General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Applications Published For Opposition

Purposes

National Trade Mark No: 40202110989X

Filing Date: 12 May 2021

Classes: 05

狮王
獅王

Goods and/or Services:

Class 05

Disinfectants; Hand sanitizer; Antimicrobials for dermatologic use; Fungicides for domestic use; Anti-bacterial wipes, Antiseptic wipes, Sanitizing wipes; Cleaning wipes impregnated with fungicides; Deodorants [other than for human being and for animals]; Acne treatment preparations; Pharmaceutical preparations and substances for the prevention of acne; Medicinal preparations for the mouth; Pharmaceutical preparations and substances for the treatment of alveolar pyorrhea; Dietary supplements for humans.

Mark Clause(s):

Application for a series of two marks.

information into computer databases; Business consulting services; business consulting services in the field of web-based events, conferences, training programs, learning programs and seminars; business consulting services in the field of delivering web-based knowledge; business consulting services in the fields of sales and marketing; Business project management services; business project management services relating to the development, set up, staging, production, recording, monitoring and follow-up of web-based events, conferences, training programs, learning programs and seminars; market research and business consulting services; advertising of goods and services of others via local and global computer networks; international import and export agency services; rental of advertising space on communication media; compilation of business directory of third party websites to facilitate business transactions; Commercial administration of the licensing of the goods and services of others; corporate management consultancy services; marketing and promotion services; Publication of publicity materials; marketing of vacant premises; dissemination of advertising materials, updating of advertising materials, compilation of advertisements for use as web pages on the Internet; Rental of advertising space; Computer data processing; sales promotion (for others); Business information services; promotional information services; telephone answering (for unavailable subscribers); telephone answering (for others); Auctioneering provided on the internet; Personnel management; presentation of goods on communication media for retail purposes; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise Internet website and in a wholesale outlet; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those goods from a general merchandise catalogue by mail order or by means of telecommunications; the bringing together, for the benefit of others, of a variety of goods (excluding the transport thereof), enabling customers to conveniently view and purchase those

goods from retail outlets; retail and wholesale of semi-conductors, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), reduced instruction set computer-five computer chips and central processing units, computer chips and central processing units with instruction set architecture, telephones, mobile phone handsets, mobile phone parts and fittings, electronic and telecommunications goods, computer hardware and computer software, batteries, battery chargers, apparatus and instruments for recording, receiving, transmitting and/or reproducing data, information, pictures, images and/or sound, precious metals, jewellery, precious stones, printed matter, stationery and magnetic and non-magnetically encoded cards, furniture, picture frames, household and kitchen utensils, glassware, porcelain and earthenware, textiles, clothing, footwear, headgear, laces and embroidery, buttons, ribbons, pins and needles, artificial flowers, carpets, rugs, games and electronic toys, chemicals used in industry, science, photography and agriculture, paints, varnishes and lacquers, personal hygiene products, soaps, perfumery, cosmetics, hair and body lotions, essential oils, cleaning and bleaching preparations, lubricants, fuels, candles, pharmaceutical, veterinary and sanitary preparations, ironmongery and small items of metal hardware, machines and machine tools, cutlery, razors and hand tools, computers, calculating machines, electrical, photographic, cinematographic and optical apparatus and instruments, spectacles and sun glasses, surgical and medical apparatus and instruments, apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes, vehicles, firearms, fireworks, silverware, horological and chronometric instruments, musical instruments, magazine, cards, paper and cardboard products, picture, typewriters and office requisites, packaging materials, rubber and plastics for manufacture use, packing and insulating materials, leather and imitations of leather and goods made from these materials,

handbags, purses, wallets, leather holders, bags, luggage, umbrellas, mirrors, ropes, string, nets, tents, yarns and threads for textile use, coat hangers, place mats, dressmaker's articles, bed and table covers, playthings and sporting articles, foodstuffs and beverages, meat, fish, poultry, preserved, dried and cooked fruits and vegetables, jams and fruits sauces, eggs, milk and milk products, edible oils and fats, coffee, tea, cocoa, sugar, rice, flour, bread and cakes, condiments, fresh fruit and vegetables, beer, mineral water, fruit juices and other non-alcoholic drinks, alcoholic beverages, floral products, tobacco, smokers' articles and matches; Direct mail advertising; Import-export agency services; selection of goods and procurement of goods for individuals and businesses; ordering services [for others]; department store retailing services; supermarket retailing services; Secretarial services; Provision of business statistical information; Organization of exhibitions for commercial or advertising purposes; business assistance services relating to compilation and rental of mailing lists; business investigation; business referral services and personnel placement; import-export agencies services relating to import-export goods clearance; arranging newspaper subscriptions (for others); document reproduction; message transcription services; Stenographic transcription; Rental of office equipment; business management services relating to customer relationship; business management and administration services relating to sponsorship programmes; Accounting services; Accountancy; Charitable services, namely business management and administration; Rental of sales stands; Provision of commercial and business contact information; Search engine optimization; Website traffic optimization; Pay per click advertising; Commercial intermediation services; Business management for freelance service providers; Negotiation and conclusion of commercial transactions for third parties; Updating and maintenance of data in computer databases; Business project management services for construction projects; Providing business information via a website; compilation of business information relating to domain names; consultancy, information and advisory services relating to the aforesaid services; all included in Class 35.

Class 36

Insurance; Financial affairs; Monetary affairs; real estate affairs; clearing and reconciling financial transactions via a global computer network; Funds transfer services; transmission of funds by electronic means for others; transfer of payments for others via the internet; Electronic banking services; online payment services; provision of electronic funds transfer services; Brokerage of currency; financial transactions via blockchain; online banking services and financial services; provision of financial information via the Internet; Online banking; banking services provided on-line from a computer databases or the Internet; Financial clearing services; credit verification via global computer information network; electronic credit risk management services; electronic purchase payment and electronic bill payment services; information services relating to finance and insurance, provided online from a computer database or Internet; credit card services, processing of bill payments, and providing insurance for financial transactions; financial services in the nature of bill payment services and payment processing services; safety deposit and issuing of travel vouchers services; capital investments; Financial evaluation [insurance, banking, real estate]; financial and asset management services; insurance and financial services; financial services provided by telecommunication means; Financial consultancy and advisory services; Securities brokerage services; Stock exchange quotation services; stocks and bonds brokerage, financial analysis; debit card services, charge card services and cheque guarantee services; banking, savings account and investment services; financial accounts debiting and crediting services; issuance of stored value cards, charge cards and debit cards; telephone credit cards services; Arranging finance for construction projects; arrangement and management of leases and tenancy of real estate; renting and leasing of real estate; Real estate appraisal; real estate valuation; Real estate financing; Real estate investment; real estate brokerage services; Real estate agency services; Housing agency services; Actuarial services; real estate management and consultancy

services; Rent collection; rental of offices (real estate); rental of apartments and flats; agency for collection of gas and electricity fees; Antique appraisal; Art appraisal; Jewellery appraisal; used car appraisal; provision of tax information [financial]; Charitable fund raising; organizing of charitable collections; charitable collections; rental of paper money and coin counting or processing machines; Rental of cash dispensers or automated-teller machines; Issuing of vouchers; Cash dispensing services; provision of prepaid cards and tokens; Monetary exchange services; Money transfer services; Foreign currency transfer services; Foreign currency exchange; Currency trading; currency dealing; Charitable fundraising; provision of charitable fundraising services in relation to carbon offsetting; Brokerage of carbon offsets; financial sponsorship of carbon offset programmes; funding of and investment in emissions reduction projects; investment in carbon offset programmes and projects; investment in emissions reduction funds; Provision of loans; Providing temporary loans; brokerage for selling of ships and/or boats; including all of the aforementioned services provided by electronic means; consultancy, information and advisory services relating to the aforesaid services; all included in Class 36.

Class 38

Telecommunications; telecommunication services, namely, data transmission and reception services via telecommunication networks; providing web-based multimedia teleconferencing, video conferencing and provision of telecommunication facilities to enable or facilitate simultaneous and asynchronous viewing, sharing, editing and discussion of documents, data and images by participants via a web browser; providing customers with online access to online reports regarding the performance, effectiveness and status of web-based applications, teleconferences, video conferences and meetings; providing users with secure remote access via the Internet to private computer networks; providing user access to a global computer network to access applications, platforms, jointly-shared documents, data, task lists and discussion forums; Internet broadcasting services; providing access to an online

computer database containing information relating to online platforms for the submission of web-based complaints; provision of telecommunication access and links to computer database and to the Internet; Electronic communication services; interactive telecommunications services; telecommunication of information (web pages), computer programs and data; Providing telecommunications connections to the internet or databases; provision of telecommunication access to world-wide web facilities and structures; Communication by computer terminals; communication by fibre optic networks; computer aided transmission of messages, information, data, documents and images; Facsimile transmission; Message sending; Paging services; Rental of modems; data communication services by electronic means; Rental of telecommunication equipment; electronic exchange of voice, data, audio, video, text and graphics accessible via computer and telecommunication networks; instant messaging services; mobile phone communication services; electronic message sending, receiving and forwarding services; transmission and delivery of data by electronic means; transmission and delivery of mail messages, still picture and/or moving picture information such as characters, messages, music and images, telegrams, information and data by mechanical, electronic, telephone, telex, cable, computer and satellite means; transmission, broadcast and reception of audio, video, still and moving images and data whether in compressed or uncompressed form and whether in real or delayed time; electronic messaging, electronic conferencing (telecommunications) and order-transmission services; Video conferencing services; communication by electronic bulletin board that enables users to perform a real-time interactive talk between a computer terminal and an electronic bulletin board containing still picture and moving picture information and voice information such as characters; providing electronic bulletin boards and message boards for transmission of messages; provision of online discussion forums; streaming of audio material on the Internet; streaming of video material on the Internet; Television broadcasting services; Pay-per-view television transmission services; video broadcasting services, broadcasting and transmission of radio and television programmes; Music

broadcasting; transmission of music, films, interactive programmes, videos, electronic computer games; transmission of information relating to online shopping and general retail services; Video-on-demand transmission services; transmission, broadcast and reception of electronic media, multimedia content, videos, movies, pictures, images, text, photos, user-generated content, audio content, and information whether in compressed or uncompressed form and whether in real or delayed time; telecommunications services, including, electronic transmission of streamed audio, video, and multimedia files via television, cable, the Internet and global wireless communications networks; electronic transmissions and streaming of downloadable audio, video, and multimedia content via computer and communications networks; subscription-based electronic media, audio, video, movie and multimedia broadcasting services; News agency services; providing access to computer database on the global computer network for searching and retrieving information, data, websites and resources available on computer networks; providing user access to a computer database containing electronic publications, bulletin boards, database and information accessible via computer; operation of chat rooms (chat room services); providing multiple user access to global computer information networks for the transfer and dissemination of a wide range of information; providing access to a website on a global computer network by which third parties can offer goods and services, place and fulfill orders, enter into contracts and transact business; providing access to an interactive website on a global computer network for third parties to post information, respond to requests and place and fulfill orders for products, services and business opportunities; communication services, namely, text and numeric digital messaging services; Transmission of information by data communications for assisting decision making; Transmission of information through video communication systems; Web conferencing services; electronic communication services for establishing virtual chatrooms via text messaging; providing electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business

leads and opportunities; providing an online interactive bulletin board for the posting, promotion, sale and resale of items via a global computer network; providing electronic mail and electronic mail forwarding services; audio and video communication via computers and computer networks, and via a global communications network; providing computer access and rental of access time to online interactive bulletin boards and databases; providing access to electronic bulletin boards for the posting and transmission of messages among and between computer users concerning products, services and business opportunities; providing access to electronic calendar, address book and electronic notebook, via local and global computer networks; providing distant video and/or telephone conferencing access and facilities; provision of electronic data links to third party websites to facilitate electronic commerce and real world business transactions; transmission, broadcasting and streaming of audio and video via computers, computer networks and global communication network; Streaming of data; Video, audio and television streaming services; providing data streaming capacity to others, namely, providing others with access to remotely stored data and software; consultancy, information and advisory services relating to the aforesaid services; all included in Class 38.

Class 39

Transport; Packaging and storage of goods; Travel arrangement; Physical storage of electronically stored data or documents; Storage; Transportation information; Transport brokerage; Transportation logistics; transport of goods and passengers; packaging; Ship brokerage; Car transport; Air transport; Armoured-car transport; Vehicle rental; Message delivery; Transport by pipeline; Delivery of goods by mail order; Courier services [messages or merchandise]; transport services in the nature of transport management; car rental services; car parking services; rental and/or hire of yachts and boats for trips; yacht and/or boat trip planning services; travel agency services; travel reservation and travel information services; travel ticket agency services; arranging travel and information therefor, all provided on-line from a

computer database or the Internet; provision of information relating to travel and tourism through the Internet or through telecommunication networks; Providing driving directions for travel purposes; Arranging of cruises; Arranging of transportation for travel tours; Booking of seats for travel; Escorting of travellers; Transport services for sightseeing tours; Arranging of passenger transportation services for others via an online application; Travel reservation; providing road and traffic information, chauffeur services; loading and unloading of cargo; Freight brokerage; Removal services; brokerage for rental, leasing, and/or chartering of ships and/or boats; salvage and refloating of ships and/or boats; Piloting; gas distribution and supply; electricity distribution and supply; heat distribution and supply; Water supplying; Water distribution and supply; mooring facility services; Rental of warehouses; Airport services; providing toll road; rental and/or leasing of wheelchairs; Car parking; Parking lot services; provision of parking spaces; Reservation of parking spaces; rental and/or leasing of airplanes; rental and/or leasing of containers; rental and/or leasing of bicycles; rental and/or leasing of cars; rental and/or leasing of ships and/or boats; rental and/or leasing of man-powered vehicles; rental and/or leasing of mechanical parking systems; rental and/or leasing of pallets; rental and/or leasing of packaging or wrapping machines; rental and/or leasing of refrigerator; Collection of domestic waste and trash; Collection of industrial waste and trash; Rental of navigational systems; Aircraft rental; Cash replenishment of automated teller machines; Chauffeur services; Collection of recyclable goods [transport]; Delivery of goods; Delivery of newspapers; Distribution of energy; Flower delivery; Franking of mail; Freight [shipping of goods]; Garage rental; Gift wrapping; horse rental; Launching of satellites for others; Luggage storage; Motor coach rental; Parcel delivery; Parking place rental; Refrigerator rental; Rental of freezers; Rental of motor racing cars; Rental of storage containers; Rental of tractors; Rental of vehicle roof racks; Rental of wheelchairs; Replenishment of vending machines; Rescue operations [transport]; Salvaging; Taxi transport; Towing; Traffic information; Transport reservation; Wrapping of goods; consultancy, information and advisory

services relating to the aforesaid services; all included in Class 39.

Class 41

Education; Providing of training; Entertainment; Sporting and cultural activities; publication of texts and printed matter, other than publicity texts; publication of diagrams, images and photographs; publication of newspapers, magazines and periodicals; education, training and instruction services relating to telecommunications, computers, computer programs, website design, electronic commerce, business management and advertising; providing online electronic publications, non-downloadable; provision of education, recreation, instruction, tuition and training both interactive and non-interactive; Design of educational courses; academic examination services, namely, design of examination scripts; entertainment provided via electronic and digital interactive media; Electronic games services provided by means of the internet; information relating to entertainment or education, provided online from a computer database or the Internet; providing digital music (not downloadable) from the Internet; providing digital music (not downloadable) from MP3 (Moving Picture Experts Group-1 audio layer 3) Internet websites; entertainment and educational services relating to planning, production and distribution (other than transportation) of sound, images, digital music, movies, live or recorded audio, visual or audiovisual material for broadcasting on terrestrial cable, satellite channels, the Internet, wireless or wire-link systems and other means of communication systems; Music entertainment services; preparation of entertainment, educational, documentary and news programmes for broadcasting; news reporters' services; information relating to sporting or cultural events, news programmes and current affairs programmes provided by satellite television transmission, the Internet or by other electronic means; provision of entertainment information online; provision of entertainment information via a global computer network; providing entertainment through provision of non-downloadable multimedia files containing audio and video, television programs and films via a global computer

network; providing entertainment through movies, video games, computer games and entertainment in the form of sound or images via communication networks and global computer networks; providing online computer games and contests; rental of pre-recorded video tapes; Providing online videos, not downloadable; provision of on-line non-downloadable electronic publications streamed from the Internet or on a computer network or a computer database; provision of information relating to education, training, entertainment, recreation, sporting, social and cultural activities; arranging, organizing, hosting and conducting singing competitions; arranging, organizing, hosting and conducting concerts; arranging, organizing, hosting and conducting events and competitions for education or entertainment purposes; arranging, organizing, hosting and conducting game shows and quests; Entertainment ticket agency services; Rental of sound recordings; television, radio and film production; premium or pay television programming services [scheduling of programs] and television programming services [scheduling of programs]; scriptwriting for television entertainment programs; organization and production of television entertainment programs; preparation and production of television programmes; provision of information, data, graphics, sound, music, videos and animation for entertainment purposes; publication of texts (other than publicity texts) for entertainment purposes; game services; provision of club recreation, sporting and gymnasium facilities; band performances; club entertainment, discotheque, fashion show [entertainment] and night club services [entertainment]; club services relating to entertainment, education and cultural services; providing non-downloadable films and television shows via video-on-demand transmission services; providing entertainment services via a global communication network featuring a wide variety of general interest entertainment information relating to motion picture films, television show programs, reality shows, comics, musical videos, related film clips, photographs, and other multimedia materials; providing online non-downloadable video clips and other multimedia digital content containing audio, video, artwork, and/or text from or related to an ongoing television series; providing information,

reviews and recommendations regarding movies and television shows via a website and video-on-demand transmission services; providing information, news and commentary in the field of entertainment; entertainment services in the nature of development, creation, production, distribution, and post-production of motion picture films, television shows, reality shows, special events and multimedia entertainment content; entertainment services in the nature of a live theatrical, musical or comedic performance; arranging, conducting and provision of conferences, conventions, congresses, seminars and training workshops; organizing and conducting exhibitions (for cultural or educational purposes), fashion shows (for entertainment, cultural or educational purposes), educational shows and cultural shows and performances; art exhibition and gallery services; art gallery services relating to the rental of fine art; training services in relation to occupation health and safety, and environmental conservation; provision of cigar classes, wine tasting classes; providing education information about research materials and agency thereof; arranging, organizing and conducting of seminars; Animal training; preparation of entertainment programmes for broadcasting; Producing of motion pictures, plays and videos; instructional services relating to operation of machines and equipment, including audiovisual equipment, which is used for the production of broadcasting programmes; providing audio and visual studios; Providing sports facilities; Providing facilities for movies, shows, plays, music or educational training; entertainment booking agencies; rental of motion pictures (cine-films); Rental of musical instruments; Rental of television programmes; Rental of television sets; lending libraries; Archive library services; subtitling services; sign language interpretation services; rental of game machines; rental of arcade game equipment; rental of pictures; Photography; Translation; Language interpretation; educational and training programs in the field of risk management; educational and training programs relating to certification; provision of news [news programme services]; Lottery services; Tutoring; Entertainer services; Booking of seats for shows; Presentation of variety shows; Party planning [entertainment]; Multimedia production [texts, images, sound, animations, videos];

Video tape film production; Film production, other than advertising films; Scriptwriting, other than for advertising purposes; Video editing services for events; Organization of entertainment events; Organization of cosplay entertainment events; consultancy, information and advisory services relating to the aforesaid services; all included in Class 41.

Class 42

Scientific and technological services and research and design relating thereto; Industrial analysis and research services; technical project studies; providing a website featuring technology that enables users to share information and advice; Design and development of computer hardware and software; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), reduced instruction set computer-five computer chips and central processing units, computer chips and central processing units with instruction set architecture; software as a service (SaaS); platform as a service (PaaS); computer support services [programming and software installation, repair and maintenance services] in connection with transmitting information, data, documents, and images over the Internet; application service provider (ASP) services, namely, hosting computer software applications of others; web portal services, namely, hosting an internet website portal containing an interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services for providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software

applications; technical support services (programming and software installation, repair and maintenance services) provided online, by email and by telephone; computer support services [programming and software installation, repair and maintenance services] in relation to creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer technology advice on programming and software installations, repair and maintenance provided to Internet users by means of a support hotline; computer support services [programming and software installation, repair and maintenance services] relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); computer support services (programming and software installation, repair and maintenance services); Computer programming; Computer system integration services; computer analysis services; computer programming in relation to the defence against virus; programming, installation, repair and maintenance of computer system software; computer network services for exchanging of data; Computer software design; design, development, updating and upgrading of computer and video games software; Computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; Cloud computing; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; providing technical information relating to computer support services (programming and software installation, repair and maintenance services) at the specific request of end-users by means of telephone or global computer network; consultancy services in

relation to computer software; Design and development of search engines; Design of computer codes; Development of computer codes; Coding of messages; conversion of physical data and documents into electronic media format; testing and evaluation services, namely, material quality evaluation and testing, commissioning (testing and inspection) services, product quality evaluation, product testing, safety evaluation, environmental testing, industrial testing, quality testing, laboratory testing services, testing of computer programs, testing of computers, testing of computer installations; information services relating to information technology; computer security services (testing and risk assessment of computer programs); computer security services (testing and risk assessment of computer networks); quality assurance services; computer technological services in relation to the verification of online business transactions; computer security services relating to providing access control to computers, electronic networks and databases; data security services (firewalls) relating to data transmission and of transactions via computer networks; Consultancy in the field of computer security; technological consultancy in the field of computer security relating to securing computer network communications by means of a global computer network; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security and computer security for the transmission of data and information; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services, computer security for the transmission of data and information; Authentication services for computer security; online authentication of electronic signatures; Off-site data backup; Electronic storage of data; providing information on computer technology and programming via a website; Cartography services; rental of entertainment software; architectural and design services; interior designing of buildings, offices and apartments; providing non-downloadable computer software, namely, computer software for implementing a computer programming language, computer software development tools, and computer software libraries for use in

general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling, and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing non-downloadable computer software, namely, runtime systems comprised of computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing non-downloadable computer software for use as an application programming interface (API) for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

Class 45

Legal services; Security services for the physical protection of tangible property and individuals; personal and social services rendered by others to meet the needs of individuals, namely, personal shopper services, personal care services (non-medical caregiver assistance in the nature of support and foster care services for children, elderly or the disabled), personal reminder services, personal bodyguard services, social escorting; On-line social networking services; Domain name registration services; Intellectual property consultancy; Legal administration of licences; Licensing of intellectual property; licensing of digital data, still images, moving images, audio and text; creation, compilation and maintenance of a register of domain names; Baggage inspection for security purposes; consultancy relating to licensing of intellectual property; exploitation and licensing of industrial and intellectual property rights; exploitation and licensing of intellectual property rights relating to semi-conductors, semi-conductor integrated circuits, semi-conductor

memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), reduced instruction set computer-five computer chips and central processing units, computer chips and central processing units with instruction set architecture; licensing of computer chip and central processing unit platforms; licensing of the use of computer software and computer programs; Legal research; Legal document preparation services; Litigation services; Alternative dispute resolution services; Arbitration services; guard and security services; personal safety services; rental of apparel; providing protection (security) services through electric central stations for intruders, burglar and fire protection systems; intruder and burglar alarms monitoring services, fire and flood detecting device and alarm monitoring services; personal background investigation services; Security services for the protection of property and individuals; House sitting; Funeral services; Dating services; Social work services; Releasing doves for special occasions; Embalming services; charitable services, namely, mentoring (spiritual) and personal advice services relating to matrimonial matters, marriage counselling and coaching; consultancy, information and advisory services relating to the aforesaid services; all included in Class 45.

Goods and/or Services:

Class 07

Machines, machine tools, power-operated tools; Motors and engines, except for land vehicles; Machine coupling and transmission components, except for land vehicles; Agricultural implements, other than hand-operated hand tools; Incubators for eggs; Automatic vending machines; Welding machines; Industrial robots; Soldering apparatus, gas-operated; Soldering apparatus, electric; Chip mounting machines; Semiconductor manufacturing apparatus and machines; Electric arc welding machines and apparatus; Cutting machines; Metal cutting machines and apparatus; Electronic component placement machines and apparatus; Electronic component

insertion machines and apparatus; Feeders for machines; Electronic component feeding machines and apparatus; Bonding machines; Assembly machines; Laser processing machines and apparatus; Engraving machines; Condensing installations; Electric power tools; Chucks for power drills; Grinding machines; Saws [machines]; Blades for electric power tools; Heat exchangers [parts of machines]; Extracting machines; Dispensing machines; Printing machines; 3D printers; Electric motors [other than for land vehicles]; Driving motors other than for land vehicles; Electricity generators; Wind-powered electricity generators; AC generators [alternators]; Solar power generating apparatus; Centrifugal blowers; Axial flow blowers; Reduction gears [other than for land vehicles]; Lifting machines; Elevators [lifts]; Electric door openers; Automatic door apparatus [electric]; Curtain drawing devices, electrically operated; Electric washing machines; Washing machines [laundry]; Dish washing machines; Drums [parts of machines]; Compressors [machines]; Pumps for machines; Electric pumps; Mixing machines; Chopping machines; Food mixing machines; Food cutting machines; Food chopping machines; Apparatus for use in processing food; Electric hand mixers for household purposes; Electric food processors for household use; Electric coffee mills; Electric blenders for household purposes; Electric juicers for household purposes; Electric meat grinders for household purposes; Rice polishing machines; Electric ice crushers; Garbage disposals; Machines and apparatus for cleaning, electric; Electric vacuum cleaners; Electric floor polishers; Blowing machines; Air suction machines; Dust filters and bags for vacuum cleaners; Electric dust collecting machines; Apparatus for aerating water; Packaging machines; Filters for motors and engines; Gas filters for engines; Vending machines; Beverage dispensers for vending machines; Agricultural machines; Plant growth chambers and incubators for agricultural purposes; Composting machines; Chemical supplying apparatus for use in production lines; Exhaust gas treatment apparatus; Urethane foaming machines; Painting and coating machines; Apparatus for disposal and recovery of waste products and scraps; Parts and fittings for all the aforesaid goods.

Class 08

Hand tools and implements, hand-operated; Cutlery; Side arms, except firearms; Razors; Electric shavers; Electric razors; Razor blades; Blades [hand tools]; Blades for electric shavers; Blades for electric clippers; Blades for electric hair trimmers; Electric hair clippers; Hair clippers for animals [hand instruments]; Electric beard trimmers; Depilation appliances, electric and non-electric; Nail polishers, electric and non-electric; Manicure sets, electric and non-electric; Pedicure sets, electric and non-electric; Tool belts [holders] for electric power tools; Trimmers [hand operated tools]; Electric hair trimmers; Electric ear hair trimmers; Electric nasal hair trimmers; Electric hair straightening irons; Electric irons for styling hair; Electric hair curling irons; Eyelash curlers; Hand implements for hair curling; Electric flat irons; Blades for electric razors; Electric nail files; Parts and fittings for all the aforesaid goods.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Mechanisms for coin-operated apparatus; Cash registers, calculating devices; Computers and computer peripheral devices; Diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; Fire-extinguishing apparatus; Cameras; Camera cases; Digital still cameras; Digital photo frames; Batteries; Dry cells; Rechargeable batteries; Electric accumulators; Electric batteries for vehicles; Electric batteries for electric vehicles; Batteries for mobile phones; Battery chargers; Nickel cadmium

batteries; Nickel-metal hydride batteries; Lithium batteries; Lithium ion batteries; Fuel cells; Solar batteries; Electric converters; Solar panels for electricity generation; Battery chargers for electric vehicles; Electric wiring devices and instruments; Sensor switches; Electrical connectors; Electric switches; Electric sockets; Dimmer switches; Time switches; Magnetic switches; Light dimmers; Switchboards; Electric switch boxes; Electric cables; Electricity conduits; Electricity ducts; Electric cable racks; Lighting ballasts; Circuit breakers; Electro-magnetic switches; Electric circuit protectors; Thermal surge protectors; Power distributing boxes; Electrical outlets; Power strips; Current converters; Electrical outlet covers; Electrical outlet plates; Antennas; Aerials; Distribution boards [electricity]; Electric power monitoring units; Control panels [electricity]; Indicator panels; Terminals [electricity]; Indicator lights; Signalling lamps; Modular jacks for telephones; Electrical adaptors; Power adapters; Earth terminals; Electrical power extension cords; Modular jacks for networks; Electric wiring ducts; Warning apparatus and instruments; Video intercoms; Intercoms; Gas leak alarms; Anti-theft warning apparatus; Glass break detectors; Passive infrared detectors; Infrared detectors; Electric door chimes; Radio receivers and transmitters; Buzzers; Fire alarms; Fire detectors; Emergency alarms; Electric warning lights; Emergency signalling lights; Emergency warning lights; Electric locks; Video surveillance systems; Access control devices; Face recognition equipment for access controls; Iris recognition access control systems; Cameras for iris recognition security; Surveillance cameras; Illuminated exit signs; Apparatus and instruments for remote monitoring; Apparatus and instruments for remote communication; Apparatus and instruments for remote controlling; Radios; Audio tape recorders and players; Digital audio players and recorders; Digital video players and recorders; Portable media players; MP3 players; Cases for portable media players; Audio speakers; Stereo tuners; Amplifiers; Power amplifiers; Microphones; Record players; Record player turntables; Digital voice recorders; Digital sound processors; Headphones; Earphones; Stereos; Stereo components; Audio mixers; Audio head cleaning apparatus; Optical fiber cables; Audio and video cables; Wireless microphone

systems comprising microphones, transmitters and receivers, speakers, amplifiers and tuners; Audio equalizers; Electronic audio signal processors; Car audio apparatus; Rearview cameras for vehicles; Rearview monitors for vehicles; Woofers; Subwoofers; Automatic disc changers; Video apparatus; Television sets; Plasma televisions; Plasma display panels; Stands for televisions; Mounting brackets adapted for televisions; Liquid crystal display (LCD) televisions; Liquid crystal displays; Liquid crystal display panels; Wireless liquid crystal display (LCD) monitors; Organic light emitting diodes (OLED) displays; Organic light emitting diodes (OLED) televisions; Organic light emitting diodes (OLED); 3D televisions; Audio and video player-combined televisions; Video tuners; Projectors; Liquid crystal display (LCD) projectors; Lenses for projectors; Video tape recorders; Video tape players; Camcorders; Tripods for cameras; DVD recorders; DVD players; Cable television receivers; Set top boxes; Computer hardware and software for displaying educational materials; Electronic display boards; Video cameras for broadcasting; Computer hardware and software for use in DVD authoring; Light emitting diode displays; In-vehicle cameras; Network monitoring cameras; Video surveillance cameras; Live image switchers; Downloadable electronic publications; Video monitors; Video switchers; Video mixers; Home theater systems, comprising digital video players, audio amplifiers and audio speakers; Video signal splitters; Image recognition apparatus; Three-dimensional eyeglasses; Satellite receivers; Optical disc drives; Optical disc recorders; Optical disc players; Communication apparatus; Facsimile machines; Telephones; Mobile phones; Smartphones; Smart watches; Accessories for mobile phones, namely, battery packs, cases, lanyards, chargers, holders, power supply adapters, headsets, earphones and microphones; Hands-free kits for mobile phones; Cordless telephones; Telephone answering machines; Private branch exchanges; Global Positioning System [GPS] apparatus; Transceivers; Encoding and decoding apparatus; Navigation apparatus for vehicles [on-board computers]; Car navigation systems; Digital signage; Remote controllers; Transmitters and receivers for remote controls; Apparatus for distributing or

controlling electricity; Electric power controllers; Programmable logic controllers; Computers; Computer peripheral devices; Tablet computers; Mobile computers; Wearable computers; Hard disc drives; USB cables; Image scanners; Printers for computers; Empty toner cartridges for computer printers; Toner cartridges sold empty; Photo printers; Video printers; Digital color copiers; Multi-function copiers; Multi-function printers; Electronic blackboards; Electronic whiteboards; PC cards; Computer keyboards; Floppy disk drives; Electronic card readers; Electronic card readers and writers; Bar code readers; Bar code scanners; Electronic mobile data terminals; Electronic cash registers; Electronic calculators; Routers; Monitors [computer hardware]; Ethernet adapters; Computer port replicators; Downloadable electronic maps; Downloadable image and video files; Downloadable electronic data files for computer programs; Pre-recorded DVDs; Downloadable computer programs; Computer software for processing images and graphics; Scientific research and laboratory apparatus; Computer hardware and software for image recognition for security and surveillance; Computer hardware and software for video surveillance of factory production lines; Radio-frequency modulators; Computer networks; Computer servers; Data storage media; Blank video tapes; Head cleaning tapes for audio and video tape recorders and players; Blank audio tapes; Blank floppy discs; Blank optical discs; Memory cards; IC memory cards; Dosimeters; Counters; Ammeters; Thermometer, not for medical purposes; Voltmeters; Weighing machines; Pedometers; Calorie consumption monitors for use during sporting activities; Exercise intensity and pitch monitors for use during sporting activities; Electricity meters; Gas meters; Water meters; Wattmeters; Distance measuring apparatus; Sensors; Light-emitting diodes; Microcomputers; Semi-conductors; Semiconductor memory devices; Integrated circuits; Oxygen regulators; Signal tuners; Radio frequency modulators; Coin validators; Coin sorters; Banknote validators; Banknote sorters; Electric power supply modules; DC/DC converters; Inductors [electricity]; Capacitors; Power capacitors; Diodes; Transistors; Electric signal filters; Electromagnetic noise reduction filters; Optical modulators; Optical transmitters;

Optical sensors; Optical connectors; Optical lenses; Electric circuits; Transformers; Thermistors; Varistors; Oscillators; Acousto-optic devices; Electric resistors; Potentiometers; Thermal cutoffs; Encoders; Magneto-resistive devices; Electric chip coils; Electric choke coils; Current sensors; Touch panels; Remote controls; Duplexers; Surface acoustic wave devices; Surface acoustic wave filters; Baluns; Electric power distributors; Wireless communication devices; Radio frequency amplifiers; Frequency synthesizers; Laser diodes; Magnetic cores; Fuses; Electric relays; Solenoids; Electric power supplies; Electric inverters; Electric timers; Electric circuit boards; Printed circuit boards; Circuit overload protector devices; Ionization apparatus for scientific or laboratory use; Ionization apparatus, not for the treatment of air or water; Magnetron oscillators; Internal cooling fans for electronic devices; Internal cooling fans for communication devices; Lasers, not for medical purposes; Marking gauges for joinery purposes; Ultrasonic sensors to detect the presence of vermin; Luminous or mechanical road signs; Uninterruptible electrical power supplies; Time clocks [time recording devices]; Power line communication adapters; Temperature indicators; Moisture meters; Microscopes; Protective helmets; Riding helmets; Protective helmets for sports; Humanoid robots with artificial intelligence; Robots for personal or hobby use; Robots for laboratory use; Temperature controllers; Electric terminal blocks; Image processors; Semiconductor inspection apparatus; Incubators for bacteria culture; Incubators for laboratory use; Plant growth chambers for laboratory use; Clean benches for laboratory use; Biological safety cabinets for laboratory use; Computer hardware and software for VLC (visible light communications) for the transmission of electronic data, namely video, music, image, text and sound; Computer hardware and software for Internet of Things (IoT); Computer hardware and software for machine-to-machine (M2M) communication; Computer hardware and software for text-to-speech converting; Computer hardware and software for management of customer information; Computer hardware and software for point-of-sales [POS] systems; Computer database servers; Computer groupware; Downloadable cloud computing software; Electronic control units for

vehicles; Electronic control units for vehicle batteries; Head-up displays for vehicles; Sonars; Digital panel meters; Electronic data archiving apparatus; Electronic data storing apparatus; Clothing for protection against accidents, irradiation and fire; Gloves for protection against accidents, irradiation and fire; Parts and fittings for all the aforesaid goods.

Class 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; Lighting apparatus and installations; Electric light bulbs; Incandescent lamps; Miniature light bulbs; Flashlights [torches]; Electric lanterns; Motion sensitive security lights; Discharge lamps; Stage lighting apparatus; Wall lights; Ceiling lights; Germicidal lamps; Chandeliers; Downlights; Desk lights; Sockets for electric lights; Lanterns; Spotlights; Safety lamps; Light diffusers; Searchlights; Cycle lights; Electric fans; Portable searchlights; Pen lights; Installations for cooking; Electric cooking utensils; Microwave ovens; Bread baking machines; Electric kettles; Electric cooking pots; Electric pressure cookers; Electric rice cookers; Electric rice warmers; Electric food warmers; Electric roasters; Cooking ovens; Toasters; Electric sandwich toasters; Electric coffee makers; Electric ice cream makers; Electric cooking stoves; Gas cookers; Induction cookers; Electric cookers; Electric cooking pans; Fermenting machines for food products; Sinks; Faucets; Electric frying pans; Refrigerators; Gas refrigerators; Freezers; Water dispensers; Heating and cooling apparatus for dispensing hot and cold beverages; Water coolers; Ice makers; Cool boxes, electric; Refrigerating display cabinets; Refrigerating showcases; Freezing showcases; Heat exchanger-typed air cooling units; Ventilating apparatus and instruments; Ventilating fans for household use; Dehumidifiers; Humidifiers; Air curtains; Ceiling fans; Ventilating fans; Electrostatic precipitators for cleaning air; Electric air blowers for air conditioning or ventilating; Air purifying apparatus and machines; Filters for air purifiers; Range hoods; Air filtering installations; Installations for air heating; Air

conditioners; Air conditioners for vehicles; Air filters for air conditioners; Heat exchangers; Electrically heated carpets; Electric space heaters; Electric blankets, not for medical purposes; Electric radiant heaters; Hot-water space heating apparatus; Electric heating apparatus; Electric foot warmers; Floor heating apparatus; Heaters for vehicles; Electric water heaters; Gas fired heaters; Water heaters; Gas water heaters; Heat pumps; Solar water heaters; Waste water treatment apparatus; Water supply installations; Watering installations, automatic; Sanitary installations and apparatus; Toilet stool units with a washing water squirter; Saunas; Showers; Shower apparatus; Shower heads; Water boilers; Bathtubs; Bathroom installations; Bathtub jets; Whirlpool baths; Toilets; Toilet bowls; Water ionizers; Bidets; Portable toilets; Portable bidets; Wash-hand basins [parts of sanitary installations]; Sterilizers; Water softening apparatus; Water purifying apparatus; Drying apparatus; Clothes drying machines; Electric clothes drying machines; Electric hand dryers; Electric hair dryers; Electric dish dryers; Dish dryers; Electric hair steamers; Steam facial apparatus [saunas]; Electric facial pore cleaning instruments; Electric autoclaves; Facial saunas; Fabric steamers; Watering machines for agricultural purposes; Fog generators for air conditioning, purifying and sterilising purposes; Ventilation hoods; Air deodorizing apparatus; Apparatus for generating ultrapure water; Cooling water circulation apparatus; Hazardous liquid treatment apparatus; Air nozzles for air conditioning; Thermal incineration installations; Solvent recovery and recycling installations; Wash-hand bowls [parts of sanitary installations]; Automatic temperature regulators for central heating radiators; Fan coil units for air conditioning; Ionisation apparatus for the treatment of air or water; Ozone water generators; Refrigerating containers; Freezing containers; Coffee roasters; Parts and fittings for all the aforesaid goods.

Class 41

Publishing and news reporting; education, entertainment and sports information services; translation and interpretation; training; sporting and cultural activities;

organization and implementation of cultural and/or sporting events; training and further training consultancy relating to the promotion of talent and young talent; presentation of live performances; conduct games on computer networks and the internet; academies [education]; education information; organization of competitions [education or entertainment]; organization, arranging and conducting of colloquia, conferences, congresses and symposiums, seminars and workshops [training]; organization of exhibitions for cultural or educational purposes; coaching [training]; vocational retraining; organization of sports competitions; lending library services; publication of books; online publication of electronic books and journals; operation of a club [entertainment or education]; animal training; organization of lotteries; adult education services relating to environmental issues; training relating to conservation; education services relating to conservation; education and training relating to nature conservation and the environment; consultancy and information relating to the abovementioned services, included in this class; all of the aforementioned services solely in connection with environment, in particular reduction of emissions.

Class 42

Science and technology services; testing, authentication and quality control; design services; industrial analysis and research services; styling [industrial design]; development and research services for new products for third parties; provision of scientific information, advice and consultancy in relation to carbon offsetting; digitization of documents [scanning]; technical research; surveying; chemical research; biological research; weather forecasting; research in the field of physics; architectural services; fashion design; authenticating works of art; cloud seeding; software design for others; environmental monitoring services; provision of technological information, advice and consultancy in relation to carbon offsetting; advisory services relating to pollution control; research in the field of environmental protection; environmental consultancy services; environmental assessment services; consultancy services relating to environmental planning; environmental testing of

exhaust emissions; environmental testing of exhaust noise pollution; environmental testing; environmental surveys; environmental testing and inspection services; environmental hazard assessment; environmental monitoring of waste storage areas; airborne remote monitoring relating to environmental explorations; measuring the environment within buildings; research in the field of environmental conservation; environmental testing of vibration; airborne remote sensing relating to environmental explorations; consultation in environment protection; research related to environmental protection; research in the field of environmental protection; technical consulting in the field of environmental engineering; advisory services relating to environmental pollution; engineering services in the field of environmental technology; advisory services relating to the safety of the environment [environmental assessment services]; consultancy services relating to research in the field of environmental protection; providing technological information about environmentally-conscious and green innovations; environmental testing services to detect contaminants in water; consultancy and information relating to the abovementioned services, included in this class; all of the aforementioned services solely in connection with environment, in particular reduction of emissions.

TA-Smart

Goods and/or Services:

Class 06

Corrosion-resistant copper-based alloys and alloys resistant to stress corrosion; metal building materials; transportable buildings of metal; non-electric cables and wires of metal; small items of metal hardware; pipes and tubes of metal; goods of common metal not included in other classes, namely valves (not parts of machines), junctions for pipes, parts and fittings for the aforesaid pipe valves and junctions.

Class 07

Valves [parts of machines]; electric, electric-motor-driven, electrothermal and electromechanical valve controls.

Class 09

Weighing, measuring and signaling apparatus and instruments; apparatus, systems and instruments for automation, control and monitoring, namely, valves [solenoid valves], control valves [solenoid valves], electric valves [solenoid valves] and measuring instruments, including programming apparatus designed for automation processes, printed circuits integrated within automation systems and computer software (recorded programs); all the aforesaid goods for control, regulation and monitoring of heating, cooling, ventilation, water piping, temperature control, electricity supply services, air conditioning and building safety services; room thermostats, temperature sensors with elastic, liquid or steam-filled or bimetallic elements; electronic regulators and electronic timers for valve control; capillary membranes and tubes designed for use with electric or electronic control systems; transformers, rheostats; apparatus for controlling temperature and supplying electricity in buildings; parts and fittings for the aforesaid goods, with the exception of apparatus and instruments for measuring humidity.

Class 11

Apparatus for lighting, heating, refrigerating, steaming, cooking, ventilating, water supply and distribution, air-conditioning and sanitary installations in buildings; control valves for heating installations, control valves for sanitary installations, control valves for water supply installations, thermostatic control valves, control valves for use in heating, ventilation and air-conditioning (HVAC) systems, on-off control valves and isolation valves, two-way control valves, three-way control valves, four-way control valves and six-way control valves, valves for controlling the flow and temperature of liquids and gases in HVAC systems; parts for heating, steam, ventilation, water supply and sanitary installations, namely one-way and multi-way valves, valves for

voltage regulators, pressure control valves, volume control valves (parts of heating installations) thermostat-controlled valves; water supply apparatus and installations; parts and fittings for the aforesaid goods.

Class 37

Construction, repair and installation of buildings relating to heating, ventilation and sanitary installations, used for heating, cooling, ventilation, water supply and temperature control.

Class 41

Education, provision of training relating to water, heat and sanitary installations, used for heating, cooling, ventilation, water supply and temperature control.

Class 42

Scientific and industrial research services, computer programming services, design and updating of software, all the aforesaid services relating to sanitary installations, used for heating, cooling, ventilation, water supply and temperature control.

Classes: 07 09 10 11 12 37 42 44

Goods and/or Services:

Class 07

Motors, electric, other than for land vehicles, starters (other than for land vehicles), generators, ignition systems for internal combustion engines, glow plugs, sparking-plugs, igniting distributors, ignition coils, magnetos, spark plug connectors [parts of internal combustion engines], injection pumps, fuel pumps, speed governors for machines, engines and motors, injectors for engines and nozzle carriers [part of machines or machine tools]; valves for machines; fuel filters, oil filters; air filters for engines; air filters for motors; hydraulic pumps, hydraulic motors, hydraulic valves, hydraulic cylinders, hydraulic reservoirs and hydraulic filters for hydraulic systems in machines; pneumatic valves, power steering, namely power transmission mechanisms for machines (other than for land vehicles), air brakes for machines, pneumatic devices, namely pneumatic compressors, compressed air reservoirs being parts of pneumatic apparatus, control valves, brake valves; turbocompressors; resistance welding installations, servo-mechanisms and gear spindles, control

mechanisms for machines, engines or motors; modular parts for assembly and manufacturing machines in the field of automatic engineering, including hydraulic equipment, namely work tables [parts of machines] and work benches [parts of machines], mounting plates for machines, safety couplings for machines, swivels [hydraulic couplings], lifting devices, table presses, material lifting and handling systems, namely assembly line conveyor apparatus and conveying chains, vibrating conveyors, tilt mechanisms, replacement parts [control mechanisms] for conveying and handling machines for transporting ceramic materials, including grabs and swan-neck robots; burring machines (mechanical, thermal and electrochemical); packing machines; electric power tools and plug-in tools therefor; electric kitchen machines, and accessories therefor; dishwashers, washing apparatus, high frequency motor spindles; igniting devices for internal combustion engines; parts and accessories for the abovementioned products insofar as they are contained in this class; power drills and bores, power saws, belt sanders [machines], belt sanding machines, wax-polishing (machines and apparatus for -), electric, drills [power tools], bolt cutters [machines], diamond cutting tools for machines, machines for tapping threads, floor edgers, electric wax-polishing machines for industrial purposes, tile cutters [electric], scissors, electric, polishing tools (electric -), electric planers, electrical cutting apparatus, paint stripping apparatus [machines]; files [power-operated tools]; tile cutters [machines], tile saws [power tools], milling-drilling machines, milling cutters [machine tool], milling tools [machines], milling machines; chopping machines, wood planing machines, wood grinding machines, log splitters [machines]; tapping machines, routers [machines], routers [parts for machines], disc sanding machines; electric shears, motors and engines (except for land vehicles); agricultural implements, other than hand-operated; machine coupling and transmission components (except for land vehicles); electricity generators used with solar collectors.

Class 09

Electric and electronic measuring, checking (supervision) and control apparatus for installing in motor vehicles; apparatus for the recording, processing, sending, receiving and display of signals, data, images and sounds, electric and electromagnetic data carriers; video cameras, monitors, loudspeakers, antennas for radios and television receivers, telephones, car aerials, portable radiotelephones, car telephones; alarm systems; locating and navigation equipment for installation in land, air and water vehicles; electric power units, electric filters, semi-conductor components, optoelectronic components; printed circuits, etched switches, sealed switches, integrated circuits, relays, fuses, cables for electric, electronic and optical signals, cable couplings, switches, electric, electronic light range adjusters, sensors, detectors, induction devices, namely induction voltage regulators, switch boxes, solar cells; analysis apparatus for automobiles, namely analysis of exhaust gases, soot particles, brake function, diagnostic instruments and simulation devices, test apparatus for engines and motors, workshop test instruments for injection pumps, starter motors and generators; parts and accessories for the aforementioned goods; computer hardware and software for reading and transmitting data from electric measuring devices; apparatus for recording, transmission or reproduction of sound or images; batteries (accumulators), battery chargers, battery testers, amplifiers, transformers, extension cable reels; fuel cells for installation in motor vehicles; fuel cells for stationary applications; lambda probes; electronic control apparatus for manufacturing engineering; programmable controllers; accumulators for electric bicycles, chargers for electric bicycles; restraint systems for installation in motor vehicles, namely sensors.

Class 10

Apparatus for use in medical analysis for blood samples taken from patients with the aid of artificial intelligence, integrating with a networked platform; medical devices and apparatus, and systems consisting thereof, for telemedical applications; diagnostic apparatus for medical purposes; testing apparatus for medical purposes;

health monitoring systems, apparatus and instruments for medical use; cartridges for holding liquids for medical testing purposes.

Class 11

Heating, cooking, grilling, warming and refrigerating apparatus; gas lighters, included in this class; headlamps and lights, including for vehicles; refrigerating apparatus and machines; ventilating installations; hair dryers; electric coffee brewers; roasters; bakers' ovens; electric egg cookers; toasters; air-conditioning installations; irrigation sprinklers; clothes dryers; windscreen defrosting systems; parts and fittings for the aforesaid goods in this class.

Class 12

Restraints for fitting in motor vehicles, namely belt tighteners, airbags; servo brakes and air brakes for land and air vehicles, antilock brake systems; traction control systems; gearing for land vehicles; vehicle dynamics control systems; windshield wipers; parts and accessories for the abovementioned goods, included in this class; motors, electric, for land vehicles; electric motors for apparatus for locomotion by land; electric window winding apparatus for vehicles; electrical anti-theft devices for vehicles; gear transmissions for land vehicles; hydraulic brake pressure regulators for vehicles; power transmission apparatus for land vehicles; vehicle windshield cleaning apparatus [parts of the vehicle]; wiper blades for vehicle windscreen wipers; electric bicycles, parts for electric bicycles.

Class 37

Installation, maintenance and repair of parts and accessories of motor vehicles, car radio systems, radio telephones, power hand tools, workshop appliances and devices, power generators, of household and kitchen appliances, radio and television systems, sanitary devices, heating and air-conditioning systems and furniture; maintenance and repair of motor vehicles during motor sport events; servicing and maintenance of fuel cells for stationary applications.

Class 42

Building and construction planning, and consultancy relating thereto; creation and installation of programs for data processing; conducting development initiatives, testing and research; technological consultancy and preparation of reports relating to technical research; technological consultancy and preparation of reports relating to technological research; planning, development and technical testing of space projects; design and development of computer hardware and software; engineering services in the nature of engineering consultancy relating to energy; development, programming and implementation of software for providing of access to platforms and portals on the internet.

Class 44

Medical services; telemedicine for the evaluation of transmitted patient data for the assessment of the state of health of the patients.

IMINETI

Goods and/or Services:

Class 35

Systematization, input, processing and management of data; updating of databases; computer file management; audits (business analyses).

Class 38

Telecommunications, including communications by fiber optic networks, communications via the Internet, communications by computer terminals, computer-aided transmission of messages, data and images; computerised data transmission by computerised data interchange; information transmission via telematic codes; transmission of information held in data banks; transmission of audio and video content; dissemination of information, images, sounds on global communications networks such as the Internet; electronic transfer of information and data via computer networks; electronic data exchange; data exchange services via encrypted systems; providing data bank information stored on computers; reception and

transmission of information; provision of access to databases and the Internet by means of telecommunications; provision of access to electronic communication networks and electronic databases; information and advisory services concerning all the aforesaid services, including services provided online or via the Internet or extranets; providing access to on-line computer databases and on-line searchable databases in the field of information and communication convergence uses and technologies.

Class 41

Education; training; organization and conducting of colloquiums, seminars, conferences or congresses; arranging and conducting courses and workshops (training); organization of exhibitions for cultural or educational purposes.

Class 42

Advisory services with respect to computer security, computer risks prevention and management, antivirus and/or anti-malware programs; advisory services for the support of crisis management with respect to computer security; architectural auditing services for controlling the consistency and functional compliance of any or parts of an information system (IS); organizational auditing services for identifying vulnerabilities connected with various operating processes of an information system (SI); auditing services for establishing, implementing, evaluating and enhancing information security management systems (ISMS); testing, analysis, assessment of the goods and services of others for the purposes of certification and qualification in the field of cybersecurity; computer network security services, computer access and computerized transactions including testing, analysis and assessment with respect to cybersecurity; research and development services in the field of cybersecurity; providing information with respect to cybersecurity; Software as a Service (SaaS); platform as a service (PaaS); computer virus protection services; security services for the identification, protection, detection, response and recovery of cybersecurity

and information security events; security of computer networks; security of digital data; monitoring of computer systems; computer security services for the transmission of data on communication networks; all these services being exclusively offered in connection with the field of cybersecurity.

Classes: 09 12 39 42

Goods and/or Services:

Class 09

Computer software for use in remote control of transport machines and apparatus;
computer software for use in remote control of autonomous cars; computer programs
for use in operational management of transport machines and apparatus; computer
programs for use in operational management of autonomous cars; computer
programs for transport machines and apparatus; computer programs for autonomous

cars; computer software applications for use in remote control of transport machines and apparatus, downloadable; computer software applications for use in remote control of autonomous cars, downloadable; telecommunication machines and apparatus for use in remote control of transport machines and apparatus; telecommunication machines and apparatus for use in remote control of autonomous cars; radio communication machines and apparatus for use in remote control of transport machines and apparatus; radio communication machines and apparatus for use in remote control of autonomous cars; personal digital assistants for use in remote control of transport machines and apparatus; personal digital assistants for use in remote control of autonomous cars; computer hardware and software for providing remote access to computer and communication networks; computer programs for connecting remotely to computers; computer programs for searching remotely for content on computers and computer networks; downloadable computer software for remote monitoring and analysis; computer software for creating, facilitating, and managing remote access to and communication with local area networks and global networks; computer programs; computers and their peripherals; wireless controllers to remotely monitor and control the function and status of security systems; remote controls for radio communication machines and apparatus; electronic circuits, not including those recorded with computer programs; computer peripheral devices; computer operating programs, recorded; computer software, recorded; computer software applications, downloadable; computer hardware; interfaces for computers; monitors [computer hardware]; computer software for selecting appropriate communication lines response to location of vehicles; computer software for sharpening electronic images and compressing capacity of electronic images using deep learning technologies.

Class 12

Autonomous cars; remotely controlled land vehicles for transport; remote control vehicles, other than toys; underwater remotely operated vehicles (ROVs) for

transport; non-electric prime movers for land vehicles, not including their parts; transmission mechanisms for land vehicles; power transmissions and gearing, machine elements for land vehicles; vessels and their parts and fittings; aircraft and their parts and fittings; camera drones; photography drones; delivery drones; civilian drones; railway rolling stock and their parts and fittings; automobiles; remotely controlled automobiles; self-driving cars; two-wheeled motor vehicles, bicycles and their parts and fittings; automobiles and their parts and fittings.

Class 39

Providing traffic information via the Internet and other communication networks; providing traffic information; providing information relating to operating toll roads; management of vehicular traffic flow through advanced communications network and technology; providing road and traffic information relating to traffic congestion and accidents; providing road and traffic information via mobile communications services; tracking, locating and monitoring of vehicles on roads via communications services [transport information]; tracking, locating and monitoring of vehicles on roads and consultancy relating thereto [transport information]; collection, transport and delivery of goods, personal effects and baggage by road, rail, sea and air.

Class 42

Providing computer programs for operational management of autonomous cars via the Internet; testing, research, design and development in the field of autonomous technology, autonomous cars and computer software for autonomous cars and consultancy relating thereto; providing computer programs for autonomous cars via the Internet; providing online non-downloadable software for use in remote control of transport machines and apparatus; providing online non-downloadable software for use in remote control of autonomous cars; providing computer programs for use in operational management of transport machines and apparatus; providing computer programs for use in operational management of autonomous cars; providing

computer programs for transport machines and apparatus; providing computer programs for autonomous cars; providing online non-downloadable software for providing remote access to computer and communication networks; providing computer programs for connecting remotely to computers; providing computer programs for searching remotely for content on computers and computer networks; providing online non-downloadable software for remote monitoring and analysis; providing online non-downloadable software for creating, facilitating, and managing remote access to and communication with local area networks and global networks; providing computer programs on data networks; providing computer operating programs; providing online non-downloadable software; computer programming services for operational management of autonomous cars; computer programming services for operational management of autonomous cars via the Internet; computer programming services for remote control of transport machines and apparatus; computer programming services for remote control of autonomous cars; computer programming services for operational management of transport machines and apparatus; computer programming services for transport machines and apparatus; computer programming services for autonomous cars; computer programming services for providing remote access to computer and communication networks; computer programming services for connecting remotely to computers; computer programming services for searching remotely for content on computers and computer networks; computer programming services for remote monitoring and analysis; computer programming services for creating, facilitating, and managing remote access to and communication with local area networks and global networks; computer software design, computer programming, or maintenance of computer software; computer programming services for operating programs; design, programming and maintenance of computer software; programming of software for selecting appropriate communication lines response to location of vehicles; computer programming services for selecting appropriate communication lines response to location of vehicles; programming of software for sharpening electronic images and

compressing capacity of electronic images using deep learning technologies;
computer programming services for sharpening electronic images and compressing
capacity of electronic images using deep learning technologies.

Class 01

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; mastic for tyres; compositions for repairing tyres; compositions for repairing inner tubes of tyres; vulcanization accelerators; additives, chemical, to motor fuel; color- [colour-] brightening chemicals for industrial purposes; adhesives used in industry; antifreeze; chemical intensifiers for rubber; gum arabic

for industrial purposes; gum solvents; carbon black for industrial purposes; synthetic resins, unprocessed; tire repairing compositions; cellulose derivatives [chemicals]; emollients for industrial purposes; cellulose esters for industrial purposes; gum tragacanth for industrial purposes; gums [adhesives] for industrial purposes; brake fluid; plasticizers; enzyme preparations for industrial purposes; chemical preparations for scientific purposes, other than for medical or veterinary use; preparations for preventing the tarnishing of glass; vulcanizing preparations; refrigerants; coolants for vehicle engines.

Class 04

Industrial oils and greases, wax; lubricants; dust absorbing, wetting and binding compositions; fuels and illuminants; candles and wicks for lighting; grease for motor vehicles; brake greases; industrial grease; additives, non-chemical, to motor fuel; benzine; carburants; industrial oil; lignite; motor oil.

Class 07

Machines, machine tools, power-operated tools; motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than hand-operated hand tools; incubators for eggs; automatic vending machines; vulcanization apparatus; shaping and moulding machines; compressed air pumps; air pumps [garage installations]; automatic tyre removing and installing devices; machines for processing plastics; embossing machines; moulds [parts of machines]; automatic disassembling tyres device; tyre building machine; machines for retreading tyres; tire repairing machinery, namely pressure chambers for recapping tires and tire buffers; tire repairing machinery, namely tire tread rollers and stitchers, tire tread cutters and bonding agent applicators used in recapping tires; industrial robots; tire manufacturing machines; tire assembly machines; handling apparatus for loading and unloading; elevating apparatus; lifts, other than ski-lifts; bulldozers; sparking plugs for internal combustion

engines; glow plugs for diesel engines; carburettors; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; dynamos; bicycle dynamos; anti-pollution devices for motors and engines; control mechanisms for machines, engines or motors; vending machines; fuel dispensing pumps for service stations; filters for cleaning cooling air, for engines; filters being parts of machines or engines; generators of electricity; current generators; cranes [lifting and hoisting apparatus]; guides for machines; agricultural machines; tilling machines for agricultural purposes; waste compacting machines; driving motors, other than for land vehicles; electroplating machines; road making machines; road sweeping machines, self-propelled; machine tools; hoists; railway wagon lifts; aeroplane engines; motors for boats; motors, other than for land vehicles; motors, electric, other than for land vehicles; hydraulic engines and motors; starters for motors and engines; aeronautical engines; 3D printing pens; hydrogen dispensing pumps for service stations; self-regulating fuel pumps; basket presses; mufflers for motors and engines; 3D printers; pneumatic transporters; conveyors [machines]; tools [parts of machines]; hand-held tools, other than hand-operated; pressure valves [parts of machines]; clack valves [parts of machines]; valves [parts of machines]; machine fly-wheels; paint spray guns.

Class 08

Hand tools and implements, hand-operated; cutlery; side arms, except firearms; razors; hand tools for installing, repairing and mounting tyres and drive belts; cutlery, forks and spoons; side arms; repair hand tools for motor vehicles; hand tools for installing vehicle brake, fuel feed and injection systems; hand-operated syringes for water, oil, paint, gas and other gaseous or liquid substances; insecticide sprayers [hand tools]; scissors; razor cases; tin openers, non-electric; hand-operated scraping tools; scrapers for skis; whetstone holders; ladles [hand tools]; diggers [hand tools]; blades [hand tools]; beard clippers; embossers [hand tools]; stamping-out tools [hand tools]; agricultural implements, hand-operated; hand tools, hand-operated; bits [hand

tools].

Class 11

Apparatus and installations for lighting, heating, cooling, steam generating, cooking, drying, ventilating, water supply and sanitary purposes; deodorising apparatus, not for personal use; lighting apparatus for vehicles; heating and air-conditioning systems for vehicles; fans and ventilation modules for vehicles; light diffusers; lighting apparatus and installations; motorcycle lights; bicycle lights; lights for automobiles; headlights for automobiles; vehicle headlights; directional lights for bicycles; vehicle tail lamps; anti-dazzle devices for automobiles [lamp fittings]; level controlling valves in tanks; electric fans for personal use; heating cushions, electric, not for medical purposes; polymerisation installations; footmuffs, electrically heated; footwarmers, electric or non-electric; hot water bottles; electrically heated carpets; blankets, electric, not for medical purposes; cooking utensils, electric; thermostatic valves [parts of heating installations]; lighters; sanitary apparatus and installations; sous-vide cookers, electric; heating apparatus, electric; refrigerating apparatus and machines; kitchen ranges [ovens]; watering machines for agricultural purposes; electric torches; cooking utensils, electric; fans [air-conditioning]; light-emitting diodes [LED] lighting apparatus.

Class 36

Insurance; financial affairs; monetary affairs; real estate affairs; leasing of accommodation [apartments]; real estate agency; real estate property management; issue of tokens of value; issuance of credit cards; factoring; stock exchange quotations; financing services; provident fund services; business liquidation services, financial; stockbroking services; retirement payment services; trusteeships; financial sponsorship; real-estate valuations; financial evaluation [insurance, banking, real estate]; repair costs evaluation [financial appraisal]; electronic transfer of funds; check [cheque] verification; fund investments; financial management; securities

brokerage; providing rebates at participating establishments of others through use of a membership card; rental of real estate; rental of offices [real estate]; accident insurance underwriting; real estate appraisal; life insurance underwriting.

Class 38

Telecommunication services; telecommunication service, namely transmission and provision of access to digital data by means of computer, internet, cable, radio, mobile phone communication, GSM, WAP and satellite transmissions; provision of access to content, websites and web portals; electronic data interchange; transferring information and data via computer networks and the internet; wireless transfer of data via wireless application protocols; electronic transmission and retransmission of sounds, images, documents, messages and data; data streaming; communication services between data banks; providing internet chatrooms and internet forums; providing of internet-chatrooms for social networks; providing access to electronic communications networks and electronic databases; wireless communication services; data transmission and reception services via telecommunication means; telecommunications gateway services; provision of information in the field of telecommunications.

Class 39

Transport; packaging and storage of goods; travel arrangement; vehicle transport; transportation of travellers and cargo; packaging and storage of goods namely tires, studs for tires, valves for vehicle tires, wheel rims, inner tubes for tires, treads for retreading of tires, hub caps, rim strips, mousse for tires, material and kits for repairing of tire, sensors; physical storage of electronically-stored data or documents; rental and hire of vehicles; transportation logistics; delivery of electric and electronic equipment, instruments and apparatus for vehicles and components therefor, vehicle tyres and/or wheels; storage of electric and electronic equipment, instruments and apparatus for vehicles and components therefor, vehicle tyres and/or wheels;

provision of information relating to the location of items in transit; storage; conveyance of persons, goods and motor vehicles; vehicle rental (including car sharing and courtesy car); chauffeur services; car-pooling; car parking; parking place rental and providing real-time information concerning vehicle parking space availability; delivery of pneumatic tyres and/or wheels for vehicles; storage of pneumatic tyres and/or wheels for vehicles; vehicle breakdown towing services; escorting of travellers; providing driving directions for travel purposes; providing transportation information; arranging of passenger transportation services for others via an online application.

Class 40

Treatment of materials; recycling of waste and trash; air purification and treatment of water; printing services; food and drink preservation; vulcanization [material treatment]; custom assembling of materials for others; destruction of waste and trash; providing information relating to material treatment; production of energy; tinting of car windows; sorting of waste and recyclable material [transformation]; custom 3D printing for others; waste treatment [transformation]; upcycling [waste recycling].

ISAMAYA

Goods and/or Services:

Class 03

Balms, other than for medical purposes; massage waxes; cosmetics; make-up pads of cotton wool; eau de parfum; toilet water; fragrances; massage gels, other than for medical purposes; massage oils and lotions; perfumery; perfumes; perfumery and fragrances; perfumery, essential oils; eau de cologne; scented water; oils for cosmetic purposes; essential oils and aromatic extracts; oils for toilet purposes; perfumed body lotions [toilet preparations]; make-up palettes containing cosmetics; cosmetic preparations for body care; body cleaning and beauty care preparations; scented body lotions and creams; skin care preparations; cosmetic preparations for bath and shower; washing preparations for personal use; skin cleansers [cosmetic]; facial cleansers [cosmetic]; skin cleansing lotion; soaps and shower gels; soaps for personal use; toilet soap; hand creams; body cream; face creams for cosmetic use; aftershave creams; after-shave preparations; lotions for beards; shaving cream; shaving foam; antiperspirants for personal use; moist wipes impregnated with a cosmetic lotion; impregnated cleaning pads impregnated with toilet preparations; aromatics [essential oils]; aromatic oils; scented oils; skin relief serum [cosmetic]; aromatics for fragrances; aromatics for perfumes; body deodorants [perfumery]; solid perfumes; lipstick cases; make-up base; cotton swabs impregnated with make-up removing preparations; beauty masks; face glitter; pressed face powder; suntan creams; eye concealers; concealers for spots and blemishes; concealers for lines

and wrinkles; eyeliner; rouges; make-up foundations; lipsticks; eyebrow pencils; lip liners; eye pencils; mascara; lip glosses; make-up removing lotions; make-up removing milks; eyelid shadow; blush pencils; powder compacts [cosmetics]; sun bronzers; acne cleansers, cosmetic; exfoliating scrubs for the hands; soap products; soaps in liquid form; bath foam; bath bombs; non-medicated bath salts; antiperspirants [toiletries]; anti-perspirant deodorants; night cream; day creams; after sun creams; moisturising creams; anti-wrinkle cream; skin cleansers; hair conditioners; hair wax; hair gel; hair masks; oils for hair conditioning; shampoos.

Class 04

Illuminating wax; table candles; nightlights [candles]; perfumed candles; floating candles; candles for lighting; candles containing insect repellent; beeswax; wax for making candles; wicks for candles and lamps; candles for use in the decoration of cakes; oils for lighting; christmas tree decorations for illumination [candles].

Class 14

Jewellery; semi-finished articles of precious stones for use in the manufacture of jewellery; threads of precious metal [jewellery]; imitation precious stones; precious and semi-precious gems; pearl; semi-precious stones; jewellery findings; rings [jewellery]; paste jewellery; cuff links; bracelets; chains [jewellery]; jewel chains; ankle bracelets; jewellery charms; necklaces [jewellery]; tiaras as bridal headpieces; diadems; tie clips; clips of silver [jewellery]; gems; jewellery fashioned from non-precious metals; jewellery made of precious metals; jewellery made of semi-precious materials; medallions; earrings; precious stones; pins [jewellery]; horological articles; fittings for watches; bracelets for watches; chronographs [watches]; chronometers; clocks; musical jewelry boxes; jewel cases; jewelry cases [caskets or boxes]; split rings of precious metal for keys; key rings; jewellery hat pins; silver and its alloys; alloys of precious metal; precious metals and their alloys.

Class 18

Suitcases; trunks [luggage]; key cases; vanity cases, not fitted; luggage; bags; work bags; bags for sports; travel baggage; book bags; purses; hat boxes of leather; handbags, purses and wallets; briefcases; bags for umbrellas; attache cases made of leather; umbrellas and parasols; haversacks; shoulder belts; pocket wallets; rucksacks; folding briefcases; key cases made of leather; travelling sets [leatherware]; cosmetic purses; gym bags; evening handbags; beach bags; wheeled shopping bags; leather bags and wallets; garment carriers; overnight bags; bumbags; clutches [purses]; credit-card holders; leather coin purses; suitcases with wheels; daypacks; collars for animals; saddlery, whips and apparel for animals; walking staffs.

Class 21

Electric make-up removing appliances; applicator sticks for applying makeup; applicators for cosmetics; applicators for applying eye make-up; fitted sponge bags; fitted vanity cases; cases adapted for cosmetic utensils; perfume bottles; make-up artist belts (belts fitted to hold make-up tools); powder puffs; droppers for cosmetic purposes; deodorizing apparatus for personal use; shaving brush stands; soap containers; makeup sponge holders; portable pump dispensers for skin care cream (containers for lotions and creams); abrasive mitts for scrubbing the skin; shaving brushes; make-up brushes; combs; eyelash combs; facial buffing pads; soap holders; powder compacts sold empty; foam toe separators for use in pedicures; hairbrushes; mascara brushes; nail brushes; sponges; make-up sponges; cosmetic utensils.

Goods and/or Services:

Class 37

Construction; construction work supervision [management]; information with respect to construction; construction, maintenance and repair of industrial installations.

Class 41

Training service for industrial installations, namely, specialized professional training in process operations, factory maintenance, analytical control of process and product flows, environmental protection and safety, project management and factory construction; customized industrial training utilizing interface design, advanced learning methods, and dynamic simulations; industrial training in the fields of procurement coordination, process control and problem resolution.

Class 42

Industrial plant design services relating to conceptual process studies, consolidation of process assemblies, basic studies required to support a set of technical design all containing the data necessary to a competent contractor for carrying out detailed engineering; detailed engineering services for industrial plants relating to purchasing material, developing diagrams for pipework and instruments published for the construction, developing detailed pipework drawings, including measuring and stress

calculations, drafting detailed drawings relating to instrumentation, to electrical installations and to civil engineering works, managing supplier designs, controlling costs and bill books, start-up procedures, developing diagrams for pipework and process instruments and public services published for the detailed engineering, drafting detailed maps of hazardous areas and plots, drafting the main diagrams for pipework, instrumentation, electricity and civil engineering; engineering services for maintaining industrial plants, converting existing printed courses to digital media formats; commissioning of industrial installations; construction project management [construction drafting, design and planning]; providing non-downloadable computer software for use in modeling of 3D constructions; conducting of engineering feasibility studies via 3D modelling; services for monitoring industrial processes for tracking quality assurance; quality control testing services for industrial machinery; provision of engineering statistics and reports; engineering project management services, relating to different phases of the project lifecycle; industrial design; architecture; research and development of industrial systems and equipment; technical research in the fields of engineering, design, construction, project management and processing technologies.

CUPRA Genuine Parts

Goods and/or Services:

Class 04

Industrial oils and greases, lubricants; fuels; gasoline (fuel); fuel for motor vehicles;
lubricating oil for motor vehicle engines; oils for automobiles; automotive engine oils;
lubricants for automobiles; industrial oils containing water dispersant additives for car

engine ignition systems.

Class 07

Mechanical tools; mechanical parts for vehicle engines; electric motors for machines; gaskets [parts of motors and engines]; taps [parts of machines, engines or motors]; filters that are engine parts; diverters being parts of motors and engines; pumps [parts of machines, engines or motors]; deflectors [parts of machines or engines]; bearings [parts of machines, motors or engines]; bushings that are motor or engine parts; coils [internal combustion engine parts]; ceramic masses being parts of motors and engines; connecting rods [internal combustion engine parts]; filter housings as parts of motors and engines; pistons [parts of machines or engines]; joints of metal for pipes [parts of engines]; metal connectors for pipes [engine parts]; compressors being parts of machines, motors and engines; brushes being parts of motors, generators and dynamos; distributor caps [internal combustion engine parts]; distributor manifolds being parts of machines, engines or motors; distributor rotors [internal combustion engine parts]; fuel/air rate control devices [parts of engines]; turbine blades other than parts of land vehicle engines; fuel and air mixture regulators as parts of internal combustion engines; cam covers [vehicle parts]; expansion tanks [parts of vehicle cooling radiators]; manifolds as part of the exhaust pipe system of vehicles; catalytic converters being parts of vehicle exhaust pipes; silencers being part of vehicle exhaust pipe systems; diesel engines, other than for land vehicles; glow plugs for Diesel engines; gas engines; gasoline engines not suitable for land vehicles; hydraulic engines and motors; superchargers; turbocompressors; pumps; compressors; bellows [machines]; industrial robots; oil pumps for land vehicle engines; lubricators [parts of machines]; couplings other than for land vehicles; camshafts for vehicle engines; power transmissions for aircraft; power transmissions for nautical vehicles; gears for machines; clutches for machines; machine couplings; tensioning devices for endless drive power transmissions [parts of machines]; leather-working machines; jacks [machines]; pneumatic jacks;

metalworking machines; electric screwdrivers; air filters for motors; air filters for engines for automobiles; electric welding machines; washing installations for vehicles; hydrogen dispensers for service stations; fuel dispensing pumps for service stations.

Class 12

Vehicles and means of transport; vehicles for locomotion by land, air, water or rail; vehicle parts and accessories; motor vehicles; driverless cars [autonomous]; axles for vehicles; power transmissions for land vehicles; motors and engines for land vehicles; engines for automobiles; propulsion mechanisms for land vehicles; vehicle chassis; bodies for vehicles; couplings for land vehicles; shock absorbers for vehicles; spoilers for vehicles; shock absorbing springs for vehicles; suspension systems for land vehicles; pedals for automobiles; pneumatic tires; tires for vehicles; rims for vehicle wheels; solid rubber tires for vehicle wheels; vehicle wheels; vehicle wheel hubs; inner tubes for pneumatic tires; air bags (safety devices for automobiles); steering wheel airbag covers; casings for pneumatic tires; tire mousse inserts; repair outfits for inner tubes; adhesive rubber patches for repairing inner tubes; spikes for tires; snow chains for vehicle wheels; non-skid devices for vehicle tires; vehicle seats; seat covers for automobiles; radiator grills for vehicles; mirrors for vehicles; rearview mirrors; sun visors for motor cars; sun-blinds for automobiles; horns for automobiles; air pumps for automobiles; gearbox; gearboxes for land vehicles; automobile hoods; convertible roofs as parts of cars; sunroofs for automobiles; safety belts for motor vehicles; mudguards for automobiles; direction signals for automobiles; windows for motor cars; skylights [windows] for vehicles; windshield-wiper blades; windshield-wiper arms; brakes for automobiles; brake pads for vehicles; anti-lock brake systems and components; steering wheels for automobiles; clutch mechanisms for automobiles; luggage carriers for vehicles; crankshafts [land vehicle parts]; transmission belts for land vehicles; vehicle doors; axles for vehicles; vehicle brakes; headrests for vehicle seats; dashboards for automobiles; security systems for vehicles [other than locks]; anti-theft devices for

vehicles; cigar lighters for automobiles; robotic cars; racing cars; vans [vehicles]; trailers; semi-trailers; trailer hitches for vehicles; omnibuses; motorcycles; mopeds; bicycles; electric bicycles; drones with camera; cable transport apparatus and installations; carts; shopping carts; luggage carts; vehicle covers; cushions for vehicle seats; aircraft; boats; locomotives; buses; caravans; tractors; two-wheeled vehicles; scooters [vehicles]; gyroscooters; unicycles; self-balancing unicycles; electric unicycles; scooters [vehicles]; self-balancing one-wheeled electric scooters; chairlifts; aerial conveyors; wheelchairs; clips especially for fastening automobile parts to car bodies; drink holders for vehicles.

Class 16

Art pieces, paper figurines and architects' models made of paper and cardboard; artists' materials; filters and filtering materials made of paper; bags and articles for packaging, wrapping and storage, of paper, cardboard and plastic; stationery and educational materials (except apparatus); writing and stamping articles; articles for correcting and erasing; office machines; writing and bookbinding supplies; teaching materials (except apparatus); albums for photographs and collectors.

Class 35

Wholesale and retail services for vehicles and means of transport, vehicles for locomotion by land, air, water or rail, parts and fittings for vehicles, motor vehicles, aircraft, boats, two-wheeled vehicles, scooters, motorcycles, mopeds, bicycles, electric bicycles, scooters [vehicles], electric batteries, industrial oils and greases, lubricants, fuels, gasoline (fuel), fuel for motor vehicles, lubricating oil for motor vehicle engines, oils for automobiles, engine oils for automobiles, mechanical engine parts for vehicles, radiator grills for vehicles, safety belts for motor vehicles and steering wheels for automobiles, all provided remotely or via any physical medium, including via global computer networks and television shopping programs; procurement services; mediation of contracts for the purchase and sale of goods;

product marketing, in particular in relation to seat covers for automobiles, covers for vehicles, cushions for vehicle seats, sunglasses, covers for laptops, telephone covers (specifically adapted); product marketing for spectacle covers, jewelry, costume jewelry, watches, key rings, emblems, not of metal, for vehicles, novelty badges, not of metal, for vehicles, plastic identification badges, transparent plastic supports for badges; product marketing for clothing products, headwear, footwear, polo shirts, jackets, caps, scarves, belts [clothing], sports jerseys, gymnastic shoes, jerseys [clothing], sweaters, clothing for gymnastics, sports shoes, shoes, sports footwear, motorists' clothing, slippers, clothing, footwear, parts of clothing, footwear and headwear, sports equipment and articles, appliances for gymnastics; product marketing for toys, games and playthings, scale model kits [toys], cuddly toys, video game consoles, video game apparatus, arcade games and amusement machines, arcade video game machines, miniature car models [toys or playthings], mats for toy vehicles [playthings], toy vehicles, scooters [toys], toy cars, remote controlled vehicles; product marketing for play balloons, balls for games, racing car games, gloves [accessories for games], luggage, handbags, briefcases and other object-carriers, pocket wallets, umbrellas and parasols, walking sticks, trunks and traveling bags, bags for sports, briefcases, pocket wallets, purses, key cases, clothing for pets, handbags, labels of leather, luggage tags, collars for animals, leashes for animals, leather covers; product marketing for textile materials, fabrics, textile products and textile product substitutes, bed blankets, table covers, table linen, not of paper, bed linen, towels of textile materials, bed covers, sleeping bags, labels of textile materials, carpets, rugs, mats, car mats, rugs for automobiles, carpets for automobiles, carpets and mats for vehicles; sales promotion at points of purchase or sale, for third parties; procurement services for others [purchasing goods and services for other businesses]; product demonstrations services; mediation and conclusion of commercial transactions for third parties; Commercial business management of transport fleets for others; commercial information and advice for consumers [consumer advice shop]; administrative processing of purchase orders; arranging of

contracts, for others, for the buying and selling of goods; business management and organization consultancy; commercial or industrial management assistance; company management; business administration; personnel management consultancy; radio advertising; exhibitions for commercial or advertising purposes; news clipping services; presentation of products on any communication means for retail purposes; public relation services; information index compilation for commercial or advertising purposes; provision of auctioneering services; sales promotion for third parties; promotion of goods and services through the sponsoring of sports events; personnel selection; administrative services for the relocation of companies; accounting; sponsorship search.

Class 37

Building, construction and demolition services; cleaning of vehicles; rental of tools, plants and equipment for construction, demolition, cleaning and maintenance; mining; gas extraction; oil extraction; services for disinfection, extermination and control of pests; Maintenance, servicing and repair of vehicles; conversion of engines for vehicles; cleaning and polishing of motor vehicles; vehicle fueling services; vehicle breakdown repair services; vehicle painting; vehicle polishing; anti-rust treatment for vehicles; vehicle maintenance; car cleaning; Retreading of tires; repair information; construction information; installation of doors and windows; installation, maintenance and repair of machines; airplane maintenance and repair; shipbuilding services; repair of photographic apparatus; timepiece repair services; lock repair; rustproofing; preservation of furniture; maintenance, cleaning and repair of leather; disinfection; burglar alarm installation and repair; information and advisory services with regard to vehicle repair.

Class 39

Transport; packaging and storage of merchandise; traveler transport organization services; travel arrangement; passenger transport; towing services; taxi services;

transportation logistics; vehicle rental; car rental; motor land vehicle leasing services; vehicle contract hire; transport of persons by land; transport of passengers by bus; carpooling services; car-sharing services; arranging of passenger transport services for others via an online application; chauffeur services; transport of passengers in vehicles with drivers; rental of cars with driver; collection, transport and delivery of merchandise; freight brokerage; organizing, arranging, managing, coordinating and booking of transport and deliveries; transport management services; navigation services (positioning and charting of routes and courses); information by electronic means or online regarding transport, travel and organization of travel; "providing information relating to the organization, arrangement, management, coordination, planning and booking of travel and transport for travelers, via electronic means; traffic information; cargo tracking services; advisory and consultancy services relating to transport.

Class 40

Stripping; custom assembly of car bodies and chassis for others; custom manufacturing of motor vehicles; acrylic finishing of vehicles; scrapping of vehicles; engraving of vehicle windows for the purpose of identification of stolen cars; stamping [pressing] of parts of automobiles.

Goods and/or Services:

Class 01

Chemicals for use in industry and science; biological preparations for use in industry and science; chemical and biological products and substances for creating media for the preservation and transport of viruses, bacteria and other microorganisms for scientific use; chemical and biological products and substances for scientific

analytical and diagnostic purposes; paper for preserving diagnostic, biological or chemical samples; substances for scientific use; reagents for scientific purposes.

Class 05

Swabs for the collection, preservation and transport of viruses, bacteria and other microorganisms, for medical purposes; flocked and/or absorbent swabs for collecting, preserving and transporting viruses, bacteria and other microorganisms, for medical purposes; swabs containing media for the preservation and transport of viruses, bacteria and other microorganisms, for medical purposes.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media; computer software; blank digital or analogue recording and storage media; computers and computer peripheral devices; scientific research apparatus and instruments for laboratory use; scientific, analytical and/or measuring apparatus and instruments; laboratory apparatus and instruments; laboratory apparatus and instruments for analysing biological and chemical substances; laboratory devices for collecting and preserving biological, chemical or diagnostic samples; disposable laboratory devices for collecting, preserving and transporting biological and chemical samples and substances, not for medical purposes; laboratory test tubes containing media for the preservation and transport of viruses, bacteria and other microorganisms, not for medical purposes; laboratory containers for transporting and preserving biological, chemical and diagnostic samples; laboratory swabs for the collection, preservation and transport of viruses, bacteria and other microorganisms,

not for medical purposes; flocked and/or absorbent laboratory swabs for collecting, preserving and transporting viruses, bacteria and other microorganisms, not for medical purposes; laboratory containers and kits for transporting and preserving biological, chemical and diagnostic samples, not for medical purposes; kits consisting primarily of laboratory swabs and test tubes containing media for the preservation and transport of viruses, bacteria and other microorganisms, not for medical purposes; equipment for laboratory analysis and experiments; laboratory hand tools and instruments; apparatus and incubators for bacteria culture; diagnostic apparatus, not for medical purposes; dosage dispensers, ovens and furnaces for laboratory experiments; furniture especially made for laboratories; laboratory trays; protective clothing for the prevention of injury; clothing especially made for laboratories; pipettes; laboratory apparatus and instruments for the treatment or handling of biological, microbiological and chemical samples, in particular for analytical, diagnostic and scientific purposes; laboratory apparatus and instruments for the robotised and automated handling and treatment of biological, microbiological and chemical samples, in particular for analytical, diagnostic and scientific purposes; laboratory apparatus and instruments for laboratory or diagnostic analysis, in particular for the treatment and analysis of images of biological and microbiological samples and of related growth media; laboratory apparatus and instruments for automatic or semi-automatic execution of analysis on images of biological and microbiological samples and of related growth media; laboratory apparatus and instruments for the acquisition, collection, processing, analysis and/or transmission of clinical, diagnostic and/or laboratory images and/or data, such as relating to aspartate aminotransferase (AST) or antimicrobial susceptibility testing analysis; laboratory apparatus and instruments for the processing and transmission of reports relating to laboratory analyses, such as relating to aspartate aminotransferase (AST) or antimicrobial susceptibility testing analysis; software; science software; industrial software; specialized software; integrated software packages for use in the automation of laboratories; hardware and software components; software for

laboratory or diagnostic analysis, in particular software for the treatment and analysis of images of biological and microbiological samples and of related growth media; software for laboratory or diagnostic analysis, in particular expert systems for the treatment and analysis of biological and microbiological samples and of related growth media; software in the form of expert systems for the automatic or semi-automatic execution of analysis, for example aspartate aminotransferase (AST) or antimicrobial susceptibility testing analysis, on images of biological and microbiological samples and of related growth media; software for the acquisition, collection, processing, analysis and/or transmission of clinical, diagnostic and/or laboratory images and/or data, for example relating to aspartate aminotransferase (AST) or antimicrobial susceptibility testing analysis; software for the automatic interpretation of images and data and for the automatic or assisted identification of microorganisms or for determining the resistance of the aforesaid microorganisms to antibiotics; software for the processing and transmission of reports relating to laboratory analyses, for example relating to aspartate aminotransferase (AST) or antimicrobial susceptibility testing analysis; software for laboratory apparatus and for scientific and diagnostic analysis; laboratory robots, teaching robots, security surveillance robots.

Class 10

Surgical and/or medical apparatus and instruments; testing apparatus for medical purposes; diagnostic apparatus for medical purposes; laboratory tools for medical use; medical hand tools and instruments; devices for medical use; devices for collecting and preserving biological and chemical samples, for medical purposes; disposable devices for collecting, preserving and transporting biological and chemical samples and substances, for medical purposes; containers for transporting and preserving biological, microbiological and chemical samples, for medical or diagnostic purposes; test tubes containing media for the preservation and transport of viruses, bacteria and other microorganisms for medical purposes; brushes for

cleaning body cavities; probes for medical purposes; apparatus and instruments for medical use for the treatment or handling of biological, microbiological and chemical samples; apparatus and instruments for medical use for the robotised and automated handling and treatment of biological, microbiological and chemical samples; apparatus and instruments for medical use for the treatment and analysis of images of biological and microbiological samples and of related growth media; apparatus and instruments for medical use for automatic or semi-automatic execution of analysis, for example aspartate aminotransferase (AST) or antimicrobial susceptibility testing analysis, on images of biological and microbiological samples and of related growth media; apparatus and instruments for medical use for the acquisition, collection, processing, analysis and/or transmission of clinical, diagnostic and/or laboratory images and/or data, for example relating to aspartate aminotransferase (AST) or antimicrobial susceptibility testing analysis; apparatus and instruments for medical use for the processing and transmission of reports relating to laboratory analyses, for example relating to aspartate aminotransferase (AST) or antimicrobial susceptibility testing analysis; devices for the collection and preservation of biological, microbiological, and chemical samples for medical or diagnostic purposes; apparatus and instruments for medical use for the automatic transfer of biological, microbiological and chemical samples between different containers or growth or analysis media; apparatus for medical use for the automatic treatment of clinical samples.

Class 35

Advertising; business management, organisation and administration; clerical services; business administration; business management and enterprise organization consultancy; business acquisitions consultation; updating of business information on a computer data base; administration of business affairs; business analysis; strategic business analysis; assistance to industrial or commercial enterprises in the running of their business; business assistance; assistance and advice regarding business

organization; business consultancy to firms; counselling on business matters; consultancy services regarding business strategies; business consultancy and advisory services; compilation of statistical data for use in scientific research; promoting the sale of goods and services of others through promotional events; presentation of goods on communication media, for retail purposes; retail or wholesale services, through sales outlets or by electronic means, of products for laboratory analysis and medical and diagnostic tests; business management assistance; business organization and administration consultancy; import-export agency services; provision of commercial information; commercial administration of the licensing of the goods and services of others; auctioneering services; business management of performing artists; procurement services for others, namely, purchasing of goods and services for other businesses; advertising services relating to the sale of goods; dissemination of advertising matter, organisation of exhibitions and trade fairs for business and promotional purposes; promoting the goods and services of others; dissemination of advertisements and advertising matter; marketing; computerized file management.

Class 37

Construction services; installation and repair services; services for the construction, installation, maintenance and repair of products for laboratory analysis and medical and diagnostic testing; services for the construction, installation, maintenance and repair of automated machinery for laboratory analysis and medical and diagnostic testing; services for the construction, installation, maintenance and repair of scientific and medical products, machines, hardware, furniture, instruments and tools.

Class 41

Teaching; training; entertainment services; sporting and cultural activities; teaching and training related to science and medicine; training courses relating to science; training for handling scientific instruments and apparatus for research in laboratories;

publishing of scientific papers in relation to medical technology; publishing of scientific papers; publication of scientific information journals; publishing and issuing scientific papers in relation to medical technology; business training services; conducting of recreational, cultural, sporting and educational events, and recreational and cultural activities; arranging of presentations (entertainment), courses, conferences, seminars, conventions, congresses, events, ceremonies, and parties; organisation of cultural productions and entertainment; photography and news reporting; teaching and training related to sports; conducting fitness classes; fitness training, namely, personal trainer services; organisation of sporting events and sports competitions; leasing or rental of audio and video apparatus, apparatus for lighting, for all the aforesaid events; orchestras; organisation of balls, competitions, contests, exhibitions for entertainment, cultural or educational purposes; publication of texts, other than publicity texts relating to the aforesaid events; health and wellness training; providing information online relating to education, providing of training, entertainment, sporting and cultural activities; health and fitness training, namely, health club services; wellness centre services being fitness training.

Class 42

Scientific and technological services and research and design relating thereto; scientific research services; scientific testing services; advisory services relating to science; scientific analysis; computer aided scientific analysis services; consultancy in the field of scientific research; provision of scientific information; scientific investigations for medical purposes; provision of scientific surveys; rental of science and technology equipment; leasing of scientific instruments; scientific and technological design; conducting of scientific studies; scientific and industrial research; scientific research relating to bacteriology and virology; scientific research relating to biology; scientific research relating to genetics; computer aided scientific analysis services; scientific research for medical purposes; scientific research relating to chemistry; DNA screening for scientific research purposes; advisory

services relating to scientific instruments; scientific laboratory services; scientific services relating to the isolation and cultivation of human tissues and cells; preparation of scientific reports; industrial analysis and research services; design and development of computer hardware and software; design and development of medical and scientific hardware and software; design and development of products for laboratory analysis and medical and diagnostic tests; design and development of automated machines for laboratory analysis and medical and diagnostic tests; architectural and engineering services; design of buildings; design of parts and rooms of buildings; architectural planning and consultancy services; technical drawing services; industrial design; computer simulation of construction work; quality control; material testing; surveying; geological surveys; urban planning; construction drafting; conducting technical project studies; design of construction sites.

EPIC GAMES MEGEVERSE

Goods and/or Services:

Class 09

Downloadable game software; downloadable computer and video game programs and software; downloadable interactive game programs; downloadable virtual reality game software; downloadable virtual reality software for playing computer games; downloadable augmented reality game software; downloadable augmented reality software for playing computer games; downloadable virtual goods, namely, computer programs featuring avatars, clothing, pets, vehicles, weapons, tools, toys, emotes, and gestures for use in online worlds and virtual environments; downloadable virtual reality software; downloadable augmented reality software; downloadable mixed reality software; downloadable virtual reality software for providing metaverse experiences; downloadable software for providing access to an online multimedia virtual environment; downloadable virtual reality immersion software; downloadable software for experiencing interactive entertainment and virtual reality content; downloadable software for experiencing fully immersive and interactive animations, simulations, and visualizations for recreational, leisure, entertainment and educational purposes; downloadable software for immersive experiences in 2D and 3D games, 2D and 3D interactive game and non-game worlds, virtual environments, virtual reality, augmented reality, mixed reality and extended reality, 2D and 3D animations, simulations and visualizations, and real-time 3D sites; downloadable software for enabling users to experience virtual reality and augmented reality visualization, manipulation, and immersion; downloadable software for accessing and streaming multimedia entertainment content; downloadable software development tools; downloadable software development kits (SDK); downloadable software for use in creating, manipulating and participating in virtual environments; downloadable software for the creation of fully immersive and interactive animations, simulations, and visualizations for use in a metaverse environment; downloadable computer programs for creating video game programs and software; downloadable

computer software for video game development and operation; downloadable computer software platform for video game development, distribution, and operation; downloadable software for use in the development of video games and 2D and 3D animations, simulations and visualizations; downloadable software for use in creating and designing virtual reality, mixed reality, augmented reality, and extended reality software; downloadable virtual reality software in the field of designing computer and video games; downloadable software for use in the creation, development, production, and operation of 2D and 3D games, 2D and 3D interactive game and non-game worlds, virtual environments, virtual reality, augmented reality, mixed reality and extended reality experiences, animations, simulations and visualizations, real-time 3D sites, and video game platforms; downloadable software for creating and editing images; downloadable software development tools for the creation of computer-generated imagery, graphics, and content; downloadable software for the creation of computer-generated imagery, graphics and content for use in game and non-game worlds, online universes, and metaverse environments; downloadable software for creating digital animation and special effects; downloadable software for the creation of computer-generated imagery and graphics for use in the creation, development, production, and operation of 2D and 3D games, 2D and 3D interactive game and non-game worlds and virtual environments, virtual reality, augmented reality, mixed reality and extended reality experiences, real-time 3D sites, and computer and video game platforms; downloadable graphics for computers, namely, 2D and 3D images for use in the creation of computer-generated imagery and graphics; downloadable graphics for computers, namely, 2D and 3D images for use in the production of video games, animations, simulations, visualizations, digital media, virtual environments, and virtual, augmented, mixed reality and extended reality experiences; downloadable graphics for computers, namely, images for use in creating, manipulating, and participating in virtual environments; downloadable graphics for computers, namely, images for use in an online multimedia virtual environment; downloadable graphics software for use in creating multi-player game

and non-game worlds; downloadable virtual goods, namely, computer programs featuring digital content for use in virtual environments created for entertainment purposes; downloadable software for writing and editing video game software; downloadable computer software for use in designing, creating, operating, and editing other computer software; downloadable software for building user interfaces; downloadable software for use as an application programming interface (API); downloadable application programming interface (API) software for writing and editing video game software; downloadable application programming interface (API) for computer software for developing and creating virtual reality, augmented reality and mixed reality experiences; downloadable application programming interface (API) software for capturing, downloading, editing, displaying, streaming, and sharing multimedia entertainment content, audio-visual content, video content, and associated text and data; virtual reality software for creating multimedia content; augmented reality software for use in mobile devices for integrating electronic data with real world environments for the purposes of entertainment; downloadable software for modifying photographs, images and audio, video, and audio-visual content; downloadable software for use in taking and editing photographs and recording and editing videos; downloadable software for processing images, graphics, audio, video, and text; downloadable computer software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, data, graphics, images, audio, video, and multimedia content, and electronic publications, and electronic games; computer software for modifying and enabling transmission of images, audio, audio visual and video content and data; computer software for modifying photographs, images and audio, video, and audio-visual content with photographic filters and virtual reality, mixed reality and augmented reality effects, namely, graphics, animations, text, drawings, geotags, metadata tags, and hyperlinks; computer software for processing images, graphics, audio, video, and text; downloadable software for accessing, browsing, and searching online

databases, audio, video, and multimedia content, games, and software applications, and software application marketplaces; downloadable software for processing, reproducing, synchronizing, recording, organizing, downloading, uploading, transmitting, streaming, receiving, playing and viewing text, multimedia and data files; downloadable software for personalized, interactive television (TV) programming and for use in displaying and manipulating visual media, graphic images, text, photographs, illustrations, digital animations, video clips, film footage and audio data; downloadable software for searching, locating, compiling, indexing, correlating, navigating, obtaining, downloading, receiving, encoding, decoding, playing, storing and organizing text, data, images, graphics, audio and video on a global computer network; computer software, namely, software development tools for the creation, debugging, and deployment of software applications for smart glasses, near-eye displays, head-mounted displays, and smartphones; downloadable software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, interacting with, embedding, and sharing or otherwise providing electronic media, images, video, audio, audio-visual content, data, and information via the internet and communication networks; downloadable software for enabling transmission of images, audio, audio-visual, and video content and data; downloadable computer software development tools for implementing a computer programming language; downloadable computer software for use in designing and creating other computer software; downloadable software for engaging in social networking and creating and interacting with online communities; downloadable software for creating, managing and accessing groups within virtual communities; application programming interface (API) for computer software which facilitates online services for social networking and for data retrieval, upload, download, access and management; downloadable software for real-time audio and video communication over the internet; downloadable computer software for creating, managing, and interacting with an online community; downloadable computer

software for integrating electronic data with real world environments for the purposes of entertainment, communicating, and social networking; computer software, downloadable computer software and mobile application software for creating, managing and accessing groups within virtual communities; computer software, namely, an application providing social networking functionalities; downloadable computer software for finding content and content publishers, and for subscribing to content; downloadable software for creating and managing social media profiles and user accounts; downloadable software for integrating electronic data with real world environments for the purposes of entertainment, education, gaming, communicating, and social networking; downloadable messaging software; parental control software; downloadable software for capturing, downloading, editing, formatting, displaying, streaming, and sharing multimedia entertainment content, audio-visual content, video content, and associated text and data; downloadable software and mobile application software for providing a virtual marketplace; downloadable software for processing electronic payments and for transferring funds to and from others; downloadable software for use with digital and virtual currency; digital currency wallet and storage services software; downloadable software for digital currency payment and exchange transactions; downloadable software for implementing and recording financial transactions; downloadable software that enables individuals, groups, companies, and brands to create and maintain an online presence for marketing purposes; downloadable e-commerce software to allow users to perform electronic business transactions via global computer and communication networks; computer search engine software; downloadable software for use in creating, managing, measuring, and disseminating advertising of others; downloadable software for creating, sharing, disseminating and posting advertising; downloadable software that enables individuals, groups, companies, and brands to create and maintain an online presence and interact with online communities for marketing purposes; downloadable software to allow users to perform e-commerce transactions via the internet and communications networks; downloadable computer software that allows

users to make payments and transfer funds; downloadable computer software that enables online users to make payments and transfer funds across multiple websites and mobile applications; downloadable computer software for processing electronic payments.

Class 35

Marketing services; marketing in the framework of software publishing; online retail store services featuring game software, video games, computer games, and game programs; online retail store services featuring virtual goods, namely, avatars, characters, environments, structures, props, furniture, vehicles, weapons, tools, toys, emotes, and gestures for use in online virtual worlds; advertising services; advertising via electronic media; dissemination of advertising for others via a global computer network; providing online marketplaces for sellers of goods and/or services; organizing and conducting events, exhibitions and expositions for commercial purposes in the interactive entertainment, virtual reality, consumer electronics and video game entertainment industries.

Class 41

Online gaming services in a metaverse and metaversal environments; entertainment services, namely, providing online computer and video games; entertainment services, namely, providing online computer and video games via Internet platforms; providing games for use network-wide by network users; providing interactive, multiplayer and single player games played via computer or communications networks; providing online computer, video, and electronic games from a computer network; providing online virtual reality games; providing online augmented reality games; organizing exhibitions and events in the field of interactive entertainment, virtual reality, mixed reality, and augmented reality, consumer electronics and video game entertainment industries for cultural or educational purposes; arranging and conducting competitions and entertainment events for players of video, computer,

electronic or interactive multimedia games; entertainment services, namely, providing online, non-downloadable images of avatars, clothing, pets, vehicles, weapons, tools, toys, emotes and gestures for use in online worlds and virtual environments created for entertainment purposes; entertainment services provided via metaverse experiences; entertainment services provided via an online virtual environment; entertainment services provided via virtual environments in which users can interact for recreational, leisure, or entertainment purposes; entertainment services, namely, providing interactive entertainment and virtual reality entertainment content; virtual reality video production for entertainment purposes; augmented reality video production for entertainment purposes; entertainment services in the nature of production and post-production services of multimedia entertainment content; multimedia production services; entertainment services for sharing photo and video; entertainment services in the nature of organizing, arranging, and hosting performances and social entertainment events; multimedia publishing of games; multimedia publishing relating to software; multimedia publishing relating to interactive computer and video game programs and software; multimedia entertainment production and publishing services; publishing services, namely, publishing of electronic publications for others; electronic publishing services for others; online electronic publishing concerning social media content; entertainment services provided via an online environment featuring streaming of entertainment content and live streaming of entertainment events; entertainment and educational services, namely, providing non-downloadable movies, television shows, webcasts, audiovisual, and multimedia works via the internet; organizing exhibitions, events, and conferences in the fields of culture, entertainment, education, and social networking for non-business and non-commercial purposes; entertainment services, namely, ongoing comedy, drama, documentary, docuseries, animated, mystery, and reality web and television series provided over the internet; providing online non-downloadable videos in the field of comedy, drama, documentary, docuseries, animated, mystery, and reality entertainment; entertainment services provided via

online facilities for streaming entertainment content and live streaming video of entertainment events.

Class 42

Providing temporary use of non-downloadable software for users to experience virtual reality visualization, manipulation and immersion; providing temporary use of on-line non-downloadable software development tools; platform as a service (PAAS) featuring computer software platforms for designing and developing computer and video game programs and software; platform as a service (PAAS) services featuring computer software platforms for use in software development, video game development, and the creation, development and operation of game and non-game worlds, online universes, and metaverse environments; software as a service (SAAS) services featuring computer software for software development, video game development, and the creation, development and operation of game and non-game worlds, online universes, and metaverse environments; providing online, non-downloadable software development software, video game development software, and software for creating game and non-game worlds, online universes, and metaverse environments, all of which use virtual reality, augmented reality, extended reality, mixed reality and metaverse technology; providing non-downloadable software for use in software development, video game development, and the development and operation of game and non-game worlds, online universes, and metaverse environments; platform as a service (PAAS) featuring a computer software platform for use in the creation, development, production, and operation of 2D and 3D games, 2D and 3D interactive game and non-game worlds and virtual environments, virtual reality, augmented reality, mixed reality and extended reality experiences, 2D and 3D animations, simulations and visualizations, and real-time 3D sites; providing temporary use of non-downloadable computer software for use in the creation, development, production, and operation of 2D and 3D games, 2D and 3D interactive game and non-game worlds and virtual environments, virtual reality,

augmented reality, mixed reality and extended reality experiences, real-time 3D sites, and computer and video game platforms; application service provider featuring application programming interface (API) software; application service provider featuring application programming interface (API) software for computer software development tools; providing temporary use of online non-downloadable software for building user interfaces; providing temporary use of non-downloadable software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, interacting with, embedding, transmitting, and sharing or otherwise providing electronic media, images, video, audio, audio-visual content, data, and information via the internet and communication networks; providing temporary use of non-downloadable software for modifying photographs, images and audio, video, and audio-video content; providing temporary use of non-downloadable computer software for use in taking and editing photographs and recording and editing videos; providing temporary use of non-downloadable software for curating online user-defined content; providing non-downloadable software for streaming multimedia entertainment content; providing non-downloadable software for transmitting, sharing, receiving, downloading, displaying, interacting with and transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; providing temporary use of non-downloadable software that gives users the ability to upload, modify and share virtual reality content, augmented reality content, mixed reality content, information, experiences and data; creating and maintaining websites for users in an online community to access metaverse platforms; hosting an online community website featuring game and non-game worlds, online universes, and metaverse environments; interactive hosting services which allow the users to publish and share their own content and images online; providing temporary use of non-downloadable software for creating, managing and accessing user-created and administered groups within virtual communities; providing temporary use of non-downloadable software for creating and managing

social media profiles and user accounts; computer services in the nature of providing customized online pages featuring user-defined or specified information, personal profiles, virtual reality, mixed reality, and augmented reality content and data; computer services in the nature of providing customized webpages featuring customized personal and group profiles and user-defined information, including audio, video, images, text, content, and data; providing temporary use of non-downloadable software that enables users to transfer personal identity data to and share personal identity data with and among multiple websites; providing temporary use of non-downloadable software for finding content and content publishers, and for subscribing to content; providing temporary use of non-downloadable software for organizing events, searching for events, calendaring and managing events; providing temporary use of online non-downloadable software and applications for instant messaging, sharing files, and electronically sending and receiving voice, audio, video, text, images, graphics, and data; providing application programming interface (API) software for use in electronic messaging and transmission of audio, video, images, text, content and data; software as a service (SAAS) services featuring software for instant messaging, sharing files, and electronically sending and receiving voice, audio, video, text, images, graphics, and data; providing temporary use of online non-downloadable software and software as a service (SAAS) featuring software for capturing, downloading, editing, formatting, displaying, streaming and sharing multimedia entertainment content, audio-visual content, video content, and associated text and data; hosting of digital content on the internet; software development in the framework of software publishing; providing temporary use of non-downloadable software for use in metaverse applications to enable interoperability and information sharing between hardware devices, software systems, and the internet; computer services, namely, hosting an on-line multimedia virtual environment; platform as a service (PAAS) featuring a computer software platform for immersive experiences in 2D and 3D games, 2D and 3D interactive game and non-game worlds, virtual environments, virtual reality, augmented reality,

mixed reality and extended reality, 2D and 3D animations, simulations and visualizations, real-time 3D sites, and computer and video game programs and software; hosting of virtual reality and augmented reality content on the internet; providing non-downloadable software for providing a virtual marketplace; providing non-downloadable software for processing electronic payments; providing temporary use of non-downloadable software for use in designing, managing, measuring, analyzing, disseminating, and serving advertising of others; providing temporary use of non-downloadable software for creating and maintaining an online presence for individuals, groups, companies, and brands; providing temporary use of non-downloadable game software; providing non-downloadable game software via a website; providing temporary use of non-downloadable computer software for enabling transmission of images, audio, audio visual and video content and data; providing temporary use of non-downloadable software for streaming multimedia entertainment content.

SCREENING EAGLE

Goods and/or Services:

Class 09

Computer software for blockchain technology; computer software for extracting blockchain data; computer software for cross blockchain transfers; computer software for use in promoting the development of blockchain applications; computer software for developing, establishing, and operating blockchain applications for consumers; downloadable computer software for managing cryptocurrency transactions using blockchain technology; downloadable computer software for managing cryptocurrency transactions by means of blockchain technology; computer software for interacting with blockchain platforms; computer hardware and software for blockchain technology; computer software for mobile applications and blockchain e-wallets; computer software for cryptocurrency and blockchain technology; downloadable cryptographic keys for receiving and spending cryptoassets; computer software for digital currency; computer software for virtual currency; electronic currency converters; currency authentication apparatus and equipment; downloadable computer software for digital currency; downloadable computer software for virtual currency; computer hardware and software for digital currencies; computer hardware and software for virtual currencies; computer hardware for electronic currency trading; computer hardware for electronic virtual currency trading; computer programs for electronic currency trading; computer programs for electronic virtual currency trading; computer software for electronic currency trading; computer software for electronic virtual currency trading; downloadable computer software for receiving and accessing digital currencies; downloadable computer software for spending and exchanging digital currencies; downloadable computer software for receiving and accessing non-fungible tokens [NFT]; downloadable computer

software for spending and exchanging non-fungible tokens [NFT]; computer software for metaverse environments; computer application software for metaverse environments; software for creating, editing and participating in 3D virtual environments; augmented reality software; virtual reality software; virtual-reality computer hardware; software for video display; software for enhancing the audiovisual capabilities of multimedia applications, namely, for integrating text, sound, graphics, still images and moving images; downloadable computer software for virtual currency; computer e-commerce software for managing non-fungible tokens (NFT); virtual reality goggles; downloadable digital video recordings; downloadable image files; downloadable electronic publications; software for taking, editing, storing, sharing, disseminating, transferring and viewing photos and videos or for chatting on the Internet; camera application software for smart phones based on virtual reality and augmented reality; laptop computers; game software; application software for portable telephones; downloadable digital files in the nature of crypto collectible objects and non-fungible tokens (NFT); downloadable computer software in the nature of crypto collectible objects and non-fungible tokens (NFT); software for creating, editing and participating in 3D virtual environments; computer programs and software for automatic conversion of photographic portrait images into 3D avatar images; smart glasses.

Class 35

Advertising consultancy in the field of blockchain technology and cryptocurrencies; professional business consultancy in the field of blockchain technology and cryptocurrencies; commercial management consultant services in the field of blockchain technology and cryptocurrencies; providing commercial information in the field of blockchain technology and cryptocurrencies; compiling and analyzing business data in the field of blockchain technology and cryptocurrencies; providing commercial information and advice in the field of blockchain technology and cryptocurrency asset management; providing commercial information in the field of

blockchain technology and virtual currencies; marketing consultant services in the field of blockchain technology and cryptocurrencies.

Class 36

Electronic transfer of funds via blockchain technology; financial services by electronic transfer of digital tokens incorporating cryptographic protocols used to operate on a computer platform in the field of blockchain technology; financial services by electronic transfer of digital assets authenticated by non-fungible tokens [NFT] incorporating cryptographic protocols used to operate on a computer platform in the field of blockchain technology; financial services by electronic transfer of virtual currency incorporating cryptographic protocols used to operate on a computer platform in the field of blockchain technology; electronic transfer of crypto-assets; crypto asset exchange transactions; brokerage of digital currencies; digital currency exchange services; digital currency trading services; foreign currency exchange services; foreign exchange trading operations; virtual currency exchange; virtual currency brokerage services; brokerage of securities and currencies; electronic transfer of virtual currency; real-time and online currency trading; financial services by electronic transfer of virtual currency for use by members of an online community via a global computer network; issuing digital currency for use by members of an online community via a global computer network; online brokerage for operations and transactions carried out with respect to currencies and other financial products; providing digital currency for use by members of an online community via a global computer network; financial services in the field of non-fungible tokens [NFTs] for use by members of an online community via a global computer network; payment processing in the field of cryptocurrency or payments trading in the field of metaverse environments; prepaid services in the nature of prepayments for increasing the value of prepaid cards or prepaid cards for purchasing crypto-currencies or services in metaverse environments.

Class 38

Chat room services for creating an online community enabling registered users to form virtual communities and to participate in social networking services in the field of blockchain technology; chat room services for creating an online community enabling registered users to participate in discussions and to obtain feedback from their peers in the field of blockchain technology.

Class 41

Providing non-downloadable electronic publications in the nature of business commentary and news in the field of blockchain technology and cryptocurrencies; game services provided online from a computer network; education and entertainment services; providing online information in the field of education and continuous training; providing online information in the field of computer game entertainment; game services provided online from a computer network for entertainment and further education purposes; computer entertainment and teaching services, namely, providing computer games and educational resources to multiple users connected to a computer.

Class 42

Authentication of data by means of blockchain technology; user authentication services by means of blockchain technology; creating and maintaining websites (software) enabling registered users to form virtual communities and to participate in social networking services in the field of blockchain technology; creating and maintaining web sites (software) enabling registered users to participate in discussions and to obtain feedback from their peers in the field of blockchain technology; providing temporary use of non-downloadable software enabling members of an online community to receive and access digital currencies; providing temporary use of non-downloadable software enabling members of an online community to spend and exchange digital currencies; providing temporary use of

non-downloadable software enabling members of an online community to receive and access non-fungible tokens [NFT]; providing temporary use of non-downloadable software enabling members of an online community to spend and exchange non-fungible tokens [NFT]; design and development of virtual reality software; developing software for metaverse environments; hosting platforms for online metaverse environments on the Internet; providing online technological information on metaverse environments; software as a service (SaaS) with access to used and transferred crypto collectible objects and application tokens; platform as a service (PaaS) with access to crypto collectible objects and application tokens; providing non-downloadable computer software in the nature of crypto collectible objects and non-fungible tokens (NFT); Software as a Service [SaaS]; computer Platform as a Service [PaaS]; hosting platforms on the Internet for providing online content; developing computer platforms for e-commerce; hosting platforms on the Internet for generating and managing virtual assets; hosting platforms on the Internet for generating and managing digital tokens; technological research relating to computers; technological research relating to virtual assets; design and development of software; developing software for virtual assets; website creation and maintenance; providing information in the field of computer technology via a website; engineering technology; programming of software for e-commerce platforms; hosting of e-commerce platforms on the Internet; monitoring computer systems for cybersecurity of software as a service [SaaS] enabling the development of software relating to digital assets such as bitcoins; computer platform as a service [PaaS] including software platforms for software development in the field of digital assets such as bitcoins; software as a service [SaaS] featuring software for compensation [exchange], allocation, compliance, recording and settlement of commercial transactions relating to bitcoins and digital currencies; software as a service [SaaS] including software for sending electronic notifications, transmitting orders and sending and receiving electronic messages, and enabling users to perform e-commerce transactions via a global computer network; providing online non-

downloadable computer software for e-commerce; providing online non-downloadable computer software relating to application services [ASP]; Application service provider [ASP] services with use of software for use as an application programming interface [IPA]; hosting of software applications for others; Application service provider (ASP) services for software for creating, managing, manipulating, organizing, modifying, transferring, storing and sharing data; services of an application service provider (ASP) for information and software for creating, editing, uploading, downloading, retrieving, presenting, publishing, displaying, tagging, blogging, streaming, linking and communicating electronic media over computer and communication networks; providing on-line non-downloadable software; providing, hosting, managing, developing and maintaining applications, software and websites (software) in the fields of wireless communications, mobile information access and remote data management for wireless transmission of content to mobile electronic apparatus; hosting and developing and providing temporary use of databases in the fields of wireless communications, mobile information access, and remote data management for wireless transmission of content to mobile electronic apparatus; providing temporary use of non-downloadable software for accessing, reading, tracking and using blockchain technology; designing, developing and implementing software solutions for the security of digital currencies, bitcoin currency and transactions with bitcoin currency; identity verification services [computer security]; user authentication; programming non-fungible tokens (NFT); designing non-fungible tokens (NFT); computer platform as a service [PaaS] including software platforms for providing access to crypto collectible objects, non-fungible tokens [NFT] and other application tokens.

Class 09

Operating computer software for main frame computers; monitors [computer hardware]; computer hardware; apparatus for recording images; monitors [computer programs]; games software; computer programs for recorded games; apparatus for recording, transmission or reproduction of sound or images; communications servers [computer hardware]; electronic components for gambling machines; computer application software featuring games and gaming; computer software for the administration of on-line games and gaming; computer hardware for games and gaming; software for gambling, gambling machines, gambling games on the Internet and via telecommunication network; computer operating system software; computer terminals; interactive terminals; multimedia terminals; electronic terminals for

generating lottery tickets; interactive touch screen terminals; computer touchscreens; electronic display panels; liquid crystal display screens; digital signage display panels; multimedia software; multimedia apparatus and instruments; interactive multimedia software for playing games; computer screens; LCD large-screen displays; liquid crystal displays [LCDs] for home theatres; media streaming software; computer application software for streaming audio-visual media content via the internet; software; computer gaming software; computer software packages; computer operating system software; computer software, recorded; software drivers; virtual reality software; games software; entertainment software for computer games; computer programs for network management; electronic lottery tickets; computer software platforms; operating systems; interactive computer systems; operating system programs; computer game software for use with on-line interactive games.

Class 28

Gaming machines for gambling; chips for gambling; mah-jong; arcade games; gambling machines operating with coins, notes and cards; games; electronic games; parlor games; gaming chips; gaming tables; slot machines [gaming machines]; LCD game machines; slot machines and gaming devices; coin-operated amusement machines; roulette chips; poker chips; chips and dice [gaming equipment]; gaming equipment for casinos; roulette tables; gaming roulette wheels; casino games; gambling machines; coin-operated amusement machines and/or electronic coin-operated amusement machines with or without the possibility of gain; boxes for coin-operated amusement machines, slot machines and gaming machines; electronic or electrotechnical amusement machines and apparatus, gaming machines, coin-operated entertainment machines; housings for coin-operated amusement machines, gaming equipment, gaming machines, machines for gambling; electropneumatic and electrical gambling machines (slot machines); lottery games; electronic targets for games and sports.

Class 37

Construction of industrial plants; machinery installation, maintenance and repair; providing information relating to the installation of machinery; installation of computers; installation of audiovisual equipment; installation of hardware for computer systems; installation of computer hardware; computer hardware (installation, maintenance and repair of -); consultancy relating to the installation, maintenance and repair of computer hardware; upgrading of computer hardware; repair of game machines and apparatus; installation, maintenance and repair of computer network and information technology equipment.

Class 38

Telecommunication services; computer communication and providing Internet access; broadcasting services; automatic transfer of digital data using telecommunications channels; audiovisual communication services; video communication services; video transmission via digital networks; remote transmission of audio signals by means of telecommunications; remote transmission of data by means of telecommunications; delivery of messages by electronic media; electronic communications services; communication services for the electronic transmission of data; electronic transmission and retransmission of sounds, images, documents, messages and data; message sending, receiving and forwarding; interactive communication services; interactive telecommunications services; interactive transmission of video over digital networks; cable transmission of sounds, images, signals and data; communication by electronic means; communications via multinational telecommunication networks; communications services; communications services for the exchange of data in electronic form; communication services provided electronically; advisory services relating to communications equipment; mobile media services in the nature of electronic transmission of entertainment media content; network transmission of sounds, images, signals and data; virtual chatrooms established via text messaging; providing electronic

telecommunication connections; transmission of data, messages and information; transmission of sound and vision via satellite or interactive multimedia networks; computer-aided transmission of sound; transmission of sound via interactive multimedia networks; transmission of sound or visual recordings over networks; transmission of vision via interactive multimedia networks; transmission of information through video communication systems; transmission of information in the audiovisual field; provision of communications facilities for the interchange of digital data; telecommunications services between computer networks; telecommunications services relating to electronic commerce; telecommunication of information (including web pages); electronic transmission of information (services for the -); secured data, sound and image transmission services; inter-active video text services; delivery of messages by audiovisual media; telematic data transmission and file transfer; digital transmission services for audio and video data; rental of telecommunication devices and equipment enabling connection to networks; rental of telecommunication equipment; provision of access to content, websites and portals; provision of access to data or documents stored electronically in central files for remote consultation; provision of access to electronic sites; providing access to multimedia content online; providing access to platforms on the Internet; providing access to gambling and gaming websites on the Internet; providing access to websites on the Internet or any other communications network; providing user access to portals on the Internet; providing user access to platforms on the Internet; provision of telecommunication access to video and audio content provided via an online video-on-demand service; provision of telecommunication access to video content provided via the Internet; electrical data transmission over a global remote data processing network, including the Internet; video-on-demand transmission services; sending and receiving of electronic messages; message sending via a website; computerised communication services; communications by computer terminals; computer intercommunication; communication by computer; on-line communication services; on-line transmission of electronic publications; transmission and distribution of data or audiovisual images

via a global computer network or the Internet; transmission of data, audio, video and multimedia files; transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; data transmission and data broadcasting; transmission of data or audio visual images via a global computer network or the Internet; transmission of data and information by computer and electronic communication means; transmission of information on-line; transmission of multimedia content via the Internet; transmission of sound, picture and data signals; computer-aided transmission of messages and images; exchange of messages via computer transmission; distribution of data or audio visual images via a global computer network or the Internet; streaming audio and video material on the Internet; streaming of audio, visual and audiovisual material via a global computer network; streaming of data; Internet based telecommunication services; web conferencing services; video, audio and television streaming services; providing access to content, websites and portals; online messaging services; broadcasting of audiovisual and multimedia content via the Internet.

Class 41

Gambling; services related to gambling; gaming services for entertainment purposes; casino, gaming and gambling services; training in the development of software systems; provision of gaming equipment for gambling halls; providing casino equipment [gambling]; gaming machine entertainment services; providing casino facilities [gambling]; providing halls with gaming machines; amusement arcade services; games equipment rental; rental of gaming machines; providing amusement arcade services; rental of gaming machines with images of fruits; editing or recording of sounds and images; sound recording and video entertainment services; hire of sound reproducing apparatus; provision of gaming equipment for casinos; providing of casino facilities; online gambling services; casino, gaming and gambling services; arranging of games, amusement arcades, casino and betting services via the internet; lottery services; organization of lotteries; provision of games by means of a

computer based system; online interactive entertainment; on-line casino services; online game services through mobile devices; providing online entertainment in the nature of game tournaments; providing on-line information in the field of computer gaming entertainment; sports betting services; online sports betting services.

Class 42

Computer software technical support services; troubleshooting of computer software problems; provision of technical support in the supervision of computing networks; provision of technical support in the operation of computing networks; technical support services relating to computer software and applications; technical inspection; monitoring of computer systems by remote access; machine condition monitoring; installation, repair and maintenance of computer software; design, maintenance and updating of computer software; installation, setting up and maintenance of computer software; design, maintenance, development and updating of computer software; installation and customisation of computer applications software; technical consultancy relating to the installation and maintenance of computer software; computer system monitoring services; design of graphic software systems; development of interactive multimedia software; design and development of computer hardware; advice relating to the design of computer hardware; advisory and information services relating to the design and development of computer hardware; design, development and testing of computer software and hardware, and in particular for gambling, casino games and betting; platform as a service [PaaS]; development of computer platforms; software as a service [SaaS] services featuring software for gaming; development of computer systems; computer system design and development.

Goods and/or Services:

Class 01

Raw synthetic resins in the form of liquids; raw [unprocessed] artificial resins for use in industry; synthetic resins [unprocessed] for use in manufacture; artificial resin [unprocessed]; synthetic resins [unprocessed]; synthetic resin plastics [unprocessed]; synthetic resin compositions [unprocessed] for industrial purposes; unprocessed artificial and synthetic resins; unprocessed artificial resins as raw materials in the form of liquids; unprocessed artificial resins for processing industries; unprocessed resins; unprocessed synthetic resins; unprocessed synthetic resins for use in in the manufacture of rubber goods; unprocessed synthetic resins for use in in tire applications; additives (chemical -) for rubber vulcanising; additives (chemical -) for rubber processing; chemical substances for use in the production of synthetic rubber; chemicals for use in the rubber industry; chemicals for use in the tire industry; fractions of mineral oils as chemical products for industrial purposes; fractions of bio-based hydrocarbons as chemical products for industrial purposes; fractions of wax

as chemical products for industrial purposes; fractions of bio based waxes as chemical products for industrial purposes; fractions of synthetic oils as chemical products for industrial purposes; fractions of synthetic waxes as chemical products for industrial purposes; plasticizers for industrial purposes; bio-based plasticizers for industrial purposes; plasticizers from renewable raw materials for industrial purposes; plasticizers for tires; plasticizers for technical rubber goods; plasticizers for natural polymers; plasticizers for synthetic polymers; chemical additives for rubber vulcanising; chemicals for use in the rubber industry; chemical additives for rubber processing; chemical compounds for mixing rubber and latex; chemical substances for use in the production of synthetic rubber; chemicals for use in the processing of natural rubber; chemical products for industry used as sizing agents; emulsifiers; thickening agents for use in manufacture; gel formers for industrial purposes; isopropyl myristate; isopropyl laureate; isopropyl palmitate.

Class 02

Raw natural resins; raw natural resins for use in the manufacture of lacquers; raw natural resins for use in the manufacture of varnishes; resins (gum -).

Class 04

Waxes for industrial purposes; vegetable waxes; waxes being raw materials; wax emulsions for industrial purposes; wax dispersions for industrial purposes; wax for making candles; wax for use in industry; industrial oils and greases; waxes based on renewable sources for industrial applications; waxes being raw materials based on renewable sources; bio based waxes [raw material]; process oils for use in bitumen extenders; process oils for use in tires; process oils for use in technical rubber goods; bio-based process oils for use in tires and technical rubber goods; process oils made from renewable raw materials for use in tires and technical rubber goods; extender oils; extender oils based on renewable raw materials; petroleum jelly and petroleum jelly oils for industrial purposes; petroleum jelly and petroleum jelly oils exclusively for

processing companies, also for use in the cosmetic and medical industries; bio based petroleum jelly for industrial purposes; mineral oil-free petroleum jelly for industrial purposes; paraffins for technical purposes; synthetic oils; liquid fuels; lighting fuel; dust controlling compositions; automotive oils and greases; industrial oils and greases; machine oils and greases; lubricants; gasoline; flushing oils; oleo oils [oils for technical purpose]; white oils; spindle oils; paraffin oils; mineral oils for industrial and scientific purposes; mineral oils for the manufacture of leather cleaning and leather preserving preparations, mineral oils for use in leather cleaning and leather preserving preparations; synthetic paraffin oils [polydecene]; mineral oils for making medicines, pharmaceutical drugs and preparations; mineral oils for use in medicines, pharmaceutical drugs and preparations; mineral oils for chemical purposes; mineral oil derivatives; mineral oils for making adhesives; mineral oils for use in adhesives; mineral oils for the manufacture of sealants and insulating materials; mineral oils for the manufacture of or for use in sealants and insulating materials; preparations for binding dust in the form of oils.

Class 17

Artificial resins in extruded form for general industrial use; artificial resins, semi-processed; compounds of synthetic resins [semi-processed]; mixtures containing predominantly of resins with fillers for use as intermediates; resins in liquid form [semi-processed]; semi-processed natural resins; semi-processed synthetic resins; synthetic resin compositions [semi-processed] for industrial purposes; rubber in liquid form; rubber, raw or semi-processed; synthetic rubber.

Classes: 09 42

SPOKE SAFE. CONNECTED. FOR
ALL.

Goods and/or Services:

Class 09

Electronics in the nature of wireless transceivers for integration into bicycles for monitoring and providing bicycle usage data; wireless data transmitters for bicycles; downloadable computer software for tracking bicycle usage data; electronic tags for bicycles; electronic devices for locating and tracking bicycles and/or other vehicles using global positioning systems, cellular communication networks, and/or beacon wireless transmitter technology; downloadable mobile applications for tracking the

location and/or routes of bicycles and/or other vehicles and alerting users of the location and/or routes of others; computer hardware for locating and tracking the location of bicycles and monitoring the proximity of bicycles to one another and/or to other vehicles.

Class 42

Platform as a service (PAAS) featuring computer software platforms for monitoring the location and usage of bicycles and/or other vehicles; software as a service (SAAS) services featuring software for use with bicycles for monitoring the location and usage of bicycles and/or other vehicles.

Applicant/Proprietor Details:

Spoke Safety, LLC
1459 SOUTH STEELE STREET
DENVER CO 80210

National Trade Mark No:	40202302159S
International Registration No:	1708648
Date of Protection in Singapore:	17 October 2022
Classes:	20 21 35

Goods and/or Services:

Class 20

Non-metal bottle caps; closures, not of metal, for containers; containers made of plastic; parts and fittings for all the foregoing goods.

Class 21

Flasks, drinking flasks, bottles sold empty, flasks for food, and growlers; insulated, vacuum, and insulated vacuum flasks; magnetic lids for flasks, drinking flasks, bottles, flasks for food and growlers; insulated, vacuum, and insulated vacuum drinking flasks; magnetic lids for insulated, vacuum, and insulated vacuum bottles; insulated, vacuum, and insulated vacuum flasks for food; magnetic lids for insulated, vacuum, and insulated vacuum flasks for food; insulated, vacuum, and insulated vacuum growlers; reusable stainless steel flasks, drinking flasks, bottles sold empty, flasks for food, and growlers; magnetic lids for reusable stainless steel flasks, drinking flasks, bottles sold empty, flasks for food, and growlers; insulated containers for food or beverages for domestic use, including flasks for food; thermal insulated bottles, flasks, growlers and flasks for food; glass flasks for food; ice cube trays; non-electric portable coolers, non-electric portable beverage coolers, non-electric coolers for beverages; containers for beverages in the form of plastic bladders sold empty for holding liquid; hydration systems comprised of a drinking container and a drinking tube, sold as a unit with a mouthpiece; drinking containers for hydration systems comprised of a drinking container and a drinking tube, sold as a unit with a

mouthpiece; mouthpieces and drinking tubes adapted for hydration systems consisting of a drinking container; drinking flasks for travellers; drinking vessels; bottles having mouthpieces sold empty; coffee and tea mugs; insulated mugs for beverages; magnetic lids for insulated mugs for beverages; travel mugs; vacuum mugs; beer and pint drinking glasses; insulated, vacuum, and insulated vacuum beer and pint drinking glasses; reusable stainless steel beer and pint drinking glasses; and thermal insulated beer and pint drinking glasses; plastic lids for household containers; plastic lids for flasks; plastic lids for drinking flasks; plastic lids for bottles sold empty; plastic lids for flasks for food; plastic lids for growlers; plastic lids for insulated, vacuum, and insulated vacuum flasks; parts and fittings for all the foregoing goods.

Class 35

Online retail store services and retail store services in respect of: bottle caps, lids, including metal or plastic lids for flasks, drinking flasks, bottles sold empty, food flasks, insulated, vacuum, and insulated vacuum flasks, and growlers, magnetic lids, including metal or plastic lids for flasks, drinking flasks, bottles sold empty, food flasks, insulated, vacuum, and insulated vacuum flasks, and growlers, closures for containers, food containers of metal, flasks, drinking flasks, bottles sold empty, flasks for food, and growlers, insulated, vacuum, and insulated vacuum flasks, including such flasks for drinks and food, insulated, vacuum, and insulated vacuum bottles sold empty, insulated, vacuum, and insulated vacuum growlers, reusable stainless steel flasks, flasks for food for domestic use, thermal insulated bottles, ice cube trays, portable coolers, non-electric portable coolers, portable beverage coolers, coolers for beverages, plastic bladders sold empty for holding liquid, hydration systems comprised of a drinking reservoir, a drinking tube, and a mouthpiece, drinking reservoirs for hydration systems comprised of a drinking reservoir, a drinking tube, and a mouthpiece, mouthpieces and connectors for hydration systems comprised of a drinking reservoir, a drinking tube, and a mouthpiece, drinking flasks for travellers,

drinking vessels, bottles having mouthpieces, coffee and tea mugs, insulated mugs for beverages, travel mugs, vacuum mugs, beer and pint drinking glasses, insulated, vacuum, and insulated vacuum beer and pint drinking glasses, reusable stainless steel beer and pint drinking glasses, and thermal insulated beer and pint drinking glasses; information, consultancy and advisory services in relation to the aforementioned services.

International Registration No: 1708870

Date of Protection in Singapore: 30 September 2022

Classes: 01 09 10 40 42

Goods and/or Services:

Class 01

Chemicals for use in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering preparations; substances for tanning animal skins and hides; adhesives for use in industry; putties and other paste fillers; compost, manures, fertilizers; biological preparations for use in industry and science; graphene; graphene composite materials; single-layer materials and 2D materials, namely graphene, borophene; carbon; graphite; graphane; graphene oxide; functionalised carbon materials; conjugated carbon materials; carbon nanotubes; graphene flakes; graphene powder; nanostructured morphologies of carbon; reagents for biosensing; all the aforesaid goods for use in industry and manufacture.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting,

reproducing or processing sound, images or data; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; mechanisms for coin-operated apparatus; cash registers, calculating devices; computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire-extinguishing apparatus; graphene solid-state electronic devices; graphene sensors; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; apparatus and instruments for scientific purposes; batteries; battery chargers for use with telephones; cables, electric; communication software; component parts for antennas; computer hardware; computer software; conductors, electric; current rectifiers; data processing systems; electrical reactors; electronic components; electronic data recorders; electronic meters; encoders; fault current breakers; graphical user interface software; headphones; headsets for use with computers; instructional apparatus; interfaces for computers; magnetic and optical data carriers; optoelectronics, namely solar cells, photodiodes and optical fibres; microphones; speakers; sensors for use in the control of motors; capacitors; antennas; graphene antennas; graphene transistors; graphene field-effect transistor (FET); hall-effect sensors; cryogenic sensors; magnetic field sensors; graphene hall effect sensors; graphene temperature sensors; graphene photonics devices, namely, electronic devices containing graphene for creating, manipulating or detecting light; graphene modulators; graphene detectors; "graphene light-sensitive devices, namely, solar cells, photodiodes, photocells, phototransistors and photo-electric detectors units; graphene light-emitting diodes; graphene solar cells; graphene solar panels; graphene touch screens; graphene battery; graphene solar and silicone wafer; graphene sheets, namely single-atom-thick layers of carbon atoms arranged in a crystalline solid (crystalline semi-conductor materials); graphene heterostructures, namely a heterostructure that includes graphene having and interface with a

semiconductor; graphene diode; environmental monitoring sensors; industrial process control sensors; sensors for pharmaceutical manufacturing control; quality control sensors; sensors for hazardous environments; parts and fittings for all the aforesaid goods.

Class 10

Surgical, medical, dental and veterinary apparatus and instruments; artificial limbs, eyes and teeth; orthopedic articles; suture materials; therapeutic and assistive devices adapted for persons with disabilities; massage apparatus; apparatus, devices and articles for nursing infants; medical apparatus for screening, monitoring, therapeutic or diagnostic medical purposes; medical apparatus for screening, monitoring, therapeutic or diagnostic veterinary purposes; biosensors (measurement apparatus), for medical purposes; graphene-based electrochemical sensor for detecting biological processes, being medical apparatus; medical bioelectronic devices; hearing aids; medical biosensors for immunological, molecular or enzymatic tests; medical biosensors for the detection of small molecules; handheld scanner for detecting biological processes, being medical apparatus; parts and fittings for all the aforesaid goods.

Class 40

Treatment of single-layer materials and 2-dimensional materials, namely crystalline solids consisting of a single layer of atoms; recycling of waste and trash; air purification and treatment of water; printing services; food and drink preservation; treatment and processing of materials using chemicals; processing of chemicals; processing of materials; treatment of materials for use in connection with electronic devices; treatment of materials using graphene; custom manufacturing and processing relating to the formation of graphene; custom manufacturing and processing relating to the formation of 2D materials; application of graphene coatings using vapour deposition techniques; application of graphene coatings using chemical

vapour deposition techniques; custom manufacture of nano scale material to the order and specification of others for use in the manufacture of other goods, namely, the propagation of graphene layers on sacrificial substrates for subsequent transfer to other materials, in particular silicon; exfoliation of graphene; graphene foundry services; custom manufacture of graphene-based apparatus and instruments; foundry services, namely, custom manufacturing of graphene coated wafers; information, consultancy and advisory services relating to all the aforesaid services.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; scientific analysis; technological and scientific advisory and consultancy services relating to the application and uses of graphene and two dimensional materials; technological and scientific advisory and consultancy services relating to electronic devices; technological and scientific advisory and consultancy services relating to manufacture; technological and scientific advisory and consultancy services relating to manufacture of devices incorporating 2D materials or processes associated with the manufacture of 2D-materials; advisory services relating to computer software; advisory services relating to material testing; analysis of technical data; biological analysis; biochemical research; biochemical analysis; bioelectronic analysis; analysis of biological signals; calibration [measuring]; chemical research; chemical research and analysis; chemical testing; chemistry services; consultancy relating to technical and scientific analysis; development and testing of computing methods, algorithms and software for processing telecommunication and navigation signals; development of computer hardware; electronic data storage; maintenance of software for computer systems; material testing; material testing and evaluation; design and development of electronic devices; design and development of graphene-based electronic devices; design and

development of biosensors; design and development of medical or veterinary diagnostic or screening components or equipment; product development relating to chemical functionalisation of graphene; technological and scientific advisory and consultancy services relating to generating electric signals from captured molecules; information, consultancy and advisory services relating to all the aforesaid services.

Goods and/or Services:

Class 09

Apparatus and instruments for scientific research in laboratories in the fields of nucleic acid sequencing, genotyping, genetic testing, and genetics; apparatus and instruments for scientific research in laboratories, namely, genetic sequencers; apparatus for producing, conducting, switching, transforming, regulating and controlling electrical energy; backpacks and carrying bags especially adapted for holding computers; cases, covers and sleeves for laptops; computer chips with embedded software for switching applications; computer hardware and software for use with population genetic sequencing, neonatal intensive care unit (NICU) and genetic disease research, genetic cancer research, agrigenomics, and clinical and translational research, all in the field of genomics; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; computer software for provisioning, deploying, configuring, managing, securing, optimizing, monitoring, backing-up, recovering, modeling, testing, storing, upgrading, diagnosing, fixing, analyzing, problem resolving, discovering, and using multiple operating systems, computer hardware, computer software, computer networks and virtual computing infrastructure; computer software, namely, an electronic financial trading platform for trading cryptocurrencies, blockchain tokens, and other digital assets; DMB [digital multimedia broadcasting]

televisions; DVD (digital versatile disc) players; diagnostic apparatus for the detection of pathogens for laboratory or research use in the fields of nucleic acid sequencing, genotyping, genetic testing, and genetics; digital power meter; digital media, namely, downloadable audio and video files featuring science fiction and drama-related television programming; downloadable electronic publications in the fields of nucleic acid sequencing, genotyping, diagnostics, diagnostic research, medical diagnostics, clinical diagnostics, veterinary diagnostics, medical forensics, laboratory medicine, veterinary medicine, clinical research, drug development, pharmaceuticals, laboratory research, scientific research, medical research, life sciences, biology, microbiology and metagenomics, biotechnology, agriculture, forensics, food safety, genetic testing, and genetics; downloadable electronic publications in the nature of research reports and white papers in the fields of technology, the Internet, software and wireless communications; downloadable mobile software applications for use in the delivery and distribution of audio, video and multimedia entertainment content including text, data, images, audio, video and audiovisual files; educational apparatus and instruments; electronic components, devices, and systems enabling wireless communication, namely, for, positioning, location, navigation, tracking, security, radar, imaging, sensing, and other communication which utilize ultra wideband technology therein, namely, ultra wideband mobile telephones, ultra wideband radar and ultra wideband positioning systems; electronic components, devices, and systems for wireless communication between devices, namely, for, positioning, location, navigation, tracking, security, radar, imaging, sensing, and other communication; Global Positioning System [GPS] navigation devices; integrated circuits, chips, modules, controllers for wireless communication, namely, for, positioning, location, navigation, tracking, security, radar, imaging, sensing, and other communication which utilize ultra wideband technology therein, namely, ultra wideband mobile telephones, ultra wideband radar and ultra wideband positioning systems; personal vehicle integration software, none of the aforesaid goods for professional photographic and cinematographic cameras

including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; scientific apparatus for use in diagnostic applications; scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; secure digital [SD] memory cards; software for virtual community, social networking, photo sharing, electronic media sharing, and encrypted or otherwise secured messaging and media transmission; virtual and augmented reality displays, goggles, controllers, and headsets; wireless communication equipment, namely, telecommunication equipment, computer communication equipment, and wireless interface controllers for wireless communication, namely, for, positioning, location, navigation, tracking, security, radar, imaging, sensing, and other communication; wireless handheld devices, namely, voice-controlled information devices comprised of cloud-connected and voice-controlled smart audio speakers with virtual personal assistant capabilities, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; analog-to-digital converters; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution of electricity; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the use of electricity; apparatus and instruments for research purposes; apparatus and instruments for scientific purposes; apparatus and instruments for scientific research in laboratories; apparatus and instruments for transferring, receiving and storing sound, images and data, both in digital and analog form; apparatus for conducting, switching, transforming,

accumulating, regulating or controlling electricity; apparatus for editing cinematographic film; apparatus for generating virtual images; apparatus for providing speed, geo-fence and curfew infraction notifications in automobiles, namely, speed indicators and time sensors [related to automobiles]; application programming interface (API) for computer software for developing virtual reality and augmented reality experiences; application programming interface (API) for use in developing AI (artificial intelligence) platforms, namely, bots, virtual agents and virtual assistants; audio and audiovisual recordings, all featuring music and musical entertainment; audio visual recordings in all media, featuring entertainment in the nature of an ongoing television series in the field of drama and science fiction; audiovisual games on computer hardware platforms; audiovisual recordings featuring music and musical entertainment; audiovisual teaching apparatus; augmented reality software for cinematography; augmented reality training simulation software in the field of cinematography; backpacks especially adapted for holding laptops and notebook computers; bioreactors for research use; blank digital audio tapes; blank digital recording and storage media; blank digital recording media; blank digital storage media; cases for satellite navigation devices; chromatogram analyzers for scientific or laboratory use; cinematographic and television films, namely, motion picture films in the nature of sports entertainment; cinematographic apparatus; cinematographic apparatus and instruments; cinematographic cameras; cinematographic machines and apparatus; cinematographic projectors; color filters for television and cinematographic cameras; compact digital cameras; compact discs, DVDs and other digital recording media; computer hardware and downloadable software for routing and switching, transmitting, processing, filtering, analyzing, securing, uploading, posting, displaying, tagging, editing, organizing, recording, and storing data, video, audio, voice traffic, packets, or other forms of communications; computer hardware and software for creating, facilitating, and managing remote access to and communication with local area networks (LANs), virtual private networks (VPN), wide area networks (WANs) and global computer networks; computer hardware and

software for interconnecting, establishing, managing, securing, monitoring, controlling, operating, virtualizing, optimizing, configuring, deploying, maintaining, accessing and troubleshooting router management protocols, network infrastructure, and local, wide, and global area networks; computer hardware and software for virtual currencies; computer hardware and software for virtualization; computer hardware for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, and digitized asset mining; computer hardware for electronic trading of virtual currency; computer hardware with embedded software for switching and routing applications; computer peripheral devices, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer programmes stored in digital form; computer programs for electronic trading of virtual currency; computer programs for processing digital music files; computer software applications for digital virtual agents, predictive systems, machine learning, cognitive process automation, pattern recognition, character recognition, visual computing applications, knowledge virtualisation, robotics, drones, and unmanned vehicles; computer software for accessing, browsing and searching online databases, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software for browsing and accessing digital content, computer software, computer games, audio works, visual works, audiovisual works, electronic publications, books, movies, and music; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices via wireless networks, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and

professional photographic and cinematographic software; computer software for creating digitized patterns; computer software for electronic trading of virtual currency; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer software for processing digital music files; computer software for providing security functionality in networks, such as providing firewall filters, access control, virtual private networks (VPN), interoperability with router security protocols and protection against network intrusion and viruses; computer software for retrieval, download, storage, transmission, and display of digital content, computer software, computer games, audio works, visual works, audiovisual works, electronic publications, books, movies, and music; computer software for use as an application programming interface (API), none of the aforesaid goods for professional photographic and cinematographic cameras; compact digital cameras; compact discs, DVDs and other digital recording media; computer hardware and downloadable software for routing and switching, transmitting, processing, filtering, analyzing, securing, uploading, posting, displaying, tagging, editing, organizing, recording, and storing data, video, audio, voice traffic, packets, or other forms of communications; computer hardware and software for creating, facilitating, and managing remote access to and communication with local area networks (LANs), virtual private networks (VPN), wide area networks (WANs) and global computer networks; computer hardware and software for interconnecting, establishing, managing, securing, monitoring, controlling, operating, virtualizing, optimizing, configuring, deploying, maintaining, accessing and troubleshooting router management protocols, network infrastructure, and local, wide, and global area networks; computer hardware and software for virtual currencies; computer hardware and software for virtualization; computer hardware for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, and digitized asset mining; computer hardware for electronic trading of virtual currency; computer hardware with embedded software for switching and routing applications; computer peripheral devices, none of the aforesaid goods for professional photographic and

cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer programmes stored in digital form; computer programs for electronic trading of virtual currency; computer programs for processing digital music files; computer software applications for digital virtual agents, predictive systems, machine learning, cognitive process automation, pattern recognition, character recognition, visual computing applications, knowledge virtualisation, robotics, drones, and unmanned vehicles; computer software for accessing, browsing and searching online databases, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software for browsing and accessing digital content, computer software, computer games, audio works, visual works, audiovisual works, electronic publications, books, movies, and music; computer software for configuration, provisioning, deployment, control, management and virtualization of computers, computer servers and data storage devices; computer software for connecting, operating, integrating, controlling, and managing networked consumer electronic devices via wireless networks, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software for creating digitized patterns; computer software for electronic trading of virtual currency; computer software for organizing and viewing digital images and photographs; computer software for processing digital images; computer software for processing digital music files; computer software for providing security functionality in networks, such as providing firewall filters, access control, virtual private networks (VPN), interoperability with router security protocols and protection against network intrusion and viruses; computer software for retrieval, download, storage, transmission, and display of digital content, computer software, computer games, audio works, visual works,

audiovisual works, electronic publications, books, movies, and music; computer software for use as an application programming interface (API), none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software for use in personal computers, laptops, PDAs, PIMs, mobile telephones, digital appliances, virtual machines, virtual appliances, other mobile computing and communications devices, and automobiles and other vehicles or transportation devices, to manage, enhance and optimize the computing resources of such devices; computer software for use in retail store operation and ordering services for a wide variety of consumer goods, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software for virtual telephone cards; computer software relating to education, educational training, educational research and psychological testing; computer software that allows users to customize their viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video, and audiovisual elements by users in the fields of music, video, sports, news, commentary, weather, entertainment, fashion, finance, food, music, inspiration, health, lifestyle, travel, parenting, science, technology, culture, and wellness; computer software to enhance the audiovisual capabilities of multimedia applications; computer software used for controlling stand-alone voice controlled information and personal assistant devices, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software used for controlling wireless handheld devices, gaming devices, and toys, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional

photographic and cinematographic software; computer software, namely, open network application platform for the development, deployment, testing, configuration, monitoring, and hosting of network applications; conductivity meters being scientific measuring instruments; covers for digital media players; covers for personal digital assistants [PDAs]; devices for the projection of virtual keyboards; diaphragms for scientific apparatus; digital audio broadcasting [DAB] radios; digital audio players; digital audio recorders; digital audio tape players; digital audio tape recorders; digital audio tapes; digital bathroom scales; digital book readers; digital books downloadable from the Internet; digital books, downloadable; digital cameras; digital cameras for industrial use; digital cellular phones; digital color photocopiers; digital color printers; digital compact disc players; digital compact discs; digital controls for robots; digital door locks; digital egg timers; digital force gauges; digital function generators; digital meat thermometers; digital media, namely, digital video discs, digital versatile discs, downloadable audio and video recordings, DVDs, and high definition digital discs featuring pre-recorded television series in the fields of science fiction and drama; digital mixing desks; digital music (downloadable from the Internet); digital music downloadable from the Internet; digital music players; digital music recorders and players; digital notepads; digital organizers; digital photo frames; digital plotters; digital projectors; digital recording media; digital recording media, namely, audio and audiovisual recordings, all featuring music and musical entertainment; digital signs; digital single lens reflex cameras; digital single-lens reflex [DSLR] cameras; digital tablets; digital telecommunications apparatus; digital telephones; digital thermometers, not for medical purposes; digital transmitters; digital video cameras; digital video recorders; digital voice recorders; digital voice signal processors; digital-to-analog converters; distillation apparatus for scientific purposes; docking stations for digital music players; downloadable audio, video and audiovisual content provided via computer and communications networks featuring TV shows and video recordings all featuring subjects of general human interest; downloadable audiovisual files featuring animation targeted primarily to children and

young adults; all of the aforementioned goods are only in connection with an animated entertainment series targeted primarily to children and young adults and featuring two fictional characters, one of whom is an anthropomorphic apple and the other an anthropomorphic vegetable; downloadable audiovisual recordings featuring music and musical entertainment; downloadable computer programs used for smartphones and personal digital assistants; downloadable digital music provided from MP3 Internet web sites; downloadable digital music provided from the Internet; downloadable motion picture films in the nature of fantasy and science fiction; downloadable software for the transmission, streaming, browsing, organizing, display and accessing of digital content, audiovisual works, electronic publications, books, movies, and television shows; downloadable sound and audiovisual recordings featuring entertainment and music; downloadable television programming featuring drama and science fiction distributed via the Internet and wireless communications (software); downloadable television programs and other short form entertainment programs in the nature of fantasy and science fiction; downloadable television programs and other short form entertainment programs in the nature of fantasy and science fiction; downloadable templates for designing audiovisual presentations; downloadable virtual goods namely computer software programs featuring in-game resources for use in video games and online virtual worlds; downloadable virtual goods namely computer software programs featuring tokens for use in video games and online virtual worlds; downloadable virtual goods namely computer software programs featuring virtual currency for use in video games and online virtual worlds; downloadable virtual reality game software for playing video games; electronic controllers for use with virtual reality headsets; electronic devices capable of using wireless technology to set one or more geofences for monitoring the location of pets and communicating when a geofence is breached; electronic navigational and positioning apparatus and instruments; electronic navigational instruments; electronic navigational, tracking and positioning apparatus and instruments; electronic virtual reality gloves; game programs for virtual reality, augmented reality and mixed reality;

glass tubes for scientific purposes; goggles for enabling virtual reality, augmented reality world experiences; handheld virtual reality controllers; headsets for virtual reality games; holders, armbands, clips and carrying cases specially adapted for mobile electronic devices; home automation and home device integration software, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; ionization apparatus for scientific or laboratory use; leather cases / cases for mobile phones that have NFC chips; levelling rods for surveying; levelling staffs [surveying instruments]; media players, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; motion tracking sensors for virtual reality technology; navigational instruments and professional photographic and cinematographic software; computer software for use in personal computers, laptops, PDAs, PIMs, mobile telephones, digital appliances, virtual machines, virtual appliances, other mobile computing and communications devices, and automobiles and other vehicles or transportation devices, to manage, enhance and optimize the computing resources of such devices; computer software for use in retail store operation and ordering services for a wide variety of consumer goods, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software for virtual telephone cards; computer software relating to education, educational training, educational research and psychological testing; computer software that allows users to customize their viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video, and audiovisual elements by users in the fields of music, video, sports, news, commentary, weather, entertainment, fashion, finance, food, music, inspiration, health, lifestyle, travel, parenting, science,

technology, culture, and wellness; computer software to enhance the audiovisual capabilities of multimedia applications; computer software used for controlling stand-alone voice controlled information and personal assistant devices, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software used for controlling wireless handheld devices, gaming devices, and toys, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; computer software, namely, open network application platform for the development, deployment, testing, configuration, monitoring, and hosting of network applications; conductivity meters being scientific measuring instruments; covers for digital media players; covers for personal digital assistants [PDAs]; devices for the projection of virtual keyboards; diaphragms for scientific apparatus; digital audio broadcasting [DAB] radios; digital audio players; digital audio recorders; digital audio tape players; digital audio tape recorders; digital audio tapes; digital bathroom scales; digital book readers; digital books downloadable from the Internet; digital books, downloadable; digital cameras; digital cameras for industrial use; digital cellular phones; digital color photocopiers; digital color printers; digital compact disc players; digital compact discs; digital controls for robots; digital door locks; digital egg timers; digital force gauges; digital function generators; digital meat thermometers; digital media, namely, digital video discs, digital versatile discs, downloadable audio and video recordings, DVDs, and high definition digital discs featuring pre-recorded television series in the fields of science fiction and drama; digital mixing desks; digital music (downloadable from the Internet); digital music downloadable from the Internet; digital music players; digital music recorders and players; digital notepads; digital organizers; digital photo frames; digital plotters; digital projectors; digital recording media; digital recording media, namely, audio and audiovisual recordings, all featuring music and musical

entertainment; digital signs; digital single lens reflex cameras; digital single-lens reflex [DSLR] cameras; digital tablets; digital telecommunications apparatus; digital telephones; digital thermometers, not for medical purposes; digital transmitters; digital video cameras; digital video recorders; digital voice recorders; digital voice signal processors; digital-to-analog converters; distillation apparatus for scientific purposes; docking stations for digital music players; downloadable audio, video and audiovisual content provided via computer and communications networks featuring TV shows and video recordings all featuring subjects of general human interest; downloadable audiovisual files featuring animation targeted primarily to children and young adults; all of the aforementioned goods are only in connection with an animated entertainment series targeted primarily to children and young adults and featuring two fictional characters, one of whom is an anthropomorphic apple and the other an anthropomorphic vegetable; downloadable audiovisual recordings featuring music and musical entertainment; downloadable computer programs used for smartphones and personal digital assistants; downloadable digital music provided from MP3 Internet web sites; downloadable digital music provided from the Internet; downloadable motion picture films in the nature of fantasy and science fiction; downloadable software for the transmission, streaming, browsing, organizing, display and accessing of digital content, audiovisual works, electronic publications, books, movies, and television shows; downloadable sound and audiovisual recordings featuring entertainment and music; downloadable television programming featuring drama and science fiction distributed via the Internet and wireless communications (software); downloadable television programs and other short form entertainment programs in the nature of fantasy and science fiction; downloadable television programs and other short form entertainment programs in the nature of fantasy and science fiction; downloadable templates for designing audiovisual presentations; downloadable virtual goods namely computer software programs featuring in-game resources for use in video games and online virtual worlds; downloadable virtual goods namely computer software programs featuring tokens for use in video games

and online virtual worlds; downloadable virtual goods namely computer software programs featuring virtual currency for use in video games and online virtual worlds; downloadable virtual reality game software for playing video games; electronic controllers for use with virtual reality headsets; electronic devices capable of using wireless technology to set one or more geofences for monitoring the location of pets and communicating when a geofence is breached; electronic navigational and positioning apparatus and instruments; electronic navigational instruments; electronic navigational, tracking and positioning apparatus and instruments; electronic virtual reality gloves; game programs for virtual reality, augmented reality and mixed reality; goggles for enabling virtual reality, augmented reality world experiences; handheld virtual reality controllers; headsets for virtual reality games; holders, armbands, clips and carrying cases specially adapted for mobile electronic devices; home automation and home device integration software, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; ionization apparatus for scientific or laboratory use; leather cases / cases for mobile phones that have NFC chips; levelling rods for surveying; levelling staffs [surveying instruments]; media players, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; motion tracking sensors for virtual reality technology; navigational apparatus for automobiles; navigational buoys; navigational instruments; needles for surveying compasses; personal assistant software, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; photographic and cinematographic apparatus and instruments; photographic, cinematographic and optical apparatus and instruments; pre-recorded discs, namely, digital video discs, digital versatile discs, DVDs, and

high definition digital discs featuring science fiction and drama-related television programming; projection screens for cinematographic films; protective cases for personal digital assistants [PDAs]; protective covers and cases for tablet computers and mobile devices; radiometers for use in research; recorded virtual reality software for playing video games; research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids; scientific apparatus; scientific apparatus; scientific apparatus and instruments; scientific apparatus for use in diagnostic applications; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], life-saving and teaching apparatus and instruments; scientific, optical, measuring, signalling and checking apparatus and instruments; screen protectors made of polyethylene terephthalate [PET] specially adapted for personal digital assistants; screen protectors made of tempered glass specially adapted for personal digital assistants; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for personal digital assistants; selfie sticks for use with digital cameras; sensors for scientific use; sensors for scientific use to be worn by a human to gather human biometric data; simulation software for use in digital computers; smart audio speakers that are controlled with sound with the ability of a virtual personal assistant; software and hardware for use as a virtual currency wallet; software and hardware for use in electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software and hardware to stream audiovisual and multimedia content via the internet and global communication networks; software applications for mobile or wireless devices and computers devices for enabling electronic, mobile and online banking; software for GPS navigation systems; software for business organization and business process virtualization and management; software for computer network operation, management, automation and virtualization; software for creating a decentralized and open source digitized asset for use in blockchain-based transactions; software for creating a decentralized

and open source virtual currency for use in blockchain-based transactions; software for creating and managing a blockchain platform for use in managing digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; software for creating, managing and accessing groups within virtual communities; software for employers to conduct surveys of employees and analyze feedback and responses; software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; software for navigating a virtual reality environment; software for providing online electronic trading platforms and online electronic marketplaces; software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for streaming audio-visual media content via a global computer network and to mobile and digital electronic devices; software for tracking motion in, visualizing, manipulating, viewing, and displaying augmented and virtual reality experiences; software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; software for use in creating and designing virtual reality and augmented reality software; software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality and augmented reality experiences; software for use in facilitating the use of a blockchain or distributed electronic ledger to execute and record financial transactions, namely, financial trades made with the use of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility

tokens; software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use in managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; software for use in payments, purchases, and investments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use with virtual currency; software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for virtual communities for users to organize groups and events, participate in discussions, and engage in social, business, and community networking; software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens or utility tokens that allow users to buy from, and sell products and services to others; software providing a virtual marketplace; software that allows users to create profiles and participate in a social network in the field of blockchain and distributed ledger technologies; software used in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software-defined infrastructure software, namely, software for virtualization; sound and audiovisual recordings featuring entertainment and music; speech to text conversion software, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic

specific accessories therefor and professional photographic and cinematographic software; surveying and mapping instrument; surveying apparatus and instruments; telecommunications apparatus for use with all voice signal processors; digital-to-analog converters; distillation apparatus for scientific purposes; docking stations for digital music players; downloadable audio, video and audiovisual content provided via computer and communications networks featuring TV shows and video recordings all featuring subjects of general human interest; downloadable audiovisual files featuring animation targeted primarily to children and young adults; all of the aforementioned goods are only in connection with an animated entertainment series targeted primarily to children and young adults and featuring two fictional characters, one of whom is an anthropomorphic apple and the other an anthropomorphic vegetable; downloadable audiovisual recordings featuring music and musical entertainment; downloadable computer programs used for smartphones and personal digital assistants; downloadable digital music provided from MP3 Internet web sites; downloadable digital music provided from the Internet; downloadable motion picture films in the nature of fantasy and science fiction; downloadable software for the transmission, streaming, browsing, organizing, display and accessing of digital content, audiovisual works, electronic publications, books, movies, and television shows; downloadable sound and audiovisual recordings featuring entertainment and music; downloadable television programming featuring drama and science fiction distributed via the Internet and wireless communications (software); downloadable television programs and other short form entertainment programs in the nature of fantasy and science fiction; downloadable television programs and other short form entertainment programs in the nature of fantasy and science fiction; downloadable templates for designing audiovisual presentations; downloadable virtual goods namely computer software programs featuring in-game resources for use in video games and online virtual worlds; downloadable virtual goods namely computer software programs featuring virtual currency for use in video games and online virtual worlds; downloadable virtual reality game software for

playing video games; electronic controllers for use with virtual reality headsets; electronic devices capable of using wireless technology to set one or more geofences for monitoring the location of pets and communicating when a geofence is breached; electronic navigational and positioning apparatus and instruments; electronic navigational instruments; electronic navigational, tracking and positioning apparatus and instruments; electronic virtual reality gloves; game programs for virtual reality, augmented reality and mixed reality; glass tubes for scientific purposes; goggles for enabling virtual reality, augmented reality world experiences; handheld virtual reality controllers; headsets for virtual reality games; holders, armbands, clips and carrying cases specially adapted for mobile electronic devices; home automation and home device integration software, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; ionization apparatus for scientific or laboratory use; leather cases / cases for mobile phones that have NFC chips; levelling rods for surveying levelling staffs [surveying instruments]; media players, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; motion tracking sensors for virtual reality technology; navigational apparatus for automobiles; navigational buoys; navigational instruments; needles for surveying compasses; personal assistant software, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; photographic and cinematographic apparatus and instruments; photographic, cinematographic and optical apparatus and instruments; pre-recorded discs, namely, digital video discs, digital versatile discs, DVDs, and high definition digital discs featuring science fiction and drama-related television programming; projection screens for cinematographic films; protective cases for

personal digital assistants [PDAs]; protective covers and cases for tablet computers and mobile devices; radiometers for use in research; recorded virtual reality software for playing video games; research laboratory analyzers for measuring, testing and analyzing blood and other bodily fluids; scientific apparatus; scientific apparatus; scientific apparatus and instruments; scientific apparatus for use in diagnostic applications; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking [supervision], life-saving and teaching apparatus and instruments; scientific, optical, measuring, signalling and checking apparatus and instruments; screen protectors made of polyethylene terephthalate [PET] specially adapted for personal digital assistants; screen protectors made of tempered glass specially adapted for personal digital assistants; screen protectors made of thermoplastic polyurethane [TPU] specially adapted for personal digital assistants; selfie sticks for use with digital cameras; sensors for scientific use; sensors for scientific use to be worn by a human to gather human biometric data; simulation software for use in digital computers; smart audio speakers that are controlled with sound with the ability of a virtual personal assistant; software and hardware for use as a virtual currency wallet; software and hardware for use in electronically exchanging currency for digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software and hardware to stream audiovisual and multimedia content via the internet and global communication networks; software applications for mobile or wireless devices and computers devices for enabling electronic, mobile and online banking; software for GPS navigation systems; software for business organization and business process virtualization and management; software for computer network operation, management, automation and virtualization; software for creating a decentralized and open source digitized asset for use in blockchain-based transactions; software for creating a decentralized and open source virtual currency for use in blockchain-based transactions; software for creating and managing a blockchain platform for use in managing digital currency,

virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token accounts; software for creating, managing and accessing groups within virtual communities; software for employers to conduct surveys of employees and analyze feedback and responses; software for managing and validating digital currency, virtual currency, cryptocurrency, digital asset, blockchain asset, digitized asset, digital token, crypto token and utility token transactions; software for managing social networking content, interacting with a virtual community, and transmission of images, audio, audio-visual and video content, photographs, videos, data, text, messages, comments, advertisements, media advertising communications and information; software for navigating a virtual reality environment software for providing online electronic trading platforms and online electronic marketplaces; software for sending, receiving, accepting, buying, selling, storing, transmitting, trading and exchanging digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for streaming audio-visual media content via a global computer network and to mobile and digital electronic devices; software for tracking motion in, visualizing, manipulating, viewing, and displaying augmented and virtual reality experiences; software for transfers of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens between parties; software for use in creating and designing virtual reality and augmented reality software; software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality and augmented reality experiences; software for use in facilitating the use of a blockchain or distributed electronic ledger to execute and record financial transactions, namely, financial trades made with the use of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use in managing portfolios of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto

tokens and utility tokens; software for use in managing the conversion of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens into hard currency; software for use in payments, purchases, and investments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for use with virtual currency; software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for users to buy and sell products by using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software for virtual communities for users to organize groups and events, participate in discussions, and engage in social, business, and community networking; software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens or utility tokens that allow users to buy from, and sell products and services to others; software providing a virtual marketplace; software that allows users to create profiles and participate in a social network in the field of blockchain and distributed ledger technologies; software used in issuing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software which facilitates the ability of users to view, analyze, record, store, monitor, manage, trade and exchange digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; software-defined infrastructure software, namely, software for virtualization; sound and audiovisual recordings featuring entertainment and music; speech to text conversion software, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; surveying and mapping instrument; surveying apparatus and instruments;

telecommunications apparatus for use with digital and analog signals; temperature meters for scientific use; temperature monitors for scientific purposes; tripods for surveying apparatus; virtual private network [VPN] hardware; virtual private network [VPN] operating software; virtual reality computer game software; virtual reality computer hardware; virtual reality game computer hardware; virtual reality game software; virtual reality glasses; virtual reality headsets adapted for use in playing video games; virtual reality headsets and helmets adapted for use in playing video games; computer e-commerce software for virtual reality shopping environment; virtual reality software; virtual reality software for cinematography; virtual reality software for education; virtual reality software for interactive entertainment; virtual reality software for navigating a virtual reality environment; virtual reality software for object tracking, motion control and content visualization; virtual reality software for operating virtual reality headsets; virtual reality software for pilot training; virtual reality software for playing computer games; virtual reality software for use in enabling computers, video game consoles, handheld video game consoles, tablet computers, mobile devices, and mobile telephones to provide virtual reality experiences; virtual reality software for users to experience virtual reality visualization, manipulation and immersion; virtual reality training simulation software in the field of air traffic control; virtual reality training simulation software in the field of aviation; virtual reality training simulation software in the field of cinematography; virtual reality training simulation software in the field of education; virtual reality training simulation software in the field of engineering; virtual reality training simulation software in the field of Information technology; virtual reality training simulation software in the field of science; virtual reality training simulation software in the field of security; voice command and recognition software, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; voice-enabled software applications for personal information management, none of the aforesaid

goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software; wearable computing devices comprised primarily of software and display screens for connection to computers, tablet computers, mobile devices, and mobile phones in order to enable virtual reality and augmented reality world experiences; wireless controllers to monitor and control the functioning of other electronic devices, none of the aforesaid goods for professional photographic and cinematographic cameras including professional photographic and cinematographic specific accessories therefor and professional photographic and cinematographic software.

Class 35

Advertising by transmission of on-line publicity for third parties through electronic communications networks; advertising services provided in relation to wholesale and retail of metal hardware; business administration services provided in relation to wholesale and retail of metal hardware; business management services provided in relation to wholesale and retail of metal hardware; commercial intermediary services for heating apparatus; commercial intermediary services in the field of portable communications apparatus namely handsets, walkie-talkies, satellite telephones and personal digital assistants [PDA], mobile phones; customer relationship management exclusively related to electronic cigarettes, tobacco heating devices, electronic smoking devices and batteries and battery chargers for electronic cigarettes, tobacco heating devices and electronic smoking devices; electronic commerce services, namely, providing online retail store services featuring computer game software, games, clothing; import and export agency services for metal hardware; market studies in relation to wholesale and retail of metal hardware; marketing services provided by means of digital networks via an internet portal directed to customers of packaged products; office functions services provided in relation to wholesale and retail of metal hardware; on-line advertising on computer networks; on-line

auctioneering services; on-line employment agencies via global computer networks; on-line retail sale services; on-line retail services relating to footwear; on-line retail services relating to hats; on-line retail services relating to headgear; on-line retail services relating to lingerie; on-line retail services relating to shoes; on-line retail services relating to underwear; on-line retail store services featuring hats; on-line retail store services featuring lingerie; on-line retail store services featuring shoes; on-line retail store services featuring underwear; online advertising; online retail store services featuring computer software programs, computer games, audio recordings, electronic publications, books, movies, music, videos, and TV programs; providing an online marketplace for buyers and sellers of goods and services; organization, operation and supervision of virtual currency businesses; procurement of goods on behalf of other businesses; inventory management; marketing and retail sale services [by any means] of goods; provision of an online marketplace for buyers and sellers of goods and services; advertising services, namely advertising services through online electronic communication networks; retail services relating to textiles, non-medicated toilet preparations, grooming products, grooming kits, carrying cases, books, candles, audio equipment, headphones, speaker docks, wireless speakers, in-ear phones; retail store services and online retail ordering services in the field of hardware, indoor and outdoor home accessories, sporting goods, home improvement goods, and housewares; retail sale services, wholesale services, mail order retail and wholesale services, and bringing together, for others, of a variety of goods, namely, gardening articles, namely hand-operated tools for gardening, watering cans and planters, DIY articles, namely nails, toolboxes, wrenches, hammers, screwdrivers, bolts and locks, childcare articles, namely feeding bottles, pushchairs, prams, baby scales, bathtubs, brush goods, gymnastic articles and apparatus, games and playthings, press articles, namely printed matter and books, music, namely musical instruments, stationery, telecommunications, telephony (including mobile telephony), audio-visual and multimedia goods, namely televisions (liquid crystal displays (LCDs), plasma, cathode ray tube), players/recorders,

speakers, netbooks, digital cameras, digital photograph frames, digital camcorders, compact discs and CD-ROMs, digital video discs (digital versatile discs (DVDs)), high density digital versatile discs (HD-DVDs), optical storage discs, portable players and readers (personal stereos), car radios, converters, encoders, recorders, writers, keypads, digital games, games consoles, mobile telephones, wireless telephones, screens, clock radios, hi-fi systems, turntables, amplifiers, players and readers, tuners, speakers, home cinema systems, amplifiers for home cinema systems, plasma screens, video projectors, computer software, films, global positioning systems (GPS), computing goods, namely computers and computer peripherals, central processing units, monitors, laser printers, multifunction printers, inkjet printers, hard disks, USB keys, memory cards, floppy disks, agri-foodstuffs and beverages (alcoholic and non-alcoholic), vehicles, tobacco and smokers articles and souvenirs, namely articles of wood, metal, ceramics, glass, paper, cardboard, leather and imitations of leather, fabric or textile, fur, synthetic fibres, slate, cane, cork, reed, wicker, horn, bone, celluloid and substitutes for all these materials, or of plastics, reproducing or containing a reproduction of a monument or evoking a district, town, city, region or country (excluding the transport thereof), enabling customers to view and purchase those goods by all kinds of means; arranging and conducting sales events for others of electronic applied machines, apparatus and their parts; arranging and conducting sales events for others of heating apparatus; computerised on-line wholesale and retail store services; wholesale services in relation to information technology equipment; advertising and business management consultancy; advertising and promotional services; assisting others in preparing and filing applications for obtaining a business license; association services being the promotion of the commercial interests of professionals and businesses in the field of mobile software application development; business advisory and consultancy services in the field of business management; business file management; business Information management; business management; business management advice and assistance; business management and administration; business management and

consultancy services; business management for franchise operation; business management for freelance service providers; business management of actors; business management of airports; business management of an airline company; business management of apartments; business management of artists; business management of authors and writers; business management of car parking facilities; business management of companies; business management of conference centers; business management of discotheques; business management of entertainers; business management of entertainment events and presentations; business management of environmental protection; business management of hospitals; business management of hotels; business management of hotels for others; business management of models; business management of movie studios; business management of musical performers; business management of musicians; business management of performing artists; business management of professional athletes; business management of resort hotels; business management of restaurants; business management of retail outlets; business management of sports people; business management of summer camps; business management of theaters; business management of veterinary practices; business management of wholesale and retail outlets; business management of wholesale outlets; business management planning; business management services; business management services of hotels; business management supervision; business networking services in the field of business management; business project management; business records management; business reputation management and improvement services; business risk management; business risk management services; business services in the field of project management; business services in the field of strategic management; commercial business management; negotiation and conclusion of commercial transactions for third parties via computer program application; compilation of information relating to information technology; compiling indexes of information using blockchain technology; computerized business file management; conducting interactive virtual auctions; conducting on-line business management research

surveys; conducting trade shows for industry professionals in the fields of online video production and distribution, user generated content, and online advertising; conducting virtual trade show exhibitions on-line; provision of advertising space; distributorship services in the field of computer game software, video games, computer games, game programs, downloadable content for computer games and video games; hotel business management for others; interim business management; management and operation of recycling business; management of business projects for others; administration of customer loyalty and incentive schemes including customer loyalty card schemes, incentive schemes, bonus schemes; on-line retail store services featuring entertainment and educational content, namely, subscriptions to movies and television shows; on-line retail store services featuring entertainment and educational content, namely, subscriptions to movies and television shows; on-line retail store services featuring information technology equipment; on-line retail store services featuring physical therapy equipment; on-line wholesale store services featuring information technology equipment; on-line wholesale store services featuring yarns; online marketing services; online retail store services featuring streamed and downloadable pre-recorded audio, video and audiovisual content; online retail services; online retail store services featuring a wide variety of consumer goods of others, gift cards, virtual reality headsets, and virtual reality content and data; online retail store services featuring musical sound recordings, downloadable musical sound recordings, t-shirts, clothing, headwear, and footwear; online retail store services featuring virtual reality and augmented reality headsets, games, content and digital media; organization and management of customer loyalty programs exclusively relating to hotels for others; business management of models; business management of movie studios; business management of musical performers; business management of musicians; business management of performing artists; business management of professional athletes; business management of resort hotels; business management of restaurants; business management of retail outlets; business management of sports people;

business management of summer camps; business management of theaters; business management of veterinary practices; business management of wholesale and retail outlets; business management of wholesale outlets; business management planning; business management services; business management services of hotels; business management supervision; business networking services in the field of business management; business project management; business records management; business reputation management and improvement services; business risk management; business risk management services; business services in the field of project management; business services in the field of strategic management; commercial business management; negotiation and conclusion of commercial transactions for third parties via computer program application; compilation of information relating to information technology; compiling indexes of information using blockchain technology; computerized business file management; conducting interactive virtual auctions; conducting on-line business management research surveys; conducting trade shows for industry professionals in the fields of online video production and distribution, user generated content, and online advertising; conducting virtual trade show exhibitions on-line; provision of advertising space; distributorship services in the field of computer game software, video games, computer games, game programs, downloadable content for computer games and video games; hotel business management for others; interim business management; management and operation of recycling business; management of business projects for others; administration of customer loyalty and incentive schemes including customer loyalty card schemes, incentive schemes, bonus schemes; on-line retail store services featuring entertainment and educational content, namely, subscriptions to movies and television shows; on-line retail store services featuring entertainment and educational content, namely, subscriptions to movies and television shows; on-line retail store services featuring information technology equipment; on-line retail store services featuring physical therapy equipment; on-line wholesale store services featuring information technology equipment; on-line

wholesale store services featuring yarns; online marketing services; online retail store services featuring streamed and downloadable pre-recorded audio, video and audiovisual content; online retail services; online retail store services featuring a wide variety of consumer goods of others, gift cards, virtual reality headsets, and virtual reality content and data; online retail store services featuring musical sound recordings, downloadable musical sound recordings, t-shirts, clothing, headwear, and footwear; online retail store services featuring virtual reality and augmented reality headsets, games, content and digital media; organization and management of customer loyalty programs exclusively related to electronic cigarettes, tobacco heating devices, electronic smoking devices and batteries and battery chargers for electronic cigarettes, tobacco heating devices and electronic smoking devices; organizing and conducting events, exhibitions and expositions for commercial purposes in the interactive entertainment, virtual reality, consumer electronics and video game entertainment industries; organizing exhibitions and events in the field of software and hardware development for commercial or advertising purposes; promoting the commercial and business interests of professionals in the mobile software application development provided by an association for its members; promotion of the commercial interests of professionals and businesses in the field of mobile software application development provided by an association to its members; provision of an online marketplace for buyers and sellers of virtual goods; providing assistance in the field of business management; providing business advice and information in the field of blockchain technology and cryptocurrency asset management; providing business advice in the field of blockchain technology and cryptocurrency; providing business information in the field of blockchain technology and cryptocurrency; providing business information in the field of blockchain technology and virtual currencies; providing business management for charitable organizations; providing information concerning commercial sales of computer software; providing information in the field of business management; providing information in the field of business management and project management; providing

information on sales and sales ranking of electronic game software; providing space on mobile devices, software applications, and websites for advertising goods and services; provision of an online marketplace; provision of business management information; provision of space on web sites for advertising goods and services; restaurant business management for others; retail services for hearing protection devices; retail services for information technology equipment; retail services in relation to computer hardware; retail services or wholesale services for game software for home video game machines and hand-held games with liquid crystal displays; retail services relating to information technology equipment; retail services, online retail services, wholesale and direct-mail retail services relating to the sale of CD players, CD radio cassettes, CD ROMs, chains and cords for spectacles and sunglasses, clothing for protection against accidents, radiation and fire, company magazines downloaded via the internet, computer application software, computer application software for portable, mobile, handheld and tablet devices, computer game and video game programs, computer game software, computer games, computer games hardware, computer hardware, computer peripherals, computer programs, computer software, computers, laptop and notebook computers, digital audio tapes, digital versatile discs, divers apparatus, downloadable electronic publications, downloadable interactive computer game and video game software and programs, ear plugs, elbow pads, shields and protectors, electric power cables, electrical apparatus and instruments, electrical domestic appliances, electronic publications distributed via email, encoded cards and magnetic encoders, encoded chip cards containing programming used for financial applications, loyalty programs, rewards programs and card holder preferences, eyeglass cases, eyeglasses, eyewear, spectacles, sun glasses, sports goggles and eyewear, swimming goggles, face shields, filters for respiratory masks, floats for bathing and swimming, frames and lenses for spectacles and sunglasses, frames for glasses, goggles for use in sports, graphic equalisers, headphones, headsets, helmets (excluding cycling helmets), holders adapted for mobile phones, holograms, joysticks for use with

computers, knee pads, shield and protectors, laptop carrying cases, laptop covers, lenses for eyewear, spectacles and sunglasses, life belts, jackets and buoys, luggage scales, magnetic data carriers, recording discs, magnets, magnifying glasses, mobile phone covers, mobile phone straps, mouth protectors (gum shields), MP3 players and portable and handheld digital electronic devices for recording, organising, transmitting, manipulating, and reviewing text, data, audio and video files, navigation apparatus for vehicles [on-board computers], odontoguards, office machines, pedometers, personal stereos, phone appliances, plastic covered cards bearing printed matter [encoded], plugs, sockets and other contacts [electric connections], programmable timers, protection devices for personal use against accidents, protective clothing and accessories, protective clothing for diving, protective clothing for participants in motor sports [for the prevention of accidents], protective clothing, headgear and footwear for use in sport, protective glasses, sunglasses and goggles, record players, remote control apparatus, safety survival suits, satellite navigational apparatus, security encoded cards, signalling whistles, magnetic coded cards, electronic data carrier cards, chip cards, socks, electrically heated, speakers, speaker cables, spectacle holders, sports helmets and visors, straps and cases for eyewear and sunglasses, swimming goggles, telecommunication installations, apparatus and instruments, telephone apparatus, telephones, television apparatus and instruments, televisions, digital storage devices, video apparatus and instruments, video disc players, video game software, video games, video recording machines, virtual reality computer game and video game programs, virtual reality computer game and video game software, virtual reality headsets and helmets, visual display units, wearable video display monitors; retail store services and online retail store services featuring clothing, footwear, headgear, sports articles, stationery, apparatus for recording, transmission and reproduction of sound and images, books, newspapers, magazines, publications, video games, toys, dolls, badges of all kinds, key rings, tickets, watches and jewelry, bags, luggage, briefcases, umbrellas, flags and pennants, alcoholic and non-alcoholic beverages,

confectionery, interactive entertainment and education products, interactive compact disks, CD-ROMs and computer games, downloadable mobile applications, and computer programs; retail store services featuring computer, electronic and entertainment products, telecommunications apparatus, mobile phones, handheld mobile digital electronic devices, and other consumer electronics, computer software, and accessories, peripherals, parts, and carrying cases for such products, provided via the Internet and other computer, electronic and communications networks; retail store services featuring information technology equipment; sales agency services, namely, retail store services, online retail store services, wholesale store services featuring cosmetics and cosmetic kits; negotiation and conclusion of commercial transactions for third parties via computer program application; secretarial services for companies; the bringing together, for the benefit of others, of clothing, headgear and footwear, jewellery, watches, fashion accessories, textiles, cosmetics, non-medicated toilet preparations, grooming products, grooming kits, non-medicated toiletries [cosmetics], eye wear, carrying cases, leather goods, cases and covers for mobile phones, tablets, laptops, luggage, luggage tags, passport holders and covers, wallets, handbags and all manner of bags, books, candles, audio equipment, headphones, speaker docks, wireless speakers and in-ear phones, enabling customers to conveniently view and purchase those goods; distribution of advertising materials related to electronic cigarettes, tobacco heating devices, electronic smoking devices and batteries and battery chargers for electronic cigarettes, tobacco heating devices and electronic smoking devices; organizing and conducting events, exhibitions and expositions for commercial purposes in the interactive entertainment, virtual reality, consumer electronics and video game entertainment industries; organizing exhibitions and events in the field of software and hardware development for commercial or advertising purposes; promoting the commercial and business interests of professionals in the mobile software application development provided by an association for its members; promotion of the commercial interests of professionals and businesses in the field of mobile software application development

provided by an association to its members; provision of an online marketplace for buyers and sellers of virtual goods; providing assistance in the field of business management; providing business advice and information in the field of blockchain technology and cryptocurrency asset management; providing business advice in the field of blockchain technology and cryptocurrency; providing business information in the field of blockchain technology and cryptocurrency; providing business information in the field of blockchain technology and virtual currencies; providing business management for charitable organizations; providing information concerning commercial sales of computer software; providing information in the field of business management; providing information in the field of business management and project management; providing information on sales and sales ranking of electronic game software; providing space on mobile devices, software applications, and websites for advertising goods and services; provision of an online marketplace; provision of business management information; provision of space on web sites for advertising goods and services; restaurant business management for others; retail services for hearing protection devices; retail services for information technology equipment; retail services in relation to computer hardware; retail services or wholesale services for game software for home video game machines and hand-held games with liquid crystal displays; retail services relating to information technology equipment; retail services, online retail services, wholesale and direct-mail retail services relating to the sale of CD players, CD radio cassettes, CD ROMs, chains and cords for spectacles and sunglasses, clothing for protection against accidents, radiation and fire, company magazines downloaded via the internet, computer application software, computer application software for portable, mobile, handheld and tablet devices, computer game and video game programs, computer game software, computer games, computer games hardware, computer hardware, computer peripherals, computer programs, computer software, computers, laptop and notebook computers, digital audio tapes, digital versatile discs, divers apparatus, downloadable electronic publications, downloadable interactive computer game and video game software and

programs, ear plugs, elbow pads, shields and protectors, electric power cables, electrical apparatus and instruments, electrical domestic appliances, electronic publications distributed via email, encoded cards and magnetic encoders, encoded chip cards containing programming used for financial applications, loyalty programs, rewards programs and card holder preferences, eyeglass cases, eyeglasses, eyewear, spectacles, sun glasses, sports goggles and eyewear, swimming goggles, face shields, filters for respiratory masks, floats for bathing and swimming, frames and lenses for spectacles and sunglasses, frames for glasses, goggles for use in sports, graphic equalisers, headphones, headsets, helmets (excluding cycling helmets), holders adapted for mobile phones, holograms, joysticks for use with computers, knee pads, shield and protectors, laptop carrying cases, laptop covers, lenses for eyewear, spectacles and sunglasses, life belts, jackets and buoys, luggage scales, magnetic data carriers, recording discs, magnets, magnifying glasses, mobile phone covers, mobile phone straps, mouth protectors (gum shields), MP3 players, navigation apparatus for vehicles [on-board computers], odontoguards, office machines, pedometers, personal stereos, phone appliances, plastic covered cards bearing printed matter [encoded], plugs, sockets and other contacts [electric connections], programmable timers, protection devices for personal use against accidents, protective clothing and accessories, protective clothing for diving, protective clothing for participants in motor sports [for the prevention of accidents], protective clothing, headgear and footwear for use in sport, protective glasses, sunglasses and goggles, record players, remote control apparatus, safety survival suits, satellite navigational apparatus, security encoded cards, signalling whistles, magnetic coded cards, electronic data carrier cards, chip cards, socks, electrically heated, speakers, speaker cables, spectacle holders, sports helmets and visors, straps and cases for eyewear and sunglasses, swimming goggles, telecommunication installations, apparatus and instruments, telephone apparatus, telephones, television apparatus and instruments, televisions, digital storage devices, video apparatus and instruments, video disc players, video game software, video

games, video recording machines, virtual reality computer game and video game programs, virtual reality computer game and video game software, virtual reality headsets and helmets, visual display units, wearable video display monitors; retail store services and online retail store services featuring clothing, footwear, headgear, sports articles, stationery, apparatus for recording, transmission and reproduction of sound and images, books, newspapers, magazines, publications, video games, toys, dolls, badges of all kinds, key rings, tickets, watches and jewelry, bags, luggage, briefcases, umbrellas, flags and pennants, alcoholic and non-alcoholic beverages, confectionery, interactive entertainment and education products, interactive compact disks, CD-ROMs and computer games, downloadable mobile applications, and computer programs; retail store services featuring computer, electronic and entertainment products, telecommunications apparatus, mobile phones, handheld mobile digital electronic devices, and other consumer electronics, computer software, and accessories, peripherals, parts, and carrying cases for such products, provided via the Internet and other computer, electronic and communications networks; retail store services featuring information technology equipment; sales agency services, namely, retail store services, online retail store services, wholesale store services featuring cosmetics and cosmetic kits; negotiation and conclusion of commercial transactions for third parties via computer program application; secretarial services for companies; distribution of advertising materials; on-line retail sale services from an internet website in relation to textiles, non-medicated toilet preparations, grooming products, grooming kits, carrying cases, books, candles, audio equipment, headphones, speaker docks, wireless speakers, in-ear phones; retail sale services via a mail order catalogue in relation to clothing, headgear and footwear, jewellery, watches, fashion accessories, textiles, cosmetics, non-medicated toilet preparations, grooming products, grooming kits, non-medicated toiletries [cosmetics], eye wear, carrying cases, leather goods, cases and covers for mobile phones, tablets, laptops, luggage, luggage tags, passport holders and covers, wallets, handbags and all manner of bags, books, candles, audio equipment, headphones, speaker docks,

wireless speakers, in-ear phones, electronic smoking devices and batteries and battery chargers for electronic cigarettes, tobacco heating devices and electronic smoking devices; voice advertisement services; wholesale services for information technology equipment; wholesale services relating to information technology equipment; wholesale store services featuring information technology equipment, virtual reality helmets, holders adapted for mobile phones, holograms, joysticks for use with computers, knee pads, shield and protectors, laptop carrying cases, laptop covers, lenses for eyewear, spectacles and sunglasses, life belts, jackets and buoys, luggage scales, magnetic data carriers, recording discs, magnets, magnifying glasses, mobile phone covers, mobile phone straps, mouth protectors (gum shields), MP3 players and portable and handheld digital electronic devices for recording, organising, transmitting, manipulating, and reviewing text, data, audio and video files, navigation apparatus for vehicles [on-board computers], office machines, pedometers, personal stereos, phone appliances, plastic covered cards bearing printed matter [encoded], plugs, sockets and other contacts [electric connections], programmable timers, protection devices for personal use against accidents, protective clothing and accessories, protective clothing for diving, protective clothing for participants in motor sports [for the prevention of accidents], protective clothing, headgear and footwear for use in sport, protective glasses, sunglasses and goggles, record players, remote control apparatus, safety survival suits, satellite navigational apparatus, security encoded cards, signalling whistles, magnetic coded cards, electronic data carrier cards, chip cards, socks, electrically heated, speakers, speaker cables, spectacle holders, sports helmets and visors, straps and cases for eyewear and sunglasses, swimming goggles, telecommunication installations, apparatus and instruments, telephone apparatus, telephones, television apparatus and instruments, televisions, digital storage devices, video apparatus and instruments, video disc players, video game software, video games, video recording machines, virtual reality computer game and video game programs, virtual reality computer game and video game software, virtual reality headsets and helmets,

visual display units, wearable video display monitors; retail store services and online retail store services featuring clothing, footwear, headgear, sports articles, stationery, apparatus for recording, transmission and reproduction of sound and images, books, newspapers, magazines, publications, video games, toys, dolls, badges of all kinds, key rings, tickets, watches and jewelry, bags, luggage, briefcases, umbrellas, flags and pennants, alcoholic and non-alcoholic beverages, confectionery, interactive entertainment and education products, interactive compact disks, CD-ROMs and computer games, downloadable mobile applications, and computer programs; retail store services featuring computer, electronic and entertainment products, telecommunications apparatus, mobile phones, handheld mobile digital electronic devices, and other consumer electronics, computer software, and accessories, peripherals, parts, and carrying cases for such products, provided via the Internet and other computer, electronic and communications networks; retail store services featuring information technology equipment; sales agency services, namely, retail store services, online retail store services, wholesale store services featuring cosmetics and cosmetic kits; negotiation and conclusion of commercial transactions for third parties via computer program application; secretarial services for companies; distribution of advertising materials; on-line retail sale services from an internet website in relation to textiles, non-medicated toilet preparations, grooming products, grooming kits, carrying cases, books, candles, audio equipment, headphones, speaker docks, wireless speakers, in-ear phones; retail sale services via a mail order catalogue in relation to clothing, headgear and footwear, jewellery, watches, fashion accessories, textiles, cosmetics, non-medicated toilet preparations, grooming products, grooming kits, non-medicated toiletries [cosmetics], eye wear, carrying cases, leather goods, cases and covers for mobile phones, tablets, laptops, luggage, luggage tags, passport holders and covers, wallets, handbags and all manner of bags, books, candles, audio equipment, headphones, speaker docks, wireless speakers, in-ear phones; voice advertisement services; wholesale services for information technology equipment; wholesale services relating to information

technology equipment; wholesale store services featuring information technology equipment; compilation of computerized databases in the field of virtual currency.

Class 38

Broadcasting and streaming of live and pre-recorded audio-visual, multimedia, and digital content for others via wireless networks, the Internet, cable, satellite, and global, regional, and local computer networks, in the fields of news, entertainment, sports, comedy, drama, music, and music videos; digital broadcasting; information, advisory and consultancy services relating to services for communication by electronic means, services for communication by wireless means, internet communication services, telecommunication services via computer network in relation to the communication of information between data banks, electronic bulletin board services [telecommunications services], electronic mail services, providing telecommunications connections to a global computer network, information about telecommunication, telecommunications consultancy, computer aided transmission of messages and images, transmission of digital files, providing internet chatrooms, providing online forums, streaming of data, streaming of digital media content on the Internet, teleconferencing services, wireless broadcasting, transmission of news, providing access to databases, providing user access to global computer networks, rental of access time to global computer networks, providing on-line communications links which transfer the web site user to other local and global web pages, providing telecommunication channels for teleshopping services, telecommunication services relating to commerce, telecommunication services relating to electronic payments, telecommunication services relating to wireless payments, providing online entertainment forums, communication services between data banks; integrated services digital network [ISDN] services; internet broadcasting services, namely, broadcasting and streaming of audio and video recordings of live events and meetings to remote attendees; providing access to online social network services; providing access to platforms and portals on the Internet for digital marketing

directed to customers of packaged products; providing access to internet website portal in the fields of technology and software development that enables users to track and manage inventory of networking equipment and software, obtain information about software releases, receive security alerts and software bug reports, repair information and troubleshooting tools in the nature of online, non-downloadable diagnostic software customized for users computer networking and telecommunications equipment; providing access to an online database of information regarding telecommunications and the Internet; consultancy services relating to web-based teleconferencing and video conferencing; providing on-line forums for transmission of messages among computer users concerning the development, planning, and conducting of multimedia presentations, online meetings, online events, online training, online sales, and online marketing; providing online and telecommunications access for interaction between and among users of mobile communication devices; providing online chat rooms and interactive discussion forums for transmission of messages among participants in and players of computer and video games; providing online chat rooms in the field of general interest; providing online communication services for transmission of messages among video game computer users; providing online communications links which transfer website users to other game related local and global web pages; providing online electronic bulletin boards and forums for transmission of messages and photos among computer users in the field of travel; providing online entertainment forums; providing online forums for transmission of messages and data among computer users; providing online forums in the technology, telecommunications, and communications fields; providing real-time multimedia communication services via a website on the Internet for scheduling and managing calendars, contacts, online meetings, telephone conferencing, and video conferencing; telecommunication services, namely, providing web-based multimedia teleconferencing, videoconferencing, and network conferencing services that allow simultaneous and asynchronous viewing, sharing, editing, and discussion of documents, data, and images by participants via a

web browser; telecommunications services, namely, web conferencing services for facilitating online collaboration and training of remote employees of business and government organizations; telecommunications, namely, communication via portable electronic devices, portable media players, portable digital devices, speakers, smart speakers, audio speakers, loudspeakers, amplifiers, for transmitting, accessing, receiving, uploading, downloading, encoding, decoding, streaming, displaying, storing, caching, and transferring voice, audio, visual images, data, books, photos, videos, text, content, audiovisual works, multimedia works, literary works, files, and other electronic works; transmission of video and text via the applications for mobile devices; transmission of billing digital files for online content; providing online chatroom services for a collaborative community of medical professionals; automatic transfer of digital data using telecommunications channels; broadcasting of audio, video, and multimedia content by means of radio, cellular communication, wireless communication, the internet, computers, mobile devices, electronic communications networks, and computer networks; broadcasting and electronic transmission of images, graphics, illustrations, sound, texts, audiovisual and multimedia content or any other kind of data over the internet and through websites; broadcasting and electronic transmission of programs, films, images, music, games, excerpts and texts via any technological means to television sets, personal computers and recorders, wireless receivers, telephones and mobile phones, public displays and any other device or facility capable of receiving such content; communication by computer and mobile electronic devices; rental of communication devices and appliances; communication services in the nature of data and voice connections to enable online, real-time engagement among users, their environment, and content providers via the internet, including for internet of things applications; communication services, namely, transmitting, receiving, downloading, streaming, and broadcasting of text, images, audio, video and data via mobile devices, smart devices, portable electronic devices, portable digital devices, tablets, computers, TVs, TV receivers, and set-top-boxes; communication through various online / online and non-online / non-online social

media facilities; communication via computer terminals, by digital transmission or by satellite; communication via virtual private networks [VPN]; communications via analog and digital computer terminals; providing access to a database featuring business news and information, business corporate filings, and business reports for legal and compliance research; providing access to online electronic computer databases featuring securities information via a global computer network; delivery of digital music by electronic transmission; delivery of digital music by telecommunications; digital audio broadcasting; digital data transfer; digital data transfer services; digital network communication services; digital network telecommunications services; digital text messaging; digital transmission of data; digital transmission of data via the Internet; digital transmission of images; digital transmission of messages; digital transmission services; digital transmission services for audio and video data; electronic and digital transmission of voice, data, images, signals and messages; electronic transmission and streaming of digital media content for others via global and local computer networks; electronic transmission of data and documents via computer terminals and electronic devices; electronic transmission of data and documents via electronic devices; electronic transmission of data, messages, images, and documents via computer networks, mobile devices, and the internet; electronic transmission of digital photo files among Internet users; electronic transmission of digital photo files via a peer-to-peer network; transmission of greeting cards online; information transmission via digital networks; information, consultancy and advisory services relating to rental of telecommunication devices and equipment enabling connection to networks; information, consultancy and advisory services relating to rental of wireless modems; interactive delivery of video via digital networks; interactive transmission of video via digital networks; internet and digital transmission services for audio, video, or graphical data; internet broadcasting specializing in on-line games; on-line document delivery via a global computer network; on-line message sending services; telecommunications services for exchanging messages, text, photos, images, videos, audio content, multimedia

content, electronic files, information, and data; online information transmission; online radio broadcasting; online television broadcasting; peer-to-peer sharing services, namely, electronic transmission of digital photo and video files among internet users; providing access to a web-based on-line portal that provides customers access to their sales account information, transportation logistics information in the nature of the current location of products on order, inventory management information, and product promotion information, all in the field of chemicals and chemical products; providing access in the nature of providing telecommunication connectivity services to electronic devices for the transfer of images, messages, audio, visual, audiovisual and multimedia works among mobile devices, smart devices, portable electronic devices, portable digital devices, tablets, computers, TVs, TV receivers, and set-top boxes; providing access services to online network data; providing access to Internet platforms for the purpose of exchanging digital photographs; providing access to application software for use on mobile telephones and other mobile devices; providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating; providing access to computer, electronic and on-line databases; providing access to digital music web sites on the Internet; providing access to interactive electronic and online databases of user-defined content by digital transmission or by satellite; communication via virtual private networks [VPN]; communications via analog and digital computer terminals; providing access to a database featuring business news and information, business corporate filings, and business reports for legal and compliance research; providing access to online electronic computer databases featuring securities information via a global computer network; delivery of digital music by electronic transmission; delivery of digital music by telecommunications; digital audio broadcasting; digital data transfer; digital data transfer services; digital network communication services; digital network telecommunications services; digital text messaging; digital transmission of data; digital transmission of data via the Internet; digital transmission of images; digital

transmission of messages; digital transmission services; digital transmission services for audio and video data; electronic and digital transmission of voice, data, images, signals and messages; electronic transmission and streaming of digital media content for others via global and local computer networks; electronic transmission of data and documents via computer terminals and electronic devices; electronic transmission of data and documents via electronic devices; electronic transmission of data, messages, images, and documents via computer networks, mobile devices, and the internet; electronic transmission of digital photo files among Internet users; electronic transmission of digital photo files via a peer-to-peer network; transmission of greeting cards online; information transmission via digital networks; information, consultancy and advisory services relating to rental of telecommunication devices and equipment enabling connection to networks; information, consultancy and advisory services relating to rental of wireless modems; interactive delivery of video via digital networks; interactive transmission of video via digital networks; internet and digital transmission services for audio, video, or graphical data; internet broadcasting specializing in on-line games; on-line document delivery via a global computer network; on-line message sending services; telecommunications services for exchanging messages, text, photos, images, videos, audio content, multimedia content, electronic files, information, and data; online information transmission; online radio broadcasting; online television broadcasting; peer-to-peer sharing services, namely, electronic transmission of digital photo and video files among internet users; providing access to a web-based on-line portal that provides customers access to their sales account information, transportation logistics information in the nature of the current location of products on order, inventory management information, and product promotion information, all in the field of chemicals and chemical products; providing access in the nature of providing telecommunication connectivity services to electronic devices for the transfer of images, messages, audio, visual, audiovisual and multimedia works among mobile devices, smart devices, portable electronic devices, portable digital devices, tablets,

computers, TVs, and TV receivers; providing access services to online network data; providing access to Internet platforms for the purpose of exchanging digital photographs; providing access to application software for use on mobile telephones and other mobile devices; providing access to computer databases and online searchable databases in the fields of social networking, social introduction and dating; providing access to computer, electronic and on-line databases; providing access to digital music web sites on the Internet; providing access to interactive electronic and online databases of user-defined content, third-party content, photos, video, audio, visual, and audio-visual material in the field of general interest; providing access to multimedia content on-line; providing access to multimedia content on-line; providing access to on-line chat lines; providing access to on-line chatrooms; providing access to on-line databases; providing access to on-line forums; providing access to online databases, forums and chatrooms; providing access to online forums, chat rooms, list servers for transmission and delivery of messages and blogs over wireless networks, the Internet, cable, satellite, and global, regional, and local computer networks; providing access to web sites on the internet via computers, mobile phones and other electronic devices; providing access to websites on the internet or any other communications network for the purposes of a virtual reality shopping service; providing access via data networks to software for Internet access; providing an interactive on-line forum for people affected by cancer; providing an interactive on-line forum to offer emotional support to cancer patients and their families; providing an on-line forum for the sharing of text, photos, images, videos, audio content, multimedia content, electronic files, information, and data; providing an online community forum for users to share and stream information, audio, video, entertainment content, or information, to form virtual communities, and to engage in social networking; providing an online community forum for users to share and stream information, audio, video, real-time news, entertainment content, or information, to form virtual communities, and to engage in social networking; providing an online interactive bulletin board [telecommunications services];

providing message boards or interactive discussion forums, namely, providing on-line chatrooms and electronic bulletin boards for transmission of messages among participants in and players of computer and video games; providing on-line access to data; providing on-line access to databases; providing on-line chat rooms and bulletin boards for transmission of messages among computer users concerning general merchandise and general consumer goods, product reviews and product purchasing information; providing on-line chatroom services; providing on-line chatrooms and electronic bulletin boards for transmission of messages among computer users; providing on-line chatrooms and electronic bulletin boards for transmission of messages among users in the field of general interest; providing on-line chatrooms for social networking; providing on-line chatrooms for the transmission of messages, comments and multimedia content among users; providing on-line chatrooms for transmission of messages among computer users; providing on-line electronic bulletin boards for transmission of messages among computer users; providing on-line facsimile transmission services; providing online access to electronic trading platforms, electronic marketplaces and electronic financial and crossing exchanges; providing online chat rooms and electronic bulletin/message boards for transmission of messages among users in the field of general interest and for playing games; providing online chat rooms, instant messaging services, and electronic bulletin boards; providing online chat rooms, online forums, and electronic bulletin boards for transmission of messages among computer and electronic game users; providing online communications links which transfer mobile device and internet users to other local and global online locations; providing online electronic bulletin boards for the transmission of messages among computer users in the field of consumer product information; providing online electronic bulletin boards for transmission and delivery of messages among users in the field of general interest; providing online forums; providing online forums and listservers for transmission and delivery of messages featuring current event reporting, entertainment, sports, comedy, drama, music, and music videos; providing

online forums for communication on topics of general interest; providing online forums for the transmission of messages, comments and multimedia content among users; providing online forums for transmission of messages among computer users; providing online forums for transmission of messages among mobile phone users; providing online forums for transmission of messages, comments and multimedia content among users; providing online video streaming services; providing user access to a global computer network and on-line sites containing information on a wide range of topics; providing user access to the internet and other online systems; provision of on-line communications services; provision of online forums; provision of online forums and chat rooms; telephone services and computer telephony services for members of a membership scheme including customer loyalty card schemes, incentive schemes, bonus schemes, reward cards and discount cards; rental of online access time to computer databases; rental of telecommunication devices and equipment enabling connection to networks; rental of wireless modems; streaming of digital media content for others; streaming of digital media content for others; telecommunications services, namely, electronic transmission of virtual reality content and data; television broadcasting to mobile devices, namely, mobile phones, smartphones, portable electronic devices, portable digital devices, tablets, computers, TVs, TV receivers and set-top boxes; text and numeric wireless digital messaging services; transfer of data via on-line services; transfer of digital data via telecommunication; transfer of information and data via on-line services; transfer of information and data via on-line services and the Internet; transfer of information via on-line services; electronic transfer of photographs and digital images onto discs or other electronic media; transmission and delivery of live and pre-recorded audio-visual, multimedia, and digital content for others via wireless networks, the Internet, cable, satellite, and global, regional, and local computer networks; transmission and delivery of non-downloadable and downloadable audio-visual, multimedia, and digital content in the nature of clips from motion pictures, television programming, videos, music videos, and music; transmission of advertising programs and media

advertising communications via digital communications networks; transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; transmission of digital audio and video broadcasts over a global computer network; transmission of digital files; transmission of digital files, electronic mails; transmission of digital information; transmission of digital music; transmission of greeting cards online; transmission of images between mobile telecommunications devices; transmission of information on-line; transmission of information relating to online shopping and general retail services; transmission of messages and images between mobile telecommunications devices; transmission of mobile contents via online networks; transmission of short messages [SMS] between mobile telecommunications devices; transmission of sound and images, photos, video, audio, visual, and audio-visual material in the field of general interest; providing access to multimedia content on-line; providing access to multimedia content on-line; providing access to on-line chat lines; providing access to on-line chatrooms; providing access to on-line databases; providing access to on-line forums; providing access to online databases, forums and chatrooms; providing access to online forums, chat rooms, listservers for transmission and delivery of messages and blogs over wireless networks, the Internet, cable, satellite, and global, regional, and local computer networks; providing access to web sites on the internet via computers, mobile phones and other electronic devices; providing access to websites on the internet or any other communications network for the purposes of a virtual reality shopping service; providing access via data networks to software for Internet access; providing an interactive on-line forum for people affected by cancer; providing an interactive on-line forum to offer emotional support to cancer patients and their families; providing an on-line forum for the sharing of text, photos, images, videos, audio content, multimedia content, electronic files, information, and data; providing an online community forum for users to share and stream information, audio, video, entertainment content, or information, to form virtual communities, and to engage in social networking; providing an online community forum for users to share and

stream information, audio, video, real-time news, entertainment content, or information, to form virtual communities, and to engage in social networking; providing an online interactive bulletin board [telecommunications services]; providing message boards or interactive discussion forums, namely, providing on-line chatrooms and electronic bulletin boards for transmission of messages among participants in and players of computer and video games; providing on-line access to data; providing on-line access to databases; providing on-line chat rooms and bulletin boards for transmission of messages among computer users concerning general merchandise and general consumer goods, product reviews and product purchasing information; providing on-line chatroom services; providing on-line chatrooms and electronic bulletin boards for transmission of messages among computer users; providing on-line chatrooms and electronic bulletin boards for transmission of messages among users in the field of general interest; providing on-line chatrooms for social networking; providing on-line chatrooms for the transmission of messages, comments and multimedia content among users; providing on-line chatrooms for transmission of messages among computer users; providing on-line electronic bulletin boards for transmission of messages among computer users; providing on-line facsimile transmission services; providing online access to electronic trading platforms, electronic marketplaces and electronic financial and crossing exchanges; providing online chat rooms and electronic bulletin/message boards for transmission of messages among users in the field of general interest and for playing games; providing online chat rooms, instant messaging services, and electronic bulletin boards; providing online chat rooms, online forums, and electronic bulletin boards for transmission of messages among computer and electronic game users; providing online communications links which transfer mobile device and internet users to other local and global online locations; providing online electronic bulletin boards for the transmission of messages among computer users in the field of consumer product information; providing online electronic bulletin boards for transmission and delivery of messages among users in

the field of general interest; providing online forums; providing online forums and listservers for transmission and delivery of messages featuring current event reporting, entertainment, sports, comedy, drama, music, and music videos; providing online forums for communication on topics of general interest; providing online forums for the transmission of messages, comments and multimedia content among users; providing online forums for transmission of messages among computer users; providing online forums for transmission of messages among mobile phone users; providing online forums for transmission of messages, comments and multimedia content among users; providing online video streaming services; providing user access to a global computer network and on-line sites containing information on a wide range of topics; providing user access to the internet and other online systems; provision of on-line communications services; provision of online forums; provision of online forums and chat rooms; telephone services and computer telephony services for members of a membership scheme including customer loyalty card schemes, incentive schemes, bonus schemes, reward cards and discount cards; rental of online access time to computer databases; rental of telecommunication devices and equipment enabling connection to networks; rental of wireless modems; streaming of digital media content for others; streaming of digital media content for others; telecommunications services, namely, electronic transmission of virtual reality content and data; television broadcasting to mobile devices, namely, mobile phones, smartphones, portable electronic devices, portable digital devices, tablets, computers, TVs, TV receivers and set-top boxes; text and numeric wireless digital messaging services; transfer of data via on-line services; transfer of digital data via telecommunication; transfer of information and data via on-line services; transfer of information and data via on-line services and the Internet; transfer of information via on-line services; transfer of photographs and digital images onto discs or other electronic media; transmission and delivery of live and pre-recorded audio-visual, multimedia, and digital content for others via wireless networks, the Internet, cable, satellite, and global, regional, and local computer networks; transmission and

delivery of non-downloadable and downloadable audio-visual, multimedia, and digital content in the nature of clips from motion pictures, television programming, videos, music videos, and music; transmission of advertising programs and media advertising communications via digital communications networks; transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; transmission of digital audio and video broadcasts over a global computer network; transmission of digital files; transmission of digital files, electronic mails; transmission of digital information; transmission of digital music; transmission of greeting cards online; transmission of images between mobile telecommunications devices; transmission of information on-line; transmission of information relating to online shopping and general retail services; transmission of messages and images between mobile telecommunications devices; transmission of mobile contents via online networks; transmission of short messages [SMS] between mobile telecommunications devices; transmission of sound and images between mobile telecommunications devices; transmission of text messages via cellular telephones and mobile devices; video transmission via digital networks; virtual chatrooms established via text messaging; wireless communication services, namely, transmission of television programs and motion pictures to mobile devices; wireless digital messaging services; wireless electronic transmission of digital information; wireless transfer of data via digital mobile telephony; providing online forums; providing online forums and listservers for transmission and delivery of messages featuring current event reporting, entertainment, sports, comedy, drama, music, and music videos; providing online forums for communication on topics of general interest; providing online forums for the transmission of messages, comments and multimedia content among users; providing online forums for transmission of messages among computer users; providing online forums for transmission of messages among mobile phone users; providing online forums for transmission of messages, comments and multimedia content among users; providing online video streaming services; providing user access to a global computer network and on-line

sites containing information on a wide range of topics; providing user access to the internet and other online systems; provision of on-line communications services; provision of online forums; provision of online forums and chat rooms; telephone services and computer telephony services for members of a membership scheme including customer loyalty card schemes, incentive schemes, bonus schemes, reward cards and discount cards; rental of online access time to computer databases; rental of telecommunication devices and equipment enabling connection to networks; rental of wireless modems; streaming of digital media content for others; streaming of digital media content for others; telecommunications services, namely, electronic transmission of virtual reality content and data; television broadcasting to mobile devices, namely, mobile phones, smartphones, portable electronic devices, portable digital devices, tablets, computers, TVs, TV receivers and set-top boxes; text and numeric wireless digital messaging services; transfer of data via on-line services; transfer of digital data via telecommunication; transfer of information and data via on-line services; transfer of information and data via on-line services and the Internet; transfer of information via on-line services; transfer of photographs and digital images onto discs or other electronic media; transmission and delivery of live and pre-recorded audio-visual, multimedia, and digital content for others via wireless networks, the Internet, cable, satellite, and global, regional, and local computer networks; transmission and delivery of non-downloadable and downloadable audio-visual, multimedia, and digital content in the nature of clips from motion pictures, television programming, videos, music videos, and music; transmission of advertising programs and media advertising communications via digital communications networks; transmission of data by audio-visual apparatus controlled by data processing apparatus or computers; transmission of digital audio and video broadcasts over a global computer network; transmission of digital files; transmission of digital files, electronic mails; transmission of digital information; transmission of digital music; transmission of greeting cards online; transmission of images between mobile telecommunications devices; transmission of information on-line;

transmission of information relating to online shopping and general retail services; transmission of messages and images between mobile telecommunications devices; transmission of mobile contents via online networks; transmission of short messages [SMS] between mobile telecommunications devices; transmission of sound and images between mobile telecommunications devices; transmission of text messages via cellular telephones and mobile devices; video transmission via digital networks; virtual chatrooms established via text messaging; wireless communication services, namely, transmission of television programs and motion pictures to mobile devices; wireless digital messaging services; wireless electronic transmission of digital information; wireless transfer of data via digital mobile telephony; providing access time to computer programs for use with virtual currency transactions; providing access to computer databases and online searchable databases in the fields of social networking and social introduction; providing access to computer databases and online searchable databases in the fields of social networking and social introduction.

Class 42

Advisory services relating to planning applications; application program design, creation or maintenance; application service provider (ASP) featuring software for uploading, recording, posting, viewing, displaying, editing, organizing, transmitting and sharing videos, images, audio, data, presentations, documents, voice and multimedia content; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, accessing, posting, displaying, tagging, blogging, streaming, linking, sharing, collecting, organizing, editing, promoting, storing or otherwise providing electronic media or information over communication networks; application service provider (ASP) services featuring software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; application service provider featuring application programming interface (API) software and software

development tools for use in enabling cloud communication services; providing online non-downloadable web-based applications; computer design and development; computer software support services; computer and technology services for securing computer data; computer technology advice provided to internet users by means of a support hotline; configuration of computer systems and networks in the field of virtual currency transactions; consulting in the field of cloud computing networks and applications; consulting in the field of cloud computing networks and applications in connection with platforms for digital marketing directed to customers of packaged products; consulting in the field of cloud computing networks and applications in connection with platforms for end-to-end tracing of packaging and packaged products; creating and maintaining web sites in the field of virtual currency; design and development of operating software for cloud computing networks in connection with platforms for digital marketing directed to customers of packaged products; design, programming, or maintenance of computer software used for brokerage of purchase, sale and exchange of virtual currency; development of application software for food ordering; development of automated laboratory equipment and systems, and computer hardware for collecting, storing, analyzing, sharing and reporting biological, genetic, clinical, medical, and diagnostic information, and for sample tracking and managing projects, laboratory workflow and data to the order and specification of others, all the foregoing in the fields of nucleic acid sequencing, genotyping, medical diagnostics, veterinary diagnostics, clinical diagnostics, medical research, veterinary research, diagnostic research, clinical research, drug development, drug development research, medical laboratory research, veterinary science and research, life sciences, biology, microbiology, biotechnology, agriculture, forensics, food safety, metagenomics, genetic testing and genetics; engineering and design services in the field of aerospace applications; hosting an online network service that enables users to store, analyze and share data in the fields of nucleic acid sequencing, genotyping, genetic testing, and genetics; hosting an online network service that enables users to store, analyze and

share data in the fields of nucleic acid sequencing, genotyping, medical diagnostics, veterinary diagnostics, clinical diagnostics, medical research, veterinary research, diagnostic research, clinical research, drug development, drug development research, medical laboratory research, veterinary science and research, life sciences, biology, microbiology, biotechnology, agriculture, forensics, food safety, metagenomics, genetic testing, and genetics; hosting electronic memory space on the internet for media, site, video, social media set-up, newspaper and advertising services (in the network); hosting of computerized data, files, applications and information; infrastructure-as-a-service in the nature of technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of public and private cloud computing IT and application systems; installation, maintenance, and repair of the computer software components of a virtual computing infrastructure; providing temporary use of online non-downloadable software for interconnecting, establishing, managing, securing, monitoring, controlling, operating, virtualizing, optimizing, configuring, deploying, maintaining, accessing and troubleshooting router management protocols, network infrastructure, and local, wide, and global area networks; computer project management in the field of virtual currency management; platform as a service (PAAS) featuring a computer software platform that enables users to access and track health data, obtain health and wellness information, set health and wellness goals, administer and participate in health and wellness challenges and initiatives, and participate in digital coaching in the field of health and wellness; providing a secured-access, members only website featuring technology that gives registered internet networked medical professionals the ability to network, communicate and share data for the purposes of medical diagnosis and evaluations of medical imagery; providing temporary use of online non-downloadable software featuring technology that enables online users to create personal profiles featuring social networking information; providing temporary use of online non-downloadable computer software for use with virtual currency transactions; hosting interactive websites and providing

online non-downloadable computer software applications for the posting and sharing of reviews, survey and ratings relating to entertainment, arts and cultural events, concerts, live performances, competitions, fairs, festivals and exhibitions; providing non-downloadable computer software for use in the delivery, distribution and transmission of digital music and entertainment-related audio, video, text and multimedia content; providing online non-downloadable software for facilitating the interoperability of multiple software applications; providing online non-downloadable software in the nature of a trading platform for trading of cryptocurrencies, blockchain tokens, and other digital assets; providing temporary use of non-downloadable software applications for use in connection with searching, reserving, booking, and checking into fitness and wellness activities; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network in connection with platforms for digital marketing directed to customers of packaged products; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network in connection with platforms for digital marketing directed to customers of packaged products; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network in connection with platforms for end-to-end tracing of packaging and packaged products; providing temporary use of online non-downloadable software for accessing and using a cloud computing network in connection with platforms for digital marketing directed to customers of packaged products; providing temporary use of online non-downloadable software for accessing and using a cloud computing network in connection with platforms for end-to-end tracing of packaging and packaged products; providing temporary use of online non-downloadable software for accessing and using a cloud computing network in connection with platforms for end-to-end tracing of packaging and packaged products; providing temporary use of

online non-downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, and managing digital currency payment and exchange transactions; providing temporary use of online non-downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, and managing digital currency payment and exchange transactions; providing virtual computer environments through cloud computing in connection with platforms for digital marketing directed to customers of packaged products; providing virtual computer environments through cloud computing in connection with platforms for end-to-end tracing of packaging and packaged products; providing virtual computer systems through cloud computing in connection with platforms for digital marketing directed to customers of packaged products; providing virtual computer systems through cloud computing in connection with platforms for end-to-end tracing of packaging and packaged products; provision of consultancy, advisory services and information relating to design and development of computer hardware, computer software, telecommunication equipment, mobile phones, smart phones, tablet computers, laptop computers and handheld devices and accessories, wired and wireless communication devices, and digital electronic devices, computer security, computer services, computer services relating to financial and investment analysis system, computer services relating to interconnection of computer hardware and software, computer software consultancy, application software design, computer programming, computer systems analysis, computer system design, information technology, computer database development; providing online non-downloadable software in the nature of a trading platform for trading of cryptocurrencies, blockchain tokens, and other digital assets; providing temporary use of non-downloadable software applications for use in connection with searching, reserving, booking, and checking into fitness and wellness activities; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network in connection with platforms for digital marketing directed to customers of packaged products; providing temporary

use of on-line non-downloadable operating software for accessing and using a cloud computing network in connection with platforms for digital marketing directed to customers of packaged products; providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network in connection with platforms for end-to-end tracing of packaging and packaged products; providing temporary use of online non-downloadable software for accessing and using a cloud computing network in connection with platforms for digital marketing directed to customers of packaged products; providing temporary use of online non-downloadable software for accessing and using a cloud computing network in connection with platforms for end-to-end tracing of packaging and packaged products; providing temporary use of online non-downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, and managing digital currency payment and exchange transactions; providing temporary use of online non-downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, and managing digital currency payment and exchange transactions; providing virtual computer environments through cloud computing in connection with platforms for digital marketing directed to customers of packaged products; providing virtual computer environments through cloud computing in connection with platforms for end-to-end tracing of packaging and packaged products; providing virtual computer systems through cloud computing in connection with platforms for digital marketing directed to customers of packaged products; providing virtual computer systems through cloud computing in connection with platforms for end-to-end tracing of packaging and packaged products; provision of consultancy, advisory services

and information relating to design and development of computer hardware, computer software, telecommunication equipment, mobile phones, smart phones, tablet computers, laptop computers and handheld devices and accessories, wired and wireless communication devices, and digital electronic devices, computer security, computer services, computer services relating to financial and investment analysis system, computer services relating to interconnection of computer hardware and software, computer software consultancy, application software design, computer programming, computer systems analysis, computer system design, information technology, computer database development, conversion of data or documents from physical to electronic media, data conversion of computer programs and data [not physical conversion], computer service relating to creating indexes of information, sites and resources on computer networks, computer services relating to compiling and processing of computerized data, creating and maintaining web sites; hosting web sites, server hosting, rental and leasing of computer software, computer peripherals, computer hardware, computer systems, electronic data processing installation, unlocking of mobile phones, smart phones, computers, and digital electronic devices, providing non-downloadable software using artificial intelligence and/or machine learning enabling users to obtain, search, purchase, select, manage, analyse, evaluate information relating to warranty, investment, insurance and/or reinsurance services, providing non-downloadable software for investment, financial transaction processing and management, designing, creating and hosting an online platform for processing electronic payment, financial transaction, financial management and administration via global communications network, computer services in relation to providing an interactive website featuring technology that allows users to enter, access, search, exchange, and synthesize information and generate reports for use in selection and management of insurance, reinsurance, warranty and/or investment plan, application service provider (ASP) services featuring hosting computer software applications of others, application service provider (ASP) services featuring software for creating, authoring, distributing,

downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text, graphics, images, audio, video, and multimedia content, and electronic publications, providing online non-downloadable software; providing search engines for obtaining data via the internet and other electronic communications networks; computer services relating to creating indexes of online information, sites and other resources available on global computer networks for others, application service provider (ASP) featuring software for use in database management, platform as a service (PAAS) featuring computer software platforms for use in database management, software as a service (SAAS) services featuring software for use in database management, research and development of new products for others; scientific research in the field of social media; providing temporary use of online non-downloadable computer software applications for transmission of electronic communications; software as a service (SaaS) services featuring compiler programs, debugger programs, and utility programs for creating mobile software applications; software as a service (SaaS) services featuring software for enabling users to communicate, collaborate, and share computer screens, desktops, data, electronic documents, video and applications via the Internet; software as a service (SaaS) services featuring software for facilitating the interoperability of multiple software applications; software as a service (SaaS) services for use in designing, developing and testing mobile software applications; software as a service (SAAS) featuring software for interactive education, namely, instruction and examination simulation through e-learning, live, and virtual classrooms in the field of project management; software as a service (SAAS) services featuring software for facilitating the use of a blockchain or distributed ledger to record and track transactions; software as a service (SaaS) services and platform as a service (PaaS) services for collecting, storing, analyzing, sharing and reporting biological, genetic, clinical, medical, and diagnostic information, and for sample tracking and managing projects, laboratory workflow and data, all the foregoing for use in the fields of nucleic acid sequencing, genotyping, medical

diagnostics, veterinary diagnostics, clinical diagnostics, medical research, veterinary research, diagnostic research, clinical research, drug development, drug development research, medical laboratory research, veterinary science and research, life sciences, biology, microbiology, biotechnology, agriculture, forensics, food safety, metagenomics, and genetics; technological planning services; technology support services, namely, help desk services for help with mobile phones, computers, mobile computing and communication devices, and network-connected devices and appliances, provided by telephone and through mobile application software; application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking, developing software applications; application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; application service provider (ASP) featuring software for customer relationship management (CRM); application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; application service provider (ASP) featuring software for use in buying, selling, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; application service provider (ASP) featuring software for use in designing and managing online advertising and marketing campaigns; application service provider (ASP) featuring software for use in designing and managing online video advertising and marketing campaigns; application service provider (ASP) featuring software to enable building of applications on the blockchain, interacting with blockchain smart contracts, and blockchain commodities exchange within a social network; application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; application service provider (ASP) featuring software to enable or facilitate making reservations

and bookings; application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; application service provider (ASP) featuring software to enable or facilitate the encrypted or otherwise secured uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media, data, transactions, or information over communication networks; application service provider (ASP) services; application service provider (ASP), data conversion of computer programs and data [not physical conversion], computer service relating to creating indexes of information, sites and resources on computer networks; providing temporary use of non-downloadable software for compiling and processing of computerized data; creating and maintaining web sites; hosting web sites, server hosting, rental and leasing of computer software, computer peripherals, computer hardware, computer systems, electronic data processing installation, unlocking of mobile phones, smart phones, computers, and digital electronic devices, providing non-downloadable software using artificial intelligence and/or machine learning enabling users to obtain, search, purchase, select, manage, analyse, evaluate information relating to warranty, investment, insurance and/or reinsurance services, providing non-downloadable software for investment, financial transaction processing and management, designing, creating and hosting an online platform for processing electronic payment, financial transaction, financial management and administration via global communications network, computer services in relation to providing an interactive website featuring technology that allows users to enter, access, search, exchange, and synthesize information and generate reports for use in selection and management of insurance, reinsurance, warranty and/or investment plan, application service provider (ASP) services featuring hosting computer software applications of others, application service provider (ASP) services featuring software for creating, authoring, distributing, downloading, transmitting, receiving, playing, editing, extracting, encoding, decoding, displaying, storing and organizing text,

graphics, images, audio, video, and multimedia content, and electronic publications, providing online non-downloadable software; providing search engines for obtaining data via the internet and other electronic communications networks; computer services relating to creating indexes of online information, sites and other resources available on global computer networks for others, application service provider (ASP) featuring software for use in database management, platform as a service (PAAS) featuring computer software platforms for use in database management, software as a service (SAAS) services featuring software for use in database management, research and development of new products for others; scientific research in the field of social media; providing temporary use of online non-downloadable computer software application for transmission of electronic communications; software as a service (SaaS) services featuring compiler programs, debugger programs, and utility programs for creating mobile software applications; software as a service (SaaS) services featuring software for enabling users to communicate, collaborate, and share computer screens, desktops, data, electronic documents, video and applications via the Internet; software as a service (SaaS) services featuring software for facilitating the interoperability of multiple software applications; software as a service (SaaS) services for use in designing, developing and testing mobile software applications; software as a service (SAAS) featuring software for interactive education, namely, instruction and examination simulation through e-learning, live, and virtual classrooms in the field of project management; software as a service (SAAS) services featuring software for facilitating the use of a blockchain or distributed ledger to record and track transactions; software as a service (SaaS) services and platform as a service (PaaS) services for collecting, storing, analyzing, sharing and reporting biological, genetic, clinical, medical, and diagnostic information, and for sample tracking and managing projects, laboratory workflow and data, all the foregoing for use in the fields of nucleic acid sequencing, genotyping, medical diagnostics, veterinary diagnostics, clinical diagnostics, medical research, veterinary research, diagnostic research, clinical research, drug development, drug

development research, medical laboratory research, veterinary science and research, life sciences, biology, microbiology, biotechnology, agriculture, forensics, food safety, metagenomics, and genetics; technology support services, namely, help desk services for help with mobile phones, computers, mobile computing and communication devices, and network-connected devices and appliances, provided by telephone and through mobile application software; application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking, developing software applications; application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; application service provider (ASP) featuring software for customer relationship management (CRM); application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; application service provider (ASP) featuring software for use in buying, selling, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; application service provider (ASP) featuring software for use in designing and managing online advertising and marketing campaigns; application service provider (ASP) featuring software for use in designing and managing online video advertising and marketing campaigns; application service provider (ASP) featuring software to enable building of applications on the blockchain, interacting with blockchain smart contracts, and blockchain commodities exchange within a social network; application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; application service provider (ASP) featuring software to enable or facilitate taking

and editing photographs and recording and editing videos; application service provider (ASP) featuring software to enable or facilitate the encrypted or otherwise secured uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media, data, transactions, or information over communication networks; application service provider (ASP) services; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices; application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; application service provider (ASP) services, namely, hosting software applications of others; application service provider (ASP), namely, hosting computer software applications of others; application service provider featuring application programming interface (API) software for home and environmental monitoring, control, and automation; application service provider featuring application programming interface (API) software for the design, development, and testing of mobile software applications; application service provider featuring software for the design, development, and testing of mobile software applications; application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; hosting platforms on the Internet for auditing and verifying digital information and codes; computer consultation, namely, consulting services related to virtual computing infrastructure, storage and networking; computer programming services for creating virtual reality videos and games; computer services in the nature of providing customized online pages featuring user-defined or specified information, personal profiles, virtual reality, and augmented reality content and data; computer

services, in particular, application service provider featuring application programming interface (API) software for customer relationship management (CRM); computer services, in particular, application service provider featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; computer services, namely, hosting websites for curating online user-defined content and advertisements and creating social media feeds; computer services, namely, information technology consultancy services for management of virtual computing infrastructure, networking and storage services; computer services, namely, computer engineering project management services for deployment of computer software, computer networks and virtual computing infrastructure services for others; computer services, namely, hosting a website featuring technology that allows users to monitor and control a smart home system at a remote location; computer services, namely, hosting an website featuring technology for use in home and environmental monitoring, control, and automation systems; computer services, namely, providing information in the fields of technology and software development via a global computer network; computer services, namely, providing software interfaces available over a network in order to create personalized on-line information services; computer services, namely, providing software interfaces available over a network in order to create personalized on-line information services; computer services, namely, providing virtual and non-virtual application servers, web servers, file servers, redundancy servers, and database servers of variable capacity to others; computer services, namely, remote and on-site management of information technology (IT) systems and software applications for others; computer software development in the field of mobile applications; computer technical support services, namely, service desk services for IT infrastructure, operating systems, and business and web applications; computer technology support services, namely, help desk services; consulting services relating to design and development of digital platforms and media in the field of advertising and marketing; conversion of texts to digital format; graphic arts design of virtual and interactive

images; design and development of computer software, computer networks and virtual computing infrastructure; providing temporary use of online non-downloadable software for data automation and collection service; design and development of computer game software and virtual reality software; design and development of mobile application software; design and development of virtual reality hardware and software; design and development of virtual reality software; design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; design of personal digital assistants, personal media players, mobile telephones, smart phones and digital cameras; design, development, and implementation of software for digital currency, virtual currency, cryptocurrency, digital search, veterinary research, diagnostic research, clinical research, drug development, drug development research, medical laboratory research, veterinary science and research, life sciences, biology, microbiology, biotechnology, agriculture, forensics, food safety, metagenomics, and genetics; technological planning services; technology support services, namely, help desk services for help with mobile phones, computers, mobile computing and communication devices, and network-connected devices and appliances, provided by telephone and through mobile application software; application service provider (ASP) featuring application programming interface (API) software which facilitates online services for social networking, developing software applications; application service provider (ASP) featuring location-aware software for searching, determining and sharing the location of goods, services and events of interest; application service provider (ASP) featuring software for customer relationship management (CRM); application service provider (ASP) featuring software for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; application service provider (ASP) featuring software for use in buying, selling, tracking, valuing, optimizing, targeting, analyzing, delivery, and reporting of online advertising and marketing; application

service provider (ASP) featuring software for use in designing and managing online advertising and marketing campaigns; application service provider (ASP) featuring software for use in designing and managing online video advertising and marketing campaigns; application service provider (ASP) featuring software to enable building of applications on the blockchain, interacting with blockchain smart contracts, and blockchain commodities exchange within a social network; application service provider (ASP) featuring software to enable or facilitate interaction and communication between humans and AI (artificial intelligence) platforms; application service provider (ASP) featuring software to enable or facilitate making reservations and bookings; application service provider (ASP) featuring software to enable or facilitate ordering and/or purchasing goods and services; application service provider (ASP) featuring software to enable or facilitate taking and editing photographs and recording and editing videos; application service provider (ASP) featuring software to enable or facilitate the encrypted or otherwise secured uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media, data, transactions, or information over communication networks; application service provider (ASP) services; application service provider (ASP) services featuring software for controlling, integrating, operating, connecting, and managing voice controlled information devices, namely, cloud-connected and voice-controlled smart consumer electronic devices; application service provider (ASP) services featuring software to enable or facilitate voice over internet protocol (VOIP) calls, phone calls, video calls, text messages, electronic message, instant message, and online social networking services; application service provider (ASP) services, namely, hosting software applications of others; application service provider (ASP), namely, hosting computer software applications of others; application service provider featuring application programming interface (API) software for home and environmental monitoring, control, and automation; application service provider featuring application programming interface (API) software for managing, tracking, reporting and measuring media planning, media buying and advertising of others;

application service provider featuring application programming interface (API) software for the design, development, and testing of mobile software applications; application service provider featuring software for the design, development, and testing of mobile software applications; application service provider, namely, providing, hosting, managing, developing, and maintaining applications, software, web sites, and databases in the fields of wireless communication, mobile information access, and remote data management for wireless delivery of content to handheld computers, laptops and mobile electronic devices; hosting platforms on the Internet for auditing and verifying digital information and codes; computer consultation, namely, consulting services related to virtual computing infrastructure, storage and networking; computer programming services for creating virtual reality videos and games; computer services in the nature of providing customized online pages featuring user-defined or specified information, personal profiles, virtual reality, and augmented reality content and data; computer services, in particular, application service provider featuring application programming interface (API) software for customer relationship management (CRM); computer services, in particular, application service provider featuring application programming interface (API) software to allow users to perform electronic business transactions via a global computer network; computer services, namely, hosting websites for curating online user-defined content and advertisements and creating social media feeds; computer services, namely, information technology consultancy services for management of virtual computing infrastructure, networking and storage services; computer services, namely, computer engineering project management services for deployment of computer software, computer networks and virtual computing infrastructure services for others; computer services, namely, hosting a website featuring technology that allows users to monitor and control a smart home system at a remote location; computer services, namely, hosting a website featuring technology for use in home and environmental monitoring, control, and automation systems; computer services, namely, providing information in the fields of technology and software development

via a global computer network; computer services, namely, providing software interfaces available over a network in order to create personalized on-line information services; computer services, namely, providing software interfaces available over a network in order to create personalized on-line information services; computer services, namely, providing virtual and non-virtual application servers, web servers, file servers, redundancy servers, and database servers of variable capacity to others; computer services, namely, remote and on-site management of information technology (IT) systems and software applications for others; computer software development in the field of mobile applications; computer technical support services, namely, service desk services for IT infrastructure, operating systems, and business and web applications; computer technology support services, namely, help desk services; consulting services relating to design and development of digital platforms and media in the field of advertising and marketing; conversion of texts to digital format; graphic arts design of virtual and interactive images; design and development of computer software, computer networks and virtual computing infrastructure; providing temporary use of online non-downloadable software for data automation and collection service; design and development of computer game software and virtual reality software; design and development of mobile application software; design and development of virtual reality hardware and software; design and development of virtual reality software; design of augmented reality and virtual reality effects for use in modifying photographs, images, videos and audio-visual content; design of personal digital assistants, personal media players, mobile telephones, smart phones and digital cameras; design, development, and implementation of software for digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token wallets; design, development, implementation, analysis, integration, performance monitoring, diagnosis, testing and management of computer software, computer networks and virtual computing infrastructure for others; design, programming, or maintenance of computer programming used for brokerage of

purchase, sale and exchange of virtual currency; designing, creation, programming and maintenance of computer programs, computer software and application software; development of interactive multimedia software, products and applications for use in connection with customer membership schemes, including customer loyalty card schemes, incentive schemes, bonus schemes, reward cards and discount cards; development of on-line virtual environment for users of electronic stock trading platforms, electronic marketplaces and electronic financial and monetary exchanges (computer services); electronic storage of entertainment media content; quality evaluation of steels and their applications; quality evaluations of metals, steels and their applications; file sharing services, namely, hosting a website featuring technology enabling users to upload and download electronic files; file sharing services, namely, hosting of databases for users to upload and download electronic files; graphic design services for creating virtual tours of real estate for sale; hosting multimedia entertainment and educational content for others; hosting multimedia entertainment content; hosting of digital [virtual reality and augmented reality] content on the internet; information technology consultancy services; information, advisory and consultancy services relating to all the aforesaid; leasing and rental of computer hardware, computer software and virtual computing infrastructure; maintenance, repair and updating of software and applications; providing temporary use of non-downloadable computer software for providing security functionality in networks, such as providing firewall filters, access control, virtual private networks (VPN), interoperability with router security protocols and protection against network intrusion and viruses; outsource service providers in the field of information technology; outsource service providers in the field of information technology consultancy; application service providers, namely the placement (hosting) of computer software applications from other parties; planning, design and implementation of computer technologies for others; platform as a service (PAAS) featuring application programming interface (API) software and software development tools for cloud communication services; platform as a service (PAAS) featuring software platforms

for social networking, managing social networking content, creating a virtual community, and transmission of images, audio-visual and video content, photographs, videos, data, text, messages, advertisements, media advertising communications and information; platform as a service (PaaS) featuring computer software platforms for the selling and purchasing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; platform as a service (PaaS) featuring software platforms for facilitating transactions and payments using digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens that allow users to buy from, and sell products and services to others; platform as a service (PaaS) services featuring software for clearing, allocation, compliance, recordation and settlement of trading related to digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing a searchable on-line database featuring computer software and audio files; providing a searchable on-line database featuring computer software and audio files; providing an interactive website featuring technology that allows users to consolidate and manage voice, data, video, and media content in the fields of music and radio; providing an online non-downloadable internet-based application featuring technology enabling users to share videos; providing an online platform featuring technology that enables Internet users to create, upload, bookmark, view, annotate, and share data, information and multimedia content; providing computer application software to embed a web browser, interface with secure hardware key storage and execute proposed transactions via the blockchain; providing e-mail authentication services, namely, providing an online service that allows users to sign on to multiple third party websites using a single user name and password; providing information on computer technology and programming; providing non-downloadable software featuring technology that enables users to create personalized music channels for independent, simultaneous listening, and share channels with other users; providing

non-downloadable software for controlling home entertainment systems comprised of digital music players, digital music controllers, speakers, amplifiers, and wireless handheld controllers; providing on-line non-downloadable computer programs and web-based applications; providing on-line non-downloadable computer software and computer applications for streaming videos, music and images; providing on-line non-downloadable software for granting and controlling access to documents; providing on-line non-downloadable software for granting and controlling access to documents; hosting websites for users to upload, modify and share virtual reality content and data; hosting websites for users to upload, modify and share virtual reality content, information, experiences and data; providing search engines for obtaining data featuring information in the fields of news, commentary, weather, sports, entertainment, fashion, finance, food, music, inspiration, health, lifestyle, travel, parenting, science, technology, culture, and wellness via the internet; providing temporary use of non-downloadable software applications for customer relationship management (CRM); providing temporary use of non-downloadable software enabling users to invest in digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for advertisers to communicate and interact with online communities; providing temporary use of non-downloadable software for auditing digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; providing temporary use of non-downloadable software for creating a decentralized and open source virtual currency; application service provider (ASP) featuring software to enable or facilitate the uploading, downloading, streaming, posting, displaying, blogging, linking, sharing or otherwise providing electronic media or information over communication networks; providing online computer databases in the fields of social networking; providing online electronic computer databases which provide subscribers with trading information concerning securities and provide institutions and individual investors with an automatic network for trading in securities;

providing online electronic computer databases which provide subscribers with trading information concerning securities and provide institutions and individual investors with an automatic network for trading in securities; providing temporary use of non-downloadable software applications for social networking, creating a virtual community, and transmission of digital content; providing temporary use of non-downloadable software applications for social networking, creating a virtual community, and transmission of digital content; providing temporary use of non-downloadable software applications for social networking, creating a virtual community, and transmission of digital content; hosting a website featuring information on the development of privacy, security, blockchain and distributed ledger technologies, and data governance law; hosting a website featuring information on the development of privacy, security, blockchain and distributed ledger technologies, and data governance law.

Class 45

Legal consultancy services relating to social planning, chaperoning, personal introduction agency services, house sitting, babysitting, pet sitting, detective agencies, undertaking, horoscope casting; consultancy, information and advisory services related to identity verification and authentication, the authentication of personal identification information and documents, security and legal investigation services, rental of safety equipment, and online social networking services; fraud prevention and detection services; legal services for bankruptcy and debt restructuring; legal services relating to social insurance claims; licensing of computer software, technology and computer programs, not in relation to business information, business training, business networking, professional development courses, professional development events and setting standards for corporate governance; online social networking services in the field of beauty and personal care; providing information for internet-based seeking friends and friends introduction services for general users; providing legal information relating to organization services for public

advocacy and grass-roots efforts for environmental protection and clean energy; consultancy services relating to the planning and arranging of wedding ceremonies; providing online social networking services in the field business management; providing online social networking services in the field of project management; providing online social networking services in the field strategic management; legal services in bankruptcy (bankruptcy and debt restructuring law); legal services for bankruptcy and debt restructuring; social introduction and social networking services; legal advisory and information services relating to disaster, crime-prevention and disaster prevention via a web site; providing consultancy and information in the field of emergency response for communities; advisory services relating to the law; providing authentication of personal identification information; cartoon character licensing [legal services]; case management services, namely, legal services for domestically abused persons; certification of legal documents provided by an association to its members; consultancy and legal services in the field of privacy and security laws, regulations, and requirements; conveyancing services [legal services]; copyright licensing [legal services]; court reporting [legal services]; evangelistic ministerial services; exploitation of industrial property rights and copyright by licensing [legal services]; film, television and video licensing [legal services]; film, television, video, music and image licensing [legal services]; fortune-telling services and providing information relating thereto; fraud detection services in the field of credit cards for on-line purchasing; providing authentication of personal identification information [identification verification services]; identity validation services; leasing reproduction rights of photographs and transparencies to others [legal services]; legal administration of licences; legal advice; legal advice in responding to requests for proposals [RFPs]; legal advice relating to franchising; legal advocacy services; legal aid services; legal and judicial research services in the field of intellectual property; legal assistance in the drawing up of contracts; legal consultancy in the field of taxation; legal consultancy relating to franchising; legal consultancy relating to intellectual property rights; legal consultancy relating to patent mapping; legal

consultancy relating to television advertising, television entertainment and sports; legal consultancy services; legal consultation services; legal document preparation and research services for attorneys; legal document preparation services; legal information services; legal investigation services; legal research; legal research relating to business mergers; legal research relating to intellectual property rights; legal research relating to real estate transactions; legal services; legal services for procedures relating to industrial property rights; legal services in relation to the negotiation of contracts for others; legal services in the field of privacy and security laws relating to software; legal services in the nature of trademark monitoring; legal services provided in relation to lawsuits; legal services relating to claims management for insurance companies, insurance brokers and industrial enterprises; legal services relating to company formation and registration; legal services relating to copyright licensing; legal services relating to the exploitation of ancillary rights in the field of merchandising; legal services relating to the exploitation of ancillary rights relating to film, television, video and music productions; legal services relating to the exploitation of broadcasting rights; legal services relating to the exploitation of copyright for printed matter; legal services relating to the exploitation of film copyright; legal services relating to the exploitation of industrial property rights and copyright; legal services relating to the exploitation of intellectual property rights; legal services relating to the exploitation of patents; legal services relating to the exploitation of transmission rights; legal services relating to the management and exploitation of copyright and ancillary copyright; legal services relating to the management, control and granting of license rights; legal services relating to the negotiation and drafting of contracts relating to intellectual property rights; legal services relating to the protection and exploitation of copyright for film, television, theater and music productions; legal services relating to the registration of trademarks; legal support services; legal watching services; licensing [legal services] in the framework of software publishing; licensing of advertising slogans and cartoon characters [legal services]; licensing of architectural drawings to others [legal services]; licensing of

computer programs [legal services]; licensing of computer software [legal services]; licensing of computer software and industrial property rights [legal services]; licensing of databases [legal services]; licensing of franchise concepts [legal services]; licensing of industrial property rights and copyright [legal services]; licensing of intellectual property in the field of copyrights [legal services]; licensing of intellectual property in the field of trademarks [legal services]; licensing of musical works [legal services]; licensing of patent applications [legal services]; licensing of patents and patent applications [legal services]; licensing of printed matter [legal services]; licensing of radio and television programs [legal services]; licensing of registered designs [legal services]; licensing of research and development [legal services]; licensing of rights relating to audio productions [legal services]; licensing of rights relating to films [legal services]; licensing of rights relating to television productions [legal services]; licensing of rights relating to television, video and radio programs, productions and formats [legal services]; licensing of rights relating to the use of photographs [legal services]; licensing of rights relating to video productions [legal services]; licensing of rights to films, television and video productions [legal services]; licensing of technology [legal services]; licensing of technology and software; licensing of trademarks [legal services]; licensing services relating to music publishing [legal services]; licensing services relating to performance rights [legal services]; licensing services relating to the manufacture of goods [legal services]; management and exploitation of industrial property rights and copyright by licensing for others [legal services]; mediation [legal services]; mediation services for marital disputes; monitoring of computer systems in the nature of surveillance services relating to the physical safety of persons and security of tangible property; music licensing services [legal services]; on-line dating club services; on-line social introduction services; on-line social networking services; on-line social networking services accessible by means of downloadable mobile applications; online booking of babysitting services; online booking of legal services; online booking of personal shopper; online social networking service for investors allowing financial trades and

exchange of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; online social networking services; online social networking services accessible by means of downloadable mobile applications; patent licensing [legal services]; preparation of legal reports; preparation of legal reports in the field of human rights; professional legal consultations relating to franchising; provide information on intellectual property and copyright through online databases; provide information on intellectual property and copyright through online databases; providing a selection of on-line electronic greeting cards; providing companionship services for families of patients with life threatening disorders; personal concierge services for others comprising making requested personal arrangements and reservations, running errands and providing customer specific information to meet individual needs, all rendered in business establishments, office buildings, hotels, residential complexes and homes; providing emotional support to cancer patients and their families via interactive on-line forums; providing information about legal services via a web site; providing information from a computer database about investigation services relating to lost or stolen vehicles; providing information in the field of patent applications via an on-line searchable database; providing legal information in the field of personal development, self-improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities; providing information relating to dating services; providing information via interactive on-line web sites in the field of dating and to facilitate introduction of individuals and development of relationships and friendships; providing legal information from an on-line interactive database; providing on-line electronic greeting cards; providing on-line information in the field of law; providing on-line information in the field of spirituality, self-help, and personal empowerment subject matters; providing online information in the field of intellectual property and copyright; provision of expert legal opinions; public events security services; registration of documents on official public records [legal services]; registration of domain names [legal services]; licensing services relating to music

publishing [legal services]; licensing services relating to performance rights [legal services]; licensing services relating to the manufacture of goods [legal services]; management and exploitation of industrial property rights and copyright by licensing for others [legal services]; mediation [legal services]; mediation services for marital disputes; monitoring of computer systems in the nature of surveillance services relating to the physical safety of persons and security of tangible property; music licensing services [legal services]; on-line dating club services; on-line social introduction services; on-line social networking services; on-line social networking services accessible by means of downloadable mobile applications; online booking of babysitting services; online booking of legal services; online booking of personal shopper; online social networking service for investors allowing financial trades and exchange of digital currency, virtual currency, cryptocurrency, digital and blockchain assets, digitized assets, digital tokens, crypto tokens and utility tokens; online social networking services; online social networking services accessible by means of downloadable mobile applications; patent licensing [legal services]; preparation of legal reports; preparation of legal reports in the field of human rights; professional legal consultations relating to franchising; provide information on intellectual property and copyright through online databases; provide information on intellectual property and copyright through online databases; providing a selection of on-line electronic greeting cards; providing companionship services for families of patients with life threatening disorders; personal concierge services for others comprising making requested personal arrangements and reservations, running errands and providing customer specific information to meet individual needs, all rendered in business establishments, office buildings, hotels, residential complexes and homes; providing emotional support to cancer patients and their families via interactive on-line forums; providing information about legal services via a web site; providing information from a computer database about investigation services relating to lost or stolen vehicles; providing information in the field of patent applications via an on-line searchable database; providing legal information in the field of personal development, self-

improvement, self-fulfillment, charitable, philanthropic, volunteer, public and community services, and humanitarian activities; providing information relating to dating services; providing information via interactive on-line web sites in the field of dating and to facilitate introduction of individuals and development of relationships and friendships; providing legal information from an on-line interactive database; providing on-line electronic greeting cards; providing on-line information in the field of law; providing on-line information in the field of spirituality, self-help, and personal empowerment subject matters; providing online information in the field of intellectual property and copyright; provision of expert legal opinions; public events security services; registration of documents on official public records [legal services]; registration of domain names [legal services]; registration of domain names for identification of users on a global computer network [legal service]; registration of domain names for identification of users on a global computer network [legal services]; regulatory compliance consultancy in the field of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token applications; regulatory compliance consultancy in the field of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token applications; security monitoring services; security services; stolen vehicle tracking services; trademark monitoring [legal services]; user identity verification [personal background investigations]; video monitoring of facilities, viewable through a global computer network [on-line monitoring]; video surveillance and monitoring services; registration of domain names for identification of users on a global computer network [legal service]; registration of domain names for identification of users on a global computer network [legal services]; regulatory compliance consultancy in the field of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token applications; regulatory compliance consultancy in the field of digital currency, virtual currency, cryptocurrency, digital and blockchain asset, digitized asset, digital token, crypto token and utility token

applications; security monitoring services; security services; stolen vehicle tracking services; trademark monitoring [legal services]; user identity verification [personal background investigations]; video monitoring of facilities, viewable through a global computer network [on-line monitoring]; video surveillance and monitoring services.

Goods and/or Services:

Class 01

Salts [fertilizers]; salts for industrial purposes; biological microorganisms used in deodorization; microorganisms used in agriculture; microorganisms for the degradation of greases and sewages; milk ferments for industrial purposes; oil cement [putty]; cellulose ethers for industrial purposes; cellulose esters for industrial purposes; hypochlorite of soda; caustic soda for industrial purposes; artificial soil for plant cultivation; soil for growing; slag [fertilizers]; guano; manure; chemical fertilizers; bio-fertilizers; superphosphates [fertilisers]; diammonium phosphate fertilizers; cow bone meal [fertilizer]; slag [fertilisers]; peat [fertiliser]; peat [fertilizer]; vermicompost [fertilizer]; fish meal fertilizers; coconut fiber [fertilizer]; asbestos and microorganism [fertilizers]; seaweeds [fertilizers]; nitrogenous fertilizers; natural fertilizers; liquid fertilizers; potassium fertilizers; humus; organic fertilizers; phosphates [fertilizers]; urea fertilizer; mineral fertilizers; compost; organic fertilizers; chemical organic fertilizers; gypsum for use as a fertilizer; chemical fertilizing preparations; plant fertilizing preparations; chemicals for the separation of compound; chemical compositions for developing photographs; chemical substances for analyses in laboratories, other than for medical or veterinary purposes; chemicals for use in scientific research relating to petrochemicals; chemicals used in fermenting food; chemicals used in the cement industry; chemicals for use in the treatment of waste water; chemicals for use in the treatment of cooling water; soil conditioning chemicals; water conditioning chemicals; stain-preventing chemicals for use on water pipes; chemical preparations for animal breeding; phenol for industrial purposes; pectin [photography]; pectin for industrial purposes; pectin for the food industry;

potassium; organophosphorus compounds; bromine for chemical purposes; mercuric oxide; fissionable chemical elements; seed preserving substances; meat tenderizers for industrial purposes; adhesives for industrial purposes; adhesives for applying floor tiles; phenol for industrial purposes.

Class 07

Metal cutting machines; reinforced steel cutting machines; underground cable pulling machines; belt tensioning machines; mud catchers and collectors [machines]; plastic pellet hopper loaders; machines for mist collectors; mufflers as part of vehicle exhaust systems for watercraft; mufflers as part of exhaust systems for land vehicles; mufflers as part of exhaust systems for aircraft; pneumatic earth compacting machines; tile cutting machines; lead cutting machines; tree trimming machines; pipe cutting machines; PVC pipe cutting machines; sheet metal cutting machines; steel plate cutting machines; hedge cutting machines; electric diamond cutting machines; fiber cutting machines; root cutting machines; wire cutting machines; bush trimming machines; hedge trimming machines; metal cutting machines; electric metal cutting machines; cable cutting machines; yarn cutting machines; fiber cutting machines; lawnmowers [machines]; nut-tapping machines; steel cutting machines; clamp [machine tools] for holding piece parts during machining; glass removing machines; spare key making machines; floor cleaning machines; shoe cleaning machines; rice threshing machines; cereal threshing machines; electric coffee grinders; ice crushing machines; grain mills [machines]; asphalt crushing machines; scrap metal crushers [machines]; earth compacting machines; compressed air pumps; packaging sealing machines; blowing machines for removing dust; cargo lifting machines; rolling machines for rolling metal pipes; rolling machines for wires; rolling machines for steel; clippers [machines]; magnetic filtering machines; snow ploughs; landfill compactors; sludge scrapers [machines]; street sweeping machines; electric carpet sweepers; capstans; steam traps; garbage disposers; fertilizer disposers [machines]; food waste disposers [machines]; harvesters for agricultural use; seed collector; reapers

and threshers; grass harvesting machines; electric motors for machines; electric juicers; boring machines; clipper [machines]; filter presses; telescopic belt conveyors; chain saws; electric water pumps; bellow, other than for vehicles; piston compressors; metal extrusion presses; ball bearings for electric fan; dust bags for vacuum cleaners; vacuum cleaner hoses; dust filters for vacuum cleaners; diamond blades for cutting stone [parts of machines]; blades [parts of machines]; saw blades [parts of machines]; blades for power saws; glue guns, electric; grease guns, electric; power-operated jig saws; jig-saws [power tools]; circular saws, electric; stitching machines; coin-operated vending machines; automatic vending machines; clothes washing machines; vacuum cleaners; lawn tractors; waste crushing machines; stone crushing machines; electric generators; electricity generators; electrical generators using solar cells; 3D printers; converters for steelworks; dynamos; control mechanisms for machines; elevator operating apparatus; coin-operated vending machines for beverages; moving walkways; derricks; axles being parts of machines; machine wheelwork; backhoes; elevators [lifts]; engine valves being parts of machines; radiators [cooling] for automobile engines; robotic mechanisms [machines] for use in construction; engine cylinders for automobiles; cylinders for engines; cylinders for motors; engine cylinders for vehicles; hydraulic turbines for generating electricity; wind turbines for generating electricity; steam turbines, other than for land vehicles; couplings being parts of machines; compressors [machines]; fuel filters [parts of engines]; hydraulic cylinders [parts of machines]; windmills; connecting rods for machines; gears for machines; joints [parts of engines]; cranks [parts of machines]; compressors [machines]; carburettors; mobile cranes; air filters for automobile engines; lathes [machines tool]; food waste disposals [garbage disposals]; generators of electricity; reapers; gas drilling machines; drilling machines for ore exploration; rock drills [machines]; grain sorting machines; cutting machines; cargo handling machines; packaging machines; printing machines; machines for processing plastics; hydraulic jacks.

Class 08

Silver plating cutlery sets [knives, forks and spoons]; blades for cutting paper; nail clippers; truncheons; electrolysis apparatus for hair removal; electric hair curling irons; spoons; stirring sticks for mixing; coffee scoops [hand tools]; soup spoons; spoons made of metal; stainless steel spoons; hair cutting tool sets, hand-operated; manicure and pedicure tool sets; fork and spoon sets [cutlery] of stainless steel; cutlery sets [knives, forks and spoons]; cutlery sets of plastic [knives, forks and spoons]; baby cutlery [knives, forks and spoons]; electric flat irons; shaving blades; hair clippers for personal use, electric and non-electric; sword scabbards; razors; penknives; butcher knives; vegetable knives; knuckle dusters; hair-removing tweezers.

Class 09

Memory cards [computer hardware]; electronic fire alarm apparatus; electronic keys; tripods for cameras; contact lenses; tablet computers; optical filters; electric regulating apparatus; controllers for connecting computer networks; electric switch controllers; computers; global positioning system [GPS] apparatus; slide projectors; metal detectors; photocopiers [photographic, electrostatic, thermic]; telephone apparatus; computer chips; central processing units; bulletproof clothing; fire-resistant clothing; televisions; cell phones; smartphones; batteries for land vehicles; electric plugs; computer operating programs, recorded; electronic circuits; CDs; DVDs; copper wire, insulated; electric wires; magnetic wires; loudspeakers; camera lenses; digital audio broadcasting [DAB] radios; optical glass; sunglasses; computer network cables; coaxial cables; headphones; headphones for cell phones; wireless headsets; smart rings; electronic personal organizers; electronic photo albums; computer memory devices; semiconductor memory devices; peripheral devices for closed circuit television cameras; audio peripheral devices; drying racks [photography]; apparatus for verifying data on magnetically encoded cards; downloadable software applications [apps]; hard disks; portable hard disks; hard

disks for computers; lens hoods for cameras; hands-free kits for telephones; safety glasses [optics]; spectacle frames; optical glass; bags adapted for video cameras; sleeves for laptops; bags adapted for computer hardware; telescopes; cameras; closed circuit television cameras; video cameras.

Class 16

Pencil sharpeners; drawing boards; dry erase writing boards; blotters; copy paper for printer; printed music paper; papers for painting; mulberry paper; document storage boxes; pen and pencil boxes; file boxes; wedding cards; paper-clips; instruction manuals for electronic devices; colored chalk being stationery; series of comic books; paper envelopes for packaging; envelopes of paper for packaging; envelopes [stationery]; indexes; pencils; pastels [crayons]; modelling clay; rubber stamps; paper clips for office use; textbooks; cookbooks; paint trays; paper bags; plastic bags for packaging; plastic food storage bags for household use; bill holders; pencil sharpeners; masking tape for office use; inking pads; business cards; refill ink for rubber stamp sets; comic magazines; travel magazines; sports magazines; credit cards, not encoded; invitation cards; exercise books; printed forms; drawing templates; calendars; pens; writing board erasers; postcards; canvas for painting; paper; brochures; charts; dictionaries; paint brushes; document files [stationery]; photographs [printed]; paintings; printed menus; duplicators; lettering stencils; erasers; printed photographs; pictures; staples; terrestrial globes; compasses for drawing; business journals; watercolours [paintings]; postage stamps; books; thumbtacks; albums; revenue stamps; paintbrushes.

Sagemcom

Goods and/or Services:

Class 09

Scientific apparatus and instruments (other than for medical use); electric couplings; electric accumulators; apparatus for charging electric accumulators; alarms; sound amplifying apparatus; audiovisual teaching apparatus; data processing apparatus and instruments; anti-theft, fire warning apparatus; personal stereos; tape recorders;

optical fiber connectors and cords; video cameras; infrared cameras; integrated circuit cards [smart cards]; magnetic cards; magnetic identity cards; integrated circuit cards; video game cartridges; headphones; circuit breakers; printed circuits; integrated circuits; computer keyboards; bar code readers; electric installations for the remote control of industrial operations; switches; automatic switching units; electric apparatus for switching; semi-conductors; optical compact disks; optical disks; electric conductors; material for electricity mains; junction boxes; electric connections; electric contacts; electric regulating apparatus; electric converters; energy converters; statistical converters between direct and alternating current; disconnection and statistical regularization equipment and apparatus for electrical networks; differential insulation-fault detectors in direct current networks; dynamic converters; detectors; detection equipment and apparatus for correcting transmission error; sound recording disks; magnetic disks; optical data media; magnetic data media; telephone headsets; screens; projection screens; video screens; transmitters (telecommunications); transmitters of electronic signals; optical transmitters; antennas; radio frequency antennas; satellite antennas; magnetic encoders; data encoding equipment and apparatus; encryption and decryption equipment and apparatus; decoders; modulators; demodulators; speech recognition equipment and apparatus; form recognition equipment and apparatus; network access protection equipment and apparatus; authentication, identification and access control equipment and apparatus; routers for computer networks; time recording equipment and apparatus; distance recording equipment and apparatus; sound recording media; tape recordings; optical fibers; loudspeakers; cabinets for loudspeakers; fire alarms; indicators (electricity); data processing equipment and apparatus; intercommunication equipment and apparatus; computer interfaces; switches; inverters (electricity); software; game software; software for sending, storing or processing computer data online; software enabling the automatic downloading of documents, namely, invoices with or without attachments; optical lamps; optical lamps; lasers not for medical use; computer readers; cassette players; compact disk

players; optical readers; optical lenses; optical sensors; connections for electric lines; current transformers and rectifiers; video recorders; measuring instruments; microphones; microprocessors; monitors; navigation apparatus and equipment for vehicles; optical instruments and equipment and apparatus; computers, mini-computers, micro-computers, terminals thereof and peripherals thereof; notebook computers; computer memory devices; computer peripheral devices; computer programs; photographic equipment and apparatus; processors [central processing units]; central processing units; recorded operating system programs; projection equipment and apparatus; radio equipment and apparatus; radiology screens for industrial purposes; receivers for television signals via satellite, terrestrial, cable, Internet, mobile networks; electric relays; telephone answering machines; sound reproduction, recording, transmission equipment and apparatus; apparatus and equipment for communication of information, writing, images, speech and data; intercommunication apparatus; electric resistances; scanners (computer peripherals); document scanners (computer peripherals); document scanners (computer peripherals) connected to the Internet; electric surveillance equipment and apparatus; step-up transformers; electronic display boards; inertial navigation systems; testing apparatus for inertial equipment and for the maintenance of inertial equipment; control panels; remote control equipment and apparatus; telemetry equipment and apparatus; automatic steering equipment and apparatus; remote guiding equipment and apparatus; telephone wires; telephone transmitters; telephone concentrator apparatus and equipment (voice, data and images); television apparatus; transmitters; biometric terminals; remote processing terminals; communication terminals; computer terminals; mini-computing terminals; micro-computing terminals; multimedia terminals; remote surveillance terminals; calculation terminals; conversion terminals; terminals for processing, transporting, transmitting, receiving, amplifying and reproducing data, still and moving images, sound, video telephony, video transmission, teleprinting; terminals for control, video communication, teledistribution, teleconferencing, remote management, telemetering, remote alarm,

remote collection; mobile radio terminals; terminals for telex, teletex, fax, telematics, teleinformatics, remote control, electronic payment, remote toll, office automation, warranty and radiotelephone applications; sensors; biometric sensors; computer modules; radio modules for telephones; modems; codecs, namely data compression software; digital mapping equipment and apparatus; track recorders; trajectography measurement equipment and apparatus; vehicle navigation and positioning equipment and apparatus; satellite and radio-electric location equipment and apparatus; signalling and automatic control equipment and apparatus for vehicles; onboard computers; remote guiding and automatic pilot equipment and apparatus; radars; radio beacons; radar responders; traffic control, detection, analysis and calculation equipment and apparatus; diagnostic equipment and apparatus for automobiles; automatic vehicle control equipment and apparatus; fire detection equipment and apparatus; electric cables; telecommunication cables; electric couplings; digital television decoders; digital decoders for operators; receivers for terrestrial digital television; reception terminals for terrestrial digital television; power metering apparatus; software for fax servers; apparatus for video surveillance; incident detection apparatus.

Class 38

Transmission of information by computer servers; services for sending information via free-access data communication; transmission and exchange on multimedia carriers; electronic messaging services; electronic mail; sending of messages, information, data, sound and images by radio relay, cable, optical fibers, telephone, satellite, terminals, telecommunication networks and computer networks; transmission of data included in technical databases; information transmission for others via a worldwide computer network (hotline); on-line information transmission; transmission of online consultations in the field of mobile and wireless telephony, access networks, optical networks, radio communications networks, biometrics, digital television, modules and modems, computers.

Class 42

Engineering, services of engineers; computer system design; consultation relating to computers; conversion of computer programs and data; conversion of data or documents from physical to electronic media; conversion of computer programs and data (other than physical conversion); design and development of software for importing and managing data; software development (design); technical project studies; technical studies relating to electrical and electronic equipment and systems and telecommunications; technical studies for the construction of telecommunications relay stations, for the production of telecommunications hardware, for data transmission and software installations; rental of computer software; computer rental; study and maintenance of computer software; updating of software; programming for computers; research and development of new products; Authentication of transaction on intranet and internet; document digitization services; services for digitizing physical documents into a digital electronic medium.

DNA chips; electric locks for vehicles; instruments for diagnosis [for scientific use]; laboratory instruments [other than for medical use]; apparatus and instruments for physics; digital projectors; multimedia projectors; projection screens; screens for projectors; optical apparatus and instruments, except for glasses and photographic apparatus; safety equipment for vehicles, namely cameras for vehicles; blind spot cameras for cars; black box camera for cars; car recognizing cameras; night vision infrared cameras with built-in airlines; photographic equipment; video conferencing apparatus; home theater systems; audiovisual teaching apparatus; distance sensors; lidar sensors for the object and motion detectors of autonomous vehicles; blind spot motion sensors; blind spot human presence detection sensor; sensors for measuring speed; apparatus for testing vehicle brakes; apparatus for testing vehicle transmissions; thermostats for vehicles; automatic steering apparatus for vehicles; parking sensors for vehicles; mileage recorders for vehicles; diagnostic apparatus for vehicles; automatic indicators of low pressure in vehicle tires; sensors for engines; sensors for determining position, velocity, acceleration and temperature; sensors for determining position; automatic vehicle speed control apparatus; motion sensors for automobiles; automotive electronic sensors, namely front and rear safety sensors;

speed measuring apparatus for cars; on-board diagnostics (OBD) apparatus for automobiles; electronic sensors for automobiles, namely detectors for controlling safety devices and equipment of automobiles; electronic sensors for automobiles to control the safety devices and equipment of automobiles; parking and position sensors for automobiles; proximity sensors; odometers; electronic sensors for vehicles; lateral distance sensor for cars; lateral safety sensor for cars; measuring instruments; computerized vehicle engine analyzers; sensors for recognizing objects and measuring their velocity, trajectory and directions; protective eyeglasses; eyeglasses; eyeglass cases; time recording equipment; calculating machines, data-processing equipment and computers; warning apparatus for engine virtual sound of automobiles; collision alarms; alarms for tire pressure monitoring system; theft prevention apparatus, other than for vehicles; signals, luminous or mechanical; warning lamps for vehicles; fire trucks; air sensor for vehicles; power strips with moveable sockets; wireless chargers with microbicidal function for smart phone; wireless chargers; battery chargers for use with mobile telecommunication devices; battery charging devices for motor vehicles; cell phone battery chargers for use in vehicles; USB battery chargers for use in automobiles; robotic electrical control apparatus; uninterruptible electrical power supplies; voltage regulators for vehicles; electrical controlling devices for engines; charging appliances for rechargeable equipment; charging stations for electric vehicles; electric devices for controlling energy supply; electrical controlling devices; electric control installations; apparatus and instruments for regulating electricity; regulating apparatus, electric; apparatus and instruments for conveying, distributing, transforming, storing, regulating or controlling electric current; current rectifiers; electronic apparatus for adjusting headlights; solar batteries; wireless speakers; smart phone speakers; portable speakers; wearable speakers; multiple speakers for electric audio and visual apparatus and instruments; black boxes [data recorders]; voice processing systems; video recording apparatus for vehicles; car cassette players; television monitoring apparatus; radar apparatus; radar systems; data communication apparatus and

instruments; telecommunications apparatus for use with mobile networks; security telecommunication apparatus; telecommunication apparatus for use in cars; interface apparatus for connecting terminal for wireless phones to monitors in cars; smartphone holders for battery charging for use in vehicles; virtual reality headsets; terminals for electronic transaction with built in cars; vehicle tracking apparatus; air traffic control radio equipment; navigation apparatus for manipulating and repairing airplanes; communications apparatus for aircraft; aircraft avionic radars; eyewear type smart phone; remote monitoring apparatus; GPS navigation device; GPS tracking and location devices; remote control apparatus for industrial automation instruments; radar object detectors for vehicles; electric igniting apparatus for igniting at a distance for vehicles; navigation apparatus for vehicles [on-board computers]; remote control apparatus; car navigation apparatus; electric telecommunications apparatus; navigation apparatus for automobiles with electronic payment software; electronic terminals for highway toll collection; smartwatches; wearable computers; apparatus for recording, transmission or reproduction of sound, images and data; nickel-hydrogen batteries; energy storage apparatus comprised of batteries; batteries for vehicles; fuel cells; batteries for automobiles; batteries for electric vehicles; electric batteries for powering electric vehicles; electric batteries; electrical storage batteries; rechargeable batteries; power units (external batteries); electricity measuring apparatus and instruments; starter cables for motors; electric cables, wires, conductors and connection fittings therefor; electric hybrid cables; virtual reality game software; computer programs for pre-recorded games; credit screening software; computer software for encryption; software for processing images, graphics and text; software to control and improve audio equipment sound quality; computer software for controlling self-service terminals; computer game programs; computer programs for supporting the factory operation and management; factory automation software; computer programs for the management of data, equipment and systems; application software for robots; computer programs for monitoring product and quality information created in the production process; in-vehicle payment software for

audio, video and navigation apparatus; e-payment software for use in vehicles; computer e-commerce software; computer software for providing security to networks; computer software for personal information management; downloadable e-wallets; downloadable computer software for use as a digital wallet; content operating software for metaverse environments; game software for metaverse environments; computer software for wireless content delivery; software for searching and retrieving information across a computer network; recorded computer software for safe car driving; touchscreen monitors; computer monitors; portable monitors; LCD monitor holders for automobiles; digital or electronic tablet stands for use on desks; stand for tablet PC; wearable video display monitors; multi touch screen; head-mounted video displays; monitor for digital photo frames; devices for the projection of virtual keyboards; touch screen for tablet computer input with built in or using GPS properties; interface software for metaverse environments; virtual reality glasses; electronic locking apparatus having face recognition function; face recognition apparatus; speech recognition apparatus; data security apparatus; electronic driver-interface displays for automobiles; electronic controlling device for storing car accident records; digital car driving recording apparatus; flight simulators for aircraft; aircraft avionic sensors; flight simulation apparatus; biometric retinal scanners; biometric hand scanners; steering apparatus, automatic, for vehicles; simulators for the steering and control of vehicles; head-up display apparatus for vehicles; car navigation computers; electronic apparatus for parking location identification; laser object detectors for vehicles; computers and computer peripheral devices for the remote control of vehicles; computer display monitors; computer components and parts; computer hardware; peripherals adapted for use with computers; electronic monitoring instruments, other than for medical use; encoded cards for use in relation to the electronic transfer of financial transactions; computer hardware for satellite navigational apparatus and GPS navigation systems; data processing apparatus; computer hardware for electronic payment transactions through wireless networks, global computer networks, or mobile communication

devices; laser distance sensors, except for medical use; simulator for optical devices; vehicle drive training simulators; electronic payment terminals for encoded cards, stored value cards, pre-paid cards and smart cards; black box for cars; electronic keyless entry system for automobiles; electronic control systems for autonomous vehicles; in-vehicle security terminals for electronic transactions; apparatus for processing electronic payments, for use in vehicles; computer hardware for remote ignition, adjustment, calibration, direction and management of vehicles; computer hardware for in-vehicle data transmission and the communication between vehicles and cloud-based platforms; LED information display apparatus for car; video game cartridges and cassettes; articles of protective clothing for wear by motorcyclists for protection against accident or injury; downloadable music files; downloadable multimedia file; downloadable image files; downloadable computer graphics; downloadable image; recorded data files (metadata containing information about digital assets); downloadable image files featuring virtual merchandise such as clothing, shoes, bags, headgear, eyewear, sports equipment, works of art, paintings and toys for metaverse environments; downloadable image files featuring virtual cars for metaverse environments; downloadable image files featuring character images for metaverse environments; downloadable image files featuring avatars for metaverse environments; downloadable ticket; computer digital maps; humanoid robots with artificial intelligence for use in scientific research; telepresence robots; security surveillance robots; laboratory robots; downloadable computer programs for searching, viewing and purchasing products; computer software for automatic storage of transaction data authenticated by non-fungible tokens (NFTs) using blockchain technology; encoded non-magnetic IC cards; computer application software for mobile phone for electric charge reservation; computer application software for smartphones that can be connected to the vehicle's internal system; computer software for fueling and parking of vehicles and paying for tolls, foods and products in vehicles; computer firmware (software) for platforms for simple payment in the vehicle; electronic sensors for vehicles [safety equipment]; computer

application software for vehicle diagnosis; computer application software for mobile phones to provide information on charging stations; computer application software for cellphones; recorded computer software for data processing; recorded computer programs for data processing.

Mark Clause(s):

The following claim is made in the International Registration: Colour(s) claimed: Dark blue. The color Dark blue is claimed as a feature of the mark. The color white represents background, outlining, shading and/or transparent areas and are not part of the mark.

HILFIGER

Goods and/or Services:

Class 03

Bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; soaps for personal use; perfumery, eau de cologne, eau de toilette, perfumes, room fragrances, potpourri, fragrances for personal use, essential oils; beard oils; cosmetics; make-up products, namely,

lipsticks, lip glosses, mascaras, eye shadows, eyeliners, blushes, pressed powders, loose powders, foundations, non-medicated lip balms, eyebrow pencils; nail care products, namely, nail polish and nail polish remover; non-medicated toiletries; non-medicated skin care products, namely, cosmetic creams and lotions for skin care, moisturizing creams, facial masks and skin firming creams and lotions; cosmetic preparations for baths and showers, namely shower gels, bath oil, bath salts, bath beads and bath crystals, talcum powders for toilet use, hair lotions, shampoos; hair conditioners; hair lacquers, hair styling gels, hair creams, hair sprays, hair gels; dentifrices; antiperspirants, deodorants for personal use; shaving articles, namely, shaving soaps, shaving gel and shaving cream, after-shave, after-shave lotions and gels; sun-tanning lotions, sun protection preparations, tanning and self-tanning preparations; shoe polish and creams; hair dyes; cleaning preparations; cosmetics for animals.

Class 09

Photographic, cinematographic and optical apparatus and instruments; optical goods such as spectacles, protective spectacles, spectacle glasses, eyeglass frames, contact lenses, sunglasses; sunglass products, namely, headstraps, sunglass retainers, eyeglass cases and sunglasses cases, spectacle presentation boxes, spectacle chains and spectacle cords, parts for all aforesaid goods; camera cases; cases and holders for portable computers and mobile phones; video cameras; video disks and magnetic optical discs featuring topics in the fields of fashion, modeling, cosmetics, lifestyle, culture, art, music and entertainment; visual and/or machine-readable data carriers for entering bonus and reward transactions; magnetic cards; magnetically encoded and smart (programmable) cards; encoded membership cards; blank magnetic data carriers; pre-recorded discs featuring topics in the fields of fashion, modeling, cosmetics, lifestyle, culture, art, music and entertainment; computers; computer peripheral equipment; recorded computer programs featuring topics in the fields of fashion, modeling, cosmetics, lifestyle, culture, art, music and

entertainment; mouse pads; downloadable electronic publications in the nature of books, magazines, newsletters, brochures and catalogs in the fields of fashion, modeling, cosmetics, lifestyle, culture, art, music and entertainment; pocket calculators; video game cartridges; communication, telecommunication, telephone and mobile telephone apparatus and instruments; telephones, mobile telephones, communication devices and cases therefor; ringtones [downloadable]; screen savers and screen wallpaper; Electronic book readers; handheld computers for reading and viewing text; Computer software for transmitting audio and video contents; pre-recorded DVDs featuring music contents; software applications (apps), including apps for installation on telephones, mobile telephones and communications and wireless communication devices; bags and cases adapted for holding or carrying telephones, mobile telephones, communications and wireless communication devices and accessories; electronic and computerized personal organizers; computer software relating to the retailing of fashion, fashion accessories and personal grooming products; computer software for downloading, publishing, displaying, posting, labeling, blogging, sharing or other ways of providing electronic media or information via the internet or other communication networks; electronic publications provided on-line via databases or via the internet (including web sites); virtual reality applications, featuring perfumery, cosmetics, clothing, footwear, headgear, textile goods, goods made of leather or imitations of leather, bags, eyewear, jewellery, watches, horological and chronometric instruments, household accessories and articles; computer software platforms; platform software; collaboration software platforms [software]; collaboration software; communication, networking and social networking software; e-commerce software; 3D computer graphics software; 3D fashion software; software for a digital showroom; 3D animation software; virtual and augmented reality software; tokens [software]; downloadable digital files authenticated by non-fungible tokens (NFT) for enabling the authenticity, ownership, availability and trading of digital assets and creations such as art, in-game items and videos on computer software platforms;

downloadable software for processing transactions related to crypto-collectibles, non-fungible tokens and other application tokens; downloadable computer software for use in the safeguarding of digital files, including audio, video, text, binary, still images, graphics and multimedia files; downloadable image file containing artwork, text, audio, video, games and internet web links relating to sporting and cultural activities; downloadable multimedia file containing artwork, text, audio, video, games, and internet web links relating to non-fungible tokens; downloadable software for blockchain-based inventory management; downloadable software for viewing crypto-collectibles, non-fungible tokens and other application tokens; downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting crypto-collectibles, non-fungible tokens and other application tokens; downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, and managing digital currency payment and exchange transactions; memory cards; digital picture frames; digital cameras; camera lenses; magnetic coded cards, namely, gift cards; headphones; Portable battery chargers; speakers; over ear headsets; earbuds; electric charging cables; charging apparatus; phone cases; cases adapted for ear buds; phone stands; gaming headsets; virtual reality headsets; gaming keyboards and accessories, namely computer hardware for games and gaming; digital smart trackers; wearable activity trackers; smartwatches.

Class 14

Jewellery, namely, bracelets, necklaces, brooches, rings, earrings, charms, tie tacks, hat ornaments of precious metals, badges of precious metals, buckles for watchstraps, pins being jewellery, cufflinks, key rings; precious stones; semi-precious stones; pearls; key chains, key rings, tie holders of precious metal; tie holders [tie clips] of leather and key holders [trinkets] of leather; horological and chronometric instruments, namely, watches, wrist-watches, straps for wrist-watches and watch cases, clocks, chronographs, chronometers, alarm clocks; parts and

fittings for watches, clocks, watch straps; watch cases; jewellery cases; statues and figurines, made of or coated with precious or semi-precious metals or stones, or imitations thereof; ornaments, made of or coated with precious or semi-precious metals or stones, or imitations thereof; works of art of precious metal; shoe and hat ornaments of precious metal; precious metals and their alloys.

Class 18

Leather, unworked or semi-worked and imitations of leather; animal skins; full line of bags, namely, all-purpose sports and athletic bags; overnight bags; book bags; tote bags; travelling bags; backpacks; handbags; luggage, namely suitcases; purses; brief cases; travel bags; duffel bags; textile shopping bags; beach bags, wheeled shopping bags, school bags; garment bags for travel; shoulder belts; fitted belts for luggage, tie cases; straps for luggage; overnight cases; clutch bags; toiletry bags sold empty; suitcases with wheels attached; billfolds; wallets, pocket wallets, change purses, coin purses, key cases, leather credit card cases; combined money and credit card holders; card cases, cosmetic cases sold empty, cosmetic cases sold empty; vanity cases, not fitted; beauty-cases for storing cosmetics; umbrellas, parasols and walking sticks; whips and saddlery, collars for animals; harness for animals; animal hides; leather trimmings for furniture.

Class 24

Fabrics and textile goods not included in other classes, namely, household linen, bed linen, sleeping bags [sheeting], bath linen, bed sheets, pillow shams, pillow cases, blankets, comforters, quilts, bedspreads, bed covers, coasters, duvet covers, duvets, dust ruffles, mattress covers, towels, bath towels, beach towels, travelling rugs, face cloths, shower curtains, table linen, table covers, table cloths, fabric table runners, table napkins of textile, place mats of textile material, curtains of textile or plastic, draperies, unfitted fabric furniture covers, fabric flags, handkerchiefs; covers of textile for water closets; bath mitts; cloth labels; floor towels; curtain tie-backs in the nature

of textile curtain holders; net curtains; upholstery fabrics, wall hangings of textiles.

Class 25

Clothing; clothing including clothing for men, women and children and infants namely, shirts, golf shirts, t-shirts, polo shirts, knit tops, woven tops, sweatshirts, tank tops, sweaters, hoodies, cardigans, blouses, jerseys, turtle-necks, shorts, sweatpants, warm-up suits, costumes, blazers, sportswear, sport coats, trousers, jeans, jumpsuits, skirts, dresses, wedding dresses, suits, overalls, jumpers, vests, jackets, coats, raincoats, parkas, ponchos, swimwear, bikinis, swim trunks, overcoats, rainwear, wind resistant jackets, clothing for dancing namely leotards and ballet suits, sleepwear, pajamas, sleepsuits, baby bodysuits, one piece bodysuits, bathrobes, shower caps, chasubles, underwear, lingerie, boxer shorts, belts (clothing), belts made of leather (for clothing), ties; headgear including hats, wool hats, beanies, caps, visors, headbands (clothing), ear muffs (clothing); scarves, shawls, wristbands, cloth bibs; footwear, gym shoes, sneakers, socks, stockings, hosiery, shoes, boots, beach shoes, sandals, slippers, pumps [footwear], high-heeled shoes, espadrilles, slip-on shoes; gloves (clothing); suspenders; layettes (clothing); sashes for wear; wet suits for water-skiing; wet suits for surfing; maniples; sleep masks; wedding clothing.

Class 35

Retail store services, and assistance on commercial business in connection with perfumery, cosmetics, clothing, footwear, headgear, textile goods, goods made of leather or imitations of leather, bags, eyewear, jewellery, watches, horological and chronometric instruments, household accessories and articles; the aforesaid services also in connection with franchising; provision of information regarding business management, business administration; online retail store services by mail order companies in the field of for perfumery, cosmetics, clothing, footwear, headgear, textile goods, goods made of leather or imitations of leather, bags, eyewear, jewellery, watches, horological and chronometric instruments, home accessories and

articles, household accessories, books, art pictures, cards, calendars, posters, prints, stickers and cartoon printed books; administrative services in respect of the closing of franchise agreements for perfumery, cosmetics, clothing, footwear, headgear, textile goods, goods made of leather or imitations of leather, bags, eyewear, jewellery, watches, horological and chronometric instruments, home accessories and articles; retail store services and/or on-line retail store services in relation to virtual goods, namely, perfumery, cosmetics, clothing, footwear, headgear, textile goods, goods made of leather or imitations of leather, bags, eyewear, jewellery, watches, horological and chronometric instruments, art, household accessories and articles for use online; assistance in franchised commercial business management; organisation of trade fairs for commercial or advertising purposes; advertising; office functions; aforementioned services also provided via internet; presentation of goods on communication media, for retail purposes; commercial administration of the licensing of the goods and services of others; promotional services; sales promotion for others; organization of fashion shows for promotional purposes; personnel management consultancy; administrative services for the relocation of businesses; secretarial services; accounting; rental of vending machines; sponsorship search.

Class 41

Entertainment services; entertainment services in the nature of online computer games which include non-downloadable publications featuring virtual perfumery, cosmetics, clothing, footwear, headgear, textile goods, goods made of leather or imitation leather, bags, eyewear, jewellery, watches, horological and chronometric instruments, household accessories and articles for use in virtual environments; art exhibitions; custom painting of artwork for others; providing on-line digital publications in the nature of non-fungible tokens in the field of digital art via the internet.

Class 42

Software development, programming and implementation; fashion design services; clothing, textiles, headgear and footwear design services; fashion design consulting services; providing information about fashion design services; providing information about 3D fashion design services; 3D design services for clothing, textiles, headgear and footwear; design of virtual fashion; providing temporary use of online non-downloadable software for use in electronically trading, storing, sending, receiving, accepting and transmitting digital currency, crypto-collectibles, non-fungible tokens and other application tokens, and managing digital transactions; software as a service (SaaS) and platform as a service (PaaS) featuring software for use in connection with providing a digital platform for navigating digital art, crypto-collectibles, non-fungible tokens and other application tokens, and non-fungible token marketplaces and auctions; providing online non-downloadable software for providing access to cryptocollectibles, non-fungible tokens and other application tokens; electronic storage of digital photographs and videos.

ELECTRIC UNIVERSE

Goods and/or Services:

Class 04

Electricity; fuels; hydrocarbon fuels; illuminants, combustible compositions; electrical energy from renewable sources; fuel gas; gas and gaseous fuels; industrial oils and greases; lubricants.

Class 09

Scientific, electronic, photographic, cinematographic, optical, weighing and measuring apparatus and instruments; electric apparatus, namely, apparatus for conducting, switching, transforming, accumulating, regulating or controlling electricity; charging stations for electric vehicles; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; scientific apparatus and instruments for measuring, signalling, checking (supervision); apparatus for recording, transmission or reproduction of sound or images; magnetic

data carriers, recording disks; electronic, encoded and magnetic cards; smart (programmable) cards; calculating machines and data processing apparatus; apparatus for monitoring domestic or industrial consumption of electrical energy, gas, heat and water; apparatus for analysing signals, current and voltage; electrical apparatus and instruments for processing storing, transmitting, distributing or receiving data; instruments and installations for encoding, decoding, transcoding, encrypting, deciphering, recording, transmitting, reproducing and amplifying sound, images and information; computer communication, office automation, home automation and building automation terminals; magnetic or optical data media, interfaces, reading devices for data processing, optical drive, micro processors, central processing devices, software, software packages, data banks and database management systems; electrical and electronic apparatus and instruments for use in or in relation to the generation or distribution of power, gas, water or electricity or telecommunications; batteries; circuit breakers, electric control panels, electric apparatus for commutation, electricity distribution boxes, consoles and boards, electric branch boxes, junction boxes, electric converters, electric transformers; branch and distribution boxes, electrical cables, conductors, conduits, connectors and switches; electrical connection insulation apparatus; insulation resistance metres; insulation testers; door bells, alarms; fuses and fuse wires; intercommunication apparatus; telecommunications apparatus and instruments; electronic and infrared remote control devices; apparatus for use in remote control of electricity, gas, heat, water and energy supplies; remote switching apparatus and instruments; power generation monitoring apparatus; computer software for use in or relating to the generation or distribution of power, gas, water or electricity; solar panels for electricity generation; fuel meters; fuel gauges and fuel consumption counters; electronic monitoring and control devices for heating, cooling and ventilating systems; lighting controls; external power supplies; devices for monitoring and conserving energy use; devices for tracking energy use; solar photovoltaics; energy regulators; energy control devices; thermal energy measuring apparatus; solar energy collectors

for electricity generation; electric control devices for energy management; computer software; computer software applications; mobile apps; computer and/or mobile application software for facilitating payment for fuel; computer and/or mobile application software for route planning; computer and/or mobile application software for identifying location of electric vehicle charging points; computer software relating to the handling of financial transactions; computer software for use as an application programming interface (API); downloadable publications; publications in electronic format; parts and fittings for all the aforesaid.

Class 35

Business administration, business advice, business analysis, business data analysis, business assistance, business consultancy, business information, business management, business project management services, business organisation, business planning, business strategy, business supervision; compilation and provision of business data, information, statistics; data collection, data management, data processing, data retrieval; database management; meter reading for billing purposes; billing services in the field of energy; advertising; marketing; retail services in connection with the sale of energy; procurement of contracts concerning energy supply; energy price comparison services; import-export agencies in the fields of energy and power; organisation, operation and supervision of incentive and loyalty schemes; operation and supervision of an incentive scheme for the purpose of reducing levels of carbon dioxide or other greenhouse gases; invoicing services in the field of energy; preparing and/or writing of business reports; information, advisory and consultancy services relating to all the aforesaid.

Class 36

Financial services; bill payment services; bill consolidation services; payment administration, payment, processing services; credit services; provision of finance for credit sales; hire purchase financing; insurance services; warranty services;

guarantee services; financial consultancy in the energy and power sectors; financial partnership services; financial services relating to the use of energy efficient gas and electric services and appliances; awarding of grants in relation to the use of energy efficient gas and electric services and appliances; brokerage of carbon offsets; brokerage of carbon credits; brokerage of electricity; issuing of tokens of value in relation to incentive schemes for the purpose of reducing levels of carbon dioxide and/or other greenhouse gases in the atmosphere; information, advisory and consultancy services relating to all the aforesaid.

Class 37

Installation, repair, maintenance and servicing of power generating apparatus and installations; installation, repair, maintenance and servicing of energy-saving apparatus; installation, repair, maintenance and servicing of energy supply installations; installation, repair, maintenance and servicing of electrical appliances, pipework systems, electricity, gas, oil, water meters; electrical wiring services; installation, maintenance, repair and servicing of gas and electric transmission lines; installation, maintenance, repair and servicing of apparatus and instruments using gas or electricity; installation, maintenance and repair of computer hardware and software; installation and maintenance of chargers and charging stations for electric vehicles; computerised information services relating to location of electric vehicle charging equipment and charging stations; information, advisory and consultancy services relating to all the aforesaid.

Class 39

Power supply and distribution; energy distribution; storage of energy and fuels; leasing the use of power lines to third parties for the transmission of electricity; gas and electricity storage, supply and distribution services; storage, distribution, transportation and delivery of gas and gaseous fuels; transmission and/or distribution and/or supply of gas, electricity and other energy sources; electricity supply services;

electricity distribution; information, advisory and consultancy services relating to all the aforesaid.

Class 40

Power generation; energy production services; production of energy by power plants; the production of energy for domestic and industrial use from renewable sources such as solar, wind and water; production of energy; energy generation; recycling of chemicals; processing and refinement of fuel materials; conversion of by products from cooling towers into a domestic heating supply; information, advisory and consultancy services relating to all the aforesaid.

Class 42

Scientific, technical and technological monitoring of energy use, energy conservation and energy efficiency; energy auditing; programming of energy management software; development of energy and power management systems; research in the field of energy; energy efficiency management and consultancy; auditing of energy consumption and of efficiency of operation of appliances; testing of gas and electricity generating plants, gas and electric appliances, pipework, transmission lines and apparatus and instruments utilising gas and electricity; geological surveys; industrial design services; engineering services; scientific and industrial research; research on energy and renewable energy; technical study and advice concerning the distribution of energy consumption; technical evaluation and estimate services concerning energy consumption; technical services for collecting information from remote energy consumption calculators; environmental assessment, consultancy, monitoring services; providing advice on environment related issues; consultancy in relation to the conservation of energy; providing technical advice relating to energy-saving measures; information, research, advisory and consultancy services relating to all the aforesaid.

Class 45

Services relating to the licensing of software, technology and telecommunications/communications apparatus and equipment; identity verification services; online social networking services accessible by means of downloadable mobile applications; licensing of smart (programmable) cards, encoded cards, electronic key cards and related technology; information, research, advisory and consultancy services relating to all the aforesaid.

SYNTAX

Goods and/or Services:

Class 01

Chemicals, reagents, enzymes and kits comprising enzymes, monomers, solid media, synthesis plates, all for use in scientific research, namely, for use in synthesizing polynucleotides, namely, for amplifying, assembling and modifying genetic fragments, genotyping, gene modification, and analyzing biological systems, samples and cells, in clinical, medical and biological facilities and laboratories using or storing nucleic acid molecules; stem cells other than for medical or veterinary use; chemical products for analyses in laboratories other than for medical or veterinary use; protein [raw material]; all the aforesaid goods other than those directly for use in the cardiovascular field.

Class 05

Chemical reagents and enzymes for medical use, namely, for use in synthesizing polynucleotides, namely, for amplifying, assembling, modifying genetic fragments, genotyping, gene modification, and analysis of biological systems, samples and cells, in clinical, medical and biological facilities and laboratories using or storing nucleic acid molecules; stem cells for medical use; stem cells for veterinary use; all the aforesaid goods other than those directly for use in the cardiovascular field.

Class 09

Laboratory apparatus and instruments and apparatus and instruments for scientific use for polynucleotide synthesis relating to DNA and RNA, as well as parts and accessories for such apparatus and instruments, namely, bottles, flasks, cartridges, vials, reaction plates, synthesis supports, reaction tubes, as well as computer hardware and downloadable computer software relating thereto for use in operating and interfacing with apparatus and instruments for synthesizing polynucleotides;

laboratory apparatus and instruments and apparatus and instruments for scientific use using or storing nucleic acid molecules, particularly for amplification, assembly or modification of genetic fragments, genotyping, gene modification and analysis of biological cells, samples or systems; DNA chips; apparatus for scientific use for preservation, storage or processing of DNA chips containing information; computer hardware and computer software for use in apparatus and instruments for synthesizing polynucleotides; computer hardware and computer software for polynucleotide synthesis relating to DNA and RNA; computer hardware and computer software for use in amplifying, assembling or modifying genetic fragments, genotyping, gene modification and analysis of biological cells, samples or systems; computer hardware and computer software for use in preserving, storing or processing DNA chips containing information; biochips; DNA chips; all the aforesaid goods other than those directly for use in the cardiovascular field.

Class 10

DNA and RNA testing apparatus for medical use; testing apparatus for medical use; diagnostic apparatus for medical use; analysis devices for identification of bacteria for medical use; all the aforesaid goods other than those directly for use in the cardiovascular field.

Class 42

Technical evaluations concerning design (engineers' services); scientific research; technical research; biological research; chemical research; medical research; chemical analysis; chemistry services; scientific laboratory services; designing and testing synthetic DNA for scientific research purposes; polynucleotide synthesis services relating to DNA and RNA for scientific research purposes; computer services for storing nucleic acid molecules, particularly for amplification, assembly or modification of genetic fragments, genotyping, gene modification and analysis of cells, samples or biological systems on DNA chips containing information; biological

research laboratory services for storage of nucleic acid molecules, particularly for amplification, assembly or modification of genetic fragments, genotyping, gene modification and analysis of cells, samples or biological systems on DNA chips containing information; chemical laboratory services for storage of nucleic acid molecules, particularly for amplification, assembly or modification of genetic fragments, genotyping, gene modification and analysis of cells, samples or biological systems on DNA chips containing information; scientific services for the storage of nucleic acid molecules, particularly for the amplification, assembly or modification of genetic fragments, genotyping, gene modification and analysis of cells, samples or biological systems on DNA chips containing information; computer services for the preservation, storage or processing of data on DNA chips containing information; biological research laboratory services for preservation, storage or processing of data on DNA chips containing information; chemical laboratory services for preservation, storage or processing of data on DNA chips containing information; scientific services for the preservation, storage or processing of data on DNA chips containing information; design of computers for third parties; computer development; software design; software development; research and development of new products for third parties; conducting of technical project studies; software development (design); software installation; software maintenance; updating of software; software rental; programming for computers; computer system analysis; computer system design; consultant services with respect to computer hardware design and development; digitization of documents; Software as a Service (SaaS); cloud computing; advice regarding information technology; server hosting; graphic arts design services; styling (industrial design); authentication of works of art; energy auditing; electronic data storage; all the aforesaid services other than those directly for use in the cardiovascular field.

Class 44

Medical services; veterinary services; skin care services (beauty and sanitary care);

medical assistance; plastic surgery; hospital services; medical analysis services provided by medical laboratories for diagnostic and therapeutic purposes; advice with respect to health; consultation with respect to pharmacy; all the aforesaid services other than those directly for use in the cardiovascular field.

Goods and/or Services:

Class 06

Common metals and their alloys; building materials of metal; transportable structures of metal; railway materials of metal; non-electric cables and wires; locks of metal; pipes and tubes of metal; safes [metal and non-metal]; metal ores; badges, pins of metal.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), emergency (life-saving) and teaching apparatus and instruments; apparatus and instruments for conducting, distributing, transforming, accumulating, regulating or controlling electric current; apparatus for recording, transmission, reproduction of sound or images; magnetic recording media, acoustic discs; compact discs, DVDs and other digital recording media; cash

registers, calculating machines, data processing equipment, computers; computer programs; apparatus for extinguishing fires; spectacles [optical]; earphones; compact discs [CDs]; computer game software for mobile and cellular phones; computer games programs downloaded from the Internet [software]; game software; downloadable interactive entertainment software for playing computer games; electronic software for mobile phones; computer game software downloadable via a global computer network and wireless devices; game software downloadable via a global computer network; anti-glare glasses; chains for spectacles; footwear for protection against accidents; Life buoys; bullet-proof vests; contact lenses; spectacle cords; measuring tapes for dressmakers; lenses for spectacles; cases for contact lenses; spectacle cases; clothing for protection against fires; frames for spectacles; sunglasses; gloves for divers; gloves for protection against accidents; diving suits; optical lenses; magnetic cards; magnetic identity cards; clothing for protection against accidents and irradiation; protective suits for aviators; electronic agendas; directional compasses; helmets; telescopes; chronographs; pedometers; compact disks [audio-video]; computer printers; optical compact discs; mirrors (optical); binoculars (optical); temperature meters; bar code readers; compact disc players; magnifying glasses [optical]; optical lamps; billing machines; weights; galvanic batteries; recorded computer programs; recorded operating system programs for computers; mouse [computer peripheral]; electronic pocket translators; transistors [electronics]; thermometers, not for medical use; gaming machines adapted for being used with television receivers only; receivers [audio, video]; animated cartoons; teaching materials; walkie-talkies; downloadable electronic publications; egg timers [sandglasses]; mouth guards; pocket calculators; video cameras; video game cartridges; abacuses; loudspeakers; mouse pads; antennas; telephone receivers; balancing devices; barometers; electric batteries; answering machines; graduated glassware; protective helmets for sports; sports goggles; microscope slides; slide projectors; personal reflective discs for the prevention of traffic accidents; dissection kits, fitted [microscopy]; metering devices; junction boxes [electricity]; rescue ladders;

exposed films; filters for breathing masks; flash-bulbs [photography]; camera mounts; holograms; magnets; ear plugs for divers; electric switches; lasers, not medical; luminous signs.

Class 16

Paper, cardboard; printed matter; bookbinding material; photographs [printed]; stationery; adhesives for stationery or household use; artists' materials; desk organizers for stationery [office requisites]; instructional materials, except apparatus; instructional or teaching material [except apparatus]; plastics for wrapping not included in other classes; printing type; prints; publications; writing or drawing books; paintbrushes; typewriters and office requisites (except furniture); teaching materials, except apparatus; instructional or teaching material (except apparatus); plastics for wrapping not included in other classes; printed characters; prints; engravings; boxes of paper or cardboard; patterns for dressmaking and sewing; tissues of paper for removing make-up; labels of paper or cardboard; tablecloths of paper; table napkins of paper; handkerchiefs of paper; pencil cases; check holders; school supplies [stationery]; bags (envelopes, bags) of paper or plastic, for wrapping, tailors' chalk; towels of paper; boxes of paper; cardboard boxes and stationery boxes; tracing paper; paper; book covers; canvas for painting; albums; almanacs; hand labelers; ring binders; writing instruments and material; transfers (decals); calendars; posters; folders [stationery]; passport holders; catalogs; business cards; periodicals; books; lithographic works of art; paper for wrapping and packaging; toilet paper; paperweights; inks; inkwells; bibs of paper; drawing materials; graphic prints; writing slates; comic publications; printed maps; terrestrial globes; plastic materials for modeling; stencils [stationery]; markers of paper or cardboard; cards, steel letters and pens; aquarelles, adhesive tape dispensers; stationery or household adhesive tape; stickers for stationery; files [office requisites]; modeling clay; arithmetical tables; scented or unscented cabinet paper; architects' models; carvings, banners and flags of paper; tickets; stationery; ball-point pens; blackboard erasers [chalk erasers];

painters' easels; charcoal pencils; writing paper; letter racks of paper or cardboard; notebooks; ink sticks; bottle wrappers of paper and cardboard; sealing wax for tacks [tips]; ribbons of paper other than haberdashery for hair; ink ribbons for computer printers; ribbons for typewriters [office requisites]; cabinets for stationery [office requisites]; drawing boards; binders [office supplies]; sewing patterns; framed or unframed paintings [pictures]; bookbinding materials; bookbinding apparatus and machines [office requisites]; gummed cloth for stationery; rulers [rulers]; rulers; paper seals; greeting cards; filter paper; covers [stationery]; office staplers; stationery; electric or non-electric pencil sharpeners; pencil holders; palettes for painters; silver paper; paraffin paper; modeling paste; punches (office requisites); painter's rollers; postcards; blotters; envelopes (stationery); clips of metal for notes and cards, notebook; printed publications; paintings; stapling presses; office material, except furniture; pens [office material]; glue for stationery or household use; drawing instruments; drawing materials.

Class 25

Ready-made clothing for men, women and children, footwear (except orthopedic footwear), hats and headwear; clothing for motorists and cyclists; bibs other than of paper; headbands [clothing]; bath robes; bathing suits; boas [necklets]; underwear; pants for babies; scarves; beach shoes; sports footwear; hoods [clothing]; shawls; belts [clothing]; neckties; corsets [underclothing]; scarves and kerchiefs; fur stoles; hats; gloves [clothing]; rain wear; underwear, mantillas; socks; neckerchiefs; furs [clothing]; pajamas; heels; veils (clothing); suspenders; paper clothing; clothing for gymnastics and sports; layettes; jerseys, mittens; ear muffs [clothing]; inner soles; bow ties; pareus; cuffs [clothing]; arm warmers; masquerade costumes; beach costumes; sun visors; skirts; unitards; aprons [clothing]; hats; footwear; suspenders and braces; coats; esparto shoes or sandals; non-slipping devices for boots; bath slippers; birettas (headwear); shirts; Bermuda shorts; boots; boot uppers; studs for football boots; footwear; fittings of metal for footwear; tips for footwear; heels for

footwear; short trousers; shortalls; T-shirts; bodices [lingerie]; vests; jackets; fishing vests; one-piece coveralls; jump suits [clothing]; overalls [underwear]; leather clothing; artificial leather garments; ready-made linings [parts of clothing]; gabardine (jerseys, clothing); jerseys; muffs [clothing]; caps for footwear; parkas; pilgrim jackets; pelisses; spats; clothing for gymnastics; outerclothing; sandals; saris; boxer shorts; brassieres; toges; suits; turbans; dresses; slippers; sports shoes, clothing; shoes, hats, stockings, gloves, scarves; girdles [underwear].

Class 28

Games, toys; Gymnastic and sporting articles not included in other classes; decorations for the Christmas tree; fishing articles; rods for fishing; toy masks and theatrical masks, dolls' houses; climbers' harness; party favors; gloves [play accessories]; baseball, boxing, fencing and golf gloves; hand puppets; automatic games other than prepaid games or games adapted for use with television receivers only (electronic games); exercise machines; Christmas trees of synthetic materials; elbow and knee guards [sports equipment]; kites; rattles; kaleidoscopes; rocking horses [toys]; building games; automatic gaming machines (token machines); playing cards; teddy bears; dolls; dolls' clothes; air pistols [toys]; chess games; archery equipment; building blocks [toys]; body boards; bowling games; stationary exercise bicycles; bags for golf clubs; flippers for swimming; Christmas tree stands; playing balls; dolls' beds; play balls; dolls' houses; butterfly nets; swings; confetti; dice; checkers [games]; darts; flying discs [toys]; domino; counters [discs] for games; skis; bags especially designed for skis and surfboards; tables for indoor football; appliances for gymnastics; horseshoes for games; hockey sticks; soap bubbles [toys]; board games; toys for domestic pets; model vehicles; skateboards; mobiles as toys; ammunition for paintball guns (sports accessories); artificial snow for Christmas trees; billiard and golf balls; billiard tables; in-line roller skates; ice skates; roller skates; scooters [toys]; plush toys; dolls [toys]; piñatas; swimming pools [sports or play equipment]; jigsaw puzzles; cone devices; rackets; skateboards; skateboards,

surfboards; chessboards; sling shots [sports articles]; toboggans [sports articles]; sleighs [sports articles]; vehicles [toys]; remote-controlled vehicles (toys); swimming jackets; toys; body-building apparatus; gaming apparatus; ornaments for Christmas trees, except lights and sweets; games.

Class 35

Advertising; business management services; business administration; office functions; wholesale and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for common metals and their alloys, ores, building and construction materials of metal, transportable buildings of metal, non-electric cables and wires of metal, small items of metal hardware, metal containers for storage and transport of safes; wholesale and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; wholesale and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for apparatus and instruments for conducting, distributing, transforming, accumulating, regulating or controlling the distribution or consumption of electricity; wholesale and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for apparatus and instruments for recording, transmission, reproduction or processing of sound, images or data; wholesale and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for recorded or downloadable media, software, blank digital or analogue recording and storage media, mechanisms for coin-operated apparatus, cash registers, calculating devices, computers and computer peripherals; wholesale

and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for diving suits, diving masks, ear plugs for diving, nose clips for divers and swimmers, diving gloves, breathing apparatus for underwater swimming, fire extinguishers; wholesale and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for paper and cardboard, printed matter, bookbinding material, photographs, stationery and office requisites, except furniture; wholesale and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for adhesives for stationery or household use, drawing materials and materials for artists, paintbrushes, instructional and didactic materials, sheets, films and bags of plastic materials for wrapping and packaging, printers' type, printing blocks; wholesale and retail services in stores, via global computer networks, via catalogs, via mail order, via telephone, via radio and television and via other electronic media for clothing, footwear, headwear, games and playthings, video game apparatus, gymnastic and sporting articles, decorations for Christmas trees; administration and consultancy in the field of marketing; commercial or industrial management assistance; sales promotion for third parties; personnel management; administrative services for the transfer of companies; rental of office machinery and equipment; accounting; rental of vending machines; retail services for pharmaceutical, veterinary and hygienic preparations and medical supplies, business management consultancy; management of sports companies; sponsorship search; on-line advertising via a computer network; Presentation of products in communication media for retail sales; import and export agency services; marketing; web indexing for commercial or advertising purposes; retail and wholesale services for virtual goods, namely, common metals and their alloys, ores, metal building and construction materials, transportable buildings of metal, non-electric cables and wires of metal, small items of metal hardware, containers of metal for storage and transport, safes, for use online; retail and wholesale services for

virtual goods, namely, scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, for use online; retail and wholesale services for virtual goods, namely, apparatus and instruments for conducting, distributing, transforming, accumulating, regulating or controlling the distribution or consumption of electricity, sound, image or data recording, transmission, reproduction or processing apparatus and instruments, recorded or downloadable media, software, blank digital or analog recording and storage media, for use online; retail and wholesale services for virtual goods, namely, mechanisms for coin-operated apparatus, cash registers, calculating devices, computers and computer peripheral devices, diving suits, diving masks, ear plugs for diving, nose clips for divers and swimmers, diving gloves, breathing apparatus for underwater swimming, fire-extinguishing apparatus, for online use; retail and wholesale services for virtual goods, namely, paper and cardboard, printed matter, bookbinding material, photographs, stationery and office requisites, except furniture, adhesives for stationery or household use, for use online; retail and wholesale services relating to virtual goods, namely drawing material and material for artists; retail and wholesale services for virtual goods, namely, clothing, footwear, headwear, games and playthings, video game apparatus, gymnastic and sporting articles, decorations for Christmas trees, for use online.

Class 38

Telecommunication services; providing connection to a global computer network via telecommunication media; transmission and sending of material via the Internet; computer network communication services; computer terminal communications; telephone services; electronic messaging; computer-aided transmission of messages and images; teleconferencing services; transmission of short messages [SMS]; transmission of images, voice, sound, music and text between mobile telecommunications devices; wireless transfer of data via digital mobile telephony;

broadcasting of radio and television programs, electronic messaging, electronic publications (electronically downloadable) and electronic advertising; communications via computer terminals; communications via global computer networks; radio and television broadcasting.

Class 41

Education; training; entertainment services; sporting and cultural activities; publishing of non-advertising texts; preparation and coordination of conferences and congresses; sports education services; organization of sports competitions and events; editing of printed publications; sporting and cultural activities; entertainment services in the form of sporting events; organization of football events; gambling services; organization of conferences, exhibitions and competitions; organization, coordination and management of sports competitions; organization of electronic sports activities; organization of fantasy sports championships; online entertainment services in the form of fantasy sports leagues; electronic game and competition services provided via the Internet; training courses relating to sporting activities; sports information services; sports education services; providing information on recreational activities; ticket reservation services for events; ticket reservation services for educational, recreational and sporting activities and events; audio, video, multimedia production services; publication, editing of reports and writing of texts.

Class 43

Food services; temporary accommodation; Hotel services; cafeteria services; day nurseries [crèches], self-service restaurants; food services.

Class 45

Legal services; security services for the protection of property or individuals; online social networking services.

Focke Group

Goods and/or Services:

Class 05

Pharmaceuticals, medical and veterinary preparations; sanitary preparations for medical purposes; dietetic substances and foodstuffs adapted for medical or veterinary use, food for babies; dietary supplements for human beings and animals; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides; sterilising preparations and substances; cleaning preparations for sterilising surgical instruments; biological indicators for monitoring sterilization processes for medical or veterinary purposes; disinfectants and antiseptics; preparations for health care; pharmaceutical preparations; air purifying and deodorizing preparations; products for purification and deodorization of the air.

Class 06

Nozzles of metal; pipes, tubes and hoses, and fittings therefor, including valves, of metal; metal hose fittings.

Class 07

Machine tools and power tools; motors and engines and propulsion mechanisms, other than for land vehicles; machine coupling and transmission components (except for land vehicles); vending machines; packaging machines; packaging machines for foodstuffs and luxury foods, alcohol and tobacco; cigarette packing machines; machines, namely, cardboard packers; foil covering machines; packaging machines for cellulose goods; machines, namely, tobacco pouch packers; conveyers, belt, roller, chain and overhead conveyors for machines; packaging machines and lifting machines for transporting of packaging materials; robots for loading and unloading packaging machines, containers, pallets and conveyors; gears; gear motors; clutches, other than for land vehicles; parts for the aforesaid machines, in particular machine shafts, axles, toothed wheels, gearwheels, mechanical control mechanisms, valves, pumps, pipes, machine foundations, hydraulic and pneumatic telescopic cylinders, bearings, drive units, drive belts, adhesive tape dispensing mechanisms, cutting devices, included in this class; machine tools; mechanical tools; combustion engines and motors, excluding the following goods: motors for land vehicles; machine coupling and transmission components (except for land vehicles); automatic distribution machines; couplings for machines; modular couplings for machines; packaging apparatus, packaging machines; feeders; material compacting machines; robotic packaging machines; installations for vacuum packaging; machines for packaging, in relation to the following goods: pharmaceutical products, medical products, hygiene products, perfumes, creams, masks, roll-ons, deodorants, cosmetic products, nail-polish and lip balms; filling machines; robotic filling machines; bottling machines; dosing valves; filling and/or plugging machines for cylindrical vials,

of the following materials: glass, plastic and metal; filling and/or plugging machines for cylindrical vials of glass, plastic or metal for automatic air conditioning of liquid, semi-liquid or powder goods of all kinds under sterile conditions; machines for filling bottles; washing machines and clothes drying tunnels for industrial purposes; industrial robots; washing machines for industrial purposes; individual mechanical equipment and complete equipment lines for washing, sterilising, filling and plugging of vials; individual mechanical equipment and complete equipment lines for washing, sterilising, filling and plugging of vials for air conditioning of liquid, semi-liquid or powder goods of all kinds under sterile conditions; machines for washing, in relation to the following goods: vials, cartridges, cartridges, ampoules and spraying; installations and machines for automation technology, industrial robots, hand-held power operated implements, automatic assembly machines, electric assembly, manufacturing and processing tools, mechanical conveyors for workpieces and tools, workpiece and tool clamping fixtures; controls for machines; machines for applying adhesives and sealing compounds, in particular machines for applying adhesives for industrial purposes; electric adhesive and sealing application apparatus, in particular hot metal glue guns and glue modules and glue nozzles being components of industrial sealing machines; industrial machines for applying melted adhesives for use in the packaging industry; machines for applying melted adhesives; machine tools; motors (other than for land vehicles); drive couplings, drive belts, not for land vehicles; hot melt plastic guns; glue guns, electric; robotic electric glue guns; spray nozzles being parts of machines; glue dispensing machines for industrial use; jets being parts of machines; sprayers (machines) for applying adhesive; injectors; machines for applying adhesives and sealing compounds, namely machines for applying adhesives, for industrial purposes; electric adhesive and sealing application apparatus, namely heat melting glue guns and glue modules and glue nozzles being components of industrial sealing machines; machines for application of adhesives and sealants; electric adhesive and sealant applicators.

Class 09

Weighing, measuring, signalling, checking apparatus and instruments; magnetic data media; data processing apparatus; computers; computer programs, recorded; all in particular for the tobacco, cigarette and packaging industries and for packaging machines and robots; laboratory freeze dryers; freeze driers for laboratory use; scientific freeze dryers; freeze dryers for scientific purposes; parts, replacement parts and accessories for the aforesaid goods included in this class; computer software for freeze drying plants and equipment; sensors for freeze drying plants and equipment; temperature sensors for freeze drying plants and equipment; pressure sensors for freeze drying plants and equipment; electric and electronic control apparatus for automation and manufacturing engineering, software for automation engineering, computers and peripheral devices therefor; electronic controllers for the application of adhesives and sealants; electronic control apparatus for controlling machines for applying adhesives and sealing compounds.

Class 11

Sterilisers; sterilising apparatus for medical use; sterilization, disinfection and decontamination equipment; cooling apparatus; apparatus for sterilising and depyrogenation of glass containers, including vials, cartridges, cassettes, ampoules and syringes; sterilisation tunnels; lighting installations, heating installations, steam generating installations, cooling installations, drying installations, installations for airing, water supply installations; sanitary apparatus and installations; refrigerating chambers; autoclaves and sterilizers; drying and/or sterilisation ovens; wash-hand basins [parts of sanitary installations]; deep freezing apparatus; cryorefrigerators, cryogenic freezers; refrigerant condensers; parts, replacement parts and fittings for all of the aforesaid goods, as far as the aforesaid goods are included in this class; clean rooms; sterilising installations and machines, namely, sterilising isolators specifically for use in the pharmaceutical industry; melting furnaces for adhesives and thermoplastics; smelting furnaces, hot-melt melter equipment.

Class 17

Flexible hoses, not of metal; hose pipes made of rubber; hoses for pneumatic tools; flexible hose pipes of rubber; industrial hoses of rubber; industrial hoses of plastic; flexible hoses made of polymeric materials; hoses (non-metallic -) for industrial purposes; high pressure hoses of vulcanised fibre; flexible pipes, tubes, hoses and fittings therefor, and fittings for rigid pipes, all non-metallic.

Class 35

Advertising; business management, organisation and administration services; office functions; commercial business management; commercial administration; retail and wholesale services in relation to: packing machines, robots for use in industry, machines, devices and units for applying adhesives, installations and machines for automation technology, machines for the pharmaceutical industry.

Class 37

Maintenance and repair of packaging machines and robots and of weighing, measuring, signalling, testing apparatus and instruments for packaging machines and robots; installation, repair and maintenance services for industrial apparatus, instruments and machines; installation services, repair, maintenance, in relation to the following goods: industrial apparatus, instruments and machines for use relating to refrigerating, drying, freezing and/or freeze drying of pharmaceutical, food, cosmetic, sanitary and/or medical goods; installation services, maintenance, in relation to the following goods: industrial machines; installation, servicing, maintenance and repair, in relation to the following goods: freeze-drying installations, freeze drying apparatus, related parts; installation, repair and maintenance, in relation to the following goods: industrial apparatus, instruments and machines for packaging, sterilising, filling, enclosing, refrigerating, drying and washing pharmaceutical, cosmetic, hygienic and/or medical goods; installation, repair and maintenance of machines for the pharmaceutical industry, in particular of

lyophilisation; servicing and repair of industrial machines.

Class 42

Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design; quality control and authentication services; design and development of computer hardware and software; scientific and technology services; industrial research; technical research; scientific research; pharmaceutical laboratories; scientific and technological research, scientific analysis, technological analysis services; technological consultancy, advisory services relating to industrial engineering and design; technological consultancy, industrial engineering consultancy, in relation to the following goods: machinery and apparatus for packaging, sterilizing, filling, closing, refrigerating, drying and washing; technological consultancy, industrial engineering consultancy, in relation to the following goods: machines for packaging, sterilising, filling, enclosing, refrigerating, drying and washing pharmaceutical, cosmetic, medical and industrial goods; technological advice relating to industrial machinery; design, development and technological consultancy relating to industrial machines; software development, for others, for use in relation to the following goods: industrial machines; design of industrial machinery; research laboratories, in relation to the following goods: industrial machines; research laboratories, in relation to the following goods: cosmetic products, medicinal products, pharmacy goods; engineering services related to the design of machine tools, engineering relating to the design of apparatus; medical and pharmacological research services; engineering in the field of the planning and development of automation projects, development of hardware and software in the field of automation engineering; design, in relation to the following goods: industrial machines.

 V.SHIPS

Goods and/or Services:

Class 09

Computer software; computer software in relation to shipping, navigation, marine transport and marine services; computer software for testing, monitoring, signalling, diagnosing and monitoring marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; electronic testing and monitoring apparatus and instruments for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; computer software for crew procurement; computer software to monitor and report on the safety, operational, crewing and financial performance of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; computer software for teaching, training and evaluating in relation to marine transport and shipping; signalling apparatus for marine logistical purposes; electronic control systems for engines and motors; gauges; monitors; meter reading equipment; vehicle monitoring systems and apparatus; incident recording apparatus; testing apparatus and instruments for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; instruments and apparatus for use in testing fuel; diagnostic and monitoring equipment for use in maintenance, repair and overhaul of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; parts and fittings for all the aforesaid goods.

Class 12

Apparatus for locomotion by water; marine vessels; ships; tankers; container vessels; leisure ships; yachts; passenger ships; ferries.

Class 35

Recruitment services; recruitment of crew for marine vessels, ships, tankers,

container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; supply of crew for ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; management of crew for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; professional staffing for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; business management of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; retail services in relation to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; supply chain management services in relation to marine transport; procurement services for others relating to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; business management in relation to marine transport; database management; database management for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; inventory management for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; accounting services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; business management in relation to ships; business management of fleets of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs for others.

Class 36

Financial services in relation to marine transport and shipping; insurance services; insurance brokerage in relation to marine transport and shipping; brokerage services

[other than transport and freight brokerage services] of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks.

Class 37

Building of marine vessels, ships, tankers, container vessels, leisure ships, passenger ships, ferries, offshore vessels and rigs, docks and dry docks, and yacht conversion, renovation, refit and repair; maintenance for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; repair of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; construction services in relation to marine transport and shipping; conversion services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; inspection services prior to maintenance and repair of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; marine dry docking services; mechanical integrity services being maintenance services of ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks.

Class 38

Communications services; communications services in relation to marine transport and shipping; providing radio and cellular communication services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries and offshore vessels and rigs; providing access to a computer network in relation to marine transport and shipping; provision of access to a computer database in relation to marine transport and shipping.

Class 39

Transport services; marine transport services; marine transport services, namely, marine transport and travel services for marine personnel; marine freight services; shipping services; chartering of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; port services [docking services]; ship brokerage services; packaging, storage, transport and distribution of goods for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; storage, transport, distribution and supply of fuel for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; transport of staff and crew for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; provision of dry dock facilities for transport of water vehicles to dry land; airline travel booking services; marine travel agency services; air transport services of personnel for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; transport of passengers to marine vessels, ships, leisure ships, yachts, passenger ships and ferries; arranging air travel for tour operators; advice, information and consultancy in relation to marine transport and shipping; travel agency services.

Class 41

Education and training; education and training of crew for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; training in relation to marine transport and shipping; arranging and organising conferences, exhibitions, seminars, conventions and workshops in relation to marine transport and shipping.

Class 42

Design and development of marine vessels, ships, tankers, container vessels, leisure

ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; marine engineering; design and development of computer software in relation to marine transport and shipping; software as a service [SaaS] in relation to marine transport and shipping; testing services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; technical inspection services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; safety testing relating to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; engineering analysis relating to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; providing engineering reports in relation to marine transport and shipping; calibration services in relation to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks.

Class 43

Restaurant, bar and catering services; provision of temporary accommodation for crew and staff of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks.

Class 44

Medical and healthcare services; advice, information and consultancy in relation to health and medical care; medical services for staff and crew of marine vessels.

Class 45

Security services; security services in relation to marine transport and shipping; workplace safety evaluation services in relation to marine transport and shipping; workplace safety risk management services in relation to marine transport and shipping.

Class 09

Computer software; computer software in relation to shipping, navigation, marine transport and marine services; computer software for testing, monitoring, signalling, diagnostic and monitoring marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; electronic testing and monitoring apparatus and instruments for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; computer software for crew procurement; computer software to monitor and report on the safety, operational, crewing and financial performance of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; computer software for teaching, training and evaluating in relation to marine transport and shipping; signalling apparatus for marine logistical purposes; electronic control systems for engines and motors; gauges; monitors; meter reading equipment; vehicle monitoring systems and apparatus; incident recording apparatus; testing apparatus and instruments for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; instruments and apparatus for use in testing fuel; diagnostic and monitoring equipment for use in maintenance, repair and overhaul of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; parts and fittings for all the aforesaid goods.

Class 12

Apparatus for locomotion by water; marine vessels; ships; tankers; container vessels; leisure ships; yachts; passenger ships; ferries.

Class 35

Recruitment services; recruitment of crew for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; placement of crew for ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; management of crew for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; professional employment staffing for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; business management of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; retail services in relation to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; supply chain management services in relation to marine transport; procurement services for others relating to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; business management in relation to marine transport; database management; database management for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; inventory management for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; accounting services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and

dry docks; business management in relation to ships; business management of fleets of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs for others.

Class 36

Financial services in relation to marine transport and shipping; insurance services; insurance brokerage in relation to marine transport and shipping; brokerage services [other than transport and freight brokerage services] of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks.

Class 37

Building of marine vessels, ships, tankers, container vessels, leisure ships, passenger ships, ferries, offshore vessels and rigs, docks and dry docks, and yacht conversion, renovation, refit and repair; maintenance for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; repair of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; construction services in relation to marine transport and shipping; conversion services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; inspection services prior to maintenance and repair of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; marine dry docking services; maintenance services featuring the monitoring, maintaining and improving the mechanical integrity of ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks.

Class 38

Communications services; communications services in relation to marine transport

and shipping; providing radio and cellular communication services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries and offshore vessels and rigs; providing access to a computer network in relation to marine transport and shipping; provision of access to a computer database in relation to marine transport and shipping.

Class 39

Transport services; marine services namely, marine transport and travel services for marine personnel; marine transport services; marine freight services; shipping services; chartering of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; port services [docking services]; ship brokerage services; packaging, storage, transport, distribution and supply of goods for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; storage, transport, distribution and supply of fuel for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; transport of staff and crew for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; provision of dry dock facilities for transport of water vehicles to dry land; airline travel booking services; marine travel agency services; air transport services of personnel for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; transport of passengers to marine vessels, ships, leisure ships, yachts, passenger ships and ferries; arranging air travel for tour operators; advice, information and consultancy in relation to marine transport and shipping; travel agency services.

Class 41

Education and training; education and training of crew for marine vessels, ships,

tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; training in relation to marine transport and shipping; arranging and organising conferences, exhibitions, seminars, conventions and workshops in relation to marine transport and shipping.

Class 42

Design and development of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; marine engineering; design and development of computer software in relation to marine transport and shipping; software as a service [SaaS] in relation to marine transport and shipping; testing services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; technical inspection services for marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; safety testing relating to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; engineering analysis relating to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks; providing engineering reports in relation to marine transport and shipping; calibration services in relation to marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks.

Class 43

Restaurant, bar and catering services; provision of temporary accommodation for crew and staff of marine vessels, ships, tankers, container vessels, leisure ships, yachts, passenger ships, ferries, offshore vessels and rigs, docks and dry docks.

Class 44

Medical and healthcare services; advice, information and consultancy in relation to

health and medical care; medical services for staff and crew of marine vessels.

Class 45

Security services; security services in relation to marine transport and shipping;
safety evaluation services in relation to marine transport and shipping; workplace
safety risk management services in relation to marine transport and shipping.

Amended Goods and/or Services:

Class 09

Light emitting diode (LED) signs; neon signs; computer software for blockchain technology; software in the field of blockchain; computer software platforms for blockchains; blockchain application software; cryptocurrency wallets; software for cryptocurrency exchange; downloadable software for receiving and accessing cryptocurrency; downloadable software for spending and trading cryptocurrency; cryptocurrency hardware wallet; non-fungible token (NFT) multimedia files; non-fungible token (NFT) music files; non-fungible token (NFT) image files; non-fungible token (NFT) video files; non-fungible token (NFT) text files; non-fungible token (NFT) audio files; image, music, audio, video and multimedia files authenticated by non-fungible tokens (NFTs); downloadable electronic publications; digital images, audio, video and multimedia files; computer graphics; software; blockchain software; distributed ledger software; cryptography software; software for use with cryptocurrency; software for use with digital currency; software for use with virtual currency; software for minting, creating, and issuing digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; software for viewing and providing access to digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; software for distributing, trading, storing, sending, receiving, accepting, and transmitting digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; software for decentralized finance; software for creating and executing smart contracts; software for developing decentralized applications; software for recording,

managing, tracking, and transferring ownership interests in decentralized autonomous organizations; software for management and governance of decentralized autonomous organizations; software for participating and voting in decentralized autonomous organizations; software for executing and recording financial transactions; distributed ledger software for use in processing financial transactions; software for electronic funds transfer; software for use as a cryptocurrency wallet; software for use as an electronic wallet; software for creating and managing electronic wallets; software for digital currency payment and exchange transactions; software for managing and validating transactions involving digital assets, digital tokens, crypto-tokens, utility tokens, non-fungible tokens (NFTs), digital collectibles, crypto-collectibles, cryptocurrencies, digital currencies and virtual currencies; electronic payment processing software; game software; virtual reality software; software for creating NFTs; software for managing and verifying transactions on a blockchain; software for game development; gaming software development tools; blockchain gaming software; software for cryptocurrency mining; software for cryptocurrency farming; software for arranging and conducting auctions; software for voting; software for social networking; software development tools; software for creating, managing, and interacting with an online community; software for creating, managing and accessing groups within virtual communities; file sharing software; communications software; software for sending and receiving electronic messages, graphics, images, audio and audio visual content via the internet and communication networks; software for creating, editing, uploading, downloading, accessing, viewing, posting, displaying, tagging, blogging, streaming, linking, annotating, indicating sentiment about, commenting on, voting on, embedding, transmitting, and sharing or otherwise providing electronic media or information via computer and communication networks; software for processing images, graphics, audio, video, and text; software for the collection, managing, editing, organizing, modifying, transmission, sharing, and storage of data and information; software for transmitting, sharing, receiving, downloading, displaying, interacting with and

transferring content, text, visual works, audio works, audiovisual works, literary works, data, files, documents and electronic works; e-commerce software; e-commerce software to allow users to perform electronic business transactions via a global computer the internet and communication networks; software for processing electronic transactions; software for organizing, searching for and managing events; software for creating accounts and maintaining and managing information about financial transactions on distributed ledgers and peer to peer payment networks; software for use in financial trading; software for use in financial exchange; software for providing authentication of parties to a financial transaction; software for maintaining ledgers for financial transactions; software for the management of cryptographic security of electronic transmissions across computer networks; software for encrypting and enabling secure transmission of digital information over the Internet; software for currency conversion.

Class 28

Toys, games and playthings; toy figurines; plush toys; action figures; balls; basketballs; playing cards; trading cards for games; trading card games; hand-held units for playing electronic, computer, interactive, and video games; gaming devices; mobile gaming devices; amusement game machines; game consoles; game controllers for computer and video games; computer game joysticks; video game joysticks; gaming mice; gaming keypads; skateboards; skateboard decks.

Applicant/Proprietor Details:

Pixel Vault, Inc.

130 CORRIDOR RD.

SUITE 715

PONTE VEDRA BEACH, FLORIDA 32004

Agent Details/Address for Service:

MIRANDAH ASIA (SINGAPORE) PTE LTD

P.O. BOX 1093

ROBINSON ROAD POST OFFICE

SINGAPORE 902143

National Trade Mark No: 40202310372W

Original Goods and/or Services:

Class 10

Abdominal belts [for medical purposes]; Abdominal pads for medical purposes;
Abdominal pads for medical use; Acupressure slippers for medical purposes;
Adipometers for medical purposes; Aerosol valves for medical purposes; Air beds for
medical purposes; Air cushions for medical purposes; Air inflatable garments for
medical purposes; Air mattresses for babies for medical purposes; Air mattresses for
infants for medical purposes; Air mattresses for medical purposes; Air pillows for
babies for medical purposes; Air pillows for infants for medical purposes; Air pillows
for medical purposes; Alternating pressure mattresses for medical use; Alternating
pressure pads for medical use; Alternating pressure supports for medical use;
Analysers for bacterial identification for medical purposes; Analysers for medical use;
Analysing apparatus for medical purposes; Analysis apparatus for medical use;
Analytical apparatus for medical purposes; Analytical instruments for medical use;
Analyzers for bacterial identification for medical purposes; Ankle braces for medical

purposes; Ankle supports for medical purposes; Ankle supports for medical use; Apparatus and installations for the production of X-rays, for medical purposes; Apparatus for achieving physical fitness for medical use; Apparatus for analysing alcohol in body fluids for medical use; Apparatus for analysing alcohol in breath fluids for medical use; Apparatus for analysing bacteria in biological samples for medical use; Apparatus for analysing gases for medical use; Apparatus for analysing images for medical use; Apparatus for analysing substances for medical use; Apparatus for applying laser radiation for medical purposes; Apparatus for applying medical drops; Apparatus for blood monitoring for medical use; Apparatus for blood tests for medical use; Apparatus for carrying-out assays for medical purposes; Apparatus for carrying-out diagnostic tests for medical purposes; Apparatus for collecting blood for medical purposes; Apparatus for dialysis for medical use; Apparatus for DNA and RNA exams for medical purposes; Apparatus for DNA and RNA testing for medical purposes; Apparatus for medical analysis; Apparatus for medical and therapeutic stimulation of the body; Apparatus for medical cell sampling; Apparatus for medical diagnosis; Apparatus for medical diagnostic purposes; Apparatus for medical image formation; Apparatus for medical imagery; Apparatus for medical purposes; Apparatus for medical rehabilitation; Apparatus for medical testing; Apparatus for medical use; Apparatus for physical training for medical use; Apparatus for producing oscillatory waves for medical application; Apparatus for producing oxygen for medical use; Apparatus for producing ultrasonic waves for medical application; Apparatus for sale in kit form for medical diagnostic purposes; Apparatus for testing breast milk for medical purposes; Apparatus for the application of laser radiation for medical purposes; Apparatus for the regeneration of stem cells for medical purposes; Apparatus for the withdrawal of blood for medical examination; Apparatus for the withdrawal of blood for medical test purposes; Apparatus for use in exercising muscles for medical use; Apparatus for use in in-vitro diagnosis for medical purposes; Apparatus for use in medical analysis; Apparatus for use in medical inspection; Apparatus for use in toning muscles for medical rehabilitation; Apparatus for viewing

medical diagnostic test strips; Apparatus incorporating ultra violet lamps for tanning the body for medical purposes; Appliances for physical exercise for medical use; Applicators for antibacterial preparations for medical purposes; Applicators for antibacterial preparations for medical purposes; Applicators for antiseptic preparations for medical purposes; Applicators in the nature of sponges for medical use; Armchairs especially made for medical purposes; Armchairs for medical or dental purposes; Articles for exercising the body for medical purposes; Artificial sponges for medical purposes; Aspiration tubing for medical purposes; Asymmetrical bars for physical exercise for medical use; Athletic tapes for medical purposes; Atomisers for medical use; Atomizers for medical use; Audiometers for medical purposes; Automated analysers for body fluids for medical use; Automated blood separation apparatus for medical purposes; Automated blood separation instruments for medical purposes; Automatic analyzers for medical diagnosis; Automatic medical apparatus for dosing animals by injection; Automatic medical apparatus for dosing humans by injection; Back supports for medical purposes; Bags [fitted] for medical instruments; Bags for medical use in collecting urine samples; Bags for medical use in storing urine samples; Bandages [elastic or supportive] for medical purposes; Bases for waterbeds adapted for medical use; Basins for medical purposes; Bed bases for beds especially made for medical purposes; Beds for use in medical diagnosis; Beds specially made for medical purposes; Belts for medical purposes; Belts, electric, for medical purposes; Bio-assay apparatus for medical purposes; Biomagnetic rings for medical purposes; Biomagnetic rings for therapeutic or medical purposes; Blankets for medical purposes; Blankets of metallised plastic for medical purposes; Blankets, electric, for medical purposes; Blood cell analysing apparatus for medical use; Blood cell separation apparatus for medical use; Blood centrifuging tubules for medical use; Blood collection bags for medical purposes; Blood collection tubes for medical use; Blood group analysers for medical use; Blood sampling apparatus for medical use; Blood sedimentation apparatus for medical purposes; Body composition analyzers for medical purposes; Body fat monitors for medical

purposes; Body function monitoring apparatus for medical purposes; Body rehabilitation apparatus for medical purposes; Body supports for medical purposes; Body warming devices for medical use; Bone densitometers [medical diagnostic apparatus]; Boots for medical purposes; Boxes adapted for medical use; Boxes adapted for medical waste products; Bracelets for medical purposes; Braces for limbs and joints for medical use; Braces for medical purposes; Breath testing apparatus for estimating blood alcohol content for medical purposes; Breathing apparatus for medical purposes; Brushes adapted for medical use; Bulb syringes for medical purposes; Bulb syringes for medical use; Canes for medical purposes; Capillary tubes for medical purposes; Capillary tubes for medical use; Caps being disposable clothing for medical use; Capsule endoscopes for medical purposes; Carbon arc lamps for medical purposes; Carbon dioxide detectors for medical use; Carbon dioxide indicators for medical use; Carrying cases adapted for sanitary masks for medical purposes; Cases fitted for medical instruments; Cases fitted for medical tools; Catheters for medical use; Cell counting units for medical use; Cell culture apparatus for medical use; Cell culture instruments for medical use; Centrifugal apparatus for medical use; Centrifugal pump heads for medical use; Centrifugal separating machines for medical use; Centrifuge separators for medical use; Centrifuges for medical use; Cervical pillows for medical purposes; Cervical pillows for medical use; Chairs especially made for medical use; Chemical analysers [apparatus] for medical use; Chemically activated cold compresses for medical purposes; Chemically activated cold compresses for medical use; Chemically activated cold gel packs for medical use; Chemically activated heating pads for medical purposes; Chemically activated hot compresses for medical purposes; Chemically activated hot compresses for medical use; Chemically activated hot gel packs for medical use; Cholesterol testing apparatus for medical diagnostic purposes; Chromatogram analysers for medical use; Chromatogram analyzers for medical use; Chromatographic apparatus for medical use; Chromatographic columns for analytical chromatography for medical use; Chromatographic columns for medical use;

Chromatographic instruments for medical use; Chromatographs for medical use; Chromatography apparatus for medical use; Chromatography columns for medical use; Chromatography instruments for medical use; Chromatography plates for medical use; Clinical chemistry analysers for medical or veterinary use; Clothing especially made for medical use; Coagulation instruments for medical purposes; Cold compresses for medical purposes; Cold packs for medical purposes; Collimating position indicating apparatus for medical use; Colorimetric comparators for medical use; Colour pyrometers for medical use; Columns for affinity chromatography for medical use; Columns for liquid affinity chromatography for medical use; Compression socks for medical or therapeutic use; Compressor modules being parts of ventilators for medical use; Compressors for medical [treatment] purposes; Condoms for medical purposes; Consumable electrodes for medical use; Contact apparatus for deriving electrical signals from human bodies for medical purposes; Containers especially adapted for the disposal of medical instruments, syringes and other contaminated medical waste; Containers especially made for medical waste; Contoured cushions for patients' use on beds specially adapted for medical purposes; Contoured cushions for patients' use on chairs specially adapted for medical purposes; Contraceptives being medically fitted devices; Cooling or heating devices containing heat exchange fluids for medical purposes; Cooling patches for medical purposes; Corsets for medical purposes; Covers for medical bags, fitted; Cryoprobes for medical use; Curing lamps for medical purposes; Cushioned products for medical use; Cushioning devices for medical use; Cushions for medical purposes; Cushions for medical use for supporting infants being examined; Cushions for medical use for supporting infants while being bathed; Cushions for medical use, adapted to support the face; Cutlery for medical purposes; Cystomeric apparatus for medical purposes; Cystomeric instruments for medical purposes; Cytofluorometric apparatus for medical purposes; Cytology brushes for medical purposes; Dermabrasion apparatus for medical or therapeutic purposes; Detecting apparatus for medical use; Detecting instruments for

medical use; Detection apparatus for medical use; Detection tubes for medical purposes; Detectors for medical applications; Devices for medical use in collecting body excretions; Devices for medical use in collecting body secretions; Devices for medical use in retaining body excretions; Devices for medical use in retaining body secretions; Diagnostic apparatus for medical purposes; Diagnostic imaging apparatus for medical use; Diagnostic instruments for medical use; Diagnostic measuring apparatus for medical use; Diagnostic testing apparatus for medical purposes; Diagnostic testing apparatus for use in immunoassay procedures for medical purposes; Diagnostic testing instruments for use in immunoassay procedure for medical purposes; Diagnostic tools for medical purposes; Diagnostic ultrasound apparatus for medical use; Diagnostic ultrasound instruments for medical use; Diathermic handles for medical use; Digital thermometers for medical purposes; Dilation apparatus for medical purposes; Disposable bags for medical use; Disposable clothing for medical use; Disposable examination gloves for medical purposes; Disposable gloves for medical use; Disposable hypodermic syringes for medical use; Disposable medical devices for treating constipation; Disposable medical syringe needles; Disposable microtome blades for medical purposes; Disposable protective clothing for medical purposes; Disposable protective footwear for medical purposes; Disposable protective gloves for medical purposes; Disposable protective headgear for medical purposes; Disposable sheeting for medical use; Dissecting instruments for medical purposes; Dissecting instruments for medical use; Dosage dispensers for medical use; Drainage devices for medical purposes; Drainage tubes for medical purposes; Drainage tubes for medical use; Drains for medical purposes; Drapes for medical use; Dressing forceps for medical use; Dropper bottles for medical purposes; Droppers for medical purposes; Dropping pipettes for medical purposes; Dynamic tomography apparatus for medical use; Ear inserts for medical use; Ear plugs for medical purposes; Ear plugs for soundproofing (other than for medical use); Elastic compression bandages for medical purposes; Elastic stockings for medical purposes; Elasticised socks for medical purposes;

Elbow braces for medical purposes; Elbow guards for medical purposes; Elbow protectors for medical purposes; Elbow support braces for medical use; Electric belts for medical purposes; Electric blankets for medical use; Electric foot warmers for medical use; Electric heating appliances for medical therapeutic use; Electric heating covers for medical use; Electric heating cushions for medical purposes; Electric heating pads for medical purposes; Electric instruments for medical use in the diagnosis of blood; Electric warming pads for medical use; Electrical apparatus for medical purposes for applying therapeutic stimulation to the body; Electrical apparatus for medical treatment; Electrical appliances for medical purposes; Electrical heating apparatus for medical use; Electrical heating pads for medical use; Electrical nerve stimulators for medical purposes; Electrically heated blankets for medical purposes; Electrically heated clothing for medical use; Electrically heated cushions for medical purposes; Electrically heated pads for medical purposes; Electrically heated socks for medical purposes; Electrically operated medical apparatus; Electro medical apparatus; Electro medical instruments; Electrodes for medical purposes; Electrodes for medical use; Electrodes for use with medical apparatus; Electromagnetic medical apparatus; Electro-mechanical apparatus for medical use in measuring the body functions; Electro-medical apparatus; Electro-medical apparatus for diagnosis; Electro-medical apparatus for firming treatments; Electro-medical apparatus for non-invasive therapy of bone disorders; Electro-medical apparatus for slimming treatments; Electro-medical apparatus for therapy; Electro-medical diagnostic instruments; Electro-medical stimulation current apparatus; Electro-medical x-ray apparatus; Electronic analysers for medical purposes; Electronic apparatus for medical purposes; Electronic apparatus for medical use in monitoring body functions; Electronic apparatus for medical use with computers; Electronic blood oxygen saturation monitors for medical use; Electronic blood oxygen saturation recorders for medical use; Electronic carbon dioxide monitors used for medical purposes; Electronic carbon dioxide recorders used for medical purposes; Electronic drop counters for medical use; Electronic endoscopes

for medical use; Electronic medical apparatus; Electronic medical diagnostic apparatus; Electronic medical instruments; Electronic monitoring apparatus for medical use; Electronic monitoring instruments for medical use; Electronic muscle stimulators for medical purposes; Electronic muscle stimulators for medical use; Electronic nerve stimulators for medical purposes; Electronic nerve stimulators for medical use; Electronic stimulator for medical use; Electronic temperature monitors for medical use; Electronic temperature recorders for medical use; Electronic thermometers for medical use; Electrophoresis apparatus for medical purposes; Endoscopes for medical diagnostic use; Endoscopes for medical use; Endoscopic apparatus for medical use; Endoscopic equipment for medical purposes; Endoscopy cameras for medical purposes; Enema apparatus for medical purposes; Epidural analgesia apparatus for medical use; Examination chairs specially made for medical use; Examination couches specially made for medical use; Examination gloves for medical use; Exercise apparatus for medical rehabilitative purposes; Exercise apparatus, specifically adapted for medical purposes; Exercise boots for medical rehabilitative purposes; Exercise devices for medical rehabilitative purposes; Exercise equipment for medical rehabilitative purposes; Exercise machines for medical rehabilitative purposes; Exercise simulating apparatus for medical purposes; Exercising apparatus for medical rehabilitative purposes; Explorers [medical or surgical apparatus]; Exposed X-ray films for medical use; Extractors [medical apparatus]; Eye droppers for medical purposes; Eye droppers for medical use; Eye protectors for medical use; Eye shields for medical use; Eye trays for medical use; Eye wash cups for medical purposes; Face masks for medical use; Face protection shields for medical use; Face shields for medical use; Feeding cups for medical purposes; Fiberscopes for medical use; Fibre optic instruments for medical purposes; Fibre optic viewers for medical purposes; Fibre optic viewing devices for medical purposes; Fibrescopes for medical use; Filter cartridges for medical use in the filtration of pharmaceutical liquids; Filter membranes for use in medical diagnostic applications; Filters for blood and blood components for medical purposes; Filters for

medical purposes; Filters for respiratory masks for medical purposes; Filters for ultraviolet rays for medical purposes; Filters for ultraviolet rays, for medical purposes; Filtration membranes for medical use; Finger cots for medical purposes; Finger guards for medical purposes; Finger pricking devices being medical instruments for use in drawing blood; Finger stalls for medical purposes; Fingerstalls for medical purposes; First aid medical apparatus for sale in kit form; Flexible medical endoscopes; Flexible needles for medical purposes; Fluid collection containers for medical use; Fluid sampling apparatus for medical use; Fluoride trays for medical or dental use; Foam head positioners for surgical and medical use; Foam knee positioners for surgical and medical use; Foam leg positioners for surgical and medical use; Forceps for medical purposes; Forceps for medical use; Foreign body retrieval apparatus for medical purposes; Foreign body retrieval balloon catheters for medical purposes; Foreign body retrieval baskets for medical purposes; Foreign body retrieval forceps for medical purposes; Fumigation apparatus for medical purposes; Furniture adapted for medical treatment purposes; Furniture adapted for medical treatment use; Furniture especially made for medical purposes; Furniture especially made for medical use; Galvanic belts for medical purposes; Gamma apparatus for measuring human cell attenuation for medical diagnostic purposes; Gamma apparatus for medical diagnosis using images; Gamma cameras for medical purposes; Gamma instruments for measuring human cell attenuation for medical diagnostic purposes; Gamma instruments for medical diagnosis using images; Gas analysers for medical analysis; Gas analyzers for medical analysis; Gas chromatography apparatus for medical use; Gas detectors for medical use; Gas laser apparatus for medical treatment; Genetic testing apparatus for medical purposes; Gloves for medical examinations; Gloves for medical purposes; Gloves for medical use; Gouges for medical or surgical use; Gowns for medical use; Gynecological medical instruments for examining women' s reproductive organs; Hammers for medical or surgical use; Hand-operated spraying apparatus for medical purposes; Haptic suits for medical purposes; Heat beds for medical treatment; Heat

exchange anti-bacterial filters for medical use; Heat exchange anti-viral filters for medical use; Heat lamps for medical use; Heating apparatus for medical purposes; Heating blankets for medical purposes; Heating cushions, electric, for medical purposes; Heating cushions, non-electric, for medical purposes; Heating pads for medical purposes; Heating pads, electric, for medical purposes; Heating pads, non-electric, for medical purposes; High frequency coagulation apparatus for medical purposes; High frequency coagulation devices for medical purposes; High frequency coagulation instruments for medical purposes; High frequency cutting apparatus for medical purposes; High frequency cutting devices for medical purposes; High frequency cutting instruments for medical purposes; High frequency generators for use in medical treatment; Hollow fibre membrane elements for medical or surgical use; Hooks for medical or surgical use; Hoses adapted for use with medical ventilators; Hot air vibrators for medical purposes; Humidifiers for use in medical treatment; Humidifying apparatus for medical use; Humidifying machines for medical use; Hydrostatic beds for medical purposes; Hyperbaric oxygen chambers for medical purposes; Ice bag pillows for medical purposes; Ice bags for medical purposes; Immunoabsorption columns for medical diagnostic use; Impactors for medical or dental use; Implantable devices for medical use in measuring the composition of body fluids; Impulse measuring apparatus for medical use; Impulse measuring instruments for medical use; Inadvertent peep reducers being parts of medical ventilators for maintaining pressure; Incentive spirometers for medical use; Incubation units for medical purposes; Incubators for medical purposes; Indoor fitness apparatus for medical purposes; Inflatable appliances [splints] for medical use in holding the limbs; Inflatable appliances for medical use in applying pressure to the limbs; Inflatable cushions for medical purposes; Inflatable cushions for medical use; Inflatable mattresses for medical purposes; Inflatable pillows for medical use for fitting around the neck; Inflation syringes for medical or surgical use; Infrared apparatus for medical purposes; Infrared lamps for medical purposes; Infrared thermometers for medical purposes; Inhalation devices for medical use; Inhalation

protection devices for medical purposes; Inhalation protectors for medical use; Inhalers for medical use; Injection needles for medical use; Injection sleeves for medical use; Injection syringes for medical purposes; Injectors for medical purposes; Inserts for breathing apparatus for medical use; Inserts for breathing masks for medical use; Inspection apparatus for medical or dental use; Inspection devices for medical or dental use; Inspection glasses for medical or dental use; Inspection instruments for medical or dental use; Inspection mirrors for medical or dental use; Installations for the production of x-rays for medical purposes; Instruments for analysing volatile mass in specimens under test for medical use; Instruments for diagnosis for medical use; Instruments for medical use in testing microbiological samples; Instruments for medical use in testing temperature; Instruments for medical use in the preparation of cells; Instruments for medical use in the treatment of samples before analysis; Instruments for use in gas chromatography for medical use; Instruments for use in liquid chromatography for medical use; Instruments for use in medical analysis; Intra-aortic balloons being medical devices; Intra-vascular apparatus for medical use; Intravenous administration apparatus for medical purposes; Intravenous administration instruments for medical purposes; Intravenous bags for medical purposes; Intravenous infusion pumps for medical purposes; In-vitro diagnostic testing apparatus for medical use; Irrigation drainage devices for medical use; Irrigation pouches for medical use; Irrigators for medical purposes; Irrigators for medical use; Isolation bags for medical use; Jet injectors for medical use; Kidney dish for medical use; Kinesiology tapes for medical purposes; Knee braces for medical purposes; Knee supports for medical use; Knives for medical use; Lab units for the dilution of liquids for medical use; Lab units for the dispensing of liquids for medical use; Lab units for the incubation of liquids for medical use; Lab units for the mixing of liquids for medical use; Lab units for the transfer of liquids for medical use; Lamps for medical [curative] purposes; Lamps for medical purposes; Lamps for producing polarised light for medical use; Lamps for use with medical instruments; Lancet devices for medical use in extracting blood for blood tests;

Laryngeal masks for medical purposes; Laser beam delivery apparatus for medical use; Laser beam delivery instruments for medical use; Laser cutting apparatus for medical use; Laser cutting tools for medical use; Laser devices for medical application; Laser installations for medical use; Laser instruments for medical use; Laser light transmitting apparatus for medical use; Laser light treatment apparatus for medical use; Laser light treatment instruments for medical use; Laser machining tools for medical use; Laser pointers for medical purposes; Laser pointers for medical use; Laser scalpels for medical use; Lasers capable of producing pulsating laser beams for medical use; Lasers for medical purposes; Lasers for medical use; Lasers incorporating optical fibres for medical use; Latex examination gloves for medical use; Latex gloves for medical use; Leg exercising apparatus for medical use; Leg traction units for medical use; Length gauges for medical use; Ligating clip applicators for medical use; Ligating clips for medical use; Light boxes for medical use; Light filters for medical use; Light production apparatus for medical use; Light sources for electronic endoscopes for medical purposes; Light sources for medical use; Lighting for medical use; Linear accelerators for medical use in radiotherapy; Liquid chromatograph apparatus for medical use; Liquid chromatography columns for medical use; Liquid chromatography injectors for medical use; Liquid chromatography instruments for medical use; Lubricating apparatus for medical use; Luer lock needles for medical use; Luer tapers for medical use; Lung function test apparatus for medical use; Machines for physical exercise for medical use; Magnetic bracelets for medical purposes; Magnetic field generators for medical use; Magnetic resonance imaging [MRI] apparatus for medical purposes; Magnetic resonance imaging apparatus for medical purposes; Magnetic resonance imaging apparatus for medical use in diagnostic evaluation; Magnetic resonance imaging instruments for medical purposes; Magnetic resonance imaging spectrometers for medical use; Magnetic treatment apparatus for medical use; Magnets for medical use; Mallets for medical use; Manipulative apparatus for medical use; Manometer lines for medical use; Manometers for medical use; Manually operated cutting devices for histological

purposes for medical use; Manually operated exercise apparatus for medical use; Masks for use by medical personnel; Massage apparatus [for medical purposes]; Maternity support belts for medical purposes; Mattresses for medical use; Measuring apparatus for medical use; Measuring apparatus for the photometric analysis of fluids for medical use; Measuring apparatus for the photometric analysis of gases for medical use; Measuring apparatus for the spectroscopic analysis of fluids for medical use; Measuring apparatus for the spectroscopic analysis of gases for medical use; Measuring apparatus for use in bioassay techniques for medical use; Measuring devices for medical use; Measuring devices having digital displays for medical use; Measuring instruments adapted for medical use; Measuring machines for medical use; Medical aids for use in stoma care; Medical analysis apparatus; Medical analysis instruments; Medical and surgical catheters; Medical and surgical cutters for cutting human or animal tissue and organs; Medical and surgical knives for cutting human or animal tissue and organs; Medical and surgical laparoscopes; Medical and veterinary apparatus and instruments; Medical ankle braces; Medical apparatus and instruments; Medical apparatus and instruments relating to neurovegetative reactivity; Medical apparatus for assisting breathing; Medical apparatus for controlling flow rates of intravenous infusions; Medical apparatus for controlling pulmonary gas exchange parameters; Medical apparatus for detecting carbon dioxide in the airways; Medical apparatus for diagnosing suspected heart attacks; Medical apparatus for diagnostic purposes; Medical apparatus for electrical muscle stimulation; Medical apparatus for exercise; Medical apparatus for facilitating the inhalation of pharmaceutical preparations; Medical apparatus for hyperhidrosis treatment; Medical apparatus for introducing pharmaceutical preparations into the human body; Medical apparatus for measuring flow rates of intravenous infusions; Medical apparatus for measuring the oxygen content of blood; Medical apparatus for mixing bone cement; Medical apparatus for monitoring; Medical apparatus for monitoring flow rates of intravenous infusions; Medical apparatus for monitoring pulmonary gas exchange parameters; Medical apparatus for nerve location; Medical apparatus for nerve

stimulation; Medical apparatus for neurographic purposes; Medical apparatus for performing in-vitro diagnostic tests; Medical apparatus for producing laser polarised light; Medical apparatus for producing laser radiation; Medical apparatus for regulating flow rates of intravenous infusions; Medical apparatus for renal dialysis; Medical apparatus for spinal disc repair; Medical apparatus for strengthening muscles of the pelvic floor; Medical apparatus for testing muscles of the pelvic floor; Medical apparatus for testing susceptibility to diseases; Medical apparatus for testing susceptibility to disorders; Medical apparatus for testing the level of glucose in the blood; Medical apparatus for the display of tomographic data; Medical apparatus for the electrical stimulation of groups of muscles; Medical apparatus for the evaluation of in-vitro diagnostic tests; Medical apparatus for the preparation of parts of prostheses; Medical apparatus for the preparation of prostheses; Medical apparatus for the processing of tomographic data; Medical apparatus for the relief of pain; Medical apparatus for the treatment of respiratory conditions; Medical apparatus for the treatment of sleep apnea; Medical apparatus for training breathing techniques; Medical apparatus for urethral catheterization; Medical apparatus for urological purposes; Medical apparatus for use in blood gas monitoring; Medical apparatus for use in cardiac surgery; Medical apparatus for use in dialysis; Medical apparatus for use in endoscopy; Medical apparatus for use in expansion of tissue to define an opening; Medical apparatus for use in laparoscopy; Medical apparatus for use in respiration; Medical apparatus for use in the treatment of injuries; Medical apparatus incorporating lasers; Medical appliances for intravenous administration of nutritional solutions; Medical appliances for use by persons suffering from colostomy; Medical appliances for use by persons suffering from ileostomy; Medical appliances for use by persons suffering from incontinence; Medical appliances for use by persons suffering from urine diversion; Medical assay apparatus for the detection of helicobacter pylori organisms; Medical bags designed to hold medical instruments; Medical bags for apparatus and instruments [fitted]; Medical blankets for the cooling of patients; Medical blankets for the warming of patients; Medical blood oxygenation

devices; Medical braces; Medical catheter placement devices; Medical catheters; Medical compression stockings; Medical compression tights; Medical cooling apparatus for treating heatstroke; Medical cooling apparatus for use in therapeutic hypothermia; Medical cooling units to control body wound temperatures; Medical cooling units with body contact applicators; Medical cutting devices; Medical devices for assisting respiration; Medical devices for closing wounds; Medical devices for dental surgery; Medical devices for implantology; Medical devices for micro-surgery; Medical devices for moxibustion therapy; Medical devices for placing and securing catheters; Medical devices for spinal disc repair in the nature of spinal disc implants made from artificial substances; Medical diagnostic apparatus; Medical diagnostic apparatus for detecting viruses; Medical diagnostic apparatus for sale in kit form; Medical diagnostic apparatus for testing for viruses; Medical diagnostic apparatus for virus screening; Medical diagnostic instruments; Medical diagnostic saliva pads; Medical diagnostic saliva vials; Medical diagnostic testing apparatus; Medical drainage bags; Medical drainage bags for collection of abscess; Medical drainage bags for collection of biliary; Medical drainage bags for collection of nephrostomy; Medical drapes of non-woven textile materials; Medical elbow braces; Medical electrodes; Medical endoscopes; Medical examination gloves; Medical examination lamps; Medical examination sheets; Medical examination tables; Medical gas-insufflators; Medical gloves; Medical gowns; Medical guide wire; Medical guidewires; Medical hand tools; Medical hearing instruments; Medical heating units to control body wound temperatures; Medical heating units with body contact applicators; Medical heating units with body contact applicators to control body wound temperatures; Medical hosiery; Medical ice bag holders; Medical ice bags; Medical ice packs; Medical imaging apparatus; Medical implants comprised of artificial materials; Medical implants made from artificial materials; Medical infusion columns; Medical infusion pumps; Medical inhalers; Medical instruments; Medical instruments for animals; Medical instruments for cutting tissue; Medical instruments for drug abuse testing; Medical instruments for infectious disease testing; Medical

instruments for interstitial thermotherapy of biological tissue; Medical instruments for percutaneous tracheostomy; Medical instruments for recording heart activity; Medical instruments for recording physiological data; Medical instruments for removing insect parasites; Medical instruments for the removal of warts by freezing; Medical instruments for therapeutic drug monitoring; Medical instruments for use as aids to hearing; Medical instruments for use in relation to hearing; Medical instruments incorporating lasers; Medical isolation gowns; Medical knee braces; Medical knives; Medical laser apparatus; Medical laser beam apparatus; Medical lasers; Medical lasers for beauty therapy; Medical lasers for cosmetic purposes; Medical lasers for skin treatment; Medical masks; Medical measuring apparatus for measurements on hair; Medical measuring apparatus for measurements on skin; Medical microneedling devices; Medical operating lamps; Medical patient treatment chairs; Medical pressure chambers; Medical probes; Medical procedure chairs; Medical procedure tables; Medical prostheses; Medical pulse pressure transducers; Medical pumps; Medical radiation apparatus; Medical robots for use in cognitive therapy for children; Medical scissors; Medical screw connections; Medical shields for protection from bruising; Medical spatulas; Medical specimen cups; Medical spittoons; Medical splints; Medical stents; Medical stethoscopes; Medical stockings with decreasing compression; Medical stretchers; Medical support hosiery; Medical support panty hose; Medical support tights; Medical supports for the body; Medical syringe needles; Medical syringes; Medical tables for examination or treatment purposes; Medical testing apparatus; Medical testing instruments; Medical therapy apparatus; Medical therapy instruments; Medical trays; Medical tubing; Medical tubing for administering drugs; Medical tubing for irrigation purposes; Medical tubing for transfusions; Medical tubing for use in vascular procedures; Medical ultrasound apparatus; Medical ventilators; Medical vessel dilators; Medical X-ray apparatus; Membrane test plates for use in medical diagnostics; Mercury thermometers for medical use; Mesh nerve connecting tubes for medical use; Metering pumps for delivering drugs in measured quantities for medical use; Meters incorporating visual displays for medical use;

Microdermabrasion apparatus for medical or therapeutic purposes; Microsensor probes for medical purposes; Microsensors for medical purposes; Mirrors for medical examination purposes; Mittens for medical use; Moisture exchangers for medical use in transferring the heat of exhaled breath to inhaled breath; Molecular filtering devices for medical use; Molecular sieves for medical use; Monitoring apparatus for medical use; Mononuclear cell apparatus for medical use; Mouth guards for medical purposes; Muscle building apparatus for medical use; Muscle exercising apparatus for medical use; Nail pinches for medical use; Nanites for medical purposes; Nanorobots for medical purposes; Nasal filters for medical purposes; Nebulisers for medical purposes; Nebulizers for medical purposes; Nebulizers for medical use; Neck pillows for medical or surgical use; Neck rolls for medical or surgical use; Neckrolls for medical or surgical use; Needles for medical purposes; Needles for medical use; Nephelometric analysers for medical diagnosis; Nephelometric analyzers for medical diagnosis; Nerve muscle stimulators for medical purposes; Neural helmets for medical purposes; Nippers for medical use; Non-electrical medical apparatus for collecting blood; Non-electrical medical apparatus for collecting body fluids; Non-selective electrodes being chemically sensitive probes for medical use; Nuclear magnetic resonance apparatus for medical scanning; Nuclear magnetic resonance installations for medical scanning; Nuclear medical diagnostic apparatus; Nuclear resonance spectrometers for medical use; Operating instruments for use with medical endoscopes; Ophthalmic cameras for medical purposes; Optical apparatus for medical diagnostic use; Optical apparatus for medical endoscopy; Optical apparatus for medical purposes; Optical appliances for medical purposes; Optical components for medical diagnostic use; Optical detection apparatus for medical diagnostic use; Optical detection installations for medical diagnostic use; Optical devices for medical diagnostic use; Optical fiber apparatus for medical diagnostic use; Optical fibre apparatus for medical diagnostic use; Optical fibre temperature probes for medical diagnostic use; Optical fibres for medical diagnostic use; Optical imaging apparatus for medical diagnostic use; Optical inspection

apparatus for medical diagnostic use; Optical instruments for medical diagnostic use; Optical instruments for medical endoscopy; Optical scanners for medical inspection purposes; Optical sources for medical inspection purposes; Optical temperature measuring instruments for medical inspection purposes; Optical viewing apparatus for medical inspection purposes; Optical viewing glasses for medical inspection purposes; Optomedical examination instruments; Orthopaedic medical devices; Oxygen concentration analysers for medical use; Oxygen concentration analyzers for medical use; Oxygen concentration monitors for medical use; Oxygen concentrators for medical purposes; Oxygen concentrators for medical use; Oxygen electrodes for medical use; Oxygen enrichment apparatus for medical use; Oxygen inhalators for medical use, sold empty; Oxygen inhalers for medical purposes sold empty; Oxygen inhalers for medical use; Oxygen masks for medical purposes; Oxygen masks for medical use; Oxygen monitors for medical use; Oxygen sensors for medical use; Oxygenators for medical use; Ozonisers [ozonators] for medical use; Ozonizers [ozonators] for medical use; Ozonizing apparatus for medical use; Padded cushions for medical purposes; Pads for seats for wheelchairs for medical use; Parallel bars for medical therapeutic use; Particle analysers for medical use; Particle analyzers for medical use; Peep activators being parts of medical ventilators for maintaining pressure; Performance testing apparatus for medical use; Permanent magnets for medical use; Photometric analysers for medical use; Photometric analyzers for medical use; Photometric apparatus for medical use; Photometric instruments for medical use; Phototherapy apparatus for medical purposes; Physical analysers for medical use; Physical analysing apparatus for medical use; Physical analyzers for medical use; Physical exercise apparatus for medical purposes; Physical exercise apparatus, for medical purposes; Physical exercise machines for medical purposes; Physiological apparatus for medical use; Physiological measuring apparatus for medical use; Physiological monitoring apparatus for medical use; Pill distributor and organiser boxes for medical purposes; Pill distributor and organizer boxes for medical purposes; Pillows for medical purposes; Pipes for medical applications;

Pipetting apparatus for medical use; Pipetting instruments for medical use; Planar chromatography apparatus for medical use; Pliers for medical use; Pneumatically operated medical apparatus; Pneumatically operated medical instruments; Pneumatically operated valve assemblies for ventilation apparatus for medical use; Portable breathing apparatus for medical purposes; Portable exercise apparatus for medical use; Portable instruments for medical use in monitoring oxygen levels in gaseous mixtures; Portable nebulisers for medical purposes; Portable oxygen concentrators for medical purposes; Portable pump installations for gases for medical use; Portable pump installations for liquids for medical use; Power filters for medical use; Powered respirators for medical purposes; Precision sensors for medical use; Pressure garments for medical purposes; Pressure garments for medical treatment; Pressure monitors for medical use; Pressure relief cushions for medical purposes; Pressurised suits for medical use; Probes connected to microprocessing apparatus for medical diagnosis; Probes for medical purposes; Probes for use with integrated circuits for medical diagnosis; Processors for photosensitive films for medical purposes; Processors for X-ray films for medical purposes; Processors for X-ray plates for medical purposes; Prostheses for medical treatment; Protection devices against X-rays, for medical purposes; Protective bonnets for the hair for wear by medical practitioners; Protective breathing masks for medical applications; Protective breathing masks for medical purposes; Protective breathing masks made of non-woven materials for medical applications; Protective clothing for medical purposes; Protective face masks for medical use; Protective gloves for medical use; Protective gowns for medical use; Protective masks for medical purposes; Protective mouth masks for medical use; Protective nose masks for medical use; Protective screens for protection whilst exposed to X-rays for medical use; Protective structures against radiation for medical use; Protective suits for medical use; Protective visors for medical use; Pulse counters [medical apparatus]; Pulse oximeters for medical purposes; Pumps for medical purposes; Pumps for medical treatment purposes; Pumps for medical use in delivering

pharmaceuticals from containers; Pumps for medical use in dispensing
pharmaceuticals from containers; Pumps for medical use in the extraction of gases;
Pumps for medical use in the extraction of liquids; Pumps for medical use in the
extraction of vapour; Pumps for use in liquid chromatography for medical use;
Purification apparatus for medical purposes; Purification installations for medical
purposes; Purification machines for medical purposes; Push syringes for medical use;
Quad canes for medical purposes; Quartz lamps for medical purposes; Radiation
oncology apparatus for medical use; Radiation oncology instruments for medical use;
Radio cardiographic apparatus for medical purposes; Radioisotope apparatus for
medical diagnosis; Radioisotope apparatus for medical treatment; Radioisotope
apparatus for medical use; Radioisotope detection apparatus for medical diagnosis;
Radioisotope detection apparatus for medical treatment; Radioisotope detection
apparatus for medical use; Radioisotope detector apparatus for medical diagnosis;
Radioisotope detector apparatus for medical treatment; Radioisotope detector
apparatus for medical use; Radiological apparatus for medical diagnosis;
Radiological apparatus for medical purposes; Radiological apparatus for medical
treatment; Radiology screens for medical purposes; Radioscopy [fluoroscopy]
apparatus for medical use; Radiotherapy apparatus for medical use; Radiotherapy
instruments for medical use; Radium tubes for medical purposes; Razors for medical
use; Refractometers for medical use; Rehabilitation apparatus for medical use;
Remedial apparatus for medical use; Respiration monitors for medical use;
Respirators for filtering air for medical purposes; Respirators for medical purposes;
Respiratory apparatus for medical use; Respiratory breathing apparatus for medical
use; Respiratory gas blending apparatus for medical use; Respiratory helmets for
medical purposes; Respiratory masks for medical purposes; Respiratory monitoring
apparatus for medical purposes; Respiratory monitors for medical purposes;
Respiratory protection apparatus for medical purposes; Retention belts for medical
purposes; Retinal cameras for medical use; Retractors [medical instruments];
Reverse osmosis membranes for medical use; Rigid endoscopes for medical use;

Rigid medical endoscopes; Robotic exoskeleton suits for medical purposes; Rubber gloves for medical use; Saliva collection devices for medical purposes; Sample preparation columns for medical use; Sampling apparatus for medical diagnosis; Sanitary masks for dust isolation for medical purposes; Sanitary masks for dust prevention for medical purposes; Sanitary masks for medical purposes; Sanitary masks for medical use; Scanners for medical diagnosis; Scanners for medical use; Scanning apparatus for medical use; Scanning instruments for medical use; Scanning machines for medical use; Seat cushions for medical purposes; Seat pads for medical purposes; Self-contained breathing apparatus for medical purposes; Semi-permeable membranes for medical use; Sensing apparatus for medical diagnosis; Sensing apparatus for medical use in monitoring the vital signs of patients; Sensing devices for medical use in monitoring the vital signs of patients; Sensor apparatus for medical use in diagnosis; Sensor apparatus for medical use in generating signals in response to movements of the human body; Sensor apparatus for medical use in monitoring the vital signs of patients; Sensor apparatus for medical use in the determination of chemical parameters; Sensor apparatus for medical use in the determination of physical parameters; Sensors [measurement apparatus] for medical use; Separating apparatus for medical use; Separation apparatus for medical use; Separation cartridges for use in chromatography for medical use; Separation columns for use in gas chromatography for medical use; Separation control apparatus for medical use; Separation instruments for medical use; Sheepskins for medical purposes; Shielding devices for medical apparatus; Shielding devices for medical instruments; Shields for medical apparatus; Shields for medical instruments; Shock wave apparatus for medical use; Shoulder cups for medical use; Shoulder supports for medical use; Skin moisture analysers for medical purposes; Skin moisture analyzers for medical purposes; Skin temperature indicators for medical use; Skinfold calipers for medical purposes; Slings for medical use; Solaria for medical purposes; Sound excluding apparatus for medical use; Sound excluding instruments for medical use; Sources of electromagnetic fields for use in medical

diagnosis; Sources of electromagnetic fields for use in medical treatment; Sources of magnetic fields for use in medical diagnosis; Sources of magnetic fields for use in medical treatment; Sources of ultrasonic fields for use in medical diagnosis; Sources of ultrasonic fields for use in medical treatment; Spatulas for medical use; Special furniture for medical use; Specimen collection devices for medical use in extracting samples from the body; Specimen samplers for medical use; Spectrum analyzers for use in medical diagnosis; Spine plates [medical apparatus]; Spine seats [medical apparatus]; Spirometers [medical apparatus]; Spittoons for medical purposes; Splinting materials for medical use; Splints [for medical purposes]; Splints for medical use; Spray bottles [vaporizers] for medical use; Spraying devices for medical use; Spraying machines for medical use; Stair climbing machines for medical therapeutic use; Staplers for medical purposes; Staples for medical purposes; Sterile apparatus for the medical administration of fluids; Straight probes for medical purposes; Suction apparatus for medical use; Suction bag holders for medical use; Suction bags for medical use; Suction bottles for medical use; Suction drainage sets for medical use; Suction tubes for medical purposes; Sun lamps for medical purposes; Support bandages for medical purposes; Support belts for medical purposes; Support cushions for medical purposes; Support garments for medical use; Support mattresses for medical use; Supportive splinting for medical use; Supports for medical use; Surgical apparatus and instruments for medical use; Surgical stockings for medical use; Surgical, medical, dental and veterinary apparatus and instruments; Suture materials for medical use; Syringes for medical purposes; Syringes for medical use; Tables specially made for medical examination; Tape cutters for medical purposes; Telemetry apparatus for medical use; Telemetry devices for medical applications; Telemonitoring apparatus for medical purposes; Television cameras adapted for medical use; Temperature indicator labels for medical purposes; Temperature measuring apparatus for medical use; Temperature measuring instruments for medical use; Temperature meters for medical use; Temperature monitors for medical use; Temperature responsive control apparatus medical use;

Temperature scanners for medical use; Temperature sensing apparatus for medical use; Temperature sensitive testing apparatus for medical use; Temperature sensitive testing instruments for medical use; Temperature sensors for medical use; Test apparatus for medical use; Test clips for medical use; Test electrodes for medical use; Test equipment for medical use; Test probe assemblies for medical use; Test probes for medical use; Testing apparatus for medical diagnostic purposes; Testing apparatus for medical purposes; Testing apparatus for sale in kit form for medical diagnostic purposes; Testing instruments for medical diagnostic purposes; Testing probes for medical diagnostic purposes; Testing probes for medical purposes; Thermal detection devices for medical use; Thermal electric compresses for medical use; Thermal image apparatus for medical use; Thermal image capture devices for medical use; Thermal image transfer devices for medical use; Thermal imaging apparatus for medical use; Thermal protective aids [heated] for medical use; Thermographic apparatus for medical purposes; Thermographic instruments for medical purposes; Thermometers for medical purposes; Thermotherapy apparatus for medical purposes; Thread for medical use; Tint samples boxes [medical apparatus]; Tissue coagulators [apparatus] for medical use; Tissue sampling apparatus for medical use; Tissue sampling devices for medical use; Tomographic apparatus for medical use; Tomographic instruments for medical use; Tomographs for medical purposes; Tongue depressors for medical purposes; Tools for medical diagnostics; Trace material analysers for medical use in diagnosis; Trace material analyzers for medical use in diagnosis; Trace organic concentrators for medical use in diagnosis; Traction apparatus for medical purposes; Traction [medical apparatus]; Transparent face shields for use by medical personnel; Trays for holding detection tubes for medical use; Trays for holding medical instruments; Treadmills for medical use in physiotherapeutic exercise; Triglycerides testing apparatus for medical diagnostic purposes; Tube insertion machines for medical use; Tubes for medical purposes; Tubing connectors for medical use; Tubing for medical use; Tweezers for medical use; Ultrasonic apparatus for medical use; Ultrasonic apparatus for medical

use in diagnosis; Ultrasonic apparatus for medical use in scanning the body; Ultrasonic cleaners for medical use; Ultrasonic cleaning instruments for medical use; Ultrasonic diagnostic apparatus for medical use; Ultrasonic diagnostic instruments for medical use; Ultrasonic medical diagnostic apparatus; Ultrasonic probes for medical use; Ultrasonic sensors for medical use; Ultrasonic sound apparatus for medical use; Ultrasonic testing apparatus for medical use; Ultrasound apparatus for medical purposes; Ultrasound diagnostic apparatus for medical use; Ultrasound imaging devices for medical use; Ultraviolet filters for medical use; Ultraviolet lamps for medical purposes; Ultraviolet lamps for medical use; Ultraviolet light therapy apparatus for medical purposes; Ultraviolet photo therapy apparatus for medical purposes; Ultraviolet ray lamps for medical purposes; Ultraviolet sun ray lamps for medical use; Umbilical cord clamps for medical purposes; Urinalysis instruments for medical diagnostic purposes; Urine testing instruments for medical diagnostic purposes; UV lamps for medical applications; Vacuum apparatus for medical use; Vacuum devices for medical use; Vacuum probes for medical use; Valves for use in medical infusion apparatus; Valves for use in medical infusion instruments; Vaporizers for medical purposes; Vascular access ports for medical use; Ventilator breathing apparatus for medical purposes; Ventilator exhalation valves for medical purposes; Ventilator filters [parts of medical apparatus]; Vessel dilators [medical apparatus]; Vessels for histological purposes for medical diagnosis; Vibration generating apparatus for medical therapeutic use; Volumetric pump devices for medical use; Walking aids for medical purposes; Walking sticks for medical purposes; Warmers for medical use; Warming apparatus for medical use; Waste collection devices for medical purposes; Water bags for medical purposes; Water beds for medical purposes; Water pillows for medical purposes; Water therapy apparatus for medical use; Water treatment apparatus for medical use; Waterbeds for medical purposes; Wearable monitors used to measure biometric data for medical purposes; Wearable monitors used to measure biometric data for medical use; Wearable walking assistive robots for medical purposes; Weight training apparatus for medical

use; Weights for physical exercise for medical use; Wrist braces for medical use; Wrist supports for medical use; X-ray analysers for medical use; X-ray analyzers for medical use; X-ray apparatus for medical purposes; X-ray apparatus for medical use; X-ray appliances for dental and medical use; X-ray film frames for medical use; X-ray film holders for medical use; X-ray film imaging apparatus for medical use; X-ray film imaging devices for medical use; X-ray film mounts for medical use; X-ray film viewers for medical use; X-ray fluoroscopic apparatus for medical imaging incorporating image enhancement facilities; X-ray high voltage generators with integrated X-ray tubes for medical imaging; X-ray illuminators for medical use; X-ray photographic apparatus for medical use; X-ray photographs for medical purposes; X-ray plates for medical use; X-ray producing apparatus for medical use; X-ray scanners for medical use; X-ray sensitive films for medical use; X-ray spectroscopy apparatus for medical use; X-ray structure analysis apparatus for medical use; X-ray structure analysis instruments for medical use; X-ray tubes for medical purposes; X-ray tubes for medical use; X-ray viewers for medical use.

Amended Goods and/or Services:

Class 10

Abdominal belts [for medical purposes]; Abdominal pads for medical purposes; Abdominal pads for medical use; Acupressure slippers for medical purposes; Adipometers for medical purposes; Aerosol valves for medical purposes; Air beds for medical purposes; Air cushions for medical purposes; Air inflatable garments for medical purposes; Air mattresses for babies for medical purposes; Air mattresses for infants for medical purposes; Air mattresses for medical purposes; Air pillows for babies for medical purposes; Air pillows for infants for medical purposes; Air pillows for medical purposes; Alternating pressure mattresses for medical use; Alternating pressure pads for medical use; Alternating pressure supports for medical use; Analysers for bacterial identification for medical purposes; Analysers for medical use; Analysing apparatus for medical purposes; Analysis apparatus for medical use;

Analytical apparatus for medical purposes; Analytical instruments for medical use; Analyzers for bacterial identification for medical purposes; Ankle braces for medical purposes; Ankle supports for medical purposes; Ankle supports for medical use; Apparatus and installations for the production of X-rays, for medical purposes; Apparatus for achieving physical fitness for medical use; Apparatus for analysing alcohol in body fluids for medical use; Apparatus for analysing alcohol in breath fluids for medical use; Apparatus for analysing bacteria in biological samples for medical use; Apparatus for analysing gases for medical use; Apparatus for analysing images for medical use; Apparatus for analysing substances for medical use; Apparatus for applying laser radiation for medical purposes; Apparatus for applying medical drops; Apparatus for blood monitoring for medical use; Apparatus for blood tests for medical use; Apparatus for carrying-out assays for medical purposes; Apparatus for carrying-out diagnostic tests for medical purposes; Apparatus for collecting blood for medical purposes; Apparatus for dialysis for medical use; Apparatus for DNA and RNA exams for medical purposes; Apparatus for DNA and RNA testing for medical purposes; Apparatus for medical analysis; Apparatus for medical and therapeutic stimulation of the body; Apparatus for medical cell sampling; Apparatus for medical diagnosis; Apparatus for medical diagnostic purposes; Apparatus for medical image formation; Apparatus for medical imagery; Apparatus for medical purposes; Apparatus for medical rehabilitation; Apparatus for medical testing; Apparatus for medical use; Apparatus for physical training for medical use; Apparatus for producing oscillatory waves for medical application; Apparatus for producing oxygen for medical use; Apparatus for producing ultrasonic waves for medical application; Apparatus for sale in kit form for medical diagnostic purposes; Apparatus for testing breast milk for medical purposes; Apparatus for the application of laser radiation for medical purposes; Apparatus for the regeneration of stem cells for medical purposes; Apparatus for the withdrawal of blood for medical examination; Apparatus for the withdrawal of blood for medical test purposes; Apparatus for use in exercising muscles for medical use; Apparatus for use in in-vitro diagnosis for medical purposes;

Apparatus for use in medical analysis; Apparatus for use in medical inspection; Apparatus for use in toning muscles for medical rehabilitation; Apparatus for viewing medical diagnostic test strips; Apparatus incorporating ultra violet lamps for tanning the body for medical purposes; Appliances for physical exercise for medical use; Applicators for antibacterial preparations for medical purposes; Applicators for antibacterial preparations for medical purposes; Applicators for antiseptic preparations for medical purposes; Applicators in the nature of sponges for medical use; Armchairs especially made for medical purposes; Armchairs for medical or dental purposes; Articles for exercising the body for medical purposes; Artificial sponges for medical purposes; Aspiration tubing for medical purposes; Asymmetrical bars for physical exercise for medical use; Athletic tapes for medical purposes; Atomisers for medical use; Atomizers for medical use; Audiometers for medical purposes; Automated analysers for body fluids for medical use; Automated blood separation apparatus for medical purposes; Automated blood separation instruments for medical purposes; Automatic analyzers for medical diagnosis; Automatic medical apparatus for dosing animals by injection; Automatic medical apparatus for dosing humans by injection; Back supports for medical purposes; Bags [fitted] for medical instruments; Bags for medical use in collecting urine samples; Bags for medical use in storing urine samples; Bandages [elastic or supportive] for medical purposes; Bases for waterbeds adapted for medical use; Basins for medical purposes; Bed bases for beds especially made for medical purposes; Beds for use in medical diagnosis; Beds specially made for medical purposes; Belts for medical purposes; Belts, electric, for medical purposes; Bio-assay apparatus for medical purposes; Biomagnetic rings for medical purposes; Biomagnetic rings for therapeutic or medical purposes; Blankets for medical purposes; Blankets of metallised plastic for medical purposes; Blankets, electric, for medical purposes; Blood cell analysing apparatus for medical use; Blood cell separation apparatus for medical use; Blood centrifuging tubules for medical use; Blood collection bags for medical purposes; Blood collection tubes for medical use; Blood group analysers for medical use; Blood sampling

apparatus for medical use; Blood sedimentation apparatus for medical purposes; Body composition analyzers for medical purposes; Body fat monitors for medical purposes; Body function monitoring apparatus for medical purposes; Body rehabilitation apparatus for medical purposes; Body supports for medical purposes; Body warming devices for medical use; Bone densitometers [medical diagnostic apparatus]; Boots for medical purposes; Boxes adapted for medical use; Boxes adapted for medical waste products; Bracelets for medical purposes; Braces for limbs and joints for medical use; Braces for medical purposes; Breath testing apparatus for estimating blood alcohol content for medical purposes; Breathing apparatus for medical purposes; Brushes adapted for medical use; Bulb syringes for medical purposes; Bulb syringes for medical use; Canes for medical purposes; Capillary tubes for medical purposes; Capillary tubes for medical use; Caps being disposable clothing for medical use; Capsule endoscopes for medical purposes; Carbon arc lamps for medical purposes; Carbon dioxide detectors for medical use; Carbon dioxide indicators for medical use; Carrying cases adapted for sanitary masks for medical purposes; Cases fitted for medical instruments; Cases fitted for medical tools; Catheters for medical use; Cell counting units for medical use; Cell culture apparatus for medical use; Cell culture instruments for medical use; Centrifugal apparatus for medical use; Centrifugal pump heads for medical use; Centrifugal separating machines for medical use; Centrifuge separators for medical use; Centrifuges for medical use; Cervical pillows for medical purposes; Cervical pillows for medical use; Chairs especially made for medical use; Chemical analysers [apparatus] for medical use; Chemically activated cold compresses for medical purposes; Chemically activated cold compresses for medical use; Chemically activated cold gel packs for medical use; Chemically activated heating pads for medical purposes; Chemically activated hot compresses for medical purposes; Chemically activated hot compresses for medical use; Chemically activated hot gel packs for medical use; Cholesterol testing apparatus for medical diagnostic purposes; Chromatogram analysers for medical use; Chromatogram analyzers for medical use;

Chromatographic apparatus for medical use; Chromatographic columns for analytical chromatography for medical use; Chromatographic columns for medical use; Chromatographic instruments for medical use; Chromatographs for medical use; Chromatography apparatus for medical use; Chromatography columns for medical use; Chromatography instruments for medical use; Chromatography plates for medical use; Clinical chemistry analysers for medical or veterinary use; Clothing especially made for medical use; Coagulation instruments for medical purposes; Cold compresses for medical purposes; Cold packs for medical purposes; Collimating position indicating apparatus for medical use; Colorimetric comparators for medical use; Colour pyrometers for medical use; Columns for affinity chromatography for medical use; Columns for liquid affinity chromatography for medical use; Compression socks for medical or therapeutic use; Compressor modules being parts of ventilators for medical use; Compressors for medical [treatment] purposes; Condoms for medical purposes; Consumable electrodes for medical use; Contact apparatus for deriving electrical signals from human bodies for medical purposes; Containers especially adapted for the disposal of medical instruments, syringes and other contaminated medical waste; Containers especially made for medical waste; Contoured cushions for patients' use on beds specially adapted for medical purposes; Contoured cushions for patients' use on chairs specially adapted for medical purposes; Contraceptives being medically fitted devices; Cooling or heating devices containing heat exchange fluids for medical purposes; Cooling patches for medical purposes; Corsets for medical purposes; Covers for medical bags, fitted; Cryoprobes for medical use; Curing lamps for medical purposes; Cushioned products for medical use; Cushioning devices for medical use; Cushions for medical purposes; Cushions for medical use for supporting infants being examined; Cushions for medical use for supporting infants while being bathed; Cushions for medical use, adapted to support the face; Cutlery for medical purposes; Cystomeric apparatus for medical purposes; Cystomeric instruments for medical purposes; Cytofluorometric apparatus for medical purposes;

Cytology brushes for medical purposes; Dermabrasion apparatus for medical or therapeutic purposes; Detecting apparatus for medical use; Detecting instruments for medical use; Detection apparatus for medical use; Detection tubes for medical purposes; Detectors for medical applications; Devices for medical use in collecting body excretions; Devices for medical use in collecting body secretions; Devices for medical use in retaining body excretions; Devices for medical use in retaining body secretions; Diagnostic apparatus for medical purposes; Diagnostic imaging apparatus for medical use; Diagnostic instruments for medical use; Diagnostic measuring apparatus for medical use; Diagnostic testing apparatus for medical purposes; Diagnostic testing apparatus for use in immunoassay procedures for medical purposes; Diagnostic testing instruments for use in immunoassay procedure for medical purposes; Diagnostic tools for medical purposes; Diagnostic ultrasound apparatus for medical use; Diagnostic ultrasound instruments for medical use; Diathermic handles for medical use; Digital thermometers for medical purposes; Dilation apparatus for medical purposes; Disposable bags for medical use; Disposable clothing for medical use; Disposable examination gloves for medical purposes; Disposable gloves for medical use; Disposable hypodermic syringes for medical use; Disposable medical devices for treating constipation; Disposable medical syringe needles; Disposable microtome blades for medical purposes; Disposable protective clothing for medical purposes; Disposable protective footwear for medical purposes; Disposable protective gloves for medical purposes; Disposable protective headgear for medical purposes; Disposable sheeting for medical use; Dissecting instruments for medical purposes; Dissecting instruments for medical use; Dosage dispensers for medical use; Drainage devices for medical purposes; Drainage tubes for medical purposes; Drainage tubes for medical use; Drains for medical purposes; Drapes for medical use; Dressing forceps for medical use; Dropper bottles for medical purposes; Droppers for medical purposes; Dropping pipettes for medical purposes; Dynamic tomography apparatus for medical use; Elastic compression bandages for medical purposes; Elastic stockings for medical

purposes; Elasticised socks for medical purposes; Elbow braces for medical purposes; Elbow guards for medical purposes; Elbow protectors for medical purposes; Elbow support braces for medical use; Electric belts for medical purposes; Electric blankets for medical use; Electric foot warmers for medical use; Electric heating appliances for medical therapeutic use; Electric heating covers for medical use; Electric heating cushions for medical purposes; Electric heating pads for medical purposes; Electric instruments for medical use in the diagnosis of blood; Electric warming pads for medical use; Electrical apparatus for medical purposes for applying therapeutic stimulation to the body; Electrical apparatus for medical treatment; Electrical appliances for medical purposes; Electrical heating apparatus for medical use; Electrical heating pads for medical use; Electrical nerve stimulators for medical purposes; Electrically heated blankets for medical purposes; Electrically heated clothing for medical use; Electrically heated cushions for medical purposes; Electrically heated pads for medical purposes; Electrically heated socks for medical purposes; Electrically operated medical apparatus; Electro medical apparatus; Electro medical instruments; Electrodes for medical purposes; Electrodes for medical use; Electrodes for use with medical apparatus; Electromagnetic medical apparatus; Electro-mechanical apparatus for medical use in measuring the body functions; Electro-medical apparatus; Electro-medical apparatus for diagnosis; Electro-medical apparatus for firming treatments; Electro-medical apparatus for non-invasive therapy of bone disorders; Electro-medical apparatus for slimming treatments; Electro-medical apparatus for therapy; Electro-medical diagnostic instruments; Electro-medical stimulation current apparatus; Electro-medical x-ray apparatus; Electronic analysers for medical purposes; Electronic apparatus for medical purposes; Electronic apparatus for medical use in monitoring body functions; Electronic apparatus for medical use with computers; Electronic blood oxygen saturation monitors for medical use; Electronic blood oxygen saturation recorders for medical use; Electronic carbon dioxide monitors used for medical purposes; Electronic carbon dioxide recorders used for medical purposes; Electronic drop counters for

medical use; Electronic endoscopes for medical use; Electronic medical apparatus; Electronic medical diagnostic apparatus; Electronic medical instruments; Electronic monitoring apparatus for medical use; Electronic monitoring instruments for medical use; Electronic muscle stimulators for medical purposes; Electronic muscle stimulators for medical use; Electronic nerve stimulators for medical purposes; Electronic nerve stimulators for medical use; Electronic stimulator for medical use; Electronic temperature monitors for medical use; Electronic temperature recorders for medical use; Electronic thermometers for medical use; Electrophoresis apparatus for medical purposes; Endoscopes for medical diagnostic use; Endoscopes for medical use; Endoscopic apparatus for medical use; Endoscopic equipment for medical purposes; Endoscopy cameras for medical purposes; Enema apparatus for medical purposes; Epidural analgesia apparatus for medical use; Examination chairs specially made for medical use; Examination couches specially made for medical use; Examination gloves for medical use; Exercise apparatus for medical rehabilitative purposes; Exercise apparatus, specifically adapted for medical purposes; Exercise boots for medical rehabilitative purposes; Exercise devices for medical rehabilitative purposes; Exercise equipment for medical rehabilitative purposes; Exercise machines for medical rehabilitative purposes; Exercise simulating apparatus for medical purposes; Exercising apparatus for medical rehabilitative purposes; Explorers [medical or surgical apparatus]; Exposed X-ray films for medical use; Extractors [medical apparatus]; Eye droppers for medical purposes; Eye droppers for medical use; Eye protectors for medical use; Eye shields for medical use; Eye trays for medical use; Eye wash cups for medical purposes; Face masks for medical use; Face protection shields for medical use; Face shields for medical use; Feeding cups for medical purposes; Fiberscopes for medical use; Fibre optic instruments for medical purposes; Fibre optic viewers for medical purposes; Fibre optic viewing devices for medical purposes; Fibrescopes for medical use; Filter cartridges for medical use in the filtration of pharmaceutical liquids; Filter membranes for use in medical diagnostic applications; Filters for blood and blood

components for medical purposes; Filters for medical purposes; Filters for respiratory masks for medical purposes; Filters for ultraviolet rays for medical purposes; Filters for ultraviolet rays, for medical purposes; Filtration membranes for medical use; Finger cots for medical purposes; Finger guards for medical purposes; Finger pricking devices being medical instruments for use in drawing blood; Finger stalls for medical purposes; Fingerstalls for medical purposes; First aid medical apparatus for sale in kit form; Flexible medical endoscopes; Flexible needles for medical purposes; Fluid collection containers for medical use; Fluid sampling apparatus for medical use; Fluoride trays for medical or dental use; Foam head positioners for surgical and medical use; Foam knee positioners for surgical and medical use; Foam leg positioners for surgical and medical use; Forceps for medical purposes; Forceps for medical use; Foreign body retrieval apparatus for medical purposes; Foreign body retrieval balloon catheters for medical purposes; Foreign body retrieval baskets for medical purposes; Foreign body retrieval forceps for medical purposes; Fumigation apparatus for medical purposes; Furniture adapted for medical treatment purposes; Furniture adapted for medical treatment use; Furniture especially made for medical purposes; Furniture especially made for medical use; Galvanic belts for medical purposes; Gamma apparatus for measuring human cell attenuation for medical diagnostic purposes; Gamma apparatus for medical diagnosis using images; Gamma cameras for medical purposes; Gamma instruments for measuring human cell attenuation for medical diagnostic purposes; Gamma instruments for medical diagnosis using images; Gas analysers for medical analysis; Gas analyzers for medical analysis; Gas chromatography apparatus for medical use; Gas detectors for medical use; Gas laser apparatus for medical treatment; Genetic testing apparatus for medical purposes; Gloves for medical examinations; Gloves for medical purposes; Gloves for medical use; Gouges for medical or surgical use; Gowns for medical use; Gynecological medical instruments for examining women' s reproductive organs; Hammers for medical or surgical use; Hand-operated spraying apparatus for medical purposes; Haptic suits for medical purposes; Heat beds for medical treatment; Heat

exchange anti-bacterial filters for medical use; Heat exchange anti-viral filters for medical use; Heat lamps for medical use; Heating apparatus for medical purposes; Heating blankets for medical purposes; Heating cushions, electric, for medical purposes; Heating cushions, non-electric, for medical purposes; Heating pads for medical purposes; Heating pads, electric, for medical purposes; Heating pads, non-electric, for medical purposes; High frequency coagulation apparatus for medical purposes; High frequency coagulation devices for medical purposes; High frequency coagulation instruments for medical purposes; High frequency cutting apparatus for medical purposes; High frequency cutting devices for medical purposes; High frequency cutting instruments for medical purposes; High frequency generators for use in medical treatment; Hollow fibre membrane elements for medical or surgical use; Hooks for medical or surgical use; Hoses adapted for use with medical ventilators; Hot air vibrators for medical purposes; Humidifiers for use in medical treatment; Humidifying apparatus for medical use; Humidifying machines for medical use; Hydrostatic beds for medical purposes; Hyperbaric oxygen chambers for medical purposes; Ice bag pillows for medical purposes; Ice bags for medical purposes; Immunoabsorption columns for medical diagnostic use; Impactors for medical or dental use; Implantable devices for medical use in measuring the composition of body fluids; Impulse measuring apparatus for medical use; Impulse measuring instruments for medical use; Inadvertent peep reducers being parts of medical ventilators for maintaining pressure; Incentive spirometers for medical use; Incubation units for medical purposes; Incubators for medical purposes; Indoor fitness apparatus for medical purposes; Inflatable appliances [splints] for medical use in holding the limbs; Inflatable appliances for medical use in applying pressure to the limbs; Inflatable cushions for medical purposes; Inflatable cushions for medical use; Inflatable mattresses for medical purposes; Inflatable pillows for medical use for fitting around the neck; Inflation syringes for medical or surgical use; Infrared apparatus for medical purposes; Infrared lamps for medical purposes; Infrared thermometers for medical purposes; Inhalation devices for medical use; Inhalation

protection devices for medical purposes; Inhalation protectors for medical use; Inhalers for medical use; Injection needles for medical use; Injection sleeves for medical use; Injection syringes for medical purposes; Injectors for medical purposes; Inserts for breathing apparatus for medical use; Inserts for breathing masks for medical use; Inspection apparatus for medical or dental use; Inspection devices for medical or dental use; Inspection glasses for medical or dental use; Inspection instruments for medical or dental use; Inspection mirrors for medical or dental use; Installations for the production of x-rays for medical purposes; Instruments for analysing volatile mass in specimens under test for medical use; Instruments for diagnosis for medical use; Instruments for medical use in testing microbiological samples; Instruments for medical use in testing temperature; Instruments for medical use in the preparation of cells; Instruments for medical use in the treatment of samples before analysis; Instruments for use in gas chromatography for medical use; Instruments for use in liquid chromatography for medical use; Instruments for use in medical analysis; Intra-aortic balloons being medical devices; Intra-vascular apparatus for medical use; Intravenous administration apparatus for medical purposes; Intravenous administration instruments for medical purposes; Intravenous bags for medical purposes; Intravenous infusion pumps for medical purposes; In-vitro diagnostic testing apparatus for medical use; Irrigation drainage devices for medical use; Irrigation pouches for medical use; Irrigators for medical purposes; Irrigators for medical use; Isolation bags for medical use; Jet injectors for medical use; Kidney dish for medical use; Kinesiology tapes for medical purposes; Knee braces for medical purposes; Knee supports for medical use; Knives for medical use; Lab units for the dilution of liquids for medical use; Lab units for the dispensing of liquids for medical use; Lab units for the incubation of liquids for medical use; Lab units for the mixing of liquids for medical use; Lab units for the transfer of liquids for medical use; Lamps for medical [curative] purposes; Lamps for medical purposes; Lamps for producing polarised light for medical use; Lamps for use with medical instruments; Lancet devices for medical use in extracting blood for blood tests;

Laryngeal masks for medical purposes; Laser beam delivery apparatus for medical use; Laser beam delivery instruments for medical use; Laser cutting apparatus for medical use; Laser cutting tools for medical use; Laser devices for medical application; Laser installations for medical use; Laser instruments for medical use; Laser light transmitting apparatus for medical use; Laser light treatment apparatus for medical use; Laser light treatment instruments for medical use; Laser machining tools for medical use; Laser pointers for medical purposes; Laser pointers for medical use; Laser scalpels for medical use; Lasers capable of producing pulsating laser beams for medical use; Lasers for medical purposes; Lasers for medical use; Lasers incorporating optical fibres for medical use; Latex examination gloves for medical use; Latex gloves for medical use; Leg exercising apparatus for medical use; Leg traction units for medical use; Length gauges for medical use; Ligating clip applicators for medical use; Ligating clips for medical use; Light boxes for medical use; Light filters for medical use; Light production apparatus for medical use; Light sources for electronic endoscopes for medical purposes; Light sources for medical use; Lighting for medical use; Linear accelerators for medical use in radiotherapy; Liquid chromatograph apparatus for medical use; Liquid chromatography columns for medical use; Liquid chromatography injectors for medical use; Liquid chromatography instruments for medical use; Lubricating apparatus for medical use; Luer lock needles for medical use; Luer tapers for medical use; Lung function test apparatus for medical use; Machines for physical exercise for medical use; Magnetic bracelets for medical purposes; Magnetic field generators for medical use; Magnetic resonance imaging [MRI] apparatus for medical purposes; Magnetic resonance imaging apparatus for medical purposes; Magnetic resonance imaging apparatus for medical use in diagnostic evaluation; Magnetic resonance imaging instruments for medical purposes; Magnetic resonance imaging spectrometers for medical use; Magnetic treatment apparatus for medical use; Magnets for medical use; Mallets for medical use; Manipulative apparatus for medical use; Manometer lines for medical use; Manometers for medical use; Manually operated cutting devices for histological

purposes for medical use; Manually operated exercise apparatus for medical use; Masks for use by medical personnel; Massage apparatus [for medical purposes]; Maternity support belts for medical purposes; Mattresses for medical use; Measuring apparatus for medical use; Measuring apparatus for the photometric analysis of fluids for medical use; Measuring apparatus for the photometric analysis of gases for medical use; Measuring apparatus for the spectroscopic analysis of fluids for medical use; Measuring apparatus for the spectroscopic analysis of gases for medical use; Measuring apparatus for use in bioassay techniques for medical use; Measuring devices for medical use; Measuring devices having digital displays for medical use; Measuring instruments adapted for medical use; Measuring machines for medical use; Medical aids for use in stoma care; Medical analysis apparatus; Medical analysis instruments; Medical and surgical catheters; Medical and surgical cutters for cutting human or animal tissue and organs; Medical and surgical knives for cutting human or animal tissue and organs; Medical and surgical laparoscopes; Medical and veterinary apparatus and instruments; Medical ankle braces; Medical apparatus and instruments; Medical apparatus and instruments relating to neurovegetative reactivity; Medical apparatus for assisting breathing; Medical apparatus for controlling flow rates of intravenous infusions; Medical apparatus for controlling pulmonary gas exchange parameters; Medical apparatus for detecting carbon dioxide in the airways; Medical apparatus for diagnosing suspected heart attacks; Medical apparatus for diagnostic purposes; Medical apparatus for electrical muscle stimulation; Medical apparatus for exercise; Medical apparatus for facilitating the inhalation of pharmaceutical preparations; Medical apparatus for hyperhidrosis treatment; Medical apparatus for introducing pharmaceutical preparations into the human body; Medical apparatus for measuring flow rates of intravenous infusions; Medical apparatus for measuring the oxygen content of blood; Medical apparatus for mixing bone cement; Medical apparatus for monitoring; Medical apparatus for monitoring flow rates of intravenous infusions; Medical apparatus for monitoring pulmonary gas exchange parameters; Medical apparatus for nerve location; Medical apparatus for nerve

stimulation; Medical apparatus for neurographic purposes; Medical apparatus for performing in-vitro diagnostic tests; Medical apparatus for producing laser polarised light; Medical apparatus for producing laser radiation; Medical apparatus for regulating flow rates of intravenous infusions; Medical apparatus for renal dialysis; Medical apparatus for spinal disc repair; Medical apparatus for strengthening muscles of the pelvic floor; Medical apparatus for testing muscles of the pelvic floor; Medical apparatus for testing susceptibility to diseases; Medical apparatus for testing susceptibility to disorders; Medical apparatus for testing the level of glucose in the blood; Medical apparatus for the display of tomographic data; Medical apparatus for the electrical stimulation of groups of muscles; Medical apparatus for the evaluation of in-vitro diagnostic tests; Medical apparatus for the preparation of parts of prostheses; Medical apparatus for the preparation of prostheses; Medical apparatus for the processing of tomographic data; Medical apparatus for the relief of pain; Medical apparatus for the treatment of respiratory conditions; Medical apparatus for the treatment of sleep apnea; Medical apparatus for training breathing techniques; Medical apparatus for urethral catheterization; Medical apparatus for urological purposes; Medical apparatus for use in blood gas monitoring; Medical apparatus for use in cardiac surgery; Medical apparatus for use in dialysis; Medical apparatus for use in endoscopy; Medical apparatus for use in expansion of tissue to define an opening; Medical apparatus for use in laparoscopy; Medical apparatus for use in respiration; Medical apparatus for use in the treatment of injuries; Medical apparatus incorporating lasers; Medical appliances for intravenous administration of nutritional solutions; Medical appliances for use by persons suffering from colostomy; Medical appliances for use by persons suffering from ileostomy; Medical appliances for use by persons suffering from incontinence; Medical appliances for use by persons suffering from urine diversion; Medical assay apparatus for the detection of helicobacter pylori organisms; Medical bags designed to hold medical instruments; Medical bags for apparatus and instruments [fitted]; Medical blankets for the cooling of patients; Medical blankets for the warming of patients; Medical blood oxygenation

devices; Medical braces; Medical catheter placement devices; Medical catheters; Medical compression stockings; Medical compression tights; Medical cooling apparatus for treating heatstroke; Medical cooling apparatus for use in therapeutic hypothermia; Medical cooling units to control body wound temperatures; Medical cooling units with body contact applicators; Medical cutting devices; Medical devices for assisting respiration; Medical devices for closing wounds; Medical devices for dental surgery; Medical devices for implantology; Medical devices for micro-surgery; Medical devices for moxibustion therapy; Medical devices for placing and securing catheters; Medical devices for spinal disc repair in the nature of spinal disc implants made from artificial substances; Medical diagnostic apparatus; Medical diagnostic apparatus for detecting viruses; Medical diagnostic apparatus for sale in kit form; Medical diagnostic apparatus for testing for viruses; Medical diagnostic apparatus for virus screening; Medical diagnostic instruments; Medical diagnostic saliva pads; Medical diagnostic saliva vials; Medical diagnostic testing apparatus; Medical drainage bags; Medical drainage bags for collection of abscess; Medical drainage bags for collection of biliary; Medical drainage bags for collection of nephrostomy; Medical drapes of non-woven textile materials; Medical elbow braces; Medical electrodes; Medical endoscopes; Medical examination gloves; Medical examination lamps; Medical examination sheets; Medical examination tables; Medical gas-insufflators; Medical gloves; Medical gowns; Medical guide wire; Medical guidewires; Medical hand tools; Medical heating units to control body wound temperatures; Medical heating units with body contact applicators; Medical heating units with body contact applicators to control body wound temperatures; Medical hosiery; Medical ice bag holders; Medical ice bags; Medical ice packs; Medical imaging apparatus; Medical implants comprised of artificial materials; Medical implants made from artificial materials; Medical infusion columns; Medical infusion pumps; Medical inhalers; Medical instruments; Medical instruments for animals; Medical instruments for cutting tissue; Medical instruments for drug abuse testing; Medical instruments for infectious disease testing; Medical instruments for interstitial thermotherapy of

biological tissue; Medical instruments for percutaneous tracheostomy; Medical instruments for recording heart activity; Medical instruments for recording physiological data; Medical instruments for removing insect parasites; Medical instruments for the removal of warts by freezing; Medical instruments for therapeutic drug monitoring; Medical instruments incorporating lasers; Medical isolation gowns; Medical knee braces; Medical knives; Medical laser apparatus; Medical laser beam apparatus; Medical lasers; Medical lasers for beauty therapy; Medical lasers for cosmetic purposes; Medical lasers for skin treatment; Medical masks; Medical measuring apparatus for measurements on hair; Medical measuring apparatus for measurements on skin; Medical microneedling devices; Medical operating lamps; Medical patient treatment chairs; Medical pressure chambers; Medical probes; Medical procedure chairs; Medical procedure tables; Medical prostheses; Medical pulse pressure transducers; Medical pumps; Medical radiation apparatus; Medical robots for use in cognitive therapy for children; Medical scissors; Medical screw connections; Medical shields for protection from bruising; Medical spatulas; Medical specimen cups; Medical spittoons; Medical splints; Medical stents; Medical stethoscopes; Medical stockings with decreasing compression; Medical stretchers; Medical support hosiery; Medical support panty hose; Medical support tights; Medical supports for the body; Medical syringe needles; Medical syringes; Medical tables for examination or treatment purposes; Medical testing apparatus; Medical testing instruments; Medical therapy apparatus; Medical therapy instruments; Medical trays; Medical tubing; Medical tubing for administering drugs; Medical tubing for irrigation purposes; Medical tubing for transfusions; Medical tubing for use in vascular procedures; Medical ultrasound apparatus; Medical ventilators; Medical vessel dilators; Medical X-ray apparatus; Membrane test plates for use in medical diagnostics; Mercury thermometers for medical use; Mesh nerve connecting tubes for medical use; Metering pumps for delivering drugs in measured quantities for medical use; Meters incorporating visual displays for medical use; Microdermabrasion apparatus for medical or therapeutic purposes; Microsensor

probes for medical purposes; Microsensors for medical purposes; Mirrors for medical examination purposes; Mittens for medical use; Moisture exchangers for medical use in transferring the heat of exhaled breath to inhaled breath; Molecular filtering devices for medical use; Molecular sieves for medical use; Monitoring apparatus for medical use; Mononuclear cell apparatus for medical use; Mouth guards for medical purposes; Muscle building apparatus for medical use; Muscle exercising apparatus for medical use; Nail pinches for medical use; Nanites for medical purposes; Nanorobots for medical purposes; Nasal filters for medical purposes; Nebulisers for medical purposes; Nebulizers for medical purposes; Nebulizers for medical use; Neck pillows for medical or surgical use; Neck rolls for medical or surgical use; Neckrolls for medical or surgical use; Needles for medical purposes; Needles for medical use; Nephelometric analysers for medical diagnosis; Nephelometric analyzers for medical diagnosis; Nerve muscle stimulators for medical purposes; Neural helmets for medical purposes; Nippers for medical use; Non-electrical medical apparatus for collecting blood; Non-electrical medical apparatus for collecting body fluids; Non-selective electrodes being chemically sensitive probes for medical use; Nuclear magnetic resonance apparatus for medical scanning; Nuclear magnetic resonance installations for medical scanning; Nuclear medical diagnostic apparatus; Nuclear resonance spectrometers for medical use; Operating instruments for use with medical endoscopes; Ophthalmic cameras for medical purposes; Optical apparatus for medical diagnostic use; Optical apparatus for medical endoscopy; Optical apparatus for medical purposes; Optical appliances for medical purposes; Optical components for medical diagnostic use; Optical detection apparatus for medical diagnostic use; Optical detection installations for medical diagnostic use; Optical devices for medical diagnostic use; Optical fiber apparatus for medical diagnostic use; Optical fibre apparatus for medical diagnostic use; Optical fibre temperature probes for medical diagnostic use; Optical fibres for medical diagnostic use; Optical imaging apparatus for medical diagnostic use; Optical inspection apparatus for medical diagnostic use; Optical instruments for medical diagnostic use;

Optical instruments for medical endoscopy; Optical scanners for medical inspection purposes; Optical sources for medical inspection purposes; Optical temperature measuring instruments for medical inspection purposes; Optical viewing apparatus for medical inspection purposes; Optical viewing glasses for medical inspection purposes; Optomedical examination instruments; Orthopaedic medical devices; Oxygen concentration analysers for medical use; Oxygen concentration analyzers for medical use; Oxygen concentration monitors for medical use; Oxygen concentrators for medical purposes; Oxygen concentrators for medical use; Oxygen electrodes for medical use; Oxygen enrichment apparatus for medical use; Oxygen inhalators for medical use, sold empty; Oxygen inhalers for medical purposes sold empty; Oxygen inhalers for medical use; Oxygen masks for medical purposes; Oxygen masks for medical use; Oxygen monitors for medical use; Oxygen sensors for medical use; Oxygenators for medical use; Ozonisers [ozonators] for medical use; Ozonizers [ozonators] for medical use; Ozonizing apparatus for medical use; Padded cushions for medical purposes; Pads for seats for wheelchairs for medical use; Parallel bars for medical therapeutic use; Particle analysers for medical use; Particle analyzers for medical use; Peep activators being parts of medical ventilators for maintaining pressure; Performance testing apparatus for medical use; Permanent magnets for medical use; Photometric analysers for medical use; Photometric analyzers for medical use; Photometric apparatus for medical use; Photometric instruments for medical use; Phototherapy apparatus for medical purposes; Physical analysers for medical use; Physical analysing apparatus for medical use; Physical analyzers for medical use; Physical exercise apparatus for medical purposes; Physical exercise apparatus, for medical purposes; Physical exercise machines for medical purposes; Physiological apparatus for medical use; Physiological measuring apparatus for medical use; Physiological monitoring apparatus for medical use; Pill distributor and organiser boxes for medical purposes; Pill distributor and organizer boxes for medical purposes; Pillows for medical purposes; Pipes for medical applications; Pipetting apparatus for medical use; Pipetting instruments for medical use; Planar

chromatography apparatus for medical use; Pliers for medical use; Pneumatically operated medical apparatus; Pneumatically operated medical instruments; Pneumatically operated valve assemblies for ventilation apparatus for medical use; Portable breathing apparatus for medical purposes; Portable exercise apparatus for medical use; Portable instruments for medical use in monitoring oxygen levels in gaseous mixtures; Portable nebulisers for medical purposes; Portable oxygen concentrators for medical purposes; Portable pump installations for gases for medical use; Portable pump installations for liquids for medical use; Power filters for medical use; Powered respirators for medical purposes; Precision sensors for medical use; Pressure garments for medical purposes; Pressure garments for medical treatment; Pressure monitors for medical use; Pressure relief cushions for medical purposes; Pressurised suits for medical use; Probes connected to microprocessing apparatus for medical diagnosis; Probes for medical purposes; Probes for use with integrated circuits for medical diagnosis; Processors for photosensitive films for medical purposes; Processors for X-ray films for medical purposes; Processors for X-ray plates for medical purposes; Prostheses for medical treatment; Protection devices against X-rays, for medical purposes; Protective bonnets for the hair for wear by medical practitioners; Protective breathing masks for medical applications; Protective breathing masks for medical purposes; Protective breathing masks made of non-woven materials for medical applications; Protective clothing for medical purposes; Protective face masks for medical use; Protective gloves for medical use; Protective gowns for medical use; Protective masks for medical purposes; Protective mouth masks for medical use; Protective nose masks for medical use; Protective screens for protection whilst exposed to X-rays for medical use; Protective structures against radiation for medical use; Protective suits for medical use; Protective visors for medical use; Pulse counters [medical apparatus]; Pulse oximeters for medical purposes; Pumps for medical purposes; Pumps for medical treatment purposes; Pumps for medical use in delivering pharmaceuticals from containers; Pumps for medical use in dispensing

pharmaceuticals from containers; Pumps for medical use in the extraction of gases; Pumps for medical use in the extraction of liquids; Pumps for medical use in the extraction of vapour; Pumps for use in liquid chromatography for medical use; Purification apparatus for medical purposes; Purification installations for medical purposes; Purification machines for medical purposes; Push syringes for medical use; Quad canes for medical purposes; Quartz lamps for medical purposes; Radiation oncology apparatus for medical use; Radiation oncology instruments for medical use; Radio cardiographic apparatus for medical purposes; Radioisotope apparatus for medical diagnosis; Radioisotope apparatus for medical treatment; Radioisotope apparatus for medical use; Radioisotope detection apparatus for medical diagnosis; Radioisotope detection apparatus for medical treatment; Radioisotope detection apparatus for medical use; Radioisotope detector apparatus for medical diagnosis; Radioisotope detector apparatus for medical treatment; Radioisotope detector apparatus for medical use; Radiological apparatus for medical diagnosis; Radiological apparatus for medical purposes; Radiological apparatus for medical treatment; Radiology screens for medical purposes; Radioscopy [fluoroscopy] apparatus for medical use; Radiotherapy apparatus for medical use; Radiotherapy instruments for medical use; Radium tubes for medical purposes; Razors for medical use; Refractometers for medical use; Rehabilitation apparatus for medical use; Remedial apparatus for medical use; Respiration monitors for medical use; Respirators for filtering air for medical purposes; Respirators for medical purposes; Respiratory apparatus for medical use; Respiratory breathing apparatus for medical use; Respiratory gas blending apparatus for medical use; Respiratory helmets for medical purposes; Respiratory masks for medical purposes; Respiratory monitoring apparatus for medical purposes; Respiratory monitors for medical purposes; Respiratory protection apparatus for medical purposes; Retention belts for medical purposes; Retinal cameras for medical use; Retractors [medical instruments]; Reverse osmosis membranes for medical use; Rigid endoscopes for medical use; Rigid medical endoscopes; Robotic exoskeleton suits for medical purposes; Rubber

gloves for medical use; Saliva collection devices for medical purposes; Sample preparation columns for medical use; Sampling apparatus for medical diagnosis; Sanitary masks for dust isolation for medical purposes; Sanitary masks for dust prevention for medical purposes; Sanitary masks for medical purposes; Sanitary masks for medical use; Scanners for medical diagnosis; Scanners for medical use; Scanning apparatus for medical use; Scanning instruments for medical use; Scanning machines for medical use; Seat cushions for medical purposes; Seat pads for medical purposes; Self-contained breathing apparatus for medical purposes; Semi-permeable membranes for medical use; Sensing apparatus for medical diagnosis; Sensing apparatus for medical use in monitoring the vital signs of patients; Sensing devices for medical use in monitoring the vital signs of patients; Sensor apparatus for medical use in diagnosis; Sensor apparatus for medical use in generating signals in response to movements of the human body; Sensor apparatus for medical use in monitoring the vital signs of patients; Sensor apparatus for medical use in the determination of chemical parameters; Sensor apparatus for medical use in the determination of physical parameters; Sensors [measurement apparatus] for medical use; Separating apparatus for medical use; Separation apparatus for medical use; Separation cartridges for use in chromatography for medical use; Separation columns for use in gas chromatography for medical use; Separation control apparatus for medical use; Separation instruments for medical use; Sheepskins for medical purposes; Shielding devices for medical apparatus; Shielding devices for medical instruments; Shields for medical apparatus; Shields for medical instruments; Shock wave apparatus for medical use; Shoulder cups for medical use; Shoulder supports for medical use; Skin moisture analysers for medical purposes; Skin moisture analyzers for medical purposes; Skin temperature indicators for medical use; Skinfold calipers for medical purposes; Slings for medical use; Solaria for medical purposes; Sound excluding apparatus for medical use; Sound excluding instruments for medical use; Sources of electromagnetic fields for use in medical diagnosis; Sources of electromagnetic fields for use in medical treatment; Sources of

magnetic fields for use in medical diagnosis; Sources of magnetic fields for use in medical treatment; Sources of ultrasonic fields for use in medical diagnosis; Sources of ultrasonic fields for use in medical treatment; Spatulas for medical use; Special furniture for medical use; Specimen collection devices for medical use in extracting samples from the body; Specimen samplers for medical use; Spectrum analyzers for use in medical diagnosis; Spine plates [medical apparatus]; Spine seats [medical apparatus]; Spirometers [medical apparatus]; Spittoons for medical purposes; Splinting materials for medical use; Splints [for medical purposes]; Splints for medical use; Spray bottles [vaporizers] for medical use; Spraying devices for medical use; Spraying machines for medical use; Stair climbing machines for medical therapeutic use; Staplers for medical purposes; Staples for medical purposes; Sterile apparatus for the medical administration of fluids; Straight probes for medical purposes; Suction apparatus for medical use; Suction bag holders for medical use; Suction bags for medical use; Suction bottles for medical use; Suction drainage sets for medical use; Suction tubes for medical purposes; Sun lamps for medical purposes; Support bandages for medical purposes; Support belts for medical purposes; Support cushions for medical purposes; Support garments for medical use; Support mattresses for medical use; Supportive splinting for medical use; Supports for medical use; Surgical apparatus and instruments for medical use; Surgical stockings for medical use; Surgical, medical, dental and veterinary apparatus and instruments; Suture materials for medical use; Syringes for medical purposes; Syringes for medical use; Tables specially made for medical examination; Tape cutters for medical purposes; Telemetry apparatus for medical use; Telemetry devices for medical applications; Telemonitoring apparatus for medical purposes; Television cameras adapted for medical use; Temperature indicator labels for medical purposes; Temperature measuring apparatus for medical use; Temperature measuring instruments for medical use; Temperature meters for medical use; Temperature monitors for medical use; Temperature responsive control apparatus medical use; Temperature scanners for medical use; Temperature sensing apparatus for medical

use; Temperature sensitive testing apparatus for medical use; Temperature sensitive testing instruments for medical use; Temperature sensors for medical use; Test apparatus for medical use; Test clips for medical use; Test electrodes for medical use; Test equipment for medical use; Test probe assemblies for medical use; Test probes for medical use; Testing apparatus for medical diagnostic purposes; Testing apparatus for medical purposes; Testing apparatus for sale in kit form for medical diagnostic purposes; Testing instruments for medical diagnostic purposes; Testing probes for medical diagnostic purposes; Testing probes for medical purposes; Thermal detection devices for medical use; Thermal electric compresses for medical use; Thermal image apparatus for medical use; Thermal image capture devices for medical use; Thermal image transfer devices for medical use; Thermal imaging apparatus for medical use; Thermal protective aids [heated] for medical use; Thermographic apparatus for medical purposes; Thermographic instruments for medical purposes; Thermometers for medical purposes; Thermotherapy apparatus for medical purposes; Thread for medical use; Tint samples boxes [medical apparatus]; Tissue coagulators [apparatus] for medical use; Tissue sampling apparatus for medical use; Tissue sampling devices for medical use; Tomographic apparatus for medical use; Tomographic instruments for medical use; Tomographs for medical purposes; Tongue depressors for medical purposes; Tools for medical diagnostics; Trace material analysers for medical use in diagnosis; Trace material analyzers for medical use in diagnosis; Trace organic concentrators for medical use in diagnosis; Traction apparatus for medical purposes; Traction [medical apparatus]; Transparent face shields for use by medical personnel; Trays for holding detection tubes for medical use; Trays for holding medical instruments; Treadmills for medical use in physiotherapeutic exercise; Triglycerides testing apparatus for medical diagnostic purposes; Tube insertion machines for medical use; Tubes for medical purposes; Tubing connectors for medical use; Tubing for medical use; Tweezers for medical use; Ultrasonic apparatus for medical use; Ultrasonic apparatus for medical use in diagnosis; Ultrasonic apparatus for medical use in scanning the body;

Ultrasonic cleaners for medical use; Ultrasonic cleaning instruments for medical use; Ultrasonic diagnostic apparatus for medical use; Ultrasonic diagnostic instruments for medical use; Ultrasonic medical diagnostic apparatus; Ultrasonic probes for medical use; Ultrasonic sensors for medical use; Ultrasonic sound apparatus for medical use; Ultrasonic testing apparatus for medical use; Ultrasound apparatus for medical purposes; Ultrasound diagnostic apparatus for medical use; Ultrasound imaging devices for medical use; Ultraviolet filters for medical use; Ultraviolet lamps for medical purposes; Ultraviolet lamps for medical use; Ultraviolet light therapy apparatus for medical purposes; Ultraviolet photo therapy apparatus for medical purposes; Ultraviolet ray lamps for medical purposes; Ultraviolet sun ray lamps for medical use; Umbilical cord clamps for medical purposes; Urinalysis instruments for medical diagnostic purposes; Urine testing instruments for medical diagnostic purposes; UV lamps for medical applications; Vacuum apparatus for medical use; Vacuum devices for medical use; Vacuum probes for medical use; Valves for use in medical infusion apparatus; Valves for use in medical infusion instruments; Vaporizers for medical purposes; Vascular access ports for medical use; Ventilator breathing apparatus for medical purposes; Ventilator exhalation valves for medical purposes; Ventilator filters [parts of medical apparatus]; Vessel dilators [medical apparatus]; Vessels for histological purposes for medical diagnosis; Vibration generating apparatus for medical therapeutic use; Volumetric pump devices for medical use; Walking aids for medical purposes; Walking sticks for medical purposes; Warmers for medical use; Warming apparatus for medical use; Waste collection devices for medical purposes; Water bags for medical purposes; Water beds for medical purposes; Water pillows for medical purposes; Water therapy apparatus for medical use; Water treatment apparatus for medical use; Waterbeds for medical purposes; Wearable monitors used to measure biometric data for medical purposes; Wearable monitors used to measure biometric data for medical use; Wearable walking assistive robots for medical purposes; Weight training apparatus for medical use; Weights for physical exercise for medical use; Wrist braces for medical use;

Wrist supports for medical use; X-ray analysers for medical use; X-ray analyzers for medical use; X-ray apparatus for medical purposes; X-ray apparatus for medical use; X-ray appliances for dental and medical use; X-ray film frames for medical use; X-ray film holders for medical use; X-ray film imaging apparatus for medical use; X-ray film imaging devices for medical use; X-ray film mounts for medical use; X-ray film viewers for medical use; X-ray fluoroscopic apparatus for medical imaging incorporating image enhancement facilities; X-ray high voltage generators with integrated X-ray tubes for medical imaging; X-ray illuminators for medical use; X-ray photographic apparatus for medical use; X-ray photographs for medical purposes; X-ray plates for medical use; X-ray producing apparatus for medical use; X-ray scanners for medical use; X-ray sensitive films for medical use; X-ray spectroscopy apparatus for medical use; X-ray structure analysis apparatus for medical use; X-ray structure analysis instruments for medical use; X-ray tubes for medical purposes; X-ray tubes for medical use; X-ray viewers for medical use; none of the aforementioned apparatus, devices, and instruments which are stated to be for medical use, medical purposes, analysis, sensing, testing, diagnosis, inspection, monitoring, medical rehabilitation and/or imaging are to be for use in relation to the ears and/or hearing.
