General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition Purposes

Goods and/or Services:

Class 14

Precious and semi-precious stones; precious metals, semi-precious metals and their alloys, and imitations thereof; goods of precious metal or precious stones, and imitations thereof, namely statues and figurines [statuettes] of precious metal, semi-precious metal or stones or imitations thereof or coated therewith, ornaments, coins and tokens of value, and works of art of precious metal or semi-precious metal or stones or imitations thereof, or coated therewith; bracelets; jewellery of yellow amber; brooches [jewellery]; busts of precious metal; diamonds; boxes of precious metal; threads of precious metal [jewellery]; ivory jewellery; gold, unwrought or beaten; gold thread [jewellery]; necklaces [jewellery]; hat jewellery; jewels; necklaces; tie bars; tie pins; works of art of precious metal; cuff links; medals; medallions; coins; earrings; pearl; platinum [metal]; rings (jewellery); key rings [split rings with trinket or decorative fob]; ornamental pins; statues of precious metal; jewellery incorporating precious stones; jewellery incorporating semi-precious stones; jewellery incorporating pearls; jewellery and fittings therefor; key rings, in particular split rings with trinket or decorative fob, and key chains and charms therefor; shoe jewellery; silver, unwrought or beaten; silver thread; ornaments of silver in the nature of jewellery; horological and chronometric instruments and fittings therefor; wristwatches; chronographs;

chronometers; small clocks; stopwatches; pocket watches; alarm clocks; watchstraps; watch winders; watch springs; clock cases; watch crystals; watch chains; movements for clocks and watches; clock and watch hands; dials for clock and watch making; jewellery boxes and watch boxes; jewellery boxes, cases for clock- and watchmaking and cases for watches [presentation]; jewellery boxes and watch boxes; jewellery cases and watch cases; boxes of precious metal; presentation cases for timepieces; parts and fittings for all the aforesaid goods, included in this class.

Class 35

Advertising, marketing and promotional services; commercial services and consumer information, namely auctioneering, rental of automatic vending machines, commercial intermediation, service to assist in establishing a network of business contacts, arranging of collective buying, commercial evaluation, organisation of business competitions, business administration and management services, distributorship services, import-export agency services, negotiation and conclusion of commercial transactions for third parties, ordering, price comparison, procurement services, for others, arranging subscriptions to Internet services for others; business assistance; business management and administrative services; office functions and administrative services; business administration; business analysis, research and information services; retailing and wholesaling, including via the internet or teleshopping, and catalogue or online mail order services relating to: precious stones and semi-precious stones, precious metals, semi-precious metals and their alloys, and imitations thereof, and goods thereof or coated therewith, other goods of precious metal or precious stones, and imitations thereof, namely statues and figurines [statuettes] of precious metal, semi-precious metal or stones or imitations thereof or coated therewith, ornaments, coins and tokens of value, and works of art of precious metal or semi-precious metal or stones or imitations thereof, or coated therewith, armbands, jewellery of yellow amber, broches, busts of precious metal, diamonds, boxes of precious metal, wire of precious metal (jewellery), ivory jewellery, gold, unwrought or beaten, gold thread (jewellery), necklaces, hat ornaments of precious metal, jewellery, chains, tie-clips, tie pins, works of art of precious metals, cuff-links, medals, lockets, coins, earrings, pearls, platinum, rings, key tags, ornamental pins, statues of precious metal, jewellery incorporating precious stones, jewellery incorporating semi-precious stones, jewellery incorporating pearls, jewellery and fittings therefor, key rings, in particular split rings with trinket or decorative fob, and key chains and charms therefor, shoe ornaments of precious metals, silver, unwrought or beaten, spun silver (silver wire or thread), silver ornaments, horological and chronometric instruments and fittings therefor, wristwatches, chronographs, chronometers, small clocks, stopwatches, pocket watches, alarm watches, watch bands, watch winders, watch springs, watch boxes, watch glasses, chains for watches, movements for clocks and watches, clock hands (clock and watch-making), dials [clock- and watchmaking], jewellery boxes and watch boxes, jewellery boxes, cases for clock- and watchmaking and cases for watches [presentation], jewellery boxes and watch boxes, jewellery cases and watch cases, boxes of

precious metals, presentation cases for horological articles, parts and fittings for all the aforesaid goods; rental and leasing of objects in connection with the providing of the aforesaid services, included in this class; consultancy and information in relation to the aforesaid services, included in this class.

Class 37

Goldsmiths', silversmith's and jeweller's services, included in this class, namely repair and restoration of jewellery; watchmaker's services, included in this class, namely maintenance, repair and restoration of horological and chronometric instruments; building construction; building, construction and demolition; rental of tools, plant and equipment for construction and demolition; extraction of natural resources; installation, cleaning, repair and maintenance relating to: precious stones and semi-precious stones, precious metals, semi-precious metals and their alloys, and imitations thereof, other goods of precious metal or precious stones, and imitations thereof, namely statues and figurines [statuettes] of precious metal, semi-precious metal or stones or imitations thereof or coated therewith, ornaments, coins and tokens of value, and works of art of precious metal or semi-precious metal or stones or imitations thereof, or coated therewith, bracelets, jewellery of yellow amber, brooches, chains of precious metal, diamonds, boxes of precious metal, threads of precious metal [jewellery], ivory jewellery, gold, unwrought or beaten, gold thread [jewellery], necklaces, chains of precious metal, jewellery, chains, tie clips, tie pins, works of art of precious metal, cuff links, medals, medallions, coins, earrings, pearls, platinum [metal], rings, key rings, ornamental pins, statues of precious metal, jewellery incorporating precious stones, jewellery incorporating semi-precious stones, jewellery incorporating pearls, jewellery and fittings therefor, key rings, in particular split rings with trinket or decorative fob, and key chains and charms therefor, chains of precious metal, silver, unwrought or beaten, silver thread [jewellery], silver jewellery, horological and chronometric instruments and fittings therefor, wristwatches, chronographs, chronometers, pendulum clocks, stopwatches, pocket watches, alarm clocks, watch straps, watch winders, watch springs, clock cases, watch glasses, watch chains, movements for clocks and watches, clock and watch hands, dials [clock- and watchmaking], jewellery boxes and watch boxes, jewellery boxes, cases for clock- and watchmaking and cases for watches [presentation], jewellery boxes and watch boxes, jewellery cases and watch cases, boxes of precious metal, presentation cases for horological articles, and parts and fittings for all the aforesaid goods; extermination, disinfection and pest control; rental and leasing of objects in connection with the providing of the aforesaid services, included in this class; consultancy and information in relation to the aforesaid services, included in this class.

Class 40

Goldsmiths' and silversmith's services, included in this class, namely gold and silver treatment, gold and silver plating, gold plating, silver plating, treatment of materials relating to jewellery; goldsmith's and silversmith's services, namely casting of jewellery, metal

treating and hardening, and treatment of materials for surface finishing and/or cutting of gemstones; jeweller's services, included in this class, namely processing of precious stones, engraving, polishing, abrasion, grinding, casting, forging, rolling, cutting, adjusting of ring size, stone cutting, jewellery casting, surface finishing, colour modification, alloy modification, processing and cutting of precious stones and gemstones, metal treating and hardening and surface finishing, cutting of precious stones and gemstones, casting and treating of jewellery; food and beverage treatment; custom manufacture relating to: precious stones and semi-precious stones, precious metals, semi-precious metals and their alloys, and imitations thereof, and goods thereof or coated therewith, other goods of precious metal or precious stones, and imitations thereof, namely statues and figurines [statuettes] of precious metal, semi-precious metal or stones or imitations thereof or coated therewith, ornaments, coins and tokens of value, and works of art of precious metal or semi-precious metal or stones or imitations thereof, or coated therewith, bracelets, jewellery of yellow amber, brooches, chains of precious metal, diamonds, boxes of precious metal, threads of precious metal [jewellery], ivory jewellery, gold, unwrought or beaten, gold thread [jewellery], necklaces, chains of precious metal, jewellery, chains, tie clips, tie pins, works of art of precious metal, cuff links, medals, medallions, coins, earrings, pearls, platinum [metal], rings, key rings, ornamental pins, statues of precious metal, jewellery incorporating precious stones, jewellery incorporating semi-precious stones, jewellery incorporating pearls, jewellery and fittings therefor, key rings, in particular split rings with trinket or decorative fob, and key chains and charms therefor, chains of precious metal, silver, unwrought or beaten, silver thread [jewellery], silver jewellery, horological and chronometric instruments and fittings therefor, wristwatches, chronographs, chronometers, pendulum clocks, stopwatches, pocket watches, alarm clocks, watch straps, watch winders, watch springs, watch cases, watch glasses, watch chains, movements for clocks and watches, clock and watch hands, dials [clock- and watchmaking], jewellery boxes and watch boxes, jewellery boxes, cases for clock- and watchmaking and cases for watches [presentation], jewellery boxes and watch boxes, jewellery cases and watch cases, boxes of precious metal, presentation cases for horological articles, parts and fittings of all the above goods; energy production; treatment and transformation of materials; printing, and photographic and cinematographic film development; duplication of audio and video recordings; air and water conditioning and purification; slaughtering of animals; rental, hiring and leasing of articles relating to the providing of the aforesaid services, included in this class; consultancy and information in relation to the aforesaid services, included in this class.

SINGAPORE 902143

National Trade Mark No: 40202021582W

International Registration No: 1541703

Date of Protection in Singapore: 11 September 2020

Classes: 06 07 09 12 35 37 42

Goods and/or Services:

Class 06

Ores; common metals and their alloys and products made therefrom, included in this class, namely unwrought and semi-wrought common metals and their alloys and products made therefrom and excluding metal pipes for building purposes, in the nature of rods, panels, bands, sheets and plates, in particular tailored blanks, tinplate and blackplate, sleepers, rails and other track parts for railbound vehicles, in particular side guide rails and glide strips for magnetic suspension trains, special and specialty profiles; building and construction materials of metal, namely plank and trench sheeting, sheet piling, sheet pile crossbeams and fittings, flood sheet piling, box sheet piling, steel poles, staves, flat panel and shipbuilding profiles, flat products of stainless steel (corrosion-resistant, acid-resistant, heat-resistant), nickel-based materials, titanium and titanium alloys, work platforms, temporary bridges, and scaffolding and falsework and parts therefor, namely formwork, props, beams, wires and ropes, and wire mesh, weld filler materials, in particular soldering wire, welding rods, and cored wires, cast, pressed, drawn or machined mouldings, in particular rings, sprockets, industrial gear units, in particular extruder gears, storage and transport containers, prefabricated and collapsible transportable buildings and parts therefor, in particular container offices and workshops, houses, halls, garages, bridges, windows, doors, gates, and roof, ceiling and wall construction elements, cast parts of metal, soldering materials, namely soldering wire, rods of metal for brazing; goods of common metal not included in other classes, namely containers, construction fittings, roof panels, facade panels, springs, windows, windowsills, window frames, grilles, hooks, cramps, bearing metals, balls for bearing, bearing of metals [structural supports for use in building], supports for propping up ships, running rails, nails, profiles, space trusses, rings, loops, locks, screws,

silos, pins, gate and door frames, gates and doors, staircases, door panels, door handles, screw connection parts, wall panels, brackets, fences and parts therefor, fittings for the aforesaid goods, included in this class; metal building materials, in particular prefabricated sandwich construction components consisting predominantly of sheet metal for industrial, hall and residential construction, tubes of metal; non-electric cables and wires of common metal, transportable buildings of metal; metal building materials; scaffolding, included in this class and shuttering and parts therefor of metal for concrete; rails and railway points of metal; railway material of metal; fixtures of metal for guiding and gripping rail vehicles, being parts for railway rails; all the aforesaid goods excluding metal pipes.

Class 07

Drives for machines; transmission shafts, other than for land vehicles; construction machines; machines and machinery apparatus, devices and equipment for manufacturing precursors [intermediate products] or products for the medicines and food industry, chemical industry, manures industry, plastics industry and cosmetics industry, including fittings for the aforesaid machines and machinery apparatus, devices and equipment; mechanical synthesis gas generators, other than gasifiers for motor vehicles; machines for the food industry, including fittings; installations consisting of machines for the chemical industry for reforming steam, including fittings; installations consisting of machines for the chemical industry for producing manures, including fittings; gas treatment machines, including fittings; compressors (machines); pressure intensifiers; fluid treatment machines, including fittings; machines for the textile industry; fittings for engine boilers; lifts, other than ski-lifts, included in this class, mechanical escalators and moving walkways, platform lifts, lifting platforms for people, machines, namely passenger bridges, moving staircases, stair lifts; parts for lifts, escalators, moving walkways, platform lifts, lifting platforms for people, passenger bridges (machines), moving staircases [escalators], stair lifts, included in this class; fluidisers, namely apparatus [machines] for fluidising bulk material using gas flows to promote flow properties, including fittings; generators for generating energy to drive machines; machines for energy production; electric generators; industrial robots (machines); machine-driven lifting devices and machines for lifting goods; machines for processing metal, wood and plastics; machines for fastening, extracting, processing and demolition of mineral materials, earth, rock, excavated material, used materials, ores, boulders and masonry; machine tools; drilling machines and their parts; machines for positioning, aligning and holding components; machines for producing mortar and concrete, and prefabricated parts made therefrom; machines for loading bulk material and general cargo or single goods; welding electrodes; excavators; conveying machines; machines for treating molten metals; electric and laser welding apparatus; flaming machines; gas-operated cutting blow pipes; mixers (machines); mills (machines); presses (machines); pumps (machines), including fittings; electric beaters; motors and engines and parts therefor, other than for land vehicles; turbines and parts therefor, other than for land vehicles; gear boxes and parts therefor, other than for land vehicles; gate drives; tools (parts of machines); piston rods (parts of

machines); bearings (parts of machines); centrifuges (machines); railroad constructing machines; drums (parts of machines); electric starters for motors and engines; electric cold-start systems for motors and engines; ship and aeroplane engines and parts therefor; parts for vehicle motors and engines (except for land vehicles); machines for producing coke, including fittings.

Class 09

Optical and electronic apparatus, included in this class; physical analysing apparatus, other than for medical use, included in this class; nautical, surveying, signalling and monitoring apparatus; simulators for the steering and control of vehicles for civil and military applications; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission, processing or reproduction of sound, images or data; data carriers; data processing apparatus and computers; computer software; electric cables; fire-extinguishing apparatus; checking (supervision) apparatus and instruments; magnets; measuring apparatus and instruments; electric/electronic control and regulating apparatus, included in this class; photovoltaic elements, namely solar collectors for generating electricity; life-saving apparatus and equipment; sonars.

Class 12

Vehicles, apparatus for locomotion by land, air or water; parts for vehicles and apparatus for locomotion by land, air or water, included in this class; bodies of metal for vehicles and apparatus for locomotion by land, air or water; engines for land vehicles.

Class 35

Wholesale and retail services relating to chemicals used in industry, chemicals for producing metals and their alloys, manures, foundry sand, foundry moulding preparations and binding substances, adhesives used in industry; wholesale and retail services relating to ores, common metals and their alloys and products made therefrom, namely unwrought and semi-wrought common metals and their alloys and products made therefrom, in particular rods, panels, bands, sheets and plates, in particular tailored blanks, pipes and fittings therefor, tinplate and blackplate, sleepers, rails and other track parts for railbound vehicles, in particular side guide rails and glide strips for magnetic suspension trains, special and specialty profiles, timber, plank and trench sheeting, sheet piling, light sections, sheet pile crossbeams and fittings, flood sheet piling, box sheet piling, steel poles, staves, flat panel and shipbuilding profiles, flat products of stainless steel (corrosion-resistant, acid-resistant, heat-resistant), nickel-based materials, titanium and titanium alloys, magnetic materials (electrical sheets), work platforms, temporary bridges, and scaffolding and falsework and parts therefor, namely formwork, props, beams, wires and ropes, and wire mesh and other wire products, sheet metal goods, weld filler materials, in particular soldering wire, welding rods, and cored wires, cast, pressed, drawn or machined mouldings, in particular rings,

sprockets, toothed wheels, worm wheel sets, industrial gear units, in particular extruder gears, storage and transport containers, prefabricated and collapsible transportable buildings and parts therefor, in particular container offices and workshops, houses, halls, garages, bridges, windows, doors, gates, and roof, ceiling and wall construction elements, cast parts of metal, soldering materials, namely soldering wire, rods of metal for brazing, goods of common metal, namely containers, construction fittings, roof panels, facade panels, springs, windows, windowsills, window frames, dies, fabrics, grilles, hooks, cramps, bearings, supports for propping up ships, running rails, nails, profiles, space trusses, rings, loops, locks, screws, silos, pins, gate and door frames, gates and doors, supporting structures, staircases, door panels, door handles, screw-connection parts, wall panels, brackets, fences and parts therefor, fittings for the aforesaid goods, metal building materials, in particular prefabricated sandwich construction components consisting predominantly of sheet metal for industrial, hall and residential construction, ironmongery, small items of metal hardware, pipes and tubes of metal, non-electric cables and wires of common metal, transportable buildings of metal, metal building materials, scaffolding, shuttering and parts therefor of metal for concrete, rails and railway points of metal, railway material of metal, fixtures of metal for guiding and gripping rail vehicles, being parts for railway rails; wholesale and retail services relating to drives for machines, transmission shafts, other than for land vehicles, construction machines, mechanical apparatus and mechanical devices and equipment consisting thereof for manufacturing precursors or products for the medicines and food industry, chemical industry, manures industry, plastics industry and cosmetics industry, including fittings for the aforesaid equipment, mechanical synthesis gas generators, other than gasifiers for motor vehicles, machines for the food industry, including fittings, installations consisting of machines for the chemical industry for reforming steam, including fittings, installations consisting of machines for the chemical industry for producing manures, including fittings, gas treatment machines, including fittings, compressors (machines), pressure intensifiers, fluid treatment machines, including fittings, machines for the textile industry, fittings for engine boilers, lifts, other than ski-lifts, mechanical escalators and moving walkways, platform lifts, lifting platforms for people, passenger bridges, moving staircases, stair lifts, parts for lifts, escalators, moving walkways, platform lifts, lifting platforms for people, passenger bridges (machines), moving staircases [escalators], stair lifts, fluidisers, namely apparatus for fluidising bulk material using gas flows to promote flow properties, including fittings, generators for generating energy to drive machines, machines for energy production, electric generators, industrial robots (machines), machine-driven lifting devices and machines for lifting goods, machines for processing metal, wood and plastics, machines for fastening, extracting, processing and demolition of mineral materials, earth, rock, excavated material, used materials, ores, boulders and masonry, machine tools, drilling machines and their parts, machines for positioning, aligning and holding components, machines for producing mortar and concrete, and prefabricated parts made therefrom, machines for loading bulk material and general cargo or single goods, welding electrodes, excavators, conveying machines, machines for treating molten metals, electric and laser

welding apparatus, flaming machines, gas-operated cutting blow pipes, mixers (machines), mills (machines), presses (machines), pumps (machines), including fittings, electric beaters, motors and engines and parts therefor, other than for land vehicles, turbines and parts therefor, other than for land vehicles, gear boxes and parts therefor, other than for land vehicles, gate drives, tools (parts of machines), piston rods (parts of machines), bearings (parts of machines), centrifuges (machines), railroad constructing machines, drums (parts of machines), electric starters for motors and engines, electric cold-start systems for motors and engines, ship and aeroplane engines and parts therefor; wholesale and retail services relating to physical, optical and electronic apparatus, nautical, surveying, signalling and monitoring apparatus, simulators for the steering and control of vehicles for civil and military applications, apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, apparatus for recording, transmission, processing or reproduction of sound, images or data, data carriers, data processing apparatus and computers, computer software, electric cables, fire-extinguishing apparatus, checking (supervision) apparatus and instruments, magnets, measuring apparatus and instruments, electric/electronic control and regulating apparatus, photovoltaic elements, namely solar collectors for generating electricity, life-saving apparatus and equipment, sonars; wholesale and retail services relating to steam generating installations, including fittings, distillation apparatus, including fittings, warming, heating and refrigerating installations, apparatus and machines, including fittings, drying installations and apparatus, machines for thermal treatment of residues (heating apparatus), including fittings, machines for producing coke, including fittings, furnaces for industrial purposes, including fittings, solar collectors (heating), including fittings; wholesale and retail services relating to vehicles, apparatus for locomotion by land, air or water, parts for vehicles and apparatus for locomotion by land, air or water, bodies of metal for vehicles and apparatus for locomotion by land, air or water, engines for land vehicles, parts for vehicle motors and engines; wholesale and retail services relating to semi-finished goods of plastic, namely wire, semi-finished products of plastic, in particular plastic mouldings for vehicle construction and house building, sealing, packing, and insulating materials, plastic film, other than for wrapping, adhesive tapes, plastic welding fillers in the form of wire, being powders or granules, non-metallic weather seals for windows.

Class 37

Building construction; rental of scaffolding, formwork, work platforms and construction apparatus; painting and lacquering; rental of industrial machines, namely construction apparatus and equipment for earthworks, in particular sheet piling, construction machines for anchoring, drilling, pressing, vibrating, pile driving and drawing techniques, flood protection systems, included in this class; facility management in the field of technical facilities, namely repair, maintenance and servicing of real estate, including permanently connected supply installations therefor; cleaning of buildings; installation, maintenance and repair of lifts, other than ski-lifts, escalators, moving walkways, platform lifts, lifting

platforms for people, passenger bridges, moving staircases [escalators], stair lifts; installation, maintenance and repair of equipment and machines for use in mining, open-cast mining, quarrying, ore or coal mining, demolition and road building; installation, maintenance and repair of buildings or structures; installation, maintenance and repair of telecommunications apparatus; installation, maintenance and repair of modules or systems for the power train and undercarriage region of vehicles and apparatus for locomotion by land, air or water; installation, maintenance and repair of vehicles and apparatus for locomotion by land, air or water and parts therefor; installation, maintenance and repair of technical apparatus in real estate; installation, maintenance and repair of transportable buildings, room modules, refrigerating chambers and parts therefor; installation, maintenance and repair of fence and gate installations; installation, maintenance and repair of railway installations; scaffolding services.

Class 42

Architecture; town planning; structural engineering; mining engineering; chemistry services; information technology (IT) services; engineering services; design of interior decor; media consultancy, namely scientific and technological consultancy in the field of press and public relations; physics (research); software programming; architectural statics or structural engineering (construction planning); technical drawing; land surveying, included in this class; provision of technical engineering, industrial, chemical and scientific research; material testing; technical consultancy in the field of cloud computing and in the field of computer software; installation and maintenance of computer software; rental of data processing installations and computers; product design, research and development; new product design, research and development; technical analysis of IT infrastructures; technical design and technical planning of installations and apparatus for telecommunications; contaminated site management, namely technical design of property decontamination projects; rental of data processing equipment and computers; services of an online-provider, namely storage of data relating to business matters.

Synspective

Goods and/or Services:

Class 09

Computer programs; satellite communication apparatus and parts and accessories thereof; GPS receivers; antennas for GPS reception; telecommunication machines and apparatus and parts thereof; electric or magnetic meters and testers; satellites; photographic equipment; cinematographic apparatus; optical machines and apparatus; measuring or testing machines and instruments.

Class 35

Advertising and publicity services; business management concerning the operation of computer systems and computer-controllable devices; systemization of information into computer databases; compilation of information into computer databases; professional business consultancy concerning systemization of information and compilation of information into computer databases; retail services and wholesale services for satellites; marketing research or analysis; data processing by computers.

Class 37

Satellite repair or maintenance; repair or maintenance of electric or magnetic meters and testers; repair or maintenance of cinematographic machines and apparatus; repair or maintenance of optical machines and instruments; repair or maintenance of photographic machines and apparatus; repair or maintenance of electronic machines and apparatus; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of measuring and testing machines and instruments.

Class 38

Satellite communications; satellite transmission; data transmission through satellites; providing access to telecommunication networks for users to receive location information; telecommunication, other than broadcasting; broadcasting; rental of telecommunication equipment; rental of electric telecommunication apparatus.

Class 39

Providing transportation information using data from satellites; navigation services using data from satellites; providing road and traffic information using data from satellites; providing transportation information concerning launching of satellites.

Class 41

Rental of cinematographic machines and apparatus; rental of cameras; teaching; arranging, conducting and organization of seminars, workshops, training, and lectures; providing electronic publications; publication of books; book rental; arranging, conducting and organization of educational, cultural and entertainment events concerning education, culture and science; translation and language interpretation; production of videotape film in the field of education, entertainment and sports not for movies or television programs and not for advertising or publicity.

Class 42

Providing computer programs on data networks; designing, development, and maintenance of computer programs; testing, inspection, analysis, and research of computer programs; technical testing, inspection, analysis and research of satellite communication equipment; technical testing, inspection, analysis, and research of machines, apparatus and instruments; computer consultancy for introducing computer programs to computer hardware; computer consultancy concerning design, selection, adaption, and use of computer hardware and software systems; technological advice relating to satellites and computer programs; designing facilities for satellite launching; design and construction planning services for communication network systems and consultancy thereof; rental of internet servers; providing meteorological information using data from satellites; providing meteorological information including earthquake and tsunami using data from satellites; land surveying using data from satellites; providing information concerning land surveying; providing

scientific information concerning possible sunshine percentage and duration using data from satellites; providing information and data concerning scientific and technical research developments; analysis of technical data; testing or research on computer programs; testing, inspection, analysis, and research of application programs; rental of computer programs; rental of scientific instruments featuring electric or magnetic meters and testers; rental of data processing apparatus; rental of measuring machines and instruments; troubleshooting of computer software problems; consultancy services in the field of technological development.

Class 45

Providing security and safety information featuring maps using data from satellites; security and safety services in relation to assisting in the locating of lost people and pets by providing location information of humans and animals using data from satellites.

KYNDRYL

Goods and/or Services:

Class 09

Computers; quantum computers; computer hardware and software; computer hardware and software for information technology analysis and data management; computer hardware and software for application development; computer hardware and software for cloud computing; computer hardware and software for cognitive computing; computer hardware and software for artificial intelligence; computer hardware and software for blockchain technology; computer hardware and software for quantum computing and quantum programming; computer hardware, namely, magnetic tape units (data processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), optical disks, couplers (data processing), floppy disks, magnetic data media; computer hardware, namely, video screens, scanners, computer printers, interface cards for data processing apparatus, readers (data processing), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; computer equipment for data and information management; semi-conductors; electronic data media that can be processed by

machine; magnetic disks; hard disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; carrying cases for computers; interface cards for computers; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, computer mouse pads, pagers, computer control grips; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electric power supply apparatus; projectors (projection apparatus); remote controllers for computers; inverters, surge protectors and uninterruptible power supplies; point-of-sale terminals; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video game software; operating system software and programs; software for accessing a global computer network; document management software; database management software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for developing and software for designing websites and user manuals, in electronic format, sold as a set; computer software for controlling the operations and execution of computer systems, programs and computer networks; computer software for connecting disparate computer networks and systems, servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing within an information technology environment; computer systems combining computer hardware and software for use in the management and analysis of data and instruction manuals in electronic format sold with these products; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization and consumption metering of computer resources; downloadable and recorded cloud computing software for deploying and managing virtual machines on a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language processing which are capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; software for development, construction and operation of blockchain technology applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on electronic data media that can be operated by machine and relating to computers or computer programs; electronic

publications; electronic publications on computer media, namely, user manuals, guide books, brochures, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing.

Class 35

Advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; company management consulting services and commercial business consulting services; commercial business development service; market study statistic and data analysis; computer data processing services; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for information management; computer data processing services for quantum computing and quantum programming; setting up and conducting commercial exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies regarding computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) functions and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases.

Class 37

Building construction; computer repair and installation services; computer hardware maintenance services; computer support services being installation, repair and maintenance of computers provided by computer specialists; computer support services provided by computer specialists, namely maintenance of computer hardware; installation and maintenance of computer hardware for computer networks; technical support services, namely troubleshooting of computer hardware problems being maintenance and repair of computer hardware.

Class 38

Telecommunication services; electronic message transmission; communication by computer terminals; electronic mail services; telecommunication and electronic messaging services via computer networks; computer-aided transmission of data; telecommunication services enabling commercial interaction over a global computer network; provision of multiple-user telecommunication access to a global network for access to information, data, communications, content, goods and services; electronic transmission of data and documents via computer terminals; teleconferencing and web conferencing services; providing multiple access to global information networks for the transfer and dissemination of a wide range of information; providing access to online forums for transmission of messages among computer users; providing access to private and secured electronic communications in real time within a computer network.

Class 41

Education; entertainment; training; organization and conducting of conferences, seminars and congresses; organization of exhibitions for cultural or educational purposes; production of radio and television programs; sporting and cultural activities; educational services, namely organization and conducting of classes, seminars, conferences, webinars and workshops in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; training in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; conducting fun exhibitions in the form of information technology demonstrations; entertainment services, namely, online computer game services; conducting fun exhibitions, namely, sports competitions in real time via a global computer network; conducting fun exhibitions, namely, provision of demonstrations on websites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts and musical recordings; editing of books and journals; production of shows and films; conducting of exhibitions for cultural or educational purposes; booking of seats for shows.

Class 42

Computer programming; Software as a Service (SaaS) services featuring software for data management; Software as a Service (SaaS) services featuring software for cloud computing; Software as a Service (SaaS) services featuring software for artificial intelligence; Software as a Service (SaaS) services featuring software for cognitive computing; Software as a service (SaaS) services featuring software for blockchain technology; Software as a Service (SaaS) services featuring software for quantum computing and quantum programming; Software as a Service (SaaS) services featuring software for constructing, analyzing and executing

quantum programs and quantum algorithms; Software as a Service (SaaS) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum computing; computer programming and computer consulting services for software as a service (SaaS); design, installation, updating and maintenance of software; design of computer software and hardware for third parties and consulting services in the field of computers; technical support services, namely, solving problems with computer software and programs; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of computer and software interconnection systems, namely, electronic interconnection of computers and software; testing of computer programs (software) and hardware (quality control and technical control); technical project studies in the field of computer hardware and software; computer consulting in connection with computer hardware, namely consulting in computer research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technical research, pharmaceutical research, scientific research for medical purposes; information technology services; computer system integration services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for third parties; technical support services, namely, diagnosing problems with computer hardware and computer programs; computer system design services for third parties; design of systems for interconnection of computer hardware and software, namely, integration of computer systems and networks; computer software and hardware testing services, namely, testing of computer software, computers and servers to assure proper functioning; cloud computing services provided via network integrated computer hardware and software services for dynamic provisioning, virtualization, and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; cloud computing hosting provider services; electronic data storage and data recovery services; data security service.

Priority Details:

Class Number: 09

Priority Date: 01/03/2021

Country/Territory: MAURITIUS

Priority Application Number:

Goods and/or Services: computers; quantum computers; computer hardware and software; computer hardware and software for information technology analysis and data management; computer hardware and software for application development; computer hardware and software for cloud computing; computer hardware and software for cognitive computing; computer hardware and software for artificial intelligence; computer hardware and software for blockchain technology; computer hardware and software for quantum computing and quantum programming; computer hardware, namely, magnetic tape units (data processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), optical disks, couplers (data processing), floppy disks, magnetic data media; computer hardware, namely, video screens, scanners, computer printers, interfaces (data processing), readers (data processing), software (recorded programs), microprocessors, modems, monitors (hardware), computers, computer memories, computer peripherals; computer adapters; computer components; data processing equipment; computer equipment for data and information management; semi-conductors; electronic data media that can be processed by machine; magnetic disks; hard disk drives; tape recorders; calculating machines; cash registers; facsimile machines; video recorders; videotapes; electric cells and electric batteries; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; carrying cases for computers; interface cards for computers; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, computer mouse pads, pagers, computer control grips; electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage steppers; computer mice; integrated circuit cards and smart cards, adapters for integrated circuits and adapters for smart cards; readers for integrated circuit cards and smart cards; microcomputers; electric power supply apparatus; projectors (projection apparatus); remote controllers for computers; inverters, surge protectors and uninterruptible power supplies; point-of-sale terminals; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; recorded and downloadable computer programs and software; video game software; operating system software and programs; software for accessing a global computer network; document management software; database management software; software for locating, recovering and receiving text, electronic documents, graphic illustrations and audiovisual information on company-scale internal computer networks and on local, wide-area and global computer networks; software for developing and software for designing websites and user manuals, in electronic format, sold as a set; computer software for controlling the operation and execution of computer systems, programs and computer networks; computer software for connecting computer networks and systems, disparate servers and storage apparatus;

computer programs for connecting computers together and for enabling computer activities across a global computer network; computer software for managing systems, software and processes existing within an information technology environment; computer systems combining computer hardware and software for use in the management and analysis of data and electronic instruction manuals sold therewith; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; downloadable and recorded cloud computing software for deploying and managing virtual machines on a cloud computing platform; computer systems, namely, computer hardware and computer software for developing and integrating artificial intelligence, namely, machine learning, deep learning and natural language processing which are capable of collecting, organizing and analyzing data; computer systems, namely computer hardware and computer software that integrate natural language processing (nlp), computational linguistics (cl), information retrieval (ir) and machine learning (ml) and capable of understanding general human queries and formulating responses; software for development, construction and operation of blockchain technology applications; computer hardware and computer software for developing and testing quantum algorithms; documentation and instruction manuals recorded on electronic data media that can be operated by machine and relating to computers or computer programs; electronic publications; electronic publications on computer media, namely, user manuals, guide books, brochures, information sheets, written presentations and teaching materials in the field of computing, computer networks, computer storage, computer operating systems, information technology, database management, cloud computing, artificial intelligence, blockchain technology and quantum computing.

Class Number: 35

Priority Date: 01/03/2021

Country/Territory: MAURITIUS

Priority Application Number:

Goods and/or Services: advertising; sales promotion services (for third parties); commercial business management and advice regarding commercial business management; business information; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central file; organization of exhibitions for commercial or advertising purposes; company management consulting services and commercial business consulting services; commercial business development service; market study statistic and data analysis; computer data processing services; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing services for blockchain technology; computer data processing services for information management; computer data processing services for quantum computing and quantum programming; setting up and conducting commercial

exhibitions in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management and electronic business transactions via a global computer network; business consulting services for companies regarding artificial intelligence; business consulting services for companies with respect to computer systems that integrate natural language processing (nlp), computational linguistics (cl), information retrieval (ir) and machine learning (ml) and capable of understanding general human queries and formulating responses; business consulting services for companies relating to cloud computing; business consulting services for companies regarding blockchain technology; business consulting services for companies regarding quantum computing, quantum programming and for developing and testing quantum algorithms; business consulting services for companies regarding information technology; analyzing and compiling business data; systemization of data in computer databases.

Class Number: 37

Priority Date: 01/03/2021

Country/Territory: MAURITIUS

Priority Application Number:

Goods and/or Services: building construction; computer repair and installation services; computer hardware maintenance services; installation and maintenance of computer hardware for computer networks.

Class Number: 38

Priority Date: 01/03/2021

Country/Territory: MAURITIUS

Priority Application Number:

Goods and/or Services: telecommunication services; electronic message transmission; communication by computer terminals; electronic mail services; news and information agencies; telecommunication and electronic messaging services via computer networks; computer-aided transmission of data; telecommunication services enabling commercial interaction over a global computer network; provision of multiple access to information, data, communications, content, goods and services via a global network and wireless communication apparatus; electronic transmission of data and documents via computer terminals; teleconferencing and web conferencing services; providing multiple access to global information networks for the transfer and dissemination of a wide range of information; providing access to online forums for transmission of messages among computer users; providing access to private and secured electronic communications in real time within a computer network.

Class Number: 41

Priority Date: 01/03/2021

Country/Territory: MAURITIUS

Priority Application Number:

Goods and/or Services: education; entertainment; training; organization and conducting of conferences, seminars and congresses; organization of exhibitions for cultural or educational purposes; production of radio and television programs; sporting and cultural activities; educational services, namely organization and conducting of classes, seminars, conferences, webinars and workshops in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; training in the field of computers, computer services, information technology, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, image and audio processing technology, global computer and telecommunication networks; conducting fun exhibitions in the form of information technology demonstrations; entertainment services, namely, online computer game services; conducting fun exhibitions, namely, sports competitions in real time via a global computer network; conducting fun exhibitions, namely, provision of demonstrations on websites featuring museum exhibitions, sporting events, art gallery exhibitions, concerts and musical recordings; publishing of books and newspapers; production of shows and films; conducting of exhibitions for cultural or educational purposes; booking of seats for shows.

Class Number: 42

Priority Date: 01/03/2021

Country/Territory: MAURITIUS

Priority Application Number:

Goods and/or Services: computer programming; software as a service (saas) services featuring software for data management; software as a service (saas) services featuring software for cloud computing; software as a service (saas) services featuring software for artificial intelligence; software as a service (saas) services featuring software for cognitive computing; software as a service (saas) services featuring software for blockchain technology; software as a service (saas) services featuring software for quantum computing and quantum programming; software as a service (saas) services featuring software for constructing, analyzing and executing quantum programs and quantum algorithms; software as a service (saas) services featuring software for developing and testing quantum algorithms; computer programming and computer consulting services for artificial intelligence; computer programming and computer consulting services for cognitive computing; computer programming and computer consulting services for information management; computer programming and computer consulting services for data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; computer programming and computer consulting services for quantum

computing; computer programming and computer consulting services for software as a service (saas); design, installation, updating and maintenance of software; design of computer software and hardware for third parties and consulting services in the field of computers; technical support services, namely, solving problems with computer software and programs; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of systems for interconnection of computer hardware and software, namely, electronic interconnection of computers and software; testing of computer programs (software) and hardware (quality control and technical control); technical project studies in the field of computer hardware and software; computer consulting in connection with computer hardware, namely consulting in computer research and development; computer advice and assistance concerning internet use; rental of computers and software; scientific and industrial research, namely research and development of new products, biological research, bacteriological research, chemical research, cosmetology research, mechanical research, geological research, technical research, pharmaceutical research, scientific research for medical purposes; information technology services; computer system integration services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for third parties; technical support services, namely, diagnosing problems with computer hardware and computer programs; computer system design services for third parties; design of interconnection systems for computers and computer programs, namely, integration of computer systems and computer networks; testing of computer programs and computer hardware, namely, testing of software, computers and servers to ensure proper functioning; cloud computing services, namely, integrated computer hardware and network software services for dynamic provisioning, virtualization, and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; cloud computing hosting provider services; electronic data storage and data recovery services; data security service; computer support services provided by computer specialists; design of hardware for computer networks; technical support services, namely troubleshooting of computer hardware problems.
