General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Desiccating apparatus; recuperators; steamers; evaporators; distillation apparatus; heat exchangers; industrial furnaces; forage drying apparatus; boilers, other than parts of non-electric prime movers or engines; feed water heaters [for industrial purposes]; air conditioners; air dehumidifiers; freezing machines and apparatus; waste water treatment tanks for industrial purposes; solar water heaters; water purifying apparatus for industrial

purposes; tap water faucets; level controlling valves for tanks; pipe line cocks; bath fittings; water heaters; heaters; apparatus and installations for cooling; automatic temperature regulators for central heating radiators; drain pipes for bath tub, bathroom sinks and kitchen; water-pipes for sanitary installations; plumbing fittings in the form of hose for water heaters; water control valves for taps (faucets); prefabricated bathrooms sold as a unit; bath tubs; bath tubs for prefabricated bathrooms sold as a unit; bicycle lights; lighting apparatus and installations for bicycles.

Class 12

Vessels and their parts and fittings; aircraft and their parts and fittings; railway rolling stock and their parts and fittings; automobiles and their parts and fittings; carts; carts [Riyakah]; car dampers; mine-car pushers; car pullers; traction engine; non-electric prime movers for land vehicles, not including their parts; anti-theft alarms for vehicles; machine elements for land vehicles; AC motors or DC motors for land vehicles, not including their parts; self-driving cars; camera drones; civilian drones; dump trucks; fork lift trucks; shaft couplings or connectors, machine elements for land vehicles; bearings, machine elements for land vehicles; vehicle suspension components; shock absorbers, machine elements for land vehicles; springs, machine elements for land vehicles; non-pneumatic tires for wheelchairs; fenders for vessels [boat side protectors]; tires for wheels of aircraft; retreaded tires for wheels of aircraft; non-pneumatic tires for aircraft; inner tubes for aircraft tires; tread rubbers for retreading tires for aircraft; tires for railway cars; retreaded tires for railway cars; non-pneumatic tires for railway cars; inner tubes for railway car tires; wheels for railway cars; tread rubbers for retreading tires for railway cars; tires for Automated Guideway Transit (AGT) vehicles; non-pneumatic tires for Automated Guideway Transit (AGT) vehicles; retreaded tires for Automated Guideway Transit (AGT) vehicles; inner tubes of tires for Automated Guideway Transit (AGT) vehicles; wheels for Automated Guideway Transit (AGT) vehicles; tread rubbers for retreading tires for Automated Guideway Transit (AGT) vehicles; Automated Guideway Transit (AGT) vehicles and their parts and fittings; tires for magnetic levitation trains; non-pneumatic tires for magnetic levitation trains; retreaded tires for magnetic levitation trains; inner tubes for magnetic levitation train tires; wheels for magnetic levitation trains; tread rubbers for retreading tires for magnetic levitation trains; magnetic levitation trains and their parts and fittings; tires for monorail vehicles; non-pneumatic tires for monorail vehicles; retreaded tires for monorail vehicles; inner tubes for monorail vehicle tires; wheels for monorail vehicles; tread rubbers for retreading tires for monorail vehicles; monorail vehicles and their parts and fittings; tires for Light Rail Transit (LRT) vehicles; non-pneumatic tires for Light Rail Transit (LRT) vehicles; retreaded tires for Light Rail Transit (LRT) vehicles; inner tubes for Light Rail Transit (LRT) vehicle tires; wheels for Light Rail Transit (LRT) vehicles; tread rubbers for retreading tires for Light Rail Transit (LRT) vehicles; Light Rail Transit (LRT) vehicles and their parts and fittings; tires for new transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual mode vehicle [DMV]; non-pneumatic tires for new

transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual mode vehicle [DMV]; retreaded tires for new transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual mode vehicle [DMV]; inner tubes of tires for new transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual mode vehicle [DMV]; wheels for new transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual mode vehicle [DMV]; tread rubbers for retreading tires for new transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual mode vehicle [DMV]; new transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual mode vehicle [DMV], and their parts and fittings; autonomous cars; automated cars; driver assisting vehicles being loaded with automatic driving device; tires for automobiles; tires for vehicles; retreaded tires for automobiles; retreaded tires for vehicles; non-pneumatic tires for small electric cars; non-pneumatic tires for automobiles; inner tubes for automobile tires; inner tubes for vehicle tires; tread rubbers for retreading tires for automobiles; wheels for automobiles; wheels for vehicles; anti-vibration rubber devices adapted for automobiles; treads for vehicles [tractor type]; seat cushions for vehicles; hydraulic hoses for vehicles, not of metal; non-pneumatic tires for electric carts for seniors; non-pneumatic tires for golf carts; non-pneumatic tires for electric carts; non-pneumatic tires for all-terrain vehicles; tires for two-wheeled motor vehicles; retreaded tires for two-wheeled motor vehicles; non-pneumatic tires for two-wheeled motor vehicles; inner tubes for motorcycle tires; wheels for two-wheeled motor vehicles; tires for bicycles; retreaded tires for bicycles; non-pneumatic tires for bicycles; inner tubes for bicycle tires; wheels for bicycles; tread rubbers for retreading tires for two-wheeled motor vehicles and bicycles; electric bicycles; two-wheeled motor vehicles, bicycles and their parts and fittings; wheel rims and wheel covers for aircraft, railway cars, automobiles, two-wheeled motor vehicles and bicycles; wheel rims and wheel covers for Automated Guideway Transit [AGT] vehicles, magnetic levitation trains, monorail vehicles, Light Rail Transit (LRT) vehicles and new transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual Mode Vehicle [DMV]; air valves for tires of aircraft, railway cars, automobiles, two-wheeled motor vehicles and bicycles; air valves for tires of Automated Guideway Transit [AGT] vehicles, magnetic levitation trains, monorail vehicles, Light Rail Transit (LRT) vehicles and new transportation system vehicles such as Automated Guideway Transit [AGT], Dual Mode Bus [DMB], Bus Rapid Transit [BRT] and Dual Mode Vehicle [DMV]; adhesive rubber patches for repairing tubes or tires; seat pads for vehicles; air springs for railway cars; pneumatic shock absorbers [air springs for land vehicles]; air suspension systems for vehicles; engine mounts for land vehicles; vibration isolation rubber devices adapted for land vehicles; anti-vibration rubber devices adapted for railway cars; car seats; automobile seat cushions; rubber tracks for snowmobiles; rubber tracks for all-terrain vehicles; rubber tracks for automobiles; rubber

pads for attaching shoe plates of iron crawlers for agricultural tractors; tires for scrapers; tires for motor graders; tires for shovel loaders; tires for tire rollers; tires for wheel cranes; tires for cranes; tires for snow ploughs; tires for wheeled mining machines.

Class 17

Seals; hydraulic hoses and other hoses for fluids, not included in other classes; valves of rubber or vulcanized fiber, not including machine elements; gaskets; pipe joints of synthetic resin; non-metal pipe couplings and joints; urethane foams; sound absorbing sponges for automobile tires; plastic semi-worked products; foam rubber, semi-finished products; sound absorbing materials for automobile tires; sound absorbing plates for automobile tires; rubber material for recapping tires; rubber material for recapping tubes; rubber materials for recapping tires; rubber; packing [cushioning, stuffing] materials of rubber or plastics; washers of rubber or vulcanized fibre; flexible pipes of resin; flexible pipes and tubes of plastic; high-pressure rubber hoses; rubber hoses for industrial use; polymer films; polymer resins in the form of sheets or films; flexible tubes, not of metal; hose fittings, not of metal; anti-vibration rubber; anti-vibration rubber for industrial purposes; thermoplastic elastomers for use as raw materials of seals; thermoplastic elastomers for use as raw materials of packings; insulating materials.

Class 35

Providing information concerning commercial sales; providing information concerning sales of used automobiles, used constructing machines including crane trucks and power shovels, used loading-unloading machines and apparatus, used mining machines and apparatus, used waste compacting machines and apparatus, used waste crushing machines, used metalworking machines and tools, and used apparatus and instruments for use in forestry; marketing research or analysis; marketing research concerning used automobiles, used constructing machines including crane trucks and power shovels, used loading-unloading machines and apparatus, used mining machines and apparatus, used waste compacting machines and apparatus, used waste crushing machines, used metalworking machines and tools, and used apparatus and instruments for use in forestry; commercial intermediation services; commercial intermediation services for the purchase and sale of used automobiles, used constructing machines including crane trucks and power shovels, used loading-unloading machines and apparatus, used mining machines and apparatus, used waste compacting machines and apparatus, used waste crushing machines, used metalworking machines and tools, and used apparatus and instruments for use in forestry; retail services or wholesale services for used automobiles and their parts and fittings; retail services or wholesale services for construction machines and their parts and fittings; retail services or wholesale services for loading-unloading machines and apparatus and their parts and fittings; retail services or wholesale services for mining machines and apparatus and their parts and fittings; retail services or wholesale services for waste compacting machines and apparatus and their parts and fittings; retail services or wholesale services for waste

crushing machines and their parts and fittings; retail services or wholesale services for metalworking machines and tools and their parts and fittings; retail services or wholesale services for apparatus and instruments for use in forestry and their parts and fittings; business management analysis or business consultancy; business management of hotels; providing business consulting services; collection of market research information; collection and analysis of business information on vehicles; business management, including management of inventory and sales incentives, for retail stores and wholesale stores; retail services or wholesale services for automobiles; retail services or wholesale services for two-wheeled motor vehicles; retail services or wholesale services for bicycles; retail services or wholesale services for electrical machinery and apparatuses; retail services or wholesale services for agricultural machines, implements and supplies; retail services or wholesale services for automobiles and their parts and fittings; retail services or wholesale services in relation to agricultural equipment and their parts and fittings; retail services or wholesale services for shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings; retail services or wholesale services for pipes made of resin, couplings of resin for pipes, and their parts and fittings; retail services or wholesale services for seismic isolation rubbers, and their parts and fittings; research and search regarding computer-assisted business information; providing information and advice on the selection of tires; providing commercial information and advice related to tire management, namely the selection, maintenance, repair, retreading, replacement and pressure measuring of vehicle tires; business management and organization consultancy in particular for professionals in the pneumatic tire and automobile industries; business management and organization consultancy; arranging and conducting of marketing analysis; input, processing, systemization and compilation into computer databases of information and data relating to vehicle and tire management, arrangement and location determination of vehicles, and routes of the roads; commercial information and advice related to arrangement and location determination of vehicles; consultancy relating to management, strategy, organization management of businesses and of its employees; provision of advice and information of business administration linked to employment development and professional and social integration; compilation and provision of business information; business analysis, business advice and business consultancy; professional business consultancy; collection, management and analysis of customer information; providing internet-based information concerning sales of tires; sales management, inventory management, customer service management of tires and wheels, and providing information relating thereto; retail services or wholesale services for hoses made of rubber, hydraulic hoses, high-pressure rubber hoses, hoses of synthetic resins, fastening fittings of hoses, and hose fittings of metal; electronic order and stock management services; computerised data processing.

Class 37

Repair or maintenance of metalworking machines and tools; providing information regarding maintenance of metalworking machines and tools; providing information

regarding location and operational status of metalworking machines and apparatus for construction; providing information regarding location and operational status of metalworking machines and apparatus for repair and maintenance; repair or maintenance of construction machines and apparatus; providing information regarding maintenance of construction machines and apparatus; providing information regarding location and operational status of construction machines and apparatus for construction; providing information regarding location and operational status of construction machines and apparatus for repair and maintenance; repair or maintenance of loading-unloading machines and apparatus; providing information regarding maintenance of loading-unloading machines and apparatus; providing information regarding location and operational status of loading-unloading machines and apparatus for construction; providing information regarding location and operational status of loading-unloading machines and apparatus for repair and maintenance; repair or maintenance of civil engineering machines and apparatus; providing information regarding maintenance of civil engineering machines and apparatus; providing information regarding location and operational status of civil engineering machines and apparatus for construction; providing information regarding location and operational status of civil engineering machines and apparatus for repair and maintenance; repair or maintenance of mining machines and apparatus; providing information regarding maintenance of mining machines and apparatus; providing information regarding location and operational status of mining machines and apparatus for construction; providing information regarding location and operational status of mining machines and apparatus for repair and maintenance; repair or maintenance of machines and apparatus for use in forestry; providing information regarding maintenance of machines and apparatus for use in forestry; providing information regarding location and operational status of machines and apparatus for use in forestry for construction; providing information regarding location and operational status of machines and apparatus for use in forestry for repair and maintenance; repair or maintenance of agricultural machines and agricultural implements other than hand-operated; providing information regarding maintenance of agricultural machines and agricultural implements other than hand-operated; providing information regarding location and operational status of agricultural machines and agricultural implements other than hand-operated for construction; providing information regarding location and operational status of agricultural machines and agricultural implements other than hand-operated for repair and maintenance; repair or maintenance of waste compacting machines and apparatus; providing information regarding maintenance of waste compacting machines and apparatus; providing information regarding location and operational status of waste compacting machines and apparatus for construction; providing information regarding location and operational status of waste compacting machines and apparatus for repair and maintenance; repair or maintenance of waste crushing machines and apparatus; providing information regarding maintenance of waste crushing machines and apparatus; providing information regarding location and operational status of waste crushing machines and apparatus for construction; providing information regarding location and operational status

of waste crushing machines and apparatus for repair and maintenance; repair or maintenance of waste and trash separator machines; providing information regarding maintenance of waste and trash separator machines; providing information regarding location and operational status of waste and trash separator machines for construction; providing information regarding location and operational status of waste and trash separator machines for repair and maintenance; repair or maintenance of snow ploughs; providing information regarding maintenance of snow ploughs; providing information regarding location and operational status of snow ploughs for snow removal; providing information regarding location and operational status of snow ploughs for repair and maintenance; repair or maintenance of measuring or testing machines and instruments; providing information regarding maintenance of measuring or testing machines and instruments; providing information regarding location and operational status of measuring or testing machines and instruments for repair and maintenance; repair or maintenance of automobiles; providing information regarding maintenance of automobiles; providing information regarding location and operational status of automobiles for construction; providing information regarding location and operational status of automobiles for repair and maintenance; repair or maintenance of industrial robots; providing information regarding maintenance of industrial robots; providing information regarding location and operational status of industrial robots for construction; providing information regarding location and operational status of industrial robots for repair and maintenance; construction and providing information relating thereto; construction by intelligent computerised construction technology via computer communications and providing information relating thereto; consulting services regarding constructions to execute optimal constructions; construction consultancy; construction supervision; supervision of building construction, and of civil engineering structures and underground structures construction; operation and maintenance of building equipment and providing information relating thereto; mining and providing advice and information relating thereto; snow removal and providing advice and information relating thereto; repair and maintenance of automobiles and their parts and fittings or inspection, consultancy and information services relating thereto; repair and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings or inspection, consultancy and information services relating thereto; repair and maintenance of automobiles and their parts and fittings including shock absorbers, springs, valves, rubber hose or inspection, consultancy and information services relating thereto; repair and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings including shock absorbers, springs, valves, rubber hose or inspection, consultancy and information services relating thereto; repair and maintenance of pipes made of resin, couplings of resin for pipes, and their parts and fittings or inspection, consultancy and information services relating thereto; repair and maintenance of seismic isolation rubber and their parts and fittings or inspection, consultancy and information services relating thereto; information services on maintenance of automobile tires, by telecommunication, relating to tire pressure and tire temperature;

inspection, consultancy and information services relating to retreading of tires; inspection prior to installation maintenance of motor vehicles and their parts; installation maintenance of motor vehicles and their parts; repair and maintenance of tires for motor vehicles; retreading of tires; inspection prior to installation maintenance of two-wheeled motor vehicles and their parts; installation maintenance of two-wheeled motor vehicles and their parts; repair and maintenance of tires for two-wheeled motor vehicles; inspection prior to installation maintenance of bicycles and their parts; installation maintenance of bicycles and their parts; repair and maintenance of tires for bicycles; repair and maintenance of aircraft and tires for aircraft; vehicle washing; providing information related to building work and piping work; giving advice related to building work and piping work; repair, maintenance, installation, and changing of aircraft including tires and wheels, and consultancy and information services relating thereto; repair and maintenance of rubber bearings for seismic isolation of buildings and their parts and fittings, and inspection, consultancy and information services relating thereto; caulking services for rubber hose, hydraulic hose, high pressure rubber hose, and synthetic resin hose; repair and maintenance of rubber hose, hydraulic hose, high pressure rubber hose, synthetic resin hose, metal hose clamps, metal couplings for hoses, and their parts and fittings, and inspection, consultancy and information services relating thereto; repair and maintenance of conveyer belts and their parts and fittings, and inspection, consultancy and information services relating thereto; repair and maintenance of rubber tracks and their parts and fittings, and inspection, consultancy and information services relating thereto; inspection services for detection of leaks in plumbing prior to maintenance and repair; battery charging services for electric vehicles.

Class 39

Providing transportation and travel information relating to daily operating schedule and operational status of cars and dump trucks; providing information regarding the location of cars and dump trucks; transport of cars and dump trucks and providing information relating thereto; transportation and travel consultancy relating to planning of operating schedule of cars and dump trucks; providing transportation and travel information regarding the operational status of land vehicles; providing information regarding the operating location of land vehicles; physical storage of electronic media containing data, drawings, texts, digital photographs, music, images, video and electronic data; warehousing services; advisory services relating to the storage and transportation of goods, freight or cargo; freighting services; rental of warehouse space; rental of land vehicles; advisory, consultancy and information services relating to transportation; providing transportation information relating to vessels; providing transportation information relating to operation status of aircraft; providing transportation information relating to operation status of railway cars; providing transportation information relating to operation status of Automated Guideway Transit [AGT] vehicles; providing transportation information relating to operation status of magnetic levitation trains; providing transportation information relating to operation status of monorail vehicles; providing transportation information relating to operation status of

next-generation streetcars such as light rail vehicles; providing transportation information relating to operation status of new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV]; providing transportation information relating to operation status of autonomous cars or automated cars; providing transportation information relating to operation status of vehicles with driving assistance functions; providing transportation information relating to operation status of automobiles; providing transportation information relating to operation status of small electric cars; providing transportation information relating to operation status of treads for vehicles [tractor type]; providing transportation information relating to operation status of mobility scooters; providing transportation information relating to operation status of golf carts; providing transportation information relating to operation status of electric carts; providing transportation information relating to operation status of all-terrain vehicles; providing transportation information relating to operation status of two-wheeled motor vehicles; providing transportation information relating to operation status of bicycles; providing transportation information relating to vehicle operation status; providing road and traffic information; tracking of vehicles with autonomous driving functions or autonomous driving assistance functions by computers (transport information); tracking of vehicles with automated driving functions or automated driving assistance functions by computers (transport information); tracking of vehicles with autonomous driving functions or autonomous driving assistance functions by computer programs (transport information); tracking of vehicles with automated driving functions or automated driving assistance functions by computer programs (transport information); providing information relating to autonomous driving or automated driving devices for automobiles comprised of telecommunication machines and apparatus, electrical and electronic control apparatus and instruments, remote control apparatus, photographic machines and apparatus, and automatic adjusting/regulating machines and instruments including radar apparatus, scanners [data processing equipment], cameras, video cameras, sensors [measurement apparatus], other than for medical use, and alarms, for autonomous driving or automated driving of automobiles; tracking of autonomous driving or automated driving of automobiles by telecommunication machines and apparatus (transport information); tracking of autonomous driving or automated driving of automobiles by electrical and electronic control apparatus and instruments (transport information); tracking of autonomous driving or automated driving of automobiles by remote control apparatus (transport information); tracking of autonomous driving or automated driving of automobiles by photographic machines and apparatus (transport information); providing information relating to autonomous parking or automated parking devices for automobiles comprised of telecommunication machines and apparatus, electrical and electronic control apparatus and instruments, remote control apparatus, photographic machines and apparatus, and automatic adjusting/regulating machines and instruments including radar apparatus, scanners [data processing equipment], cameras, video cameras, sensors [measurement

apparatus], other than for medical use, and alarms, for autonomous parking or automated parking of automobiles; tracking of autonomous parking or automated parking of automobiles by telecommunication machines and apparatus (transport information); tracking of autonomous parking or automated parking of automobiles by electrical and electronic control apparatus and instruments (transport information); tracking of autonomous parking or automated parking of automobiles by remote control apparatus (transport information); tracking of autonomous parking or automated parking of automobiles by photographic machines and apparatus (transport information); tracking of automobiles by radar apparatus, scanners [data processing equipment], cameras, video cameras, sensors [measurement apparatus] other than for medical use, alarms and automatic adjusting/regulating machines and instruments (transport information); vehicle-driving services; providing information relating to towing and transportation of car breakdown; transportation logistics services of tires and wheels, and providing information relating thereto.

Class 42

Computer software design, computer programming and maintenance of computer software; design and development of operating software for accessing and using a cloud computing network; computer programming for information management; providing computer programs on data networks; cloud computing; rental of operating software for accessing and using cloud computing network; electronic data storage and data back-up services; electronic storage of data, drawings, texts, digital photographs, music, images, video and electronic data by cloud computing; technical data analysis; surveying and engineering services; testing, data-analysing and measuring regarding civil engineering and building construction; drafting of building construction, civil engineering structures and underground structures and consultancy relating thereto; technical project planning; testing and research services relating to machines, apparatus and instruments; designing of machines, apparatus, instruments [including their parts] or systems composed of such machines, apparatus and instruments; design and development of computer hardware, software and databases; technical advice relating to operation of machines; technical advice relating to operation of computer programs; technological advice relating to computers, automobiles and industrial machines; technological analysis and consultancy of consumed fuel, fuel level and operating data of metalworking machines and tools, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, machines and apparatus for use in forestry, agricultural machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, measuring or testing machines and instruments, automobiles, and industrial robots; technological analysis and consultancy of consumed power, charge level and operating data of metalworking machines and tools, construction machines and apparatus, loading-unloading machines and apparatus, mining machines and apparatus, machines and apparatus for use in forestry, agricultural

machines and agricultural implements other than hand-operated, waste compacting machines and apparatus, waste crushing machines and apparatus, waste and trash separator machines, snow ploughs, measuring or testing machines and instruments, automobiles, and industrial robots; energy auditing; consultancy in the field of energy efficiency; consultancy in the field of energy-saving; designing of tires, other than for advertising purposes; designing, programming or maintenance of computer programs for managing information of belts for conveyors; designing, programming or maintenance of computer programs for simulation relating to tires and road surface condition; designing, programming or maintenance of computer programs relating to visualization tools for solution effectiveness, such as improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; technical advice relating to specialized knowledge as to tires and methods to check up on tires; technical analysis and consulting services related to the selection, condition, maintenance, retreading or replacement of tires; technical analysis and consulting services related to the selection, condition, maintenance and replacement of vehicle component parts, spare parts and accessories; technical analysis and consulting services related to the selection and maintenance of automobiles and their parts and fittings; technical analysis and consulting services related to the selection and maintenance of mining, construction, loading-unloading and agricultural machinery, and their parts and fittings; technological analysis and consulting services related to the selection and maintenance of shock absorbers, springs, valves, and hoses made of rubber, and their parts and fittings; technical analysis and consulting relating to services including the selection and maintenance of pipes of resin, pipe couplings of resin, and parts and fittings therefor; technical analysis and consulting relating to services including the selection and maintenance of rubber bearings for seismic isolation of buildings and their parts and fittings; rental of computers; providing computer programs for vehicle drive information, vehicle kinetic information and tire pressure information; providing computer programs for managing information of belts for conveyors; providing computer programs for simulation relating to tires and road surface condition; providing computer programs relating to visualization tools for solution effectiveness, such as improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; technological consultancy or information relating to the manufacture and use of tires and their parts; testing or research on tires and road surface condition and information services relating thereto; providing computer programs regarding management of inventory and sales incentives for retail stores and wholesale stores; remote control for computer systems; monitoring of computer systems by remote access; monitoring of data from in-vehicle systems by remote access; computer programming services relating to visualization tools for solution effectiveness, such as improvement of productivity, optimization of inventory and improvement of efficiency, by various combinations of products and services; testing or research on vehicles and their parts and fittings with autonomous driving functions or autonomous driving assistance functions and information services relating thereto; testing or research on next-generation

streetcars and their parts and fittings and information services relating thereto; testing or research on new transportation system vehicles such as automated guideway transit [AGT], dual mode bus [DMB], bus rapid transit [BRT] and Dual Mode Vehicle [DMV], and their parts and fittings and information services relating thereto; providing computer programs connected with customers' systems for improving productivity at customers by inventory management and quality management of tires; providing technical information and consultancy related to tire management, namely the selection, maintenance, repair, retreading, replacement and pressure measuring of vehicle tires; technological expertise services in connection with the selection, condition, maintenance and repair of tires, spare parts and accessories for vehicles; providing technical information and consultancy related to vehicle and trailer tracking; testing and quality control of tires and inner tubes; design of business premises such as retail stores and wholesale stores for the tire trade; development, design, maintenance, and providing of software, mobile applications, databases and web sites; design, development and maintenance of software, mobile applications, databases and web sites; providing temporary use of on-line non-downloadable software for use in publishing; providing search engines for obtaining data via communications networks; conducting technical project studies; studies and research relating to waste disposal; providing computer programs for information related to tire pressure and internal tire temperature; technical analysis and consulting services related to the selection or maintenance of rubber bearings for seismic isolation of buildings; technical analysis and consulting services related to the selection or maintenance of belts for conveyors, and their parts and fittings; technical analysis and consulting services related to the selection or maintenance of rubber tracks for use with crawlers, and their parts and fittings; measurement of concentration of sludge in pipes; providing temporary use of non-downloadable software regarding management of inventory; providing temporary use of non-downloadable computer software for analysis and monitoring by remote access; construction planning services.
