General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition

Priority Details:

Class Number: 14

Priority Date: 20/10/2021

Country/Territory: EUROPEAN UNION INTELLECTUAL PROPERTY OFFICE
(EUIPO)

Priority Application Number:

Goods and/or Services: All goods and/or services claimed in this class

Mark Clause(s):

The trade mark is a movement mark consisting of a sequence of fifteen images as shown in the representation on the form of application, starting from the top left corner moving across the row to the far right, returning to the second left row and moving across again to the far right, continuing in this order from left to right, ending with the fifth frame in the last row, whereupon the sequence will recommence. The sequence of movement begins with a square device divided into fourteen white vertical rectangles of equal size. The rectangles slowly turn one by one from right to left, each revealing a part of a black circle that is inscribed in the square device as shown in the last frame of the sequence.

GE AEROSPACE

Goods and/or Services:

Class 01

Ceramic matrix composite materials (CMC) for use in the manufacture of satellites, rockets, missiles, aerospace vehicles, aircraft engines and brakes.

Class 07

Aircraft engines, gas turbine engines, turbo-prop engines, turbo-jet engines, rocket engines not for land vehicles and replacement parts, fittings, parts and accessories for the foregoing; additive manufacturing machines; propulsion systems for aeronautical vehicles comprised of aeronautic engines, turbines other than for land vehicles, centrifugal pumps, electric pumps, engine fan casings, exhaust cone in the nature of engine exhaust tips; aeronautical vehicle propulsion system components, namely, aeronautic engines, turbines other than for land vehicles, electric pumps, thrusters for machinery, engine fan casings, and exhaust cones in the nature of engine exhaust tips.

Class 09

Aviation sensor systems, namely navigation systems for aircraft, aircraft altitude indicators, aircraft speed indicators; flight control systems; software for engines, navigation systems, and data analysis in the aviation industry; software for use in the additive manufacturing industry; unmanned traffic management (UTM) system for autonomous navigation and management of unmanned aircrafts comprising hardware and software for unmanned aircrafts registry, environment mapping, route planning, route authorization, conformance monitoring, communication system, route tracking, navigation, trajectory-based operations, and deconfliction of unmanned aircrafts; traffic management system for the control of unmanned flying objects.

Class 35

Business consulting services in the aviation and additive manufacturing industry; inventory management for engines; business consulting services relating to operational sustainability in the fields of aviation and additive manufacturing; compiling statistical data for the purpose of fuel management services in the aviation industry; business advisory services relating to organization, administrative and commercial management and industrial manufacture of industrial or commercial companies with an air fleet; business advisory services relating to administrative management of engine fleets, systems, equipment and parts of aircraft; compilation and statistical study of data relating to the management of a fleet of systems, equipment and parts for aeronautical and space vehicles and management of maintenance of an aircraft fleet; collection of data in a central computer database file; management and compilation of databases; analysis of commercial data, data gathering, systematization, management and processing; exploitation of statistical data, namely, statistical analysis and reporting services for business purposes; provision of business statistical information in a computer database; provision and compilation of statistical data; commercial project management services in the framework of construction projects; all these services used and/or intended for the aeronautical and space field.

Class 37

Repair, maintenance, reconditioning and overhaul services for airplanes, aircraft engines, gas turbine engines and rocket engines and replacement parts; providing information relating to the repair or maintenance of aircraft, aircraft engines and gas turbine engines; services of repair, maintenance, and reconditioning of propulsion systems for aerospace vehicles, engines, thrusters, nacelles, thrust reversers and their components; under-wing repair, servicing and maintenance of all kinds of propulsion systems for aeronautical vehicles and their component parts; refurbishment and standard replacement of propulsion systems for aeronautical vehicles, engines, thrusters, nacelles, thrust reversers and their component parts; consultancy and assistance services relating to the repair and maintenance of propulsion systems for aeronautical vehicles, engines, thrusters, nacelles, thrust reversers and their component parts.

Class 40

Custom additive manufacturing for others; technical consulting services in the field of additive manufacturing.

Class 41

Training services in the aviation and additive manufacturing industry.

Class 42

Engineering design services for additive manufacturing and aviation industries; research and development for additive manufacturing and aviation industries; analysis of technical data, technical advice and technical project study, all in the field of aeronautics; design and development of software and computer programming; inspection of aircraft engines; prototyping services, namely, new product design, development and testing in the field of additive management; providing online non-downloadable software for engines, navigation systems, and data analysis in the

Trade Marks Journal No. TM007/2024

aviation industry; providing online non-downloadable software for use in the additive manufacturing industry.

CELSIUS

Goods and/or Services:

Class 06

Containers, and transportation and packaging articles, of metal; metal containers for holding and transporting flexible pouches for biological, medical or pharmaceutical liquids; Containers of metal [storage, transport]; Metal pallets; Metal racks for storage of containers filled with biopharmaceutical materials; Metallic frames for supporting disposable containers for biopharmaceutical materials.

Class 07

Mixing machines; Mixing machines for mixing and homogenizing liquids in the pharmaceutical and chemical industries; Lifting apparatus; Packaging machines, namely, liquid container fillers; Filling machines; Machines for filling containers in the nature of disposable plastic bags with biopharmaceutical liquids; Dispensing machines; Dispensing machines for emptying containers filled with biopharmaceutical liquids; Mechanical, hydraulic, and pneumatic control devices for machines.

Class 09

Measuring apparatus and instruments; electronic controllers and regulators; Sensors and detectors; Electrical controllers; Temperature control apparatus for chilling biopharmaceutical materials in disposable containers; Temperature controllers for controlling the temperature of biopharmaceutical materials held in disposable containers designed for cryopreservation; Disposable laboratory containers for cryopreservation of biopharmaceutical materials; Protective devices and frames adapted for use with disposable laboratory containers for biopharmaceutical

materials; Apparatus for mixing biopharmaceutical media, in particular by vibration, rotation and wave motion [laboratory apparatus]; Weighing apparatus and instruments and parts therefor; weighing apparatus for weighing the amount of liquids filled into and dispensed from disposable containers; Automated liquid dispensing machines in the nature of dosage dispensers for liquids; Dosage dispensers, Liquid dosage devices that measure the amounts to be dispensed.

Class 10

Disposable containers specially designed for cryopreserving biopharmaceutical materials; protective rigid housing structures for receiving disposable containers specially designed for cryopreserving biopharmaceutical materials; frames for supporting disposable containers specially designed for cryopreserving biopharmaceutical materials; storage units and transportation carts for disposable containers specially designed for cryopreserving biopharmaceutical materials; Protective devices in the nature of sleeves and frames for disposable containers for the low temperature control of biopharmaceutical materials, for medical use.

Class 11

Refrigerating and freezing equipment; Refrigerators, cooling apparatus and freezers for medical storage purposes; Refrigerating containers; Refrigerated shipping containers; Temperature controlled shipping containers; Refrigerated medical container for storage, transportation and cooling of medicines and pharmaceuticals; Freezing installations and machines for freezing biopharmaceutical materials; Laboratory freezers for cryogenic preservation; Heaters and heating systems for thawing frozen biopharmaceutical materials; Cooling and heating systems for processing biopharmaceutical materials; Containers equipped with temperature controllers for biopharmaceutical materials.

Class 12

Transportation carts for disposable containers for cryopreserving biopharmaceutical

materials; Electric lift trucks; Mobile fork lifts.

Class 17

Thermal insulation covers for storage or transportation of biopharmaceutical materials.

Class 20

Containers, and closures and holders therefor, non-metallic; Containers, not of metal, for storage or transport; Containers for biopharmaceutical liquids, non-metallic; Packaging containers of plastic; Non-metal and non-paper insulated shipping containers for transporting frozen materials; Plastic shipping and storage boxes; crates and pallets, non-metallic; Disposable containers made of plastic for storage and transport of frozen biopharmaceutical materials; protective rigid housing structures made of plastic for receiving disposable containers for biopharmaceutical materials, Non-metallic frames for supporting disposable containers for biopharmaceutical materials; Sample bag cover specifically adapted to disposable containers for biopharmaceutical materials.

OMNIREACH

Goods and/or Services:

Class 09

Application software for information technology and telecommunication; computer software for information technology and telecommunication; Application software; Computer software; Computer software platforms; Computers and computer peripheral devices; Communications computers; Computer servers; SIM cards; encoded electronic chip cards for identifying particular users of computers and mobile telephones; Computer network switches; Computer network routers; Computer network bridges; Modems; Programs for computers; Telecommunication machines and apparatus; radio communication machines and apparatus; radio machines and apparatus; Remote control telemetering machines and instruments; Personal digital assistants; Downloadable music files; Downloadable image files; Downloadable electronic publications; computer programs for use in wireless network telecommunications; Computer software development tools; software development kits (SDK); broadband wireless equipment; telecommunications and data networking hardware; Telecommunications transmitters; Computer hardware for telecommunications; computer programs relating to computer network systems; computer software for data quality management; Network management computer

software; Electronic data processing machines; Computer software programs; computer software for storing, retrieving, caching, extracting, formatting, structuring, systematizing, organizing, indexing, processing, querying, analyzing, replicating and controlling access to data; computer user authentication software; computer network security software; network access management and monitoring software; Computer search engine software; business intelligence software; computer e-commerce software to allow users to perform electronic business transactions via a global computer network; computer software platform for providing customer service and customer support; downloadable chatbot software for replying to questions from online retail store customers related to consumer goods and services; downloadable enterprise software for customer relationship management; downloadable computer programs and application software for authenticating user identification; Integrated circuits for networks for use in identification; Identification apparatus, electric or electronic; application software and computer software for instant messaging, file sharing, electronically exchanging data, audio, video images and graphics via computer, mobile, wireless, and communication networks; application software and computer software for use in facilitating voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, instant message and online social networking services; application software and computer software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; application software and computer software for the collection, managing, organizing, modifying and storage of data and information; application software and computer software for personal information management and data synchronization; computer software for use as an application programming interface (API); downloadable software for providing private and secure real time electronic communication over a computer network, chat applications and webmail services; application software or downloadable computer

software for accessing and participating on social media platform.

Class 35

Negotiation of business contracts for others and consultation thereof; business intermediary services relating to installation of telecommunications equipment; business project administration and consultancy in the field of telecommunications equipment installation and their installation location planning; Placement of staff; Providing business information; Business consultation; Organisation of exhibitions and trade fairs for business and promotional purposes; business management through operations of computer systems and communication network systems, and providing consultation and information thereof; business management analysis or business consultancy in the field of information security management; providing guidance and consultancy on business in the field of information technology and cloud computing; Compilation and systemization of information into computer databases; Database management; Business file management; Analysis of business data; data processing services for others; Provision of an online marketplace for buyers and sellers of goods and services; providing online marketplace for buyers and sellers of goods and services in the field of information technology and telecommunications; providing online marketplace for buyers and sellers of services in the field of computer program licensing; business intermediary services for others in relation to rental of telephones, facsimiles and other communication devices; business intermediary services for rental of mobile communication facilities; administration of incentive award programs to promote the sale of the goods and services of others; Cost analysis; Advisory services relating to customer service; Evaluation of personnel requirements; Management of telephone call centers for others; Personnel management; provision of business information in relation to telecommunications; Stock management services; Arranging subscriptions to telecommunication services for others; computerized on-line ordering services featuring a wide variety of consumer goods and audio, video, text and other

multimedia content; computerized on-line ordering services featuring a wide variety of consumer services, namely, ordering of audio and video on demand transmissions, streaming audio and visual content, transmissions of text, images, and sound through portable electronic devices; Customer relationship management; Computer data processing; providing advertising services; Business management, organization and administration; providing office functions; computerized on-line ordering services for others featuring developer tools and cloud computing software and services; domain name directory services; Updating and maintenance of data in computer databases; Web site traffic optimisation; Business accounts management; Arranging subscriptions to Internet services for others; arranging subscriptions to online software for others; subscription management services as a subscription agent between software publishers and customers; Sales promotion services; Marketing the goods and services of others; Business referrals services; management of electronic data; customer services, namely, responding to customers inquiries for others in the field of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, the Internet of Things (IoT) and telecommunications; business and advertising services, in particular, advertising services for tracking advertising performance, for managing, distributing and serving advertising, for analyzing advertising data, for reporting advertising data, and for optimizing advertising performance; consulting services in the field of advertising, in particular, customizing marketing efforts of others; commercial information services, in particular, advertisement management by providing reports, advertisement targeting, and management of electronically stored advertising, for use on a global computer network; providing an online marketplace for connecting sellers with buyers; business networking; business intermediary services relating to the exchange and sale of products of third parties via computer and communication networks; advertising through communication means; promoting

the sale of goods and services of others through the issuance, custody and settlement of discount coupon points and electronic points; customer loyalty services and customer club services, for commercial, promotional and/or advertising purposes; arranging subscriptions to mobile telephone communication services for others.

Class 38

Rental of telecommunications lines; Telecommunications; Broadcasting services; Streaming of data; rental of telephones, facsimiles and other telecommunication devices; providing access to telecommunication networks, and advice thereon; Providing access to computer networks; Providing access to databases; Telephone communications; Web portal services [providing user access to global computer network]; rental of mobile communication facilities; Communications consultancy; providing hosted wireless telecommunication network connections; leasing of virtually allocated wireless telecommunication area network; providing virtual wireless telecommunication network services; Call centre services [electronic call diversion and messaging]; rental of telecommunication apparatus and equipment, including telephones and facsimile apparatus; streaming of software applications; Providing user access to computer software in data networks; providing access to remotely hosted operating systems and computer applications through the internet; Providing voice chat services; providing internet chat rooms; Providing on-line forums for transmission of messages among computer users; telecommunications services, namely, electronic transmission of data, messages, graphics, images, audio, video and information; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunications networks; telecommunications services, namely, providing telephone communication, internet telephony services, network telephone, electronic facsimile, electronic transmission of electronic mails, and instant messaging services; Electronic communication by means of chatrooms, chat lines and Internet forums; providing multiple user access to global computer information networks for the transfer and dissemination of a wide

range of information; website services, namely, electronic transmission of e-mail where users can send and receive e-mails through a browser; electronic transmission of messages among computer users concerning business and e-commerce for online discussion forums.

Class 41

Education and training services; on-line education of wireless telecommunication technology, traffic capacity planning, analysis, operating and maintenance, network design, base station configuration plan, radio optimization, base station construction planning and assets management; online publication of electronic books and journals relating to wireless telecommunication technology; providing educational videos via the internet (not downloadable) in relation to wireless telecommunication;

Entertainment; Sporting and cultural activities; education and training services, namely, conducting seminars, classes, workshops and conferences in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, the Internet of Things (IoT) and telecommunications; online publication of electronic books, journals and blogs relating to information in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, the Internet of Things (IoT) and telecommunications; providing online non-downloadable videos for educational purposes in the field of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, the Internet of Things (IoT) and

telecommunications. providing online non-downloadable videos for educational purposes; providing non-downloadable electronic publications; electronic publishing services for others, namely, publishing of electronic messages, blogs, commentary, information, data and content; Electronic desktop publishing; providing educational, recreational and amusement information for use in the field of entertainment and in the fields of secondary, collegiate, social and community interest group via computer, electronic and online databases; providing entertainment information in the field of movies, television, music, sports and celebrity personalities via computer networks; publishing online resources for software developers; entertainment services, in particular, providing online video games; providing information about online computer games and video games via computer or communication networks; entertainment services, in particular, providing interactive entertainment and virtual reality content; educational services, namely, organizing and conducting conferences, courses, seminars, and online training in the fields of advertising, marketing, social networking, technology, software development, the internet, and social media, and distribution of course material in connection therewith; providing information, news and commentary in the field of entertainment, education, sports and popular culture.

Class 42

Providing computer software for information technology and telecommunications; providing platform as a service (PaaS) for information technology and telecommunications; providing platform as a service (PaaS) for mobile communications service businesses; providing software as a service (SaaS) for information technology and telecommunications; providing software as a service (SaaS) for mobile communications services; providing computer programs by application service provider for information technology and telecommunications; providing computer software and providing computer software to others; rental of computer and rental of computer to third parties; rental of servers and rental of servers to third parties; rental of memory space on servers and rental of memory

space on servers to third parties; rental of memory space on servers on websites for saving computer data and rental of memory space on servers on websites for saving computer data to third parties; rental of electronic data storage and rental of electronic data storage to third parties; hosting platforms on the Internet or other telecommunications network; hosting memory space on the Internet through cloud computing; Hosting of digital content on the Internet; hosting computer databases; hosting servers; Hosting of computerized data, files, applications and information; providing software platform as a service (PaaS); Cloud computing; providing consultation on network securities for telecommunications via the Internet, mobile telephones, or other means of communications; providing consultation or diagnosis on security measures for telecommunication network system; providing online software as a service (SaaS); communication network system technical design, planning and development, and providing consultation or information thereon; providing technical research, technical analysis or technical consultancy services on telecommunication network system; providing computer programs through application service provider; Computer software design; Computer software development; Configuration of computer software; Maintenance of computer software; Data migration services; Technical data analysis services; Electronic data backup services; Recovery of computer data; Remote computer backup services; Data encryption and decoding services; Electronic data storage services; Cloud storage services for electronic data; Troubleshooting of computer software problems; Computer security threat analysis for protecting data; computer programming and computer system analysis; professional computer services, namely, network analysis, LAN/WAN design, wireless engineering, virtualization and computer project management; electronic data backups; remote computer backup service; troubleshooting of computer software problems being technical support; development and maintenance of computer system; Consulting services in the field of cloud computing; Consulting in the field of cloud computing networks and applications; monitoring of computer systems and databases for security purposes;

computerized security services, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity; Platform as a service [PaaS]; design and development of computer networks for others; providing diagnosis or consultation on security measures for computer network systems; consultancy and information services relating to design and development of computer systems; design, creation and maintenance of computer program; analysis of technical industrial data; Hosting web sites; application service provider featuring providing software; providing computer programs; configuration, installation, expansion and addition of functions of computer network systems; monitoring, investigation, analysis and consulting for faults in computer network system; technical support, namely, troubleshooting of computer, computer application software, computer network system and computer software; providing computer programs for the operation and management of computer network systems; technical advice and consultancy in the design and development of computer hardware and software for management and operation of computer network; computer aided electronic storage of data; data mining, analysis or storage of big data; computer programming services for the processing of big data, data logs or electronic data; design, development and maintenance of computer software for internet platform; hosting platforms on the Internet or other communication network; technological services and research and design relating thereto; Design and development of computer hardware and software; computer services, namely, cloud computing, computer design and development, computer engineering, computer programming, computer and technology services for securing computer data, computer database design and development, computer disaster recovering planning, computer security consultancy, computer software support services, computer software updating and upgrading, computer system integration services, computer systems analysis, configuration of computer networks, hosting computer sites [websites], installation of computer programs and remote computer backup services; cloud hosting of electronic databases and virtual computing environments; providing

virtual computer systems and virtual computer environments through cloud computing; maintaining database systems, database software and virtual computing environments; consulting and providing information in the fields of information technology, cloud computing, software, software as a service (SaaS), artificial intelligence, software development, game development, data storage, data warehousing, data archiving, data and information security, computer networking, mobile computing, and the Internet of Things (IoT); planning, design and implementation of computer technologies for others; software configuration management services; data and application migration services; data mining services; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing and network resources based on assigned credentials; hosting an online community website featuring shared communications between community members interested in technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); hosting of blogs featuring information in the fields of technology, cloud computing, web services, software, software as a service (SAAS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); software as a service (SaaS) featuring software platforms for providing customer service and customer support; providing temporary use of online non-downloadable chatbot software for replying to questions from online retail store customers related to consumer goods and services; providing temporary use of online, non-downloadable enterprise software for customer relationship management; software as a service (SaaS) featuring computer software and application for authenticating user identification; User authentication services using technology for e-commerce transactions; providing computer programs

designed to the specifications of others; providing computer programs on data networks; configuration, installation, expansion and addition of functions of computer network systems using software; monitoring, investigation, analysis and consulting for faults in software for computer network system; providing online non-downloadable computer programs for the operation and management of computer network systems; electronic big data storage; planning, design and implementation of computer software systems for others; communications-centered software as a services encompassing unified communications as a service (UCaaS), contact center as a service (CCaaS), and communications platform as a service (CPaaS) for call center and business unified communications featuring software for calling, conferencing, message transmission, data sharing, and for connecting, operating, and managing networked communications; unified communications as a service (UCaaS) services and communications platform as a service (CPaaS) services, namely, cloud computing services in the nature of cloud-based software for use in enabling communications network services, business calling connectivity services, and computer software applications for enabling business communications for calls, messaging, collaboration, chat, and video over data networks; unified communications as a service (UCaaS) services featuring software platforms for providing email encryption, encrypted video services, encrypted telephony services, and encrypted instant messaging services; unified communications as a service (UCaaS) services featuring software platforms for providing telephony and telecommunications services; providing temporary use of non-downloadable software and applications to enable or facilitate the creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; providing temporary use of non-downloadable software and applications for social networking, creating a virtual community, and transmission of audio, video, photographic images, text, graphics

and data; providing online facilities that gives users the ability to upload, modify and share audio, video, photographic images, text, graphics and data; providing an online network service that enables users to transfer personal identity data to and share personal identity data with and among multiple online facilities; computer services, in particular, application service provider featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; providing temporary use of non-downloadable software for enabling members of an online community to receive and access non-fungible tokens (NFTs); Providing temporary use of non-downloadable business software.

Class 45

Online social networking services; social introduction and networking services; user verification services, namely, providing authentication of company and personal identification information; licensing of computer programs [legal services]; licensing of computer software and industrial property rights [legal services].

Goods and/or Services:

Class 01

Chemical reaction accelerators; fatty acids; activators [chemicals]; chemical additives for food and foodstuffs; preservative agents for food [chemicals]; purifying agents for organic chemical compounds; emulsifying agents; gelling agents (chemical substances); nutrition agents for processing living cells other than for medical purposes; stabilizing agents for food and especially for laboratory-grown meat and derivatives thereof; animal albumen [raw material], including those derived from tissue engineering, and derivatives thereof; albumin for industrial use, including those derived from tissue engineering, and derivatives thereof; flavor enhancing chemical improvers for foods; improver (chemical substances) for food paste; anti-oxidants used for the manufacture of food and beverages; chemical seasonings (for use in the food industry); stem cells other than for medical or veterinary use; animal cells, including those that are laboratory-grown or derived from tissue engineering, and derivatives thereof, for industrial use; animal cell extracts, including cells that are laboratory-grown, or derived from tissue engineering, and derivatives thereof, for industrial use; chemical and organic compounds for use in the manufacture of food and beverages; chemical compositions and materials used in the manufacture of foodstuffs; cultures of microorganisms and cell cultures for use in industry; cell or bacterial cultures for use as food additives; bacterial cultures for the food industry; bacteriological preparations other than for medical or veterinary use; cultures of microorganisms other than for medical or veterinary use; cultures of cell media other than for medical or veterinary use; biological tissue cultures, including those derived from tissue engineering, other than for medical or veterinary use; artificial sweeteners [chemical products]; emulsifiers; emulsifiers for use in the food industry; emulsifiers for use in the manufacture of foods; enzymes other than for medical or

veterinary use; enzymes for food or beverages; enzymes for the food industry; carbohydrates used as ingredients in foods; raw materials derived from cell culture for formulating food products; mixtures of chemicals and microorganisms increasing the nutritional value of food, other than for medical or veterinary use; chemical reagent mixtures, other than for medical or veterinary use; living microorganisms other than for medical or veterinary use; cell culture media for use in non-medical research laboratories; microbiotic organisms other than for medical use; proteins, especially those derived from cell culture, being raw materials for the manufacture of food; protein products [raw materials]; organic substances, namely, cell culture media and biological tissue cultures derived from cell culture engineering from fish, game, poultry, crustaceans, shellfish or meat, as ingredients for the food industry.

Class 29

Food based on fish, game, poultry, crustaceans, shellfish or meat or substitutes or replacements for fish, game, poultry, crustaceans, shellfish or meat, including substitutes derived from cell cultures or tissue engineering; processed foods containing animal matter of fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; food compositions based on fish, game, poultry, crustaceans, shellfish or meat or substitutes or replacements for fish, game, poultry, crustaceans, shellfish or meat, including based on cells of fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; food preparations based on fish, game, poultry, crustaceans, shellfish or meat or substitutes or replacements for fish, game, poultry, crustaceans, shellfish or meat, including based on cells of fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; food preserves based on fish, game, poultry, crustaceans, shellfish or meat or substitutes or replacements for fish, game, poultry, crustaceans, shellfish or meat, including based on cells of fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; extracts of fish, game, poultry, crustaceans, shellfish or meat, including

extracts of fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering, for human consumption; meal of fish, game, poultry, crustaceans, shellfish or meat for human consumption, including meal of fish, game, poultry, crustaceans, shellfish or meat from cell cultures or tissue engineering, for human consumption; fish, game, poultry or meat fillets, including fish, game, poultry or meat fillets derived from cell cultures or tissue engineering; liver, including liver derived from cell cultures or tissue engineering, for human consumption; foie gras, including foie gras derived from cell cultures or tissue engineering; gelatins of fish, game, poultry, crustaceans, shellfish or meat, including gelatins derived from fish, game, poultry, crustaceans, shellfish or meat cells derived from cell cultures or tissue engineering, for human consumption; edible fats, including edible fats derived from cell cultures or tissue engineering, for human consumption; ready-made culinary fare and dishes based on fish, game, poultry, crustaceans, shellfish or meat, including cooked dishes and meals based on animal material from fish, game, poultry, crustacean, seafood or meat derived from cell cultures or tissue engineering; pâtés and potted meats (rillettes) of fish, game, poultry, crustaceans, shellfish or meat, including pâtés comprising fish, game, poultry, crustaceans, shellfish or meat cells derived from cell cultures or tissue engineering; fish, game, poultry, crustaceans, shellfish and meat derived from tissue engineering, for human consumption; preparations for human consumption based on fish, game, poultry, crustaceans, shellfish or meat, including preparations made from fish, poultry, game, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; dairy products and dairy substitutes, including those derived from cell cultures or tissue engineering; protein-based meat substitutes in the nature of animal protein derived from cell cultures or tissue engineering used as a substitute for fish, game, poultry, crustaceans, shellfish or meat, for human consumption; fish (not live), game (not live), poultry (not live), crustaceans (not live), shellfish (not live) and meat, including those derived from cell cultures or obtained by cell engineering, for human consumption; preserves, prepared dishes and cooked dishes based on fish, game, poultry,

crustaceans, shellfish or meat, including those based on fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; mousses, pâtés and potted meats (rillettes) of fish, game, poultry, crustaceans, shellfish or meat, including those derived from fish, poultry, game, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; soups, broths and preparations for making bouillons; caviar and caviar substitutes, including those derived from cell cultures or tissue engineering; processed food products made predominately of animal matter of fish, game, poultry, crustaceans, shellfish or meat from cell cultures or tissue engineering; laboratory-grown meat; charcuterie, including charcuterie featuring animal matter derived from cell cultures or tissue engineering; aiguillettes (filet strips), andouilles (smoked pork sausages), black and white pudding sausages, dumplings, skewered meat, hamburgers, croquettes, gizzards, ham, nuggets, quenelles (dumplings), sausages, all these products being predominantly made of meat derived from cell cultures or tissue engineering.

Class 30

Flavorings based on fish, game, poultry, crustaceans, shellfish or meat, including fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; food seasonings and food condiments based on fish, game, poultry, crustaceans, shellfish or meat, including fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; mixes for preparing sauces, especially consisting of fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering; bagels [bread rings], baozi [filled steamed buns], donuts, burritos, biscuits, pretzels, cheeseburgers [sandwiches], pound cakes, chips [included in this class], chimichangas, cordons bleus [schnitzels] primarily starch or grain-based, croque-monsieurs [toasted sandwiches], vol-au-vent cases, canapés [food], pre-packed lunches principally consisting of rice or pasta, dim sum [ravioli], empanadas [savory turnovers], savory snacks based on flours of wheat, cereal, corn, extruded cassava starch-based snacks, pasta, rice, bread, enchiladas

[rolled tortillas, filled and covered with sauce], fajitas [steak fry wraps], friands [small almond cakes], savory pancakes, hot dogs, lasagna, nachos, paella, egg rolls, yeast dough stuffed with a filling, savory pastries, pizzas, sauces, quiches, quesadillas [stuffed corn tortillas], ramen [Japanese noodle soup], ravioli, risotto, spring rolls, samosas, sandwiches, sushi, tacos, tarts, pies, wraps [rolled sandwiches], which may contain fish, game, poultry, crustaceans, seafood or meat from cell cultures or tissue engineering not as a main ingredient; pre-packed meals, snacks, cooked dishes, frozen dishes and canned dishes, principally consisting of rice or pasta, and also including fish, game, poultry, crustaceans, shellfish or meat, including fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering as a non-main ingredient; preparations for stuffing mixes [foodstuffs] principally made from starch or cereals consisting of fish, game, poultry, crustaceans, shellfish or meat derived from cell cultures or tissue engineering as a non-main ingredient; sauces containing fish, game, poultry, crustaceans, seafood or meat derived from cell cultures or tissue engineering; food flavorings other than essential oils for flavoring food and beverages, especially consisting of fish, game, poultry, crustaceans, seafood or meat derived from cell cultures or tissue engineering.

Class 42

Chemical and biological analyses; analyses in the field of cell biology; analysis and evaluation of product development; laboratory analysis in the field of bacteriology; scientific research and analysis; quality audits [quality control of goods and raw materials]; providing scientific information in the field of cell biology and laboratory food design; designing food products in laboratories; engineering design and consultancy; research and development of food products derived from cell cultivation, for others; consultation and research with respect to the design of foodstuffs, especially those derived from tissue engineering; quality control of food hygiene; designing animal cell based foodstuffs; cell engineering project studies in the field of food; preparation of scientific reports; performing tests on food products; research for

the development of new foodstuffs derived from cell culture; scientific research; research on animal cells; biological research; laboratory research services; research in the food sector; scientific study services; services for designing foodstuffs; services for designing foodstuffs derived from cell culture; advisory services relating to laboratory tests; research and development services with respect to food technology; engineering and scientific services in the field of food; laboratory services; research and development services for animal cell culture; laboratory services in the field of food; scientific and chemical research services in the field of food; information and consulting services concerning the aforesaid services.

Class 44

Agricultural services featuring genetic analysis of animal cells for mass production by means of animal cell biomass expansion of such cells as food or food ingredients and not for research or scientific purposes; cultivating cells (agricultural service); breeding animal cells (breeding service); provision of advice relating to nutrition; animal cell bank services; animal cell breeding and reproduction (agricultural service); storing animal cells (agricultural service); agricultural and breeding services; information and consulting services concerning the aforesaid services.
