TRADEMARKS ACT 2019 (Act 815)

PUBLICATION OF APPLICATION FOR REGISTRATION OF TRADEMARKS

Pursuant to **section 31** of the Trademarks Act 2019, the following applications for registration of trademarks have been accepted and are hereby published in Intellectual Property Official Journal under **paragraph 148(1)(a)** of the Trademarks Act 2019

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 23(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the application for registration of trademark which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such application for registration of trademark.

Notwithstanding the above paragraph, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 23(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition.

PUBLICATION OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING
MALAYSIA

Pursuant to regulation 71 of the Trademarks Act 2019, the following international registrations designating Malaysia have been accepted and are hereby published in Intellectual Property Official Journal under section 148 of the Trademarks Act 2019.

Where an application for registration is accepted subject to any conditions, amendments, modifications or limitations, such conditions, amendments, modifications or limitations shall appear in the publication.

Pursuant to subsections 35(1) and 35(2) of the Trademarks Act 2019 and subregulation 72(1) of the Trademarks Regulations 2019, a notice of opposition to oppose the registration of the international registrations designating Malaysia which shall include the statement of the grounds of such opposition may be filed together with payment of the prescribed fee with the Registrar of Trademarks within two months from the date of the publication of the acceptance of such international registrations designating Malaysia in the Intellectual Property Official Journal.

Notwithstanding the above paragraphs, pursuant to subsection 153(1) of the Trademarks Act 2019 and subregulation 72(2) of the Trademarks Regulations 2019, the request for an extension of time may be allowed at the discretion of the Registrar of Trademarks for not more than two months after the expiry of the period for filing the notice of opposition

LIST OF ACCEPTANCE OF INTERNATIONAL REGISTRATION DESIGNATING MALAYSIA

CLASS : 1,5,9,10,11

TM2023023452 6 July 2023

International Registration Number : 1744070

CLASS 1

Chemicals used in industry; Chemicals used in science; Chemicals used in photography; Chemicals used in agriculture; Chemicals used in horticulture; Chemicals used in forestry; Unprocessed artificial resins, unprocessed plastics; Manures; Fire extinguishing compositions; Tempering and soldering preparations; Chemical substances for preserving foodstuffs; Tanning substances; Adhesives used in industry.

CLASS 5

Pharmaceuticals, medical and veterinary preparations; Sanitary preparations for medical purposes; Dietetic food and substances adapted for medical or veterinary use, food for babies; Dietary supplements for humans and animals; Plasters, materials for dressings; Material for stopping teeth, dental wax; Disinfectants.

CLASS 9

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; Apparatus for recording, transmission or reproduction of sound or images; Magnetic data carriers, recording discs; Compact discs, DVDs and other digital recording media; Mechanisms for coin-operated apparatus; Cash registers, calculating machines, data processing equipment, computers; Computer software; Fire-extinguishing apparatus.

CLASS 10

Surgical, medical, dental and veterinary apparatus and instruments; Artificial limbs, eyes and teeth; Orthopaedic articles; Suture materials; Therapeutic and assistive devices adapted for the disabled; Massage apparatus; Apparatus, devices and articles for nursing infants; Sexual activity apparatus, devices and articles.

CLASS 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes.

CLASS 35

Negotiation of business contracts for others and consultation thereof; business intermediary services for contract relating to installation of telecommunications equipment; business administration in the field of telecommunications equipment installation regarding location planning for installation of telecommunications equipment and consultancy relating thereto; placement of staff; providing information related to business; business consultation; planning, operation and organization of product exhibitions and trade fairs; business management through operations of computer systems and communication network systems, and providing consultation and information thereof; business management analysis or business consultancy in the field of information security management; providing advice and consultancy on business in the field of information technology and cloud computing; compilation and systemization of information into computer databases; database management; management of files in which business information and data are recorded; analysis of business data; data processing; providing an online marketplace for buyers and sellers of goods and services; providing an online marketplace for buyers and sellers of goods and services in the field of information technology and telecommunications; providing an online marketplace for buyers and sellers of services in the field of computer program licensing; business intermediary services for contracts relating to rental of telephones, facsimiles and other communication devices; business intermediary services for contracts relating to rental of mobile communication facilities; administration of incentive award programs to promote the sale of the goods and services of others; cost analysis; customer service management for others; evaluation of personnel requirements; management of telephone call centers for others; personnel management; provision of business information in relation to telecommunications; stock management services; arranging subscriptions to telecommunication services for others; computerized on-line ordering services relating to a wide variety of consumer goods and audio, video, text and other multimedia content; computerized on-line ordering services relating to a wide variety of consumer services, namely, ordering of audio and video on demand transmissions, streaming audio and visual content, transmissions of text, images, and sound through portable electronic devices; customer relationship management; business file management; computer data processing; advertising in the fields of information technology and telecommunications; business management,

organization and administration in the fields of information technology and telecommunications; office functions in the fields of information technology and telecommunications; conducting and arranging trade show exhibitions in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); computerized on-line ordering services for others featuring developer tools and cloud computing software and services; business accounts management; arranging subscriptions to Internet services for others; arranging subscriptions to online software for others; subscription management services as a subscription agent between software publishers and customers; sales promotion services; marketing the goods and services of others; business referrals services; providing an online market place for buyers and sellers of computer programs and application software; management of electronic data.

CLASS 36

Payment and insurance services; brokerage for hire-purchase; land and building management [real estate services] for radio base station construction projects; financial transaction services, namely, providing secure commercial transactions and payment options; payment services provided through electronic communications networks; financial and monetary services.

CLASS 37

Installation, maintenance and repair of telecommunication machines and apparatus; installation, repair and maintenance of computer hardware for telecommunication systems; supervision of installation of telecommunication machines and apparatus; supervision of installation of computer hardware for telecommunication systems; construction supervision; consultancy relating to the installation of telecommunications equipment; consultancy relating to the installation of telecommunication machines and apparatus; electrical installation services; telecommunication wiring; providing construction information; building construction supervision; building and construction services; maintenance of data communication networks for others.

CLASS 38

Rental of telecommunication lines; telecommunications; broadcasting services; streaming of data; rental of telephones, facsimiles and other telecommunication devices; providing access to telecommunication networks, and advice thereon; providing user access to computer networks; providing access to databases; telephone communications; Internet service provider services; rental of mobile communication facilities; consultancy services in the field of communications; wireless communication services; leasing of virtually allocated wireless telecommunication area network; call centre services [electronic call diversion and messaging]; rental of telecommunication apparatus and equipment, including telephones and facsimile apparatus; streaming of software applications; streaming of audio and video material on the Internet; video-on-demand transmission; providing user access to computer software in data networks; providing access to remotely hosted operating systems and computer applications through the internet; providing access to cloud based computing resources and storage; providing virtual private network (VPN) services.

CLASS 39

Transport; delivering services; storage services; warehousing services; rental of warehouses; delivery and freight brokerage of wireless telecommunication construction apparatus or materials; transport information, advice and reservation services.

CLASS 41

Educational and training services; online education relating to wireless telecommunication technology, traffic capacity planning, analysis, operating and maintenance, network design, base station configuration plan, radio optimization, base station construction planning and assets management; online publication of electronic books and journals relating to wireless telecommunication technology; providing online non-downloadable videos for educational purposes in the field of wireless telecommunication; entertainment; sporting and cultural activities; education services, namely, conducting seminars, classes, workshops and conferences in the fields of technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); providing online computer games.

CLASS 42

Providing non-downloadable computer software for information technology and telecommunications; providing platform as a service (PaaS) for information technology and telecommunications; providing platform as a service (PaaS) for mobile communications service businesses; providing software as a service (SaaS) for information technology and telecommunications; providing software as a service (SaaS) for mobile communications services; providing online non-downloadable computer programs by application service provider for information technology and telecommunications; providing temporary use of non-downloadable computer software; rental of computers; rental of servers; rental of memory space on servers; rental of memory space on servers on websites for saving computer data; rental of memory space on servers for electronic data storage; hosting platforms on the Internet or other telecommunications network; hosting memory space on the Internet through cloud computing; hosting digital contents on the Internet; hosting computer databases; hosting servers; hosting computerized data, files, and applications; providing software platform as a service (PaaS); cloud computing; providing consultation on network security for telecommunications via the Internet, mobile telephones, or other means of communications; providing consultation or diagnosis on security technology measures for telecommunication network system; software as a service [SaaS]; technical design, planning and development of telecommunications systems, and providing consultation or information thereon; providing technical research, technical analysis or technical consultancy services relating to telecommunications systems; providing online non-downloadable computer programs through application service provider; designing and development of computer software; configuration and maintenance of computer software; data migration services; technical data analysis; computer security threat analysis for protecting data; computer programming and computer system analysis; professional computer services, namely, network analysis, LAN/WAN design, wireless engineering, virtualization and computer project management; electronic data backups; recovery of computer data; remote computer backup service; data encryption and decoding services; electronic data storage services; troubleshooting of computer software

problems being technical support; development and maintenance of computer system; consulting services in the field of cloud computing; consulting in the field of cloud computing networks and applications; monitoring of computer systems and databases for security purposes; computerized security services, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity; platform as a service [PaaS]; design and development of computer networks for others; providing diagnosis or consultation on security measures for computer network systems; consultancy and information services relating to development, design, creation or maintenance of computer systems; design, creation and maintenance of computer program; analysis of technical industrial data; hosting web sites; application service provider featuring providing software; providing computer programs designed to the specifications of others; providing computer programs on data networks; configuration, installation, expansion and addition of functions of computer network systems; monitoring, investigation, analysis and consulting for faults in computer network system; technical support, namely, troubleshooting of computer systems, computer application software, computer network system and computer software; providing online non-downloadable computer programs for the operation and management of computer network systems; technical advice and consultancy in the design and development of computer hardware and software for management and operation of computer network; computer aided electronic storage of data; data mining, technological analysis and storage of big data; computer programming services for the processing of big data, data logs or electronic data; design, development and maintenance of computer software for internet platform; hosting platforms on the Internet or other communication network; technological services and research and design relating thereto; design and development of computer hardware and software; computer services, namely, cloud computing, computer design and development, computer engineering, computer programming, computer and technology services for securing computer data, computer database design and development, computer disaster recovering planning, computer security consultancy, computer software support services, computer software updating and upgrading, computer system integration services, computer systems analysis, configuration of computer networks, hosting computer sites [websites], installation of computer programs and remote computer backup services; cloud hosting of electronic databases and virtual computing environments; providing virtual computer systems and virtual computer environments through cloud computing; consulting and providing information in the fields of information technology, cloud computing, software, software as a service (SaaS), artificial intelligence, software development, game development, data storage, data warehousing, data archiving, data and information security, computer networking, mobile computing, and the Internet of Things (IoT); planning, design and implementation of computer technologies for others; computer security services, namely, enforcing, restricting and controlling access privileges of users of computing and network resources based on assigned credentials; providing search engines for obtaining data via communications networks; computer services, namely, providing virtual data storage and caching to others; hosting an online community website featuring shared communications between community members interested in technology, cloud computing, web services, software, software as a service (SaaS), artificial intelligence, software development, game development, databases, data processing and analytics, data storage, data warehousing, data archiving, data and information security, networking, mobile computing, and the Internet of Things (IoT); computer

security services for protection against illegal network access, namely, electronically monitoring, detecting and reporting on suspicious and abnormal patterns of computer network access or activity; computer security services, namely, providing user authentication services for accessing a secure virtual computing environment.
