General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

handling industries; Construction supervision services, namely, construction project management, construction program management and construction management, all for creation, demolition, and decommissioning of facilities and sites; Construction management services, namely, construction consultation, and construction of government, commercial and industrial structures and buildings, and inspections during building construction; Construction program management services, construction management services and building maintenance and repair services for large and complex engineering projects for building, maintaining and improving structures of healthcare complexes, k-12 schools, colleges and universities, public buildings, power plants, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, interchanges, tunnels, intelligent transportation systems (ITS), mass transit systems, airports, port and harbor facilities, water supply systems, and water and waste treatment and distribution systems; Maintenance and improvement in the nature of repair of public buildings, and commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, and airports; provision of washing, cleaning, disinfecting, deodorizing and sanitizing services relating to hazardous, toxic and radioactive materials; Construction services, relating to commercial buildings; Planning and laying out of factory buildings and production facilities [construction].

Class 38

Providing access to databases; Providing multiple user access to global computer information networks; Providing multiple user access to proprietary collections of information by means of global computer information networks; Providing multiple-user access to a global computer information network; Providing private and secure real time electronic communication over a computer network; Providing user access to a global computer network.

Class 39

Supply chain logistics services for governmental defense and energy entities or their agents or contractors, in the nature of warehousing services, namely, storage, distribution, and packing for shipment of materials in storage, consisting of equipment, apparatus, supplies, ammunition, raw materials, and other associated materials for others; all of the above excluding logistics and distribution services for governmental defense and energy entities or their agents or contractors in the nature of commercial document and package shipping and delivery, warehousing services related to the aforementioned excluded logistics and distribution services, and commercial freight forwarding services; Transportation consulting services.

Class 40

Environmental remediation services, namely, treatment of waste; Providing technical

information in the field of waste management services in the nature of waste recycling, sorting, transformation, treatment, destruction, incineration, decontamination, processing, compacting and crushing; provision of waste management services in the nature of waste recycling, sorting, transformation, treatment, destruction, incineration, decontamination, processing, compacting and crushing; Processing and treatment of environmental pollutants for the reduction of mercury emissions from coal-fired power plants by utilizing chemical processes and technologies, namely, FGD additives and chemistry for controlling mercury re-emissions, mercury sorbent evaluations, chemical additives for enhanced mercury oxidation, activated carbon injection for mercury control, combustion controls for mercury emission reduction, and injection of a halogen-based solution into flue gas; Environmental remediation services, namely, treatment of soil, waste and water; Environmental pollution control services, namely, environmental remediation services for treatment of air, water, groundwater, waste water, and soil; Environmental remediation services, namely, decontamination of unexploded ordnance.

Class 41

Training in the use and operation of computer software and hardware all for use in the fields of assessment and compliance audits for antiterrorism threat and vulnerability risk assessments, transportation infrastructure, power, water and food supply, and security systems; Training services in the fields of environmental management and pollution control, waste management and remediation engineering, process engineering and design, and corporate reporting; training services in the field of aircraft flight.

Class 42

Providing temporary use of on-line non-downloadable software for use in business and industrial facility planning and management, namely, for performing predictive cost analysis of physical space and infrastructure requirements of a facility based on projected staff and equipment requirements, and online instructional manuals provided therewith as a unit; Engineering and architectural analysis services, planning and design of healthcare complexes, k-12 schools, colleges and universities, public buildings, power plants, industrial and manufacturing facilities and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems for the energy, transportation, pollution abatement, water resources and health care industries; Architectural and engineering services; Architectural consultancy; Architectural design; Civil engineering; Conducting engineering surveys; Conducting of technical feasibility studies; Consulting in the field of structural engineering; Consulting in the fields of engineering and architecture; Design for others in the field of engineering; Design of tunnels and underground structures; Drafting of plans and engineering drawings for others; Engineering services for building and property condition assessment, facility management, repair and restoration, building instrumentation and monitoring; Technical consulting in the field of environmental engineering; Engineering

services [design] for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; Engineering services in the field of environmental compliance; Engineering services, namely, engineering [design] for the construction of airports, highways and bridges; Land use planning services, namely urban planning, architectural planning, technical project planning, town and city planning services; Landscape architectural design; Planning and layout design services for the interior space of retail business establishments; Planning of buildings and infrastructure systems for buildings; Providing quality assurance services in the field of engineering; Quality control for others; Structural engineering design services; Urban planning; Architectural research; Civil engineering for the design of airports, highways and bridges; Computer aided design for others; Conducting chemical surveys, namely, strength and chemical testing of cementitious materials, asphalt and aggregates; Construction drafting; Consulting services in the field of architectural design; Building and construction drafting; Drafting of construction plans for recreation premises; Engineering; Graphic illustration and drawing services, namely, providing graphic illustrations and drawings of commercial and industrial building designs, and converting building designs or markups to electronic CAD drawings; Monitoring inspections and verification of the quality and quantity of goods in the nature of raw materials, commodities, and manufactured, semi-manufactured and transformed goods for quality control purposes; Inspections of airports, highways and bridges for quality control purposes; Marine, aerial and land surveying; Materials testing, analysis and evaluation; Mechanical engineering and research relating to mechanical engineering; Monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds; Monitoring of erosion and sedimentation; Pipeline inspection services; Planning and layout design services for cleanroom environments; Product development and engineering services for others; Providing design services for others in the field of theme parks, museums, and miniature golf courses; Research and development and consultation related thereto in the field of civil engineering; Research and development of technology in the field of civil engineering; Research on building construction or city planning; Research relating to mechanical engineering; Research, development, engineering and testing services in the fields of welding and material joining; Geological, land and oil field survey design and research; Surveying and engineering; Technical consultancy regarding the field of road cutting machinery technology; Technical surveying; Testing or research on civil engineering; Testing, analysis and evaluation of the goods and services of others to determine conformity with certification standards; Testing, analyzing and evaluating the structural properties of masonry and concrete structures for functionality and quality control, structural analysis, for the presence of hazardous materials and for certification and research purposes; Architectural consultation; Civil engineering relating to water irrigation; Engineering and hydrological design of restoration of stream channels, marshes, estuaries, and wetlands; Engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; Environmental services, namely, technical consultation in the field of environmental science,

engineering services, design for others in the field of energy engineering, designing and testing of energy products for others; Environmental services, namely, technical consultation in the field of environmental science, engineering services, design for others in the field of environmental engineering, designing and testing of new environmentally friendly products for others; Hydraulic engineering and design; Hydrologic and engineering modeling and design of measures to protect areas likely to be inundated by storm-water and flood-waters; architectural design services in the fields of civic, corporate, education, healthcare, justice, leisure, sports venues, transportation, government, and utilities; Engineering design services; Planning of buildings and infrastructure systems for buildings, namely, spatial planning for buildings climate control and resource planning for buildings; Planning of buildings and infrastructure systems for buildings namely, provision of urban planning, architectural planning, design services relating to infrastructure and public municipal facilities; Computer planning project management; Consultancy services in the field of sustainable building construction planning or land development planning and sustainable business infrastructure design; Engineering services in the field of reduction of operating costs of healthcare complexes, k-12 schools, colleges and universities, public buildings, power plants, industrial and manufacturing facilities and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; Application service provider (ASP) featuring software for use in Accounting/Financial Management, Deployment/Personnel Management, Property/Inventory Control Management, Production Control Management, Quality/Safety/Environmental Management, Supply Chain Management, Planning and Schedule Management, Document Management and Earned Value Management; Application service provider featuring software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; Application service provider, namely, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of personal productivity, wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; Application service provider, namely, hosting, managing, developing, researching, analyzing, reporting, and maintaining applications, software, web sites, and databases of others in the fields of healthcare, benefits programs, employee productivity, risk management; Application service provider for hosting computer application software of others in the field of knowledge management relating to creating searchable databases of information and data to allow users to perform, on-line, the collecting and analyzing of different types of opinion surveys; Application service provider for hosting computer application software of others in the field of knowledge management relating to creating searchable databases of information and data; Application service provider for hosting computer application software of others in the field of knowledge management relating to searching and retrieving information from databases and computer networks; Computer services, namely,

hosting a website and online portal for customers to remotely manage, and modify their end user computer devices, data and software applications; Computer systems integration services; Database development services; Integration of computer systems and networks; IT integration services; Hosting a secured-access website that gives registered Internet networked institutions the ability to upload, view, copy, print, download and share documents and images for the purposes of conducting consumer- driven transactions; Software as a service (SAAS) services featuring software for use in database management; Software as a service (SAAS) services, namely, hosting software for use by others for use in Accounting/Financial Management, Deployment/Personnel Management, Property/Inventory Control Management, Production Control Management, Quality/Safety/Environmental Management, Supply Chain Management, Planning and Schedule Management, Document Management and Earned Value Management; Analysis of stream water quality; Bacteriological consultation, research and testing; Environment assessment services relating to calculating and simulating flood flows, modeling of areas likely to be inundated, and preparing related reports and technical documentation; Chemical, biochemical, biological and bacteriological research and analysis; Civil engineering for the design of wastewater treatment facilities; Civil engineering relating to water irrigation; Computer-aided engineering services for others; Consultation services in the field of hydrological research; Consulting services in the field of environmental assessment and planning; technological consultancy in the field of water distribution systems and wastewater systems; Environmental services, namely, detection of contaminants in water; Environmental testing and inspection services; Hydrologic and hydraulic modeling and design of storm drainage infrastructure; Hydrologic study of surface and ground water; Providing hydrological calculations and simulations of flood flows in streams, marshes, and wetlands for scientific research purposes; Hydrological research; Environmental testing and inspections of water treatment facilities; Mapping services; Materials testing, analyzing, and evaluation; Mechanical engineering and research; Monitoring of stream water quality; Planning and designing aquatics facilities; Environmental and technical design and implementation services, namely, evaluation, control design, installation, updating and maintenance of environmentally friendly automation systems; Providing quality assurance services in the field of wastewater treatment; Providing reagent sample testing and diagnostic services for others in the fields of science and research related thereto; Providing technological and scientific information about environmentally-conscious and green innovations; Research in the field of hydrogeology; Scientific research and development; Environmental monitoring services relating to sewer overflow; Environmental monitoring services relating to sewer system; Technical consultancy in the field of environmental science; Technical quality monitoring services of water conditions; Technology consultation and research in the field of water resources; Technology supervision and inspection in the field of water resources; Testing of filters; Testing of raw materials; Underwater structural inspection services; Water quality control services; Consultation and engineering services in the fields of industrial engineering, mining exploration, land surveys, mapping and

geographic information services, water resources and irrigation, environmental compliance engineering, urban and development planning, urban planning development engineering, and municipal engineering; Engineering services in the field of transportation; Engineering and architectural design, namely, creating plans, specification and preliminary and final designs of buildings for others for large and complex engineering projects to build, maintain and improve healthcare complexes, k-12 schools, colleges and universities, public buildings, power plants, energy facilities, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; Systems engineering for large and complex engineering projects to build, maintain and improve public buildings, power plants, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; Engineering services, namely, technical engineering consultation in the establishment and operation of large and complex engineering projects to build, maintain and improve healthcare complexes, public buildings, commercial, industrial and manufacturing facilities, power plants, and federal, state and municipal infrastructure, namely, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems; Engineering services, namely, technical project planning and design services for others in the field of engineering for general building, transportation facilities and infrastructure, manufacturing, sewer waste, power, industrial processes, petroleum, telecommunications, hazardous waste for the energy, defense and security, education, retail, government, manufacturing, industrial, commercial, transportation, transportation security, pollution abatement, air, water, and soil resources and health care industries; Design services for others in the field of governmental defense and security systems, namely, engineering for development of aviation and ground systems, vehicles, shelters and ground support equipment; Design services for others in the field of environmental engineering related to air emission control, and flood control; Civil and environmental engineering consulting services, namely, preparing environmental impact assessment, preparing environmental impact assessment in the fields of climate change and biodiversity, biological, ecological, energy management, and earthquake studies, and compliance reports; Computer consultation in the field of computer security; computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; Design and development of computer networks for others in the field of computer security; Engineering services for government, commercial and industrial buildings and properties condition assessment; Design of government, commercial and industrial healthcare complexes, k-12 schools, colleges and universities, public buildings, power plants, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, airports, port and harbor facilities, water supply, and water and waste treatment and distribution systems; Computer software design, computer

network design and computer-aided engineering, in the fields of geographic information services combining software and information technology to produce visual representations of topographies; Computer application software development for others in the fields of computer simulation and electronic imaging of design drawings, architectural designs, building plans, city plans, artwork and photographs, and integration of computer systems and networks; Updating and maintenance of database systems; Updating and maintenance of software and database systems; Engineering services in the field of network and database design and development; Engineering services [design] for construction, repair and restoration of large and complex engineering projects in the nature of healthcare complexes, k-12 schools, colleges and universities, public buildings, power plants, commercial, industrial and manufacturing facilities, and federal, state and municipal infrastructure, namely, bridges, highways, mass transit systems, airports, port and harbor facilities, water supply, and water and waste treatment and distribution systems; Computer services, namely, operations for computer systems and computer networks in the nature of computer and network design for others and engineering, computer application software development, computer application systems integration, development, updating, and maintenance of database systems, computer network integration, and computer systems integration services for large and complex engineering projects; Application service provider, namely, hosting on-line computer databases via the secured-access internet through which documents and images can be viewed, copied, and printed for purposes of conducting corporate transactions; Application service provider, namely, hosting an on-line computer database in the field of locating products, describing products, rating products, pricing products and comparing prices of products; Computer security consultancy related to national security; Computer security consultancy; Construction planning.

Class 45

Reviewing standards and practices to assure compliance with environmental zoning laws and regulations; Reviewing standards and practices to assure compliance with environmental and radiological laws and regulations; Tracking and monitoring regulatory requirements in the field of public buildings, commercial, industrial and manufacturing facilities, power plants, and federal, state and municipal infrastructure, namely, highways, mass transit systems, port and harbor facilities, airports, water supply, and water and waste treatment and distribution systems by reviewing inspections and verification of the quality and quantity of raw materials, commodities, manufactured, semimanufactured and transformed goods or goods of any other nature for regulatory compliance purposes; Advice and consultancy on environmental regulatory matters; Physical and building security consultation; regulatory compliance consulting in the field of environmental assessments.
