GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

Application software; application software for cloud computing services; cloud computing software; application software for mobile devices; application software for mobile phones; application software for smartphones; computer interface software; interface software; computer programs for data processing; computer programs for document management; computer programs stored in digital form; computer software; computer application software; computer application software for mobile phones; computer application software for use with wearable computer devices; computer programming software; computer software packages; computer software platforms; computer software programs; computer software for application and database integration; computer software for mobile phones; computer software to enable retrieval of data; computer software to enable searching of data; software; software applications; software and applications for mobile devices; mobile application software; mobile software; health monitoring software; data processing software; software for computers; data processing programs; data processing systems; big data management software; software for robotic process automation; data and file management and database software; machine learning software; machine learning software for analysis; machine learning software for healthcare; artificial intelligence software for healthcare; artificial intelligence software; software for the integration of artificial intelligence and machine learning in the field of Big Data; downloadable applications; downloadable application software; downloadable applications for use with mobile devices; downloadable application software for smartphones; downloadable software; downloadable software in the nature of a mobile application; downloadable computer programs; downloadable computer software; downloadable computer software applications; downloadable computer software for the transmission of data; downloadable cloud computing software; downloadable data files; downloadable mobile applications; downloadable mobile applications for the management of data; downloadable mobile applications for the transmission of data; downloadable mobile applications for the transmission of information; downloadable mobile

applications for use with wearable computer devices; downloadable smart phone application [software]; downloadable software applications for mobile phones; downloadable software applications [apps]; downloadable computer software for use as an application programming interface (API); real-time data processing apparatus; data processing apparatus; intelligent gateways for real-time data analysis; data processors; data recorded electronically; data storage devices and media.

CLASS 42

Advisory and information services relating to computer software; consultancy and development services relating to computer software; research and consultancy services relating to computer software; research and development services relating to computer software; computer programming; computer programming consultancy; consultancy services relating to the design, development and use of computer hardware and computer software; consultancy relating to the creation and design of websites; Consultancy services for designing information systems; Providing information about the design and development of computer software, systems and networks; consultancy and information services relating to information technology; information technology services; information technology services for the pharmaceutical and healthcare industries; information technology support services; computer programming for data processing; computer programming services for electronic data security; programming of data processing programs; computer programming for the medical sector; computer software integration; computer support services [programming and software installation, repair and maintenance services]; installation and maintenance of software; maintenance of data processing software; computer software maintenance services; design and development of computer software for cloud computing; design and development of data processing software; design and development of data processing programs; design and development of data retrieval software; design and development of electronic data security systems; design and development of computer software for use with medical technology; design and development of medical technology; design of data processing apparatus; development of software for secure network operations; research, development, design and upgrading of computer software; research, design and development services relating to data processing systems; design services relating to data processing tools; development of software application solutions; development of systems for the processing of data; development and creation of computer programmes for data processing; services for the design of electronic data processing software; software authoring; software engineering services; software engineering services for data processing programs; updating of software for data processing; updating of software data bases; compilation of computer programmes; compilation of data-processing programs; writing of programs for data processing; preparation of computer programs for data processing; computer software programming services; configuration of computer software; technological services and research and design relating thereto; research in the field of artificial intelligence technology; research in the field of data processing technology; platforms for artificial intelligence as software as a service [SaaS]; software as a service [SaaS] featuring computer software platforms for artificial intelligence; data migration services; cloud computing services; cloud storage services for electronic data; cloud storage services for electronic files; private cloud hosting provider service; rental of software for data processing; hiring out data processing equipment.

CLASS 44

Advisory services relating to healthcare; medical information services; healthcare information services; consultancy and information services relating to medical products; consultancy and information services relating to pharmaceutical products; providing information in the field of medicine; providing information relating to medical services; provision of health information; provision of medical information; providing health care information via a global computer network; providing health care information by telephone and the Internet; providing medical information in the healthcare sector; collation of information in the healthcare sector.

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing apparatus and computers; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database); instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software in the form of an application for mobile devices and computers; software applications for use with mobile devices; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice, and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; computer peripherals; semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; circuit chips; computer chips; CPU (central processing unit); RISC-V computer chips and central processing units; computer chips and central processing units with instruction set architecture; notebook computers; laptop computers; portable computers; handheld computers; personal digital assistants; personal media players; mobile telephones; smart phones; digital cameras; batteries, battery chargers; computer workstations; computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, routers and hubs; wireless and wired modems and communication cards and devices; laptop holders, computer bags; fire-extinguishing apparatus; computer hardware and firmware; computer software (including software downloadable from the Internet); automobile navigation system; compact discs; digital music (downloadable from the Internet); telecommunications apparatus; mouse mats; mobile phone handsets; mobile phone accessories; downloadable games, pictures, motion pictures, movies and music; alarm systems; security cameras; mobile radio and television broadcasting units; television broadcasting equipment; cameras; video cameras; headphones; telephone ear pieces; speakers; Global Positioning System (GPS) apparatus; computer, electronic and video games programmes and software (including software downloadable from the Internet); liquid crystal displays for telecommunications and electronic apparatus; set top box; remote control; data storage programs; spectacles and sunglasses; electronic signboards; encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; tablet computers; encoded key cards; 3D spectacles; memory cards for video game machines; computer applications for streaming videos, music and images; digital media streaming devices.

CLASS 42

Scientific and technological services and research and design relating thereto, industrial analysis and research services; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V computer chips and central processing units, computer chips and central processing units with instruction set architecture; technical project studies; providing a website featuring technology that enables users to share information and advice; design and development of computer hardware and software; software as a service (SaaS); computer services in connection with transmitting information, data, documents, and images over the Internet; computer services in connection with providing an online access to interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services, namely, hosting computer software applications of others; application service provider (ASP) services providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support (technical consultancy) services relating to computer software and applications provided online, by email and by telephone; computer services, namely, creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer technology advice provided to Internet users by means of a support hotline; computer service relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; computer services; computer programming; computer integration services; computer analysis services; computer programming in relation to the defence against virus; computer system software services; computer services in relation to providing direct connection services between computer users for exchanging data; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; providing technical information at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; computer services relating to customized searching of computer databases and websites; computer and electronic signal coding and decoding; conversion of physical data and documents into electronic media format; product testing and evaluation services; architectural and design services; interior designs of buildings, offices and apartments; computer and computer network information services; provision of computer security risk management programs; computer security information, knowledge, and testing services; quality assurance services; computer services, namely, analysis and evaluation of business transactions of others for the purpose of certification and preparation of reports accessible online; computer security services for access control to computers, electronic networks and databases; security of data transmission and of transactions via computer networks; consultancy in the field of data security; technological consultancy concerning securing telecommunications; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services; authentication services for computer security; computer services in relation to online authentication of electronic signatures; off-site data backup; electronic data storage; providing information on computer technology and programming via a web site; cloud computing; cloud hosting provider services; providing temporary use of non-downloadable cloud-based software and cloud computing software; electronic storage of data; providing virtual computer systems and virtual computer environments through cloud computing; rental of entertainment software; cartography services; providing on-line non-downloadable computer software and computer applications for streaming videos, music and images; consultancy, information and advisory services relating to the aforesaid services.

GENERAL INFORMATION III

TRADEMARKS ACT 2019 (Act 815)

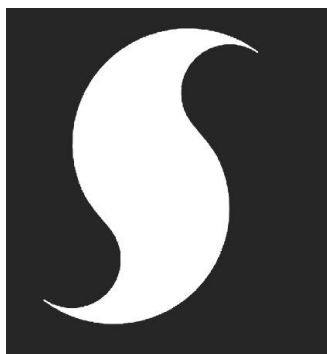

PUBLICATION OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING
MALAYSIA

Pursuant to regulation 71 of the Trademarks Act 2019, the following international registrations designating Malaysia have been accepted and are hereby published in Intellectual Property Official Journal under section 148 of the Trademarks Act 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 72(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the international registrations designating Malaysia which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such international registrations designating Malaysia in the Intellectual Property Official Journal.

Notwithstanding the above paragraphs, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 72(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition

Industrial robots; robotic apparatus for handling materials; robotic cleaning machines; mechanical cleaning apparatus, electric; control mechanisms for machines, engines or motors; mineworking machines; waste disposing machines; machines and apparatus for mining, cleaning, sorting, washing, processing, filtration, waste management and recycling; parts and accessories for all the aforesaid.

CLASS 9

Software; downloadable software applications; computers; computer hardware; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; data processing equipment; apparatus for recording, transmission or reproduction of sound or images; solar panels; solar batteries; power supply devices (transformers); measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; calculating devices; fire-extinguishing apparatus; parts and fittings for all the aforesaid; electronic publications (downloadable) including podcasts and electronic publications (downloadable) sold and distributed online.

CLASS 35

Business management; business project management services; logistics services (business management and organisation of facilities and resources); supply chain management services; business management and consulting in the field of supply chain management and logistics; business

risk management and business performance consultancy services including in relation to occupational health and safety; business management services for others in the instances of crisis and emergency; business administration; procurement services including procurement of contracts (for others); personnel management consultancy; providing staff; negotiation of business contracts for others; business information; commercial or industrial management assistance; retail and wholesale services, including those provided online and via an e-commerce platform; provision of an on-line marketplace for buying and selling goods and services; reseller services, namely, distributorship services, including those provided online and via an e-commerce platform; advertising; marketing; public relations; marketing research; accounting; business and financial auditing; office functions; advisory, consultancy and information services in relation to the aforesaid.

CLASS 36

Asset management; funds management; financial management; investment services; financial services; project finance services; financial asset management; investment asset management; financial affairs; monetary services; insurance; capital investment services; provision of credit; financial and insurance risk management and advisory services; advisory, consultancy and information services in relation to all of the aforesaid.

CLASS 37

Construction management; construction project management; building; installation, maintenance and repair services in this class; rental and hire of construction and building equipment and instruments; cleaning of buildings, construction sites, industrial sites; cleaning industrial waste, chemicals and materials such as catalyst and sludge, from industrial sites including tanks and vessels; industrial maintenance services, namely, removing catalyst from industrial process beds, tanks, and vessels; industrial maintenance services, namely, removing adsorbent from industrial process beds, tanks, and vessels; industrial maintenance services, namely, removing process residue from industrial process beds, tanks, and vessels; oil and gas drilling; extraction of oil; extraction of gas; maintenance of power plants, equipment and instruments for energy and electricity production; installation and maintenance of computer hardware; advisory, consultancy and information services in relation to all of the aforesaid.

CLASS 40

Treatment of materials including by means of chemical processing; treatment of water; recycling of waste and trash; treatment of waste and trash; air purification; water and waste treatment; waste recycling; sorting of waste and recyclable material, being waste transformation services; fabrication of parts, fixtures and prototypes to the order and specification of others; custom fabricating of goods or materials (for others) such as bespoke pipework, metalwork, joinery, control panels and electrical panels; production of energy; generation of electricity; processing of gas; production of energy; detoxification and decontamination of hazardous materials; destruction of waste; recycling for carbon offsetting purposes; consultancy services relating to the generation of electrical power; generation of electricity from solar energy; technical consultancy in the field of production of solar energy; production of hydroelectric power; production of electrical energy from renewable sources; production of energy by power plants; production and processing of fuels and of other sources of energy; advisory, consultancy and information services in relation to all of the aforesaid.

CLASS 41

Education; providing of training; conducting classes, training, seminars, conferences and workshops in the fields of construction, engineering, building safety, business, supply chain management, project management, and occupational health and safety; advisory, consultancy and information services in relation to all of the aforesaid.

CLASS 42

Design and development of computer software for logistics, supply chain management and e-business portals; design and development of computer hardware and software; online provision of web-based applications (non-downloadable); online provision of web-based software (non-downloadable); engineering project management services; engineering; engineering design services; conducting of engineering feasibility studies; computer software development and support services; software as a service (saas); hosting of software as a service (saas); online provision of interactive web-based application (non-downloadable); design, development, information technology consultancy services; design, development and testing of computer hardware; web portal hosting services; computerised storage of business and commercial information; computer technology support services, namely, help desk services; information technology (it) services (computer hardware, software and peripherals design and technical consultancy); computer network design for others; scientific and technological services and research and design relating thereto; scientific and industrial analysis and research for the oil, gas, mining, chemical, petrochemical and energy industry; surveying services; analysis and testing services for the oil, gas, mining, chemical, petrochemical and or energy industry; industrial

analysis, industrial research and industrial design services; technical data analysis; quality control and authentication services; materials testing; oil exploration; gas exploration; geological surveys; geographical mapping; architectural design services; architectural planning; scientific and technological investigations in relation to industrial failure; technological consultancy services to assist in technical and commercial due diligence services; consultancy and advisory services in the field of energy use and energy efficiency; energy auditing; environmental assessment and sustainability consultancy services; environmental assessment services; environmental monitoring services; installation, testing, updating, management and maintenance of computer software; advisory, consultancy and information services in relation to all of the aforesaid.

CLASS 45

Inspection of factories, buildings, construction sites, and facilities in relation to safety; fire safety consultancy services; safety auditing to improve safety at working places; information and consultancy services in relation to safety; mediation services including industrial relations mediation services; advisory, consultancy and information services in relation to all of the aforesaid.
