General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition

Purposes

National Trade Mark No: 40201904065S
Filing Date: 25 February 2019

Goods and/or Services:

Class 09

Devices and software for use to connect and control internet of things (IoT) devices; devices for home monitoring, control, and automation; Security surveillance apparatus; Alarm monitoring systems; devices and computer software that allow the sharing and transmission of data and information between devices for the purposes of facilitating home monitoring, control, and automation; Data processing equipment; Intercommunication apparatus; home automation control devices; stand-alone voice controlled information processing and display devices; anti-intrusion and anti-theft warning apparatus and devices; theft prevention installations; Security control apparatus; Photographic apparatus and instruments; Optical apparatus and

instruments; Apparatus for recording, transmission or reproduction of sound or images; computer hardware and software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing images, audio, video and data files; communication devices for voice, data, or image transmission; voice and data transmitters and receivers; Computer software; electronic doorbells; electronic doorbells with a camera allowing persons to identify who is at their door from remote locations; electronic door entry systems; Electronic locks; motion sensors, alarms, alarm sensors, alarm systems, sensors and detectors, and speakers; Video monitors; Security cameras; video cameras for monitoring the interior and exterior of residences and commercial buildings, and wireless controllers to remote monitoring, control, and automation; video streaming devices, video recording, and video receiving devices; Cameras; solar powered cameras; Webcams; apparatus and devices providing night vision; alarm system and camera mounts and stands; environmental hazard detectors, namely, devices that detect and record the presence of water, humidity levels, heat, temperature, movement, motion, and sound; closed circuit television apparatus and cameras; security apparatus incorporating lights; pet and baby monitors, audio-video pet monitors; pet cameras; Electric signs; security software; computer software for sharing videos; computer application software for sharing videos; computer software and software applications for home security, surveillance, monitoring, control, and automation; software and software applications permitting users to identify and communicate with persons at their door; software development kits (SDKs) consisting of computer software for the development, use, and interoperability of APIs that are used by electronic devices, systems, and interchanges that exchange data via communications networks and the internet and that connect with cloud-based data storage and exchange services; software development kits (SDKs) comprising of software development tools and software for use as an application programming interface (API) for creating software and applications related to theft-prevention and security systems, and home and business surveillance systems;

voice command and recognition software; computer software used for controlling stand-alone voice controlled information and personal assistant devices; electronic video surveillance products, namely, electronic components of security systems; navigation software for use with smart, autonomous vehicles and mobile machines for use in connection with internet of things (IoT) enabled devices; software for use in tracking and monitoring position and range of smart, autonomous vehicles and mobile machines for use in connection with internet of things (IoT) enabled devices; behavior engine software, positioning engine software, positioning sensors and dynamic intelligent software and sensors for use in connection with internet of things (IoT) enabled devices; automated self-contained electronic surveillance devices that can be deployed to gather evidence or intelligence; Wearable activity trackers; wearable cameras; wearable computers in the nature of smartwatches; wearable computers in the nature of smart glasses; Wearable video display monitors; Communications headsets for use with mobile phones, communication radios, intercom systems, or other communications network transceivers; vehicle camera mounts; Light switches; lighting controls; Light diodes; safety sensors, namely, carbon monoxide detectors, smoke detectors, combination carbon monoxide and smoke detectors, fire detectors, gas leak detectors, temperature detectors, humidity detectors, air quality detectors, water leak detectors, water freeze detectors, and combination water leak and water freeze detectors; safety alarms, namely, carbon monoxide alarms, smoke alarms, fire alarms, gas leak alarms, water leak alarms, and water freeze alarms; downloadable computer software for use in collecting, monitoring, storing, sharing, and transmitting data from networked safety sensors and networked safety alarms; transmitter and receiver used to locate lost pets; computer hardware and software for tracking the location of pets; computer hardware and downloadable software for users to locate, monitor, and track the position of personal property; GPS tracking devices for locating, monitoring, and tracking the position of personal property; electronic devices for users to locate, monitor, and track personal property programmed to use global positioning systems

(GPS) and cellular communications; transmitter and receiver to enable users to locate, monitor, and track personal property; downloadable software for users to monitor position and range of location-tracking devices used in connection with internet of things (IOT) enabled devices for locating, monitoring, and tracking personal property.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; floodlights, spotlights, wall lights; Light bulbs; LED light bulbs; Lighting fixtures; lighting fixtures with motion detection; battery powered lighting fixtures; electric lighting fixtures, namely, power failure backup safety lighting; Sconce lighting fixtures; Lanterns for lighting; light-emitting diodes [LED] lighting apparatus, fixtures and installations; lighting apparatus, namely, lighting installations; Ceiling lights; Ceiling light fittings; Electric night lights; LED (light emitting diodes) lighting fixtures for use in display, commercial, industrial, residential, and architectural accent lighting applications; LED lighting fixtures for indoor and outdoor lighting applications; lights for illuminating stairs, doors and other portions of buildings; portable battery-operated lights that can be placed on surfaces where other light sources are unavailable; portable utility lights; solar light fixtures, namely, indoor and outdoor solar powered lighting units and fixtures; Spot lights; Wall lights; fixtures for incandescent light bulbs; lighting fixtures for use in parking decks and garages; lighting fixtures for use in parking lots and walkways; electrical magnifying light fixtures; Miniature light bulbs; lighting fixtures that integrate natural daylight and fluorescent lighting into the fixture; lighting for cabinets, pantries, work spaces, sheds, shelving units, and cupboards; power outage lighting systems.

Class 35

Data processing services; collection of data, namely, electronic data collection services for business purposes in the fields of home and business security database

and computerized file management; Computerized database management; compilation and systemization of business data into computer databases; promoting consumer awareness of safety and crime prevention; collection of data, namely, electronic data collection; database file management for management, compilation and systemization of data in the field of home and business security; online retail store services featuring a wide variety of consumer goods of others; online retail store services in the fields of consumer electronics, general consumer merchandise, security and surveillance equipment, and audiovisual equipment; retail store services and online retail store services in connection with devices and software for use to connect and control internet of things (IoT) devices, devices for home and environmental monitoring, control and automation, apparatus for recording, transmission or reproduction of sound or images, computer hardware, communication devices for voice, data, or image transmission, home automation control devices, intercommunication apparatus, optical apparatus and instruments, photographic apparatus and instruments, stand-alone voice controlled information devices, speakers, video streaming devices, video recording devices, video receiving devices, voice and data transmitters and receivers, alarms, alarm monitoring systems, alarm sensors, alarm systems, alarm system and camera mounts and stands, anti-intrusion and antitheft warning apparatus and devices, apparatus and devices providing night vision, closed circuit television apparatus and cameras, doorbells, electronic locks, security surveillance apparatus, sensors and detectors, theft prevention installations, software, computer software, security software, software applications, voice command and recognition software, and parts, fittings and accessories for all the aforesaid goods; transcription of audio communications; arranging subscriptions to telecommunications database services for others; compilation of video and audio recordings.

Class 38

Telecommunication services; electronic communication services, namely,

transmission of information by electronic communications networks; electronic transmission of data, audio, video, and audio/video files via global computer network; transmission of messages, voice, data, video, and images through a global computer network; video broadcasting services over the Internet or other communications network, namely, electronically transmitting video clips; Video communication services; Streaming of data; providing voice communication services via the Internet; subscription-based video-on-demand transmission of programs; wireless broadband communications services, namely, video broadcasting services; Video telephone services; Data communication by electronic mail; consultancy and advisory services relating to telecommunications services; Internet broadcasting services; providing voice communication services over the Internet, namely, voice over internet protocol (VOIP) services.

Class 41

Audio and video recording services; subscription video recording services; electronic library services for the supply of electronic information (including archive information) in the form of audio and/or video information; production of video and audio recordings; consultancy and advisory services relating to the aforesaid services.

Class 42

Platform as a service featuring computer software for use to connect and control internet of things (IoT) electronic devices; software as a service (SAAS) services featuring computer software for use to connect and control internet of things (IoT) electronic devices; platform as a service (PAAS) featuring computer software platforms for use with home and environmental monitoring, control, and automation systems; software as a service (SAAS) services featuring computer software for use with home and environmental monitoring, control, and automation systems; platform as a service featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices; software as a

service (SaaS) featuring computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices; software as a service (SAAS) in the form of security and anti-theft software applications; providing temporary use of online non-downloadable security and anti-theft software applications; software as a service (SAAS) in the form of software applications permitting users to identify and communicate with persons at their door; providing temporary use of online non-downloadable software applications permitting users to identify and communicate with persons at their door; software as a service (SAAS) in the form of voice command software applications; computer services, namely, providing an internet site featuring technology for use in home monitoring, control, and automation systems; computer services, namely, providing an internet portal featuring technology enabling users to remotely interact with home and environmental monitoring, control, and automation systems; providing temporary use of online non-downloadable software for recording, viewing, storing, sharing and analyzing online audio and video; providing temporary use of online non-downloadable software for the management and transmission of data; Design and development of computer hardware and software; hosting a website for the electronic storage of data; Monitoring of computer systems by remote access; monitoring of camera systems by remote access; Installation, maintenance and repair of computer software; cloud recording and storage services; electronic storage of electronic media, namely, images, text, audio, and video data; providing an online non-downloadable internet-based application featuring technology enabling users to share videos; providing an on-line network environment that features technology that enables users to share data; providing temporary use of online non-downloadable software for recording, viewing, storing, sharing, and analyzing data; information technology support services; provision of computer software technical support;

consultancy and advisory services relating to the aforesaid services; hosting of a website featuring information about safety and crime prevention.

Class 45

Home security monitoring services; consultancy, advisory and information services relating to home and business security monitoring; electronic monitoring and security services for residential and commercial properties; providing information about safety and crime prevention; security and surveillance services by means of analysis of video and audio recorded for home security monitoring purposes; monitoring of camera systems by remote access to detect home security invasions and breaches of home perimeters; monitoring of computerised surveillance systems by remote access to detect home security breaches for security guarding purposes; surveillance services relating to the physical safety and security of persons and property; Security guarding services to monitor residential and commercial properties provided by security personnel.

; Advertising; Business management; Business administration; Office functions; business consulting services in the field of online collaboration and collaboration technologies; providing computerized online ordering services; business consultancy services relating to facilitating the transaction of business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; dissemination of business information of goods and services of others via local and global computer networks; provision of online business consultancy services in relation to the sourcing of goods and services and fulfilling trade leads and orders; auctioneering and business evaluation services provided online via a computer database or the Internet; online retail services of consumer products; business consultancy services relating to operating an electronic marketplace for the buyers and sellers of goods and/or

services on a global computer network; business assistance relating to facilitating business transaction via local and global computer networks; provision of sales promotion, business, advertising and promotional information through a global computer network and via the Internet; Business administration services for the processing of sales made on the Internet; business management services relating to electronic commerce; organization, operation and supervision of loyalty and incentive schemes; Advertising services provided via the Internet; Production of television and radio advertisements; Auctioneering; arranging of trade fairs for commercial and advertising purposes; Organization of fashion shows for commercial purposes; Organization of fashion shows for promotional purposes; Opinion polling; Data processing; Provision of business information; Advertising agency services; advertising services provided for others; Database management; Compilation of information into computer databases; Business consulting services; business consulting services in the field of web-based events, conferences, training programs, learning programs and seminars; business consulting services in the field of delivering web-based knowledge; business consulting services in the fields of sales and marketing; Business project management services; business project management services relating to the development, set up, staging, production, recording, monitoring and follow-up of web-based events, conferences, training programs, learning programs and seminars; market research and business consulting services; advertising of goods and services of others via local and global computer networks; international import and export agency services; rental of advertising space on communication media; compilation of business directory of third party websites to facilitate business transactions; Commercial administration of the licensing of the goods and services of others; corporate management consultancy services; marketing and promotion services; Publication of publicity materials; marketing of vacant premises; dissemination of advertising materials, updating of advertising materials, compilation of advertisements for use as web pages on the Internet; Rental of advertising space; Computer data processing; sales promotion

(for others); Business information services; promotional information services; telephone answering (for unavailable subscribers); telephone answering (for others); Auctioneering provided on the internet; Personnel management; presentation of goods on communication media for retail purposes; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise Internet website and in a wholesale outlet; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from retail outlets; retail and wholesale of semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture, telephones, mobile phone handsets, mobile phone parts and fittings, electronic and telecommunications goods, computer hardware and computer software, batteries, battery chargers, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images and/or sound, precious metals, jewellery, precious stones, printed matter, stationery and magnetic and non-magnetically encoded cards, furniture, picture frames, household and kitchen utensils, glassware, porcelain and earthenware, textiles, clothing, footwear, headgear, laces and embroidery, buttons, ribbons, pins and needles, artificial flowers, carpets, rugs, games and electronic toys, chemicals used in industry, science, photography and agriculture, paints, varnishes and lacquers, personal hygiene

products, soaps, perfumery, cosmetics, hair and body lotions, essential oils, cleaning and bleaching preparations, lubricants, fuels, candles, pharmaceutical, veterinary and sanitary preparations, ironmongery and small items of metal hardware, machines and machine tools, cutlery, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic and optical apparatus and instruments, spectacles and sun glasses, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, silverware, horological and chronometric instruments, musical instruments, magazine, cards, paper and cardboard products, picture, typewriters and office requisites, packaging materials, rubber and plastics for manufacture use, packing and insulating materials, leather and imitations of leather and goods made from these materials, handbags, purses, wallets, leather holders, bags, luggage, umbrellas, mirrors, ropes, string, nets, tents, yarns and threads for textile use, coat hangers, place mats, dressmaker's articles, bed and table covers, playthings and sporting articles, foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, alcoholic beverages, floral products, tobacco, smokers' articles and matches; Direct mail advertising; Import-export agency services; Provision of information and advice to consumers regarding the selection of products and items to be purchased; Procurement services for others [purchasing goods and services for other businesses]; ordering services [for others]; department store retailing services; supermarket retailing services; Secretarial services; Provision of business statistical information; Organization of exhibitions for commercial or advertising purposes; business assistance services relating to compilation and rental of mailing lists; business investigation; business referral services and personnel placement; import-export agencies services relating to import-export goods clearance; arranging

newspaper subscriptions (for others); document reproduction; message transcription services; Stenographic transcription; Rental of office equipment; business management services relating to customer relationship; business management and administration services relating to sponsorship programmes; Accounting services; Accountancy; Charitable services, namely business management and administration; Rental of sales stands; Provision of commercial and business contact information; Search engine optimization; Website traffic optimization; Pay per click advertising; Commercial intermediation services; Business management for freelance service providers; Negotiation and conclusion of commercial transactions for third parties; Updating and maintenance of data in computer databases; Business project management services for construction projects; Providing business information via a website; compilation of business information relating to domain names; consultancy, information and advisory services relating to the aforesaid services; all included in Class 35.

Class 41

; Education; Providing of training; Entertainment; Sporting and cultural activities; publication of texts, and printed matter, (other than publicity texts); publication of diagrams, images and photographs; publication of newspapers, magazines and periodicals; education, training and instruction services relating to telecommunications, computers, computer programs, website design, electronic commerce, business management and advertising; providing online electronic publications, non-downloadable; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; Design of educational courses; academic examination services, namely, design of examination scripts; entertainment provided via electronic and digital interactive media; Electronic games services provided by means of the internet; information relating to entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not

downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet websites; entertainment and educational services relating to planning, production and distribution (other than transportation) of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communication systems; Music entertainment services; preparation of entertainment, educational, documentary and news programmes for broadcasting; news reporters' services; information relating to sporting or cultural events, news programmes and current affairs programmes provided by satellite television transmission, the Internet or by other electronic means; provision of entertainment information online; provision of entertainment information via a global computer network; providing entertainment through provision of non-downloadable multimedia files containing audio and video, television programs and films via a global computer network; providing entertainment through movies, video games, computer games and entertainment in the form of sound or images via communication networks and global computer networks; providing online computer games and contests; rental of pre-recorded video tapes; Providing online videos, not downloadable; provision of on-line non-downloadable electronic publications streamed from the Internet or on a computer network or a computer database; provision of information relating to education, training, entertainment, recreation, sporting, social and cultural activities; arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting concerts; arranging, organizing, hosting and conducting events and competitions for education or entertainment purposes; arranging, organizing, hosting and conducting game shows and quests; Entertainment ticket agency services; Rental of sound recordings; production of television programmes, radio programmes and films; premium or pay television programming services [scheduling of programs] and television programming services [scheduling of programs]; scriptwriting for television entertainment programs; organization and production of television entertainment programs; preparation and

production of television programmes; provision of entertainment information, data, graphics, sound, music, videos and animation for entertainment purposes; publication of texts (other than publicity texts) for entertainment purposes; Game services; provision of club recreation, sporting and gymnasium facilities; band performances; club entertainment, discotheque, fashion show [entertainment] and night club services [entertainment]; club services relating to entertainment, education and cultural services; providing non-downloadable films and television shows via video-on-demand transmission services; providing entertainment services via a global communication network featuring a wide variety of general interest entertainment information relating to motion picture films, television show programs, reality shows, comics, musical videos, related film clips, photographs, and other multimedia materials; providing online non-downloadable video clips and other multimedia digital content containing audio, video, artwork, and/or text from or related to an ongoing television series; providing information, reviews and recommendations regarding movies and television shows via a website and video-on-demand transmission services; providing information, news and commentary in the field of entertainment; entertainment services in the nature of development, creation, production, distribution, and post-production of motion picture films, television shows, reality shows, special events and multimedia entertainment content; entertainment services in the nature of a live theatrical, musical or comedic performance; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops; organizing and conducting exhibitions (for cultural or educational purposes), fashion shows (for entertainment, cultural or educational purposes), educational shows and cultural shows and performances; art exhibition and gallery services; art gallery services relating to the rental of fine art; training services in relation to occupation health and safety, and environmental conservation; provision of cigar classes, wine tasting classes; providing education information about research materials and agency thereof; arranging, organizing and conducting of seminars; Animal training; preparation of entertainment programmes

for broadcasting; Producing of motion pictures, plays and videos; instructional services relating to operation of machines and equipment, including audiovisual equipment, which is used for the production of broadcasting programmes; providing audio and visual studios; Providing sports facilities; Providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental of motion pictures (cine-films); Rental of musical instruments; Rental of television programmes; Rental of television sets; Lending libraries; Archive library services; subtitling services; sign language interpretation services; rental of game machines; rental of arcade game equipment; rental of pictures; Photography; Translation; Language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of news [news programme services]; Lottery services; Tutoring; Entertainer services; Booking of seats for shows; Presentation of variety shows; Party planning [entertainment]; Multimedia production [texts, images, sound, animations, videos]; Video tape film production; Film production, other than advertising films; Scriptwriting, other than for advertising purposes; Video editing services for events; Organization of entertainment events; Organization of cosplay entertainment events; consultancy, information and advisory services relating to the aforesaid services; all included in Class 41.

Class 42

; Scientific and technological services and research and design relating thereto; Industrial analysis and research services; technical project studies; providing a website featuring technology that enables users to share information and advice; Design and development of computer hardware and software; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit

chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture; software as a service (SaaS); platform as a service (PaaS); computer support services [programming and software installation, repair and maintenance services] in connection with transmitting information, data, documents, and images over the Internet; application service provider (ASP) services, namely, hosting computer software applications of others; web portal services, namely, hosting an internet website portal containing an interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services for providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support services (programming and software installation, repair and maintenance services) provided online, by email and by telephone; computer support services [programming and software installation, repair and maintenance services] in relation to creating an online community in the form of a website for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer technology advice on programming and software installations, repair and maintenance provided to Internet users by means of a support hotline; computer support services [programming and software installation, repair and maintenance services] relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; information technology (IT) services (computer hardware, software and peripherals design and

technical consultancy); computer support services (programming and software installation, repair and maintenance services); Computer programming; Computer system integration services; computer analysis services; computer programming in relation to the defence against virus; programming, installation, repair and maintenance of computer system software; computer network services for exchanging of data; Computer software design; design, development, updating and upgrading of computer and video games software; Computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; Cloud computing; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; providing technical information relating to computer support services (programming and software installation, repair and maintenance services) at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; Design and development of search engines; Design of computer codes; Development of computer codes; Coding of messages; conversion of physical data and documents into electronic media format; testing and evaluation services, namely, material quality evaluation and testing, commissioning (testing and inspection) services, product quality evaluation, product testing, safety evaluation, environmental testing, industrial testing, quality testing, laboratory testing services, testing of computer programs, testing of computers, testing of computer installations; information services relating to information technology; computer security services (testing and risk assessment of computer programs); computer security services (testing and risk assessment of computer networks); quality assurance services; computer technological services in relation to the verification of online business transactions; computer security services relating to providing access control to computers, electronic networks and databases; data security services (firewalls) relating to data transmission and of transactions via computer networks; Consultancy in the field of computer security; technological

consultancy in the field of computer security relating to securing computer network communications by means of a global computer network; computerized communication network security services; providing information in the fields of computer security relating to the Internet and world wide web, and computerized communication network security and computer security for the transmission of data and information; consulting services in the fields of computer security relating to the Internet and world wide web, and computerized communication network security services, information security services, computer security for the transmission of data and information; Authentication services for computer security; online authentication of electronic signatures; Off-site data backup; Electronic storage of data; providing information on computer technology and programming via a website; Cartography services; rental of entertainment software; architectural and design services; interior designing of buildings, offices and apartments; providing non-downloadable computer software, namely, computer software for implementing a computer programming language, computer software development tools, and computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling, and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing non-downloadable computer software, namely, runtime systems comprised of computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing non-downloadable computer software for use as an application programming interface (API) for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

Amended Goods and/or Services:

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, blank digital or analogue recording and storage media; Magnetic data carriers, recording discs; Mechanisms for coin-operated apparatus; cash registers, calculating devices, data processing equipment and computers; Computer peripheral devices; Breathing apparatus for underwater swimming; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software in the form of an application for mobile devices and computers; Software applications for use with mobile devices; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing and controlling remote computers and computer networks; downloadable cloudcomputing software; Downloadable cloud-based

software; computer software (including software downloadable from the Internet); Computer software applications, downloadable; computer board game software; Computer game software, downloadable; Computer game software, recorded; computer video game programs; computer applications for streaming audio materials, video materials, videos, music and images; downloadable games, pictures, motion pictures, movies and music; digital music (downloadable from the Internet); downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database); downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; Computer software; Semi-conductors; Semiconductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; Microcontrollers; microcontroller units; low power microcontrollers; circuit chips; Computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; Computer peripherals; Notebook computers; Laptop computers; Portable computers; Handheld computers; Tablet computers; Personal digital assistants; personal media players; Mobile telephones; smart phones; Digital cameras; batteries, battery chargers; Computer workstations [hardware]; Computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, communication routing apparatus and hubs; wireless and wired modems and communication cards (encoded or magnetic) and devices; cases adapted for laptop computers and computers; computer hardware and firmware; Compact discs; Telecommunications apparatus; Mouse mats; mobile phone

handsets; mobile phone parts and fittings; alarm systems, other than for vehicles; Security cameras; mobile radio and television broadcasting units; television broadcasting equipment; Cameras; Video cameras; Telephone earpieces; Global Positioning System (GPS) apparatus and equipment; computer, electronic and video games programs and software (including software downloadable from the Internet); liquid crystal displays for telecommunications and electronic equipment; set top box; Remote control apparatus; data storage programs; Fire-extinguishing apparatus; outdoor signboards of metal (luminous); encoded or magnetic bank, credit, debit, cash and identification cards; automatic teller machines, cash dispensers; Electronic book readers; Toner cartridges, unfilled, for printers and photocopiers; Baby monitors; Video baby monitors; Lens hoods; Encoded key cards; Memory cards for video game machines; digital media streaming devices; computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; computer software runtime systems, namely, systems comprised of computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; all included in Class 9; none of the aforementioned relating to and/or in the field of fashion, fashion accessories, clothing, headgear, footwear, spectacles, watches, precious metals and jewellery, cufflinks, bags, articles of luggage, wallets, leather goods, goods made from imitation leather, perfumery, toiletries and cosmetics.

Class 35

business consulting services in the field of online collaboration and collaboration technologies; business consultancy services relating to facilitating the transaction of

business via local and global computer networks by locating and providing referrals for the delivery of a wide variety of business and consumer products and services; dissemination of business information of goods and services of others via local and global computer networks; provision of online business consultancy services in relation to the sourcing of goods and services and fulfilling trade leads and orders; auctioneering and business evaluation services provided online via a computer database or the Internet; online retail services of consumer products; business consultancy services relating to operating an electronic marketplace for the buyers and sellers of goods and/or services on a global computer network; business assistance relating to facilitating business transaction via local and global computer networks; Business administration services for the processing of sales made on the Internet; business management services relating to electronic commerce; organization, operation and supervision of loyalty and incentive schemes; Auctioneering; arranging of trade fairs for commercial and advertising purposes; Opinion polling; Data processing; Provision of business information; Database management; Compilation of information into computer databases; Business consulting services; business consulting services in the field of web-based events; business consulting services in the field of delivering web-based knowledge; business consulting services in the fields of sales and marketing; Business project management services; business project management services relating to the development, set up, staging, production, recording, monitoring and follow-up of web-based events, conferences, training programs, learning programs and seminars; market research and business consulting services; compilation of business directory of third party websites to facilitate business transactions; Commercial administration of the licensing of the goods and services of others; corporate management consultancy services; Publication of publicity materials; marketing of vacant premises; Computer data processing; Business information services; promotional information services; telephone answering (for unavailable subscribers); telephone answering (for others); Auctioneering provided on the internet; Personnel management; retail

and wholesale of semi-conductors, semiconductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and central processing units with instruction set architecture, telephones, mobile phone handsets, mobile phone parts and fittings, electronic and telecommunications goods, computer hardware and computer software, batteries, battery chargers, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, magnetic and non-magnetically encoded cards, artificial flowers, games, chemicals used in industry, science, photography and agriculture, paints, varnishes and lacquers, lubricants, fuels, candles, pharmaceutical, veterinary and sanitary preparations, ironmongery and small items of metal hardware, machines and machine tools, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic apparatus and instruments, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, musical instruments, rubber and plastics for manufacture use, packing and insulating materials, ropes, string, nets, tents, yarns for textile use, foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, floral products; Direct mail advertising; Import-export agency services; Provision of information and advice to consumers regarding the selection of products and items to be purchased; Procurement services for others [purchasing goods and services for other businesses]; ordering services [for others]; Secretarial services; Provision of business statistical information; business assistance services

relating to compilation and rental of mailing lists; business investigation; business referral services and personnel placement; import-export agencies services relating to import-export goods clearance; document reproduction; message transcription services; Stenographic transcription; Rental of office equipment; business management services relating to customer relationship; business management and administration services relating to sponsorship programmes; Accounting services; Accountancy; Rental of sales stands; Provision of commercial and business contact information; Search engine optimization; Website traffic optimization; Pay per click advertising; Commercial intermediation services; Business management for freelance service providers; Negotiation and conclusion of commercial transactions for third parties; Updating and maintenance of data in computer databases; Business project management services for construction projects; Providing business information via a website; compilation of business information relating to domain names; consultancy, information and advisory services relating to the aforesaid services; all included in Class 35; none of the aforementioned relating to and/or in the field of fashion, fashion accessories, clothing, headgear, footwear, spectacles, watches, precious metals and jewellery, cufflinks, bags, articles of luggage, wallets, leather goods, goods made from imitation leather, perfumery, toiletries and cosmetics.

Class 41

Education; Providing of training; Entertainment; publication of diagrams; education, training and instruction services relating to telecommunications, computers, computer programs, website design and business management; providing online electronic publications, non-downloadable; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; Design of educational courses; academic examination services, namely, design of examination scripts; entertainment provided via electronic and digital interactive media; Electronic games services provided by means of the internet; information relating to

entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet websites; entertainment and educational services relating to planning, production and distribution (other than transportation) of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communication systems; Music entertainment services; preparation of entertainment, educational, documentary and news programmes for broadcasting; news reporters' services; information relating to news programmes and current affairs programmes provided by satellite television transmission, the Internet or by other electronic means; provision of entertainment information online; provision of entertainment information via a global computer network; providing entertainment through provision of nondownloadable multimedia files containing audio and video, television programs and films via a global computer network; providing entertainment through movies, video games, computer games and entertainment in the form of sound or images via communication networks and global computer networks; providing online computer games and contests; rental of pre-recorded video tapes; Providing online videos, not downloadable; provision of on-line non-downloadable electronic publications streamed from the Internet or on a computer network or a computer database; provision of information relating to education, training, entertainment and recreation; arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting events and competitions for education or entertainment purposes; arranging, organizing, hosting and conducting game shows and quests; Entertainment ticket agency services; Rental of sound recordings; production of television programmes, radio programmes and films; premium or pay television programming services [scheduling of programs] and television programming services [scheduling of programs]; scriptwriting for television entertainment programs; organization and production of television entertainment

programs; preparation and production of television programmes; provision of entertainment information, data, graphics, sound, music, videos and animation for entertainment purposes; publication of texts (other than publicity texts) for entertainment purposes; Game services; Provision of club recreation facilities; providing non-downloadable films and television shows via video-on-demand transmission services; providing entertainment services via a global communication network featuring a wide variety of general interest entertainment information relating to motion picture films, television show programs, reality shows, comics, musical videos, related film clips, photographs, and other multimedia materials; providing online non-downloadable video clips and other multimedia digital content containing audio, video, artwork, and/or text from or related to an ongoing television series; providing information, reviews and recommendations regarding movies and television shows via a website and video-on-demand transmission services; providing information, news and commentary in the field of entertainment; entertainment services in the nature of development, creation, production, distribution, and post-production of motion picture films, television shows, reality shows, special events and multimedia entertainment content; entertainment services in the nature of a live theatrical, musical or comedic performance; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops; organizing and conducting exhibitions (for cultural or educational purposes), educational shows; training services in relation to occupation health and safety, and environmental conservation; provision of cigar classes; providing education information about research materials and agency thereof; arranging, organizing and conducting of seminars; Animal training; preparation of entertainment programmes for broadcasting; Producing of motion pictures, plays and videos; instructional services relating to operation of machines and equipment, including audiovisual equipment, which is used for the production of broadcasting programmes; providing audio and visual studios; Providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental of motion

pictures (cine-films); Rental of musical instruments; Rental of television programmes; Rental of television sets; Lending libraries; Archive library services; subtitling services; sign language interpretation services; rental of game machines; rental of arcade game equipment; rental of pictures; Translation; Language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of news [news programme services]; Lottery services; Tutoring; Entertainer services; Booking of seats for shows; Presentation of variety shows; Party planning [entertainment]; Multimedia production [texts, images, sound, animations, videos]; Video tape film production; Film production, other than advertising films; Scriptwriting, other than for advertising purposes; Video editing services for events; Organization of entertainment events; Organization of cosplay entertainment events; consultancy, information and advisory services relating to the aforesaid services; all included in Class 41; none of the aforementioned relating to and/or in the field of fashion, fashion accessories, clothing, headgear, footwear, spectacles, watches, precious metals and jewellery, cufflinks, bags, articles of luggage, wallets, leather goods, goods made from imitation leather, perfumery, toiletries and cosmetics.

Class 42

Scientific and technological services and research and design relating thereto; Industrial analysis and research services; technical project studies; providing a website featuring technology that enables users to share information and advice; Design and development of computer hardware and software; research and development relating to semi-conductor, semi-conductor integrated circuits, semiconductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V (reduced instruction set computer-five) computer chips and central processing units, computer chips and

central processing units with instruction set architecture; platform as a service (PaaS); computer support services [programming and software installation, repair and maintenance services] in connection with transmitting information, data, documents, and images over the Internet; application service provider (ASP) services, namely, hosting computer software applications of others; web portal services, namely, hosting an internet website portal containing an interactive computer database featuring movies programming, previews, trailers and other related information; application service provider (ASP) services for providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support services (programming and software installation, repair and maintenance services) provided online, by email and by telephone; computer support services [programming and software installation, repair and maintenance services] in relation to creating an online community in the form of a website for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer technology advice on programming and software installations, repair and maintenance provided to Internet users by means of a support hotline; computer support services [programming and software installation, repair and maintenance services] relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of digital cameras; information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); computer support services (programming and software installation, repair and maintenance services); Computer programming; Computer system integration services; computer analysis services; computer programming in relation to the defence against virus; programming, installation, repair and maintenance of computer system software; computer network services for exchanging of data; Computer software design;

design, development, updating and upgrading of computer and video games software; Computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; Cloud computing; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; providing technical information relating to computer support services (programming and software installation, repair and maintenance services) at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; Design and development of search engines; Design of computer codes; Development of computer codes; Coding of messages; conversion of physical data and documents into electronic media format; testing and evaluation services, namely, material quality evaluation and testing, commissioning (testing and inspection) services, product quality evaluation, product testing, safety evaluation, environmental testing, industrial testing, quality testing, laboratory testing services, testing of computer programs, testing of computers, testing of computer installations; information services relating to information technology; computer security services (testing and risk assessment of computer programs); computer security services (testing and risk assessment of computer networks); quality assurance services; computer technological services in relation to the verification of online business transactions; computer security services relating to providing access control to computers, electronic networks and databases; data security services (firewalls) relating to data transmission and of transactions via computer networks; Consultancy in the field of computer security; technological consultancy in the field of computer security relating to securing computer network communications by means of a global computer network; computerized communication network security services; providing information in the fields of computer security relating to the Internet and world wide web, and computerized communication network security and computer security for the transmission of data and information; consulting services in the fields of

computer security relating to the Internet and world wide web, and computerized communication network security services, information security services, computer security for the transmission of data and information; Authentication services for computer security; online authentication of electronic signatures; Off-site data backup; Electronic storage of data; providing information on computer technology and programming via a website; Cartography services; rental of entertainment software; providing non-downloadable computer software, namely, computer software for implementing a computer programming language, computer software development tools, and computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling, and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing non-downloadable computer software, namely, runtime systems comprised of computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing nondownloadable computer software for use as an application programming interface (API) for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42; none of the aforementioned relating to and/or in the field of fashion, fashion accessories, clothing, headgear, footwear, spectacles, watches, precious metals and jewellery, cufflinks, bags, articles of luggage, wallets, leather goods, goods made from imitation leather, perfumery, toiletries and cosmetics.
