General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Class 06

Common metals and their alloys; steel; iron; unfinished articles of iron; semi-finished articles of iron; unfinished articles of steel; semi-finished articles of steel; sheets and plates of metal; metal panels; ores; transportable buildings of metal; metal hardware; ironmongery; metal containers for storage or transport; metal materials for structural engineering, civil engineering, building and construction; metal elements for

structural engineering, civil engineering, building and construction; metal goods for use in structural engineering, civil engineering, building and construction; metal reinforcement materials for structural engineering, civil engineering, building and construction; metal reinforcement elements for structural engineering, civil engineering, building and construction; metal bracing materials for structural engineering, civil engineering, building and construction; metal bracing elements for structural engineering, civil engineering, building and construction; bracings of metal; metal tensioning materials for structural engineering, civil engineering, building and construction; metal tensioning elements for structural engineering, civil engineering, building and construction; metal wire stretchers being tension links; metal prestressing materials for structural engineering, civil engineering, building and construction; metal prestressing elements for structural engineering, civil engineering, building and construction; metal anchoring materials for structural engineering, civil engineering, building and construction; metal anchoring elements for structural engineering, civil engineering, building and construction; anchoring devices of metal; metal anchors; metal anchor plates; metal anchor wedges; metal anchoring blocks; metal expansions for anchors [anchorage devices of metal]; non-electric metal cables; non-electric metal wires; metal wire strands; metal ropes; metal grids; metal meshes; metal nets; metal rods; metal piles; metal poles; metal pillars; metal beams; metal posts; metal masts; metal bolts; metal studs, other than for football boots, clothing or vehicle tyres; metal screws; metal fasteners; metal clips; metal bars; threaded bars of metal; metal shims; metal washers; metal dowels; metal hardware, namely sleeves; metal nuts; metal expansion plugs; metal shell plugs; metal nails; metal treenails; metal rings; metal discs; metal hooks; metal pins; metal pipes; metal tubes; metal hoses; metal cladding; sheaths of metal for tendons, anchors, wire strands, piles, nails, rods, bars, bolts and non-electric cables; metal girders; metal lattice girders; metal scaffolding; metal mouldings; metal parapets; bearings of metal for structural engineering, civil engineering, building and construction; drill pipes of metal; drill pipes of metal; prefabricated scaffolds of metal; metal joinery fittings;

nonelectric cable connectors of metal; non-electric wire connectors of metal; metal cartridges for resins; metal cartridges for cement; metal ladders; metal moveable steps; metal railway sleepers; metal anchor heads; metal pile heads; metal nail heads; metal caps; metal spacers; metal tapes; metal walers; metal walls; metal bushings, other than parts of machines; metal chains; non-electric metal ducts; metal clamps; metal flanges; clevis of metal; clevis pins of metal; retaining devices of metal; boxes of common metal; metal valves, other than parts of machines; non-electric metal cable channels; metal corbels; metal rails; pre-fabricated metal architectural columns; metal mounting brackets; parts and fittings for all the aforesaid goods, included in this class.

Class 07

Machine tools; power tools; mechanical tools, other than hand-operated; hydraulic tools, other than hand-operated; pneumatic tools, other than hand-operated; machines, namely wrenches; impact wrenches; hydraulic wrenches; pneumatic wrenches; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; metalworking machines; machines, mechanical equipment and mechanical, electric, hydraulic and pneumatic apparatus for structural engineering, civil engineering, building and construction; mechanical, pneumatic, hydraulic and electric implements, other than hand-operated, for structural engineering, civil engineering, building and construction; pumps, compressors and generators; lifting and hoisting equipment; ground stabilization machines; soil stabilization machines; rock stabilization machines; feeding machines; mixing machines; mechanical presses; hydraulic presses; pressing machines; extrusion machines; galvanizing machines; machines and mechanical, electric, hydraulic and pneumatic apparatus for wrapping; industrial robots; elevators; cranes; winches; mechanical reels; lifting platforms; hydraulic mobile platforms; pneumatic mobile platforms [pneumatic machines]; electric mobile platforms; elevating work platforms; machines and mechanical, electric, hydraulic and pneumatic apparatus for

treating, processing, pressing and injecting building materials, binding materials, bonding materials, settable materials, anticorrosive materials, waxes, resins, grout, mortar and cement; machines and mechanical, electric, hydraulic and pneumatic apparatus for manufacturing, processing, treating, straightening, bending, binding, connecting, fitting, installing, inserting, anchoring, adjusting, stressing and tensioning of supporting elements, prestressing elements, bearing elements, rods, anchors, tendons, beams, wires, cables and strands; machines and mechanical, electric, hydraulic and pneumatic apparatus for cutting or rolling of threads on reinforcing elements; machines and mechanical, electric, hydraulic and pneumatic apparatus for manufacturing of concrete parts and form works for manufacturing concrete parts; machines for feeding, connecting and installation of tubes and drill rods; machines and mechanical, electric, hydraulic and pneumatic apparatus for grouting; machines and mechanical, electric, hydraulic and pneumatic apparatus for screwing; machines and mechanical, electric, hydraulic and pneumatic apparatus for drilling; machines and mechanical, electric, hydraulic and pneumatic apparatus for cutting; machines, namely jacks; electric, pneumatic and hydraulic jacks; machines, namely rams; electric, pneumatic and hydraulic rams; machines and mechanical, electric, hydraulic and pneumatic apparatus for cleaning, wrapping and coating of bars, nails, piles, bolts, anchors, cables and prestressing elements; machines and mechanical, electric, hydraulic and pneumatic apparatus for clamping tension bars and prestressing elements; draining devices specially adapted for rock drilling machines; draining devices specially adapted for grouting machines and apparatus; compressed air machines; machine parts, namely valves; ventilation devices specially adapted for rock drilling machines; ventilation devices specially adapted for grouting machines and apparatus; rock drilling machines; machines and mechanical, electric, hydraulic and pneumatic apparatus for coiling and uncoiling; tubes being fitted parts of machines; drilling rods; parts of machines, namely drilling bits; parts of machines, namely adaptors for drilling rods; hydraulic and pneumatic controls for machines, motors and engines; bushings being parts of machines; dampers being parts of

machines; parts and fittings for all the aforesaid goods, included in this class.

Class 08

Hand tools and implements, hand-operated; hand-operated wrenches; hand-operated hand tools and implements, namely rams; hand drills; hand jacks; hand tools for grouting; hand-operated hand tools and implements for wrapping; hand pumps; hand-operated appliances for use in structural engineering, civil engineering, building and construction; hand-operated appliances for treating, processing, pressing and injecting building materials, binding materials, bonding materials, settable materials, anticorrosive materials, waxes, resins, grout, mortar and cement; hand-operated appliances for manufacturing, processing, treating, straightening, bending, binding, connecting, fitting, installing, inserting, anchoring, adjusting, stressing and tensioning of supporting elements, prestressing elements, bearing elements, rods, anchors, tendons, beams, wires, cables and strands; hand-operated appliances for cleaning, wrapping and coating of bars, nails, piles, bolts, anchors, cables and prestressing elements; hand-operated appliances for clamping tension bars and prestressing elements; parts and fittings for all the aforesaid goods, included in this class.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; electric power supply units; solar panels; apparatus and instruments for capturing, recording, transmitting, receiving, reproducing or processing sound, images or data; recorded and downloadable media; blank digital or analogue recording and storage media; recorded data files; computer software; computers; computer hardware; computer peripherals; monitor screens; touch

screens; data processing equipment; calculating devices; electronic chips; computer chips; information technology and audio-visual, multimedia and photographic devices; multiplexers; mobile data apparatus; mobile phones; cameras; video cameras; digital cameras; electronic control apparatus, units and systems; safety, security, protection and signalling devices and equipment; measuring, detecting and monitoring instruments, devices, appliances, indicators and controllers; gauges; gauges with digital readout; stress gauges; quality control devices; testing apparatus, not for medical purposes; diagnostic apparatus, not for medical purposes; sensors; remote control apparatus; electric cables; data cables; cable connectors; electronic connectors; electric wires; protective and safety clothing for protection against accident or injury; protective shoes; protective helmets; eyeglasses; safety glasses for protecting the eyes; sun glasses; optical, electric and electronic apparatus for use in structural engineering, civil engineering, building and construction; electric cable channels; simulators; optical devices, enhancers and correctors; borescopes; magnets; seismographs; laser scanners; modems; radar apparatus; load cells; parts and fittings for all the aforesaid goods, included in this class.

Class 17

Seals, sealants and insulating fillers; O-rings; sealing materials; sealing tapes; insulating materials; insulating tapes; vibration dampers; stopping materials; adhesive tapes; adhesive films; packing materials; flexible pipes, tubes and hoses, not of metal; non-metallic pipe spacers; semi-finished artificial and synthetic resins; elastic yarns, other than for textile use; synthetic fibres, other than for textile use; unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; unprocessed latex, gutta-percha, rubber, asbestos and mica; plastics and resins in extruded form for use in manufacture; rubber; butyl rubber; non-metallic hoses; non-metallic connectors and couplings for pipes, tubes, hoses; goods for structural engineering, civil engineering, building and construction, namely semi-finished resins; parts and fittings for all the aforesaid goods, included in

this class.

Class 19

Non-metallic materials for structural engineering, civil engineering, building and construction; non-metallic elements for structural engineering, civil engineering, building and construction; non-metallic goods for use in structural engineering, civil engineering, building and construction; non-metallic reinforcement materials for structural engineering, civil engineering, building and construction; non-metallic reinforcement elements for structural engineering, civil engineering, building and construction; non-metallic bracing materials for structural engineering, civil engineering, building and construction; non-metallic bracing elements for structural engineering, civil engineering, building and construction; non-metallic tensioning materials for structural engineering, civil engineering, building and construction; non-metallic tensioning elements for structural engineering, civil engineering, building and construction; non-metallic prestressing materials for structural engineering, civil engineering, building and construction; non-metallic prestressing elements for structural engineering, civil engineering, building and construction; non-metallic anchoring materials for structural engineering, civil engineering, building and construction; non-metallic anchoring elements for structural engineering, civil engineering, building and construction; non-metallic fire protection building materials for structural engineering, civil engineering, building and construction; goods for structural engineering, civil engineering, building and construction, namely non-metallic sheets, non-metallic walls, and non-metallic pile heads; goods for structural engineering, civil engineering, building and construction, namely non-metallic reinforcing fibres, non-metallic rods, non-metallic piles, non-metallic poles, non-metallic pillars, non-metallic beams, non-metallic posts and non-metallic masts; goods for structural engineering, civil engineering, building and construction, namely non-metallic corbels, non-metallic rails, non-metallic bars, non-metallic threaded bars, non-metallic sleeves; goods for structural engineering, civil engineering, building and

construction, namely non-metallic rigid pipes, non-metallic rigid tubes, non-metallic cladding materials and non-electric non-metallic ducts; goods for structural engineering, civil engineering, building and construction, namely non-metallic parapets, and non-metallic drilling scaffolds; goods for structural engineering, civil engineering, building and construction, namely non-metallic girders, and non-metallic lattice girders; non-metallic scaffolding; transportable buildings, not of metal; non-metallic non-electric cable channels; goods for structural engineering, civil engineering, building and construction, namely erosion control mats, erosion control sheeting and erosion control fabric; geotextiles; non-metallic railway sleepers; asphalt; pitch; tar; bitumen; grout; grouting compounds; cement; cementitious compounds; concrete; mortar; clay; stone; artificial stone; parts and fittings for all the aforesaid goods, included in this class.

Class 35

Business management; business administration; office functions; advertising; dissemination of advertisements; rental of advertising space; marketing and sales promotion services; business planning; business organization; business supervision; business project management; organizational project management; business studies; business and organisational consultancy; product demonstrations and product presentation services, also via the internet; conducting and organization of fairs for commercial and advertising purposes; import and export agencies; ordering services for others; evaluations relating to commercial matters; business analysis, research and information services; data processing; electronic collecting of data; compilation and systematization of data and information in electronic databases; cost-benefit analysis; cost price analysis; operating an information, complaints and emergency hotline, also online, namely administrative services in the form of taking, collecting and forwarding customer requests or customer complaints by telephone or electronic means; retail and wholesale services, also via the internet, in relation to common metals, common metal alloys, steel, iron, unfinished articles of iron, semi-finished

articles of iron, unfinished articles of steel, semi-finished articles of steel, sheets, plates, ores, transportable buildings, metal hardware, ironmongery, containers for storage and containers for transport, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to materials for structural engineering, civil engineering, building and construction, elements for structural engineering, civil engineering, building and construction, goods for use in structural engineering, civil engineering, building and construction, bracings, tendons, tension links, anchoring devices, anchors, anchor plates, anchor wedges and anchoring blocks, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to expansions for anchors, non-electric cables, non-electric wires, wire strands, ropes, grids, meshes, nets, rods, piles, poles, pillars, beams, posts, masts, bolts, cable bolt drive-heads, studs, screws, fasteners, clips, bars, threaded bars, shims, washers, dowels, sleeves, nuts, expansion plugs, expansion shells, shell plugs, nails, treenails, rings and discs, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to hooks, pins, pipes, tubes, hoses, cladding, sheaths, girders, lattice girders, spindles, coupler spindles, scaffolding, mouldings, climbing forms, armaments, parapets, bearings, drill pipes, drilling rods, drilling scaffolds, connectors, couplings, cartridges, ladders, moveable steps, railway sleepers, anchor heads, pile heads, nail heads, caps and spacers, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to tapes, walers, walls, bushings, chains, non-electric ducts, clamps, flanges, clevis, clevis pins, retaining devices, boxes, valves, non-electric cable channels, corbels, rails and pre-fabricated architectural columns, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to tools, machines, mechanical equipment, mechanical apparatus, electric apparatus, hydraulic apparatus, pneumatic apparatus, mechanical implements, pneumatic implements, hydraulic implements, electric implements, wrenches, motors, engines, machine coupling components and machine transmission components, as well as

parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to pumps, compressors, generators, lifting equipment, hoisting equipment, presses, robots, elevators, cranes, winches, reels, platforms, jacks, rams, draining devices, ventilation devices, drilling bits, adaptors for drilling rods, hydraulic controls, pneumatic controls and dampers, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to hand implements, hand-operated appliances and hand drills, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to apparatus and instruments for capturing, recording, transmitting, receiving, reproducing or processing sound, images or data, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to electric power supply units, solar panels, recorded media, downloadable media, blank recording media, blank storage media, recorded data files, computer software, computers, computer hardware, computer peripherals, monitor screens, touch screens, data processing equipment, calculating devices, electronic chips and computer chips, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to information technology devices, audio-visual devices, multimedia devices, photographic devices, multiplexers, mobile data apparatus, mobile phones, cameras, video cameras, digital cameras, safety devices and equipment, security devices and equipment, protection devices and equipment and signalling devices and equipment, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to

measuring, detecting and monitoring instruments, devices, appliances, indicators and controllers, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to optical apparatus, electronic apparatus, electronic control apparatus, electronic control units, electronic control systems, gauges, quality control devices, testing apparatus, diagnostic apparatus, sensors, remote control apparatus, electric cables, data cables, cable connectors, electronic connectors, electric wires, laser scanners, modems and radar apparatus, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to protective clothing for protection against accident or injury, safety clothing for protection against accident or injury, protective shoes, protective helmets, eyeglasses, safety glasses for protecting the eyes, sun glasses, electric cable channels, simulators, optical devices, optical enhancers, optical correctors, borescopes, magnets, seismographs and load cells, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to seals, sealants, fillers, O-rings, sealing materials, sealing tapes, insulating materials, insulating tapes, damping materials, vibration dampers, barrier materials, stopping materials, waterproofing articles and materials, moisture proofing articles and materials, anti-corrosion tapes, anti-corrosion films, adhesive tapes and adhesive films, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to packing materials, shock-absorbing materials, coatings for protection against corrosion, UV radiation, contamination, fire and explosions, covers for protection against corrosion, UV radiation, contamination, fire and explosions and jacketing for protection against corrosion, UV radiation, contamination, fire and explosions, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to pipe nozzles, tube nozzles, hose nozzles, resins, semi-finished resins, elastic yarns, synthetic polymers, synthetic fibres, plastics, latex, gutta-percha, rubber, butyl rubber, asbestos, mica, goods made of latex, goods made of gutta-percha, goods made of rubber, goods made of asbestos, goods made of mica, as

well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials, as well as parts and fittings for the aforesaid goods; retail and wholesale services, also via the internet, in relation to panels, mounting brackets, mats, erosion control mats, erosion control sheeting, erosion control fabric, geotextiles, asphalt, pitch, tar, bitumen, grout, grouting compounds, cement, cementitious compounds, concrete, mortar, clay, stone and artificial stone, as well as parts and fittings for the aforesaid goods; hire, rental and leasing of goods, namely, office equipment, billboards, publicity material, advertisement space, advertisement space on the internet, sales stands, advertising, marketing and sales promotion equipment and material; consultancy and information services relating to all the aforesaid services, included in this class.

Class 37

Building construction; building services; construction services; building reinforcing; demolition; dismantling services; excavation services; grouting services; grout reinforcement for buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures; drilling services; ground stabilization services; soil stabilization services; rock stabilization services; snow-removal and de-icing services with respect to products for structural engineering, civil engineering, construction and building, and parts thereof; snow-removal and de-icing services with respect to buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures; scaffolding; on site building project management for third parties; construction management services; building project management services; construction project management services; building consultancy; construction consultancy; building supervision; construction supervision; installation, repair, restoration and maintenance services with respect to products of mechanical engineering and electrical engineering, products for structural engineering, civil engineering, construction and building, and parts thereof; installation, repair,

restoration and maintenance services with respect to buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures; installation, repair, restoration and maintenance services with respect to industrial installations, vehicles, trains, apparatus and machines, and parts thereof; installation, repair, restoration and maintenance services with respect to ropes, cables, pipes, tubes, mesh, nets, masts, stadiums, chimneys, funnels, fireplaces, towers, domes, facades, elevated flares, silos, bunkers, canals, heating boilers, superheaters, desulfurizer installations, reactors, tanks, mobile platforms, working platforms, winches, aircrafts, robots, and parts thereof; supervision of installation, repair, restoration and maintenance with respect to products of mechanical engineering and electrical engineering, products for structural engineering, civil engineering, construction and building, and parts thereof; supervision of installation, repair, restoration and maintenance with respect to buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures; supervision of installation, repair, restoration and maintenance with respect to industrial installations, vehicles, trains, apparatus and machines, and parts thereof; supervision of installation, repair, restoration and maintenance with respect to ropes, cables, pipes, tubes, mesh, nets, masts, stadiums, chimneys, funnels, fireplaces, towers, domes, facades, elevated flares, silos, bunkers, canals, heating boilers, superheaters, desulfurizer installations, reactors, tanks, mobile platforms, working platforms, winches, aircrafts, robots, and parts thereof; inspection of products of mechanical engineering and electrical engineering, products for structural engineering, civil engineering, construction and building in the course of building construction; inspection of products of mechanical engineering and electrical engineering, products for structural engineering, civil engineering, construction and building prior to maintenance and repair; inspection of buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures in the course of building construction; inspection of buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures prior to maintenance and repair;

inspection of industrial installations in the course of building construction; inspection of industrial installations, vehicles, trains, apparatus and machines prior to maintenance and repair; inspection of masts, stadiums, chimneys, funnels, fireplaces, towers, domes, facades, elevated flares, silos, bunkers, canals, desulfurizer installations, reactors, tanks, mobile platforms and working platforms in the course of building construction; inspection of ropes, cables, pipes, tubes, mesh, nets, masts, stadiums, chimneys, funnels, fireplaces, towers, domes, facades, elevated flares, silos, bunkers, canals, heating boilers, superheaters, desulfurizer installations, reactors, tanks, mobile platforms, working platforms, winches, aircrafts, robots prior to maintenance and repair; rock blasting; soil blasting; rustproofing; anti-rust treatment; application of surface coatings; application of protective surface coatings; cleaning services; hire, rental and leasing of machines, apparatus and tools for building, construction, building reinforcing, demolition, dismantling, excavation, grouting, grout reinforcement, drilling, ground stabilization, soil stabilization, rock stabilization, scaffolding, rustproofing, and cleaning; hire, rental and leasing of machines, apparatus and tools for installation, repair, restoration and maintenance of building materials and build elements; hire, rental and leasing of machines, apparatus and tools for installation, repair, restoration and maintenance of buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures; hire, rental and leasing of machines, apparatus and tools for installation, repair, restoration and maintenance of industrial installations, vehicles, trains, apparatus and machines, and parts thereof; hire, rental and leasing of machines, apparatus and tools for installation, repair, restoration and maintenance of ropes, cables, pipes, tubes, mesh, nets, masts, stadiums, chimneys, funnels, fireplaces, towers, domes, facades, elevated flares, silos, bunkers, canals, heating boilers, superheaters, desulfurizer installations, reactors, tanks, mobile platforms, working platforms, winches, aircrafts, robots, and parts thereof; hire, rental and leasing of machines, apparatus and tools for inspection of building materials and build elements in the course of building construction; hire, rental and leasing of machines,

apparatus and tools for building inspection of buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures in the course of building construction; hire, rental and leasing of machines, apparatus and tools for building inspection of buildings, roads, paths, railways, bridges, pipelines, pipes, tanks, silos, tunnels, mines and structures prior to maintenance and repair; hire, rental and leasing of machines, apparatus and tools for inspection of products of mechanical engineering and electrical engineering, products for structural engineering, civil engineering, construction and building prior to maintenance and repair; hire, rental and leasing of machines, apparatus and tools for inspection of industrial installations in the course of building construction; hire, rental and leasing of machines, apparatus and tools for inspection of industrial installations, vehicles, trains, apparatus and machines prior to maintenance and repair; hire, rental and leasing of machines, apparatus and tools for inspection of masts, stadiums, chimneys, funnels, fireplaces, towers, domes, facades, elevated flares, silos, bunkers, canals, desulfurizer installations, reactors, tanks, mobile platforms and working platforms in the course of building construction; hire, rental and leasing of machines, apparatus and tools for inspection of ropes, cables, pipes, tubes, mesh, nets, masts, stadiums, chimneys, funnels, fireplaces, towers, domes, facades, elevated flares, silos, bunkers, canals, heating boilers, superheaters, desulfurizer installations, reactors, tanks, mobile platforms, working platforms, winches, aircrafts, robots prior to maintenance and repair; consultancy and information services relating to all the aforesaid services, included in this class.

Class 40

Custom manufacture for others; custom assembly of products for others; magnetization; welding; metal hardening; galvanizing; decontamination services; operating installations for purifying drinking water, service water and waste water; metal treatment services; soil treatment services; water treatment services; air treatment services; water conditioning and purification; air conditioning and

purification; processing of gases, liquids and solids; filtration of gases and liquids; energy production; supervision of magnetization, welding, metal hardening, galvanizing and energy production works, included in this class; supervision of custom manufacture of products of mechanical engineering, products of electrical engineering, products for structural engineering, products for civil engineering, products for construction and products for building, and parts thereof, included in this class; supervision of land decontamination, included in this class; supervision of decontamination of hazardous material, included in this class; supervision of decontamination of hazardous products of mechanical engineering, electrical engineering, structural engineering, civil engineering, construction and building; supervision of soil treatment, included in this class; supervision of water treatment, included in this class; supervision of air treatment, included in this class; supervision of water conditioning, included in this class; supervision of air conditioning, included in this class; supervision of water purification, included in this class; supervision of air purification, included in this class; supervision of processing of gases, included in this class; supervision of processing of materials, namely liquids and solids; supervision of filtration of gases, included in this class; supervision of filtration of liquids, included in this class; metal tempering, namely prestressing of metal; rental of electricity generators; rental of metal-treating machines and tools; rental of custom assembly machine equipment; rental of water purification equipment; rental of air purification equipment; rental of air conditioning apparatus; rental of water treatment equipment; rental of chemical processing machines; consultancy and information services relating to all the aforesaid services, included in this class.

Class 42

Scientific and technological services and research; industrial analysis services; industrial research services; technical consultancy and providing of technological expertise; technical supervision and inspection; technical project planning; technical project management; technical project studies; technological planning services;

constructional planning and design; construction planning; construction drafting and consultancy relating thereto; architectural drafting and consultancy; architectural services; engineering services; structural engineering; civil engineering; development, programming, installation, implementation, updating, maintenance and repair of computer software; software as a service; platform as a service; development of computer hardware; computer programming; IT consultancy, advisory and information services; hosting websites; hosting platforms on the internet; hosting portals on the internet; computer analysis and diagnostics; testing, authentication and quality control; product safety testing; technical testing services; testing of materials; services of a technical testing laboratory; laboratory services; geological research and prospecting; design services; product research; product development; development of new products and technologies for third parties; measurement services; provision of technical surveys; surveying; technical survey services; quality management by engineers and architects; environmental monitoring services; weather forecasting; mapping services; electronic storage of data; technical services for the downloading of digital data; providing computer facilities for the electronic storage of digital data; calibration services; technical drawing; technical calculation services; analysis of geological samples via drill core sampling; scientific analysis services utilizing radar; rental of computer hardware, computer software, computer peripherals, scientific equipment, technical testing equipment, technical analysis equipment, data processing equipment, data processing programs, laboratory equipment, memory space for websites, measuring apparatus, measuring instruments, computer systems for remote control and monitoring; consultancy and information services relating to all the aforesaid services, included in this class.

Goods and/or Services:

Class 07

Welding machines; laser welding machines; industrial robots; soldering machines; machines for mounting IC chips on circuit boards; plasma washing machines for use in the manufacture of organic light-emitting diodes; electric arc welding machines; arc welding machines; metal welding machines; electrodes for welding machines; electronic component mounting machines; automated machines for inserting electronic components into printed circuit boards; solder paste screen printing machines for use in semiconductor manufacturing; automated soldering machines for use in the manufacture of electronic circuit boards; adhesive dispensing machines for use in electronic component mounting; electronic component feeding machines for use in the manufacture of electronic circuit boards; die bonding machines; flip chip bonding machines; bonding machines and machine tools for use in manufacture of integrated circuits and structural parts thereof; machines for assembling liquid crystal displays; dry etching machines for use in semiconductor manufacturing; laser processing machines for use in the manufacture of flat panel displays; laser processing machines for metalworking; laser processing machines for use in semiconductor manufacturing; semiconductor wafer dicing machines; machines and apparatus for processing chemical fibers; machines and machine tools for metal working; construction machines and apparatus; loading-unloading machines and apparatus; semiconductor manufacturing machines and apparatus; printing machines and apparatus; bookbinding apparatus and machines for industrial purposes; textile production machines and apparatus; metal cutting machines; screen printing machines; plasma etching machines; machines for mounting electronic components on circuit boards.

Class 09

Digital still cameras; optical lenses; wide-angle lenses for cameras; camcorders; liquid crystal display panels; digital signage monitors; digital video projectors; LCD projectors; lenses for LCD projectors; lenses for digital video projectors; optical

lamps for LCD projectors; optical lamps for digital video projectors; secure digital (SD) memory cards; IC memory cards; blank optical discs; computer data storage apparatus; computer hardware and software for data archiving; data processing equipment; computers; computer peripherals; tablet computers; video conference apparatus; computer software for use in video conference; optical disc recorders; optical disc players; optical disc changers; optical disc drives; IC memory card readers and writers; hard disk drives; microphones; wireless microphones; transmitters and receivers for wireless microphones; audio speakers; signal tuners; apparatus for broadcasting of sound; apparatus for broadcasting, recording, transmission or reproduction of sound or images; amplifiers; power amplifiers; video switchers; video mixers; audio mixers; set-top boxes; surveillance cameras; network cameras; digital video recorders; computer programs; computer application software; digital cameras; electronic apparatus and equipment for use in controlling access to premises or buildings; biometric access control apparatus and equipment; computer programs for enabling access or entrance control; biometric scanners; IP telephones; telephones; facsimile machines; electric adapters for power line communication; electronic blackboards; electronic whiteboards; image scanners; optical character recognition (OCR) software; multi-functional printers; bar code readers; bar code scanners; portable data terminals; thermal printers; electronic cash registers; point-of-sale terminals; terminals for processing credit card payments; electronic card readers and writers; electronic payment terminals; IC card readers; IC card writers; magnetic coded card writers; magnetic coded card readers; labels with integrated RFID chips; computer software; three-dimensional measuring devices; photographic apparatus and instruments; cinematographic apparatus and instruments; optical machines and apparatus; telecommunication machines and apparatus; electronic control apparatus and their parts; measuring machines and instruments; testing machines and instruments; oscillators; batteries and cells; anti-theft warning apparatus; electric locks; power distributing apparatus; power controlling apparatus.

Class 35

Providing information concerning commercial sales; business information; commercial information agencies; organization and management of fairs and exhibitions for commercial and advertising purposes; business management analysis; business consultancy; compilation and systematization of information into computer database; business consultancy services relating to product manufacturing; business efficiency advice and information; business organization and management consultancy; business analysis and consultancy relating to factory management; product marketing research and analysis; business efficiency advice and information relating to product manufacturing; business analysis and consultancy relating to commercial facility management; supply chain management services; marketing research and analysis services.

Class 37

Installation, maintenance and repair of telecommunications apparatus and instruments; installation, maintenance and repair of electronic apparatus and instruments; installation, maintenance and repair of measuring apparatus and instruments; installation, maintenance and repair of testing apparatus and instruments; installation of industrial machinery; installation, maintenance and repair of computer hardware; installation, maintenance and repair of audio and video recording apparatus; repair and maintenance of welding machines and equipment; repair and maintenance of cinematographic apparatus and instruments; repair and maintenance of optical apparatus and instruments; repair and maintenance of photographic apparatus and instruments; repair and maintenance of electric appliances for household use; repair and maintenance of power distribution and control machines and apparatus; repair and maintenance of integrated circuit manufacturing machines and apparatus; consultancy and providing information relating to repair and maintenance of measuring apparatus and instruments; consultancy and providing information relating to repair and maintenance of testing

apparatus and instruments; building maintenance and repair; building construction supervision; repair and maintenance of semiconductor manufacturing machines and apparatus; providing information relating to repair and maintenance of semiconductor manufacturing machines and apparatus; repair and maintenance of electronic component manufacturing apparatus and equipment; maintenance and repair of arc welding machines and equipment; maintenance and repair of welding material manufacturing machines and equipment; maintenance and repair of laser processing machines for metalworking; providing information relating to repair and maintenance of metalworking machines and machine tools; installation, maintenance and repair of metalworking machines and machine tools.

Class 38

Telecommunications; computer communication services; mobile communication services; computer aided transmission of messages and images; electronic bulletin board services [telecommunications services]; telecommunications information; message sending; providing telecommunications connections to a global computer network; providing user access to global computer networks; radio communications; rental of modems; rental of telecommunication equipment; transmission of digital files; data transmission services; electronic and digital transmission of voice, data, images, signals and messages; electronic transmission and streaming of digital media content for others via global and local computer networks; electronic transmission of audio, video and other data and documents among computers; electronic transmission of encrypted data; electronic transmission of sound, images and other data and information of all kinds via the Internet; computer communication consultancy; consultancy, information and advisory services in the field of telecommunications; broadcasting services; rental of telephones and facsimile apparatus; transmission of voice, data, graphics, sound and video by means of broadband power line or wireless networks.

Class 42

Cloud computing; computer software design; computer programming; maintenance of computer software; consultancy relating to design, programming and maintenance of computer software; design and maintenance of web sites for others; hosting computer sites [web sites]; monitoring of computer systems by remote access; rental of computer software; rental of web servers; consultancy in connection with design and development of hardware and software for use in connection to, management of, operating and using computer networks; technical consultancy relating to the design of computer hardware, software and computer peripherals; installation and updating of computer programs; computer technology consultancy; software as a service [SaaS]; hosting platforms on the Internet; computer software technical support services; technical assistance for the design, construction and maintenance of computer network software; design of machines, apparatus, instruments and systems; design and development of computer hardware; research on building construction and city planning; testing and research on prevention of pollution; testing and research on electricity; testing and research on civil engineering; testing and research on machines, apparatus and instruments; rental of computers; providing temporary use of on-line non-downloadable software; installation of computer software; design, development and maintenance of computer software for energy management and monitoring; software as a service [SaaS] for energy management and monitoring; conducting technical surveys on energy consumption and providing information thereof; consultancy and information in the field of energy saving and efficiency; industrial design; technological advice relating to design, development and maintenance of computer network systems; technological advice relating to recovery and resolution of communication network failures and problems; monitoring of computer systems by remote access to ensure proper functioning; remote monitoring of computer systems to ensure proper functionality; software as a service [SaaS] featuring software for use in ensuring security of internet access; platform as a service [PaaS] featuring computer software platforms for use in image

recognition, sound recognition, voice recognition, internet security, transmission of data, data mining, data query, data analysis and visualizing data; software as a service [SaaS] featuring software for use in image recognition, sound recognition, voice recognition, internet security, transmission of data, data mining, data query, data analysis and visualizing data; online data storage services; issuance of digital certificates for authentication or encryption of a digital communication, or authentication of a digital signature in an electronic transaction or communication, over the Internet and other computer network and providing technical and customer support in connection therewith; monitoring of computer systems for detecting unauthorized access or data breach; research and development of new products for others; consultancy services relating to design of semiconductor fabrication plants; design of factory automation equipment; design of semiconductor fabrication plants; remote monitoring of computer network systems and computer data for computer security; research in the field of welding; providing temporary use of online non-downloadable software for use in supply chain management; design and development of computer software for supply chain management; design and development of computer software for logistics, supply chain management and e-business portals.

Goods and/or Services:

Class 01

Chemicals and fertilizers used in industry, science and photography, as well as in agriculture, horticulture and forestry; chemicals for use in the treatment and conditioning of water and liquid manure; emulsifiers; surface-active substances; refrigerants; grease dissolving preparations for use in industrial processes; reagents used for the quantitative determination of nitrogen and other elements in chemical substances; chemical additives for use in industrial cleaning processes; chemical additives for use in cleaning agents and germicides for food processing industry, including the dairy industry; chlorinated chemical additives for use in the cleaning preparations for milking systems; boric acid and clean-in-place [CIP] water conditioners with chemical agents, all for use in sanitizing dairy milking systems; sulfuric, nitric, citric and phosphoric acids for cleaning and sanitizing milking systems on dairy farms; chemical additives for refrigerant fluids and hydraulic fluids; filtering media of artificial or natural substances, as far as comprised in this class; unprocessed artificial resins; unprocessed plastics; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry.

Class 02

Livestock markers, namely spray paints for the colour marking of animals; tracer dyes [marking dyes] for use in weed killing and in agriculture.

Class 03

Cleaning, fragrancings, polishing, scouring and abrasive preparations [other than for office use]; detergents; laundry preparations; toiletries; soaps; skin care preparations; sanitary preparations being toiletries for livestock; cloths impregnated with a detergent for cleaning and care; cleaning agents for use in the processing industry, including the food processing industry; acid-based cleaning preparations for removing milkstone, water scale and rust from pipelines, bulk tanks, milking machines and water inflow pipes in the dairy industry; cleaning preparations for use in connection with dairy milk pipelines and milk tanks; udder washing detergents; cleaning preparations for milkers, milk-processing apparatus and systems for dairy farms and food contact surfaces; all aforementioned goods not for the cleaning and care of the eyes, eyelids and eyelashes of humans; industrial detergents and sulfuric, nitric, citric and phosphoric acids having disinfectant properties, used to clean and rinse dairy farm milking equipment and teat dip applicators; acid and other detergents having disinfectant properties, used for clean-in-place (CIP) systems in the food processing industry, including the dairy industry.

Class 04

Industrial oils and greases; mineral and non-mineral oil for industrial purposes, namely for machinery; lubricants; lubricating oil; dust absorbing, dust wetting and dust binding compositions; fuels [including motor spirit]; illuminants; candles and wicks for lighting; non-chemical additives for refrigerant fluids and hydraulic fluids.

Class 05

Disinfectants and antiseptics; germicides; disinfectants for cooling apparatus; disinfectants for the food processing industry, including the dairy industry; disinfectants for dairy animals, for milkers and for machines, devices and other equipment used in the dairy industry; teat disinfectants; germicidal teat dips; sanitizing udder washes; medicated udder salve; sanitizing foaming teat dips;

veterinary preparations, namely, topical teat dips for tissue toning; medicated hoof care preparations in the form of foot bath concentrates and topical solutions; sanitizers for hoof trimming equipment and utensils; dairy sanitation products, namely, industrial sanitizer tablets used to clean, rinse and sanitize dairy farm milking installations and foaming teat dip applicators; disinfectants washes; disinfectants impregnated into tissues; medical and veterinary preparations and products; veterinary products for the dairy industry; bacteriological preparations for medical or veterinary use; bacterial poisons; antiseptic sprays in aerosol form; mineral and dietary supplements for animal feed; iodine; medicated additives for animal foods; lotions for veterinary purposes; milking grease; pharmaceutical preparations; hygienic preparations and articles; pest control preparations and articles; algaecides; preparations in the form of liquids or powders for removing moss; fly combating preparations; lice destroying preparations; insect repellents; biocides; preparations for destroying vermin; germicides for use in the food processing industry, including the dairy industry; reagents for use in polymerase chain reaction for DNA sequencing for medical purposes; anti-microbial hand soaps; antibody reagents for medical use; all aforementioned goods not for the treatment of eye diseases of humans.

Class 06

Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery and small items of metal hardware; pipes and tubes of metal; unwrought or semi-wrought common metals; valves of metal [other than machine parts]; pipes, tanks, rods, tubes of metal and fittings and accessories therefor, as far as comprised in this class; pipework and flanges [collars] of metal; fittings of metal for compressed air ducts; bulk milk cooling tanks, milking parlor stalls and stanchions, all made primarily of metal; manually activated metal valves, other than parts of machines; metal milking parlor equipment, namely, sequence gates, entry gates, exit

gates, splashbacks, curbs, brisket boards; dairy barn facilities, namely, free stall barns, tie-stall barns, feed stanchions, keder tubes used as hem pipes, cattle traffic control gates, namely, telescoping gates, swing gates, and overhead gates, all made of metal; metal gutter grates; steel trusses for livestock barns; partitions as well as partition fittings and clamps of metal; metal barriers for livestock; treatment stalls and cattle crushes made of metal; isolation stalls and gates made of metal; parts for animal stalls, milking parlor installations, milk vats, vats, channels, tubs, gates, borders, doors, portals, barriers, grates, all mainly of metal, as well as fittings and accessories therefor; earmarks of metal for livestock; metal containers for storage or transport; closures of metal for containers; containers of metal for compressed gas or liquid air; metal hardware; pipe jackets of metal; transfer tubes of metal; milk reservoir vats of metal.

Class 07

Machines and machine tools for treatment of materials and for manufacturing [other than paper converting machines, including sheet-fed paper converting machines, thermal laminating machines, labelling machines, lithographic labelling machines, laminating machines for stacks of sheets, printing machines, die-cutting machines for paper, cardboard and films, slitting and cutting machines for paper, cardboard and films, paper sheet feeding machines, machines for cutting, folding, handling, printing, rewinding, binding and laminating paper, cardboard and films, document shredding machines and machines for office use]; motors and engines [except for land vehicles and other than for office use]; machine coupling and transmission components [except for land vehicles]; agricultural implements other than hand-operated; emulsifying machines and homogenizers [for chemical processing or food production]; brewing machines; kneading machines; mixers [machines]; drilling machines; electric knives; blade holders [parts of machines], other than for use in document shredding machines, paper processing machines or printing machines; knives [parts of machines], other than for use in document shredding machines,

paper processing machines or printing machines; stropping machines; shaping and moulding machines [other than for office use]; pressing machines; mills and crushing machines, other than for use in document shredding machines, paper processing machines or printing machines; rasps [machines]; machines, mechanical apparatus, implements and parts thereof for the processing industry, for use in biotechnology, in the production and processing of drinking water, on oil rigs, in land vehicles and seacraft; machines, mechanical apparatus, implements and parts thereof for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for agricultural and dairy purposes, for oil extracting and oil processing, for energy production, wastewater processing and for metal processing industries, for shipping, for drilling platforms and for use in cellars; ice crushing machines and electric ice shaving machines for making crushed ice and flaked ice; motors, pumps and compressors for refrigerators and freezers; machines, mechanical apparatus and plants for the manufacturing of gases, chemical products, foodstuffs, including beverages; machines for dividing, clarifying, separating, mixing and conveying liquid and/or solid mixtures and substances; centrifugal mixers; powder mixers; reverse osmosis pumps [parts of machines] for increasing the concentration of dissolved substances in liquids; cartridges for filtering machines; rotating brush sieves [machines or parts of machines]; cyclones as parts of machinery; oil separators; filters, sieves and membranes as parts of machines and for motors and engines; compressors and fans as parts of machines; pumps, in particular for beverages and other foodstuffs; air condensers; blowing machines for the compression, exhaustion and transport of gases; oil refining machines; electrical engines, other than for land vehicles; blowing machines; pump diaphragms; suction machines for industrial purposes; electric machines, apparatus and implements for cleaning; steam cleaners; food and beverage processing and preparation equipment, namely butter machines, computer-operated and non-computer-operated machines and installations for the processing, further processing and packaging of foodstuffs, namely meat, poultry, fish, cheese, potatoes, vegetables and other vegetarian

products, computer-operated and non-computer-operated machines and installations for the pre-processing, processing and packaging of foodstuffs, namely meat, poultry, fish, cheese, potatoes, vegetables and other vegetarian products, in particular knives, mills, mixers [machines], emulsifying machines, machines for sausage production, apparatus [machine parts] for the production, processing and portioning of flour, albumen and bread crumbs, as well as automatic machines for the storage and packaging of foodstuffs, vacuum packing machines and assembly lines and machinery apparatus and mechanical equipment for the production, processing and refining of foodstuffs, semiluxury food and beverages; cutting machines, other than for document shredding purposes, paper processing purposes or office use; food slicers; slicers [machines, electric]; sausage making machines; labelling machines [other than for office use]; moving and handling equipment; agitators; lifting and hoisting equipment, as far as comprised in this class; handling machines, automatic [manipulators]; palletisers; machines for lifting and parts thereof; bottle filling machines; bottle washing machines; bottle capping machines; conveyors; belt conveyors; loading machines; automatic loading systems consisting of loading cranes and machines; manure augers; vacuum packing machines; packaging machines; foil wrapping machines; engines, powertrains, and generic parts for machines; pressure regulators [parts of machines]; heat exchangers being machine parts; crankcases for machines, motors and engines; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; pistons [parts of machines and engines]; regulators [parts of machines]; steam traps; control mechanisms for machines, engines or motors; valves [machine parts]; connection fittings for machines; expansion compensators, namely machine parts for compensating thermal stress; cleaners [machine parts]; machines for the energy and power plant industry; machines for the energy technology, as far as comprised in this class; compressors for refrigerators; machines for agglomeration, granulation and lamination [coating] of materials, including foodstuffs and pharmaceutical preparations, and plants composed of the aforementioned machines used for

applying the fluid bed technology for commercial purposes; sealing machines for industrial purposes; filling machines; atomizers; machines using microwave technology for commercial purposes; machines for agricultural engineering purposes; environmental technology machines for commercial purposes; machines for industrial plant construction; machine tools; machines and installations composed thereof for applying the spraying technology and spray drying technology for commercial purposes; agricultural, earthmoving, construction, oil and gas extraction and mining equipment; agricultural equipment; electrolysis apparatus for the manufacturing of disinfectants; electric machines for the processing of foodstuffs; fodder presses; rotary and linear milking parlor installations consisting of milking installations; semi-automatic and automatic milking machines; milking installations; component parts for milking machines, namely, milk stimulators, filters for milking machines, vacuum pumps, milk pumps, air compressing pumps, water pumps, chemical dispensing pumps, power-operated teat sprayers, power-operated udder washers, aerators, milking system washers, industrial milking robots; vacuum regulators as parts of milking machines; milking machine retractors; pumps and pulsators for the dairy industry; udder washing and spraying apparatus; automatic feeding machines; milking parlor equipment, namely manure scrapers; stationary machines for automatically spraying cows with liquid insecticides and germicides; teat cups [suction cups] for milking machines; machines for supplying fodder concentrate in fodder troughs; power-operated manure scrapers; robotic and power-operated manure scrapers; manure agitators; manure separators; tractor-towed farm implements; waste management systems, processing systems and recovery systems for manure, slurry and other animal waste, namely pumps or scrapers for the transport of solid and liquid animal excretions as well as presses for the separation of undigested solid elements; mechanized livestock feeders; machines and machine-operated equipment for cleaning purposes for use in the processing industry, including the food processing industry, in particular the dairy industry, namely machines for the cleaning of teats and hooves; installations and components

for processing and the disposal of manure and slurry for the generation of energy, namely pumps and conveyors; sweeping machines; cleaning machines; cleaning devices and machine-type cleaning apparatus, in particular chemical and/or mechanical cleaning apparatus and installations, in particular for the dairy industry, the brewing and beverage industry, the food industry, the chemical, pharmaceutical and cosmetics industry; stable cleaning machines; press-rollers; robots [machines]; condensing installations; vacuum machines and installations composed thereof; vacuum installations being parts of milking machines; bottling plants for the bottling of solid, pasty and liquid substances and of heterogeneous substance mixtures; pumps for the food processing industry, including milking machine pumps; extractors for milking clusters, namely apparatus for removing the milking equipment from the udder; machines for filtering waste milk to be used for calf feeding; installations for thickening of suspensions by means of decantation; plants [machines] and machine parts for applying the fluid bed technology for commercial and industrial purposes; plants [machines] and machine parts for applying the spray technology, namely spray technology used in spray dryers and spray granulators; machines and mechanical equipment for concentrating, dispersing, suspending, filtering, separating, agglomerating, extracting, fermenting, homogenizing, adding gas to and aerating of solid, liquid and/or gaseous substances, including their intermediates and precursors of synthetic, plant or animal origin, in particular including milk, milk products, milk intermediates, cheese, cheese products, cheese intermediates, butter, butter products, butter intermediates, coffee, beer, juices, meat, fish products and nutritional supplements as well as in particular educts and products of the petrochemical, chemical and pharmaceutical industry and in particular of commercial or industrial waste, wastewater or exhaust gases; rotating cylindrical brushes for livestock [machine parts]; dust removing installations and equipment for cleaning purposes.

Class 08

Hand-operated tools and implements for treatment of materials, and for construction, repair and maintenance.

Class 09

Regulating, checking [supervision], control, measuring and switching installations, apparatus and instruments [other than for office use]; detecting and monitoring instruments, indicators and controllers; food analysis apparatus; quantity indicators; telemeters; diagnostic apparatus, not for medical purposes; transducers; flow meters; pressure gauges; refractometers; spectrometers; thermometers; remote controls; dosage dispensers; automatic liquid flow controls; electronic control and regulating installations for managing and monitoring dairy herds; testing apparatus, not for medical purposes; alignment and calibrating instruments; vacuum gauges; scales; electronic measuring, control and checking [supervision] apparatus and instruments for climate monitoring and climate control; data processing and data collection installations and equipment [other than for office use]; data output installations and equipment [other than for office use]; data transmission installations and equipment [other than for office use]; electrotechnical and electronic apparatus and equipment for process monitoring and process control, for the collection, processing and output of data; apparatus and equipment for the industrial and commercial measuring, monitoring and/or controlling technology; sensors and detectors; information technology and audiovisual equipment; scanners [other than for office use]; luminescence scanners; electronically encoded identification devices; identification devices for livestock; communications equipment; transmitters; radio receivers; transponders; electric apparatus for commutation; X-ray apparatus, not for medical purposes; safety, security, protection and signalling devices; neck tags [electronic transmission and reception apparatus] and responders for livestock; protective and safety equipment; protective boots; protective gloves; protective clothing; protective goggles; software; application software; computer application software for mobile devices and computers; dairy herd management software and computer hardware;

computer peripherals, other than printers, scanners or other peripherals for office use; optical devices, sensors and optical equipment, enhancers and correctors; observation instruments; closed-circuit video observation systems comprised of closed circuit television camera and video monitor; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity [other than for office use]; electrical contacts; electric relays; apparatus for recording, storage, transmission or reproduction of sound or images [other than for office use]; scientific surveying, photographic, cinematographic, optical, weighing, signalling apparatus and instruments [other than for office use]; scientific research and laboratory apparatus, educational apparatus and simulators; chemistry apparatus and instruments [other than for office use]; electronic publications, downloadable; apparatus, instruments and cables for electricity; printed circuit boards; load cells; animal scales; electronic animal counting devices; electronic milk flow monitoring devices and milk meters; electronic data processing units, transmitters, receivers and transponders attached to cows for the automatic recognition of animals, for the supply of feed and fodder concentrate, for the cow calendar, for the determination of milk quantities and the quality of milk, for the determination of milk temperatures, and for the determination of washing temperatures; electric control panels for monitoring and operating milking systems; remote controls for automatically dispensing animal feed; automatic dosage dispensers for supplying liquids in drinking bowls; electronic controllers for milk pipeline washers; automatic dosage dispensers for supplying chemicals for milk pipeline washers; milking monitors, automatic liquid-flow controls for milking machines, automatic dosage feed dispensers for dispensing solid feed to dairy animals; flow sensors for milkers.

Class 10

Veterinary apparatus and instruments; apparatus for stimulating the udder of dairy animals; apparatus for monitoring the health status of livestock.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply as well as sanitary installations; air treatment and air purification equipment; deodorizing apparatus; air purifying installations; ventilation hoods; commercial and industrial dehumidifiers; HVAC systems [heating, ventilation and air conditioning]; heat-recovery installations; air cooling apparatus; air purifying apparatus and machines; electrically powered blowers for ventilation; electric fans; regulating and safety accessories for water and gas installations; wet cooling towers and dry cooling towers with natural ventilation and/or forced ventilation for the cooling of liquid and/or vaporous media; burners, boilers and heaters; heat exchangers, not parts of machines; heat regenerators; furnaces; air reheaters; heat pumps; steam accumulators; heat accumulators; heat generating apparatus; stoves; incinerators; refrigerating and freezing equipment; refrigerating appliances and installations; cooling installations; cooling machines; refrigerating chambers; ice machines and apparatus; gas condensers, other than parts of machines; transport refrigeration units for land, air and water vehicles, trailers, shipping boxes and containers; water cooling apparatus; cooling installations for foodstuffs, including milk cooling installations; milk cooling apparatus, namely, refrigerated milk storage tanks; milk coolers, namely, a chiller in the nature of a refrigeration unit used to cool a heat transfer medium and a heat exchanger in which the heat transfer medium cools milk as it comes from cows being milked; cooling and refrigerating installations for the construction industry for the cooling of concrete; cooling and refrigerating installations for the mining industry; cooling and refrigerating installations for sports and leisure facilities; refrigerating containers; ice making machines; lighting and lighting reflectors; lighting apparatus; LED lighting apparatus; luminaires; discharge tubes, electric, for lighting; infrared and ultraviolet lamps not for medical purposes; sanitary installations; water supply and sanitation equipment; sterilization, disinfection and decontamination equipment; disinfectant apparatus; autoclaves;

water sterilizers; sterilizers for foodstuffs, including milk; steam sterilizers; water purification, desalination and conditioning installations; agricultural irrigation units; installations and apparatus for wastewater treatment; reverse osmosis devices, water filtering apparatus and water purification installations; pipes being parts of sanitary facilities; sterilizers [not for medical purposes]; food and beverage cooking, heating, roasting, grilling, cooling devices and equipment; electric deep fryers; cooker hoods for industrial use; electric cooking utensils; electric kettles; coffee bean roasting machines; food dryers; roasting apparatus; infrared and microwave ovens for industrial purposes; pasteurizers; wastewater treatment installations; sterilizers for industrial purposes; industrial ovens and furnaces [not for food or beverages]; heat exchangers for chemical processing; flare stacks; distillation columns and units; industrial water treatment plants; industrial installations for filtering liquids; gas scrubbing installations; gas scrubbing and purification apparatus; sewage treatment installations; drying apparatus and installations; crystallizers; installations for the purification of gases; vaporizing installations, apparatus and appliances; drying apparatus; humidifying installations and equipment; humidifiers; water filter systems consisting of filter housings and replaceable filter elements, not used as parts of machines, motors or engines; apparatus for the purification of liquids; water purification, water treatment, water supply and water desalination installations and equipment; apparatus and equipment for exhaust steam and waste heat recovery; automatic watering installations; pressure water tanks; clean chambers [sanitary installations]; water intake apparatus; water filtering apparatus; water softening apparatus; water distribution installations; water heaters; water heating installations; air treatment apparatus and machines; germicidal lamps for purifying air; air filters for industrial use; filters for gases [parts of household or industrial installations]; filters for liquids [parts of household or industrial installations]; flues and installations for conveying exhaust gases [ventilation]; gas condensers, other than parts of machines; ionization apparatus for the treatment of air; valves being parts of sanitary, heating, steam generating, cooking, refrigerating, drying, ventilating and water supply

installations; installations and apparatus for the thermal treatment as well as for the thermal processing of foodstuffs, semiluxury food, beverages and animal feed, in particular for warming, heating, pasteurizing, distilling, refrigerating, freezing, chilling, condensing, spray drying, freeze-drying, drying, in particular educts and products of the petrochemical, chemical and pharmaceutical industry and in particular of commercial or industrial waste, wastewater or exhaust gases; milking parlor equipment, namely air curtains and faucet aerators; distilling apparatus; mechanical watering systems for livestock farming, namely automatic watering installations; all aforementioned goods also manufactured according to customers' order; dairy barn and milking parlor equipment, namely, power-operated air curtains that open and close, power-operated ventilation system for the roof of livestock barns; drying apparatus for the chemical industry, distillation apparatus for the chemical industry, evaporators for the chemical industry, steam appliances for the chemical industry.

Class 17

Rubber, gutta-percha, gum, asbestos, mica; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible tubes [not of metal]; seals, sealants and insulating fillers; pipes of rubber, silicone rubber or synthetic flexible materials for the food processing industry, including milk lines; semi-processed plastic for use in the production of teat liners; flexible pipes, tubes, hoses, and fittings therefor, including valves; seals for pipe connections; insulation jackets for industrial pipes; semi-processed rubber and silicone rubber for use in the production of teat liners.

Class 18

Leashes, straps, collars and harnesses, each made of leather and imitation leather, for animals; livestock products in the nature of a restraining device, namely harness for animals in the forms of chains, straps and fasteners.

Class 19

Barn structures, namely transfer tubes [not of metal]; prefabricated building materials [not of metal] for the construction of animal stalls; barn structures, namely, non-metal cushioned flooring for walkways.

Class 20

Furniture; mirrors [silvered glass]; picture frames; fasteners of plastic; valves, not of metal, other than parts of machines; non-metallic bins [other than dust bins]; cabinets for housing milking equipment; reservoirs, not of metal nor of masonry; boxes of wood or plastic; fodder racks.

Class 21

Drinking troughs; feeding troughs; mangers for animals; tableware (other than knives, spoons and forks), cookware and containers; cups; bottles; brushes; feeding troughs, primarily of metal; watering cans of metal; non-mechanized livestock waterers.

Class 27

Floor coverings; floor coverings and artificial ground coverings; mats; barn stall equipment, namely, stall mats, bedding mats and cushioned bedding mats for livestock which are laid on the floor of animal stalls.

Class 37

Building construction; installation, repair and maintenance of machines, mechanical apparatus, implements, motors and engines for the industrial manufacturing and process technology, for the chemical, pharmaceutical, cosmetic, food and beverage industry, for agricultural and dairy purposes, for oil extracting and oil processing, for energy producing, wastewater processing and for metal processing industries, for shipping, for drilling platforms and for use in cellars; installation, repair and maintenance of regulating, checking [supervision], control, measuring and switching installations, apparatus and instruments, detecting and monitoring instruments, data processing installations and equipment, data collection installations and equipment,

data output installations and equipment and data transmission installations and equipment; installation, repair and maintenance of lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply as well as sanitary installations; steel structure construction works; building construction, including structural and civil engineering and including for the building of industrial and mechanical installations and of buildings; building construction supervision; installation of industrial and mechanical installations; construction information; cleaning services; installation of temporary structures for trade fairs; interference suppression in electrical apparatus; retrofitting and modification of machines; repair or maintenance of machines, installations [facilities] and apparatuses; installation, maintenance and repair of machines, installations [facilities] and apparatuses; installation, maintenance and repair of plants on farms; consultancy relating to installation, maintenance and repair services; providing information relating to installation, maintenance and repair services; rental of motors for use in oil extracting, drilling platforms and underground mining; installation and maintenance of dairy parlor equipment.

Class 39

Packaging and storage of goods; transport services; delivery services; delivery of equipment for commercial and industrial use, including the food processing industry, including dairy plants; delivery of dairy farm equipment; delivery of dairy farm hygiene products, namely, dairy farm equipment hygiene products and animal hygiene products; delivery of animal health products; delivery of equipment to be used in dairy plants and for the production of food, industrial goods or commercial products as well as repair and spare parts for dairy plant equipment and for the production of food, industrial goods or commercial products; rental of machines, mechanical apparatus, motors and engines for transportation purposes on marine vessels; providing information relating to the rental of machines and apparatus for food packaging.

Class 40

Processing of metals, plastics and natural resources, namely rubber, gutta-percha, gum, asbestos, mica, stone, wood and leather; material treatment information; refrigerant recovery services; providing information relating to the processing and conversion of foodstuffs; printing and development of photographic and cinematographic film; photographic processing; rental of machines, mechanical apparatus, implements, motors and engines for use in industrial manufacturing and processing for the chemical, pharmaceutical, cosmetic, food and beverage industry and for dairy purposes; rental of heating installations; providing information relating to the rental of air conditioning apparatus or of chemical processing machines and apparatus; providing information relating to the rental of machines and apparatus for food processing or beverage production; providing information relating to the rental of room cooling units for commercial or industrial purposes; providing information relating to the rental of water purification apparatus; rental of drying, steam generating, ventilating and water supply installations for use in industrial manufacturing and processing for the chemical, pharmaceutical, cosmetic, food and beverage industry.

Class 42

Scientific and technological services; services for technical monitoring of industrial processes; engineering services; physics research; construction drafting; architectural and urban planning services; industrial research; medical research; consultancy in the field of energy-saving; research in the field of agricultural chemistry; IT programming services; IT consultancy, advisory and information services; design and development of computer hardware; duplication of computer programs and conversion of computer programs and data [not physical conversion]; decoding of data; IT security services in the form of computer data protection and recovery; software design, development, programming and implementation;

computer programming; data mining; hosting services and software as a service and rental of software; cloud computing; architectural and construction drafting and consultancy; programming of data processing programs; rental of computer software, computer hardware and computer facilities; validation and quality assurance with respect to software components and hardware components; technological consultancy regarding maintenance work; design, technical development and technical planning of industrial plants and machines; scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; technological consultancy services for dairy producers in the field of water quality testing and analysis and maintenance assessment of the performance and reliability of milking and cooling systems and of the udder washing system function; technological consultancy services to assist dairy producers in optimizing milk production performance and in maximizing milking efficiency by analyzing data, namely, data on milking vacuum levels, pulsation rates, ratios and characteristics, teat liner design and composition, milk production and dairy operator routines; technical consultancy in the field of dairy parlors and dairy facilities by providing technological consultation on milking equipment, automation level, monitoring measures regarding technical facilities, requirements regarding electrical facilities, water quality monitoring, design and planning of milking boxes; technical consultancy in the field of science, engineering and information technology; consultancy in the field of numerical fluid mechanics and development of fluid-mechanical computer models; consultancy regarding technical research in the field of foodstuffs and beverages; consultancy in the field of biotechnology; consultancy in the field of pharmaceutical research; consultancy in the field of veterinary research and development; consultancy in the field of renewable energy research; providing technological consultation to dairy producers, as part of milking system design services, relating to vacuum pumps, controllers and pulsators used with milking machines, milking units, pipelines, dairy operator performance, sanitation and supplies, milk storage and cooling, service

schedules, milk pumps and milk filtering, timing and flow control devices; consultancy in the field of environmentally friendly technologies; consultancy and information services relating to natural science; chemical analysis for the optimization of hygiene in the food processing industry, including on dairy farms; chemical analysis for trade and industry, including the food processing industry and the dairy industry; provision of scientific information, advice and consultancy in relation to carbon offsetting; material testing; technical project management for the planning and development of industrial installations and machines; offices for providing research and development services; creation of new products; electronic data storage; data programming; technological consultancy regarding data processing for others; data programming for others; design services; dairy facility design planning services relating to the layout of milking parlors and waiting areas in front of milking robots, milking barns, calf and dam sheds as well as cow comfort and traffic patterns; dairy parlor and dairy facilities design services; new product design; design planning of commercially used facilities and industrial plants, in particular of the food industry, including of dairy facilities; computer technology consulting; technological analysis services; research laboratories and laboratory testing services; chemistry services; electrical engineering services; chemical engineering; scientific research; technical project studies; surveying and exploration services; preparation of scientific reports; research, development and design of new machines and installations for others in the field of food processing and packaging; conducting scientific experiments; research and development of new products for others; testing, authentication and quality control; technical testing services; conducting chemical analyses; analysing of manufacturing processes; measuring and analysis of emission and pollutant concentration; materials testing and evaluation; product testing; calibration services; rental of regulating, checking [supervision], control, measuring and switching installations, apparatus and devices, detecting and monitoring instruments, data processing, data collection and data output installations and equipment for scientific and research purposes.

Class 44

Agriculture, aquaculture, horticulture and forestry services; farming [animals]; farming [crops]; veterinary advisory services; agricultural advice; farming equipment rental; pest control and vermin exterminating services for agriculture, horticulture and forestry; rental of machines, mechanical apparatus, implements and motors for agricultural purposes; rental of sanitary facilities.
