General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 01

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; fireproof preparations; firefighting foam; fireproofing preparations; fire retardant compositions; fire resistant chemicals; fire-extinguishing preparations; fire retarding chemicals; fire extinguishing and fire prevention compositions; fire retardant additives for resins; fire extinguishing media; fire extinguishing compounds; fire absorbent chemicals for the manufacture of fire resistant plastics; fire absorbent chemicals for the manufacture of fire retardant coatings; fire retardant additives for plastics; compositions for fire extinguishing and prevention; chemical preparations which penetrate through walls, floors and ceilings used for fire prevention in buildings; water purifying agents and chemicals; water testing chemicals; water treatment agents, additives and chemicals; sewage water treatment chemicals; biological water treatment preparations; bacteria for water treatment; reagents for water testing; filtering media [chemicals] for water; industrial salt for water purification; reagents for bacteriological analysis of water; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science.

Class 06

Pressure relief discs and devices, explosion vents, bursting discs, bursting devices, rupture discs, rupture disc plugs, all made of common metal; pressure actuated rings; fittings of metal for pressure fluid systems; access fittings, tap kits, thread dies, covers, thread protectors, seat protectors and adapters for access fittings, cross and tee connectors, all made of common metal; casing and tubing head spools, mandrels, valves, bonnets and flanges, all made of common metal; wellheads; metal coupons for electrical monitoring and measuring of corrosion, casing and tubing head spools, surge tubes, mandrels, metal valves

not being parts of machines, injection and sampling assemblies, bonnets and flanges, shields, set screws, inserters and retrievers; wellheads; locks and locking mechanisms; mechanical interlocking mechanisms; mechanical safety interlocks; security locks; locks for cables and hoses; locks and mechanical interlocking systems for vehicles, trailers and loading bays; key operated locking devices of metal, incorporating multiple padlocks and parts of such devices; parts and fittings for all the aforementioned goods.

Class 07

Non-automatic control valves (parts of machines or engines); pressure valves (parts of machines); fuel valves; hydraulic valves; power operated probe inserters and retrievers; portable actuators for valves; mechanical safety valves [parts of machines]; mechanical machines for operating valves; mechanical key interlocking devices for valves [parts of machines]; keys and locks for securing valves [parts of machines]; remote control cables for valves (parts of machines); parts and fittings for all the aforementioned goods; pressure reducing valves; pressure regulators; precision fluid pumps; micro gear pumps; micro piston pumps.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audio visual, optical, weighing, measuring, signalling, detecting, testing, inspective, life-saving and teaching apparatus and instruments; sensors; radar sensors; measuring or testing apparatus, namely water quality sensors and probes; specimen samplers, other than for medical use, namely portable water samplers; water analysis photometers; turbidity meters; noise logging systems being apparatus for measuring noise; acoustic meters and detectors; ground microphones; leak detection apparatus, namely acoustic correlators; bio-sensors; microbial bio-sensors; liquid testing apparatus; liquid testing instruments for monitoring and detecting contamination; soil testing apparatus; soil testing instruments for monitoring and detecting contamination; chemical analysis apparatus; testing apparatus for diagnostic purposes; testing apparatus incorporating chemical reagents; portable test apparatus; electrochemical sensors; screen-printed electrochemical sensors; optical sensors; apparatus and instruments for detecting and sensing light; pH sensors; conductivity sensors; measuring apparatus, namely ultraviolet transmittance monitoring apparatus; ion selective electrodes; dissolved oxygen sensors; calibration devices; magnetic sensors; ultrasonic sensors; photoelectric sensors; piezoelectric sensors; synchro sensors; optical sensors; sensory software; motion sensor; sensor controllers; vibration sensors; thermal sensors [thermostats]; impact sensors; sensors for engines; sensor switches; flame sensors; smoke detectors; level sensors; measuring sensors; acceleration sensors; temperature sensors; dewing sensors; electro-optical sensors; alarm sensors; distance sensors; proximity sensors; humidity sensors; light sensors; pressure sensors; heat sensors; pollutant sensors; sensors and detectors; fire sensors; shutter sensors; motion sensors; timing sensors; laser sensors; biochip sensors; range sensors; digital sensory devices; electronic measurement sensors;

sensors used in oceanography; location tracking sensors; real time location tracking equipment, including tags, badges and stickers; GPS equipment; optical fibre sensors; optical speed sensors; electronic pressure sensors; electric current sensors; active infra-red sensors; electrochemical gas sensors; mass flow sensors; pyroelectric infrared sensors; sensors used in meteorology; magnetic resistance sensors; passive infrared detectors; electric smoke sensors; magnetic flux sensors; radiation sensing apparatus; remote temperature sensors; touchscreen sensors; sensors in the nature of data suits; data gloves; oil level sensors; sensors for measuring speed; liquid level sensors; on-off sensors; air temperature sensors; sensors for measuring depth; pickups for telecommunication apparatus; projected capacitive touch sensors; automatic solar tracking sensors; sensors for determining position; sensors for determining velocity; rotation controlling sensors; rotation measuring sensors; led position sensors; alarm sensors for refrigerators; object detecting sensors; oscillation sensor devices; sensors for measuring instruments; sensors for use with machine tools; ultrasonic wave type intruder sensors; gyro sensors using GPS functions; camera containing a linear image sensor; electronic sensors for measuring solar radiation; coolant-temperature sensors; sensors used in plant control; brake pad wear sensors; sensors for use in the control of engines; oxygen sensors, not for medical use; motion sensors for security lights; alarm sensors for washing machines; oil-water level sensors; microwave type intruder sensors; window opening and closing detecting sensors; door opening and closing detecting sensors; vibration sensors for installation in windmill housings; avalanche probes featuring sensors for measuring snow depth portable and fixed gas detectors and monitors; air analysis apparatus and instruments, including gas sampling apparatus being scientific apparatus; non-medical diagnostic and testing apparatus and instruments, including gas testing instruments; gas-analysis instruments; gas sensors; gas detection and alarm systems; gas detection control panels; wireless gas sensors for measuring gas concentration; electromechanical gas sensors; gas flow meters; liquid flow meters; gas pressure gauges and controllers; liquid pressure gauges and controllers; gas-analysis instruments and automatic signalling instruments for indicating certain temperatures, pressures and vacuums, speeds, fluid flows, and analogous quantities; portable data loggers; pipeline inspection apparatus; cameras for inspection and maintenance; leak detection, testing apparatus for water and gas; utility data logging devices; electronic and optical communications instruments and components, including, optical receivers, optical transceivers, optical transmitters; fibre optics; laser detectors for high and low speed optical detection, visible IR radiation and photon counting; lidar 3D scanners; optical sensors; laboratory equipment, including, integrating spheres, integrating sphere photometers and radiometers, reflectometers and spectro reflectometers, image sensor apparatus, remote sensor apparatus, light sensor metrology apparatus, laser power measurement apparatus, luminance or radiance sensor apparatus and software relating to the aforesaid; airflow sensors; gas and/or liquid flow sensors with analogue and/or digital flow interface; gas pressure sensors; electrodes of metal for electrical monitoring and measuring of corrosion, electrical probes of metal for measuring corrosion, electrical flush probes, supports and inserts for such probes for use in

measuring corrosion and erosion; cathodic anodes for the prevention of electrolytic corrosion; test stations comprising computers, transmitters and probes for testing and measuring corrosion; electrical fluid sampling and flow fittings for fluid sampling apparatus; electronic safety clamps, safety barriers, and valves for corrosion probes; electrical retrievers and inserters for corrosion probes; corrosion monitoring and measuring instruments, including pressure sensors; pressure indicator plugs for valves; pressure gauges, meters, transmitters, recorders, transducers, regulators, controls, scales and switches; pressure control machine and instruments, including control panels; electro-mechanical control panels; electro-mechanical valve safety equipment; electric locks; stroke test equipment for valves; valve position indicators; wireless transmitter; meters and readers and electrical cables for such instruments, electrical power modules, electrical junction boxes and terminals, monitoring apparatus, namely electrical resistance probes for monitoring corrosion; monitoring apparatus, namely hydrogen probes, patch probes, and palladium-foil probes for monitoring corrosion; temperature measuring instruments, namely, thermostats, meters, and recorders for measuring, monitoring, and correlation of corrosion; monitoring apparatus, namely down-hole corrosion probes; electrical detectors for use in concrete corrosion; electrical chart recorders and data logging and data transfer systems comprised primarily of transmitters, receivers, antennae, and hardwire connections for corrosion probes; chemical injection data loggers; sensors for corrosion probes; electrodes for corrosion and erosion monitoring, measuring and management; transmitters, servers, and computer gateways; ultrasonic corrosion monitoring instruments, namely, transmitters and transducers; electrical scanners, transducers, communication modules, and extenders for transferring corrosion and erosion data, namely, land line, radio, microwave or satellite transmitters and receivers and antennas; lightning control arrestors; interface modules and computers for monitoring and measuring corrosion and erosion, firmware for responding, analysing and processing corrosion and erosion data; GPS current interrupters and rouge monitors for measuring corrosion and erosion; electrical locking systems; key operated locking electrical switches; electrically, electronically and electromechanically operated interlocking mechanisms; electromechanical and electronic safety interlocks; integrated loading bay safety systems; radiological apparatus and instruments for industrial purposes; material testing apparatus, instruments and machines; observation apparatus and instruments; probes for scientific purposes; gauges; thermometers, not for medical use; safety light curtains; emergency telephone systems; telephone terminals, adaptors, wires, cables, connectors, headsets, earpieces and receivers; computer touchscreens; optical lanterns; signalling lanterns; audio speakers for elevators; alarms for elevators; intercom apparatus; video intercom apparatus; portable emergency intercoms; intercommunication apparatus; sensors; accelerometers; accumulators, electric; acoustic alarms; electrical adaptors; alarms; audio interfaces; batteries; bells [warning devices]; cables, electric; chargers for electric batteries; circuit closers; circuit breakers; compact discs [audio-video]; compact discs [read-only memory]; dynamometers; electricity conduits; electronic notice boards; electronic key fobs being remote control apparatus; encoded magnetic cards;

flashing lights [luminous signals]; integrated circuits; inverters [electricity]; laptop computers; monitors [computer hardware]; printed circuit boards; projection screens; projection apparatus; reflective safety vests; thermostats; transmitters [telecommunication]; transformers [electricity]; transistors [electronic]; radar machines and apparatus; radars, radar receivers, radar detectors, radar systems, radar displays, radar antennas, radar installations, radar instruments, radar connectors, radar transmitters, radar apparatus for vehicles for land, sea and air, microwave detectors, radar guns; extremely high frequency [EHF] radar, super high frequency [SHF] radar; radar altimeters and systems comprising radar transmitters, receivers, antenna and indicators; electronic access control systems for interlocking doors; electronic access control systems for buildings; remote control apparatus for opening and closing doors; security and access control equipment; sensors (for security or access control systems or equipment); detectors (for security or access control systems or equipment); monitors (for security or access control systems or equipment); sensors for automatic doors; sensors for gates, barriers and shutters; door opening and closing detecting sensors; sensors for the opening of all types of automatic doors; sensors for the protection and safety of people and objects; sensors for counting people and vehicles; laser sensors; infrared sensors; laser or infrared door sensors; fire extinguishing equipment and apparatus; automatic fire extinguishing apparatus; temperature sensing devices; fire alarms; fire detection apparatus; batteries; pressure switches; solenoid valves; push buttons for activation of fire extinguishing apparatus and equipment; fire hose nozzles; fire sprinklers; sprinkler systems for fire protection; safety and life-saving equipment being thermally manually resettable fire safety valves; temperature sensors; temperature sensors for fire detection; software to control building environmental, access and security systems; control equipment for building environmental, access and security systems; electronic security apparatus; electric security apparatus for buildings; electronic security apparatus for use in homes; security apparatus and instruments; security alarms; security alarm systems [other than for vehicles]; control equipment for alarms; communication systems for alarms; security cameras; security surveillance apparatus; surveillance apparatus and instruments; closed circuit television apparatus; closed-circuit surveillance apparatus; access security apparatus (electric-); access security apparatus (automatic-); access control apparatus; alarms; audible alarms; warning alarms; audible and visual alarms; signal bells; motor driven sirens, electronic sirens; voice sounders; sounder beacons; sounder beacons and light beacons for wide area coverage; electric control devices for heating management; temperature control apparatus for use in vehicle heating systems; electrical and electronic control apparatus for use with apparatus or installations for heating; lighting control apparatus; remote control apparatus for controlling lighting; electrical power control apparatus; video recording apparatus; closed circuit television systems (CCTV); cameras; video cameras; video surveillance cameras; cloud servers; computer network hubs, switches and routers; flood sensors; multispectral cameras and sensors; sampling apparatus; spectrometers; mass spectrometers; nuclear resonance spectrometers; scientific and laboratory apparatus; apparatus and instruments for conducting, switching, transforming,

accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media content; computer hardware; protective and safety equipment; optical apparatus and instruments; lenses, tonometers (not for medical use); cases adapted for carrying the aforesaid goods; fibre optics; optical fibres; fibre optic cables; fibre optic couplings; fibre optic receptors or sensors; fibre optic panels; fibre optic connectors; fibre optic telecommunications apparatus; fibre optic filaments; optical transmitters for use with fibre optic cables; optical fibre temperature probes, not medical, optical fibre assemblies; control systems for gas detectors and gas sampling systems; electric alarm bells, buzzers and warning systems; computer software; computer software relating to safety light curtains; software relating to emergency telephone systems; computer software relating to the installation, maintenance and repair of elevators; computer programs for network management; WAN [wide area network] operating software; computer programmes for data processing; computer software for data logging and processing; software for utility management, including energy management, building performance and compliance; machine learning software, including machine learning software for analysis, surveillance and artificial intelligence; network access server operating software; operating system programs; application software for cloud computing services; software for monitoring and detecting exposure to gas; software for monitoring physiological state of workers in hazardous environments; software which offers information about the position and status of valves on particular valve locations; software which checks the position of valves and other safety parameters and gives authorization to take the necessary steps; corrosion data caption and management software; protective clothing, footwear, masks and head gear for personal use against accidents, irradiation and fire; computer and computer peripheral devices; diving equipment; industrial laboratory equipment for the analysis and processing of fluids, namely glass, plastic and metal tubes and receptacles, flexible and rigid plastic and metal fittings used to connect tubes, receptacles, probes, valves, pumps, heaters, mixers, glass, plastic and metal fluid sample and dispense probes, metered fluid pumps, automatic and manual valves, fluid mixing tubes and coils, fluid heating and cooling tubes and coils, fluid filters; measuring and analysis devices; measuring, control, remote control, regulating and control devices for pumps, pump apparatus and pump systems; laboratory equipment of all kinds, in particular laboratory pumps; software for the control, operation and operation of laboratory devices and industrial devices of all kinds, in particular of pump apparatus and pump systems as well as of measuring, control, remote control, regulation and control devices for pumps, pump apparatus and pump systems and parts and fittings for all the aforesaid goods and services; laboratory and diagnostic equipment, including piston pumps, rocker valves, electric rotary valves, solenoid operated micropumps, isolation valves, flow selection valves, pinch valves, manifolds; sensors and software in the nature of predictive algorithms; augmented reality software for biological and medical diagnostic and research purposes; computer software for medical devices, apparatus and instruments; electrical and electronic apparatus and

instruments for making measurements on the eye; measuring apparatus for determining characteristics of the eye; optometry instruments and apparatus; tonometres, not for medical use; vision enhancing apparatus; sight testing and measuring apparatus and instruments; computing apparatus and computer programs for measuring and testing eyes, eyesight or vision; optical apparatus and instruments; spectacles and eyeglasses and frames therefor; lenses; loupes and magnification devices [magnifying instruments]; microscopes; binoculars; telescopes, laser light sources; optical and opto-electrical and opto-electronic apparatus and instruments for inspecting tear film formation and break-up; viewing optics for slit lamps; pachymeters; cryomatic systems, namely, optical apparatus; ophthalmic lenses; software for measuring, checking, medical, odontological and scientific apparatus; software for not invasive heart examination and heart apparatus; parts and fittings for all the aforesaid; downloadable or electronic publications relating to all of the aforesaid; downloadable software for use in receiving, recording and viewing elevator technical calls, alarms and status updates.

Class 10

Surgical, medical, dental and veterinary instruments and apparatus, diagnostic apparatus, arterial blood pressure measuring apparatus; artificial limbs, eyes and teeth; orthopedic articles; suture materials; therapeutic and assistive devices adapted for persons with disabilities; massage apparatus; sexual activity apparatus, devices and articles; medical apparatus, namely, displays, monitors and controllers for medical fluid injectors and implantable pumps, namely, computer displays and computer monitors and controllers therefor used in direct association with medical fluid injectors and implantable pumps to deliver medication; medical apparatus, namely, a patient controlled device that communicates with an implantable pump to deliver medication; medical equipment for the analysis and processing of fluids, namely glass, plastic and metal tubes and receptacles, flexible and rigid plastic and metal fittings used to connect tubes, receptacles, probes, valves, pumps, heaters, mixers, glass, plastic and metal fluid sample and dispense probes, metered fluid pumps, automatic and manual valves, fluid mixing tubes and coils, fluid heating and cooling tubes and coils, fluid filters; pumps for medical purposes; precision medical fluid pumps; medical pumps; medical infusion pumps; blood pumps; pumps for surgical purposes; time programmable intravenous perfusion pumps; metering pumps for delivering drugs; medical micro gear pumps; medical micro piston pumps; medical diagnostic instruments; electromedical diagnostic instruments; medical diagnostic, examination and monitoring equipment; ophthalmological apparatus and instruments; ophthalmoscopes; tonometers; parts, fittings and cases adapted for all the aforesaid goods; diagnostic apparatus and instruments for testing and measuring characteristics of the eye; ophthalmic and optometric instruments and apparatus; tonometers; ophthalmoscopes; medical apparatus for correcting or enhancing eyesight; vision enhancement apparatus for medical purposes; sight testing apparatus for medical purposes; probes and sensors for use in detecting conditions for the eye; medical apparatus and instruments for use in determining vision or eye defects;

loupes and magnification devices for medical purposes; telescopes for medical, dental, surgical, veterinary and diagnostic purposes; laser light sources for medical purposes; surgical, dental, medical and veterinary laser powered apparatus and instruments for treatment of the eye, the retina and the cornea; cryogenic apparatus and instruments for medical, dental, surgical and veterinary purposes; diagnostic apparatus and instruments for medical, dental, surgical and veterinary purposes; ophthalmoscopes; lighting for medical use; surgical loupes and lights; handheld diagnostic instruments; ultrasound apparatus for medical or diagnostic purposes; devices used in ophthalmic procedures; surgical instruments of all types, including sponges, retractors, clips, staples, probes, saws, mesh, caps, plasters, headlamps, perforators, sutures, scissors, gowns, forceps, cutlery, knives, scalpels, needles, hooks, breathing masks, bypass devices, monitoring devices, endoscopes; surgical apparatus and instruments; ECG monitors; dynamic ECG monitors; portable ECG monitors; ambulatory ECG monitors; electrocardiography apparatus, holter digital recorder, cardio event recorder, ECG recorder, blood pressure and electrocardiographic analysers and blood pressure monitors (for medical use); portable blood pressure monitors; ambulatory blood pressure monitors; blood pressure cuffs; stress blood pressure monitors; veterinary blood pressure monitoring instruments; thermometers for medical use; vital sign monitors; oxygen analysis and delivery products, devices, apparatus and instruments for use in medical applications; medical instruments, namely, oxygen sensors, oxygen monitors, oxygen analyzers and oxygen blenders; sphygmomanometers; instruments for ENT, gynaecology and dermatology; pressure infusion instruments; bone graft products; implants for use in bone grafts; cartridge delivery systems for use in bone grafts; bioactive composite and mouldable composite devices for medical use; parts and fittings for all the aforesaid; lenses for ophthalmic laser surgery.

Class 11

Installations and equipment for lighting, heating, steam generating, cooking, air-conditioning, refrigerating, drying, ventilating, water supply and sanitary purposes; dehumidifiers; dehumidifiers for commercial use; gas purification apparatus; apparatus and filtration systems for removing water and moisture from gas samples; gas scrubbing apparatus; oil scrubbing apparatus; separators for scrubbing gas; scrubbing columns or towers for the purification of gasses; water filters; water ionizers; water cooling towers; water cisterns, tanks, coolers, chillers, sterilisers, fountains, heaters, boilers, softeners and purifiers; drinking water filters; water distillation units; water desalination plants and apparatus; sanitary water fittings; solar water heaters for domestic or commercial use; water filters for domestic or industrial use; water supply installations; hot water heaters; water mixing appliances; water distribution installations; water disinfection apparatus; gas water heaters; water saving toilets, faucets and showerheads; automatic watering installations; water regulating apparatus; water control valves; safety valves for water pipes; stop valves for regulating water; temperature control valves (part of water supply apparatus); water pressure reducers; pressure controllers for water pipes; pressure relief

valves for water or gas apparatus; pressure supervision apparatus for use with water and gas pipes; parts and fittings for all of the aforesaid; water softeners; light sources; cryogenic apparatus and instruments.

Class 20

Locks; mechanical locks; safety locks; combination locks; spring locks; lock barrels; lock bolts; lock casings; releasable locking devices; rim locks; safety locking devices; keys for operating locks; all of the aforesaid being non-metallic; parts and fittings for all the aforesaid.

Class 37

Installation, servicing and repair services of gas detection apparatus and instruments; installation, servicing and repair services of gas flow meters, liquid flow meters, gas pressure gauges and controllers, liquid pressure gauges and controllers, airflow sensors, gas and/or liquid flow sensors with analogue and/or digital flow interface, water quality sensors and probes, portable water samplers, noise logging systems, acoustic meters and detectors, ground microphones, acoustic correlators, bio-sensors and portable data loggers; building construction, repair and installation services; installation of environmental control and protection systems; repair and maintenance of water pollution control equipment; extraction of natural resources; infrastructure construction; fire alarm and detection installation and repair; installation, changing, replacement and repair of locks; lift and elevator installation, maintenance and repair; telephone installation and repair; installation and repair of radio telephone equipment; installation, maintenance and repair of safety light curtains, computer hardware, alarms, intercommunication apparatus, fire extinguishers, lighting for elevators, audio equipment for elevators, sensors for elevators, elevator positioning systems; electrical installation services; repair and installation of electronic apparatus; repair and installation of display panels; repair and installation of security and safety equipment; installation, servicing and repair services relating to radar machines and apparatus, radars, radar receivers, radar detectors, radar systems, radar displays, radar antennas, radar installations, radar instruments, radar connectors, radar transmitters, radar apparatus for vehicles for land, sea and air, microwave detectors, radar guns, extremely high frequency [EHF] radar and super high frequency [SHF] radar, radar altimeters, systems comprising radar transmitters, receivers, antenna and indicators; installation, servicing and repair services relating to sensors, door sensors, sensors for automatic doors, door opening and closing detecting sensors, sensors for the opening of all types of automatic doors, sensors for the protection and safety of people and objects, sensors for counting people and vehicles; installation, maintenance and repair of fire extinguishing apparatus and equipment, fire detection apparatus and fire alarms; information, advisory and consultancy services in relation to all of the aforesaid services.

Class 40

Treatment of materials, including the treatment of water, water purification, water

demineralisation and water desalination; waste water reprocessing; waste water treatment; water pollution control; regeneration of water; treatment of waste water; rental of water treatment apparatus, including water filters, water purifiers; soil, waste or water treatment services [environmental remediation services]; rental of air purification apparatus; rental of water filtration units for commercial use; rental of air purification units for commercial use; recycling of waste and trash; disposal [treatment] of waste water from industrial processes; waste and/or water treatment services; air and water purification and treatment; printing services; food and drink preservation; custom manufacture of opto-electronic component and system design and packaging; custom manufacture of fibre optics, optical fibres, fibre optic cables, fibre optic couplings, fibre optic receptors or sensors, fibre optic panels, fibre optic connectors, fibre optic telecommunications apparatus, fibre optic filaments, optical transmitters for use with fibre optic cables, optical fibre temperature probes and optical fibre assemblies; custom manufacture of laboratory equipment, including, integrating spheres, integrating sphere photometers and radiometers, reflectometers and spectrophotometers, image sensor characterisation systems, remote sensing systems, light metrology systems, laser power measurement systems, luminance or radiance systems; custom manufacture of multispectral cameras and sensors, light sources and sampling apparatus, spectrometers, mass spectrometers, nuclear resonance spectrometers; information, advisory and consultancy services in relation to all of the aforesaid services; treatment and purification of industrial waste.

Class 42

Scientific and technological services and research and design relating thereto; engineering services; water analysis; engineering services relating to gas transport and supply systems; design and development services relating to gas detection apparatus and monitoring systems; design and development of corrosion and erosion control and measuring systems; design of corrosion and erosion control and measuring systems that insert and retrieve metal coupons and electrical probes of metal for measuring corrosion; industrial analysis and industrial research services; design and development of computer software and hardware; design and development of sensors for a variety of applications; design and developments of gas flow meters; design and developments of liquid flow meters, gas pressure gauges and controllers, liquid pressure gauges and controllers, airflow sensors, gas and/or liquid flow sensors with analogue and/or digital flow interface, water quality sensors and probes, portable water samplers, noise logging systems, acoustic meters and detectors, ground microphones, acoustic correlators, bio-sensors, portable data loggers and computer software for data logging and processing; engineering, design and development services relating to radar, radar systems and radar facilities; scientific analytical services relating to radar; consulting in the field of engineering; custom design and development of opto-electronic systems and components; design of optical and microoptical components; design services for packaging; engineering services in the field of opto-electronic systems, components, and packaging; engineering services, namely, engineering for the telecom,

industrial, medical, military, and aerospace industries; product development and engineering services; design and development of fibre optics, optical fibres, fibre optic cables, fibre optic couplings, fibre optic receptors or sensors, fibre optic panels, fibre optic connectors, fibre optic telecommunications apparatus, fibre optic filaments, optical transmitters for use with fibre optic cables, optical fibre temperature probes and optical fibre assemblies; scientific and technological services and research and design relating to laboratory equipment, including, integrating spheres, integrating sphere photometers and radiometers, reflectometers and spectroreflectometers, image sensor characterisation systems, remote sensing systems, light metrology systems, laser power measurement systems, luminance or radiance systems and software relating to the aforesaid; design and development of machine learning software, including machine learning software for analysis, surveillance and artificial intelligence; scientific and technological services and research and design relating to multispectral cameras and sensors; scientific and technological services and research and design relating to light sources and sampling apparatus, spectrometers, mass spectrometers, nuclear resonance spectrometers; software and algorithm development; information technology [IT] consultancy; software as a service (SaaS) or platform as a service (PaaS) featuring computer software for use in connecting, controlling, securing, monitoring, automating, managing, maintaining, analyzing, optimizing, and ensuring the safety and enhancing the user experience of industrial and manufacturing processes, assets and facilities, commercial buildings, utilities assets and facilities; software as a service (SaaS) or platform as a service (PaaS) featuring machine learning software, including machine learning software for analysis, surveillance, artificial intelligence, deep learning and neural networks; software as a service (SaaS) or platform as a service (PaaS) featuring computer software for use in medical devices, apparatus and instruments; design services; material testing; authentication and quality control; product safety testing; environmental and pollution testing and inspection services; water quality control services; quality control relating to the hygiene of foodstuffs; technical advice relating to safety; environmental hazard assessment services; research in the field of environmental protection and conservation; information technology services for the healthcare industry; research relating to mineral resources; information, advisory and consultancy services relating to scientific and technological services; information, advisory and consultancy services relating to research and design; providing temporary use of online non-downloadable software for monitoring, analysing, configuring and remotely controlling elevators; monitoring of computer systems to detect breakdowns relating to lifts and elevators, moving platforms and hoists; cloud hosting provider services; hosting of web portals to access data relating to elevators; hosting of web portals to monitor, analyse, configure and remotely control lifts; software as a service (SaaS); cloud computing services; electronic data storage services; SaaS and CPaaS relating to the logging and distribution of utility data and network pressure control solutions; monitoring of computer systems relating to elevators by remote access; technical research relating to elevators; communications platform as a service (CPaaS) services; maintenance of computer software; design and development services relating to

sensors for automatic doors, door opening and closing detecting sensors, sensors for the opening of all types of automatic doors, sensors for the protection and safety of people and objects, sensors for counting people and vehicles, software as a service pertaining to applications for fire alarm systems; design and development services relating to fire detection systems, fire alarms, fire sensors, software for the management of fire detection and response; providing technological information in the nature of specification and technical documentation with respect to industrial process controls, home, building and development controls by means of a global computer network; consultation services for the development of cloud based solutions; cloud computing services; consultation in the field of cloud computing networks and applications; providing temporary use of online non-downloadable operating software for accessing and using a cloud computing network; providing technical advice relating to computer hardware and software; providing computer software online support services for computer program users; research and consultancy services relating to computer hardware and computer software; software research, development, engineering and design; software development, programming and implementation; software as a service (SaaS); software as a service pertaining to applications for automation systems; hosting of computerized data; providing technological information in the nature of product specification and technical documentation with respect to industrial process controls, home, building and environmental controls by means of a global computer network; hosting of computerized data, files, applications and information; consultancy and information services for the aforesaid services; providing remote storage of user's electronic and digital files available to the user through a global communication network; providing technological information in the nature of specification and technical documentation with respect to all of the aforesaid services; information, advisory and consultancy services in relation to all of the aforesaid services; design, development services relating to radar machines and apparatus, radars, radar receivers, radar detectors, radar systems, radar displays, radar antennas, radar installations, radar instruments, radar connectors, radar transmitters, radar apparatus for vehicles for land, sea and air, microwave detectors, radar guns, extremely high frequency [EHF] radar and super high frequency [SHF] radar, radar altimeters, systems comprising radar transmitters, receivers, antenna and indicators.

Class 44

Medical services; veterinary services; hygienic and beauty care for human beings or animals; agriculture, aquaculture, horticulture and forestry services; medical diagnostic services; medical analysis services for diagnostic and treatment purposes provided by medical laboratories; surgical diagnostic services; surgical treatment services; blood pressure monitoring services; blood pressure screening services; stress blood pressure monitoring services; veterinary blood pressure monitoring services.

Class 45

Legal services; security services for the physical protection of tangible property and individuals; monitoring of security systems; security services for the protection of property and individuals; security services, namely, emergency response alarm monitoring services consisting of monitoring of alert devices by a remote monitoring centre for the dispatch of emergency services and security services and notification to third parties; monitoring of fire alarms and fire alarm systems; fire prevention consultation; rental or leasing of fire alarms, fire extinguishers, fire alarm systems; providing information relating to the rental of fire alarms, fire alarm systems and fire extinguishers.

Goods and/or Services:

Class 18

Compression cubes adapted for luggage; tool bags; pouches for holding make-up, keys and other personal items; furniture coverings of leather; reusable shopping bags; boxes of leather or leatherboard; bags [envelopes, pouches] of leather, for packaging; vanity cases, not fitted; tie cases; collars for animals; covers for animals; clothing for pets; pocket wallets; garment bags for travel; net bags for shopping; canvas suitcases; travelling bags; school bags; leather suitcases.

Class 20

Plastic boxes; chests for toys; plastic turnover box; wooden boxes for industrial packaging

purposes; bins, not of metal; nesting boxes for household pets; containers, not of metal [storage, transport]; packaging containers of plastic; baskets, not of metal; tool boxes, not of metal, empty; step stools, not of metal; ladders, not of metal; towel dispensers, fixed, not of metal; clothes hooks, not of metal; ladders of wood or plastics; ladders; plastic storage container; picture frames; decorations of plastic for foodstuffs; cushions; casks, not of metal.

Class 21

Dustbins; garbage basket; indoor terrariums [plant cultivation]; non-metal recycling bins for household use; lunch boxes made of plastic; boxes of glass; Paper napkin box for household use; fitted vanity cases; soap dispensers; ceramics for household purposes; china ornaments; tea strainers; brushes; hair for brushes; toothbrush cases; toothpick holders; cloths for cleaning; litter boxes for pets; indoor terrariums [vivariums]; mouse traps; sponges for household purposes; waste bins; chopping boards for kitchen use; aromatic oil diffusers, other than reed diffusers, electric and non-electric; mops; watering cans; baskets for household purposes; blenders, non-electric, for household purposes; fruit presses, non-electric, for household purposes; clothes drying racks; thermally insulated containers for food; portable cool boxes, non-electric; cruets; boxes for sweets; kitchen containers; paper plates.

Class 22

Packing string; bags for washing hosiery; bags [envelopes, pouches] of textile, for packaging; industrial packaging containers of textile; sacks for the transport and storage of materials in bulk; packaging bags made of textile raw materials; packing [cushioning, stuffing] materials, not of rubber, plastics, paper or cardboard; cotton bags for industrial use; wadding for filtering; drop cloths; bottle envelopes of straw; tents; textile fibers; laundry bags; covers for camouflage; sails; body bags.

Class 35

Advertising; shop window dressing; organization of exhibitions for commercial or advertising purposes; commercial administration of the licensing of the goods and services of others; import-export agency services; sales promotion for others; personnel management consultancy; systemization of information into computer databases; accounting; sponsorship search; newspaper advertising; online advertising on a computer network.
