GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

Vehicle body and frame alignment machines and structural replacement parts therefor; distributors for vehicles; air filters for vehicle motors and engines; engine cylinders for vehicles; generators for land vehicles; ignition devices for motors of land vehicles; attachments for vehicles, namely, grapple buckets and blades for moving earth and loose objects; vehicle pneumatic and hydraulic compressors; land vehicle parts, namely spark plug wires; oil pumps for land vehicles; headers as part of a vehicle exhaust system; fuel pumps for land vehicles; water pumps for land vehicles; vehicle parts, namely power valve for carburetors; vehicle parts, namely cam covers; vehicle parts, namely, intake manifolds; vehicle parts, namely, engine cam protectors; vehicle parts, namely, engine cases; vehicle parts, namely, rocker arms; vehicle parts, namely, push rods; vehicle parts, namely, oil coolers; vehicle parts, namely, crankcase breathers; vehicle parts, namely, oil tank plugs and caps; vehicle parts, namely, oil tanks; silencers as part of vehicle exhaust systems; internal combustion land vehicle engine parts, namely connecting rods; mechanical engine parts for land vehicles; vehicle dip sticks; timing belts for engines for land vehicles; fuel pumps for land vehicle engines; alternators for land vehicles; electricity generators that may also be used as electric motors for vehicles; vehicle parts, namely, carburetors; fuel injector parts for land and water vehicle engines; air compressors for vehicles; engine cylinders for land vehicles; windshield wiper motors for marine or land vehicles; vehicle engine parts, namely charge air coolers and their component parts; vehicle engine parts, namely intercoolers; ignition wires for vehicle engines; exhaust pipes for land vehicles; catalytic converter units for vehicle exhausts; electronic ignitions for vehicles; metal engine gaskets for vehicles; fuel filters for vehicle engines; camshafts for vehicle engines; radiators for vehicles.

CLASS 9

Interfaces for computers; computer programs for user interface design; wirelessly connected electric battery apparatus with embedded remotely updateable software and firmware for storage and discharge of stored electricity for usage in dwellings and buildings; wirelessly connected electric battery apparatus with embedded remotely updateable software and firmware for storing and discharging stored electricity supplied by or to an electric power grid or other source of electric power generation for stabilizing and meeting electricity demands and usage goals; computer software for monitoring, optimizing, and regulating the storage and discharge of stored energy to and from such wirelessly connected electric battery apparatus; batteries to supply electric power to motors for electric vehicles; wall-mounted electric power connectors to charge electric vehicles; mobile plug-in electric power connectors to charge electric vehicles; downloadable software in the nature of a mobile application for monitoring electric charge and status of vehicles and remote control of vehicles; downloadable software in the nature of vehicle operating system software; navigation apparatus for vehicles [on board computers]; vehicle locator and recovery device programmed to use global positioning system (GPS) and cellular telecommunications; radios for vehicles; burglar alarms; battery chargers for use with vehicle batteries; cruise controls for motor vehicles; vehicle safety equipment, namely, electronic vibration, shock, motion, angle, temperature and voltage monitors; vehicle safety equipment, namely an on-board vehicular surveillance system comprised of cameras and monitors for exposing and eliminating the blind spots on both sides of the vehicle; wireless transceivers with collection and display technology for the status and tracking of all vehicle types in local environments; batteries, electric, for vehicles; vehicle safety equipment, namely, electronic tire pressure monitors; vehicle safety equipment, namely, back-up sensors and cameras; tire balancing units for land vehicles; keyless entry system and keyless ignition switch system for automotive vehicles comprised of microprocessor, electronic signal receiver, and keyfob with electronic signal transponder; speedometers for vehicles; radar object detectors for use on vehicles; vehicle mounted GPS sensor for determining the rate of motion for a vehicle; cell phone battery chargers for use in vehicles; vehicle engine parts, namely,

thermostats; audio equipment for vehicles, namely, stereos, speakers, amplifiers, equalizers, crossovers and speaker housings; wireless speakers; audio speakers; stereos; downloadable computer software for controlling audio devices; USB charging ports for use in vehicles; electric locks for vehicles; rearview cameras for vehicles; vehicle climate controls; wireless controllers to remotely monitor and control the function and status of other electrical, electric, and mechanical devices or systems, namely, battery, security, lighting, tracking and security systems; remote control starters for vehicles; vehicle locating, tracking and security system comprised of antenna and radio transmitter to be placed in a vehicle; voltage regulators in vehicles; audio equipment for vehicles, namely, loud speakers for automotive audio systems; navigational instruments for vehicles [on-board computers]; motor vehicle to trailer electrical connectors; batteries for vehicles; electrical apparatus, namely, charging stations for charging electric vehicles; computerized vehicle engine analyzers; extension cords for use with vehicles; power adapters for use with vehicles; electric cords for use with vehicles; accumulators, electric, for vehicles; thermostats for vehicles; automatic indicators of low pressure in vehicle tires; mileage recorders for vehicles; remote controls for operating vehicle alarms; Measuring cups; Measuring spoons; downloadable software in the nature of vehicle fleet management; downloadable software for management of the purchase, finance, lease, insurance, safety, security and diagnostics for vehicles; electrical adapters; weatherproof electrical adapter covers.

CLASS 12

Land vehicles and parts and fittings therefor, namely, structural parts and powertrain components in the nature of electric motors, gearboxes and axles; motor vehicle bodies; luggage nets for vehicles; fitted covers for vehicles; anti-skid chains for vehicles; patches for repairing vehicle tires; pumps for inflating vehicle tires; automotive interior trim; automotive interior paneling; custom leather interiors for vehicles; license plate frames; license plate holders; upholstery for vehicles; electric land vehicles; electric vehicle parts, namely, motors; electric vehicle parts, namely, rearview mirrors, windshield wipers and tailgates; fully battery electric, high performance vehicle; vehicle seats; vehicle wheel hubs; vehicle wheels; upholstery, fitted covers for vehicles; steering wheels for vehicles; motors for land vehicles; roof racks, shock absorbers, springs, stabilizer bars, and suspensions, all for vehicles; trim panels for vehicle bodies; brake calipers for land vehicles; fitted seat covers for vehicles; engine mounts for vehicles; pre-designed vinyl vehicle wraps specially adapted for vehicles; vehicle parts, namely, power steering hoses; insignia for vehicles; vehicle seat cushions; vehicle wheel hub assemblies; ski carriers for vehicles; mirrors for vehicles, namely rear view mirrors; reversing gears for land vehicles; hooks especially designed for use in vehicles to hold vehicle accessories; vehicle windcreens; anti-theft devices for vehicles; tire for vehicles; tire tubes for vehicles; tire inflators; plastic parts for vehicles, namely, automotive exterior and interior plastic extruded decorative and protective trim; land vehicles, namely electric cars, trucks and SUVs; semi-fitted covers for vehicles; brake air compressors for land vehicles; brake air cylinders for land vehicles; vehicle hoods; chassis for motor vehicles; vehicle seat protectors; structural repair parts for trucks and other motor vehicles; vehicle power train mechanism comprised of clutch, transmission, drive shaft, and differential; transmission top covers for land vehicles; transmission mounting plates for land vehicles; transmission cases for land vehicles; tow bars for vehicles; mud flaps for vehicles; steps for attachment to land vehicles; vehicle tow bars; vehicle wheel rims and structural parts therefor; all terrain vehicles (ATVs); sensors for land vehicles, namely, electric power steering torque sensors, sold as a component of the power steering system; vehicle wheel rims; gearboxes for land vehicles; brakes for vehicles; vehicle bodies; transmissions for land vehicles; vehicle parts, namely, windshield visors; vehicle parts, namely, sun visors; vehicle parts, namely, idler arms; vehicle parts, namely, ball joints; vehicle parts, namely, suspension struts; vehicle parts, namely, constant velocity joints; valve stems for vehicle tires; land vehicle parts, namely, differentials; hood shields as structural parts of vehicles; drive shafts for land vehicles; brake lines for vehicles; brake drums for land vehicles; brake calipers for land vehicles; land vehicle suspension parts, namely, leaf springs; land vehicle suspension parts, namely, coil springs; windshield wiper blades for vehicles; hydraulic circuits for vehicles; land vehicle suspension parts, namely, equalizers; custom leather interiors for vehicles; disc brake pads for vehicles; cup holders for use in vehicles; land vehicle transmission and replacement parts thereof; belts for land vehicle transmissions; suspension systems for land vehicles; wheel bearing for land vehicles; glass window for vehicles; burglar alarms for vehicles; brake hardware for vehicles; bicycle racks for vehicles; axle boot kits for use with land vehicles; axle bearings for land vehicles; disc brakes for land vehicles; roof rack storage containers for land vehicles; sports utility vehicles; airbags for vehicles; vehicle windows; seat belts for use in vehicles; valves for vehicle tires; horns for vehicles; land vehicle parts, namely, drive belts; clutches for land vehicles; fitted vehicle covers for cars and trucks for the purpose of protecting from weather and elements; head restraints for vehicles; inflatable air bags for use in vehicles for the prevention of injury in accidents; driving chains for land vehicles; aftermarket automobile accessories, namely car organizer bags, nets and trays specially adapted for fitting in vehicles; safety belts for vehicle seats; luggage nets for vehicles; brake linings for land vehicles; land vehicle parts, namely axles; land vehicle parts, namely drive gears; metal parts for vehicles, namely, automotive exterior and interior metal decorative and protective trim; electric vehicles, namely cars, truck and SUVs; bicycles; back-up warning alarms for vehicles; wheel disks for vehicles; motor vehicle power locks; motor vehicle alarm systems; steering units for land vehicles and parts thereof; spoilers

for vehicles; vehicle running boards; air bags; shock absorbers for automobiles; bumpers for automobiles; vehicle roof rack cargo and luggage carriers; fitted vehicle covers; land vehicles parts, namely, running boards; land vehicle parts, namely, mud guards; land vehicle parts, namely, fenders; vehicle parts, namely, shock absorbers; doors for vehicles; turn signal levers for vehicles; gas cap covers for land vehicles; vehicle license plate covers; door panels for vehicles; rooftop tents adapted for use on vehicles; recreational vehicle parts, namely cooking units and sinks; vehicles parts, namely structural housings for containing cooking units, sinks and storage units; automotive structural parts, namely, self-sealing tanks for water storage; Automobile structural parts, namely trunks, cargo and storage units; cargo storage units specially adapted for trucks and SUVs; fitted liners for cargo areas for vehicles.

CLASS 25

Clothing, footwear, headwear; Articles of clothing, namely, t-shirts, sweatshirts, sweaters, shorts, pants, shirts, jackets, coats, hats, footwear; headwear, namely, sports hats, caps, sun visors; hats for infants, babies, toddlers, and children; infant and toddler one piece clothing; infant wear.

development and design of digital sound and image carriers; development and maintenance of computer database software; development and maintenance of computer software; development and maintenance of websites; development and maintenance of web sites; development and testing of computer software; development and testing of computing methods, algorithms and software; development and testing of computing methods, algorithms and software for generating telecommunication and navigation data; development and testing of computing methods, algorithms and software for processing telecommunication and navigation signals; development and testing of software; development and updating of computer software; development, design and updating of home pages; development, design and updating of homepages; development, maintenance and updating of a telecommunication network search engine; development, maintenance and updating of a telecommunications network search engine; development of algorithms and computing methods for generating telecommunication and navigation data; development of algorithms and computing methods for processing telecommunication and navigation signals; development of application software for delivery of multimedia content; development of computer databases; development of computer database software; development of computer firmware; development of computer game software; development of computer hardware; development of computer hardware and computer software; development of computer hardware and software; development of computer hardware for computer games; development of computer peripherals; development of computer platforms; development of computer programmes; development of computer programmes and computer game software; development of computer programmes for simulating laboratory experiments; development of computer programs; development of computer programs and computer game software; development of computer programs for simulating laboratory experiments; development of computers; development of computer software; development of computer software application solutions; development of computer software for computer-aided design/computer-aided manufacturing [cad/cam]; development of computer software for computer aided design/computer aided manufacturing [cad/cam]; development of computer software for creating electronic television program guides; development of computer software for creating electronic television programme guides; development of computer software for data processing; development of computer software for logistics, supply chain management and e-business portals; development of computer software for use with computer-controlled switching systems; development of computer software for use with programmable controllers; development of computer software for word processing; development of computer systems; development of data processing apparatus; development of data processing programmes; development of data processing programs; development of data processing software; development of data processing systems; development of data storage systems; development of data transmission systems; development of driver and operating system software; development of driver software; development of image processing software; development of new technology for others; development of operating system software; development of programmes for data processing; development of programs for data processing; development of software; development of software application solutions; development of software for communication systems; development of software for secure network operations; development of systems for data processing; development of systems for the processing of data; development of systems for the storage of data; development of systems for the transmission of data; development of video game software; development of web sites; development of websites; development of word processing software; development, programming and rental of data processing programmes; development, programming and rental of data processing programs; development services in the field of computer software and advisory services relating thereto; development, updating and maintenance of software and database systems; diagnosis of computer hardware problems through the use of software; diagnosis of computer software problems; digital compression of computer data; digital imaging services [digitalisation and scanning of images]; digital imaging services [digitalization and scanning of images]; digital watermarking; digital watermarking services; digitization of documents [scanning]; digitization of images; digitization of sound and images; duplicating computer programmes; duplicating computer programs; duplication of computer programmes; duplication of computer programs; duplication of computer software; editing of computer programmes; editing of computer programs; electronic data back-up; electronic data backup; electronic data back-up services; electronic data backup services; electronic data storage; electronic data storage and data backup services; electronic data storage and data back-up services; electronic data storage services; electronic monitoring of credit card activity to detect fraud via the internet; electronic monitoring of personally identifying information to detect identity theft via the internet; electronic monitoring services being it security services in the nature of protection and recovery of computer data; electronic monitoring services for computer security services for protection

against illegal network access; electronic monitoring services for computer security threat analysis for protecting data; electronic security monitoring services in the nature of monitoring computer systems for data security purposes; electronic site authoring; electronic storage of archived e-mails; electronic storage of audio files; electronic storage of business and financial information; electronic storage of business information; electronic storage of data; electronic storage of digital audio files; electronic storage of digital images; electronic storage of digital music; electronic storage of digital photographs; electronic storage of digital video files; electronic storage of digital videos; electronic storage of documents; electronic storage of documents and archived e-mails; electronic storage of entertainment media content; electronic storage of files and documents; electronic storage of financial information; electronic storage of images; electronic storage of medical records; electronic storage of photographs; electronic storage of videos; electronic storage services for archiving databases; electronic storage services for archiving databases, images and other electronic data; electronic storage services for archiving electronic data; graphic art design; graphic arts design; graphic design; graphic design of advertising brochures; graphic design of advertising flyers; graphic design of advertising logos; graphic design of advertising matter; graphic design of internet advertisements; graphic design services; graphic design services for creating graphic elements of corporate logos; graphic design services for creating graphic elements of logos; graphic illustration design; graphic illustration design services; handwriting analysis; handwriting analysis [graphology]; homepage and webpage design; homepage design; homepage design services; hosting and rental of memory space for web sites; hosting and rental of memory space for websites; hosting an on-line web site for creating and hosting micro web sites for businesses; hosting an online website for creating and hosting micro websites for businesses; hosting a web site for the electronic storage of digital photographs and videos; hosting a website for the electronic storage of digital photographs and videos; hosting computer application software in the field of knowledge management for creating searchable databases of information and data; hosting computer databases; hosting computerized data, files, applications and information; hosting computer sites [websites]; hosting computer sites [web sites]; hosting computer software applications for others; hosting customized web pages; hosting digital content on the internet; hosting e-commerce platforms on the internet; hosting electronic memory space on the internet for advertising goods and services; hosting internet sites for others; hosting memory space for web sites; hosting memory space for websites; hosting memory space on the internet; hosting memory space on the internet for storing digital photographs; hosting multimedia and interactive applications; hosting multimedia educational content; hosting multimedia entertainment and educational content for others; hosting multimedia entertainment content; hosting of blogs; hosting of computerized data, files, applications and information; hosting of computer sites [websites]; hosting of computer sites [web sites]; hosting of computer software applications for others; hosting of customized web pages; hosting of databases; hosting of digital content on the internet; hosting of e-commerce platforms on the internet; hosting of memory space on the internet; hosting of memory space on the internet for storing digital photographs; hosting of multimedia and interactive applications; hosting of multimedia educational content; hosting of multimedia entertainment content; hosting of platforms on the internet; hosting of software for use in library management; hosting of weblogs; hosting of weblogs [blogs]; hosting of web portals; hosting of web sites; hosting of websites; hosting of web sites on the internet; hosting of websites on the internet; hosting online facilities for conducting interactive discussions; hosting on-line facilities for conducting interactive discussions; hosting online software enabling the creation and hosting of micro websites for businesses; hosting on-line software enabling the creation and hosting of micro websites for businesses; hosting online web facilities for others; hosting on-line web facilities for others; hosting on-line web facilities for others for conducting interactive discussions; hosting online web facilities for others for conducting interactive discussions; hosting on-line web facilities for others for sharing online content; hosting online web facilities for others for sharing online content; hosting platforms on the internet; hosting software for use in library management; hosting the web sites of others; hosting the websites of others; hosting the web sites of others on a computer server for a global computer network; hosting the websites of others on a computer server for a global computer network; hosting weblogs [blogs]; hosting web portals; hosting web sites; hosting websites; hosting web sites on the internet; hosting websites on the internet; illustrators' services; image processing software design; image processing software development; implementation of computer programmes on networks; implementation of computer programs on networks; information technology consultancy; information technology consultancy services; information technology consultation; information technology engineering; information technology engineering services; information technology [it] consultancy; information technology [it] consultancy services; information technology [it] consulting; information technology [it] consulting services; information technology [it] engineering; information technology services provided on an outsourcing basis; infrastructure as a service [iaas]; installation and maintenance of computer software; installation and maintenance of database software; installation and maintenance of internet access software; installation and maintenance of software; installation and maintenance of software for internet access; installation, maintenance and repair of computer software; installation, maintenance and repair of software for computer systems; installation, maintenance and updating of computer software; installation, maintenance and updating of database software; installation, maintenance and updating of software; installation, maintenance, updating and upgrading of computer software; installation of computer programmes; installation of computer programs; installation of computer software; installation of database software; installation of internet access software; installation of software; installation of software for computer systems; installation of software for internet access; installation, repair and maintenance of computer software; installation, repair and maintenance of software; integration of computer systems and computer networks; integration of computer systems and networks; interactive hosting services which allow the users to publish and share their own content and images online; interactive hosting services which allow the users to publish and share their own content and images on-line; internet page design; internet page design services; internet security consultancy; it programming services; it security services in the nature of protection and recovery of computer data; leasing computer facilities; leasing of a database server to third parties; leasing of application software; leasing of computer apparatus; leasing of computer database software; leasing of computer equipment; leasing of computer hardware; leasing of computer hardware and computer peripherals; leasing of computer hardware and computer software; leasing of computer hardware and software; leasing of computer peripherals; leasing of computer programmes; leasing of computer programs; leasing of computers; leasing of computers and computer equipment; leasing of computers and computer software; leasing of computers and software; leasing of computers for data processing; leasing of computer software; leasing of computer software and

programmes; leasing of computer software and programs; leasing of computer software for financial management; leasing of computer software relating to travel; leasing of data processing programmes; leasing of data processing programs; leasing of data processing software; leasing of internet security programmes; leasing of internet security programs; leasing of memory space on servers for hosting electronic bulletin boards; leasing of operating software for accessing and using a cloud computing network; leasing of operating software for computer networks and servers; leasing of software; leasing of software for database management; leasing of software for data processing; leasing of software for importing and managing data; leasing of software for internet access; leasing of software for inventory management; leasing of software for web site development; leasing of software for website development; leasing of web servers; locating and marking placement of underground utility pipes, cable or wires; locating and marking the placement of underground utility pipes, cables or wires; maintenance and consultancy services relating to software used in the field of e-commerce; maintenance and installation of computer software; maintenance and installation of software; maintenance and repair of computer software; maintenance and repair of software; maintenance and updating of computer software; maintenance and updating of software for communication systems; maintenance and upgrading of computer software; maintenance of computer programmes; maintenance of computer programs; maintenance of computer sites; maintenance of computer software; maintenance of computer software for data processing; maintenance of computer software relating to computer security and prevention of computer risks; maintenance of computer software used for operating filling apparatus and machines; maintenance of database software; maintenance of data processing software; maintenance of internet access software; maintenance of software; maintenance of software for communication systems; maintenance of software for computer systems; maintenance of software for internet access; maintenance of software used in the field of e-commerce; maintenance of websites; maintenance of web sites; maintenance, updating and design of computer software; managing web sites for others; managing websites for others; mapping services; monitoring of computer systems by remote access; monitoring of computer systems for detecting unauthorized access or data breach; monitoring of computer systems to detect breakdowns; off-site data backup; off-site data back-up; online data storage; on-line data storage; online data storage services; on-line data storage services; online provision of non-downloadable web-based applications; outsource service providers in the field of information technology; outsource service providers in the field of information technology consultancy; outsource service providers in the field of information technology consulting; planning, design, development and maintenance of online web sites for third parties; planning, design, development and maintenance of on-line websites for third parties; planning, design, development and maintenance of online websites for third parties; planning, design, development and maintenance of on-line web sites for third parties; preparation of reports relating to computer programmes; preparation of reports relating to computer programming; preparation of reports relating to computer programs; preparation of reports relating to computers; preparation of reports relating to technical research; preparation of reports relating to technological research; preparation of scientific reports; preparation of technical reports; preparation of technological reports; preparation of technological research reports; product development consultancy for inventors in the field of computer science; product development consultation for inventors in the field of computer science; professional consultancy relating to computer security; programming of computer animations; programming of computer games; programming of computer game software; programming of computer software for electronic language translation dictionaries and databases; programming of computer software for evaluation and calculation of data; programming of computer software for reading, transmitting and organising data; programming of computer software for reading, transmitting and organizing data; programming of customized web pages; programming of customized web pages featuring user-defined information, personal profiles and information; programming of data processing programmes; programming of data processing programs; programming of edp software; programming of electronic data processing [edp] software; programming of electronic data processing software; programming of internet security programmes; programming of internet security programs; programming of multimedia applications; programming of multimedia equipment; programming of operating software for accessing and using a cloud computing network; programming of operating software for computer networks and servers; programming of software for database management; programming of software for e-commerce platforms; programming of software for importing and managing data; programming of software for information platforms on the internet; programming of software for internet platforms; programming of software for internet portals, chatrooms, chat lines and internet forums; programming of software for internet portals, chat rooms, chat lines and internet forums; programming of software for inventory management; programming of software for website development; programming of software for web site development; programming of telecommunications software; programming of video games; programming of video game software; programming of web pages; providing computer facilities for the electronic storage of digital data; providing computer programmes designed to the specifications of others; providing computer programmes on data networks; providing computer programs designed to the specifications of others; providing computer programs on data networks; providing electronic memory space on the internet; providing electronic memory space [web space] on the internet; providing electronic storage of digital photographs and videos via a web site; providing electronic storage of digital photographs and videos via a website; providing electronic storage space on the internet; providing electronic storage space [web space] on the internet; providing information about the design and development of computer software; providing information about the design and development of computer software, systems and networks; providing information in the field of computer software design; providing information in the field of computer software development; providing information on computer programming via a web site; providing information on computer programming via a website; providing information on computer technology and programming via a website; providing information on computer technology and programming via a web site; providing information on computer technology via a web site; providing information on computer technology via a website; providing information relating to computer programming; providing information relating to computer programming via a website; providing information relating to computer programming via a web site; providing information relating to computer programs; providing information relating to computer software design; providing information relating to computer technology and programming via a website; providing information relating to computer technology and programming via a web site; providing information relating to computer technology via a web site; providing internet search engines; providing internet search engines with specific search options; providing on-line information about industrial analysis and research services;

providing online information about industrial analysis and research services; providing on-line information about the design and development of computer hardware and software; providing online information about the design and development of computer hardware and software; providing on-line information in the field of technological research from a computer database or the internet; providing online information in the field of technological research from a computer database or the internet; providing on-line non-downloadable software for database management; providing on-line non-downloadable software for use in communication; providing online non-downloadable software for use in communication; providing on-line non-downloadable software for use in customer relationship management; providing online non-downloadable software for use in customer relationship management; providing online non-downloadable software for use in database management; providing on-line non-downloadable software for use in database management; providing on-line non-downloadable software for use in enterprise resource planning; providing online non-downloadable software for use in enterprise resource planning; providing on-line non-downloadable software for use in supply chain management; providing online non-downloadable software for use in supply chain management; providing online non-downloadable software for word processing; providing quality assurance in the field of computer software; providing scientific research information and results from an on-line searchable database; providing scientific research information and results from an online searchable database; providing search engines for obtaining data on a global computer network; providing search engines for obtaining data via communications networks; providing search engines for the internet; providing technical advice relating to computer hardware and software; providing technical advice relating to computers; providing technical information about computers, computer software and computer networks; providing technology consultancy in the field of social media; providing technology consulting in the field of social media; providing temporary use of non-downloadable business software; providing temporary use of non-downloadable computer game development software; providing temporary use of non-downloadable computer software for preparing invoices; providing temporary use of non-downloadable software applications accessible via a web site; providing temporary use of non-downloadable software applications accessible via a website; providing temporary use of non-downloadable software for analyzing financial data and generating reports; providing temporary use of non-downloadable software for developing computer games; providing temporary use of non-downloadable software for developing online educational materials; providing temporary use of non-downloadable software for developing video games; providing temporary use of non-downloadable software to enable content providers to track multimedia content; providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; providing temporary use of non-downloadable video game development software; providing temporary use of on-line applications and software tools; providing temporary use of online applications and software tools; providing temporary use of on-line non-downloadable computer software for language translation; providing temporary use of online non-downloadable computer software for language translation; providing temporary use of on-line non-downloadable computer software for use in broadcast monitoring applications; providing temporary use of online non-downloadable computer software for use in broadcast monitoring applications; providing temporary use of on-line non-downloadable investment software; providing temporary use of online non-downloadable investment software; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; providing temporary use of online non-downloadable operating software for accessing and using a cloud computing network; providing temporary use of on-line non-downloadable operating software for computer networks and servers; providing temporary use of online non-downloadable operating software for computer networks and servers; providing temporary use of on-line non-downloadable software; providing temporary use of online non-downloadable software; providing temporary use of on-line non-downloadable software development tools; providing temporary use of online non-downloadable software for database management; providing temporary use of on-line non-downloadable software for database management; providing temporary use of on-line non-downloadable software for importing and managing data; providing temporary use of online non-downloadable software for importing and managing data; providing temporary use of on-line non-downloadable software for inventory management; providing temporary use of online non-downloadable software for inventory management; providing temporary use of on-line non-downloadable software for use in database management; providing temporary use of on-line non-downloadable software for use in publishing and printing; providing temporary use of online non-downloadable software for use in publishing and printing; providing temporary use of on-line non-downloadable software for website development; providing temporary use of online non-downloadable software for web site development; providing temporary use of online non-downloadable software for website development; providing temporary use of on-line non-downloadable software for web site development; providing temporary use of online non-downloadable software for word processing; providing temporary use of on-line non-downloadable software for word processing; providing temporary use of web-based applications; providing temporary use of web-based software; providing web servers and co-location servers to third party cloud computing and data storage facilities; provision of computer programmes on data networks; provision of computer programs on data networks; provision of information and data relating to scientific and technological research and development; provision of information on computer technology and programming via a website; provision of information on computer technology via a web site; provision of information relating to computer programmes; provision of information relating to computer programming; provision of information relating to computer programming via a web site; provision of information relating to computer programs; provision of information relating to computer technology and programming via a website; provision of information relating to computer technology and programming via a web site; provision of information relating to computer technology via a web site; provision of information relating to computer technology via a website; provision of information relating to technological research; provision of information relating to computer programming via a website; provision of internet search engines; provision of online non-downloadable software [application service provider]; provision of search engines for the internet; provision of technical information in relation to computers; reconstruction of database systems for others; recovery of computer data; recovery of smartphone data; remote computer backup services; remote computer backup services; remote server administration; rental and maintenance of computer software; rental and updating of software for data processing; rental of a database server to third parties; rental of application software; rental of computer apparatus; rental of computer database software; rental of computer equipment; rental of computer game development software; rental of computer game programmes; rental of computer game programs; rental of computer hardware; rental of computer hardware

and computer peripherals; rental of computer hardware and computer software; rental of computer hardware and software; rental of computer peripheral devices; rental of computer peripherals; rental of computer programmes; rental of computer programs; rental of computers; rental of computers and computer equipment; rental of computers and computer software; rental of computers and software; rental of computers for data processing; rental of computer software; rental of computer software and programmes; rental of computer software and programs; rental of computer software for developing computer games; rental of computer software for developing online educational materials; rental of computer software for developing video games; rental of computer software for financial management; rental of computer software relating to travel; rental of database management software; rental of data processing devices and computers; rental of data processing programmes; rental of data processing programs; rental of data processing software; rental of decentralized cloud storage facility for containerized data centers of others; rental of electronic memory space on the internet; rental of electronic memory space [web space] on the internet; rental of electronic storage space on the internet; rental of electronic storage space [web space] on the internet; rental of internet access software; rental of internet security programmes; rental of internet security programs; rental of laboratory robots for laboratory research and analysis; rental of laboratory robots for laboratory testing; rental of memory space for web sites; rental of memory space for websites; rental of memory space on servers for hosting electronic bulletin boards; rental of operating software for accessing and using a cloud computing network; rental of operating software for computer networks and servers; rental of peripheral devices for computers; rental of software; rental of software for database management; rental of software for data processing; rental of software for importing and managing data; rental of software for internet access; rental of software for inventory management; rental of software for website development; rental of software for web site development; rental of technical drawing instruments; rental of video game development software; rental of web servers; rental of web servers and co-location servers for containerized data centers of others; repair and maintenance of computer software; repair and maintenance of software; repair of computer programmes; repair of computer programs; repair of computer software; repair of software for computer systems; research and consultancy services relating to computer software; research and consultancy services relating to software; research and development of computer hardware; research and development of computer hardware and software; research and development of computer software; research and development services relating to computer hardware; research and development services relating to computer hardware and computer software; research and development services relating to computer hardware and software; research and development services relating to computer software; research and development services relating to solar cells and electricity generation; research, design and development of communication systems; research, design and development of data processing systems; research, design and development of information and communications technology; research, design and development of software for communication systems; research, design and development of software for data management; research, design and development of software for managing data; research, design and development services relating to communication systems; research, design and development services relating to computer programs; research, design and development services relating to computers; research, design and development services relating to computer systems; research, design and development services relating to data processing systems; research, design and development services relating to network interfaces; research, design and development services relating to software application solutions; research, development, design and upgrading of computer software; research in the field of computer hardware; research in the field of computer hardware and software; research in the field of computer programmes and software; research in the field of computer programs and software; research in the field of computer software; research in the field of computer technology conducted using databases and the internet; research in the field of data processing technology; research in the field of information technology; research relating to the development of computer hardware; research relating to the development of computer programmes and software; research relating to the development of computer programs and software; research relating to the development of computer software; research services in the field of computer hardware; research services in the field of computer hardware and software; server administration; server administration services; server hosting; smartphone software design; software as a service [saas]; software authoring; software consultancy; software consultancy services; software consulting services; software design; software design and development; software design and development services; software design services; software development; software development in the framework of software publishing; software development services; software engineering; software engineering services; software engineering services for data processing programmes; software engineering services for data processing programs; software installation and maintenance; software maintenance services; software rental; software repair; software research; special effects design; special effects design services; technical advice relating to operation of computers; technical consultancy relating to the application and use of computer software; technical consultancy relating to the design of computer hardware, software and computer peripherals; technical consultancy relating to the installation and maintenance of computer software; technical consultancy relating to the use of computer hardware; technical data analysis; technical data analysis services; technical design; technical research projects and studies; technical research services; technical support services, namely, troubleshooting in the nature of computer hardware diagnosis; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware problems; technical support services, namely, troubleshooting of computer software problems; technical testing; technical testing and quality control services; technical testing services; technical writing; technological advice relating to computers, automobiles and industrial machines; technological consultancy; technological consultancy and information services in the field of computer networks and data transmission networks; technological consultancy in the fields of energy production and use; technological research services; technological services and research and design relating thereto; technology services for securing computer data; technology services for securing financial information; technology services for securing personal information; testing of computer hardware; testing of computer hardware and software; testing of computer installations; testing of computer programmes; testing of computer programs; testing of computer software; testing services for alarm and monitoring systems; testing services for computer hardware and software; testing services for computer hardware and software used with alarm and monitoring systems; troubleshooting of computer software problems; troubleshooting of computer software problems [technical support]; unlocking of mobile phones; updating and design of computer software; updating and maintenance of computer software; updating and maintenance of websites for others; updating and rental of software for data processing;

updating, design and rental of software; updating home pages for others; updating of computer database software; updating of computer programmes; updating of computer programs; updating of computer software; updating of computer software for databases; updating of computer software relating to computer security and prevention of computer risks; updating of database software; updating of data processing software; updating of home pages for computer networks; updating of home pages for others; updating of internet pages; updating of smartphone software; updating of software; updating of software for communication systems; updating of software for data processing; updating of websites; updating of web sites; upgrading and maintenance of computer software; upgrading of computer software; user authentication services using single sign-on technology for online software applications; user authentication services using technology for e-commerce transactions; verification of personal identification [computer security]; video game development services; video game software design; video game software development; web design; web design services; web page design; web page design services; web portal design; web site design; website design; website design consultancy; web site design consultancy; website design services; web site design services; web site development; website development; website development services; web site development services; web site hosting services; website hosting services; website load testing services; web site load testing services; web site maintenance; website maintenance; web site maintenance services; website maintenance services; web site usability testing services; website usability testing services; writing and updating computer software; writing and updating of computer software; writing of computer programmes; writing of computer programs; writing of computer software; writing of data processing programmes; writing of data processing programs.

GENERAL INFORMATION III

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING
MALAYSIA

Pursuant to regulation 71 of the Trademarks Act 2019, the following international registrations designating Malaysia have been accepted and are hereby published in Intellectual Property Official Journal under section 148 of the Trademarks Act 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 72(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the international registrations designating Malaysia which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such international registrations designating Malaysia in the Intellectual Property Official Journal.

Notwithstanding the above paragraphs, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 72(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition

CLASS 1

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; biological preparations for use in industry and science; chemical preparations for diagnostic purposes (other than for medical or veterinary purposes); chemical diagnostic reagents for scientific use; chemical products for diagnostic use (industrial); chemical products for diagnostic use (scientific); dna, genetic and other biological and diagnostic materials (non medical or veterinary), for use in chips, arrays and sensors; diagnostic preparations for laboratory use, other than medical; diagnostic preparations for scientific purposes; diagnostic preparations, other than for medical or veterinary purposes; diagnostic reagents for scientific use; diagnostic reagents, other than for medical laboratory use; diagnostic substances, other than for medical use; diagnostic testing materials, other than for medical use; chemical paper for use with assays; chemicals for use in immuno-assay testing (other than for medical or veterinary use); immunoassay reagents, other than for medical use; chemical diagnostic reagents for scientific use.

CLASS 5

Medical, pharmaceutical and veterinary preparations in the field of diagnostics and in relation to diagnostic and assay products; biotechnological preparations for medical and veterinary purposes; biological preparations for medical and veterinary purposes and for use in biotechnology; biochemical preparations for diagnostic use; chemical preparations for biotechnological (medical and veterinary), medical, veterinary and medical analysis purposes; chemical diagnostic reagents for medical use; chemical preparations for diagnostic purposes (medical); chemical products for diagnostic purposes (medical or veterinary); chemical products for diagnostic use (medical or veterinary); chemical reagents for laboratory use (medical or veterinary use); chemical reagents for use in diagnosis (medical or veterinary use); chemical test reagents (medical or veterinary); clinical diagnostic reagents for medical or veterinary use; diagnostic preparations for clinical, medical or veterinary laboratory use; diagnostic agents for pharmaceutical use; diagnostic biomarker reagents for medical purposes; diagnostic chemical reagents for medical use; diagnostic preparations for gynaecological purposes; diagnostic preparations for gynaecological testing purposes; diagnostic preparations for medical laboratory use; diagnostic preparations for medical purposes; diagnostic preparations for medical use for sale in kit form; diagnostic preparations for veterinary purposes; diagnostic preparations for medical purposes; diagnostic reagents for in-vitro use (medical); diagnostic reagents for medical laboratory use; diagnostic reagents for medical use; diagnostic reagents for medical use for sale in kit form; diagnostic scanning agents for in-vivo use (medical); diagnostic substances for medical use; diagnostic testing materials for medical use; monoclonal antibodies for diagnostic use (medical); preparations for diagnostic purposes (medical); preparations for medical diagnostic use; reagents for use in diagnostic pregnancy tests; reagents for use in diagnostic tests (for medical purposes); reagents for use in diagnostic tests (for veterinary purposes); reagents for use in the development of monoclonal antibodies (for medical purposes); reagents for use in the development of monoclonal antibodies (for veterinary purposes); reagents for medical research applications (for diagnosis); reagents in kit form for conducting enzyme-linked immunosorbent assays (elisa) (for medical purposes); reagents in kit form for conducting enzyme-linked immunosorbent assays (elisa) (for veterinary purposes); reagents for use in biological processing (for medical or veterinary purposes); veterinary diagnostic reagents; substances for use in genetic probe assay kits (for medical use); chemical products for immunoassay use (medical); chemical products for immunoassay use (veterinary); immunoassay reagents for medical use.

CLASS 9

Assay readers for non-medical or non-veterinary use, including microplate readers and lateral flow readers; assaying instruments; bio-assay apparatus; analytical apparatus for use in clinical chemistry;

apparatus for carrying-out diagnostic tests (other than for medical purposes); apparatus for diagnostic purposes (other than medical); chemical analysers (apparatus), other than for medical use; clinical chemistry analysers, other than for medical or veterinary use; chemistry apparatus and instruments; chips arrays and sensors using dna, genetic and other biological and diagnostic materials (scientific apparatus and instruments); diagnostic apparatus for scientific use; diagnostic apparatus, not for medical purposes; diagnostic imaging apparatus, other than for medical use; diagnostic instruments, other than for medical use; diagnostic measuring apparatus, other than for medical use; diagnostic testing apparatus for use in immunoassay procedures (other than medical); diagnostic testing instruments for use in immunoassay procedure (other than medical); in-vitro diagnostic testing apparatus (other than for medical use); measuring apparatus for use in bioassay techniques (other than medical); research apparatus for scientific use; scientific apparatus for diagnostic testing of biological samples (other than for medical use); scientific apparatus for use in diagnostic applications (other than for medical use); testing apparatus for diagnostic purposes (other than medical); apparatus for carrying-out assays (other than for medical purposes); genetic probe assay apparatus for sale in kit form.

CLASS 10

Screening and diagnostic apparatus for medical purposes comprising assay readers for medical or veterinary use, including microplate readers and lateral flow readers; apparatus for carrying-out diagnostic tests for medical purposes; apparatus for diagnostic purposes (medical); apparatus for medical diagnostic purposes; apparatus for sale in kit form for medical diagnostic purposes; apparatus for viewing diagnostic test strips; chemical analysers (apparatus) for medical use; clinical chemistry analysers for medical or veterinary use; diagnostic apparatus for medical purposes; diagnostic apparatus for pregnancy testing; diagnostic imaging apparatus for medical use; diagnostic instruments for medical use; diagnostic measuring apparatus for medical use; diagnostic test kits for the detection of haemoglobin in faeces; diagnostic testing apparatus for use in immunoassay procedures (medical); diagnostic testing instruments for use in immunoassay procedure (medical); in-vitro diagnostic testing apparatus for medical use; in-vitro diagnostic testing apparatus incorporating chemical reagents (for medical use); measuring apparatus for use in bioassay techniques (medical); medical apparatus for diagnostic purposes; medical apparatus for performing in-vitro diagnostic tests; medical apparatus for the evaluation of in-vitro diagnostic tests; medical diagnostic apparatus; medical diagnostic apparatus for sale in kit form; medical diagnostic instruments; medical diagnostic testing apparatus; medical electronic diagnostic apparatus; optical instruments for medical diagnostic use; optical detection apparatus for medical diagnostic use; medical and veterinary apparatus and instruments for diagnostics research; scientific apparatus for diagnostic testing of biological samples (medical use); scientific apparatus for use in diagnostic applications (medical use); testing apparatus for diagnostic purposes (medical); testing apparatus for medical diagnostic purposes; testing instruments for medical diagnostic purposes; tools for medical diagnostics; tools for veterinary diagnostics; urine testing instruments for medical diagnostic purposes; apparatus for carrying-out assays for medical purposes; medical assay apparatus for the detection of helicobacter pylori organisms.

CLASS 35

Business advisory services relating to diagnostic and assay product development; business development services in relation to diagnostic and assay products; business development of inventions in relation to diagnostic and assay products; intermediary business services relating to the commercialisation of diagnostic and assay goods; business consultation in relation to diagnostic and assay products; data management in relation to diagnostic and assay products; data management advice and consultancy; business consultancy services relating to manufacturing; manufacturer's representative services.

CLASS 42

Advisory services relating to technical diagnostic products, chemistry, biotechnology, biochemistry; biotechnology and biological research and testing; chemical analysis and research; chemistry services; scientific research relating to chemistry; technical diagnostic testing services; development of testing methods; scientific research relating to chemistry, biology, bacteriology, genetics; laboratory research; medical research; scientific consultancy; technological consultation services; cloud computing in relation to diagnostic and assay products; providing virtual computer systems through cloud computing in relation to diagnostic and assay products.

CLASS 44

Medical services in relation to diagnostic and assay products; veterinary services in relation to diagnostic and assay products; medical diagnostic services (testing and analysis); health care consultancy services (medical) in relation to diagnostic and assay products.
