General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition Purposes

National Trade Mark No: 40202106831P

Filing Date: 23 March 2021

Classes: 35 37 40 42

Goods and/or Services:

Class 35

Compilation of environmental information; business auditing; consultancy relating to auditing; efficiency or process auditing (examining, reviewing or assessing the working of a business or organisation); Business strategic planning; business consulting in the field of environmental management, namely, advising businesses and individuals on issues of environmental impact, conservation, preservation and protection, and economic analysis for business purposes; provision of business information, news and advice regarding business news in the field of natural resource management relating to the environment and public lands including the provision of that information, news and advice via a website; management consulting and advisory services in the areas of corporate growth strategy, innovation and growth processes, organisational transformation and talent management and development strategies; business consulting services relating to the integration of the areas of business process technology, organizational learning, change management, and operational sustainability; business management consultancy in the field of transport and delivery; business advisory and consultancy services; benchmarking (evaluation of business organisation practices for business management purposes); business consultancy services relating to the supply of quality management systems; business consulting and advisory services in the field of energy efficiency and energy usage management; tracking and

monitoring energy consumption for others for account auditing purposes; business venture development and formation consulting services for the renewable energy industry; risk management consultancy (business); project business management and administration; provision of business management assistance and information; management of business projects (for others); commercial business management; commercial or industrial management assistance, consultancy or advice services; business management organisation consultancy; business project management; business consulting services relating to product distribution, operations management, logistics, reverse logistics, supply chain, and production systems and distribution solutions; project management services for others for business purposes in the fields of architecture, interior design, urban planning design; providing business management information in connection with consulting and advisory services in the field of strategic planning; business management of air and water processing systems and facilities for others; business management planning and supervision; business management consultancy and advisory services; corporate management assistance; business consultation and management regarding marketing activities and launching of new products; inventory management services; logistic services (business management and organisation of facilities and resources); database management and advice and consulting relating thereto; computerised database management; data collection and compilation for others; data handling, management, updating, preparation, processing, retrieval, searching, verification and transcription services; data processing for the collection of data for business purposes; electronic data processing and maintaining data in databases; online data processing services; administrative and business services being investigating and analysing opportunities and limitations presented by new projects and generating practical, cost-effective solutions; administrative and business services being planning, scheduling and expediting; Cost analysis; administrative and business services being monitoring, reporting and controlling all resources to meet time, cost and quality objectives; administration services relating to referrals for general building contractors; administrative and business services being planning, scheduling and reporting; contract administration and business consultancy relating to credit control; cost accounting, namely preparation and compilation of business and commercial cost reports; administrative and business services being construction contract change processes; business auditing review; administrative and business services being quality assurance administration; administrative and business services being site supervision and office support; economic assessments being feasibility studies; economic analysis and forecasting for business purposes; preparation of economic reports; consultancy relating to business auditing, business management, organisation and planning; business administrative and management services for facilities and asset management including life cycle asset management including in relation to facilities and maintenance management and technology; personnel management and advice, assistance and consultancy related thereto; market research; advertising; business management; business administration; office functions; providing information, advice and consultancy in relation to all the aforesaid services; including provision of all the aforesaid services online,

via a website, the internet, global computer networks or other computer networks, by electronic means or wireless technology, or accessible by mobile phones or other Internet-enabled devices.

Class 37

Building and construction services; project management of building and construction projects; supervision and consultancy of building and construction projects; environmental remediation services, namely waste disposal (cleaning services); consulting services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; building project management; on site building project management; project management of building and construction projects; supervision and consultancy of building and construction projects; land clearing, drainage, excavating, irrigation and reclamation; proofing land against pest and vermin access; reclamation of land; redevelopment of buildings; building and construction services for the building and construction of commercial, industrial and residential properties in compliance with environmentally sustainable standards; building and construction of environmentally friendly buildings, industrial properties, commercial and residential properties; building construction; repair; installation services; construction services; installation and repair services; mining extraction, oil and gas drilling; providing information, advice and consultancy on the aforesaid services; construction dewatering, namely, the removal of surface waters and groundwater to facilitate the construction of structures and pipelines; consultancy and advisory services relating to the installation, repair and maintenance of water purifying apparatus, water supply apparatus, and utilities in the nature of electricity, sewage, water, and natural gas; construction project management services in the field of construction of renewable energy and energy generation equipment support structures and ancillary structures for supporting meteorological data gathering equipment; plant construction, maintenance and construction project management services for constructions or building or plants that contain energy production and energy transmission facilities; installation and maintenance of solar energy based power plants, or wind based power plants; maintenance of cables and pipes namely the physical disconnection of unused cables and pipes for the provision of gas, water and electricity; life cycle asset management being repair and maintenance services and repair and maintenance advisory and information services; commissioning of new plant and facilities being installation services; providing information, advice and consultancy in relation to all the aforesaid services; including provision of all the aforesaid services online, via a website, the internet, global computer networks or other computer networks, by electronic means or wireless technology, or accessible by mobile phones or other Internet-enabled devices; provision of information, advice and consultancy in relation to land reclamation.

Class 40

Waste management and processing; provision of information, advice and consultancy on

waste management and recycling; electricity generation consultancy; services in this class rendered in effecting the mechanical or chemical transformation of inorganic or organic substances into new products; services in this class rendered in the mechanical or chemical processing and custom manufacturing of any substances concerning any goods other than buildings for others; custom manufacturing services; custom processing of rubber, bamboo, hydrocarbons, rattan, oil, chemicals, coal, fish, waste, food, milk, fuel, plastics and concrete; waste management; treatment and recycling of waste; treatment of waste materials in the field of environmental pollution control; carbon offsetting services (recycling); recycling; recycling of waste, chemicals and rubbish; recycling of waste and rubbish; recycling and reclamation of usable materials from the residue of waste combustion and air pollution controls; provision of information, advice and consultancy in relation to the production of energy, and the treatment, recycling, transformation and incineration of waste; provision of information, advice and consultancy in relation to waste management, processing, recycling, reclamation of materials, treatment of water and waste water; compacting of recyclables for others; environmental remediation services, namely, treatment of soil, waste and/or water; energy recycling services, namely, conversion of wasted energy into electricity and useful steam; chemical recycling and treatment of waste products; reclamation of material from waste; processing, destruction, recycling, or reprocessing of waste and trash and waste materials; shredding of waste; treatment of waste; upcycling (waste recycling); waste water treatment services; waste management services and information; land decontamination; demineralisation of water; regeneration of water; treatment of water and waste water; waste water processing and treatment services; water purification, treating and pollution control; providing water treatment facilities and services; decontamination of waste; hazardous waste treatment services; generation and production of energy including from renewable resources; waste-to-energy generation services; treatment of materials by application of electromagnetic energy in the nature of subtle energy frequencies in order to reduce quantum noise and increase the efficiency of energy exchange for the purpose of improving the functioning or extending the useful life of the materials; environmental management, namely environmental remediation services in the nature of soil, water or waste treatment services; solid and liquid waste management; contaminated site management, being the management of a contaminated (polluted) location, namely providing information and advisory services in relation to treatment of contaminated sites (environmental remediation services), namely water treatment, waste treatment and treatment of pollutants; air quality services, namely the provision of information and advisory services relating to air purifying apparatus and the rental of air purifying apparatus; environmental remediation services, namely, treatment of waste, soil, and/or water; recycling of materials, batteries, chemicals, consumer goods, inks, paper, plastics, scrap, trash, waste, plants, industrial goods and metals; provision of information, advice and consultancy in relation to the production of energy, and the treatment, recycling, transformation and incineration of waste; regeneration of catalysts (recycling); treatment of materials; recycling of waste and trash; air purification and treatment of water; printing

services; food and drink preservation; providing information, advice and consultancy in relation to all the aforesaid services; including provision of all the aforesaid services online, via a website, the internet, global computer networks or other computer networks, by electronic means or wireless technology, or accessible by mobile phones or other Internet-enabled devices; consulting services in the field of production of energy.

Class 42

Consulting services being in relation to biology, astronomy, bacteriology, biochemistry, biotechnology, engineering, software, technology, architecture, cloud computing, computer programming, computer security, computer software, computer technology, data security, information technology, construction drafting, pharmacology, pharmaceutical, product development, quality assurance, quality testing, laboratory testing, telecommunications engineering and technology, physics, geological and industrial engineering, research and development services, design, manufacturing (in the nature of planning and design) of scientific apparatus and equipment to be manufactured, all the aforementioned equipment being used in all fields of science in this class; support services namely computer software technical support services, all the aforementioned services being used in all fields of science, and industry in this class; consulting services in the fields of architecture, engineering, technology, surveillance and imaging technologies, production of energy, and computer security systems; technical consulting services in the fields of architecture, urban development, engineering, technology, surveillance and imaging technologies, production of energy, mining and resources, water conservation, signal and data processing systems, testing systems and process control systems; technical consulting services, scientific, technical and industrial research and development services, in the fields of urban development, defence, oil and gas, mining and resources, water conservation, signal and data processing systems, telecommunications, security systems, testing systems and process control systems; design in the fields of urban development (design of urban buildings), production of energy (namely design of systems for regenerative energy generation), water conservation (namely design of apparatus and equipment for the conservation of water), telecommunications (design of telecommunications systems and apparatus), transportation of equipment; research and development services in the fields of architecture, engineering, technology, surveillance and imaging technologies, and production of energy; environmental consultancy services; environmental testing; environmental conservation, hazard assessment and monitoring services; provision of information relating to environmental sustainability namely scientific research and scientific consultation regarding environmental sustainability; research in the field of environmental protection; setting of quality standards, namely setting of environmental quality standards as a result of scientific and technical research; advisory services relating to architecture, biochemistry, computer software, computer systems analysis, material testing, pollution control, product testing, scientific research, technological research; design services including the design of facilities for the transportation of waste, engineering; design services for the design of facilities for

the treatment of water and water purification; energy auditing; quality audits; consultancy in relation to conducting quality audits for services to ensure businesses are operating in an environmentally friendly and sustainable manner; consultancy in relation to conducting environmentally friendly and sustainability quality audits relating to determining whether a business, factory or technology has an effect on the environment or is environmentally sustainable; providing technological and scientific information about environmentally-conscious and green innovations; engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; detection of contaminants in soil, waste and/or water, land; engineering services and consultation for the detection of contaminants in soil, waste and/or water; engineering services for the construction of water treatment and purification plants, solid waste treatment plants and other municipal infrastructure facilities; technical consultation in the field of environmental science, engineering services, design for others in the field of energy engineering, designing and testing of energy products for others; technological consulting services in the field of alternative energy generation; technology planning and consulting in the field of solar energy, specifically specializing in substrates primarily of ceramic, silicon and non-metals for electrical or thermal insulation of solar cells, photovoltaic cells, and solar collectors; research in the field of energy including renewal energy and clean energy; technological research and technical consultancy in the field of environmental sustainability, environmentally friendly technologies and green innovations; technological planning and consulting services in the field of renewable energy resources, environmentally friendly energy resources, clean energy and environmental protection; consulting services in the fields of energy measurement to improve energy efficiency; conducting wellbore survey services for the oil and gas, energy, mining, environmental and construction industries; engineering services in the field of energy efficiency; research and development of environmentally friendly forms of energy and power; environmental consultancy and advisory services; advisory services relating to environmental pollution and protection; environmental conservation services; environmental hazard assessment; environmental monitoring, testing, and survey services; environmental sustainability consultancy services being consultancy regarding the scientific research for environmental sustainability; research and provision of information in the field of renewable energy and environmental protection; scientific research and the provision of scientific information in the field of environmental sustainability; ecological surveys; scientific research relating to ecology; scientific research relating to environmentally friendly and sustainable technology and innovations; providing a web site featuring information about global warming and its effect on nature and the environment; land surveying; design of land surveys; marine, aerial and land surveying; architectural services relating to land development; analysis of water; application service provider, namely, hosting, managing, developing, analyzing, and maintaining applications, software, and web sites, of others in the fields of environment, environmental protection, lowering environmental impact, development of land, ecological services, and environmental care; developing customised software in the field of

environmental protection, environmentally friendly building and construction services, property and land development, water treatment, solar power, and clean energy; research and development of advanced learning technologies; application service provider, namely, hosting, managing, developing, analysing, and maintaining applications, software and websites of others in the fields of environmental services, environmental protection, land development, construction and building services; database development services; product research and development; development of voluntary quality standards for environmental protection, ecologically safe services, lower environmental impact goods and services; application service provider, namely, hosting, managing, developing, analysing and maintaining applications, software and web sites of others in the fields of environmental services, environmental protection, building and construction projects with low environmental impact; development of data processing programs by order of third parties; development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); development and test of chemical production methods; providing a web site featuring technology that enables users to evaluate past electrical usage, measure a property's solar potential, develop an estimate of financial gain from installing solar, seek bids from a network of local contractors, assess financing options, and solicit financing; providing virtual computer systems and virtual computer environments through cloud computing; software as a service (SaaS) in the field of urbanisation, transportation, water management and analysis, property and building, data analysis and aggregation, environmental advice and consultancy, environmental sustainability, processing and compiling of data, environmental engineering, scientific research and environmental testing; software creation; software engineering; design and development of software for database management, cloud storage of data, processing and evaluating data, auditing of data, and analysis of data; providing on-line, non-downloadable, internet-based software application for providing information relating to environmental sustainability, renewable energy, and ecology; consulting services for others in the field of design, planning, and implementation project management of scientific research; software development consulting in the field of environmental sustainability; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; design and development of computer software for processing of data, processing and distribution of multimedia contents; design and development of computer software in the field of environmental advice and consultancy, environmental sustainability, processing and compiling of data, environmental engineering, scientific research, and environmental testing; industrial analysis, industrial research and industrial design services; quality control and authentication services; providing information, advice and consultancy in relation to all the aforesaid services; including provision of all the aforesaid services online, via a website, the internet, global computer networks or other computer networks, by electronic means or wireless technology, or accessible by mobile phones or other Internet-enabled devices; providing an internet website featuring news and information in the field of natural

resource management relating to the environment and public lands; land development services, namely, planning of residential and commercial communities.

Wind-powered electricity generators; hydroelectric installations for generating electricity (hydroelectric power plants); wind-powered installations for generating electricity (wind farms).

Class 09

Building automation systems for building management; servers for home and building automation; computer network server; home and building automation systems; data processing equipment and computers automation systems for buildings, comprising controllers for heating, ventilation, air-conditioning, energy, lighting, fire alarm and security access; computer hardware and software for entering, organizing, distributing and analyzing data and for managing, controlling, automating and networking between devices, apparatus, sensors and control systems intended to home automation and energy management; computer software for use in building automation; building management software; home automation software; server software; mobile application software; collaboration tools (software); routers; network routers; Internet of Things (IoT) gateways; bus interfaces; computer interfaces; interfaces for computers; electronic display interfaces; scientific, surveying, photographic, cinematographic, optical, weighing, measuring, analyzing, signaling apparatus, instruments and devices, including parts for all the aforesaid goods, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; solar cells; wall mounted electrical switch cabinets; busbar systems; inverters; switch gear, switching apparatus; distribution boxes, switch cabinets, series switch cabinets; switch cabinet components, fittings for switch cabinets, cabinets adapted to contain electronic instruments, namely meter cabinets; chargers for electric storage batteries; electric collectors; electric wires, lines and cables; accumulator boxes and connection boxes; ducts for electric cables; inductors; magnetic recording media; semi-conductors; batteries; integrated switching circuits (chips); printed circuit boards; sensors; fuses and electrical safety devices included in this class; switchboards; electric and electronic installations for (remote) control of building automation systems; facility management control systems, namely electronic controllers for heating, air-conditioning, ventilation, energy, lighting, fire alarm and security-access systems; electronic regulators for ventilating, air conditioning and cooling installations for controlling, measuring and monitoring air conditioning, air current, heating, ventilating and air conditioning installations; domestic security and automation systems consisting of wireless

and wired controllers, controlled devices and software for lighting, audio, ventilation, air conditioning and cooling, security, safety, home appliances, network devices, the Internet of things applications and other monitoring and control applications for home and office; downloadable mobile application for the management, administration, modification and remote control of domestic security and automation devices; electronic apparatus, sensors, control systems intended to home automation, infrastructure and building management, power systems, power generation; software platform for data capture, organization, distribution and analysis, automation, diagnosis and optimization of procedures in the fields of home automation, infrastructure and building management, photovoltaic apparatus and installations for generating solar electricity; solar panels for the production of electricity; solar cells; energy management software; artificial intelligence and machine learning software; measuring apparatus and instruments; temperature measuring instruments, electricity measuring instruments; data loggers and recorders.

Class 35

Advertising; consultancy relating to business strategy; providing business information; business analysis, research and information services; consultancy services in the field of business management of companies in the energy sector; organization of exhibitions and trade fairs for commercial or advertising purposes.

Class 37

Building project management services; building consultancy; repair, maintenance and installation of building automation equipment; advisory services in relation to the installation of building automation equipment; construction consultancy.

Class 40

Generation of electricity from wave, wind and solar energy; production of electrical energy from renewable sources; technical consultancy in the field of production of solar energy; processing and transforming of energy; rental of energy generating equipment.

Class 42

Computer programming; design and development of computer software; software as a service (SAAS); technical information concerning the use of computers, computer hardware, software and computer networks provided offline or online from a computer database or computer network; consultancy relating to the design and development of computers and software, in particular for building management; analysis and design of computer systems and networks; technology consultancy relating to automation systems, and computer hardware and software; provision of temporary use of on-line non-downloadable operating software for accessing and using a cloud computer network; server administration; hosting of servers; engineering services; computer-aided design services relating to building projects; engineering consultancy services related to environmental protection; network engineers'

services including computer and network security consulting; scientific and industrial research in the field of network technology; software updating; architectural services; engineering services and technical and technological consultancy services relating thereto in the field of energy management; computer software consulting services, particularly in the field of technical security; rental of software and data processing apparatus; technical project studies; scientific, technological, research and design services related to the field of monitoring and control of energy management systems; information technology services, namely providing a web-based system and online portal (software), offering technology that enables customers to remotely manage, administer, modify and control home security and automation devices; technology consultancy relating to electrical systems, control systems, automation systems, heating, ventilation, air conditioning, electricity production and distribution systems and computer hardware and software; consultancy in the field of scientific and industrial research; design and development of software for control, regulation and monitoring of solar energy systems; research and development services relating to solar cells and electricity generation; technical development of structural elements, devices and systems for solar collectors and photovoltaic plants; technical design and planning of power stations; design and development of energy management software.

Goods and/or Services:

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; animation software; recorded films; recorded motion picture films; animated films; animated motion picture films; DVDs; CDs; videodiscs, videotapes; audio tapes; video recordings, audio recordings, audio visual recordings; personal computers; laptops, portable computers, tablet computers, handheld computers; memory cards, memory apparatus, memory devices; computer and application software for use on personal computers, laptops, mobile devices, mobile phones and tablets; virtual reality software; games software; computer games software; electronic game programs; mouse pads; laptop cases; spectacles, sunglasses, and cases therefor; goggles for sport; camera cases; portable media player cases; cases for electronic diaries; downloadable publications; downloadable publications in the nature of magazines; downloadable electronic publications for children; downloadable educational media; mobile phones; mobile phone straps and cases; mobile computer straps and portable media player straps; decorative, protective and carrying cases adapted for mobile phone; computer application software for mobile phones; application software for mobile devices; sports helmets; screen savers; computer screen saver software; downloadable image files, downloadable music files; talking books; electronic books for children; audio books for children; interactive video game programs; interactive virtual character dolls and animals, namely, downloadable virtual goods in the nature of computer programs featuring interactive virtual character dolls and animals for use in online virtual worlds; magnets; baby alarms; baby scales; baby monitors; video baby monitors; electronic listening devices for baby monitoring; electronic baby monitoring listening devices; eye glasses; downloadable media content authenticated by non-fungible tokens (NFTs); downloadable digital music files authenticated by non-fungible tokens; downloadable digital photo files authenticated by non-fungible tokens; downloadable digital moving image files authenticated by non-fungible tokens; virtual clothing authenticated by non-fungible tokens; virtual toys

authenticated by non-fungible tokens; downloadable digital files in the nature of character avatars authenticated by non-fungible tokens; parts and fittings for all the aforesaid goods.

Class 16

Paper and cardboard; printed matter; bookbinding material; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paintbrushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; cartoon prints; cartoon strips; story books; colouring books; children's comics; children's storybooks; painting books; printed books; poster books; fiction books; educational books; picture books; drawing books; books for children; sticker activity books; pop-up books; children's activity books; series of fiction books; books featuring fictional stories; children's books incorporating an audio component; stationery; printed stationery; paper stationery; stationery and educational supplies; greeting cards; birthday cards; blank cards; postcards; diaries; stickers [stationery]; pencils; pen and pencil cases; pens; colouring pens; colouring crayons; colouring pencils; chalk; rulers; erasers; charts, wall charts; gift bags; paper bags; adhesive wall decorations of paper; tissues; paper party decorations; party invitations; paper party bags; paper party decorations; modelling clay for children; drawing pads; note pads; writing pads; stencils [stationery]; gift stationery; magazines; printed teaching activity guides; plastic gift wrap; advertising posters; advertising publications; printed invitations; printed stationery; printed matter; printed cartoon strips; arts and crafts paint kits; baby books; baby storybooks; baby memory books; paper baby bibs; parts and fittings for all the aforesaid goods.

Class 25

Clothing, footwear, headgear; outer-clothing; underclothing; belts being clothing; casual wear; leisure wear; exercise wear; sportswear; beach wear; swim wear; ski wear; rain wear; sleepwear; underwear; baby wear; baby sleepwear; infant wear; infant sleepwear; fancy dress costumes; Halloween costumes; T-shirts; sweatshirts; socks; hosiery; headgear; neckwear; scarves; pashminas; capes; gloves; mittens; fancy dress outfits for children; children's clothing; children's footwear; swimwear for children; children's outerclothing; trousers for children; children's headwear; pyjamas; bibs, not of paper; cloth bibs; plastic baby bibs; baby pants; baby sandals; baby shoes; baby boots; baby bottoms; baby tops; baby bodysuits; baby clothes; baby doll pyjamas; knitted baby shoes; baby layettes for clothing; bootees (woollen baby shoes); baby bibs, not of paper; parts and fittings for all the aforesaid goods.

Class 28

Video game apparatus; decorations for Christmas trees; electronic activity toys; electronic action toys; stuffed toys; plush toys; toy figures; crib mobiles [toys]; clothing for toy figures; dolls; dolls' clothing; toy vehicles; ride-on toys; toy blocks, sets of toys blocks; toy building

blocks, sets of toy building blocks; stacking shape toys; toy musical instruments; fantasy character toys; toy human characters; toy playsets; playing cards; play figures; clothing for play figures; play gyms, namely, baby multiple activity toys; children's playhouses; snow globes; puppets; balloons; swings; swing sets; floats for swimming and swimming aids; inflatable swimming floats; baby rattles; baby swings; infant activity play mats incorporating toys; electronic activity toys; electronic learning toys; children's handheld electronic game units adapted for stand-alone use without a television or computer; wearable technology toys; paper party hats; children's multiple activity tables; children's multiple activity seats [playthings]; Halloween masks, costume masks, face masks being playthings; baby playthings; baby gyms; baby rattles incorporating teething rings; parts and fittings for all the aforesaid goods.

Class 41

Education; providing of training; entertainment; sporting and cultural activities; children's entertainment services; providing, arranging and/or organising games; online interactive entertainment; online game services; video production; video library services; video entertainment services; production and/or provision of television programmes, movies, animated cartoons, videos, live performances, storytelling events; production of entertainment shows and interactive programs for distribution via television, cable, satellite, audio and video media, cartridges, laser discs, computer discs and electronic means; presentation of live performances; animation production; television scheduling (programming); providing entertainment and education via website featuring interactive educational games, animated cartoons, videos and literature that promote character development in children; providing online non-downloadable e-books that promote character development in children; publishing services; digital video, audio and multimedia entertainment publishing services; publishing of activity and puzzle books; publishing of printed matter; publishing of newsletters; magazine publishing; issue of publications; publishing of electronic books; publication services; amusement park services; providing recreation facilities; providing amusement arcade services; presentation of circus performances; presentation of variety shows; theatre productions; production of shows; holiday camp services [entertainment]; organisation of shows [impresario services]; entertainment services featuring fictional characters; theme parks; adventure playground services; soft play centres; fun park services; information, consultancy and advisory services relating to all the aforesaid services.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; compact discs, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; computer software; telecommunications, telephonic and communications apparatus and instruments; radio telephones, mobile and fixed telephones; mobile phones; portable telecommunications apparatus; smartphones; cases for telephones; headsets for telephones; handheld, mobile and tablet computers; wearable electronic telecommunication and computing devices; data communication apparatus and instruments; digital voice signal processors; computer networking and data communications equipment; mobile data communications apparatus; data processing systems; electronic databases; digital telephone platforms and software; computer hardware for telecommunications; telecommunication networks; modems; network routers; broadband data interconnecting computer installations; decoders; set-top box apparatus including apparatus having an interactive viewing guide and/or a recorder for recording television and audio programmes; electrical and electronic apparatus for use in the reception of satellite, terrestrial or cable broadcasts; apparatus and instruments for the processing, transmission, storage, logging, reception and retrieval of data being in the form of encoded data, text, audio, graphic images or video or a combination of these formats; wireless handheld telecommunication units and devices, namely, tablets, wireless phones, mobile phones, smart phones, computers, portable telephones, video telephones, radios, smart watches, USB dongles, GPS trackers, wearable activity trackers, video cameras, cameras, personal digital assistants, handheld, mobile and tablet computers for the synchronisation, transmission, recordal, storage and manipulation of data and/or voice; remote controls for electric and electronic devices; personal digital assistants; electronic sensors including pedometers, altimeters and weighing scales; barcode and quick response code readers and scanners; audio and video recordings; electronic media for storing information, data, images and sound; digital media content [downloadable], including films, television programmes, radio programmes, videos, images, music, text, data, images, graphics and ringtones, provided from a computer database, the Internet or other electronic network; satellite receiving and transmission apparatus and instruments; computer and

video game software programs, including downloadable games; electronic publications [downloadable] provided online from computer databases, the Internet or other electronic networks; machine readable data carriers; downloadable digital audio, video and data provided from a computer database, or the Internet or other electronic network; battery chargers for use with telecommunications apparatus; batteries; battery back-up power supply; peripheral equipment for televisions and computers; computers including laptop and notebook computers; electronic personal organisers; electronic and satellite navigational and positional apparatus and instruments including global positioning systems; desk or car mounted loud speaker which permits hands-free use of a telephone handset; in-car telephone handset cradles; teaching apparatus and instruments; metering apparatus; smart meters, namely, electric control devices for energy management; blank and pre-recorded magnetic cards; cards containing microprocessors; telephone cards; encoded credit, debit and payment cards; encoded telephone credit cards; encoded cards; computer software, including computer software supplied from a computer database, the Internet or other electronic network; data communications software; application software, including application software for mobile devices; downloadable computer software applications; computer software for wireless data communication; computer software and application software for the synchronisation, transmission and sharing of voice, data, calendar and content between one or more electronic devices, for purchasing applications, handheld electronic devices and for secure, encrypted purchases; operating system software; computer software for the streaming transmission and encryption and storage, of audio, video, graphics, text and data on and over communication networks; computer software to enable peer-to-peer networking and file sharing; search engine software; computer software for conducting and co-ordinating communications among computer users sharing information and audio data via electronic communications networks; software for interactive televisions; image and video editing software including software applications for use on mobile devices; software for the identification of persons; software for access control, video control and detecting the presence of persons; software for computer security, including antivirus, firewalls, antispam, anti-spyware, web filtering; intrusion detection software; virtual private network software; computer software for receiving, processing, transmitting and displaying information relating to fitness, body fat, body mass index, sleep patterns, locations, attitude, weather and temperature; computer software for managing information regarding tracking, compliance and motivation with a health and fitness program; anti-theft devices not for vehicles; distance sensors being anti-collision sensors for vehicles, other than vehicle parts; devices and apparatus for locating movable property; apparatus for sending and receiving information from movable property, namely, electronic devices used to locate lost objects employing radio frequency, global positioning systems (GPS), cellular communications; devices and apparatus for remote control of electrical apparatus and household appliances; alarm devices and installations, other than vehicle parts; satellite location and navigation systems; systems for the downloading and updating of computer software to and from electronic apparatus; electronic and biometric apparatus

and installations for access control; electronic apparatus for identifying persons; closed circuit television systems; cameras, television cameras and video recorders for closed-circuit television; optical and photographic apparatus; electronic speedometers; electronic odometers; electronic tachometers; speed checking apparatus for vehicles; kilometre recorders for vehicles; electric or electronic sensors for vehicles, other than vehicle parts; electronic sensors; sirens; electric locks for vehicles; remote control apparatus; electronic keys for vehicles; electronic keyless remote control vehicle access devices; remote control starters for vehicles; remote control systems for the automatic operating of the locks of vehicle doors, boot, bonnet and roof; communication apparatus integrated into motorcycle helmets; GPS apparatus; GPS apparatus for vehicles for determining or signalling vehicle location, locations of site, travel routes, time, traffic conditions, presence of emergency vehicles and hazard conditions; systems for communication networks between vehicles and road infrastructures; road marking detection devices; vehicle teleguidance systems and instruments; computer monitoring systems for blind spot and lane changing assistance; vehicle on-board computers; on-board electric, electronic and optical equipment for vehicles, namely, electric batteries, mileage recorders, radios for vehicles, on-board cameras, on-board electronic systems for providing driving and parking assistance in land vehicles, cruise controls for vehicles, displays for vehicles, audio speaker systems for vehicles, automatic indicators of low pressure in vehicle tyres, automatic vehicle speed control devices, autonomous driving control systems for vehicles, including for land vehicles; on-board electric, electronic and optical equipment for vehicles, including land vehicles, namely vehicle automatic driving control devices, smartphone battery chargers for use in vehicles, communications apparatus for vehicles, mobile phone connectors for vehicles, multi-camera systems for vehicles, vehicle navigation systems featuring interactive displays, radios for vehicles, temperature control apparatus [thermostats] for vehicles; on-board electric, electronic and optical equipment for vehicles, including land vehicles, namely ultrasonic object detectors for use on vehicles, on-board vehicle tracking apparatus, black boxes [data recorders] for land vehicles; on-board diagnostic computer apparatus and remote-controlled diagnostic computer apparatus for vehicles; computer systems for the downloading and updating of computer software to and from vehicles; electronic devices to detect and/or exchange data between a vehicle and a remote unit for security purposes; parking aids in the nature of electronic obstacle detection device sensors; parking assistance, namely, blind spot detection sensors; electronic apparatus for the control of car parking; pre-collision detection and collision avoidance systems, namely, on-board computers; in-vehicle touch screen computer systems; devices for remote location of vehicles; smart watchbands that communicate data to smartphones; downloadable software for promotional and demonstration purposes, for customised display screens on telecommunications apparatus; sim cards; telematics apparatus; telematics software; haptic sensors; haptic equipment and apparatus, namely tactile monitors, screens, electronic displays, switches, sensors, smart glasses and virtual or augmented reality glasses and headsets and holographic projectors; software for use with haptic sensors, equipment and

apparatus; virtual reality software and hardware; augmented reality software and hardware; computer hardware modules for use with the Internet of Things [IoT]; computer hardware modules for use in electronic devices using the Internet of Things [IoT]; software for use in implementing the Internet of Things [IoT]; computer software and application software for connecting, operating, and managing networked devices, appliances, machinery and systems in the Internet of Things [IoT]; communications software; computer software and application software for secure, encrypted purchases; software for computer security, including antivirus, firewalls, antispam, anti-spyware, web filtering and intrusion detection software; customer support and customer service computer software and application software; voice command and recognition software, speech to text conversion software, and voice-enabled software applications; messaging software; personal assistant software; computer software for personal information management; computer software for use to connect and control Internet of Things [IoT] electronic devices; chatbot computer software and application software; computer software and application software in the field of artificial intelligence [AI]; artificially intelligent chatbot computer software and application software for providing customer support and customer services; customer service chat robot software; humanoid robots with artificial intelligence; electronic apparatus incorporating artificial intelligence; electronic controllers; electronic controllers to impart sensory feedback, namely, sounds and vibrations that are perceptible to the user; computer software for use in connection with the transmission of voice and data; computer software, and peripherals for personalised, interactive television [TV] programming and for use in displaying and manipulating visual media, graphic images, text, photographs, illustrations, digital animation, video clips, film footage and audio data, and for social networking; wireless controllers to monitor and control the functioning of other electronic devices; touchscreens; parental control software; communication network apparatus; networking apparatus; networking devices; e-commerce software; watches that communicate data to smartphones, namely smartwatches; electronic collision avoidance safety apparatus for use on vehicles; devices for remote location of vehicles; steering apparatus, automatic, for vehicles; Ethernet routers; wide area network [WAN] routers; wireless routers; computer network routers; computer network hubs, switches and routers; network servers; communications servers [computer hardware]; network access server hardware; Ethernet adapters; Ethernet cables; Ethernet controllers; Ethernet switches; Ethernet transceivers; switches, electric; automatic switching apparatus for telecommunications; computer network switches; electronic encryption units; downloadable computer software for use in electronically trading, storing, sending, receiving, accepting, and transmitting digital currency, and managing digital currency payment and exchange transactions; interactive computer software and computer hardware for providing financial services online from a global computer network and the Internet via computer terminals and mobile communication devices; electronic and computer databases, namely, asset databases that can be shared and transmitted.

Class 35

Advertising, marketing and promotion services; retail services connected with telephones, mobile telephones, smartphones, mobile digital devices, telecommunication apparatus, computer software, computers and electronic communication networks and accessories for such goods, set-top boxes and modems, telecommunication apparatus, devices and accessories; the bringing together, for the benefit of others, of a variety of service providers in the fields of telecommunications and computers, enabling customers to conveniently view and make purchases from those service providers; telephone answering and message handling services; provision of space on websites for advertising goods and services; the bringing together, for the benefit of others, of a variety of communications and telecommunications apparatus, instruments and software, enabling customers to conveniently view and purchase those goods, including such services provided online from a computer database, the Internet or other electronic network; The bringing together for the benefit of others, of a variety of service providers in the fields of business information services, finance information services, trade information in the nature of stocks and shares, technology information services, science information services, nature information services, transport information services, art information services, history information services, travel and culture information services, games and gaming services, film information services, navigation information services, enabling customers to conveniently view and make purchases from those service providers; the bringing together for the benefit of others, of a variety of service providers in the fields of entertainment services, fashion information services, fashion design services, lifestyle (health) information services, life coaching services, health, beauty and fitness information services, music entertainment services, sports and fitness services, sports information services, news reporting services, current affairs reporting and information services, enabling customers to conveniently view and make purchases from those service providers; the bringing together, for the benefit of others, of a variety of service providers in the fields of business information services and, finance information services enabling customers to conveniently view and make purchases from those service providers; the bringing together, for the benefit of others, of a variety of service providers in the fields of trade information services in the nature of stocks and shares, technology information services, science information services, nature information services, transport information services, art exhibition services, art information services, history information services enabling customers to conveniently view and make purchases from those service providers; the bringing together, for the benefit of others, of a variety of service providers in the fields of travel and culture information services, games and gaming services, film information services, film production services and navigation information services enabling customers to conveniently view and make purchases from those service providers; the bringing together, for the benefit of others, of a variety of downloadable digital media content, including software, software applications, films, television programmes, radio programmes, videos, music, text, data, images, graphics and ringtones, enabling customers to conveniently view and purchase those goods; the bringing together

for the benefit of others of a variety of services providers, namely providers of digital media content including software, software applications, films, television programmes, radio programmes, videos, music, text, data, images, graphics and ringtones via the Internet or telecommunications network or via a streaming service, enabling customers to conveniently view and make purchases from those service providers; provision of commercial information and advice to the prospective purchasers of commodities and goods; administration of loyalty programmes involving discounts or incentives; organisation and management of loyalty card schemes; organisation, operation and supervision of sales and promotional incentive schemes; provision of commercial information and advice on the supply and promotion of products and selection and display of goods; compilation and systemisation of information into computer databases and online searchable databases; compilation of directories, including business and commercial directories, for publication on computer databases, the Internet or other electronic networks; administrative services, namely collection, systematisation, compilation and commercial analysis of data and business information from sites and other resources available on global computer networks into computer databases for others; providing business information by organising content of information via a global computer network according to user preference; compiling and providing commercial prices and statistics information; arranging and conducting of exhibitions for business purposes; data processing services; data management services; collection of data; business data analysis services; business promotion, research, management, administration, assistance and information services; business strategy and planning services; economic forecasting, marketing, market research, market analysis and survey services; publication of publicity texts; compilation of statistical information; provision of trade information; dissemination of advertising matters for others via wireless networks, telecommunication apparatus or devices or a global computer network; advertising services provided by television and radio and via electronic media; organisation of customer loyalty programs via customer club services for commercial, promotional or advertising purposes; subscriptions [arranging-] to telecommunication services for others; subscriptions [arranging-] to a telematics, telephone or computer service [Internet]; arranging subscriptions to a television channel for others; auctioning via telecommunications networks; electronic commerce services, namely, providing business information about products via telecommunication networks for advertising and sales products; publicity and sales promotion relating to goods and services, offered and ordered by telecommunications; business promotion services provided by telephone; organisation for a third party of telephone welcoming services and of telephone receptionist services; commercial information services provided by access to a computer database; providing online business directory information services; providing telephone directory information via the Internet; arranging of subscriptions to online music streaming services; data retrieval services.

Class 38

Telecommunications; mobile and fixed telecommunication and telephone, satellite telecommunication, cellular telecommunication, radio and cellular telephone, radio facsimile, radio paging and radio communication services; voice transmission services; voice messaging and voicemail services; electronic mail services for data and voice; hire, leasing and rental of telecommunications, radio, radio telephone and radio facsimile apparatus; rental of telecommunication facilities; leasing of telephone circuits; communication of data by radio, telecommunications and by satellite; transmission and receiving by radio; communications services by satellite, television and/or radio; communication services in the nature of transmission and reception of voice; voice over IP services; telecommunication services via a global computer network or the Internet; telematics services; telematics communication services; telephone and mobile telephone message collection and transmission; delivery and reception of sound data and images; telephone communication services provided for hotlines and call centres; automated telephone call screening services; automated telephone voice message services; telephone communication services; personal numbering services [telephony services]; rental of replacement telecommunications apparatus in the case of breakdown, loss or theft; provision of Internet services, namely Internet access services; Internet service provider [ISP] services; telecommunication of information [including web pages], computer programs and any other data; electronic mail services; provision of broadband services; wireless broadband communication services; providing Internet access via wireless broadband networks; providing Internet access via optical fibre broadband networks; wireless communication services; wireless telephony; digital network telecommunications services; providing access to portals on the Internet; telecommunication services provided via Internet portal; provision of location based telecommunications services for telecommunications apparatus; provision of transfer of data via wireless application protocols [WAP], including those utilising a secure communications channel; provision of telecommunications information relating to or identifying telephone and telecommunications apparatus and instruments; telecommunications routing and junction services; electronic data interchange services; transfer of data by telecommunications; data streaming; streaming of digital media content, including films, television programmes, radio programmes, videos, music, text, data, images, graphics and ringtones, via the Internet or a telecommunications network; delivery of digital media content, including films, television programmes, radio programmes, videos, music, text, data, images, graphics and ringtones, via the Internet or a telecommunications network; data transmission services; broadcasting services; data broadcasting services; broadcast or transmission of radio or television programmes; transmission of digital audio, video and multimedia content by telecommunications; electronic transmission of audio and video files via computer and other electronic communications networks; transmission of news and current affairs information; delivery of digital music by telecommunications; providing access to social networking websites; telecommunication services for the provision of video text, telexes and view data services, video communication services, interactive video text services; messaging services, namely, sending, receiving and forwarding messages in the

form of text, audio, graphic images or video or a combination of these formats; unified messaging services; voicemail services; providing telecommunications connections to a global computer network or database; video conferencing services; video telephone services; providing telecommunications connections to the Internet or databases; computer aided transmission of messages, data and images; computer communication services; providing electronic conferencing services; providing and leasing access time to computer databases, computer bulletin boards, computer networks, interactive computer communications networks, electronic publications in various fields, merchandising and service catalogues and information and computerised research and reference materials; providing access to educational content, websites and portals; communication services for the remote control of electronic devices; provision of communications networks for systems of smart metering; communication services for the delivery of emergency messages and calls; electronic transmission of data and documents via computer terminals and electronic devices; signal transmission for electronic commerce via telecommunications systems and data communication systems; providing access to electronic communications networks and electronic databases; provision of communication facilities for the interchange of digital data; communication of data by means of telecommunications; transmission of data, including by audio-visual apparatus; transmission of sound, picture, video and data signals; providing access to databases; telecommunication services for data bank interconnection; electronic data exchange services; email data services; data broadcasting and communications services; providing third party users with access to telecommunication infrastructure; provision of information relating to telecommunications, providing electronic telecommunications connections; telecommunication gateway services; interactive telecommunications services; network telecommunication services; telecommunications consultancy services; telecommunications services for aircraft passengers; provision of access to the internet for electronic payment services including electronic fund transfer services and online transaction facilities; providing telecommunications connections and networks for use with the Internet of Things [IoT]; providing access to e-commerce platforms on the Internet; transmitting information resulting from traffic surveillance; provision of access to databases in relation to online address book, calendar and diary services; providing user access to data networks; transmission of digital data in the nature of user-generated digital media content; computer network access services provided by means of a metro Ethernet; electronic transmission of encrypted data; telecommunications services provided via fibre optic, wireless and cable networks.

Class 41

Education; providing of training; entertainment; sporting and cultural activities; education and training including such services provided online from a computer, the Internet or other electronic network; game services provided online from a computer network; radio and television entertainment services including those provided online from a computer, the Internet or other electronic network; interactive entertainment services; providing online

electronic publications; publication of electronic books and journals online; publication of periodicals; publication of magazines; publication of electronic magazines online; online publication of electronic periodicals; publication of texts; newspaper publication; publication of printed matter; arranging and conducting of conferences, seminars, symposia, tutorials and workshops; interactive and distance learning courses and sessions provided online via a telecommunications link or computer network or provided by other means; electronic library services for the supply of electronic information [including archive information] in the form of text, audio and/or video information; providing non-downloadable electronic publications; providing online non-downloadable general feature magazines; providing online non-downloadable pictures; providing online non-downloadable video content; providing online non-downloadable audio content; providing publication of online directories for obtaining data in the fields of music, video, film, books, television, games and sports via online searchable databases; production of media content, namely, television production, audio production, music production, video production, film production and production of animation; publication and dissemination of user-generated digital media content for entertainment and educational purposes; publication of blogs and vlogs; entertainment services provided online from a computer database or the Internet; educational information provided online from a computer database or the Internet; entertainment services provided by telephone; arranging and conducting of competitions provided by telephone; providing sports information by telephone; library services provided by means of a computerised database; electronic games services provided by means of the Internet; providing digital music from the Internet; publication of material which can be accessed from databases or from the Internet; providing non-downloadable publications from the Internet which may be browsed; electronic publishing; providing interactive multi-player games via communications networks including the Internet; arranging and conducting of exhibitions for entertainment purposes; entertainment services, namely, the provision of non-downloadable music, films, TV programmes, audio books and games for online usage via global or local computer networks; providing films and television programmes, not downloadable, via video-on-demand services; providing online music and audio books, not downloadable; providing information, reviews and personalised recommendations in the field of entertainment; providing digital music, non-downloadable, from a computer database or the Internet; providing non-downloadable films and television programmes from a computer database or the Internet; providing online computer games from a computer database or the Internet, all for entertainment or educational services.

Zingstar

Goods and/or Services:

Class 01

Antifreeze for windscreen washer systems, radiator antifreeze, windscreen de-icer, also in spray form, door lock defrosting sprays (antifreeze), chemical non-slip paste for motor vehicle wheels.

Class 03

Automobile cleaning preparations for motor vehicles.

Class 04

Industrial oil; additives, non-chemical, to motor fuel; non-chemical additives for lubricants; non-chemical additives for motor oil; non-chemical additives for lubricants; lubricating oil; motor lubricating oil for vehicles; motor vehicle lubricants; fuel; mineral fuel; dust removing preparations.

Class 07

Machines and machine tools for car repair shops, namely drilling and grinding apparatus, welding apparatus, vehicle washing machines and instruments [machines] for cleaning the exterior of vehicles; instruments [machines] for cleaning the interior of vehicles, tire tread cutters, airbrush spray guns, mechanical tools for autobody adjustment, lifting ramps, car jacks and associated motor parts.

Class 09

Electrical controls and electric apparatus for commutation; infrared detection and signaling apparatus; car aerials; electronic measuring and monitoring apparatus, namely tire pressure gauges and vehicle breakdown warning lamps; batteries, jump start cables, power packs, inverters [electricity], battery chargers and electrical cables and sockets for automobiles; capacitors for vehicles; apparatus and instruments for switching, regulating or controlling electricity for vehicles; dashboard cameras; mounts for dashboard cameras and mobile telephones; LCD displays; navigation apparatus for vehicles; car stereos; rear-view cameras for vehicles; parking sensors for vehicles; fire extinguishers.

Class 11

Lighting, heating, steam generating, refrigerating, drying and ventilating apparatus and installations; electric lamps; electric luminaires; lighting installations; lighting apparatus; lighting apparatus and installations based on LED, including organic lamps; LED lamps and LED luminaires [included in this class] and parts thereof; lighting apparatus with integrated sensors or radio transmitters; sterilization apparatus, in particular with UV radiation and as modules for air conditioning systems; ventilation, heating and air conditioning installations; air conditioning systems for automobiles; air conditioning apparatus and apparatus for the treatment of air, air filtering, disinfection, sterilization, in particular for motor vehicles;

vehicle lighting apparatus including vehicle lamps and vehicle lights; additional external vehicle lighting; workshop lamps and working lamps for vehicle repair; torches, in particular as vehicle accessories; vehicle fans; parts of all the aforesaid goods, included in this class.

Class 12

Parts and fittings for motor vehicles, caravans and trailers, included in this class; car seats; seat covers for vehicles; alarm systems for motor vehicles and for caravans; windshield wiper blades; pumps for inflating vehicle tyres; tyre repair outfits and patches for repairing tyres; shaped vehicle mats; vehicle trailer couplings; vehicle tow bars, steering racks and bumpers; hub caps; parts and fittings for the aforesaid goods; security systems for vehicles [other than locks].

Class 17

Sealing, packing and insulating materials, hydraulic hoses [non-metallic, other than parts of vehicle hydraulic systems].

Class 35

Advertising and promotional services; arranging commercial transactions for third parties, including by way of e-commerce; retail and wholesale services, including via the Internet, in connection with motor vehicle accessories of all kinds and lighting apparatus accessories; organization and arranging of Internet auctions; providing commercial information by means of a directory on a global computer network [online directory services]; computerized database management; marketing via the Internet.

Class 42

Design and development of computer hardware for use in commercial and customized vehicles; design, development and maintenance of computer software relating to the operation of vehicles; provision of non-downloadable on-line computer software relating to the operation of vehicles; design, development and maintenance of software for mobile applications relating to the repair, maintenance and diagnosis of motor vehicles; provision of non-downloadable online computer software related to the repair, maintenance and diagnosis of motor vehicles; design, development and maintenance of mobile application software related to vehicle safety; provision of non-downloadable online computer software related to vehicle safety; design, development and maintenance of mobile application software enabling users to track vehicle mileage, fuel consumption, vehicle costs, maintenance requirements and service history; provision of on-line non-downloadable computer software for tracking vehicle mileage, fuel consumption, vehicle costs, maintenance requirements and service history; design, development and maintenance of software for mobile applications to enable users to track multiple vehicles within a fleet; provision of on-line non-downloadable computer software to enable users to track multiple

vehicles within a fleet; technical support services related to all the above-mentioned services; information and consultancy services related to the above-mentioned services.
