General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

National Trade Mark No: 40202320505R

Filing Date: 14 September 2023

Classes: 01 04 37 40 42

Goods and/or Services:

Class 01

Chemicals used in industry, agriculture, horticulture, forestry and aquaculture; manures and fertilisers; unprocessed plastics in all forms; Adhesives for use in industry; petrochemicals and their derivatives [chemicals]; polymers and chemical additives to polymers; unprocessed artificial and synthetic resins; drilling muds and chemical additives for drilling muds; chemical solvents; Lithium; Sodium; Hydrocarbons; Hydrogen; natural gas derivatives [chemicals]; Methane; Detergents for industrial use; Degreasing preparations for use in manufacturing processes; Chemical condensation preparations; dispersants of petroleum products; chemicals products for the absorption or the removal of all petroleum products; chemical fluids and release agents; chemicals used for petroleum refining; chemicals products for the treatment, purification and decontamination of gases; urea; products derived from urea and ammonia [chemicals products]; chemical products for water treatment; Chemical additives for use in industry; chemical additives for carburant, lubricants, fuels, bitumen and other petroleum products; chemical additives for insecticides, herbicides and fungicides; antifreeze and de-frosting agents; coolant; hydraulic fluids and transmission fluids; brake liquids.

Class 04

Petroleum (crude or refined); electrical energy in all forms; Fuels; Biofuels; carburants and biocarburants; Fuel oil; natural gas and petroleum gases in all forms;

lubricants, industrial oils and greases; base oils; petroleum additives used in industry; non-chemical additives for carburant, lubricants, fuels, bitumen emulsions for fuel, briquettes for bitumen and other petroleum products; non-chemical additives for oils and fuels used in insecticides, herbicides and fungicides; petroleum solvents [petroleum by-products].

Class 37

Operation of oil and gas fields [mining, extraction, oil and gas drilling]; construction of structures for the production, storage and transportation of crude oil and gas; Drilling of wells; Extraction of oil; Oil pipeline construction; Oil pumping; natural resources extraction services; refuelling and fuelling services; vehicle service stations; maintenance, washing and repair of vehicles and vehicle parts; vehicle oil change services; assistance in case of vehicle breakdown (repair); greasing, lubrication and engine tuning; inflation, repair and fitting of tyres; road construction, maintenance and upkeep [repair] services; commissioning [installation], maintenance, troubleshooting [repair], repair of apparatus and installation for production, distribution and storage of energies; construction, maintenance and upkeep [servicing] of refineries and structures for the production, distribution and storage of petroleum, gas and chemical products; rental of rigs and drilling equipment; construction, installation and maintenance of pipelines, oil and gas pipelines; Recharging of batteries; recharging of electric vehicles; installation, repair and maintenance of installations for supplying power to and recharging batteries and vehicles; Installation of telephone equipment; installation and maintenance of home automation systems in the field of energy.

Class 40

Treatment of materials; material processing; refinery services; Petrochemical refining services; processing of refinery products; processing of oil and gas; production of all forms of energies; transformation and treatment of all materials for energies

production; processing services of natural elements (sun, water, wind) into energy; treatment, recycling and disposal [treatment] of waste and organic matter; refining; purification, decontamination and depollution [treatment] services for air, water and soil; decontamination and treatment of waste materials for industrial installations, industrial sites, machinery, equipment and apparatus used in the field of energy production; technical information and advice to others relating to energy production; rental of apparatus and installations for generating energy in all forms and providing of information relating thereto; rental of chemical treatment apparatus and installations and provision of information relating thereto; Mixing lubricants for third parties.

Class 42

Scientific, technological and research services relating to health and safety procedures and processes in the field of oil and gas; development of health and safety procedures and processes in the field of oil and gas for the purposes of quality control; Industrial analysis and research services; Engineering services; research, prospection and exploration services for the oil, gas and mining industries; Oil-well testing; commissioning [testing and inspection], technical studies and analysis of oil, gas and mining deposits; scientific, technological and technical assistance (engineering) in the field of energies; Design and development of energy distribution networks; architectural services and drawing up plans for the construction of installations in energy field and refining; technical consultancy and technical project studies relating to the production and distribution of energies; technical project studies, research and development in the field of energy and petroleum, gas and chemical products; research in the field of environmental protection, waste treatment and sustainable development; industrial analysis and diagnostic testing services in the field of energies; analytical laboratory and diagnostic testing services for petroleum, gas and chemical products; audit and scientific expertise services relating to energy and energy consumption; control and audits of safety and quality; Quality

control; quality audits; product safety testing; technical inspection and appraisals (engineering services) of installations operating with the aid of energy of all kinds; technical inspections of vehicles; remote meter reading of energy consumption for energy efficiency purposes; design and analysis of computer systems; application service provider [ASP].

network featuring or linking to digital or physical lighting apparatus for vehicles; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical parts and fittings for vehicles; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical seat covers for vehicles; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical vehicle HVAC systems; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical vehicle parking and storage; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical vehicle seats for children, vehicle tyres; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical vehicles wheels and rims, vehicles and bicycles; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting

interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical heating; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical ventilating and air conditioning and purification equipment; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical lighting and lighting reflectors; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical navigation devices, optical devices; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical enhancers and correctors; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical safety, security, protection and signaling devices; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain

network featuring or linking to digital or physical hand operated tools and implements; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical lifting tools, moving and handling equipment; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical protective and safety equipment; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical refrigerating and freezing equipment; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical, time instruments; providing non-downloadable software for electronically trading, storing, sending, receiving, accepting and transmitting interactive media, video clips, photography, music, data, visual effects, virtual goods, digital collectibles, crypto-collectibles and non-fungible tokens on a blockchain network featuring or linking to digital or physical, digital animated and non-animated designs and characters, avatars, digital overlays, skins; creation of computer programs featuring blockchain-based virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; creation of computer programs featuring blockchain-based virtual goods, namely animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers, clothing,

footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment for use in online virtual worlds; creation of computer programs featuring blockchain-based virtual goods, namely furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, cleaning and fragrancings preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines for use in online virtual worlds; creation of computer programs featuring blockchain-based virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment for use in online virtual worlds; creation of computer programs featuring blockchain-based virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, audio/visual and photographic devices, audio devices, film and video devices for use in online virtual worlds; creation of computer programs featuring blockchain-based virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, seat covers for vehicles, vehicle HVAC systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, virtual vehicles and bicycles for use in online virtual worlds; creation of computer programs featuring blockchain-based virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, hand operated tools and implements, lifting tools, moving and handling equipment,

protective and safety equipment, refrigerating and freezing equipment, and time instruments for use in online virtual worlds; creation of computer programs featuring blockchain-based virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring collectible goods, images, audio, videos, and digital art for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely cleaning and fragrancings preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care

preparations, sweeping, cleaning, washing and laundering machines, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely audio/visual and photographic devices, audio devices, film and video devices, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, for use in online virtual worlds; provision of online non-downloadable computer software for generating and

displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely parts and fittings for vehicles, seat covers for vehicles, vehicle HVAC systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, vehicles and bicycles, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments, for use in online virtual worlds; provision of online non-downloadable computer software for generating and displaying digital tokens, namely blockchain-based non-fungible tokens for data storage and security, to represent collectible items and featuring virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards, for use in online virtual worlds; platform as a service (PaaS) featuring computer software platforms for providing access to crypto-collectibles, crypto-art and application tokens; platform as a service services featuring computer software platforms for downloading software, data, and image files from the Internet; platform as a service featuring computer software platforms for downloading software, data, and image files from users in the marketplace of the software owner; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens

and collectible items, and featuring collectible goods, collectible images, audio, videos and digital art for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body cleaning and beauty care preparations, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely cleaning and fragrancings preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, for use in online virtual worlds; providing an

online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely audio/visual and photographic devices, audio devices, film and video devices, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely parts and fittings for vehicles, seat covers for vehicles, vehicle HVAC systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, vehicles and bicycles, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and

featuring virtual goods, namely heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments, for use in online virtual worlds; providing an online digital asset platform for digital tokens, namely an online platform for the data storage, the security and the representation of blockchain-based non-fungible tokens and collectible items, and featuring virtual goods, namely digital animated and non-animated designs and characters, avatars, digital overlays, skins, art, trading cards, for use in online virtual worlds; providing an online digital asset platform to view, store, transmit, send, accept, compile, exchange, swap and track non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; software as a service (SaaS) and platform as a service (PaaS) featuring software platforms for providing access to non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; software as a service and platform as a service featuring software platforms for downloading non-fungible tokens, virtual goods, digital assets, digital items, digital art and digital collectibles for use in online virtual worlds; authentication in the field of crypto-collectibles and animal furs, blankets, carpets, rugs and mats, goods made of textiles and fibers, mats and carpets, textile goods, luggage, bags, wallets and other carriers, clothing, footwear, headwear, glasses, sunglasses and contact lenses, jewelry, key rings and key chains and charms therefor, smartwatches, sporting articles and equipment; authentication in the field of crypto-collectibles and furniture and furnishings, tableware, cookware and containers, paper and plastic boxes, paper products, stationery, writing implements, body

cleaning and beauty care preparations, cleaning and fragrancings preparations, household utensils for cleaning, material treatment, room fragrances, skin, eye and nail care preparations, sweeping, cleaning, washing and laundering machines; authentication in the field of crypto-collectibles and apparatus and instruments for accumulating and storing electricity, engines, powertrains, and machine parts, and controls for the operation of machines and engines, computer accessories, digital projectors, display devices, television receivers, peripherals adapted for use with computers and other smart devices, and point-to-point communication equipment; authentication in the field of crypto-collectibles and articles for use with tobacco, chocolates, candies, drinks (non-alcoholic), cases for mobile phones, tins of metal, toys, games, playthings and novelties, umbrellas and parasols, audio/visual and photographic devices, audio devices, film and video devices; authentication in the field of crypto-collectibles and covers for vehicles, fragrances for automobiles, heaters for vehicles, land vehicles and their parts and accessories and conveyances, lighting apparatus for vehicles, parts and fittings for vehicles, seat covers for vehicles, vehicle HVAC systems, vehicle parking and storage, vehicle seats for children, vehicle tyres, vehicles wheels and rims, virtual vehicles and bicycles; authentication in the field of crypto-collectibles and heating, ventilating and air conditioning and purification equipment, lighting and lighting reflectors, navigation devices, optical devices, enhancers and correctors, safety, security, protection and signaling devices, hand operated tools and implements, lifting tools, moving and handling equipment, protective and safety equipment, refrigerating and freezing equipment, and time instruments; providing user authentication services using blockchain-based software technology; providing temporary use of online non-downloadable software programs for product and document authentication and tracking, and brand monitoring and protection, for protecting against counterfeiting, tampering, and diversion, and for ensuring the integrity of genuine products and documents; authentication and certification services of blockchain-based non-fungible tokens for use in online virtual worlds.
