*Advertisement of a series of two trade marks**The first trade mark in the series is limited to the colours as shown in the representation on the form of the application.*

Juice bar; Restaurant services; Cafe services; Teahouse; Rental of meeting rooms; Teahouse services; Pub; Canteen services; Snack-bar services; Bar services; Mobile supply of beverage and food; Food and drink catering; Cafeteria services; Wine bars; Cocktail lounge services; Beer house service; Bistro services; Serving beverages in brewery workshops; Serving beverages in brewpubs; All included in class 43.

SHENZHEN PINDAO FOOD & BEVERAGE MANAGEMENT CO., LTD. ; Pindao Food & Beverage Management Co., Ltd., 2nd Floor, Area 1-2, Happy Valley Commercial Street, Huaqiao City, Nanshan District, Shenzhen, CHINA

AGENT : Bahari Yeow Tien Hong, c/o RDS (Rosli Dahlan Saravana Partnership), Level 16, Menara 1 Dutamas, Solaris Dutamas, No. 1, Jalan Dutamas 1, 50480 Kuala Lumpur

GENERAL INFORMATION II

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

**LIST OF ACCEPTANCE OF APPLICATION FOR REGISTRATION UNDER TRADEMARK ACT 2019
IN NATIONAL APPLICATION**

Mark translation : Qatar energy

Mark transliteration : Qatar liltaaqa

CLASS 1

Chemicals used in industry, agriculture, horticulture, forestry and aquaculture; Manures and fertilisers; Unprocessed plastics in all forms; Adhesives for use in industry; Petrochemicals and their derivatives; Polymers and chemical additives to polymers; Unprocessed artificial and synthetic resins; Drilling muds and chemical additives for drilling muds; Chemical solvents; Lithium; Sodium; Hydrocarbons; Hydrogen; Hydrocarbons and natural gas derivatives; Methane; Detergents for industrial use; Degreasing preparations for use in manufacturing processes; Chemical condensation preparations; Dispersants of petroleum products; Chemicals products for the absorption or the removal of all petroleum products; Fluids and release agents; Chemicals used for petroleum refining; Chemicals products for the treatment, purification and decontamination of gases; Urea; Products derived from urea and ammonia [chemicals products]; Products for water treatment; Chemical additives for use in industry; Chemical additives for carburant, lubricants, fuels, bitumen and other petroleum products; Chemical additives for insecticides, herbicides and fungicides; Antifreeze and de-frosting products; Coolant; Hydraulic fluids and transmission fluids; Brake liquids.

CLASS 4

Petroleum (crude or refined); Electrical energy in all forms; Fuels; Biofuels; Carburants and biocarburants; Fuel oil; Natural gas and petroleum gases in all forms; Lubricants, industrial oils and greases; Base oils; Petroleum additives used in industry; Non-chemical additives for carburant, lubricants, fuels, bitumen and other petroleum products; Non-chemical additives for insecticides, herbicides and fungicides; Petroleum solvents.

CLASS 37

Operation of oil and gas fields; Construction of structures for the production, storage and transportation of crude oil and gas; Drilling of wells; Extraction of oil; Oil pipeline construction; Oil pumping; Natural resources extraction services; Refuelling and fuelling services; Vehicle service stations; Maintenance, washing and repair of vehicles and vehicle parts; Vehicle oil change services; Assistance in case of vehicle breakdown (repair); Greasing, lubrication and engine tuning; Inflation, repair and fitting of tyres; Road construction, maintenance and upkeep services; Commissioning, maintenance, troubleshooting, repair of apparatus and installation of production, distribution and storage of energies; Construction, maintenance and upkeep of refineries and structures for the production, distribution and storage of petroleum, gas and chemical products; Rental of rigs and drilling equipment; Construction, installation and maintenance of pipelines, oil and gas pipelines; Recharging of batteries; Recharging of electric vehicles; Installation, repair and maintenance of installations for supplying power to and recharging batteries and vehicles; Installation of telephone equipment; Installation, programming and maintenance of home automation systems in the field of energy.

CLASS 40

Treatment of materials; Material processing; Refinery services; Petrochemical refining services; Processing of refinery products; Processing of oil and gas; Production of all forms of energies; Transformation and treatment of all materials for energies production; Processing services of natural elements (sun, water, wind) into energy; Treatment, recycling and disposal of waste and organic matter; Refining; Purification, decontamination and depollution services for air, water and soil; Decontamination, depollution and sanitation services for industrial installations and sites, equipment and apparatus in the field of energy production; Technical information and advice to others relating to energy production; Rental of apparatus and installations for generating energy in all forms and providing of information relating thereto; Rental of chemical treatment apparatus and installations and provision of information relating thereto; Mixing lubricants for third parties.

CLASS 42

Scientific, technological and research services relating to health and safety procedures and processes in the field of oil and gas; Development of health and safety procedures and processes in the field of oil and gas; Industrial analysis and research services; Engineering services; Research, prospection and exploration services for the oil, gas and mining industries; Oil-well testing; Commissioning, studies and appraisals of oil, gas and mining deposits; Scientific, technological and technical assistance (engineering) in the field of energies; Design and development of energy distribution networks; Architectural services and drawing up plans for the construction of installations in energy field and refining; Technical consultancy and technical project studies relating to the production and distribution of energies; Study, research and development in the field of energy and

petroleum, gas and chemical products; Research in the field of environmental protection, waste treatment and sustainable development; Analysis, diagnostic and testing services in the field of energies; Laboratory, analytical, diagnostic and testing services for petroleum, gas and chemical products; Audit and expertise services relating to energy and energy consumption; Control and audits of safety and quality; Technical assistance services with certification and approval; Technical inspection and appraisals (engineering services) of installations operating with the aid of energy of all kinds; Technical inspections of vehicles; Remote meter reading of energy consumption; Design and analysis of computer systems; Supply of application service provider [ASP].

TM2023029749 2 October 2023

Adhesive tape dispensing machines; Agricultural machines; Agricultural seed planting machines; Air compressors; Agricultural elevators; Agricultural implements, other than hand-operated; Air suction machines; Asphalt mixers [machines]; Asphalt paving machines; Assembly line conveyor machinery; Atomisers [machines]; Autogenous soldering machines; Automated book sorting machines; Automated paper sorting machines; Automated parcel sorting machines; Automatic handling machines [manipulators]; Automatic packing machines for food; Automatic sprayers for electrostatic painting; Automatic stamping machines; Automatic tire removing and installing devices; Automatic vending machines; Backhoes [earth moving machines]; Bagging machines; Balers for agricultural use; Balers for industrial purposes; Balers for industrial use; Band saw machines; Barking machines; Barley polishing machines; Barley splitting machines; Beach cleaning machines; Beating machines; Belt sanding machines; Bending machines; Bending machines for metalworking; Beverage preparation machines, electromechanical; Bicycle assembling machines; Bitumen making machines; Blade sharpening machines; Blanking presses; Blenders, electric, for food and drink preparation; Blending machines for chemical processing; Blowing machines; Blowing machines for the compression, exhaustion and transport of gases; Blowing machines or fans for the compression, sucking and carrying of grain; Bookbinding apparatus and machines for industrial purposes; Bookbinding apparatus and machines for industrial use; Boring machines for metalworking; Bottle capping machines; Bottle filling machines; Bottle sealing machines; Bottle sorting machines; Bottle stoppering machines; Bottle washing machines; Bottling machines; Box filling machines; Braiding machines; Brake flushing machines; Bread cutting machines; Brewing machines; Broaching machines for metalworking; Butter machines; Canning machines; Cardboard box making machines; Carding machines; Cargo handling machines; Carpet cleaning machines; Carpet washing machines; Cartoning machines; Car washing machines; Casting machines; Centrifugal grinding machines; Centrifugal metering pumps; Centrifuges [machines]; Cereal processing machines; Chaff cutters; Chain conveyors; Chainsaws; Cheese making machines; Cheese slicers [machines]; Chemical fiber spinning machines; Chemical vapor deposition [cvd] reactors for semiconductor manufacturing

machines; Cigarette machines for industrial purposes; Cigarette making machines; Cinder sifters [machines]; Circular saw machines; Cleaning machines for aviation engines; Cleaning machines for ponds; Clippers [machines]; Clothes washing machines; Clothing pressing machines, electric; Coal-cutting machines; Coffee vending machines; Coin-operated vending machines; Coin-operated washing machines; Cold drink vending machines; Cold saw machines; Collating machines for industrial purposes; Collating machines for industrial use; Color-washing machines; Combine harvesters; Composters [machines]; Compressed air machines; Compression molding machines; Compressors [machines]; Concrete finishing machines; Concrete mixers [machines]; Concrete paving machines; Concrete placing machines; Concrete vibrators; Construction machines and apparatus; Continuous casting machines; Converters for steelworks; Conveying machines; Conveyors [machines]; Cord making machines; Corn and grain husking machines; Corrugated cardboard making machines; Corrugated cardboard manufacturing machines; Corrugated paperboard making machines; Cotton ginning machines; Cranes [lifting and hoisting apparatus]; Crawler cranes; Crawler-tracked loaders; Cream/milk separators; Crushers for industrial purposes; Crushers for industrial use; Crushing machines for industrial purposes; Crushing machines for industrial use; Cultivators [machines]; Cutters [machines]; Cutting machines; Dairy machines; Darning machines; Debarking machines; Decatizing machines; Deep-sea mining machines; Degreasing machines; Derricks; Dethatchers [machines]; Die-cutting and tapping machines; Die-stamping machines; Diggers [machines]; Digital printing machines for ceramic surfaces; Digital printing machines for decorating beverage cans; Digital printing machines for industrial purposes; Digital printing machines for textile industry; Dip-dyeing machines; Dishwashers for industrial purposes; Dish washing machines for industrial purposes; Disintegrators; Ditchers [ploughs]; Ditching machines; Dividing machines; Dock cranes; Document sorting machines; Drainage machines; Dredging machines; Drilling machines and parts therefor; Drilling machines for metalworking; Drill presses [machines]; Drills for the mining industry; Drill sharpening machines; Dry cleaning machines; Dust collecting machines; Dyeing machines; Dynamos; Earth compacting machines; Earth moving machines; Edible kelp processing machines; Egg brooders; Egg incubators; Egg slicing machines; Electrically powered machines for cutting and splitting logs for firewood; Electrically powered ski sharpening machines; Electrically powered windlasses; Electrical water pumps; Electric arc cutting machines; Electric arc welding machines; Electric chaff cutters; Electric cherry pit removing machines; Electric drain augers; Electric floor polishing machines and apparatus; Electric food grinders for industrial purposes; Electric food grinders for industrial use; Electric fruit presses for industrial purposes; Electric fruit squeezers for industrial purposes; Electric garden chippers; Electric garden shredders; Electric garlic peeling machines; Electric generators; Electric hedge cutters; Electric ice crushing machines; Electric ice shaving machines; Electric machines and apparatus for cleaning; Electric machines and apparatus for wax-polishing; Electric meat cutters; Electric meat grinders; Electric pasta making machines; Electric polishing machines and apparatus; Electric sewing machines; Electric shearing machines; Electric vacuum cleaners for industrial purposes; Electric vacuum cleaners for industrial use; Electric washing machines for industrial purposes; Electric wax-polishing machines for industrial purposes; Electric welding machines; Electric wood sawing machines; Electromechanical beverage preparation machines; Electromechanical food preparation machines; Electromechanical machines for chemical industry; Electroplating machines; Electrostatic coating machines;

Elevator conveyors; Embossed printing machines; Embossing machines; Embroidery machines; End mills [machines]; Engraving machines; Envelope inserting machines; Envelope sorting machines; Excavating machines; Extrusion moulding machines; Feed grinding machines; Feedwater regulators [machines]; Fertiliser spreading machines; Fiber cutting machines; Filling machines; Filtering machines; Filtering machines for chemical processing; Filter presses; Filter presses for chemical processing; Finishing machines; Fish paste making machines; Fleshing machines; Flexographic printing machines; Floor buffing machines; Floor polishing machines; Floor scrubbing machines; Floor washing machines; Flour mill machines; Fodder crushing machines; Fodder cutting machines; Fodder mixing machines; Food chopping machines for commercial use; Food cutting machines for commercial use; Food grinders, electric, for industrial purposes; Food grinders, electric, for industrial use; Food mixing machines for commercial use; Food peeling machines for commercial use; Forging machines; Foundry machines; Friezing machines; Fruit pulp processing machines; Fruit washing machines; Garden tilling machines; Gas cutting machines; Gas-operated welding machines; Gear cutting and finishing machines; Glassware manufacturing machines and apparatus; Glass working machines; Gluing machines for use with plywood; Graders [earth moving machines]; Grain husking machines; Grain separating machines; Grating machines for vegetables; Grinding machines; Grinding machines for industrial purposes; Grinding machines for industrial use; Grinding machines for metalworking; Handling machines, automatic; Harvesters for agricultural use; Harvesting machines; Hay binding machines; Hay making machines; Hobbing machines; Hoists; Honing machines for metalworking; Hydraulic machines and apparatus; Ice crushing machines, electric; Ice-resurfacing machines; Industrial food mixers [machines]; Industrial inkjet printing machines; Industrial label printing machines; Industrial laundry washing machines; Industrial machine presses; Industrial machines for cleaning sand; Industrial printing machines; Industrial sewing machines; Injection moulding machines; Injection plastic moulding machines; Innerbox making machines; Insecticide sprayers [machines]; Intaglio printing machines; Internal grinding machines; Involute grinding machines; Jet moulding machines for processing plastics; Jig-saws [machines]; Jointing machines for use with plywood; Key cutting machines; Knife sharpening machines; Knitting machines; Labelers [machines]; Label printing machines for industrial purposes; Lace making machines; Lapping machines; Laser drilling machines for stone working; Laser engraving machines for woodworking; Laser welding machines; Lawn aerators [machines]; Lawn mowers [machines]; Lawn scarifiers [machines]; Leather tanning machines; Leather working machines; Loading and unloading machines; Machines and machine tools; Machines for calendaring paper; Machines for cleaning surfaces using high-pressure water; Machines for coating paper; Machines for construction purposes; Machines for cutting and splitting logs for firewood; Machines for cutting paper; Machines for cutting plywood; Machines for dyeing textiles; Machines for embossed printing; Machines for extruding plastics; Machines for filling containers with liquid; Machines for filtering milk; Machines for finishing plywood; Machines for gluing plywood; Machines for grating vegetables; Machines for making bitumen; Machines for making cardboard boxes; Machines for making cheese; Machines for making cigarette filter rods; Machines for making cigarettes; Machines for making condensed milk; Machines for making confectionery; Machines for making corrugated cardboard; Machines for making fishing nets; Machines for making fish paste; Machines for making lace; Machines for making miso; Machines for making noodles; Machines for making paper

bags; Machines for making paper boxes; Machines for making paper sacks; Machines for making powdered milk; Machines for making rope; Machines for making shoes; Machines for making soda pops; Machines for making soya sauce; Machines for making straw rope; Machines for making textile articles; Machines for manufacturing corrugated cardboard; Machines for manufacturing liquid crystal display devices; Machines for manufacturing memory chips; Machines for manufacturing rubber; Machines for manufacturing semiconductors; Machines for manufacturing semi-conductor substrates; Machines for manufacturing veneers; Machines for metal working; Machines for packaging food; Machines for paper calendaring; Machines for pressure washing; Machines for processing cereals; Machines for processing condensed milk; Machines for processing edible kelp; Machines for processing foodstuffs; Machines for processing fruit pulp; Machines for processing fruits; Machines for processing paper pulp; Machines for processing plant fibers; Machines for processing plastics; Machines for processing printing plates; Machines for processing rubber; Machines for processing wood pulp; Machines for reeling paper; Machines for removing waste materials during industrial processes; Machines for sawing wood; Machines for separating recyclable materials; Machines for shaping geta [japanese-style wooden clogs]; Machines for shredding horticultural waste; Machines for shredding paper; Machines for sorting recyclable materials; Machines for sorting tea leaves; Machines for stamping prices on merchandise; Machines for textile processing; Machines for the construction industry; Machines for the extrusion of plastics; Machines for the mineralisation of drinking water; Machines for the preparation of printing plates; Machines for the production of sugar; Machines for the textile industry; Machines for the working of metals; Machines for use in the construction industry; Machines for washing crockery; Machines for washing glassware; Machines for washing laundry; Machines for washing pots and pans; Machines for washing silkworm eggs; Machines, machine tools, power-operated tools; Mail sorting machines; Manure spreading machines; Meat cutting machines; Meat processing machines; Metal sawing machines; Metalworking machines; Milk homogenizing machines; Milking machines; Milling-drilling machines; Milling machines; Mineworking machines; Mining machines; Mowing and reaping machines; Multipacker machines; Net hauling machines; Nibbling machines; Nickel-plating machines; Nut-tapping machines; Oil refining machines; Oil separators [machines]; Oil-well pumping machines; Optical sorting machines for cereals; Optical sorting machines for industrial use; Ore separators [machines]; Ore treating machines; Outerbox making machines; Outerbox ranging machines; Oxyacetylene cutting machines; Oxyacetylene welding machines; Packaging machines; Painting machines; Paper bag making machines; Paper box making machines; Paper calendaring machines; Paper cutting machines; Paper coating machines; Paper pulp processing machines; Paper shredding machines; Parcel sorting machines; Paring machines; Peeling machines; Perforating machines for industrial purposes; Perforating machines for industrial use; Photocomposition machines; Photoengraving machines; Phototypesetting machines; Planographic printing machines; Plant fiber processing machines; Plasma cutting machines; Plastic processing machines; Power saws; Pumps [machines]; Racquet stringing machines; Radial drilling machines; Rail-laying machines; Railroad constructing machines; Raising machines for the textile industry; Raking machines; Ramie barking machines; Rammers [machines]; Rams [machines]; Raw silk processing machines; Reapers [agricultural machine]; Refuse crushing machines; Rice grain sorting machines; Rice husking machines; Rice polishing machines; Rinsing machines; Riveting machines; Road building

machines; Road construction machines; Road making machines; Road marking machines; Road paving machines; Road rolling machines; Road sweeping machines; Rock drills [machines]; Rotary cultivators [machines]; Rotary grinding machines; Rubber manufacturing machines; Rubber mixing machines; Rubber processing machines; Sandblasting machines; Sand cleaning machines; Sanding machines for woodworking; Satinizing machines; Sausage making machines; Saws [machines]; Scarifiers [earth moving machines]; Scroll saws [machines]; Scutching machines for the textile industry; Sealing machines for industrial purposes; Semi-automatic carton packing machines; Semi-conductor manufacturing machines; Semi-conductor substrates manufacturing machines; Semi-conductor wafer processing machines; Sensor-controlled sorting machines; Sewing machines; Sheaf-binding machines; Shoe making machines; Shredders [machines] for industrial purposes; Shredders [machines] for industrial use; Shrink wrapping machines; Sifting machines; Silkscreen printing machines; Sizing machines; Skillet slitting machines; Soda-pop making machines; Sowers [machines]; Soy sauce making machines; Spiral binding machines for industrial purposes; Spiral binding machines for industrial use; Splint chopping machines; Splint cleaning machines; Splint levelling machines; Splint polishing machines; Splint sieving machines; Splint veneer peeling machines; Spraying machines; Stacking machines; Stalk separators [machines]; Stamping machines; Staple fiber cutting machines; Steam cleaning machines; Stem crushing machines; Stereotype machines; Stitching machines; Stone-working machines; Strapping machines; Straw cutters; Straw rope making machines; Street sweeping machines; Stropping machines; Stubble cutting machines; Tarring machines; Tea leaf sorting machines; Tea processing machines; Tedding machines; Tenoning machines; Textile calendering machines; Textile dyeing machines; Textile tentering machines; Textile washing machines; Threshing machines; Tilling machines for agricultural purposes; Timber harvesting machinery; Tobacco processing machines; Tool grinding machines; Trash compacting machines; Trenching machines; Trimming machines; Trim waste sorting machines; Trueing machines; Type-setting machines; Typesetting machines [printing]; Photocomposition; Typesetting machines [printing]; Typographic machines; Vacuum packaging machines; Vacuum pumps [machines]; Veneer manufacturing machines; Veneer piling machines; Vibrators [machines] for industrial purposes; Vibrators [machines] for industrial use; Waste compacting machines; Waste crushing machines; Waste sorting machines; Weeding machines; Well drilling machines; Whitewashing machines; Wire drawing machines; Wire extruding machines; Wire forming machines; Wood chipping machines; Wood drilling machines; Wood grinding machines; Wood milling machines; Wood planing machines; Wood pulp processing machines; Wood sawing machines; Woodworking machines; Wrapping machines; Yarn spinning machines; Yarn stretching machines; Yarn twisting machines; Yarn winding machines; Lawn edge trimmers [machines]; Lawnmowers, electric; Lawnmowers [machines]; Lawn tractors; Lawn trimmers, electric; Petrol lawn mowers; Robotic lawnmowers; Solar-powered robotic weeders for gardens; Ride-on lawn mowers; Scarifiers; Garden shredders, electric; Shredders for industrial purposes; Shredders for industrial use; Garden chippers, electric; Ploughs; Construction machines; Gasoline lawn mowers; Suction cleaning machines [vacuum cleaners]; Suction machines for industrial purposes; Drilling machines; Electricity generators; Electric water pumps; Road sweepers [machines]; Street sweepers [machines]; Sweepers, electric; Robotic mechanisms used in agriculture; Lawn edgers, electric; Hedge trimmers, electric; Hedge trimmers [machines]; Earth augers; Power blowers for lawn debris;

Agricultural cultivators; Chain saws, electric; Electric saws; Jigsaws [machines]; Chain saws; Gas welding machines; Welding machines, electric; Welding machines, gas-operated; Gasoline engines, not for land vehicles; Gasoline engines, other than for land vehicles; Diesel engines for machines; Diesel engines, not for land vehicles; Diesel engines, other than for land vehicles; Ac generators; Dc generators; Alternating current generators; Current generators; Direct current generators; Electric power generators for emergency use; Electrostatic generators; Emergency power generators; Generators for wind turbines; Generators of electricity; High-voltage generators; Inert gas generators [machines]; Mobile electric power generators; Portable electric power generators; Turbogenerators; Wind-powered electricity generators; Electromechanical machines for the chemical industry; Machines and apparatus for the textile industry; Napping machines for the textile industry; Oxygen generator plants for the aquaculture industry; Sorting machines for industry.

*Advertisement of a series of two trademarks**The first trademark in the series is limited to the colours as shown in the representation on the form of the application.**Registration of this trademark shall give no right to the exclusive use of the words "trader voice".*

Advisory services relating to telecommunications; Audio and video broadcasting services over the internet; Audio and video broadcasting services provided via the internet; Audio broadcasting; Audio broadcasting services; Audio broadcasting via the internet; Audio broadcasting via the internet and other communications networks; Audio streaming; Audio streaming services; Audio teleconferencing; Audio teleconferencing services; Audio, video and data transmission by cable, satellite, computer networks, telephone lines and isdn lines; Audio, video and multimedia broadcasting via the internet and other communications networks; Automatic transfer of digital data using telecommunications channels; Broadcasting; Broadcasting of audiovisual and multimedia content via the internet; Broadcasting of audiovisual content via the internet; Broadcasting of video and audio content via the internet; Broadcasting of video and audio programming over the internet; Broadcasting of video and audio programming via the internet; Broadcasting programs via a global computer network; Broadcasting services; Broadcasting services and provision of telecommunication access to video and audio content provided via a video-on-demand service via the internet; Call recording services; Cell phone services; Cellular phone services; Cellular telephone services; Cellular telephony services; Chat room services for social networking; Collection and transmission of electronic messages; Communication by e-mail systems; Communication by electronic mail systems; Communication by electronic means; Communication by email systems; Communication of data by electronic mail; Communication of information by computer; Communication services over computer networks; Communication services via computer networks; Communication via interactive voice response; Communication via interactive voice response [ivr]; Communication via virtual private networks; Communication via virtual private networks [vpn]; Communications by cell phones; Communications by cellular phones; Communications by cellular telephones; Communications by computer; Communications by computer terminals; Communications by facsimile; Communications by fiber optic networks; Communications by mobile phones; Communications by mobile telephones; Communications by optical fiber networks; Communications by or between computers and computer terminals; Communications by radio; Communications by satellite; Communications by telegrams; Communications by telegraph; Communications by telephone; Communications consultancy; Communications services provided over the internet; Communications via analog and digital computer terminals; Communications via analogue and digital computer terminals; Communications via multinational telecommunication networks; Communications via radio; Computer aided transmission of data; Computer aided transmission of images; Computer aided transmission of information; Computer aided transmission of information and images; Computer aided transmission of messages; Computer aided transmission of messages and images; Computer aided transmission of messages, data and images; Computer communications services for the transmission of information; Computer data transmission services; Computer intercommunication; Computer network access services by means of a metro ethernet; Computer network access services provided by means of a metro ethernet; Computer network communication services; Computer telephony services; Computerised communication services; Computerised telephony services; Consultancy in the field of communications; Consultancy in the field of telecommunications; Consultancy services in the field of communications; Consultancy services in the field of electronic communications; Consultancy services relating to communications; Consultancy services relating to data communications; Consultancy services relating to telecommunications; Consultancy, information and advisory services in the field of telecommunications; Consulting services in the field of communications; Consulting services in the

field of electronic communications; Consulting services in the field of telecommunications; Data broadcasting; Data broadcasting services; Data casting; Data casting services; Data communication by e-mail; Data communication by electronic mail; Data communication by email; Data streaming; Data streaming services; Data transfer; Data transfer services; Data transmission; Data transmission and reception services via telecommunication means; Data transmission and telecommunication services; Data transmission between networked computer systems; Data transmission services; Data transmission services between networked computer systems; Data transmission services over telecommunications networks; Data transmission via telecommunication networks; Data transmission via telecommunications networks; Data transmission via telematic networks; Datacasting; Datacasting services; Digital audio broadcasting; Digital data transfer; Digital data transfer services; Digital text messaging; Digital text messaging services; Digital transmission of data; Digital transmission of data via the internet; Digital transmission of images; Digital transmission of messages; Digital transmission services; Digital transmission services for audio and video data; Electronic and digital transmission of voice, data, images, signals and messages; Electronic bulletin board services [telecommunications services]; Electronic communication; Electronic communication by means of chat rooms, chat lines and internet forums; Electronic communication by means of chatrooms, chat lines and internet forums; Electronic communication services; Electronic data interchange; Electronic data interchange [edi] services; Electronic exchange of data stored in databases accessible via telecommunication networks; Electronic exchange of messages using chat lines, chatrooms and internet forums; Electronic exchange of messages using chat lines, chat rooms and internet forums; Electronic mail and facsimile transmission services; Electronic mail and mailbox services; Electronic mail and messaging services; Electronic mail data services; Electronic mail forwarding services; Electronic mailing services; Electronic mail services; Electronic messaging; Electronic messaging services; Electronic order transmission; Electronic order transmission services; Electronic store-and-forward messaging; Electronic store-and-forward messaging services; Electronic transfer of data; Electronic transmission and retransmission of sounds, images, documents, messages and data; Electronic transmission and streaming of digital media content for others via global and local computer networks; Electronic transmission of audio, video and other data and documents among computers; Electronic transmission of audio, video and other data and documents via a peer-to-peer network; Electronic transmission of computer programmes via the internet; Electronic transmission of computer programs via the internet; Electronic transmission of data; Electronic transmission of data and documents; Electronic transmission of data and documents among computer users; Electronic transmission of data and documents among users of computers; Electronic transmission of data and documents via computer terminals; Electronic transmission of data and documents via computer terminals and electronic devices; Electronic transmission of data and documents via electronic devices; Electronic transmission of encrypted data; Electronic transmission of images; Electronic transmission of images and photographs via a global computer network; Electronic transmission of images, photographs, graphic images and illustrations over a global computer network; Electronic transmission of information; Electronic transmission of instant messages; Electronic transmission of instant messages and data; Electronic transmission of mail and messages; Electronic transmission of messages; Electronic transmission of messages and data; Electronic transmission of news; Electronic transmission of photographs; Electronic transmission of sound, images and other data and information of all kinds; Electronic transmission of sound, images and other data and information of all kinds via the internet; Information transmission services via digital networks; Information transmission via digital networks; Information transmission via electronic communications networks; Information transmission via telematic networks; Instant messaging; Instant messaging services; Interactive broadcasting; Interactive broadcasting services; Interactive communication services; Interactive delivery of video over digital networks; Interactive delivery of video via digital networks; Interactive teletext services; Interactive transmission of video over digital networks; Interactive transmission of video via digital networks; Interactive videotext services; International telephone services; International telephony services; Internet access provider services; Internet and digital transmission services for audio, video, or graphical data; Internet and intranet communication and access services; Internet broadcasting services; Internet communication; Internet communication services; Internet protocol broadcasting; Internet radio broadcasting; Internet radio broadcasting services; Internet service provider [isp] services; Internet service provider services; Internet telephony services; Leasing of broadcasting equipment; Leasing of communication apparatus and instruments; Leasing of communications apparatus and instruments; Leasing of computer communication apparatus and instruments; Leasing of facsimile apparatus; Leasing of message sending apparatus; Leasing of message transmission apparatus; Leasing of modems; Leasing of radio and television broadcasting equipment; Leasing of radio and television broadcasting facilities; Leasing of radio broadcasting equipment; Leasing of satellite transmission capacity; Leasing of telecommunication apparatus and installations; Leasing of telecommunication devices and equipment enabling connection to networks; Leasing of telecommunication equipment; Leasing of telecommunication equipment, including telephones and facsimile apparatus; Leasing of telecommunication facilities; Leasing of telecommunication lines; Leasing of telecommunications apparatus and installations; Leasing of telecommunications equipment; Leasing of telecommunications facilities; Leasing of telephone apparatus; Leasing of telephone booths; Leasing of telephone sets, facsimile and other communication equipment; Leasing of telephones; Leasing of teleprocessing and computer communication apparatus and instruments; Leasing of television broadcasting equipment; Leasing of video conferencing equipment; Leasing of video conferencing facilities; Line hunting services; Local and long distance telephone services; Local telephone services; Long distance telephone communication services; Long distance telephone

communications services; Long distance telephone services; Message sending; Message sending services; Message transmission; Message transmission services; Missed call notification services; Mobile communication services; Mobile communications services; Mobile media services in the nature of electronic transmission of entertainment media content; Mobile phone services; Mobile radio communication; Mobile radio communication services; Mobile radio telephone services; Mobile radio telephony services; Mobile telephone services; Mobile telephony; Mobile telephony services; Multimedia broadcasting via the internet; Multimedia broadcasting via the internet and other communications networks; Multimedia messaging services; Multimedia messaging services [mms]; Netcasting [broadcasting over a global computer network]; Network conferencing services; Network transmission of sounds, images, signals and data; On call notification services; On-line document delivery via a global computer network; On-line message sending services; Online document delivery via a global computer network; Online message sending services; Operation of radio broadcasting equipment; Operation of telecommunications equipment; Operation of television broadcasting equipment; Podcasting; Providing access and rental of access time to a computer database; Providing access to a blog, chatroom, bulletin board or discussion service; Providing access to a blog, chat room, bulletin board or discussion service; Providing access to a computer database; Providing access to a global computer network; Providing access to a video sharing portal; Providing access to a web, mail and news portal; Providing access to a worldwide computer network; Providing access to an internet discussion web site; Providing access to an internet discussion website; Providing access to an electronic marketplace [portal] on computer networks; Providing access to and leasing of access time to a computer database; Providing access to and rental of access time to a computer database; Providing access to bulletin boards; Providing access to chat lines, chatrooms and forums on the internet, including mobile internet; Providing access to chat lines, chat rooms and forums on the internet, including mobile internet; Providing access to chat lines, chatrooms and forums on the internet, including on mobile internet; Providing access to chat lines, chat rooms and forums on the internet, including on mobile internet; Providing access to chat lines, chat rooms and forums via mobile internet; Providing access to chat lines, chatrooms and forums via mobile internet; Providing access to chat lines, chat rooms and forums via the internet; Providing access to chat lines, chatrooms and forums via the internet; Providing access to chat rooms; Providing access to chatrooms; Providing access to computer databases; Providing access to computer, electronic and online databases; Providing access to computer, electronic and on-line databases; Providing access to computer networks; Providing access to computer programmes on data networks; Providing access to computer programs on data networks; Providing access to data and information on the internet; Providing access to data on communication networks; Providing access to data on communications networks; Providing access to data on computer networks; Providing access to data or documents stored electronically in central files for remote consultation; Providing access to data via the internet; Providing access to databases; Providing access to databases and information via global computer networks; Providing access to databases on computer networks; Providing access to databases on the internet; Providing access to digital music web sites on the internet; Providing access to electronic communications networks; Providing access to electronic communications networks, to the internet and to extranets; Providing access to electronic databases; Providing access to electronic information, communication and transaction platforms on the internet; Providing access to electronic publications; Providing access to electronic shops [telecommunications]; Providing internet forums; Providing access to internet chat rooms; Providing access to internet chatrooms; Providing access to internet databases; Providing access to internet platforms; Providing access to internet platforms and portals; Providing access to internet platforms for the purpose of exchanging digital photographs; Providing access to internet portals; Providing access to electronic sites; Providing access to information on computer networks; Providing access to information on the internet; Providing access to information via data networks; Providing access to information via the internet; Providing access to mobile internet platforms; Providing access to mobile internet portals; Providing access to multimedia content online; Providing access to multimedia content on-line; Providing access to on-line chat lines; Providing access to on-line chat rooms; Providing access to on-line chatrooms; Providing access to on-line computer databases; Providing access to on-line databases; Providing access to on-line forums; Providing access to online chat lines; Providing access to online chat rooms; Providing access to online chatrooms; Providing access to online computer databases; Providing access to online computer databases; Providing access to online databases; Providing access to online forums; Providing access to platforms and portals on the internet; Providing access to platforms on the internet; Providing access to platforms on the internet, as well as on the mobile internet; Providing access to portals on the internet; Providing access to portals on the internet, as well as on the mobile internet; Providing access to telecommunication channels for teleshopping services; Providing access to telecommunication networks; Providing access to telecommunications networks; Providing access to the internet; Providing access to the internet and other communications networks; Providing access to web portals; Providing access to web sites on the internet or any other communications network; Providing access to websites on the internet or any other communications network; Providing access via data networks to software for internet access; Providing chat room or discussion services on-line; Providing chat rooms on the internet; Providing chatroom or discussion services on-line; Providing chatrooms on the internet; Providing electronic mail and instant messaging services; Providing electronic mail services; Providing electronic telecommunication connections; Providing electronic telecommunications connections; Providing internet access; Providing internet access via fiber optic broadband networks; Providing internet access via fibre optic broadband networks; Providing internet access via optical fiber broadband networks; Providing internet access via optical fibre broadband networks; Providing internet access via wireless broadband networks;

Providing internet chat lines; Providing internet chat rooms; Providing internet chatrooms; Providing internet chat rooms and forums; Providing internet chatrooms and forums; Providing access to internet forums; Providing e-mail and instant messaging services; Providing e-mail fax services; Providing e-mail notification alerts of rating changes that affect financial portfolios; Providing e-mail services; Providing email and instant messaging services; Providing email services; Providing facilities and equipment for telepresence conferencing; Providing facilities and equipment for video conferencing; Providing frame relay connectivity services for data transfer; Providing high speed access to a global computer information network; Providing high speed access to area networks; Providing high speed access to area networks and a global computer information network; Providing high speed access to computer and communication networks; Providing high speed access to the internet; Providing information about cable television broadcasting; Providing information about radio broadcasting; Providing information about television broadcasting; Providing information about television broadcasting, cable television broadcasting and radio broadcasting; Providing information about wireless communication; Providing information in the field of telecommunications; Providing instant messaging services; Providing internet chatrooms and internet forums; Providing internet chatrooms and online forums; Providing internet chatrooms and on-line forums; Providing long distance telecommunication services; Providing long distance telecommunication services; Providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; Providing multiple user access to proprietary collections of information by means of global computer information networks; Providing multiple-user dial-up and dedicated access to the internet; Providing multiple user wireless access to the internet; Providing multiple-user access to a global computer information network; Providing multiple-user access to a global computer network; Providing on-demand access to computer programmes on data networks; Providing on-demand access to computer programs on data networks; Providing on-line access to data; Providing on-line access to databases; Providing on-line chatrooms and electronic bulletin boards for transmission of messages among computer users; Providing on-line chat rooms and electronic bulletin boards for transmission of messages among computer users; Providing on-line chatrooms and electronic bulletin boards for transmission of messages among users in the field of general interest; Providing on-line chat rooms and electronic bulletin boards for transmission of messages among users in the field of general interest; Providing on-line chatroom services; Providing on-line chat room services; Providing on-line chat rooms for social networking; Providing on-line chatrooms for social networking; Providing on-line chat rooms for the transmission of messages, comments and multimedia content among users; Providing on-line chatrooms for the transmission of messages, comments and multimedia content among users; Providing on-line chatrooms for transmission of messages among computer users; Providing on-line chat rooms for transmission of messages among computer users; Providing on-line communications links which transfer the web site user to other local and global web pages; Providing on-line communications links which transfer the website user to other local and global web pages; Providing on-line discussion services; Providing on-line electronic bulletin boards for transmission of messages among computer users; Providing on-line facilities for real-time interaction with other computer users; Providing on-line facsimile transmission services; Providing on-line forums; Providing on-line forums for the transmission of messages, comments and multimedia content among users; Providing on-line forums for transmission of messages among computer users; Providing on-line listservers for transmission of messages among computer users; Providing online access to computer databases; Providing online access to data; Providing online access to databases; Providing online chat rooms and electronic bulletin boards for transmission of messages among computer users; Providing online chat rooms and electronic bulletin boards for transmission of messages among users in the field of general interest; Providing online chat room services; Providing online chat rooms for social networking; Providing online chat rooms for the transmission of messages, comments and multimedia content among users; Providing online chat rooms for transmission of messages among computer users; Providing online chatrooms and electronic bulletin boards for transmission of messages among computer users; Providing online chatrooms and electronic bulletin boards for transmission of messages among users in the field of general interest; Providing online chatroom services; Providing online chatrooms for social networking; Providing online chatrooms for the transmission of messages, comments and multimedia content among users; Providing online chatrooms for transmission of messages among computer users; Providing online communications links which transfer the web site user to other local and global web pages; Providing online communications links which transfer the website user to other local and global web pages; Providing online discussion services; Providing online electronic bulletin boards for transmission of messages among computer users; Providing online facilities for real-time interaction with other computer users; Providing online facsimile transmission services; Providing online forums; Providing online forums for the transmission of messages, comments and multimedia content among users; Providing online forums for transmission of messages among computer users; Providing online listservers for transmission of messages among computer users; Providing private and secure real time electronic communication over a computer network; Providing radio and cellular communication services; Providing radio and cellular communication services for charitable purposes; Providing remote internet access; Providing telecommunication access to video and audio content; Providing telecommunication connections to a global computer network; Providing telecommunication connections to the internet; Providing telecommunication connections to the internet or databases; Providing telecommunication services for e-commerce platforms on the internet and other electronic media; Providing telecommunications connections to a global communication network or databases; Providing telecommunications connections to a global computer network; Providing telecommunications

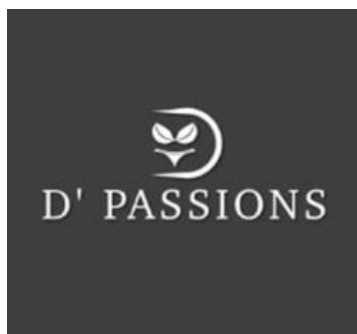

connections to databases; Providing telecommunications connections to the internet; Providing telecommunications connections to the internet or databases; Providing telephone conferencing services; Providing television broadcasting information via a web site; Providing television broadcasting information via a website; Providing third party users with access to telecommunication infrastructure; Providing third party users with access to telecommunications infrastructure; Providing user access to a global computer network; Providing user access to a global computer network and online sites containing information on a wide range of topics; Providing user access to a global computer network and on-line sites containing information on a wide range of topics; Providing user access to computer programmes on data networks; Providing user access to computer programs on data networks; Providing user access to global computer networks; Providing user access to information and information services available on the internet and on other computer networks; Providing user access to information on the internet; Providing user access to on-line sites containing information on a wide range of topics; Providing user access to online sites containing information on a wide range of topics; Providing user access to platforms on the internet; Providing user access to portals on the internet; Providing user access to search engines; Providing user access to the internet [service providers]; Providing video conferencing services; Providing voice chat services; Providing voice communication services over the internet; Providing voice communication services via the internet; Provision and rental of access time to computer databases; Provision and rental of access time to data banks; Provision and rental of access time to databases; Provision of access to a global computer network; Provision of access to a worldwide computer network; Rental of telecommunication apparatus and installations; Rental of telecommunication devices and equipment enabling connection to networks; Rental of telecommunication equipment; Rental of telecommunication equipment, including telephones and facsimile apparatus; Rental of telecommunication facilities; Rental of telecommunication lines; Rental of telecommunications apparatus; Rental of telecommunications facilities; Rental of telecommunications lines; Rental of telephone apparatus; Rental of telephone booths; Rental of telephones; Rental of telephone sets, facsimile and other communication equipment; Rental of teleprocessing and computer communication apparatus and instruments; Rental of television broadcasting equipment; Rental of video conferencing equipment; Rental of video conferencing facilities; Satellite communication; Satellite communication services; Satellite television broadcasting; Satellite television broadcasting services; Satellite transmission; Satellite transmission of data; Satellite transmission of messages; Satellite transmission of messages and data; Simulcasting broadcast television over global communication networks, the internet and wireless networks; Streaming audio and video material on the internet; Streaming audio material on the internet; Streaming of audio; Streaming of audio and video material on the internet; Streaming of audio material on the internet; Streaming of audio, visual and audiovisual material via a global computer network; Streaming of data; Streaming of video; Streaming of video material on the internet; Streaming video material on the internet; Telecommunication access services; Telecommunication and communication services; Telecommunication gateway services; Telecommunication services; Telecommunication services provided via internet platforms and internet portals; Telecommunication services provided via internet platforms and portals; Telecommunication services provided via platforms and portals on the internet and other media; Telecommunications; Telecommunications access services; Telecommunications and communications services; Telecommunications consultancy; Telecommunications consultancy services; Telecommunications consultation; Telecommunications gateway services; Telecommunications routing and junction services; Telecommunications services; Telecommunications services for providing multiple-user access to a global computer network; Telecommunications services provided via fiber optic, wireless and cable networks; Telecommunications services provided via fibre optic, wireless and cable networks; Telecommunications services provided via internet platforms and portals; Telecommunications services provided via platforms and portals on the internet and other media; Telecommunications services provided via the internet, intranet and extranet; Teleconferencing and videoconferencing; Teleconferencing and video conferencing services; Teleconferencing services; Telephone and voice mail services; Telephone call completion services for directory assistance customers; Telephone communication services; Telephone communication services provided for hotlines and call centers; Telephone communication services provided for hotlines and call centres; Telephone communications; Telephone exchange services; Telephone paging services; Telephone rental; Telephone rental services; Telephone services; Telephone telecommunications services provided via prepaid telephone calling cards; Telephone voice messaging; Telephone voice messaging services; Telephony services; Telepresence conferencing services; Teleprinting; Teletext and interactive broadcasting services; Teletext services; Transfer of data by telecommunication; Transfer of data by telecommunications; Transfer of data via computer networks; Transfer of data via online services; Transfer of data via on-line services; Transfer of data via the internet; Transfer of electronic data; Transfer of information and data via computer networks; Transfer of information and data via computer networks and the internet; Transfer of information and data via on-line services; Transfer of information and data via online services; Transfer of information and data via on-line services and the internet; Transfer of information and data via online services and the internet; Transfer of information and data via the internet; Transfer of information via computer networks; Transfer of information via online services; Transfer of information via on-line services; Transfer of information via the internet; Transferring and disseminating information and data via computer networks and the internet; Transferring information and data via computer networks and the internet; Transmission and distribution of data or audiovisual images via a global computer network or the internet; Transmission and distribution of data via a global computer

network; Transmission and reception of database information via telecommunication networks; Transmission and reception of database information via telecommunications networks; Transmission of advertising programmes and media advertising communications via digital communications networks; Transmission of advertising programs and media advertising communications via digital communications networks; Transmission of audio and video content by satellite; Transmission of audio and video content via cable; Transmission of audio and video content via computer networks; Transmission of audio and video content via isdn lines; Transmission of audio and video content via satellite; Transmission of audio and video content via the internet; Transmission of audio content; Transmission of audio content via the internet; Transmission of audio data; Transmission of audio data via the internet; Broadcasting and transmission of cable television programmes; Broadcasting and transmission of cable television programs; Transmission of computer data; Transmission of computerised data; Transmission of computerized data; Transmission of data; Transmission of data and information by computer; Transmission of data and information by computer and electronic communication means; Transmission of data and voice files by electronic mail; Transmission of data, audio, video and multimedia files; Transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; Transmission of data by cable; Transmission of data by computer; Transmission of data by electronic mail; Transmission of data by electronic means; Transmission of data by e-mail; Transmission of data by email; Transmission of data by satellite; Transmission of data by teleprinter; Transmission of data by teletypewriter; Transmission of data, messages and information; Transmission of data signals; Transmission of data, sound and images; Transmission of data, sound and images by satellite; Transmission of data, sound and images via satellite; Transmission of data via cable; Transmission of data via computer; Transmission of data via computer networks; Transmission of data via isdn lines; Transmission of data via satellite; Transmission of data via telephone lines; Transmission of data via the internet; Transmission of database information via telecommunication networks; Transmission of database information via telecommunications networks; Transmission of digital audio and video broadcasts over a global computer network; Transmission of digital files; Transmission of digital files and electronic mail; Transmission of digital files and e-mail; Transmission of digital information; Transmission of digital music; Transmission of e-mail; Transmission of electronic data; Transmission of electronic mail; Transmission of electronic messages; Transmission of email; Transmission of emergency signals; Transmission of encoded messages; Transmission of encrypted communications; Transmission of graphics to cell phones; Transmission of graphics to cellular phones; Transmission of images between mobile telecommunications devices; Transmission of images by computer; Transmission of images via computer; Transmission of images via the internet; Transmission of information; Transmission of information and images relating to pharmaceuticals, medicine and hygiene; Transmission of information by cable; Transmission of information by computer; Transmission of information by data communications for assisting decision making; Transmission of information by electronic communication networks; Transmission of information by electronic communications networks; Transmission of information by electronic means; Transmission of information by radio; Transmission of information by satellite; Transmission of information by telephone; Transmission of information online; Transmission of information on-line; Transmission of information on optical telecommunication networks; Transmission of information through video communication systems; Transmission of information via cable; Transmission of information via cable networks; Transmission of information via computer; Transmission of information via computer networks; Transmission of information via computers connected to the same telematic network; Transmission of information via national and international networks; Transmission of information via optical telecommunication networks; Transmission of information via the internet; Transmission of information via wireless networks; Transmission of information via wireless or cable networks; Transmission of information, including web pages, computer programmes and any other data; Transmission of information, including web pages, computer programs and any other data; Transmission of instant messages; Transmission of messages; Transmission of messages and images; Transmission of messages and images between mobile telecommunications devices; Transmission of messages and images by computer; Transmission of messages and images via cell phone; Transmission of messages and images via cellular phone; Transmission of messages and images via cellular telephone; Transmission of messages and images via computer; Transmission of messages and images via computer networks; Transmission of messages and images via mobile phone; Transmission of messages and images via mobile telephone; Transmission of messages by computer; Transmission of messages by electronic means; Transmission of messages by telephone; Transmission of messages by telephone and facsimile; Transmission of messages by telex; Transmission of messages over electronic media; Transmission of messages via computer; Transmission of messages via computer networks; Transmission of messages via electronic media; Transmission of messages via the internet; Transmission of messages, data and content via the internet and other communications networks; Transmission of messages, data and content via the internet and other computer and communications networks; Transmission of multimedia content via the internet; Transmission of news; Transmission of news and current affairs information; Transmission of stock market information via telecommunications media; Transmission of stock market information with the help of telecommunication media; Transmission of user-generated content via the internet; Transmission of video content via the internet; Transmission of video data; Transmission of video data via the internet; Transmission of videos, movies, pictures, images, text, photos, games, user-generated content, audio content, and information via the internet; Transmission of webcasts; Transmission, broadcasting and reception of audio, still and moving images, text and data by computer; Transmission, broadcasting and reception of audio,

still and moving images, text and data via computer networks; Transmission, broadcasting and reception of audio, video, still and moving images, text and data; Transmission, broadcasting and reception of audio, video, still and moving images, text and data in real time; Transmission, reception and processing of coded and emergency signals; Transmitting streamed sound and audio-visual recordings via the internet; Transmitting streamed sound and audiovisual recordings via the internet; Video and audio communication and transmission services; Video broadcasting; Video broadcasting and transmission of films and movies via the internet; Video broadcasting and transmission services via the internet, featuring films and movies; Video broadcasting services; Video broadcasting services via the internet; Video broadcasting via the internet; Video broadcasting via the internet and other communications networks; Video conferencing services; Video messaging; Video messaging services; Video narrowcasting services; Video streaming; Video streaming of independent films; Video streaming of independent films and movies via the internet; Video streaming of independent movies; Video streaming services; Video streaming services via the internet, featuring independent films and movies; Video teleconferencing; Video telephone services; Video transmission; Video transmission over digital networks; Video transmission services; Video transmission via digital networks; Video, audio and television streaming services; Video-on-demand transmission; Video-on-demand transmission services; Video-on-demand transmission services provided via the internet; Videoconferencing; Videoconferencing services; Videophone services; Videotext services; Voice mail services; Voice messaging; Voice messaging services; Voice over internet protocol [voip] services; Voice transmission services; Voice-activated dialing services; Voice-activated dialing services; Web casting services; Web conferencing services; Web messaging services; Webcasting; Webcasting services; Wire service; Wireless broadband communication services; Wireless broadcasting; Wireless pbx services; Wireless private branch exchange [pbx] services; Wireless broadcasting services; Wireless cell phone services; Wireless cellular phone services; Wireless cellular telephone services; Wireless digital messaging; Wireless digital messaging services; Wireless electronic transmission of data; Wireless electronic transmission of facsimiles; Wireless electronic transmission of images; Wireless electronic transmission of information; Wireless electronic transmission of voice signals; Wireless electronic transmission of voice signals, data, facsimiles, images and information; Wireless mobile phone services; Wireless mobile telephone services; Wireless transfer of data via digital mobile telephony; Wireless transfer of data via the internet; Wireless transfer of data via wireless application protocols; Communication via radio, telegraph, telephone and television transmissions; Computerized communication services; Digital network telecommunication services; Digital network telecommunications services; Information about telecommunication; Information about telecommunications; Leasing of telecommunications lines; Providing access to electronic communication networks; Radio, telephone and telegraph communication services; Rental of communications apparatus and instruments; Rental of equipment for telecommunications; Telematic communication services; Telematic communications via computer terminals; Transmission of short messages [sms] between mobile telecommunications devices; Transmission of sound and images between mobile telecommunications devices; Rental of communication apparatus and instruments; Rental of computer communication apparatus and instruments; Telematic communications services; Provision of telecommunications connections for telephone hotlines and call centers; Provision of telecommunication access to audio content provided via the internet; Provision of telecommunication access to video and audio content; Provision of telecommunication access to video and audio content provided via an online video-on-demand service; Transmission of information in the audiovisual field; Transmission of sound, images and data via the internet; Transmission of text via the internet; Chatroom services for social networking; Electronic delivery of images and photographs via a global computer network; Electronic transmission of digital photo files via a peer-to-peer network; High bit-rate data transmission services for telecommunication network operators; Integrated services digital network [isdn] services; Provision of telecommunications connections to a global computer network; Transfer and dissemination of information and data via computer networks and the internet; Transmission of information on a wide range of topics, including online and over a global computer network; Transmission of sound and images via interactive multimedia networks; Transmission of sound and visual recordings over networks; Isp services; Broadcasting of multimedia content via the internet; Transmission of sound and images via satellite or interactive multimedia networks; Sending, receiving and forwarding of electronic messages; Delivery of messages by electronic transmission; Electronic exchange of messages via chat lines, chatrooms and internet forums; Forwarding messages of all kinds to internet addresses [web messaging]; Leasing of apparatus for the transmission of messages; Sending and receiving of electronic messages; Sending of electronic messages; Delivery of digital music by telecommunications; Provision of information in the field of telecommunications; Provision of telecommunications connections for telephone chat lines; Provision of telecommunications connections for telephone hotlines and call centres; Provision of telecommunications connections to the internet; Cable transmission of sounds, images, signals and data; Electronic data interchange services; Electronic transmission of facsimile communications and data featuring encryption and decryption; Email data services; Encrypted electronic transmission and delivery of recovered data; Providing on-line access to computer databases; Provision of access to computer databases; Provision of access to databases; Provision of access to data on communication networks; Provision of access to data or documents stored electronically in central files for remote consultation; Provision of access to data via the internet; Transmission of sound, picture and data signals; Communication via computer terminals, by digital transmission or by satellite; Computerized telephony services; Image and message transmission by means of computers; Provision of telecommunication access to video content provided via the internet; Provision of video conferencing services; Teleconferencing and videoconferencing

services; Transmission of sound, video and information; Delivery of digital music by electronic transmission; Electronic transmission of digital photo files among internet users; Providing access to digital music websites on the internet; Text and numeric wireless digital messaging services.

architectural services relating to the development of land, arranging the donation of computers and computer peripherals to schools for educational learning and research [charitable services], arranging the donation of human corpses for medical research, astronomy consultation, authenticating coins, authenticating works of art, authentication of coins, authentication of diamonds, authentication of stamps, authentication of works of art, automotive design, back-up services for computer hard drive data, backup services for computer hard drive data, bacteriological analysis, bacteriological analysis services, bacteriological consultancy and research, bacteriological consultation and research, bacteriological research, bacteriological research and analysis, bacteriological research and analysis services, bacteriological research and testing, bacteriological research services, bacteriological testing, bacteriological testing services, bacteriology consultancy, basic and clinical research in the field of respiratory science and medicine, bicycle design, biochemical analysis, biochemical analysis services, biochemical research, biochemical research and analysis, biochemical research and analysis services, biochemical research and development, biochemical research and development services, biochemical research services, biochemistry consultancy, biological analysis, biological analysis services, biological and chemical research,

biological and chemical research services, biological cloning services, biological laboratory services, biological research, biological research and analysis, biological research and analysis services, biological research laboratory services, biological research services, biology consultancy, biomedical research, biomedical research services, biotechnological research, biotechnological research services, biotechnology research, blood analysis for scientific research purposes, blood analysis services for scientific research purposes, brand design, brand design services, building and maintaining web sites, building and maintaining websites, building project management [construction drafting, design and planning], business card design, business card design services, calibration [measuring], calibration [measuring] services, calibration of analytical apparatus, calibration of computer software, calibration of detectors, calibration of electronic apparatus, calibration of electronic equipment, calibration of gauges, calibration of instruments, calibration of laboratory apparatus, calibration of laboratory equipment, calibration of machines, calibration of measuring apparatus, calibration of measuring instruments, calibration of medical apparatus, calibration of pipettes, calibration of sensors, calibration of testing equipment, calibration services, cartography services, charitable services, namely, arranging the donation of computers and computer peripherals to schools for educational learning and research, civil engineering design services relating to water irrigation, civil engineering drawing services, classification of minerals, clinical trials, clothing design, clothing design services, cloud computing, cloud computing consultancy, cloud computing consulting, cloud computing services, cloud seeding, coin grading services, commercial art design, commercial art design services, commissioned writing of computer programmes, software and code for the creation of web pages on the internet, commissioned writing of computer programs, software and code for the creation of web pages on the internet, compilation of computer programmes, compilation of computer programs, compilation of web pages for the internet, compression of data for electronic storage, computer aided design for manufacturing operations, computer aided design of molds, computer aided design of moulds, computer aided design of video graphics, computer aided design services, computer aided design services relating to architecture, computer aided design services relating to building projects, computer aided diagnostic testing services, computer aided engineering design, computer aided engineering design and drawing services, computer aided engineering design services, computer aided graphic design, computer aided graphic design services, computer aided industrial analysis, computer aided industrial analysis services, computer aided industrial design, computer aided industrial design services, computer aided industrial design, research, testing and analysis services, computer aided industrial research, computer aided industrial research services, computer aided scientific research services, computer aided scientific research, testing and analysis services, computer aided scientific testing, computer aided scientific testing services, computer aided testing services, computer and internet security consultancy and data encryption services, computer and computer software rental, computer and software design and development, computer and technology services for securing computer data, computer and technology services for securing personal and financial information, computer and technology services for the detection of unauthorized access to data and information, computer code conversion for others, computer database design, computer database design services, computer design, computer design and development, computer design and development services, computer design services, computer development, computer development services, computer disaster recovery planning, computer disaster recovery planning services, computer engineering, computer engineering services, computer firmware design, computer game software design, computer game software development, computer graphics design services, computer hardware and software design, computer hardware and software design services, computer hardware and software testing services, computer hardware design, computer hardware design services, computer hardware development, computer hardware development services, computer leasing, computer leasing services, computer network configuration, computer network configuration services, computer network design, computer network design for others, computer program design, computer program design services, computer programme design, computer programme design services, computer programming, computer programming and computer software design, computer programming and design of computer software, computer programming and design of software, computer programming consultancy, computer programming for data processing, computer programming for data processing and communication systems, computer programming for the energy industry, computer programming for the medical sector, computer programming in the medical field, computer programming services, computer programming services for commercial analysis and reporting, computer programming services for data warehousing, computer programming services for electronic data security, computer programming services for the protection of software, computer programming services relating to multimedia and interactive applications, computer project management in the field of EDP, computer project management in the field of electronic data processing, computer project management in the field of electronic data processing [EDP], computer rental, computer rental services, computer security services for protection against illegal network access, computer security threat analysis for protecting data, computer services concerning electronic data storage, computer services for securing computer data, computer services for securing financial information, computer services for securing personal information, computer services in connection with electronic data storage, computer services, namely, creating computer network-based indexes of information, websites and resources, computer site design, computer site design services, computer software and hardware design, computer software and hardware design services, computer software consultancy and development, computer software consulting, computer software consulting services, computer software design, computer software design and updating, computer software design services, computer software design, development and programming services, computer software

development, computer software development services, computer software installation, computer software installation and maintenance, computer software leasing, computer software maintenance services, computer software rental, computer software repair, computer software research, computer software support services, computer software technical support services, computer software updating, computer software updating services, computer software upgrading, computer software upgrading services, computer support services [programming and software installation, repair and maintenance services], computer system analysis, computer system analysis services, computer system design, computer system design and analysis, computer system design and development, computer system design services, computer system development, computer system integration services, computer systems analyses, computer systems analysis, computer systems analysis services, computer systems design, computer systems design and analysis, computer systems design services, computer systems development, computer systems integration services, computer technology consultancy, computer time-sharing services, computer virus protection services, computer-aided design, computerised business information storage, computerised data storage, computerised data storage services, computerized business information storage, computerized data storage, computerized data storage services, conducting clinical trials for others [scientific research], conducting clinical trials for pharmaceuticals, conducting clinical trials in the field of acupuncture therapy, conducting clinical trials in the field of cardiovascular disease, conducting early evaluations in the field of new pharmaceuticals, conducting engineering surveys, conducting geological surveys, conducting magnetic resonance imaging interpretation and analysis for the petroleum industry, conducting of chemical analyses, configuration of computer hardware using software, configuration of computer networks, configuration of computer networks by software, configuration of computer networks using software, configuration of computer software, configuration of computer systems and networks, configuration, installation, fault diagnosis, repair, upgrading and maintenance of computer software, configuring computer networks by means of software, construction drafting, construction drafting and consultancy relating thereto, construction drafting consultancy, construction drafting services, construction engineering services [construction design], construction engineering services [construction planning], construction engineering services [technical project studies in the field of construction], construction planning, construction planning services, construction project management [construction drafting, design and planning], construction project management services [construction drafting, design and planning], consultancy and advice in the design and development of computer hardware and software, consultancy and development services relating to computer software, consultancy and information services relating to computer programming, consultancy and information services relating to computer software design, consultancy and information services relating to computer system integration, consultancy and information services relating to information technology, consultancy and information services relating to information technology architecture and infrastructure, consultancy and information services relating to the design, programming and maintenance of computer software, consultancy and information services relating to the maintenance of computer software, consultancy and information services relating to the rental of computer software, consultancy and research in the field of bacteriology, consultancy and research services in the field of information technology, consultancy and research services in the fields of science, engineering and information technology, consultancy in the design and development of computer hardware, consultancy in the field of agricultural chemistry, consultancy in the field of architectural design, consultancy in the field of architecture and construction drafting, consultancy in the field of astronomy, consultancy in the field of bacteriological research, consultancy in the field of bacteriology, consultancy in the field of biochemistry, consultancy in the field of biology, consultancy in the field of biotechnology, consultancy in the field of chemistry, consultancy in the field of cloud computing, consultancy in the field of cloud computing networks and applications, consultancy in the field of computer programming, consultancy in the field of computer security, consultancy in the field of computer software, consultancy in the field of computer software design, consultancy in the field of computer system analysis, consultancy in the field of computer system integration, consultancy in the field of computer systems analysis, consultancy in the field of computer technology, consultancy in the field of construction drafting, consultancy in the field of design, consultancy in the field of energy efficiency, consultancy in the field of energy-saving, consultancy in the field of engineering, consultancy in the field of fashion design, consultancy in the field of industrial research, consultancy in the field of information technology, consultancy in the field of office and workplace automation, consultancy in the field of pharmaceutical research, consultancy in the field of pharmacology, consultancy in the field of physics, consultancy in the field of product development, consultancy in the field of programming and development of e-business portals, consultancy in the field of scientific and industrial research, consultancy in the field of scientific research, consultancy in the field of security software, consultancy in the field of software design, consultancy in the field of technological design, consultancy in the field of technological research, consultancy in the field of telecommunications engineering, consultancy in the field of telecommunications technology, consultancy pertaining to pharmacology, consultancy relating to architectural planning, consultancy relating to computer database programmes, consultancy relating to computer database programs, consultancy relating to computer programming, consultancy relating to computer software design, consultancy relating to computer software maintenance, consultancy relating to geological surveys, consultancy relating to information technology, consultancy relating to interior decoration, consultancy relating to pharmaceutical research and development, consultancy relating to product development, consultancy relating to quality control, consultancy relating to research and development in the field of therapeutics, consultancy relating to research in the field of pharmacogenetics, consultancy relating to software design and development, consultancy relating to software for communication systems,

consultancy relating to software maintenance, consultancy relating to technical and scientific analysis, consultancy relating to technical and scientific measuring, consultancy relating to technical and scientific monitoring, consultancy relating to technical research in the field of food and beverages, consultancy relating to technological services in the field of power and energy supply, consultancy relating to the creation and design of web sites, consultancy relating to the creation and design of web sites for e-commerce, consultancy relating to the creation and design of websites, consultancy relating to the creation and design of websites for e-commerce, consultancy relating to the creation of home pages and internet pages, consultancy relating to the creation of homepages and internet pages, consultancy relating to the design and development of computer database programmes, consultancy relating to the design and development of computer database programs, consultancy relating to the design and development of computer hardware, consultancy relating to the design and development of computer programmes, consultancy relating to the design and development of computer programs, consultancy relating to the design and development of computer software, consultancy relating to the design and development of computer software and hardware architecture, consultancy relating to the design and development of computer software programmes, consultancy relating to the design and development of computer software programs, consultancy relating to the design and development of information and communications technology, consultancy relating to the design of home pages and internet pages, consultancy relating to the design of home pages and internet sites, consultancy relating to the design of homepages and internet pages, consultancy relating to the design of homepages and internet sites, consultancy relating to the design, programming and maintenance of computer software, consultancy relating to the maintenance of computer software, consultancy relating to the recovery of computer data, consultancy relating to the updating of computer software, consultancy relating to the updating of software, consultancy relating to web page design, consultancy services in the field of cloud computing, consultancy services in the field of cloud computing applications and networks, consultancy services in the field of design, selection, implementation and use of computer hardware and software systems, consultancy services in the field of maintaining the security and integrity of databases, consultancy services in the field of technological development, consultancy services in the fields of science, engineering and information technology, consultancy services relating to quality control, consultancy services relating to research in the field of environmental protection, consultancy services relating to software used in the field of e-commerce, consultancy services relating to the design, development and use of computer hardware and computer software, consultancy services relating to the design, development and use of computer hardware and software, consultancy services relating to the planning and design of travel agencies, consultancy with regard to the design of homepages and internet pages, consultancy with regard to webpage design, consultation in the field of physics, consultation services relating to architectural planning, consulting in the field of cloud computing, consulting in the field of cloud computing networks and applications, consulting in the field of information technology, consulting services in the field of architectural design, consulting services in the field of biotechnology, consulting services in the field of cloud computing, consulting services in the field of cloud computing applications and networks, consulting services in the field of design, selection, implementation and use of computer hardware and software systems, consulting services in the field of genetic engineering, consulting services in the field of genetic toxicology, consulting services in the field of office and workplace automation, consulting services in the field of recombinant DNA technology, consumer product design, consumer product design services, conversion of computer programs and data, other than physical conversion, conversion of data or documents from physical to electronic media, conversion of document data from one computer format to another, conversion of images from physical to electronic media, conversion of texts to digital format, copying of computer programmes, copying of computer programs, copying of computer software, cosmetic research, cosmetics research, creating and designing web pages for others, creating and designing website-based indexes of information for others [information technology services], creating and maintaining internet sites, creating and maintaining blogs for others, creating and maintaining customized web pages, creating and maintaining web pages, creating and maintaining web sites, creating and maintaining web sites for cellular phones, creating and maintaining web sites for mobile telephones, creating and maintaining web sites for others, creating and maintaining weblogs for others, creating and maintaining websites, creating and maintaining websites for cellular phones, creating and maintaining websites for mobile telephones, creating and maintaining websites for others, creating home pages for computer networks, creating of computer programs, creating programmes for data processing, creating programs for data processing, creating web pages for others, creating, designing and maintaining web sites, creating, designing and maintaining websites, creating, maintaining and hosting the web sites of others, creating, maintaining and hosting the websites of others, creating, maintaining, and updating computer software, creation and design of web pages for others, creation and development of computer programs for data processing, creation and hosting of web sites, creation and hosting of websites, creation and maintenance of internet sites, creation and maintenance of customized web pages, creation and maintenance of web pages, creation and maintenance of web sites, creation and maintenance of web sites for others, creation and maintenance of websites, creation and maintenance of websites for others, creation of computer programmes, creation of computer programs, creation of control programs for automated measurement, assembly, adjustment and related visualisation, creation of control programs for automated measurement, assembly, adjustment and related visualization, creation of data processing programmes, creation of data processing programs, creation of home pages for computer networks, creation of programmes for data processing, creation of programs for data processing, creation of web pages for others, creation, design and maintenance of web sites, creation, design and maintenance of websites,

creation, design, development, and maintenance of web sites, creation, design, development, and maintenance of websites, creation, maintenance, and updating of computer software, cross-platform conversion of digital content into other forms of digital content, custom design and engineering of telephony systems, cable television systems and fiber optics, custom design and engineering of telephony systems, cable television systems and fibre optics, customization of computer software, customized design of computer hardware, customized design of computer hardware and software, customized design of computer software, customizing computer software, data conversion of computer program data or information [not physical conversion], data conversion of computer programme data or information [not physical conversion], data conversion of computer programs and data, not physical conversion, data conversion of electronic information, data decryption services, data encryption and decoding services, data encryption services, data migration services, data mining, data mining services, data security consultancy, data security consulting, database design, database design and development, database design services, database development services, debugging computer software for others, decoding of data, decryption of data, design and analysis of computer systems, design and construction of home pages and web sites, design and construction of homepages and web sites, design and construction of homepages and websites, design and construction planning services and consultancy relating thereto, design and creation of home pages and internet pages, design and creation of home pages and web pages, design and creation of home pages and web sites, design and creation of homepages and internet pages, design and creation of homepages and web pages, design and creation of homepages and web sites, design and creation of homepages and websites, design and development of internet security programmes, design and development of internet security programs, design and development of computer database programmes, design and development of computer database programs, design and development of computer database software, design and development of computer databases, design and development of computer firmware, design and development of computer game software, design and development of computer game software and virtual reality software, design and development of computer hardware, design and development of computer hardware and computer software, design and development of computer hardware and software, design and development of computer hardware and software for industrial applications, design and development of computer hardware and software for use in the field of medicine, design and development of computer hardware architecture, design and development of computer hardware for the manufacturing industry, design and development of computer hardware, software and databases, design and development of computer networks, design and development of computer peripherals, design and development of computer programmes, design and development of computer programs, design and development of computer software, design and development of computer software architecture, design and development of computer software for cloud computing, design and development of computer software for data processing, design and development of computer software for database management, design and development of computer software for evaluation and calculation of data, design and development of computer software for logistics, design and development of computer software for logistics, supply chain management and e-business portals, design and development of computer software for process control, design and development of computer software for reading, transmitting and organising data, design and development of computer software for reading, transmitting and organizing data, design and development of computer software for supply chain management, design and development of computer software for use with medical technology, design and development of computer software for word processing, design and development of computer software, and consultancy services relating thereto, design and development of computer systems, design and development of computers, design and development of computers and computer programmes, design and development of computers and computer programs, design and development of computers and computer software, design and development of computers and programmes for computers, design and development of computers and programs for computers, design and development of computers and software, design and development of consumer products, design and development of data display systems, design and development of data entry systems, design and development of data output systems, design and development of data processing apparatus, design and development of data processing programmes, design and development of data processing programs, design and development of data processing software, design and development of data processing systems, design and development of data retrieval software, design and development of data storage systems, design and development of databases, design and development of diagnostic apparatus, design and development of digital sound and image carriers, design and development of driver software, design and development of electronic data security systems, design and development of electronic database software, design and development of electronic databases, design and development of electronic dictionaries, design and development of electronic greeting cards, design and development of electronic greeting cards [e-cards], design and development of electronic language translation dictionaries and databases, design and development of energy distribution networks, design and development of energy management software, design and development of engineering products, design and development of home pages and web sites, design and development of homepages and web sites, design and development of homepages and websites, design and development of image processing software, design and development of endoprostheses, design and development of industrial products, design and development of information and communications technology, design and development of medical diagnostic apparatus, design and development of medical technology, design and development of multimedia products, design and development of navigation systems, design and development of navigation systems and route planning

software, design and development of new products, design and development of new technology for others, design and development of operating software for accessing and using a cloud computing network, design and development of operating software for computer networks and servers, design and development of operating system software, design and development of photovoltaic systems, design and development of programmes for data processing, design and development of programs for data processing, design and development of prostheses, design and development of regenerative energy generation systems, design and development of route planning software, design and development of search engines, design and development of software and hardware for audio and video operators, design and development of software and hardware for compression and decompression of multimedia content, design and development of software and hardware for data and multimedia content conversion from and to different protocols, design and development of software and hardware for digital signal processing, design and development of software and hardware for processing and distribution of multimedia content, design and development of software and hardware for producing, recording and processing digital and analog signals, design and development of software and hardware for producing, recording and processing digital and analogue signals, design and development of software and hardware for signal amplification and transmission, design and development of software for control, regulation and monitoring of solar energy systems, design and development of software for database management, design and development of software for electronic databases, design and development of software for electronic television program guides, design and development of software for electronic television programme guides, design and development of software for evaluation and calculation of data, design and development of software for importing and managing data, design and development of software for instant messaging, design and development of software for inventory management, design and development of software for web site development, design and development of software for website development, design and development of software in the field of mobile applications, design and development of systems for data input, output, processing, display and storage, design and development of systems for regenerative energy generation, design and development of telecommunications networks, design and development of telecommunications systems, design and development of video game software, design and development of virtual reality software, design and development of web pages, design and development of wireless computer networks, design and development of wireless data transmission apparatus, design and development of wireless data transmission apparatus, instruments and equipment, design and development of wireless networks, design and development of word processing software, design and graphic arts design for the creation of web pages on the internet, design and graphic arts design for the creation of web sites, design and graphic arts design for the creation of websites, design and graphic arts designing for the creation of web pages on the internet, design and graphic arts designing for the creation of web sites, design and hosting of web portals, design and implementation of web pages for others, design and implementation of web sites for others, design and implementation of websites for others, design and leasing of software, design and maintenance of internet home pages, design and maintenance of internet homepages, design and maintenance of computer sites for third parties, design and maintenance of web sites for others, design and maintenance of web sites for third parties, design and maintenance of websites for others, design and maintenance of websites for third parties, design and planning of electrical systems, design and planning services relating to electrical systems, design and planning services relating to telecommunication equipment, design and planning services relating to telecommunications equipment, design and programming of web sites, design and programming of websites, design and rental of software, design and updating of computer software, design and updating of home pages and web pages, design and updating of homepages and web pages, design and writing of computer software, design consultancy, design of internet pages, design of animations, design of apparatus and machines for filling purposes, design of artwork, design of bicycles, design of building exteriors, design of building interiors, design of building interiors and exteriors, design of cell phones, design of cellular phones, design of cellular telephones, design of clothing, design of clothing accessories, design of clothing, footwear and headgear, design of computer database software, design of computer databases, design of computer firmware, design of computer game software, design of computer graphics, design of computer hardware, design of computer hardware and software, design of computer hardware and software for commercial analysis and reporting, design of computer hardware, software and computer peripherals, design of computer networks, design of computer peripheral devices, design of computer peripherals, design of computer programmes, design of computer programs, design of computer programs and software relating to aircraft, design of computer sites, design of computer software, design of computer software and systems, design of computer software for controlling self-service terminals, design of computer software for data processing, design of computer software for word processing, design of computer software, computer firmware, computer hardware and computer systems, design of computer systems, design of computers, design of consumer products, design of data processing apparatus, design of data processing programmes, design of data processing programs, design of data processing software, design of data processing systems, design of data storage systems, design of diagnostic apparatus, design of diagnostic apparatus and equipment, design of driver software, design of engineering products, design of fashion accessories, design of footwear, design of geological surveys, design of hats, design of headgear, design of home pages, design of home pages and internet pages, design of home pages and web pages, design of home pages and web sites, design of home pages, computer software and web sites, design of homepages, design of homepages and internet pages, design of homepages and web pages, design of homepages and web sites, design of homepages and websites, design of homepages, computer software and web sites, design of homepages, computer

software and websites, design of image processing software, design of industrial products, design of integrated circuits, design of interior decor, design of interior decor for shops, design of jewellery, design of jewelry, design of land surveys, design of lighting systems, design of machines, apparatus and instruments, design of mechanical and micromechanical components, design of mechanical components, design of mechanical, electromechanical and optoelectronic apparatus and instruments, design of mobile phones, design of mobile telephones, design of new products, design of oil-field surveys, design of operating system software, design of optical and microoptical components, design of optical components, design of packaging, design of packaging and wrapping materials, design of programmes for data processing, design of programs for data processing, design of prostheses, design of sets for television programmes, design of sets for television programs, design of shop interiors, design of software, design of software for use with printing machines, design of special effects, design of telecommunications equipment, design of telecommunications apparatus and equipment, design of telecommunications equipment, design of telephones, design of tools, design of video game software, design of watches, design of web pages, design of web portals, design of web sites, design of web sites for advertising purposes, design of websites, design of websites for advertising purposes, design of word processing software, design services, design services for computer hardware, design services in the field of naval shipbuilding, design services relating to civil engineering, design services relating to computer hardware, design services relating to printed matter, design, creation and programming of web pages, design, creation, hosting and maintenance of internet sites for third parties, design, creation, hosting and maintenance of web sites for others, design, creation, hosting and maintenance of websites for others, design, deployment and management of wireless computer networks for others, design, development and implementation of software, design, development and programming of computer software, design, development, installation and maintenance of computer software, design, development, maintenance and updating of computer software, design, development, maintenance and updating of computer software for data processing, design, development, maintenance and updating of computer software for process control, design, development, maintenance and updating of computer software for word processing, design, development, maintenance and updating of computer software for word processing, data processing and process control, design, development, maintenance and updating of data processing software, design, development, maintenance and updating of word processing software, design, installation, updating and maintenance of computer software, design, maintenance and updating of computer software, design, maintenance, development and updating of computer software, design, maintenance, rental and updating of computer software, design, programming and maintenance of computer software, design, updating and maintenance of computer software, design, updating and rental of computer software, design, upgrading and rental of computer software, designing and creating homepages and internet pages, designing and implementing web pages for others, designing and implementing web sites for others, designing and implementing websites for others, designing computer software for controlling self-service terminals, designing of computer hardware, designing of packaging and wrapping materials, designing websites for advertising purposes, developing and updating computer software, developing computer programmes for electronic cash register systems, developing computer programs for electronic cash register systems, developing computer software, developing of driver and operating system software, development and creation of computer programmes for data processing, development and design of digital sound and image carriers, development and maintenance of computer database software, development and maintenance of computer software, development and maintenance of web sites, development and maintenance of websites, development and updating of computer software, development of algorithms and computing methods for generating telecommunication and navigation data, development of algorithms and computing methods for processing telecommunication and navigation data, development of algorithms and computing methods for processing telecommunication and navigation signals, development of application software for delivery of multimedia content, development of computer database software, development of computer databases, development of computer firmware, development of computer game software, development of computer hardware, development of computer hardware and computer software, development of computer hardware and software, development of computer hardware for computer games, development of computer peripherals, development of computer platforms, development of computer programmes, development of computer programmes and computer game software, development of computer programmes for simulating laboratory experiments, development of computer programs, development of computer programs and computer game software, development of computer programs for simulating laboratory experiments, development of computer software, development of computer software application solutions, development of computer software for computer aided design/computer aided manufacturing [cad/cam], development of computer software for creating electronic television program guides, development of computer software for creating electronic television programme guides, development of computer software for data processing, development of computer software for logistics, supply chain management and e-business portals, development of computer software for use with computer-controlled switching systems, development of computer software for use with programmable controllers, development of computer software for word processing, development of computer systems, development of computers, development of consumer products, development of data processing apparatus, development of data processing programmes, development of data processing programs, development of data processing software, development of data processing systems, development of data storage systems, development of data transmission systems, development of diagnostic apparatus, development of driver and operating system software, development of driver software, development of energy and power management systems, development of engineering

products, development of image processing software, development of industrial processes, development of industrial products, development of new products, development of new technology for others, development of operating system software, development of pharmaceutical preparations and medicines, development of pharmaceuticals, development of programmes for data processing, development of programs for data processing, development of prostheses, development of software, development of software application solutions, development of software for communication systems, development of software for secure network operations, development of systems for data processing, development of systems for the processing of data, development of systems for the storage of data, development of systems for the transmission of data, development of video game software, development of web sites, development of websites, development of word processing software, development services in the field of computer software and advisory services relating thereto, development, design and updating of home pages, development, design and updating of homepages, development, maintenance and updating of a telecommunication network search engine, development, maintenance and updating of a telecommunications network search engine, development, programming and rental of data processing programmes, development, programming and rental of data processing programs, development, updating and maintenance of software and database systems, diagnosis of computer hardware problems through the use of software, diagnosis of computer software problems, digital compression of computer data, digital imaging services [digitalisation and scanning of images], digital imaging services [digitalization and scanning of images], digital watermarking, digital watermarking services, digitization of documents [scanning], digitization of images, digitization of sound and images, drafting of construction plans for recreation facilities, drafting of construction plans for recreation premises, draftsman's services in the nature of technical drawing, draughtsman's services in the nature of technical drawing, dress design, dress design services, dress designing, dress designing services, drug development, drug development services, drug discovery services, duplicating computer programmes, duplicating computer programs, duplication of computer programmes, duplication of computer programs, duplication of computer programs being software protection programs and security programs, duplication of computer software, editing of computer programmes, editing of computer programs, electrical engineering, electrical engineering services, electrical safety research, electronic data back-up, electronic data back-up services, electronic data backup, electronic data backup services, electronic data storage, electronic data storage and data back-up services, electronic data storage and data backup services, electronic data storage services, electronic monitoring of credit card activity to detect fraud via the internet, electronic monitoring of personally identifying information to detect identity theft via the internet, electronic monitoring services being it security services in the nature of protection and recovery of computer data, electronic monitoring services for computer security services for protection against illegal network access, electronic monitoring services for computer security threat analysis for protecting data, electronic security monitoring services in the nature of monitoring computer systems for data security purposes, electronic site authoring, electronic storage of archived e-mails, electronic storage of audio files, electronic storage of business and financial information, electronic storage of business information, electronic storage of data, electronic storage of digital audio files, electronic storage of digital images, electronic storage of digital music, electronic storage of digital photographs, electronic storage of digital video files, electronic storage of digital videos, electronic storage of documents, electronic storage of documents and archived e-mails, electronic storage of entertainment media content, electronic storage of files and documents, electronic storage of financial information, electronic storage of images, electronic storage of medical records, electronic storage of photographs, electronic storage of videos, electronic storage services for archiving databases, electronic storage services for archiving databases, images and other electronic data, electronic storage services for archiving electronic data, encoding of magnetic cards, encryption of data, energy auditing, energy auditing services, energy auditing services relating to electricity, energy auditing services relating to electricity and natural gas, engineering, engineering consultancy, engineering consultancy services, engineering design, engineering design services, engineering drawing, engineering drawing services, engineering feasibility studies, engineering research, engineering research and design services in the field of drilling technology, engineering research services, engineering services, engineering services for the gas industry, engineering services in the field of building technology, engineering services in the field of communications technology, engineering services in the field of energy technology, engineering services in the field of environmental technology, engineering services in the field of motive power, engineering services relating to energy supply systems, engineering services relating to gas transport and supply systems, engineering services relating to information technology, engineering surveying, environmental engineering services, environmental monitoring services, evaluation of chemical analyses, evaluation of chemical syntheses, evaluation of product design, evaluation of product development, ex vivo gene therapy research, exploration services in the field of the gas industry, exploration services in the field of the mining industry, exploration services in the field of the oil industry, exploration services in the field of the oil, gas and mining industries, exploration services to locate oil and gas, farm surveying and consultancy related thereto, fashion accessory design services, fashion design, fashion design consultancy, fashion design consulting services, fashion design services, footwear design, footwear design services, gas exploration, gas exploration services, genetic engineering services, genetic engineering services relating to plants, genetic testing for scientific research purposes, genetic testing of laboratory animals for research purposes, geological estimation and research, geological estimations and research, geological exploration, geological exploration services, geological prospecting, geological prospecting services, geological research, geological research services, geological surveying, geological surveys, geophysical exploration for the gas

industry, geophysical exploration for the mining industry, geophysical exploration for the oil industry, geophysical exploration for the oil, gas and mining industries, golf course design, golf course design services, grading of coins, grading of lumber, grading of precious stones, graphic art design, graphic arts design, graphic design, graphic design of advertising brochures, graphic design of advertising flyers, graphic design of advertising logos, graphic design of advertising matter, graphic design of internet advertisements, graphic design of promotional materials, graphic design of publicity materials, graphic design services, graphic design services for creating graphic elements of corporate logos, graphic design services for creating graphic elements of logos, graphic design services for creating virtual tours of real estate for sale, graphic illustration design, graphic illustration design services, greenhouse gas emission measuring and analysis, handwriting analysis, handwriting analysis [graphology], hat design, hat design services, homepage and webpage design, homepage design, homepage design services, hosting internet sites for others, hosting a web site for the electronic storage of digital photographs and videos, hosting a website for the electronic storage of digital photographs and videos, hosting an on-line web site for creating and hosting micro web sites for businesses, hosting an online website for creating and hosting micro websites for businesses, hosting and rental of memory space for web sites, hosting and rental of memory space for websites, hosting computer application software in the field of knowledge management for creating searchable databases of information and data, hosting computer databases, hosting computer sites [web sites], hosting computer sites [websites], hosting computer software applications for others, hosting computerized data, files, applications and information, hosting customized web pages, hosting digital content on the internet, hosting e-commerce platforms on the internet, hosting electronic memory space on the internet for advertising goods and services, hosting memory space for web sites, hosting memory space for websites, hosting memory space on the internet, hosting memory space on the internet for storing digital photographs, hosting multimedia and interactive applications, hosting multimedia educational content, hosting multimedia entertainment and educational content for others, hosting multimedia entertainment content, hydrological research, hydrological research services, illustrators' services, image processing software design, image processing software development, implementation of computer programmes on networks, implementation of computer programs on networks, industrial analyses and research services, industrial analysis, industrial analysis and industrial research services, industrial analysis and research, industrial analysis and research services, industrial analysis and research services in the field of chemistry, industrial analysis and research services relating to automobile tires, industrial analysis and research services relating to automobile tyres, industrial analysis services, industrial analysis, industrial research and industrial design services, industrial and graphic art design, industrial art design, industrial design, industrial design services, industrial development services, industrial process development, industrial product design, industrial product design services, industrial research, industrial research and analysis, industrial research and analysis services, industrial research services, information technology [it] consultancy, information technology [it] consultancy services, information technology [it] consulting, information technology [it] consulting services, information technology [it] engineering, information technology consultancy, information technology consultancy services, information technology consultation, information technology engineering, information technology engineering services, information technology services provided on an outsourcing basis, infrastructure as a service [IAAS], inspecting buildings for the existence of mold, inspecting buildings for the existence of mould, inspection of motor vehicles for roadworthiness, inspection of oil fields, installation and maintenance of internet access software, installation and maintenance of computer software, installation and maintenance of database software, installation and maintenance of software, installation and maintenance of software for internet access, installation of internet access software, installation of computer programmes, installation of computer programs, installation of computer software, installation of database software, installation of software, installation of software for internet access, installation of software for computer systems, installation, maintenance and repair of computer software, installation, maintenance and repair of software for computer systems, installation, maintenance and updating of computer software, installation, maintenance and updating of database software, installation, maintenance and updating of software, installation, maintenance, updating and upgrading of computer software, installation, repair and maintenance of computer software, installation, repair and maintenance of software, integration of computer systems and computer networks, integration of computer systems and networks, interactive hosting services which allow the users to publish and share their own content and images on-line, interactive hosting services which allow the users to publish and share their own content and images online, interior decor design, interior decor design services, interior decoration consultancy, interior decoration consultation, interior design, interior design of shops, interior design of stores, interior design services, internet page design, internet page design services, internet security consultancy, jewellery design, jewelry design, land surveying, land surveying services, land title survey, land title survey services, land title surveying, landscape lighting design, landscape lighting design services, leasing computer facilities, leasing of internet security programmes, leasing of internet security programs, leasing of a database server to third parties, leasing of application software, leasing of computer apparatus, leasing of computer database software, leasing of computer equipment, inspection of oilfields, inspection services for new and used vehicles for persons buying or selling their vehicles, lighting design, lighting design services, locating and marking placement of underground utility pipes, cable or wires, locating and marking the placement of underground utility pipes, cables or wires, maintenance and consultancy services relating to software used in the field of e-commerce, maintenance and installation of computer software, maintenance and installation of software, maintenance and repair of computer software, maintenance and repair of software, maintenance and

updating of computer software, maintenance and updating of software for communication systems, maintenance and upgrading of computer software, maintenance of internet access software, maintenance of computer programmes, maintenance of computer programs, maintenance of computer sites, maintenance of computer software, maintenance of computer software for data processing, maintenance of computer software relating to computer security and prevention of computer risks, maintenance of computer software used for operating filling apparatus and machines, maintenance of data processing software, maintenance of database software, maintenance of software, maintenance of software for internet access, maintenance of software for communication systems, maintenance of software for computer systems, maintenance of software used in the field of e-commerce, maintenance of web sites, maintenance of websites, maintenance, updating and design of computer software, managing web sites for others, managing websites for others, mapping, mapping services, marine chart updating, marine engineering [design and development of mechanical equipment of seagoing craft, docks and harbor installations], marine engineering [design and development of watercraft propulsion, on-board systems and oceanographic technology], marine surveying, marine surveying services, marine, aerial and land surveying, measuring and analysis of greenhouse gas emissions, measuring of greenhouse gas emissions, mechanical and electrical engineering services, mechanical engineering, mechanical engineering services, mechanical research, mechanical research in the field of motor sports, mechanical research services, medical and pharmacological research services, medical research, medical research services, meteorological forecasting, meteorological forecasting services, meteorological information, meteorological information services, mineral and oil assaying, mineral assaying, mineral exploration, mineral exploration services, mining exploration services, monitoring of commercial and industrial sites for detection of volatile and non-volatile organic compounds, monitoring of computer systems by remote access, monitoring of computer systems for detecting unauthorized access or data breach, monitoring of computer systems to detect breakdowns, monitoring of erosion and sedimentation, monitoring of telecommunication signals, monitoring of water quality, movie set design, new product design, new product design services, new product development, new product development services, off-site building project management [construction drafting, design and planning], off-site data back-up, off-site data backup, oil assaying, oil exploration, oil field exploration, oil field surveying, oil prospecting, oil, gas and mining exploration services, oil-field surveys, oilfield exploration, oilfield surveying, oilfield surveys, oligonucleotide synthesis services, optical research laboratory services, packaging design, packaging design services, petroleum exploration, pharmaceutical drug development services, pharmaceutical product evaluation, pharmaceutical research, pharmaceutical research and development, pharmaceutical research and development services, pharmaceutical research services, pharmacological research services, photogrammetry, photogrammetry services, outsource service providers in the field of information technology consulting, planning and design of kitchens, planning and design of residential communities, planning and design of retail premises, planning and design of sports facilities, planning and design of travel agencies, planning and layout design of residential and commercial communities, planning and layout design services for clean room environments, planning and layout design services for cleanroom environments, planning and layout design services of commercial buildings, planning and layout design services of factory buildings, planning and layout design services of production facilities, planning and layout design services of residential communities, planning of buildings and infrastructure systems for buildings, planning, design, development and maintenance of on-line web sites for third parties, planning, design, development and maintenance of on-line websites for third parties, planning, design, development and maintenance of online web sites for third parties, planning, design, development and maintenance of online websites for third parties, plant engineering, plant engineering services, platform as a service [PAAS], precious stone grading services, preparation of architectural plans, preparation of architectural reports, preparation of biological samples for analysis in research laboratories, preparation of biological samples for research purposes, preparation of engineering reports, preparation of immunohistological samples for analysis in research laboratories, preparation of reports in the biotechnology field, preparation of reports in the field of architecture, preparation of reports in the field of engineering, preparation of reports in the field of graphic arts design, preparation of reports in the field of industrial design, preparation of reports relating to architecture, preparation of reports relating to chemical research, preparation of reports relating to computer programmes, preparation of reports relating to computer programming, preparation of reports relating to computer programs, preparation of reports relating to computers, preparation of reports in the field of biotechnology, preparation of reports relating to engineering, preparation of reports relating to graphic arts design, preparation of reports relating to industrial design, preparation of reports relating to real estate planning, preparation of reports relating to scientific research, preparation of reports relating to technical project studies for construction projects, preparation of reports relating to technical research, preparation of reports relating to technological research, preparation of scientific reports, preparation of technical reports, preparation of technological reports, preparation of technological research reports, process monitoring for quality assurance, product benchmarking, product benchmarking services, product design, product design and development, product design and development services, product design services, product development, product development consultancy, product development consultancy for inventors in the field of applied mathematics, product development consultancy for inventors in the field of applied physics, product development consultancy for inventors in the field of artificial science, product development consultancy for inventors in the field of biochemistry, product development consultancy for inventors in the field of biocybernetics, product development consultancy for inventors in the field of biology, product development consultancy for inventors in the field of biomedical engineering, product

development consultancy for inventors in the field of biomolecular engineering, product development consultancy for inventors in the field of biotechnology, product development consultancy for inventors in the field of cellular biology, product development consultancy for inventors in the field of chemical biology, product development consultancy for inventors in the field of chemical engineering, product development consultancy for inventors in the field of chemistry, product development consultancy for inventors in the field of computer science, product development consultancy for inventors in the field of cybernetics, product development consultancy for inventors in the field of earth science, product development consultancy for inventors in the field of electrical engineering, product development consultancy for inventors in the field of engineering, product development consultancy for inventors in the field of engineering cybernetics, product development consultancy for inventors in the field of industrial engineering, product development consultancy for inventors in the field of materials engineering, product development consultancy for inventors in the field of materials science, product development consultancy for inventors in the field of mathematics, product development consultancy for inventors in the field of mechanical engineering, product development consultancy for inventors in the field of medical cybernetics, product development consultancy for inventors in the field of medicine, product development consultancy for inventors in the field of molecular biology, product development consultancy for inventors in the field of molecular engineering, product development consultancy for inventors in the field of nanotechnology, product development consultancy for inventors in the field of optical engineering, product development consultancy for inventors in the field of physics, product development consultancy for inventors in the field of physiology, product development consultancy for inventors in the field of polymer engineering, product development consultancy for inventors in the field of robotics, product development consultancy for inventors in the field of science, product development consultancy for inventors in the field of telecommunications, product development consultancy for inventors in the field of telecommunications engineering, product development consultancy for inventors in the field of applied mathematics, product development consultancy for inventors in the field of applied physics, product development consultancy for inventors in the field of artificial science, product development consultancy for inventors in the field of biochemistry, product development consultancy for inventors in the field of biocybernetics, product development consultancy for inventors in the field of biology, product development consultancy for inventors in the field of biomedical engineering, product development consultancy for inventors in the field of biomolecular engineering, product development consultancy for inventors in the field of biotechnology, product development consultancy for inventors in the field of cellular biology, product development consultancy for inventors in the field of chemical biology, product development consultancy for inventors in the field of chemical engineering, product development consultancy for inventors in the field of chemistry, product development consultancy for inventors in the field of computer science, product development consultancy for inventors in the field of cybernetics, product development consultancy for inventors in the field of earth science, product development consultancy for inventors in the field of electrical engineering, product development consultancy for inventors in the field of engineering, product development consultancy for inventors in the field of engineering cybernetics, product development consultancy for inventors in the field of industrial engineering, product development consultancy for inventors in the field of materials engineering, product development consultancy for inventors in the field of materials science, product development consultancy for inventors in the field of mathematics, product development consultancy for inventors in the field of mechanical engineering, product development consultancy for inventors in the field of medical cybernetics, product development consultancy for inventors in the field of medicine, product development consultancy for inventors in the field of molecular biology, product development consultancy for inventors in the field of molecular engineering, product development consultancy for inventors in the field of nanotechnology, product development consultancy for inventors in the field of optical engineering, product development consultancy for inventors in the field of physics, product development consultancy for inventors in the field of physiology, product development consultancy for inventors in the field of polymer engineering, product development consultancy for inventors in the field of robotics, product development consultancy for inventors in the field of science, product development consultancy for inventors in the field of telecommunications, product development consultancy for inventors in the field of telecommunications engineering, product development services, product research, product research and development, product research and development services, product research services, professional consultancy relating to computer security, programming of EDP software, programming of internet security programmes, programming of internet security programs, programming of computer animations, programming of computer game software, programming of computer games, programming of computer software for electronic language translation dictionaries and databases, programming of computer software for evaluation and calculation of data, programming of computer software for reading, transmitting and organising data, programming of computer software for reading, transmitting and organizing data, programming of customized web pages, programming of customized web pages featuring user-defined information, personal profiles and information, programming of data processing programmes, programming of data processing programs, programming of electronic data processing [EDP] software, programming of electronic data processing software, programming of energy management software, programming of multimedia applications, programming of multimedia equipment, programming of operating software for accessing and using a cloud computing network, programming of operating software for computer networks and servers, programming of software for internet platforms, programming of software for internet portals, chat rooms, chat lines and internet forums, programming of software for internet portals, chatrooms, chat lines and internet forums, programming of software for database management, programming of

software for e-commerce platforms, programming of software for importing and managing data, programming of software for information platforms on the internet, programming of software for inventory management, programming of software for web site development, programming of software for website development, programming of telecommunications software, programming of video game software, programming of video games, programming of web pages, providing internet search engines, providing internet search engines with specific search options, providing computer facilities for the electronic storage of digital data, providing computer programmes designed to the specifications of others, providing computer programmes on data networks, providing computer programs designed to the specifications of others, providing computer programs on data networks, providing electronic memory space [web space] on the internet, providing electronic memory space on the internet, providing electronic storage of digital photographs and videos via a web site, providing electronic storage of digital photographs and videos via a website, providing electronic storage space [web space] on the internet, providing information about industrial analysis and research services, providing information about medical and scientific research in the field of pharmaceuticals, providing information about the design and development of computer hardware and software, providing information about the design and development of computer software, providing information about the design and development of computer software, systems and networks, providing information about the results of clinical trials for pharmaceuticals, providing information and data relating to medical and veterinary research and development, providing electronic storage space on the internet, providing graphic design services to create specialty interior environment settings, providing information about fashion design services, providing information and data relating to scientific and technological research and development, providing information concerning research and technical project studies relating to the use of natural energy, providing information in the field of architectural design via a web site, providing information in the field of architectural design via a website, providing information in the field of computer software design, providing information in the field of computer software development, providing information in the field of interior design via a web site, providing information in the field of interior design via a website, providing information in the field of product design, providing information in the field of product development, providing information on computer programming via a web site, providing information on computer programming via a website, providing information on computer technology and programming via a web site, providing information on computer technology and programming via a website, providing information on computer technology via a web site, providing information on computer technology via a website, providing information on donation of human corpses for medical research, providing information relating to computer programmes, providing information relating to computer programming, providing information relating to computer programming via a web site, providing information relating to computer programming via a website, providing information relating to computer programs, providing information relating to computer software design, providing information relating to computer technology and programming via a web site, providing information relating to computer technology and programming via a website, providing information relating to computer technology via a web site, providing information relating to computer technology via a website, providing information relating to scientific research in the fields of biochemistry and biotechnology, providing information relating to technological research, providing meteorological information, providing on-line information about industrial analysis and research services, providing on-line information about the design and development of computer hardware and software, providing on-line information in the field of technological research from a computer database or the internet, providing on-line non-downloadable software for database management, providing on-line non-downloadable software for use in communication, providing on-line non-downloadable software for use in customer relationship management, providing on-line non-downloadable software for use in database management, providing on-line non-downloadable software for use in enterprise resource planning, providing on-line non-downloadable software for use in supply chain management, providing on-line non-downloadable software for word processing, providing online information about industrial analysis and research services, providing online information about the design and development of computer hardware and software, providing online information in the field of technological research from a computer database or the internet, providing online non-downloadable software for use in communication, providing online non-downloadable software for use in customer relationship management, providing online non-downloadable software for use in database management, providing online non-downloadable software for use in enterprise resource planning, providing online non-downloadable software for use in supply chain management, providing online non-downloadable software for word processing, providing quality assurance in the construction industry, providing quality assurance in the field of computer software, providing quality assurance in the food industry, providing quality assurance services, providing scientific consultancy in relation to carbon offsetting, providing scientific consultancy relating to carbon offsetting, providing scientific information in relation to carbon offsetting, providing scientific information in the field of climate change, providing scientific information in the field of global warming, providing scientific information in the fields of climate change and global warming, providing scientific information relating to carbon offsetting, providing scientific information, advice and consultancy in relation to carbon offsetting, providing scientific information, advice and consultancy relating to carbon offsetting, providing scientific research information and results from an on-line searchable database, providing scientific research information and results from an online searchable database, providing search engines for obtaining data on a global computer network, providing search engines for obtaining data via communications networks, providing search engines for the internet, providing technical advice in the field of scientific and industrial research, providing technical advice relating to computer hardware and software, providing technical advice relating to

computers, providing technical advice relating to energy-saving measures, providing technical information about computers, computer software and computer networks, providing technological information about environmentally conscious and green innovations, providing technology consultancy in the field of social media, providing technology consulting in the field of social media, providing temporary use of non-downloadable business software, providing temporary use of non-downloadable computer game development software, providing temporary use of non-downloadable computer software for preparing invoices, providing temporary use of non-downloadable software applications accessible via a web site, providing temporary use of non-downloadable software applications accessible via a website, providing temporary use of non-downloadable software for analyzing financial data and generating reports, providing temporary use of non-downloadable software for developing computer games, providing temporary use of non-downloadable software for developing online educational materials, providing temporary use of non-downloadable software for developing video games, providing temporary use of non-downloadable software to enable content providers to track multimedia content, providing temporary use of non-downloadable software to enable sharing of multimedia content and comments among users, providing temporary use of non-downloadable video game development software, providing weather condition information affecting ski conditions and road closures, providing weather information, providing web servers and co-location servers to third party cloud computing and data storage facilities, provision of internet search engines, provision of computer programmes on data networks, provision of computer programs on data networks, provision of information and data relating to medical and veterinary research and development, provision of information and data relating to scientific and technological research and development, provision of information concerning research and technical project studies relating to the use of natural energy, provision of information on computer technology and programming via a website, provision of information on computer technology via a web site, provision of information relating to computer programmes, provision of information relating to computer programming, provision of information relating to computer programming via a web site, provision of information relating to computer programs, provision of information relating to computer technology and programming via a web site, provision of information relating to computer technology and programming via a website, provision of information relating to computer technology via a web site, provision of information relating to computer technology via a website, provision of information relating to industrial design, provision of information relating to technological research, provision of information relating to computer programming via a website, provision of online non-downloadable software [application service provider], provision of scientific consultancy in relation to carbon offsetting, provision of scientific consultancy relating to carbon offsetting, provision of scientific information in relation to carbon offsetting, provision of scientific information relating to carbon offsetting, provision of scientific information, advice and consultancy in relation to carbon offsetting, provision of scientific information, advice and consultancy relating to carbon offsetting, provision of search engines for the internet, provision of technical information in relation to computers, provision of weather information, quality assurance consultancy, quality assurance consultancy services, quality control, quality control and authentication services, quality control of goods, quality control of goods and services, quality control of services, quality control services, quality evaluation of alpaca fiber, quality evaluation of alpaca fibre, quality evaluation of down [feathers], quality evaluation of standing timber, quality evaluation of wool, reconstruction of database systems for others, recovery of computer data, recovery of smartphone data, remote computer back-up services, remote computer backup services, remote server administration, repair and maintenance of computer software, repair and maintenance of software, repair of computer programmes, repair of computer programs, repair of computer software, repair of software for computer systems, research and consultancy in the field of zoology, research and consultancy services relating to computer software, research and consultancy services relating to software, research and design services, research and development for others with regard to new products, research and development for the pharmaceutical industry, research and development in the field of biochemistry, research and development in the field of biotechnology, research and development in the field of diagnostic preparations, research and development in the field of microorganisms and cells, research and development of computer hardware, research and development of computer hardware and software, research and development of computer software, research and development of medicines, research and development of new products for others, research and development of new products for others in the field of plastic materials, research and development of new products for third parties in the field of plastic materials, research and development of pharmaceutical preparations for treating malignant tumours, research and development of vaccines, research and development of vaccines and medicines, research and development services for the pharmaceutical industry, research and development services in connection with physics, research and development services in the field of antibodies, research and development services in the field of antibody technology, research and development services in the field of bacteriology, research and development services in the field of biochemistry, research and development services in the field of biotechnology, research and development services in the field of chemistry, research and development services in the field of cosmetics, research and development services in the field of cytology, research and development services in the field of diagnostic preparations, research and development services in the field of engineering, research and development services in the field of food, research and development services in the field of gene expression systems, research and development services in the field of immunology, research and development services in the field of immunohistology, research and development services in the field of medical preparations, research and development services in the field of microorganisms and cells, research and development services in the field of nutritional

supplements, research and development services in the field of pharmaceutical preparations, research and development services in the field of physics, research and development services relating to automobile tires, research and development services relating to automobile tyres, research and development services relating to computer hardware, research and development services relating to computer hardware and computer software, research and development services relating to computer hardware and software, research and development services relating to computer software, research and development services relating to fertilisers, research and development services relating to fertilizers, research and development services relating to measuring and regulating technology, research and development services relating to medicines, research and development services relating to solar cells and electricity generation, research and development services relating to vaccines, research and development services relating to vaccines and medicines, research and testing in the field of bacteriology, research in the area of environmental protection, research in the area of semiconductor processing technology, research in the field of bacteriology, research in the field of biochemistry, research in the field of biology, research in the field of biomedicine, research in the field of biotechnology, research in the field of building construction, research in the field of chemistry, research in the field of climate change, research in the field of communications technology, research in the field of computer hardware, research in the field of computer hardware and software, research in the field of computer programmes and software, research in the field of computer programs and software, research in the field of computer software, research in the field of computer technology conducted using databases and the internet, research in the field of data processing technology, research in the field of ecology, research in the field of electrical engineering, research in the field of electrical safety, research in the field of engineering, research in the field of information technology, research in the field of materials science, research in the field of mechanical engineering, research in the field of pharmaceuticals, research in the field of pharmacogenetics, research in the field of physics, research in the field of science, research in the field of semiconductor processing technology, research in the field of telecommunications technology, research in the field of welding, research in the fields of chemistry and biology, research in the fields of chemistry, biology and physics, research in the fields of materials science and electrical engineering, research in the reduction of carbon emissions, research into the reduction of carbon emissions, research of new products for others, research on building construction, research on building construction or city planning, research on food, research on urban planning, research relating to building construction, research relating to building construction or city planning, research relating to city planning, research relating to environmental protection, research relating to mechanical engineering, research relating to physics, research relating to the development of computer hardware, research relating to the development of computer programmes and software, research relating to the development of computer programs and software, research relating to the development of computer software, research relating to urban planning, research services for the development of new products, research services in the field of computer hardware, research services in the field of computer hardware and software, research services in the field of ecology, research services in the field of engineering, research services in the field of environmental protection, research services in the field of information technology, research services in the field of proteins, antibodies, microorganisms and cells, research, design and development of communication systems, research, design and development of data processing systems, research, design and development of information and communications technology, research, design and development of software for communication systems, research, design and development of software for data management, research, design and development of software for managing data, research, design and development services relating to communication systems, research, design and development services relating to computer programs, research, design and development services relating to computer systems, research, design and development services relating to computers, research, design and development services relating to data processing systems, research, design and development services relating to network interfaces, research, design and development services relating to software application solutions, research, development, analysis and consultancy services in the field of engineering, research, development, design and upgrading of computer software, research, testing and analysis services, retail design services, retrieving public documents in the nature of scientific research services, retrieving public documents in the nature of technological research services, scanning of images [conversion from physical to electronic media], scientific and industrial research, scientific and industrial research in the field of photovoltaics and solar collectors, scientific and industrial research services, scientific and medical research and development, scientific and medical research and development services, scientific and technological research in the field of natural disasters, scientific and technological research relating to patent mapping, scientific and technological services, scientific and technological services and related research and design services, scientific and technological services and research and design relating thereto, scientific and technological services and research and design services related thereto, scientific and technological services and research and design services relating thereto, scientific and technological services and research and development related thereto, scientific and technological services and research and development relating thereto, scientific and technological services and research and development services relating thereto, scientific and technology services, scientific feasibility studies, scientific laboratory services, scientific research, scientific research and development, scientific research and development services, scientific research conducted using databases, scientific research conducted using databases and the internet, scientific research for medical purposes, scientific research for medical purposes in the area of cancerous diseases, scientific research for medical purposes in the field of cancerous diseases, scientific research in the field of energy, scientific research in the field of genetic engineering, scientific research in the field of genetics,

scientific research in the field of genetics and genetic engineering, scientific research in the field of hair care preparations, scientific research in the field of natural disasters, scientific research in the field of renewable energy, scientific research relating to hair care preparations, scientific research relating to patent mapping, scientific research services, scientific research services for medical purposes, scientific services relating to the isolation and cultivation of human tissues and cells, scientific surveys, server administration, server administration services, research in the field of environmental conservation, research in the field of environmental conservation and protection, research in the field of environmental protection, research in the field of ex vivo gene therapy, research in the field of food, research in the field of gene therapy, research in the field of hair care, server hosting, set design for theatrical enterprises, shop interior design, smartphone software design, software as a service [SAAS], software authoring, software consultancy, software consultancy services, software consulting services, software design, software design and development, software design and development services, software design services, software development, software development in the framework of software publishing, software development services, software engineering, software engineering services, software engineering services for data processing programmes, software engineering services for data processing programs, software installation and maintenance, stem cell research services, styling [industrial design], surveying, surveying and engineering, surveying and engineering services, surveying of oil beds and fields, surveying of oil-bearing seams, surveying services, technical advice relating to operation of computers, technical consultancy in relation to research services relating to foods and dietary supplements, technical consultancy in the field of energy saving and energy efficiency, technical consultancy in the field of environmental engineering, technical consultancy in the field of environmental science, technical consultancy in the field of light engineering, technical consultancy in the field of pollution detection, technical consultancy in the field of semiconductor processing technology, technical consultancy relating to product development, technical consultancy relating to research services in the field of foods and dietary supplements, technical consultancy relating to the application and use of computer software, technical consultancy relating to the design of computer hardware, software and computer peripherals, technical consultancy relating to the installation and maintenance of computer software, technical consultancy relating to the use of computer hardware, technical consulting in the field of environmental engineering, technical consulting in the field of pollution detection, technical data analysis, technical data analysis services, technical design, technical design and planning of heating installations, technical design and planning of heating, ventilating and air-conditioning installations, technical design and planning of pipelines for gas, water and waste water, technical design and planning of power stations, technical design and planning of sewerage systems, technical design and planning of telecommunication equipment, technical design and planning of telecommunication networks, technical design and planning of telecommunications equipment, technical design and planning of telecommunications networks, technical design and planning of water purification plants, technical design services, technical design services relating to cooling appliances and installations, technical design services relating to electricity plants, technical design services relating to heating installations, technical design services relating to sanitary apparatus and installations, technical design services relating to water supply installations, technical development of structural elements, devices and systems for solar collectors and photovoltaic plants, technical drawing, technical drawing services, technical feasibility studies, technical measuring, technical measuring services, technical planning and consultancy in the field of light engineering, technical planning and consulting in the field of light engineering, technical planning relating to real estate development projects, technical project planning, technical project planning in the field of engineering, technical project planning services, technical project studies in the field of carbon offsetting, technical project studies in the field of construction, technical research, technical research in the field of aeronautics, technical research in the field of carbon offsetting, technical research in the field of carbon offsetting and consultancy relating thereto, technical research projects and studies, technical research services, technical support services, namely, troubleshooting in the nature of computer hardware diagnosis, technical support services, namely, troubleshooting in the nature of diagnosing computer hardware problems, technical support services, namely, troubleshooting of computer software problems, technical surveying, technical writing, technological advice relating to computers, automobiles and industrial machines, technological consultancy, technological consultancy and information services in the field of computer networks and data transmission networks, technological consultancy in the field of aerospace engineering, technological consultancy in the field of alternative energy generation, technological consultancy in the field of geology, technological consultancy in the field of semiconductor processing technology, technological consultancy in the fields of energy production and use, technological consulting services in the field of alternative energy generation, technological research, technological research in the field of natural disasters, technological research relating to patent mapping, technological research services, technological services and research and design relating thereto, technology services for securing computer data, technology services for securing financial information, technology services for securing personal information, telecommunications engineering, telecommunications engineering consultancy, telecommunications engineering services, GENERAL INFORMATION III

TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING
MALAYSIA

Pursuant to regulation 71 of the Trademarks Act 2019, the following international registrations designating Malaysia have been accepted and are hereby published in Intellectual Property Official Journal under section 148 of the Trademarks Act 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 72(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the international registrations designating Malaysia which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such international registrations designating Malaysia in the Intellectual Property Official Journal.

Notwithstanding the above paragraphs, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 72(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition
