General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Goods and/or Services:

Class 01

Industrial adhesives; chemicals used in industry, unprocessed artificial resins, unprocessed plastics; chemicals used in science; chemicals used in agriculture; tempering and soldering preparations; sulphur, sulphuric acid, sulphuric dioxide, foundry sand, ammonium sulphate, baryta, drilling mud for use in oil well drilling, coating agents [chemicals], other than paint, selenium and its compounds, chrome concentrate being chemical compositions for use in chrome plating, mercury, all the aforesaid goods for industrial, forestry, agricultural and scientific use; chemical coatings and fillers for paper and plastic industry; fire extinguishing compositions; welding flux, welding chemicals, namely pickling pastes, pickling gels, neutralizing pastes, pre and post welding chemicals; patination agents [chemical]; fertilizers; nanopowders.

Class 02

Industrial primers.

Class 06

Steel balls; plates of metal; magnetic sheet metal linings; linings of metal; bars of metal; cone-shaped sheets of metal; metal plates for filling; liners of metal; lifter bars of metal;

shell plates of metal; cover plates of metal; grates of metal; profiles of metal; hooks of metal; fixing devices of metal; sealing caps of metal; pipes of steel; wear resistant sheet metal linings, sheet metal coverings, plates and bars of metal; bridges of metal; rails of metal; railway switches; metallic moulds for casting; steel alloys; stainless steels; non-electric cables and wires of common metal; common metal and their alloys; pellets of iron ores, chrome ores and common metals; ferrochrome, stainless steel, copper, zinc, nickel, aluminium and their alloys produced in rods, wires, pipes, tubes, wire bars, slabs, billets, sheets, strips, foils, coin blanks and token blanks, cartridge cups, cartridge and bullet blanks, hollow conductors form; stainless steel and nickel alloy filler metals; spelters and rods of common metals or their alloys for the welding industry; building materials of metal; ores.

Class 07

Grinding mills; wear parts for grinding mills; mill trommels; plates of metal for trommel screens; linings of rubber for grinding mills; screen panels of rubber and polyurethane for grinding mills; linings for grinding mills; bars for grinding mills; plates for grinding mills; filters for grinding mills; cones for grinding mills; filling segments for grinding mills; lifter bars for grinding mills; shell plates for grinding mills; head plates for grinding mills; grate plates for grinding mills; pulp filters for grinding mills; center cones for grinding mills; liners for grinding mills; lifter bars of metal for grinding mills; grates for grinding mills; pulp lifters; impeller arms for grinding mills; base liners for grinding mills; wall liners for grinding mills; door liners for grinding mills; baffles for grinding mills; corner liners for grinding mills; hold down bars for grinding mills; retaining screens for grinding mills; retaining screens (parts of machines); screening panels (parts of machines); screening media (parts of machines); side liners for screening and conveying machines; protective elements for screening and conveying machines; dust removing installations for cleaning purposes; wear linings for machines; blades for machines; belt cleaners for machines; belt guides for machines; seals for machines; service and inspection windows for machines; impact bars for machines; glide bars for machines; loading cradles for machines; roller guards for machines; pulley guards for machines; protection sleeves for machines; pulleys for machines; roller protectors for machines; belt turners for machines; glide blocks for machines; conveyor idlers for machines; conveyor belts for machines; sealing components for machines; hoses and pipes for machines; pipes for machines; valves for machines; grinding rolls; crushing machines; sizing machines; wear resistant linings, coverings, plates and bars for machines; flotation machines; separating machines; filtering machines; dewatering machines; sedimentation machines; pressing machines; feeding machines; railcar and barge pulling machines; bin discharging machines; unloading machines; cranes; lifting equipment; pelletizing and sintering machines; railcar dumpers and positioners (machines); reclaimers (machines); rotary breakers (machines); unloading and loading machines; ship trimmers and throwers (machines); stacker reclaimers (machines); screening machines; conveying machines; pelletizing machines; calcining machines; machines for grinding, crushing, shredding, shearing, pressing and cutting; cutting tables for machines; pneumatic and hydraulic valve actuators and

positioners; pressure valves (parts of machines); segment valves (parts of machines); globe valves (parts of machines); screw liners for grinding mills; pumps; valves and their parts (parts of machines); valve seats (part of machines); butterfly valves (parts of machines); emergency shutdown valves (parts of machines); tank car valves (parts of machines); control valves (parts of machines); regulating valves (parts of machines); ball valves (parts of machines); plug valves (parts of machines); cartridges for filtering machines; feeders [parts of machines]; filters [parts of machines or engines]; heat exchangers [parts of machines]; pumps [parts of machines, engines or motors]; valves [parts of machines]; water heaters [parts of machines]; boiler tubes [parts of machines]; drain cocks; grindstones [parts of machines]; millstones; pump diaphragms; tools [parts of machines]; casting machines for molten metal, upward continuous casting machines, casting wheels and take-off/bosh tank machines for anodes; rolling machines for metal tubes, pipes, rods, wires, wirebars, slabs, billets, sheets, strips and foils; machines for the preparation of starting sheets and anodes and unloading of anodes and cathodes, stacking machines for slabs and ingots, stripping machines for cathodes or starting sheets, venturi scrubbers, mixer-settler cells; machines for material treatment and forming; machines for smelting concentrates, metals and materials; machines for flash smelting and converting of concentrates, flotation and dispersion machines for mineral processing, machines for preconcentration of ore; machines for physical separation of ore and minerals; machines for green anode plants and rodding shops; machines and mills for grinding and comminuting materials; machines for processing oil and mineral sands; machines for thickening and clarifying materials in mineral, chemical and waste water industries; machines for briquetting, pelletizing and sintering of materials; machines for direct smelting of iron ore; machines for producing sulphuric acid; machines for calcining and leaching ores and concentrates and other materials; machines for ion exchange and solvent extraction of materials; machines for treating, transferring and conveying of molten slag and molten metal; machines for fire refining of ores and concentrates; machines for drying materials; blades [machine parts]; welding electrodes.

Class 08

Hand tools.

Class 09

Data processing equipment; computer software; cameras; computer software for pumps; electronic valves; electronic controls; testing apparatus for industrial use; measurement apparatus; computer software for measurement apparatus; electronic monitoring apparatus; computer software for monitoring apparatus; electronic monitoring apparatus for crushing machines; computer software for crushing machines; computer software, data processing equipment and computers for crushing process simulation; crushing apparatus for laboratory use; scales; power units; electronic analyzers for industrial use; electronic and optical measurement apparatus; computer software for analyzing industrial processes; electronic tags; computer software for controlling industrial processes; computer software,

data processing equipment and computer hardware for industrial testing and simulation; computer software, data processing equipment and computer hardware for recycling; computer software, data processing equipment and computer hardware for controlling industrial processes; electronic and optical sensors and detectors; computer software for measuring, controlling and detecting industrial processes; cameras for industrial use; electronic sensors, signal processors, switches and position transmitters for valves; safety solenoids; radio-frequency identification devices; radio-frequency transmitters and receivers; flotation apparatus for laboratory use; electronic control valves, namely control valves for regulating the flow of gasses and liquids [solenoid valves], solenoid valves and electromagnetic control valves [solenoid valves]; electronic, electro-pneumatic and electro-hydraulic valve actuators and positioners; electronic valve controllers; computer software for artificial intelligence; augmented reality software; virtual reality software; downloadable publications; training manuals in electronic format; 3D computer graphics software; digital maps; downloadable image files in the form of digital drawings; computer software for creating maps; predictive maintenance software; cloud computer software; optimization software; project management software; simulation software; weighing, measuring, signaling, checking (supervision) apparatuses and instruments for mining and mineral technology, metallurgy and non-organic chemical industry; testing and analyzing equipment, namely x-ray and gamma ray apparatus for industrial use, neutron-activated and electrochemical element analyzers; sensors and instruments for detecting and sensing metals and other materials; minicomputers and microprocessors for digital device for process control and management in mining and mineral technology, metallurgy and non-organic chemical industry; superconductor cables, silicon wafers; copper anodes and cathodes; electric bus bar components, electric conduits, electric cables, electric wires, coaxial cables, electric conductors, electric commutators and connectors of copper or copper alloys or tin alloys or nickel alloys.

Class 11

Ash conveying installations; ash removal apparatus, namely ash waste disposal furnaces and ash waste disposal incinerators; cooling apparatus; drying apparatus; heating apparatus; hydrating apparatus, namely apparatus for the supply of water for lime hydration; incineration apparatus; preheating and heating apparatus; rotary kilns; furnace grates for heat treatment; burners; apparatus for lighting, steam generating, cooking, refrigerating, ventilating, water supply and sanitary purposes; boiler pipes [tubes] for heating installations; coils [parts of distilling, heating or cooling installations]; feeding apparatus for heating boilers; air filters for industrial purposes; water filters for industrial purposes; filters for drinking water; gas condensers, other than parts of machines; gas scrubbing apparatus; level controlling valves in tanks; oil-scrubbing apparatus; purification installations for sewage; refining towers for distillation; regulating accessories for water or gas apparatus and pipes; regulating and safety accessories for gas apparatus; scrubbers [parts of gas installations]; fluidized bed combustion boilers and burners; submerged combustion evaporation units;

fluid bed units [heating apparatus] for reduction, calcining and roasting of ores and residues for aggregates, mineral, mining, metals refining and recycling machinery; parts and fittings of refrigeration, air-conditioning and heating systems; waste heat boilers; apparatus for cooling smelting and melting furnaces; apparatus for cooling electric devices; apparatus and installations for water purification; waste water purification installations; gas cleaning apparatus; electrostatic precipitators for cleaning air.

Class 14

Precious metals and their alloys; rods, wires, tubes, bars, billets, ingots, wirebars, slabs and sheets of precious metals; gold, silver, platinum, palladium and other precious metals and their alloys for raw and/or semi-processed goods.

Class 17

Sheetings of rubber; polyurethane foam in the form of sheets for use in insulation; hose linings made of rubber and plastics; filtering materials of rubber; bars of rubber; plates of rubber; cone-shaped sheets of rubber for insulating purposes; semi-finished rubber in the form of belts; insulating panels of rubber and polyurethane; rubber sleeves for protecting milling machines; shell plates of rubber; head plates of rubber; grate plates of rubber; filtering materials of rubber pulp; cone-shaped seals of rubber; stuffing of rubber; semi-finished rubber in the form of liners; rubber materials for use in manufacture of impeller arms; semi-finished rubber in the form of base liners; semi-finished rubber in the form of wall liners; semi-finished rubber in the form of door liners; semi-finished rubber in the form of baffles; rubber materials for use in manufacture of corner liners; semi-finished rubber in the form of hold down bars; semi-finished rubber in the form of wear linings; semi-finished polyurethane in the form of wear linings; insulating sleeves of polyurethane for machinery; seals of rubber; hoses and pipes of rubber; filtering materials made of glass reinforced polymers [semi-worked or semi-finished] for aggregates, mineral, mining, metals refining and recycling machinery; semi-finished polyurethane in the form of linings; dust seals [gasket]; semi-finished rubber in the form of wear resistant linings, coverings, plates and bars; all the aforesaid goods being semi-finished products.

Class 24

Filtering materials of textile or textile fabric.

Class 35

Computerized database management; collecting information for business; business management consultancy; assistance, advisory services and consultancy relating to business management; strategic business planning; business consultancy and advisory services; business management; business process management consultancy; business planning consultancy; business analysis consultancy; business process re-engineering services; business project management; business planning; analysis of business data; collection of

data; compilation and systemization of information into computer databases; computerized data management; database management; data processing services; provision of business data; retail sale and wholesale services in relation to machinery, apparatus, installations and spare parts to be used in mining, enrichment and metallurgical industry, process industry, metal forming technology, materials technology and energy technology, production plants and environmental protection.

Class 37

Installation, maintenance and repair services of crushing, screening, conveying, feeding, grinding, separation, bulk materials handling, and metal and waste recycling machines; installation, maintenance and repair services of valves, actuators, positioners, valve controllers, valve controls, limit switches, and solenoids; installation, maintenance and repair services of data processing equipment, computer hardware and electronic apparatus; supervision (building construction -); burner maintenance and repair; boiler cleaning and repair; machinery installation, maintenance and repair; construction information; maintenance, installation and repair services relating to industrial plants and property; advisory and consultancy services relating to maintenance, installation and repair of industrial plants and property; construction of mines, concentrators and plants for metallurgy, energy producing, environmental protection and non-organic chemical industry; installation, maintenance and repair of machines, apparatus and appliances used in mining and mineral technology, metallurgy, metal technology, municipal engineering and energy production, metal working, material technique and forming, environmental protection, water purification and non-organic chemical industry.

Class 38

Operation of radio-frequency communications systems; radio-frequency communications services; providing access to and leasing time to computer databases; provision of access to data on communication networks; provision of access to data or documents stored electronically in central files for remote consultation.

Class 40

Treatment of materials in mining, aggregates, recycling, oil, gas, pulp, paper and process industries; minerals processing; waste recycling; metal recycling; material treatment information; water treating; production of energy; treatment consulting services in the field of metallurgy, metal and mineral working; consulting services in the field of energy production; rental of mineral processing machines.

Class 42

Technical inspection services; quality evaluation of performance of industrial processes; industrial testing; industrial testing and inspection and test of quality and performance of machines; technical monitoring of industrial processes; engineering services; industrial

analysis; engineering research; engineering surveying; engineering testing; technical testing; engineering design services; drafting of engineering plans and engineering drawings for others; engineering consultancy; technological consultancy; technological consultancy; preparation of engineering reports; software engineering services; civil engineering planning services; computer programming; computer analysis; computer system analysis; computer project management in the field of electronic data processing; computer project management services; computer security threat analysis for protecting data; technical support services relating to computer systems; design and development of computer systems for the analysis of data; computerized data storage; online data storage; provision of technical surveys; technical data analysis; testing of electronic data processing systems; water analysis; conducting technical project studies; technical design; environmental research, testing, surveying, assessment, analysis and consultancy services; computer system monitoring services; machine condition monitoring; monitoring of computer systems to detect breakdowns; monitoring of computer systems by remote access; monitoring of network systems; process monitoring for quality assurance; services for monitoring industrial processes; technical monitoring of network systems, servers and web and database applications; technical monitoring and inspection; advanced product research in the field of artificial intelligence; development and testing of computing methods, algorithms and software; services for assessing the efficiency of industrial processes; design and development of virtual reality software; development services relating to virtual reality software; design and development of augmented reality software; development services relating to augmented reality; computer design services; technical planning services; advisory services in the field of improvement [quality control] of industrial and technical efficiency; quality control, technological analysis, assessment, testing and consultancy services; computer aided diagnostic testing services; technical diagnostic testing services relating to industrial processes, mineral processing, water treatment, energy production, energy distribution and power production; technological consulting services in the field of mining and mineral technology, metal technology, municipal engineering, material technique and forming, environmental protection, water purification and non-organic chemical industry; design of mines, concentrators and plants for metallurgy, energy producing, environmental protection and non-organic chemical industry; remote computer backup services; remote server administration.

FORVIA

Goods and/or Services:

Class 06

Sliders of metal for vehicle seats.

Class 07

Filters for cleaning cooling air, for motors and engines; sparking plugs for internal combustion engines; igniting devices for internal combustion engines; anti-pollution devices for motors and engines; ball bearing rings; glow plugs for Diesel engines; fuel economizers for motors and engines; silencers for motors and engines; filters (parts of machines, motors or engines); injectors for engines; cooling radiators for motors and engines; catalytic converters; Pneumatic pumps for automobile seats; automotive exhaust pipes; machines for cleaning parts and components of motor vehicles; catalytic converter systems for motor exhausts; automobile exhaust lines; exhaust mufflers; injection systems for exhaust lines; injectors for vehicle exhaust systems; reductant product injectors for exhaust systems; heating and pre-heating devices for exhaust lines; cooling devices for exhaust systems; mixers and agitators for exhaust systems; burners for exhaust systems; energy generator, namely, energy generating cells; exhaust system parts comprising sensors and actuators; motor and actuator control and regulating apparatus; vehicle body control and regulating apparatus; transmission control units (parts of machines and motors) for vehicles; generators; generator regulators; radiator grilles for land, air and water vehicles; compressors and component parts therefor; condensers (ignition parts for motors); distribution valves (parts of motors); spark plug sockets (motor parts); pumps (motor parts) for windshield washing installations; pumps (motor parts) for lens washing installations; coolant pumps (parts of motors); vacuum pumps (parts of motors); pneumatic devices (parts

of machines and parts of motors) for adjusting and regulating the level of beam lights; switching devices, namely, hydraulically-operated switches; mechanical and hydraulic devices (parts of machines and parts of motors) for adjusting and regulating the level of beam lights; diagnostic tool (parts of machines and motors) for leak detection, filling, assembly and dismantling, flushing of air conditioning installations and parts thereof; fuel pumps.

Class 09

Automatic steering apparatus for vehicles; vehicle radios; thermostats for vehicles; voltage regulators for vehicles; electric apparatus for adjusting and regulating the level of beam lights; pressure control apparatus; speed checking apparatus; sensors for detecting the operating state and environment of vehicles, vehicle interiors and vehicle components, such as drive motors, chassis, heating and cooling systems; leak detectors; light bulb control units; motor temperature control devices; motor temperature regulating devices; engine diagnostic apparatus; electric seat adjuster devices; electric steering wheel adjuster devices; electric rearview mirror adjuster devices; level monitor devices; level regulating devices; voltage transformers; sockets, plugs and other contacts [electric connections]; fuses; fuse boxes; cable assemblies; terminals (electricity); vehicle passenger safety devices, namely, devices for the monitoring, controlling and triggering thereof; cruise control systems; speed control devices; distance warning systems; remote control systems; batteries (cells); on-board computers; battery starter cables; battery chargers, rectifiers, power packs, beam adjusters, current and voltage meters, vehicle geometry control devices, motor test devices for detecting rotational speed, for calibrating the ignition point, stop angle indicating instruments, compression testers; battery terminals; rotating lights; electric clock generators, notably electric and electronic turn indicator lights; electric relays; switches and switch units, namely, switchboxes, electric, hydraulic switches, push switches, rocker switches, push button switches, rotary switches, pull switches, hazard warning light switches, direction indicator switches, dipped-beam headlights, brake light switch, windshield wiper and washer switch, steering column switch, door switch, starter switch, glow plug switch, short circuit switch, direct current and alternating current switch, water and oil level pressure controllers and switches, transmission switches; reflectors and reflective warning panels; electric power lines for lamps; electric power distributors for lamps; accumulators; electric ignition and extinguishing devices for vehicle motors; hazard lights; warning strobe lights; emergency or warning light bars for vehicles; control units (electric and electronic) for LED beam lights; control units (electric and electronic) for LED lamps; regulating units (electric and electronic) for LED headlights; regulating units (electric and electronic) for LED lamps; control units (electric and electronic) for lens washing apparatus; control units (electric and electronic) for lens wiping apparatus; switches and detectors (electric and electronic) for lens wiping apparatus; electromechanical and electric parts for interior and exterior rearview mirrors; central locking systems for vehicles; software for operating vehicle parts; software for operating control units; object recognition software; data

assessment software; software for operating beam lights; headlamp adjustment software; software for calibrating headlights; regulating software; navigating, audiovisual, measuring, detecting apparatus and instruments; electronic apparatus, devices and instruments for manual or voice management of audio, video apparatus, telephony, temperature, seats, driving assistance, vehicle navigation; automotive computers and network control units, all with multimedia functions, namely, audio, video, rear view, for in-vehicle diagnostics and online traffic information, navigation, on-board diagnostics, traffic, entertainment and communications, including electronic messaging displays and enabling connectivity to global computer networks and related accessories for use therewith; wireless communication devices for voice and data, and/or Internet, online or e-mail connection whose units are part of the central processing unit; telephony devices; voice-controlled personal assistants; docks for telephones; central processing unit for processing information, data, sound, images; registered software for in-vehicle diagnostics and online information regarding traffic, traffic and navigation information, entertainment and communications, including wireless voice and audio options, e-mail displays and connectivity to global computer networks; recorded computer software for processing and analyzing data inside and outside a land vehicle; internal and external vehicle sound analysis software; software for active reduction of vehicle interior noise; recorded data analysis software for driver assistance; recorded computer software for processing distance measurements; recorded computer software for processing and analyzing visual or audio data; recorded computer software for biometric, voice and facial recognition; recorded computer software for processing biometric data; electronic biometric data processing boxes; electronic data processing boxes; data transmitters; recorded artificial intelligence software for vehicles; recorded artificial intelligence software for data analysis; computer security threat analysis software for data protection; driver assistance software for driving vehicles including adaptive cruise control, lane tracking systems, lane departure assist, collision warning and avoidance systems and blind spot detection; recorded computer software for integrated electronic systems for hazard and collision avoidance for vehicles, autonomous vehicle driving, parking assistance, braking assistance; computer programs intended to vehicles autonomous navigation; recorded computer software for autonomous vehicle driving control systems; downloadable computer applications for remote management of autonomous vehicles; computer programs for controlling autonomous vehicles; multimedia sound chips; processors for digital signal processing; digital signal processing chips; video control chips; electronic circuit cards; interfaces for combining infrared data and memory card interfaces and accessories; sensors; detectors; biometric, voice and facial recognition apparatus and devices; biometric recognition sensors; detection apparatus and instruments; radars; electronic devices for detecting movement, heat and objects; speed sensors and detectors; thermal sensors; ultra sound sensors; detection and distance measurement apparatus; interfaces for detectors; measuring devices, namely, pollution sensors, air quality sensors and exhaust system temperature sensors; haptic systems, kinesthetic systems and electronic systems in land vehicles for the provision of driving assistance; haptic electronics integrated in a motor

vehicle seat; haptic communication devices; kinesthetic sensor devices; AM/FM tuners; wireless FM receivers; analogue and digital audio and video receivers; antennas; amplifiers; audio speakers; stereo tuners; loudspeakers; audio headphones and earphones; acoustic exciters; audio amplifiers; noise and sound reduction, suppression or amplifying apparatus; display screens; displays including touch screens; cameras; reversing cameras; thermal imaging cameras; biometric recognition cameras; microphones, and plug-in modules for voice communications; power sockets including USB; augmented reality headsets; vehicle batteries; electric batteries for vehicles, parts and components of batteries and electric batteries for vehicles; fuel cells; land vehicle battery box; electronic mirrors with cameras; integrated electronic hazard and collision avoidance systems for motorists comprising sound, light or vibration alerts for interior parts of motor vehicles; electrical and electronic cables; light conducting filaments; LED wires; downloadable software applications; interfaces (for computers); memory cards; electronic data media; flash memories; flash memory cards; static exciters; tire pressure measuring apparatus; commutation switches.

Class 11

Air filters for air-conditioning; air-conditioning installations for vehicles; heaters for vehicles; air conditioners for vehicles; lights for vehicles; vehicle headlights; vehicle reflectors; heat regenerators; vehicle lighting apparatus; cooling apparatus for vehicles; ventilation apparatus for vehicles; apparatus and filters for air treatment in vehicles; air purifiers; control units for heating apparatus; control units for air conditioning apparatus; regulating units for heating apparatus; regulating units for air conditioning apparatus; parts of beam lights for vehicles; rear lights for vehicles; heating and defrosting apparatus for vehicles especially for nozzles, windshield washer containers, windshields, vehicle door locks, outside rearview mirrors; gas discharge lamps; organic light emitting diode (OLED) lighting apparatus for indoor and outdoor lamps; ice boxes; evaporators; vents (air inlets for vehicles); vaporizers for vehicle exhaust systems.

Class 12

Headrests for vehicle seats; reversing alarms for vehicles; Air bags (safety devices for automobiles); seat covers for vehicles; door panels for land vehicles; direction indicators other than headlights; vehicle dashboards; consoles in the nature of vehicle passenger compartments; motor vehicle seats and their controls; vehicle seat component parts, namely, sliders not of metal; upholstery for vehicles; rotating vehicle seats; vehicle seats equipped with heating devices; vehicle seats equipped with massaging devices; fuel tanks and hydrogen tanks for land vehicles; fuel tank caps; acoustic signaling devices for vehicles, in particular warning horns, horns; brakes for land vehicles and components therefor, in particular brake linings, brake pads, brake shoes, brake discs, brake drums, brake master cylinders, wheel brake cylinders, brake calipers, brake hoses, brake lines, brake cables, brake boosters; vacuum pumps for braking systems; parking brakes; windshield washers (parts of vehicles) and parts therefor; windshield wiper installations and parts therefor, namely,

windshield wiper blades, transmission rods, combined windshield wiper and washer apparatus, namely, apparatus consisting primarily of windshield wiper and washer apparatus; lens washer installations and headlight wipers (parts of vehicles); internal and external rearview mirrors; window winding mechanisms for vehicles; valves for headlight cleaning installations; steering wheels; body parts, in particular calender grilles, front and rear and roof vehicle spoilers, front and rear vehicle aprons, front and rear trim panels, vehicle side sills, mudguards and door sills, hub caps, flaps for vehicles; protective vehicle parts for antennas or radars, namely, radomes; vehicle trailers and parts therefor; control and regulating apparatus for brakes and traction control apparatus for land vehicles (vehicle parts); regulating devices and transmission regulators for vehicles; steering mechanisms for vehicles; anti-theft alarm devices; security devices for vehicles; vehicle immobilizers; transmission switches; windshield wiper motors; vehicle cigarette lighters; Vehicle ceiling coverings; vehicle door coverings; coverings of textile or plastic materials, including fabric substitutes, for vehicle interiors; vehicle seats with haptic devices, sound devices, light devices, touchscreen devices; onboard compressed hydrogen tanks, onboard liquid hydrogen tanks; support frames for onboard hydrogen tanks; pipework for onboard hydrogen tanks; valves and pressure regulators for onboard hydrogen tanks; hydrogen tanks for stationary application for filling vehicles.

Class 17

Semi-processed polymer resins; semi-processed polymer resins based on natural fiber-type natural materials; polymer foam; carbon fiber; waterproof packings; clutch linings.

Class 24

Textile materials; fabrics for textile use; linings (textile); coated fabrics; fabrics for covering; fabrics of textile materials and coated fabrics producing light; plastic materials (fabric substitutes); waterproof textile products; coated fabrics; fabrics of mixed fibers; insulating textiles.

Class 37

Installing, servicing and repairing onboard computers, software for automobiles and network control units; servicing and maintenance services for motor vehicles.

Class 38

Services for providing access to computer applications; providing access to a global computer network.

Class 42

Design and development of onboard computers for automobiles, software for automobiles and network control units; advice concerning the design and development of onboard automobile computers, software for automobiles; provision (rental) of software;

maintenance of software; Software as a Service [SaaS]; platform as a service [PaaS]; research in the field of the science of materials; testing of materials; advice with respect to energy saving; interior design of vehicles; technical project studies; surveying (engineering work); engineering; technical research, mechanics research; industrial research and analysis services; research and development of new products for third parties; the aforesaid services being connected with vehicles.
