General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Mark Clause(s):

The mark consists of a motion mark with a cubic design that twists and turns through five separate steps, as represented from top to bottom by the five static images shown in the representation on the form of application, before returning to its original position, as represented by the first image in the representation on the form of application. The complete sequence of movement takes approximately 12 seconds, with varying transition times between each of the five images. The first image depicts the cube-shaped design isometrically positioned with three faces visible. The face to the right of the centre is shown with a concave edge at the bottom right of the image to demonstrate a twist in the shape. The cube twists upwards in a clockwise direction into the second image with the concave edge now at the top right of the image. The cube continues to twist upwards in a clockwise direction until the concave edge is at the face to the left of the centre as depicted in the third image. The cube then twists in a downwards and clockwise direction until the cube appears to be horizontally twisted as depicted in the fourth image. The cube continues to twist in a downwards

and clockwise direction until it appears diagonally twisted as depicted in the fifth image.
