General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

hardware; Computer programs for automating molecular biological processes; Computer programs for calculators; Computer programs for commercial transactions; Computer programs for comparing colours; Computer programs for computer games; Computer programs for connecting remotely to computers or computer networks; Computer programs for data processing; Computer programs for designing control systems; Computer programs for designing printed circuit boards; Computer programs for detecting colours; Computer programs for document management; Computer programs for dynamic simulation of oil well drilling; Computer programs for editing images, sound and video; Computer programs for electronic design automation; Computer programs for electronic image processing; Computer programs for enabling access or entrance control; Computer programs for establishing pump operating schedules; Computer programs for financial management; Computer programs for financial reporting; Computer programs for generating music; Computer programs for graphic elaborators; Computer programs for image processing; Computer programs for integrated circuit diagnostics; Computer programs for laser machining; Computer programs for management of manufacturing; Computer programs for managing conferences; Computer programs for managing exhibitions; Computer programs for managing seminars; Computer programs for measuring colours; Computer programs for medical purposes; Computer programs for monitoring computer systems performance; Computer programs for network management; Computer programs for office use; Computer programs for orchestral staging; Computer programs for planning conferences; Computer programs for planning exhibitions; Computer programs for planning seminars; Computer programs for playing games; Computer programs for positioning of text; Computer programs for printers; Computer programs for printing; Computer programs for processing data; Computer programs for processing digital music files; Computer programs for processing information; Computer programs for producing computer graphics; Computer programs for project management; Computer programs for promotional purposes; Computer programs for providing a graphical presentation of data; Computer programs for sales purposes; Computer programs for scanners; Computer programs for scientific data analysis; Computer programs for searching remotely for content on computers and computer networks; Computer programs for searching the contents of computers and computer networks by remote control; Computer programs for simulating the trading in futures and options; Computer programs for studying languages; Computer programs for tape drives; Computer programs for testing computer hardware; Computer programs for text processing; Computer programs for the analysis of data processing efficiency; Computer programs for the analysis of data processing performance; Computer programs for the analysis of data processing procedures; Computer programs for the control of telecommunication apparatus; Computer programs for the control of telecommunication instruments; Computer programs for the creation of elementary cells; Computer programs for the creation of masks; Computer programs for the creation of networks; Computer programs for the design of plate fin heat exchangers; Computer programs for the enabling of access or entrance control; Computer programs for the evaluation of thermal radiation

levels; Computer programs for the management of sales; Computer programs for the management of the manufacturing processes; Computer programs for the petrochemical industries; Computer programs for the rating of plate fin heat exchangers; Computer programs for translating; Computer programs for use as reporting directories; Computer programs for use as searching directories; Computer programs for use by air lines; Computer programs for use by tour operators; Computer programs for use by travel agencies; Computer programs for use by travel organisations; Computer programs for use in communications; Computer programs for use in computer aided engineering; Computer programs for use in computer-aided design; Computer programs for use in computer-aided manufacturing; Computer programs for use in database management; Computer programs for use in defining machineable parts; Computer programs for use in desk top publishing; Computer programs for use in developing computer programs; Computer programs for use in farming; Computer programs for use in fitting spectacles; Computer programs for use in fluid flow analysis; Computer programs for use in insurance; Computer programs for use in molecular biology; Computer programs for use in processing data relating to financial records; Computer programs for use in telecommunications; Computer programs for use with computer integrated manufacturing installations; Computer programs for use with facsimile apparatus; Computer programs for use with structured system analysis; Computer programs for user interface design; Computer programs for video and computer games; Computer programs for video games; Computer programs in machine readable form; Computer programs in machine readable form recorded on electronic media; Computer programs in machine readable form recorded on paper tape; Computer programs in the field of communication links; Computer programs in the field of design analysis; Computer programs in the field of molecular modelling; Computer programs recorded in computer accessible form; Computer programs recorded on cards; Computer programs recorded on carriers; Computer programs recorded on data carriers; Computer programs recorded on data storage materials; Computer programs recorded on disc; Computer programs recorded on diskettes for producing lettering; Computer programs recorded on drums; Computer programs recorded on filaments; Computer programs recorded on floppy discs; Computer programs recorded on magnetic data carriers; Computer programs recorded on magnetic media; Computer programs recorded on magnetic tape; Computer programs recorded on paper tapes; Computer programs recorded on tapes; Computer programs relating to computer aided design; Computer programs relating to computer networks; Computer programs relating to financial matters; Computer programs relating to food; Computer programs relating to housing management; Computer programs relating to local area networks; Computer programs relating to motorcycle racing; Computer programs relating to the creation of graphic images; Computer programs relating to the creation of photographic images; Computer programs relating to the manipulation of graphic images; Computer programs relating to the training of personnel; Computer programs relating to word processing; Computer programs stored in digital form; Computer programs stored on data carriers; Computer programs stored on discs; Computer programs stored on magnetic data

carriers; Computer programs stored on magnetic materials; Computer programs used for electronic cash register systems; Computer programs used in molecular biology; Computer programs, downloadable; Computer programs, recorded; Computer related data communication apparatus; Computer related voice communication apparatus; Computer screen filters; Computer screen saver software; Computer screen saver software, recorded or downloadable; Computer screens; Computer search engine software; Computer serial ports; Computer servers; Computer shareware; Computer software; Computer software adapted for use in the operation of computers; Computer software applications, downloadable; Computer software designed to estimate costs; Computer software designed to estimate resource requirements; Computer software development tools; Computer software downloaded from the internet; Computer software for accounting systems; Computer software for administration of local area networks; Computer software for analysing address files; Computer software for analysing market information; Computer software for application and database integration; Computer software for authorising access to databases; Computer software for business purposes; Computer software for communicating purposes between microcomputers; Computer software for communicating with users of hand-held computers; Computer software for communication between computer processes; Computer software for controlling and managing access server applications; Computer software for controlling self-service terminals; Computer software for controlling the operation of audio and video devices; Computer software for converting document images into electronic formats; Computer software for creating and editing music and sounds; Computer software for database management; Computer software for document management; Computer software for encryption; Computer software for organizing and viewing digital images and photographs; Computer software for processing address files; Computer software for processing digital images; Computer software for processing digital music files; Computer software for processing market information; Computer software for producing financial models; Computer software for the analysis of defects; Computer software for the creation of firewalls; Computer software for time control; Computer software for use in computer access control; Computer software for use in controlling machines; Computer software for use in creating and designing websites; Computer software for use in processing semiconductor wafers; Computer software for use in programming facsimile machines; Computer software for use in providing multiple user access to a global computer information network; Computer software for use in relation to digital animation and special effects of images; Computer software for wireless content delivery; Computer software for wireless network communications; Computer software packages; Computer software platforms; Computer software platforms, recorded or downloadable; Computer software products; Computer software programs; Computer software programs for database management; Computer software programs for spreadsheet management; Computer software that assists computers in deploying parallel applications and performing parallel computations; Computer software to automate data warehousing; Computer software to enable searching and retrieval of data; Computer

software to enable searching of data; Computer software to enable the transmission of photographs to mobile telephones; Computer software to maintain and operate computer system; Computer software, recorded; Computer styluses; Computer sub-assemblies; Computer swivel bases; Computer swivelling arms; Computer swivelling stands; Computer systems; Computer systems designed for project management; Computer tapes; Computer telephony software; Computer terminals; Computer terminals for accounting purposes; Computer terminals for banking purposes; Computer terminals for use with credit cards at point of sale; Computer terminals for use with debit cards at point of sale; Computer terminals for use with encoded cards at point of sale; Computer terminals for use with magnetic cards at point of sale; Computer touchscreens; Computer utility programs; Computer utility programs for computer maintenance; Computer utility programs for data compression; Computer utility programs for file management; Computer video game software; Computer whiteboard software; Computer whiteboards; Computer workstations [hardware]; Computer workstations for electronic design; Computerised personal organisers; Computerised time clocks with fingerprint recognition; Computerised vehicle engine analysers; Computerized time clocks with fingerprint recognition; Computerized vehicle engine analyzers; Computers; Computers and computer peripheral devices; Computers and electronic processing units; Computers for managing control devices for aircraft; Computers for use in data management; Connection graphics language computer programs; Consoles for use with computers; Control apparatus for computers; Controlling software for computer printers; Cooling pads for laptop computers; Covers for computer keyboards; Covers for tablet computers; Credit card embossing machines [computer peripherals]; Credit card encoding machines [computer peripherals]; Cursor control devices for use with computer display systems; Cyclocomputers; Data being electrically recorded for computers; Data being magnetically recorded for computers; Data being optically recorded for computers; Data carriers bearing computer programmes; Data carriers containing computer programs; Data carriers for computers having software recorded thereon; Data carriers incorporating computer programs; Data carriers incorporating computer programs written in machine code; Data collection computer installations; Data input apparatus for use with computers; Data interconnecting computer installations; Data processing apparatus for use with computers; Data processing programmes for archiving in computer aided design; Data processing programmes for editing in computer aided design; Data recorded in computer accessible form; Data storage apparatus for computers; Data storage devices for recording computer programs; Data storage media for recording computer programs; Data stored for access by computer programs; Data terminals for the communication of data to a central computer system; Data terminals for the entry of data to a central computer system; Desktop computers; Devices for converting image information to digital signals for computers; Devices for linking terminals on a computer apparatus; Devices for use in the networking of computers; Digital interactive video adaptors for use with computers; Digital video adaptors for use with computers; Digitizers for use with computers; Disc [disk] drives for computers; Disc drives for computers; Disc drives for use with computers; Discs bearing

computer programs; Disk drives for computers; Display apparatus for use with computers; Display screen filters adapted for use with computer monitors; Display screen filters adapted for use with tablet computers; Display terminals for use with computers; Document printers for computers; Document printers for use with computers; Downloadable computer game programs; Downloadable computer game software; Downloadable computer game software via a global computer network and wireless devices; Downloadable computer graphics; Downloadable computer programs; Downloadable computer security software; Downloadable computer software; Downloadable computer software applications; Downloadable computer software for food ordering and delivery; Downloadable computer software for managing cryptocurrency transactions using blockchain technology; Downloadable computer software for ordering food; Downloadable computer software for remote monitoring and analysis; Downloadable computer software for use as a digital wallet; Downloadable computer software for use as an electronic wallet; Downloadable computer utility programs; Downloadable computer utility software; Downloadable interactive entertainment software for playing computer games; Drawing apparatus and instruments adapted for use with computers; Dust covers for computers; Educational materials in the form of computer programs for teaching languages; Electric apparatus for storing computer data; Electric devices for transmission of data between computers; Electric leads for use with computers; Electrical cables for connecting computers; Electrical communications apparatus for use with interconnecting computers; Electrical computer apparatus; Electrical connectors for connecting laptop computers to telephone lines; Electrical control apparatus being computer operated; Electrical data input apparatus for use with computers; Electrical data output apparatus for computers; Electrical print out apparatus for use with computers; Electrically punched [encoded] cards for use with computers; Electrically punched [encoded] tapes for use with computers; Electrically recorded data for computers; Electronic apparatus for linking televisions to computers; Electronic circuits for use with computers; Electronic components for computers; Electronic components for the storage of computer programs; Electronic computer apparatus; Electronic control apparatus for computer programmes; Electronic data apparatus for use with computers; Electronic data carriers with computer programs [machine script]; Electronic data input apparatus for use with computers; Electronic data output apparatus for use with computers; Electronic data processing apparatus for the storage of computer programs; Electronic databases recorded on computer media; Electronic devices for the transmission of data between computers; Electronic memories being computer programs; Electronic memories comprising computer programmes; Electronic memories comprising computer programs; Electronic memories for computers; Electronic memories for the control of computer data; Electronic memories for the input of computer data; Electronic memories for the output of computer data; Electronic memories for the storage of computer data; Electronic memories incorporating computer programs; Electronic memory units for bearing computer programmes; Electronic memory units for computers; Electronic print out apparatus for use with computers; Electronic printers for use with computers; Electronic printing apparatus for use with

computers; Electronic publications recorded on computer media; Electronic sports training simulators [computer hardware and software-based teaching apparatus]; Electronic visual display apparatus for use with computers; Encoded data in the form of computer listings; Encoded programmes for computers; Encoded programs for computers; Encoded programs for weapon systems computers; Encoded tapes for use with computers; External computer hard drives; Fibre optics communications apparatus for use with computer work stations; Fibre optics communications installations for use with computers; Filter screens for computer screens; Flexible flat panel displays for computers; Floppy discs drives [for computers]; Games software for use with computers; Handheld computers; Handheld personal computers; Headsets for use with computers; Heat sinks for use in computers; Home computers; Housings for computers; Image processing apparatus for personal computers; Industrial computer software programs; Industrial controls incorporating computer apparatus; Ink jet printers for use with computers; Input apparatus for computers; Input apparatus for transferring data from computers; Input apparatus for transferring data to computers; Input apparatus for use with computers; Input apparatus for use with computers for handling data; Input devices for computers; Insert cards [printed circuit boards] being parts of computers; Installations for the remote loading of computer software; Installations for the remote unloading of computer software; Installations for use in forming computer networks; Installations for use in the networking of computers; Instruction programmes for use with computers; Instruments adapted for use with computers; Integrated circuit cards storing computer game programs; Interactive computer game programs; Interactive computer software; Interactive computers for use in certifying airport security personnel; Interactive computers for use in training; Interactive entertainment software for use with computers; Interactive multimedia computer game programs; Interactive multimedia computer programs; Interface boards for computers; Interface cards for computers; Interface instruments for computer control of knitting machines; Interfaces between application programs and firmware on real-time computers; Interfaces for computers; Internal cooling fans for computers; Joysticks for computers; Joysticks for use with computers; Joysticks for use with computers, other than for video games; Juke boxes for computers; Keyboard apparatus for use with computers; Keyboards for entering information into computers; Keyboards for use with computers; LAN [local area network] access points for connecting network computer users; LAN [local area network] computer cards for connecting portable computer devices to computer networks; LAN computer cards; Laptop computers; Laptops [computers]; Laser printers for use with computers; Linked computer networks; Linking units for computers; Local area computer installations; Machine readable carriers for stored computer programmes; Machine readable computer programs; Machine readable computer programs for use in the reproduction of music; Machine readable material for bearing computer programmes; Machine readable materials for bearing computer programs; Magnetic cards bearing computer programs; Magnetic cards bearing computer software; Magnetic cards for recording computer programmes; Magnetic cards for the storage of computer programs; Magnetic cards for use with computers;

Magnetic carriers for the storage of computer programs; Magnetic computer tapes for recording data; Magnetic discs bearing computer programmes; Magnetic discs for recording computer programmes; Magnetic discs for storing computer programmes; Magnetic disks for computers; Magnetic recording carriers bearing computer programmes; Magnetic recording materials bearing computer programmes; Magnetic recordings of computer programmes; Magnetic tape drives for computers; Magnetic tape drives for storing computer programs; Magnetic tape for recording computer programmes; Magnetic tape units for computers; Magnetic tapes for recording computer programmes; Magnetic tapes for storing computer programmes; Magnetic tapes for visual electronic computers; Magnetically recorded computer programs; Magnetically recorded data for computers; Mainframes [computers]; Mats for use with a computer mouse; Memories for computers; Memories for use with computers; Memory cartridges on which computer programs are stored; Memory controllers for use with computers; Memory devices bearing programmes for use with computers; Memory devices for use with computer apparatus; Mice for computers; Microchips [computer hardware]; Micro-computer; Microcomputer apparatus; Microcomputer assemblies; Microcomputer based batching control installations; Microcomputers; Micro-computers; Miniature hard disk drive storage units on a plug-in card being computer apparatus; Minicomputers; Mobile computers; Mobile work stations being computers; Monitors [computer hardware]; Monitors [computer programs]; Monitors for use with computers; Mosaic-type heads for impact printing machines for use with computers; Motor vehicle diagnostic computer apparatus; Mounting brackets adapted for computer monitors; Mounting brackets adapted for computers; Mounting racks for computer hardware; Mouse [computer peripheral]; Mouse mats for use with computer apparatus; Mouses [computer peripherals]; Multichannel communications boards for microcomputers; Multifunction computer keyboards; Multiprocessor computer apparatus; Navigation apparatus for vehicles [on-board computers]; Navigation computers for cars; Netbook computers; Network controllers being computer apparatus; Network management computer software; Non-impact printers for use with computers; Notebook computer carrying cases; Notebook computer cooling pads; Notebook computers; On-board computers; On-board computers for vehicles; Operating computer software for main frame computers; Optical discs bearing machine readable computer program; Optical discs for bearing machine readable computer program; Paging interface apparatus for use with computers; Palmtop computers; Paper guiding apparatus [parts of computer printers]; Paper handling devices [parts of computer printers]; Peripheral control cards for computers; Peripheral control devices for computers; Peripheral interface units for computers; Peripheral sharing devices for computers; Personal computer cards, encoded; Personal computer cards, magnetic; Personal computer enhancement circuitry; Personal computer software applications, downloadable; Personal computers; Personal computers incorporating computer software; Personal home computers; Plastic insulated electric cables for computers; Plotters for computers; Plug-in cards bearing computer programmes; Plug-in cartridges bearing computer programmes; Plug-in components for computers; Plug-

in electronic cards for computers; Pocket computers for note-taking; Pointing devices for use with computers; Portable computers; Power supplies for computers; Pre-recorded computer programmes; Prerecorded data carriers for use with computers; Pre-recorded data carriers for use with computers; Print heads for computer printers; Print out apparatus for computers; Print out apparatus for use with computers; Print trimmers [parts of computer printers]; Printed circuit boards for computers; Printed circuit boards for mounting in computers; Printer apparatus for use with computers; Printers for computers; Printers for use with computers; Printing apparatus for use with computers; Printout apparatus for use with computers; Process computers; Process control computers; Process control units using process control computers; Processing computers; Program cartridges for computer games; Program cartridges for computers; Program discs for computers; Programmable computers; Programming apparatus for use with computers; Programs for computer print out apparatus; Programs for computers; Programs for computers, recorded; Programs for microcomputers; Programs for personal computers; Programs for processing data on computers; Programs for setting up performance analysis in computers; Programs for use with computer games; Programs written on data carriers for processing encoded data on computers; Protective cases for tablet computers; Protective covers for tablet computers; Protective films adapted for computer screens; Protective films adapted for tablet computer screens; Publications in computer readable form; Quantum computers; Racks and mountings specifically adapted for use with audio, visual, computer and telecommunications equipment; Reconditioned computer parts; Record carriers for computer programmes, magnetic; Record carriers for computer programmes, optical; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Recorded computer game programs; Recorded computer game software; Recorded computer operating programs; Recorded computer programmes; Recorded computer programs; Recorded computer programs for scientific research; Recorded computer programs in the form of cards; Recorded computer programs in the form of disks; Recorded computer programs in the form of tapes; Recorded computer software; Recorded material for use by computers; Recorded programs for computers; Recording discs for use with computer programmes; Recording material bearing computer programmes; Recording materials for the storage of digital computer programs; Remote control apparatus connected by modems to computers; Remote control units for computers; Ring nodes for computers; Scanners for entering data into computers; Screen filters for computers and televisions; Screens for use with computers; Security apparatus for computers; Security devices for computer hardware; Security devices for computer software; Semiconductor apparatus for use with computers; Semiconductor memories bearing computer programmes; Semiconductor memory cartridges bearing computer programmes; Shaped covers for computers; Simulation software for use in digital computers; Simulators incorporating digital computers for industrial training purposes; Software for computers; Software for searching and retrieving information across a computer network; Solid-state electrical apparatus for storing computer data; Solid-state electrical apparatus for storing computer programmes;

Solid-state electrical apparatus for storing computer programs; Speakers for computers; Stands adapted for tablet computers; Stands for computer equipment; Stick computers; Storage apparatus for computer data; Storage apparatus for computer programs; Storage discs for use with computers; Storage file units for computer program recording; Supercomputers; Superminicomputers; Swivel stands for computers; Swivelling stands adapted for computers; Tablet computer; Tablet computers; Tablets computers; Tape decks for use with computers; Tape drives for use with computers; Telecommunications apparatus for transferring data to computers; Telecommunications apparatus for transmitting data for use with computers; Television display apparatus for use with computers; Television display monitors for use with computers; Television monitors for use with computers; Television receivers for use with computers; Terminals for computers; Thin client computers; Touch pads for computers; Touchpads for computers; Trackballs [computer apparatus]; Trackballs [computer peripherals]; Tracker balls [computer apparatus]; Trackers [computer apparatus]; Training guides in the form of a computer program; Training manuals in the form of a computer program; Translation computers; Transmitters for use with computers; Trip computers; Underwater dive computers; Unfilled ink cartridges for computer printers; Upgrade cards for computers; Utility programs for performing computer system diagnostics; Video and computer game programs; Video game computer programs; Video game programs for use in computers; Video game programs for use with computers; Video games on disc [computer software]; Video games programs [computer software]; Visual display apparatus for use with computers; Voice actuated computer apparatus; Voice actuated computer instruments; Wearable computer peripherals; Wearable computers; Wheel balancing apparatus utilising computers; Wireless computer mice; Wireless computer peripherals; Work stations [computer apparatus]; Work stations [computers]; Wrist rests for computer mouse users; Wrist rests for use with computer peripherals; Wrist rests for use with computers; Wrist supports for computer mouse users; Wrist supports for use with computer peripherals; Data encryption apparatus; Electronic encryption units; Encryption apparatus; Encryption apparatus for use in weapons guidance systems; Security tokens [encryption devices]; Tape encryption units; Application development software, downloadable; Application software; Software and applications for mobile devices; Software applications for use with mobile devices; Artificial intelligence and machine learning software; Accounting software; Anti-spyware software, downloadable; Anti-virus software, downloadable; Artificial intelligence software; Augmented reality game software; Augmented reality software; Augmented reality software for creating maps; Augmented reality software for use in mobile devices; Augmented reality software for use in mobile devices for integrating electronic data with real world environments; Bioinformatics software; BIOS software; Cartridges for video games [software]; Children's educational software; Communication software; Compiler software; Credit screening software; Data communications software; Data compression software; Data processing software; Data processing software for graphic representations; Data processing software for word processing; Database management software; Decoder software; Desktop publishing

software; Downloadable calendaring software; Downloadable interactive entertainment software for playing video games; Downloadable smartphone software for heart rate monitoring; Downloadable software; Downloadable video game software; Education software; Electronic game software; Electronic game software for handheld electronic devices; Electronic game software for mobile phones; Electronic game software for wireless devices; Embedded operating software; Engineering design software; Facial analysis software; Facial recognition software; Game programmes [programs] and software for use with electronic games of all kinds; Games software; Games software for use with an external display screen or monitor; Gesture recognition software; Graphical user interface software; Image recognition software; Industrial controls incorporating software; Industrial process control software; Integrated software packages; Interactive multimedia software for playing games; Interactive video software; Internet access software; Internet messaging software; LAN [local area network] operating software; Magnetic storage materials incorporating software; Magnetic tapes for memorising software programs; Multimedia software recorded on CD-ROM; Music-composition software; Network access server operating software; Operating software for network access servers; Packaged software; Pre-recorded software; Printer spooler software; Privacy protection software; Process controlling software; Programmed video games [software]; Programmed video games contained on cartridges [software]; Recorded software and programmes for use with electronic games of all kinds; Satellite imagery software; Smartphone game software, downloadable; Software; Software as a medical device [SaMD], downloadable; Software drivers; Software for diagnostics and troubleshooting; Software for dosimetry purposes in the field of radiotherapy; Software for ensuring the security of electronic mail; Software for facilitating secure credit card transactions; Software for GPS navigation systems; Software for optical character recognition; Software for processing digital images; Software for processing images, graphics and text; Software for satellite navigation systems; Software for the operational management of portable magnetic and electronic cards; Software to control and improve audio equipment sound quality; Speech analytics software; Speech recognition software; Table representation software; Tax preparation software; USB [universal serial bus] operating software; Video game software; Video games software; Virtual reality game software; Virtual reality software; Virtual reality software for medical teaching; Voice recognition software; VPN [virtual private network] operating software; WAN [wide area network] operating software; Web site development software; Website development software; Cryptocurrency wallets, downloadable; Cryptographic apparatus; Downloadable cryptographic keys for receiving and spending crypto assets; Downloadable cryptographic keys for receiving and spending cryptocurrency; Self-synchronizing digital encryptors; Advertising boards, luminous or mechanical; Advertising display apparatus, luminous or mechanical; Advertising display signs, luminous or mechanical; Advertising signboards, electric; Advertising signboards, luminous; Advertising signboards, mechanical; Electric advertising apparatus with alternative displays; Electronic advertising displays; Illuminated advertising apparatus; Illuminated advertising signs; Illuminated signs used for advertising;

Luminous advertising apparatus with alternative displays; Luminous advertising displays; Metal advertising panels [luminous]; Metal advertising panels [mechanical]; Panels for advertising [luminous]; Panels for advertising [mechanical]; Database programs; Databases; Databases [electronic publications]; Telephone directory databases; Animated cinematographic films prepared for exhibitions; Cine films prepared for exhibition; Cinematographic films prepared for exhibition; Exposed film prepared for exhibition; Films for cinematographic exhibitions; Films prepared for exhibitions; Photographic films for exhibitions; Photographic films prepared for exhibition; Photographic slides prepared for exhibition; Photographic transparencies prepared for exhibition purposes; Television films prepared for exhibition; Video films prepared for exhibitions; Downloadable educational course materials; Educational apparatus; Educational science apparatus and instruments; Films bearing recorded educational material; Films bearing recorded educational material relating to the culinary arts; Three dimensional models for educational purposes [teaching apparatus]; Amplifiers for use in cars for entertainment purposes; Audio electrical apparatus for in-car entertainment; Projectors for the entertainment industry; Records bearing entertainment material; Stereo headphones for personal entertainment use; Data recorded electronically from the internet; Digital books downloadable from the Internet; Digital music downloadable from the Internet; Digital music, downloadable from MP3 web sites on the internet; Digital music, downloadable from the Internet; Downloadable digital music provided from MP3 Internet web sites; Internet phones; Internet servers; Magazines downloaded via the internet; Newspapers downloaded via the internet; Weekly publications downloaded in electronic form from the internet; Illuminated advertisements; Cards bearing electronically recorded data; Data carriers for electronic data processing; Data recorded electronically; Data recorded in electronic form; Digital cassettes for electronic data processing; Disc drives for electronic data processing apparatus; Electrical print out apparatus for use with electronic data processing apparatus; Electronic apparatus for data processing; Electronic apparatus for manipulating data; Electronic apparatus for relaying data; Electronic apparatus for the transmission of data; Electronic circuits for data processing apparatus; Electronic data carriers; Electronic data carriers in the form of identity cards; Electronic data collection apparatus; Electronic data communications apparatus; Electronic data communications installations; Electronic data input apparatus; Electronic data interchange apparatus; Electronic data output apparatus; Electronic data processing apparatus; Electronic data processing devices; Electronic data processing equipment; Electronic data processing installations; Electronic data processing machines; Electronic data processing machines for use in photographic finishing laboratories; Electronic data receiving apparatus; Electronic devices for data processing; Electronic devices for the transmission of data between microprocessors; Electronic devices for transmitting data; Electronic industrial network apparatus for high speed data transmission; Electronic instruments for the receiving of data; Electronic remote data transfer apparatus; Electronic telephone data communications apparatus; Flat screens for electronic data processing apparatus; Hard discs for electronic data processing; Installations for the electronic processing of data;

Instruments for electronic data processing; Magnetic discs for the electronic recording of data; Portable electronic apparatus for the analysis of machine data; Portable electronic apparatus for the collection of machine data; Program carriers for electronic data processing apparatus; Program carrying magnetic discs for use with electronic data processing apparatus; Radios with electronic data decoders; Solid-state electronic data storage materials; Storage materials for data in electronic form; Typeface data recorded on electronically readable data carriers.

firewall services; Computer forensic services; Computer graphic design for video projection mapping; Computer graphics design services; Computer hardware design; Computer hardware design services; Computer hardware development; Computer hire; Computer leasing; Computer network configuration services; Computer network design for others; Computer network services; Computer performance testing; Computer program advisory services; Computer program maintenance services; Computer program updating services; Computer programming; Computer programming consultancy; Computer programming for data processing; Computer programming for data processing and communication systems; Computer programming for the energy industry; Computer programming in the medical field; Computer programming of computer games; Computer programming of video games; Computer programming services; Computer programming services for commercial analysis and reporting; Computer programming services for data processing; Computer programming services for data warehousing; Computer programming services for electronic data security; Computer project management in the field of EDP; Computer rental; Computer rental services; Computer research services; Computer security consultancy; Computer security engineering; Computer security services [design and development of secure computer hardware, software and systems]; Computer security services [programming and software installation, repair and maintenance services]; Computer security services [testing and risk assessment of computer networks]; Computer security services for protection against illegal network access; Computer security services in the nature of administering digital certificates; Computer security threat analysis for protecting data; Computer services in the nature of hosting web sites for others; Computer site design; Computer software advisory services; Computer software consultancy; Computer software consultancy services; Computer software consulting; Computer software consulting services; Computer software design; Computer software design and updating; Computer software design for others; Computer software design services; Computer software development; Computer software installation; Computer software installation and maintenance; Computer software integration; Computer software maintenance services; Computer software programming services; Computer software rental; Computer software repair; Computer software research; Computer software technical support services; Computer software updating services; Computer system analysis; Computer system design; Computer system design using agile development methods; Computer system integration services; Computer systems analysis; Computer systems design; Computer systems development; Computer systems integration services; Computer technology consultancy; Computer time-sharing; Computer time-sharing services; Computer virus protection services; Computer website design; Computer-aided design of video graphics; Computer-aided engineering design and drawing services; Computer-aided engineering design services; Computerised business information storage; Computerised communication network security; Computerised data storage; Computerised data storage services; Configuration of computer firmware; Configuration of computer networks by software; Configuration of computer networks using software; Configuration of computer software; Configuration of computer

systems and networks; Consultancy and information services relating to computer programming; Consultancy and information services relating to computer software design; Consultancy and information services relating to computer system integration; Consultancy and information services relating to the design, programming and maintenance of computer software; Consultancy in the design and development of computer hardware; Consultancy in the field of computer security; Consultancy in the field of computer software; Consultancy in the field of computer system analysis; Consultancy in the field of computer system integration; Consultancy relating to computer database programs; Consultancy relating to the design and development of computer software programs; Consultancy relating to the recovery of computer data; Consultancy services relating to computers; Consultation services relating to computer software; Conversion of computer programs and data, other than physical conversion; Conversion of document data from one computer format to another; Copying of computer software; Creating of computer programs; Creating of home pages for computer networks; Creating, maintaining, and updating computer software; Customization of computer software; Data conversion of computer program data or information [not physical conversion]; Data conversion of computer programs and data, not physical conversion; Debugging computer software for others; Design and development of computer firmware; Design and development of computer game software; Design and development of computer game software and virtual reality software; Design and development of computer hardware; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer hardware for the manufacturing industries; Design and development of computer hardware for the manufacturing industry; Design and development of computer peripherals; Design and development of computer software; Design and development of computer software architecture; Design and development of computer software for evaluation and calculation of data; Design and development of computer software for logistics; Design and development of computer software for logistics, supply chain management and e-business portals; Design and development of computer software for process control; Design and development of computer software for reading, transmitting and organising data; Design and development of computer software for supply chain management; Design and development of computer software for use with medical technology; Design and development of operating software for computer networks and servers; Design and development of wireless computer networks; Design and maintenance of computer sites for third parties; Design and writing of computer software; Design of computer cluster configurations; Design of computer codes; Design of computer databases; Design of computer game software; Design of computer hardware; Design of computer languages; Design of computer peripherals; Design of computer programs; Design of computer programs and software relating to aircraft; Design of computer software; Design of computers; Design of computers for others; Design of computer-simulated models; Design services for computer hardware; Design services relating to computer hardware; Design, development and programming of computer software; Design, maintenance and

updating of computer software; Design, maintenance, development and updating of computer software; Design, maintenance, rental and updating of computer software; Design, updating and maintenance of computer software; Designing computer software for controlling self-service terminals; Designing of computer hardware; Developing and updating computer software; Developing computer programs for electronic cash register systems; Developing computer programs for simulating experiments or series of experiments in a virtual optical laboratory; Developing computer software; Development and creation of computer programmes for data processing; Development and maintenance of computer database software; Development and maintenance of computer software; Development of computer based networks; Development of computer codes; Development of computer game software; Development of computer hardware; Development of computer hardware for computer games; Development of computer platforms; Development of computer programmes; Development of computer programs; Development of computer programs for simulating laboratory experiments; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Development of computer software; Development of computer software application solutions; Development of computer software for creating electronic television program guides; Development of computer software for logistics, supply chain management and e-business portals; Development of computer software for use with computer-controlled switching systems; Development of computer software for use with programmable controllers; Development of computer system; Development of computer systems; Development of computers; Development of video and computer games; Development services in the field of computer software and advisory services relating thereto; Diagnosis of computer hardware problems through the use of software; Diagnosis of faults in computer software; Digital compression of computer data; Digital forensic investigations in the field of computer crimes; Disaster recovery services for computer systems; Document data transfer from one computer format to another; Duplicating computer programmes; Duplicating computer programs; Duplication of computer programmes; Duplication of computer programs; Duplication of computer software; Editing of computer programs; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Electronic monitoring services for computer security services for protection against illegal network access; Electronic monitoring services for computer security threat analysis for protecting data; Engineering services relating to computer programming; Engineering services relating to computers; Hosting computer sites [web sites]; Hosting computer sites [websites]; Hosting computer websites; Hosting of computerized data, files, applications and information; Hosting the web sites of others on a computer server for a global computer network; Implementation of computer programs in networks; Information services relating to computers; Installation and maintenance of computer software; Installation of computer programmes; Installation of computer programs; Installation of computer software; Installation, maintenance and repair of computer software; Installation, maintenance and repair of software for computer

systems; Installation, maintenance and updating of computer software; Installation, maintenance, updating and upgrading of computer software; Installation, repair and maintenance of computer software; Installing computer programs; Integration of computer systems and networks; Internet cafe services [computer rental]; Leasing computer facilities; Leasing of computer apparatus; Leasing of computer equipment; Leasing of computer hardware; Leasing of computer programmes; Leasing of computer programs; Leasing of computer software; Leasing of computers; Maintenance and updating of computer software; Maintenance and upgrading of computer software; Maintenance of computer programmes; Maintenance of computer programs; Maintenance of computer software; Maintenance of computer software relating to computer security and prevention of computer risks; Maintenance of computer software used for operating filling apparatus and machines; Modifying of computer programs; Monitoring of computer systems by remote access; Monitoring of computer systems for detecting unauthorized access or data breach; Monitoring of computer systems to detect breakdowns; Personal computer hire; Preparation of reports relating to computer programmes; Preparation of reports relating to computer programming; Preparation of reports relating to computer programs; Preparation of reports relating to computers; Professional consultancy relating to computer security; Programming of computer animations; Programming of computer software for electronic language translation dictionaries and databases; Programming of computer software for evaluation and calculation of data; Programming of computer software for reading, transmitting and organising data; Programming of operating software for computer networks and servers; Providing computer facilities for the electronic storage of digital data; Providing information about the design and development of computer software, systems and networks; Providing information in the field of computer software design; Providing information in the field of computer software development; Providing information on computer technology and programming via a web site; Providing information relating to computer technology and programming via a web site; Providing information relating to computer technology and programming via a website; Providing information, including online, about design and development of computer hardware and software; Providing on-line information in the field of technological research from a computer database or the Internet; Providing temporary use of non-downloadable computer software for shipment processing over computer networks, intranets and the internet; Providing temporary use of non-downloadable computer software for tracking freight over computer networks, intranets and the internet; Providing temporary use of on-line non-downloadable operating software for computer networks and servers; Providing virtual computer environments through cloud computing; Providing virtual computer systems through cloud computing; Provision of information relating to computer programming; Provision of information relating to computer programs; Provision of information relating to computers; Provision of technical information in relation to computers; Recovery of computer data; Remote computer backup services; Rental and maintenance of computer software; Rental of computer apparatus; Rental of computer database software; Rental of computer equipment;

Rental of computer firmware; Rental of computer hardware; Rental of computer hardware and computer peripherals; Rental of computer hardware and computer software; Rental of computer hardware and software; Rental of computer middleware; Rental of computer peripherals; Rental of computer programmes; Rental of computer programs; Rental of computer software; Rental of computer software and programs; Rental of computer software relating to travel; Rental of computers; Rental of computers and computer software; Rental of computers and software; Rental of computers for data processing; Rental of operating software for computer networks and servers; Repair of computer software; Repair of damaged computer programs; Research and consultancy services relating to computer software; Research and development of computer software; Research and development services relating to computer hardware; Research in the field of computer hardware; Research in the field of computer programs and software; Research relating to computer programming; Research relating to computers; Research relating to the development of computer hardware; Research relating to the development of computer programs and software; Research relating to the development of computer software; Research, development, design and upgrading of computer software; Scientific computer programming services; Security assessment services for computer networks; Security risk assessment services relating to computer systems; Services for maintenance of computer software; Services for renting computers; Services for reproducing computer programs; Services for updating computer software; Technical advice relating to operation of computers; Technical advisory services relating to computer programs; Technical consultancy relating to the application and use of computer software; Technical consultancy relating to the installation and maintenance of computer software; Testing of computer hardware; Testing of computer installations; Testing of computer programs; Testing of computer software; Testing of computers; Translation of computer programs; Troubleshooting in the nature of diagnosing computer hardware and software problems; Troubleshooting of computer software problems; Updating and design of computer software; Updating and maintenance of computer software; Updating of computer programs; Updating of computer programs for third parties; Updating of computer software; Up-dating of computer software; Updating of computer software relating to computer security and prevention of computer risks; Updating of home pages for computer networks; Updating of memory banks of computer systems; Upgrading and maintenance of computer software; Upgrading of computer software; Verification of personal identification [computer security]; Writing and updating computer software; Writing of computer code; Writing of computer programs; Writing of computer software; Data encryption and decoding services; Data encryption services; Cybersecurity consultancy; Internet security consultancy; Design and development of Internet security programs; Programming of Internet security programs; Rental of Internet security programs; Consultancy and information services relating to information technology; Consultancy and information services relating to information technology architecture and infrastructure; Creating and designing website-based indexes of information for others [information technology services]; Engineering services relating to

information technology; Information services relating to information technology; Information technology [IT] consultancy; Information technology [IT] consulting services; Information technology [IT] engineering; Information technology consultancy; Information technology security consultancy; Information technology services; Information technology services provided on an outsourcing basis; Outsource service providers in the field of information technology; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Provision of information relating to information technology; Research in the field of information technology; Information security consultancy; Network security services [testing and risk assessment of electronic networks]; Telecommunication network security consultancy; Research relating to security; Technical data analysis services; Design and development of software in the field of mobile applications; Providing temporary use of non-downloadable software applications accessible via a web site; Providing user authentication services using single sign-on technology for online software applications; Rental of application software; User authentication services using single sign-on technology for online software applications; Advisory services in the field of product development and quality improvement of software; Consultancy in the field of security software; Consultancy in the field of software design; Consultancy relating to software for communication systems; Consultancy relating to software maintenance; Consultancy relating to the updating of software; Design and development of data retrieval software; Design and development of electronic database software; Design and development of energy management software; Design and development of operating software for accessing and using a cloud computing network; Design and development of route planning software; Design and development of single sign-on software; Design and development of software and hardware for signal amplification and transmission; Design and development of software for control, regulation and monitoring of solar energy systems; Design and development of software for database management; Design and development of software for electronic television program guides; Design and development of software for importing and managing data; Design and development of software for instant messaging; Design and development of software for inventory management; Design and development of software for website development; Design and development of virtual private network (VPN) operating software; Design and development of virtual reality software; Design and development of word processing software; Design of software; Design of software for use with printing machines; Design, development and implementation of software; Developing of driver and operating system software; Development and testing of computing methods, algorithms and software; Development of software; Development of software for secure network operations; Development, updating and maintenance of software and database systems; Hosting of software as a service [SaaS]; Hosting of software for use in library management; Image processing software design; Installation and maintenance of database software; Installation and maintenance of Internet access software; Installation of database software; Installation of Internet access software; Installation of software; Installation, maintenance and updating of database software; Maintenance and repair of software; Maintenance and updating of

software for communication systems; Maintenance of software; Maintenance of software for Internet access; Online provision of web-based software; Programming and software installation, repair and maintenance services; Programming of EDP software; Programming of energy management software; Programming of operating software for accessing and using a cloud computing network; Programming of software for database management; Programming of software for e-commerce platforms; Programming of software for importing and managing data; Programming of software for information platforms on the Internet; Programming of software for Internet platforms; Programming of software for Internet portals, chatrooms, chat lines and Internet forums; Programming of software for inventory management; Programming of software for website development; Programming of telecommunications software; Providing temporary use of non-downloadable business software; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Providing temporary use of non-downloadable software to enable content providers to track multimedia content; Providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users; Providing temporary use of online non-downloadable investment software; Providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network; Providing temporary use of on-line non-downloadable single sign-on software; Providing temporary use of online non-downloadable software; Providing temporary use of on-line non-downloadable software development tools; Providing temporary use of on-line non-downloadable software for database management; Providing temporary use of on-line non-downloadable software for importing and managing data; Providing temporary use of on-line non-downloadable software for inventory management; Providing temporary use of on-line non-downloadable software for web site development; Providing temporary use of web-based software; Providing user authentication services using biometric hardware and software technology for e-commerce transactions; Provision of online non-downloadable software; Rental of database management software; Rental of games software; Rental of operating software for accessing and using a cloud computing network; Rental of software; Rental of software for data processing; Rental of software for importing and managing data; Rental of software for Internet access; Rental of software for inventory management; Rental of software for website development; Rental of video game development software; Smartphone software design; Software as a service [SaaS]; Software authoring; Software consultancy services; Software consulting services; Software creation; Software design; Software design and development; Software development; Software development in the framework of software publishing; Software development services; Software engineering; Software engineering services; Software engineering services for data processing; Software engineering services for data processing programs; Software maintenance services; Software research; Updating of smartphone software; Updating of software; Updating of software for data processing; Cryptocurrency mining; Cryptographic engineering; Cryptomining; Data cryptology services; Digital signature verification services [electronic cryptology services]; Electronic signature verification services [electronic

cryptology services]; User authentication services using blockchain technology; Designing websites for advertising purposes; Graphic design of advertising logos; Graphic design of advertising matter; Hosting electronic memory space on the Internet for advertising goods and services; Advisory services relating to technological research; Biotechnological research; Chemical technological research; Consultancy in the field of technological research; Preparation of reports relating to technological research; Preparation of technological research reports; Providing information, including online, about scientific and technological services and research and design relating thereto; Provision of information relating to technological research; Scientific and technological research in the field of natural disasters; Scientific and technological research relating to patent mapping; Scientific and technological services and research and design relating thereto; Technological research; Database design; Database design and development; Database development services; Design and development of electronic language translation dictionaries and databases; Electronic storage services for archiving databases; Electronic storage services for archiving databases, images and other electronic data; Hosting of databases; Reconstitution of databases; Reconstruction of database systems for others; Rental of a database server to third parties; Exhibition halls design; Electronic storage of entertainment media content; Scientific and technological services; Cloud computing services; Cloud hosting provider services; Cloud storage services for electronic data; Cloud storage services for electronic files; Consulting services in the field of cloud computing; Analysis and evaluation of product development; Architectural services relating to land development; Architectural services relating to the development of land; Biochemical research and development; Consultancy relating to research and development in the field of therapeutics; Consultancy services in the field of technological development; Design and development of data display systems; Design and development of data entry systems; Design and development of data output systems; Design and development of data processing systems; Design and development of data storage systems; Design and development of diagnostic apparatus; Design and development of electronic data security systems; Design and development of electronic dictionaries; Design and development of electronic greeting cards; Design and development of endoprostheses; Design and development of energy distribution networks; Design and development of homepages and websites; Design and development of medical diagnostic apparatus; Design and development of medical technology; Design and development of multimedia products; Design and development of navigation systems; Design and development of new technology for others; Design and development of prostheses; Design and development of regenerative energy generation systems; Design and development of search engines; Design and development of systems for data input, output, processing, display and storage; Design and development of testing and analysis methods; Design and development of wireless data transmission apparatus; Design and development of wireless data transmission apparatus, instruments and equipment; Design and development services in metallurgy; Designing and planning of real estate subdivisions and developments; Development and design of digital sound and image carriers; Development and test of

chemical production methods; Development of aircraft; Development of data processing programs by order of third parties; Development of electronic surveillance apparatus; Development of energy and power management systems; Development of engines; Development of industrial machinery; Development of industrial processes; Development of measuring and testing methods; Development of new products; Development of new technology for others; Development of pharmaceutical preparations and medicines; Development of pharmaceuticals; Development of programmes for data processing; Development of prostheses; Development of systems for the processing of data; Development of systems for the storage of data; Development of systems for the transmission of data; Development of test equipment; Development of testing apparatus for electrical wires; Development of testing methods; Development of vehicles; Development, design and updating of home pages; Development, maintenance and updating of a telecommunication network search engine; Drug development services; Industrial process development; Pharmaceutical drug development services; Pharmaceutical research and development; Pharmaceutical research and development services; Planning, design, development and maintenance of online websites for third parties; Product design and development; Product development; Product development consultation; Product development for others; Product research and development; Providing information in the field of product development; Provision of information and data relating to medical and veterinary research and development; Research and development for the pharmaceutical industry; Research and development in the field of biotechnology; Research and development in the field of diagnostic preparations; Research and development in the field of microorganisms and cells; Research and development of new products; Research and development of new products for others; Research and development of new products for third parties in the field of plastic materials; Research and development of vaccines and medicines; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of antibody technology; Research and development services in the field of bacteriology; Research and development services in the field of chemistry; Research and development services in the field of cytology; Research and development services in the field of gene expression systems; Research and development services in the field of immunohistology; Research and development services in the field of immunology; Research and development services relating to automobile tires; Research and development services relating to fertilisers; Research and development services relating to medicines; Research and development services relating to vaccines; Scientific research and development; Scientific research into the development of new products; Technical consultancy relating to product development; Vaccine research and development services; Video game development services; Website development for others; Website development services; Compilation of web pages for the Internet; Constructing an internet platform for electronic commerce; Consultancy relating to the creation of homepages and Internet pages; Consultancy relating to the design of home pages and Internet sites; Consultancy relating to the design of

homepages and Internet pages; Creation of internet web sites; Design and graphic arts design for the creation of web pages on the Internet; Design of Internet pages; Designing and developing webpages on the internet; Electronic monitoring of credit card activity to detect fraud via the internet; Electronic monitoring of personally identifying information to detect identity theft via the internet; Hosting internet sites for others; Hosting memory space on the Internet; Hosting of digital content on the Internet; Hosting of e-commerce platforms on the Internet; Hosting of memory space on the Internet for storing digital photographs; Hosting of platforms on the Internet; Hosting platforms on the Internet; Hosting websites on the Internet; Providing electronic memory space on the Internet; Providing Internet search engines with specific search options; Providing search engines for the internet; Provision of Internet search engines; Provision of search engines for the Internet; Compression of data for electronic storage; Conversion of data or documents from physical to electronic media; Data conversion of electronic information; Electronic data back-up; Electronic data backup services; Electronic data back-up services; Electronic data storage; Electronic data storage and data back-up services; Electronic data storage services; Electronic storage of data; Electronic storage services for archiving electronic data; Temporary electronic storage of information and data.

medical use; Analysing apparatus for medical purposes; Analysis apparatus for medical use; Analytical apparatus for medical purposes; Analytical instruments for medical use; Analyzers for bacterial identification for medical purposes; Ankle braces for medical purposes; Ankle supports for medical purposes; Ankle supports for medical use; Apparatus and installations for the production of X-rays, for medical purposes; Apparatus for achieving physical fitness for medical use; Apparatus for analysing alcohol in body fluids for medical use; Apparatus for analysing alcohol in breath fluids for medical use; Apparatus for analysing bacteria in biological samples for medical use; Apparatus for analysing gases for medical use; Apparatus for analysing images for medical use; Apparatus for analysing substances for medical use; Apparatus for applying laser radiation for medical purposes; Apparatus for applying medical drops; Apparatus for blood monitoring for medical use; Apparatus for blood tests for medical use; Apparatus for carrying-out assays for medical purposes; Apparatus for carrying-out diagnostic tests for medical purposes; Apparatus for collecting blood for medical purposes; Apparatus for dialysis for medical use; Apparatus for DNA and RNA exams for medical purposes; Apparatus for DNA and RNA testing for medical purposes; Apparatus for medical analysis; Apparatus for medical and therapeutic stimulation of the body; Apparatus for medical cell sampling; Apparatus for medical diagnosis; Apparatus for medical diagnostic purposes; Apparatus for medical image formation; Apparatus for medical imagery; Apparatus for medical purposes; Apparatus for medical rehabilitation; Apparatus for medical testing; Apparatus for medical use; Apparatus for physical training for medical use; Apparatus for producing oscillatory waves for medical application; Apparatus for producing oxygen for medical use; Apparatus for producing ultrasonic waves for medical application; Apparatus for sale in kit form for medical diagnostic purposes; Apparatus for testing breast milk for medical purposes; Apparatus for the application of laser radiation for medical purposes; Apparatus for the regeneration of stem cells for medical purposes; Apparatus for the withdrawal of blood for medical examination; Apparatus for the withdrawal of blood for medical test purposes; Apparatus for use in exercising muscles for medical use; Apparatus for use in in-vitro diagnosis for medical purposes; Apparatus for use in medical analysis; Apparatus for use in medical inspection; Apparatus for use in toning muscles for medical rehabilitation; Apparatus for viewing medical diagnostic test strips; Apparatus incorporating ultra violet lamps for tanning the body for medical purposes; Appliances for physical exercise for medical use; Applicators for antibacterial preparations for medical purposes; Applicators for anti-bacterial preparations for medical purposes; Applicators for antiseptic preparations for medical purposes; Applicators in the nature of sponges for medical use; Armchairs especially made for medical purposes; Armchairs for medical or dental purposes; Articles for exercising the body for medical purposes; Artificial sponges for medical purposes; Aspiration tubing for medical purposes; Asymmetrical bars for physical exercise for medical use; Athletic tapes for medical purposes; Atomisers for medical use; Atomizers for medical use; Audiometers for medical purposes; Automated analysers for body fluids for medical use; Automated blood separation apparatus for medical purposes; Automated blood separation instruments for medical purposes; Automatic analyzers for medical diagnosis; Automatic

medical apparatus for dosing animals by injection; Automatic medical apparatus for dosing humans by injection; Back supports for medical purposes; Bags [fitted] for medical instruments; Bags for medical use in collecting urine samples; Bags for medical use in storing urine samples; Bandages [elastic or supportive] for medical purposes; Bases for waterbeds adapted for medical use; Basins for medical purposes; Bed bases for beds especially made for medical purposes; Beds for use in medical diagnosis; Beds specially made for medical purposes; Belts for medical purposes; Belts, electric, for medical purposes; Bio-assay apparatus for medical purposes; Biomagnetic rings for medical purposes; Biomagnetic rings for therapeutic or medical purposes; Blankets for medical purposes; Blankets of metallised plastic for medical purposes; Blankets, electric, for medical purposes; Blood cell analysing apparatus for medical use; Blood cell separation apparatus for medical use; Blood centrifuging tubules for medical use; Blood collection bags for medical purposes; Blood collection tubes for medical use; Blood group analysers for medical use; Blood sampling apparatus for medical use; Blood sedimentation apparatus for medical purposes; Body composition analyzers for medical purposes; Body fat monitors for medical purposes; Body function monitoring apparatus for medical purposes; Body rehabilitation apparatus for medical purposes; Body supports for medical purposes; Body warming devices for medical use; Bone densitometers [medical diagnostic apparatus]; Boots for medical purposes; Boxes adapted for medical use; Boxes adapted for medical waste products; Bracelets for medical purposes; Braces for limbs and joints for medical use; Braces for medical purposes; Breath testing apparatus for estimating blood alcohol content for medical purposes; Breathing apparatus for medical purposes; Brushes adapted for medical use; Bulb syringes for medical purposes; Bulb syringes for medical use; Canes for medical purposes; Capillary tubes for medical purposes; Capillary tubes for medical use; Caps being disposable clothing for medical use; Capsule endoscopes for medical purposes; Carbon arc lamps for medical purposes; Carbon dioxide detectors for medical use; Carbon dioxide indicators for medical use; Carrying cases adapted for sanitary masks for medical purposes; Cases fitted for medical instruments; Cases fitted for medical tools; Catheters for medical use; Cell counting units for medical use; Cell culture apparatus for medical use; Cell culture instruments for medical use; Centrifugal apparatus for medical use; Centrifugal pump heads for medical use; Centrifugal separating machines for medical use; Centrifuge separators for medical use; Centrifuges for medical use; Cervical pillows for medical purposes; Cervical pillows for medical use; Chairs especially made for medical use; Chemical analysers [apparatus] for medical use; Chemically activated cold compresses for medical purposes; Chemically activated cold compresses for medical use; Chemically activated cold gel packs for medical use; Chemically activated heating pads for medical purposes; Chemically activated hot compresses for medical purposes; Chemically activated hot compresses for medical use; Chemically activated hot gel packs for medical use; Cholesterol testing apparatus for medical diagnostic purposes; Chromatogram analysers for medical use; Chromatogram analyzers for medical use; Chromatographic apparatus for medical use; Chromatographic columns for analytical chromatography for medical use; Chromatographic columns for medical use;

Chromatographic instruments for medical use; Chromatographs for medical use; Chromatography apparatus for medical use; Chromatography columns for medical use; Chromatography instruments for medical use; Chromatography plates for medical use; Clinical chemistry analysers for medical or veterinary use; Clothing especially made for medical use; Coagulation instruments for medical purposes; Cold compresses for medical purposes; Cold packs for medical purposes; Collimating position indicating apparatus for medical use; Colorimetric comparators for medical use; Colour pyrometers for medical use; Columns for affinity chromatography for medical use; Columns for liquid affinity chromatography for medical use; Compression socks for medical or therapeutic use; Compressor modules being parts of ventilators for medical use; Compressors for medical [treatment] purposes; Condoms for medical purposes; Consumable electrodes for medical use; Contact apparatus for deriving electrical signals from human bodies for medical purposes; Containers especially adapted for the disposal of medical instruments, syringes and other contaminated medical waste; Containers especially made for medical waste; Contoured cushions for patients' use on beds specially adapted for medical purposes; Contoured cushions for patients' use on chairs specially adapted for medical purposes; Contraceptives being medically fitted devices; Cooling or heating devices containing heat exchange fluids for medical purposes; Cooling patches for medical purposes; Corsets for medical purposes; Covers for medical bags, fitted; Cryoprobes for medical use; Curing lamps for medical purposes; Cushioned products for medical use; Cushioning devices for medical use; Cushions for medical purposes; Cushions for medical use for supporting infants being examined; Cushions for medical use for supporting infants while being bathed; Cushions for medical use, adapted to support the face; Cutlery for medical purposes; Cystomeric apparatus for medical purposes; Cystomeric instruments for medical purposes; Cytofluorometric apparatus for medical purposes; Cytology brushes for medical purposes; Dermabrasion apparatus for medical or therapeutic purposes; Detecting apparatus for medical use; Detecting instruments for medical use; Detection apparatus for medical use; Detection tubes for medical purposes; Detectors for medical applications; Devices for medical use in collecting body excretions; Devices for medical use in collecting body secretions; Devices for medical use in retaining body excretions; Devices for medical use in retaining body secretions; Diagnostic apparatus for medical purposes; Diagnostic imaging apparatus for medical use; Diagnostic instruments for medical use; Diagnostic measuring apparatus for medical use; Diagnostic testing apparatus for medical purposes; Diagnostic testing apparatus for use in immunoassay procedures for medical purposes; Diagnostic testing instruments for use in immunoassay procedure for medical purposes; Diagnostic tools for medical purposes; Diagnostic ultrasound apparatus for medical use; Diagnostic ultrasound instruments for medical use; Diathermic handles for medical use; Digital thermometers for medical purposes; Dilation apparatus for medical purposes; Disposable bags for medical use; Disposable clothing for medical use; Disposable examination gloves for medical purposes; Disposable gloves for medical use; Disposable hypodermic syringes for medical use; Disposable medical devices for treating constipation; Disposable medical

syringe needles; Disposable microtome blades for medical purposes; Disposable protective clothing for medical purposes; Disposable protective footwear for medical purposes; Disposable protective gloves for medical purposes; Disposable protective headgear for medical purposes; Disposable sheeting for medical use; Dissecting instruments for medical purposes; Dissecting instruments for medical use; Dosage dispensers for medical use; Drainage devices for medical purposes; Drainage tubes for medical purposes; Drainage tubes for medical use; Drains for medical purposes; Drapes for medical use; Dressing forceps for medical use; Dropper bottles for medical purposes; Droppers for medical purposes; Dropping pipettes for medical purposes; Dynamic tomography apparatus for medical use; Ear inserts for medical use; Ear plugs for medical purposes; Ear plugs for soundproofing (other than for medical use); Elastic compression bandages for medical purposes; Elastic stockings for medical purposes; Elasticised socks for medical purposes; Elbow braces for medical purposes; Elbow guards for medical purposes; Elbow protectors for medical purposes; Elbow support braces for medical use; Electric belts for medical purposes; Electric blankets for medical use; Electric foot warmers for medical use; Electric heating appliances for medical therapeutic use; Electric heating covers for medical use; Electric heating cushions for medical purposes; Electric heating pads for medical purposes; Electric instruments for medical use in the diagnosis of blood; Electric warming pads for medical use; Electrical apparatus for medical purposes for applying therapeutic stimulation to the body; Electrical apparatus for medical treatment; Electrical appliances for medical purposes; Electrical heating apparatus for medical use; Electrical heating pads for medical use; Electrical nerve stimulators for medical purposes; Electrically heated blankets for medical purposes; Electrically heated clothing for medical use; Electrically heated cushions for medical purposes; Electrically heated pads for medical purposes; Electrically heated socks for medical purposes; Electrically operated medical apparatus; Electro medical apparatus; Electro medical instruments; Electrodes for medical purposes; Electrodes for medical use; Electrodes for use with medical apparatus; Electromagnetic medical apparatus; Electro-mechanical apparatus for medical use in measuring the body functions; Electro-medical apparatus; Electro-medical apparatus for diagnosis; Electro-medical apparatus for firming treatments; Electro-medical apparatus for non-invasive therapy of bone disorders; Electro-medical apparatus for slimming treatments; Electro-medical apparatus for therapy; Electro-medical diagnostic instruments; Electro-medical stimulation current apparatus; Electro-medical x-ray apparatus; Electronic analysers for medical purposes; Electronic apparatus for medical purposes; Electronic apparatus for medical use in monitoring body functions; Electronic apparatus for medical use with computers; Electronic blood oxygen saturation monitors for medical use; Electronic blood oxygen saturation recorders for medical use; Electronic carbon dioxide monitors used for medical purposes; Electronic carbon dioxide recorders used for medical purposes; Electronic drop counters for medical use; Electronic endoscopes for medical use; Electronic medical apparatus; Electronic medical diagnostic apparatus; Electronic medical instruments; Electronic monitoring apparatus for medical use; Electronic monitoring instruments for medical use; Electronic muscle stimulators for medical

purposes; Electronic muscle stimulators for medical use; Electronic nerve stimulators for medical purposes; Electronic nerve stimulators for medical use; Electronic stimulator for medical use; Electronic temperature monitors for medical use; Electronic temperature recorders for medical use; Electronic thermometers for medical use; Electrophoresis apparatus for medical purposes; Endoscopes for medical diagnostic use; Endoscopes for medical use; Endoscopic apparatus for medical use; Endoscopic equipment for medical purposes; Endoscopy cameras for medical purposes; Enema apparatus for medical purposes; Epidural analgesia apparatus for medical use; Examination chairs specially made for medical use; Examination couches specially made for medical use; Examination gloves for medical use; Exercise apparatus for medical rehabilitative purposes; Exercise apparatus, specifically adapted for medical purposes; Exercise boots for medical rehabilitative purposes; Exercise devices for medical rehabilitative purposes; Exercise equipment for medical rehabilitative purposes; Exercise machines for medical rehabilitative purposes; Exercise simulating apparatus for medical purposes; Exercising apparatus for medical rehabilitative purposes; Explorers [medical or surgical apparatus]; Exposed X-ray films for medical use; Extractors [medical apparatus]; Eye droppers for medical purposes; Eye droppers for medical use; Eye protectors for medical use; Eye shields for medical use; Eye trays for medical use; Eye wash cups for medical purposes; Face masks for medical use; Face protection shields for medical use; Face shields for medical use; Feeding cups for medical purposes; Fiberscopes for medical use; Fibre optic instruments for medical purposes; Fibre optic viewers for medical purposes; Fibre optic viewing devices for medical purposes; Fibrescopes for medical use; Filter cartridges for medical use in the filtration of pharmaceutical liquids; Filter membranes for use in medical diagnostic applications; Filters for blood and blood components for medical purposes; Filters for medical purposes; Filters for respiratory masks for medical purposes; Filters for ultraviolet rays for medical purposes; Filters for ultraviolet rays, for medical purposes; Filtration membranes for medical use; Finger cots for medical purposes; Finger guards for medical purposes; Finger pricking devices being medical instruments for use in drawing blood; Finger stalls for medical purposes; Fingerstalls for medical purposes; First aid medical apparatus for sale in kit form; Flexible medical endoscopes; Flexible needles for medical purposes; Fluid collection containers for medical use; Fluid sampling apparatus for medical use; Fluoride trays for medical or dental use; Foam head positioners for surgical and medical use; Foam knee positioners for surgical and medical use; Foam leg positioners for surgical and medical use; Forceps for medical purposes; Forceps for medical use; Foreign body retrieval apparatus for medical purposes; Foreign body retrieval balloon catheters for medical purposes; Foreign body retrieval baskets for medical purposes; Foreign body retrieval forceps for medical purposes; Fumigation apparatus for medical purposes; Furniture adapted for medical treatment purposes; Furniture adapted for medical treatment use; Furniture especially made for medical purposes; Furniture especially made for medical use; Galvanic belts for medical purposes; Gamma apparatus for measuring human cell attenuation for medical diagnostic purposes; Gamma apparatus for medical diagnosis using images; Gamma cameras for medical purposes; Gamma instruments for measuring human

cell attenuation for medical diagnostic purposes; Gamma instruments for medical diagnosis using images; Gas analysers for medical analysis; Gas analyzers for medical analysis; Gas chromatography apparatus for medical use; Gas detectors for medical use; Gas laser apparatus for medical treatment; Genetic testing apparatus for medical purposes; Gloves for medical examinations; Gloves for medical purposes; Gloves for medical use; Gouges for medical or surgical use; Gowns for medical use; Gynecological medical instruments for examining women's reproductive organs; Hammers for medical or surgical use; Hand-operated spraying apparatus for medical purposes; Haptic suits for medical purposes; Heat beds for medical treatment; Heat exchange anti-bacterial filters for medical use; Heat exchange anti-viral filters for medical use; Heat lamps for medical use; Heating apparatus for medical purposes; Heating blankets for medical purposes; Heating cushions, electric, for medical purposes; Heating cushions, non-electric, for medical purposes; Heating pads for medical purposes; Heating pads, electric, for medical purposes; Heating pads, non-electric, for medical purposes; High frequency coagulation apparatus for medical purposes; High frequency coagulation devices for medical purposes; High frequency coagulation instruments for medical purposes; High frequency cutting apparatus for medical purposes; High frequency cutting devices for medical purposes; High frequency cutting instruments for medical purposes; High frequency generators for use in medical treatment; Hollow fibre membrane elements for medical or surgical use; Hooks for medical or surgical use; Hoses adapted for use with medical ventilators; Hot air vibrators for medical purposes; Humidifiers for use in medical treatment; Humidifying apparatus for medical use; Humidifying machines for medical use; Hydrostatic beds for medical purposes; Hyperbaric oxygen chambers for medical purposes; Ice bag pillows for medical purposes; Ice bags for medical purposes; Immunoabsorption columns for medical diagnostic use; Impactors for medical or dental use; Implantable devices for medical use in measuring the composition of body fluids; Impulse measuring apparatus for medical use; Impulse measuring instruments for medical use; Inadvertent peep reducers being parts of medical ventilators for maintaining pressure; Incentive spirometers for medical use; Incubation units for medical purposes; Incubators for medical purposes; Indoor fitness apparatus for medical purposes; Inflatable appliances [splints] for medical use in holding the limbs; Inflatable appliances for medical use in applying pressure to the limbs; Inflatable cushions for medical purposes; Inflatable cushions for medical use; Inflatable mattresses for medical purposes; Inflatable pillows for medical use for fitting around the neck; Inflation syringes for medical or surgical use; Infrared apparatus for medical purposes; Infrared lamps for medical purposes; Infrared thermometers for medical purposes; Inhalation devices for medical use; Inhalation protection devices for medical purposes; Inhalation protectors for medical use; Inhalers for medical use; Injection needles for medical use; Injection sleeves for medical use; Injection syringes for medical purposes; Injectors for medical purposes; Inserts for breathing apparatus for medical use; Inserts for breathing masks for medical use; Inspection apparatus for medical or dental use; Inspection devices for medical or dental use; Inspection glasses for medical or dental use; Inspection instruments for medical or dental use; Inspection

mirrors for medical or dental use; Installations for the production of x-rays for medical purposes; Instruments for analysing volatile mass in specimens under test for medical use; Instruments for diagnosis for medical use; Instruments for medical use in testing microbiological samples; Instruments for medical use in testing temperature; Instruments for medical use in the preparation of cells; Instruments for medical use in the treatment of samples before analysis; Instruments for use in gas chromatography for medical use; Instruments for use in liquid chromatography for medical use; Instruments for use in medical analysis; Intra-aortic balloons being medical devices; Intra-vascular apparatus for medical use; Intravenous administration apparatus for medical purposes; Intravenous administration instruments for medical purposes; Intravenous bags for medical purposes; Intravenous infusion pumps for medical purposes; In-vitro diagnostic testing apparatus for medical use; Irrigation drainage devices for medical use; Irrigation pouches for medical use; Irrigators for medical purposes; Irrigators for medical use; Isolation bags for medical use; Jet injectors for medical use; Kidney dish for medical use; Kinesiology tapes for medical purposes; Knee braces for medical purposes; Knee supports for medical use; Knives for medical use; Lab units for the dilution of liquids for medical use; Lab units for the dispensing of liquids for medical use; Lab units for the incubation of liquids for medical use; Lab units for the mixing of liquids for medical use; Lab units for the transfer of liquids for medical use; Lamps for medical [curative] purposes; Lamps for medical purposes; Lamps for producing polarised light for medical use; Lamps for use with medical instruments; Lancet devices for medical use in extracting blood for blood tests; Laryngeal masks for medical purposes; Laser beam delivery apparatus for medical use; Laser beam delivery instruments for medical use; Laser cutting apparatus for medical use; Laser cutting tools for medical use; Laser devices for medical application; Laser installations for medical use; Laser instruments for medical use; Laser light transmitting apparatus for medical use; Laser light treatment apparatus for medical use; Laser light treatment instruments for medical use; Laser machining tools for medical use; Laser pointers for medical purposes; Laser pointers for medical use; Laser scalpels for medical use; Lasers capable of producing pulsating laser beams for medical use; Lasers for medical purposes; Lasers for medical use; Lasers incorporating optical fibres for medical use; Latex examination gloves for medical use; Latex gloves for medical use; Leg exercising apparatus for medical use; Leg traction units for medical use; Length gauges for medical use; Ligating clip applicators for medical use; Ligating clips for medical use; Light boxes for medical use; Light filters for medical use; Light production apparatus for medical use; Light sources for electronic endoscopes for medical purposes; Light sources for medical use; Lighting for medical use; Linear accelerators for medical use in radiotherapy; Liquid chromatograph apparatus for medical use; Liquid chromatography columns for medical use; Liquid chromatography injectors for medical use; Liquid chromatography instruments for medical use; Lubricating apparatus for medical use; Luer lock needles for medical use; Luer tapers for medical use; Lung function test apparatus for medical use; Machines for physical exercise for medical use; Magnetic bracelets for medical purposes; Magnetic field generators for medical use; Magnetic resonance imaging [MRI] apparatus for medical

purposes; Magnetic resonance imaging apparatus for medical purposes; Magnetic resonance imaging apparatus for medical use in diagnostic evaluation; Magnetic resonance imaging instruments for medical purposes; Magnetic resonance imaging spectrometers for medical use; Magnetic treatment apparatus for medical use; Mallets for medical use; Manipulative apparatus for medical use; Manometer lines for medical use; Manometers for medical use; Manually operated cutting devices for histological purposes for medical use; Manually operated exercise apparatus for medical use; Masks for use by medical personnel; Massage apparatus [for medical purposes]; Maternity support belts for medical purposes; Mattresses for medical use; Measuring apparatus for medical use; Measuring apparatus for the photometric analysis of fluids for medical use; Measuring apparatus for the photometric analysis of gases for medical use; Measuring apparatus for the spectroscopic analysis of fluids for medical use; Measuring apparatus for the spectroscopic analysis of gases for medical use; Measuring apparatus for use in bioassay techniques for medical use; Measuring devices for medical use; Measuring devices having digital displays for medical use; Measuring instruments adapted for medical use; Measuring machines for medical use; Medical aids for use in stoma care; Medical analysis apparatus; Medical analysis instruments; Medical and surgical catheters; Medical and surgical cutters for cutting human or animal tissue and organs; Medical and surgical knives for cutting human or animal tissue and organs; Medical and surgical laparoscopes; Medical and veterinary apparatus and instruments; Medical ankle braces; Medical apparatus and instruments; Medical apparatus and instruments relating to neurovegetative reactivity; Medical apparatus for assisting breathing; Medical apparatus for controlling flow rates of intravenous infusions; Medical apparatus for controlling pulmonary gas exchange parameters; Medical apparatus for detecting carbon dioxide in the airways; Medical apparatus for diagnosing suspected heart attacks; Medical apparatus for diagnostic purposes; Medical apparatus for electrical muscle stimulation; Medical apparatus for exercise; Medical apparatus for facilitating the inhalation of pharmaceutical preparations; Medical apparatus for hyperhidrosis treatment; Medical apparatus for introducing pharmaceutical preparations into the human body; Medical apparatus for measuring flow rates of intravenous infusions; Medical apparatus for measuring the oxygen content of blood; Medical apparatus for mixing bone cement; Medical apparatus for monitoring; Medical apparatus for monitoring flow rates of intravenous infusions; Medical apparatus for monitoring pulmonary gas exchange parameters; Medical apparatus for nerve location; Medical apparatus for nerve stimulation; Medical apparatus for neurographic purposes; Medical apparatus for performing in-vitro diagnostic tests; Medical apparatus for producing laser polarised light; Medical apparatus for producing laser radiation; Medical apparatus for regulating flow rates of intravenous infusions; Medical apparatus for renal dialysis; Medical apparatus for spinal disc repair; Medical apparatus for strengthening muscles of the pelvic floor; Medical apparatus for testing muscles of the pelvic floor; Medical apparatus for testing susceptibility to diseases; Medical apparatus for testing susceptibility to disorders; Medical apparatus for testing the level of glucose in the blood; Medical apparatus for the display of tomographic data;

Medical apparatus for the electrical stimulation of groups of muscles; Medical apparatus for the evaluation of in-vitro diagnostic tests; Medical apparatus for the preparation of parts of prostheses; Medical apparatus for the preparation of prostheses; Medical apparatus for the processing of tomographic data; Medical apparatus for the relief of pain; Medical apparatus for the treatment of respiratory conditions; Medical apparatus for the treatment of sleep apnea; Medical apparatus for training breathing techniques; Medical apparatus for urethral catheterization; Medical apparatus for urological purposes; Medical apparatus for use in blood gas monitoring; Medical apparatus for use in cardiac surgery; Medical apparatus for use in dialysis; Medical apparatus for use in endoscopy; Medical apparatus for use in expansion of tissue to define an opening; Medical apparatus for use in laparoscopy; Medical apparatus for use in respiration; Medical apparatus for use in the treatment of injuries; Medical apparatus incorporating lasers; Medical appliances for intravenous administration of nutritional solutions; Medical appliances for use by persons suffering from colostomy; Medical appliances for use by persons suffering from ileostomy; Medical appliances for use by persons suffering from incontinence; Medical appliances for use by persons suffering from urine diversion; Medical assay apparatus for the detection of helicobacter pylori organisms; Medical bags designed to hold medical instruments; Medical bags for apparatus and instruments [fitted]; Medical blankets for the cooling of patients; Medical blankets for the warming of patients; Medical blood oxygenation devices; Medical braces; Medical catheter placement devices; Medical catheters; Medical compression stockings; Medical compression tights; Medical cooling apparatus for treating heatstroke; Medical cooling apparatus for use in therapeutic hypothermia; Medical cooling units to control body wound temperatures; Medical cooling units with body contact applicators; Medical cutting devices; Medical devices for assisting respiration; Medical devices for closing wounds; Medical devices for dental surgery; Medical devices for implantology; Medical devices for micro-surgery; Medical devices for moxibustion therapy; Medical devices for placing and securing catheters; Medical devices for spinal disc repair in the nature of spinal disc implants made from artificial substances; Medical diagnostic apparatus; Medical diagnostic apparatus for detecting viruses; Medical diagnostic apparatus for sale in kit form; Medical diagnostic apparatus for testing for viruses; Medical diagnostic apparatus for virus screening; Medical diagnostic instruments; Medical diagnostic saliva pads; Medical diagnostic saliva vials; Medical diagnostic testing apparatus; Medical drainage bags; Medical drainage bags for collection of abscess; Medical drainage bags for collection of biliary; Medical drainage bags for collection of nephrostomy; Medical drapes of non-woven textile materials; Medical elbow braces; Medical electrodes; Medical endoscopes; Medical examination gloves; Medical examination lamps; Medical examination sheets; Medical examination tables; Medical gas-insufflators; Medical gloves; Medical gowns; Medical guide wire; Medical guidewires; Medical hand tools; Medical hearing instruments; Medical heating units to control body wound temperatures; Medical heating units with body contact applicators; Medical heating units with body contact applicators to control body wound temperatures; Medical hosiery; Medical ice bag holders; Medical ice bags; Medical ice packs; Medical

imaging apparatus; Medical implants comprised of artificial materials; Medical implants made from artificial materials; Medical infusion columns; Medical infusion pumps; Medical inhalers; Medical instruments; Medical instruments for animals; Medical instruments for cutting tissue; Medical instruments for drug abuse testing; Medical instruments for infectious disease testing; Medical instruments for interstitial thermotherapy of biological tissue; Medical instruments for percutaneous tracheostomy; Medical instruments for recording heart activity; Medical instruments for recording physiological data; Medical instruments for removing insect parasites; Medical instruments for the removal of warts by freezing; Medical instruments for therapeutic drug monitoring; Medical instruments for use as aids to hearing; Medical instruments for use in relation to hearing; Medical instruments incorporating lasers; Medical isolation gowns; Medical knee braces; Medical knives; Medical laser apparatus; Medical laser beam apparatus; Medical lasers; Medical lasers for beauty therapy; Medical lasers for cosmetic purposes; Medical lasers for skin treatment; Medical masks; Medical measuring apparatus for measurements on hair; Medical measuring apparatus for measurements on skin; Medical microneedling devices; Medical operating lamps; Medical patient treatment chairs; Medical pressure chambers; Medical probes; Medical procedure chairs; Medical procedure tables; Medical prostheses; Medical pulse pressure transducers; Medical pumps; Medical radiation apparatus; Medical robots for use in cognitive therapy for children; Medical scissors; Medical screw connections; Medical shields for protection from bruising; Medical spatulas; Medical specimen cups; Medical spittoons; Medical splints; Medical stents; Medical stethoscopes; Medical stockings with decreasing compression; Medical stretchers; Medical support hosiery; Medical support panty hose; Medical support tights; Medical supports for the body; Medical syringe needles; Medical syringes; Medical tables for examination or treatment purposes; Medical testing apparatus; Medical testing instruments; Medical therapy apparatus; Medical therapy instruments; Medical trays; Medical tubing; Medical tubing for administering drugs; Medical tubing for irrigation purposes; Medical tubing for transfusions; Medical tubing for use in vascular procedures; Medical ultrasound apparatus; Medical ventilators; Medical vessel dilators; Medical X-ray apparatus; Membrane test plates for use in medical diagnostics; Mercury thermometers for medical use; Mesh nerve connecting tubes for medical use; Metering pumps for delivering drugs in measured quantities for medical use; Meters incorporating visual displays for medical use; Microdermabrasion apparatus for medical or therapeutic purposes; Microsensor probes for medical purposes; Microsensors for medical purposes; Mirrors for medical examination purposes; Mittens for medical use; Moisture exchangers for medical use in transferring the heat of exhaled breath to inhaled breath; Molecular filtering devices for medical use; Molecular sieves for medical use; Monitoring apparatus for medical use; Mononuclear cell apparatus for medical use; Mouth guards for medical purposes; Muscle building apparatus for medical use; Muscle exercising apparatus for medical use; Nail pinches for medical use; Nanites for medical purposes; Nanorobots for medical purposes; Nasal filters for medical purposes; Nebulisers for medical purposes; Nebulizers for medical purposes; Nebulizers for medical use; Neck pillows for medical or

surgical use; Neck rolls for medical or surgical use; Neckrolls for medical or surgical use; Needles for medical purposes; Needles for medical use; Nephelometric analysers for medical diagnosis; Nephelometric analyzers for medical diagnosis; Nerve muscle stimulators for medical purposes; Neural helmets for medical purposes; Nippers for medical use; Non-electrical medical apparatus for collecting blood; Non-electrical medical apparatus for collecting body fluids; Non-selective electrodes being chemically sensitive probes for medical use; Nuclear magnetic resonance apparatus for medical scanning; Nuclear magnetic resonance installations for medical scanning; Nuclear medical diagnostic apparatus; Nuclear resonance spectrometers for medical use; Operating instruments for use with medical endoscopes; Ophthalmic cameras for medical purposes; Optical apparatus for medical diagnostic use; Optical apparatus for medical endoscopy; Optical apparatus for medical purposes; Optical appliances for medical purposes; Optical components for medical diagnostic use; Optical detection apparatus for medical diagnostic use; Optical detection installations for medical diagnostic use; Optical devices for medical diagnostic use; Optical fiber apparatus for medical diagnostic use; Optical fibre apparatus for medical diagnostic use; Optical fibre temperature probes for medical diagnostic use; Optical fibres for medical diagnostic use; Optical imaging apparatus for medical diagnostic use; Optical inspection apparatus for medical diagnostic use; Optical instruments for medical diagnostic use; Optical instruments for medical endoscopy; Optical scanners for medical inspection purposes; Optical sources for medical inspection purposes; Optical temperature measuring instruments for medical inspection purposes; Optical viewing apparatus for medical inspection purposes; Optical viewing glasses for medical inspection purposes; Optomedical examination instruments; Orthopaedic medical devices; Oxygen concentration analysers for medical use; Oxygen concentration analyzers for medical use; Oxygen concentration monitors for medical use; Oxygen concentrators for medical purposes; Oxygen concentrators for medical use; Oxygen electrodes for medical use; Oxygen enrichment apparatus for medical use; Oxygen inhalators for medical use, sold empty; Oxygen inhalers for medical purposes sold empty; Oxygen inhalers for medical use; Oxygen masks for medical purposes; Oxygen masks for medical use; Oxygen monitors for medical use; Oxygen sensors for medical use; Oxygenators for medical use; Ozonisers [ozonators] for medical use; Ozonizers [ozonators] for medical use; Ozonizing apparatus for medical use; Padded cushions for medical purposes; Pads for seats for wheelchairs for medical use; Parallel bars for medical therapeutic use; Particle analysers for medical use; Particle analyzers for medical use; Peep activators being parts of medical ventilators for maintaining pressure; Performance testing apparatus for medical use; Permanent magnets for medical use; Photometric analysers for medical use; Photometric analyzers for medical use; Photometric apparatus for medical use; Photometric instruments for medical use; Phototherapy apparatus for medical purposes; Physical analysers for medical use; Physical analysing apparatus for medical use; Physical analyzers for medical use; Physical exercise apparatus for medical purposes; Physical exercise apparatus, for medical purposes; Physical exercise machines for medical purposes; Physiological apparatus for medical use; Physiological

measuring apparatus for medical use; Physiological monitoring apparatus for medical use; Pill distributor and organiser boxes for medical purposes; Pill distributor and organizer boxes for medical purposes; Pillows for medical purposes; Pipes for medical applications; Pipetting apparatus for medical use; Pipetting instruments for medical use; Planar chromatography apparatus for medical use; Pliers for medical use; Pneumatically operated medical apparatus; Pneumatically operated medical instruments; Pneumatically operated valve assemblies for ventilation apparatus for medical use; Portable breathing apparatus for medical purposes; Portable exercise apparatus for medical use; Portable instruments for medical use in monitoring oxygen levels in gaseous mixtures; Portable nebulisers for medical purposes; Portable oxygen concentrators for medical purposes; Portable pump installations for gases for medical use; Portable pump installations for liquids for medical use; Power filters for medical use; Powered respirators for medical purposes; Precision sensors for medical use; Pressure garments for medical purposes; Pressure garments for medical treatment; Pressure monitors for medical use; Pressure relief cushions for medical purposes; Pressurised suits for medical use; Probes connected to microprocessing apparatus for medical diagnosis; Probes for medical purposes; Probes for use with integrated circuits for medical diagnosis; Processors for photosensitive films for medical purposes; Processors for X-ray films for medical purposes; Processors for X-ray plates for medical purposes; Prostheses for medical treatment; Protection devices against X-rays, for medical purposes; Protective bonnets for the hair for wear by medical practitioners; Protective breathing masks for medical applications; Protective breathing masks for medical purposes; Protective breathing masks made of non-woven materials for medical applications; Protective clothing for medical purposes; Protective face masks for medical use; Protective gloves for medical use; Protective gowns for medical use; Protective masks for medical purposes; Protective mouth masks for medical use; Protective nose masks for medical use; Protective screens for protection whilst exposed to X-rays for medical use; Protective structures against radiation for medical use; Protective suits for medical use; Protective visors for medical use; Pulse counters [medical apparatus]; Pulse oximeters for medical purposes; Pumps for medical purposes; Pumps for medical treatment purposes; Pumps for medical use in delivering pharmaceuticals from containers; Pumps for medical use in dispensing pharmaceuticals from containers; Pumps for medical use in the extraction of gases; Pumps for medical use in the extraction of liquids; Pumps for medical use in the extraction of vapour; Pumps for use in liquid chromatography for medical use; Purification apparatus for medical purposes; Purification installations for medical purposes; Purification machines for medical purposes; Push syringes for medical use; Quad canes for medical purposes; Quartz lamps for medical purposes; Radiation oncology apparatus for medical use; Radiation oncology instruments for medical use; Radio cardiographic apparatus for medical purposes; Radioisotope apparatus for medical diagnosis; Radioisotope apparatus for medical treatment; Radioisotope apparatus for medical use; Radioisotope detection apparatus for medical diagnosis; Radioisotope detection apparatus for medical treatment; Radioisotope detection apparatus for medical use; Radioisotope detector apparatus for medical diagnosis; Radioisotope

detector apparatus for medical treatment; Radioisotope detector apparatus for medical use; Radiological apparatus for medical diagnosis; Radiological apparatus for medical purposes; Radiological apparatus for medical treatment; Radiology screens for medical purposes; Radioscopy [fluoroscopy] apparatus for medical use; Radiotherapy apparatus for medical use; Radiotherapy instruments for medical use; Radium tubes for medical purposes; Razors for medical use; Refractometers for medical use; Rehabilitation apparatus for medical use; Remedial apparatus for medical use; Respiration monitors for medical use; Respirators for filtering air for medical purposes; Respirators for medical purposes; Respiratory apparatus for medical use; Respiratory breathing apparatus for medical use; Respiratory gas blending apparatus for medical use; Respiratory helmets for medical purposes; Respiratory masks for medical purposes; Respiratory monitoring apparatus for medical purposes; Respiratory monitors for medical purposes; Respiratory protection apparatus for medical purposes; Retention belts for medical purposes; Retinal cameras for medical use; Retractors [medical instruments]; Reverse osmosis membranes for medical use; Rigid endoscopes for medical use; Rigid medical endoscopes; Robotic exoskeleton suits for medical purposes; Rubber gloves for medical use; Saliva collection devices for medical purposes; Sample preparation columns for medical use; Sampling apparatus for medical diagnosis; Sanitary masks for dust isolation for medical purposes; Sanitary masks for dust prevention for medical purposes; Sanitary masks for medical purposes; Sanitary masks for medical use; Scanners for medical diagnosis; Scanners for medical use; Scanning apparatus for medical use; Scanning instruments for medical use; Scanning machines for medical use; Seat cushions for medical purposes; Seat pads for medical purposes; Self-contained breathing apparatus for medical purposes; Semi-permeable membranes for medical use; Sensing apparatus for medical diagnosis; Sensing apparatus for medical use in monitoring the vital signs of patients; Sensing devices for medical use in monitoring the vital signs of patients; Sensor apparatus for medical use in diagnosis; Sensor apparatus for medical use in generating signals in response to movements of the human body; Sensor apparatus for medical use in monitoring the vital signs of patients; Sensor apparatus for medical use in the determination of chemical parameters; Sensor apparatus for medical use in the determination of physical parameters; Sensors [measurement apparatus] for medical use; Separating apparatus for medical use; Separation apparatus for medical use; Separation cartridges for use in chromatography for medical use; Separation columns for use in gas chromatography for medical use; Separation control apparatus for medical use; Separation instruments for medical use; Sheepskins for medical purposes; Shielding devices for medical apparatus; Shielding devices for medical instruments; Shields for medical apparatus; Shields for medical instruments; Shock wave apparatus for medical use; Shoulder cups for medical use; Shoulder supports for medical use; Skin moisture analysers for medical purposes; Skin moisture analyzers for medical purposes; Skin temperature indicators for medical use; Skinfold calipers for medical purposes; Slings for medical use; Solaria for medical purposes; Sound excluding apparatus for medical use; Sound excluding instruments for medical use; Sources of electromagnetic fields for use in medical diagnosis; Sources of electromagnetic
