GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

AC generators [alternators]; o-rings being machine parts; o-rings being parts of machines; air compressors for vehicles; air intake systems and components for vehicles; alternators for land vehicles; anti-pollution devices for engines; anti-pollution devices for engines and motors; automotive engine blocks; back pressure valves as parts of machines; back pressure valves being parts of machines; backhoes; backhoes [earth moving machines]; ball bearings; ball valves being parts of machines; bearing brackets for machines; bearings [parts of machines]; bearings as parts of machines; bearings being parts of machines; bearings for engines; bearings for transmission shafts, being parts of machines; bellows being parts of machines; belt pulleys being parts of machines; blades for earth moving machines; brake linings for machines; camshafts for vehicle engines; catalytic converter units for vehicle exhausts; clutches for machines; compressors as parts of machines, motors and engines; compressors being parts of machines, motors and engines; construction machines; construction machines and apparatus; control cables for machines, engines or motors; control mechanisms for machines, engines or motors; control valves for regulating the flow of gases and liquids [parts of machines]; cooling radiators for motors and engines; crankcases for machines, motors and engines; cylinders for engines and motors; cylinders for motors and engines; dashpot plungers [parts of machines]; diesel engines for machines; diggers [machines]; drive belts for machines; drive chains for

machines; drive devices for opening and closing vehicle doors; drive shaft couplings for machines; driving belts for machines; driving chains for machines; drums [parts of machines]; dynamo pulleys for vehicles; earth moving machines; pressure transducers as parts of machines; pressure transducers being parts of machines; pressure valves [parts of machines]; pressure valves being parts of machines; power transmission couplings for machines; pressure reducing valves [parts of machines]; pressure regulators [parts of machines]; pressure regulators being parts of machines; pressure switches as parts of machines; electronic ignitions for vehicles; engine bearings; engine camshafts; engine cylinders for land vehicles; engine cylinders for vehicles; engine gaskets, not of metal, for vehicles; engine injectors; engines and motors for model vehicles; engines for model vehicles; excavating machines; exhaust apparatus [parts of machines]; exhaust apparatus for internal combustion engines; exhaust apparatus for land vehicles; exhaust bypasses; exhaust gas recirculation [egr] valves for motors and engines; exhaust manifold for engines; exhaust manifolds for engines; exhaust mufflers for engines; exhaust mufflers for motors; exhaust mufflers for motors and engines; exhaust pipes for land vehicle engines; exhaust silencers for engines; exhaust silencers for motors and engines; exhaust systems for diesel engines; exhaust systems for vehicles; exhausts for engines and motors; exhausts for motors and engines; expansion tanks [parts of machines]; fan belts for engines and motors; fan belts for land vehicle engines; fan belts for motors and engines; fans for engines; fans for engines and motors; fans for machine engines; fans for motors and engines; faucets [parts of machines, engines or motors]; filters being parts of machines or engines; filters for cleaning cooling air, for engines; filters for engines; filters for engines and motors; filters for machines; filters for motors and engines; fittings for engine boilers; flexible couplings [parts of machines]; fluid couplings being parts of machines; fuel and air mixture regulators being parts of internal combustion engines; fuel cell cooling pumps for use in vehicles; fuel economisers for motors and engines; fuel economizers for engines; fuel economizers for engines and motors; fuel economizers for motors; fuel economizers for motors and engines; fuel filters; fuel filters for vehicle engines; fuel injection devices for internal combustion engines; fuel pumps for engines; fuel pumps for land vehicle engines; gaskets for internal combustion engines; gaskets of metal for vehicle engines; gear couplings for machines; gears for machines; generators for land vehicles; machines for use in the construction industry; machines for use in the construction of roads; header pipes as part of vehicle exhaust system; headers being parts of vehicle exhaust systems; heat exchangers [parts of machines]; heat exchangers being parts of machines; hydraulic controls for engines and motors; hydraulic controls for machines, motors and engines; hydraulic controls for motors and engines; hydraulic elevating apparatus; hydraulic engines; hydraulic excavators; hydraulic intensifiers being parts of machines; hydraulic jacks; hydraulic motors and engines; hydraulic motors for excavators; hydraulic pumps; igniting devices for internal combustion engines; igniting magnetos for engines; ignition coils [parts of engines]; ignition devices for land vehicle engines; ignition magnetos for engines; intake manifolds for engines; intake manifolds for motors and engines; lubricators [parts of machines]; machine couplings and transmission components for machines; machine wheels; machine wheelwork; machines and machine tools; machines for construction purposes; glow plugs for diesel engines; graders [earth moving machines]; mechanical engine parts for land vehicles; mechanical seals [machine parts]; mechanical seals [parts of machines]; metal engine gaskets for vehicles; motors for model vehicles; mufflers for motors and engines; noise insulation enclosures [parts of machines]; noise mitigation sleeves [parts of machines]; noise reduction devices for machines and parts of machines; non-metal engine gaskets for vehicles; oil coolers for engines; oil coolers for engines and motors; oil coolers for motors; oil coolers for motors and engines; oil filters for engines; oil filters for engines and motors; oil filters for motors; oil filters for motors and engines; oil pumps for land vehicle engines; oil refining machines; oil separators [machines]; piston rings being engine parts; pistons [parts of machines or engines]; pistons for engines; pistons for land vehicle engines; pistons for machines; pistons for vehicle engines; pneumatic controls for engines; pneumatic controls for machines and motors; pneumatic controls for machines; pneumatic controls for machines, motors and engines; pneumatic controls for motors; pneumatic controls for motors and engines; positive crankcase ventilation [pcv] valves for motors and engines; power transmission belts for machines; proportional flow valves as parts of machines; pumps [parts of machines, engines or motors]; pumps and compressors as parts of machines, motors and engines; pumps and compressors being parts of machines, motors and engines; pumps as parts of machines, motors and engines; pumps being parts of machines, motors and engines; pumps for cooling engines; pumps for land vehicle engines; push rods for engines; push rods for engines and motors; push rods for motors and engines; radiators [cooling] for engines; radiators [cooling] for engines and motors; radiators [cooling] for motors; radiators [cooling] for motors and engines; reduction gears being parts of machines; rocker arms for engines and motors; roller bearings for machines; roller bridges; roller chains being parts of machines; sealing joints [parts of engines]; self-regulating fuel pumps; shaft bearings [parts of machines]; shaft couplings [machines]; shaft couplings as parts of machines; shaft couplings being parts of machines; shaft couplings for machines; shafts for pumps; silencers as part of vehicle exhaust systems; silencers for engines; silencers for motors and engines; sparking plugs for engines; sparking plugs for land vehicle engines; speed change gears being parts of machines; springs being parts of machines; timing belt pulleys [parts of engines]; timing belts for engines for land vehicles; timing belts for land vehicle engines; transmission gears for machines; transmission shaft bearings; transmission shafts, other than for land vehicles; transmissions for machines; trench diggers; trench excavators; vacuum pumps

[machines]; valves [parts of machines]; valves [parts of pumps]; valves as machine components; valves being parts of machines; valves being parts of pumps; water pumps for engines; water pumps for engines and motors; water pumps for land vehicle engines.

Air pumps [vehicle accessories]; air suspension systems for vehicles; alarm systems for motor vehicles; anti-lock braking systems [abs] for automobiles; anti-lock braking systems for automobiles; anti-roll bars for land vehicle suspensions; anti-skid chains for vehicle tires; anti-skid chains for vehicle tyres; anti-sway bars for land vehicle suspensions; anti-theft alarms for vehicles; anti-theft devices for vehicles; antitheft alarms for vehicles; automatic gear boxes for land vehicles; automatically guided [driverless] material handling tractors; automobile bodies; automobile chains; automobile chassis; automobile door handles; automobile doors; automobile engines; automobile horns; automobile motors; automobile steering wheels; automobile tires; automobile tyres; automobile wheel rims; automobile wheel spokes; automobile wheels; axle bearings for land vehicles; axles for air suspension systems in vehicles; back-up warning alarms for vehicles; band brakes for land vehicles; bands for wheel hubs; belt pulleys for land vehicles; belts for land vehicle transmissions; blind spot mirrors; bodies for automobiles; bodies for vehicles; bodywork for motor vehicles; bonnets for automobiles; brake blocks for land vehicles; brake blocks for vehicles; brake calipers for land vehicles; brake calipers for vehicles; brake cylinders for vehicles; brake discs for land vehicles; brake discs for vehicles; brake disks for land vehicles; brake disks for vehicles; brake drums for land vehicles; brake drums for vehicles; brake levers for land vehicles; brake linings for automobiles; brake linings for land vehicles; brake linings for vehicles; brake pads for automobiles; brake pads for land vehicles; brake pads for vehicles; brake pedals for land vehicles; brake rotors for land vehicles; brake rotors for vehicles; brake segments for automobiles; brake segments for land vehicles; brake segments for vehicles; brake shoes for automobiles; brake shoes for land vehicles; brake shoes for vehicles; brake systems for vehicles; brakes for automobiles; brakes for land vehicles; brakes for vehicles; bumpers for automobiles; caps for vehicle fuel tanks; caps for vehicle gas tanks; caps for vehicle petrol tanks; carbon fiber interior trim for automobiles; carbon fibre interior trim for automobiles; carts being motorised land vehicles; carts being motorized land vehicles; chains for automobiles; chassis for automobiles; cone brakes for land vehicles; couplings for land vehicles; couplings for use with clutches for land vehicles; crankcases for automobile components, other than for engines; crankcases for land vehicle components, other than for engines; disc brake pads for land vehicles; disc brake pads for vehicles; disc brakes for land vehicles; disc brakes for vehicles; disk brake pads for land vehicles; disk brake pads for vehicles; disk brakes for land vehicles; disk brakes for vehicles; door handles for automobiles; door handles for land vehicles; door panels for land vehicles; door panels for vehicles; doors for automobiles; doors for vehicles; drive gears for land vehicles; drive shaft couplings for land vehicles; drive shafts for land vehicles; driving chains for land vehicles; driving motors for land vehicles; electric motors for automobiles; electric motors for land vehicles; engine mounts for land vehicles; engines for automobiles; engines for land vehicles; fender flares for land vehicles; fenders for land vehicles; fitted covers for automobiles; fitted seat covers for vehicles; fitted vehicle covers; fitted vehicle covers for automobiles; fitted vehicle seat covers; frames for vehicle number plates; freewheels for land vehicles; friction clutches for land vehicles; fuel storage systems and component parts as structural parts of vehicles; fuel tanks for land vehicles; fuel tanks for vehicles; gear boxes for automobiles; gear boxes for land vehicles; gear lever knobs for land vehicles; gear lever knobs for vehicles; gear shift boots for motor vehicles; gear shifts for automobiles; gear shifts for land vehicles; gear wheels for land vehicles; gearboxes for automobiles; gearboxes for land vehicles; gearing for land vehicles; gears for land vehicles; handles for automobile doors; head rests for automobile seats; head-rests for vehicle seats; headrests for vehicle seats; hood shields as structural parts of vehicles; hoods for automobile engines; hoods for automobiles; hoods for vehicle engines; hoods for vehicles; horns for vehicles; hubs for vehicle wheels; hydraulic circuits for automobiles; hydraulic circuits for vehicles; hydraulic torque converters for land vehicles; idler pulleys for land vehicles; inner tubes for automobile tires; inner tubes for automobile tyres; inner tubes for vehicle tires; inner tubes for vehicle tyres; interior trim for automobiles; internal combustion engines for land vehicles; jaw clutches for land vehicles; jet engines for land vehicles; laminated leaf springs for land vehicle suspensions; land vehicles; leaf springs for land vehicle suspensions; leaf springs for vehicle suspensions; leaf-springs for vehicle suspensions; license plate frames; license plate holders; light electric vehicles; main brake cylinders; metal laminated leaf-springs for vehicle suspensions; mirrors for use on vehicles; motor vehicle alarm systems; motor vehicle mudguards; motor vehicle-mounted crash attenuators [safety devices for automobiles]; motors for automobiles; motors for land vehicles; motors, electric, for land vehicles; mud flap hangers; mud flap holders; mud flaps for vehicles; mudguards; mudguards for automobiles; mudguards for land vehicles; mudguards for motor vehicles; non-skid devices for automobile tires; non-skid devices for automobile tyres; non-skid devices for vehicle tires; non-skid devices for vehicle tyres; numberplate frames; numberplate holders; off-road vehicles; omni directional wheels for vehicles; patches for inner tubes of tires; patches for inner tubes of tyres; patches for repairing inner tubes; patches for repairing tires; patches for repairing tyres; patches for repairing vehicle tires; patches for repairing vehicle tyres; petrol engines for land vehicles; petrol tanks for land vehicles; pneumatic tires for automobiles; pneumatic tyres; pneumatic tyres for automobiles; power clutches for land vehicles; power take-off

shafts for land vehicles; propellers for vehicles; pumps for inflating vehicle tires; pumps for inflating vehicle tyres; rear-vision mirrors for automobiles; rear-vision mirrors for vehicles; rearview mirrors for automobiles; rearview mirrors for vehicles; reduction gears for land vehicles; retreaded tyres for automobiles; reversing alarms for vehicles; reversing gears for land vehicles; rims for automobile wheels; rims for vehicle wheels; road tractors; roll bars for vehicles; roller chains for land vehicles; rubber belts for land vehicle transmissions; running boards for automobiles; running boards for land vehicles; running boards for vehicles; safety belts for vehicle seats; safety harnesses for automobile seats; safety harnesses for vehicle seats; safety restraints for vehicle seats; safety seats for use in vehicles; seat covers for automobiles; seat covers for vehicles; seat cushions for vehicles; seat safety harnesses for automobiles; seats for automobiles; seats for vehicles; security alarms for vehicles; security harness for automobile seats; security harness for vehicle seats; shaft couplings for land vehicles; shaped automobile covers; shaped covers for automobiles; shock absorbers for automobiles; shock absorbers for vehicles; shock absorbing springs for automobiles; shock absorbing springs for vehicles; side mirrors for automobiles; side mirrors for vehicles; side view mirrors for automobiles; side view mirrors for vehicles; signal arms for vehicles; solid tires for vehicle wheels; solid tyres for vehicle wheels; spare tire carriers for vehicles; spare tire covers; spare tyre carriers for vehicles; spare wheel holders for automobiles; spare wheel holders for automobiles and other land vehicles; speed change gears for land vehicles; spindles for land vehicles; stabilizer bars for land vehicle suspensions; steering units for land vehicles; steering wheels [vehicle parts]; steering wheels for automobiles; steering wheels for vehicles; structural parts for automobiles; structural parts for land vehicles; structural parts for vehicles; studs for tires; studs for tires [tyres]; studs for tyres; suspension shock absorbers for automobiles; suspension shock absorbers for land vehicles; suspension shock absorbers for motor vehicles; suspension shock absorbers for vehicles; suspension springs for automobiles; suspension springs for vehicles; suspension struts for vehicles; suspension systems for automobiles; suspension systems for land vehicles; suspension systems for vehicles; sway bars for land vehicle suspensions; tire chains for land vehicles; tires for automobile wheels; tires for automobiles; tires for tractors; tires for wheeled excavators; torsion bar springs for land vehicle suspensions; torsion bars for automobiles; torsion bars for land vehicle suspensions; torsion bars for vehicles; tow bars for vehicles; tractor tires; tractor tyres; tractor units; tractors; transmission belts for land vehicles; transmission cases for land vehicles; transmission chains for land vehicles; transmission components for land vehicles; transmission mechanisms for land vehicles; transmission shafts for land vehicles; tread used to retread tires; tread used to retread tyres; treads for retreading tires; treads for retreading tyres; treads for vehicles [roller belts]; treads for vehicles [tractor type]; turbine shafts [parts of land vehicles]; turbines for land vehicles; turbojet engines for land vehicles; tyre chains for land vehicles; tyres for automobile wheels; tyres for automobiles; tyres for land vehicles; tyres for tractors; valve stem caps for vehicle tires; valve stem caps for vehicle tyres; valve stems for vehicle tires; valve stems for vehicle tyres; valves for vehicle tires; valves for vehicle tyres; vehicle anti-theft alarms; vehicle anti-theft devices; vehicle bodies; vehicle brake discs; vehicle brake disks; vehicle brake pads; vehicle brake rotors; vehicle bumpers; vehicle chassis; vehicle covers [shaped]; vehicle door panels; vehicle horns; vehicle joysticks; vehicle mud flaps; vehicle roll bars; vehicle seats; vehicle spoilers; vehicle suspension springs; vehicle tire valve stem caps; vehicle tires; vehicle tow bars; vehicle tyre valve stem caps; vehicle tyres; vehicle wheel rims; vehicle wheel spokes; vehicle wheels; vehicle windows; vehicle windows made of acrylic; vehicles; warning horns for automobiles; wheel arch extensions for vehicles; wheel bearings for land vehicles; wheel hubs for automobiles; wheel rims for automobiles; wheel rims for vehicles; wheel spokes for automobiles; wheel spokes for vehicles; wheel sprockets; wheel suspensions; wheels for vehicles; windscreen wiper blades for vehicles; windscreen wipers for automobiles; windscreens for land vehicles; windscreens for vehicles; windshield wiper blades for vehicles; windshield wipers for automobiles; windshields for automobiles; windshields for land vehicles; windshields for vehicles; wing mirrors for vehicles.

CLASS 38

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, videoconferencing, and online meeting services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness, and status of web-based applications, teleconferences, videoconferences, and meetings; providing users with secure remote access via the Internet to private computer networks; providing information

in the fields of secured transmission of data and information; consulting services in the fields of secured data and information transmission services; providing online collaboration services [telecommunication services] allowing users to access applications, platforms, jointly-shared documents, data, task lists, and discussion forums; Internet broadcasting services, providing an online database of information regarding web-based broadcasting complaint submission platform; provision of telecommunication access and links to computer database and to the Internet; electronic communication services; interactive telecommunications services; telecommunication of information [web pages], computer programs and data; providing telecommunications connections to the Internet or data bases; provision of telecommunication access to world-wide web facilities and structures; communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages, information, data, documents and images; facsimile transmission; message sending; paging services; rental of modems; data communication services by electronic means; rental of telecommunication equipment; electronic message sending, receiving and forwarding services; providing telecommunication services for collection, transmission and delivery of data by electronic means; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; providing telecommunication services for collection, transmission and delivery of mail messages, still picture, moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information whether in compressed or uncompressed form and whether in real or delayed time; telecommunications services, including, electronic transmission of streamed audio, video, and multimedia files via television, cable, the Internet and global wireless communications networks; electronic transmissions and streaming of downloadable audio, video, and multimedia content via computer and communications networks; subscription-based electronic media, audio, video, movie and multimedia broadcasting services; electronic messaging, conferencing and order-transmission services; video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; television broadcasting services; pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; music broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to online shopping and general retail services; video-on-demand transmission services; news agency services; providing access to computer database on the global computer network for searching and retrieving information, data, web sites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms [chat room services]; multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; transmission of information by data communications for assisting decision making; transmission of information through video communication systems; web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and leasing access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; providing computer links to third party web sites to facilitate e-commerce and real world business transactions; streaming of data; streaming of audio material on the Internet; streaming of video material on the Internet; video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; consultancy, information and advisory services relating to the aforesaid services.

CLASS 41

Education; providing of training; entertainment; sporting and cultural activities; publication of texts, books and journals [others than publicity texts]; publication of diagrams, images and photographs; publication of newspapers, magazines and periodicals; education, training and instruction services relating to telecommunications, computers, computer programs, cloud computing, web site design, e-commerce, business management, financial management and advertising; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; design of educational courses, examinations and qualifications; entertainment provided via electronic and digital interactive media; electronic games services provided by means of the Internet; provision of information relating to education, training, entertainment, recreation, sporting, social and cultural activities; providing online electronic publications [not downloadable]; arranging, organizing and conducting singing competitions; arranging, organizing and conducting concerts; arranging, organizing and conducting events and competitions for education or entertainment purposes; arranging, organizing and conducting game shows and quests; entertainment ticket agency services; information relating to entertainment or education, provided online from a computer database or the Internet; 40150 SELANGOR, MALAYSIA

GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING
MALAYSIA

Pursuant to regulation 71 of the Trademarks Act 2019, the following international registrations designating Malaysia have been accepted and are hereby published in Intellectual Property Official Journal under section 148 of the Trademarks Act 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 72(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the international registrations designating Malaysia which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such international registrations designating Malaysia in the Intellectual Property Official Journal.

Notwithstanding the above paragraphs, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 72(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition

Industrial chemicals; agricultural chemicals, except fungicides, herbicides, insecticides and parasiticides; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; chemicals; nucleic acid sequences, other than for medical or veterinary purposes; chemicals being carriers for use in biosynthesis of nucleic acids; chemicals as polymer beads for use in biosynthesis of nucleic acids; industrial chemicals for the treatment of biopolymers, other than for medical and veterinary use; dehumidifying agents; masking compounds for use in the manufacture of printed circuit boards; ion-exchange resin membranes (chemical preparation); chemicals for use in the manufacture of membranes; fulling preparations; anti-frothing solutions for batteries; water-softening preparations; detergents for use in manufacturing processes; chemical preparations for scientific purposes, other than for medical or veterinary use; filtering materials of unprocessed plastics; filtering materials of vegetable substances; filtering materials of mineral substances; filtering materials of chemical substances; ceramic materials in particulate form, for use as filtering media; filtering preparations for the beverage industry; water-purifying chemicals; glue and adhesives for industrial purposes; plastic adhesives for industrial purposes; adhesives for applying wall coverings; silicones; adhesives for use in the construction industry; adhesives for ornamental paving; plant growth regulating preparations; ceramic glazings; priming putty; higher fatty acids; non-metallic minerals for use in manufacture; chemical compositions for developing photographs; unexposed sensitized photographic films; reagent paper (not for medical purposes); artificial sweeteners; flour and starch for industrial purposes; plastics (raw materials); unprocessed resins for use in the manufacture of membranes; epoxy resins, unprocessed; fluorine resins, unprocessed; polymer resins, unprocessed; paper pulp; wood pulp; fluorine; fluorspar compounds; unprocessed plastics in powder, liquid or paste form; thermally curable epoxy resin; thermally curable unprocessed synthetic resins; chemical agents for coating for surface modification; reagents for scientific purposes for use in nucleic acid isolation and purification; chemicals in the nature of carrier for synthesis of nucleic acid; adhesives for industrial purposes for manufacturing automobiles; adhesives for electronic components; adhesives for manufacturing printed circuit boards; filling putty for repairing water leakage; pen-type putty for repairing tile joints.

CLASS 5

Pharmaceuticals, medical and veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for dressings; material for stopping teeth, dental wax; pharmaceutical preparations for the treatment of skin diseases; medicated shampoos; bath preparations for medical purposes; deodorants for clothing and textiles; coolants for medical purposes; cooling sprays for medical purposes; solvents for removing adhesive plasters; medicine cases, portable, filled; first aid kits; surgical tape; adhesive plasters; adhesive tapes for medical purposes; corn pads; corn and callus creams; preparations for the treatment of burns; pharmaceutical products and preparations for chloasma; acne treatment preparations; compresses; remedies for perspiration; adhesives for medical purposes for attaching medical tapes to body;

removing preparations for medical purposes for removing medical tapes from body; adhesives for medical purposes for attaching kinesiology tapes to body; removing preparations for medical purposes for removing kinesiology tapes from body; adhesives for medical purposes; removing preparations for medical purposes; film type surgical dressings; surgical dressings; materials for dressing wounds; scapulars for surgical purposes; adhesive bandages; first aid dressings; sterilized dressing; burn dressings; self-adhesive dressings; liquid bandage sprays; bandages for dressings; liquid bandages; gauze for dressings; wadding for dressings; oiled paper for medical purposes; drug delivery agents in the form of edible wafers for wrapping powdered pharmaceuticals; empty capsules for pharmaceuticals; eyepatches for medical purposes; ear bandages; menstruation bandages; menstruation tampons; sanitary napkins; sanitary panties; absorbent cotton; breast-nursing pads; cotton swabs for medical use; diapers; diaper covers; reagent paper for medical purposes; lacteal flour for babies; dietetic beverages adapted for medical purposes; dietetic foods adapted for medical purposes; beverages for babies; semen for artificial insemination; medical protective pads for affected parts; medical tapes for stimulating nasal respiration; nucleic acid sequences for medical and veterinary purposes; biological preparations for medical purposes; diagnostic agents, preparations and substances for medical purposes; adhesive sheet for medical purposes; transdermal patches for medical treatment; wound covering material consisting of medical film; wound covering materials for medical purposes; transdermal absorption tape formulations; vaccines; medical adhesive tapes for fixing compresses; tapes for infant and adult diapers; medical adhesives for binding wounds; gum for medical purposes; adhesive bands for medical purposes; adhesive bandages for medical purposes; medical taping tapes; pads for nipple; sanitizing soaps.

CLASS 7

Motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; metalworking machines and tools; chemical processing machines and apparatus; filter elements for chemical processing machines and apparatus; cartridges for filtering machines; filtering machines; filters (parts of machines or engines); membrane filters for use as parts of machines; food or beverage processing machines and apparatus; filtration films for desalination for food or beverage processing machines and apparatus; disintegrators; agitators; machines for the mineralisation of drinking water; wrapping machines; filters for chemical processing machines and apparatus; hydraulic turbines; dynamos; waste disposal units; mineral water making machines; oil refining machines; gas separating apparatus; separating machines; filters being parts of machines or engines; water separators; agricultural machines; plowing machines and implements, other than handheld tools; cultivating machines and implements; harvesting machines and implements; plant fiber processing machines and implements for agricultural purposes; fodder presses; fodder cutting machines (feed cutters); fodder mixing machines (feed mixers); cake-fodder crushing machines (feed mills); milk filtering machines; milking machines; chick brooders; sericultural machines and implements; glassware manufacturing machines and apparatus; painting machines and apparatus; packaging or wrapping machines and apparatus; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; air filters for semiconductor manufacturing machines and systems; tape sticking machines for semiconductor wafer; machines and apparatus for manufacturing rubber goods; parts of motors and engines (except for land vehicles); filters for cleaning cooling air, for engines; windmills; pneumatic or hydraulic machines and instruments; pumps (machines); adhesive tape dispensing machines; automatic stamping machines; machines and apparatus for wax-polishing, electric; vacuum cleaners; air filters for vacuum cleaners; dust filters for vacuum cleaners; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; power transmissions and gearing for machines; shock absorbers for machines; springs (parts of machines); brakes for machines; industrial robots; separation membrane for chemical processing machines and apparatus; gas separation membranes; filters for gas separating installations; hollow fiber membrane filters for chemical processing machines and apparatus for purifying pharmaceutical preparations; filters for food or beverage processing machines and apparatus; filters for filtering machines; non-electric prime movers, not for land vehicles, other than water mills and wind mills; parts of non-electric prime movers, other than water mills and wind mills; air filters for land vehicles; brushes being parts of machines; filter elements for food or beverage processing machines and apparatus; filter elements for agricultural machines and implements, other than hand-operated; filter elements for semiconductor manufacturing machines and systems; filter elements for non-electric prime movers, not for land vehicles; filter elements for pneumatic or hydraulic machines and instruments; reverse osmosis membrane filter elements for chemical processing machines and apparatus for purifying pharmaceutical preparations; reverse osmosis membrane filter elements for food or beverage processing machines and apparatus.

CLASS 9

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer

software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; electronic game software; meters; measures; network communication equipment; integrated circuits; electric resistances; pollution sensors; remote control devices; heat regulating apparatus; electrolyzers for laboratory use; game programs for arcade video game machines; laboratory apparatus and instruments; laboratory apparatus and instruments for scientific research; laboratory filters; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; polarizing film for optical machines and apparatus; optical films as exclusive parts for computers, electronic display units, electrical communication machines and instruments, and optical machines and apparatus; light extraction films as exclusive parts for electronic machines and apparatus, electrical communication machines and instruments, and optical machines and apparatus; light guide plates for liquid crystal display; prisms (optics); optical glass; light extraction films and light guide plates for use with light-emitting diode modules; light-emitting diode modules; light extraction films and light guide plates for use with electronic display units and modules therefor; electronic display units; electronic display modules; measuring machines and instruments; material testing machines; power distribution or control machines and apparatus; rotary converters; phase modifiers; electrical control apparatus; covers for electric outlets; battery chargers; touchscreen sensors; solar batteries; batteries and cells; electric or magnetic meters and testers; electric wires and cables; cables for optical signal transmission; fiber optic cables; telecommunication machines and apparatus; personal digital assistants; smartphones; protective films for personal digital assistants; clear protective covers for personal digital assistants; acoustic membranes for use in sound recording or reproducing apparatus; computers and their parts; display units for computers; electronic control systems for machines; electron tubes; semi-conductor elements; electronic circuits; computer programs; computer software; computer software platforms, recorded or downloadable; downloadable computer software applications; barcode label printers; computer software, recorded; protective films adapted for computer screens; circuit boards; thin-metal based circuit boards for hard disc drives; circuit boards capable of reading and writing on a hard disk; protective films for computers, electronic display units and their parts; Geiger counters; high frequency apparatus for welding; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic prospecting machines; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus; echo sounders; ultrasonic flaw detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; magnetic cores; resistance wires; electrodes; magnets; flexible magnets in the form of sheets; fire boats; satellites for scientific purposes; dust masks; gas masks; welding masks; gloves for protection against accidents; spectacles (eyeglasses and goggles); game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; downloadable image files; recorded video discs and video tapes; phonograph records; downloadable music files; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; fiber optics; fiber optics connectors; photoelectric composite wiring boards; printed wiring boards; gas separators for scientific and laboratory use; filters for use with gas separators for scientific and laboratory use; membrane elements for use with gas separators for scientific and laboratory use; protective plastic films adapted for screens for computers, electronic display units or optical apparatus and instruments; computer software platforms; modems; computer network routers; computer servers; computer software for use in the operation and control of electronic medical interview systems; computer software for use in the field of kinesiology; audiovisual teaching apparatus; teaching apparatus; wearable computers; protective films adapted for smartphones; smartglasses; smart rings; respiratory masks, other than for artificial respiration; filters for respiratory masks; protective masks; decorative magnets; humanoid robots with artificial intelligence for use in scientific research; optical filters; polarizing filters for LCD panels; optical mirrors; magnets for industrial purposes; wireless electric power supply devices; electric power supply apparatus; wireless chargers; battery chargers for hearing aids; rechargeable electric batteries; memory boards; optical fibers (light conducting filaments); filters for respiratory masks; sensors (measurement apparatus), other than for medical use; optical cables; polarizing plates for optical machines and apparatus; battery separators; cell phones; liquid crystal display (LCD) televisions; LCD projectors; liquid crystal display (LCD) panels for mobile apparatus; liquid crystal displays (LCDs) for computer monitors; liquid crystal display (LCD) panels for computers; touch sensitive liquid crystal display (LCD) for computers.

CLASS 10

Surgical, medical, dental and veterinary apparatus and instruments; artificial limbs, eyes and teeth; orthopaedic articles; suture materials; therapeutic and assistive devices adapted for persons with disabilities; massage apparatus; apparatus, devices and articles for nursing infants; sexual activity apparatus, devices and articles; supporters for medical purposes; support bandages; orthopaedic bandages; thermal packs for first aid purposes; cooling pads for first aid purposes; medical cooling sheets for applying to affected parts; cold gel packs for medical purposes in the form of towel;

thermotherapy apparatus for medical purposes; cooling instruments for medical use; medical scissors; medical tape cutters; kinesiology tapes; under wraps for kinesiology tapes; nipple protectors; devices and tools for nasal cavity dilation; finger guards for medical purposes; pacifiers for babies; ice bag pillows for medical purposes; triangular bandages; surgical catguts; feeding cups for medical purposes; dropping pipettes for medical purposes; teats; medical ice bags; medical ice bag holders; baby bottles; nursing bottles; cooling patches for medical purposes; bandages for joints, anatomical; bandages, elastic; suspensory bandages; knee bandages, orthopaedic; contraceptives, non-chemical; artificial tympanic membranes; prosthetics or fillings materials, not for dental use; ear plugs (ear protection devices); ear plugs for sleeping; ear plugs for soundproofing; medical apparatus and instruments; pads for preventing pressure sores on patient bodies; gloves for medical purposes; masks for use by medical personnel; sanitary masks for medical purposes; body rehabilitation apparatus for medical purposes; suits for exoskeleton robots for medical purposes; urinals for medical purposes; bed pans; ear picks; electrocardiographs; under wraps for medical tapes; sanitary masks for personal use; digital hearing aids; parts and accessories for hearing aids; filters for sanitary masks for medical purposes; wearable monitors used to measure biometric data for medical use; medical diagnostic apparatus and medical monitoring apparatus; telemetry devices for medical applications; heart rate monitoring apparatus; blood oxygen monitors; sheets for applying to affected part; adhesive sheets for attaching thermotherapy devices directly on human skin; adhesive supportive bandages; mattresses for medical use for preventing bedsores; mattresses for medical purposes; cushions for medical purposes for preventing bedsores; cushions for medical purposes; seat cushions for medical purposes; sheets for covering the affected area for surgery purposes; adhesive supporters for medical purposes; air filters for operating rooms; medical filters; filters for sanitary masks; elastic therapeutic tapes.

CLASS 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; toilet bowls and seats sold as a unit; shower enclosures; electric water heaters; ionization apparatus for the treatment of air or water; radiators (heating); drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture; drying apparatus for harvest; forage drying apparatus; air conditioners; heating apparatus; electric heating apparatus; boilers, other than parts of machines; freezing machines and apparatus; electric laundry dryers; towel steamers for hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking apparatus and installations; dish drying machines; dish disinfectant apparatus; worktops as parts of kitchen sinks; kitchen sinks; tap water faucets; level controlling valves for tanks; pipeline cocks; reducing valves as parts and fittings for water supply apparatus; air valves for steam heating installations; filters for air conditioners; dust filters for air conditioners; wastewater treatment tanks; septic tanks; wastewater treatment apparatus; wastewater purification installations; filtration membranes for use with wastewater treatment equipment; membrane elements for use with wastewater and sewage purification equipment; plastic membranes for use with wastewater and sewage purification equipment; water filters; desalination units; reverse osmosis membranes for seawater desalination and water treatment; osmosis water filtration units; reverse osmosis water purification units; reverse osmosis membrane elements for water purification units; reverse osmosis membranes for water purification units; filters for drinking water; garbage incinerators; solar water heaters; filtration membranes for solar water heaters; water purifying apparatus for industrial purposes; desalination plants; industrial water purification filters; water purification equipment and machines for the treatment (purification) of water; electric lamps; lighting apparatus; filters for automobile lights; lighting apparatus and instruments, and modules therefor, composed of light extraction films and light guide plates; light extraction films and light guide plates as exclusive parts for lighting apparatus and instruments and lighting modules; water purifying apparatus and machines; filtration membranes for water purifying apparatus and machines; filtration membrane elements and modules for water purifying apparatus and machines; plastic membranes for water purifying apparatus and machines; filters for water purifying apparatus and machines; filter cartridges for electric water purifying apparatus and machines; membrane elements and other components for water purifying installations; electric water purifying apparatus and machines; air filters for air purifying apparatus and instruments; filters for air extractor hoods; washers for water taps; cooking heaters; water filtering apparatus; warming pans; pocket warmers; hot water bottles; adhesive sheets for applying disposable adhesive body warmers; air-permeable filters for disposable body warmers; toilet stool units with a washing water squirter; hands and finger disinfectors in the type of automatic spraying of disinfectant; toilet bowls; seats for use with Japanese style toilet bowls; toilet seats; bath fittings; bath tubs; separation apparatus for purifying gas; filters for use with separation apparatus for purifying gas; membrane elements for use with separation apparatus for purifying gas; plastic flat films for use with separation apparatus for purifying gas; electrically heated footmuffs; electric pocket warmers for warming hands; footwarmers, electric or non-electric; sterilizers; heating elements; hair driers; electric cooking utensils; hand drying apparatus for washrooms; water supply installations; electric coolers; deodorizing apparatus, not for personal use; dehumidifiers; air filtering installations; air deodorising apparatus; filters for air conditioning; air-conditioning fans; humidifiers; heat pumps; filters for air

purifiers; gas scrubbers (parts of gas installations); filtering machines and filters for gas scrubbing apparatus; wastewater treatment apparatus; water filtration and purification apparatus; reverse osmosis water filtration units; water purification installations; desalination installations; reverse osmosis membrane elements for separation apparatus for purifying gas; filter elements for purification devices for wastewater and sewage; plastic flat membranes for filter elements for purification devices for wastewater and sewage; filter elements for water purifying apparatus; plastic flat membranes for filter elements for water purifying apparatus; refrigerating or freezing showcases; membrane modules for desalination; wastewater treatment tanks for industrial purposes; septic tanks for industrial purposes; industrial wastewater processing apparatus; filters for purifying industrial water; filters for water purifying apparatus; membrane modules for water purifying apparatus; filters for electric water purifying apparatus for household purposes; air filters for air conditioning units; air filters for clean rooms; separation membranes for gas producing installations.

CLASS 12

Water vehicles, aircraft, railcars, automobiles, motorcycles, bicycles; motors for land vehicles; motors, electric, for land vehicles; engines for land vehicles; anti-theft devices for vehicles; adhesive rubber patches for repairing inner tubes; seat covers for vehicles; caps for vehicle fuel tanks; security harness for vehicle seats; anti-glare devices for vehicles; safety belts for vehicle seats; vehicle covers (shaped); mudguards; hub caps; dedicated parts for automobiles for soundproofing, sound absorption, vibration isolation and vibration damping; seat cushions for wheelchairs.

CLASS 16

Paper and cardboard; printed matter; bookbinding materials; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paintbrushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; pastes for stationery or household purposes; plastic adhesives for stationery or household purposes; wallpaper stencils; sealing wax; printers' reglets (interline leads); addressing machines; ink ribbons; automatic stamp affixing machines; electric staplers for offices; envelope sealing machines for offices; stamp obliterating machines; drawing instruments; typewriters; office check writing machines; mimeographs; relief duplicators; paper shredders for office use; franking machines; rotary duplicators; marking templates; decorators' paintbrushes; containers of paper, for packaging; plastic bags for wrapping; plastic cling film, extensible, for palletization; plastic bubble packs for wrapping or packaging; food wrapping plastic film for household purposes; cooking sheets of fluorine resin; underlay sheets of ice tray; paper or plastic food wrapping bags; garbage bags of paper for household purposes; garbage bags of plastics for household purposes; paper patterns; tailors' chalk; banners of paper; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper; printed paper for lot, other than toys; washi; adhesive washi; adhesive washi for decoration; adhesive calendars; kraft papers; adhesive kraft papers; adhesive release papers; adhesive papers; paper stationery; notebooks; adhesive note papers; note papers; adhesive labels of paper; paper labels for bar codes; adhesive tapes for stationery or household purposes; self-adhesive tapes for stationery or household purposes; removable adhesive tapes for stationery or household purposes; masking tape for stationery or household purposes; gummed tape for stationery or household use; adhesive handicraft tapes for stationery or household purposes; adhesive washi tapes for stationery or household purposes; stickers (stationery); decorative stickers; removable decorative stickers of washi; adhesive bands for stationery or household purposes; adhesive tape dispensers (office requisites); writing implements (writing instruments); mechanical pencils; ball pens; rubber erasers; modelling materials; books; periodicals; paintings and calligraphic works; photograph stands; pre-moistened towelettes of paper for body; paper wipes for cleaning; tissues of paper for removing make-up; bags (envelopes, pouches) of paper or plastics, for packaging; absorbent sheets of paper or plastic for foodstuff packaging; wrapping paper; double-sided adhesive tapes for household use; washi (Japanese paper) for decoration; release papers applied with adhesive agents; release paper; adhesive tapes made of paper; double-sided adhesive tapes for office use; removable tapes for envelope; adhesive tapes for handicraft work; adhesive tapes for fixing for use as a substitute for apron strings; double-sided adhesive tapes for temporary fixing for dressing Japanese kimono; printed decorative papers; party ornaments of paper; peelable adhesive tapes for stationery and household purposes for use in decorating walls, ceilings, floors, window-panes, furniture, lighting and electric appliances for household purposes, automobiles and bicycles.

CLASS 17

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; raw or partly processed mica; valves of rubber or vulcanized fiber; gaskets; junctions for pipes, not of metal; joint packings; floating anti-pollution barriers; insulating waterproofing membranes used for marine pollution control; electrical insulating materials; insulating materials; thermal insulating materials, not for buildings; sound proofing

materials; padding materials of rubber or plastics; electrical insulating tapes; electrical insulating rubber products; insulation sealing materials; insulating varnish; washers of rubber or vulcanized fiber; plastic fiber, not for textile use; rock wool; slag wool; rubber thread and covered rubber yarn, not for textile use; plastic yarn and thread, not for textile use; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; shock-absorbing buffers of rubber; rubber stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper; vulcanized fiber; semi-processed plastics; adhesive-coated plastic sheets for use in manufacture; reflective plastic sheets; semi-processed plastics in the form of foams, for filtration; semi-processed plastics in the form of films and membranes, for filtration; porous plastics, semi-processed, for filtration; plastic film, other than for wrapping; plastic films for surface protection; adhesive-coated plastic films and sheets; light-proof plastic films; light-proof plastic films for use on windows; plastic films and plates for use in manufacture of light extraction films and light guide plates; heat-shielding plastic films for use on windows; ultra-violet-shielding plastic films; self-adhesive plastic sheets for use with optical instruments; self-adhesive fluorine resin sheets; polymeric porous films; laminated plastics, semi-processed, for filtration; porous plastics, semi-processed, for use with pressure control valves; breathable plastic sheets, not for wrapping; semi-processed plastics in the form of foams; thermal peelable plastic sheets; plastic films for use in the manufacture of dust removal mats; polymeric films for use in the manufacture of electric circuits; semi-processed plastics for use as damping materials; foamed plastic filling materials, not for building purposes; heat-insulating plastic films and sheets, not for wrapping; epoxy resin films, semi-processed, for surface coating; semi-processed plastics in a form of self-adhesive gel sheets containing fluorescent substances; insulating sheets of polyimide resin; polarization films and sheets of plastic; polarization films for liquid crystal displays; magnet-embedded plastics in the form of sheets and films, semi-processed; semi-processed plastics in the form of foams and films for use in the manufacture of filter materials; plastic films and sheets, semi-processed, for decoration; plastic films and sheets, semi-processed, for use on walls; insulating plastic laminated boards; flexible plastic conduits, semi-processed, for plumbing purposes; porous membrane resin materials, semi-processed, for filters; semi-processed plastic in forms of films, membranes or sheets; semi-processed plastics for use as dust collecting and filtering materials; plastic films and flat membranes, semi-processed, for water purification; plastic films and flat membranes, semi-processed, for wastewater and sewage purification; fluoro rubber; rubber for use in manufacture; synthetic rubber; soundproofing materials of rock wool, not for building purposes; adhesive tapes, other than stationery and not for medical or household purposes; industrial adhesive tapes; self-adhesive tapes, other than stationery and not for medical or household purposes; removable industrial adhesive tapes; industrial masking tapes; adhesive bands, other than stationery and not for medical or household purposes; industrial adhesive tapes for hazard marking; self-adhesive tapes for surface protection; industrial adhesive tapes for heat shielding; industrial adhesive tapes for water proofing; industrial adhesive tapes for dust proofing; industrial adhesive tapes for corrosion proofing; industrial adhesive tapes for repairing; industrial adhesive tapes for wind proofing; adhesive tapes for fixing semiconductor wafers; fluorine resin adhesive tapes for industrial use; conductive adhesive tapes for industrial use; moisture-proofing adhesive tapes for air crafts; antirust adhesive tapes for air crafts; industrial masking tapes for air crafts; fire-proofing adhesive tapes for air crafts; industrial adhesive tapes for binding harness; adhesive tapes for plumbing protection; adhesive tapes for marking and identification of section markings, corridor markings and traffic signs; masking tapes for use in painting; masking tapes for painting automobiles; masking tapes for printing boards; polymeric porous polymer adhesive tapes for industrial use; breathable adhesive tapes for industrial use; seals; pen-type chemical compositions for repairing tile joints; sealants for watertight, airtight, soundproofing and thermal insulation for electric home appliances; sealants for watertight, airtight, soundproofing and heat insulation for automobiles; sealing materials for repair, comprising an epoxy resin and curing agent; semi-processed fluorine resins; semi-processed synthetic resins; semi-processed plastics for use in the manufacture of fiber optics; thermal insulating materials for footwear; plastic films for preventing dew condensation of windows; dust proofing sealants; shock-absorbing buffers of plastic; caulking materials; weatherstripping compositions; weatherstripping; insulating covers for industrial machinery; sheets or tapes made of rubber for soundproofing, sound absorption, vibration isolation, and vibration damping; vibration damping materials of rubber; sheets or tapes made of plastics for soundproofing, sound absorption, vibration isolation, and vibration damping; plastic semi-worked products for vibration damping; adhesive tapes for bundling; insulating paper; polarizing films or sheets made of synthetic resins; plastic films for manufacturing air filters; semi-finished foamed plastics or plastic films for manufacturing filter materials; plastic semi-worked products made of thermally curable resins; heat sensitive adhesive tapes for use in the process of manufacturing electronic parts such as semiconductor wafers; plastic semi-worked products with removable adhesive layers on its reverse surface; adhesive tapes for fixing semiconductors; silicone rubber; silicone semi-worked products; self-adhesive plastic sheets for use in manufacturing; plastic films with adhesive tape; radio wave absorption materials; electromagnetic shielding materials; radio wave absorption materials made of rubber; plastic semi-worked products for radio wave absorption; non-conducting materials for retaining heat; plastic films or plastic sheets for snow accretion prevention; plastic semi-worked products for snow accretion prevention; porous plastic films; plastic semi-worked products in a form of porous or film for filtration; filtering materials of semi-processed films of plastic; silicone sealants; polyurethane

sealants; adhesive sealant compounds; sealant compounds for joints; static seals; adhesive tapes for hazard marking for industrial purposes; chemical fiber, not for textile use; slag wool (insulator); plastic sheeting for agricultural purposes; double-sided adhesive tapes other than stationery and those for household and medical purposes; adhesive tapes for waterproofing and dust proofing; adhesive tapes made of fluorine resin, other than stationery or for medical use; air-permeable adhesive tapes for industrial purposes; adhesive packaging tapes, other than stationery and not for medical or household purposes; plastic semi-worked products; adhesive-processed plastic films; heat shielding and heat insulating plastic film sheets; filter materials consisting of foamed plastics or plastic film semi-finished products; plastic semi-worked products for vibration control, soundproofing, dustproofing, anticorrosion and waterproofing; films of resin for surface protection; sheets of synthetic resins coated with adhesives; films of synthetic resin; air-permeable plastic films; plastic semi-worked products laminated with materials, such as porous film made of PTFE (polytetrafluoroethylene) and woven fabric or felts, for use as filtering material; films of resin for surface protection of electrical and optical members; films of resin for surface protection of identification plates of resin; films of resin for surface protection of design metal sheets; films of resin for surface protection of metal sheets; films of resin for surface protection of printed board; plastic semi-worked products for use as vibration control reinforcement; plastic films for window with capacity of resisting sunlight and heat; laminated plastic plates with capacity of heat resistant insulation which is suitable for use as substrates; plastic films coated with adhesive agents with optical function; raw gum; rubbers for vibration damping and soundproofing; rubber sheets for insulating purposes; asbestos boards; asbestos powder; plastic films for use in manufacturing; polarizing films for use in manufacturing liquid crystal displays; polarizing films for use in manufacturing flat panel displays; thermally-peelable adhesive sheets for use in manufacturing electronic devices; building seam tapes for waterproof, airtight, dustproof and anticorrosive.

CLASS 19

Materials, not of metal, for building and construction; rigid pipes, not of metal, for building; asphalt, pitch, tar and bitumen; transportable buildings, not of metal; monuments, not of metal; building panels, not of metal; wall panels, not of metal; wall boards, not of metal; floors, not of metal; ceiling boards, not of metal; buildings, transportable, not of metal; windows, not of metal; window frames, not of metal; non-metallic minerals for building or construction; wall tiles, not of metal; ceramic building materials, bricks and refractory products; building materials made of linoleum for fixing to existing walls or floors; plastic building materials; synthetic building materials; asphalt, and asphalt building or construction materials; rubber building or construction materials; plaster for building purposes; lime building or construction materials; building or construction materials of plaster; construction material fixing tape; plastic tiles; plastic pipes for plumbing purposes; buildings, not of metal; erosion control mats integrating plants seeds; road and field marking sheets and strips; road marking sheets and strips; cement and its products; building timber; building stone; building glass; paint spraying booths, not of metal; water-pipe valves, not of metal or plastics; road signs, not of metal, non-luminous and non-mechanical; beacons, not of metal and non-luminous; reservoirs, not of metal or plastics; transportable greenhouses, not of metal, for household use; nonmetallic mineral construction materials (unworked or partly worked); boards and powder of inorganic fiber [building materials]; plaster boards; slag; joinery fittings, not of metal; adhesive tapes for building; plastic curing materials for building; heat-resistant sealants [building materials], bitumen-based or tar-based; nonslip members made of plastic for staircase.

CLASS 28

Games, toys and playthings; video game apparatus; gymnastic and sporting articles; decorations for Christmas trees; taping tapes for exercise; supporters for athletic use; adhesive tapes for sports articles; racket grip tapes; grip tapes for baseball bats; grip tapes for golf clubs; hand wraps for sports use; men's athletic supporters (sports articles); wrist guards (sports articles); wrist guards for athletic use; athletic supporters; dolls; cuddly toys; cute figures [toys or playthings]; mascot dolls with straps; adhesive athletic supporters for sports.

CLASS 40

Providing information relating to material treatment; recycling of waste and trash; air purification and treatment of water; printing services; food and drink preservation; custom assembling of materials for others; metal treating; processing of rubber; processing of plastics; plastic film treating; ceramic processing; paper treating; processing of cinematographic films; photographic enlarging; photographic printing; processing of photographic films; water treatment services; wastewater treatment; air freshening; air deodorizing; processing of chemicals; recycling of chemicals; boilermaking; fabric waterproofing; decontamination of hazardous materials; desalination of water; processing of chemical reagents; sorting and disposal of waste and trash; rental of machines and apparatus for treating textiles; rental of metal treating machines and tools; rental of machines and apparatus for processing foods or beverages; rental of machines and apparatus for pulp-making, papermaking or paper-working; rental of water purifying apparatus; rental of water filters; rental of waste compacting machines and apparatus; rental of waste crushing machines and apparatus; rental of chemical processing machines

and apparatus; rental of glassware manufacturing machines and apparatus; rental of heating apparatus; rental of air-conditioning apparatus; rental of humidifiers; rental of air purifiers; rental of power generators; rental of printing machines and apparatus; rental of boilers; custom purification, synthesis, and manufacture of pharmaceuticals, agricultural preparations and veterinary preparations; custom extraction, purification, synthesis, manufacture or preparation of pharmaceuticals, agricultural preparations, veterinary preparations, industrial chemicals, and their active pharmaceutical ingredients; processing of medicinal materials; custom manufacture of pharmaceuticals; processing of raw materials for the manufacture of food and beverages; food processing; treatment for removing impurities from food and beverages; providing information relating to water treating services; water recycling and desalination services; treatment and processing of plastic materials.

CLASS 42

Computer-aided industrial design, research, testing and analysis services; design and development of computer hardware and software; designing of machines, apparatus, instruments (including their parts) or systems composed of such machines, apparatus and instruments; designing of water treatment equipment; designing of electric wires; design services; computer software design; computer programming; maintenance of computer software; computer system design; software as a service (SaaS); platform as a service (PaaS); cloud computing; electronic data storage; technological advice relating to computers, automobiles and industrial machines; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing, inspection or research of cells and tissue cultures; research, development, testing and inspection in the field of manufacturing and applications of plastics; research, development, testing and inspection in the field of water treatment; water analysis; water quality control services; monitoring of water quality; underwater exploration; marine, aerial and land surveying; analysis, control and monitoring of air quality; chemical analysis; quality control; styling (industrial design); testing, calibration and inspection of filters; environmental monitoring services; research and development of new products for others; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; environmental protection analysis and research; material inspection and evaluation by analytical instruments and physical property evaluation; testing, inspection and research services in the fields of agriculture, livestock breeding and fisheries; testing or research on machines, apparatus and instruments; rental of measuring apparatus; rental of computers; providing computer programs on data networks; rental of laboratory apparatus and instruments; rental of technical drawing instruments; research and development of medical technology; rental of measuring machines and instruments; design of desalination facilities; design of water treatment facilities; materials testing and analyzing; technical research projects and studies; research in the field of environmental conservation and protection; research and design services; environmental testing services to detect contaminants in water; environmental analysis, investigation and research; environmental assessment services; providing technological information about environmentally conscious and green innovations; engineering services of metalworking machines, plastic working machines, and electronic machines and parts thereof; mechanical engineering services; research and development of new products for third parties in the field of plastic materials; rental of electron microscopes.

Industrial chemicals; agricultural chemicals, except fungicides, herbicides, insecticides and parasiticides; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; chemicals; nucleic acid sequences, other than for medical or veterinary purposes; chemicals being carriers for use in biosynthesis of nucleic acids; chemicals as polymer beads for use in biosynthesis of nucleic acids; industrial chemicals for the treatment of

biopolymers, other than for medical and veterinary use; dehumidifying agents; masking compounds for use in the manufacture of printed circuit boards; ion-exchange resin membranes (chemical preparation); chemicals for use in the manufacture of membranes; fulling preparations; anti-frothing solutions for batteries; water-softening preparations; detergents for use in manufacturing processes; chemical preparations for scientific purposes, other than for medical or veterinary use; filtering materials of unprocessed plastics; filtering materials of vegetable substances; filtering materials of mineral substances; filtering materials of chemical substances; ceramic materials in particulate form, for use as filtering media; filtering preparations for the beverage industry; water-purifying chemicals; glue and adhesives for industrial purposes; plastic adhesives for industrial purposes; adhesives for applying wall coverings; silicones; adhesives for use in the construction industry; adhesives for ornamental paving; plant growth regulating preparations; ceramic glazings; priming putty; higher fatty acids; non-metallic minerals for use in manufacture; chemical compositions for developing photographs; unexposed sensitized photographic films; reagent paper (not for medical purposes); artificial sweeteners; flour and starch for industrial purposes; plastics (raw materials); unprocessed resins for use in the manufacture of membranes; epoxy resins, unprocessed; fluorine resins, unprocessed; polymer resins, unprocessed; paper pulp; wood pulp; fluorine; fluorspar compounds; unprocessed plastics in powder, liquid or paste form; thermally curable epoxy resin; thermally curable unprocessed synthetic resins; chemical agents for coating for surface modification; reagents for scientific purposes for use in nucleic acid isolation and purification; chemicals in the nature of carrier for synthesis of nucleic acid; adhesives for industrial purposes for manufacturing automobiles; adhesives for electronic components; adhesives for manufacturing printed circuit boards; filling putty for repairing water leakage; pen-type putty for repairing tile joints.

CLASS 5

Pharmaceuticals, medical and veterinary preparations; sanitary preparations for medical purposes; dietetic food and substances adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for dressings; material for stopping teeth, dental wax; pharmaceutical preparations for the treatment of skin diseases; medicated shampoos; bath preparations for medical purposes; deodorants for clothing and textiles; coolants for medical purposes; cooling sprays for medical purposes; solvents for removing adhesive plasters; medicine cases, portable, filled; first aid kits; surgical tape; adhesive plasters; adhesive tapes for medical purposes; corn pads; corn and callus creams; preparations for the treatment of burns; pharmaceutical products and preparations for chloasma; acne treatment preparations; compresses; remedies for perspiration; adhesives for medical purposes for attaching medical tapes to body; removing preparations for medical purposes for removing medical tapes from body; adhesives for medical purposes for attaching kinesiology tapes to body; removing preparations for medical purposes for removing kinesiology tapes from body; adhesives for medical purposes; removing preparations for medical purposes; film type surgical dressings; surgical dressings; materials for dressing wounds; scapulars for surgical purposes; adhesive bandages; first aid dressings; sterilized dressing; burn dressings; self-adhesive dressings; liquid bandage sprays; bandages for dressings; liquid bandages; gauze for dressings; wadding for dressings; oiled paper for medical purposes; drug delivery agents in the form of edible wafers for wrapping powdered pharmaceuticals; empty capsules for pharmaceuticals; eyepatches for medical purposes; ear bandages; menstruation bandages; menstruation tampons; sanitary napkins; sanitary panties; absorbent cotton; breast-nursing pads; cotton swabs for medical use; diapers; diaper covers; reagent paper for medical purposes; lacteal flour for babies; dietetic beverages adapted for medical purposes; dietetic foods adapted for medical purposes; beverages for babies; semen for artificial insemination; medical protective pads for affected parts; medical tapes for stimulating nasal respiration; nucleic acid sequences for medical and veterinary purposes; biological preparations for medical purposes; diagnostic agents, preparations and substances for medical purposes; adhesive sheet for medical purposes; transdermal patches for medical treatment; wound covering material consisting of medical film; wound covering materials for medical purposes; transdermal absorption tape formulations; vaccines; medical adhesive tapes for fixing compresses; tapes for infant and adult diapers; medical adhesives for binding wounds; gum for medical purposes; adhesive bands for medical purposes; adhesive bandages for medical purposes; medical taping tapes; pads for nipple; sanitizing soaps.

CLASS 7

Motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; metalworking machines and tools; chemical processing machines and apparatus; filter elements for chemical processing machines and apparatus; cartridges for filtering machines; filtering machines; filters (parts of machines or engines); membrane filters for use as parts of machines; food or beverage processing machines and apparatus; filtration films for desalination for food or beverage processing machines and apparatus; disintegrators; agitators; machines for the mineralisation of drinking water; wrapping machines; filters for chemical processing machines and apparatus; hydraulic turbines; dynamos; waste disposal units; mineral water making machines; oil

refining machines; gas separating apparatus; separating machines; filters being parts of machines or engines; water separators; agricultural machines; plowing machines and implements, other than handheld tools; cultivating machines and implements; harvesting machines and implements; plant fiber processing machines and implements for agricultural purposes; fodder presses; fodder cutting machines (feed cutters); fodder mixing machines (feed mixers); cake-fodder crushing machines (feed mills); milk filtering machines; milking machines; chick brooders; sericultural machines and implements; glassware manufacturing machines and apparatus; painting machines and apparatus; packaging or wrapping machines and apparatus; plastic processing machines and apparatus; semiconductor manufacturing machines and systems; air filters for semiconductor manufacturing machines and systems; tape sticking machines for semiconductor wafer; machines and apparatus for manufacturing rubber goods; parts of motors and engines (except for land vehicles); filters for cleaning cooling air, for engines; windmills; pneumatic or hydraulic machines and instruments; pumps (machines); adhesive tape dispensing machines; automatic stamping machines; machines and apparatus for wax-polishing, electric; vacuum cleaners; air filters for vacuum cleaners; dust filters for vacuum cleaners; waste compacting machines and apparatus for industrial purposes; waste crushing machines for industrial purposes; power transmissions and gearing for machines; shock absorbers for machines; springs (parts of machines); brakes for machines; industrial robots; separation membrane for chemical processing machines and apparatus; gas separation membranes; filters for gas separating installations; hollow fiber membrane filters for chemical processing machines and apparatus for purifying pharmaceutical preparations; filters for food or beverage processing machines and apparatus; filters for filtering machines; non-electric prime movers, not for land vehicles, other than water mills and wind mills; parts of non-electric prime movers, other than water mills and wind mills; air filters for land vehicles; brushes being parts of machines; filter elements for food or beverage processing machines and apparatus; filter elements for agricultural machines and implements, other than hand-operated; filter elements for semiconductor manufacturing machines and systems; filter elements for non-electric prime movers, not for land vehicles; filter elements for pneumatic or hydraulic machines and instruments; reverse osmosis membrane filter elements for chemical processing machines and apparatus for purifying pharmaceutical preparations; reverse osmosis membrane filter elements for food or beverage processing machines and apparatus.

CLASS 9

Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; electronic game software; meters; measures; network communication equipment; integrated circuits; electric resistances; pollution sensors; remote control devices; heat regulating apparatus; electrolyzers for laboratory use; game programs for arcade video game machines; laboratory apparatus and instruments; laboratory apparatus and instruments for scientific research; laboratory filters; photographic machines and apparatus; cinematographic machines and apparatus; optical machines and apparatus; polarizing film for optical machines and apparatus; optical films as exclusive parts for computers, electronic display units, electrical communication machines and instruments, and optical machines and apparatus; light extraction films as exclusive parts for electronic machines and apparatus, electrical communication machines and instruments, and optical machines and apparatus; light guide plates for liquid crystal display; prisms (optics); optical glass; light extraction films and light guide plates for use with light-emitting diode modules; light-emitting diode modules; light extraction films and light guide plates for use with electronic display units and modules therefor; electronic display units; electronic display modules; measuring machines and instruments; material testing machines; power distribution or control machines and apparatus; rotary converters; phase modifiers; electrical control apparatus; covers for electric outlets; battery chargers; touchscreen sensors; solar batteries; batteries and cells; electric or magnetic meters and testers; electric wires and cables; cables for optical signal transmission; fiber optic cables; telecommunication machines and apparatus; personal digital assistants; smartphones; protective films for personal digital assistants; clear protective covers for personal digital assistants; acoustic membranes for use in sound recording or reproducing apparatus; computers and their parts; display units for computers; electronic control systems for machines; electron tubes; semi-conductor elements; electronic circuits; computer programs; computer software; computer software platforms, recorded or downloadable; downloadable computer software applications; barcode label printers; computer software, recorded; protective films adapted for computer screens; circuit boards; thin-metal based circuit boards for hard disc drives; circuit boards capable of reading and writing on a hard disk; protective films for computers, electronic display units and their parts; Geiger counters; high frequency apparatus for welding; cyclotrons, not for medical purposes; industrial X-ray machines and apparatus, not for medical use; industrial betatrons, not for medical use; magnetic prospecting machines; magnetic object detectors; seismic exploration machines and apparatus; hydrophone machines and apparatus; echo sounders; ultrasonic flaw

detectors; ultrasonic sensors; electronic door closing control systems; electron microscopes; magnetic cores; resistance wires; electrodes; magnets; flexible magnets in the form of sheets; fire boats; satellites for scientific purposes; dust masks; gas masks; welding masks; gloves for protection against accidents; spectacles (eyeglasses and goggles); game programs for home video game machines; electronic circuits and CD-ROMs recorded with programs for hand-held games with liquid crystal displays; downloadable image files; recorded video discs and video tapes; phonograph records; downloadable music files; electronic publications; exposed cinematographic films; exposed slide films; slide film mounts; fiber optics; fiber optics connectors; photoelectric composite wiring boards; printed wiring boards; gas separators for scientific and laboratory use; filters for use with gas separators for scientific and laboratory use; membrane elements for use with gas separators for scientific and laboratory use; plastic flat films and membranes for use with gas separators for scientific and laboratory use; protective plastic films adapted for screens for computers, electronic display units or optical apparatus and instruments; computer software platforms; modems; computer network routers; computer servers; computer software for use in the operation and control of electronic medical interview systems; computer software for use in the field of kinesiology; audiovisual teaching apparatus; teaching apparatus; wearable computers; protective films adapted for smartphones; smartglasses; smart rings; respiratory masks, other than for artificial respiration; filters for respiratory masks; protective masks; decorative magnets; humanoid robots with artificial intelligence for use in scientific research; optical filters; polarizing filters for LCD panels; optical mirrors; magnets for industrial purposes; wireless electric power supply devices; electric power supply apparatus; wireless chargers; battery chargers for hearing aids; rechargeable electric batteries; memory boards; optical fibers (light conducting filaments); filters for respiratory masks; sensors (measurement apparatus), other than for medical use; optical cables; polarizing plates for optical machines and apparatus; battery separators; cell phones; liquid crystal display (LCD) televisions; LCD projectors; liquid crystal display (LCD) panels for mobile apparatus; liquid crystal displays (LCDs) for computer monitors; liquid crystal display (LCD) panels for computers; touch sensitive liquid crystal display (LCD) for computers.

CLASS 10

Surgical, medical, dental and veterinary apparatus and instruments; artificial limbs, eyes and teeth; orthopaedic articles; suture materials; therapeutic and assistive devices adapted for persons with disabilities; massage apparatus; apparatus, devices and articles for nursing infants; sexual activity apparatus, devices and articles; supporters for medical purposes; support bandages; orthopaedic bandages; thermal packs for first aid purposes; cooling pads for first aid purposes; medical cooling sheets for applying to affected parts; cold gel packs for medical purposes in the form of towel; thermotherapy apparatus for medical purposes; cooling instruments for medical use; medical scissors; medical tape cutters; kinesiology tapes; under wraps for kinesiology tapes; nipple protectors; devices and tools for nasal cavity dilation; finger guards for medical purposes; pacifiers for babies; ice bag pillows for medical purposes; triangular bandages; surgical catguts; feeding cups for medical purposes; dropping pipettes for medical purposes; teats; medical ice bags; medical ice bag holders; baby bottles; nursing bottles; cooling patches for medical purposes; bandages for joints, anatomical; bandages, elastic; suspensory bandages; knee bandages, orthopaedic; contraceptives, non-chemical; artificial tympanic membranes; prosthetics or fillings materials, not for dental use; ear plugs (ear protection devices); ear plugs for sleeping; ear plugs for soundproofing; medical apparatus and instruments; pads for preventing pressure sores on patient bodies; gloves for medical purposes; masks for use by medical personnel; sanitary masks for medical purposes; body rehabilitation apparatus for medical purposes; suits for exoskeleton robots for medical purposes; urinals for medical purposes; bed pans; ear picks; electrocardiographs; under wraps for medical tapes; sanitary masks for personal use; digital hearing aids; parts and accessories for hearing aids; filters for sanitary masks for medical purposes; wearable monitors used to measure biometric data for medical use; medical diagnostic apparatus and medical monitoring apparatus; telemetry devices for medical applications; heart rate monitoring apparatus; blood oxygen monitors; sheets for applying to affected part; adhesive sheets for attaching thermotherapy devices directly on human skin; adhesive supportive bandages; mattresses for medical use for preventing bedsores; mattresses for medical purposes; cushions for medical purposes for preventing bedsores; cushions for medical purposes; seat cushions for medical purposes; sheets for covering the affected area for surgery purposes; adhesive supporters for medical purposes; air filters for operating rooms; medical filters; filters for sanitary masks; elastic therapeutic tapes.

CLASS 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; toilet bowls and seats sold as a unit; shower enclosures; electric water heaters; ionization apparatus for the treatment of air or water; radiators (heating); drying apparatus for chemical processing; recuperators for chemical processing; steamers for chemical processing; evaporators for chemical processing; distillers for chemical processing; heat exchangers for chemical processing; drying apparatus for textile manufacture; drying apparatus for harvest; forage drying apparatus; air conditioners; heating apparatus; electric heating apparatus; boilers, other than parts of machines; freezing machines and apparatus; electric laundry dryers; towel steamers for

hairdressing purposes; hair drying machines for beauty salon use; hair steamers for beauty salon use; shampoo basins for barbers' shop use; cooking apparatus and installations; dish drying machines; dish disinfectant apparatus; worktops as parts of kitchen sinks; kitchen sinks; tap water faucets; level controlling valves for tanks; pipeline cocks; reducing valves as parts and fittings for water supply apparatus; air valves for steam heating installations; filters for air conditioners; dust filters for air conditioners; wastewater treatment tanks; septic tanks; wastewater treatment apparatus; wastewater purification installations; filtration membranes for use with wastewater treatment equipment; membrane elements for use with wastewater and sewage purification equipment; plastic membranes for use with wastewater and sewage purification equipment; water filters; desalination units; reverse osmosis membranes for seawater desalination and water treatment; osmosis water filtration units; reverse osmosis water purification units; reverse osmosis membrane elements for water purification units; reverse osmosis membranes for water purification units; filters for drinking water; garbage incinerators; solar water heaters; filtration membranes for solar water heaters; water purifying apparatus for industrial purposes; desalination plants; industrial water purification filters; water purification equipment and machines for the treatment (purification) of water; electric lamps; lighting apparatus; filters for automobile lights; lighting apparatus and instruments, and modules therefor, composed of light extraction films and light guide plates; light extraction films and light guide plates as exclusive parts for lighting apparatus and instruments and lighting modules; water purifying apparatus and machines; filtration membranes for water purifying apparatus and machines; filtration membrane elements and modules for water purifying apparatus and machines; plastic membranes for water purifying apparatus and machines; filters for water purifying apparatus and machines; filter cartridges for electric water purifying apparatus and machines; membrane elements and other components for water purifying installations; electric water purifying apparatus and machines; air filters for air purifying apparatus and instruments; filters for air extractor hoods; washers for water taps; cooking heaters; water filtering apparatus; warming pans; pocket warmers; hot water bottles; adhesive sheets for applying disposable adhesive body warmers; air-permeable filters for disposable body warmers; toilet stool units with a washing water squirter; hands and finger disinfectors in the type of automatic spraying of disinfectant; toilet bowls; seats for use with Japanese style toilet bowls; toilet seats; bath fittings; bath tubs; separation apparatus for purifying gas; filters for use with separation apparatus for purifying gas; membrane elements for use with separation apparatus for purifying gas; plastic flat films for use with separation apparatus for purifying gas; electrically heated footmuffs; electric pocket warmers for warming hands; footwarmers, electric or non-electric; sterilizers; heating elements; hair driers; electric cooking utensils; hand drying apparatus for washrooms; water supply installations; electric coolers; deodorizing apparatus, not for personal use; dehumidifiers; air filtering installations; air deodorising apparatus; filters for air conditioning; air-conditioning fans; humidifiers; heat pumps; filters for air purifiers; gas scrubbers (parts of gas installations); filtering machines and filters for gas scrubbing apparatus; wastewater treatment apparatus; water filtration and purification apparatus; reverse osmosis water filtration units; water purification installations; desalination installations; reverse osmosis membrane elements for separation apparatus for purifying gas; filter elements for purification devices for wastewater and sewage; plastic flat membranes for filter elements for purification devices for wastewater and sewage; filter elements for water purifying apparatus; plastic flat membranes for filter elements for water purifying apparatus; refrigerating or freezing showcases; membrane modules for desalination; wastewater treatment tanks for industrial purposes; septic tanks for industrial purposes; industrial wastewater processing apparatus; filters for purifying industrial water; filters for water purifying apparatus; membrane modules for water purifying apparatus; filters for electric water purifying apparatus for household purposes; air filters for air conditioning units; air filters for clean rooms; separation membranes for gas producing installations.

CLASS 12

Water vehicles, aircraft, railcars, automobiles, motorcycles, bicycles; motors for land vehicles; motors, electric, for land vehicles; engines for land vehicles; anti-theft devices for vehicles; adhesive rubber patches for repairing inner tubes; seat covers for vehicles; caps for vehicle fuel tanks; security harness for vehicle seats; anti-glare devices for vehicles; safety belts for vehicle seats; vehicle covers (shaped); mudguards; hub caps; dedicated parts for automobiles for soundproofing, sound absorption, vibration isolation and vibration damping; seat cushions for wheelchairs.

CLASS 16

Paper and cardboard; printed matter; bookbinding materials; photographs; stationery and office requisites, except furniture; adhesives for stationery or household purposes; drawing materials and materials for artists; paintbrushes; instructional and teaching materials; plastic sheets, films and bags for wrapping and packaging; printers' type, printing blocks; pastes for stationery or household purposes; plastic adhesives for stationery or household purposes; wallpaper stencils; sealing wax; printers' reglets (interline leads); addressing machines; ink ribbons; automatic stamp affixing machines; electric staplers for offices; envelope sealing machines for offices; stamp obliterating machines; drawing instruments; typewriters; office check writing machines; mimeographs; relief duplicators; paper shredders for office use; franking machines; rotary duplicators; marking templates; decorators'

paintbrushes; containers of paper, for packaging; plastic bags for wrapping; plastic cling film, extensible, for palletization; plastic bubble packs for wrapping or packaging; food wrapping plastic film for household purposes; cooking sheets of fluorine resin; underlay sheets of ice tray; paper or plastic food wrapping bags; garbage bags of paper for household purposes; garbage bags of plastics for household purposes; paper patterns; tailors' chalk; banners of paper; flags of paper; hygienic hand towels of paper; towels of paper; table napkins of paper; hand towels of paper; handkerchiefs of paper; printed paper for lot, other than toys; washi; adhesive washi; adhesive washi for decoration; adhesive calendars; kraft papers; adhesive kraft papers; adhesive release papers; adhesive papers; paper stationery; notebooks; adhesive note papers; note papers; adhesive labels of paper; paper labels for bar codes; adhesive tapes for stationery or household purposes; self-adhesive tapes for stationery or household purposes; removable adhesive tapes for stationery or household purposes; masking tape for stationery or household purposes; gummed tape for stationery or household use; adhesive handicraft tapes for stationery or household purposes; adhesive washi tapes for stationery or household purposes; stickers (stationery); decorative stickers; removable decorative stickers of washi; adhesive bands for stationery or household purposes; adhesive tape dispensers (office requisites); writing implements (writing instruments); mechanical pencils; ball pens; rubber erasers; modelling materials; books; periodicals; paintings and calligraphic works; photograph stands; pre-moistened towelettes of paper for body; paper wipes for cleaning; tissues of paper for removing make-up; bags (envelopes, pouches) of paper or plastics, for packaging; absorbent sheets of paper or plastic for foodstuff packaging; wrapping paper; double-sided adhesive tapes for household use; washi (Japanese paper) for decoration; release papers applied with adhesive agents; release paper; adhesive tapes made of paper; double-sided adhesive tapes for office use; removable tapes for envelope; adhesive tapes for handicraft work; adhesive tapes for fixing for use as a substitute for apron strings; double-sided adhesive tapes for temporary fixing for dressing Japanese kimono; printed decorative papers; party ornaments of paper; peelable adhesive tapes for stationery and household purposes for use in decorating walls, ceilings, floors, window-panes, furniture, lighting and electric appliances for household purposes, automobiles and bicycles.

CLASS 17

Unprocessed and semi-processed rubber, gutta-percha, gum, asbestos, mica and substitutes for all these materials; plastics and resins in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, tubes and hoses, not of metal; raw or partly processed mica; valves of rubber or vulcanized fiber; gaskets; junctions for pipes, not of metal; joint packings; floating anti-pollution barriers; insulating waterproofing membranes used for marine pollution control; electrical insulating materials; insulating materials; thermal insulating materials, not for buildings; sound proofing materials; padding materials of rubber or plastics; electrical insulating tapes; electrical insulating rubber products; insulation sealing materials; insulating varnish; washers of rubber or vulcanized fiber; plastic fiber, not for textile use; rock wool; slag wool; rubber thread and covered rubber yarn, not for textile use; plastic yarn and thread, not for textile use; insulating gloves; rubber cords and laces; industrial packaging containers of rubber; shock-absorbing buffers of rubber; rubber stoppers; rubber lids and caps for industrial packaging containers; plastic sheeting for agricultural purposes; condenser paper; vulcanized fiber; semi-processed plastics; adhesive-coated plastic sheets for use in manufacture; reflective plastic sheets; semi-processed plastics in the form of foams, for filtration; semi-processed plastics in the form of films and membranes, for filtration; porous plastics, semi-processed, for filtration; plastic film, other than for wrapping; plastic films for surface protection; adhesive-coated plastic films and sheets; light-proof plastic films; light-proof plastic films for use on windows; plastic films and plates for use in manufacture of light extraction films and light guide plates; heat-shielding plastic films for use on windows; ultra-violet-shielding plastic films; self-adhesive plastic sheets for use with optical instruments; self-adhesive fluorine resin sheets; polymeric porous films; laminated plastics, semi-processed, for filtration; porous plastics, semi-processed, for use with pressure control valves; breathable plastic sheets, not for wrapping; semi-processed plastics in the form of foams; thermal peelable plastic sheets; plastic films for use in the manufacture of dust removal mats; polymeric films for use in the manufacture of electric circuits; semi-processed plastics for use as damping materials; foamed plastic filling materials, not for building purposes; heat-insulating plastic films and sheets, not for wrapping; epoxy resin films, semi-processed, for surface coating; semi-processed plastics in a form of self-adhesive gel sheets containing fluorescent substances; insulating sheets of polyimide resin; polarization films and sheets of plastic; polarization films for liquid crystal displays; magnet-embedded plastics in the form of sheets and films, semi-processed; semi-processed plastics in the form of foams and films for use in the manufacture of filter materials; plastic films and sheets, semi-processed, for decoration; plastic films and sheets, semi-processed, for use on walls; insulating plastic laminated boards; flexible plastic conduits, semi-processed, for plumbing purposes; porous membrane resin materials, semi-processed, for filters; semi-processed plastic in forms of films, membranes or sheets; semi-processed plastics for use as dust collecting and filtering materials; plastic films and flat membranes, semi-processed, for water purification; plastic films and flat membranes, semi-processed, for wastewater and sewage purification; fluoro rubber; rubber for use in manufacture; synthetic rubber; soundproofing materials of rock wool, not for building purposes; adhesive tapes, other than stationery and not for medical or household purposes; industrial adhesive tapes; self-adhesive tapes, other than

stationery and not for medical or household purposes; removable industrial adhesive tapes; industrial masking tapes; adhesive bands, other than stationery and not for medical or household purposes; industrial adhesive tapes for hazard marking; self-adhesive tapes for surface protection; industrial adhesive tapes for heat shielding; industrial adhesive tapes for water proofing; industrial adhesive tapes for dust proofing; industrial adhesive tapes for corrosion proofing; industrial adhesive tapes for repairing; industrial adhesive tapes for wind proofing; adhesive tapes for fixing semiconductor wafers; fluorine resin adhesive tapes for industrial use; conductive adhesive tapes for industrial use; moisture-proofing adhesive tapes for air crafts; antirust adhesive tapes for air crafts; industrial masking tapes for air crafts; fire-proofing adhesive tapes for air crafts; industrial adhesive tapes for binding harness; adhesive tapes for plumbing protection; adhesive tapes for marking and identification of section markings, corridor markings and traffic signs; masking tapes for use in painting; masking tapes for painting automobiles; masking tapes for printing boards; polymeric porous polymer adhesive tapes for industrial use; breathable adhesive tapes for industrial use; seals; pen-type chemical compositions for repairing tile joints; sealants for watertight, airtight, soundproofing and thermal insulation for electric home appliances; sealants for watertight, airtight, soundproofing and heat insulation for automobiles; sealing materials for repair, comprising an epoxy resin and curing agent; semi-processed fluorine resins; semi-processed synthetic resins; semi-processed plastics for use in the manufacture of fiber optics; thermal insulating materials for footwear; plastic films for preventing dew condensation of windows; dust proofing sealants; shock-absorbing buffers of plastic; caulking materials; weatherstripping compositions; weatherstripping; insulating covers for industrial machinery; sheets or tapes made of rubber for soundproofing, sound absorption, vibration isolation, and vibration damping; vibration damping materials of rubber; sheets or tapes made of plastics for soundproofing, sound absorption, vibration isolation, and vibration damping; plastic semi-worked products for vibration damping; adhesive tapes for bundling; insulating paper; polarizing films or sheets made of synthetic resins; plastic films for manufacturing air filters; semi-finished foamed plastics or plastic films for manufacturing filter materials; plastic semi-worked products made of thermally curable resins; heat sensitive adhesive tapes for use in the process of manufacturing electronic parts such as semiconductor wafers; plastic semi-worked products with removable adhesive layers on its reverse surface; adhesive tapes for fixing semiconductors; silicone rubber; silicone semi-worked products; self-adhesive plastic sheets for use in manufacturing; plastic films with adhesive tape; radio wave absorption materials; electromagnetic shielding materials; radio wave absorption materials made of rubber; plastic semi-worked products for radio wave absorption; non-conducting materials for retaining heat; plastic films or plastic sheets for snow accretion prevention; plastic semi-worked products for snow accretion prevention; porous plastic films; plastic semi-worked products in a form of porous or film for filtration; filtering materials of semi-processed films of plastic; silicone sealants; polyurethane sealants; adhesive sealant compounds; sealant compounds for joints; static seals; adhesive tapes for hazard marking for industrial purposes; chemical fiber, not for textile use; slag wool (insulator); plastic sheeting for agricultural purposes; double-sided adhesive tapes other than stationery and those for household and medical purposes; adhesive tapes for waterproofing and dust proofing; adhesive tapes made of fluorine resin, other than stationery or for medical use; air-permeable adhesive tapes for industrial purposes; adhesive packaging tapes, other than stationery and not for medical or household purposes; plastic semi-worked products; adhesive-processed plastic films; heat shielding and heat insulating plastic film sheets; filter materials consisting of foamed plastics or plastic film semi-finished products; plastic semi-worked products for vibration control, soundproofing, dustproofing, anticorrosion and waterproofing; films of resin for surface protection; sheets of synthetic resins coated with adhesives; films of synthetic resin; air-permeable plastic films; plastic semi-worked products laminated with materials, such as porous film made of PTFE (polytetrafluoroethylene) and woven fabric or felts, for use as filtering material; films of resin for surface protection of electronical and optical members; films of resin for surface protection of identification plates of resin; films of resin for surface protection of design metal sheets; films of resin for surface protection of metal sheets; films of resin for surface protection of printed board; plastic semi-worked products for use as vibration control reinforcement; plastic films for window with capacity of resisting sunlight and heat; laminated plastic plates with capacity of heat resistant insulation which is suitable for use as substrates; plastic films coated with adhesive agents with optical function; raw gum; rubbers for vibration dumping and soundproofing; rubber sheets for insulating purposes; asbestos boards; asbestos powder; plastic films for use in manufacturing; polarizing films for use in manufacturing liquid crystal displays; polarizing films for use in manufacturing flat panel displays; thermally-peelable adhesive sheets for use in manufacturing electronic devices; building seam tapes for waterproof, airtight, dustproof and anticorrosive.

CLASS 19

Materials, not of metal, for building and construction; rigid pipes, not of metal, for building; asphalt, pitch, tar and bitumen; transportable buildings, not of metal; monuments, not of metal; building panels, not of metal; wall panels, not of metal; wall boards, not of metal; floors, not of metal; ceiling boards, not of metal; buildings, transportable, not of metal; windows, not of metal; window frames, not of metal; non-metallic minerals for building or construction; wall tiles, not of metal; ceramic building materials, bricks and refractory products; building materials made of linoleum for fixing to existing walls or floors; plastic building materials; synthetic building materials; asphalt, and asphalt building or construction

materials; rubber building or construction materials; plaster for building purposes; lime building or construction materials; building or construction materials of plaster; construction material fixing tape; plastic tiles; plastic pipes for plumbing purposes; buildings, not of metal; erosion control mats integrating plants seeds; road and field marking sheets and strips; road marking sheets and strips; cement and its products; building timber; building stone; building glass; paint spraying booths, not of metal; water-pipe valves, not of metal or plastics; road signs, not of metal, non-luminous and non-mechanical; beacons, not of metal and non-luminous; reservoirs, not of metal or plastics; transportable greenhouses, not of metal, for household use; nonmetallic mineral construction materials (unworked or partly worked); boards and powder of inorganic fiber [building materials]; plaster boards; slag; joinery fittings, not of metal; adhesive tapes for building; plastic curing materials for building; heat-resistant sealants [building materials], bitumen-based or tar-based; nonslip members made of plastic for staircase.

CLASS 28

Games, toys and playthings; video game apparatus; gymnastic and sporting articles; decorations for Christmas trees; taping tapes for exercise; supporters for athletic use; adhesive tapes for sports articles; racket grip tapes; grip tapes for baseball bats; grip tapes for golf clubs; hand wraps for sports use; men's athletic supporters (sports articles); wrist guards (sports articles); wrist guards for athletic use; athletic supporters; dolls; cuddly toys; cute figures [toys or playthings]; mascot dolls with straps; adhesive athletic supporters for sports.

CLASS 40

Providing information relating to material treatment; recycling of waste and trash; air purification and treatment of water; printing services; food and drink preservation; custom assembling of materials for others; metal treating; processing of rubber; processing of plastics; plastic film treating; ceramic processing; paper treating; processing of cinematographic films; photographic enlarging; photographic printing; processing of photographic films; water treatment services; wastewater treatment; air freshening; air deodorizing; processing of chemicals; recycling of chemicals; boilermaking; fabric waterproofing; decontamination of hazardous materials; desalination of water; processing of chemical reagents; sorting and disposal of waste and trash; rental of machines and apparatus for treating textiles; rental of metal treating machines and tools; rental of machines and apparatus for processing foods or beverages; rental of machines and apparatus for pulp-making, papermaking or paper-working; rental of water purifying apparatus; rental of water filters; rental of waste compacting machines and apparatus; rental of waste crushing machines and apparatus; rental of chemical processing machines and apparatus; rental of glassware manufacturing machines and apparatus; rental of heating apparatus; rental of air-conditioning apparatus; rental of humidifiers; rental of air purifiers; rental of power generators; rental of printing machines and apparatus; rental of boilers; custom purification, synthesis, and manufacture of pharmaceuticals, agricultural preparations and veterinary preparations; custom extraction, purification, synthesis, manufacture or preparation of pharmaceuticals, agricultural preparations, veterinary preparations, industrial chemicals, and their active pharmaceutical ingredients; processing of medicinal materials; custom manufacture of pharmaceuticals; processing of raw materials for the manufacture of food and beverages; food processing; treatment for removing impurities from food and beverages; providing information relating to water treating services; water recycling and desalination services; treatment and processing of plastic materials.

CLASS 42

Computer-aided industrial design, research, testing and analysis services; design and development of computer hardware and software; designing of machines, apparatus, instruments (including their parts) or systems composed of such machines, apparatus and instruments; designing of water treatment equipment; designing of electric wires; design services; computer software design; computer programming; maintenance of computer software; computer system design; software as a service (SaaS); platform as a service (PaaS); cloud computing; electronic data storage; technological advice relating to computers, automobiles and industrial machines; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing, inspection or research of cells and tissue cultures; research, development, testing and inspection in the field of manufacturing and applications of plastics; research, development, testing and inspection in the field of water treatment; water analysis; water quality control services; monitoring of water quality; underwater exploration; marine, aerial and land surveying; analysis, control and monitoring of air quality; chemical analysis; quality control; styling (industrial design); testing, calibration and inspection of filters; environmental monitoring services; research and development of new products for others; research on building construction or city planning; testing or research on prevention of pollution; testing or research on electricity; testing or research on civil engineering; environmental protection analysis and research; material inspection and evaluation by analytical instruments and physical property evaluation; testing, inspection and research services in the fields of agriculture, livestock breeding and fisheries; testing or research on machines, apparatus and instruments; rental of measuring apparatus; rental of computers; providing computer programs on data networks; rental of laboratory apparatus and instruments; rental of technical drawing

instruments; research and development of medical technology; rental of measuring machines and instruments; design of desalination facilities; design of water treatment facilities; materials testing and analyzing; technical research projects and studies; research in the field of environmental conservation and protection; research and design services; environmental testing services to detect contaminants in water; environmental analysis, investigation and research; environmental assessment services; providing technological information about environmentally conscious and green innovations; engineering services of metalworking machines, plastic working machines, and electronic machines and parts thereof; mechanical engineering services; research and development of new products for third parties in the field of plastic materials; rental of electron microscopes.

platform as a service [PaaS]; design and development of computer networks for others; providing diagnosis or consultation on security measures for computer network systems; consultancy and information services relating to design and development of computer systems for others; design, creation and maintenance of computer program; analysis of technical industrial data; hosting web sites; application service provider featuring providing software; providing computer programs in data networks; configuration, installation, expansion and addition of functions of computer network systems; monitoring, investigation, analysis and consulting for faults in computer network system; technical support, namely, troubleshooting of computer, computer application software, computer network system and computer software; providing computer programs in data networks for the operation and management of computer network systems; technical advice and consultancy in the design and development of computer hardware and software for management and operation of computer network; computer aided electronic storage of data; data mining, analysis or storage of big data; computer programming services for the processing of big data, data logs or electronic data; design, development and maintenance of computer software for Internet platform; hosting platforms on the Internet or other communication network; technological services and research and design relating thereto; design and development of computer hardware and software; computer services, namely, cloud computing, computer design and development, computer engineering, computer programming, computer and technology services for securing computer data, computer database design and development, computer disaster recovering planning, computer security consultancy, computer software support services, computer software updating and upgrading, computer system integration services, computer systems analysis, configuration of computer networks, hosting computer sites [websites], installation of computer programs and remote computer backup services; cloud hosting of electronic databases and virtual computing environments; providing virtual computer systems and virtual computer environments through cloud computing; maintaining database systems, database software and virtual computing environments; consulting and providing information in the fields of information technology, cloud computing, software, software as a service (SaaS), artificial intelligence, software development, game development, data storage, data warehousing, data archiving, data and information security, computer networking, mobile computing, and the Internet of Things (IoT); planning, design and implementation of computer hardware and software systems for others; software configuration management services; data and application migration services; data mining services; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing and network resources based on assigned credentials; hosting an online community website featuring shared communications between community members interested in technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); hosting of blogs featuring information in the fields of technology, cloud computing, web services, software, software as a service (SAAS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); software as a service (SaaS) featuring software for cloud computing; software as a service (SaaS) featuring software for managing and deploying virtual machines to a cloud computing platform; software as a service (SaaS) featuring software for use in cloud infrastructure management and automation; software as a service (SaaS) featuring software platforms for cloud computing networks and applications; software as a service (SaaS) featuring software that provides access to cloud-based scalable computing resources and data storage; software as a service (SaaS) featuring software for monitoring cloud and application performance; software as a service (SaaS) featuring software for enabling electronic devices to operate and communicate locally while retaining the benefits of analytics and high-level services in the cloud;

computer services, namely, providing storage servers to others; scaling web services, namely, providing electronic storage space on the Internet.

CLASS 9

Application software for information technology and telecommunication; computer software for information technology and telecommunication; application software; computer software; computer software platforms; computers and computer peripheral devices; communications computers; computer servers; SIM cards; encoded electronic chip cards for identifying particular users of computers and mobile telephones; computer network switches; computer network routers; computer network bridges; modems; computer programs; telecommunication machines and apparatus; radio communication machines and apparatus; radio machines and apparatus; remote control telemetering machines and instruments; personal digital assistants; downloadable music files; downloadable image files; electronic publications; computer programs for wireless network communications; computer software development tools; software development kits [SDK]; broadband wireless equipment; telecommunications and data networking hardware; telecommunications transmitters; computer hardware for telecommunications; computer programs relating to computer network systems; computer software for data quality management; network management computer software; electronic data processing machines; computer software programs; downloadable electronic publications; computer programs for use in wireless network telecommunications; computer software for storing, retrieving, caching, extracting, formatting, structuring, systematizing, organizing, indexing, processing, querying, analyzing, replicating and controlling access to data; computer user authentication software; computer network security software; network access management and monitoring software; computer search engine software; business intelligence software; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer software platform for providing customer service and customer support; downloadable chatbot software for replying to questions from online retail store customers related to consumer goods and services; downloadable enterprise software for customer relationship management; downloadable computer programs and application software for authenticating user identification; integrated circuits for networks for use in identification; identification apparatus, electric or electronic.

CLASS 35

Negotiation of business contracts for others and consultation thereof; business intermediary services for contract relating to installation of telecommunications equipment; business administration in the field of telecommunications equipment installation regarding location planning for installation of telecommunications equipment and consultancy relating thereto; placement of staff; providing information related to business; business consultation; planning, operation and organization of product exhibitions and trade fairs; business management in relation to operations of computer systems and communication network systems, and providing consultation and information thereof; business management analysis or business consultancy in the field of information security management; providing advice and consultancy on business in the field of information technology and cloud computing; compilation and systemization of information into computer databases; database management; management of files in which business information and data are recorded; analysis of business data; data processing; providing an online marketplace for buyers and sellers of goods and services; providing an online marketplace for buyers and sellers of goods and services in the field of information technology and telecommunications; providing an online marketplace for buyers and sellers of services in the field of computer program licensing; business intermediary services for contracts relating to rental of telephones, facsimiles and other communication devices; business intermediary services for contracts relating to rental of mobile communication facilities; administration of incentive award programs to promote the sale of the goods and services of others; cost analysis; customer service management for others; evaluation of personnel requirements; management of telephone call centers for others; personnel management; provision of business information in relation to telecommunications; stock management services; arranging subscriptions to telecommunication services for others; computerized on-line ordering services relating to a wide variety of consumer goods and audio, video, text and other multimedia content; computerized on-line ordering services relating to a wide variety of consumer services, namely, ordering of audio and video on demand transmissions,

streaming audio and visual content, transmissions of text, images, and sound through portable electronic devices; customer relationship management; business file management; computer data processing; advertising; business management, organization and administration; office functions; computerized on-line ordering services for others featuring developer tools and cloud computing software and services; domain name directory services; updating and maintenance of data in computer databases; web site traffic optimisation; business accounts management; arranging subscriptions to Internet services for others; arranging subscriptions to online software for others; subscription management services as a subscription agent between software publishers and customers; sales promotion services; marketing the goods and services of others; business referrals services; management of electronic data; customer services, namely, providing business assistance by responding to customers inquiries for others in the field of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, the Internet of Things (IoT) and telecommunications.

CLASS 38

Rental of telecommunication lines; telecommunications; broadcasting services; streaming of data; rental of telephones, facsimiles and other telecommunication devices; providing access to telecommunication networks, and advice thereon; providing user access to computer networks; providing access to databases; telephone communications; Internet service provider services; rental of mobile communication facilities; consultancy services in the field of communications; wireless communication services; leasing of virtually allocated wireless telecommunication area network; call centre services [electronic call diversion and messaging]; rental of telecommunication apparatus and equipment, including telephones and facsimile apparatus; streaming of software applications; providing user access to computer software in data networks; providing access to remotely hosted operating systems and computer applications through the Internet; providing voice chat services; providing Internet chat rooms; providing on-line forums for transmission of messages among computer users.

CLASS 41

Educational and training services; online education relating to wireless telecommunication technology, traffic capacity planning, analysis, operating and maintenance, network design, base station configuration plan, radio optimization, base station construction planning and assets management; entertainment; sporting and cultural activities; education and training services, namely, conducting seminars, classes, workshops and conferences in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, the Internet of Things (IoT) and telecommunications; online publication of electronic books, journals and blogs relating to information in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, the Internet of Things (IoT) and telecommunications; providing online non-downloadable videos for educational purposes in the field of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, the Internet of Things (IoT) and telecommunications.

CLASS 42

Providing temporary use of non-downloadable computer software for information technology and telecommunications; providing platform as a service (PaaS) for information technology and telecommunications; providing platform as a service (PaaS) for mobile communications service businesses; providing software as a service (SaaS) for information technology and telecommunications; providing software as a service (SaaS) for mobile communications services; providing computer programs by application service provider for information technology and telecommunications; providing temporary use of non-downloadable computer software; rental of computers; rental of servers; rental of memory space on servers; rental of memory space on servers on websites for saving computer data; rental of memory space on servers for electronic data storage; hosting platforms on the Internet or other telecommunications network; hosting memory space on the Internet through cloud computing; hosting digital contents on the Internet; hosting computer databases; hosting servers; hosting computerized data, files, and applications; providing software platform as a service (PaaS); cloud computing; providing consultation on network security for telecommunications via the Internet, mobile telephones, or other means of communications; telecommunication network security consultancy; diagnosis of computer software problems for telecommunication network system;

software as a service [SaaS]; technical design, planning and development of telecommunications systems, and providing consultation or information thereon; providing technical research, technical analysis or technological consultancy services relating to telecommunications systems; providing computer programs through application service provider; designing and development of computer software; configuration and maintenance of computer software; data migration services; technical data analysis; computer security threat analysis for protecting data; computer programming and computer system analysis; professional computer services, namely, network analysis, LAN/WAN design, wireless engineering, virtualization and computer project management; electronic data backups; recovery of computer data; remote computer backup service; data encryption and decoding services; electronic data storage services; troubleshooting of computer software problems being technical support; development and maintenance of computer system software; consulting services in the field of cloud computing; consulting in the field of cloud computing networks and applications; monitoring of computer systems and databases for security purposes; computerized security services, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity; platform as a service [PaaS]; design and development of computer networks for others; providing diagnosis or consultation on security measures for computer network systems; consultancy and information services relating to design and development of computer systems; design, creation and maintenance of computer program; analysis of technical industrial data; hosting web sites; application service provider featuring providing software; providing computer programs on data networks; configuration, installation, expansion and addition of functions of computer network systems; monitoring, investigation, analysis and consulting for faults in computer network system; technical support, namely, troubleshooting of computer, computer application software, computer network system and computer software; providing computer programs in data networks for the operation and management of computer network systems; technical advice and consultancy in the design and development of computer hardware and software for management and operation of computer network; computer aided electronic storage of data; data mining, analysis or storage of big data; computer programming services for the processing of big data, data logs or electronic data; design, development and maintenance of computer software for Internet platform; hosting platforms on the Internet or other communication network; technological services and research and design relating thereto; design and development of computer hardware and software; computer services, namely, cloud computing, computer design and development, computer engineering, computer programming, computer and technology services for securing computer data, computer database design and development, computer disaster recovering planning, computer security consultancy, computer software support services, computer software updating and upgrading, computer system integration services, computer systems analysis, configuration of computer networks, hosting computer sites [websites], installation of computer programs and remote computer backup services; cloud hosting of electronic databases and virtual computing environments; providing virtual computer systems and virtual computer environments through cloud computing; maintaining database systems, database software and virtual computing environments; consulting and providing information in the fields of information technology, cloud computing, software, software as a service (SaaS), artificial intelligence, software development, game development, data storage, data warehousing, data archiving, data and information security, computer networking, mobile computing, and the Internet of Things (IoT); planning, design and implementation of computer hardware and software systems for others; software configuration management services; data and application migration services; data mining services; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing and network resources based on assigned credentials; hosting an online community website featuring shared communications between community members interested in technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); hosting of blogs featuring information in the fields of technology, cloud computing, web services, software, software as a service (SAAS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); software as a service (SaaS) featuring software platforms for providing customer service and customer support; providing temporary use of online non-downloadable chatbot software for replying to questions from online retail store customers related to consumer goods and services; providing temporary use of online, non-downloadable enterprise software for customer relationship management; software as a service (SaaS) featuring computer software and application for authenticating user identification; user authentication services using technology for e-commerce transactions.

CLASS 9

Application software for information technology and telecommunication; computer software for information technology and telecommunication; application software; computer software; computer software platforms; computers and computer peripheral devices; communications computers; computer servers; SIM cards; encoded electronic chip cards for identifying particular users of computers and mobile telephones; computer network switches; computer network routers; computer network bridges; modems; computer programs; telecommunication machines and apparatus; radio communication machines and apparatus; radio machines and apparatus; remote control telemetering machines and instruments; personal digital assistants; downloadable music files; downloadable image files; electronic publications; computer programs for wireless network communications; computer software development tools; software development kits [SDK]; broadband wireless equipment; telecommunications and data networking hardware; telecommunications transmitters; computer hardware for telecommunications; computer programs relating to computer network systems; computer software for data quality management; network management computer software; electronic data processing machines; computer software programs; downloadable electronic publications; computer programs for use in wireless network telecommunications; computer software for storing, retrieving, caching, extracting, formatting, structuring, systematizing, organizing, indexing, processing, querying, analyzing, replicating and controlling access to data; computer user authentication software; computer network security software; network access management and monitoring software; computer search engine software; business intelligence software; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer software platform for providing customer service and customer support; computer software platforms for cloud computing networks and applications; computer software that provides access to cloud-based scalable computing resources and data storage; computer software to manage, connect, and operate Internet of things (IOT) electronic devices; computer software for enabling electronic devices to operate and communicate locally while retaining the benefits of analytics and high-level services in the cloud; telecommunications network management installations; LAN [local area network] access points for connecting network computer users; LAN [local area network] operating software; WAN [wide area network] hardware; WAN [wide area network] operating software; computer software for edge computing.

CLASS 37

Installation, maintenance and repair of telecommunication machines and apparatus; installation, repair and maintenance of computer hardware for telecommunication systems; supervision of installation of telecommunication machines and apparatus; supervision of installation of computer hardware for telecommunication systems; construction supervision; consultancy relating to the installation of telecommunications equipment; consultancy relating to the installation of telecommunication machines and apparatus; electrical installation services; telecommunication wiring; providing construction information; building construction supervision; building and construction services; maintenance of hardware for computer network systems for others; consultancy and information services relating to maintenance of hardware for computer systems for others; maintenance and repair of data communications networks.

CLASS 38

Rental of telecommunication lines; telecommunications; broadcasting services; streaming of data; rental of telephones, facsimiles and other telecommunication devices; providing access to telecommunication networks, and advice thereon; providing user access to computer networks; providing access to databases; telephone communications; Internet service provider services; rental of mobile communication facilities; consultancy services in the field of communications; wireless communication services; leasing of virtually allocated wireless telecommunication area network; call centre services [electronic call diversion and messaging]; rental of telecommunication apparatus and equipment, including telephones and facsimile apparatus; streaming of software applications; providing user access to computer software in data networks; providing access to remotely hosted

operating systems and computer applications through the Internet; providing access to cloud based computing resources and storage; information services relating to electronic communication networks.

CLASS 42

Providing temporary use of non-downloadable computer software for information technology and telecommunications; providing platform as a service (PaaS) for information technology and telecommunications; providing platform as a service (PaaS) for mobile communications service businesses; providing software as a service (SaaS) for information technology and telecommunications; providing software as a service (SaaS) for mobile communications services; providing computer programs by application service provider for information technology and telecommunications; providing temporary use of non-downloadable computer software; rental of computers; rental of servers; rental of memory space on servers; rental of memory space on servers on websites for saving computer data; rental of memory space on servers for electronic data storage; hosting platforms on the Internet or other telecommunications network; hosting memory space on the Internet through cloud computing; hosting digital contents on the Internet; hosting computer databases; hosting servers; hosting computerized data, files, and applications; providing software platform as a service (PaaS); cloud computing; providing consultation on network security for telecommunications via the Internet, mobile telephones, or other means of communications; telecommunication network security consultancy; diagnosis of computer software problems for telecommunication network system; software as a service [SaaS]; technical design, planning and development of telecommunications systems, and providing consultation or information thereon; providing technical research, technical analysis or technological consultancy services relating to telecommunications systems; providing computer programs through application service provider; designing and development of computer software; configuration and maintenance of computer software; data migration services; technical data analysis; computer security threat analysis for protecting data; computer programming and computer system analysis; professional computer services, namely, network analysis, LAN/WAN design, wireless engineering, virtualization and computer project management; electronic data backups; recovery of computer data; remote computer backup service; data encryption and decoding services; electronic data storage services; troubleshooting of computer software problems being technical support; development and maintenance of computer system software; consulting services in the field of cloud computing; consulting in the field of cloud computing networks and applications; monitoring of computer systems and databases for security purposes; computerized security services, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity; platform as a service [PaaS]; design and development of computer networks for others; providing diagnosis or consultation on security measures for computer network systems; consultancy and information services relating to design and development of computer systems for others; design, creation and maintenance of computer program; analysis of technical industrial data; hosting web sites; application service provider featuring providing software; providing computer programs on data networks; computer programming services featuring configuration, installation, expansion and addition of functions of computer network systems; monitoring, investigation, analysis and consulting for faults in computer network system; technical support, namely, troubleshooting of computer, computer application software, computer network system and computer software; providing computer programs in data networks for the operation and management of computer network systems; technical advice and consultancy in the design and development of computer hardware and software for management and operation of computer network; computer aided electronic storage of data; data mining, technical data analysis or storage of big data; computer programming services for the processing of big data, data logs or electronic data; design, development and maintenance of computer software for Internet platform; hosting platforms on the Internet or other communication network; technological services and research and design relating thereto; design and development of computer hardware and software; computer services, namely, cloud computing, computer design and development, computer engineering, computer programming, computer and technology services for securing computer data, computer database design and development, computer disaster recovering planning, computer security consultancy, computer software support services, computer software updating and upgrading, computer system integration services, computer systems analysis, configuration of computer networks, hosting computer sites [websites], installation of computer programs and remote computer backup services; cloud hosting of electronic databases and virtual computing environments; providing virtual computer systems and virtual computer environments through cloud computing; maintaining database systems, database software and virtual computing environments; technological consulting and providing technological information in the fields of information technology, cloud computing, software, software as a service (SaaS), artificial intelligence, software development, game development, data storage, data warehousing, data archiving, data and information security, computer networking, mobile computing, and the Internet of Things (IoT); planning, design and implementation of computer hardware and software systems for others; software configuration management services; data and application migration services; data mining services; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing and network resources based on assigned credentials; hosting an online community website featuring shared communications between community members interested in technology.

cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); hosting of blogs featuring information in the fields of technology, cloud computing, web services, software, software as a service (SAAS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); computer network services; software as a service (SaaS) featuring software to manage, connect, and operate Internet of things (IOT) electronic devices; software as a service (SaaS) featuring software for enabling electronic devices to operate and communicate locally while retaining the benefits of analytics and high-level services in the cloud; software as a service (SaaS) featuring LAN [local area network] operating software; software as a service (SaaS) featuring WAN [wide area network] operating software; software as a service (SaaS) featuring software for edge computing.

Application software for information technology and telecommunication; computer software for information technology and telecommunication; application software; computer software; computer software platforms; computers and computer peripheral devices; communications computers; computer servers; SIM cards; encoded electronic chip cards for identifying particular users of computers and mobile telephones; computer network switches; computer network routers; computer network bridges; modems; computer programs; telecommunication machines and apparatus; radio communication machines and apparatus; radio machines and apparatus; remote control telemetering machines and instruments; personal digital assistants; downloadable music files; downloadable image files; electronic publications; computer programs for wireless network communications; computer software development tools; software development kits [SDK]; broadband wireless equipment; telecommunications and data networking hardware; telecommunications transmitters; computer hardware for telecommunications; computer programs relating to computer network systems; computer software for data quality management; network management computer software; electronic data processing machines; computer software programs; downloadable electronic publications; computer programs for use in wireless network telecommunications; computer software for storing, retrieving, caching, extracting, formatting, structuring, systematizing, organizing, indexing, processing, querying, analyzing, replicating and controlling access to data; computer user authentication software; computer network security software; network access management and monitoring software; computer search engine software; business intelligence software; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer software platform for providing customer service and customer support; computer software for accessing, connecting, managing, configuring and operating computer networks; computer software platforms for the development, monitoring configuration, and operation of trusted execution environments; computer software for use in cloud infrastructure management and automation; computer software for event logging, reporting, analysis and alert generation; computer software for creating, configuring, provisioning and scaling databases; computer software for improving database performance; business analytics software for collecting and analyzing data to facilitate business decision making; computer software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet.

CLASS 35

Negotiation of business contracts for others and consultation thereof; business intermediary services for contract relating to installation of telecommunications equipment; business administration in the field of telecommunications equipment installation regarding location planning for installation of telecommunications equipment and consultancy relating thereto; placement of staff; providing information related to business; business consultation; planning, operation and organization of product exhibitions and trade fairs; business management in relation to operations of computer systems and communication network systems, and providing consultation and information thereof; business management analysis or business consultancy in the field of information security management;

providing advice and consultancy on business in the field of information technology and cloud computing; compilation and systemization of information into computer databases; database management; management of files in which business information and data are recorded; analysis of business data; data processing; providing an online marketplace for buyers and sellers of goods and services; providing an online marketplace for buyers and sellers of goods and services in the field of information technology and telecommunications; providing an online marketplace for buyers and sellers of services in the field of computer program licensing; business intermediary services for contracts relating to rental of telephones, facsimiles and other communication devices; business intermediary services for contracts relating to rental of mobile communication facilities; administration of incentive award programs to promote the sale of the goods and services of others; cost analysis; customer service management for others; evaluation of personnel requirements; management of telephone call centers for others; personnel management; provision of business information in relation to telecommunications; stock management services; arranging subscriptions to telecommunication services for others; computerized on-line ordering services relating to a wide variety of consumer goods and audio, video, text and other multimedia content; computerized on-line ordering services relating to a wide variety of consumer services, namely, ordering of audio and video on demand transmissions, streaming audio and visual content, transmissions of text, images, and sound through portable electronic devices; customer relationship management; business file management; computer data processing; advertising; business management, organization and administration; office functions; computerized on-line ordering services for others featuring developer tools and cloud computing software and services; domain name directory services; updating and maintenance of data in computer databases; web site traffic optimisation; business accounts management; arranging subscriptions to Internet services for others; arranging subscriptions to online software for others; subscription management services as a subscription agent between software publishers and customers; sales promotion services; marketing the goods and services of others; business referrals services; management of electronic data; providing business administration and consultation relating to the operation and administration of telecommunications systems and networks for others.

CLASS 38

Rental of telecommunication lines; telecommunications; broadcasting services; streaming of data; rental of telephones, facsimiles and other telecommunication devices; providing access to telecommunication networks, and advice thereon; providing user access to computer networks; providing access to databases; telephone communications; Internet service provider services; rental of mobile communication facilities; consultancy services in the field of communications; wireless communication services; leasing of virtually allocated wireless telecommunication area network; call centre services [electronic call diversion and messaging]; rental of telecommunication apparatus and equipment, including telephones and facsimile apparatus; streaming of software applications; providing user access to computer software in data networks; providing access to remotely hosted operating systems and computer applications through the Internet.

CLASS 42

Providing temporary use of non-downloadable computer software for information technology and telecommunications; providing platform as a service (PaaS) for information technology and telecommunications; providing platform as a service (PaaS) for mobile communications service businesses; providing software as a service (SaaS) for information technology and telecommunications; providing software as a service (SaaS) for mobile communications services; providing computer programs by application service provider for information technology and telecommunications; providing temporary use of non-downloadable computer software; rental of computers; rental of servers; rental of memory space on servers; rental of memory space on servers on websites for saving computer data; rental of memory space on servers for electronic data storage; hosting platforms on the Internet or other telecommunications network; hosting memory space on the Internet through cloud computing; hosting digital contents on the Internet; hosting computer databases; hosting servers; hosting computerized data, files, and applications; providing software platform as a service (PaaS); cloud computing; providing consultation on network security for telecommunications via the Internet, mobile telephones, or other means of communications; providing consultation or diagnosis on security technology measures for telecommunication network system; software as a service [SaaS]; technical design, planning and development of telecommunications systems, and providing consultation or information thereon; providing technical research, technical analysis or technological consultancy services relating to telecommunications systems; providing computer programs through application service provider; designing and development of computer software; configuration and maintenance of computer software; data migration services; technical data analysis; computer security threat analysis for protecting data; computer programming and computer system analysis; professional computer services, namely, network analysis, LAN/WAN design, wireless engineering, virtualization and computer project management; electronic data backups; recovery of computer data; remote computer backup service; data encryption and decoding services; electronic data storage services; troubleshooting of computer software problems being technical support;

development and maintenance of computer system software; consulting services in the field of cloud computing; consulting in the field of cloud computing networks and applications; monitoring of computer systems and databases for security purposes; computerized security services, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity; platform as a service [PaaS]; design and development of computer networks for others; providing diagnosis or consultation on security measures for computer network systems; consultancy and information services relating to design and development of computer systems for others; design, creation and maintenance of computer program; analysis of technical industrial data; hosting web sites; application service provider featuring providing software; providing computer programs in data networks; configuration, installation, expansion and addition of functions of computer network systems; monitoring, investigation, analysis and consulting for faults in computer network system; technical support, namely, troubleshooting of computer, computer application software, computer network system and computer software; providing computer programs in data networks for the operation and management of computer network systems; technical advice and consultancy in the design and development of computer hardware and software for management and operation of computer network; computer aided electronic storage of data; data mining, analysis or storage of big data; computer programming services for the processing of big data, data logs or electronic data; design, development and maintenance of computer software for Internet platform; hosting platforms on the Internet or other communication network; technological services and research and design relating thereto; design and development of computer hardware and software; computer services, namely, cloud computing, computer design and development, computer engineering, computer programming, computer and technology services for securing computer data, computer database design and development, computer disaster recovering planning, computer security consultancy, computer software support services, computer software updating and upgrading, computer system integration services, computer systems analysis, configuration of computer networks, hosting computer sites [websites], installation of computer programs and remote computer backup services; cloud hosting of electronic databases and virtual computing environments; providing virtual computer systems and virtual computer environments through cloud computing; maintaining database systems, database software and virtual computing environments; consulting and providing information in the fields of information technology, cloud computing, software, software as a service (SaaS), artificial intelligence, software development, game development, data storage, data warehousing, data archiving, data and information security, computer networking, mobile computing, and the Internet of Things (IoT); planning, design and implementation of computer hardware and software systems for others; software configuration management services; data and application migration services; data mining services; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing and network resources based on assigned credentials; hosting an online community website featuring shared communications between community members interested in technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); hosting of blogs featuring information in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); software as a service (SaaS) featuring business intelligence software; software as a service (SaaS) featuring software for accessing, connecting, managing, configuring and operating computer networks; platform as a service (PaaS) services featuring software platforms for the development, monitoring configuration, and operation of trusted execution environments; software as a service (SaaS) featuring software for use in cloud infrastructure management and automation; software as a service (SaaS) featuring software for event logging, reporting, analysis and alert generation; software as a service (SaaS) featuring software for creating, configuring, provisioning and scaling databases; software as a service (SaaS) featuring software for improving database performance; software as a service (SaaS) featuring business analytics software for collecting and analyzing data to facilitate business decision making; software as a service (SaaS) featuring software that automates the processing of un-structured, semi-structured and structured information and data stored on computer networks and the Internet; technological services, namely, configuring computer-based information systems comprised of local and cloud-based resources in order to optimize business operations of others; computer technical support services, namely, service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; computer services, namely, providing storage servers to others; scaling web services, namely, providing electronic storage space on the Internet.

VERIFONE, INC. ; 251 Little Falls Drive WILMINGTON DE 19808, UNITED STATES OF AMERICA

CLASS 9

Computer programs for use in transaction processing and financial applications; computer printers for printing documents; scanners; card readers, namely, electronic card readers, flash card readers, magnetic encoded card readers, data capture devices, namely, computer hardware and peripheral devices used for data communications and transmitting data; electronic and magnetic data sensors and computer peripherals; telephones, modems, multiplexers, computer network interface units, and computers for electronic transfer of data; data terminals, namely, mobile data terminals, handheld terminals, countertop terminals, portable terminals; credit card, debit card, loyalty card, magnetic card, smart card and transaction processing terminals for electronic transactions; electronic cash registers; point of sale terminals; computer peripherals and data entry and inquiry terminals for operations management and for processing and transferring credit and debit card transactions, payments and financial data and other data presented thereto, for retail, wholesale and service industry applications, for retail chains and outlets, superstores, department stores, hospitality and general merchandise industry applications and computer software for such terminals; computer software for retail management and supply chain optimization and management; computer software for single and multiple channel retailers, and computer software for use by specialty and general merchandise retail chains and outlets, superstores, department stores, hospitality, and general merchandise industries, all for sales and demand forecasting, front store, back office, and warehouse inventory analysis and management, showroom management and product orders, business management, marketing, merchandise planning, ordering, and allocation, catalog, promotion, and price analysis, intake and cash flow analysis, stock control, product tracking, loss prevention analysis, deliveries, acquisitions, replenishment, procurement, merchandising, distribution, customer follow-ups, sales analysis across distribution channels, sales, customer relationship management (CRM), customer loyalty programs, and CRM data compilation and analysis; computer software for use in management and analysis of sales information, inventory and other business data and processes at the front store, back office and head office, and to provide connectivity and integration between stores or business units; computer software for controlling a Point of Sale (POS) terminal configuration and parameters, and for collecting

and managing data from the POS; computer software for use in controlling employees time, attendance, e-mail and messages; computer software for use in debit card, credit card, smart card, loyalty card and secure payment transaction processing, financial applications, and electronic transfer of financial data; computer software for use in financial, credit card, smart card, debit card, and electronic transaction security, access, and identification services; computer software and mobile device applications that issues and manages mobile ticketing and vouchers in the fields of travel, public transportation, entertainment, sports, culture events and municipal services; computer software for use in connecting a store computer to Internet websites for credit card processing and e-commerce; computer software for use in secured transmission of information, namely, credit card details; computer programs for use in the management and processing of secured transactions over the Internet; computer program for management of invoices and debit notes; computer program for management of crediting and cancellation of financial transactions; point of sale terminals for management of sales, transactions, invoices, crediting and cancellation of financial transactions and for management of customer details; computer software for performing diagnostic, monitoring, troubleshooting and configuration functions on computer networks; interactive computer software for managing geographically dispersed computer networks; electronic controller for use to access to a computer network; communication software used to enable users to exchange and transfer data between two different handheld computers, portable computers or computer stations; secure terminals for the electronic transactions and transmission of data with a card or without contact.

CLASS 35

Business marketing services; providing advertising and marketing services to others, namely, providing point-of-sale marketing programs to others in connection with payment technology; promoting the goods of others, namely, providing coupons, rebates and vouchers for the goods of others; management and analysis of sales information, inventory and other business data and processes at the front store, back office and head office, and provide connectivity and integration between stores or business units services; business management services in the field of electronic systems for defrayment, secured payment and retail management; business management consultation services in the field of electronic systems for defrayment, secured payment and retail management; sales management consultation services; marketing and advertising services in the field of electronic systems for defrayment, secured payment and retail management; marketing and advertising consultation services in the field of electronic systems for defrayment, secured payment and retail management; customer relationship management consultation services; customer relationship management services; management consultation services in the field of employee administration; providing advertising space by electronic means and global computer information networks; promoting the goods of others, namely, providing information regarding discounts, coupons, rebates, vouchers and special offers for the goods of others; dissemination of advertising for others via an online electronic communications network.

CLASS 36

Financial transaction services, namely, providing secure and nonsecure commercial transaction and payment services using payment devices at point of sale; providing credit card, smart card, and debit card electronic payment authentication and verification services; providing electronic check, debit card, credit card, smart card, and electronic payment transaction processing services; mobile debit card, credit card, and electronic payment transaction processing services; wireless debit card, credit card, and electronic payment transaction processing services; payment processing solutions, namely, providing point-of-service electronic processing of debit and credit card transactions and electronic payments via electronic payment terminals; redeeming the vouchers of others for payment of goods or services; financial services in the field of retail and wholesale commerce, namely, financial transaction services, namely, providing secure commercial transactions and payment options for retail and wholesale commerce applications; financial and monetary affairs, namely, financial information, management and analysis services; services for authorizing and settling electronic payment transactions; electronic wallet (e-wallet) service, namely, stored-value account processing, namely, providing consumers with an e-wallet account for use in making secure electronic payments to merchants; electronic funds transfer; cryptocurrency payment processing.

CLASS 37

Installation, repair, and maintenance services in connection with payment terminals, payment hardware, debit card and credit card readers, and electronic payment systems and apparatus; installation, repair, and maintenance services in connection with payment terminals, computer hardware used to transact payments, electronic debit card and credit card readers, and electronic payment system computer hardware and apparatus; providing customized installation and maintenance services in connection with electronic payment terminals, payment hardware, electronic debit card and credit card readers, and electronic payment apparatus; technical support services, namely, troubleshooting in the nature of repair of computer hardware used for secure payment and commercial transaction processing; professional consultancy and information relating to the repair of

electronic and computer hardware equipment; technical support services, namely, troubleshooting in the nature of repair of computer hardware; technical assistance, namely, troubleshooting in the nature of the repair of computer hardware used in connection with payment technology.

CLASS 38

Electronic transmission and streaming of digital media content for others via global and local computer networks; streaming of audio and video material on the Internet and to and from wireless and mobile devices; electronic transmission of data, documents and applications between computers and wireless and mobile devices; broadcasting of television programs featuring infomercials and point of sale teleshopping in taxis, at the gas pump, retail stores, kiosks and other locations; digital media network services, namely, broadcasting of programs via a global computer network, all in the fields of current news, weather, entertainment and advertising; Interactive delivery of video over digital networks; broadcasting services, namely, transmission of advertising programs and media advertising communications via digital communications networks; telecommunication services, namely, providing access to hosted applications, namely, software applications.

CLASS 40

Custom manufacture of payment terminals and payment transaction processing systems; technical support services, namely, providing technical advice in connection with the manufacture of computer hardware, computer software, payment terminals, and payment transaction processing systems.

CLASS 41

Providing training services in the field of customized installation and maintenance in connection with electronic payment terminals, payment hardware, electronic debit card and credit card readers, and electronic payment apparatus.

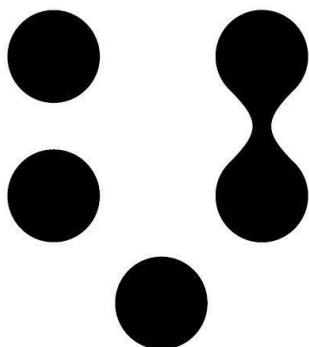

CLASS 42

Leasing services for computer hardware and computer peripheral equipment for use in electronic financial and commercial transaction data terminals and point-of-sale transaction terminals and other machines where cash or means of payment are used for financial and commercial transactions; on-line security services, namely, providing security and related identification information for electronically transmitted credit card, smart card and debit card transactions; installation, repair, and updating services in connection with software used in electronic payments terminals; research, design and product development services in connection with payment terminals and electronic payment systems; computer services, namely, monitoring services in connection with payment terminals, payment transaction processing systems, and network systems; product research and development; development of handheld, wireless and landline point-of-sale (POS) terminals, electronic cash registers, retail ATM units, kiosks with card payment capabilities including voucher printing, PIN pads, and smart card readers, as well as integrated PIN and smart card solutions, namely, electronic personal identification number (PIN) pads and smart card readers; development of computer software platforms for others which will enable on-site and call-center support services and that will with remote terminal management; development of computer software for others in the fields of electronic management of ATM devices, data management for prepaid electronic payment cards and data processing top-up management and back office solutions; development of computer software for others in the fields of electronic management of ATM devices, data management for prepaid electronic payment cards and data processing for business purposes; development of software for others for facilitating secure credit card transactions and financial management software; consultancy in the field of computer hardware and software; computer programming for others; computer software design for others in connection with payment and financial transactions; maintenance and updating of computer software for others in connection with payment and financial transactions; computer system design; computer systems analysis in connection with payment and financial transactions; technical assistance in the nature of computer software troubleshooting used in connection with payment technology; providing platforms on the Internet, namely, an on-line payment interface; providing temporary use of online non-downloadable middleware for providing an interface between software applications, web browser and electronic payment systems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware problems for payment terminals, and payment transaction processing software systems; providing technology information updates for computer hardware, software, payment terminals and payment transaction processing systems; maintenance and repair of computer software and technical support services, namely, providing technical advice on the design of computer hardware, computer software, payment terminals, and payment transaction processing systems; computer services, namely, providing temporary use of online non-downloadable computer software for information, namely, accessing financial data; industrial analysis and research services in the field of payment transaction processing, computer hardware, and computer software; design and development of computer hardware and software for others; technical support, namely, providing technical advice in connection with computer software; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems for payment terminals, and

payment transaction processing software systems; research, design and development services in connection with computer software, hardware, terminals, and electronic systems for use in debit card, credit card, smart card, and secure payment transaction processing, financial applications, security and identification services, and electronic transfer of financial data for use in the retail, retail franchise, department store, wholesale and service industry applications; research, design, and development services in connection with computer software for retail management and supply chain optimization and management, computer software for single and multiple channel retailers, and computer software for use by specialty and general merchandise retail chains and outlets, superstores, department stores, hospitality, and general merchandise industries, all for sales and demand forecasting, front store, back office, and warehouse inventory analysis and management, showroom management and product orders, business management, marketing, merchandise planning, ordering, and allocation, catalog, promotion, and price analysis, intake and cash flow analysis, stock control, product tracking, loss prevention analysis, deliveries, acquisitions, replenishment, procurement, merchandising, distribution, customer follow-ups, sales analysis across distribution channels, sales, customer relationship management (CRM), customer loyalty programs, and CRM data compilation and analysis; technical support services associated with computer software used for electronic payment terminals, and electronic payment transaction processing software systems; development of software for facilitating secure credit card and debit card transactions and financial management; providing temporary use of non-downloadable computer software for retail management and supply chain optimization and management, computer software for single and multiple channel retailers, and computer software for use by specialty and general merchandise retail chains and outlets, superstores, department stores, hospitality, and general merchandise industries, all for sales and demand forecasting, front store, back office, and warehouse inventory analysis and management, showroom management and product orders, business management, marketing, merchandise planning, ordering, and allocation, catalog, promotion, and price analysis, intake and cash flow analysis, stock control, product tracking, loss prevention analysis, deliveries, acquisitions, replenishment, procurement, merchandising, distribution, customer follow-ups, sales analysis across distribution channels, sales, customer relationship management (CRM), customer loyalty programs, and CRM data compilation and analysis; providing temporary use of non-downloadable computer software for use in management and analysis of sales information, inventory and other business data and processes at the front store, back office and head office, and provide connectivity and integration between stores and business units; providing temporary use of non-downloadable computer software for controlling a Point of Sale (POS) terminal configuration and data parameters, and for collecting and managing data from the POS; providing temporary use of non-downloadable computer software for use in controlling employees time, attendance, e-mail and messages; leasing services for electronic data terminals and point-of-sale terminals and other machines where cash or means of payment are used; leasing services in connection with computer software and hardware; leasing of computer hardware, point-of-sale terminals, PIN pads, peripheral devices, check scanners, electronic payment terminals, mobile electronic payment devices, and commercial transaction and payment processing software; providing online non-downloadable computer software for use in secure processing of commercial transactions and payments via credit card, debit card, smart card, loyalty card, gift card, stored value card, electronic benefits transfer (EBT) card, bank transfer, electronic check and electronic payments over a global computer information network; providing temporary use of online non-downloadable software to enable secure electronic payment and commercial transaction acceptance and processing, and to record, manage, and generate reports related to electronic payment and commercial transaction processing; installation, repair, and maintenance of computer software; providing computer software updates for others; installation, maintenance and repair of software used for electronic payments; providing customized installation and maintenance in connection with software used for electronic payments; development and operation of electronic payment systems of all kinds, namely, payment terminals, electronic payment transaction processing, and estate management for merchants; consultation services in connection with software and hardware requirements for use in connection with secure payment and commercial transaction processing and data consolidation; installation, repair and maintenance services in connection with payment software.

CLASS 45

Providing identification verification services, namely, providing authentication of personal identification information in relation to credit cards, smart cards and debit cards; computer security services, namely, monitoring services in connection with electronic payment terminals, electronic payment transaction processing systems and computer network systems for security purposes; identification verification services, namely, providing authentication of personal identification information.

CLASS 9

Computer programs for use in transaction processing and financial applications; computer printers for printing documents; scanners; card readers, namely, electronic card readers, flash card readers, magnetic encoded card readers, data capture devices, namely, computer hardware and peripheral devices used for data communications and transmitting data; electronic and magnetic data sensors and computer peripherals; telephones, modems, multiplexers, computer network interface units, and computers for electronic transfer of data; data terminals, namely, mobile data terminals, handheld terminals, countertop terminals, portable terminals; credit card, debit card, loyalty card, magnetic card, smart card and transaction processing terminals for electronic transactions; electronic cash registers; point of sale terminals; computer peripherals and data entry and inquiry terminals for operations management and for processing and transferring credit and debit card transactions, payments and financial data and other data presented thereto, for retail, wholesale and service industry applications, for retail chains and outlets, superstores, department stores, hospitality and general merchandise industry applications and computer software for such terminals; computer software for retail management and supply chain optimization and management; computer software for single and multiple channel retailers, and computer software for use by specialty and general merchandise retail chains and outlets, superstores, department stores, hospitality, and general merchandise industries, all for sales and demand forecasting, front store, back office, and warehouse inventory analysis and management, showroom management and product orders, business management, marketing, merchandise planning, ordering, and allocation, catalog, promotion, and price analysis, intake and cash flow analysis, stock control, product tracking, loss prevention analysis, deliveries, acquisitions, replenishment, procurement, merchandising, distribution, customer follow-ups, sales analysis across distribution channels, sales, customer relationship management (CRM), customer loyalty programs, and CRM data compilation and analysis; computer software for use in management and analysis of sales information, inventory and other business data and processes at the front store, back office and head office, and to provide connectivity and integration between stores or business units; computer software for controlling a Point of Sale (POS) terminal configuration and parameters, and for collecting and managing data from the POS; computer software for use in controlling employees time, attendance, e-mail and messages; computer software for use in debit card, credit card, smart card, loyalty card and secure payment transaction processing, financial applications, and electronic transfer of financial data; computer software for use in financial, credit card, smart card, debit card, and electronic transaction security, access, and identification services; computer software and mobile device applications that issues and manages mobile ticketing and vouchers in the fields of travel, public transportation, entertainment, sports, culture events and municipal services; computer software for use in connecting a store computer to Internet websites for credit card processing and e-commerce; computer software for use in secured transmission of information, namely, credit card details; computer programs for use in the management and processing of secured transactions over the Internet; computer program for management of invoices and debit notes; computer program for management of crediting and cancellation of financial transactions; point of sale terminals for management of sales, transactions, invoices, crediting and cancellation of financial transactions and for management of customer details; computer software for performing diagnostic, monitoring, troubleshooting and configuration functions on computer networks; interactive computer software for managing geographically dispersed computer networks; electronic controller for use to access to a computer network; communication software used to enable users to exchange and transfer data between two different handheld computers, portable computers or computer stations; secure terminals for the electronic transactions and transmission of data with a card or without contact.

CLASS 35

Business marketing services; providing advertising and marketing services to others, namely, providing point-of-sale marketing programs to others in connection with payment technology; promoting the goods of others, namely, providing coupons, rebates and vouchers for the goods of others; management and analysis of sales information, inventory and other business data and processes at the front store, back office and head office, and provide connectivity and integration between stores or business units services; business management services in the field of electronic systems for defrayment, secured payment and retail management; business management consultation services in the field of electronic systems for defrayment, secured payment and retail management; sales management consultation services; marketing and advertising services in the field of electronic systems for defrayment, secured payment and retail management; marketing and advertising consultation services in the field of electronic systems for defrayment, secured payment and retail management; customer relationship management consultation services; customer relationship management services; management consultation services in the field of employee administration; providing advertising space by electronic means and global computer information networks; promoting the goods of others, namely, providing information regarding discounts, coupons, rebates, vouchers and special offers for the goods of others; dissemination of advertising for others via an online electronic communications network.

CLASS 36

Financial transaction services, namely, providing secure and nonsecure commercial transaction and payment services using payment devices at point of sale; providing credit card, smart card, and debit card electronic payment authentication and verification services; providing electronic check, debit card, credit card, smart card, and electronic payment transaction processing services; mobile debit card, credit card, and electronic payment transaction processing services; wireless debit card, credit card, and electronic payment transaction processing services; payment processing solutions, namely, providing point-of-service electronic processing of debit and credit card transactions and electronic payments via electronic payment terminals; redeeming the vouchers of others for payment of goods or services; financial services in the field of retail and wholesale commerce, namely, financial transaction services, namely, providing secure commercial transactions and payment options for retail and wholesale commerce applications; financial and monetary affairs, namely, financial information, management and analysis services; services for authorizing and settling electronic payment transactions; electronic wallet (e-wallet) service, namely, stored-value account processing, namely, providing consumers with an e-wallet account for use in making secure electronic payments to merchants; electronic funds transfer; cryptocurrency payment processing.

CLASS 37

Installation, repair, and maintenance services in connection with payment terminals, payment hardware, debit card and credit card readers, and electronic payment systems and apparatus; installation, repair, and maintenance services in connection with payment terminals, computer hardware used to transact payments, electronic debit card and credit card readers, and electronic payment system computer hardware and apparatus; providing customized installation and maintenance services in connection with electronic payment terminals, payment hardware, electronic debit card and credit card readers, and electronic payment apparatus; technical support services, namely, troubleshooting in the nature of repair of computer hardware used for secure payment and commercial transaction processing; professional consultancy and information relating to the repair of electronic and computer hardware equipment; technical support services, namely, troubleshooting in the nature of repair of computer hardware; technical assistance, namely, troubleshooting in the nature of the repair of computer hardware used in connection with payment technology.

CLASS 38

Electronic transmission and streaming of digital media content for others via global and local computer networks; streaming of audio and video material on the Internet and to and from wireless and mobile devices; electronic transmission of data, documents and applications between computers and wireless and mobile devices; broadcasting of television programs featuring infomercials and point of sale teleshopping in taxis, at the gas pump, retail stores, kiosks and other locations; digital media network services, namely, broadcasting of programs via a global computer network, all in the fields of current news, weather, entertainment and advertising; Interactive delivery of video over digital networks; broadcasting services, namely, transmission of advertising programs and media advertising communications via digital communications networks; telecommunication services, namely, providing access to hosted applications, namely, software applications.

CLASS 40

Custom manufacture of payment terminals and payment transaction processing systems; technical support services, namely, providing technical advice in connection with the manufacture of computer hardware, computer software, payment terminals, and payment transaction processing systems.

CLASS 41

Providing training services in the field of customized installation and maintenance in connection with electronic payment terminals, payment hardware, electronic debit card and credit card readers, and electronic payment apparatus.

CLASS 42

Leasing services for computer hardware and computer peripheral equipment for use in electronic financial and commercial transaction data terminals and point-of-sale transaction terminals and other machines where cash or means of payment are used for financial and commercial transactions; on-line security services, namely, providing security and related identification information for electronically transmitted credit card, smart card and debit card transactions; installation, repair, and updating services in connection with software used in electronic payments terminals; research, design and product development services in connection with payment terminals and electronic payment systems; computer services, namely, monitoring services in connection with payment terminals, payment transaction processing systems, and network systems; product research and development; development of handheld, wireless and landline point-of-sale (POS) terminals, electronic cash registers, retail ATM units, kiosks with card payment capabilities including voucher printing, PIN pads, and smart card readers, as well as integrated PIN and smart card solutions, namely, electronic personal identification number (PIN) pads and smart card readers; development of computer software platforms for others which will enable on-site and call-center support services and that will with remote terminal management; development of computer software for others in the fields of electronic management of ATM devices, data management for prepaid electronic payment cards and data processing top-up management and back office solutions; development of computer software for others in the fields of electronic management of ATM devices, data management for prepaid electronic payment cards and data processing for business purposes; development of software for others for facilitating secure credit card transactions and financial management software; consultancy in the field of computer hardware and software; computer programming for others; computer software design for others in connection with payment and financial transactions; maintenance and updating of computer software for others in connection with payment and financial transactions; computer system design; computer systems analysis in connection with payment and financial transactions; technical assistance in the nature of computer software troubleshooting used in connection with payment technology; providing platforms on the Internet, namely, an on-line payment interface; providing temporary use of online non-downloadable middleware for providing an interface between software applications, web browser and electronic payment systems; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware problems for payment terminals, and payment transaction processing software systems; providing technology information updates for computer hardware, software, payment terminals and payment transaction processing systems; maintenance and repair of computer software and technical support services, namely, providing technical advice on the design of computer hardware, computer software, payment terminals, and payment transaction processing systems; computer services, namely, providing temporary use of online non-downloadable computer software for information, namely, accessing financial data; industrial analysis and research services in the field of payment transaction processing, computer hardware, and computer software; design and development of computer hardware and software for others; technical support, namely, providing technical advice in connection with computer software; technical support services, namely, troubleshooting in the nature of diagnosing computer software problems for payment terminals, and payment transaction processing software systems; research, design and development services in connection with computer software, hardware, terminals, and electronic systems for use in debit card, credit card, smart card, and secure payment transaction processing, financial applications, security and identification services, and electronic transfer of financial data for use in the retail, retail franchise, department store, wholesale and service industry applications; research, design, and development services in connection with computer software for retail management and supply chain optimization and management, computer software for single and multiple channel retailers, and computer software for use by specialty and general merchandise retail chains and outlets, superstores, department stores, hospitality, and general merchandise industries, all for sales and demand forecasting, front store, back office, and warehouse inventory analysis and management, showroom management and product orders, business management, marketing, merchandise planning, ordering, and allocation, catalog, promotion, and price analysis, intake and cash flow analysis, stock control, product tracking, loss prevention analysis, deliveries, acquisitions, replenishment, procurement, merchandising, distribution, customer follow-ups, sales analysis across distribution channels, sales, customer relationship management (CRM), customer loyalty programs, and CRM data compilation and analysis; technical support services associated with computer software used for electronic payment terminals, and

electronic payment transaction processing software systems; development of software for facilitating secure credit card and debit card transactions and financial management; providing temporary use of non-downloadable computer software for retail management and supply chain optimization and management, computer software for single and multiple channel retailers, and computer software for use by specialty and general merchandise retail chains and outlets, superstores, department stores, hospitality, and general merchandise industries, all for sales and demand forecasting, front store, back office, and warehouse inventory analysis and management, showroom management and product orders, business management, marketing, merchandise planning, ordering, and allocation, catalog, promotion, and price analysis, intake and cash flow analysis, stock control, product tracking, loss prevention analysis, deliveries, acquisitions, replenishment, procurement, merchandising, distribution, customer follow-ups, sales analysis across distribution channels, sales, customer relationship management (CRM), customer loyalty programs, and CRM data compilation and analysis; providing temporary use of non-downloadable computer software for use in management and analysis of sales information, inventory and other business data and processes at the front store, back office and head office, and provide connectivity and integration between stores and business units; providing temporary use of non-downloadable computer software for controlling a Point of Sale (POS) terminal configuration and data parameters, and for collecting and managing data from the POS; providing temporary use of non-downloadable computer software for use in controlling employees time, attendance, e-mail and messages; leasing services for electronic data terminals and point-of-sale terminals and other machines where cash or means of payment are used; leasing services in connection with computer software and hardware; leasing of computer hardware, point-of-sale terminals, PIN pads, peripheral devices, check scanners, electronic payment terminals, mobile electronic payment devices, and commercial transaction and payment processing software; providing online non-downloadable computer software for use in secure processing of commercial transactions and payments via credit card, debit card, smart card, loyalty card, gift card, stored value card, electronic benefits transfer (EBT) card, bank transfer, electronic check and electronic payments over a global computer information network; providing temporary use of online non-downloadable software to enable secure electronic payment and commercial transaction acceptance and processing, and to record, manage, and generate reports related to electronic payment and commercial transaction processing; installation, repair, and maintenance of computer software; providing computer software updates for others; installation, maintenance and repair of software used for electronic payments; providing customized installation and maintenance in connection with software used for electronic payments; development and operation of electronic payment systems of all kinds, namely, payment terminals, electronic payment transaction processing, and estate management for merchants; consultation services in connection with software and hardware requirements for use in connection with secure payment and commercial transaction processing and data consolidation; installation, repair and maintenance services in connection with payment software.

CLASS 45

Providing identification verification services, namely, providing authentication of personal identification information in relation to credit cards, smart cards and debit cards; computer security services, namely, monitoring services in connection with electronic payment terminals, electronic payment transaction processing systems and computer network systems for security purposes; identification verification services, namely, providing authentication of personal identification information.

CLASS 9

Software; software for vehicles, parts for vehicles and fittings for vehicles; software for suspension systems and vehicle shock absorbers for vehicles; mobile apps; application software for smart phones, smart TV, wireless devices, cloud computing services; protective and safety equipment; articles of protective clothing for wear by motorcyclists for protection against accident or injury; safety gloves for protection against accident or injury; boots for protection against accidents or injury; protective shoes; goggles; head protection; cases adapted for mobile phones and electronic tablets, computers; covers for glasses; downloadable electronic publications in the nature of magazines; instruction manuals in electronic format.

CLASS 12

Vehicle shock absorbers; shock absorbers for motorcycles, bicycles, snowmobiles and all-terrain vehicles; vehicle suspension systems; valves for shock absorbers and valves for suspension systems for vehicles; front forks and tubes for front forks for motor cycles and cycles; springs for shock absorbers; containers for shock absorbers; steering damper; parts and fittings for vehicles; suspension systems for vehicles.

CLASS 14

Keyrings; key chains; key rings (split rings with trinket or decorative fob); key fobs; jewelry; watches; wristwatches; pins (ornamental or jewelry); figurines (statuettes) of precious metal; trophies (prize cups); parts and components to the aforementioned goods.

CLASS 16

Vehicle bumper stickers; printed matter; stickers (decalcomanias); pens (office requisites); magazines; manuals for instructional purposes.

CLASS 18

Bags; backpacks; luggage, bags, wallets and carrying bags; umbrellas and parasols; parts and components to the aforementioned goods.

CLASS 21

Cups and mugs; water bottles; glasses, drinking vessels and barware; glass holders; drinks mats; hip-flasks.

CLASS 25

Clothing, footwear, headgear; sweatshirts; caps (headwear); baseball caps; stockings; belts (clothing); boots for motorcycling.

CLASS 37

Repair or maintenance of vehicles, vehicle parts, vehicle fittings and computer hardware; installation services of vehicle parts, vehicle fittings and computer hardware; automobile reconditioning services; maintenance, repair and reconditioning of shock absorbers for vehicles, motorcycles, bicycles, snowmobiles and all-terrain vehicles, suspension systems for vehicles, front forks for motor cycles and cycles and springs for shock absorbers; information, consultancy and advisory services relating to all of the aforesaid services.

CLASS 42

Design, development, programming, maintenance, implementation and updating of computer software; design, development, programming, implementation, maintenance and updating of computer software for vehicles, parts for vehicles and fittings for vehicles; design and development of parts and components for vehicles, suspension systems for vehicles, shock absorbers for motorcycles and bicycles and front forks for motorcycles and bicycles; product testing; quality testing; testing of vehicles; product research and development services; information, consultancy and advisory services relating to all of the aforesaid services.

CLASS 9

Computer application software for computers and mobile devices, namely, software for use in database management, electronic storage of data and electronic communication, namely, transmission of emails and instant electronic messages in the field of professional services, business engagement, work opportunities, business and worker profiles, engagement of freelance and other workers, worker skills assessment and evaluation, collaboration technologies and techniques, performing services via the Internet, and marketing of services; computer programs for creating searchable databases of information and data; downloadable software for communication between users, namely, transmission of emails and instant electronic messages, and for accessing documents, emails, videos, data, and files in the field of professional services, business engagement, work opportunities, business and worker profiles, freelance worker skills assessment and evaluation, collaboration technologies and techniques that allows users to exchange, store and view interpersonal communications and to share and collaborate on files and work products in real time or asynchronously, online business services, and marketing of services; computer software for use in matching skill sets and capabilities of workers with project requirements; computer software for monitoring workers, namely, software for tracking, monitoring and recording the activities and activity level of remote and online workers; computer software that enables communication and exchange of information among members of an online work team; computer software for creating a virtual office for collaborative online work by multiple parties; downloadable software for communication between users, namely, transmission of emails and instant electronic messages, and for accessing documents, emails, videos, data, and files in the field of professional services, business engagement, work opportunities, business and worker profiles, freelance worker skills assessment and evaluation, online business services, worker collaboration, and marketing of services; computer software for the transmission of email and instant electronic messages between users and with project vendors; computer software for online project management, and for monitoring, creating and maintaining records of work performed; computer software, namely, software for planning, scheduling, controlling, monitoring and providing details regarding freelance work projects; project management software; software for tracking of time, tasks, expenses and other project management data and for the creation of work diaries, time sheets, invoices, expense reports and project management reports; downloadable electronic publications, namely, reports, magazines, e-zines, newsletters, journals, white papers and supplements on topics of professional interest, all in the fields of business, jobs, computer software and hardware, recruiting and employment, and personal and career development; mobile application software for project management.

CLASS 35

Employment recruiting and placement services; invoicing.

CLASS 36

Providing bill payment and tracking services; financial information processing; financial transaction services, namely, providing secure commercial transactions and payment options; payment processing services for others, namely, escrow and payment verification services; bill payment services, namely, arranging for and managing the payment of workers for contract services; on-line escrow service for facilitating the payment for services.

CLASS 38

Electronic transmission of software, messages and data via the Internet and provision of online networking services; electronic storage of messages, data and software via the Internet; wireless communications services, namely, delivery of messages by electronic transmission via mobile and handheld devices.

CLASS 41

Providing online non-downloadable publications, namely, reports, magazines, e-zines, newsletters, journals, white papers and supplements, and summaries thereof, on topics of professional interest, all in the fields of business, jobs, staffing, personal development and career development, computer software and hardware, recruiting and employment, and personal and career development; educational and informational services, namely, arranging and conducting educational conferences, seminars, tutorials and workshops in the field of rendering and obtaining services on a freelance or outsourced basis; providing information regarding best practices in retaining freelance workers and regarding the rendering of freelance worker services via a website.

CLASS 42

Software as a service (SaaS) services featuring software for use in database management, electronic storage of data and electronic communication, for use in matching skill sets and capabilities of workers with project requirements, for creating searchable databases of information and data, and for monitoring workers.

CLINIPACE, INC. ; 3800 Paramount Parkway, Suite 100
Morrisville NC 27560, UNITED STATES OF AMERICA

CLASS 9

Computer software, namely, computer programs, computer program systems and program libraries, databases recorded on a data carrier in the field of pharmaceutical research and development.

CLASS 10

Medical apparatus, namely health monitoring equipment for clinical trials.

CLASS 16

Printed users manuals.

CLASS 35

Business consulting and management in the field of clinical trials, namely, clinical data and regulatory submission management on behalf of pharmaceutical, medical, healthcare, and life sciences companies to assist them with clinical research, clinical trials and applications for drug, biologic and device approval; business analysis, namely providing independent review of clinical trials for business purposes; contract research organization (CRO) services, namely, business management in the field of clinical trials, namely, clinical data management.

CLASS 37

Real estate site selection, namely, construction consultation in the course of building construction.

CLASS 38

Providing user access to a global computer network in connection with clinical trials and drug development; provision of access to a computer network in connection with clinical trials and drug development.

CLASS 39

Clinical trial logistical services such as delivering clinical trial kits to sites, delivering wearables to patients and/or site locations.

CLASS 41

Contract research organization (CRO) services, namely, custom writing for others for non-advertising purposes in the nature of medical writing of clinical study protocols and reports; consultation in the field of publishing and issuing scientific papers in relation to conducting clinical trials, regulatory affairs, drug development, manufacturing compliance and validation, advanced technology, clinical benchmarking and clinical performance improvement in the field of international health and in the pharmaceutical, biotechnology, and medical device industries.

CLASS 42

Contract research organization (CRO) services, namely, monitoring of clinical trials for drugs, biologics and devices of pharmaceutical, medical, healthcare, and life sciences companies for quality control purposes, and clinical trial project management in the nature of design and implementation of clinical trials and quality assurance for all major therapeutic areas, in particular gastroenterology, nephrology, urology, and oncology; consulting services in the field of conducting clinical trials in the pharmaceutical industry, the biotechnology industry and the medical device and diagnostics industries; providing quality assurance services in the field of regulatory submissions to the FDA by life sciences companies to ensure validity and accuracy; product development for others, namely, providing implementation services relating to the development and validation of drugs, biologics and medical devices; software as a service (SaaS) services featuring software for accessing, collecting, managing, tracking, analyzing, and reporting data and information on clinical trials; providing quality assurance services in the field of regulatory submissions to regulatory authorities and government agencies by life sciences companies to ensure validity and accuracy of clinical trials.

CLASS 44

Medical and pharmaceutical consultation.

CLASS 45

Legal assistance services, namely providing independent review of clinical trials involving human subjects, namely, reviewing research protocols and related information to ensure protection of the rights and welfare of human subjects of research; regulatory compliance consulting in the pharmaceutical, medical, healthcare, and life sciences fields.
