting machines; apparatus for tracking, management and analysis of financial accounts via a global computer network; computer hardware and software, namely, for the development, maintenance and use of local and wide area computer networks; systems for reading memory cards and systems for reading data in memories, namely, integrated circuit memories and banking card memories; downloadable electronic publications; printing apparatus including printing apparatus for data processing systems and financial transaction systems; encoders and decoders; modems; computer hardware and software for facilitating payment transactions by electronic means over wireless networks, global computer networks and/or mobile telecommunications devices; computer hardware and encryption software, encryption keys, digital certificates, digital signatures, software for secure data storage and retrieval and transmission of confidential customer information used by individuals, banking and financial institutions; computer software and hardware that facilitates the identification and authentication of near field communication (NFC) devices and radio frequency identification (RFID) devices; computer hardware and software comprising a digital wallet that stores customer account information to access coupons, vouchers, voucher codes and rebates at retailers and to obtain loyalty or monetary rewards that can be credited to their accounts; downloadable computer programs and application software for mobile phones and other digital devices comprising a digital wallet that allow users to access price-comparison information, product reviews, links to the retail websites of others, and discount information; software application for use in connection with contactless payment terminals for the purpose of allowing merchants to accept contactless mobile commerce transactions, contactless presentation of loyalty credentials, and contactless redemption of coupons, rebates, discounts, vouchers and special offers; software application that allows merchants to deliver coupons, rebates, discounts, vouchers and special offers directly to the mobile telecommunications devices of consumers delivered by contactless RFID or NFC communications; software application that allows merchants to deploy smart posters in retail and wholesale in-store locations that consumers can tap with their mobile telecommunications devices to access coupons, rebates, discounts, vouchers and special offers delivered by contactless RFID or NFC communications; integrated circuit chips for use in mobile phones and NFC and RFID devices; magnetic encoded cards and cards containing an integrated circuit chip (smart cards); security encoded cards; cards encoded with security features for authentication purposes; cards encoded with security features for identification purposes; hologram impregnated cards (encoded); charge cards, bank cards, credit cards, debit cards, chip cards, stored value cards, electronic data carrier cards, payment cards and payment cards all encoded; banking cards, namely, magnetically encoded banking cards and banking cards using magnetic memories and integrated circuit memories; payment card readers; magnetic coded card readers, electronic data carrier card readers, electronic encryption units, computer hardware, computer terminals, computer software for use in the financial services, banking and telecommunications industries; computer software designed to enable smart cards to interact with terminals and readers; computer chips embedded in telephones and other communication devices; telecommunications equipment; point of sale transaction terminals and computer software for transmitting, displaying and storing transaction, identification and financial information for use in the financial services, banking and telecommunications industries; radio frequency identification devices (transponders); electronic verification apparatus for verifying authentication of charge cards, bank cards, credit cards, debit cards and payment cards; cash dispensing machines; computer peripheral devices and electronic goods, namely, calculating machines, electronic organizers, electronic notepads, pocket planners, mobile telephones, mobile telephone handsets, tablet computers, digital readers and personal digital assistants (PDAs) and alarms; mouse pads; fire-extinguishing apparatus; parts and fittings for all the aforesaid goods.

CLASS 35

Advertising and business advice; advertising and business management consultancy; advertising and marketing consultancy; advertising and marketing services; advertising, marketing and promotion services; advertising, marketing and promotional consultancy, advisory and assistance services; advisory and consultancy services relating to business management; business management and administration services; business administration and business consultancy services; business administration and management services; services consisting of the registration, transcription, composition, compilation or systematization of written communications and registrations [office

functions]; business advisory services; business investigations; commercial information agencies; presentation of goods on communication media for retail purposes; price comparison services; organization of exhibitions for commercial or advertising purposes; marketing consulting services; market research services; tracking, analyzing, forecasting and reporting cardholder purchase behavior; promoting the sale of the goods and services of others by means of rewards and incentives generated in connection with the use of credit, debit and payment cards; business administration of loyalty and rewards programs; commercial, industrial and business management assistance; business appraisals; advisory services for business management; marketing studies; statistical information (business); re-creation of statements of accounts; book-keeping; business research; public relations; publication of publicity texts; issuing of publicity leaflets; retail services provided through mobile telecommunications means in connection with the provision of credit cards and debit cards; retail services provided on-line, through networks or other electronic means using electronically digitized information connected with the provision of credit cards and debit cards; computer database management; promoting concerts and cultural events of others, organization of expositions having commercial or advertising purposes; advertising for transport, travel, hotels, lodging, food and meals, sports, entertainment and sightseeing; providing information regarding purchase of goods and services on-line via the Internet and other computer networks; financial records management; information, advisory and consultancy services related to all the aforesaid services.

CLASS 36

Insurance; financial affairs; monetary affairs; real estate affairs; financial consultancy; financial information; financial sponsorship; financial services, namely, banking, credit card services, debit card services, charge card services, pre-paid card services offered through cards with stored value, electronic credit and debit transactions, bill payment and presentment services, cash disbursement, check verification, check cashing, deposit access and automated teller machine services, transaction authorization and settlement services, transaction reconciliation, cash management, consolidated funds settlement, consolidated dispute processing, financial information with respect to data repository and client profile information services and related switching, gateway, settlement/reconciliation, and funds movement services in the field of payment cards, electronic payment processing services, payment transaction authentication and verification services, value exchange services, namely, secure electronic cash transactions and electronic cash transmissions over public computer networks to facilitate electronic commerce; providing financial information, namely credit and debit card data and reports, electronic funds transfer and currency exchange services, financial assessment and risk management services for others in the field of consumer credit; dissemination of financial information via a global computer network, financial information rendered by computer by means of a secure information computer network and advisory services regarding all of the foregoing services; the provision of financial services for the support of retail services provided through mobile telecommunications means, namely, payment services through wireless devices; the provision of financial services for the support of retail services provided on-line, through electronic networks; financial analysis and consultation; banking and credit services; banking, payment, credit, debit, charge, cash disbursement and stored valued deposit access services; cheque verification; processing of financial transactions both on-line via a computer database or via telecommunications and at point of sale; processing services for financial transactions by card holders via automatic teller machines; the provision of balance details, deposits and withdrawals of money to card holders via automatic teller machines; financial settlement and financial authorization services in connection with the processing of financial payment transactions; travel insurance services; issuing and redemption of travelers cheques and travel vouchers; payer authentication services; verification of financial information; maintenance of financial records; remote payment services; stored value electronic purse services, electronic payments services and transaction authorization and settlement services; provision of debit and credit services by means of radio frequency identification devices (transponders); provision of debit and credit services by means of communication and telecommunication devices; the provision of financial services for the support of retail services provided through mobile telecommunications means, including payment services through wireless devices; processing of credit and debit transactions by telephone and telecommunication link; the provision of financial services for the support of retail services provided on-line, through networks or other electronic means using electronically digitized information; value exchange services, namely, the secure exchange of value, including electronic cash, over computer networks accessible by means of smartcards; bill payment services provided through a website; electronic banking via a global computer network, electronic mobile banking, electronic payment services involving electronic processing and transmission of bill payment data; financial clearing house services; inter-bank transfer services, namely, direct bank-to-bank electronic transfers of money and providing bank account information by telephone; on-line banking; financial services provided over the telephone and by means of a global computer network or the Internet; financial services, namely, the provision of contactless mobile payments through merchants at retail, online and wholesale locations; financial services, namely, providing a cloud-based digital wallet that stores customer account information to access coupons, vouchers, voucher codes and rebates at retailers and to obtain loyalty or monetary rewards that can be credited to their accounts via a cash-back system; real estate property services; real estate valuations; real estate investment management; real

estate investment services; real estate insurance services; insurance for property owners; insurance services relating to property; real estate financing; real estate brokerage; real estate appraisals; real estate agency services; evaluation of real estate; real estate administration; administration of financial affairs relating to real estate; provision of real estate loans; financing services relating to real estate development; financial brokerage services for real estate; financial services relating to real estate property and buildings; financial services for the purchase of real estate; arranging of loan agreements secured on real estate; arranging of shared ownership of real estate; arranging the provision of finance for real estate purchase; assisting in the acquisition of and interests in real estate; capital investment in real estate; commercial property investment services; financial services relating to the acquisition of property; financial services relating to the sale of property; financial valuation of freehold property; financial valuation of leasehold property; arranging letting of real estate; arranging of leases of real estate; leasing of property; leasing of real estate property; leasing of freehold property; estate management services relating to transactions in real property; valuation of property; property portfolio management; management of property; advisory services relating to real estate ownership; advisory services relating to real estate valuations; corporate real estate advisory services; computerized information services relating to real estate; consultation services relating to real estate; provision of information relating to real estate property; provision of information relating to the property market; research services relating to real estate acquisition; research services relating to real estate selection; mortgage financing and asset securitization; consulting services regarding payment solutions, banking, credit card, debit card and payment card; information, advisory and consultancy services relating to all the aforesaid services.

CLASS 38

Telecommunications; mobile telecommunication services; Internet based telecommunication services; data communication services; electronic data transmission over a global remote data processing network, including the Internet; services for the transmission, provision or display of information from a computer-stored data bank or via the Internet in the field of financial services; transmission of data through the use of electronic image processing by mobile telephone link; electronic mail, message sending and receiving services; television, radio and Internet broadcasting services; providing multi-user access to a secure computerized information network for the transfer and dissemination of a range of information in the field of financial services; prepaid telephone calling card services; information, advisory and consultancy services relating to all the aforesaid services.

CLASS 41

Entertainment services; education services and provision of training; sporting and cultural activities; provision of electronic publications (not downloadable); providing on-line electronic publications; publication of electronic books and journals on-line; providing publications from a global computer network or the Internet which may be browsed; information relating to education and entertainment services; arranging and conducting of conferences, seminars, exhibitions and symposiums, training courses, lectures.

CLASS 42

Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; conversion of data or documents from physical to electronic media; computer hardware and software consulting services; computer programming; support and consultation services for managing computer systems, databases and applications; providing temporary use of non-downloadable software and applications for managing, locating, activating and revoking authentication and digital credentials of near field communication (NFC) devices; design, development, maintenance and update of computer hardware and application software for mobile digital devices; design, development, maintenance and update of downloadable computer programs and application software for mobile phones and other digital devices that allows users to access coupons, vouchers, voucher codes, rebates, price-comparison information, product reviews, links to the retail websites of others, and discount information; design, development, maintenance and update of downloadable computer programs and application software that allows users to access sales promotion offers and obtain monetary rewards that can be credited to their accounts via a cash-back system; application software provider (ASP) featuring software for receiving, transmitting and displaying vouchers, coupons, voucher codes, special offers, reviews, product information, price comparison information, links to websites, and receiving and transmitting data for the purchase of goods and services; application service provider featuring software for providing consumers with information regarding discounts, vouchers and special offers for the goods and services of others; application service provider services concerning social networking software; graphic design for the compilation of web pages on the Internet; information relating to computer hardware or software provided on-line from a global computer network or the Internet; creating and maintaining web-sites; hosting the web-sites of others; creation of web pages; the design, creation and hosting of merchant websites; the designing, creation and hosting of bill payment websites; computer and Internet related services, namely, providing on-line electronic databases via a global computer network in the

field of identity authentication and verification; data encryption and decryption of financial information; digital signature authentication services for authentication of others, namely, data encryption and data integrity; providing for others encrypted and digitally signed and authenticated data for use in issuance, and validation of digital certificates in the field of document authentication; digital certificate verification, authentication, issuance, distribution and management; technical consultation services in the fields of computer programming, financial computer networks, data processing, secure communications, data encryption and decryption and local area network security; dissemination of information over a global computer network in the fields of computer software, computer hardware, financial computer networks and local area networks; data processing and data verification services; data storage and retrieval services; data repository and client profile information services; leasing access time to a computer database; information, advisory and consultancy services relating to all the aforesaid services.

loran navigation machines; cases for satellite navigation devices; earth satellites for use in geolocation navigation; electronic navigational and positioning apparatus and instruments; electronic navigational instruments; electronic navigational, tracking and positioning apparatus and instruments; navigation apparatus for boats; navigation apparatus for vehicles [on-board computers]; navigation apparatus for vehicles in the nature of on-board computers; navigation computers for cars; navigational buoys; navigational instruments; navigational satellites; satellite navigation devices; satellite navigation systems; satellite navigational apparatus; satellite-aided navigation systems; software for gps navigation systems; software for satellite navigation systems; leveling rods for surveying; leveling staffs [surveying instruments]; magnetic compasses for surveying; needles for surveying compasses; plane tables [surveying instruments]; rods [surveying instruments]; surveying apparatus and instruments; surveying chains; surveying compass needles; surveying instruments; transits for surveying; tripods for surveying apparatus; bags for cameras and photographic equipment; bags specially adapted for cameras and photographic equipment; cases adapted for photographic equipment; cases especially made for photographic apparatus and instruments; cases for cameras and photographic equipment; cases for photographic apparatus; cases for photographic cameras; centering apparatus for photographic transparencies; drying apparatus for photographic prints; frames for photographic transparencies; glazing apparatus for photographic prints; lenses for photographic apparatus; photocopyers [photographic, electrostatic, thermic]; photographic and cinematographic apparatus and instruments; photographic apparatus and equipment; photographic apparatus and instruments; photographic cameras; photographic cameras for the instant production of pictures; photographic equipment; photographic exposure meters; photographic filters; photographic flash units for cameras; photographic flashbulbs; photographic lenses; photographic lenses for use in aerial photography; photographic machines and apparatus; photographic negatives; photographic objectives for use in aerial photography; photographic projectors; photographic racks; photographic slide transparencies; photographic slides; photographic transparencies; photographic viewfinders; photographic, cinematographic and optical apparatus and instruments; stands for photographic apparatus; viewfinders, photographic; apparatus for editing cinematographic film; appliances for editing cinematographic films; cinematographic apparatus and instruments; cinematographic cameras;

cinematographic film, exposed; cinematographic instruments and apparatus; cinematographic machines and apparatus; cinematographic projectors; colour filters for television and cinematographic cameras; editing machines for cinematographic films; exposed cinematographic films; machines for developing cinematographic films; projection screens for cinematographic films; audiovisual and information technology equipment; audiovisual apparatus and equipment; audiovisual receivers; audiovisual teaching apparatus; computer software to enhance the audiovisual capabilities of multimedia applications; downloadable templates for designing audiovisual presentations; blank optical discs; cables for electrical and optical signal transmission systems; cables for optical signal transmission systems; computer hardware and software for performing optical diagnostics; computer software for optical character recognition; filters for optical devices; magnetic and optical data carriers; magneto-optical and optical data carriers; magneto-optical discs; micrometer screws for optical instruments; non-linear optical fibres; optical and magnetic data media; optical apparatus and instruments; optical apparatus for guiding projectiles; optical breadboards; optical cables; optical character readers; optical character recognition [ocr] apparatus; optical condensers; optical data carriers; optical data media; optical disc drives; optical disc players; optical disc readers; optical discs; optical discs featuring music; optical fiber cables; optical fiber connectors; optical fibers; optical fibers [light conducting filaments]; optical fibers for the transmission of sounds and images; optical filters; optical frequency metrology devices; optical glass; optical inspection apparatus for industrial use; optical inspection apparatus for the traceability of pharmaceutical preparations and pharmaceutical packages; optical lamps; optical lanterns; optical lens blanks; optical lens sights; optical lenses; optical lenses for sunglasses; optical lenses for use with sunglasses; optical mirrors; optical phase shifters; optical power meters; optical profilers; optical readers; optical receivers; optical reflectors; optical scanners; optical semiconductor amplifiers; optical sensors; optical shutters; optical transceivers; optical transmitters; optical viewing and recording apparatus; optically encoded labels; planetariums [optical devices]; polarization-maintaining optical fibers; prisms for optical apparatus; prisms for optical devices; prisms for optical purposes; prisms for optical use; protective sheaths for fiber optical cables; software for optical character recognition; apparatus and instruments for weighing; electronic weighing scales; electronic weighing scales for personal use; hanging scales for weighing fish; personal weighing scales; weighing apparatus and instruments; weighing machines; weights for use with weighing scales; t-squares [measuring instruments]; t-squares for measuring; apparatus for measuring the thickness of skins; appliances for measuring the thickness of leather; clamp meters [measuring instruments]; clamp meters for measuring electric current; clamp meters for measuring electrical current; clamp meters for measuring electricity; compasses for measuring; conductivity meters [scientific measuring instruments]; connected bracelets [measuring instruments]; coordinate measuring instruments; coordinate measuring machines; crack meters [measuring instruments]; distance measuring apparatus; droppers for measuring, other than for household purposes; droppers for measuring, other than for medical and household purposes; droppers for measuring, other than for medical purposes; electric measuring apparatus; electric measuring devices; electrical measuring apparatus; electrical measuring devices; electromagnetic measuring instruments; electronic sensors for measuring solar radiation; gasometers [measuring instruments]; height measuring instruments; hourglasses [time measuring apparatus]; instruments for measuring length; jigs [measuring instruments]; joint meters [measuring instruments]; laser distance meters [measuring apparatus]; laser distance meters being measuring apparatus; laser measuring systems; lasers for measuring; lasers for measuring purposes; length measuring gauges; logs [measuring instruments]; luminescence measuring devices; measuring and control apparatus and instruments; measuring and control devices for air-conditioning technology; measuring and testing machines and instruments; measuring apparatus; measuring apparatus and instruments; measuring apparatus, devices and instruments; measuring bowls; measuring buckets; measuring cups; measuring devices, electric; measuring glassware; measuring instruments; measuring jugs; measuring or testing machines and instruments; measuring rods; measuring rulers; measuring rules; measuring scoops; measuring spoons; measuring tapes; measuring transducers; measuring wheels; meters for measuring alkalinity; meters for measuring current; meters for measuring electric current; meters for measuring electrical current; meters for measuring electrical resistance; meters for measuring electrical voltage; meters for measuring gaseous flow; meters for measuring resistance; meters for measuring values of electrical parameters; meters for measuring voltage; multimeters for measuring electric current; multimeters for measuring electrical resistance; multimeters for measuring electrical voltage; polyethylene measuring cups; precision measuring apparatus; pressure measuring apparatus; protractors [measuring instruments]; radiation measuring apparatus; radiation measuring instruments; radioactivity measuring apparatus; radioactivity measuring instruments; resistance measuring instruments; rulers [measuring instruments]; rules [measuring instruments]; screw-thread measuring machines and instruments; set squares [measuring instruments]; sliding squares [measuring instruments]; sound measuring apparatus; speed measuring apparatus; speed measuring apparatus [photography]; square rulers for measuring; squares for measuring; straightedges [measuring instruments]; tee-squares [measuring instruments]; tool measuring instruments; wire diameter measuring devices; electronic equipment for detecting mines; mine detecting apparatus; apparatus for testing carbon monoxide detectors using an aerosol spray; apparatus for testing heat detectors using an aerosol spray; apparatus for testing smoke detectors

using an aerosol spray; apparatus for testing transmissions for vehicles; apparatus for testing vehicle brakes; apparatus for testing vehicle transmissions; cement testing machines; computer component testing and calibrating equipment; computer-controlled electronic apparatus for electrophysiological measurement and testing of cells, not for medical purposes; concrete testing machines; electrical control, testing and monitoring apparatus; electrical testing equipment; electronic apparatus for testing the sterility of medical equipment; electronic apparatus for testing the sterility of pharmaceuticals and injectable solutions; electronic testing apparatus; electronic testing apparatus for use in the field of telecommunications; electronic testing equipment; gas testing instruments; material testing instruments; material testing instruments and machines; material testing machines; metal compression testing machines; metal hardness testing machines; metal strength testing machines; meters for testing humidity; plastic testing machines; probes for testing integrated circuits; probes for testing semiconductors; semiconductor testing apparatus; surface roughness testing machines and instruments; testing apparatus for testing printed circuit boards; testing apparatus not for medical purposes; textile testing machines; borescopes for inspecting work; mirrors for inspecting work; apparatus for teaching; artificial bones for medical instruction purposes [teaching apparatus]; artificial limbs for medical instruction purposes [teaching apparatus]; augmented reality software for medical teaching; electronic sports training simulators [computer hardware and software-based teaching apparatus]; instructional and teaching apparatus and instruments; resuscitation mannequins [teaching apparatus]; teaching and instructional apparatus; teaching and instructional apparatus and instruments; teaching apparatus; teaching apparatus and instruments; teaching robots; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution of electricity; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the use of electricity; apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity; audio switching apparatus; automatic switching apparatus for telecommunications; digital telephone switching apparatus; high-frequency switching power supplies; control valves for regulating the flow of gasses and liquids [solenoid valves]; electric regulating apparatus; electrical regulating apparatus; heat regulating apparatus; regulating apparatus, electric; anti-interference devices [electricity]; apparatus for controlling static electricity; armatures [electricity]; branch boxes [electricity]; cell switches [electricity]; connectors [electricity]; control panels [electricity]; distribution boards [electricity]; distribution boxes [electricity]; distribution consoles [electricity]; ducts [electricity]; electric power supply units, other than electricity generators; electricity conduits; electricity distribution consoles; electricity limiters; electricity meters; inductors [electricity]; inverters [electricity]; junction boxes [electricity]; limiters [electricity]; materials for electricity mains [wires, cables]; photovoltaic apparatus and installations for generating solar electricity; photovoltaic installations for generating electricity [photovoltaic power plants]; polyphase electricity meters; rectifiers [electricity]; reducers [electricity]; solar panels for electricity generation; solar panels for production of electricity; solar panels for the production of electricity; switchboxes [electricity]; terminals [electricity]; transformers [electricity]; winding wires [electricity]; wire connectors [electricity]; acoustic membranes used in sound recording or reproducing apparatus; apparatus and instruments for recording, transmission or reproduction of sound or images; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; apparatus for broadcasting, recording, transmission or reproduction of sound or images; apparatus for broadcasting, recording, transmission or reproduction of sound, data or images; apparatus for monitoring and recording the performance of machinery; apparatus for recording and reproducing speech; apparatus for recording distance; apparatus for recording images; apparatus for recording sound; apparatus for recording, storage, transmission and reproduction of sounds and images; apparatus for recording, transmission and reproduction of images; apparatus for recording, transmission and reproduction of sound; apparatus for recording, transmission and reproduction of sound or images; apparatus for recording, transmission and reproduction of sound or images; apparatus for recording, transmission or reproduction of images; apparatus for recording, transmission or reproduction of information; apparatus for recording, transmission or reproduction of sound; apparatus for recording, transmission or reproduction of sound and images; apparatus for recording, transmission or reproduction of sound and images; apparatus for recording, transmission or reproduction of sound and images; apparatus for recording, transmitting and reproducing sound and images; apparatus for recording, transmitting or reproducing sound and images; apparatus for recording, transmitting or reproducing sound or images; apparatus for speech recording and replaying; apparatus for the recording of sound; apparatus for the recording of sound or images; apparatus for the recording, transmission and reproduction of sound and images; apparatus for the recording, transmission, amplification and reproduction of sound; audio and video recordings; audio recordings; audio recordings featuring music; blank cd-roms for sound or video recording; blank analogue recording and storage media; blank analogue recording media; blank digital recording and storage media; chronographs [time recording

apparatus]; chronographs for use as specialized time recording apparatuses; cleaning apparatus for sound recording discs; compact discs, dvds and other digital recording media; devices for recording sound and image carriers; devices for the recording, transmission and playback of sound and images; digital recording media; distance recording apparatus; downloadable musical sound recordings; downloadable video recordings; downloadable video recordings featuring music; electric apparatus for recording, transmission or reproduction of sound or images; electronic machines for recording financial operations; film recording apparatus; head cleaning tapes [recording]; magnetic data carriers and recording discs; magnetic data carriers, recording discs; magnetic recording media; musical sound recordings; musical video recordings; pressure recording apparatus; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; recorded or downloadable media, computer software, blank digital or analogue recording and storage media; recording discs; sound and image recording apparatus; sound and video recordings; sound recording and reproducing apparatus; sound recording apparatus; sound recording carriers; sound recording discs; sound recording equipment; sound recording strips; sound recordings; time and date recording apparatus; time clocks [time recording devices]; time recording apparatus; video recording apparatus; video recordings; apparatus for processing, transmitting and storing database information; apparatus for transmitting radio programmes and radio relay messages; apparatus for transmitting sound; cables for transmitting and receiving cable television signals; computer chipsets for use in transmitting data to and from a central processing unit; facsimile transmitting and receiving apparatus; radio receiving and transmitting apparatus; sound transmitting apparatus; toy walkie-talkies [capable of transmitting and receiving communications]; transmitting and receiving apparatus for long-distance transmission; transmitting and receiving apparatus for radio broadcasting; transmitting and receiving apparatus for television broadcasting; transmitting sets [telecommunication]; cd drives for computers; lan [local area network] access points for connecting network computer users; lan [local area network] computer cards for connecting portable computer devices to computer networks; lan computer cards; pcmcia [personal computer memory card international association] cards; anti-glare filters for computer monitors; backup drives for computers; bags adapted for computers; bags adapted for notebook computers; bags adapted for tablet computers; battery chargers for laptop computers; battery chargers for tablet computers; bike computers; blank computer discs; blank discs for computers; blank floppy computer discs; blank floppy disks for computers; blank hard disks for computers; blank magnetic computer tapes; blank tapes for storage of computer data; buffer memory devices [computer hardware]; car navigation computers; carrying cases adapted for computers; carrying cases for notebook computers; carrying cases specially adapted for computer printers; cases adapted for computers; cases adapted for netbook computers; cases adapted for notebook computers; cases for tablet computers; cash registers, calculating machines, data processing equipment, computers; clock generators for computers; communication software for connecting computer network users; communication software for connecting global computer networks; communications computers; communications servers [computer hardware]; communications software for connecting computer network users; communications software for connecting global computer networks; compact disc drives for computers; components for computers; computer accelerator boards; computer apparatus; computer application software for cell phones; computer application software for cellular phones; computer application software for cellular telephones; computer application software for mobile phones; computer application software for mobile telephones; computer bags; computer buffers; computer cables; computer card adapters; computer carrying cases; computer central processing units; computer chassis; computer chatbot software for simulating conversations; computer chip sets; computer chips; computer circuit boards; computer communications software to allow customers to access bank account information and transact bank business; computer data storage devices; computer daughterboards; computer digital maps; computer disk drives; computer disk drives and drivers; computer diskettes; computer display monitors; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer expansion boards; computer fax modem cards; computer firewall software; computer firmware; computer graphics boards; computer graphics cards; computer graphics software; computer groupware; computer hardware; computer hardware and computer software for database management; computer hardware and software; computer hardware and software; computer hardware and software for blockchain technology; computer hardware and software for cryptocurrency; computer hardware and software for database management; computer hardware and software for digital currencies; computer hardware and software for providing secure remote access to computer and communication networks; computer hardware and software for setting up and configuring local area networks; computer hardware and software for setting up and configuring wide area networks; computer hardware and software for virtual currencies; computer hardware for electronic trading of currency; computer hardware for electronic trading of virtual currency; computer hardware for network access servers; computer hardware for telecommunications; computer hardware for use with apparatus for cutting polyurethane films; computer hardware for use with apparatus for cutting polyurethane screen protectors; computer hardware, firmware and software; computer heat sinks; computer input devices; computer interface boards; computer interface cards; computer interface software; computer keyboards; computer keypads; computer memories; computer memory devices; computer mice; computer monitor frames; computer monitors; computer motherboards; computer motherboards and daughterboards; computer

mouse; computer mouse mats; computer mouse pads; computer mice; computer network adapters; computer network bridges; computer network hubs; computer network hubs, switches and routers; computer network routers; computer network servers; computer network switches; computer network-attached storage [nas] hardware; computer networking hardware; computer on a stick; computer operating programmes; computer operating programs, recorded; computer operating software; computer operating system software; computer operating systems; computer parallel ports; computer peripheral apparatus; computer peripheral devices; computer peripheral equipment; computer peripherals; computer peripherals and accessories; computer plug-in cards; computer printers; computer programmes for data processing; computer programmes for document management; computer programmes for project management; computer programmes for use in telecommunications; computer programmes stored in digital form; computer programmes, recorded; computer programs and computer software for electronic trading of securities; computer programs and computer software for electronically trading securities; computer programs and software; computer programs and software for image processing; computer programs and software for image processing used for cell phones; computer programs and software for image processing used for cellular phones; computer programs and software for image processing used for cellular telephones; computer programs and software for image processing used for mobile phones; computer programs and software for image processing used for mobile telephones; computer programs for internet of things [iot] enabled devices; computer programs for accessing and using the internet; computer programs for connecting remotely to computers or computer networks; computer programs for connecting to remote computers and computer networks; computer programs for data processing; computer programs for document management; computer programs for editing images, sound and video; computer programs for electronic trading of currency; computer programs for electronic trading of virtual currency; computer programs for enabling access or entrance control; computer programs for generating music; computer programs for processing data; computer programs for processing digital music files; computer programs for project management; computer programs for searching remotely for content on computers and computer networks; computer programs for the enabling of access or entrance control; computer programs for the management of sales; computer programs for use in telecommunications; computer programs for user interface design; computer programs for using the internet and the world wide web; computer programs for video and computer games; computer programs stored in digital form; computer programs used for electronic cash register systems; computer programs, downloadable; computer programs, recorded; computer screen filters; computer screen saver software; computer screen saver software, recorded or downloadable; computer screens; computer screensaver software; computer search engine software; computer serial ports; computer servers; computer shareware; computer software; computer software and hardware; computer software and telecommunications apparatus to enable connection to databases and the internet; computer software and telecommunications apparatus, including modems, to enable connection to databases and the internet; computer software and telecommunications apparatus, including modems, to enable connection to databases, computer networks and the internet; computer software and telecommunications apparatus, including modems, to enable connection to databases, computer networks, global computer networks and the internet; computer software applications, downloadable; computer software designed to estimate costs; computer software designed to estimate resource requirements; computer software development tools; computer software downloaded from the internet; computer software for global positioning systems [gps]; computer software for accessing information directories that may be downloaded from a global computer network; computer software for administration of computer local area networks; computer software for administration of local area networks; computer software for aiding the development of blockchain-based applications; computer software for application and database integration; computer software for arcade apparatus and games; computer software for blockchain data mining; computer software for blockchain mobile applications and wallets; computer software for blockchain technology; computer software for blockchain technology and cryptocurrency; computer software for business purposes; computer software for communicating with users of hand-held computers; computer software for computer-aided design/computer-aided manufacturing [cad/cam]; computer software for controlling and managing access server applications; computer software for controlling self-service terminals; computer software for controlling the operation of audio and video devices; computer software for converting document images into electronic formats; computer software for creating and editing music and sounds; computer software for creating digitized patterns; computer software for creating maps; computer software for creating music; computer software for creating searchable databases; computer software for cross blockchain transfers; computer software for cryptocurrency asset management; computer software for data and document capture, transmission, storage and indexing; computer software for data processing; computer software for database management; computer software for developing, building, and operating consumer blockchain applications; computer software for electronic trading of currency; computer software for electronic trading of virtual currency; computer software for encryption; computer software for facsimile, email, voice mail, or internet messaging; computer software for global positioning systems; computer software for image processing; computer software for interacting with blockchain platforms; computer software for mobile phones; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer

software for processing digital music files; computer software for processing images, graphics and text; computer software for processing information; computer software for producing financial models; computer software for project management; computer software for synchronizing data between handheld or portable computers and host computers; computer software for the creation of firewalls; computer software for the management of sales; computer software for transmission of sound and video messages; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use in automating and managing business processes; computer software for use in creating and designing websites; computer software for use in map making; computer software for use in processing semiconductor wafers; computer software for use in programming facsimile machines; computer software for use in providing multiple user access to a global computer information network; computer software for use in the field of telecommunications for providing electronic transmission of documents and facsimile transmission; computer software for virtual telephone cards; computer software for wireless content delivery; computer software for wireless network communications; computer software for word processing; computer software packages; computer software platforms; computer software platforms, recorded or downloadable; computer software products; computer software programs; computer software programs for database management; computer software that assists computers in deploying parallel applications and performing parallel computations; computer software to automate data warehousing; computer software to enable searching of data; computer software to enable the transmission of photographs to cell phones; computer software to enable the transmission of photographs to cellular phones; computer software to enable the transmission of photographs to cellular telephones; computer software to enable the transmission of photographs to mobile phones; computer software to enable the transmission of photographs to mobile telephones; computer software to maintain and operate computer systems; computer software, firmware and hardware; computer software, recorded; computer stands specially designed for holding a computer, printer and accessories; computer sticks; computer styluses; computer systems; computer telephony software; computer terminals; computer terminals for banking purposes; computer touch screens; computer user manuals in electronic format; computer user manuals in the form of downloadable electronic publications; computer utility programs; computer utility programs for computer maintenance; computer utility programs for data compression; computer utility programs for file management; computer utility software, downloadable; computer video game software; computer video game software and manuals in electronic format sold as a unit; computer whiteboard software; computer workstations [hardware]; computer-generated holograms [cgh]; computer-generated imagery [cgi] software; computerised personal organisers; computerized digital maps; computerized personal organizers; computerized time clocks with fingerprint recognition; computerized vehicle engine analyzers; computers; computers and instructional manuals in electronic format sold as a unit; computers for use in data management; covers for tablet computers; credit card encoding machines [computer peripherals]; cycle computers; cycling computers; cyclocomputers; data gloves for wireless interaction with a computer or remote device; data processing apparatus and computers; desktop computers; digitizers [computer input devices]; disk drives for computers; display screen filters adapted for use with computer monitors; display screen filters adapted for use with tablet computers; downloadable computer anti-virus software; downloadable computer chatbot software for providing business management information; downloadable computer chatbot software for simulating conversations; downloadable computer game programs; downloadable computer game software; downloadable computer game software for gambling machines; downloadable computer games; downloadable computer graphics; downloadable computer programs; downloadable computer programs for video and computer games; downloadable computer security software; downloadable computer software; downloadable computer software applications; downloadable computer software for online appointment scheduling; downloadable computer software for remote monitoring and analysis; downloadable computer software programs; downloadable computer utility programs; downloadable computer utility software; downloadable emojis for computers; downloadable emojis for tablet computers; downloadable emoticons for computers; downloadable emoticons for tablet computers; downloadable interactive entertainment software for playing computer games; drawing apparatus and instruments adapted for use with computers; inspection mirrors; telescopic inspection mirrors for automotive use; wafer surface defect inspection tools.

CLASS : 9

TM2022001802

20 January 2022

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; cash registers, calculating machines, data processing equipment, computers; compact discs, DVDs and other digital recording media; computer accelerator boards; computer circuit boards; computer expansion boards; computer graphics boards; computer interface boards; computer software; fire-extinguishing apparatus; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; memory boards; multimedia accelerator boards; network boards; Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], life-saving and teaching apparatus and instruments; single-board computers.
