Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling the distribution or use of electricity; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data; electric apparatus for recording, sending, transmission, switching, receiving, reproduction and processing of sounds, signals, symbols and/or images; apparatus for recording, processing, sending, transmission, switching, storing and output of messages, information and data; weighing, measuring, signalling, checking apparatus and instruments; software; recorded and unrecorded machine-readable data carriers for personal health apparatus; data processing devices and data processing programmes for controlling and operating personal health apparatus; parts for all the aforesaid goods, included in this class; recorded and downloadable media, computer software, blank digital or analogue recording and storage media; computer software programs and software applications for mobile phones and other handheld mobile digital electronic devices, mobile apps; computer programs for accessing, browsing and searching online databases; computer software and firmware, namely operating system programs, data synchronization programs and application development computer software programs for personal and handheld computers, parts of the aforementioned products; monitoring apparatus; audio monitors; digital video monitors; digital monitoring devices to be connected with television apparatus; monitors [computer hardware], telephone apparatus for digital enhanced cordless telecommunications (DECT), parts and fittings for the aforementioned products; thermometers and electronic thermometers, other than for medical purposes; soother thermometer not for medical purposes; scales for babies; baby monitors; parts and accessories of the aforementioned products; smart speakers; display screens; smart audio speakers with virtual personal assistant capabilities; video screens; liquid crystal displays for use with beauty care apparatus; computer hardware and software for machine-to-machine (M2M) communication; computer hardware and software for machine-to-human communication; computer hardware and software for text-to-speech converting; computer hardware and software for management of customer information; downloadable cloud computing software; computer software enabling users to create, save, and launch sequences of commands and logic within and between other computer software applications and computer software functionality; computer software for personal information management; computer software used to process voice commands, and create audio responses to voice commands; computer software for voice command and recognition, for speech-to-text conversion, for personal information management; voice recognition apparatus; digital voice recorders; wireless communication devices for voice, data or image transmission; character recognition software; voice recognition software; speech to text conversion software; voice-enabled software applications; smartwatches featuring digital personal assistant software; downloadable mobile application software that enables users of computers and mobile devices to share information and images, to form virtual communities, to engage in social networking, and to monitor babies and infants in connection with a baby monitor device; computer application software for wireless handheld devices; computer software for use with medical and/or beauty care apparatus; computer application software for providing information on hair care and beauty; hydration sensors for measuring hair temperature and moisture content; sensing and monitoring devices, incorporating sensing technology for skin and hair care apparatus and instruments, for oral healthcare devices and apparatus for use in mother and childcare; sensors; sensor switches; optical transmitters; optical sensors; electric wireless control devices with sensors; software for use in the field of personal health, oral health and mother and childcare; control apparatus and computer software programs including mobile software application related to personal health, oral health, mother and childcare; electronic control apparatus with interactive functions for use with the aforesaid goods, all of the foregoing goods comprising

software being related to personal health and health technology devices and the fields of mother and child care, personal health and personal care, including but not limited to male grooming, beauty, sleep and respiratory and oral health.

CLASS 10

Surgical, medical and dental apparatus and instruments, artificial limbs, eyes and teeth; orthopedic articles; suture materials; surgical, medical and dental apparatus; instruments, clothes, lights and lamps for medical, curative, surgical, dental use; soothers; incubators for medical purposes; breast pumps; nursing appliances for use in breast feeding, including appliances for the treatment and correction of inverted nipples; breast shields, nipple protectors, breasts cooling pads, breasts heating pads; thermometers for medical purposes; parts and fittings for all the aforesaid goods; massage apparatus, electric or non-electric, including massage sticks and foot massagers; body and breast massagers; thermal massage pads; vibration generating apparatus for massage; breast pumps, including manual breast pump, electric breast pump, battery operated breast pump; parts and fittings for breast pumps; nipple shields; medical cooling apparatus for breast milk; ear and forehead thermometers for medical purposes; apparatus for removing nasal mucous, namely, external nasal dilators, nasal aspirators, nasal irrigation vessel, nasal lavage vessel; inhalers and vaporizers for medical use; dental apparatus and instruments; electrical dental appliances; teething rings; tongue scrapers; dental curing lights for use with dental instruments, including dental LED curing lights with teeth whitening function; teeth aligners; orthodontic apparatus; orthodontic instruments; oral irrigators; periodontal irrigators for use in dental treatment; apparatus for clinical diagnosis of the human body.

CLASS 11

Hair dryers, hair drying machines and hood hair dryers; electric hair drying apparatus and attachments, including nozzles and diffusers thereof; facial saunas and steam facial apparatus [saunas]; ultra-violet lamps, not for medical use; tanning apparatus, namely, tanning lamps, tanning beds, tanning booths; apparatus and instruments for sterilizing; heaters and warmers for feeding bottles, foodstuffs, liquids and solids; refrigeration coolers for breast milk; parts of the aforesaid goods, not included in other classes.

CLASS 21

Combs and brushes for hair, electric combs and brushes for hair; brush-making materials; articles for cleaning purposes; brushes for skin care; thermally insulated containers for babies' feeding bottles and closures for such containers; combs; sponges (not for surgical use); heat insulated containers; milk powder dispensers; heat insulated containers and carriers for baby feeding bottles; electric and non-electric toothbrushes; replaceable toothbrush heads; apparatus for cleaning teeth and gums; oral irrigators, other than for use in dentistry; periodontal irrigators for personal use; oral irrigators for interdental cleaning, other than for use in dentistry; apparatus for cleaning teeth and gums for home use; tongue cleaning instruments in the nature of brushes for personal care; oral irrigators for dental care, other than for use in dentistry; finger toothbrush; water apparatus for cleaning teeth and gums, denture-cleaning apparatus, inter-dental cleaning apparatus, and combinations of the aforesaid apparatus being central units.

CLASS 38

Telecommunications; electronic transmission and re-transmission of sound, images, documents, messages and data; providing access to databases in computer networks; telecommunication services provided via internet platforms and portals; communication by online blogs; broadcasting and transmission of programs and digital contents via internet; providing access to information and information offers for retrieval on the internet and other data networks; all the aforementioned services related to personal health, oral health and mother and childcare; telecommunications by means of platforms and portals on the internet and via mobile terminals relating to personal health and health technology devices and the fields of mother and child care, personal health and personal care, including but not limited to male grooming, beauty, sleep and respiratory and oral health; provision of access to an online interface for checking personal care apparatus, monitoring devices, mother and childcare apparatus and dental care apparatus for personal use.

CLASS 42

Scientific and technological services related to health and wellness, namely, scientific research in the field of health and wellness, and design and development of computer and wearable technology hardware and software for monitoring health and wellness; services for facilitating the capturing, combining and connecting of personal health data in a cloud or platform, namely, cloud hosting provider services, platform as a service featuring software platforms for capturing, combining, and connecting personal health data; design, development and maintenance of computer programs and software for machine-to-machine (M2M) communication; design, development and maintenance of computer programs and software for management of customer information; software as a service [SaaS]; software as a service [SaaS] for management and control of mobile computer or communication devices; software as a service [SaaS] for data storage management; software as a service [SaaS] for machine-to-machine (M2M) communication; software as a service [SaaS] for machine-to-human communication; design and development of computer software used to process voice commands and create audio responses to voice commands; hosting platforms on the internet; platform as a service

(PaaS) featuring computer software platforms for industrial or commercial purposes in the field of personal healthcare, skincare, dental care apparatus for personal use and mother and child care devices for the transmission of electronic data namely video, music, images, text and sound, all of the foregoing services being related to personal health and health technology devices and the fields of mother and child care, personal health and personal care, including but not limited to male grooming, beauty, sleep and respiratory and oral health.

CLASS 44

Provision of information in the field of personal health and wellness via internet website portal; healthcare analysis services, for making lifestyle suggestions and recommendations, namely, providing wellness information and advice in the fields of skin care, oral health, baby and infant care, based on personal health data, physiological parameters and contextual information; medical testing and screening for diagnostic and treatment purposes, within the framework of continuous personal health screening and personal health monitoring, all aforesaid services provided whether or not on-line by means of the internet or a cloud-based digital healthcare platform; all aforesaid services provided whether or not online by means of the internet or a cloud-based digital healthcare platform; all aforesaid services for facilitating the capturing, combining and connecting of personal health data delivered from personal health measurement devices and self-generated health data.
