General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Transmission of messages by telephone; Transmission of messages by telephone and facsimile; Transmission of messages by teleprinter; Transmission of messages by telex; Transmission of messages over electronic media; Transmission of messages, data and content via the Internet and other communications networks; Transmission of multimedia content via the Internet; Transmission of news; Transmission of news and current affairs information; Transmission of news items to news reporting organizations; Transmission of pictures by satellite; Transmission of podcasts; Transmission of radio and television programmes; Transmission of radio and television programmes by satellite; Transmission of radio and television programs; Transmission of radio programmes; Transmission of radio programs; Transmission of short messages; Transmission of sound by electronic means; Transmission of sound by satellite; Transmission of sound, picture and data signals; Transmission of sound, video and information; Transmission of stock market information with the help of telecommunication media; Transmission of telegrams; Transmission of telephone calls; Transmission of television programmes; Transmission of television programs; Transmission of telexes; Transmission of user-generated content via the Internet; Transmission of video data via the Internet; Transmission of video films; Transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the Internet; Video broadcasting; Video communication services; Video conference services [telecommunications services]; Video conferencing services; Video messaging services; Video narrowcasting services; Video on demand transmissions; Video streaming services; Video teleconferencing; Video telephone services; Video transmission services; Video transmission via digital networks; Video, audio and television streaming services; Videoconferencing; Videoconferencing services; Video-on-demand transmission; Video-on-demand transmission services; Videotext services; Virtual chatrooms established via text messaging; Voice mail services; Voice message retrieval services; Voice message storage services; Voice messaging services; Voice over IP services; Voice transmission services; Voice-activated dialing services; Voicemail services; Web messaging; Web portal services [providing user access to global computer network]; Webcasting; Webcasting services; Wire service; Wireless broadcasting; Wireless communication services; Wireless digital messaging services; Wireless electronic transmission of data; Wireless electronic transmission of facsimiles; Wireless electronic transmission of images; Wireless electronic transmission of voice signals; Wireless PBX services; Wireless telephone services; Wireless transfer of data via digital mobile telephony; Wireless transfer of data via the Internet; Wireless transfer of data via wireless application protocols; Wireless voice mail services.

Class 42

Accreditation services [certification of competence and quality] in the area of expertise of an organization or a person; Accreditation services relating to the application of quality standards; Acoustics consultancy for scientific purposes; Administration of mail servers; Administration of user rights in computer networks; Advice relating to the design of

computer hardware; Advisory and information services relating to computer peripherals; Advisory and information services relating to computer software; Advisory services in the field of product development and quality improvement of software; Advisory services relating to architecture; Advisory services relating to biochemistry; Advisory services relating to building design; Advisory services relating to computer hardware; Advisory services relating to computer programming; Advisory services relating to computer software; Advisory services relating to computer system analysis; Advisory services relating to computer system design; Advisory services relating to computers; Advisory services relating to energy efficiency; Advisory services relating to environmental pollution; Advisory services relating to environmental protection; Advisory services relating to gene therapy research; Advisory services relating to industrial design; Advisory services relating to interior design; Advisory services relating to material testing; Advisory services relating to pharmacology; Advisory services relating to planning applications; Advisory services relating to pollution control; Advisory services relating to product testing; Advisory services relating to science; Advisory services relating to scientific research; Advisory services relating to technological research; Advisory services relating to the design and development of computer hardware; Advisory services relating to the planning of premises; Advisory services relating to the preparation of quality standards; Advisory services relating to the safety testing of products; Advisory services relating to the use of energy; Aerial surveying services; Aeronautical design; Agricultural research; Agricultural research services; Agrochemical research services; Agronomy services; Air flow measurement services; Aircraft design; Allergy testing for research and science use; Analysis and evaluation of product design; Analysis and evaluation of product development; Analysis and testing services relating to electrical engineering apparatus; Analysis for oil field exploration; Analysis for oil research; Analysis for oil-field exploitation; Analysis in the field of molecular biology; Analysis in the field of oil exploration; Analysis of air; Analysis of building materials; Analysis of geological samples; Analysis of human serum for medical research; Analysis of human tissues for medical research; Analysis of materials; Analysis of oil deposits; Analysis of oil fields; Analysis of oil reservoirs; Analysis of stream water quality; Analysis of telecommunication signals; Analysis of the mode of action of chemical combinations on animals; Analysis of tissues for medical research; Analysis of water; Analysis of water quality; Analysis services for oil field exploration; Analysis services for oil-field exploration; Analytical laboratory services; Analytical services relating to computers; Animal semen testing services for research purposes; Animation design for others; Application service provider [ASP] services; Archaeological exploration; Archaeological exploration and research; Archaeological research; Archeological exploration; Archeological research; Architectural advisory services; Architectural and engineering services; Architectural consultancy; Architectural consultancy services; Architectural consultation; Architectural design; Architectural design services; Architectural planning services; Architectural project management; Architectural research; Architectural services; Architectural services for the design of buildings; Architectural services for the design of commercial buildings; Architectural services for the design of industrial buildings;

Architectural services for the design of office buildings; Architectural services for the design of retail premises; Architectural services for the design of shopping centers; Architectural services relating to land development; Architectural services relating to the development of land; Artificial intelligence consultancy; Astronomy consultation; Authenticating antiques; Authenticating banknotes; Authenticating coins; Authenticating diamonds; Authenticating gemstones; Authenticating jewelry; Authenticating semi-precious gemstones; Authenticating works of art; Authentication of coins; Authentication of diamonds; Authentication of works of art; Authentication services [product certification services]; Authentication services for computer security; Authentication services for electronic documents and e-mail; Automotive design; Back-up of computer data; Backup services for computer hard drive data; Bacteriological analysis; Bacteriological consultation and research; Bacteriological research; Bacteriological research and analysis; Bacteriological research and testing; Bathroom design services; Benchmarking [technical testing]; Biochemical analysis; Biochemical engineering services; Biochemical research; Biochemical research and analysis; Biochemical research and development; Biochemistry research services; Biochemistry services; Biological analysis; Biological cloning services; Biological laboratory services; Biological research; Biological research and analysis; Biological research laboratory services; Biological research services; Biomedical research services; Biotechnological research; Biotechnology research; Biotechnology testing; Blood analysis services; Blood analysis services for scientific research purposes; Brand design services; Building and maintaining websites; Building and structural inspection services [engineering, quality assessment, and surveying services]; Building design services; Building inspection services [surveying]; Building research services; Business card design; Business card design services; Cake design services; Calibration [measuring]; Calibration of gauges; Calibration of instruments; Calibration of laboratory apparatus; Calibration of machines; Calibration of measuring apparatus; Calibration of medical apparatus; Calibration of pipettes; Calibration of sensors; Calibration of testing equipment; Calibration services; Cartographic or thermographic measurement services by drone; Cartography services; Cell culture services for scientific and research purposes, for others; Certification services for the energy efficiency of buildings; Certification services relating to quality; Chemical analysis; Chemical analysis services; Chemical engineering; Chemical laboratory services; Chemical research; Chemical research and analysis; Chemical research and analysis services; Chemical research laboratory services; Chemical research services; Chemical technological research; Chemistry consultation; Chemistry services; Civil engineering; Civil engineering design services; Civil engineering drawing services; Classification of minerals; Clinical trials; Closet design services; Clothing and fashion designing; Clothing design services; Cloud computing; Cloud computing services; Cloud hosting provider services; Cloud seeding; Cloud storage services for electronic data; Cloud storage services for electronic files; Coding of messages; Coin grading services; Commercial and graphic art designing; Commercial art design; Commercial design services; Commercial interior design; Commissioned writing of computer programs, software and code for the creation of web pages on the Internet; Commissioning [testing and inspection]

services; Comparative analysis studies of the performance of computer systems; Compilation of computer programs; Compilation of data-processing programs; Compilation of web pages for the Internet; Component testing; Compression of data for electronic storage; Computer advisory services; Computer aided design for manufacturing operations; Computer aided design of molds; Computer aided design of moulds; Computer aided design services; Computer aided design services relating to architecture; Computer aided design services relating to building projects; Computer aided diagnostic testing services; Computer aided graphic design; Computer aided industrial analysis services; Computer aided industrial research services; Computer aided industrial testing; Computer aided scientific analysis services; Computer aided scientific research services; Computer aided scientific testing; Computer aided testing services; Computer analysis; Computer and computer software rental; Computer code conversion for others; Computer co-location services; Computer consultancy; Computer database design consultancy services; Computer design; Computer design services; Computer disaster recovery planning; Computer disaster recovery services; Computer engineering; Computer firewall services; Computer forensic services; Computer graphic design for video projection mapping; Computer graphics design services; Computer hardware design; Computer hardware design services; Computer hardware development; Computer hire; Computer leasing; Computer network configuration services; Computer network design for others; Computer network services; Computer performance testing; Computer program advisory services; Computer program maintenance services; Computer program updating services; Computer programming; Computer programming consultancy; Computer programming for data processing; Computer programming for data processing and communication systems; Computer programming for the energy industry; Computer programming in the medical field; Computer programming of computer games; Computer programming of video games; Computer programming services; Computer programming services for commercial analysis and reporting; Computer programming services for data processing; Computer programming services for data warehousing; Computer programming services for electronic data security; Computer project management in the field of EDP; Computer rental; Computer rental services; Computer research services; Computer security consultancy; Computer security engineering; Computer security services [design and development of secure computer hardware, software and systems]; Computer security services [programming and software installation, repair and maintenance services]; Computer security services [testing and risk assessment of computer networks]; Computer security services for protection against illegal network access; Computer security services in the nature of administering digital certificates; Computer security threat analysis for protecting data; Computer services in the nature of hosting web sites for others; Computer site design; Computer software advisory services; Computer software consultancy; Computer software consultancy services; Computer software consulting; Computer software consulting services; Computer software design; Computer software design and updating; Computer software design for others; Computer software design services; Computer software development; Computer software installation; Computer software installation and

maintenance; Computer software integration; Computer software maintenance services; Computer software programming services; Computer software rental; Computer software repair; Computer software research; Computer software technical support services; Computer software updating services; Computer system analysis; Computer system design; Computer system design using agile development methods; Computer system integration services; Computer systems analysis; Computer systems design; Computer systems development; Computer systems integration services; Computer technology consultancy; Computer time-sharing; Computer time-sharing services; Computer virus protection services; Computer website design; Computer-aided design of video graphics; Computer-aided engineering design and drawing services; Computer-aided engineering design services; Computerised business information storage; Computerised communication network security; Computerised data storage; Computerised data storage services; Conducting clinical trials; Conducting early evaluations in the field of new pharmaceuticals; Conducting engineering surveys; Conducting geological surveys; Conducting of engineering feasibility studies; Conducting of quality control tests; Conducting of scientific experiments; Conducting of scientific feasibility studies; Conducting of scientific studies; Conducting of technical feasibility studies; Conducting research and technical project studies relating to the use of natural energy; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Conducting technical project studies; Conducting technical project studies for construction projects; Configuration of computer firmware; Configuration of computer networks by software; Configuration of computer networks using software; Configuration of computer software; Configuration of computer systems and networks; Constructing an internet platform for electronic commerce; Construction drafting; Construction planning; Consultancy and information services relating to computer programming; Consultancy and information services relating to computer software design; Consultancy and information services relating to computer system integration; Consultancy and information services relating to information technology; Consultancy and information services relating to information technology architecture and infrastructure; Consultancy and information services relating to the design, programming and maintenance of computer software; Consultancy in the design and development of computer hardware; Consultancy in the field of agricultural chemistry; Consultancy in the field of architecture and construction drafting; Consultancy in the field of biotechnology; Consultancy in the field of computer security; Consultancy in the field of computer software; Consultancy in the field of computer system analysis; Consultancy in the field of computer system integration; Consultancy in the field of energy-saving; Consultancy in the field of genomics; Consultancy in the field of pharmaceutical research; Consultancy in the field of security software; Consultancy in the field of software design; Consultancy in the field of technological design; Consultancy in the field of technological research; Consultancy pertaining to pharmacology; Consultancy relating to computer database programs; Consultancy relating to geological surveys; Consultancy relating to laboratory testing; Consultancy relating to quality control; Consultancy relating to research and development in

the field of therapeutics; Consultancy relating to software for communication systems; Consultancy relating to software maintenance; Consultancy relating to technological services in the field of power and energy supply; Consultancy relating to the creation and design of websites; Consultancy relating to the creation and design of websites for e-commerce; Consultancy relating to the creation of homepages and Internet pages; Consultancy relating to the design and development of computer software programs; Consultancy relating to the design of home pages and Internet sites; Consultancy relating to the design of homepages and Internet pages; Consultancy relating to the recovery of computer data; Consultancy relating to the science of ergonomics; Consultancy relating to the updating of software; Consultancy services in the field of technological development; Consultancy services relating to computers; Consultancy services relating to quality control; Consultancy services relating to research in the field of environmental protection; Consultancy with regard to webpage design; Consultation in the field of physics; Consultation services relating to architectural planning; Consultation services relating to computer software; Consulting in the field of cloud computing networks and applications; Consulting services in the field of cloud computing; Consumer product design; Consumer product safety testing; Conversion of CDs into digital formats; Conversion of computer programs and data, other than physical conversion; Conversion of data or documents from physical to electronic media; Conversion of document data from one computer format to another; Conversion of images from physical to electronic media; Conversion of texts to digital format; Copying of computer software; Copying of electronic documents; Cosmetic research; Cosmetics research; Creating and designing web pages for others; Creating and designing website-based indexes of information for others [information technology services]; Creating and maintaining customized web pages; Creating and maintaining web sites; Creating and maintaining web sites for others; Creating and maintaining weblogs for others; Creating and maintaining websites; Creating and maintaining websites for others; Creating home pages for others; Creating of computer programs; Creating of home pages for computer networks; Creating programmes for data processing; Creating web pages for others; Creating, designing and maintaining web sites; Creating, maintaining and hosting the websites of others; Creating, maintaining, and updating computer software; Creation and maintenance of web sites; Creation and maintenance of web sites for others; Creation and maintenance of websites; Creation of control programs for electric operation control and drive modules; Creation of internet web sites; Cross-platform conversion of digital content into other forms of digital content; Cryptanalysis services; Cryptocurrency mining; Cryptographic engineering; Cryptomining; Culturing of cells for scientific research purposes; Customization of computer software; Cybersecurity consultancy; Data conversion of computer program data or information [not physical conversion]; Data conversion of computer programs and data, not physical conversion; Data conversion of electronic information; Data cryptology services; Data decryption services; Data encryption and decoding services; Data encryption services; Data migration services; Data mining; Data security consultancy; Data security services [firewalls]; Database design; Database design

and development; Database development services; Debugging computer software for others; Decoding of data; Demographic survey services for scientific purposes; Dental research laboratory services; Design and construction of homepages and websites; Design and creation of homepages and web pages; Design and development of computer firmware; Design and development of computer game software; Design and development of computer game software and virtual reality software; Design and development of computer hardware; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer hardware for the manufacturing industries; Design and development of computer hardware for the manufacturing industry; Design and development of computer peripherals; Design and development of computer software; Design and development of computer software architecture; Design and development of computer software for evaluation and calculation of data; Design and development of computer software for logistics; Design and development of computer software for logistics, supply chain management and e-business portals; Design and development of computer software for process control; Design and development of computer software for reading, transmitting and organising data; Design and development of computer software for supply chain management; Design and development of computer software for use with medical technology; Design and development of data display systems; Design and development of data entry systems; Design and development of data output systems; Design and development of data processing systems; Design and development of data retrieval software; Design and development of data storage systems; Design and development of diagnostic apparatus; Design and development of electronic data security systems; Design and development of electronic database software; Design and development of electronic dictionaries; Design and development of electronic greeting cards; Design and development of electronic language translation dictionaries and databases; Design and development of endoprostheses; Design and development of energy distribution networks; Design and development of energy management software; Design and development of homepages and websites; Design and development of Internet security programs; Design and development of medical diagnostic apparatus; Design and development of medical technology; Design and development of multimedia products; Design and development of navigation systems; Design and development of new technology for others; Design and development of operating software for accessing and using a cloud computing network; Design and development of operating software for computer networks and servers; Design and development of prostheses; Design and development of regenerative energy generation systems; Design and development of route planning software; Design and development of search engines; Design and development of single sign-on software; Design and development of software and hardware for signal amplification and transmission; Design and development of software for control, regulation and monitoring of solar energy systems; Design and development of software for database management; Design and development of software for electronic television program guides; Design and development of software for

importing and managing data; Design and development of software for instant messaging; Design and development of software for inventory management; Design and development of software for website development; Design and development of software in the field of mobile applications; Design and development of systems for data input, output, processing, display and storage; Design and development of testing and analysis methods; Design and development of virtual private network (VPN) operating software; Design and development of virtual reality software; Design and development of wireless computer networks; Design and development of wireless data transmission apparatus; Design and development of wireless data transmission apparatus, instruments and equipment; Design and development of word processing software; Design and development services in metallurgy; Design and graphic arts design for the creation of web pages on the Internet; Design and graphic arts design for the creation of web sites; Design and maintenance of computer sites for third parties; Design and maintenance of web sites for others; Design and planning services relating to telecommunication equipment; Design and updating of home pages and web pages; Design and writing of computer software; Design consultancy; Design engineering; Design of animations; Design of apparatus and machines for filling purposes; Design of apparatus and machines in the field of filling; Design of artwork; Design of boats; Design of building interiors; Design of buildings; Design of business premises; Design of child care facilities; Design of clothing; Design of clothing, footwear and headgear; Design of commercial products; Design of communication systems; Design of communications apparatus; Design of computer cluster configurations; Design of computer codes; Design of computer databases; Design of computer game software; Design of computer hardware; Design of computer languages; Design of computer peripherals; Design of computer programs; Design of computer programs and software relating to aircraft; Design of computer software; Design of computers; Design of computers for others; Design of computer-simulated models; Design of consumer products; Design of corporate identity; Design of costumes; Design of diagnostic apparatus and equipment; Design of electric circuit boards; Design of electrical systems; Design of electronic systems; Design of equipment for transportation; Design of facilities for the transportation of waste; Design of fashion accessories; Design of feasibility studies; Design of floor coverings; Design of furnishings; Design of furniture; Design of games; Design of geological surveys; Design of glass and of glass products; Design of headgear; Design of home pages; Design of home pages and web sites; Design of homepages and websites; Design of industrial machinery; Design of industrial products; Design of information systems; Design of instruments; Design of integrated circuits; Design of interior decor; Design of interior decoration; Design of Internet pages; Design of jewellery; Design of kitchens; Design of land surveys; Design of land vehicle parts; Design of land vehicles; Design of layouts for offices; Design of lighting systems; Design of logos; Design of manufacturing apparatus; Design of mechanical and micromechanical components; Design of mechanical, electromechanical and optoelectronic apparatus and instruments; Design of medical apparatus; Design of mobile telephones; Design of new products; Design of office space; Design of oil-field surveys; Design of optical

and microoptical components; Design of optical components; Design of packaging; Design of pipelines; Design of printed materials; Design of printed matter; Design of products; Design of prostheses; Design of protective clothing; Design of prototypes; Design of restaurants; Design of road networks; Design of scale models and dioramas; Design of shopfittings; Design of shops; Design of show scenery; Design of software; Design of software for use with printing machines; Design of special effects; Design of sports facilities; Design of stationery; Design of storage systems; Design of telecommunications apparatus; Design of telecommunications apparatus and equipment; Design of telecommunications installations; Design of telephones; Design of test apparatus; Design of tools; Design of vehicles; Design of watches; Design of web pages; Design of web portals; Design of web sites; Design of websites; Design planning; Design services; Design services for architecture; Design services for artwork; Design services for brand names; Design services for computer hardware; Design services for packaging; Design services for trade marks; Design services relating to civil engineering; Design services relating to computer hardware; Design services relating to interior decoration; Design services relating to printing; Design services relating to the layout of documents; Design, creation and programming of web pages; Design, development and implementation of software; Design, development and programming of computer software; Design, maintenance and updating of computer software; Design, maintenance, development and updating of computer software; Design, maintenance, rental and updating of computer software; Design, updating and maintenance of computer software; Designing and creating web sites for others; Designing and developing webpages on the internet; Designing and implementing web pages for others; Designing and implementing web sites for others; Designing and planning of real estate subdivisions and developments; Designing computer software for controlling self-service terminals; Designing of computer hardware; Designing of packaging and wrapping materials; Designing websites for advertising purposes; Developing and updating computer software; Developing computer programs for electronic cash register systems; Developing computer programs for simulating experiments or series of experiments in a virtual optical laboratory; Developing computer software; Developing data feed formats featuring user-defined information; Developing of driver and operating system software; Development and creation of computer programmes for data processing; Development and design of digital sound and image carriers; Development and maintenance of computer database software; Development and maintenance of computer software; Development and test of chemical production methods; Development and testing of computing methods, algorithms and software; Development of aircraft; Development of computer based networks; Development of computer codes; Development of computer game software; Development of computer hardware; Development of computer hardware for computer games; Development of computer platforms; Development of computer programmes; Development of computer programs; Development of computer programs for simulating laboratory experiments; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Development of

computer software; Development of computer software application solutions; Development of computer software for creating electronic television program guides; Development of computer software for logistics, supply chain management and e-business portals; Development of computer software for use with computer-controlled switching systems; Development of computer software for use with programmable controllers; Development of computer system; Development of computer systems; Development of computers; Development of data processing programs by order of third parties; Development of electronic surveillance apparatus; Development of energy and power management systems; Development of engines; Development of industrial machinery; Development of industrial processes; Development of measuring and testing methods; Development of new products; Development of new technology for others; Development of pharmaceutical preparations and medicines; Development of pharmaceuticals; Development of programmes for data processing; Development of prostheses; Development of software; Development of software for secure network operations; Development of systems for the processing of data; Development of systems for the storage of data; Development of systems for the transmission of data; Development of test equipment; Development of testing apparatus for electrical wires; Development of testing methods; Development of vehicles; Development of video and computer games; Development services in the field of computer software and advisory services relating thereto; Development, design and updating of home pages; Development, maintenance and updating of a telecommunication network search engine; Development, updating and maintenance of software and database systems; Diagnosis of computer hardware problems through the use of software; Diagnosis of faults in computer software; Diamond authentication and certification services; Digital compression of computer data; Digital forensic investigations in the field of computer crimes; Digital signature verification services [electronic cryptology services]; Digital watermarking; Digitization of documents [scanning]; Disaster recovery services for computer systems; Disaster recovery services for data communications systems; DNA screening for scientific research purposes; DNA sequencing for medical research purposes; DNA testing services to determine paternity [laboratory services]; Document data transfer from one computer format to another; Documentary research; Drafting of construction plans for recreation premises; Draftsman's services in the nature of technical drawing; Drawing-up of house plans; Dress design; Dress design services; Dress designing; Dress designing services; Drug development services; Drug discovery services; Duplicating computer programmes; Duplicating computer programs; Duplication of computer programmes; Duplication of computer programs; Duplication of computer software; Duplication of electronic documents; Ecological surveys; Editing of computer programs; Elaboration and maintenance of web sites for third parties; Electrical engineering; Electrical engineering services; Electrical research; Electrical safety research; Electronic data back-up; Electronic data backup services; Electronic data back-up services; Electronic data storage; Electronic data storage and data back-up services; Electronic data storage services; Electronic document copying; Electronic document duplicating; Electronic monitoring of credit card activity to detect fraud via the

internet; Electronic monitoring of personally identifying information to detect identity theft via the internet; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Electronic monitoring services for computer security services for protection against illegal network access; Electronic monitoring services for computer security threat analysis for protecting data; Electronic signature verification services [electronic cryptology services]; Electronic site authoring; Electronic storage of archived e-mails; Electronic storage of audio files; Electronic storage of data; Electronic storage of digital audio files; Electronic storage of digital images; Electronic storage of digital music; Electronic storage of digital photographs; Electronic storage of digital video files; Electronic storage of documents; Electronic storage of documents and archived e-mails; Electronic storage of entertainment media content; Electronic storage of files and documents; Electronic storage of images; Electronic storage of medical records; Electronic storage of photographs; Electronic storage of videos; Electronic storage services for archiving databases; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving electronic data; Electrotechnical research; Encoding of magnetic cards; Energy auditing; Energy use and conservation consultancy; Engineering; Engineering consultancy; Engineering consultancy services; Engineering design; Engineering design services; Engineering drawing; Engineering drawing services; Engineering feasibility studies; Engineering project management services; Engineering project studies; Engineering research; Engineering services; Engineering services for the gas industry; Engineering services in the field of building technology; Engineering services in the field of communications technology; Engineering services in the field of energy technology; Engineering services in the field of environmental technology; Engineering services in the field of motive power; Engineering services relating to architecture; Engineering services relating to computer programming; Engineering services relating to computers; Engineering services relating to energy supply systems; Engineering services relating to gas transport and supply systems; Engineering services relating to information technology; Engineering surveying; Engineering surveys and inspections; Engineering testing; Environment design services; Environmental assessment services; Environmental conservation; Environmental consultancy services; Environmental hazard assessment; Environmental monitoring services; Environmental surveys; Environmental testing; Environmental testing and inspection services; Evaluation and testing of real estate for the presence of hazardous material; Executing of chemical analyses; Exhibition halls design; Exploration and searching of oil and gas; Exploration services in the field of the oil, gas and mining industries; Fashion design; Fashion design consulting services; Fire safety testing; Food product safety testing; Food research; Footwear design services; Furnishing design services; Furniture design; Gas exploration; Gas, oil, petroleum, minerals exploration; Gemmological services; Gemstone authentication and certification services; Genetic engineering services; Genetic fingerprinting; Genetic research; Genetic testing for scientific research purposes; Genetic testing of laboratory animals for research purposes; Geological estimation and research; Geological estimations and research; Geological exploration;

Geological exploration services; Geological prospecting; Geological research; Geological surveying; Geological surveys; Geological test drilling; Geophysical exploration; Geophysical exploration for the gas industry; Geophysical exploration for the mining industry; Geophysical exploration for the oil industry; Geophysical exploration for the oil, gas and mining industries; Geophysical research services; Geophysical surveys; Geotechnical investigations; Golf course design; Grading of lumber; Grading of produce; Graphic art design; Graphic art services; Graphic arts design; Graphic arts designing; Graphic design; Graphic design of advertising logos; Graphic design of advertising matter; Graphic design of book covers; Graphic design of promotional materials; Graphic design of publicity materials; Graphic design of trade marks; Graphic design services; Graphic illustration design services; Graphic illustration services for others; Greenhouse gas emission measuring and analysis; Handwriting analysis [graphology]; Hat design; Hiring of data processing apparatus; Homepage and webpage design; Hosting a website for the electronic storage of digital photographs and videos; Hosting an online website for creating and hosting micro websites for businesses; Hosting and rental of memory space for websites; Hosting computer sites [web sites]; Hosting computer sites [websites]; Hosting computer websites; Hosting electronic memory space on the Internet for advertising goods and services; Hosting internet sites for others; Hosting memory space on the Internet; Hosting of computerized data, files, applications and information; Hosting of customized web pages; Hosting of databases; Hosting of digital content on the Internet; Hosting of e-commerce platforms on the Internet; Hosting of memory space on the Internet for storing digital photographs; Hosting of platforms on the Internet; Hosting of software as a service [SaaS]; Hosting of software for use in library management; Hosting of web portals; Hosting of web sites; Hosting of weblogs; Hosting of websites; Hosting online facilities for conducting interactive discussions; Hosting online web facilities for others; Hosting on-line web facilities for others; Hosting platforms on the Internet; Hosting the web sites of others on a computer server for a global computer network; Hosting web portals; Hosting web sites; Hosting websites on the Internet; House design; Hydrographic surveying; Hydrological research; Illustration services [design]; Illustrators' services; Image processing software design; Implementation of computer programs in networks; In vitro analysis for scientific research purposes; In vitro testing for scientific research purposes; Industrial analysis; Industrial analysis and industrial research services; Industrial analysis and research services; Industrial analysis and research services in the field of chemistry; Industrial analysis and research services relating to automobile tires; Industrial analysis services; Industrial analysis, industrial research and industrial design services; Industrial and graphic art design; Industrial art design; Industrial design; Industrial design services; Industrial design styling; Industrial engineering design services; Industrial inspection; Industrial process development; Industrial research; Industrial research of new products; Industrial research services; Industrial testing; Information security consultancy; Information services relating to computers; Information services relating to information technology; Information services relating to mathematics; Information services relating to quality standards; Information technology [IT] consultancy;

Information technology [IT] consulting services; Information technology [IT] engineering; Information technology consultancy; Information technology security consultancy; Information technology services; Information technology services provided on an outsourcing basis; Infrastructure as a service [IaaS]; Inspecting buildings for the existence of mold; Inspecting buildings for the existence of mould; Inspecting foods for the purpose of certifying the kosher quality thereof; Inspection [testing] of apparatus; Inspection [testing] of commercial installations; Inspection [testing] of domestic installations; Inspection [testing] of industrial installations; Inspection [testing] of plant and machinery; Inspection of buildings [surveying]; Inspection of goods for quality control; Inspection of oil fields; Inspection of vehicles for roadworthiness; Inspection services for new and used vehicles for persons buying or selling their vehicles; Installation and maintenance of computer software; Installation and maintenance of database software; Installation and maintenance of Internet access software; Installation of computer programmes; Installation of computer programs; Installation of computer software; Installation of database software; Installation of firmware; Installation of Internet access software; Installation of middleware; Installation of software; Installation, maintenance and repair of computer software; Installation, maintenance and repair of software for computer systems; Installation, maintenance and updating of computer software; Installation, maintenance and updating of database software; Installation, maintenance, updating and upgrading of computer software; Installation, repair and maintenance of computer software; Installation, repair and maintenance of firmware; Installation, repair and maintenance of middleware; Installing computer programs; Integrated scientific research on vermin for greenhouses and harvest crops; Integration of computer systems and networks; Interactive hosting services which allow the users to publish and share their own content and images online; Interior decor design; Interior decorating design; Interior decoration consultation; Interior decoration design services; Interior design; Interior design services; Interior design services incorporating the principles of feng shui; Internet cafe services [computer rental]; Internet security consultancy; Jewellery design services; Jewelry design; Kitchen design; Laboratory analysis; Laboratory research; Laboratory research in the field of chemistry; Laboratory research in the field of cosmetics; Laboratory research in the field of gene expression; Laboratory research services relating to pharmaceuticals; Laboratory services; Laboratory testing; Laboratory testing services; Land surveying; Landscape lighting design; Landscape lighting design services; Layout design of books and magazines; Layout design services for clean room environments; Layout design of column grids; Leasing computer facilities; Leasing of computer apparatus; Leasing of computer equipment; Leasing of computer hardware; Leasing of computer programmes; Leasing of computer programs; Leasing of computer software; Leasing of computers; Levee engineering; Local planning authority services; Location of utility lines [mapping services]; Locksmithing services being the design of locks and locking systems; Logo design services; Machine condition monitoring; Maintenance and repair of software; Maintenance and updating of computer software; Maintenance and updating of software for communication systems; Maintenance and upgrading of computer software;

Maintenance of computer programmes; Maintenance of computer programs; Maintenance of computer software; Maintenance of computer software relating to computer security and prevention of computer risks; Maintenance of computer software used for operating filling apparatus and machines; Maintenance of software; Maintenance of software for Internet access; Maintenance of websites; Management of scientific research projects; Managing web sites for others; Mapping; Mapping services; Marine chart updating; Marine chart updating services; Marine surveying services; Marine vehicle design; Marine, aerial and land surveying; Material testing; Material testing services; Materials quality evaluation and testing; Materials testing; Materials testing and analysing; Materials testing and evaluation; Mathematical research services; Measurement services; Mechanical engineering; Mechanical engineering services; Mechanical research; Mechanical research in the field of motor sports; Medical laboratory services; Medical research; Medical research in the field of epidemiology; Medical research in the field of oncology; Medical research laboratory services; Medical research services; Metallurgical analysis; Metallurgical laboratory services; Metallurgical testing; Meteorological forecasting; Meteorological information; Meteorological information services; Meteorological research; Microbiological testing; Mineral and oil assaying; Mineral exploration services; Modifying of computer programs; Monitoring of computer systems by remote access; Monitoring of computer systems for detecting unauthorized access or data breach; Monitoring of computer systems to detect breakdowns; Monitoring of erosion and sedimentation; Monitoring of telecommunication signals; Monitoring of water quality; Naval architectural services; Network security services [testing and risk assessment of electronic networks]; New product design; Occupational health and safety services [ergonomics and design services]; Oceanographic prospecting services; Oceanographic research services; Off site building project management; Off-site data backup; Oil exploration; Oil field exploration; Oil field surveying; Oil prospecting; Oil well testing; Oil-field surveys; Oil-well testing; Online data storage; Online provision of web-based applications; Online provision of web-based software; Outsource service providers in the field of information technology; Packaging design; Pattern design; Performance of chemical analyses; Personal computer hire; Petroleum exploration; Pharmaceutical drug development services; Pharmaceutical product evaluation; Pharmaceutical research and development; Pharmaceutical research and development services; Pharmaceutical research services; Photogrammetry services; Photographic research; Physics research; Pipeline inspection services; Planning and design of kitchens; Planning and design of residential communities; Planning and design of retail premises; Planning and design of sports facilities; Planning and layout design services for cleanroom environments; Planning, design, development and maintenance of online websites for third parties; Plant engineering; Platform as a service [PaaS]; Pollution emissions testing; Preparation of architectural plans; Preparation of architectural reports; Preparation of biological samples for analysis in research laboratories; Preparation of biological samples for research purposes; Preparation of biological samples for testing and analysis in research laboratories; Preparation of blueprints; Preparation of engineering drawings; Preparation of engineering reports;

Preparation of immunohistological samples for analysis in research laboratories; Preparation of reports in the biotechnology field; Preparation of reports relating to architecture; Preparation of reports relating to chemical research; Preparation of reports relating to computer programmes; Preparation of reports relating to computer programming; Preparation of reports relating to computer programs; Preparation of reports relating to computers; Preparation of reports relating to design; Preparation of reports relating to graphic arts design; Preparation of reports relating to industrial design; Preparation of reports relating to real estate planning; Preparation of reports relating to scientific research; Preparation of reports relating to technical project studies for construction projects; Preparation of reports relating to technical research; Preparation of reports relating to technological research; Preparation of scientific reports; Preparation of statistics for scientific research; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Preparation of technical reports; Preparation of technical studies; Preparation of technological reports; Preparation of technological research reports; Process monitoring for quality assurance; Product analysis for quality control; Product design; Product design and development; Product design services; Product development; Product development consultation; Product development for others; Product monitoring for quality control; Product quality control testing; Product quality evaluation; Product quality testing; Product quality testing services; Product research; Product research and development; Product safety testing; Product safety testing services; Product testing; Professional consultancy relating to computer security; Professional consulting services and advice about agricultural chemistry; Programming and software installation, repair and maintenance services; Programming of computer animations; Programming of computer software for electronic language translation dictionaries and databases; Programming of computer software for evaluation and calculation of data; Programming of computer software for reading, transmitting and organising data; Programming of customized web pages; Programming of data processing programs; Programming of EDP software; Programming of energy management software; Programming of Internet security programs; Programming of multimedia applications; Programming of multimedia equipment; Programming of operating software for accessing and using a cloud computing network; Programming of operating software for computer networks and servers; Programming of software for database management; Programming of software for e-commerce platforms; Programming of software for importing and managing data; Programming of software for information platforms on the Internet; Programming of software for Internet platforms; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Programming of software for inventory management; Programming of software for website development; Programming of telecommunications software; Programming of web pages; Programming services for search engine optimisation; Programming services for search engine optimization; Providing computer facilities for the electronic storage of digital data; Providing electronic memory space on the Internet; Providing geographic information; Providing information about industrial analysis and research services; Providing information

about the design and development of computer software, systems and networks; Providing information in the field of computer software design; Providing information in the field of computer software development; Providing information in the field of interior design via a web site; Providing information in the field of interior design via a website; Providing information in the field of plant genetics research resources; Providing information in the field of product design; Providing information in the field of product development; Providing information on computer technology and programming via a web site; Providing information relating to computer technology and programming via a web site; Providing information relating to computer technology and programming via a website; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing information, including online, about design and development of computer hardware and software; Providing information, including online, about industrial analysis and research services; Providing information, including online, about scientific and technological services and research and design relating thereto; Providing Internet search engines with specific search options; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Providing meteorological information; Providing online geographic maps, not downloadable; Providing online information about industrial analysis and research services; Providing on-line information in the field of technological research from a computer database or the Internet; Providing quality assurance services; Providing scientific information in the field of climate change; Providing scientific information in the field of global warming; Providing scientific information, advice and consultancy relating to carbon offsetting; Providing search engines for obtaining data via communications networks; Providing search engines for the internet; Providing technological information about environmentally-conscious and green innovations; Providing temporary use of non-downloadable business software; Providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for tracking freight over computer networks, intranets and the internet; Providing temporary use of non-downloadable software applications accessible via a web site; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Providing temporary use of non-downloadable software to enable content providers to track multimedia content; Providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; Providing temporary use of online non-downloadable investment software; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Providing temporary use of on-line non-downloadable operating software for computer networks and servers; Providing temporary use of on-line non-downloadable single sign-on software; Providing temporary use of online non-downloadable software; Providing temporary use of on-line non-downloadable software development tools; Providing temporary use of on-line non-downloadable software for database management; Providing temporary use of on-line non-downloadable software for importing

and managing data; Providing temporary use of on-line non-downloadable software for inventory management; Providing temporary use of on-line non-downloadable software for web site development; Providing temporary use of web-based applications; Providing temporary use of web-based software; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Providing user authentication services using single sign-on technology for online software applications; Providing virtual computer environments through cloud computing; Providing virtual computer systems through cloud computing; Providing weather information; Provision of engineering reports; Provision of geographical information; Provision of information and data relating to medical and veterinary research and development; Provision of information concerning research and technical project studies relating to the use of natural energy; Provision of information on safety testing of consumer products; Provision of information on safety testing of food products; Provision of information relating to computer programming; Provision of information relating to computer programs; Provision of information relating to computers; Provision of information relating to industrial design; Provision of information relating to information technology; Provision of information relating to scientific research; Provision of information relating to technological research; Provision of Internet search engines; Provision of meteorological information; Provision of online non-downloadable software; Provision of research services; Provision of scientific information; Provision of scientific information relating to chemicals; Provision of scientific surveys; Provision of search engine services; Provision of search engines for the Internet; Provision of technical information in relation to computers; Provision of technical surveys; Provision of testing facilities; Provision of weather information; Psychological research; Quality accreditation services; Quality assessment; Quality assurance consultancy; Quality audits; Quality checking and testing; Quality control; Quality control and authentication services; Quality control for others; Quality control of goods; Quality control of goods and services; Quality control of services; Quality control relating to the hygiene of food; Quality control services; Quality control services for certification purposes; Quality control services for certifying product quality; Quality control testing; Quality control testing services for agricultural machinery; Quality control testing services for forestry equipment; Quality control testing services for horticultural equipment; Quality control testing services for industrial machinery; Quality evaluation of product against bench-mark references; Quality evaluation of standing timber; Quality evaluation of wool; Quality testing; Quality testing of products for certification purposes; Quantum computing; Radon detecting; Real estate planning; Real estate surveys; Reconstitution of databases; Reconstruction of database systems for others; Recording data relating to energy consumption in buildings; Recording of seismic data; Recovery of computer data; Recovery of smartphone data; Remote computer backup services; Remote server administration; Rental and maintenance of computer software; Rental of a database server to third parties; Rental of application software; Rental of calculators; Rental of computer apparatus; Rental of computer database software; Rental of computer equipment; Rental of computer firmware; Rental of computer hardware; Rental of computer hardware
