General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 01

Chemical solutions for use in the manufacturing and processing of semiconductors, namely, photoresist stripper, benzotriazole (BTA) and L-proline solution; Chemical slurries for use in the manufacture of advanced integrated circuit devices within the semi-conductor industry; High purity chemical compositions for electronic component manufacture; Chemical compositions for use in semiconductor manufacturing, solar cell panel manufacturing and flat panel display manufacturing; Chemical compositions for removal of photoresist and post-etch residues in the manufacture of semiconductors, integrated circuits and related products; Chemicals for use in industry and science; Chemical products for use in industry and science, namely, for use in the semiconductor and micro-electronics industries; Chemicals and chemical blends for use in the oil and gas drilling, processing and exploration industry; Chemicals, namely, polymer-containing drag reducers and flow improvers to increase flow of hydrocarbons through pipelines; Chemicals for use in industrial wood treating applications; Chemicals for use in treating utility poles and cross-arms; Chemical slurry for use in chemical mechanical planarization (cmp) being a process used in the manufacturing and processing of semiconductors in the optoelectronics and photonics industries; Sealants (chemicals) for the oil and gas storage, pipeline and gas distribution markets.

Class 03

Chemical mechanical polishing (cmp) slurry for polishing use in the manufacturing and processing of semiconductors in the optoelectronics and photonics industries; Chemical mechanical polishing slurry for liquid crystal display (lcd), organic light emitting diodes (oled), light emitting diode (led), glass thinning, and hard disk; Abrasive compounds for lapping and polishing semiconductors, silicon wafers, glass and metal surfaces; Cleaner for use in electronics industry; Pad cleaning solution for use in the manufacturing and processing of

semiconductors; Post-copper chemical mechanical planarization (cmp) cleaning solution for use in the manufacturing and processing of semiconductors; Cleaning solution for processing of integrated circuit (ic) in the opto-electronics and photonics industries; Post-ash cleaning solution for use in the manufacturing and processing of semiconductors; Abrasive preparations, namely, chemical cleaners, namely, abrasive dispersion slurries and cleaning and polishing preparations for use in the finishing of electronic components and substrates, optical components, glass, metals, plastics, machinery, computer parts, magnetic data-storage disks and heads; Polishing slurry for semiconductors; Polishing consumables, namely, polishing slurries for use in the semiconductor, electronic, rigid disk and magnetic head industries; Chemical additives, namely, abrasive compounds for use in the manufacture of electronic components and substrates, optical components, metals, machinery, computer parts, and magnetic data-storage disks and heads; Fumed silica dispensed in water used to polish semiconductors; Aqueous metal oxide dispersions for use in semiconductor polishing.

Class 04

Valve lubricants for the oil and gas storage, pipeline and gas distribution markets; Industrial lubricants, namely lubricating oils and greases.

Class 05

Herbicide.

Class 07

Non-abrasive polishing pads for chemical-mechanical planarizing or chemical mechanical polishing (cmp) machines for use in the manufacture of semiconductor wafers, integrated circuits, hard disk drives and chipsets; Polishing pads for polishing machines for use in the manufacture of semiconductor wafers, integrated circuits, hard disk drives and chipsets; Polishing pads for use in the manufacture of advanced integrated circuit devices within the semiconductor industry; Lubrication equipment used to service industrial valves in the oil and gas, chemical, and oilfield/wellhead industries and to service industrial gas distribution systems.

Class 37

Leasing of oil and gas drilling equipment.

PHASE SCIENTIFIC

Goods and/or Services:

Class 01

Assays for research purposes; biochemical reagents for detecting and analyzing molecules in protein or nucleotide arrays; Biochemical reagents used for non-medical purposes; biochemical and biological preparations for use in industry, science and research; biochemicals namely, monoclonal antibodies for in vitro scientific or research use; biochemicals, namely, polynucleotides for in vitro and in vivo scientific and research purposes; chemical preparations for scientific purposes; chemical test kits for the expression, amplification, purification and analysis of biological samples for laboratory or research use; Chemicals for use in biotechnological product development; chemicals for use in the biochemical and chemical industry; protein in raw material form for scientific and medical research; reagents for scientific and research use; Reagents for use in scientific apparatus for chemical or biological analysis; Chemicals for use in industry and science; Biological preparations for use in industry and science.

Class 05

Diagnostic preparations for medical purposes; Diagnostic preparations for veterinary purposes; diagnostic kits comprised of medical diagnostic reagents and assays; diagnostic kits comprised of medical diagnostic reagents and assays for testing of bodily fluids for use in disease detection; drug testing kits comprised of medical diagnostic reagents and assays for testing body fluids; drug testing kits comprised of medical diagnostic reagents and assays that test for the presence of cancer; drug testing kits comprised of medical diagnostic reagents and assays that test for the presence of DNA, RNA, proteins, drugs, foods, pathogens and toxins; drug testing kits comprised of medical diagnostic reagents and assays that test for the presence of dental diseases; drug testing kits comprised of medical diagnostic reagents and assays; Medical diagnostic reagents; Medical diagnostic reagents and assays for testing of body fluids; Veterinary diagnostic reagents; Sanitary preparations for medical purposes; Sanitary sterilising preparations for food safety; Veterinary preparations; Medical preparations; Pharmaceuticals; Biological and chemical reagents for medical or veterinary purposes.

Class 09

Bio-chips for research or scientific purposes; medical laboratory research instruments;

medical laboratory research instruments for analysis of DNA, RNA, protein and chemicals and pathogens; scientific apparatus and instruments for measuring relative DNA, RNA and protein and parts and fittings therefor; Scientific apparatus and instruments; scientific apparatus, namely, spectrophotometer for measuring relative DNA, RNA and protein; apparatus and instruments for scientific research in laboratories, in the fields of medical or clinical diagnostic, food safety and environmental monitoring.

Class 10

Medical diagnostic instruments; medical diagnostic instruments for the analysis of body fluids; sample preparation device for medical diagnostic uses; medical, dental and veterinary apparatus and instruments.

Class 42

Consulting services for others in the field of design, planning, and implementation project management of scientific research, analysis, and testing in the field of chemistry, genetics, biology and biochemistry; Research services; research services in the field of forensic science, namely, analysis, detection and isolation of biological substances in forensic samples; research and development and consultation related thereto in the field of chemistry, genetics, biology and biochemistry; Scientific research and development; Biological research laboratory services; Medical research laboratory services; scientific and technological services and research and design relating thereto, in the fields of medical or clinical diagnostic, food safety and environmental monitoring; Industrial analysis and research services; design and development of computer hardware and software in the fields of medical or clinical diagnostic, food safety and environmental monitoring.

Class 44

Medical diagnosis of human diseases; medical diagnosis of human diseases, namely, genetic, infectious, neurological, cardiovascular, cancerous, inflammatory, reproductive and developmental diseases; medical diagnosis of ovary cancer, liver cancer, stomach cancer, pancreas cancer, esophagus cancer, colorectum cancer, lung cancer or breast cancer; medical diagnostic testing, monitoring and reporting services; Medical services; Veterinary services; medical services related to food safety or environmental monitoring.

Goods and/or Services:

Class 04

Electrical energy; renewable energy, namely, solar energy, wind energy and geothermal energy; electrical energy from solar or wind power; Fuel; Gas [fuel]; Gases for use as fuel; Compressed natural gas; Fuel gas; Fuels; hydrogen fuel; Fuels from biological sources; hydrocarbon compositions; Hydrocarbon fuels; liquefied gas; Liquid fuels; Liquefied petroleum; Natural gas; Non-chemical additives for fuels; Petroleum; Solidified gases [fuel]; Synthetic gas [fuel]; electrical energy, namely energy derived from zero-emission; electrical energy, namely, energy derived from renewal sources; Hardened oils [hydrogenated oils for industrial use]; Fuel mixtures; fuel oils; renewable fuels; electrical energy from renewable sources.

Class 09

Computer software; software for the planning, integration and optimization of Smart City applications; big data management software; operating system software and programs; network operating systems programs; computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface e-commerce software; Computer software applications, downloadable; Database management software; Computer software platforms, recorded or downloadable; Application software; Downloadable computer software for remote monitoring and analysis; computer software for use in migrating between different computer network operating systems; artificial intelligence software and apparatus; software for the integration of artificial intelligence and machine learning in the field of Big Data; software applications [apps] for Internet of Things [IoT]

enabled devices; Artificial intelligence and machine learning software; artificial intelligence software for analysis; predictive maintenance software; interactive software based on artificial intelligence; artificial intelligence software for vehicles and driverless cars; Capacitors; Embedded operating software; Communication software; Computer software platforms; Internet of Things [IoT] gateway; computer programs for Internet of Things [IoT] enabled devices; intelligent gateways for real-time data analysis; mobile operating systems; robot operating system [ROS]; environmentally friendly automation systems, namely, embedded operating systems and pc based software, for monitoring specified conditions and controlling respective innovative devices within a designated area; computer software for analyzing data for optimization of equipment performance and power plant production in the wind and solar energy industries, excluding computer software for surveillance or video monitoring for purposes of point-of-sale, business management and marketing data collection and analysis; computer software for energy management and optimization; Accumulator charging apparatus; Battery charging devices for motor vehicles; Charging stations for electric vehicles; Charging apparatus; Charging counters; Electric batteries for vehicles; Electric battery chargers; Installations for data processing; Computing apparatus; monitoring devices for monitoring battery performance characteristics; Downloadable applications for use with mobile devices; Software and applications for mobile devices; Apparatus for managing energy supplies; Apparatus for monitoring electrical energy consumption; Devices for measuring energy; Electric control devices for energy management; Energy control devices; computer software for orchestrating storage and consumption of energy; Photovoltaic apparatus for converting solar radiation to electrical energy; computer hardware, namely, computer hardware used for the generation, distribution, and storage of sustainable and renewable energy; computer software for the operational overview and control of devices and the production of analytics for the purpose of managing renewable assets; downloadable cloud-computing software for connecting unlimited devices to a cloud computing platform; computer software for the operational overview and control of devices and the production of analytics for the purpose of managing assets; downloadable cloud-based software; cloud network monitoring software; Real-time data processing apparatus; real-Time Collaborative Editing [RTCE] platforms [software] network and communication hubs; test stations for hydrogen generators; automated process control system, namely, micro-processor based hardware and software used to monitor the status of industrial processes, namely power generation, electrical distribution and oil and gas processing; Photovoltaic apparatus and installations for generating solar electricity; Electrical recharging apparatus; Chargers for batteries; Apparatus for monitoring electrical components; Computer apparatus for computer aided engineering; Engineering design software; Measuring apparatus for use in electrical engineering; Power supply apparatus [batteries]; Apparatus for the supply of electricity; Apparatus for electricity distribution; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Electric converters; Apparatus for communication; Communication devices; Electrical

communications apparatus adapted for use on vehicles; Vehicular communication apparatus; central processing units (processors); Meteorological instruments; Surveying apparatus and instruments; Graphical user interface software; computer software for playing back information about energy consumption and air quality; computer hardware, namely, computer hardware used for the reduction of carbon emissions; computer hardware, namely, computer hardware used for the reduction of energy consumption; computer hardware, namely, computer hardware used for decarbonisation equipment; computer hardware for use in the reduction of carbon footprint and overall environmental footprint of buildings; computer software for use in the reduction of carbon footprint and overall environmental footprint of buildings; Automatic solar tracking sensors; computer software and display instruments for monitoring energy consumption, temperature, opening of windows, lighting and air quality; Computer servers; measuring, detecting, monitoring and controlling devices; integrated computerized system for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information related to technical data and chemical analyses; smart manufacturing system controls; pipeline communication systems for transferring data over oil, gas, water and heat distribution pipeline networks, comprised of computer hardware, software, modems and communication cables; computer software for the collection, editing, organizing, modifying, book marking, transmission, storage and sharing of data and information; environmental monitoring software; apparatus for monitoring gas, fuel, water and heat consumption; apparatus for measuring, monitoring and analyzing fuel, gas and electricity consumption; monitoring apparatus for Internet of Things [IoT] enabled devices; optimisation software; Fuel regulating apparatus; environmental control software; computer software for use in carbon capture technologies optimization for monitoring, distribution, storage and usage of carbon; computer software for use in carbon capture data collection and analysis; on-premise management software; intelligent motor control devices; Augmented reality software; intelligent gateways for communication; Power generation monitoring apparatus; optimization and trading software in the field of provision of information, management and maintenance of virtual power plants (VPP); machine learning software used in computer predictive analytics programs; none of the foregoing goods being for surgical purposes.

Class 35

Assistance and consultancy services in the field of business management of companies in the energy sector; Business risk management services; business risk management services relating to carbon lifecycle; data processing, systematisation and management; computerised data management; data management services; Management and compilation of computerised databases; management consultancy in business information analysis in the energy sector; management and compilation of computerised databases in the energy sector relating to carbon emission and footprint; Inventory management; market forecasting in the energy sector; Import-export agencies in the field of energy; Tracking and monitoring energy consumption for others for account auditing purposes; procurement of

contracts concerning energy supply; billing services in the field of energy; information and data compiling and analyzing relating to business management in the energy sector; purchasing services; Procurement services for others [purchasing goods and services for other businesses]; Data processing verification; Online data processing services; Computerised accounting; Provision of an online marketplace for buyers and sellers of goods and services; business profit analysis; energy price comparison services; arranging of trading transactions and commercial contracts; lifecycle costing for business purposes of companies in the energy sector; Computerised auditing; distributed energy resource (DER) management services including demand management and demand response management; Computerized database management; computerized database management services for forecasting, planning and managing electrical demand for products and services.

Class 36

Carbon brokerage services; financial consultancy in the energy sector; Carbon trading services; Brokerage of carbon credits; Brokerage of carbon offsets; Brokerage of emission rights; Trading of emission reduction credits; trading and brokerage of carbon dioxide and other greenhouse gas emission credits, allowances or offsets on behalf of others; Commodity brokerage; commodity exchange; Brokerage of financial investments in energy companies; Financial risk management services; credit management services; Consultancy concerning financing of energy projects; derivatives trading services; on-line real-time carbon trading; Conducting cashless payment transactions; Conducting of capital market transactions; Payment processing services; Financial payment services; Payment administration services; Payment services provided via wireless telecommunications apparatus and devices; Commodity trading [financial services]; exchange services relating to the trading of options; exchange market services relating to commodity futures contracts; commodity trading for others; commodities trading; exchange services relating to the trading of commodities.

Class 37

Installation and maintenance of photovoltaic installations; Charging of electric vehicles; Recharging services for electric vehicles; Installation of energy-saving apparatus; Installation of solar energy systems; Repair of energy supply installations; Advisory services relating to vehicle maintenance; Battery charging service for motor vehicles; Vehicle maintenance; Maintenance and repair of electric vehicles; Maintenance and repair of electricity generators; Maintenance and repair of energy generating installations; Maintenance and repair of motor vehicles and parts thereof; Maintenance, servicing and repair of vehicles; Maintenance, repair and reconditioning of photovoltaic apparatus and installations; Maintenance, servicing and repair of power generating apparatus and installations; installation of renewable energy generation equipment; installation of wiring in accessible geographical locations for distribution of electricity suitable for electric vehicle recharging stations; Natural gas refuelling service for motor vehicles; Vehicle battery charging;

Emergency servicing of apparatus for supplying electricity; Installation of power generating apparatus; fuelling of hydrogen gas for vehicles; Maintenance of communications equipment; automotive upgrade services, namely, supercharging, turbocharging and performance upgrades of automobiles; charging station services for electric vehicles; construction of energy efficient buildings and structures; construction project management services in the field of construction of renewable energy and energy generation equipment support structures and ancillary structures for supporting meteorological data gathering equipment; installation, maintenance and repair of regulating, monitoring and control apparatus; maintenance and repair of oil and gas storage installations; vehicle fuelling services; installation, maintenance and repair of inverters, batteries and electrical connection apparatus for solar energy systems.

Class 39

Energy distribution; Distribution of renewable energy; Distribution of energy for heating and cooling buildings; Electricity supply services; Consultancy services relating to the distribution of electricity; Distribution and transmission of electricity; Distribution of energy; Public utility services in the nature of electricity distribution; Providing information relating to the distribution of electricity; Information and advisory services in relation to the distribution of energy; Storage of energy and fuels; storage, distribution and supply of energy; Rental of electric cars; Arrangement of vehicle rental; Booking of vehicle rental; Leasing of vehicles; Parking services for vehicles; Providing information relating to vehicle parking services; Rental of vehicle parking spaces; Reservation services for vehicle rental; Carpooling services; Car sharing services; Providing information relating to car rental services; Rental of hydrogen cars; providing information on chemical storage of energy via a website.

Class 40

Processing and transforming of energy; Electricity generation; Generation of electricity from solar energy; Generation of energy; Consultancy services relating to the generation of electrical energy; Consultancy services relating to the generation of electrical power; Energy production; Leasing of energy generating equipment; Production of energy; Production of electrical power from renewable sources; conversion of waste energy into electricity [energy recycling services]; waste-to-energy generation services; processing of hydrocarbons; Processing of hydrocarbon derivatives; Rental of energy generating equipment; Rental of electric power generators; Rental of power-generating equipment; fuel treatment services whereby plants, algae and organisms are used to treat biofuels in the nature of primary, secondary and tertiary alcohols, ethanol, butanol, bio-diesel and hydrogen fuels; Fuel refining; Fuel processing; Consultancy in the field of energy generation; Generation of power; Generation of electrical power using carbon sequestration.

Class 42

Consultancy and advisory services relating to energy efficiency; Design and development of

energy management software; Advisory services relating to the use of energy; Energy auditing; design and development of systems for regenerative energy generation; Programming of energy management software; Design and development of software for control, regulation and monitoring of solar energy systems; technological analysis services relating to energy and power needs of others; Computer programming for the energy industry; Programming of software for e-commerce platforms; research relating to city and Smart City planning; analytical services relating to computer programmes; computer monitoring service which tracks application software performance, performs periodic maintenance and provides reports and alerts concerning such performance [quality control]; computer monitoring service which tracks hardware performance and processes and sends out historical reports and alerts [quality control]; Research in the field of artificial intelligence; engineering services in the field of reduction of operating costs, fuel blending, waste handling, quality performance of co-products and by-products, and chemical distribution; providing a web site featuring technology that enables users to connect with other people in their neighbourhood or city for any number of user-specified reasons, including providing a service or organizing an event; technical data analysis; computer systems design and analysis; Greenhouse gas emission measuring and analysis; providing artificial intelligence computer programs on data networks; platforms for artificial intelligence as software as a service [SaaS]; computer aided scientific and industrial analysis services; design and development of operating system software; computer technical support services, namely, 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; technical consultancy in the field of energy saving and energy efficiency; Design of communication systems; Design and development of operating software for accessing and using a cloud computing network; Design and development of software in the field of mobile applications; Development of computer software application solutions; Online provision of web-based applications; Computer software consultancy; Technological consultancy; Server hosting; Technological consulting services in the field of alternative energy generation; Scientific research and development; Technological research; technological planning and consulting services in the field of renewable energy resources; Meteorological forecasting; Industrial analysis, industrial research and industrial design services; Conducting research and technical project studies relating to the use of natural energy; Cloud computing; Cloud hosting provider services; Computer programming services; Computer programming for data processing and communication systems; Providing virtual computer environments through cloud computing; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Consulting in the field of cloud computing networks and applications; Consultancy in the field of energy-saving; Consultancy relating to technological services in the field of power and energy supply; Design and development of regenerative energy generation systems; Design and development of software for database management; Design and development of operating software for computer networks and servers; Development of energy and power management systems; Energy use and conservation

consultancy; Engineering consultancy; Engineering services in the field of energy technology; Engineering services relating to energy supply systems; Provision of information concerning research and technical project studies relating to the use of natural energy; Research in the field of energy; Technological analysis relating to energy and power needs of others; Technological consultancy in the fields of energy production and use; platform as a service (PaaS); Programming of software for information platforms on the Internet; Software as a service [SaaS]; software as a service (SaaS) services featuring computer software for management of data analytics and for operating a digital marketplace connecting unlimited devices to a cloud-based platform; providing temporary use of web based cloud-computing software for connecting unlimited devices to a cloud computing platform; computer engineering; computer-aided engineering design and drawing services; engineering consultancy; engineering services in the field of environmental technology; computer software research; product research and development; research in the field of energy; research in the field of environmental conservation; research on building construction or city planning; rental of meters for the recording of energy consumption; design of communication systems; design of communications apparatus; design and development of software for the generation, distribution and storage of sustainable and renewable energy; design and development of software for the reduction of carbon emissions; design and development of software for decarbonisation solutions; design and development of software for the reduction of energy consumption; research in the field of renewal energy; technological consulting services in the field of decarbonisation solutions; computer software development services for software used in connection with the management of devices that generate energy and devices that consume energy, the management of weather and energy forecasting, and the management of devices that generate and consume wind and solar energy; computer software consultancy and advisory services for software used in connection with the management of devices that generate energy and devices that consume energy, the management of weather and energy forecasting, and the management of devices that generate and consume wind and solar energy; consultancy and advisory services in the fields of renewable energy systems development, and the project management [design] of energy generation and supply assets; consultancy and advisory services relating to technological services in the field of demand-side energy resources and assets supply, weather and energy forecasting, and the production of wind and solar energy; website services in the fields of renewable energy and energy asset management, namely hosting of a website containing information in the fields of renewable energy and energy asset management; research and development of new products for others; surveying; meteorological information; rental of web servers; rental of computer software; monitoring of computer systems by remote access; computer software design; Providing temporary use of non-downloadable computer software in the nature of an online platform and online dashboard for analyzing data for optimization of equipment performance and power plant production in the wind and solar energy industries; Platform as a service (PAAS) featuring computer software platforms for analyzing data for optimization of equipment performance

and power plant production in the wind and solar energy industries; software as a service (SAAS) services featuring software for analyzing data for optimization of equipment performance and power plant production in the wind and solar energy industries, all of the foregoing excluding computer software for surveillance or video monitoring for purposes of point-of-sale, business management and marketing data collection and analysis; platform as a service (PAAS) featuring computer software platforms for energy management and optimization; software as a service (SAAS) services featuring software for energy management and optimization; computer software consultancy and advisory services for energy management and optimization; platform as a service (PaaS) featuring computer software platforms for management of data analytics and for operating a digital marketplace connecting unlimited devices to a cloud-based platform; computer system analysis; computer system design; computer technology consultancy; electronic data storage; information technology [IT] consultancy; providing information on computer technology and programming via a web site; outsource service providers in the field of information technology; platform as a service [PaaS]; research in the field of environmental protection; provision of scientific information, advice and consultancy in relation to carbon offsetting; technological engineering analysis; computer-aided industrial and scientific analysis; computer aided industrial design, research, testing and analysis services; Digital Distributed Storage; design and development of systems for data input, output, processing, display and storage; environmental monitoring services; monitoring of erosion, pressure, vibration, corrosion, temperature and sedimentation [Environmental monitoring services]; condition monitoring relating to fluids, oils, fuel and gas; electronic monitoring and reporting of pipe systems and tanks using computers and sensors [quality control]; storage system monitoring services [Machine condition monitoring]; Providing temporary use of non-downloadable cloud-based software for monitoring energy consumption and , calculating energy costs; Meteorological forecasting services; design, development, maintenance and updating of computer software for process control; development and testing of computing methods, algorithms and software; development and testing of computing methods, algorithms and software for generating and processing telecommunication and navigation data; providing technical advice relating to energy-saving measures; design and development of energy distribution networks; providing online trading platform for brokerage; research, design and development of software for data management for use in distributed energy resource (DER) management and situational awareness of connected distributed energy resources; design and development of operation and trading scheduling software for virtual power plants; developing programs for a cloud-based network of distributed energy resources in virtual power plant and smart grid; information technology services; information technology support services including edge computing; consultancy and information services in the field of information technology architecture and infrastructure; none of the foregoing services being for surgical purposes.

TIDAL

Goods and/or Services:

Class 07

Winches; portable winches; power winch; winch motor.

Class 09

Cameras; underwater cameras; video cameras; digital cameras; apparatus for recording, transmission, processing and reproduction of sound, images or data in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; sensors for measuring concentrations of chemicals in water; temperature sensors; pressure sensors; pollutant sensors; digital weather station instruments; sensors to measure water quality; a mesh network of sensors, specifically, sensors for measuring concentrations of chemicals in water, temperature sensors, pressure sensors, pollutant sensors, wind speed sensors, air pressure sensors, and dewpoint sensors, that records, measures, surveys, processes, tracks, and reproduces data, video, images, sounds, and measurements and wirelessly transmits the data, video, images, sounds, and measurements to a computer; wireless adapters used to link computers to a telecommunications network, none of the foregoing in connection with delivering music, streaming music, or with digital music files; electronic navigational and positioning apparatus and instruments; downloadable software in the nature of a mobile application for use in recording, measuring, surveying, processing, tracking, organizing, optimizing, sorting, playing, receiving and transmitting data, videos, images, sounds, and measurements taken from hardware and electronic devices in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; downloadable software using artificial intelligence (AI), machine learning, deep learning, and remote sensing for use in recording, measuring, surveying, processing, tracking, organizing, optimizing, sorting, playing, receiving and transmitting data, videos, images, sounds, and measurements taken from hardware and electronic devices in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling.

Class 12

Underwater drones; remotely operated vehicle (ROV) for use under water.

Class 42

Design of computer software for use in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; scientific and technological services, namely, research, analysis, and testing in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; design, installation, updating and maintenance of computer software in the fields of marine research, oceanographic research, oceanic health, ocean

sustainability, aquaculture, fish farming, and fish handling; consulting services in the field of providing on-line, non-downloadable software and applications in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; providing temporary use of on-line non-downloadable cloud computing software for artificial intelligence (AI), machine learning, deep learning, and remote sensing in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; software as a service (SaaS) services featuring software for artificial intelligence (AI), machine learning, deep learning, and remote sensing in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; platform as a service (PaaS) services featuring software for artificial intelligence (AI), machine learning, deep learning, and remote sensing in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; technology research in the field of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; technological planning and consulting services in the fields of marine research, oceanographic research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; underwater survey services in the fields of marine research, oceanographic research, oceanic health, sustainability, aquaculture, fish farming, and fish handling.

DEGADUR

Goods and/or Services:

Class 01

Industrial chemicals; chemical preparations for scientific purposes; chemical preparations for use in photography; chemicals for use in agriculture; chemicals used in horticulture; chemicals used in forestry; chemical preparations and materials for films, photography and

printing; detergents for use in manufacture and industry; chemical substances, chemical materials and chemical preparations; compositions for fire extinguishing and prevention; chemical compositions and materials for use in science; chemical compositions and materials for use in the manufacture of cosmetics; chemical compounds for use in construction; chemical compounds for water treatment; chemical and organic compounds and substances for treatment of leather and textile; salts for industrial purposes; starches for use in manufacturing and industry; putties and paste fillers for use in industry; fillers for vehicle body and tyre repair; synthetic resins, unprocessed; unprocessed plastics; unprocessed and synthetic resins; filtering materials [chemical, mineral, vegetable and other unprocessed plastic materials]; growing media, fertilizers and chemicals for use in agriculture, horticulture and forestry; tempering and soldering preparations; chemical substances for preserving foodstuffs; chemical and organic compositions for use in the manufacture of food and beverages; tanning substances; adhesives for use in industry; plastics in liquid form as binders for road markings and as sealants for concrete and screed surfaces; plastics as raw materials, namely esters of acrylic and/or methacrylic acid; unprocessed casting resins, injection moulding compounds as well as lacquer raw materials (except solvents and diluents) based on esters of acrylic and/or methacrylic acid; plastics in liquid form as binders for mineral fillers.

Class 02

Paints; varnishes, lacquers; coatings [paints]; binding preparations for paints; thickeners for paints; fixatives [varnishes], paints and surface coatings for use in the marking of walkways and roads; dyestuffs; pigments; binders for paints, varnishes and lacquers; plastics in liquid form used as binding agents for road marking paints; plastics coatings [paint] for use in construction; sealing preparations [paint]; sealing preparations for floors [paint]; concrete waterproofing compounds [paint]; liquid plastics surface coatings [paints]; preservatives against rust and against deterioration of wood; colorants; mordants; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; thinners and thickeners for paints, varnishes and inks.

Class 17

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; semi-finished products made of plastics for use in manufacture [in extruded form]; packing, stopping and insulating materials; flexible hoses [not of metal]; flexible pipes, tubes, hoses, and fittings therefor, including valves, non-metallic; seals, sealants and fillers [sealing compounds]; insulation articles and materials; acoustical insulation barrier panels; barriers for protection against radiation; barriers for protection against sound; dielectric barriers; plastic sheeting used in the construction industry as a vapor barrier; synthetic and composite materials, namely carbon fibres not for textile use, semi-processed cellulose acetate, glass wool for insulation, cast nylon for use in manufacture, chemical fibres not for textile use, microporous synthetic sheets for the

manufacture of protective clothing, protective workwear, protective rainwear and for use in manufacture, microporous synthetic strips for the manufacture of protective clothing, self-lubricating cast nylon for use in manufacture, viscose films, other than for packaging and wrapping purposes, viscose sheets [semi-finished product], yarns of ceramic fibres [other than for use in textiles]; semi-worked synthetic resins; semi-worked plastics; shock-absorbing buffers of rubber or plastics; vibration dampers; polymeric membranes and synthetic filtering materials in the nature of semi-processed foams or films of plastic; adhesive tapes, strips, bands and films for industrial purposes; clutch linings and semi-processed brake linings; rubber materials for recapping tires for tire restoration and repair; adhesive tapes for industrial purposes, namely adhesive tapes to protect against corrosion; articles of foamed plastics for use as bases of floral decorations; articles of foamed plastics for use as bases of floral tributes; adhesive coated films for use in manufacture; adhesive films, other than stationery and not for medical or household purposes; bonding film for heat-initiated lamination with printed matter; flexible plastic films, other than for packaging; laminated plastic films for use on windows; masking films; plastics films for use in laminates; adhesive tapes for industrial purposes being marking tapes; insulating materials of glass in the form of ribbons and tapes; sealing tape for use with insulated glass; rubber pouches; protective asbestos screens; rubber bands for commercial and industrial uses; threads of plastic for soldering; statues and works of art, namely decorative articles [badges] made of mica, decorative articles [badges] made of rubber, figurines made of rubber; decorative plastics films being semi-finished products; jointing compound; vibration damping compounds.

Class 19

Building and construction materials and elements, not of metal; doors, gates, windows, not of metal; rigid pipes, not of metal, for building; asphalt; pitch; bitumen; unprocessed and semi-processed materials not adapted for any specific use, included in this class, namely pitch, tar, bitumen and asphalt, stone, rock, clay, wood and artificial wood; structures and transportable buildings, not of metal; non-metallic, acid- and alkali-resistant and jointless wall coverings for buildings, other than paint; non-metallic road surfacing materials in liquid form as well as in the form of foils and slabs; statues and works of art made of stone, concrete and marble, included in the class.

SYNTAX

Goods and/or Services:

Class 01

Chemicals, reagents, enzymes, reagent kits comprising enzymes, monomers and solid supports, and reagent kits comprising enzymes, monomers and solid supports sold as a unit with synthesis plates, all for scientific research use, namely, for use in synthesizing polynucleotides, namely, for amplifying, assembling, and modifying genetic fragments, genotyping, modifying genes, and analyzing biological cells, samples, and systems, in biological, medical, and clinical laboratories and facilities using or storing nucleic acid molecules.

Class 05

Chemical reagents and enzymes for medical use, namely, for use in synthesizing polynucleotides, namely, for amplifying, assembling, and modifying genetic fragments, genotyping, modifying genes, and analyzing biological cells, samples, and systems, in biological, medical, and clinical laboratories and facilities using or storing nucleic acid molecules.

Class 09

Apparatus and instruments for synthesizing polynucleotides, namely, DNA and RNA, and parts and accessories therefor, namely, bottles, cartridges, vials, reaction plates, synthesis supports, reaction tubes, and related computer hardware and downloadable computer software for use in operating and interfacing with apparatus and instruments for synthesizing polynucleotides.

N I P P O N S A N S O

Goods and/or Services:

Class 01

Chemicals; gases for industrial use; stable isotope labeled chemical compounds; biochemical products used for scientific research, namely media used in microbiology and tissue cultures.

Class 04

Solid lubricants; liquid fuels; gaseous fuels; industrial oils; industrial greases; liquefied petroleum gases; liquefied natural gases.

Class 05

Drugs for medical purposes; pharmaceutical preparations; oxygen for medical use; gases for medical use.

Class 06

Loading and unloading pallets of metal; turntables for load handling; metal junctions for pipes; flanges of metal; reservoirs of metal; liquid storage tanks or reservoirs of metal; liquefied gas storage tanks of metal; gas storage tanks of metal; packaging containers of metal; metal containers for gas or gas bottles; high pressure gas metal containers; rods of metal for brazing and welding.

Class 07

Metalworking machines and tools; chemical processing machines and apparatus; food or beverage processing machines and apparatus; semiconductor manufacturing machines; non-electric prime movers, not for land vehicles; gas separation apparatus [machinery]; dry air generators; cold air generators; gas liquefiers, namely nitrogen liquefiers, oxygen liquefiers, argon liquefiers, carbon dioxide liquefiers; pressure swing adsorption units, namely vacuum pressure swing adsorption units [parts of machine], pressure swing adsorption units for the production of nitrogen [parts of machine], pressure swing adsorption units for the production of oxygen [parts of machines]; membrane filters for use as parts of machines units for the production of gases; membrane filters for use as parts of machines units for the production of nitrogen; hydrogen liquefiers; helium liquefiers; chemical vapor deposition (CVD) machines; chemical vapor deposition (CVD) machines for manufacturing semiconductors; exhaust gas treatment equipment for semiconductor manufacturing machines; trace gas condenser [parts of machines] for manufacturing semiconductors; conveying machines for high pressure gas containers; gas supplying apparatus being parts of machines used in the manufacture of semiconductors, liquid crystal displays and solar batteries; robotic handling and installation apparatus for liquefied oil gas cylinders; liquefied oil gas filling machines; machines for filling small gas bottles with liquefied gas such as oxygen, carbonic acid, and nitrogen stored in large cylinders and tanks; pressure adjusting apparatus (machine parts); machine apparatus for the recovery of noble gases, including helium, neon, argon, krypton, xenon and radon gases, used in the manufacture of semiconductor substrate material, silicon wafers, liquid crystal displays, solar batteries and magnetic discs; waste treatment machine for treatment of waste from of de-sludger machines, crushing machines, condensers, solid-liquid separators and exhaust gas used in an organic waste treatment system; gas supply hoses for gas welding machines; dry ice blasting machines and equipment for cleaning, decontamination, peeling pollutants and coatings off building structures, manufacturing machines, metallic molds, hand trucks; cleaning machines for peeling and cleaning pollutants and coatings (on the surface of items such as precision parts) off agricultural items such as fruits by blowing dry ice in powder format a high rate; cleaning machines for cleaning parts related to semiconductors such as semiconductor print substrate, semiconductor manufacturing machines, metallic molds, by

blowing dry ice in powder format a high rate; burring machines for resin-treated metal-processed goods; actuators for gas cylinder valve operation; electric arc welding machines; metal cutting machines (by arc, gas or plasma); electric welding apparatus; welding wire feeders [parts of machines].

Class 09

Fire extinguishers; fire alarms; gas alarms; training simulators for handling high pressure gases; laboratory apparatus and instruments; measuring and testing machines and instruments; power distribution or control machines and apparatus; telecommunication machines and apparatus; electronic publications; fuel cells and fuel batteries; moisture measuring system; mass spectrometers; testing apparatus not for medical purposes; space simulation chambers; oxygen respirators for filtering air for disaster prevention, rescuing, guidance in finding shelter during disasters, gas leaks and oxygen shortages; oxygen supply masks for use in emergency evacuations; computer system which oversees and warns of irregularities in operation, for example, of water and wind powered machines and apparatus such as pumps or vacuum pumps, or of exhaust gas treatment equipment for semiconductor manufacturing machines, or of other semiconductor manufacturing machines, by using a communication network; oxygen transvasing apparatus; apparatus for analyzing gases.

Class 10

Medical apparatus and instruments; medical oxygen therapy equipment incorporating oxygen transfilling apparatus, namely oxygen concentrators, oxygen conservers; oxygen inhalers for medical purposes; oxygen monitors for medical purposes; hyperbaric oxygen chambers for medical purposes.

Class 11

Drying apparatus for chemical processing; drying apparatus for manufacturing semiconductors; drying apparatus for manufacturing food products; drying apparatus for manufacturing pharmaceuticals; recuperators; evaporators; distillation apparatus; heat exchangers, other than parts of machines; industrial furnaces; freezing machines and apparatus; food freezing machines and equipment; water purifying apparatus; ultra low temperature cold storage apparatus for storing liquids with low boiling points such as liquid helium, liquid hydrogen, liquid nitrogen or liquefied natural gas; waste water purification units and equipment; exhaust gas treatment equipment for garbage incinerators; flue gas cleaning apparatus via electron beam; equipment for prevention of furnace explosions for industrial purposes; burners, lances, burner lances for industrial furnaces; purificatory gas supply apparatus for aluminum melting and holding furnace; exhaust gas treatment apparatus used in a system in which fuel and waste are burned; hydrants; pressure swing adsorption (PSA) apparatus for generating oxygen, membrane apparatus for generating oxygen, and cryogenic apparatus for generating oxygen; pressure swing adsorption (PSA) apparatus for generating nitrogen, membrane apparatus for generating nitrogen, and

cryogenic apparatus for generating nitrogen; pressure swing adsorption (PSA) apparatus for generating argon, membrane apparatus for generating argon, and cryogenic apparatus for generating argon; pressure swing adsorption (PSA) apparatus for generating carbon monoxide, membrane apparatus for generating carbon monoxide, and cryogenic apparatus for generating carbon monoxide; pressure swing adsorption (PSA) apparatus for generating carbon dioxide, membrane apparatus for generating carbon dioxide, and cryogenic apparatus for generating carbon dioxide; pressure swing adsorption (PSA) apparatus for generating hydrogen, membrane apparatus for generating hydrogen, and cryogenic apparatus for generating hydrogen; gas purifying units, namely argon purifying units, rare gas purifying units, krypton purifying units, xenon purifying units, neon purifying units, methane purifying units, carbon monoxide purifying units, carbon dioxide purifying units; hydrogen purifying units; helium purifying units.

Class 17

Valves of rubber or vulcanized fiber (not including machine elements); gaskets; junctions for pipes (not of metal); joint packings; carbon fibers, other than for textile use.

Class 37

Building construction; laying, repair, maintenance, replacement and refurbishment of pipelines; construction consultancy; repair or maintenance of building equipment; burner maintenance or repair; repair or maintenance of boilers; pump repair or maintenance; repair or maintenance of freezing machines and apparatus; repair or maintenance of electronic machines and apparatus; repair or maintenance of laboratory apparatus and instruments; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of medical machines and apparatus; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of gas separation apparatus; repair or maintenance of semiconductor manufacturing machines and systems; repair or maintenance of machines and apparatus for processing foods or beverages; repair or maintenance of storage tanks; bacterial sterilization and disinfection of machines and apparatus for medical use; repair or maintenance of exhaust gas treatment equipment for semiconductor manufacturing machines; repair or maintenance of chemical vapor deposition (CVD) thin-filmed equipment and apparatus for processed glass surfaces; repair or maintenance of chemical vapor deposition (CVD) thin-filmed equipment and apparatus for processed metal surfaces; repair or maintenance of chemical vapor deposition (CVD) thin-filmed equipment and apparatus for processed plastic surfaces.

Class 39

Car transport; truck transport; gas supplying (distribution); car parking; shipping or transport of gas for industrial use by oil tanker trucks and other cars or trucks.

Class 40

Water treating; provision of information relating to exhaust gas treatment equipment and semiconductor manufacturing apparatus for semiconductor manufacturing, and rental thereof; custom manufacture of synthetic chemicals; custom manufacture of synthetic compounds; custom manufacture of synthetic labeling compounds; custom manufacture of synthetic drug metabolites and intermediate raw material compounds; custom manufacture of synthetic proteins; custom manufacture of synthetic nucleic acids; custom manufacture of synthetic peptides.

Class 42

Designing of machines, apparatus, instruments (including their parts) or systems composed of such machines, apparatus and instruments; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing, inspection or research on agriculture, livestock breeding or fisheries; testing or research on machines, apparatus and instruments; rental of laboratory apparatus and instruments.

Class 44

Provision of medical information; health clinic services; rental of medical machines and apparatus.

Goods and/or Services:

Class 01

Chemicals and fertilizers used in industry, science and photography, as well as in agriculture, horticulture and forestry; chemicals for use in the treatment and conditioning of water and liquid manure; chemical substances, chemical materials and chemical preparations as well as unprocessed artificial and synthetic resins; emulsifiers; surface-active substances; refrigerants; grease dissolving preparations for use in industrial processes; reagents used for the quantitative determination of nitrogen and other elements in chemical substances; chemical additives for use in industrial cleaning processes; chemical additives for use in the cleaning agents for food processing industry, including the dairy industry; chlorinated chemical additives for use in the cleaning preparations for milking systems; boric acid and clean-in-place (CIP) water conditioners with chemical agents, all for use in sanitizing dairy milking systems; sulfuric, nitric, citric and phosphoric acid additives for use in industrial cleaning and sanitizing for milking systems on dairy farms; chemical additives for refrigerant fluids and hydraulic fluids; filtering media of artificial or natural substances, included in this class; unprocessed artificial resins; unprocessed plastics; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry.

Class 03

Cleaning, fragrancing, polishing, scouring and abrasive preparations [other than for office use]; detergents; laundry preparations; toiletries; soaps; skin care preparations; cosmetics for livestock; cloths impregnated with a detergent for cleaning and care; cleaning agents for use in the processing industry, including the food processing industry; all-purpose cleaning preparations for use in the dairy industry; acid-based cleaning preparations for removing milkstone, water scale and rust from pipelines, tanks, milking machines, and trenches used in the dairy industry; cleaning preparations for use in connection with dairy milk pipelines and milk tanks; udder washing detergents; cleaning preparations for milkers, milk-handling

equipment and systems for dairy farms and food contact surfaces; industrial detergents and sulfuric, nitric, citric and phosphoric acids having disinfectant properties, used to clean and rinse dairy farm milking equipment and teat dip applicators; acid and other detergents having disinfectant properties, used for clean-in-place (CIP) systems in the food processing industry, including the dairy industry.

Class 04

Industrial oils and greases; mineral and non-mineral oil for industrial purposes, namely for machinery; lubricants; lubricating oil; dust absorbing, dust wetting and dust binding compositions; fuels [including motor spirit] and illuminants; candles and wicks for lighting; non-chemical additives for refrigerant fluids and hydraulic fluids.

Class 05

Disinfectants and antiseptics; germicides; disinfectants for cooling apparatus; disinfectants for the food processing industry, including the dairy industry; disinfectants for dairy animals, for milkers and for machines, devices and other equipment used in the dairy industry; teat disinfectants; germicidal teat dips; sanitizing udder washes; medicated udder salve; sanitizing foaming teat dips; veterinary preparations, namely topical teat dips for tissue tightening; medicated hoof care preparations in the form of foot bath concentrates and topical solutions; sanitizers for hoof trimming equipment and utensils; dairy sanitation products, namely industrial sanitizer tablets used to clean, rinse and sanitize dairy farm milking equipment and teat dip applicators; disinfectant washes; disinfectants impregnated into tissues; medical and veterinary preparations and articles; veterinary preparations for the dairy industry; bacteriological preparations for medical or veterinary use; bacteria poisons; antiseptic sprays in aerosol form; mineral and dietary supplements for animal feed; iodine; medicated additives for animal foods; lotions for veterinary purposes; milking grease; pharmaceutical preparations; hygienic preparations; pest control preparations and articles; algaecides; preparations in the form of liquids or powders for removing moss; fly combating preparations; lice destroying preparations; insect repellents; biocides; preparations for destroying vermin; antibody reagents for medical purposes; reagents for use in polymerase chain reactions for DNA sequencing for medical purposes; anti-microbial hand soaps; germicides for food processing industry, including the dairy industry.

Class 06

Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery and small items of metal hardware; pipes and tubes of metal; unwrought or semi-wrought common metals; valves of metal [except for machine parts]; pipes, tanks, rods, tubes of metal and fittings and accessories therefor, included in this class; pipework and flanges of metal [collars]; fittings of metal for compressed air lines; parts for animal stalls and milking parlor equipment [building components of metal]; refrigerated milk storage

tanks made of metal; metallic building components in the form of metal milking parlor equipment, namely sequence gates, entry gates, exit gates, splashbacks, curbs, brisket boards; metallic building components in the form of dairy barn equipment, namely, freestalls, tiestalls, head selflocks, keder tubes used as hem pipes, cattle traffic control gates, namely telescoping gates, swing gates, and tip gates; metal gutter grates; steel trusses for livestock barns; partitions and partition fittings and clamps of metal; metal barriers for livestock; treatment stalls [structures] and gates made of metal; isolation stalls [structures] and gates made of metal; vats, channels, gates, doors, barriers and grates of metal, as well as fitting and accessories therefor; earmarks of metal for livestock; metal containers for storage or transport; closures of metal for containers; containers of metal for compressed gas or liquid air; metal hardware; pipe muffs of metal; transfer tubes of metal; milk reservoir vats of metal; manually activated metal valves, other than parts of machines.

Class 07

Machines and machine tools for treatment of materials and for manufacturing [other than for office use]; motors and engines [except for land vehicles and other than for office use]; machine coupling and transmission components [except for land vehicles]; agricultural implements other than hand-operated; emulsifying machines and homogenizers [machines for chemical processing or food production]; brewing machines; kneading machines; mixers [machines]; drilling machines; electric knives; blade holders [parts of machines]; knives [parts of machines]; stropping machines; milling and moulding machines [other than for office use]; pressing machines; mills and crushing machines; rasps [machines]; machines, mechanical apparatus, implements [machines] and parts thereof for the processing industry, in biotechnology, for use in the production and processing of drinking water, on oil rigs, in land and sea vehicles; machines, mechanical apparatus, implements [machines] and parts thereof for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for agricultural and dairy purposes, for oil extracting and oil processing, for energy production, waste water processing and for metal processing industries, for shipping, for drilling platforms and for use in cellars; machines for the production and processing of dry ice; motors, pumps and compressors for refrigerators and freezers; machines, mechanical apparatus and plants [machines] for the manufacturing of gases, chemical products, foodstuffs, including beverages; machines for dividing, clarifying, separating, mixing and conveying of liquid and/or solid mixtures and substances; centrifugal mixers; powder mixers; reverse osmosis machines for increasing the concentration of dissolved substances in liquids, filtering machines, separators, decanters and centrifuges; cartridges for filtering machines; rotating brush sieves [machines or parts of machines]; cyclones as parts of machinery; oil separators; filters, sieves and membranes as parts of machines and for motors and engines; compressors and fans [parts of machines]; pumps, in particular for beverages and other foodstuffs; air condensers; blowing machines for the compression, exhaustion and transport of gases; oil refining machines; electrical engines, other than for land vehicles; blowing machines; pump diaphragms; suction

machines for industrial purposes; electric machines for cleaning and implements; steam cleaners; food processing and preparation equipment, namely butter machines, computer-operated and non-computer-operated machines for the processing, further processing and packaging of foodstuffs, namely meat, poultry, fish, cheese, potatoes, vegetables and other vegetarian products, computer-operated and non-computer-operated machines for the pre-processing, processing and packaging of foodstuffs, namely meat, poultry, fish, cheese, potatoes, vegetables and other vegetarian products, in particular knives [parts of machines], mills, mixers [machines], emulsifying machines, machines for sausage production, machines for the production, processing and portioning of flour, albumen and bread crumbs, as well as automatic machines for the storage and packaging of foodstuffs, vacuum packing machines and machinery apparatus and mechanical equipment for the production, processing and refining of foodstuffs, semiluxury food and beverages; cutting machines; food slicers; slicers [machines, electric]; sausage making machines; labelling machines [other than for office use]; printers [other than for office use]; moving and handling machines; agitators; lifting and hoisting equipment; handling machines, automatic [manipulators]; palletisers; machines for lifting and parts thereof, included in this class; bottle filling machines; bottle washing machines; bottle capping machines; conveyors; belt conveyors; loading machines; automatic loading systems, consisting of loading cranes and loading machines; manure augers; vacuum packing machines; packaging machines; wrapping machines; foil wrapping machines; engines; pressure regulators [parts of machines]; heat exchangers being machine parts; crankcases for machines, motors and engines; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; pistons [parts of machines and engines]; regulators [parts of machines]; steam traps; control mechanisms for machines, engines or motors; valves [machine parts]; connection fittings being fitted parts of machines; expansion compensators, namely machine parts for compensating thermal stress; cleaners [machine parts]; machines for the energy and power plant industry; machines for the energy technology, included in this class; compressors for refrigerators; machines for agglomeration, granulation and lamination [coating] of materials, including foodstuffs and pharmaceutical preparations, and plants [machines] used for applying the fluid bed technology for commercial purposes; sealing machines for industrial purposes; filling machines; distilling machines; atomizers; machines using microwave technology for commercial purposes; machines for agricultural engineering purposes; environmental technology machines for commercial purposes; machines for industrial plant construction; machine tools; machines for applying the spraying technology and spray drying technology for commercial purposes; agricultural, earthmoving, construction, oil and gas extraction and mining machines; agricultural machines; electrolysis apparatus for the manufacturing of disinfectants; electric machines for the processing of foodstuffs; fodder presses; milking machines comprising of rotary and linear milking parlor installations; semi-automatic and automatic milking machines; milking machines; component parts for milking machines, namely milk stimulators, filters for milking machines, vacuum pumps, milk pumps, air compressing pumps, water pumps, chemical dispensing

pumps, power-operated teat sprayers, power-operated udder washers, aerators, milking system washers, industrial milking robots; vacuum regulators as parts of milking machines; milking machine retractors; pumps and pulsators for dairy industry [machines]; udder washing and spraying apparatus; stationary machines for automatically spraying cows with liquid insecticides and germicides; automatic feeding machines; machines for supplying fodder concentrate in fodder troughs; milking parlor equipment, namely manure scrapers [machines]; dairy barn and milking parlor equipment, namely power-operated manure scrapers; robotic and power-operated manure scrapers; manure augers, manure agitators, manure separators; tractor-towed farm implements [machines]; waste management systems, processing systems and recovery systems for manure, slurry and other animal waste, namely pumps or scrapers [machines] for the transport of solid and liquid animal excretions as well as presses for the separation of undigested solid elements; mechanized livestock feeders; machines and machine-operated equipment for cleaning purposes for use in the processing industry, including the food processing industry, in particular the dairy industry, namely machines for cleaning teats and hooves; teat cleaning machines; installations and components for processing and the disposal of manure and slurry for the generation of energy, namely pumps and conveyors; sweeping and cleaning machines; cleaning devices and machine-type cleaning apparatus, in particular chemical and/or mechanical cleaning apparatus and installations, in particular for the dairy industry, the brewing and beverage industry, the food industry, the chemical, pharmaceutical and cosmetics industry; stable cleaning machines; steamrollers; robots [machines]; condensing installations; mechanical watering systems for livestock; vacuum machines; vacuum installations being parts of milking machines; bottling plants [machines] for the bottling of solid, pasty and liquid substances and of heterogeneous substance mixtures; pumps for the food processing industry, including milking machine pumps; extractors for milking clusters, namely, machines for removing the milking equipment from the udder; dust removing installations and equipment; apparatus and equipment for the separation of solid and liquid materials of gaseous and/or liquid media; teat cups [suction cups] for milking machines; waste milk filtering machines for feeding waste milk to calves; gas generators [compressors] for milking machines, rubber and silicone teat cup liners.

Class 09

Apparatus and equipment for regulating, checking [supervision], controlling, measuring and switching electricity; electronic detecting and monitoring instruments, indicators and controllers; food analysis apparatus; quantity indicators; telemeters; diagnostic apparatus, not for medical purposes; transducers; flow meters; pressure gauges; refractometers; spectrometers; thermometers; remote controls; dosage dispensers; automatic liquid flow controls; electronic control installations for managing and monitoring dairy herds; testing apparatus, not for medical purposes; alignment and calibrating instruments; vacuum gauges; scales; electronic measuring, control and checking [supervision] apparatus and instruments for climate monitoring and climate control; data processing and data collection computer

installations and equipment; data processing installations and equipment; data transmission installations and equipment; electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data; electronic apparatus and equipment for the industrial and commercial measuring, monitoring and/or controlling technology; sensors and detectors; information technology and audiovisual equipment; scanners [other than for office use]; luminescence scanners; electronically encoded identity devices; electronically encoded identity devices for livestock; communications equipment; transmitters; radio receivers; audio-video receivers; transponders; electric apparatus for commutation; X-ray apparatus, not for medical purposes; electronic devices for safety, security, protection and signalling devices; neck tags [electronic transmission and reception apparatus]; protective and safety equipment; protective boots; protective gloves and protective clothing; protective goggles; software; application software; computer application software for mobile devices and computers; dairy herd management software and computer hardware; computer hardware; computer peripherals; optical devices, sensors and optical equipment; observation instruments; closed-circuit video observation systems comprised of closed circuit television camera and video monitor; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; electrical contacts; electric relays; apparatus for recording, storage, transmission or reproduction of sound or images; scientific surveying, photographic, cinematographic, optical, weighing, signalling apparatus and instruments; scientific research and laboratory apparatus, educational apparatus and simulators; chemistry apparatus and instruments; electronic publications, downloadable; electrical apparatus, instruments and cables; printed circuit boards; load cells; electronic animal scales and counting devices; electronic milk flow monitoring devices and milk meters; electronic data processing units, transmitters, receivers and transponders attached to cows for automatic recognition of animals, for supply of feed and fodder concentrate, for cow calendars, for determination of milk quantities and quality, for determination of milk temperatures, and for determination of washing temperatures; electric control panels for monitoring and operating milking systems; remote controls for automatically dispensing animal feed; automatic dispensers for supplying liquids in drinking bowls; electronic controllers for milk pipeline washers; automatic dispensers for supplying chemicals for milk pipeline washers; milking monitors, automatic liquid-flow controls for milking machines, automatic feed dispensers for dairy animals; flow sensors for milkers; distillation columns and units for laboratory use.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply as well as sanitary installations; air treatment and air purification equipment; deodorizing apparatus; air purifying installations; ventilation hoods; commercial and industrial dehumidifiers; HVAC apparatus [heating, ventilation and air conditioning]; heat-recovery installations; air cooling apparatus; air purifying apparatus and machines;

electrically powered blowers for ventilation; electric fans; regulating and safety accessories for water and gas installations; wet cooling towers and dry cooling towers with natural ventilation and/or forced ventilation for the cooling of liquid and/or vaporous media; burners, boilers and heaters; heat exchangers, other than parts of machines; heat regenerators; industrial furnaces; air reheaters; heat pumps; steam accumulators; heat accumulators; heat generating apparatus; stoves; incinerators; refrigerating and freezing equipment; refrigerating appliances and installations; cooling aggregates and cooling machines; refrigerating chambers; ice machines and apparatus; gas condensers, other than parts of machines; transport refrigeration units for land, air and water vehicles, trailers, shipping boxes and containers; water cooling apparatus; cooling installations, in particular for foodstuffs, including milk cooling installations; milk cooling apparatus, namely refrigerated milk storage tanks; milk coolers, namely chillers in the nature of a refrigeration unit used to cool a heat transfer medium and a heat exchanger in which the heat transfer medium cools milk as it comes from cows being milked; cooling and refrigerating installations for the construction industry for the cooling of concrete; cooling and refrigerating installations for the mining industry; cooling and refrigerating installations for sports and leisure facilities; refrigerating containers; ice making machines; lighting and lighting reflectors; lighting apparatus; LED lighting apparatus; lighting apparatus; discharge tubes, electric, for lighting; infrared and ultraviolet lamps not for medical purposes; sanitary installations; water supply and sanitation equipment; sterilization, disinfection and decontamination equipment; disinfectant apparatus; autoclaves; water sterilizers; sterilizers for foodstuffs including milk; steam sterilizers; water purification, desalination and conditioning installations; agricultural irrigation units; installations and apparatus for wastewater treatment; reverse osmosis devices, water filtering and water purification apparatus; pipes being parts of sanitary facilities; sterilizers [not for medical purposes]; food and beverage cooking, heating, roasting, grilling, and cooling equipment; electric deep fryers; extractor hoods for kitchen for industrial use; electric cooking utensils; electric kettles; coffee bean roasting machines; food dryers; roasting apparatus; infrared and microwave ovens for industrial purposes; pasteurizers; wastewater treatment installations; sterilizers for industrial purposes; industrial ovens and furnaces [not for food or beverages]; heat exchangers for chemical processing; flare stacks for use in the oil industry; heat exchangers for chemical processing; industrial water conditioning plants; gas scrubbing and purification apparatus; industrial installations for filtering liquids; installations for the collection of liquids [parts of water supply installations]; installations for the purification of gases; sewage treatment installations; drying apparatus and installations; installations and apparatus for the generating, transmission, extracting and recovery of heat; vaporizing installations, apparatus and appliances; drying apparatus; humidifying installations and equipment; humidifiers; filter installations and equipment for filtering gaseous and/or liquid media; installations and equipment for the cleaning of liquids; water purification, water treatment, water supply and water desalination installations and equipment; apparatus and equipment for producing steam and waste heat recovery; drying apparatus and plants [machines]

applying spray drying technology, namely spray-dryers and spray-granulators; heat drying and cooling machines as parts of plants for applying the liquid bed technology for commercial and industrial purposes; automatic watering installations; pressure water tanks; clean chambers [sanitary installations]; water intake apparatus; water filtering apparatus; water softening apparatus; water distribution installations; water heaters; water heating installations; air treatment apparatus and machines; germicidal lamps for purifying air; air filters for industrial and household use; water purification filters; filters for the separation of solid or liquid substances from liquids or gases, including the air; flues and installations for conveying exhaust gases; gas condensers, other than parts of machines; ionization apparatus for the treatment of air; valves being parts of sanitary, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply installations; milking parlor equipment, namely air curtains and faucet aerators; dairy barn and milking parlor equipment, namely electric circulating fans; ice machines for the production and processing of cubed ice, crushed ice and flaked ice; all aforementioned goods also manufactured according to customers' order; dairy barn and milking parlor equipment, namely power-operated ventilation curtains that open and close, and power-operated ventilation systems consisting of ventilation apparatus and installations for the roof of livestock barns.

Class 17

Rubber, gutta-percha, gum, asbestos, mica; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible tubes [not of metal]; seals, sealants and fillers; pipes of rubber, silicone or other synthetic materials for the food processing industry, including milk lines; flexible pipes, tubes, hoses, and fittings therefor, including valves; seals for pipe connections; insulation jackets for industrial pipes.

Class 18

Livestock products in the nature of a restraining device, namely harness for animals in the forms of chains, straps and fasteners.

Class 19

Livestock barn equipment, namely cushioned flooring for walkways.

Class 20

Cabinets for housing milking equipment; milk reservoir vats, not of metal.

Class 21

Water troughs; mangers for animals; metal troughs and pans for livestock; non-mechanized livestock waterers; rotating cylindrical brushes for livestock; animal-activated livestock waterers.

Class 25

Clothing, namely shirts, t-shirts, jackets, wind-resistant jackets, hats, caps, sweatshirts, vests,

sweaters, sweat pants, neckties, gloves and combinations [clothing].

Class 27

Barn stall equipment, namely stall mats, bedding mats and cushioned bedding mats for livestock which are laid on the floor of animal stalls.

Class 35

Advertising; marketing; promotional services; publication of publicity texts; public relations; market studies; market analysis; computerized business information services; computerized inventory control; administration of third party business interests [control, management, supervision]; business appraisals; business assistance, management and administrative services; clerical services; business consulting; business administration; accountancy, book keeping and auditing; business consulting services relating to data processing; business planning; dairy facility business planning services consisting of feed management; business advisory services for traders and the branch office staff in the milk-producing industry in the field of branch management, namely planning of the sales area development, sales planning and marketing planning, distribution techniques, distribution route management planning, personnel management and operational management; individual consultation in the field of general business management for dealers and dealership personnel in the dairy production and herd health industry; consultation on business management and data processing; organization of trade fairs for commercial or advertising purposes; provision of an on-line marketplace for buyers and sellers of goods and services; updating and maintenance of data in computer databases; business project management services for construction projects; business strategy development services; data processing; business analysis, research and information services; commercial information agency; cost price analysis; demonstration of goods; opinion polling; market research; collection and systematization of information into computer databases; drawing up of business statistical information; business feasibility studies; commercial business consultancy services; commercial information for consumers [consumer advice shop]; import-export agency services; retail and wholesale services in the fields of pharmaceutical, veterinary and sanitary preparations; price comparison services; outsourcing services [business assistance].

Class 36

Insurance; financial affairs and monetary affairs, including leasing transactions; corporate trustee services; financing and loan services; deposit banking; real estate affairs; financial information, data, advice and consultancy services; financial consulting services; consulting services for dealers and dealership personnel in the dairy production industry in the field of dealership route management, namely financial planning and management.

Class 37

Building construction; installation, repair and maintenance of machines, mechanical

apparatus, implements, motors and engines for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for agricultural and dairy purposes, for oil extracting and oil processing, for energy production, waste water processing and for metal processing industries, for shipping, for drilling platforms and for use in cellars; installation, repair and maintenance of regulating, checking [supervision], control, measuring and switching installations, apparatus and instruments, air conditioning installations, detecting and monitoring instruments, data processing installations and equipment, data collection installations and equipment, data output installations and equipment and data transmission installations and equipment; installation, repair and maintenance of lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply equipment as well as sanitary installations; steel structure construction; building construction, including structural and civil engineering and including the building of industrial and mechanical installations and of buildings; factory construction; shipbuilding; building construction supervision; installation of industrial and mechanical installations; construction information; cleaning services; installation of temporary structures for trade fairs; interference suppression in electrical apparatus; retrofitting of machines; repair or maintenance of machines, installations [facilities] and apparatuses; installation, maintenance and repair of machines, installations [facilities] and apparatuses; installation, maintenance and repair of agricultural facilities; installation and maintenance of dairy parlor equipment; consultancy relating to installation, maintenance and repair services; providing information relating to installation, maintenance and repair services; rental of mining machines and apparatus; rental of oil extracting, drilling and mining tools in the form of motors; construction consultation; maintenance service consultancy; rental of oil extracting machines and apparatus.

Class 39

Delivery of dairy farm equipment; delivery of dairy farm hygiene products, namely dairy farm equipment hygiene products and animal hygiene products; delivery of animal health products; delivery of dairy farm supplies, and repair and replacement parts for dairy farm equipment; rental of refrigerating apparatus; rental of apparatus for water supply.

Class 40

Material treatment information; refrigerant recovery services; providing information relating to the processing and conversion of foodstuffs; printing, and photographic and cinematographic development; photographic processing; rental of machines, mechanical apparatus and implements for use in the industrial manufacturing process in the field of chemical, pharmaceutical, cosmetic, food and beverage industries; rental of machines, mechanical apparatus and implements for dairy processing, for oil processing, for energy production, for waste water treatment and metal processing; rental of heating, steam generating, drying and ventilating apparatus for use in the industrial manufacturing process; providing information relating to the rental of air conditioning apparatus or of chemical

processing machines and apparatus; providing information relating to the rental of machines and apparatus for food processing or beverage production; providing information relating to the rental of room cooling units for commercial or industrial purposes; providing information relating to the rental of water purification apparatus; rental of motors for the industrial manufacturing and processing purposes in the field of chemical, pharmaceutical, cosmetic, food and beverage industries, for dairy processing, oil processing, for energy production, for waste water processing and metal processing industries.

Class 41

Training services for dairy producers and dealers and dealership personnel in the dairy production industry, namely conducting workshops, seminars and classes, and individualized training in the field of dairy farm hygiene, namely dairy farm equipment hygiene and animal hygiene, animal health, milking system analysis, and milking management; training services for dealers and dealership personnel in the dairy production industry, namely conducting workshops, seminars and classes in the field of dealership route management and general business management, namely financial planning and management, territory development planning, sales and marketing planning, sales techniques, route management planning, manpower management, and operations management; educational services, namely conducting classes, seminars, conferences, and workshops in the field of general business management for dealers and dealership personnel in the dairy production and herd health industry.

Class 42

Scientific and technological services; services for monitoring industrial processes; engineering services; physics research; construction drafting; architectural and urban planning services; industrial and medical research; consultancy in the field of energy-saving; research in the field of agricultural chemistry; IT programming services; IT consultancy, advisory and information services; design and development of computer hardware; data duplication and conversion services, data encryption services; IT security services in the nature of protection and recovery of computer data; software design, development, programming and implementation; computer programming; data mining; hosting services and software as a service and rental of software; cloud computing; architectural and construction drafting; preparation of data processing programs; rental of computer software, computer hardware and facilities; surveying; validation and quality assurance with respect to software components and hardware components; technological consultancy and preparation of reports relating to technological research; design, technical development and technical planning of industrial plants and machines; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; technical consultancy services for dairy producers in the field of water quality testing and analysis and maintenance assessment of the performance and reliability of milking and cooling systems and of the

udder washing system function; technological consultancy services to assist dairy producers in optimizing milk production performance and in maximizing milking efficiency by analyzing data, namely milking vacuum levels, pulsation rates, ratios and characteristics, teat cup design and composition, milk production and dairy operator routines; consultancy relating to the use of dairy parlors and dairy facilities by providing technological consultation on milking equipment, level of automation, technical equipment monitoring measures, electrical equipment needs, water quality monitoring, design and planning of milking boxes; technical consultancy in the field of science, engineering and information technology; technological consultancy in the field of numerical fluid mechanics and development of fluid-mechanical computer models; consultancy regarding technical research in the field of foodstuffs and beverages; consultancy in the field of biotechnology; consultancy in the field of pharmaceutical research; consultancy in the field of veterinary research and development; technological consultancy in the field of renewable energy; consultancy in the field of environmentally friendly technologies; providing technological consultancy on milking time and procedures, as part of design services for dairy parlor and dairy facilities; providing technological consultation to dairy producers, as part of milking system design services, relating to vacuum pumps, controllers and pulsators used with milking machines, milking units, pipelines, dairy operator performance, sanitation and supplies, milk storage and cooling, service schedules, milk pumps and milk filtering, timing and flow control devices; natural science services; chemical analysis for the optimization of hygiene in the food processing industry, including on dairy farms; chemical analysis for trade and industry, including the food processing industry and the dairy industry; provision of scientific information, advice and consultancy in relation to carbon offsetting; material testing; technical project management for planning and development of industrial installations and machines; industrial analysis and research services; services of a research and development office; creation of new products; electronic data storage; data programming; data programming for others; design services; new product design; planning of commercially used facilities and industrial plants, in particular of the food industry, including of dairy facilities; technology consulting; technological analysis services; research laboratories and laboratory testing services; chemistry services; electrical engineering services; chemical engineering; scientific research; technical project studies; surveying and exploration services; preparation of scientific reports; research, development and design of new machines and installations for others in the field of food processing and packaging; scientific testing services; research and development of new products for others; testing, authentication and quality control; technical testing services; conducting chemical analyses; analysing of manufacturing processes; measuring and analysis of emission and pollutant concentration; materials testing and evaluation; product testing; calibration services; rental of regulating, checking [supervision], control, measuring and switching installations, apparatus and devices, detecting and monitoring instruments, data processing, data collection, data output and data transmission installations and equipment; dairy facility planning services, namely laying out of milking parlors and waiting areas, dairy stables, calf and mother animal stables

as well as cow comfort and traffic patterns; dairy parlor and dairy facilities design services.

Class 44

Consulting services for dairy producers in the field of dairy farm hygiene, namely dairy farm equipment hygiene and animal hygiene, animal health, and total farm hygiene; providing consultation and information regarding the treatment and prevention of foot diseases in cows and related foot care services for cows.

Goods and/or Services:

Class 03

Adhesives for affixing false hair; aromatics for household purposes; de-humidifying agents for household use; deodorants for animals; shampoos for animals (non-medicated grooming preparations); diffusing aromatic essential oils; scented room sprays; scented linen sprays; room fragrances; aromatic oils; breath freshener for pets (other than for medical purposes); cosmetics for animals; hair rinse for pets; aromatics for pets (other than for medical purposes); aromatics for use in automobiles; terpenes (essential oils); fragrances and perfumery; adhesive tapes for affixing hair; nail art stickers; false eyelashes; false nails; oil removing papers for cosmetic purposes; spirit gum for cosmetic use; cosmetic cotton puffs; cotton wool and cotton tip sticks for cosmetic purposes; tissues impregnated with cosmetics.

Class 04

Lighter fluid; lamp wicks; biomass fuel; candles containing insect repellent; benzene; butane gas; grease for footwear; candles and wicks for lighting; hardwood charcoal; tinder; mineral oil for use in the manufacture of cosmetics and skin care products.

Class 05

Deodorizing preparations for household, commercial or industrial use; air deodorising preparations; baby food made from agricultural products; mosquito-repellent bands; breast pads for preventing breast milk leakage; court plaster; bunion pads; mothproof paper; bandages for dressings; deodorants, other than for human beings or for animals; disinfectant swabs; sanitizing wipes; sponges for healing wounds; sanitary belts; fabric deodorizers; adult diapers; room deodorants; eye patches for medical purposes; diapers for pets; tissues and wipes impregnated with pharmaceutical lotions and creams; food for babies (except lacteal flour for babies); sanitary panties; babies' diapers; dietary supplements for infants; cotton sticks for medical purposes; bacterial preparations for medical and veterinary use; automobile deodorizers; tampons; fly glue; pantyliners; milk powders (foodstuff for babies); powdered milk foods for infants; food for babies.

Class 08

Police batons; manually operated tools for injecting solid fertilizer spikes into the soil (gardening tools); golf course rakes; lasts (shoemakers' hand tools); callus cutters; daggers; Chinese style carpenters' inkpots (carpenter's hand-operated tools); bushhammers (stone hammers); fire tongs; ice axes; scrapers for skis; temperature controlled electric flat irons; artificial whetstones (sharpening stones); chef knives; ear piercing apparatus; shaving blades; cartridges containing razor blades; razor knives; hair-removing tweezers; apparatus for tattooing; non-electric nail clippers; non-electric hair clippers; non-electric depilation appliances; eyelash curlers; nail clippers; nail files; manual clippers; hand implements for hair curling; orange sticks (manicure implements); hair cutting scissors; disposable razors; electric manicure sets; snips; pruners (hand tools); dog clippers; truncheons; sand trap rakes; lasts for shoe-making (hand tools); fire irons; flat irons; razors; scissors (stationery); box cutters; non-electric scissors for wallpaper; non-electric screwdrivers; manicure sets; agricultural implements, hand-operated; table knives, forks and spoons of plastic; sharpening instruments; electric nail clippers; hair clippers for personal use, electric and non-electric; electric epilators; knives; cutters (hand operated tools); utility knife; saws (hand tools); side arms, other than firearms; portable multi-function hand tools.

Class 09

Egg-candlers; optical glass; teaching robots; downloadable coupon; recorded MP3 file (of music); road warning lamps; electronic collars to train animals; metronomes; dust protective masks; flotation vests; video game cassettes; emergency drench showers; chest protectors for the prevention of accident or injury (other than specifically adapted for sport); boots for protection against accidents, irradiation and fire; gloves for protection against accidents; electrified rails for mounting spot lights; satellite apparatus; ion beam supply apparatus; weight belts for divers; electrified fences; coin-operated mechanisms for operating gates for car parks or car parking lots; T-squares for measuring; card operated electronic locks; encoded magnetic cards; photomask blanks; digital lock for safes; digital door locks; electronic lock for lockers; adapter plugs; electronic tag for using as a key; magnetic encoded keycard; magnetic key cards; magnets; electromechanical locking devices; safety locking devices (electric); locks (electric) with alarms; locks, electric; electrical plugs and sockets; electronic door locks; electronic digital lock; electronic key cards; electronic keys; electronic locks; fingerprint door locks; wired and wireless door locks apparatus for access control; DVD players; smartwatches that communicate data to PDAs; USB wireless routers; USB adapters; dry cells; grip tok (cellphone accessories); laptop cases; monitors; wireless communication devices; wireless speakers; mounts for wireless phones; mobile phone cradles for use in automobiles; wireless headsets; wrist-mounted smartphones; smart rings; smartglasses; smartwatches; smart phone USB connector; smartphone mounts; selfie sticks used as smartphone accessories; smartphones; waterproof cases for smart phones; protective cases for smart phones; protective films adapted for smartphones; smart phone speakers; smartphones in the shape of a watch; spectacles (optics); eyewear type smart

phone; liquid crystal display (LCD) televisions; audio equipment; walkie-talkies; wearable computers; apparatus for the reproduction of sound or images; earphones; electric audio and visual apparatus and instruments; electric telecommunications apparatus; electronic memory units; video recording apparatus for vehicles; black box camera for cars; apparatus for mounting in vehicles for car videorecorders; cameras; camera bags; camera tripods; computers; peripherals adapted for use with computers; computer printers; tablet PCs; covers for tablet computers; projectors; headsets; headphones; handheld media players; portable computers; cellular phones; wireless headset for cellphones.

Class 10

Horsehair gloves for massage; penis enlargers (adult sexual stimulation aids); cardiopulmonary resuscitation (CPR) masks; heat-insulated sheet for medical purposes.

Class 11

Gas grills; filters for air conditioning unit; apparatus for heating, ventilating and air conditioning; heating and air conditioning apparatus; tobacco roasters; lamp mantles; room air conditioner; reverse osmosis water purification units; luminous house numbers; radiant heaters; hot water heating packs (not for medical purposes); shower enclosures; ceramic heater for industrial furnace; washers for water taps; toilets (water-closets); aquarium heaters; harvest drying apparatus; sinks; air-conditioning, air cooling and ventilation apparatus and instruments; oven gas igniters; beverage-cooling apparatus; apparatus for dehydrating food waste; Japanese kitchen furnaces (kamado); water-saving toilets; fabric steamers; reflectors for railway vehicles; sun lamps; navigation lights for aircraft; water distribution installations; saunas with beds sold as a unit; drains being fittings for basins; drain filters being parts of fittings for basins; tap water faucets; faucet sprayers; faucet filters; transportable stone spa place; turkish bath cabinets, portable; tanning booths; tanning apparatus (sun beds); faucets for kitchens.

Class 16

Garbage bags of paper (for household use); plastic flexible packaging film sold in bulk to industrial and commercial manufacturers; masking papers; moulds for modelling clays (artists' materials); sealing beeswax; vinyl toilet bowls sheet cover; furniture covers of paper, not fitted; credit cards without magnetic coding; correcting ink (heliography); cigar bands; disposable housebreaking pads for pets; packing (cushioning, stuffing) materials of paper or cardboard; shipping labels of paper; paper sandwich bags; paper bunting; cream containers of paper; packaging boxes of paper; flower-pot covers of paper; customized personal checks; cardboard containers; paint roller handles; patterns for flower knitting; plastic materials for packaging; figurines of papier mache; coarse tissue for use in toilet; passport holders of leather; money clips of precious metal; metal money clips; money clips; money clips, not of metal; checkbook cases; passport cases; paper carton sealing tape for household use; adhesives for household purposes (other than for stationery use); histological sections for

teaching purposes; diary; stationery; glue sticks for stationery or household purposes; correcting pens; pocket notebooks; stickers; printing papers; kitchen towels of paper; party ornaments of paper; paper patterns; pen or pencil holders; plastic credit cards (other than magnetic).

Class 18

Trimmings of leather for furniture; leather and imitations of leather; labels of leather; leather pouches; chin straps, of leather; packaging containers of leather; dog bellybands; boxes of vulcanized fibre; nose bags (feed bags); tips specially adapted for hiking poles; raw skins (pelts); straps for skates; saddle covers; parasol handles; umbrellas, parasols and walking sticks; knob for bags and pouches; bags; tool bags, empty; rucksacks for mountaineers; luggage tags; pouches for holding make-up, keys and other personal items; belt bags and hip bags; beach bags; briefcases; shopping bags; suitcases; sport bags; credit card cases and holders; children's bags; travelling trunks; key cases; carrying bags; purses; handbags; toiletry cases sold empty; cosmetic bags sold empty; portable cosmetic cases (sold empty).

Class 20

Business consulting; human resources consulting; providing career information; providing advice concerning career selection and placement; psychological and personality testing and test-scoring for the selection of personnel and managers; administering and scoring tests in the field of business leadership development for the selection and management of personnel, and to determine job competency; provision of information in the fields of psychological and personality testing for business purposes, all via a website; preparing, administering, and scoring tests for business skills and competency; business data analysis; analysis of business data in the fields of careers, leadership and personnel; retail and online retail store services in relation to psychological and personality test instruments, and downloadable and printed materials in the fields of personality type, personality assessment, personality testing, personality test scoring and assessment, psychology, business, careers, leadership, organizational behaviour and growth, group dynamics, interpersonal relationships, interpersonal communication, conflict management, relationship skills, self-development, personal development, performance management, talent management, management development, team and individual development, sensitivity training, diversity and inclusion, ethics, personal effectiveness, employee engagement, employee onboarding, customer service, reorganization management, and cognitive assessments, cognitive training, cognitive fitness services; retail and online retail store services in relation to psychological and personality test instruments, and downloadable and printed materials in the fields of individual and team development, individual and team performance, team management, personnel selection, employee productivity and human resources; psychometric testing for the selection of personnel.

Class 41

Online journals and blogs in relation to psychology, behavioural science, and cognitive science, business information, training and education, personality, career, conflict management, education, leadership attitudes; educational services, namely, providing instruction and training to business managers in the field of enhancing human thought, communication, behaviour and cognition skills; providing educational examinations in the

field of enhancing human thought, human communication, behaviour and cognition skills; electronic publishing services, namely, publication of text and graphic works of others on-line for the purpose of enhancing human thought, communication, behaviour and cognition skills; provision of business training, in the fields of performance management, talent management, management development, team and individual development, sensitivity training, diversity and inclusion, ethics, personal effectiveness, employee engagement, employee onboarding, customer service, and reorganization management, cognitive assessments, cognitive training, cognitive fitness services, all via a website; editing, publishing and distribution of printed educational materials of others in the field of performance management, talent management, management development, team and individual development, sensitivity training, diversity and inclusion, ethics, personal effectiveness, employee engagement, employee onboarding, customer service, and reorganization management, cognitive assessments, cognitive training, cognitive fitness services; business training in the field of performance management, talent management, management development, team and individual development, sensitivity training, diversity and inclusion, ethics, personal effectiveness, employee engagement, employee onboarding, customer service, reorganization management, and cognitive assessments, cognitive training, cognitive fitness services.

Class 42

Non-downloadable computer software for administering and scoring personality, psychology, career, conflict management, education, leadership attitudes; providing temporary use of non-downloadable computer software for providing feedback on and generating reports regarding personality, psychology, career, conflict management, education, leadership attitudes; non-downloadable computer software for identifying personality type; non-downloadable computer software for collecting, analysing and processing psychological, personality, career, leadership, personnel selection, and organizational data.

Class 44

Psychological testing; providing psychological and personality testing services; administering and scoring psychological and personality tests; administering and scoring psychological and personality tests for psychological purposes in the fields of conflict management and leadership development; providing information regarding personality type, personality assessment, personality testing, personality test scoring, personality test assessment for psychological purposes; psychological data analysis.

Class 08

Hand-operated tools; cutlery; forks and spoons, razors; cutlery, table cutlery; salad cutlery; serving cutlery, knives, silver plate.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling of electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin operated apparatus; cash registers; calculating machines; data processing equipment; computers; fire extinguishers; spectacles, frames for eyewear, spectacle frames, spectacle temples, spectacle glasses, optical glasses, sunglasses, goggles for sports, goggles, accessories for spectacles, spectacle cases, custom made cases, leather cases and bags for data processing equipment, especially for mobile phones, notebooks / laptops, smart phones; binoculars.

Class 14

Precious metals and their alloys; ornaments made of precious metals or coated therewith; jewels; jewellery; precious stones; watches; time keeping instruments; fashion jewellery; watch bands.

Class 16

Paper; millboard; printed matter; bookbinding material; photographs [printed]; stationery; office requisites, except furniture; adhesives for stationery or household purposes; artists' materials; drawing materials; paintbrushes; teaching materials [except apparatus]; foils and bags made of plastic for packing and packaging purposes; type [numerals and letters]; printing blocks.

Class 18

Leather and imitations of leather; animal skins; hides; trunks and travelling bags; umbrellas; parasols; walking sticks; whips; harness; saddlery; bags, handbags, travelling bags, school bags, satchels, rucksacks, unfitted vanity cases, purses, wallets, briefcases, key cases, unfitted cosmetic cases, card cases, leather cases, leather cases with slide locks, hip bags, bum bags, briefcases (leather goods), travelling sets (leather goods), not included in other classes.

Class 20

Furniture; mirrors; picture frames; bed frames; carved picture frames; display frames; embroidery frames; frames for bed canopies; frames for display boards; frames for mirrors; frames for photographs; frames for pictures; frames for signboards; frames for tapestries; furniture frames; holders for photographs [frames]; leather picture frames; picture frames of precious metal; picture frames of metal; picture frames of non-metallic materials; picture frames; shelving frames, not of metal [furniture]; shelving frames of metal [furniture]; storage frames [furniture], cushions, decoration cushions, pillows, seat cushions, clothes hangers, magazine rack, clothes racks (furniture), baskets (not of metal), furniture for home, made of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, pearl, meerschaum and substitutes, or of plastics; bathroom fittings, not of metal; bedding, except linen; beds; cushions; divans; door fittings, not of metal; figurines of wood, wax, plaster or plastic; mirrors; mother of pearl, unworked or semi worked; window fittings, not of metal; household articles made of wood, wicker, reed, plastic, cork and cane for decoration purposes; objects made of plaster, plastics, wax and wood for decoration; wall decorations of plastic, plaster, wax and wood; household furniture; containers made of wood and synthetic material, other than for household or kitchen use; curtain holders, not of textile material; curtain holders, not of textile material; bottle closures not of metal.

Class 21

Household or kitchen utensils and containers; combs and sponges; brushes (except paint brushes); brush-making materials; unworked or semi-worked glass (except glass used in building); glassware, porcelain and earthenware not included in other classes; plant-pot covers, not of paper; flower pots; flower-pot covers, not of paper; tins; soap dishes; soap boxes; crockery; tableware, except forks, knives and spoons; coffee sets; tea sets; drinking vessels; coffeepots; teapots; glassware; cups; pitchers; jugs; decanters; drinking bottle; cooking ware; roasting ware; baking ware; pots; pans; coasters, not of paper or textile; bottle cooler; wine cooler; champagne buckets; trays; bread baskets; egg cups; candlesticks; candle holders; soap dispensers; perfume sprayer; perfume atomizers; vases; bottle openers; corkscrews; ice pails; salt and pepper shakers; pepper mills; napkin rings; napkin holders; knife rests; tealight holders; potholders; oven mitts; under plates; table plates; dishes; salad bowls; food storage containers in the form of boxes/cases; oil vinegar cruets; cooking spoons [cooking utensils]; basting spoons [cooking utensils]; mixing spoons; champagne

buckets.

Class 23

Yarns and threads for textile use.

Class 24

Textiles; bed and table covers; bed clothes and blankets; sheets [textile]; fitted sheets; duvet covers; mattress covers; bed sheets; towelling [textile]; towelling coverlets; Turkish towels; face cloths of towelling; quilts made of terry cloth; terry linen; towels; bath linen; bath towels; beach towels; washcloths; blankets; bedspreads; table linen; textile tablecloths; cloth napkins, table mats of textiles; table runners not of paper; textile place mats; linen (household); cushion covers; decorative cushion covers; pillow covers; seat covers [loose] for furniture; unfitted fabric slipcovers for furniture; bedspreads; curtains; drapes; fabrics; textile handkerchiefs; quilt bedding mats; textile tablecloths on the roll; kitchen textiles; dish towels; shower curtains made of textile material or plastic foil; textile curtain holders; curtain holders of textile materials.

Class 25

Clothing; footwear; headgear; outerwear for men, women and children; pants; jeans; coats; dresses; skirts; suits; ties; bathing robes; nightwear; aprons for cooking; underclothes; ladies' underwear; undergarments; corsetry; hosiery; socks; belts; suspenders; scarves; hats; shawls; gloves; leg warmers; headbands; swimwear; clothing for children and babies; leisure and city shoes for gentlemen and ladies; children shoes; clothing, footwear and headgear for sports especially jogging, fitness training, gymnastics, yoga, golf, tennis, squash, badminton, water sports, sailing, windsurfing, canoeing, diving, rowing, downhill skiing, cross country skiing, snowboarding, soccer, basketball, handball, volleyball, baseball, in-line skating, skateboarding, roller skating, hockey, ice hockey, ice skating, football, cycling, equestrian sports; jersey clothing; hiking, trekking, climbing and outdoor clothing; hiking, trekking, climbing and outdoor footwear.

Class 26

Lace; embroidery; ribbons and braid; buttons; hooks and eyes; needles; artificial flowers; decorative articles for the hair, synthetic hair; leather accessories for clothing.

Class 27

Carpets; door mats; mats; linoleum; other materials for covering existing floors; wall hangings (non-textile); carpet runners; rugs; bath mats; textile wallpapers.

Class 35

Retail services, wholesale services, online or catalogue mail order retail services in each of the areas of: apparel, garments, fashion accessories, belts, footwear, headgear, cosmetics, personal care, beauty care products, perfumery, essential oils, spectacles, parts for

eyeglasses, spectacle frames, sunglasses, accessories for spectacles and sunglasses, eyeglass cases, leather and imitations of leather and articles thereof, bags, handbags, suitcases, luggage, backpacks, umbrellas, parasols, purses, wallets, key cases, cosmetic cases, leather cases, watches and time instruments, watchstraps, jewellery, fashion jewellery, jewels, furniture products and decorative products, furniture, mirrors, frames, picture frames, cushions, decorative cushions, pillows, curtain holders, bottle caps, textiles and textile goods, blankets, sheets, fitted sheets, terry linen, towels, bedspreads, quilts (duvets), table linen, tablecloths, placemats, table runners, table cloth on the roll, cloth napkins, kitchen textiles, dish towels, home textiles, shower curtains of textile or plastic foil, curtain holders, curtain holders of textile materials, cutlery, salad cutlery, table cutlery, forks, spoons, knives, silver plate, kitchen and household goods, combs, sponges, brushes (except paint brushes), glassware, porcelain, stoneware, tableware, carpets, door mats, mats, bath mats, rugs, flooring, wallpaper, paper and millboard, printed matter, bookbinding material, photographs [printed], stationery, office requisites, except furniture, adhesives for stationery or household purposes, artists' materials, drawing materials, paintbrushes, teaching materials [except apparatus], foils and bags made of plastic for packing and packaging purposes, type [numerals and letters], printing blocks, yarns and threads for textile use, lace and embroidery, ribbons and braid, buttons, hooks and eyes, needles, artificial flowers, decorative articles for the hair, synthetic hair.
