General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Application service provider [ASP] services; Design, development and programming of computer software; Platform as a service [PaaS]; Software as a service [SaaS]; Website design services; Advisory services relating to gene therapy research; Advisory services relating to scientific research; Advisory services relating to technological research; Agricultural research; Agricultural research services; Agrochemical research services; Allergy testing for research and science use; Analysis for oil research; Analysis of human serum for medical research; Analysis of human tissues for medical research; Analysis of tissues for medical research; Animal semen testing services for research purposes; Archaeological exploration and research; Archaeological research; Archeological research; Architectural research; Bacteriological consultation and research; Bacteriological research; Bacteriological research and analysis; Bacteriological research and testing; Biochemical research; Biochemical research and analysis; Biochemical research and development; Biochemistry research services; Biological research; Biological research and analysis; Biological research laboratory services; Biological research services; Biomedical research services; Biotechnological research; Biotechnology research; Blood analysis services for scientific research purposes; Building research services; Cell culture services for scientific and research purposes, for others; Chemical research; Chemical research and analysis; Chemical research and analysis services; Chemical research laboratory services; Chemical research services; Chemical technological research; Computer aided industrial research services; Computer aided scientific research services; Computer research services; Computer software research; Conducting research and technical project studies relating to the use of natural energy; Consultancy in the field of pharmaceutical research; Consultancy in the field of technological research; Consultancy relating to research and development in the field of therapeutics; Consultancy services relating to research in the field of environmental protection; Cosmetic research; Cosmetics research; Culturing of cells for scientific research purposes; Dental research laboratory

services; DNA screening for scientific research purposes; DNA sequencing for medical research purposes; Documentary research; Electrical research; Electrical safety research; Electrotechnical research; Engineering research; Food research; Genetic research; Genetic testing for scientific research purposes; Genetic testing of laboratory animals for research purposes; Geological estimation and research; Geological estimations and research; Geological research; Geophysical research services; Hydrological research; In vitro analysis for scientific research purposes; In vitro testing for scientific research purposes; Industrial analysis and industrial research services; Industrial analysis and research services; Industrial analysis and research services in the field of chemistry; Industrial analysis and research services relating to automobile tires; Industrial analysis, industrial research and industrial design services; Industrial research; Industrial research of new products; Industrial research services; Integrated scientific research on vermin for greenhouses and harvest crops; Laboratory research; Laboratory research in the field of chemistry; Laboratory research in the field of cosmetics; Laboratory research in the field of gene expression; Laboratory research services relating to pharmaceuticals; Management of scientific research projects; Mathematical research services; Mechanical research; Mechanical research in the field of motor sports; Medical research; Medical research in the field of epidemiology; Medical research in the field of oncology; Medical research laboratory services; Medical research services; Meteorological research; Oceanographic research services; Pharmaceutical research and development; Pharmaceutical research and development services; Pharmaceutical research services; Photographic research; Physics research; Preparation of biological samples for analysis in research laboratories; Preparation of biological samples for research purposes; Preparation of biological samples for testing and analysis in research laboratories; Preparation of immunohistological samples for analysis in research laboratories; Preparation of reports relating to chemical research; Preparation of reports relating to scientific research; Preparation of reports relating to technical research; Preparation of reports relating to technological research;

Preparation of statistics for scientific research; Preparation of technical projects, technical research and consultancy services in the field of carbon offsetting; Preparation of technological research reports; Product research; Product research and development; Providing information about industrial analysis and research services; Providing information in the field of plant genetics research resources; Providing information relating to scientific research in the fields of biochemistry and biotechnology; Providing information, including online, about industrial analysis and research services; Providing information, including online, about scientific and technological services and research and design relating thereto; Providing medical and scientific research information in the field of pharmaceuticals and clinical trials; Providing online information about industrial analysis and research services; Providing on-line information in the field of technological research from a computer database or the Internet; Provision of information and data relating to medical and veterinary research and development; Provision of information concerning research and technical project studies relating to the use of natural energy; Provision of information relating to scientific research; Provision of information relating to technological research; Provision of research services; Psychological research; Rental of research facilities; Research and consultancy services relating to computer software; Research and development for the pharmaceutical industry; Research and development in the field of biotechnology; Research and development in the field of diagnostic preparations; Research and development in the field of microorganisms and cells; Research and development of computer software; Research and development of new products; Research and development of new products for others; Research and development of new products for third parties in the field of plastic materials; Research and development of vaccines and medicines; Research and development services in connection with physics; Research and development services in the field of antibodies; Research and development services in the field of antibody technology; Research and development services in the field of bacteriology; Research and development services in the field of chemistry; Research and

development services in the field of cytology; Research and development services in the field of gene expression systems; Research and development services in the field of immunohistology; Research and development services in the field of immunology; Research and development services relating to automobile tires; Research and development services relating to computer hardware; Research and development services relating to fertilisers; Research and development services relating to medicines; Research and development services relating to vaccines; Research consultancy; Research in the area of environmental protection; Research in the area of semiconductor processing technology; Research in the field of artificial intelligence; Research in the field of artificial intelligence technology; Research in the field of building construction; Research in the field of chemistry; Research in the field of climate change; Research in the field of communications technology; Research in the field of computer hardware; Research in the field of computer programs and software; Research in the field of data processing technology; Research in the field of ecology; Research in the field of energy; Research in the field of environmental conservation; Research in the field of environmental protection; Research in the field of excavation; Research in the field of gene therapy; Research in the field of genomics; Research in the field of hair care; Research in the field of information technology; Research in the field of manufacturing machinery; Research in the field of pharmacogenetics; Research in the field of physics; Research in the field of social media; Research in the field of telecommunications technology; Research in the field of welding; Research in the reduction of carbon emissions; Research into new products; Research laboratories; Research of new products for others; Research on building construction or city planning; Research on food; Research on the subject of pharmaceuticals; Research relating to agriculture; Research relating to architecture; Research relating to bacteriology; Research relating to biotechnology; Research relating to buildings; Research relating to chemicals; Research relating to chemistry; Research relating to computer programming; Research relating to computers; Research relating to data processing; Research relating to demographics; Research

relating to design; Research relating to engineering; Research relating to environmental protection; Research relating to horticulture; Research relating to hygiene; Research relating to industrial machinery; Research relating to insecticides; Research relating to mechanical engineering; Research relating to medicine; Research relating to molecular sciences; Research relating to pharmaceuticals; Research relating to physics; Research relating to plant breeding; Research relating to safety; Research relating to science; Research relating to security; Research relating to technology; Research relating to telecommunication; Research relating to the development of computer hardware; Research relating to the development of computer programs and software; Research relating to the development of computer software; Research services; Research to develop new products; Research, development, design and upgrading of computer software; Scientific and industrial research; Scientific and technological research in the field of natural disasters; Scientific and technological research relating to patent mapping; Scientific and technological services and research and design relating thereto; Scientific research; Scientific research and analysis; Scientific research and development; Scientific research for medical purposes; Scientific research for medical purposes in the area of cancerous diseases; Scientific research in the field of genetics and genetic engineering; Scientific research in the field of pharmacy; Scientific research into the development of new products; Scientific research relating to bacteriology; Scientific research relating to biology; Scientific research relating to chemical products; Scientific research relating to chemistry; Scientific research relating to cosmetics; Scientific research relating to ecology; Scientific research relating to genetics; Scientific research relating to hair care preparations; Scientific research services; Social science research services; Software research; Stem cell research; Stem cell research services; Stomatology research; Technical consultancy in relation to research services relating to foods and dietary supplements; Technical consultancy in relation to the technical research in the field of food and beverages; Technical research; Technical research in the field of aeronautics; Technical research projects

and studies; Technical research services; Technological research; Traditional Chinese medicine research; Tyre research services; Vaccine research and development services; Analysis and evaluation of product design; Analysis and evaluation of product development; Conducting early evaluations in the field of new pharmaceuticals; Design and development of computer software for evaluation and calculation of data; Evaluation and testing of real estate for the presence of hazardous material; Materials quality evaluation and testing; Materials testing and evaluation; Pharmaceutical product evaluation; Product quality evaluation; Programming of computer software for evaluation and calculation of data; Quality evaluation of product against bench-mark references; Quality evaluation of standing timber; Quality evaluation of wool; Safety evaluation of products; Testing, analysis and evaluation of the goods and services of others for the purpose of certification; Working on and evaluation of chemical analyses; Working on and evaluation of chemical syntheses; Acoustics consultancy for scientific purposes; Computer aided scientific analysis services; Computer aided scientific testing; Conducting of scientific experiments; Conducting of scientific feasibility studies; Conducting of scientific studies; Demographic survey services for scientific purposes; Preparation of scientific reports; Providing scientific information in the field of climate change; Providing scientific information in the field of global warming; Providing scientific information, advice and consultancy relating to carbon offsetting; Provision of scientific information; Provision of scientific information relating to chemicals; Provision of surveys [scientific]; Rental of scientific equipment; Rental of scientific instruments; Scientific advisory services; Scientific analysis; Scientific and technical analysis; Scientific and technological services; Scientific computer programming services; Scientific consultancy; Scientific feasibility studies; Scientific investigations for medical purposes; Scientific laboratory services; Scientific services relating to the isolation and cultivation of human tissues and cells; Scientific testing services; Advisory services relating to science; Consultancy relating to the science of ergonomics; Social science consultancy services; Technical consultancy in the field

of environmental science; Architectural consultancy; Architectural consultancy services; Artificial intelligence consultancy; Computer consultancy; Computer database design consultancy services; Computer programming consultancy; Computer security consultancy; Computer software consultancy; Computer software consultancy services; Computer technology consultancy; Consultancy and information services relating to computer programming; Consultancy and information services relating to computer software design; Consultancy and information services relating to computer system integration; Consultancy and information services relating to information technology; Consultancy and information services relating to information technology architecture and infrastructure; Consultancy and information services relating to the design, programming and maintenance of computer software; Consultancy in the design and development of computer hardware; Consultancy in the field of agricultural chemistry; Consultancy in the field of architecture and construction drafting; Consultancy in the field of biotechnology; Consultancy in the field of computer security; Consultancy in the field of computer software; Consultancy in the field of computer system analysis; Consultancy in the field of computer system integration; Consultancy in the field of energy-saving; Consultancy in the field of genomics; Consultancy in the field of security software; Consultancy in the field of software design; Consultancy in the field of technological design; Consultancy pertaining to pharmacology; Consultancy relating to computer database programs; Consultancy relating to geological surveys; Consultancy relating to laboratory testing; Consultancy relating to quality control; Consultancy relating to software for communication systems; Consultancy relating to software maintenance; Consultancy relating to technological services in the field of power and energy supply; Consultancy relating to the creation and design of websites; Consultancy relating to the creation and design of websites for e-commerce; Consultancy relating to the creation of homepages and Internet pages; Consultancy relating to the design and development of computer software programs; Consultancy relating to the design of home pages and Internet sites; Consultancy relating to the design of homepages and

Internet pages; Consultancy relating to the recovery of computer data; Consultancy relating to the updating of software; Consultancy services in the field of technological development; Consultancy services relating to computers; Consultancy services relating to quality control; Consultancy with regard to webpage design; Cybersecurity consultancy; Data security consultancy; Design consultancy; Energy use and conservation consultancy; Engineering consultancy; Engineering consultancy services; Environmental consultancy services; Information security consultancy; Information technology [IT] consultancy; Information technology consultancy; Information technology security consultancy; Internet security consultancy; Professional consultancy relating to computer security; Quality assurance consultancy; Ship design consultancy services; Software consultancy services; Technical consultancy relating to product development; Technical consultancy relating to the application and use of computer software; Technical consultancy relating to the installation and maintenance of computer software; Technological consultancy; Technological consultancy in the field of aerospace engineering; Technological consultancy in the field of geology; Technological consultancy in the fields of energy production and use; Technological consultancy relating to digital transformation; Telecommunication network security consultancy; Telecommunications engineering consultancy; Telecommunications technology consultancy; Town planning consultancy services; Web site design consultancy; Website design consultancy; Design and development of software for electronic television program guides; Development of computer software for creating electronic television program guides; Advisory services in the field of product development and quality improvement of software; Advisory services relating to the design and development of computer hardware; Architectural services relating to land development; Architectural services relating to the development of land; Computer hardware development; Computer security services [design and development of secure computer hardware, software and systems]; Computer software development; Computer system design using agile development methods; Computer systems

development; Database design and development; Database development services; Design and development of computer firmware; Design and development of computer game software; Design and development of computer game software and virtual reality software; Design and development of computer hardware; Design and development of computer hardware and software; Design and development of computer hardware architecture; Design and development of computer hardware for the manufacturing industries; Design and development of computer hardware for the manufacturing industry; Design and development of computer peripherals; Design and development of computer software; Design and development of computer software architecture; Design and development of computer software for logistics; Design and development of computer software for logistics, supply chain management and e-business portals; Design and development of computer software for process control; Design and development of computer software for reading, transmitting and organising data; Design and development of computer software for supply chain management; Design and development of computer software for use with medical technology; Design and development of data display systems; Design and development of data entry systems; Design and development of data output systems; Design and development of data processing systems; Design and development of data retrieval software; Design and development of data storage systems; Design and development of diagnostic apparatus; Design and development of electronic data security systems; Design and development of electronic database software; Design and development of electronic dictionaries; Design and development of electronic greeting cards; Design and development of electronic language translation dictionaries and databases; Design and development of endoprostheses; Design and development of energy distribution networks; Design and development of energy management software; Design and development of homepages and websites; Design and development of Internet security programs; Design and development of medical diagnostic apparatus; Design and development of medical technology; Design and development of multimedia products; Design and

development of navigation systems; Design and development of new technology for others; Design and development of operating software for accessing and using a cloud computing network; Design and development of operating software for computer networks and servers; Design and development of prostheses; Design and development of regenerative energy generation systems; Design and development of route planning software; Design and development of search engines; Design and development of single sign-on software; Design and development of software and hardware for signal amplification and transmission; Design and development of software for control, regulation and monitoring of solar energy systems; Design and development of software for database management; Design and development of software for importing and managing data; Design and development of software for instant messaging; Design and development of software for inventory management; Design and development of software for website development; Design and development of software in the field of mobile applications; Design and development of systems for data input, output, processing, display and storage; Design and development of testing and analysis methods; Design and development of virtual private network (VPN) operating software; Design and development of virtual reality software; Design and development of wireless computer networks; Design and development of wireless data transmission apparatus; Design and development of wireless data transmission apparatus, instruments and equipment; Design and development of word processing software; Design and development services in metallurgy; Design, development and implementation of software; Design, maintenance, development and updating of computer software; Designing and planning of real estate subdivisions and developments; Development and creation of computer programmes for data processing; Development and design of digital sound and image carriers; Development and maintenance of computer database software; Development and maintenance of computer software; Development and test of chemical production methods; Development and testing of computing methods, algorithms and software; Development of aircraft; Development of computer based

networks; Development of computer codes; Development of computer game software; Development of computer hardware; Development of computer hardware for computer games; Development of computer platforms; Development of computer programmes; Development of computer programs; Development of computer programs for simulating laboratory experiments; Development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (cad/cam); Development of computer software; Development of computer software application solutions; Development of computer software for logistics, supply chain management and e-business portals; Development of computer software for use with computer-controlled switching systems; Development of computer software for use with programmable controllers; Development of computer system; Development of computer systems; Development of computers; Development of data processing programs by order of third parties; Development of electronic surveillance apparatus; Development of energy and power management systems; Development of engines; Development of industrial machinery; Development of industrial processes; Development of measuring and testing methods; Development of new products; Development of new technology for others; Development of pharmaceutical preparations and medicines; Development of pharmaceuticals; Development of programmes for data processing; Development of prostheses; Development of software; Development of software for secure network operations; Development of systems for the processing of data; Development of systems for the storage of data; Development of systems for the transmission of data; Development of test equipment; Development of testing apparatus for electrical wires; Development of testing methods; Development of vehicles; Development of video and computer games; Development services in the field of computer software and advisory services relating thereto; Development, design and updating of home pages; Development, maintenance and updating of a telecommunication network search engine; Development, updating and maintenance of software and database systems; Drug development services; Industrial process development; Pharmaceutical drug

development services; Planning, design, development and maintenance of online websites for third parties; Product design and development; Product development; Product development consultation; Product development for others; Programming of software for website development; Providing information about the design and development of computer software, systems and networks; Providing information in the field of computer software development; Providing information in the field of product development; Providing information, including online, about design and development of computer hardware and software; Providing temporary use of on-line non-downloadable software development tools; Providing temporary use of on-line non-downloadable software for web site development; Rental of software for website development; Rental of video game development software; Software design and development; Software development; Software development in the framework of software publishing; Software development services; Video game development services; Website development for others; Website development services; Occupational health and safety services [ergonomics and design services]; Implementation of computer programs in networks; Back-up of computer data; Backup services for computer hard drive data; Cloud storage services for electronic data; Compilation of data-processing programs; Compression of data for electronic storage; Computer programming for data processing; Computer programming for data processing and communication systems; Computer programming services for data processing; Computer programming services for data warehousing; Computer programming services for electronic data security; Computer security threat analysis for protecting data; Computerised data storage; Computerised data storage services; Conversion of computer programs and data, other than physical conversion; Conversion of data or documents from physical to electronic media; Conversion of document data from one computer format to another; Creating programmes for data processing; Data conversion of computer program data or information [not physical conversion]; Data conversion of computer programs and data, not physical conversion; Data conversion of electronic information; Data cryptology services; Data

decryption services; Data encryption and decoding services; Data encryption services; Data migration services; Data mining; Data security services [firewalls]; Database design; Decoding of data; Design of computer databases; Developing data feed formats featuring user-defined information; Digital compression of computer data; Disaster recovery services for data communications systems; Document data transfer from one computer format to another; Electronic data back-up; Electronic data backup services; Electronic data back-up services; Electronic data storage; Electronic data storage and data back-up services; Electronic data storage services; Electronic monitoring services being IT security services in the nature of protection and recovery of computer data; Electronic monitoring services for computer security threat analysis for protecting data; Electronic storage of data; Electronic storage services for archiving databases; Electronic storage services for archiving databases, images and other electronic data; Electronic storage services for archiving electronic data; Hiring of data processing apparatus; Hosting of computerized data, files, applications and information; Hosting of databases; Installation and maintenance of database software; Installation of database software; Installation, maintenance and updating of database software; Monitoring of computer systems for detecting unauthorized access or data breach; Off-site data backup; Online data storage; Programming of computer software for electronic language translation dictionaries and databases; Programming of computer software for reading, transmitting and organising data; Programming of data processing programs; Programming of software for database management; Programming of software for importing and managing data; Providing computer facilities for the electronic storage of digital data; Providing search engines for obtaining data via communications networks; Providing temporary use of non-downloadable software for analyzing financial data and generating reports; Providing temporary use of on-line non-downloadable software for database management; Providing temporary use of on-line non-downloadable software for importing and managing data; Reconstitution of databases; Reconstruction of database systems for others; Recording data relating to energy

consumption in buildings; Recording of seismic data; Recovery of computer data; Recovery of smartphone data; Rental of a database server to third parties; Rental of computer database software; Rental of computers for data processing; Rental of data carriers; Rental of data centre facilities; Rental of data processing apparatus; Rental of data processing programs; Rental of data processing systems; Rental of database management software; Rental of software for data processing; Rental of software for importing and managing data; Software engineering services for data processing; Software engineering services for data processing programs; Technical data analysis services; Temporary electronic storage of information and data; Updating of software for data processing; Writing of data processing programs; Advisory services relating to computer system analysis; Analysis and testing services relating to electrical engineering apparatus; Analysis for oil field exploration; Analysis for oil-field exploitation; Analysis in the field of molecular biology; Analysis in the field of oil exploration; Analysis of air; Analysis of building materials; Analysis of geological samples; Analysis of materials; Analysis of oil deposits; Analysis of oil fields; Analysis of oil reservoirs; Analysis of stream water quality; Analysis of telecommunication signals; Analysis of the mode of action of chemical combinations on animals; Analysis of water; Analysis of water quality; Analysis services for oil field exploration; Analysis services for oil-field exploration; Bacteriological analysis; Biochemical analysis; Biological analysis; Blood analysis services; Chemical analysis; Chemical analysis services; Comparative analysis studies of the performance of computer systems; Computer aided industrial analysis services; Computer analysis; Computer programming services for commercial analysis and reporting; Computer system analysis; Computer systems analysis; Conducting sampling and analysis services to assess pollution levels; Conducting sampling and analysis services to check for contamination; Cryptanalysis services; Greenhouse gas emission measuring and analysis; Handwriting analysis [graphology]; Industrial analysis; Industrial analysis services; Laboratory analysis; Metallurgical analysis; Product analysis for quality control; Seismic analysis services; Soil sampling for analysis
