Chemical products for use in industry and science; chemical products for use in the manufacture of pharmaceutical, veterinary, sanitary, medical and/or food products; biological preparations for industry and science; active chemical ingredients for use in the manufacture of pharmaceutical substances; chemical products for use as ingredients during the manufacturing process of chemical products used in the food and agri-food industries.

CLASS 5

Pharmaceutical preparations for medical and veterinary use; hygienic and sanitary products for medical use; dietetic food and substances for medical or veterinary use; food supplements for humans or animals; plasters, material for dressings; veterinary preparations for the treatment of intestinal bacteria, anti-infective products for veterinary use; insecticidal washing products for veterinary use; pharmaceutical products for veterinary purposes; Pharmaceutical products for veterinary use; veterinary products and substances; biological reagents for veterinary use; diagnostic reagents for veterinary use; reagents for clinical analyses for veterinary purposes; reagents for microbiological analyses [for veterinary purposes]; reagents for chemical analyses [for veterinary purposes]; reagents for veterinary diagnosis; reagents for diagnostic tests [for veterinary purposes]; reagents for use with analyzers for veterinary purposes; reagents for use in analyses [for veterinary use], reagents for in-vitro laboratory use [for veterinary purposes]; chemical reagents for medical or veterinary purposes; chemical reagents for veterinary use; reagents and media for medical and veterinary diagnostic purposes; nucleic acid sequences for medical and veterinary use; dietary supplements for veterinary use; dietetic substances for veterinary use; veterinary substances and preparations; filled syringes for medical purposes containing pharmaceuticals; oral vaccine preparations; vaccine preparations for human use; vaccines; influenza vaccines; vaccines against pneumococcal infections; vaccines for horses; vaccines for cattle; vaccines for infections in animal hooves; vaccines for human use; veterinary vaccines; viral vaccines.

CLASS 9

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; computers and computer peripherals; computer software for the pharmaceutical, medical, healthcare, veterinary and diagnostic sector; spectrophotometers, other than those used for medical diagnostics; remote diagnostic software; ultrasonic diagnostic apparatus for laboratory use; electronic apparatus for checking the sterility of pharmaceutical and veterinary products and injectable solutions; software for use in systems supporting medical decision making; artificial intelligence software; artificial intelligence software for health care; artificial intelligence software for analysis purposes; software for integration of artificial intelligence and machine learning in the field of big data; software relating to artificial intelligence and learning machines.

CLASS 10

Surgical, medical, dental and veterinary apparatus and instruments; artificial limbs, eyes and teeth; orthopedic articles, suture material; therapeutic and assistance devices for disabled persons; automatic vaccination apparatus; dialysis apparatus for veterinary use; x-ray apparatus for veterinary use; medical and veterinary apparatus and instruments; surgical apparatus and instruments for veterinary use; veterinary apparatus and instruments; collimation position indicator apparatus for

veterinary use; apparatus for veterinary use; ultrasonic apparatus for veterinary use; bolus applicators for veterinary use; trays for holding veterinary instruments; blood collection bags for veterinary use; blood collection bags for veterinary use, empty; pumps for veterinary use; conical collars [Elizabethan collar] for veterinary use; elastrator for veterinary purposes; electrocardiographs for veterinary use; X-ray sheets for veterinary use; caps for protecting the hair to be worn by veterinary professionals; latex gloves for veterinary use; protective gloves for veterinary use; disposable gloves for veterinary use; gloves for veterinary use; tools for veterinary diagnosis; castration instruments [for veterinary use]; detection instruments for veterinary use; ultrasonic diagnostic instruments for veterinary use; ultrasonic cleaning instruments for veterinary use; X-ray frames for veterinary use; protective mouth masks for veterinary use; protective nose masks for veterinary use, balling guns for veterinary use; refractometers for veterinary purposes; x-ray supports for veterinary use; nerve connecting mesh tubes for veterinary use; sample tubes for veterinary use; tubes for veterinary use, support bandages for veterinary use; veterinary apparatus and instruments; protective visors for veterinary use; automatic medical apparatus for administering doses of drugs by injection to animals; medical and surgical knives for cutting the tissue and organs of human beings or animals; veterinary obstetrics tools for the birth of live animals; medical and surgical cutting instruments for cutting the tissue and organs of human beings or animals; animal artificial insemination instruments; medical instruments for application in the body of animals; medical instruments for application on the body of animals; therapeutic garments for animals; wheels for pets [mobility aids]; radiation protection textiles for use in the therapeutic treatment of animals; injection needles for medical use; hypodermic needles for injection; automatic medical apparatus for administering doses of drugs by injection to animals; automatic medical apparatus for administering doses of drugs by injection to humans; injection device for pharmaceutical products; hypodermic injection devices; injection instruments without needles; hypodermic syringes for injections for medical purposes; syringes for injections; injection sleeves for medical use; blood removal needles; blood testing apparatus; automated blood collection apparatus; automated apparatus for separating blood; blood testing apparatus [for medical use]; blood glucose monitoring apparatus; autologous blood processing apparatus; blood glucose testing apparatus; medical apparatus for measuring oxygen content in blood; medical apparatus for testing blood glucose level; apparatus for the recovery of autologous blood; apparatus for cleaning blood during surgical procedures; apparatus for blood tests [for medical use]; blood collection bags for medical purposes, empty; blood collection bags for medical use; blood collection bags for veterinary use; blood collection bags for veterinary use, empty; blood pumps; blood warmers; blood filters; filters for blood and blood components; automated instruments for blood separation; automated instruments for collecting blood; blood testing instruments; autologous blood processing instruments; electrical instruments for medical use in blood diagnostics; blood glucose meter; roller mixers for blood samples; electronic blood oxygen saturation monitors [for medical use]; electronic blood oxygen saturation recorders [for medical use]; blood testing apparatus; blood testing apparatus; systems for intravascular monitoring of gas in blood; capillary tubes for blood; blood collection tubes for medical use; blood collection tubes for surgical use; tubes for collecting blood; blood centrifuging tubules [for medical use]; ventilators; battery-powered ventilators for artificial respiration; ventilators for medical use; Medical masks.

CLASS 35

Retail, wholesale services and via global computer networks for pharmaceutical, veterinary, sanitary products and material, surgical, medical, and veterinary apparatus, devices and instruments, as well as of computer software related to the biomedical and pharmaceutical sector; advertising services related to pharmaceutical, veterinary, sanitary products and material, surgical, medical and veterinary apparatus, devices and instruments; as well as computer software related to the biomedical and pharmaceutical sector.

CLASS 42

Scientific and technological services, as well as associated research and design services; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer equipment and software; research and development services relating to vaccines; information and data services regarding medical and veterinary research and development; veterinary laboratory services; services for assessing the effectiveness of veterinary medicines; design of laboratory animal housing systems; biotechnology research for determining the neuronal survival of molecules in animal models; research regarding farm animal breeding; genetic tests of laboratory animals for research; consultancy in pharmaceutical research; consultancy related to pharmacology; consultancy related to pharmacogenetics research; consultancy related to pharmaceutical research and development; development of pharmaceutical preparations and medicines; development of pharmaceutical products; clinical studies for pharmaceutical products; evaluation of pharmaceutical products; scientific and medical information regarding pharmaceutical products and clinical trials; inspection of pharmaceutical products; scientific research in the field of pharmacy; research in the field of pharmacogenetics; research regarding pharmaceutical products; research and development in the field of pharmacy and biotechnology; pharmaceutical research and development; research and development for the pharmaceutical industry; conducting clinical trials for

pharmaceutical products; conducting early evaluations in relation to new pharmaceutical products; drug development services; drug discovery services; pharmaceutical product efficacy assessment services; medical and pharmacological research services; pharmaceutical research and development services; information technology services for the pharmaceutical and health-care industries; provision of information regarding results of clinical trials relating to pharmaceutical products; electronic storage of medical records; design and development of medical diagnostic apparatus; scientific research for medical purposes; medical laboratories; programming for computers in the medical field; calibration services relating to medical apparatus; information and data services regarding medical and veterinary research and development, services of a medical laboratory; non-medical ultrasound imaging services; provision of scientific information regarding medical disorders and their treatment, development of pharmaceutical preparations and medicines; research and development of vaccines and medicines; services for assessing the effectiveness of veterinary medicines; biological research and analysis; creation and development of computer software in the pharmaceutical, medical, veterinary, sanitary and diagnostic field; clinical research; conducting clinical trials; blood testing services for scientific research; analytical services relating to the assessment of bacteria content in liquids.

CLASS 44

Medical services; veterinary services; advisory services relating to medical problems; medical analysis services; medical report preparation services; medical laboratory services for the analysis of blood samples; advisory services relating to medical problems; medical analysis services relating to the treatment of people; genetic testing (analysis) for medical purposes; medical services for the diagnosis of diseases in the human body; medical services for the treatment of conditions of the human body; medical services for skin treatment; medical services for the skin cancer treatment; medical services relating to the removal, treatment and processing of human cells; medical services relating to the removal, treatment and processing of stem cells; medical services relating to the removal, treatment and processing of the spinal cord; medical services relating to the removal, treatment and processing of umbilical cord blood; medical services relating to the removal, treatment and processing of human blood; medical and health care services; medical and health care services provided by clinics; vaccination services; laboratory analysis relating to the treatment of animals; laboratory analysis relating to the treatment of people; medical analysis services for diagnosis and treatment provided by medical laboratories; medical analysis services provided by medical laboratories for diagnostic and therapeutic purposes; medical analysis services provided by laboratories for the treatment of people; medical laboratory services for the analysis of blood samples; medical laboratory services for the analysis of blood samples taken from patients; medical laboratory services for the analysis of samples taken from patients; professional consulting relating to veterinary services; veterinary counseling services; veterinary surgeon services; information services relating to veterinary pharmaceutical products; veterinary surgical services; provision of information regarding veterinary services; DNA or RNA testing for cancer diagnosis and prognosis; medical analyses for the diagnosis and treatment of people; medical analysis for diagnostic or treatment purposes; diagnosis of diseases; medical diagnostic imaging; genetic testing of animal for diagnostics or treatments; medical testing relating to the diagnosis and treatment of diseases; conducting sleep studies for medical diagnostics and treatment; medical analysis services for diagnosis and treatment provided by medical laboratories; medical testing services for cancer diagnosis; medical testing services for cancer diagnosis and prognosis; medical analysis services provided by medical laboratories for diagnostic and therapeutic purposes; medical diagnostic services [testing and analysis]; prostate cancer diagnostic imaging services; surgical diagnostic services; medical services for the diagnosis of diseases in the human body, dietetic and nutritional advice; advice relating to hair care; advice relating to genetics; advice regarding animal breeding; advice regarding pharmacy, advice regarding health; advice regarding nutrition; pharmaceutical advice; advice relating to the feeding of animals; advice relating to immunology; advice relating to medicines; advisory services relating to medical apparatus and instruments; nutritional advisory services; advisory services relating to animal grooming; advisory services relating to medical instruments; advisory services relating to surgical instruments; advice services relating to health; advisory services regarding medicines; advisory services relating to medical problems; advisory services relating to medical problems; veterinary counseling services; information and advice services in the field of health; blood bank services; blood donation; information relating to blood donation; collection and preservation of human blood; blood bank services; umbilical cord blood bank services; medical laboratory services for the analysis of blood samples; medical laboratory services for the analysis of blood samples taken from patients; medical services relating to the removal, treatment and processing of umbilical cord blood, medical services relating to the removal, treatment and processing of human blood.
