General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

auctioneering services; rental of automatic vending machines; business support and management services and administrative services; accounting, book-keeping and auditing; administrative support and data processing services; data processing, systematization and management; human resources management and personnel recruitment services; business consulting and advisory services; business analysis and information services and market studies; rental of office machines and equipment; retail and wholesale services in relation to chemicals for use in industry, science and photography, as well as agriculture, horticulture and forestry; retail and wholesale services in relation to unprocessed artificial resins and unprocessed plastics; retail and wholesale services in relation to compost, manures, fertilizers; retail and wholesale services in relation to biological preparations for use in industry and science; retail and wholesale services in relation to synthetic resins; retail and wholesale services in relation to chemicals and their substitutes; retail and wholesale services in relation to chemicals, biochemicals and reagents for use in industry, science and research; retail and wholesale services in relation to chemical preparations for cell separation and culture; retail and wholesale services in relation to chemical preparations for the purification of nucleic acid, nucleotides, florescent nucleotides, oligonucleotides, peptides, proteins, amino acids, organic molecules and markers for DNA/RNA synthesis; retail and wholesale services in relation to specialized chemicals for use in industry, science and research; retail and wholesale services in relation to gases and gas mixtures for use in industry, science and research; retail and wholesale services in relation to chemical products and substances for the manufacture of pharmaceutical products; retail and wholesale services in relation to diagnostic products and substances, chemical testing reagents, saline solution and paper coated with reagents, all for scientific use and for use in laboratories; retail and wholesale services in relation to radioactive elements and isotopes for use in industry, science and research; retail and wholesale services in relation to radiopharmaceuticals for scientific use and for research; retail and wholesale services in relation to non-medicated cosmetics and toiletry preparations;

retail and wholesale services in relation to perfumery products and essential oils; retail and wholesale services in relation to body cleaning and beauty care preparations, including make-up, soaps and gels; retail and wholesale services in relation to cosmetic bath products, deodorants and antiperspirants; retail and wholesale services in relation to skin, eye and nail care products; retail and wholesale services in relation to hair treatments and preparations; retail and wholesale services in relation to hair removal and shaving preparations; retail and wholesale services in relation to cleaning and fragancing preparations, including household fragrances; retail and wholesale services in relation to pharmaceuticals; retail and wholesale services in relation to medical and veterinary preparations; retail and wholesale services in relation to sanitary products for medical use; retail and wholesale services in relation to dietetic food and substances adapted for medical or veterinary use; retail and wholesale services in relation to food for babies; retail and wholesale services in relation to dietary supplements for humans and animals; retail and wholesale services in relation to plasters, materials for dressings, material for stopping teeth, dental wax; retail and wholesale services in relation to disinfectants, fungicides, herbicides; retail and wholesale services in relation to pharmaceutical products for diagnosis and diagnostic substances for medical use; retail and wholesale services in relation to radiopharmaceuticals for clinical and medical use; retail and wholesale services in relation to disposable paper or cellulose diaper-pants, diapers and napkins; retail and wholesale services in relation to machines, machine tools, power-operated tools, motors and engines, with the exception of land vehicles; retail and wholesale services in relation to apparatus, equipment and instruments for electricity production, namely electrical and wind energy generators generating electricity, wind turbines linked to wind farms; retail and wholesale services in relation to turbine-powered production installations, namely installations for electricity production and parts and components of all the aforesaid goods; retail and wholesale services in relation to solar-powered electricity generators; retail and wholesale services in relation to machines and machine systems, including parts and

accessories for electricity production, transformation and conversion dynamos; retail and wholesale services in relation to electric motors of all kinds; retail and wholesale services in relation to steam and gas turbines and their parts; retail and wholesale services in relation to electric generators and their parts; retail and wholesale services in relation to aircraft engines; retail and wholesale services in relation to compressors; retail and wholesale services in relation to laundry washing and drying machines; retail and wholesale services in relation to dishwashers; retail and wholesale services in relation to waste grinders and compacters; retail and wholesale services in relation to electrical tools; retail and wholesale services in relation to electric motors; retail and wholesale services in relation to electric generators; retail and wholesale services in relation to garden tools, electric lawnmowers, garden vaporizers for disinfectants and insecticides; retail and wholesale services in relation to hand-held electric tools and implements; retail and wholesale services in relation to blenders, centrifuges, hand-held mixers, food processors; retail and wholesale services in relation to apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; retail and wholesale services in relation to recorded and downloadable media; retail and wholesale services in relation to computer software; retail and wholesale services in relation to blank, digital or analogue recording and storage media; retail and wholesale services in relation to computers and computer peripheral devices; retail and wholesale services in relation to downloadable digital content, downloadable multimedia content; retail and wholesale services in relation to software, including game software; retail and wholesale services in relation to application software, including communication, networking and social networking software; retail and wholesale services in relation to data and file management and database software; retail and wholesale services in relation to media and publishing software; retail and wholesale services in relation to office and business applications; retail and wholesale services in relation to web application and server software, including e-commerce and e-payment software; retail and wholesale services in relation to

communication equipment such as computer networking and data communication equipment; retail and wholesale services in relation to point-to-point communication equipment; retail and wholesale services in relation to broadcasting equipment; retail and wholesale services in relation to antennas as communication apparatus; retail and wholesale services in relation to data storage devices and media; retail and wholesale services in relation to calculators; retail and wholesale services in relation to ticket dispensers; retail and wholesale services in relation to payment terminals; retail and wholesale services in relation to money dispensing and sorting devices, including coin-operated mechanisms; retail and wholesale services in relation to peripherals adapted for use with computers and other smart devices; retail and wholesale services in relation to computers and computer hardware; retail and wholesale services in relation to computer components and parts; retail and wholesale services in relation to audio/visual and photographic devices including audio devices and radio receivers; retail and wholesale services in relation to display devices; retail and wholesale services in relation to television receivers and film and video devices; retail and wholesale services in relation to image capturing and developing devices; retail and wholesale services in relation to glasses and sunglasses; retail and wholesale services in relation to safety, security, protection and signalling devices, including alarms and warning equipment; retail and wholesale services in relation to access control devices; retail and wholesale services in relation to measuring devices, including time measuring instruments (with the exception of clocks and watches); retail and wholesale services in relation to weight measuring instruments; retail and wholesale services in relation to distance and dimension measuring instruments; retail and wholesale services in relation to speed measuring instruments; retail and wholesale services in relation to temperature measuring instruments; retail and wholesale services in relation to electricity measuring instruments; retail and wholesale services in relation to voltage and power controllers and regulators; retail and wholesale services in relation to data recorders, sensors, detectors and monitoring instruments; retail and wholesale services in

relation to surgical, medical, dental and veterinary apparatus and instruments; retail and wholesale services in relation to prosthetics and artificial limbs, eyes and teeth, orthoses; retail and wholesale services in relation to mobility aids; retail and wholesale services in relation to orthopedic articles; retail and wholesale services in relation to suture materials; retail and wholesale services in relation to therapeutic and assistive devices adapted for the disabled; retail and wholesale services in relation to massage apparatus; retail and wholesale services in relation to apparatus, devices and articles for nursing infants; retail and wholesale services in relation to systems comprising medical apparatus and accessories for administering measured doses of pharmaceutical preparations; retail and wholesale services in relation to medical diagnosis devices, namely bone densitometers; retail and wholesale services in relation to ultrasound imaging machines for medical diagnosis; retail and wholesale services in relation to imaging devices for screening and diagnostic applications for planning operations and surgery, and their parts and accessories; retail and wholesale services in relation to mobile X-ray devices; retail and wholesale services in relation to X-ray film viewers; retail and wholesale services in relation to cat scans for medical diagnosis; retail and wholesale services in relation to laser apparatus for medical treatment; retail and wholesale services in relation to ultrasound diagnosis equipment; retail and wholesale services in relation to acoustic amplifiers for partially deaf persons; retail and wholesale services in relation to medical apparatus for measuring bone density; retail and wholesale services in relation to apparatus for locomotion by land, air or water; retail and wholesale services in relation to electric motors and diesel engines for land vehicles; retail and wholesale services in relation to bicycles; retail and wholesale services in relation to tires and inner tubes for bicycles; retail and wholesale services in relation to automatic vehicles; retail and wholesale services in relation to electric bicycles; retail and wholesale services in relation to tires, inner tubes for vehicle wheel tires, wheel rims [for automobiles]; retail and wholesale services in relation to precious metals and their alloys; retail and wholesale services in relation to jewelry, precious and

semi-precious stones; retail and wholesale services in relation to timepieces and chronometric instruments; retail and wholesale services in relation to precious stones; retail and wholesale services in relation to pearls and precious metals, and imitations thereof; retail and wholesale services in relation to time instruments; retail and wholesale services in relation to other articles of precious metals and precious stones, and imitations thereof including statues and figurines, made of or coated with metals or semi-precious stones, or imitations thereof; retail and wholesale services in relation to ornaments, made of or coated with metals or semi-precious stones, or imitations thereof; retail and wholesale services in relation to jewelry boxes and watch boxes; retail and wholesale services in relation to key rings and key chains and charms thereof; retail and wholesale services in relation to medallions and medals; retail and wholesale services in relation to paper and cardboard; retail and wholesale services in relation to printed matter; retail and wholesale services in relation to photographs [printed]; retail and wholesale services in relation to instructional materials with the exception of apparatus; retail and wholesale services in relation to bags, sachets, films and sheets of plastic and paper for packaging; retail and wholesale services in relation to works of art and figurines of paper and cardboard, articles and materials for decorative and artistic activities, including equipment for artists, crafts and for making models and supports, bags and articles for packaging, wrapping and storage of paper, cardboard or plastic; retail and wholesale services in relation to teaching equipment; retail and wholesale services in relation to photo albums and collectors' albums; retail and wholesale services in relation to printed matter, including books, disposable housebreaking pads of paper or cellulose for pets, plastic bags for disposable diapers, disposable table napkins of paper; retail and wholesale services in relation to leather and imitations of leather; retail and wholesale services in relation to luggage, bags, wallets and all-purpose carrying bags; retail and wholesale services in relation to umbrellas and parasols; retail and wholesale services in relation to collars, leashes and clothing for animals; retail and wholesale services in relation to non-metallic building materials; retail and

wholesale services in relation to non-metallic rigid pipes for building; retail and wholesale services in relation to asphalt, pitch, tar and bitumen; retail and wholesale services in relation to thermoplastic building and construction materials, namely thermoplastic molded and extruded materials used as substitutes for wood, metal or glass, for supporting or covering, plastic panels for building and construction; retail and wholesale services in relation to household or kitchen utensils and containers; retail and wholesale services in relation to kitchen utensils, cookware and tableware, except forks, knives and spoons; retail and wholesale services in relation to combs and sponges; retail and wholesale services in relation to brushes (except paintbrushes); retail and wholesale services in relation to glassware, porcelain and earthenware; retail and wholesale services in relation to kitchen utensils and containers; retail and wholesale services in relation to articles for cleaning purposes; retail and wholesale services in relation to statues, figurines and works of art, made of materials such as porcelain, terra-cotta or glass; retail and wholesale services in relation to household utensils for cleaning; retail and wholesale services in relation to air fragrancing apparatus; retail and wholesale services in relation to glasses, drinking vessels and barware; retail and wholesale services in relation to coin banks (piggy banks); retail and wholesale services in relation to cosmetic and toilet utensils; retail and wholesale services in relation to clothing, footwear and headwear; retail and wholesale services in relation to footwear and headwear articles; retail and wholesale services in relation to fashion accessories; retail and wholesale services in relation to games and toys; retail and wholesale services in relation to video game apparatus; retail and wholesale services in relation to gymnastic and sporting articles; retail and wholesale services in relation to sporting articles and equipment; retail and wholesale services in relation to hunting and fishing equipment; retail and wholesale services in relation to swimming equipment; retail and wholesale services in relation to table top games and gambling devices; retail and wholesale services in relation to preserved, frozen, dried and cooked fruits and vegetables; retail and wholesale services in relation to milk, cheese, butter, yogurt and other milk products; retail and

wholesale services in relation to coffee, tea, cocoa and coffee substitutes; retail and wholesale services in relation to chocolate; retail and wholesale services in relation to ice cream, sorbets and other edible ices; retail and wholesale services in relation to ice for refreshment [frozen water]; retail and wholesale services in relation to beers, non-alcoholic beverages, mineral and aerated waters, fruit juices [beverages], syrups and other non-alcoholic preparations for making beverages.

Class 41

Teaching; training; entertainment services; sporting and cultural activities; publication of printed matter and text writing; education, entertainment and sports services; organization of conferences, exhibitions and competitions; gambling services; audio, video and multimedia program production; photography services; sports clubs and providing fitness facilities; education and instruction services; rental services relating to equipment and facilities for education, entertainment, sports and culture; library services; rental of films and of sound and video recordings; rental of interactive education and entertainment products, namely interactive compact discs, CD-ROMs, computer games; rental of recorded sounds and images; rental of sports equipment and sports infrastructure; rental of audiovisual and photographic equipment and facilities; translation and interpretation; ticket reservation and pre-reservation services for activities and events in the fields of education, entertainment and sports.

THORLABS

Goods and/or Services:

Class 07

Manipulators and micromanipulators for forging presses and for forging machines; motorized actuators, namely, linear actuators and rotational actuators; mechanisms for use in positioning systems [parts of machines] in the nature of manual and motorized translation and rotation stages for use in positioning components in optomechanical systems; process controllers, mechanical, in the nature of benchtop and rackbased controllers for controlling motion; fiber optic components and supplies for the purpose of creating terminated fiber patch cables, namely, power tools for fiber polishing and fiber fusing.

Class 08

Fiber optic components and supplies for the purpose of creating terminated fiber patch cables, namely, hand-operated fiber termination tools in the nature of fiber buffer stripping hand tools, tubing cutters, synthetic fiber cutting shears, connector crimping tools, fiber polishing hand tools in the form of fiber polishing film, pads, and plates, fiber cleaving tools [cleavers] and hand tools for fusing fibers.

Class 09

Microscopes; microscopes and parts thereof; microscope objectives; lenses for microscopes; fluorescence imaging filters in the nature of optical excitation filters, optical emission filters, optical dichroic filters; microscope condensers; optical imaging apparatus, other than for medical use, for use in the field of life-science; electronic imaging devices for use in the field of materials inspection; rotating

objectives [lenses] [optics] for the purpose of holding multiple optical lenses and allow switching between them; microscope illuminating devices; filters for microscopy; microscope sample holders; precision measuring instruments and positioning controllers for manipulation and positioning of microscopic objects; microscope adapters for the purpose of connecting optical components to a microscope; digital electronic controls for manipulators and micromanipulators, for the purpose of manual and or remote manipulations of microscopic objects for use in the fields of electrophysiology and life sciences research; electromagnetic wave apparatus, other than for use in therapy, for use in optogenetic and photostimulation systems for exciting biological samples using electromagnetic radiation and analyzing such samples; multiphoton and confocal imaging systems comprised of devices for delivering optical radiation to scientific samples, user configurable microscope components in the nature of epi-illumination modules, widefield viewing modules, trans-illumination modules for differential interference contrast imaging, brightfield fluorescence modules, laser scanning modules, illumination sources, scientific cameras, imaging objectives, microscopy filters, optical components, sample holders, and microscope bodies and associated optomechanical hardware and full microscope systems comprised of epi-illumination modules, widefield viewing modules, trans-illumination modules for differential interference contrast imaging, brightfield fluorescence modules, laser scanning modules, illumination sources, scientific cameras, imaging objectives, microscopy filters, optical components, sample holders, and microscope bodies and associated optomechanical hardware for use in excitation microscopy; microplate readers; software for digital image acquisition settings for acquiring, processing and analyzing digital images for use with microscopes; optical tweezer systems comprised of lasers not for medical purposes, multi-axis positioning stage, camera, and or force measurement sensors and or fluorescence microscopy modules, for the purpose of trapping and manipulating microscopic-sized objects to be imaged; instruction and training manuals in electronic format, microscope objectives, camera apparatus, lens

extension tube sets, lasers for non-medical purposes, fiber optics, specifically for educational kits sold as a unit to carry out classic experiments in physics, optics and photonics, and in the field of microscopic objects; interferometric-based systems comprised of computer hardware and software for imaging; optical coherence tomography systems comprised of optical scanners, light sources, scan lenses, optical sensors, and software for analyzing digital images; cytometers and research laboratory and non-research laboratory analyzers providing cell and particle analysis, detection, or counting for scientific, laboratory, and general research uses; optical tables; optical breadboards; vibration isolators for laboratory equipment that limit or eliminate vibration between the ground and the work surface; laboratory furniture; manual and motorized optomechanical positioning components, namely, optical mounts, mirror mounts, microscope slide and test target mounts; mounts for optical components, used to direct light and hold samples of optical material; optomechanical components that enable positioning of optical components, light sources, or sensors, namely, optical post assemblies consisting of an optical post, post holder, and base; lens tubes for mounting optical components, namely, lenses and optical filters; optomechanical cage components that allow mounts and cage rods to be joined together to provide a cage assembly with a common optical axis; optical rails and optical rail components for building optomechanical assemblies with long, parallel beam paths in 1d, 2d, or 3d; angle brackets for mounting optical components and optical platforms; optomechanical mounts offered for scientific and or research goods, namely, electronic devices with optical elements in the nature of cameras, optical sensors, and computers; camera irises; camera apertures; optical shutters; positioning controllers for use in nano-positioning systems comprising of components including samples of optical material, in the nature of extension platforms, kinematic platforms, adapter plates, diodes, waveguide mounts, fiber chucks, fiber clamps, and fiber rotators; optical wave guides; electric micrometer actuators; electric motorized actuators; manual actuators specifically designed for use with optomechanical systems being scientific apparatuses; manual and

motorized translation and rotation stages specifically designed for use in positioning components in optomechanical systems being scientific apparatuses; benchtop and rack-based motion controllers specifically designed for use with optomechanical devices being scientific apparatuses; non-polarizing optical components and assemblies, namely, optical lenses and microscopes; polarizing optical components and assemblies, namely, linear polarizers, wave plates, beam splitters and bandpass filters; optical lenses; optical lens blanks; optical components and assemblies that alter the phase, focus, attenuation, or birefringence of light, namely, optical lenses and microscopes; beam steering devices in the nature of mirrors used in connection with optomechanical devices being scientific apparatuses; interferometers; adaptive optical apparatus, namely, wavefront sensors and deformable optical mirrors that dynamically control the phase of an incident light field; free space and fiber-based optical isolators; optical fibers; nonlinear optical fibers; fiber optics; optical fiber cables; optical fiber cables and components thereof, namely, patch cables and cable connectors; fiber optic components and supplies for the purpose of creating terminated fiber patch cables, namely, fiber optic connectors, furcation tubing, ferrules in the nature of wire connectors, fiber connector caps, fiber termination tools in the nature of wire connectors and caps, and fiber inspection tools in the nature of fiber inspection scope and digital precision measuring instrument; fiber optic components that enable light to be coupled into or out of free space or fiber-based optical systems, namely, fiber collimators, fiber couplers, wave division multiplexers, fiber circulators in the nature of electronic components, fiber optic switches, and fiber mating sleeves in the nature of junction sleeves; fiber optic components that alter the properties of light, namely, direction of light propagation or polarization, namely, fiber optic retroreflectors, fiber optic partial retroreflectors, and wavelength division multiplexers; optical fiber processing equipment with operating software sold as a unit for the purpose of processing optical fiber, namely, cleaving, cleaning, recoating, strength testing, splicing, tapering, coupling, combining, and end capping; lasers for non-medical purposes; laser diodes; fiber coupled laser source device comprised of

laser diodes and fiber optic cables; optical gain chips, namely, electronic chips used to intensify the output of laser source; leds; leds, namely, collimated leds; leds, namely, thermally stabilized leds; fiber coupled leds devices comprised of leds and fiber optic cables; superluminescent diodes; devices emitting electromagnetic radiation over a broad wavelength range for the purpose of illumination, namely, plasma light sources, tungsten light sources, tungsten-halogen light sources, and glow bars; lamps for microscopy; electronic liquid light guide devices comprised of liquid-filled conduits for guiding light, an adapter to interface the guide to a light source, and a light source used for transmitting light for scientific research purposes; semiconductor optical amplifiers; electro-optic modulators; optical transmitters; spatial light modulators; fiber lasers not for medical use; current controllers for laser diodes; current controllers for leds; temperature controllers for laser diodes; optoelectronics mounts for leds; optoelectronics mounts for laser diodes; laser safety equipment, namely, curtains, rigid protective screens, blackout materials in the nature of rubberized fabric, beam alignment tools in the nature of apertures, targets, and laser beam viewing cards, beam dumps in the nature of beam traps that absorb and or scatter laser radiation, beam blocks in the nature of mechanically or electronically controlled shutters, aluminum screens, and optical enclosures in the nature of mobile structural panels, all specially designed to protect against laser radiation; benchtop and rack-based devices and instrumentation used to detect and characterize the properties of light, namely, power meters, photodiodes, integrated optical devices, position sensing detectors, spectrometers, optical spectrum analyzers, wavefront sensors, photomultiplier tubes, and photon counters; photomultiplier modules in the nature of electrical amplifiers used to amplify optical signals into larger electrical signals in order to measure the number of photons present; scientific cameras; digital cameras; fiber optic components and supplies for the purpose of creating terminated fiber patch cables, namely, fiber connectors and fiber termination inspection tools in the nature of optics and software for viewing an image of fiber endface quality; fiber cable terminations components in the nature of

wire connectors and electric protective relays; fiber optic components and supplies for the purpose of creating terminated fiber patch cables, namely, fiber termination inspection tools in the nature of fiber optics and software for viewing an image of fiber endface quality; fiber terminations components in the nature of fiber connectors; fiber terminations components kit for use in terminating fiber optic cables comprised of fiber optic connectors, ferrules and protective caps; educational kits sold as a unit comprised of optomechanical components for experiments in physics, optics, and photonics, namely, the light sources, screens, optical components, optomechanical mounts, alignment tools, and electro-optic detectors necessary to repeat well-known scientific experiments and training guides in electronic format.

Class 16

Printed educational guides for well-known scientific experiments in the fields of physics, optics, and photonics which involve the use of light sources, screens, optical components, optomechanical mounts, and alignment tools.

Goods and/or Services:

Class 35

On-line administrative, advertising and marketing services to support the marketing of goods and services on a computer network; provision of business and advertising information, including data and evaluation notes relating to hotels, apartments, restaurants, travel destinations, travel and travel arrangement; compilation of information into a computer database regarding evaluation ratings and feedback for hotels, apartments, restaurants, travel destinations; distribution of advertising and business information; public relations services; advertising; customer loyalty services and customer club services for commercial, promotional and/or advertising purposes; conducting incentive, bonus and loyalty programs for advertising purposes and business promotion; computerized file management services; compilation of online computer databases and online searchable databases; commercial business management; commercial administration; provision of business information; compilation of on-line computer databases and on-line searchable databases containing information regarding hotels, apartments, restaurants and travel destinations; providing and compilation of business information directories for publishing on the Internet; compilation of business information directories for publishing on the Internet; providing business information in the nature of compilations, rankings, evaluations, reports, references and recommendations

relating to business organizations, service providers, via a global computer network; retail sale services for personal data; compilation of a list on hotels, apartments, restaurants, travel destinations for commercial purposes; administrative data processing; compilation of statistics; market study; marketing, also on digital networks; opinion polling; providing business information via the Internet; arranging newspaper subscriptions for others; compilation of information into computer databases regarding evaluation feedback and ratings in connection with hotels, apartments, restaurants and travel arrangements; compilation of online computer databases and online searchable databases containing information in connection with hotels, apartments, restaurants and travel arrangements; all the aforesaid services relating to hotels, apartments, restaurants, travel destinations, travel and travel arrangement.

Class 38

Providing on-line interactive bulletin boards for the transmission of messages among computer users in the field of hotels, apartments, restaurants and travel destinations; electronic mail to facilitate the sale of goods and services by others via the computer network, and data and evaluation notes relating to hotels, apartments, restaurants, travel destinations, travel and travel arrangement; provision of access to a website where users can post ratings, reviews and recommendations on events and activities in the field of travel, hotels, apartments and restaurants [providing access to forums on the Internet].

Class 39

Organizing travel and travel booking agencies, ticket reservation and booking services provided by a travel agency, providing travel information including on travel destinations; consulting and assistance in all the aforesaid fields, including provision of all the aforesaid services online; providing travel information and consultancy including on travel destinations in the nature of description, ranking, assessments,

reviews, references and recommendations in the field of business organizations and service providers.

Class 42

Computer programming, computer software design and development in connection with the indexing of data and analysis of data collected, and in connection with artificial intelligence for the customization of algorithms in order to provide a personalized offer of hotels, restaurants, apartments and travel arrangements; computer data automation services relating to hotels, apartments, restaurants and travel destinations; design, development and provision of search engines for obtaining data on hotels, apartments, restaurants, travel destinations, including over a global computer network; hosting of a website featuring reviews of hotels, apartments, restaurants and travel destinations; electronic storage of data for others in connection with hotels, apartments, restaurants, travel destinations, travel and travel arrangements; updating pages on the Internet, relating to hotels, apartments, restaurants, travel destinations, travel and travel arrangement.

Class 43

Providing information about hotels, apartments, restaurants; hotel reservation services, reservation services for holiday accommodation and reservation services for temporary places of residence; information services relating to hotels, restaurants, holiday accommodation and temporary places of residence; ratings of hotel rooms [hotel services]; consulting and assistance in all the aforesaid fields, including provision of all the aforesaid services online; providing reviews relating to hotels; providing information and advice with respect to hotels, apartments and restaurants, namely, providing reviews of hotels, apartments and restaurants in the form of description, ranking, assessments, reviews, referrals and recommendations in the field of commercial organizations and service providers.

Goods and/or Services:

Class 01

Agents for use in soldering in microelectronic industry; chemical agents in paste form for use in soldering in microelectronic industry.

Class 06

Lead-free solders for the microelectronic industry, in particular microelectronic chip industry, in particular tin comprising solders; solder pastes and printing-pastes of lead-free alloys for wave soldering, THT-soldering, through-hole technology-soldering, and SMD-soldering, surface mounted technology soldering comprising solder metal and its alloys with added flux for printing of electroconductive connections of electronic components, in particular in chip-industry, semiconductor-industry, consumer electronic-industry and automotive-industry; solder pastes and printing-pastes of lead-free alloys comprising solder metal and its alloys with added flux for depositing, in particular printing of connections of electroconductive connections of electronic components in semiconductor-industry to be soldered semi-automatically or fully automatically after placement; soft solder pastes and printing-pastes of lead-free alloys comprising solder metal and its alloys with added flux for depositing, in particular printing of electroconductive connections of electronic components in semiconductor-industry to be soldered semi-automatically or fully automatically after placement, comprising solder metal and its alloys in form of a powder having a particle size of less than 100 micrometer of tin, copper, zinc and/or silver or an alloy of at least two of the metals; solder pastes and printing-pastes of lead-free alloys comprising solder metal and its alloys with added flux for printing of electroconductive connections of electronic components in industry, such as microelectronic contacts and/or microelectronic conducting paths, in particular in

stencil printing, screen printing, mask printing processes, in particular each followed by a heating up to less than 300 degrees-Celsius, in particular the solder metal and its alloys comprising tin, copper, zinc and/or silver or an alloy of at least two of the metals; solder pastes and printing-pastes of lead-free alloys comprising solder metal and its alloys with added flux for printing of electroconductive connections of electronic components in industry, in particular in microelectronic industry, preferred in microelectronic semiconductor chip industry, consumer electronic industry, semiconductor-industry, and/or automotive industry, in particular the solder metal and their alloys comprising tin, copper, zinc and/or silver or an alloy of at least two of the metals, particularly iron and lead-free solder and printing paste; metals in powder form, namely, common metals, precious metals, wherein the precious metals include gold, silver, rhodium, ruthenium, palladium, osmium, iridium, and platinum and their alloys in powder form, free from iron and free from lead, wherein the particles of the powder having a particle size of less than 50 micrometer for use in depositing pastes, printing pastes and printing inks for the production of electronic conducting paths and/or electronic conducting contacts in microelectronic industry, in particular for use in chip-production with pitches or line space below 300 micrometer; all the above-mentioned goods for use in chip-production with pitches or line space from 100 nanometer up to 200 micrometer; all the above-mentioned goods for use in processes for the production in microchip industry for surface mountable devices (SMD), surface mountable technology (SMT), throughhole technology (THT), pin-in-hole technology (PIH), System in Package (SIP), System on-chip (SoC), monolithic integration in a semiconductor (IC), in particular comprising as metals tin, copper, zinc and/or silver or an alloy of at least of two of the metals; solder pastes and printing-pastes (being metal pastes) of lead-free alloys comprising common metals, precious metals, wherein the precious metals include gold, silver, rhodium, ruthenium, palladium, osmium, iridium, and platinum and alloys in powder form with added flux, wherein the metals and alloys are free from iron and free from lead, wherein the particles of the powder having a particle size of less than 50 micrometer,

in particular pastes and printing-pastes according to Industry Specifications, such as IPC, preferred IPC J-STD-005A;2012-02-14 classes T5 to T8 and/or IPC J-STD-001; solder pastes and printing-pastes of lead-free alloys predominantly comprising soft solder in the form of spherical particles in a dispersing media with added flux, in particular organic flux of mixture of solvents and resins and optional activated chemicals to provide solder pastes and printing-pastes of lead-free alloys viscosity for depositing, in particular by printing, wherein the spherical particles have an aspect ratio of the diameters of nearly 1; solder pastes and printing-pastes of lead-free alloys comprising soft solder in the form of spherical particles with added flux, wherein the particles are obtained in a dispersion process in which liquid metal or liquid alloy is dispersed in a dispersing media, wherein the flux comprises organic flux to provide solder pastes and printing-pastes of lead-free alloys a viscosity for depositing; all the above-mentioned goods for depositing, in particular by printing, underfill technologies for flip-chip (FC), and fine-pitch-ball-gridarray (FPBGA), including chip-size packaging (CSP), preferred according to Industry Specifications (IPC); soft solder for microelectronic application in the form of a printable paste for use in microelectronic application, wherein the paste comprises powder having a particle size of less than 50 micrometers of tin, copper, zinc and silver; in particular all of the above mentioned goods comprising tin; in particular all the above-mentioned goods not for soldering of water pipes, copper pipes, gutters, jewelry and/or iron-containing components, in particular in the field of gas and water pipes.
