General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Metal locks, metal locksets, metal cabinet pulls, metal cabinet knobs, metal hinges, metal fasteners in the nature of nuts, bolts, screws, and washers, and metal hooks; Metal goods, namely, metal clamps, metal attachments for fastening telecommunications cables, metal rods for grounding telecommunications systems, metal hooks, metal straps for fastening telecommunications cables, wire rope, binding screws of metal for cables, metal cable clips, uninsulated, non-electric wire; Metal hardware for doors, namely, special use locks, cylindrical, mortise and tubular locksets, cylindrical, mortise and tubular lever sets, flush lever bolts, surface bolts, chain door guards, hinges, metal key holders, showcase locks, magnetic and non-magnetic cabinet catches, spring hinges, door holders, sash hardware, namely, fasteners, lifts and locks, door knob sets, speak hole covers, door silencers, touch latches, butt hinges, slide latches, gate latches, parallel arm brackets, locks for glass doors, threaded finger pulls, flush ring pulls, drawer lock disc tumblers, cabinet drawer locks, pin tumblers, padlocks, cylinder padlocks, zip locks, combination padlocks, locks and lock assemblies, roll-down doors, sliding gates and doors, clamps, flanges, night latches, deadlocks, deadbolts, door chains and bolts, post hangers, transom chains, folding shelf brackets, cable bike lock-keys, roller cabinet locks, spring butt hinges, automatic hinges, spring bolts and latches, foot bolts and latches, detachable screen door spring hinges, slip-over entrance handle locks, spring neck bolts, template strikes, latches, ball bearing butt hinges, cam locks, travel locks, barrel bolts, safety hasps with self-locking staple, hinge assemblies, door strikes, throw latches metal mounting cases, pins and pinning kits, top and bottom pivot hinges, roses, springs, spindles, shims, strikes, slide latches, door latches, end flanges, end posts, center posts, push and pull door plates, door knockers, night latches, jimmy-proof locks, lock cylinders, lock chassis; knob catches, padlock chains, cylinders, metal keys, mechanical door coordinators comprising door

closers, door stops and door releases all of metal; door closer rods and shoes, links, manually operated valves, pinions, washers, seals, spacer blocks, covers and arms, mechanical door controls, door holders, door holder-release-stops, door pulls, door pushes, non-electrical metal panic exit door handles, panic exit bolts for doors, mullions and mullion stabilizers; panic door hardware, namely, metal crash bars sold in the building and contracting trades for use on safety doors in public buildings and the like; fire and smoke door and window controls and other door and window control devices, namely, metal door closers, metal exit devices for closure of secured doors in emergency situations, steel security doors; commercial and industrial metal doors, door frames, and architectural entrance systems, namely, comprised of doors and frames made of metal and related metal hardware.

Class 09

Electrical wires and cables, electrical connectors, electrical interconnects, electrical control panels, electrical cable patch cords; structured telecommunication cable; electric wiring cabinets, and electric cable and wire racks; Security electronics equipment, namely, cameras, LCD monitors, video recorders, lenses for camera, camera mounts, and power supplies; Power distribution solutions in the nature of electrical power distribution units; Coaxial connectors, cables and jumpers for use in radio frequency, wireless, broadcast, and audio/video applications; cable modem kits comprised of one or more of a coaxial jumper cable, an Ethernet cable, a power adapter, a category 5e patch cord, a Universal Serial Bus (USB) cable, an audio/video cable, a signal splitter, and a modem; cable test kits comprised of pocket toner and adapter cables for testing cable assemblies; metal connector panels in the nature of panels with various connectors for use with headend equipment racks and audio/visual component racks for connecting CATV (cable television) equipment; fiber cable assemblies; communications cable assemblies; High definition amplifiers; high definition matrix switches, extenders, connectors and adaptors; wireless transmitters and receivers; Ethernet-based video and audio distribution systems,

namely, proprietary hardware and software that provides for universal connectivity and communications between devices using non-proprietary communication methods; downloadable software enabling the communication to a remote user for control of audio and visual systems, downloadable software for monitoring audio and visual communication devices on the network, electronic computing devices for the processing of soft codec video conference calls, providing wireless connectivity, and providing remote monitoring software for supporting AV, IT and IP systems; Software for inventory management.

Class 35

Distributorship services in the field of electrical, communications, industrial, general maintenance, repair, operations, and original equipment manufacturer's products not for use in the aeronautical or aircraft industry, inventory management services, and on-line ordering services; procurement services in the nature of purchasing products for others excluding such services for the aeronautical and aircraft industry;

Wholesale distributorship of electrical apparatus and supplies, personal protective equipment and first aid products; Wholesale distributorship of electrical apparatus and supplies, personal protective equipment and first aid products, broadband, broadcast and communications equipment, wire, cable, and network connectivity, devices for home and commercial security devices, fire alert products, access control products, and close circuit television systems; Distributorship services in the electronic goods and components field; Providing office support staff services in the areas of AV (audio-visual), IT, and IP (internet protocol) services; distributorship services in the field of wiring systems products for the transmission of voice, video, data and power applications including electrical and electronic cable, data networking products comprising concentrators, hubs, access units, adapters, ethernet repeaters, token ring, FDDI, bridges, ethernet cards, token ring cards, arcnet cards, transceivers, transceiver cable, servers, multiplexers, modems, sharing devices, switches, converters, software, and bar code systems including data

collection, portable data terminals, radio data networks and verifiers, structured wiring systems, structured wiring components, video network systems, tools and test equipment used in the installation of wiring system products, distribution electronics equipment comprising amplifiers, headend electronics equipment comprising signal processors, signal modulators and satellite receivers, hardware and test equipment used in the installation of distribution electronics equipment and headend electronics equipment, industrial video and broadband local area networks comprising satellite receivers, television modulators, signal processors, combining networks, headend stereo encoders, broadband antennas, broadband CATV distribution electronics, broadband coaxial cable, connectors and heatshrink products, drop and installation materials, aerial construction headware, tools and safety equipment, CATV fiber optic system products, and in the field of electrical wire and cable comprising power and control cables, construction and building wire and cable, control instrumentation thermocouple wire and cable, high temperature wire and cable, armored power and control cable electronic and computer wire and cable, coaxial cable, telephone wire and cable, military wire and cable, shipboard cable and fiber optic cable.

Class 37

Technical support in the nature of troubleshooting of problems related to computer hardware; Technical support services in the nature of repair of computer hardware problems in the areas of AV, IT, and IP systems; Installation, maintenance and repair services in the field of security hardware; Power distribution solutions in the nature of consulting on the installation, repair, and maintenance of power distribution machines and apparatus.

Class 38

Technical consultation in the field of electronic transmission of information relating to grid networks, smart energy grid networks, broadband networks and broadband communications; online business communications portal that permits electronic

communications between contractors and security integrators, in-building wireless contractors, electrical contractors, and industrial ethernet contractors and network integrators.

Class 39

Supply chain logistics, namely, the selection of, packing of, transportation of, and delivery of products.

Class 42

Customer support services in the field of data networks which include infrastructure and components linking computers and other data equipment, computer network performance analysis services, design of computer network configurations, computer burn-in and testing services, computer network design services, advisory services concerning computer equipment selection, maintenance of computer software, and computer trouble shooting for others, namely, providing solutions to computer network problems and installations; Technical support services, namely, remote and on-site infrastructure management services for monitoring, administration and management of security and data centers for improvement and upgrade recommendations; Technical support in the nature of troubleshooting of computer software problems related to broadband networks and broadband communications; Technical support services in the nature of repair of computer software problems in the areas of AV, IT, and IP systems; providing an on-line computer web site that provides account management.
