General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at https://www.ipos.gov.sg. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

Motors and engines (other than for land vehicles); machine couplings and transmission components (other than for land vehicles); agricultural implements other than hand-operated; incubators for eggs; automatic distribution machines; machine tools; engines and motors, couplings and transmission belts, transmissions, hydraulic couplers, torque converters, clutches and flywheels, all other than for land vehicles; machine tools; retarders and brakes of all kinds for machines, their command or control parts and devices, especially mechanical, hydraulic, pneumatic, electrical, electrostatic, electromagnetic; alternators; starters for motors and engines; dynamos; igniting devices for internal combustion engines; spark plugs; glow plugs for diesel engines; anti-friction linings and friction linings for machines or motors; carbon brushes, particularly for alternators, electric motors or dynamos; fans for motors and engines; hydraulic actuators for clutch controls other than for land vehicles; electric motors other than for land vehicles; hydraulic or pneumatic control devices for apparatus for heating, refrigeration, aeration, ventilation, conditioning, air-conditioning, defogging for vehicles; turbines other than for land vehicles; hydraulic or pneumatic controls for hydraulic clutches other than for land vehicles; hydraulic or pneumatic control units for engines; clutch mechanisms other than for land vehicles; friction discs other than for land vehicles; clutch release bearings other than for land vehicles; hydraulic clutch controls other than for land vehicles; electric clutch mechanisms other than for land vehicles; hydraulic actuators for clutch control other than for land vehicles; torque converters (other than for land vehicles); electric generators; aeronautical engines; compressed air engines; filters for cleaning cooling air, for motors and engines; oil filters, gasoline filters; shock absorber pistons (parts of machines); anti-pollution devices for motors and engines; vacuum cleaners; vacuum cleaner accessories for disseminating perfumes and disinfectants; gearboxes other than for land vehicles; fuel economizers for motors and engines;

cartridges for filtering machines; clack valves [parts of machines]; control cables for machines, engines or motors; control devices for machines, engines or motors; hydraulic controls for machines, motors and engines; pneumatic controls for machines, motors and engines; fuel conversion apparatus for internal combustion engines; fan belts for motors and engines; belts for motors and engines; jacks; cylinder heads for engines; cylinders for motors and engines; pistons for cylinders; starters for motors and engines; water separators; heat exchangers (parts of machines); silencers for motors and engines; injectors for engines; gaskets (parts of engines); washing apparatus; washing installations for vehicles; lifting apparatus; machinery gears; pistons (parts of machines, motors or engines); air pumps (garage installations); pressure valves (parts of machines); propulsion mechanisms other than for land vehicles; cooling radiators for motors and engines; turbochargers; brake shoes, brake pads and segments and brake discs, other than for vehicles; filters (engine parts); gasoline pumps for service stations; shoes, shoe plates, clamps, washers, sectors, discs, belts, furrings, rollers, made of or coated with friction or anti-friction bodies, all being parts of machines; valves (parts of machines); control modules for electric motors; belt speed drives; exhausts, electric motors; motor reducers; radiators for cooling vehicle engines; accessories for vehicle equipment or decoration, namely, exhausts for vehicle engines and starters therefor; carburetor feeders; air suction machines; carburetors; air condensers; catalytic converters; engines for air cushion vehicles; Hydraulic motors; robots for industrial use; mufflers for engines; ethanol engines and motors; endless electric field engines and motors; ion engines; noble gas engines; compressed air propulsion engines; graphene-fueled battery engines; fuel cell electric engines; equipment for eliminating pollutant gases for vehicles, namely, machines filtering air disseminated in the passenger compartment, cartridges for filtering machines, valves (parts of machines), exhaust gas recycling valves (engine parts), valves for exhaust gas recycling (engine parts); exhaust gas recirculation devices for reducing the emission of polluting gases and in particular exhaust gases and nitrogen oxide emissions, exhaust gas recirculation

[EGR] valves for motors and engines; electric door closers; ignition distributors for internal combustion engines; machines, namely, electric cleaning machines and apparatus, shaft couplings [machines], machines for honing, machines for sharpening, agricultural machines, sizing machines, diggers [machines], suction machines for industrial use, air suction machines, bicycle assembly machines; machines, namely, color-washing machines, boat machines, beating machines, butter machines, bitumen making machines, woodworking machines, bottle stoppering machines, brewing machines, cigarette machines for industrial use, sludge collectors [machines], compressed air machines, crushing machines; machines, namely, racket stringing machines, cord making machine, sewing machines, typecasting machines, bread cutting machines, shredders [machines] for industrial use, lace making machines, mechanized livestock feeders, drainage machines, mineral water making machines, electromechanical machines for the chemical industry; machines, namely, machines for the textile industry, dairy machines, laundry washing machines, dishwashing machines, leather working machines, electric kitchen machines, automatic handling machines [manipulators], metalworking machines, metal-shaping machines, grinding machines, milling machines, chiseling machines, driving motors other than for land vehicles; machines, namely, electric cleaning machines and apparatus, hemming machines, papermaking machines, pasta making machines, painting machines, photocomposing machines, stone working machines, electric polishing machines and apparatus, pumps [machines], rail-laying machines, pulverisers [machines], oil refining machines; machines, namely, grating machines for vegetables, blade sharpening [stropping] machines, mending [darning] machines, darning machines, road making machines, weeding machines, satinizing machines, electric welding machines, blowing machines, filling machines, stereotype machines, sieving machines, dyeing machines; machines, namely, stamping machines, clippers [machines], machines for processing plastics, earth moving machines, braiding machines, sorting machines for industry, steam machines, glass working machines,

railroad constructing machines; electromechanical actuators, especially for locking doors, adjusting the position of seats, rear-view mirrors and the direction of headlights, for controlling sunroofs, window mechanism regulators; automatic opening and closing systems for vehicle doors, trunks, hoods and roofs; ignition coils; ignition distributors for internal combustion engines; shutters for regulating air intake for radiators for cooling vehicle engines; air pumps; machines, namely, three-dimensional printers; printing machines for commercial or industrial use; computer-controlled machines for making three-dimensional representations of computer-generated models; 3D printers; silencers for engines; fuel economizers and atomizers for industrial use other than hand-operated; non-electric couplers [parts of machines]; fly wheels; flywheels with torsional damper.

Class 09

Scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, checking (supervision), emergency (life-saving) and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity; apparatus for sound or image recording, transmission and reproduction; magnetic recording media, sound recording disks; compact disks, DVDs and other digital recording media; mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment, computers; software; fire extinguishers; image analysis software, obstacle detection software for autonomous vehicles, software for autonomous-driving vehicles, sensory sensor; lane departure warning systems, stereoscopic cameras, all these goods being intended for automated or semi-automated driving; on-board electronic systems in land vehicles for autonomous driving and parking; integrated electronic hazard and collision avoidance systems for automobiles; pattern recognition software; artificial intelligence software; computer hardware for data processing; odometric sensors for vehicle, namely, sensors to determine the distance traveled by a vehicle; multidirectional rotary sensor; 3D

mapping system; inertial measurement apparatus; warning triangles for vehicles; digital sensors; cameras; radars; static magnetometer; automated electronic brake controllers for vehicles; automated electronic steering device; remote detectors; ultrasonic rangefinders; rotary encoder; speedometers; sonars; lidars (laser detectors of obstacles); GPS apparatus; software for connecting the driver and passengers of vehicles to a global computer network; diagnostic apparatus for use in vehicle repair and software for vehicle diagnostic apparatus; electronic equipment used for assistance in driving, navigation, active safety, evasive maneuvers, emergency braking of land vehicles, namely, laser scanner for detecting static and/or moving obstacles; Electric and electronic equipment for driving assistance, navigation, dynamic security for land vehicles, namely electronic control apparatus for motor functions, brakes and navigation for land vehicles in automated, semi-automated and manual operation mode; electric, electronic or optical equipment for driving assistance, navigation, dynamic security for land vehicles, namely, dashboard cameras, dashboard navigation device holders, dashboard touchscreens for vehicles, dashboard digital screens for vehicles, touchscreens placed on steering wheels for land vehicles; electric, electronic or optical equipment for driving assistance, navigation, dynamic security for land vehicles, namely motion detection apparatus and cameras for land vehicle drivers; equipment for data processing and computers; software (recorded programs); computer peripheral devices; detectors; integrated circuit cards (smart cards); sensors for the assisted driving and navigation of land vehicles; on-board and ground diagnostic calculators; on-board diagnostic computer systems and remote query diagnostic computer systems; electric and electronic equipment for controlling, managing, regulating and checking air conditioning, ventilation, de-icing and heating apparatus for motor vehicles; systems for downloading software and updating software; systems for communication between vehicles and road infrastructure; alarms; fire extinguishers, protection devices for personal use against accidents; optical data media, magnetic data media; transmitting apparatus (telecommunication); electronic signal transmitters;

multimedia equipment for the provision of information and entertainment for passengers of a vehicle; optical signal transmitting electronic apparatus for land vehicles (alarms); software for database management in the medical and pharmaceutical fields; software for medical decision support systems; software for collecting and reporting data in the medical and pharmaceutical sector; software for searching data in the medical and pharmaceutical sector; software for processing market information in the medical and pharmaceutical sector; software for automating data archiving in the medical and pharmaceutical sector; software for creating databases of information in the medical and pharmaceutical sector; software interfaces in the medical and pharmaceutical sector; computer programs in the medical and pharmaceutical sector; application software for mobile phones in the automotive and transport sector; downloadable computer software applications; database management software in the medical and pharmaceutical sector; electronic keyless access and starting system for a vehicle; electronic system for automatic and remote starting of vehicle systems; electronic systems for wireless connection of electronic devices for land vehicles; electronic systems for wireless monitoring, regulating, control and connection between electronic apparatus and a land vehicle; electric and electronic locks; software for opening and closing doors, trunks, hoods and roofs of motor vehicles; data processing equipment for opening and closing doors, trunks, hoods and roofs of motor vehicles; communication system between a motor vehicle and a mobile telephone; software for communication between a motor vehicle and a mobile phone; application development software; data processing equipment for vehicle rental services; mobile telephones for vehicle rental services; electronic devices and software for vehicle rental services; data processing equipment for vehicle lending services; mobile telephones for vehicle lending services; electronic devices and software for vehicle lending services; data processing equipment for control from a vehicle and/or delivery of online commands to a vehicle; mobile telephones for control from a vehicle and/or delivery of online commands to a vehicle; electronic devices and software for control from a vehicle

and/or delivery of online commands to a vehicle; scientific, nautical, optical, measuring, signaling, position-indicating, detection, checking (supervision) and security apparatus and instruments; electric and electronic components, apparatus, instruments and equipment for headlights namely headlight controls, optical, electric and electronic wiring systems, including in pre-assembled form, particularly for vehicles and optical, electric and electronic wiring systems for transmission by multiplexing, coupling or other means of signals (sounds, images, data), including in pre-assembled form particularly for vehicles; electronic systems for the wireless connection of electronic devices; traditional semi-conductor fuse boxes, electric interconnection housings; on-board communication networks for vehicles, especially multiplexed, namely electric cables and optical fibers; electric, electronic or optical on-board equipment for vehicles, namely electric cables and optical fibers; cable connectors; coaxial connectors; electric connectors; electric, electronic or optical equipment, on board vehicles, including land vehicles, for steering, signaling, controlling, as well as processing of information and signals (sounds, images, data) related thereto; position, angle, torque and rotary speed sensors; light sensors, sensors for varying light intensity, sensors for dimming a light source; light detectors, detectors for varying light intensity, detectors for dimming a light source; transmitter/receivers of light sources, transmitter/receivers for varying light intensity, transmitter/receivers for dimming a light source; testing apparatus for light sources, testing apparatus for varying light intensity, apparatus for analyzing the variation of a light source; electronic devices for adjusting headlight beams; chopper circuits (current converters); supercapacitors; current rectifiers; diode bridges; electric accumulators; electric relays and commutators; printed circuits; electronic components; diodes and semiconductors; rectifiers, namely, diode bridges and exchangers for diodes and electronic modules; electromagnetic relays; measuring sensors; wiring harnesses; remote control systems; electronic key fobs being remote control apparatus; electric switches; electric switches; on-board computers for vehicles; navigation assistance devices comprising compact disk players or other

digital data media, liquid crystal display screens, microphones, keyboards, loudspeakers and headphones; electric switches-commutators; electronic control levers; electronic systems for communication between a motor vehicle and a fixed station; electronic cards; housings for electronic circuits; electronic rotating contacts; switches below steering wheels; flashing safety lights; electronic power supply devices for discharge lamps; data media, especially magnetic or optical media; integrated circuits; fiber-optic cables; coaxial cables; distance recording apparatus; information processing apparatus; readers (data processing equipment); spectacle lenses; power correcting lenses, spectacle lens filters; signaling system with light-emitting diodes, including high power diodes; scientific, nautical, photographic, cinematographic, optical, weighing, measuring, signaling, position-indicating, detection, checking (supervision), life-saving (rescue), and security apparatus and instruments; magnetic recording media, optical or sound recording disks; compact discs, DVDs and other digital recording media, equipment for data processing and computers; electric batteries; electric wires; electric relays; diagnostic apparatus not for medical use; integrated circuit cards (smart cards); electric and electronic apparatus, instruments, equipment for the driving assistance and navigation of land vehicles; optical, electric and electronic wiring systems for transmission by multiplexing, coupling or other means of signals (sounds, images, data), including in pre-assembled form particularly for vehicles; wireless monitoring, regulation, control and connection systems between electronic apparatus and a land vehicle; on-board communication networks for vehicles, microphones; earphones; electric terminals; electric connectors; electric and/or electronic controls for driving assistance, navigation of land vehicles; transponders; alarms, especially with ultrasound sensors; air analysis apparatus; starter cables for motors; fuses; mobile telephones; multimedia equipment for the provision of information and entertainment for passengers of a vehicle; electronic headlight inclination correctors for land motor vehicles; signaling lights indicators; electronic or digital position indicators for valves and faucets, and parts thereof; capacitors; batteries for vehicles; electric and

electronic apparatus, instruments and equipment for the driving assistance and navigation of land vehicles; on-board communication networks for vehicles; scientific, nautical, surveying, photographic, cinematographic, optical, weighing, measuring, signaling, position-indicating, detection, checking (supervision), life-saving (rescue), security and teaching apparatus and instruments; electric and electronic apparatus, instruments and material and equipment for vehicles, namely, electronic controls for windshield wipers, headlights, heating and air conditioning, seat adjustment, window regulators, sunroofs, radio and navigation, and cruise control; combined systems consisting of car radios, navigation apparatus and electronic air-conditioning management systems; optical readers; distance measuring apparatus; modems; monitors (computer hardware); satellite navigation apparatus; navigation apparatus for vehicles (on-board computers); computers; simulators for vehicle driving or control; electronic devices for regulating headlight beams; electronic controllers for lighting intensity, namely for brake lights for land motor vehicles; electronic pre-collision detection and collision avoidance systems; light variation sensors; equipment for communication via Internet link and for data display inside a vehicle; reception antennas, transmission antennas for sound, images and data; head-up display screens; electronic lateral trajectory monitoring systems for land motor vehicles; road-marking detection apparatus; apparatus and instruments for processing video images; electronic systems and instruments for the remote control of vehicles; electronic systems for blind spot monitoring and lane changing assistance; electronic management systems for lighting and signaling and cameras; lenses for sunglasses, polarizing lenses, tinted lenses, filtering lenses, colored lenses, light-sensitive lenses, light-adjusting lenses; computer software for controlling and monitoring optical and measuring apparatus and instruments; software for measuring and displaying optical parameters; optical measuring apparatus; eyewear; spectacles (optics); spectacle frames; circuit breakers; battery kill-switch (at rest and in the event of collision) for current cut-off; electronic battery management devices; traditional semi-conductor fuse boxes, electric interconnection housings; on-board

communication networks for vehicles, in particular multiplexed and in particular apparatus and instruments for mobile telephones known as hands-free kits with a microphone, headphones whether wired or wireless; liquid level sensors; oil level sensors; temperature sensors; rain sensors; dirt sensors; pressure sensors; presence detectors; motion and motion analysis detectors; electric or electronic regulators for alternators; electronic power equipment (current inverters and current converters); rectifiers, namely, diode bridges and exchangers for diodes and power modules; software download and software update systems; ignition switches; suppression capacitors; electric and/or electronic clutch controls; electric or electronic gearbox controls; electric control panels; navigation assistance devices comprising a compact disk player or other digital data carrier, a liquid crystal display screen, a microphone, a keyboard, loudspeakers, earphones; parking assistance and automated parking system, namely, parking assistance radars, vehicle reversing sensors, anti-collision and shock-prevention sensors for vehicles, electronic devices, lidars, video cameras, infrared sensors, sonars, anti-collision and shock-prevention radars for vehicles, ultrasound wave transceivers; obstacle detection device; automatic coin or token-operated apparatus, talking (dictation) machines, cash registers, calculating machines; electronic apparatus for engine thermoregulation; automatic steering apparatus for pumps and ventilation fans; speed checking apparatus for vehicles, speed governors [electronic] for machines, engines and motors; time recording apparatus; sound recording apparatus; kilometer recorders for vehicles; gasoline gauges; computer printers; fire alarms; slope indicators; electric loss indicators; pressure indicator plugs for valves; temperature indicators; speed indicators; barcode readers; electronic notice boards; taximeters; decelerometers; testing apparatus for checking the efficiency of vehicle braking devices; electronic controllers for lighting intensity, namely for brake lights for land motor vehicles; electronic control units for electric motors; systems for detecting, processing, signaling and following stationary and moving objects around a vehicle; electronic assistance system for parking, reverse gear and blind spot detection;

automatic and remote locking and unlocking system for vehicle apertures; remote control systems for vehicle heating or air conditioning by means of a badge, or combined with another apparatus such as a telephone, pocket computer, electronic agenda; electronic system for recovering certain vehicle data on a badge; electronic control monitors for electric motors; flat screens; compact disk players, including for video compact disks; digital compact disks, including video compact disks and other data media; head-up display screens and display devices; signaling light indicators; electronic control devices for torque converters for vehicles; electronic control devices for brakes and braking installations for vehicles; testing apparatus for checking the efficiency of vehicle braking devices; measuring, signaling, position indication, detection, checking (inspection), life-saving, security apparatus and instruments; electronic apparatus intended for vehicle driving assistance; electronic apparatus for vehicle parking assistance; electronic apparatus for detecting and warning of continuous or discontinuous line crossing for vehicles; electronic apparatus for detecting, recognizing and reading road traffic signs; electronic navigation apparatus for vehicles; GPS receivers, telephones; mobile telephones; remote control for vehicle heating or air conditioning by means of a badge, or in combination with another device such as a telephone, mobile telephone, pocket computer, electronic agenda; software for retrieving data recorded on a key fob or in combination with other apparatus such as a telephone, mobile phone, pocket computer, electronic agenda; electronic system for retrieving certain vehicle data on a key fob; equipment for communication via telephone link or the Internet and displaying of data on handset or other devices such as a telephone, mobile telephone, pocket computer, electronic agenda; video sensors, video cameras; apparatus and instruments for electrical and electronic communication and telecommunication; fixing brackets, power supply devices, electric connection devices, batteries, protective casings for mobile telephones, GPS receivers, video cameras; software for use in vehicle driving assistance; software for vehicle parking assistance; software for detecting and warning of continuous or discontinuous line

crossing for vehicles; software for the detection, recognition and reading of road traffic signs; software used for navigation for vehicles; telephones; software used for obstacle detection; software for communication between a motor vehicle and a fixed station; software for communication between a motor vehicle and a mobile telephone; software for the automatic and remote starting of vehicle components; software for the access and starting of a vehicle without a key; software for the automatic opening and closing of the doors, trunk, hood, roof of a vehicle; software for the remote control of vehicle heating or air conditioning by means of a badge, handset or other devices such as a telephone, mobile telephone, pocket computer, electronic agenda; software for recovering some vehicle data on the badge or in combination with other devices such as a telephone, mobile telephone, pocket computer, electronic agenda; voice recognition software, voice synthesis software; integrated systems consisting of car radios, navigation apparatus and electronic air-conditioning management systems; electronic anti-pinching systems for window-lift and sliding roofs; power electronics (current inverter and current variator); electrical and/or electronic power steering device; dashboard instruments, namely revolution counters; remote control systems for vehicle heating or air conditioning by means of a badge, or in combination with another device such as a telephone, pocket computer, electronic agenda; combined systems consisting of car radio, navigation apparatus and electronic air-conditioning management systems; battery current cut-off switches (at rest and in the event of collision); electronic battery control equipment; traditional semi-conductor fuse boxes, electric interconnection housings; signaling systems with light-emitting diodes, including high-power diodes; direct current converters (for transforming direct current voltage); rectifiers, in particular diode bridges, exchangers for diodes and power modules; software download and update systems; electronic devices for electric and/or electronic power steering; electronic devices for assisted suspension; capacitors for radio interference suppression; electric or electronic controls for gearboxes; dashboard instruments, namely revolution counters, speedometers, multi-function displays, liquid crystal displays, on-board vehicle

computers, navigation assistance devices comprising a compact disk player or other digital data media, a liquid crystal display screen, a microphone, a keyboard, loudspeakers, earphones; liquid crystal displays; electronic control levers; parking assistance systems, namely, parking assistance radars, vehicle reversing sensors, anti-collision and shock-prevention sensors for vehicles, electronic devices, lidars, video cameras, infrared sensors, anti-collision and shock-prevention radars for vehicles, ultrasound wave transceivers; electronic systems for parking assistance and self-parking; obstacle detection devices; systems for communication between a motor vehicle and a fixed station; intermittent light ignition modules (flashers), namely, flashing lights [luminous signals]; electronic thermoregulators for motors and engines; electronic pilot apparatus for the remote control of valves, pumps and fans; bar code readers; controllers for light intensity, especially for brake lights; systems for detecting, processing, signaling and following stationary and moving objects around a vehicle; built-in electronic driver assistance systems, namely electronic systems for parking, reversing and blind spot detection, and electronic automatic braking systems; electronic pre-collision detection and collision avoidance systems; automatic and remote locking and unlocking systems for vehicle apertures; electronic apparatus for automatic and remote starting of vehicle systems; electronic keyless access and starting systems for vehicles; automatic opening and closing systems for vehicle doors, trunks, hoods and roofs; remote control system for heating or air conditioning in vehicles by means of a fob, or in combination with other devices such as a telephone, pocket computer or electronic agenda; electronic systems for recovering some vehicle data on a fob; antennas for reception, antennas for transmission of images, sounds and data; electronic lateral trajectory correction devices in case of accidental deviation of a vehicle; vehicle teleguidance systems and instruments; electronic systems for blind spot monitoring and lane changing assistance systems; electronic management systems for lighting and signaling and cameras; dashboard instruments, namely, tachometers; electronic equipment and software for vehicle location services; downloadable software applications for

keyless vehicle access and start; downloadable software applications for automatically opening and closing vehicle doors, trunks, hoods, roofs; downloadable software applications for vehicle rental services; downloadable software applications for vehicle loan services; downloadable software applications for vehicle location services; downloadable software applications for activating and deactivating electronic apparatus and instruments installed on a vehicle; downloadable software applications for traffic condition and accident alerts; downloadable software applications for weather forecast warnings; downloadable software applications for the control from a vehicle and/or delivery to a vehicle of online orders; software for coordinating transportation services, namely software for automated control and dispatch of vehicles; on-board electronic modules for broadcasting, transmitting, receiving, processing, diagnosing, analyzing, correcting vehicle operating status information; embedded electronic module software for the broadcasting, transmission, reception, processing, diagnosis, analysis, correction of vehicle operating status information; electronic apparatus for locating, identification, monitoring, remote control of vehicles; software for collecting and providing information on parking spaces for vehicles; automatic driving systems for vehicles; downloadable software applications for vehicles; photovoltaic cells; lasers not for medical purposes; computer software and computer hardware, namely, sensors, wireless transceivers providing connectivity within the vehicle, between vehicles, with cell phones, and data centers, with touch, audio and visual interfaces enabling interaction with the driver and passengers of the vehicle; diagnostic apparatus incorporating sensors for testing vehicle operation and for diagnosing electric, electronic and mechanical vehicle problems, anti-theft warning apparatus; warning device for low pressure in vehicle tires; encoded key cards; cell and battery chargers; intercommunication apparatus; meteorological instruments; electronic devices for reading, transmitting and processing of traffic signs data; electronic devices for reading, transmitting and processing data emitted by a vehicle; solar panels for electricity production; vehicle driver facial recognition device; biometric vehicle driver

identification system; vehicle driver fingerprint identification apparatus; software intended for the detection of signs of vehicle driver fatigue; software for the detection of signs of vehicle driver inattention; vehicle passenger fingerprint identification apparatus; wire for aerials, namely connection cables; electromagnets, especially for carrying purposes; equipment for eliminating pollutant gases for vehicles, namely gas-testing apparatus; electronic controls for the driving assistance and navigation of land vehicles; electronic actuators for assisting in the driving, navigation of land vehicles; electro-mechanical actuators for driving assistance, navigation of land vehicles; electronic command or control elements and devices and control panel for vehicle heating, cooling, ventilation, conditioning, climate control, and demisting apparatus; testing apparatus for checking the efficiency of a vehicle braking device; decelerometers; air ozonizers; ozonizers (ozonators); electric control apparatus for cleaning and washing vehicle rear windows; electric control apparatus for cleaning and washing vehicle cameras; electrical control apparatus for cleaning and washing front and rear vehicle headlights; electric control apparatus for cleaning and washing vehicle windshields; charging stations for vehicles; organic LEDs; activation system for lighting, heating, cooling, drying, ventilating and water distribution apparatus triggered by electronic devices for reading, transmitting and processing traffic sign data; deactivation system for apparatus for lighting, heating, cooling, drying, ventilating, water supply triggered by electronic devices for reading, transmitting and processing data from signaling panels; dimmers for lighting, heating, cooling, drying, ventilating, water supply apparatus triggered by electronic devices for reading, transmitting and processing traffic sign data; activation system for lighting, heating, cooling, drying, ventilating and water distribution apparatus triggered by electronic devices for reading, transmitting and processing data emitted by a vehicle; deactivation system for apparatus for lighting, heating, cooling, drying, ventilating, water supply triggered by electronic devices for reading, transmitting and processing data emitted by a vehicle; dimmers for lighting, heating, cooling, drying, ventilating, water supply apparatus triggered by electronic devices for reading, transmitting and

processing data emitted by a vehicle; electronic equipment intended for use in servicing, cleaning, charging air conditioning apparatus for vehicles; electronic clutch control systems for vehicles; electronic control systems for the driving assistance and navigation of land vehicles; electric clutch control systems.

Class 11

Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water distribution and sanitary installations; lighting installations, headlights for vehicles; glasses for headlamps; vehicle headlights; ceiling lights; lamps; installations for heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes; hot air ovens; air conditioners; air conditioners; convectors; heat exchangers for central heating purposes; radiators, finned tubes (parts of heating systems) for heating vehicles; boilers; central heating equipment; apparatus for heating, refrigerating, air circulation, ventilation, conditioning, air-conditioning, defogging for vehicles; heat exchangers for central heating purposes; ventilator fans for air-conditioning; heat accumulators; air purification apparatus and machines; air deodorizing apparatus; air filters for air conditioning; air filtering installations; light bulbs; light bulbs for directional signals for vehicles; electric light bulbs; demisting heating apparatus for vehicles; anti-glare devices for vehicles (lamp fittings); heating apparatus for defrosting windows of vehicles; radiator caps; solar collectors for heating; heat regenerators; air conditioners for vehicles; air-conditioning installations for vehicles; defrosters for vehicles; liquid coolers (installations); level regulating valves for tanks; pressurized water tanks; evaporators; electric radiators; devices that can be stored for heating or cooling; lighting systems, directional lighting systems; anti-glare lighting systems for other drivers; lighting systems for reducing glare from other drivers; air intake control valves on a radiator; installations for heating, ventilation, comprising a device for the distribution of fragrances and perfumes inside a vehicle passenger compartment, apparatus for heating, air circulation, ventilation, air conditioning, cooling, demisting

for vehicles comprising a device for the distribution of fragrances and perfumes inside a vehicle passenger compartment; installations for heating, ventilation, comprising a device for the distribution of anti-allergic products inside a vehicle passenger compartment, apparatus for heating, air circulation, ventilation, air conditioning, cooling, demisting for vehicles comprising a device for the distribution of anti-allergic products inside a vehicle passenger compartment; installations for heating, ventilation, comprising a device for the distribution of air purifying products inside a vehicle passenger compartment, apparatus for heating, air circulation, ventilation, air conditioning, cooling, demisting for vehicles comprising a device for the distribution of air purifying products inside a vehicle passenger compartment; installations for air conditioning for vehicles comprising a device for the distribution of fragrances and perfumes inside a vehicle passenger compartment; air-conditioning installations for vehicles comprising a device for the distribution of anti-allergen products in the passenger compartment of vehicles; air-conditioning installations for vehicles comprising a device for the distribution of air-sanitizing products in the passenger compartment of vehicles; glass panes adapted for headlamps; air conditioners for land vehicle interiors; turbine blowers for ventilation; lighting systems with light-emitting diodes, including high-power diodes; lighting systems with light-emitting diodes, including high-power diodes; lighting systems for automatic activation and deactivation of high beam when approaching another vehicle; lighting systems for automatic activation and deactivation of high beam when approaching a pedestrian; lighting systems for automatic activation and deactivation of high beam when approaching a lit section of road; air reheaters; air driers; air sterilizers; fans (parts of air-conditioning installations); steam facial apparatus; electric fans for personal use; air cooling devices; deodorizing apparatus for diffusing fragrances in motor vehicles; equipment for eliminating pollutant gases for vehicles, namely air filters for air conditioning, thermostatic valves (parts of heating and air conditioning installations), apparatus for purifying pollutant gases to prevent their intrusion into the passenger compartment of motor vehicles; lighting apparatus with light-emitting

diodes (LED); electromagnetic light-emitting diode lighting systems; lighting systems with light-emitting diodes, including high-power diodes; directional lighting system; lighting systems for reducing glare from other drivers.

Class 12

Vehicles; apparatus for locomotion by land, air or water; vehicles, apparatus for locomotion by land, air or water; driverless cars [autonomous cars]; driverless car; self-driving cars; self-driving car; robot car; driverless smart vehicle; Motors for land vehicles, transmissions for land vehicles; clutches, clutch mechanisms, friction discs, clutch release bearings, hydraulic clutch control system, all for land vehicles, torque converters for land vehicles, mechanical control parts and devices therefor; belt speed drives for land vehicles; hydrodynamic retarders and brakes and eddy current (Foucault current) retarders and brakes for vehicles as well as component parts thereof; safety belts for vehicle passengers; parts, fittings and accessories for land vehicles, namely, hoods, doors, bumpers, steering wheels, windshields, windows, hoods for land vehicles, gearboxes, axles, wheels, wheel rims, tires, inner tubes, tire nails, hub caps, wheel centering leads, air pumps, chains for automobiles, seats, seat covers, children's safety seats, head rests for seats, trailer couplings, luggage racks, ski racks; devices for adjusting inclination of the light beam of headlights (parts of land vehicles); power steering apparatus for vehicles, other than automatic; electronic assisted suspension for vehicles; brake linings for vehicles; anti-theft locks for use on automatic steering wheels; horns for vehicles; support plates and transmission components for land vehicles; electric motors for land vehicles; geared motors for land vehicles; compressed air propulsion device (parts of land vehicles) for washing vehicle windows; compressed air and water propulsion device (parts of land vehicles) for washing vehicle windows; windshield washer bottles for land motor vehicles; lockless petrol tank caps for vehicles; hydraulic clutch control brake cylinders for land vehicles; master cylinders for brakes or clutches for land vehicles; vehicle door handles; motors and engines for land vehicles; transmissions for land

vehicles; clutches for land vehicles; clutch mechanisms for land vehicles; friction discs for land vehicles; clutch release bearings for land vehicles; clutch torsion dampers for land vehicles; hydraulic clutch control system for land vehicles; hydraulic clutch control systems for land vehicles; torque converters for land vehicles, mechanical control or regulating parts and devices thereof; brakes and braking installations for vehicles, mechanical control parts and devices therefor; windshield wipers and components thereof, namely, windshield wiper blades, connectors for windshield wiper blades and installations for attaching windshield wiper blades, arms, deflectors, transmission components for land vehicles; windshield wiper movement assemblies; windshield wiper support plates; electric motors for land vehicles; electric motors for motor vehicles; reversing alarms for vehicles; gearboxes for land vehicles, hydraulic circuits for vehicles; upholstery for vehicles; mechanical control devices for torque converters for land vehicles; mechanical control devices for brakes and braking installations for vehicles; brake shoes, brake pads and shoes, brake disks, all for land vehicles; automatic gearboxes for land vehicles; windshields comprising a screen for viewing data and images; rearview mirrors with video camera, with display, with signal lights; petrol tank caps with lock for vehicles; motors and engines for land vehicles; suspension shock absorbers for vehicles; vehicle chassis or bumpers; electric vehicles; hydraulic control systems for the driving assistance and navigation of land vehicles; brakes and braking equipment for vehicles, mechanical control and regulation devices for the assistance, operation and navigation of land vehicles; windshields; rearview mirrors; dashboards for land vehicles; fly-wheels for land vehicles; fly-wheels with torsional dampers for land vehicles; torque converters for land vehicles, mechanical control parts and devices therefor; horns for vehicles; propulsion mechanism for land vehicles; endless electric field motors for land vehicles; ionic motors for land vehicles; noble gas motors for land vehicles; compressed air propulsion motors for land vehicles; graphene-powered battery motors for land vehicles; fuel cell electric motors for land vehicles; solar-powered vehicles; rechargeable electric hybrid vehicles; couplings for land

vehicles; anti-theft alarms for vehicles; anti-glare devices for vehicles; bodies for vehicles; civilian drones; headlight wipers; direction signals for vehicles; jet engines for land vehicles; remote-controlled vehicles other than toys; vehicle structural parts of metal; cigar lighters for automobiles; electronic suspension systems adapted for land vehicles; robotic gearboxes for land vehicles; hydraulic or pneumatic control systems for hydraulic clutches for land vehicles; clutch mechanisms for land vehicles; friction discs for land vehicles; release bearings for land vehicles; hydraulic clutch control systems for land vehicles; torque converters for land vehicles; brake shoes, brake pads and shoes, brake disks, all for land vehicles; shoes, shoe plates, blocks, washers, sectors, discs, belts, bearing rings, rollers, made of or coated with friction or anti-friction bodies, all as parts of land vehicles; anti-theft locks for use on automobile steering wheels; compressed air and water propulsion devices (parts of land vehicles) for washing vehicle headlights; headlight wipers for vehicles; parts, fittings and accessories for land vehicles, namely, hoods, doors, bumpers, steering wheels, windshields, windows, hoods for land vehicles, gearboxes, axles, wheels, wheel rims, tires, inner tubes, tire nails, hub caps, wheel centering leads, air pumps, chains for automobiles, seats, seat covers, children's safety seats, head rests for seats, trailer couplings, luggage racks, ski racks; drone; bodies of metal for land vehicles incorporating photovoltaic cells.
