General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Scientific, research, navigation, surveying, photographic, imaging, cinematographic, optical, measuring, signaling, detecting, testing and inspecting apparatus and instruments for use in the field of satellites, synthetic aperture radars and satellite and radar imagery; satellite apparatus and parts and fittings therefor; satellite

processors; satellite receiving apparatus; satellite transceivers; satellite transmitters; satellite communication apparatus; satellite transmission apparatus; satellite transmitting apparatus; satellite imaging apparatus; target surveillance apparatus [optical]; target surveillance apparatus [satellite]; target surveillance apparatus [electronic]; target surveillance apparatus [electric]; target surveillance apparatus [telescopic]; target trackers [optical]; target trackers [satellite]; target trackers [telescopic]; target trackers [electronic]; target trackers [electric]; satellite imagery photo-interpretation software; software for satellite navigation systems; data processors; communications processors; micro-processors; image processors; raster image processors; colour video processors; digital signal processors; processors [central processing units]; central processing units [processors]; application processors; microscope video processors; intercommunication satellites; satellites; broadcasting satellites; telecommunication satellites; satellites for scientific purposes; autonomous satellites; satellites for signal transmission; solar powered satellites; satellites for communication purposes; radar; super high frequency [SHF] radar, radar tracking systems, radar systems; radar antennas; radar transmitters; radar connectors; radar installations; radar apparatus; radar instruments; radar receivers; radar detectors; radar displays; radar reflector apparatus; radar reflecting apparatus; synthetic aperture radar; synthetic aperture radar imaging apparatus; synthetic aperture radars for hi-resolution radar imagery; high-resolution interferometry synthetic aperture radars; synthetic aperture radar antennas; frequency-modulated continuous wave radars; antennas; sensors; parts and fittings for sensors; radar sensors; dual band (ultra high frequency/very high frequency) sensors; multispectral sensors, polarisation sensors, electrical and electronic sensors; satellites with active remote sensing technology; microwave detectors [radar]; maritime patrol radar; maritime patrol radars; radar receivers with amplifiers; infrared cameras; digital video cameras; high definition graphic chipsets; artificial intelligence and machine learning software; artificial intelligence and machine learning software for processing and analysis of satellite imagery, synthetic aperture radar data and imagery of the earth;

computers and computer peripheral devices; computer hardware, software and firmware for use in the field of satellites, synthetic aperture radars and satellite and radar imagery; computer software for the operation of satellites; interfaces for computers; computer software for use with synthetic aperture radars; radars used for 3-dimensional imagery; computer software for satellite imagery; computer hardware, firmware and software for environmental sensing; computer hardware, software and firmware for multispectral sensing and viewing; interactive databases; electronic databases; interactive and electronic databases containing satellite data; interactive and electronic databases containing satellite imagery; downloadable images; downloadable synthetic aperture radar images; downloadable satellite images; apparatus and instruments for recording, transmitting, reproducing or processing images and / or data; communication software; communications software; communications processing computer software; computer software for wireless network communications; unified communications software; data communications software; firmware; utility software; business software; business technology software; computer software for business purposes; software for the analysis of business data; telecommunications software; computer programs for use in telecommunications; image analyzers; programmable logic controllers; analysis instruments for photogrammetric purposes; instruments for analysing photographs; fire mapping and analysis software; downloadable computer software for remote monitoring and analysis; infrared optical apparatus; target seekers [telescopic]; target seekers [optical]; target seekers [electronic]; target seekers [electric]; optical apparatus and instruments; optical devices, enhancers and correctors; computer hardware for the compilation of positioning data; computer hardware for the processing of positioning data; computer hardware for the dissemination of positioning data; computer hardware for the transmission of positioning data; computer hardware for the collection of positioning data; target location apparatus [telescopic]; satellite navigational apparatus; satellite navigational instruments; position fixing apparatus; infrared locating apparatus; guidance and navigation systems; navigational and

positioning apparatus and instruments; navigation and positioning software; software for use in autonomous navigation; computer systems for unmanned, autonomous and robotic navigation; navigation, guidance, tracking, targeting and map making devices; downloadable digital photos; instruments for recording images; hi-resolution imaging apparatus; apparatus for recording images; instruments for amplifying images; apparatus for amplifying images; apparatus for recording of images; apparatus for transmission of images; recorded discs bearing images; apparatus for reproduction of images; software for processing digital images; electronic cards for processing images; computer programs for editing images, sound and video; computer software for converting document images into electronic formats; computer software for organizing and viewing digital images and photographs; central processing units for processing information, data, sound or images; cameras, multispectral cameras, rotationally stabilised cameras, on-board cameras, action cameras, surveillance cameras, infrared cameras, rapid scan cameras, high speed cameras, thermal imaging cameras, electronic imaging devices; electronic surveillance apparatus and instruments; thermal imaging apparatus [other than for medical use]; video imaging systems; light imaging detection and ranging apparatus; computer software for use with images; image processing software; computer software for 3D-visualisation and modelling; computer vision software; pattern recognition software; data networks; data processing equipment; data processors and data collection, capture, storage, analysis, transmission, processing and communication apparatus; computer software, hardware and firmware for data collection, capture, storage, analysis, transmission, processing and communication; microwave imaging apparatus; safety monitoring instruments and systems; batteries; solar powered batteries; solar cells; rechargeable cells; storage cells [electric]; repetitive imaging satellite systems; high altitude platforms (HAPs), namely, high altitude pseudo-satellites with computer hardware and recorded computer software for Earth monitoring; none of the above relating to spectacles.

Class 12

Airplanes; aircraft; high-altitude airplanes; airships; drones; unmanned aerial vehicles (UAVs), camera drones; military drones; drones and UAVs used for imaging; photography drones; autonomous vehicles namely autonomous airplanes; solar powered airplanes; solar powered autonomous vehicles; autonomous vehicles used for imaging; electrically powered aircraft; electric vehicles; parts and fitting for all the aforesaid goods.

Class 35

Collection of data; compilation of data; compilation of statistics; collection and compilation of geographical and earth observation data; collection and compilation of radar imagery data; collection and compilation of synthetic aperture radar data; collection and compilation of satellite data; statistical analysis and reporting; data and database management; data processing; data transcription; computerised data verification; business data analysis; retail and wholesale services connected with the sale of satellite imagery, synthetic aperture radar data, imagery of the earth; business project management; database management; information, advice and consultancy relating to all the aforesaid goods.

Class 37

Installation, maintenance and repair of scientific, research, navigation, surveying, photographic, imaging, cinematographic, optical, measuring, signaling, detecting, testing and inspecting apparatus and instruments for use in the field of satellites, synthetic aperture radars and satellite and radar imagery; installation, maintenance and repair of satellite apparatus and parts and fittings therefor; installation, maintenance and repair of target surveillance apparatus and target trackers; installation, maintenance and repair of radars and radar apparatus and instruments; installation, maintenance and repair of global positioning systems; repair of radars and radar apparatus, including synthetic aperture radars; repair of sensors; repair of

global positioning systems and navigational apparatus, and parts and fittings therefor; repair of imaging apparatus, cameras and parts and fittings therefor; information, advice and consultancy relating to all the aforesaid services.

Class 38

Telecommunication services; satellite transmission; satellite transmission services; transmission of vision via satellite; transmission of data via satellite; transmission of pictures by satellite; transmission of data by communications satellite; satellite transmission of sounds and images; sound and picture transmission via satellite; satellite transmission of data, sounds and images; transmission of data, sound and images by satellite; transmission of data, sound and images via satellites; satellite transmission of sounds, images, signals and data; transmission of audio and video content via satellite; communication services by satellite; communication of information by satellite; satellite communication services for business users; satellite transmission of data via an on-line global computer network; operation of telecommunications satellites; retransmission of images via satellite; electronic transmission of images; transmission of messages and images; computer aided transmission of images; transmission (computer aided -) of images; wireless electronic transmission of images; electronic transmission of images (services for the -); electronic transmission and retransmission of sounds, images, documents, messages and data; distribution of data or audio visual images via a global computer network or the internet; information, advice and consultancy relating to all the aforesaid services.

Class 40

Treatment of aerial or satellite photographs; photographic image processing; custom manufacture and assembly of scientific, research, navigation, surveying, photographic, imaging, cinematographic, optical, measuring, signaling, detecting, testing and inspecting apparatus and instruments for use in the field of satellites,

synthetic aperture radars and satellite and radar imagery; custom manufacture and assembly of satellite apparatus and parts and fittings therefor; custom manufacture and assembly of target surveillance apparatus and target trackers; custom manufacture of radars and radar apparatus, including synthetic aperture radars; custom manufacture of sensors; custom manufacture of global positioning systems and navigational apparatus, and parts and fittings therefor; custom manufacture of imaging apparatus, cameras and parts and fittings therefor; information advice and consultancy relating to all the aforesaid services.

Class 41

Photography; photography using satellites; photography using drones and unmanned aerial vehicles; education and training services relating to satellites, synthetic aperture radars and satellite and radar imagery; library and archive library services; electronic and online library and archive library services; photographic and image library services; image archive library and library services provided by means of a computerised database; information, advice and consultancy relating to the aforesaid services.

Class 42

Scientific and technological services and research and design relating thereto; scientific and technological services in the field of satellites, synthetic aperture radars, and satellite and radar imagery; scientific and technological research services; computer software and hardware design and development; software as service [SaaS] featuring software for machine learning and artificial intelligence for processing and analysis of satellite imagery, synthetic aperture radar data and imagery of the earth; development of software for machine learning and artificial intelligence for processing and analysis of satellite imagery, synthetic aperture radar data and imagery of the earth; programming of telecommunications software; technical research; engineering research; research relating to technology; research

(scientific -); scientific research; scientific analysis services utilizing radar; computer analysis; analysis (computer systems -); systems analysis (computer -); computer systems analysis; computer system analysis; computer analysis services; analysis of telecommunication signals; testing, analysis and monitoring of telecommunication signals; analytical services relating to computer programs; analytical services relating to computers; testing, analysis and monitoring of navigation signals; encryption of digital images; encoding of digital images; electronic storage of images; digital imaging services [digitalisation and scanning of images]; mapping services; mapping earth; mapping of earth's resources; topographic change mapping; geospatial mapping; mapping data analysis; geospatial data analysis; satellite digitization of images; computer programming services for the analysis of data; technical data analysis; design and development of image processing software; electronic storage of archived data; preparation of scientific and technical reports; mathematical research services; design of mathematical models; design and development of algorithms; development and testing of computing methods, algorithms and software; computer programming services for data warehousing; hosting of databases; electronic data storage; design and development of computers and computer peripheral devices; design and development of scientific, research, navigation, surveying, photographic, imaging, cinematographic, optical, measuring, signaling, detecting, testing and inspecting apparatus and instruments for use in the field of satellites, synthetic aperture radars and satellite and radar imagery; design and development of satellite apparatus and parts and fittings therefor; design and development of target surveillance apparatus and target trackers; design and development of satellite imagery photo-interpretation software and software for satellite navigation systems; design and development of computer hardware, software and firmware for use in the field of satellites, synthetic aperture radars and satellite and radar imagery; software as a service (SaaS) in the field of satellites, synthetic aperture radars, and satellite and radar imagery; providing online non-downloadable software in the field of satellites, synthetic aperture radars, and

satellite and radar imagery; platform as a service (PaaS) in the field of satellites, synthetic aperture radars, and satellite and radar imagery; testing, analysis and monitoring of satellites and radars; information, advice and consultancy relating to all the aforesaid services.

Class 45

Licensing services; licensing services connected with the licensing of satellite imagery, synthetic aperture radar data, imagery of the earth; licensing of software; licensing of technology.

Isocyanate; isocyanate compounds; chemicals comprising polyol and isocyanate; chemical coatings; diisocyanate; monomers used in the manufacture of plastic lenses; chemical coatings for plastic lens; chemical additives for use in the manufacture of plastics; chemicals for use in the manufacture of plastics; polyisocyanate; monomers used in the manufacture of polyurethane resins; polyether polyol; polyester polyol; chemical additives; scratch-resistant chemical coating agents for spectacles and spectacle lenses; protective-surface chemical coating agents for spectacles and spectacle lenses; chemical coatings for industrial purposes; synthetic taurine for industrial purposes; resin coating agents (chemicals), other than paints; resin surface modifying preparations; scratch-resistant chemical coating agents; chemical additives for conductive material; chemical binding agent for conductive material; chemical additives for paints; chemical hardeners for paints; modifiers for thermoplastics; protective-surface chemical coating agents; chemical additives for use in the manufacture of chemicals; chemicals for binders; chemical additives for industrial use; chemicals for industrial binders; rheology modifiers for conductive material; electrolyte solution (chemicals); rheology modifiers for plastics, unprocessed; rheology modifiers for synthetic resins, unprocessed; dispersions of plastics; polyols; polypropylene glycol; glue and adhesives for industrial purposes; polymer polyol; preparations for preventing the tarnishing of lenses; chemicals for use in the manufacture of pharmaceuticals; chemicals; plasticizers; chemical preparations for the manufacture of pigments; chemicals used in industry; resin

modifier; chemical preparations for use in the manufacture of paints; mold-release preparations; acrylic monomers; chemicals used for plastic molding; plastics (raw materials) for ink binder; phenolic resins; phenolic resins, unprocessed; chemical additives used in plastic products; plastic molding compounds for use in the manufacture of molded plastic articles and plastic films; polyethylene resins; polyethylene resins, unprocessed; polyurethane raw material (chemicals); polyolefin-based thermoplastic elastomer resins; thermoplastic elastomer resins; elastomer resins, unprocessed; polyimide resin; polyurethane resins; polyurethane resins, unprocessed; synthetic materials for absorbing oil; polyolefin resin; polyolefin resin in dispersion form; polyolefin resin in powder form; polypropylene resins; polypropylene resins, unprocessed; polyolefin resin used as a resin modifier; condensation plastics; condensation plastics, unprocessed; synthetic resin used in the manufacture of adhesives; unprocessed plastics for paint binder; synthetic resin for paint; plastics raw materials for paint; acrylic resins; acrylic resins, unprocessed; UV curable resin, unprocessed; adhesives used in industry; adhesives for industrial purposes; chemical fertilizers; higher fatty acids; photoresists; synthetic resins, unprocessed; artificial resins, unprocessed; fluorine resin; plastics (raw materials); polyethylene terephthalate resin; unprocessed synthetic resins for use in the manufacture of molding compounds; synthetic pulp; semichemical pulp; chemical pulps.

Class 16

Plastic bag for draining for use in household and industrial purposes; kitchen paper of non-woven fabrics (being kitchen paper); towels of non-woven fabrics (being towels of paper); paper tissues and tissues of non-woven fabrics (paper products); table napkins of non-woven fabrics (being table napkins of paper); handkerchiefs of non-woven fabrics (being handkerchiefs of paper); hygienic hand towels of non-woven fabrics (being hygienic hand towels of paper); hand towels of non-woven fabrics (being hand towels of paper); industrial packaging containers of paper; bags (pouches) of plastics, for packaging; food wrapping plastic film for household use;

garbage bags of plastic; sheets of non-woven fabrics for cooking (paper products); hygienic hand towels of paper; plastic cling film, extensible, for palletization; plastic bubble packs for wrapping or packaging; food heating sheets of paper for use in microwave cooking for household purposes; food wrapping plastic film for industrial purposes; body cleaning sheet of paper; pastes and other adhesives for stationery or household purposes; bags for microwave cooking; plastic film for wrapping; plastic films used as packaging for food; plastic sheet for wrapping; bags (pouches) of plastics, for wrapping; plastic wrap films; plastic wrap; food wrapping plastic film for household purposes; food wrapping plastic bags for household purposes; food wrapping plastic bags for commercial use; food wrapping plastic film for commercial use; wrapping plastic film for commercial use; plastic film and sheet used as packaging for food; bags (pouches) of plastics used as packaging for food; plastic bags for packaging; plastic bags for packing; plastic films for packaging; plastic sheets for packaging; plastic sheets, films and bags for wrapping and packaging; wrapping plastic film for the fresh-keeping of food, fresh flowers and other perishable items; wrapping plastic film for the fresh-keeping; wrapping plastic bags for the fresh-keeping of food, fresh flowers and other perishable items; wrapping plastic bags for the fresh-keeping; wrapping plastic film for preserving of food, fresh flowers and other perishable items; wrapping plastic film for preserving; wrapping plastic bags for preserving of food, fresh flowers and other perishable items; wrapping plastic bags for preserving; commercial plastic bags for preserving foodstuffs.

Class 17

Junctions for pipes comprised primarily of rubber with metal; junctions for pipes comprised primarily of plastic with metal; pipe couplings and joints of plastic; materials for absorbing oil to contain oil spills; oil absorbent sheets, films, ribbons, pads, pillows, sponges, blocks, pellets, and powders for containing oil spills; seals; weatherstripping compositions; sealant compounds for joints; substances for insulating buildings against moisture; chemical compositions for repairing leaks; non-

conducting materials for retaining heat; reinforcing materials, not of metal, for pipes; pipe couplings and joints, not of metal; floating anti-pollution barriers; insulating materials; electrical insulating materials; chemical fiber composed of plastics for use in manufacturing products in the fields of food packaging materials, medical packaging materials, paper products, paints, coating materials, construction materials, building materials, cosmetics, toiletry, commodities, sanitary materials, vehicle, furniture materials, plastic materials, industrial materials, industrial equipment and machinery; chemical fiber yarn and thread composed of plastics for use in manufacturing products in the fields of food packaging materials, medical packaging materials, paper products, paints, coating materials, construction materials, building materials, cosmetics, toiletry, commodities, sanitary materials, vehicle, furniture materials, plastic materials, industrial materials, industrial equipment and machinery; acoustic insulating materials; soundproofing material; packing (cushioning, stuffing) materials of rubber or plastics; cushioning materials of plastics for packing; plastic films for agricultural purposes; semi-finished plastic composite materials jointed, hybridized and integrated with metal; plastic sheeting for agricultural purposes; protective film of plastic, other than for wrapping; flexible pipes, not of metal; flexible tubes and hoses, not of metal; self-adhesive tapes for industrial or commercial use; metalized plastic films, other than for wrapping; adhesive tapes for industrial purposes; adhesive tapes, other than stationery and not for medical or household purposes; adhesive bands, other than stationery and not for medical or household purposes; conductive plastic films, other than for wrapping; conductive plastic sheets; plastic films for protecting surfaces; adhesive-coated plastic films for protecting surfaces; plastic semi-worked products; foamed plastic sheets; reflective plastic films and sheets for use in further manufacture for commercial and industrial use; reflective plastic films for use in further manufacture for commercial and industrial use; semi-worked synthetic resins as semi-finished products in the form of polarizing films; piezoelectric plastic films; piezoelectric plastic sheets; metalized plastic sheets, other than for wrapping; artificial resins (semi-finished products);

laminated boards of plastics; semi-finished rubber composite materials jointed, hybridized and integrated with metal; adhesive-coated plastic sheets for use in manufacture; plastic sheets, other than for wrapping; plastic film, other than for wrapping; plastic film other than for wrapping for commercial and industrial use; plastic films for use in the manufacture of plastic films used as packaging for food; heat-shrinkable plastic films; plastic substances, semi-processed; plastic semi-worked products for use in manufacture of bags (pouches) of plastics, for packaging; plastic films for use in manufacture of bags (pouches) of plastics, for packaging; plastic sheets for use in manufacture of bags (pouches) of plastics, for packaging; plastic semi-worked products for use in manufacture of plastic film for wrapping; plastic films for use in manufacture of plastic film for wrapping; plastic sheets for use in manufacture of plastic film for wrapping; plastic semi-worked products for use in manufacture of plastic sheets for wrapping; plastic films for use in manufacture of plastic sheets for wrapping; plastic sheets for use in manufacture of plastic sheets for wrapping; plastic film other than for wrapping; film made from polyolefin resin, other than for wrapping; plastic tube, board, pole, bar; antifungal or antibacterial plastic sheets or films, other than for wrapping; shock-absorbing buffers of rubber or plastics for packing purposes; thermal insulating, soundproofing, and acoustic insulation materials for railroad tracks; thermal insulating, soundproofing, and acoustic insulation materials for highways; fabrics for thermal insulating, soundproofing, and acoustic insulation; felt for thermal insulating, soundproofing, and acoustic insulation; nonwoven fabrics for thermal insulating, soundproofing, and acoustic insulation; thermal insulating materials (excluding building materials); compositions to prevent the radiation of heat; acoustical insulation barrier panels; soundproofing panels; thermal insulating, soundproofing, and acoustic insulation materials made of plastics; thermal insulating, soundproofing, and acoustic insulation materials made of non-woven fabrics.

Class 24

Non-woven fabrics for agricultural purposes; woven fabrics, other than edging ribbons for tatami mats; non-woven textile fabrics; non-woven fabrics; non-woven fabrics for filtering; non-woven fabrics for filtration; oilcloth; household linen; futon quilts; bed linen; table linen; dish towels; curtains; wet wipes of non-woven rayon (being cloth wet wipes).
