General Information

1. Trade Marks Journal

This journal is published by the Registry of Trade Marks pursuant to Rule 86A of the Trade Marks Rules. It is published weekly on Fridays, unless otherwise directed by the Registrar.

2. Notice of Opposition

Any person who wishes to oppose any of the marks published may within two months from its publication date file a Notice of Opposition on Form TM11. Reasonable notice should be given to the Applicant beforehand, to provide the Applicant an opportunity to withdraw the application. Failure to give such notice will be taken into account when considering any application by an Opponent for an Order of Costs if the opposition is uncontested by the Applicant.

3. Practice Directions and Circulars

The Registry has ceased our practice of publishing Practice Directions and Circulars in the Trade Marks Journal. Practice Directions and Circulars are available on our website at <https://www.ipos.gov.sg>. If you wish to receive our updates via email, you may subscribe to our mailing list by sending an email to news@ipos.gov.sg and letting us know the subject matter of interest (e.g. Trade Marks).

4. Information Contained in this Journal

The Registry of Trade Marks does not guarantee the accuracy of its publications, data records or advice nor accept any responsibility for errors or omissions or their consequences. Permission to reproduce extracts from this Journal must be obtained from the Registrar of Trade Marks.

CLOi UV-C Bot

Goods and/or Services:

Class 07

Electric clothes washing machines; Automatic dishwashers; Electric vacuum cleaners; Hose for electric vacuum cleaners; Bag for electric vacuum cleaners; Stick type vacuum cleaners; Daily chores helping robots for household purposes; Control mechanisms for robotic machines; Electric rotary blowers; Compressed air pumps; Rotary compressors; Compressors for refrigerators; Spin driers (not heated); Electric

mixers for household purposes; Robotic vacuum cleaners; Electric food processors; Steam cleaners for household purposes; Hand-held vacuum cleaners; Electric lawnmowers; Robots for industrial use; Robots for cleaning; Modular robotic palletizing system [machines]; Indoor self-driving robots; Robots for lawn mowers; Human-wearing artificial exoskeleton robot (Robot Power Suit); Lawnmowers [machines]; Indoor self-driving robots for household purposes; Indoor self-driving robots for industrial use; Robots for household purposes; Robotic exoskeleton suits, other than for medical purposes, to be worn by humans for the purpose of enhancing the strength and endurance of the person wearing the suit.

Class 09

Smart phones; Television receivers; Monitors for computers; Commercial monitors; Lap top computers; Convertible computers; Wearable computers; Computers; Keyboards; Bags for carrying keyboard; Electronic sensors; Digital sensory devices; NAS (Network attached Storage); Portable hard disk drives; Apparatus for recording, transmission or reproduction of sound or images; Humanoid robots with artificial intelligence; Audio component system composed of surround sound speakers, loudspeakers, tuners, sound mixers, equalizer, audio recorders, radio receivers; Application software; Application software for robot; Computer applications software for smart phones and smart watches; Audio Receivers; Messenger platforms using chatbot (software); Interactive software based on artificial intelligence; Software as an artificially intelligent personal assistant; Software for recommending goods/services and purchase orders based on artificial intelligence; Software for providing weather information, news, music and entertainment information based on artificial intelligence; Software for providing road itineraries, parking information and location information-based nearby facility information based on artificial intelligence; Software for providing reservation services based on artificial intelligence; Security surveillance robots; Set-top box having sound recognition properties; Communication hubs; Server for home automation; Speaker units with artificial intelligence;

Computer apparatus in the nature of robots for home networking for internet of things (IoT); Robots for providing travel information to people in airports, and guiding travelers through airports; Application software for operating robots for personal and commercial use, namely, robots for cleaning homes and commercial buildings, home networking for internet of things (iot), lawn mowing, providing travel information to people in airports, and guiding travelers through airports; Chatbot software platforms for use in instant messaging; Interactive software based on artificial intelligence for providing travel information to people in airports, and guiding travelers through airports; Interactive software based on artificial intelligence for connecting, operating and managing networked home and kitchen appliances in the internet of things (IoT); Personal assistant software using artificial intelligence for use in voice recognition, natural language processing, searching the internet for traffic and weather information; Intelligent personal assistant software, namely, software for recommending goods and services, and purchase orders based on artificial intelligence; Software for providing road itineraries, parking information and location information-based nearby facility information based on artificial intelligence, and software for making reservations based on artificial intelligence; Speaker units, namely, audio speakers; Voice processing systems comprised of software for use in voice recognition and natural language processing using artificial intelligence; Speech recognition apparatus, namely, a personal digital assistant featuring speech recognition software; Wearable computers in the nature of smartwatches and smartglasses; Indoor self-driving security surveillance robots; Remote controls for robots; Digital signage display panels; Digital signage monitors; Digital signage; LCD displays; LED displays; LED signage; Image reproducing apparatus for Robots; Computer software for installing, controlling and monitoring LED signage; Camera hardware systems for IP (Internet protocol) video surveillance; Downloadable computer software for advertising management based on time and location; Recorded computer software for advertising management based on time and location; Downloadable computer software for providing an on-line database in the

field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; Remote video monitoring system consisting primarily of a camera and video monitor for recording and transmitting images to a remote location; Downloadable multimedia file; Robotic electrical control apparatus; Speaker units; Speech recognition apparatus; Computer apparatus in the nature of robots for playing computer games.

Class 10

Medical robots used in laparoscopic surgery; Surgical robots; Medical apparatus and instruments for use in surgery; Medical apparatus and instruments; Medical devices; Medical apparatus and instruments in the fields of clinical diagnosis; Robots for medical purposes; Robots for medical diagnostic purposes (medical apparatus and instruments); Robots for dental purposes; Medical robots for physical rehabilitation purposes, namely, to assist with walking; Orthopedic and mobility support robots; Spine protection support robots for medical purposes; Robots for orthopedic posture correction support; Robotic apparatus for medical rehabilitative purposes; Robots for physiotherapy and rehabilitation purposes; Wearable robots for medical purposes; Medical apparatus; Massaging apparatus for personal use; Surgical apparatus and instruments for medical, dental or veterinary use; Robots with artificial intelligence software for medical purposes; Medical robots for physiotherapy and rehabilitation purposes; Medical robots for administering cupping glasses for medical purposes; Medical apparatus and instruments, namely, orthopedic apparatus and instruments; Robotic exoskeleton suits for medical purposes; Medical robots, namely, robotic apparatus for medical rehabilitative purposes; Medical apparatus and instruments in the fields of clinical diagnosis, namely, instruments for monitoring oxymetry, gas, analysis, and vital signs; Medical apparatus and instruments, namely, medical robots; Wearable robots in the nature of robotic exoskeleton suits for medical purposes; Medical robots for orthopedic purposes and to aid mobility; Assistive medical robots for orthopedic posture correction; Surgical dental robots; Filters for ultraviolet rays,

for medical purposes; Wearable walking assistive robots for medical purposes; Ultraviolet ray lamps for medical purposes; Robotic exoskeleton suits for medical purposes, to be worn by humans for the purpose of enhancing the strength and endurance of the person wearing the suit.

Class 11

Air conditioners; Hot air apparatus; Humidifiers; Electric dehumidifier for household use; Electric ranges; Water purifiers for household purposes; Water ionizers for household purposes; Membrane apparatus for purifying water; Solar thermal collectors [heating]; Air cleaners; Ventilation [air-conditioning] apparatus for heating; Light Emitting Diode [LED] lighting; Gas ranges; Electric kitchen ovens; Apparatus or installations for cooking; Electric refrigerators; Electric clothes dryers; Clothes management machines for drying clothes (electric) for household purpose; Electric clothing management machines having the functions of deodorizing, sterilizing and steaming garments for household purposes; Electric clothes drying machines with sterilization, deodorization and crease-resistant treatment functions for household purposes; Sinks; Electric apparatus or installations for cooking, namely, cooktops; disinfectant apparatus; Sterilizing and disinfection apparatus for medical purposes; Ultraviolet ray sterilizer for medical purposes; Ultraviolet sterilizer; Sanitary appliances and equipment; medical disinfection equipment; Sterilization units for medical purposes; air sterilisers; Air sterilizing and disinfecting device; Apparatus for disinfection; Electric clothes management machines for drying clothes for household purpose; Filters for sterilizing air; Membrane apparatus in the nature of filters for purifying water; Sterilizers for household purposes; Ultraviolet ray lamps, not for medical purposes; UV sterilisation devices; Robotic apparatus for use in disinfection.

Class 12

Self-propelled electric vehicle; Electric vehicles; Luggage carriers for vehicles; Motorized luggage carts; Shopping handcarts; Motorized food carts; Automatic

transport vehicles; Self-driving cars; Remotely controlled land vehicle [for transport].

Class 35

Arranging subscriptions to telecommunication services for others; On-line advertising on computer networks; Telemarketing services; Television advertising; Sales promotion and management services for electric audio and visual apparatus and instruments, namely, audio and video cassette recorders, audio recorders, video tape recorders, or audio-video receivers; Mediation of agreements regarding the sale and purchase of telecommunication machines and apparatus; Negotiation of commercial transactions in relation to telecommunication machines and apparatus for third parties; Retail store services featuring electric lighting apparatus; Commercial intermediary services for medical machines and apparatus; Pharmaceutical products procurement services for others [purchasing pharmaceutical products for other businesses]; Dissemination of advertising for others via the Internet; Advertising in newspapers; Public relations; Organization of exhibitions for commercial or advertising purposes; Marketing services, namely, promotional services in the field of planned-giving for non-profit and charitable organizations; Marketing services, namely, consumer marketing research; Marketing services, namely, conducting consumer tracking behavior research and consumer trend analysis; Advertising and marketing services provided by means of indirect methods of marketing communications, namely, social media, search engine marketing, inquiry marketing, internet marketing, mobile marketing, blogging and other forms of passive, sharable or viral communications channels; Advertising agencies; Commercial intermediary services in the field of portable communications apparatus namely handsets, walkie-talkies, satellite telephones and personal digital assistants [PDA], mobile phones; Commercial intermediary services for refrigerating machines and apparatus; Retail store services featuring hot-water heating apparatus; On-line ordering services; Providing information and advice to consumers regarding the selection of products and items to be purchased; Secretarial services using

TENCENT XR

Goods and/or Services:

Class 09

Computer software, computer system, computer platforms, software development kits and hardware for producing and related to extended reality, virtual reality, augmented reality and mixed reality; software for developing, designing, creating and editing the metaverse and extended reality, virtual reality, augmented reality and mixed reality environments; software for developing, designing, creating and editing terrain, vegetation, buildings and landscapes within computer games, video games the metaverse and extended reality, virtual reality, augmented reality and mixed reality environments; software for optimising the development of environments,

landscapes, terrains, vegetation, buildings, roads and characters with computer games videos, the metaverse and extended reality, virtual reality, augmented reality and mixed reality environments; software for optimising computer graphics performance; game software and entertainment software for use with mobile devices; software for use in online community based games that enables users to play interactive games and chat from remote locations via the internet; Computer game software, downloadable; Computer game software, recorded; Computer video game software; computer video game programs; Internet games (downloadable); downloadable arcade games provided online and/or by way of the Internet, the worldwide web and/or communications network; Interactive computer game programs; interactive computer games software; computer game optimization software; application development software; Video game cartridges; Memory cards for video game machines; Electronic publications, downloadable; downloadable image files and music files; CD-ROMs featuring interactive games, motion picture films, sports and television series, game shows, reality based shows, animation, and other performance; computer software, electronic cards and stored value cards; Sound recording strips; books in electronic form; Music recordings; Animated cartoons; computer programs; computers and computer hardware components; network communication apparatus; mobile phone and smart phone accessories; cases, covers and holders adapted for mobile phones and smart phones; protective films, hands-free sets, charging cables, charging units, charging stations, batteries, headsets, mouse devices, all being accessories for mobile phones and smart phones; Humanoid robots with artificial intelligence for use in scientific research; Joysticks for use with computers, other than for video games; Virtual reality headsets; Wearable video display monitors; Wearable activity trackers; scientific, research, navigation, surveying, photographic, cinematographic, audio visual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus

and instruments for recording, transmitting, reproducing or processing sound, images or data; Recorded and downloadable media, computer software, blank digital or analogue recording and storage media; Mechanisms for coin-operated apparatus; Cash registers, calculating devices; Computers and computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; Fire-extinguishing apparatus.

Class 28

Game machines and game devices; hand-held devices for playing computer, video, electronic and interactive games; hand-held consoles for playing computer, video, electronic and interactive games; Controllers for game consoles; wearable devices for playing computer, video, electronic and interactive games; hand-held electronic game apparatus (automatic) (other than those adapted for use with television receivers); hand-held computer games (automatic) (other than those adapted for use with television receivers); computer and video game joysticks; Portable games with liquid crystal displays; electronic amusement apparatus adapted for use with computers; bags and cases adapted to carry game machines, game consoles and wearable devices for playing computer, video, electronic and interactive games; Action figures; model figures (toys or playthings); scale models (toys); Toy weapons; Trading cards for games; Games, toys and playthings; Video game apparatus; Gymnastic and sporting articles; Decorations for Christmas trees.

Class 38

Providing online forums; Wireless broadcasting; Television broadcasting; pay-per-view television broadcasting; broadcasting services relating to electronic computer game shows, video game shows, television programmes and game shows; Internet and wireless television broadcasting; audio and video on-demand transmission services; streaming and broadcasting of data, audio and video content; network

services, namely, electronic delivery, transmission and streaming of audio, visual and multimedia content via global and local computer networks; Telecommunications; providing online forums and chatrooms for users to post, search, watch, share, review, rate, critique, recommend and comment on events, activities, and on audio, visual, and multimedia content, via global and local computer networks; transmission of text, data, pictures, images, video, voices, information and messaging by mobile telephones; instant messaging services on mobile phones and computer terminals; telecommunications services for the transmission of data, exchange of data and electronic communications amongst parties; communication services over mobile telecommunication networks and computer networks; web messaging services; online information transmission; Communications by computer terminals; Computer aided transmission of messages and images; electronic mail; rental of electronic mail-box; electronic bulletin board services (telecommunications services); Providing electronic telecommunication connections; Telephone services; voice mail storage, sending and retrieval services; Paging services; communication services for accessing a data-base; Internet protocol transmission services; Communications via fiber-optic networks; providing access to computer bulletin boards and real-time chat forums; electronic transmission of streamed and downloadable audio and video files via computer and other communications networks; Telecommunications services.

Class 41

Providing online games and games in mobile wireless form; providing temporary use of non-downloadable computer games, extended reality, virtual reality, augmented reality and mixed reality games; Entertainment services; providing non-downloadable web-based software for online management of personal computer game software; organization, arranging and conducting design competitions for computer games and video games, computer game competitions and video game competitions; providing facilities for games and competitions; rental of electronic equipment for use in playing computer and video games; booking and reservation of admission tickets for shows

and games; Organization of cosplay entertainment events; indoor and outdoor recreation center and playground services; game arcade services; Amusement center services; interactive entertainment; entertainment services in the nature of sharing of photos and videos on mobile telecommunication networks or the Internet; online entertainment services; online game services; providing music [not downloadable] through mobile telecommunication networks or the Internet; Providing films, not downloadable, via video-on-demand services; publication of electronic books and journals on-line; Organization of exhibitions for cultural or educational purposes; Recreation information; Electronic publishing services; publication of texts, other than publicity text; distribution (other than transportation) of magazines; consultation services relating to the publication of books, magazines, periodical and written texts; amusement parks; zoological gardens; operation of botanical gardens; Theme park services; Motion picture production; distribution (other than transportation) of motion picture films; Production of sound recordings; Production of television programs; Editing of written texts; Education; Providing of training; Entertainment; Sporting and cultural activities; organization of competitions (education or entertainment); publishing computer and video game software and applications.

Class 42

Design, development, updating and upgrading of game software and entertainment software for mobile devices; design, development, updating and upgrading of computer, video, extended reality, virtual reality, augmented reality and mixed reality games software; Software development in the framework of software publishing; testing services in the field of game software, computer and video game software and extended reality, virtual reality, augmented reality and mixed reality game software and applications; cloud computing in the field of game software; designing, creating and maintaining websites; hosting computer sites (web sites); Rental of computer software; Rental of web servers; computer services provided on-line, by

interactive means or via the Internet; Providing search engines for the internet; Computer programming; computer system software services; Software as a service [SaaS]; Platform as a service [PaaS]; Electronic data storage; Conversion of data or documents from physical to electronic media; Information technology [IT] consultancy; computer development services for Intranet and web-based portals; Scientific and technological services and research and design relating thereto; Industrial analysis and research services; Design and development of computer hardware and software; consulting services for others in the field of design, development, and publication of computer and video game software and applications; video game programming development services; providing a web site through which people locate information about tournaments, events, and competitions in the video and computer game field; providing a website for online management of personal computer game software; Authentication of users accessing computer networks.

Class 45

Dating, personal introduction and social networking services; Online social networking services; providing information relating to on-line dating, personal introduction and social networking; personal and social services rendered by others to meet the needs of individuals, namely, social work services; Personal introduction agency services; Chaperoning; Licensing of computer software; Leasing of internet domain names; licensing (legal services) in the framework of software publishing; identity verification of internet users; Legal services; Security services for the physical protection of tangible property and individuals.

Filing Date: 06 September 2022

Classes: 09 35 36 37 41 42

Goods and/or Services:

Class 09

Downloadable software for mobile phones, smartphones and computer; Electronic apparatus for controlling the operation of machines, electronic apparatus for monitoring machines, electronic control apparatus for automatic machines, electronic control apparatus for industrial machines, electronic control apparatus for machines,

and electronic control systems for machines; Electron tubes; semi-conductor elements; electronic circuits, not including those recorded with computer programs; computer programs.

Class 35

Electronic stock management services; cost management; compilation and systemization of written communications and data; management of electronic data files and provision of information related thereto using a communication network; data management by computer; Database management services; management of construction process data such as delivery date data of building materials, construction progress data and completion information data; management of business plans for construction projects; business management analysis or business consultancy; Business management; marketing research or analysis; providing information concerning commercial sales; construction and editing of information in computer databases; Advertising and publicity services; rental of advertising space on web sites and providing information relating thereto; Preparation of invoices, and arranging price quotations for goods or services, for others; Corporate and business information agency services, commercial information agency services, and corporate and business advice, inquiries or information; Administrative assistance in responding to calls for tenders; retail services or wholesale services for building materials; retail services or wholesale services for metal waterproofing materials for building or construction; retail services or wholesale services for metal wall materials; retail services or wholesale services for metal materials for building or construction; retail services or wholesale services for metal building assembly set; retail services or wholesale services for furniture; retail services or wholesale services for joinery fittings; retail services or wholesale services for bladed or pointed hand tools, hand tools and metal hardware; retail services or wholesale services for thermal and acoustic insulation materials; retail services or wholesale services for basic plastic products; retail services or wholesale services for rubber; retail services or wholesale

services for non-metallic minerals for building or construction; retail services or wholesale services for ceramic building materials, bricks and refractories; retail services or wholesale services for building materials made of linoleum; retail services or wholesale services for plastic materials for construction; retail services or wholesale services for materials for synthetic construction; retail services or wholesale services for asphalt and bituminous special materials for building or construction; retail services or wholesale services for materials for building or construction made of rubber; retail services or wholesale services for plaster; retail services or wholesale services for materials for building or construction made of coal; retail services or wholesale services for materials for building or construction made of gypsum; retail services or wholesale services for anti-stone fall nets made of fiber; retail services or wholesale services for timber; retail services or wholesale services for (building) stone; retail services or wholesale services for glass for buildings; retail services or wholesale services for building assembly sets (excluding metal ones); retail services or wholesale services for basic mineral materials; retail services or wholesale services for woven fabrics (excluding "tatami-mat slip fabrics"); retail services or wholesale services for carpet; retail services or wholesale services for stockinette; retail services or wholesale services for felt and nonwoven fabrics; retail services or wholesale services for paints; retail services or wholesale services for adhesives (excluding those for household or office use); retail services or wholesale services for adhesives for household or office use; retail services or wholesale services for metalworking machine tools; retail services or wholesale services for blinds, awnings and awnings for indoor use; retail services or wholesale services for outdoor metal blinds; retail services or wholesale services for film to be applied to window glass; retail services or wholesale services for urinal; retail services or wholesale services for bathtubs; retail services or wholesale services for washing and make-up table; retail services or wholesale services for stove tops, cooktops, and sinks for system kitchens; retail services or wholesale services for water faucets and mixer taps; retail services or wholesale services for electrical machinery and

apparatus; retail services or wholesale services for air conditioners; retail services or wholesale services for ventilation fan; retail services or wholesale services for garbage collector; retail services or wholesale services for metal fittings; retail services or wholesale services for metal flange; retail services or wholesale services for valve; retail services or wholesale services for metal, PVC and plastic pipes; retail services or wholesale services for metal and plastic sign boards; retail services or wholesale services for measuring instruments; retail services or wholesale services for safety glasses for work; retail services or wholesale services for support belts for work; retail services or wholesale services for safety helmet; retail services or wholesale services for safety belt for fall prevention for workers in high places; retail services or wholesale services for safety shoes, safety shoes for accident protection, work shoes; retail services or wholesale services for safety glasses, protective glasses, dustproof glasses, safety goggles, protective goggles, dustproof goggles; retail services or wholesale services for dust masks, antitoxin masks, welding masks; retail services or wholesale services for accident protective gloves for civil engineering and construction work; retail services or wholesale services for work gloves; retail services or wholesale services for metal gardening fence; retail services or wholesale services for plastic sheeting for agricultural or horticultural use; retail services or wholesale services for plastic film for agricultural or horticultural use; retail services or wholesale services for polyester fiber sheathing sheet for agricultural or horticultural use; retail services or wholesale services for plastic gardening fences and grates; retail services or wholesale services for wooden gardening fences and grates; retail services or wholesale services for horticultural waterproof sheet; retail services or wholesale services for weed prevention sheet for gardening; retail services or wholesale services for insect repellent sheet for gardening; retail services or wholesale services for horticultural planters; retail services or wholesale services for gardening watering apparatus consisting of gardening watering hose, gardening watering nozzle and faucet fitting for gardening watering hose; retail services or wholesale services for clothing (including work

clothes).

Class 36

Financial services; Financial appraisals in responding to requests for proposals [RFPs].

Class 37

Building construction supervision services for building projects; construction management for building work; Construction consultancy.

Class 41

Educational and instruction services relating to general knowledge; arranging, conducting and organization of seminars; providing electronic publications not downloadable; providing videos from the internet, not downloadable; Multimedia production [texts, images, sound, animations, videos], including providing online videos and images, not downloadable and information relating thereto.

Class 42

Conversion of data or documents from physical to electronic media; conversion of data from physical to electronic media; Data conversion of electronic information, data migration services, and decoding of data; Electronic data storage; Computer time-sharing services; providing a search engine to obtain data on computer networks; Cloud computing; provision of online application software as a service (SaaS) and provision of information related to this; computer software design, computer programming or maintenance of computer software; providing computer programs on data networks.

Goods and/or Services:

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; Apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; Apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media, blank digital or analogue recording and storage media; Magnetic data carriers,

recording discs; Mechanisms for coin-operated apparatus; cash registers, calculating devices, data processing equipment and computers; Computer peripheral devices; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; computer programs; software for processing electronic payments to and from others; authentication software; computer software supplied on the Internet; computer software in the form of an application for mobile devices and computers; Software applications for use with mobile devices; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; instant messaging software; file sharing software; communications software for electronically exchanging data, audio, video, images and graphics via computer, mobile, wireless, and telecommunication networks; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information, data, documents, voice and images over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing and controlling remote computers and computer networks; downloadable cloud-computing software; downloadable cloud-based software; computer software (including software downloadable from the Internet); Computer software applications, downloadable; computer board game software; Computer game software, downloadable; Computer game software, recorded; computer video game programs; computer applications for streaming audio materials, video materials, videos, music and images; downloadable games, pictures, motion pictures, movies and music; digital music (downloadable from the Internet); downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs and content; online electronic publications (downloadable from the Internet or a computer network or a computer database);

downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; Computer software; Semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; Microcontrollers; microcontroller units; low power microcontrollers; circuit chips; Computer chips; CPU (central processing unit); RISC-V (reduced instruction set computer-five) computer chips and central processing units; computer chips and central processing units with instruction set architecture; Computer peripherals; Notebook computers; Laptop computers; Portable computers; Handheld computers; Tablet computers; Personal digital assistants; personal media players; Mobile telephones; smart phones; Digital cameras; batteries, battery chargers; computer workstations [hardware]; Computer servers; computer and telecommunications networking hardware; computer network adaptors, switches, communication routing apparatus and hubs; wireless and wired modems and communication cards (encoded or magnetic) and devices; cases adapted for laptop computers and computers; computer hardware and firmware; Compact discs; Telecommunications apparatus; Mouse mats; mobile phone handsets; mobile phone parts and fittings; alarm systems, other than for vehicles; Security cameras; mobile radio and television broadcasting units; television broadcasting equipment; Cameras; Video cameras; Headphones; Telephone earpieces; Speakers; Global Positioning System (GPS) apparatus and equipment; computer, electronic and video games programs and software (including software downloadable from the Internet); liquid crystal displays for telecommunications and electronic equipment; set top box; Remote control apparatus; data storage programs; Fire-extinguishing apparatus; spectacles and sunglasses; outdoor signboards of metal (luminous); encoded or magnetic bank credit, debit, cash and identification

cards; automatic teller machines, cash dispensers; Electronic book readers; Toner cartridges, unfilled, for printers and photocopiers; Baby monitors; Video baby monitors; Lens hoods; Encoded key cards; 3D spectacles; Memory cards for video game machines; digital media streaming devices; computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; computer software runtime systems, namely, systems comprised of computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; all included in Class 9.

Class 42

Scientific and technological services and research and design relating thereto; Industrial analysis and research services; technical project studies; providing a website featuring technology that enables users to share information and advice; Design and development of computer hardware and software; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), reduced instruction set computer-five computer chips and central processing units, computer chips and central processing units with instruction set architecture; software as a service (SaaS); platform as a service (PaaS); computer support services [programming and software installation, repair and maintenance services] in connection with

transmitting information, data, documents, and images over the Internet; application service provider (ASP) services, namely, hosting computer software applications of others; web portal services, namely, hosting an internet website portal containing an interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services for providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support services (programming and software installation, repair and maintenance services) provided online, by email and by telephone; computer support services [programming and software installation, repair and maintenance services] in relation to creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer technology advice on programming and software installations, repair and maintenance provided to Internet users by means of a support hotline; computer support services [programming and software installation, repair and maintenance services] relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; information technology (IT) services (computer hardware, software and peripherals design and technical consultancy); computer support services (programming and software installation, repair and maintenance services); Computer programming; Computer system integration services; computer analysis services; computer programming in relation to the defence against virus; programming, installation, repair and maintenance of computer system software; computer network services for exchanging of data; Computer software design;

design, development, updating and upgrading of computer and video games software; Computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; Cloud computing; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; providing technical information relating to computer support services (programming and software installation, repair and maintenance services) at the specific request of end-users by means of telephone or global computer network; consultancy services in relation to computer software; Design and development of search engines; Design of computer codes; Development of computer codes; Coding of messages; conversion of physical data and documents into electronic media format; testing and evaluation services, namely, material quality evaluation and testing, commissioning (testing and inspection) services, product quality evaluation, product testing, safety evaluation, environmental testing, industrial testing, quality testing, laboratory testing services, testing of computer programs, testing of computers, testing of computer installations; Information services relating to information technology; computer security services (testing and risk assessment of computer programs); computer security services (testing and risk assessment of computer networks); quality assurance services; computer technological services in relation to the verification of online business transactions; computer security services relating to providing access control to computers, electronic networks and databases; data security services (firewalls) relating to data transmission and of transactions via computer networks; Consultancy in the field of computer security; technological consultancy in the field of computer security relating to securing computer network communications by means of a global computer network; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security and computer security for the transmission of data and information; consulting services in the fields of Internet, world wide web and

computerized communication network security services, information security services, computer security for the transmission of data and information; Authentication services for computer security; online authentication of electronic signatures; Off-site data backup; Electronic storage of data; providing information on computer technology and programming via a website; Cartography services; rental of entertainment software; architectural and design services; interior designing of buildings, offices and apartments; providing non-downloadable computer software, namely, computer software for implementing a computer programming language, computer software development tools, and computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling, and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing non-downloadable computer software, namely, runtime systems comprised of computer software libraries for use in general purpose computation, manipulation of collections of data, data transformation, input/output, communications, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing non-downloadable computer software for use as an application programming interface (API) for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; consultancy, information and advisory services relating to the aforesaid services; all included in Class 42.

GIGGLESCAPE

Goods and/or Services:

Class 03

Beauty kits for children comprised of nail polish, lip balm and cosmetics; Cosmetics for children; Colour cosmetics for children; Lipstick; Lip balms; Eye shadow; Face powder; Blush; Blush pencils; Nail polish; Eyeliners; Eyeliner pencils; make-up kits comprised of cosmetics and make-up palettes, sold as a unit with make-up applicators, mirrors, and brushes.

Class 09

Decorative magnets in the shape of letters and numbers; decorative magnets in the shape of animals and food items; Sunglasses; abacus; PC tablets; children's handheld electronic device adapted for use as an interactive ebook reader, camera, and video player and recorder; Tablet computers; children's tablet computers; electronic writing tablets; downloadable software games for children; downloadable children's educational computer applications; downloadable children's educational software; carrying cases for handheld electronic reading devices in the nature of handheld computers and media players and accessories; Computer game cartridges.

Class 14

Jewelry making kits; Beads for making jewelry; craft kits for jewelry construction.

Class 15

Drums; Bongo drums.

Class 16

Printed story books; Writing or drawing books; Sticker books; cloth children's books; Crossword puzzles; Arts and crafts clay kits; children's arts and crafts paper kits; Easels; arts and crafts clay kits comprised of modelling clay, sold as a unit with clay sculpting tools, instruction and information cards for making pottery; printed educational publications, namely, educational learning cards, flash cards, activity cards, workbooks, activity books, puzzle books and printed puzzles; knitting kits comprised of knitting patterns.

Class 20

Toy boxes and chests; ride-on toy boxes and chests; cosmetic mirrors; toilet mirrors being hand-held mirrors; art tables.

Class 21

Eyeshadow brushes; Cosmetic brushes; Eyebrow brushes; Lip brushes; Nail brushes; Hairbrushes; Make-up brushes; applicator wands for applying make-up.

Class 25

Costumes for use in children's dress up play.

Class 26

Beads for handicraft work; Beads, other than for making jewelry; knitting kits comprised primarily of knitting needles.

Class 27

Activity mats for creating a play space, namely, foam mats for use on play area surfaces.

Class 28

Plush toys; smart plush toys; toy animals and accessories therefor; dolls and playsets therefor; Plush dolls; Dolls' clothing; Doll accessories; Doll houses; furniture and furnishings for doll's houses; magnetic dolls, doll clothes sets and accessories therefor; Hand puppets; action figure toys and accessories therefor; Play sets for action figures; toys, namely, children's dress-up accessories; toy jewelry; Card games; Puzzles; Cube-type puzzles; Board games; Chess sets; Chess games; Chess pieces; checkers; Checker sets; checker games; checker pieces; bingo game playing equipment; marbles games; jigsaw and manipulative puzzles; Manipulative games; manipulative puzzles and games in the nature of shape and pattern sorters; Parlor games; travel games, namely, travel board games and card games; children's educational toys and games for developing fine motor, cognitive, sensory and counting skills; children's educational toys and games for developing memory and dexterity; Fidget toys; toy abacus; Building games; Bowling pins; tossing disc toys; Flying discs; yard games, namely, bocce ball, badminton sets, cornhole game board; cornhole bags; cornhole game sets; croquet sets, discs for playing disc golf and lawn

darts, ladder ball equipment, lawn bowling sets, washer toss games; ring toss game; paddle ball games; Dart games; Darts; Balls for games; Balls for sports; Dice games; Stress relief exercise balls; elastic, rubber foam and foam sensory balls and sensory bands; Dice; Cups for dice; Toy building blocks; Magnetic building blocks being toys; toy construction blocks; interchangeable magnetic toy vehicles; Memory games; Toy vehicles; toy helicopters; Toy airplanes; toy steering wheels; toy vehicle track sets and roadways and accessories therefor; toy trains and parts and accessories therefor; Toy model train sets; play mats for use with toy vehicles; children's activity tables containing manipulative toys which convert to easels; Push toys; Toy clocks and watches; Stacking toys; Squeeze toys; Children's multiple activity toys; children's multiple activity toys sold as a unit with printed books; toy magic sets; miniature toy sports games; Musical toys; electronic musical toys; Toy pianos; toy xylophone; toy microphone; Toy musical instruments; electronic novelty toys, namely, toy piano mat; drawing toys comprised of drawing boards, magnetic styluses, and metal particles; drawing toys, namely, water drawing mats; Bath toys; Inflatable toys; Water toys; Water squirting toys; Ride-on toys; Inflatable ride-on toys; toy cell phones; toy remotes; Play tents; Play tunnels; Toy dough; toy bead kit, namely, fuse bead kit including fuse beads and peg boards; Toy microscopes; Toy binoculars; toy magnifying glasses; toy flashlights; Toy tools; Toy sets of carpenters' tools; toy doctor kits; play houses and toy accessories therefor; educational toy science kits for children; children's activity kits sold as a unit for making toy modeling dough in the nature of slime; toy food items; toy cooking utensils; toy kitchen appliances; play tea sets; play kitchen sets; play shopping sets and play groceries and grocery sets; Toy imitation cosmetics; toy beauty kits consisting of hair dryer, phone, compact, perfume, brush, and lipstick; toy, namely, battery-powered computer game with LCD screen which features animation and sound effects; Electronic learning toys; Electronic action toys; Remote-controlled toy vehicles; toy electronic pets in the nature of smart robot toys; electronic action toys in the nature of animals; toy ball pits and balls for toy ball pits; toy worker sets.

Class 35

Retail department store services; online retail department store services.

FFI

Goods and/or Services:

Class 01

Chemicals and chemical additives for use in industry, science, manufacture and research; chemical products for use in industry, science, manufacture and research; chemical preparations and substances; chemical preparations and substances for use in industry, science, manufacture and research; ammonia and ammonia additives for use in industry, science, manufacture and research; ammonia products, preparations and substances for use in industry, science, manufacture and research; hydrogen; hydrogen produced by renewable energy sources; hydrogen gas; liquid hydrogen; dissolved hydrogen; mixtures of gas, liquid and dissolved hydrogen; graphite; synthetic graphite; graphite for industrial use; chemical reagents or mixtures, other than for medical or veterinary purposes; ammonia (volatile alkali) for industrial purposes; volatile alkali (ammonia) for industrial purposes; ammonia for industrial purposes; ammonia; ammonia produced by renewable energy sources; ammonia water; aqueous ammonia for industrial purposes; anhydrous ammonia; ammonia alum; ammonia and ammonia produced by renewable energy sources for use industrial processes, including industrial processes that make nitrogen based fertilisers, dye, pharmaceuticals, chemicals, metal ores, iron and steel; ammonia and ammonia produced by renewable energy sources for use for the manufacture of refrigerants, cleaning products, including household cleaning products, plastics,

rubbers, explosives, textiles, pesticides and cosmetic products; ammonia and ammonia produced by renewable energy sources for purification treatments of water supplies and wastewater treatments; chemical water testing and treatment preparations; hydrocarbons; hydrocarbon compounds; gaseous hydrocarbons; gaseous hydrocarbon compounds; graphene; graphene for industrial use; carbon for industrial use; catalysts for the production of hydrogen; iron oxides for use in industry; iron oxide; gases for industrial use or laboratory use, other than for medical use; gas mixtures for use in science; gas purifying preparations and substances; inert gases for industrial and scientific use; geothermal steam for industrial purposes.

Class 04

Fuels; fuel mixtures; fuels derived from hydrogen or predominantly derived from hydrogen; fuels derived from hydrogen, or predominantly derived from hydrogen, produced by renewable energy sources; fuels derived from ammonia or predominantly derived from ammonia; fuels derived from ammonia, or predominantly derived from ammonia, produced by renewable energy sources; electrical energy; electrical energy derived from ammonia or predominantly derived from ammonia; electrical energy derived from ammonia, or predominantly derived from ammonia, produced by renewable energy sources; electrical energy derived from hydrogen or predominantly derived from hydrogen; electrical energy derived from hydrogen, or predominantly derived from hydrogen, produced by renewable energy sources; fuel and electrical energy derived from direct ammonia conversion, namely combustion or direct ammonia fuel cells; fuel and electrical energy derived from indirect ammonia conversion, namely, hydrogen vector; hydrocarbon gas liquids [HGL] for use as fuel; hydrocarbon fuels; solid, liquid and gaseous fuels; electrical energy; combustible materials in the form of carbon for use as fuels, lubricating graphite or synthetic graphite; fuel in the form of graphite; liquid fuel; vaporised fuel mixtures; solid fuels; solid oxygen fuel; non-chemical additives for fuels; gaseous fuels; gas mixtures, being fuel; liquid gases, being fuel; dissolved gases being fuel; combustible gases;

natural gas; solidified gas (fuel); synthetic gas (fuel); gases for use as illuminants; fuels and gases, being fuel for heating and lighting purposes; fuels and gases, being fuel for automobiles; illuminants and illuminating materials; biofuel; biogas; combustible fuels and gases; renewable electrical energy, namely, solar energy, wind energy and geothermal energy; liquefied gases, other than for medical use.

Class 06

Common metals and their alloys; iron; ferroalloys; iron alloys; ores; iron ores; pig iron; pure iron; iron ore; iron produced by hydrogen generated via water electrolysis using renewable energy; iron produced by hydrogen and ammonia; iron produced by electrochemicals; metallic ores; ferrous ores; processed metal ores; processed iron ores; iron, unwrought or semi-wrought; metal powders; ore powders; iron powders; ore minerals, being metal; hematite minerals, being iron ores; magnetite minerals, being iron ores; common metals, unwrought or semi-wrought; alloys of common metals; ores of metal; limonite; chrome ores; steel; steel produced by renewable energy; metal building products.

Class 09

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, weighing, measuring, signalling, detecting, testing, visual inspection, and teaching apparatus and instruments; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; recorded and downloadable media; computer software; application software; computer programs; downloadable computer software using artificial intelligence for use in machine learning; data feeders for use with artificial intelligence; electronic memories; electronic databases; computers and computer peripheral devices; computer hardware; electronic data processing devices; remote control apparatus and instruments; sensors; cameras; apparatus for managing energy supplies; electronic publications; apparatus for the remote control of vehicles; apparatus for the remote

control of drones.

Class 12

Vehicles; vehicles for transport of goods by land, air or water; mining vehicles; autonomous vehicles; camera and delivery drones; parts and accessories for the aforementioned goods.

Class 35

Business services; business administration; business management; business advice and assistance; business consultancy; business analysis; compilation and business analysis of statistical information; advertising; retailing and wholesaling of hydrogen; retailing and wholesaling of hydrogen produced by renewable energy sources; retailing and wholesaling of ammonia; retailing and wholesaling of ammonia produced by renewable energy sources; retailing and wholesaling of fuels and energy; retailing and wholesaling of fuels and energy derived from ammonia or predominantly derived from ammonia; retailing and wholesaling of fuels and energy derived from ammonia, or predominantly derived from ammonia, produced by renewable energy sources; retailing and wholesaling of fuels and energy derived from hydrogen or predominantly derived from hydrogen; retailing and wholesaling of fuels and energy derived from hydrogen, or predominantly derived from hydrogen, produced by renewable energy sources; retailing and wholesaling of renewable energy, namely, solar energy, wind energy and geothermal energy; retailing and wholesaling of iron; retailing and wholesaling of iron produced by renewable energy sources; retailing and wholesaling of steel; retailing and wholesaling of steel produced by renewable energy sources; compiling research and statistical data; computerised online ordering services; office functions; cost price analysis; public relations; import export agency services; procurement services for others; sales promotion for others; computerised stock ordering and control services; computerised file management; foreign trade consultancy; business operation of

loyalty programs; personnel management; business project management services; business project management services for construction projects; business project management services for ammonia, hydrogen, hydro electrical and solar power systems and plant construction; business project management services for iron and steel production facilities and plants; business information; procurement services for others (purchasing goods and services for other businesses); providing business information via a web site; business and administrative management of utility networks; business and administrative management services relating to the production of energy, solar energy, renewable energy, ammonia, hydrogen, electricity, gas, fuel, water, iron and steel; business and administrative management of iron production facilities and plants; business and administrative management of steel production facilities and plants; business operation of iron production facilities and plants for others; business operation of steel production facilities and plants for others; business and administrative management of hydrogen production and generation plants; business and administrative management of ammonia production and generation plants; business and administrative management of solar power plants; business and administrative management of energy production and generation plants; business and administrative management of solar power, turbine power, hydropower production facilities and plants; business and administrative management of fuel production and generation plants; the bringing together, for the benefit of others, of a variety of hydrogen, hydrogen goods, ammonia, ammonia goods, fuel and fuel goods, energy and energy goods, renewable energy and renewable energy goods, iron and steel goods, enabling customers to conveniently view and purchase those goods; information, advisory and consultancy services in relation to all the aforesaid services.

Class 36

Valuation services; valuation of commodities; funding and providing scholarships; financial sponsorship of education, training, entertainment, sporting, or cultural

activities; charitable fundraising; financial investment services; conducting financial feasibility studies; financial funding services; fundraising projects; fund management and investment management; insurance; real estate affairs; electronic banking; financial management; financial analysis; debt collection; loan financing; property valuation; information, advisory and consultancy services in relation to all the aforesaid services.

Class 37

Construction; construction of plants and facilities; construction of mines; civil and mechanical engineering construction; beneath ground construction; installation and repair services; maintenance services; mining extraction services; information, advisory and consultancy services in relation to all the aforesaid services.

Class 38

Telecommunications and communication services; communication concerning remote controlling of vehicles; communication services concerning remote controlling of machines; communication services concerning remote controlling of transport of materials by land, rail, air and ship; providing telecommunications connections to a global computer network; web portal services (providing user access to a global computer network); transmission of information on a wide range of topics, including online and over a global computer network; providing access to online computer databases; information, advisory and consultancy services in relation to all the aforesaid services.

Class 39

Transport; transport by rail, air, land, road, sea and pipeline; packaging and storage of goods; transportation, transmission, storage, supply, distribution and delivery of hydrogen; transportation, transmission, storage, supply, distribution and delivery of hydrogen produced by renewable energy sources; transportation, transmission, storage, supply, distribution and delivery of ammonia; transportation, transmission,

storage, supply, distribution and delivery of ammonia produced by renewable energy sources; transportation, transmission, storage, supply, distribution and delivery of fuel; transportation, transmission, storage, supply, distribution and delivery of fuel derived from ammonia or predominantly derived from ammonia, including ammonia produced by renewable energy sources; transportation, transmission, storage, supply, distribution and delivery of energy derived from ammonia or predominantly derived from ammonia, including ammonia produced by renewable energy sources; transportation, transmission, storage, supply and distribution of renewable energy, namely, solar energy, wind energy and geothermal energy; transportation, transmission, storage, supply, distribution and delivery of energy including ammonia energy, hydrogen energy, solar energy, renewable energy, electricity, gas, natural gas, fuel, graphite and/or other hydrocarbon energy; transmission, storage, distribution and supply of electricity; transportation, transmission, storage, supply, distribution and delivery of iron; transportation, transmission, storage, supply, distribution and delivery of iron made by renewable energy sources; transportation, transmission, storage, supply, distribution and delivery of steel; transportation, transmission, storage, supply, distribution and delivery of steel made by renewable energy sources; electricity supply services; storage, transportation, transmission and distribution of ammonia energy and hydrogen energy from production facilities services to end users through pipelines and by transport distribution services; storage, transportation and distribution of water; warehousing services; logistics services consisting of the storage and transport of goods; tracking of assets by computer; removal and transportation of waste; information, advisory and consultancy services in relation to all the aforesaid services.

Class 40

Production and generation of energy; production and generation of fuel; production and generation of hydrogen; production and generation of hydrogen produced by renewable energy sources; production and generation of ammonia; production and

generation of ammonia produced by renewable energy sources; production and generation of fuel and energy derived from ammonia or predominantly derived from ammonia, including ammonia produced by renewable energy sources; production and generation of fuel and energy derived from hydrogen or predominantly derived from hydrogen, including hydrogen produced by renewable energy sources; production and generation of solar energy, renewable energy, ammonia energy, hydrogen energy, electricity, gas, water energy and natural gas energy; production and generation of renewable energy, namely, solar energy, wind energy and geothermal energy; processing of iron; processing of iron produced by renewable energy sources; processing of iron using electrochemicals; processing of iron using hydrogen produced by water electrolysis using renewable energy; processing of iron using hydrogen and ammonia; processing of steel; processing of steel produced by renewable energy sources; processing, separation and fractionating liquids from natural gas; water treatment services; electricity generation; production of electricity; electricity generation by power plants; gas processing and treatment; gas processing services; processing and conversion of energy, ammonia, hydrogen, gas and fuels; processing and conversion of fuels and energy; processing and conversion of energy generated from renewable sources; waste water treatment services; water treatment provided via facilities; treatment of materials; heat treatment services; recycling services; recycling of chemicals, batteries, materials, waste and industrial goods; carbon offsetting services (recycling); energy recycling services; custom manufacture of products, equipment, installations and systems associated with energy production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with hydrogen production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with hydrogen produced by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of hydrogen made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated

with ammonia production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with ammonia produced by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of ammonia, made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with energy produced by ammonia, hydrogen and renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of energy; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of iron; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of steel; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of iron, made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of steel made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with fuel production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with fuel produced by ammonia and renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of fuel; treatment and blending of metals and ores; metal and ore processing; metallurgical processing; information, advisory and consultancy services in relation to all the aforesaid services.

Class 41

Education and training services; arranging and conducting workshops; organisation of competitions (education or entertainment); organising exhibitions for cultural or educational purposes; arranging and conducting of conferences; electronic publication of information on a wide range of topics, including online and over a

global computer network; aerial photography for analysing and diagnosing air, soil, earth and water; information, advisory and consultancy services in relation to all the aforesaid services.

Class 42

Gas, hydrogen and ammonia exploration services; geophysical exploration; mineral exploration services; mining exploration services; geological prospecting; surveying services; mineral and chemical analysis services; engineering services; chemical analysis and research; scientific and technological design, consulting, and research services; research in the field of environmental protection; environmental surveys and testing; environmental monitoring services; scientific and technological advisory and research services relating to environmental pollution and protection; environmental testing; providing temporary use of non-downloadable software; providing online non-downloadable software using artificial intelligence for machine learning; software as a service (saas); design and development of computer hardware and software; computerized data storage services; technical data analysis services; electronic data storage; technological services via remote monitoring of mining assets in the field of mining and maintenance of mining equipment; energy use and conservation consultancy services; information, advisory and consultancy services in relation to all the aforesaid services.

Information technology software; cyber security software; computer software for computer security, computer network security, information security, data security and firewall security purposes; application programming interface (API) software; computer software; computer hardware.

Class 42

Providing temporary use of non-downloadable cloud-based software; providing temporary use of non-downloadable cloud-based software in the fields of information technology, cyber security, computer security, computer network security, information security, data security and firewall security; advisory services in the fields of cyber security, computer network security, information security, data security, and firewall security; technology research in the field of cyber security, data and information security, and network security; product research and development in the field of cyber security; computer consulting services, namely, planning and design of network architectures; technical consulting services in the field of cyber security, namely, consulting regarding security architecture, information architecture, enterprise architecture, public and private cloud computing software solutions; technology consultation services in the field of cyber security; computer consulting services, namely, implementation and integration of information technology solutions in the field of cyber security; integration of computer systems and networks;

maintenance of software for computer systems, computer networks, and computer equipment; technical support services for IT infrastructure, operating systems, database systems, and web applications; computer technology support services; managed computer security services, namely, providing computer security analysis, computer security consulting, computer security assessment, computer security program assessment, and computer testing for vulnerability assessment; managed computer security services, namely, malware mitigation in the nature of detection, blocking, and remediation of malware; computer security services in the nature of security information event management (SIEM), namely, electronic collection and analysis of real-time network information to manage and respond to security vulnerabilities and external threats; computer network security services and communications network security services in the nature of network intrusion protection, computer testing for vulnerability management and assessment, managing endpoint security on networks, data breach threat analysis, network threat analysis, computer incident response, network incident response, and forensics and penetration testing; computer security consulting services in the field of critical incident response to information, computer, and internet security breaches; computer cloud security advisory services, namely, software consultation regarding cloud storage, cloud collaboration software platforms, and cloud hosted enterprise software applications; information technology vulnerability assessment services, namely, computer testing for assessing network information security vulnerability and risk; computer security consultancy in the field of scanning and penetration tests of computers and networks to assess information security vulnerability; computer consultation, namely, information technology system security breach investigation and remediation services in the nature of providing assistance to isolate and remediate security threats and security breaches in computer systems and networks, in information technology applications, and in computer software and hardware; computer services, namely, providing forensic services to recover lost and deleted data; software as a service (SaaS) services featuring cyber security software;

providing non-downloadable online application software for accessing and using a network infrastructure allowing users to perform technology testing for compatibility, scalability and flexibility of vendor solutions; installation and maintenance of computer software relating to computer security, cyber security, software security, and prevention of computer risks; technology consultation and research in the fields of cyber security, computer software security, network security, digital devices, networked devices, and mobile device security; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; providing technology consultation in connection with computer software, computer network design, electronic storage design, network security, and cloud computing security; testing of computer software and computer networks relating to computer security and prevention of computer risks; Design and development of security systems; Cybersecurity consultancy services; Computer disaster recovery planning; computer services, namely, monitoring of computer security systems of others to assess information security vulnerability; computer services, namely, remote and on-site management of computer networks, firewalls, virtual private networks and networked devices of others for the purpose of assessing and preventing information security vulnerability; managed computer security services, namely, design, development and implementation of firewalls, virtual private networks, and intrusion detection systems; computer services, namely, on-line scanning, detecting, quarantining and eliminating of viruses, worms, trojans, spyware, adware, malware and unauthorized data and programs on computers, digital devices, networked devices, mobile devices, and electronic devices; computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; Security assessment services for information systems including their physical locations, working environments and infrastructure, namely, desktops, servers, routers, networked devices, digital devices, mobile devices, databases and applications; providing information in the field of information technology via interactive online websites that allows users, namely

security personnel and experts, to upload and share updates, news, white papers, and information regarding events relating to secure information technology.

Priority Details:

Class Number: 09

Priority Date: 17/06/2021

Country/Territory: UNITED STATES OF AMERICA

Priority Application Number: 90780795

Goods and/or Services: Information technology software; cyber security software; computer software for computer security, computer network security, information security, data security and firewall security purposes; application programming interface (API) software; computer software; computer hardware.

Class Number: 42

Priority Date: 17/06/2021

Country/Territory: UNITED STATES OF AMERICA

Priority Application Number: 90780802

Goods and/or Services: Providing temporary use of non-downloadable cloud-based software; providing temporary use of non-downloadable cloud-based software in the fields of information technology, cyber security, computer security, computer network security, information security, data security and firewall security; advisory services in the fields of cyber security, computer network security, information security, data security, and firewall security; technology research in the field of cyber security, data and information security, and network security; product research and development in the field of cyber security; computer consulting services, namely, planning and design of network architectures; technical consulting services in the field of cyber security, namely, consulting regarding security architecture, information architecture, enterprise architecture, public and private cloud computing software solutions; technology consultation services in the field of cyber security; computer consulting

services, namely, implementation and integration of information technology solutions in the field of cyber security; integration of computer systems and networks; optimization of computer systems, computer networks, and related equipment; computer technical support services in the nature of 24/7 service desk or help desk services for IT infrastructure, operating systems, database systems, and web applications; computer technology support services, namely, help desk services; managed computer security services, namely, providing computer security analysis, computer security consulting, computer security assessment, computer security program assessment, and computer testing for vulnerability assessment; managed computer security services, namely, malware mitigation in the nature of detection, blocking, and remediation of malware; managed security services in the nature of security information event management (SIEM), namely, electronic collection and analysis of real-time network information to manage and respond to security vulnerabilities and external threats; computer network security services and communications network security services in the nature of network intrusion protection, computer testing for vulnerability management and assessment, managing endpoint security on networks, data breach threat analysis, network threat analysis, computer incident response, network incident response, and forensics and penetration testing; computer security consulting services in the field of critical incident response to information, computer, and internet security breaches; computer cloud security advisory services, namely, software consultation regarding cloud storage, cloud collaboration software platforms, and cloud hosted enterprise software applications; information technology vulnerability assessment services, namely, computer testing for assessing network information security vulnerability and risk; computer security consultancy in the field of scanning and penetration tests of computers and networks to assess information security vulnerability; computer consultation, namely, information technology system security breach investigation and remediation services in the nature of providing assistance to isolate and remediate security threats and security breaches in computer systems and networks,

in information technology applications, and in computer software and hardware; computer services, namely, providing forensic services to recover lost and deleted data; software as a service (SAAS) services featuring cyber security software; providing online, non-downloadable network infrastructure and application software allowing users to perform technology testing for compatibility, scalability and flexibility of vendor solutions; installation and maintenance of computer software relating to computer security, cyber security, software security, and prevention of computer risks; technology consultation and research in the fields of cyber security, computer software security, network security, digital devices, networked devices, and mobile device security; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and software problems; providing technology consultation in connection with computer software, computer network design, electronic storage design, network security, and cloud computing security; testing of computer software and computer networks relating to computer security and prevention of computer risks; design and development of security systems and contingency planning for information systems and computer network security; computer services, namely, monitoring of computer security systems of others to assess information security vulnerability; computer services, namely, remote and on-site management of computer networks, firewalls, virtual private networks and networked devices of others for the purpose of assessing and preventing information security vulnerability; managed computer security services, namely, design, development and implementation of firewalls, virtual private networks, and intrusion detection systems; computer services, namely, on-line scanning, detecting, quarantining and eliminating of viruses, worms, trojans, spyware, adware, malware and unauthorized data and programs on computers, digital devices, networked devices, mobile devices, and electronic devices; computer security service, namely, restricting access to and by computer networks to and of undesired web sites, media and individuals and facilities; security audits of physical locations, information systems, working environments and infrastructure, namely, desktops, servers,

routers, networked devices, digital devices, mobile devices, databases and applications; providing an online, interactive website for information security personnel and experts to establish best practices for secure information technology infrastructures featuring technology that allows users to upload and share updates, news, white papers, and information regarding events in the field of secure information technology.

Goods and/or Services:

Class 07

Mechanical drilling tools; mechanical drilling tools for mining plants; drilling rigs; Drilling tools, namely, drilling towers, hoists, hoisting towers, winches, shafts, gears for machines and motorized drives for machines, the foregoing for use in rotary drilling installations for drilling oil on land and at sea; machines for rotating a pipe string, namely, top drives; pipe installation machines; pipe handling machines; pipe conveyors; Oil drilling equipment, namely, power slips for use with oil drilling rigs; lifting apparatus, namely, drawworks and cranes; industrial pumps, namely, piston pumps and plunger pumps; drilling fluid pumps for drilling plants; pumps for sediment transport; sludge or slurry pumps; Pressure control devices in oil and gas drilling installations, namely, pressure regulators being parts of machines; annular blowout preventers [valves]; Oil drilling equipment, namely, marine risers in the nature of conduits for connecting a subsea wellhead to a floating vessel; robotic arms for use on industrial plants, namely, robotic arms for handling items on drilling plants; mud pumps for use in oil and gas drilling operations.

Class 09

Computer hardware and recorded software for blowout preventer control systems

and operator interface for use in the oil and gas industries; downloadable software for [specify function] for use with blowout preventers (bop) in the oil and gas production industry; downloadable analytic software for maintenance, operation, trouble-shooting and monitoring, for use with blowout preventer systems in the oil and gas production industry; downloadable remote monitoring software for collecting, analyzing and reporting data used in condition maintenance planning in the oil and gas production industries.

Class 37

Oil field services, namely, repair and maintenance services for oil and gas wells; installation, repair and maintenance of oil well blowout preventers and parts therefore; Rental of oil well drilling tools; installation, repair, and maintenance of drilling rig equipment apparatus and installations; installation, repair, and maintenance of mining rig equipment apparatus and installations; maintenance and repair of industrial plants and industrial equipment.

Class 42

Consulting services, namely, technical project consultancy and technical planning in the fields of mining, civil engineering and drilling; technical consultancy related to the development of oil and gas drilling equipment and installations; technical consultancy related to the development of offshore industrial plants or drilling rigs; technical consultancy related to operational monitoring and operational control of industrial plants; Providing online non-downloadable software for generating diagrams, schematics and plans for drilling in an oil well; design of drilling rig equipment apparatus and installations; design of mining rig equipment apparatus and installations; design of industrial plants and industrial plant equipment.

QUESTAR

Goods and/or Services:

Class 09

Vehicle tracking apparatus; GPS tracking devices; engine diagnostic apparatus; in vehicle displays including but not limited to color coded signaling and graphic displays, signaling and checking apparatus and instruments; apparatus and instruments for monitoring, recording, analyzing and transmitting data, sound and/or images; video telematics devices in cabin and road facing; telecommunications equipment; telephones and mobile phones; antitheft warning apparatus; data processing equipment; computers; computer software, GPS Software; computer

hardware for setting up and configuring a web based vehicle driver management system; computer software and firmware for setting up and configuring a web based vehicle driver management system, namely, computer software for analyzing data from multimedia event recorders; driving performance management software for evaluating driver safety and mechanical behaviors; software for analyzing data of the vehicle mechanical performance, maintenance and preventing maintenance; software for the automotive, mobility and transportation fields; embedded software for vehicles including data collection, data compression and data processing software, telematics software, vehicle health management software, and cybersecurity software; software installed on vehicle electronic control units, domain controllers and other on-board computers; software for vehicle fleet monitoring and fleet management including data collection and data processing software, and cybersecurity software; cloud based software, either executed in the cloud or downloadable for use on-board vehicles; AI-based computer software and tools, either used in the cloud or downloadable on-board the vehicle, for data processing including for vehicle health management, vehicle aid fleet performance optimization, and cybersecurity; software for use in the evaluation and analysis of the mechanical and electronic condition of vehicles, driver behavior and conditions, and road conditions; software for use in evaluation and optimization of vehicle fleets operations; electronic security, location, status monitoring and signaling systems comprised of a transmitter, antenna, receiver, battery and portable panic button transmitters for monitoring vehicles, persons, animals, and objects; transponder devices; electronic transmitters and receivers, all for use in tracking vehicles; signalling and checking apparatus and instruments all for use in the prevention of unauthorized use of vehicles, plant and machinery and the recovery of the same; electronic locator transponders including those incorporating satellite, telematic and global positioning systems; emergency locator transponders; data processing equipment all relating to the aforementioned goods; parts and fittings for all the aforesaid goods.

Class 35

Business management of vehicle fleets and fleet management solutions; business services, namely business research on driver profiles; business services, namely business research on driver profiles through the capture of vehicle operational information; business services, namely business research relating to real time and periodic reports capturing driver data, journey data and vehicle diagnostics; data processing; business management and/or the provision of business information; retail services connected with the sale of vehicle and driver monitoring, locating devices; all the aforesaid services provided by means of telecommunication, mobile communication, electronic, wireless and internet communication, data processing and data analytics; data collection and processing services for vehicles and fleets.

Class 42

Cloud-based data protection services in the transportation field; support and maintenance services for software in the transportation field; Software as a Service [SaaS] for vehicles and fleets; computer software support and maintenance services for controlling and monitoring of vehicle safety, V2V & V2X communication and ware and tare subsystems including tiers and vehicle additional bodies like concrete mixers, cranes etc; cloud computing software services in the transportation field; cloud-based data protection services for vehicles and fleets; service maintenance of data processing software in the transportation field; service maintenance of computer software relating to cybersecurity and prevention of computer risks in the transportation field; all the aforesaid services for use in connection with in vehicle software embedded within the vehicle systems; support and maintenance services for software for video telematics in cabin and road facing; development of computer software platforms, non-downloadable, namely, AI-based non-downloadable computer software platforms for vehicle health management, and fleet management; development of non-downloadable computer software platforms for use in the

evaluation and analysis of the mechanical and electronic condition of vehicles, driver behavior anti conditions, and road conditions, non-downloadable computer software platforms for use in the evaluation, analysis, and optimization of vehicle performance, fleet performance, and driver performance; Platform as a Service [PaaS], namely, AI-based Platform as a Service [PaaS] for vehicle health management and fleet management, Platform as a Service [PaaS] for use in the evaluation and analysis of the mechanical and electronic condition of vehicles, driver behavior and conditions, and road conditions; Platform as a Service [PaaS] for use in the evaluation, analysis, and optimization of vehicle performance, fleet performance, and driver performance; Software as a Service [SaaS], non-downloadable, namely, AI-based Software as a Service [SaaS] for vehicle health management and fleet management; Software as a Service [SaaS] for use in the evaluation and analysis of the mechanical and electronic condition of vehicles, driver behavior and conditions, and read conditions; Software as a Service [SaaS] for use in the e valuation, analysis, and optimization of vehicle performance, fleet performance, and driver performance; providing temporary use of computer software applications, non-downloadable, namely, computer software applications for vehicle health management and fleet management computer software applications for use in the evaluation and analysis of the mechanical and electronic condition of vehicles, driver behavior and conditions, and road conditions, computer software applications for use in the evaluation, analysis, and optimization of vehicle performance, fleet performance, and driver performance; online provision of non-downloadable web-based applications, namely non-downloadable AI-based web-based applications for vehicle health management and fleet management, web-based applications for use in the evaluation and analysis of the mechanical and electronic condition of vehicles, driver behavior and conditions, and road conditions, web-based applications for use in the evaluation, analysis, and optimization of vehicle performance, fleet performance, and driver performance; development, programming and maintenance of the aforementioned computer software and software services for use in the automotive industry.

WAYMO

Goods and/or Services:

Class 09

Downloadable software for arranging, engaging, scheduling, managing, obtaining, booking, and coordinating travel, transportation, transportation services, ride-hailing, deliveries, and delivery services; downloadable software for the scheduling and dispatch of motorized vehicles; downloadable software for monitoring, managing, and tracking delivery of goods; downloadable software for requesting and ordering delivery services; downloadable software for planning, scheduling, controlling, monitoring, and providing information on transportation of assets and goods; downloadable software for tracking and providing information concerning pick-up and delivery of assets and goods in transit; downloadable software for accessing and providing online grocery and retail store services; downloadable software for providing and managing delivery of consumer goods, food, and groceries; downloadable real-time map software for tracking vehicles, trips, and deliveries; downloadable software for displaying transit routes; downloadable software for providing information on transportation and delivery services; downloadable software featuring information about food, grocery, and consumer products; downloadable software for users to administer, access, monitor, and manage loyalty programs and rewards; downloadable software for earning, tracking, and redeeming loyalty rewards, points, and discounts; downloadable software for issuing, setting up, distributing, and redeeming promotions, coupons, discounts, deals, vouchers, rebates, rewards, incentives, and special offers to customers; computer hardware and recorded software for the autonomous driving of motor vehicles; downloadable software in the nature of vehicle operating system software; downloadable software for autonomous vehicle operation, navigation, steering, calibration, and management; downloadable software for vehicle fleet management, namely, tracking fleet vehicles for commercial purposes; downloadable computer software for use as an application programming interface (API); recorded software and computer hardware for vehicle fleet launching, coordination, calibrating, direction, scheduling, booking, dispatching, and management; computer hardware and recorded software for use with vehicle cameras; recorded software for artificial intelligence (AI), machine learning, and deep

learning; recorded software for artificial intelligence (AI), machine learning, and deep learning for data processing and contextual prediction, personalization, and predictive analytics; downloadable computer programs and downloadable software for artificial intelligence (AI), machine learning, and deep learning for use in connection with operating autonomous vehicles, systems, devices, and machinery; recorded software and computer hardware for use in connection with and for operating autonomous vehicles, systems, devices, and machinery; computer hardware and recorded software for operating vehicle cameras; downloadable computer software for use in operating and calibrating lidar; computer hardware for operating autonomous vehicles; navigational instruments for vehicles; laser object detectors; laser device for sensing objects; laser device for sensing outdoor terrain; audio detectors; laser device for sensing distance to objects in the nature of laser rangefinders; electric sensors for determining position, velocity, direction, and acceleration; perimeter sensors in the nature of sensors that measure the presence of objects in the environment and the speed, trajectory, and heading of objects; environmental sensors for measuring the presence of objects in the environment and the speed of objects; vehicle sensors, namely, environmental sensors for measuring the presence of objects in the environment and the speed of objects; sensors for determining position, velocity, direction, and acceleration; vehicle safety and detection equipment and hardware, namely, safety restraints other than for vehicle seats and sports equipment, video devices for traffic detection; safety and driving assistant systems comprised of sensors for determining position, velocity, direction, and acceleration of land vehicles; cameras; cameras for use with vehicles; downloadable data sets in the field of machine perception and autonomous driving technology.

Class 12

Self-driving transport vehicles; trucks; freight vehicles, namely, trucks and vans; shared transit vehicles; freight vehicles in the nature of land vehicles; autonomous

land vehicles and structural parts thereof.

Class 35

Business management and business operations in the field of transportation; freight logistics management, namely, business management in the field of logistics for the delivery of freight; providing business information via a website in the field of planning, coordinating, and tracking the transportation of goods, freight, people, and conveyances; providing business and commercial information via a website in the field of planning, coordinating, and tracking the transportation of people, and planning and scheduling shipments for users of transportation services; business data analysis; advertising services; promoting the goods and services of others; administration of a discount program for enabling participants to obtain discounts on goods and services; administration of a customer loyalty program which provides discounted ride-hail rides; providing promotional information about discount and rewards programs via a website; administration of loyalty and rewards programs to incentivize engagement with a ride-hailing platform; charitable services, namely, administration of volunteer programs and community service projects.

Class 39

Car rental services; truck rental services; rental of autonomous vehicles; truck transport; car transport; travel by land vehicles; transport of persons; transport of goods; delivery of goods; delivery by road; transportation and delivery services by autonomous vehicles; freight services and cargo transportation services; freight transportation; supply chain logistics and reverse logistics services, namely, storage, transportation, and delivery of goods for others; providing autonomous vehicle booking services; travel arrangement, namely, arranging time-based ride-hailing; transportation services, namely, coordinating the pickup and dropoff of passengers at designated or directed locations; transportation management services for others, namely, planning, coordinating, and tracking the transportation of people and

conveyances; providing transportation information; providing information regarding autonomous car transportation and delivery services and scheduling transportation services via a website; providing information in the field of transportation via a website; providing information regarding transportation services and bookings for transportation services via a website; providing information regarding delivery services and bookings for delivery services via a website; providing information about transportation management services in the nature of transportation of goods, namely, about planning, coordinating, and tracking the transportation of conveyances via a website; charitable services, namely, transportation and delivery services by road; transportation services, namely, fleet management services in the field of tracking of vehicle fleets; transportation services, namely, tracking, locating, and monitoring of vehicles for commercial purposes; transport in the nature of transportation logistics services, namely, arranging the transportation of goods for others; fleet management services in the nature of tracking, locating, and monitoring of fleet vehicles for commercial purposes; tracking, locating, and monitoring of transportation of persons and delivery of goods and packages in transit, for business purposes.

Class 42

Providing non-downloadable online software for arranging, engaging, scheduling, managing, obtaining, booking, and coordinating travel, transportation, transportation services, ride-hailing, deliveries, and delivery services; providing non-downloadable online software for tracking, locating, and monitoring vehicles; providing non-downloadable online software for coordinating the transport and delivery of goods; providing non-downloadable online software for arranging, procuring, scheduling, engaging, coordinating, managing, and booking transportation and deliveries; providing non-downloadable online software for providing and managing delivery services; providing non-downloadable online software for providing and managing delivery of consumer goods, food, and groceries; providing non-downloadable online

software for accessing and viewing transit information, schedules, routes, and prices; providing temporary use of online non-downloadable real-time map software for tracking vehicles and deliveries; providing non-downloadable online software that enables users to request transportation via a website; providing temporary use of online non-downloadable computer software for identifying trip delays and vehicle location; providing temporary use of online non-downloadable software for accessing transportation services, bookings for transportation services and dispatching motorized vehicles; providing non-downloadable online software for issuing, setting up, distributing, redeeming, and accessing promotions, coupons, discounts, deals, vouchers, rebates, rewards, incentives, and special offers; providing non-downloadable online software for vehicle fleet management; software as a service (SaaS) services featuring online non-downloadable computer software for use as an application programming interface (API); providing non-downloadable online software for vehicle coordination, navigation, calibrating, direction, and management for use with vehicle on-board computers; software as a service (SaaS) services featuring software for vehicle coordination, navigation, calibrating, direction, and management for use with vehicle on-board computers; providing online non-downloadable software for analyzing transportation and deliveries; electronic monitoring and reporting of transportation data using computers or sensors; providing online non-downloadable software for the autonomous driving of motor vehicles; providing non-downloadable online software for autonomous vehicle navigation, steering, calibration, and management; providing non-downloadable online software for visualization, manipulation, and integration of digital graphics and images; providing non-downloadable online software for artificial intelligence, machine learning, and deep learning; providing non-downloadable online software for use in operating and calibrating lidar; providing non-downloadable online software used for data analytics in the field of transportation; providing non-downloadable online software used for data analytics in the field of transportation fleet management; providing non-downloadable online open source software for use in data

management; land and road surveying; surveying services and technical data analysis in connection with the survey findings; mapping services; providing non-downloadable online software for accessing location, GPS, and motion sensor data for safety and emergency response purposes; providing non-downloadable online software for emergency assistance; providing non-downloadable online software for safety and incident detection; hosting of databases providing data sets in the field of machine perception and autonomous driving technology; providing information about autonomous-vehicle and machine-perception research via a website; research, design, and development in the field of artificial intelligence; research, design, and development in the field of autonomous technology; research, design, and development in the field of perception and motion prediction; research, design, and development of computer hardware and software for use with vehicle on-board computers for monitoring and controlling motor vehicle operation; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware problems; computer hardware and software development for use with vehicle on-board computers for monitoring and controlling motor vehicle operation; research, design, and development of computer hardware and software for vehicle coordination, navigation, calibrating, direction, and management; research, design, and development of sensors and for structural parts thereof; research, design, and development of lasers for sensing objects and distance to objects, lasers for sensing indoor and outdoor terrain, lasers for measuring purposes, laser measuring systems, lidar (light detection and ranging apparatus), and laser equipment; advanced product research, design, and development in the field of artificial intelligence in connection with autonomous vehicles; design and development of computer hardware and software; research, design, and development of vehicle software; technological, scientific and research services in the field of robotics, self-driving car and autonomous vehicle technology; providing virtual computer systems and virtual computer environments through cloud computing for the purpose of training self-driving cars, autonomous vehicles and robots; computer-aided testing of self-driving

cars, autonomous vehicles and robots using computer simulations; creation, development, programming and implementation of simulation software in the field of self-driving cars, autonomous vehicles and robots; creation of simulation programs for autonomous vehicles.

L2K

Goods and/or Services:

Class 09

CDs; MP3 players; alarms; meters; calculating machines; optical glass; humanoid robots with artificial intelligence for use in scientific research; downloadable digital video recordings; downloadable multimedia file; downloadable music files; downloadable image files; electronic publications, downloadable; downloadable e-wallets; downloadable computer programs for use in telecommunications; downloadable ticket; neon signs; mechanisms for coin-operated apparatus; digital door lock; radios; mouse pads; animated cartoons; telescopes; metronomes; downloadable emoticons for mobile phones; wireless speakers; biochip sensors;

anti-reflective lenses; auxiliary battery packs; protective helmets; photocopiers [photographic/electrostatic/thermic]; gloves for protection against accidents; photographic equipment; sunglasses; selfie sticks [hand-held monopods]; spectacles and prescription goggles for swimming; smartwatches; smartphones; smartphone mounts; chargers for smartphones; protective films adapted for smartphones; cases for smartphones; audiovisual teaching apparatus; signalling whistles; analysis apparatus for laboratory use; eyeglasses; compact discs [audio-video]; computer software for transmitting and/or broadcasting audio, video and multimedia contents; phonograph records; pre-recorded music electronic media; earphones; decorative magnets; electric door bells; electrified fences; electric audio and visual apparatus and instruments; cables, electric; battery charging cables; cameras; mounting devices for cameras and monitors; computer game cartridges; computer peripherals and accessories; computer peripheral devices; contact lenses; headphones; hairdressing training heads [teaching apparatus]; anti-pollution masks for respiratory protection; video conferencing apparatus.

Class 35

Wholesale store services in relation to furniture; retail store services in relation to bags; retail store services in relation to humidifiers; retail store services in relation to scissors; retail store services in relation to containers for household or kitchen use; arranging and conducting of auction sales; arranging of auction sales; advertising; administrative processing of purchase orders; wholesale store services in relation to graphic prints; business management assistance; online retail services for downloadable and pre-recorded music and movies; marketing; retail store services in relation to beer; secretarial services; retail services relating to bakery products; office machines and equipment rental; organization of events for commercial and promotional purposes; commercial administration of the licensing of the goods and services of others; goods import-export agencies; retail store services in relation to waters [beverages]; presentation of goods on communication media, for retail

purposes; import-export agency services; sales agency services for smartphones; retail store services in relation to meat; retail store services in relation to nutraceuticals for use as dietary supplements; retail store services in relation to footwear; retail store services in relation to tuners for musical instruments; arranging of contracts, for others, for the selling of eyeglasses; retail store services in relation to dog toys; retail store services in relation to picture frames; business management of entertainers; talent agency services [business management of performing artists]; business management of performing artists; retail store services in relation to charms for key rings; retail store services in relation to food for babies; arranging subscriptions to online publications for others; wholesale store services in relation to umbrellas; wholesale store services in relation to cheerleading pom-poms; sales agency services for medical apparatus and instruments; wholesale store services in relation to clothing; wholesale store services in relation to pharmaceuticals; retail store services in relation to pharmaceuticals; human resources management; promoting the goods and services of others by means of operating an on-line comprehensive shopping mall; business intermediary services relating to mail order selling by electric communication; telephone answering and message handling services; retail store services in relation to kitchen containers; retail store services in relation to bookmarkers; systematization of data in computer databases; online advertising via a communications network; retail store services in relation to firecrackers; publicity; wholesale store services in relation to cosmetics; accounting; sponsorship search.

Class 38

Transmission of data, audio, video and multimedia files, including downloadable files and files streamed over a global computer network; providing access to mobile internet portals; transmission of sound and images between mobile telecommunications devices; providing access to chat lines, chatrooms and forums on the internet, including mobile internet; transmission of video via the mobile

phones and internet; providing online chat room or bulletin board service; electronic bulletin board services for location-based social networking service (SNS); transmission of digital files for location-based social networking service (SNS); streaming of audio/video/audiovisual data via internet; transmission of video and audio via the mobile phones and internet; interactive broadcasting and communications services; broadcasting and transmission of television programs; multimedia broadcasting via the internet and other communications networks; digital broadcasting; internet broadcasting services; electronic transmission of data via a peer-to-peer network; transmission of voice by national and international networks; transmission of downloadable electronic publications; transmission of sound and visual recordings over networks; digital media streaming services; television broadcasting; radio broadcasting; telephone services; short message services [SMS]; streaming of audio, visual and audiovisual material via a global computer network; chatroom services for social networking; transmission of electronic mail; transmission of sound, video and information; video on demand transmissions.

Class 41

Production of CD music; entertainment services performed by singers; ticket reservation agency services for performances and theaters; planning of entertainment performances; rental of facilities and equipment for the production of radio and television programs, musical and theatrical productions, namely, rental of performance venues; recreational park services; arranging and conducting of competitions [education or entertainment]; organization of competitions [education or entertainment]; providing information in the field of education; educational services; night club entertainment services; recording studio services; news reporters services; organisation of pop music concerts; dance events; lending library services; animal training; instruction in animal training; digital video, audio and multimedia entertainment publishing services; digital filming services; editing of digital images; ticket reservation services for live performances; provision of recreation facilities and

services; modelling for artists; providing of digital music via mobile devices; arranging and conducting of seminars, conferences and exhibitions for cultural or educational purposes; organization of exhibitions for cultural or educational purposes; conducting of cultural events; production of music videos; beauty education; translation; editing of photographs; publication of books; publication of books, periodical publications, magazines, newspapers and newsletters; arranging and conducting of seminars; booking of seats for shows and sports events; music publishing services; instruction in fishery skills; provision of language courses; instruction in acting, singing and dancing; providing information in the field of entertainment; provision of information relating to entertainment, music, live performances and entertainment events; organizing and arranging exhibitions for entertainment purposes; providing entertainment and amusement information; ticket reservation and booking services for entertainment, sporting and cultural events; artists' education; entertainer services; providing facilities for movies, shows, plays, music or educational training; providing audio or video studios; providing user reviews for entertainment or cultural purposes; rental of sound recordings and video recordings; presentation of musical performances; education and training services relating to the music and entertainment industries; production of music; providing online electronic publications, not downloadable; songwriting; instructional and training services; rental of printed publications; arranging and conducting of concerts; club services [entertainment or education]; educational services provided by special needs assistants.

BUCHINGER WILHELM

Goods and/or Services:

Class 09

Software; mobile apps; compact discs; dvds; digital recording media; web applications; measuring tapes; spectacle cases; cases adapted for mobile phones; cases adapted for mobile phones; podcasts.

Class 16

Printed matter; books; periodicals; stationery; ball pens; bags, pouches and envelopes for packaging made of paper, cardboard or plastics; bags made of paper for packaging; bags [envelopes, pouches] of paper or plastics, for packaging; stickers [stationery]; paper gift wrapping ribbons; self-adhesive tapes for stationery use; make-up pads of paper for removing make-up; table napkins of paper; flags of paper; banners of paper; clips for offices.

Class 38

Providing access to platforms and portals on the internet; transmission of information on-line; telematic [data communication] services; telematic sending of information; transmission of data, messages and information; transmission of computerised

documents; transmission of encrypted communications; data transmission; transmission of information relating to pharmaceuticals, medicine and hygiene; transfer of information by radio; transmission of information by electronic communications networks; providing access to databases.

Class 41

Instruction and further training events in the fields of medicine, therapy and health promotion; arranging and conducting cultural events; arranging and conducting of instruction in the fields of arts and crafts, physiotherapy; conducting and arranging of exhibitions, educational events, conferences, congresses, musical events, training courses, seminars, theatrical events, entertainment events, recreational events, amusement events, talks; providing sporting and fitness facilities.

Class 42

Clinical research; medical research; IT services; software development, programming and implementation; hosting of software; hosting of podcasts; development of hardware.

Class 44

Medical analysis and services; development and application of therapy plans for diseases, deficiencies and excesses; sports medicine; physiotherapy consultancy; hygienic and beauty care for children, young persons and adults; cosmetic treatment services; beauty salons and hairdressing salons; providing sauna and solarium facilities; consultancy with regard to controlled fasting; consultancy in the fields of medicine and therapy; medical services relating to the development, application and providing of concepts and programs in the fields of medicine and therapy; convalescent homes; health clinic services; consultancy in the field of health care; planning and providing of programs in the field of health care.

Date of Protection in Singapore: 12 April 2023

Classes: 09 39 42

Goods and/or Services:

Class 09

Computer programs for reservation, allocation and arrangement of vehicles such as taxis and limousine hires; computer programs for self-driving cars; computer programs for traffic control of self-driving cars; computer programs for transportation business; computer programs for electronic payments; computer programs for collecting, analyzing or storing big data, data log or electronic data; computer programs; computer hardware and parts therefor; computer and computer peripherals; big data, data log or electronic data for sales improvement such as marketing promotions; other big data, data log or electronic data for computers; data carriers for computers recorded with big data, data log or electronic data; electrical communication machines and instruments; personal digital assistants for electronic payments; personal digital assistants for advertising purposes; personal digital assistants with translation function; smartwatches; smartphones; personal digital assistants and parts therefor; digital signage display panels; neon signs; navigational

apparatus for automobiles; event recorders; sensors [measurement machines and instruments]; measuring machines and instruments and parts therefor; vehicle driving simulators for training purposes; driving simulators for training purposes; game programs for arcade video game machines; photographic apparatus and instruments; cinematographic apparatus and instruments; optical apparatus and instruments; bags, cases or covers for computers and computer peripherals; SIM cards; data carriers; phonograph records; pre-recorded electronic circuits, CD-ROMs, DVDs, magnetic tapes, magnetic discs, optical discs, cartridges, cassettes and other data carriers; downloadable music files or voice files; downloadable image files; pre-recorded video discs, video tapes, CD-ROMs, DVDs and other data carriers; exposed cinematographic films; exposed slide films; slide film mounts; downloadable electronic publications; other electronic publications; downloadable music, sounds, images and graphics; pre-recorded CD-ROMs, DVDs and other data carriers; portable security buzzer; fire alarms; burglar alarms.

Class 39

Reservation, allocation and arrangement of car transport; brokerage for reservation, allocation and arrangement of car transport; car transport, and consultancy and information services relating thereto; providing road and traffic information such as traffic congestion and accidents; providing other road and traffic information; vehicle driving services, and consultancy and information services relating thereto; packaging services, and consultancy and information services relating thereto; cargo transportation brokerage, and consultancy and information services relating thereto; cargo unloading, and consultancy and information services relating thereto; removal services, and consultancy and information services relating thereto; travel information services relating to tourist areas and tourist facilities; other travel information services, excluding those for lodging; conducting of travel tours, and consultancy and information services relating thereto; travel tour guide services, and consultancy and information services relating thereto; travel agency services,

excluding those for lodging, and consultancy and information services relating thereto; provision of parking spaces, and consultancy and information services relating thereto; parking space rental, and consultancy and information services relating thereto; car rental, and consultancy and information services relating thereto; wheelchair rental, and consultancy and information services relating thereto; bicycle rental, and consultancy and information services relating thereto; traffic information services; transportation information services relating to operation diagrams, operation statuses and fares of trains, vehicles, ships and aircrafts; rental of car navigational apparatus; locating of ships, vehicles, aircrafts, spaceships, trains and other transportation; rental of vehicles for events, and consultancy and information services relating thereto; food delivery; transport of goods; delivery of goods.

Class 42

Meteorological information services relating to earthquakes, tsunamis and other meteorological phenomena, and consultancy and information services relating thereto; designing of machines, apparatus, instruments including their parts or systems composed of such machines, apparatus and instruments, and consultancy and information services relating thereto; design services, excluding those related to advertising, and consultancy and information services relating thereto; providing temporary use of online non-downloadable computer software for collecting, analyzing or storing big data, data log or electronic data, and consultancy services relating thereto; providing information relating to software development for collected, analyzed or stored big data, data log or electronic data; providing non-downloadable computer software for processing information using computers and consultancy and information services relating thereto; design, programming or maintenance of computer programs for reservation, allocation and arrangement of vehicles such as taxis and limousine hires, and consultancy and information services relating thereto; design, programming or maintenance of computer programs for self-driving cars, and consultancy and information services relating thereto; design, programming or

maintenance of computer programs for traffic control of self-driving cars, and consultancy and information services relating thereto; design, programming or maintenance of computer programs for transportation business, and consultancy and information services relating thereto; design, programming or maintenance of computer programs for electronic payments, and consultancy and information services relating thereto; design, programming or maintenance of computer programs for collecting, analyzing or storing big data, data log or electronic data, and consultancy and information services relating thereto; design, programming or maintenance of computer programs, and consultancy and information services relating thereto; technological advice relating to computers, automobiles and industrial machines, and consultancy and information services relating thereto; vehicle roadworthiness testing, and consultancy and information services relating thereto; testing, inspection, research, analysis and evaluation in relation to transportation for the purpose of certification; industrial research and design, and consultancy and information services relating thereto; research and development in the field of technology and industry, and consultancy and information services relating thereto; industrial research, testing and analysis services, and consultancy and information services relating thereto; providing science technology information; providing information in the field of energy-saving; rental of computers, and consultancy and information services relating thereto; rental of computer systems, and consultancy and information services relating thereto; providing computer programs on data networks for reservation, allocation and arrangement of vehicles such as taxis and limousine hires, and consultancy and information services relating thereto; providing computer programs on data networks for self-driving cars, and consultancy and information services relating thereto; providing computer programs on data networks for traffic control of self-driving cars, and consultancy and information services relating thereto; providing computer programs on data networks for transportation business, and consultancy and information services relating thereto; providing computer programs on data networks for electronic

payments, and consultancy and information services relating thereto; providing computer programs on data networks for collecting, analyzing or storing big data, data log or electronic data, and consultancy and information services relating thereto; providing computer programs on data networks, and consultancy and information services relating thereto; creating of home pages on communications networks, and consultancy and information services relating thereto; providing search engines on communication networks, and consultancy and information services relating thereto; rental of memory space on servers for social networking on the Internet, and consultancy and information services relating thereto; rental of memory space on servers for transmitting or storing information on websites, and consultancy and information services relating thereto; other rental of memory space on servers on websites, and consultancy and information services relating thereto; providing Internet search engines or computer programs on data networks for searching relating to new products, movies, entertainments, restaurants, wedding centers and other information, and consultancy and information services relating thereto; providing computer programs on data networks for displaying search results of Internet search engines, and consultancy and information services relating thereto; rental of computers or personal digital assistants for displaying electronic publications, and consultancy and information services relating thereto; conversion of electronic data of publications [including electronic publications] containing text data, image data, etc. using computers, etc. [excluding compilation and systemization of information into computer databases], and consultancy and information services relating thereto; conversion of electronic data of other electronic data using computers, etc. [excluding compilation and systemization of information into computer databases], and consultancy and information services relating thereto; consultancy and information services relating to information technology; cloud computing, and consultancy and information services relating thereto; rental of measuring apparatus, and consultancy and information services relating thereto; rental of laboratory instruments, and consultancy and information services relating

thereto; rental of technical drawing instruments, and consultancy and information services relating thereto; mapping.

Niterra

Goods and/or Services:

Class 01

Slaked lime, not for agricultural purposes; calcium hydroxide, not for agricultural purposes; lime carbonate, not for agricultural purposes; non-metallic minerals for use in manufacture; plastics [raw materials]; groundwood pulp or chemical pulps for manufacturing purposes; chemical compositions for developing photographs; photosensitive plates; semi-processed foams of ceramics in the nature of silicon carbide, alumina, zirconia, titanium oxides, aluminum nitride, silicon nitride; compositions for the manufacture of technical ceramics.

Class 07

Metalworking machines and tools and their parts and fittings; cutting tools for machinery; dies for use with machine tools; metalworking machines and tools for friction stir welding of metals; metalworking machines and tools, namely, impact wrenches, electric ratchet wrenches, wrenches (power-driven), electric screwdrivers, electrical drills, drilling bits [parts of machines], reamers [parts of machines], grinding tools [parts of machines], hammers [parts of machines], jigsaws [machines], electric sanders; cutting tools for metalworking, other than hand-operated; cutting tools and dies of ceramics for metalworking, other than hand-operated; cemented carbide cutting tools other than hand-operated; cermet cutting tools other than hand-operated; diamond-pointed metal-cutting tools other than hand-operated; thread milling cutters (machine tools); milling cutters (machine tools); cemented carbide tips for use with machine tools; wear-resistant metal-cutting tools other than hand-operated; moulds and dies for metal-forming (parts of machines); non-electric prime movers, not for land vehicles; parts of non-electric prime movers; parts of engines, namely, sealing joints, injectors, air filters, turbochargers, power steering pumps, oil pumps, water pumps, urea SCR filters, urea water filters, DPF (diesel particulate

filters), pistons, cylinder liners, valve rocker arms and shafts, fuel pumps, carburetors, diesel fuel injection systems (mechanical), diesel fuel injection systems (electronic), diesel fuel injection nozzles, fuel filters, air cleaners; parts of engines, namely, oil pump filters, oil coolers, fans and fan clutches, exhaust manifold converters, mufflers; parts of engines, namely, throttle bodies, timing belts, fan belts, belt tensioners, clutches, pressure switches being parts of machines; motors, other than for land vehicles; fan belts for motors and engines; transmissions for machines; mechanical engine parts for land vehicles; igniting devices for internal combustion engines; ignition apparatus and their accessories being parts of internal combustion engines of all kinds, namely spark plugs, glow plugs, spark plug caps, spark plug cables and spark plug ignition coils; chemical processing machines and apparatus; machines for generating gas by electrolysis; industrial machines for hardening molded products of lime material by applying carbon dioxide; electromechanical machines for chemical industry; tile making machines; pottery manufacturing machines and apparatus; potters' wheels; high-voltage generators; electricity generators; fuel dispensing machines for service stations; fuel dispensing pumps for service stations; fuel dispensing machines for hydrogen stations; fuel dispensing pumps for hydrogen stations; hydrogen dispensing or fuelling equipment for fuel cell vehicles; valves (parts of engines); valves (parts of engines), namely, EGR valves, ISC valves, proportional relay valves, ABS modulator valves, thermostatic control valves; industrial fishing machines; machines and machine tools for the aquaculture industry; machines and equipment for the aquaculture industry, namely, tanks being parts of machines, water pumps and auto-feeders; chemical vapor deposition reaction machines for processing semiconductor wafers; chemical vapor deposition reaction machines for manufacturing liquid crystals; physical vapor deposition reaction machines for processing semiconductor wafers; physical vapor deposition reaction machines for manufacturing liquid crystals; plasma etching processing machines for processing semiconductor wafers; plasma etching processing machines for manufacturing liquid crystals; ion implanting machines for processing semiconductor

wafers; ion implanting machines for manufacturing liquid crystals; semiconductor wafer processing machines and parts therefor; semiconductor manufacturing machines and systems; parts and fittings of semiconductor manufacturing machines and systems; machines for manufacturing liquid crystal display devices; machine elements not for land vehicles; pneumatic or hydraulic machines and instruments; generators with cogeneration function; alternators; direct current generators; ignition coils [parts of engines]; fuel pressure regulators for internal combustion engines; starters for motors and engines, and their parts and fittings; feed water heaters for non-electric prime movers and engines with fuel cells; feed water heaters for non-electric prime movers and engines used for cogeneration systems; feed water heaters for non-electric prime movers and engines; machines for generating gas by electrolysis for hydrogen stations for fuel-cell (hybrid) vehicles; electric motors for automobile windshield wipers.

Class 09

Telecommunication machines and apparatus, and their parts for measuring, testing, monitoring and detecting water quality; telecommunication machines and apparatus, and their parts for analyzing and visualizing data of water-quality for use with monitoring devices and water-quality monitors; telecommunication machines and apparatus, and their parts for collecting and utilizing data of automobiles; telecommunication machines and apparatus, and their parts for use in the field of fuel cells and other batteries; telecommunication machines and apparatus, and their parts for measuring, monitoring, managing and evaluating condition of batteries; telecommunication machines and apparatus, and their parts for conducting, controlling and regulating the distribution of electricity; telecommunication machines and apparatus, and their parts for trading greenhouse gas emission rights or credits; telecommunication machines and apparatus, and their parts for measurement, analysis and management of greenhouse gas emission; telecommunication machines and apparatus, and their parts for controlling and managing measuring

and testing machines and instruments; electron tubes; semi-conductor devices; electronic circuits; computer programs, recorded; computer programs, downloadable; downloadable image and video files; downloadable audio and sound files; electronic publications, downloadable; personal digital assistants; laboratory apparatus and instruments; power distribution or control machines and apparatus; apparatus and instruments for conducting, controlling and regulating the distribution of electricity; igniting apparatus, electric, for igniting at a distance; igniting apparatus, electric, for igniting; rotary converters; phase modifiers; electric or magnetic meters and testers; conductors, electric; cables, electric; eyewear; computer hardware; computer peripherals; electronic components; piezoelectric elements (electronic components); semi-conductor elements; integrated circuits; integrated circuit packages; integrated circuit substrates; computer hardware for measuring, testing, monitoring and detecting water quality; computer hardware for analyzing and visualizing data of water- quality for use with monitoring devices and water-quality monitors; computer hardware for collecting and utilizing data of automobiles; computer hardware for use in the field of fuel cells and other batteries; computer hardware for measuring, monitoring, managing and evaluating condition of batteries; computer hardware for conducting, controlling and regulating the distribution of electricity; computer hardware for trading greenhouse gas emission rights or credits; computer hardware for measurement, analysis and management of greenhouse gas emission; computer hardware for controlling and managing measuring and testing machines and instruments; buzzers, electric; fire alarms; gas leak alarms; burglar alarms; magnetic cores; resistance wires; electrodes, other than welding electrodes or medical electrodes; fuel cell electrodes; calculating machines; ultrasonic wave oscillators; ozonisers [ozonators]; measuring or testing machines and instruments; measuring apparatus and instruments; sensors, detectors and monitoring instruments; piezoelectric sensors; thermal sensors; optical sensors; gas sensors; pressure sensors; acceleration sensors; velocity sensors; distance sensors; water quality sensors; apparatus for measuring concentration of fuel vapor, oxygen, nitrogen,

oxide, hydrocarbon, methane, alcohol and hydrogen in air or gas; apparatus for measuring concentration of fuel vapor, oxygen, nitrogen oxide, hydrocarbon, methane, alcohol and hydrogen, and controlling air/fuel ratio in the exhaust gas from internal combustion engines, boilers, incinerators, gas turbines, generators and fuel cells; knock sensors; temperature sensors; outdoor air sensors for measuring air quality; load sensors; hydrogen leak detection sensors; urea sensors; speed sensors; sensors for measuring the position of liquid; position sensors; sensors for measuring flow rate of gas, air and liquid; gear position sensors of transmission; anti-theft infrared sensors; liquid detection sensors; impact detection sensors; illuminance sensors; sensors for measuring air inhalation speed; parking aid sensors; electromagnetic sensors; ultrasonic sensors; sensors [measurement apparatus], other than for medical use; vibration sensors; motion sensors; infrared sensors; photoelectric sensors; machines for measuring, signalling, detecting and testing the failure of semiconductors; parts for ceramic semiconductor; ceramic wiring board; electronic sensors; electronic decoders; electronic meters; electronic control systems; electronic control units; electronic surveillance apparatus; electronic control apparatus; electronic semi-conductors; process controlling apparatus [electronic]; testing apparatus for electronic equipment; electrodes; electrical cells and batteries, and their parts and fittings; galvanic cells; battery cases; solar batteries, and their parts and fittings; solar panels for the production of electricity; chargers for electric accumulators, and their parts and fittings; battery charging equipment; battery cases equipped with measuring equipment and communication equipment for measuring, monitoring and managing condition of batteries; battery chargers utilizing solar power generation panels equipped with measuring equipment and communication equipment for measuring, monitoring and managing condition of batteries; apparatus for measuring heat production by household fuel-cells by monitoring flow volume of heating medium in-and-out temperature differences; calorimeters; fuel cells using metal anodes or alkaline fluid electrolytes; polymer electrolyte fuel cells; computers for remote monitoring of fuel battery generators using communication networks; fuel

cells; electrochemical power generating apparatus, namely fuel-cells stacks, fuel cells, control devices for fuel cells, and structural parts of fuel cells with heat insulating function; fuel cells for electricity generation; hydrogen fuel cells for electric vehicles; light-emitting diodes [LED]; parts and fittings for light diodes; fuel battery cells; fuel cell stacks; fuel cell modules; electric wires, cables, and connectors for land and water vehicles, and their accessories; sensors for vehicles; automotive and other vehicular sensors, namely, position sensors, temperature sensors, pressure sensors, speed sensors, vacuum sensors, oxygen sensors, fluid level sensors, knock sensors and mass air flow sensors; battery clips and battery leads; starting and charging system components, namely, electric starting cables, electrical wires, voltage regulators, and voltage stabilizers; electrical switches; pressure switches; capacitors and electronic control modules for gasoline engines for land vehicles and voltage regulators and reducers; solenoid valves [electromagnetic switches]; electronically controlled air suspension (ECAS) solenoid valves; variable valve timing (VT) solenoids, namely, electromagnetic coils; safety helmets; oxygen breathing apparatus, other than for artificial respiration; electric relays; high voltage power supplies for ignition using dry battery or household power source; high voltage power supplies for piezoelectric gas ignition.

Class 10

Medical apparatus and instruments; oxygen concentrators for medical purposes; medical respiratory equipment, namely, liquid oxygen stationary and portable reservoirs and stationary and portable oxygen concentrators.

Class 11

Heating elements; electric water heaters; air sterilizers for industrial use; ozone sterilizers; air sterilizers for household use; ozone air purifiers; air purifying apparatus and machines; ozone air purifiers for industrial use; industrial air purifiers; household ozone air purifiers; air purifiers for household use; humidifiers; dehumidifiers;

disinfectant apparatus; disinfectant apparatus for medical purposes; sterilizers; sanitary apparatus and installations; toilet bowls; bath fittings; wash-hand bowls [parts of sanitary installations]; membrane apparatus for generating gas; adsorption apparatus for generating gas; drying apparatus for chemical processing; electric lamps and other lighting apparatus; boilers, other than parts of machines; oven gas igniters; gas lighters; heat exchangers, other than parts of machines; evaporators; distillation apparatus; air-conditioning apparatus; air conditioners for vehicles; air conditioner filters for vehicles; water purifying apparatus and machines; household electrothermic appliances for heating, steam generating, cooking and drying purposes; tap water faucets; level controlling valves in tanks; cocks for pipes and pipelines; waste water treatment tanks for industrial purposes; feedwater heaters using fuel-cells for industrial purposes; air-conditioning apparatus using fuel cells; lighting apparatus using light emitting diode; lighting apparatus using the laser diode; lighting apparatus for vehicles; feed water heaters used for cogeneration systems; air conditioners used for cogeneration systems; feed water heaters for industrial purposes; stoves [space heaters] for household purposes, non-electric.

Class 17

Gaskets; non-metal pipe couplings and joints; joint packings; electrical insulating materials; mineral wool [insulator].

Class 21

Drinking vessels; dishes; dinnerware, other than knives, forks and spoons; dishware; tableware, other than knives, forks and spoons; vases; porcelain ware; earthenware; crockery; pottery; works of art of porcelain, ceramic, earthenware, terra-cotta or glass; ceramics for household purposes; glass containing phosphor; glass phosphor coated.

Class 37

Repair or maintenance of metalworking machines and tools; providing information relating to the repair or maintenance of metalworking machines and tools; repair or

maintenance of automobiles; repair or maintenance of two-wheeled motor vehicles; repair or maintenance of telecommunication machines and apparatus; repair or maintenance of consumer electrical appliances; repair or maintenance of measuring and testing machines and instruments; repair or maintenance of water-quality monitors; repair or maintenance of medical machines and apparatus; repair or maintenance of fishing machines and instruments; repair or maintenance of aquaculture machines and instruments; repair or maintenance of machines and instruments for the aquaculture industry; repair or maintenance of water pollution control equipment; repair or maintenance of water purifying apparatus for industrial purposes; sterilization of medical apparatus and instruments; providing information relating to the repair or maintenance of automobiles, and consultation and advice relating thereto; providing information relating to the repair or maintenance of two-wheeled motor vehicles, and consultation and advice relating thereto; repair or maintenance of chemical processing machines and apparatus; repair or maintenance of tile manufacturing machines and apparatus; repair or maintenance of pottery manufacturing machines and apparatus; installation of industrial machinery; repair and maintenance of batteries, generators, and battery chargers; repair and maintenance of electronic machines and apparatus; rental of battery chargers; repair or maintenance of fuel cells, fuel battery cells, fuel cell stacks, fuel cell modules and other batteries and their parts; repair or maintenance of fuel battery generators; repair or maintenance of generators with cogeneration function; installation of fuel battery generators; installation of generators with cogeneration function; construction; repair or maintenance of batteries; repair or maintenance of power generators.

Class 38

Rental of telecommunication equipment.

Class 40

Custom manufacturing of fuel cells; custom manufacturing of fuel cell stacks; rental

of fuel cells; rental of water purifying apparatus; rental of humidifier for household purposes; rental of air purifiers for household purposes; rental of humidifier for industrial purposes; rental of air purifying apparatus and machines for industrial purposes; rental of metal treating machines and tools; rental of metalworking machines and tools; rental of power-driven hand tools for metal treating and metalworking; ceramic processing, and consultancy and information service relating thereto; hardening of molded products of lime material using carbon dioxide, and consultancy and information service relating thereto; processing of chemicals; custom assembling of materials for others; treatment of materials for the manufacture of ceramic goods; sorting and disposal of waste and trash; recycling of waste and trash; recycling of electric batteries; rental of batteries; rental of electricity generators; custom manufacture of fuel cells, other batteries and their parts; rental of fuel cells, other batteries and their parts; rental of generators with cogeneration function; rental of space heating apparatus; rental of space heating apparatus using cogeneration system; rental of air-conditioning apparatus; rental of air-conditioning apparatus for household purposes; rental of air conditioners for industrial purposes; rental of fuel cell batteries for household purposes; rental of fuel cells for household purposes; rental of generators with cogeneration function for household purposes; metalworking and providing information relating thereto; ceramic processing and providing information relating thereto.

Class 42

Testing or research on machines, apparatus and instruments; design services; technological advice relating to computers, automobiles and industrial machines; chemical, laboratory or pollution testing in the field of aquaculture; scientific research in the field of aquaculture; rental of measuring apparatus; rental of computers; designing of fuel cells and fuel cell stacks; consultation in relation to designing of fuel cells; designing of fuel cell power generation system; designing of machines, apparatus, instruments [including their parts] or systems composed of such

machines, apparatus and instruments; computer programming; computer software design; maintenance of computer software; testing, inspection or research of pharmaceuticals, cosmetics or foodstuffs; testing or research on electricity; providing computer programs on data networks; providing computer application programs on data networks; cloud computing; electronic data storage; rental of computer equipment; rental of computer hardware; providing computer programs for trading greenhouse gas emission rights or credits on data networks; providing computer programs for measurement, analysis and management of greenhouse gas emission on data networks; measuring and analysis of greenhouse gas emissions, and consultancy and information service relating thereto; energy auditing; monitoring of computer systems by remote access; providing computer programs on data networks for measuring, monitoring, managing and evaluating condition of batteries; material testing; consultancy in the field of energy-saving; testing and assessment of battery condition and quality; design of fuel cells, other batteries and their parts; advisory services relating to design of fuel cells, other batteries and their parts; testing and research on cogeneration system.

Class 44

Rental of equipment and instruments for fishery; rental of equipment and devices for aquaculture; aquaculture services and consultancy thereto; pest control services for aquaculture.
